## Tax Appraisal District adopts second budget

by Elaine Schad

The Cooke County Appraisal District Board of Directors this week adopted three separate budgets for fiscal 1991, including budgets for appraisal, collection plus the appraisal and collection of tangible personal property.

This is the second budget adopted by the CCAD in two months. The first budget, approved in September, was rejected by a majority of the county's taxing entities, forcing the board of directors to submit a new budget for consideration. County entities have 30 days to approve this latest

budget, officials said. The budget, if approved, will take affect Jan. 1.

The appraisal budget adopted is \$477,240, about an 8 percent increase from last year's \$442,010. The district's collection budget was set at \$119,575, a slight decrease from the \$121,027 budget from last year. In addition, some five taxing entities will fund a \$24,000 for appraisal and collection of tangible personal property in their districts, an option which includes the taxation of such items as automobiles and airplanes.

In the appraisal budget, the

chief appraiser's salary is set for a maximum of \$46,000, an almost 30 percent increase from the \$35,600 present salary for the position.

CCAD Board President Roger Martin said the board needs the salary flexibility in hiring a person to fill the chief appraiser's job by Jan. 1. The position became vacant in August when the board fired then-Chief Appraiser Pat Pickett. "I think we're going to have to go up to hire the type of person that we need to run this show," said Martin. "If we don't need it, the money will be returned to the entities."

The appraisal budget shows a \$12,000 decrease in the mapping department, from \$58,000 to \$46,450. "We don't know where we're going in mapping," said Martin. "This is on hold until we get an opinion from the State Property Tax Board on what should constitute a mapping department," he said. "We've pounded a whole lot of money down a rathole, and I'm not going to do that another year."

The district's liability insurance premiums will rise from \$8,800 to \$10,000, mainly due to pending lawsuits filed against the district. An estimated \$25,000 in legal fees to fight those suits is not included in the budget, but will be billed to the entities as incurred, officials said.

Also included in the budget are 5 percent raises for most CCAD employees, except some supervisors who will receive larger pay raises to compensate for their increased responsibilities, officials said. The business manager will receive a 20 percent raise, from \$12,500 to \$15,000, with an additional \$1,200 for collection duties. The senior appraiser will receive a 5 percent raise, from \$24,000 to \$25,200, while the computer supervisor will receive 5 percent, from \$14,000 to \$14,700. A new position, computer coordinator and supervisor, will pay \$15,750, but that position has not yet been filled, officials said.

Winning Sixth place at the State Cross Country Race last Saturday for Muenster were: Marcia Vogel, Marlene Hess, Amy Dankesreiter, Tonya Knabe, Cindy Culp, Tina Klement and Cheryl Hacker. Tina was individual 3rd place medalist.

Janie Hartman Photo

### Hornettes place sixth in state

## Tina Klement is third

Tina Klement brought home the "Bronze" at the State Cross Country Meet in Georgetown Saturday.

"The competition really gets tough when you make it to State. This is what it all comes down to, and all that hard work and endurance pays off!" stated Tina.

Tina was outpaced by a familiar face from last year, Jill Williams from Anton. This young runner pushed Tina to fourth place last year and once again, kept Tina

from the second place medal this year. Stephanie Duke from Utopia took the first place medal, a freshman. "There are always new runners that we don't know about, especially freshmen, that you have to watch out for," commented Ms. Klement.

The cross country team is looking forward to next year, Tina has a lot of potential and should once again be in the top runners at State in '91.

The girls' team overall finished in 6th place out of 114 competitors. Individual finishers were: Hiroko Miura, Amy Dankesreiter, Cindy Culp, Tonya Knabe, Cheryl Hacker and Marcia Vogel.

The school is very proud of all of these young ladies - to compete at the state level is a great accomplishment. These girls are a credit to our community and school. We are very excited and looking forward to next year's Cross Country Team!

## Countdown begins for Lindsay history

Members of the Lindsay Centennial History Book Committee have been working hard, preparing for the book's publication. A deadline of Dec. 1, 1990 has been set for all materials to be included in the book. More than 500 family stories and 18 commemorative pages have been submitted.

The committee is especially urging anyone wishing to submit a family history or to add a photo to a history that has already been turned in to notify someone on the committee so that space can be allowed.

"Additions or corrections can still be made until Dec. 1," said Diane Hermes, book committee member. "We are especially interested in births, deaths and job changes."

There is still a need for interesting stories and tidbits about Lindsay and Lindsay people to use as fillers in the book. A list of people who will be on commemorative pages in the book was published in St. Peter's bulletin last weekend. Commemorative pages can still be purchased until Dec. 1.

Information on Lindsay businesses has been especially slow in coming in and there are some organizations that have not sent in a history.

A photo session has been scheduled for Sunday, Nov. 25, at 10:30 am. in the Lindsay Cafetorium. Members of all the various committees involved in the history book need to be present. The committee lists includes History Book Committee, Book Selling Committee, Centennial Steering Committee and all outreach committees involved with the Centennial, and also the logo contest winner.

## Fire Dept. responds to tank explosion

Trucks from the Muenster Volunteer Fire Department have been very visible in Muenster this past as they answered a number of fire calls.

Flusche Enterprises, Inc. was the scene of a fire around 8:15 Wednesday morning when a tank that had contained oil caught fire. Jack Flusche was doing some cutting work on the tank shortly before it caught fire. Flusche had gone inside the shop and was not present when it apparently began to burn and had a small explosion.

The firemen put out the fire and cooled down the tank. There was no damage done.

A fire in Hofbauer's smoker was reported to the fire department at 1 pm Tuesday by Ben Bindel and Gary Fisher. The fire was out when the trucks arrived and the fire department used exhaust fans to pull the smoke out of the building.

Firemen also responded to a false alarm at Muenster Telephone Corp. and a auto accident early Saturday morning.

Rita Sandmann, 668-8606, is the member to contact for purchasing a book or commemorative page. Books will be \$45 each until Dec. 31 and higher after that time. To order a book, mail check to Lindsay Centennial Book, P.O. Box 151, Lindsay, TX 76250. For mail delivery, an extra \$6 should be added.

The book committee would like to see Centennial books donated to a number of places. One has been donated to the Lindsay School Library, but two more would be appreciated. Other possible places would be the Sacred Heart Rectory in Muenster, Cooke County Library, St. Mary's in Gainesville, St. Mary's in Windthorst, and Our Lady of the Lake in San Antonio.

If people can't get their story in by Dec. 1 and want it included, they can contact us and see if we can work something out, said Mrs. Sandmann. Call her at 665-4996 for more information. The committee hopes that layout of pages on the book can be started by the publisher soon after Dec. 1.

Muenster Volunteer Firemen extinguish a fire that started in an oil tank which was being cut on at Flusche Enterprises on Wednesday morning. There was no damage done to anything else in the area. There was reportedly a small explosion in the tank.

## Wills are a way to have last wishes carried out

If you are someone with children under the age of 18, or if you want to leave all or part of your estate to someone other than your spouse and children, then you need to have a legal will.

"When someone dies without leaving a will then the state decides how your possessions will be divided and it may not be to your liking," stated Chuck Bartush, Jr., a Muenster attorney.

Not everyone needs a will, said Bartush. He advises anyone who isn't sure to contact an attorney with whom they have a good relationship and feel comfortable discussing things.

Making a will seems to be a traumatic thing for some people. Many people put off making a will using a variety of excuses. "Some

folks just don't want to face the possibility that they won't be here," remarked Bartush.

If cost is a deciding factor in "if and when" a will can be drawn up then Bartush suggests that the person shop around because lawyers' fees can vary. Get the names of three attorneys and call them about their prices. Some may have a set fee, others may charge by the hour, or the client may be able to choose which method best suits him.

Some people consider purchasing Write Your Own Will kits and according to Bartush these may be O.K. under simple circumstances.

He cautions that the buyer be certain that the kit they purchase comply with Texas laws. Some made in other states may not. Also

be sure to compare the price of a kit versus the cost of a lawyer drawing up a will, as there may be little difference.

Under certain conditions some people opt to make to make a living trust or inter-vivos which is Latin for "among the living." This is when a person puts all of their belongings in the care of someone that they trust. They give up all claim to their belongings. This might be done so that the person can receive some type of government aid such as Medicaid.

This can be good, but it is not as useful in Texas as in some other states because Texas has a good probate program. A will might be probated more quickly and less costly depending on the Please see WILL, page 2

the 235th District Court, said District Attorney Phil Adams. Some 125 jurors had been called for the selection phase of the trial for Wilson, who was accused of beating to death Georgia M. Daugherty, 83, at her daughter's home in Muenster.

Gerry Lee Wilson's surprise plea came just before jury selection was to begin Tuesday morning in Daugherty had been house sitting for her daughter and son-in-law when authorities found her body Aug. 3, 1989, near the front door of the home. Autopsy reports indicated she apparently had died from wounds to the head.

Wilson was arrested Oct. 11, 1989, after his indictment by a Cooke County Grand Jury, culminating an investigation that spanned four states, officials said. A Cooke County jury in June unanimously agreed that Wilson was competent to stand trial.

"We were quite pleased with the outcome," said Adams. "This is something we've been working on for three or four months, because we had some evidence problems with this case."

Before entering his plea before District Judge Jerry Woodlock, Wilson was asked by Woodlock why he was pleading guilty at this time. "I'm pleading guilty because I am guilty, and for no other reason," said Wilson.

While no definite motive has

been established for the killing, authorities believed Wilson went to the home looking for his wife, from whom he was separated, said Adams.

Prosecutors were relieved that Wilson entered the plea, saying that the case involved mainly circumstantial evidence, no physical evidence and no eyewitnesses. The grand jury played a key role in putting the case together, meeting five times over a two-month period before handing down the indictment.

"We didn't want to run the risk of a not guilty or manslaughter verdict," said Adams. "We did feel like it was premeditated, and if we'd had more evidence to tie him to the scene, we would have sought a life sentence," he said.

Wilson could have received from 5 to 99 years in prison for a murder conviction. Manslaughter carries a penalty of from 2 to 20 years.

The state's key witness was an acquaintance of Wilson's who allegedly drove him from Oklahoma to Muenster and then back to Oklahoma on the day the murder was committed, said Texas Ranger Weldon Lucas. That man, however, had changed his story several times and was considered a hostile witness, Lucas said.

## Rainard Walterscheid calls home from Kuwait

Rainard Walterscheid's first telephone call home since he was taken hostage in the Aug. 2 Iraqi invasion of Kuwait came on Nov. 9 about 7 a.m., our time, to his wife Marjorie in Jacksboro.

Although she had been alerted by the U.S. State Department that there was a chance a call might

come through "I was speechless when I realized who the caller was ... I did not ask where he was being held. I was afraid I would get cut off," Marjorie Walterscheid said. When asked what she could send him, her husband said, "Send me a couple of fifths of Weller. I'm thirsty."

## Good News!

In hope we were saved. But hope is not hope if its object is seen; how is it possible for what he sees? And hoping for what we cannot see means awaiting it with patience and endurance.

ROMANS 8: 24-25

## Don't Forget!

Sacred Heart Parish will host its annual pre-Thanksgiving Dinner on Sunday, Nov. 18. The celebration will continue all day.

Letters to the Editor

Dear Editor:

The staff of the Muenster Mini-Bus would like to remind ALL the people of Muenster and the surrounding area that we are here to provide service to the elderly and the young alike. We can take you to get groceries, go to the doctor or dentist, pay bills, or one of our local beauty shops. If it happens that you can't find it in Muenster, we can take a van full over to Gainesville, Sherman, Denton or anywhere in the tri-county area. If you have any questions about where we go, give us a call at Muenster City Hall, 759-2236, and ask for Traci or Pat. Our Dallas trips are mainly limited to the need to take Medicaid children who are in need of a specialist at the Dallas area hospitals, but we can arrange for other doctor trips to Dallas if necessary, for a fee. Please contact us for further information.

So, please remember us the next time the weather is nasty, or you just need a quick ride somewhere in town. Over the age of 60 is asked for a donation, and under 60 we have a fare schedule based on where you are going. Our rates are very fair and, with the present gas crunch, it is quite economical to ride our bus and save your gas. Thank you for your continued support and we look forward to seeing some new faces on our bus.

Sincerely,  
Pat Walterscheid, Driver  
Traci Stoffels, Dispatcher

Dear Friends,

I'm sending the engagement announcement and picture for our son, would you please put it in the paper?

Also am sending along a clipping from our Greenville paper - thought you might want to read the article. Coach Jump is now the head football coach here - that is a "big job" compared to Muenster. The folks around here think highly of Jump - know Muenster folks miss him - but want you to know he is doing well.

Sincerely,  
Cyril and Angie Yosten  
6511 Woodchuck  
Greenville, TX 75401

To the Editor:

I believe it's time for all of us to "Wake Up" before it is too late. Our Muenster Memorial Hospital is struggling daily to meet its financial demands. How many of you really want to see our hospital close its doors? You say, "that's just the demise of small hospitals." Well I really don't think we should think this way.

Many years ago, hard working people of this community fought hard to get this fine hospital built here, to make for better life in this community. Many a life has been saved at Muenster Memorial Hospital and many more can be saved here, provided we can all pull together to make good things happen for our hospital.

Some younger people may not think about the importance of having a hospital so close. Think about this - It is the middle of the night, your husband, father, mother, brother, sister, or perhaps even yourself, wake up with chest pain - a bad heart attack is in process - a few minutes or maybe even seconds are crucial to you or your loved one's life or death. The Muenster Hospital is lots closer than 14 more miles to the next nearest one. Think about it, there probably won't be enough time to go that far.

You young parents - your small child is choking - you panic, run out the door for the hospital - the hospital here is closed and you are

thinking, I have to go to Gainesville, I will never make it in time - and you don't.

You may say, "I don't like to hear people say things like the above." Why? It is the way things would be if the Muenster Hospital were no longer here.

You say, "What can I do about it?" There are several things that could sure help to keep it open. Use the local doctors and hospital for more than just a mere convenience. Check with your local doctors first, if a specialist is needed they will gladly contact one for you and you will be seen much faster by a specialist this way then going on your own. Most surgical needs can be met right here at our Muenster Hospital. If you are planning to have surgery call the Muenster Hospital and ask them if it is possible to do your surgery here, they will gladly help you in any way they can. There are surgeons who will come here to do your surgery if you ask, and what better place to be than right here at home with the people you know and who know you and really care about you. You're not just the gallbladder in Rm. 1220 or number 2 Hysterectomy in 1212.

Would you like to hear some of the reasons I have heard why people say they do not use the local doctor? "I went to see Dr. So And So the other day and he was so grippy - he seemed in a bad mood. Do you ever wonder why he was in a bad mood? Think about this - Dr. So And So was up taking Emergency Room call for the third night in a row and a weekend at that. Most cases he was called out for, were not emergencies, but he went anyway, and probably well, over half the cases he will not be paid for.

Our local doctors continue to cover E.R. because they are dedicated and if they refused to cover E.R. that would be another financial burden on the hospital, because the hospital would have to hire other doctors to come in to cover E.R.

I hear the statement, "we need more Doctors." Yes, we do, but they will need the support of the entire community.

Remember, it is very important that we all pull together in every way possible to help our Muenster Memorial Hospital remain here for all those LIFE AND DEATH SITUATIONS' WHERE ONLY A

Remember, it is a very important that we all pull together in every way possible to help our Muenster Memorial Hospital remain here for all those life and death situations, where only a few minutes or even a few seconds, could be the only reason why - a loved one's life, was ended so abruptly.

Please don't say, "It won't happen to me, because it sure can."

Just my **Opinion ...**

by Elaine Schad

One of our local radio announcers seemed to pretty well sum up this past election season, saying that one thing everyone agrees on is that the election season is too long.

Once again, a large number of voters feel let down, claiming that they really did not have a good selection of candidates in some major races. Instead of grumbling and walking away from our democratic process, however, we need to analyze what is happening so we can work toward better government. Otherwise, I totally agree with my friend at church who said that we deserve the government we get if we continue to elect people based on personality instead of issues.

The first question we need to ask is how we went about making our decisions when we marked the ballot. Many voters expressed dismay that they had no clue about the beliefs of candidates running for some very important offices, like judges for the Texas Supreme Court. We place our future in the hands of these people, yet we don't take the time to find out about them.

What about the high-profile races such as governor? Did we vote for the candidate who would sign or veto bills based on our values, or did we vote for the candidate who was portrayed in the best light by the media. Because of her slim majority of just over 50 percent of the vote, our new governor now says she has received a mandate to do such things as fight for the status quo in keeping Texas as one of the most pro-abortion states by law in the nation. Our new governor says she has a mandate to push through a lottery. Our new governor says she has a mandate confirming her thinking that an educational voucher system is something that Texas will not have while she remains "the woman in the dome".

And yes, the media. It's very telling when local reporters boast bumper stickers that say, "I don't believe the liberal media". More than 90 percent of our national media are pro-abortion, and the statistics are similar for our state's urban media. More than 90 percent of media publishers are liberal in their viewpoints. Does it show in what they publish and how they present stories? You bet.

We must become a more active electorate if we want to truly reform government. Very refreshing were two events that happened right here in Cooke County in the District 63 race for state representative, both initiated by the voters. The first was a debate arranged by the Cooke County Chapter of the American Association of Retired Persons, AARP. The first time the chapter hosted a debate, it gave voters a chance to come, meet the candidates, and see for themselves what the candidates stood for.

The second took place right here in Muenster. A letter from 150 Muenster high school students published in the Enterprise, urging both candidates to clarify their views on abortion. It could have been any issue, but these young folks took the initiative, with the guidance of Kenneth and Marilyn Eierschenk, to resolve in their own minds an issue before voters cast their ballots.

By the way. Like it or not, we now have a state government in place. Some extremely important issues, especially those that will involve the education initiated by the voters. Write your representatives. They said they will listen. Let your voice be known. Be a part of the process.

This is the kind of active electorate we must have, and it must start from the local communities just like Muenster, the grass roots. If we continue to allow ourselves to select candidates from the glitz of media fanfare, by flipping a coin, or placing an X by a name on the ballot because they have the same first name as we do, our governmental process will continue to suffer. And yes, we will deserve what we get.

*We'll be closed Thanksgiving*

The Muenster Enterprise will be in the mail a day early next week, publishing on Wednesday, to give the staff a holiday on Thursday, Thanksgiving Day, and Friday, Nov. 23. Therefore, all deadlines are moved forward one day. Ads and news notes must be turned in a day sooner than usual. Please observe the earlier deadlines and help us to complete our work.

**WILL**

continued from page one.

circumstances.

If an estate is valued at over \$600,000 everything over that amount will be taxed. When an estate is more involved than a local attorney's expertise, he will call in another attorney who specializes in a field that will enable the will to be written to be most advantageous to the client. In settling an estate the land is appraised at what is fair market value on the day of your death.

Some important things to consider when making a will are who you will name as your executor or executrix (the person who will execute your will), and who you want to be guardians for children under age 18.

The executor might be your spouse, adult child, or a business associate. Any qualified person whom you trust to carry out your wishes is recommended. Be sure to ask them if they are willing instead of assuming that they are willing to be named.

When considering guardians for your children it would be ideal to select someone close to your own age who has a good relationship with your children. It is also important that they agree to be their guardians. Alternates should also be selected as guardians and executor in case the main one can't fulfill the commitment, recommended Bartush.

A trust can also be set for your children and you must decide at what age you want them to receive the assets, age 21?, 25?, 30?. Other considerations would be special bequests to loved ones, churches, etc. If you don't specifically put it in your will they won't get it.

Mr. Bartush mentioned that one way of leaving personal items to individuals without making a lengthy list in your will would be to make a list of the personal items and name who you want to receive them. Leave the list with your executor and trust him to distribute the items according to your wishes.

"One thing that is important for everyone to remember is that a will is for an individual," stressed Bartush. "What one person wants the other may not and in the case of a married couples they can have separate wills. Sometimes a couple's aims and goals are so different that they may need different attorneys."

**Texas oil production rate continued at 100 percent**

AUSTIN - The Railroad Commission has continued the Texas oil production rate for November 1990 at 100 percent of market demand.

Chairman Kent Hance and Commissioners John Sharp and James E. (Jim) Nugent continued the top production allowable after reviewing oil companies' nominations to buy a total of 1,846,439 barrels of Texas oil per day. The November nomination total, an increase of 39,410 barrels daily when compared to October purchaser nominations, estimates Texas oil production in the coming month. November 1989 nominations totaled 1,879,427 barrels daily.

The Commission first went to the ceiling level for oil production in April 1972. It applies to all fields in the state except those that are assigned lower legal rates of production so that reservoir pressures will not be depleted before the maximum amount of oil has been recovered.

Chairman Hance also reported that November nominations for

the purchase of Texas gas totaled 20,957,643 Mcf/d (thousand cubic feet per day). October nominations totaled 20,288,903 Mcf/d. November 1989 nominations amounted to 21,089,638 Mcf/d.

The next statewide oil and gas production allowable hearing will begin at 10:00 a.m., on Tuesday, Nov. 20, 1990, at the Railroad Commission in the William B. Travis Building, 1701 N. Congress Avenue in Austin.

Major purchasers filed these November nominations from the floor at the hearing: Amoco Production Company, 147,000 barrels, down 1,000; Conoco Inc., 62,000 barrels, up 1,000; Exxon Co., U.S.A., 143,500 barrels, unchanged; Mobil Oil Corp., 118,200 barrels, unchanged; and Texaco Trading and Transp. Inc., 122,950 barrels, up 1,800.

Chairman Hance reported that crude oil and petroleum products imported into the U.S. averaged 8,878,000 barrels per day for the month of August 1990. This was an increase of 350,000 barrels per day from the same period a year ago.

**Let Us Give Thanks**

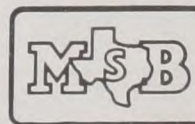

At this special time of year - and all year - let us remember why we have so much to be thankful for. Happy Thanksgiving to you and your loved ones.

## John Hacker dies at age 88

Mass of Christian Burial was offered for John Maurus Hacker, age 88, of Muenster on Tuesday, Nov. 13, at 10 a.m. in Sacred Heart Church with Father Victor Gillespie, OSB, officiating.

Mass servers were Maurus Hacker Jr., David Hesse and Jason Hofbauer.

Readings from the Old Testament were given by Jeanna Strittmatter, a granddaughter. The Responsorial Psalm, "The Lord Is My Shepherd," was sung by Christy Hesse and Ruth Felderhoff. Readings from the New Testament were given by Vickie Brouse, a granddaughter.

Homily and Prayers of the Faithful were presented by Father Victor. Offertory gifts were presented at the altar by grandchildren, Jeffrey Wilson, Cheryl Hacker, Tammy Wilson, and Becky Pelzel.

Eucharistic Ministers were Norbert and Mary Ann Walterscheid, Raymond and Peggy Walterscheid and Frances Bayer.

Sacred music was presented by Ruth Felderhoff and Christy Hesse, including "Amazing Grace," "This Alone," "I Am The Bread of Life" and "How Great Thou Art."

Burial in Sacred Heart Cemetery was directed by McCoy Funeral Home of Muenster. Pallbearers were Steven Strittmat-

JOHN MAURUS HACKER

ter, Dale Muller and Michael Hacker, all grandsons, and David Walterscheid, Don Eckart and Alvin Hacker, all nephews.

Rosary was prayed in the McCoy Chapel on Monday at 4 p.m. and a Vigil Service was held at 8 p.m.

John M. Hacker, a native of Muenster, died at St. Richard's Villa on Sunday, Nov. 11, at 1:45 a.m. following a lengthy illness.

He was born on June 24, 1902 in Muenster and was the son of Joseph Hacker and Katie Seiger Hacker, Muenster pioneers.

On Jan. 10, 1939, he was married to Bertha Anna Walterscheid in Sacred Heart Church. A lifelong carpenter until his retire-

ment, he was a member of St. Joseph's Society and Sacred Heart Church.

In the Muenster Centennial History, his wife tells of the rigors of early day carpentering, when there was no electricity and everything was done by hand. Foundations were dug with a shovel; cement was mixed in a wheelbarrow and poured into the foundation. Every board was sawed by hand. Pay was 25 cents per hour.

The Hackers' first home was a rented house 1½ miles east of Muenster. Then in 1954, they built their own home in town on West Eighth Street. "John," his wife said, "was a great hunter and fisherman. And he did love those domino games." The couple had wonderful gardens, and took pride in their upkeep.

Survivors include his wife, Bertha Anna Hacker, of the home; four daughters, Jo Ann Pelzel of Pilot Point, Helen Muller of Bedford, Joyce Strittmatter of Pilot Point, and Shirley Wilson of Gainesville; and one son, Maurus John Hacker of Myra. Also 17 grandchildren and three great-grandsons.

He was preceded in death by two sisters, Katie Hacker and Sister Frowina Hacker; and two brothers, Frank Hacker and Ed Hacker; and by his parents; and by an infant son, Giles Hacker.

JERRY WALTERSCHEID, center, receives one of two awards at convention from Vermeer Mfg. Co. officers Bob Vermeer, at left, and Mary Andringu, at right, during meetings held in Pella and Des Moines, Iowa.

## Walterscheid receives Vermeer award

Jerry and Betty Rose Walterscheid recently attended the annual meeting of Vermeer Mfg. Company's District Managers where he received an award for having the greatest increase in sales in any territory in Texas. Jerry's territory encompasses 73 counties where he directs dealers in North, Central and West Texas. He also received an award for being Goal Master of 1990, by meeting the goal set by Vermeer Mfg. Co. of Pella, Iowa.

Presenting the awards were Bob Vermeer, Chairman of the Board, and Mary Andringu, President and C.O.O. They are son and daughter of the owner of the company, Gary Vermeer.

The three-day meeting was held in both Pella and Des Moines, Iowa, starting in Pella on the first day. Following an opening luncheon, the men attended service schools of the latest equipment

and in-field watching equipment at work; and the ladies toured Pella, went sightseeing and shopping.

In the evening, a dinner was held in downtown Pella and a program was presented by girls in wooden shoes, dancing on the cobblestone streets.

Men spent all the next day in meetings at the Hilton in Des Moines and the ladies went shopping in Des Moines and attended a style show in the afternoon. The evening's highlight was the Awards Banquet.

Meetings continued on the third day and a luncheon concluded the 1990 meeting.

Jerry and Betty Rose Walterscheid then went on for a vacation trip to Branson, Missouri before returning home.

Who says you can't buy happiness.

At The Salvation Army, we know better. This year, your donations of time and money have made Christmas a reality for children who could only dream about it before. Your support has also brightened the lives of thousands of other people. You've fed the hungry. You've clothed and sheltered the poor and homeless. You've allowed us to visit the elderly and the imprisoned to help them recapture a measure of self-worth. For many of the people who turn to the Salvation Army for help, happiness is simply a matter of meeting their basic human needs. We know you can buy happiness. Your donations do it every day.

## Henry grewing, Sr., of Lindsay, dies

Mass of Christian Burial was held for Henry Grewing, Sr., on Wednesday, Nov. 14, 1990 at 10 am in St. Peter's Catholic Church in Lindsay with Father Bartholomew Landwermeyer, OSB, Father Victor Gillespie, OSB, and Father Harry Fisher officiating.

Lector for the funeral liturgy was Robert Fuhrmann. Presenting Offertory gifts were grandchildren Shawna Covington and Christy Secrest. The Lindsay Choir sang Mass Responses and several sacred songs including "Amazing Grace," "How Great Thou Art," and "Holy God We Praise Thy Name."

Pallbearers were grandsons Glen Beyer, Danny Zwinggi, Keith Grewing, Wayne Bierschenk, Kelly Zwinggi, and Gary Grewing.

Wake services were held at 7 pm Tuesday at St. Peter's Church in Lindsay and interment was in Sacred Heart Cemetery of Muenster on Wednesday directed by Geo. J. Carroll and Son Funeral Home.

Henry Grewing, Sr. passed away Monday morning at St.

HENRY GREWING, SR.

Richard's Villa in Muenster.

He was born in Muenster on Jan. 23, 1905 to Stephen and Margaret (Knauf) Grewing and lived here for many years. During this time he worked for the Muenster Refinery and also was employed at Camp Howze as a fireman. Later he and his family

moved to their farm south of Muenster. He retired from farming 26 years ago and moved to Lindsay. He also worked as a Security Guard at Weber Aircraft and later took a custodial position at Lindsay Independent School District for seven years.

On April 26, 1928 he was married to Mary Mages at St. Peter's Church.

Survivors are his wife Mary of Lindsay, and seven children, including four daughters, Bernice Beyer and Rose Zwinggi of Lindsay; Joyce Zwinggi of Gainesville; Dolores Bierschenk of Valley View; and three sons, Henry Grewing, Jr. and Eddie Grewing of Gainesville, and Leonard Grewing of Phoenix, Arizona. He was preceded in death by two children, Eugene and Elizabeth.

Also surviving are one sister, Mamie Haverkamp of Muenster, 27 grandchildren, and 34 great-grandchildren and one step-great-grandchild. He is also survived by many nieces and nephews in the Muenster Community and a host of friends.

## Long night - No fun

Illness of one of our typesetters and complete absence of another has contributed to the need to hold several news items, including Rosston News, but all of these will be included in next week's paper. Please remember that all news notes must be sent in one day early next week, because we will publish early and be closed on Thanksgiving Day.

## Barney Barnett dies, age 85

John (Barney) Barnett, 85, a longtime resident of St. Richard's Villa and native of Gainesville, died Wednesday, Nov. 7, in Muenster Memorial Hospital.

Barnett was born July 3, 1905 to Mr. and Mrs. Lou Barnett. Until his retirement, he was a sporting goods salesman in Gainesville.

Survivors include two sons, Jack Barnett of Pittsburg, Kansas and Bill Barnett of Dallas; one

sister, Laura Harris of Lubbock; three grandchildren; and five great-grandchildren and several nieces and nephews.

Graveside services were held Friday at 2 p.m. in Rest Haven Memorial Park in Gainesville with Rev. Sy Grayson of First Baptist Church officiating. Interment was directed by Vernie Keel Funeral Home.

### Schedule of Meetings

The Muenster VFW Ladies' Auxiliary will meet on Monday, Nov. 19 at 8 pm at the Post Home.

Cooke County's Diabetic Support Group will meet on Tuesday, Nov. 20 at 7:30 pm in the conference room of the Gainesville Memorial Hospital.

Maggie Mount, a dietician from the Gainesville Hospital, will present a program on "Maintaining Diabetic Dietary Compliance During the Holidays." Everyone who is interested is encouraged to attend.

## Wolf, Dangelmayr united in Nuptial Mass

MRS. RONALD J. DANGELMAYR  
...nee Karen Ann Wolf...

Karen Ann Wolf became the bride of Ronald Joseph Dangelmayr on Saturday, Nov. 10, in a Nuptial Mass with double ring vows officiated by the bride's great-uncle, Father Alcuin Kubis, of Scranton, Ark., at 5 p.m. in Sacred Heart Church.

The setting was enhanced with lighted candles on the high altar, tall floor baskets of mixed pink and white flowers, and many green foliage plants tied with rose ribbon. The front altar held the Unity candle which the couple lit before proceeding to the Blessed Virgin's altar; and two candles lit by mothers of the couple before the ceremony. Center aisle pews were marked with sprays of pink, rose, deep blue and white flowers on clustered bows of pink net, with long "skirts" of sheerest white tulle.

The bride is the daughter of Adam and Alma Wolf of Muenster, and granddaughter of Mr. and Mrs. Albert Kubis of Lindsay and Mrs. Mary Wolf of Rt. 4, Gainesville. The groom is the son of Paul and Patsy Dangelmayr, and grandson of Mr. and Mrs. Anthony Klement and Mrs. Herman Dangelmayr, all of Muenster.

The bride was presented at the altar by her father. She wore a formal wedding gown from the Jan Ann Collection of white bridal satin and Alencon lace, designed with Queen Anne neckline, long sleeves puffed at the shoulders and adorned with pearl droplets; fitted bodice with Alencon lace appliques, and pearl droplets at the lace collar. The flared skirt fell into an extra full train, edged with scalloped lace. Inserts of Alencon lace embroidered with iridescent and pearls accented the skirt and train.

Her white satin bridal hat was outlined with pearls; and a spray of pearls held the fingertip, pearl-sprinkled veil in place.

For sentiment, she wore her mother's birthstone ring for "something old," a blue and silver rosary from her godmother, Mrs. Lee Wolf, "for something borrowed," "new" earrings, a gift from the groom, and the traditional "blue" garter.

She carried a bridal cascading bouquet of pink roses, Nerine lilies, white freesia, white mini-carnations, white carnations, sprengeri fern, plumosus greenery, white tulle with a white bow.

### ATTENDANTS

Sharen Wolf, the bride's twin sister, was her maid of honor. Margie Klement of Bokchito, Okla., and Darlene Miller of Muenster, both sisters of the bride, and Beth Trubench, bride's cousin of Muenster, were bridesmaids. They wore formal gowns of deepest blue iridescent taffeta with sweetheart neckline, dropped waistline and high-low hemline.

Each carried an arm bouquet of pink roses, white mini-carnations, a Nerine lily, stargazers lily, alstromeria, leatherleaf, plumosus, white tulle and a pink bow.

The bride presented her mother and the groom's mother each two long-stemmed pink roses.

Debra Dangelmayr, groom's cousin, was flower girl, dressed as the bridesmaid. Justin Wolf and Clint Miller, nephews of the bride, were ring bearers, carrying white, heart-shaped lace pillows, decorated with white, pink and blue flowers.

All flowers for the wedding and reception were made by Bouquets and Gifts.

Karl Trubench, groom's cousin, stood with him as best man. The three brothers of the groom, Mike, Chris and Darrell Dangelmayr, were groomsmen.

Phil Wolf, bride's brother; Ed Haverkamp, Duane Haverkamp, Darren Cheaney, friends of the groom; Kevin Klement, groom's uncle; and Brian Klement, groom's cousin, were ushers.

Mass servers were Eric Miller and Jarrod Klement, bride's nephews; Glenn Dangelmayr, John Klement and James Klement, groom's cousins.

Wedding music was presented by Ruth Felderhoff, organist, and Dave and Pam Fette, vocalists. Selections included "Sunrise, Sunset," "Follow Me," "Wind Beneath My Wings," "Turn Around," "Beginning Today," "The Wedding Song," "May Your Life Be Blessed," "Father, Make Us One," "Hail Mary, Gentle Woman," and the Mass responses, and traditional organ solos for processional and recessional. Ruth Felderhoff also accompanied all songs.

Participating in the special wedding liturgy were the bride's brothers, Tim Wolf of Lewisville and Randy Wolf of Dallas, who presented Readings; Lee and Betty Wolf, bride's godparents, and Rick and Diane Walterscheid, groom's aunt and uncle, who carried Offertory gifts to the altar; and Alvin and Joanie Hartman, Georgia Wolf, Dana and John Walterscheid, and John and Lanie Bartush, who assisted as Eucharistic ministers.

Flowers were pinned by Darlene Otto.

### RECEPTION

A reception, dinner and dance followed in the Sacred Heart Community Center, hosted by parents of the couple.

Dolle Pagel and Kristi Pagel, friends of the bride, were in charge of the bride's book and registered 520 guests.

Dinner was catered by the Hermes Sisters of Lindsay; and The Entertainers, Adam Arendt and Danny Wolf, played for dancing. Music was presented in the gazebo, which was lighted by myriad crystal lights.

The bride's cake was made by Cathie and Francis Fuhrmann of The Farmer's Kitchen, in Angeli-que design with three large tiers over a sparkling fountain, on a base of six heart-shaped cakes. Miniature bridesmaids adorned the lowest layer and the front of the cake held a family-treasured cross borrowed from Darlene and Alan Miller, a gift from the late Sister Florence Marie Kubis. The top keepsake layer held an ornament specially selected by the bride from the Christopher collection, of a porcelain bridal couple, with

the groom wearing a black cowboy hat and decorations of wheat, tiny gold horseshoes and lace.

The cake was dressed with fresh greenery and sparkling baby's breath, and encircled with crystal votive candles. Alternate layers of the cake were flavored with butter and poppy seed, the other half was crystal white with cherry amaretto filling.

Two groom's cakes were made by Sherrie Krebs, in heart shape and decorated with a bride tugging at the groom's tuxedo, and the groom swinging a golf club.

Vicki Thurman and Sherrie Krebs cut the cakes, which were served by Amy Otto, Melissa Fisher, DaLana Waltercheid, Kelly Dangelmayr and Lori Klement, all groom's cousins; Trisha Klement, bride's niece, and Theresa Kubis, bride's cousin.

All decorations in the Community Center were made by Bouquets and Gifts.

An 8x10 wall decoration using rose, white and deep blue tissue puffs held the couple's names and two hearts.

A banner, made by Mrs. Terry Walterscheid, was hung above the gift table. It carried the lettering "Our Life, Our Beginning." The bride's table was decorated with a pair of silver candelabras, white candles and fresh flowers in the bride's chosen colors.

Guest tables held center arrangements similar to the church pew flowers, and hurricane lamps with candles.

When the bride and groom return from a trip to Reno and Lake Tahoe, they will reside in Muenster.

The bride is a 1986 graduate of Muenster High School and holds an Associate of Science degree from Cooke County College. She

is attending the University of North Texas and is a typewriter employed by The Muenster Enterprise.

The groom is a 1984 graduate of Sacred Heart High School and is employed by Tony's Seed and Feed.

The rehearsal dinner was hosted by the groom's parents in their home for 32 guests. They served a Mexican dinner complete with fajitas and all the trimmings.

Among out-of-town guests at the wedding were Mrs. Jake Horn and Mr. and Mrs. Edmond Veith, all of Windthorst; Mr. and Mrs. David Galliher, Mr. and Mrs. Larry Schmitz; Mr. and Mrs. B.J. Glascock of Dallas; and Mr. and Mrs. Phillip O'Rear of Weatherford; Mr. and Mrs. Harold Garrison of Abilene; Mr. and Mrs. Harold Schmitz of Lindsay; Mr. and Mrs. Ferd Haverkamp, Mr. and Mrs. Ron Haverkamp and Mr. and Mrs. LeRoy Haverkamp, all of Carrollton. A family friend who spent several months with the groom's family early in the year, Gummi Thorvaldsson of Iceland, phoned the bride and groom during the reception to offer his good wishes.

Others attending the wedding from out of town included Sister Anacletus Schroeder of Morroilton, Ark.; Agnes Lindeman, Mr. and Mrs. Bill Schroeder, Lucille Schroeder and Veronica Vieth, all of Windthorst; Ron and Patti Felderhoff of Austin; Steve and Donna Felderhoff of The Colony; Don and Judi Woodall of Fort Worth; John and Mary Fiala, Sharla Hermes and guest, and M.L. and Patsy Lefel, all of Dallas; Gina Arendt, Gayle Wolf, and Roger and Diane White, all of Denton; Loritha Bringle of Arlington; and Greg and Julie Walterscheid of Lewisville.

### Library offers story time on Tuesdays

The Muenster Public Library is having a story time for four- and five-year-olds each Tuesday morning from 9:30 to 10 a.m.

The featured activities are stories, book talks, flannel board stories, songs and games.

The library staff is hopeful that this time of reading together will allow children to sample the delights of reading and will condition them to believe that reading and visiting the library are pleasurable experiences.

### JAM meets Sunday

JAM (Jesus Alive in Muenster) will meet Sunday, Nov. 18, from 5 p.m. until 7 p.m. at the home of Clinton and Debbie Endres. Everyone is invited to come and bring a friend. Please bring a snack. Drinks will be provided.

## MODERN FLOORS

in Muenster, Texas

209 N. Main "We've got you covered" (817) 759-2848

**MR. and MRS. JOHN SHEARER** of Greenville announce the engagement and approaching marriage of their daughter, Vanessa Maria Hill, to Mark Kendon Yosten, son of Mr. and Mrs. Cyril Yosten of Greenville. The future-groom is also the grandson of Felix and Betty Yosten and Mrs. Agnes Hess, all of Muenster and the late Albert Hess. The bride-elect is also the daughter of the late Hiskell Wayne Hill. The wedding will be held on Nov. 30 at 7 p.m. in St. William Catholic Church. The bride-elect is a 1990 graduate of Greenville High School. Mr. Yosten is a 1988 graduate of Greenville High. Both are attending East Texas State University.

## CCC schedules Third Winners Circle Art Show

The best of the best from last spring's Cooke County Art Show will put a larger sampling of their works on exhibit to the public at the third annual Winners Circle Art Show set for Nov. 16 and 19-20-21 at Cooke County College.

Sponsored by the CCC Art Department, the show features works by the three top award winners from its popular larger show every April.

This year's exhibit will open at 6 p.m. on Friday, Nov. 16, with what has become a traditional reception at which the public is invited to meet and visit with the artists in person. Exhibiting their works this year are Ethel Harvill, Marie James and Zama Dexter.

"The artists are allowed a very limited number of entries in the various media categories at our spring show, and one of the com-

ments I've heard most often is that viewers wished they could see more works by the winners," said Mary Frances VanPelt, director of the show and head of the CCC Art Department.

"For that very reason, we came up with the idea for this 'Winners Circle' show," she explained. "It really gives local and area art lovers a chance to see some really fine work, and the artists usually bring a number of works that are offered for sale."

Ethel Harvill was the "Best of Show" winner this past spring with her landscape in pastel oils. The work also won the CCC Purchase Award and now hangs in the college's new library.

A resident of Saint Jo, Harvill teaches art in the Gainesville public schools. A versatile artist, she works in pastels, oils, oil pastes and metal sculpture. One of her sculptures was sold recently in New York City.

Marie James won first place in the Western Oil Painting Division of the spring show and is well known for her work throughout North Texas, having won awards at many area shows. A resident of Decatur, she has sold a large number of paintings which are now in private collections.

A consistent award winner in area shows, Zama Dexter of Ardmore, Okla. is a repeat exhibitor in the Winner Circle Art Show series. A first place winner in the

Oil Painting Division at CCC last spring, Dexter's most recent award was another first place in the "Art in the Park" show this fall in Ardmore.

Dexter's paintings are admired for their vibrant and exciting colors, and she works in oils, pastels, watercolors and collages.

Works by all three artists will be on display to the public until 8:30 p.m. on Nov. 16 and from 8 a.m. to 8 p.m. on Nov. 19-21 in the CCC Student Center Gallery. For more information, contact Mary Frances VanPelt at 817-668-7731.

## Reunion of 1931 Grads draws 12 former classmates

A reunion of former classmates of the eighth grade at Sacred Heart School who graduated in 1931 met for a reunion dinner at noon Saturday, Nov. 10, in The Center Restaurant.

Forty-eight children started first grade together that year. Seventeen remained through the eighth grade. Some moved away with their families; some transfer-

red to other schools; and some had to quit school to help with work at home; and three are deceased including Leon Hellman, Joe Hess and Isabelle Otto Fette.

In attendance Saturday morning were Edgar and Rose Klement; Werner and Rita Becker; Lillian Fisher Appel; Al and Bertie Horn; David and Georgia Mae Trachta; Charles Wimmer; Betty Hartman Dangelmayr; Irene (Walterscheid) and Lawrence Wimmer; Genevieve Yosten Pels and Elfreda Luke Fette, all of Muenster, and Sylvia Walter Everette of Olney, Illinois. Special guests were Alvina Voth and Julie Cunningham. Jimmy and Theresa Lehnertz of Gainesville joined the group after lunch, for visiting and brought pictures to share.

Among former classmates who were unable to attend were Marcella Pagel Janicki of San Antonio, Louise Schmitt Trubenbach of Muenster and Father Paul Hoedebeck of Subiaco, Arkansas. Invocation before the meal was offered by Werner Becker who also remembered missing classmates, deceased classmates and deceased spouses.

Floral centerpieces for the tables were arranged by Aileen Knabe.

**TO GIVE "SILENT AUCTION"** bidders a hint of the treasures offered to bidders at the 1990 Silent Auction, Thanksgiving Picnic, here is a sample of the prize dinner donated by Francis and Cathie Fuhrmann of The Farmer's Kitchen in 1989 and purchased by the Leonard Vogels: "Plenty For Twenty." It was a King Henry VIII meal, served with only a plate and a knife. The menu included, as it would in that time of history, soup, crusty homemade bread, silver or pewter platters of roasted chicken, grilled bratwurst, hickory smoked ribs, roasted potatoes and carrots and fresh fruit. Authenticity would have served the ale in tankards. Desserts were Cappuccino creme cake and Lemon Curd creme cake. Savoring every bite served in the Vogel home that evening were, I to r, Christel Vogel, Debbie Hess, Doyle Hess, Lucille Hesse and Tom Hesse, part of the 20-guest group.

Photo courtesy Cathie Fuhrmann

## Alison is One

**ALISON MILLER**  
Alison Joan Miller, daughter of Alan and Darlene Miller, was

honored with a special meal hosted by her parents in their home to celebrate her first birthday on Nov. 9.

There was an ABC birthday cake baked by Alison's mother and decorated by her brother, Bryan. She enjoyed opening gifts and cutting and eating her cake. Pictures and home videos were made.

Attending were Alison's brothers Eric, Bryan, and Clint. Best wishes were sent by her grandparents Adam and Alma Wolf and Bill and Therese Miller and also by her godparents.

Paying a special visit to Alison on her birthday were Aunt Linda Flusche and Karen.

## First Birthday Celebrated!

Alison Marie Teafatiller celebrated being one on her birthday Oct. 20. The party was hosted by her parents, Craig and Donna Teafatiller in their home.

Bears, balloons, and a "Happy Birthday" sign decorated the party room. Ice cream cones, cupcakes, and cokes were served. Gifts were opened, pictures were taken and a home video was made. Guests attending were grand-

parents Hank and Louise Walterscheid; Barbara Wimmer; and Randy and Laura Teafatiller; aunts Barbie Barnhill, Darlene Criswell, Robin Walterscheid, and Becky Renfro; uncle Tommy Teafatiller; and great-uncle Eugene Criswell.

Also cousins Jonathon and Jared Sicking; Dee Dee and Alisha Walterscheid; Noah Barnhill; Andy and Katie Renfro; and Robby Dale Criswell.

## New Officers at Illinois Bend

It's "Madam President" now at Illinois Bend. Myrna Brawner was elected president of the community center at the Nov. 8 meeting. Dub Dowd was elected vice president; Bernice Dowd, secretary - treasurer; and Ray Ashley, reporter.

For the last three years, Dub Dowd was president and has been a bedrock of stability and a harmonious leader both in the organization and in the community at large. Numerous improvements and repairs to the building and grounds were completed during his term in office. Also there were contributions from generous supporters and hard work from the entire membership.

Dolly McKinney also deserves special mention. Known to her close friends as Doll, she was secretary-treasurer for the past five years. She controlled the money and faithfully kept the book of minutes, a remarkable achievement for a young woman whose personal experience only encompasses the first nine decades of the 20th century. Here's hoping she will remain an active member into the 21st century.

First on the agenda is a chili supper for Friday, Dec. 1, from 4:30 to 6:30 p.m. in the Saint Jo school lunchroom. Price is \$2.50 for adults, \$1.50 for children under six. Everyone is invited.

Reported by Ray Ashley.

## Young people at high risk for brain and spinal injury

Every day about 100 to 200 Texans suffer some type of head or spinal cord injury, says Texas Medical Association.

Those at greatest risk are young people 15 to 24 years old. A serious injury could mean a lifetime paralysis from the neck or waist down.

"We've made great advances in diagnosis and treatment of head and back injuries," says TMA member Mark J. Kubala, M.D., "but once you've damaged the

brain or spinal cord, there's not much we can do."

Consequently, "prevention is the key," explains the Beaumont neurosurgeon. During October, National Spinal Health Month, he urges parents, teachers, coaches, school administrators and others who have influence with young people to educate them about preventing head and spinal cord injuries.

Dr. Kubala emphasizes these precautions:

- Use safety belts. About half of all head and spinal cord injuries result from not wearing a seat belt in a motor vehicle accident.

- Avoid high speeds. Abide by the speed limit.

- Don't drink and drive.

- Wear a helmet when riding a motorcycle, dirt bike, bicycle or all-terrain vehicle.

- Avoid recklessness in sports and recreational activities.

- When swimming in an unfamiliar location, don't dive head first until you know how deep the water is and whether any rocks or logs lie below the surface.

- When not in use, keep guns unloaded. Use caution when hunting.

To promote prevention education in Texas, Dr. Kubala organized the Texas Head and Spinal Cord Injury Prevention Program in 1988. It's part of a national effort sponsored by the American Association of Neurological Surgeons and the Congress of Neurological Surgeons. The program is active in 10 Texas cities.

Program coordinators meet with students during school assemblies. The program includes a demonstration about how accidents affect the brain and spinal cord. Often, paraplegics or quadriplegics speak about their experiences and emergency medical personnel demonstrate what to do and not to do at an accident scene. Students also are allowed to navigate an obstacle course in a wheelchair.

## Bill Jump gets coaching promotion

**THE TEXAS GOLD MINORS**, ranging in age from 11 to 19, all outstanding country musicians, singers and cloggers, will appear at the Saint Jo Opry on Dec. 1 at 7 p.m. They appeared at Branson, Mo. through the summer season of 1990. For ticket information, contact Mr. and Mrs. C.E. (Sonny) Cole in Saint Jo.

Reaction of local friends to the announcement of Coach Jump's appointment to interim head football coach at Greenville High School indicates the happiness and satisfaction felt by former students, players and parents who knew Bill and Marionette Jump during their teaching and coaching years here.

A native of Oklahoma, Jump was the Hornets' football coach and both of them were respected teachers in Muenster Public Elementary and Muenster High School. He had nine years of head football experience in Oklahoma schools and Muenster. His 1988 Muenster team captured a bi-district co-championship.

Jump became the Greenville Lions' third head football coach of the season and the third this month, following an announcement by the school's superintendent that health reasons caused the resignation of the head coach after seven seasons; and the request of an assistant coach to be

relieved.

Jump had been coaching the Lions' wide receivers and defensive backs. Two days after agreeing to serve as interim head football coach, Jump and his Greenville Lions played Naaman Forest High School of Garland and won. They also won the next Friday night, but on the third and final game of the season, Greenville lost to Highland Park who now has reached the state playoffs.

Since the close of the football season, Coach Jump plans to add refereeing of some basketball games to his athletic activities.

**The Muenster Enterprise** expresses thanks to Cyril and Angie Yosten of Greenville whose Letter To The Editor brought the news of Coach Jump's promotion.

**The Enterprise** also is indebted to friends who graciously responded in the following manner: Claude and Deb Klement said, "We understand that Bill has done well since taking over a coaching assignment at Greenville High School. We wish him the best of luck at his new coaching position. We know he will continue to do well as he advances in his profession. Bill and Marionette will succeed in any new job they face."

Tom and Judy Flusche said, "His students admired him and learned a great deal from him." Tom continued, "What I admire particularly is that he would and could do anything on the athletic field that he asked his players to do. He wouldn't ask them to do anything he himself was unable or unwilling to do. He had a good relationship with his players. And he was an excellent teacher in the

classroom. We feel fortunate that our son was his student in science classes." Judy said, "Mr. Jump had the ability to reach out to his students and lead them to understand and grow academically. He taught them to enjoy learning."

Chris and Jan Cain said, "His promotion confirms their decision to accept a coaching job in a 4A school. So many people asked 'Why?' The Jump family prayed over the move and struggled with the decision, even though it meant leaving friends here."

Jan concluded, "I'm so grateful we had the opportunity to be friends. Knowing them was a privilege. Families whose children

experienced their teaching were truly blessed. Marionette also made learning fun. We miss her as a teacher, friend and neighbor. She now teaches mostly minority and underprivileged children and loves her job." And then Jan added, "We are so pleased that the Yosten family of Greenville told **The Enterprise** about Bill Jump's promotion."

### Voice of Democracy Essay Contest by Jenny Yosten

Every year, high school students from around the country participate in an essay contest called "Voice of Democracy." The students at Sacred Heart High School were required to enter the contest as an English assignment. The theme for this contest, sponsored by the Veterans of Foreign War Club, was **Democracy - The Vanguard of Freedom.**

From the essays written, six were chosen as the finalists from the school. The papers chosen

were written by Mark Flusche, Sharon Fuhrmann, Robin Greathouse, Tommy Greathouse, Melissa Miller and Jenny Yosten. On Oct. 25, these finalists read their essays to judges who are members of the VFW.

The essays were judged on the content of writing and the oral delivery. Three overall winners were chosen. The first place winner was Tommy Greathouse, his essay will advance to district competition. Second place went to Sharon Fuhrmann and Jenny Yosten was awarded third place.

## Keep Thanksgiving Safe!

by Sandra Avant Texas Extension Service

A favorite Thanksgiving food also is an ideal breeding ground for bacteria that cause food-borne illness.

Stuffing cooked with turkey or chicken is a traditional dish for many families during the holidays. It's also a food more likely to cause food sickness if not prepared, cooked or stored properly, according to Dr. Al Wagner, food technologist with the Texas Agricultural Extension Service.

Food-borne illness may seem a mere annoyance to some, but it can cause serious problems. The Food and Drug Administration reports that food contamination can lead to arthritis, kidney damage, heart problems and, in rare cases, death.

"This illness can cause the strongest athlete to double over in pain from stomach cramps, diarrhea, vomiting and dehydration," Wagner said. "An estimated 24 to 81 million cases of food illness occur each year in the United States, costing \$5 billion to \$17 billion in medical care and lost productivity."

Whether you plan to make stuffing from scratch or out of a box, cook it immediately after mixing it - separately from the meat, advises Dr. Bethann Witcher, Extension nutritionist.

"If you cook the turkey in advance, remove the meat from the bones right after cooking and refrigerate or freeze it," she said. "If food is contaminated and held at room temperature too long, bacteria may produce a harmful toxin, Staphylococcus aureus, that cannot be destroyed by ordinary cooking."

Other holiday trimmings such as broth and gravy spoil easily and should be refrigerated quickly after cooking, she said. Always serve these foods hot and do not store them more than two days.

"Don't let huge quantities of leftovers fill your refrigerator for days," Witcher said. "Plan in advance how to use remaining foods and freeze the rest."

A few simple precautions in food handling can prevent happy holidays from becoming miserable ones. Following these tips, to prevent food illness:

- Clean your hands, utensils, equipment, working surfaces and also foods that require washing.

- Cook foods until their temperatures reach at least 140 degrees Fahrenheit and maintain foods above that temperature when serving.

- Chill foods immediately after purchasing and after serving. Maintain at a temperature of less than 40 degrees F.; keep refrigerators set between 32 and 40 degrees, freezers at 0 degrees.

- Keep raw foods and any equipment used to prepare raw foods away from cooked and all ready-to-eat foods to avoid cross-contamination from bacteria.

# Herbert Fleitman dies in Denison

Death claimed Herbert John Fleitman of Denison at age 56 on Tuesday, Nov. 6, 1990 at Texoma Medical Center, following a 14-month illness. He was a native of Muenster, moved to Denison in 1958 and lived at 2617 Loy Lake Road, Denison, Texas 75020.

**HERBERT JOHN FLEITMAN**

A family hour was held from 7 to 8 p.m. at Bratcher Funeral Home of Denison, followed by praying of the rosary at 8 p.m. in the Bratcher Chapel on Thursday, Nov. 8.

Mass of Christian Burial was offered in St. Mary's Church in Sherman on Nov. 9 at 9 a.m., followed at 11:30 a.m. with a prayer service in St. Peter's Church in Lindsay, and burial in St. Peter's Cemetery.

Father Thomas Speiser of Sherman officiated at all services, with Deacon James Adolf assisting at the Mass. Father Bart Landwermer, OSB, of Lindsay, Father Victor Gillespie, OSB, of Muenster and Father Nicholas Fuhrmann, OSB, of Gainesville attended services in Lindsay.

Music for the Mass was provided by Lisa Mitchell and Susan Vogel of Denison, and Mary Ramsey of Denton. Virginia Krahl of Gainesville was organist for the prayer service in Lindsay.

Pallbearers were Billy Rogers and Harold Neu of Denison, Gerald Laroche of Pottsboro, Eddie Grewing of Gainesville, and Wilfred Hess and Henry Fleitman of Lindsay. Edward Sandmann of Lindsay served as an usher.

Allen Fleitman of Gainesville

Mary's Church in Sherman and was a former Eucharistic Minister for St. Patrick's Church in Denison; also a member of the Knights of Columbus Council #830 in Denison and a member of IAM Union Local 1609.

Surviving Herbert Fleitman are his wife, Mary Jane; and three sons, Mike and daughter-in-law Susan Fleitman of Carrollton, Don Fleitman of Richardson; and Jim Fleitman of Texas A&M University; also one brother, Eddie Fleitman of Muenster; and three sisters, Betty Felderhoff of Muenster, Eileen Krebs of Gainesville and Lorine Strassberg of Dayton, Ohio.

In addition to friends and relatives from Cooke and Grayson counties attending the services were: Lorine Strassberg and Brenda Dixon of Dayton, Ohio; Archie Dow of Albuquerque, N.M.; Larry Fleitman of Shreveport, La.; Linda Sandmann of Tulsa, Ok.; Tamara Dean of Lubbock; Ronny and Bonita Burden of Nacogdoches; Glenn Felderhoff of Graham; Doris Dennard of Burleson; Craig Felderhoff of Houston; Sanria Lea of Pleasanton; Patrick and Sherrie Krebs of Bridgeport; Charlotte Martin and Dolores Sandmann of Denton; Rachel Hurst of Plano; Marge Alexander of Wichita Falls; Mildred Lindemann and Richard Schroeder of Windthorst; and representatives of J-M, DISD, Catholic Life Insurance; TU Electric and National Oil Well.

was lector for the Mass. Leo Sandmann, Clifford Lutkenhaus and Robert Lutkenhaus of Lindsay were acolytes. Offertory gifts were presented at the altar by godchildren, Mary Ann Parker of Garland and Charlene Lutkenhaus of Lindsay.

Herbert Fleitman was born in Muenster on June 16, 1934 to Al and Millie (Wiesman) Fleitman. He attended Sacred Heart and Muenster Public Schools and Grayson County Junior College. He served two years in the US Army as a target radar operator on a Nike missile site in California.

He married Mary Jane Block on May 30, 1959 in St. Peter's Church of Lindsay. For 31 years, he was employed in Denison by Johns-Manville and by J-M Manufacturing Co. He was a member of St.

were analgesic substances at 160,500, followed by cosmetics, 130,200; plants, 100,700; and cough and cold preparations, 90,700.

Bleaches and detergents accounted for the largest number of cleaning substance exposures. More than 33,000 people swallowed bleaches and 31,000 consumed some type of detergent, including fabric softeners. Other cleaning substance poisonings included disinfectants, 17,000 cases; tile cleaners, 10,600; toilet bowl and oven cleaners, 9,000.

No deaths were reported from detergent poisonings, but bleach caused one of 24 fatalities from cleaning substances.

"Detergents primarily cause vomiting and diarrhea," said

Michael Ellis, director of the Poison Control Center in Galveston, which covers southeast Texas. "The amount of poison may not be a real threat. However, 80 percent of the center's victims are children. Anytime a child keeps vomiting and having diarrhea can be very serious and even deadly."

Detergents can contain toxic and caustic ingredients, Beard said. Their lemony scents and other fragrances encourage children to consume them.

There is no quick antidote for these substances, Ellis said. Drinking adequate amounts of such liquids as water or Gatorade-like drinks helps replace fluids, and medical attention should be sought in severe cases.

## Bleaches, detergents cause most poisonings

by Sandra Avant  
COLLEGE STATION  
Bleaches and detergents poison more young children than any other common household cleaning product.

This is true partly because most people are not aware of the danger. These products are usually stored low or under the sink within the reach of children. Toddlers who consume these products rarely die, but they can get awfully sick.

A recent report from the American Association of Poison Control Centers indicates that nationally more than 1.6 million people were exposed to some type of poisoning substance in 1989.

Cleaning substances were most frequently involved in human exposure with more than 160,000 cases. Running a close second

Lynn Huchton, (left), and Ernie Martin tear up the concrete steps and outside entry of the Sacred Heart Community Center. The area will be completely rebuilt because it has sunk and water has been seeping into the Community Center from under the door.

Janie Hartman Photo

## S.H. Student Council attends Fall Conference

by Sharon L. Fuhrmann

On Nov. 5, the elected members of the Sacred Heart Student Council attended the Fall District III Conference of the Texas Association of Student Councils (TASC) that was held at L.D. Bell High School in Hurst, Texas. This was a one-day leadership experience for the students.

Thirty small group sessions were offered, addressing pertinent leadership skills. The S.H. Student Council entered the "Sharing and Caring" competition which involved decorating a box and filling it with non-perishable items to serve a family of four. The boxes will be donated to the area NEED Agency in the name of Student Council. Boxes were judged on: most attractive, most original and most impressive.

The cost of the conference was \$10 which covered breakfast, lunch and gas. Students were asked to wear their Student Council shirts or a white shirt with their red Student Council cardigan to the conference. Everyone had fun and were reunited with workshop friends.

# Sacred Heart wins district

In a decisive and cheering district victory last week, the Sacred Heart Tigers cleared the hurdle for the championship title in District 4AA of TAPPS. They triumphed 27-10 over Lubbock Christian Academy of Lubbock.

Sacred Heart dominated the action all the way with leads of 18-9 in first downs and 465 to 155 in total yardage. "Our defense held Nathan Blackwood, who is the leading rusher in all of Lubbock, to 84 yards in 21 carries."

Coach Nasche said the players tackled real well and are eliminating the mistakes to get a district championship for Sacred Heart after eight years.

Lubbock won the toss, but deferred their choice the second half, giving the Tigers first possession of the game. The first play, from deep on their own 10-yard line, saw Jason Beyer complete a 50-yard pass to Stevan Nasche. After running several plays, Sacred Heart fumbled the ball, giving the Eagles possession on the 30. Lubbock ran 2 plays, then fumbled back to the Tigers.

Sacred Heart drove 30 yards in 3 plays, topped by a 9-yard pass from Beyer to Nasche to score. Chris Hess kicked the extra point and the Tigers led 7-0.

Lubbock ran 7 plays, capping a 70-yard drive to score early in the second period. The PAT kick counted, making the score 7-7.

The Tigers started their next drive with hard runs by Ryan and Chris Hess, a "good grab" pass from Beyer to Nasche and a screen play to Ryan to get to the 20-yard line. Beyer had the honor of carrying the ball in from there. The extra point kick was good and the Tigers took a 14-7 lead with 5:00 remaining in the half.

"We knew if we could hold them, we could score a touchdown before half," said Nasche. "We called three timeouts to extend the playing time." The Tigers held, getting the ball back with 2:45 on the clock. Sacred Heart moved the ball rapidly to the 13-yard line, but fumbled the ball, erasing their hope of adding another 7 points before halftime.

In the locker room, Coach Nasche told the players they needed to come out playing as though the score was 0-0 to win the game, "so we wouldn't let up mentally."

Lubbock received the kick, picking up 11 yards for a 34-yard field goal. Halfway through the quarter, the score was 14-10.

The Tigers started their first drive of the second half at the 34-yard line, running several plays, including a trap play by Shawn Dangelmayr for a 55-yard gain. Ryan Hess scored on a 4-yard run to cap the 66-yard drive. Chris Hess kicked the extra point and the Tigers took a 21-10 lead.

Lubbock picked up several first downs going into the fourth, where Sacred Heart held, forcing a punt. Starting on the 22-yard line, Beyer, Hess and Hess ran, and a quick pass to Larry Switzer added 15 yards into Lubbock territory. But again, the Tigers' drive was halted by a fumbled ball.

The Eagles ran 3 plays and punted to the Tigers. A good return took the ball to midfield. A 48-yard drive was completed by several leads and options, topped by a straight drive play by Chris Hess behind the blocking of Jason En-

dres and Greg Hess for the final score. The extra point was blocked. Endres almost recovered it for 2 points, but slid out of the end zone. With 4:26 remaining in the game, the Tigers took a 27-10 victory.

"I was overall pleased with Jason Beyer's quarterback performance," said Nasche. "And the playing of the HOGS." The offensive line had only one illegal procedure call. "They all made key blocks," said Nasche about Larry Switzer, Darrell Mullins, Gary Hess, Kelly Bell, Greg Hess and Jason Endres. "Not only Beyer, but Ryan Hess had a fantastic day behind the Hogs' blocking," said the coach. The offensive line also kept Lubbock away from the quarterback.

The Tigers next meet St. Paul's of Shiner in a regional playoff game Friday, Nov. 16, at Waco Reicher School in Waco. The game begins at 7:30.

The Cardinals like to run a T-formation out of the backfield, and run a 5-6 or 6-1 on defense. They like to stunt, start and loop to address their smaller, quicker linemen. St. Paul's also bumps and runs with wide receivers with the quarterback on passing situations. Shiner is known to fake punts and kick inside. "So, we'll have to be mentally ready," said Nasche.

"We're looking forward to everyone coming out and cheering the Tigers on," concluded the coach.

Coach Nasche also had the honor last week to have an ice water shower after the game. "The guys were excited about winning the game," he said. Luckily, it was over 80° on the Lubbock field last week.

## NOTICE!

Friday will be red/white day for the entire school. The school library is selling spirit buttons for \$1. School will be dismissed at regular time, 3:30 p.m.

## Directions to Waco Reicher School

Take I-35S to Lake Shore Drive exit in Waco, this also is the McClellan Community College exit. Exit right and cross two rivers to MCC, go past MCC exit to first signal light. This is N. 19th St. Turn left on N. 19th, which will become N. 18th. Travel this street to Lyle which is a one-way. Turn right on Lyle and travel to 23rd St. Take a left on 23rd and travel 3 blocks to Waco Reicher School.

# Muenster adds another win

The Muenster Hornets used the kicking power of German exchange student Rajko Jelen and timely defensive work to swat Liberty Christian 13-0 in the Hornets' ninth straight season victory. Jelen was Muenster's leading scorer with 2 field goals and an extra point.

"We felt real good after the ball game," said Hornet Coach Grady Roller. "They were the best team we played all year."

Key statistics showed Mike Vogel with 155 yards on 18 carries, followed by Troy Pagel with 42 on 13 and Ryan Sicking gaining 37 yards on 11 attempts.

Muenster bettered their air attack with completions to Terry Felderhoff, Ryan Sicking, Kody Truembach and Troy Pagel. "Our passing game is improving," said Roller. "Mike Gobble learned a little from last week's game. It was a good game for the passer and the receivers."

Muenster's pass defense picked off 3 interceptions by Kody Truembach, Mike Vogel and Doug Hennigan and Tony Perryman covered one fumbled ball.

Neither team could score in the first quarter. Liberty ran 10 plays, Muenster 12 for 58 yards going into the second quarter. The Warriors next drive was cut short when Kody Truembach picked off a pass, placing the Hornets on Liberty's 27-yard line. Three runs gained only 6 yards, and Muenster chose to kick a 38-yard field goal. Jelen attempted the kick, but failed, giving the ball back to Liberty.

Muenster's defense held and, on 4th and 6, the Warriors punted. Starting near midfield, Ryan Sicking gained 34 yards on a pass play to place the ball on the 13-yard line. Vogel moved the ball to the 5, where Troy Pagel ran in with 5:16 remaining. Jelen kicked the extra point, giving Muenster a 7-0 lead.

Liberty picked up a 17-yard gain on a pass, but was slowed down and forced to punt. Vogel, Sicking and Pagel combined running plays and Terry Felderhoff gained 41 yards on a pass to set the Hornets on the 4-yard line. Two unsuccessful plays kept Muenster on the 4 as time was running out so, on 3rd down, Jelen booted a 24-yard field goal, giving the Hornets a 10-0 halftime lead.

Muenster started the second

half, punting to Liberty on 4th down. The Warriors booted the ball back after 3 plays. Muenster turned the ball over on downs, then the Denton team punted again. The Hornets' next attempted drive was fumbled away, giving Liberty the ball only 9 yards to pay dirt.

The Hornets' goal line defense held the Warriors to 3 yards on 3 runs. On 4th down, a pass was picked off by Mike Vogel, returning possession to the Hornets.

Muenster moved the ball into the final quarter with runs by Vogel, Sicking and Pagel, and a pass to Truembach. A loose ball near midfield returned possession to the Denton team. Liberty moved to their 21-yard line, where their drive was stopped when Tony Perryman covered a loose ball on the 23.

A 47-yard run by Vogel assisted in getting the Hornets well into Warrior territory. Three attempts gained only 3 yards, so Jelen attempted a 40-yard field goal. The kick cleared the goal post and, with 5:30 remaining in the game, Muenster took a 13-0 lead.

Liberty was forced to punt when their next drive was hampered by a quarterback sack by Brad McDaniel. Muenster gained only a yard their next attempt and was holding Liberty when a completed pass gave them 18 yards. Their next pass attempt was picked off by Doug Hennigan. Muenster got in two more plays as time ran out.

"We (the coaches) were concerned how the boys were going to play after winning District ... if their momentum would be down," said Coach Roller. "But we couldn't be prouder of the players at this time. I hope we can keep it up." Roller also said the team didn't play flat as they did earlier in the season.

Muenster advances to Bi-District competition against District 18A runner-up Wortham. The Bulldogs, 6-4 in season play, competed against tough teams earlier in the season. They have a strong running game led by two fast running backs. Lamont Chambers, a 150-lb. junior, and Michael Thomas, a 215-lb. senior. Thomas is a two-time state qualifier in track. "We can run the ball on them if we can keep them from stacking on us," said Roller. "We have to control the offense and their defense. We have to have an

excellent ball game." At the present, the Hornets have no injuries and had the flu bug attack earlier in the season. "Right now, we're playing one game at a time. I hope to put a little icing on the cake Friday night."

Game time is Friday, Nov. 16, at 7:30 in Roysie City. Follow the Hornets on the road to victory and show Wortham **OUR RED POWER!!!!**

## Directions to Roysie City

Exit Hwy. 380 (University Drive) from I-35 in Denton, go east on Hwy. 380 through McKinney. Travel approximately 15 miles from McKinney to Hwy. 78, turn south. Follow Hwy. 78 to Hwy. 205, again turning south. Stay on 205 until you reach Rockwall, then turn east on Hwy. 66 to Roysie City. The stadium is on Hwy. 66.

It is suggested not to go down 635 Freeway because of rush hour traffic.

## Attention!

Hornet fans wishing to attend the Bi-District game against the Wortham Bulldogs in Roysie City this Friday night can still get a seat on the third bus going to the game. Cost is \$15 a seat and there were 25 seats remaining as of Wednesday morning. The bus leaves at 5:15 p.m. Friday. Call 759-4677 for reservations or information.

## Notice!

Muenster ISD students will be dismissed at 2:30 p.m. on Friday, Nov. 16. Six weeks tests will be completed and students will have additional time to travel to the Bi-District football game in Roysie City.

## Our Oversight

The 1990 Muenster Hornets are the sixth MHS football squad to earn the honor of District Champions, not the fifth as reported in last week's Enterprise. The 1988 Hornets earned the District Championship, sharing the honor with Lindsay, whom they defeated 20-17 to take the #1 seed. Muenster finished the season 11-2, losing 19-14 to Valley View and the Regional Semi-Finals to Rotan 41-14. The Rotan team defeated Paducah 31-0 for the Area Championship.

The Hornets placed five on the First All-District Team and five on the Second, including Chris Klement, J. Shane Wimmer, Donnie Boydston, Bob Thornhill, Weldon Hermes, Mike Pagel, Eric Dankesreiter and Scot Vogel.

1988 was the year of Muenster's "Clean Sweep" of District Championships in all UIL sports and academics participated by the students.

## SH roundball tickets ready

Sacred Heart basketball season tickets will be available at the door Saturday evening. The price for the season ticket is one for \$20; two for \$30; and a family pass for \$40. The season pass is good for all Sacred Heart home basketball games.

## Hornet Fans!

All family and friends are invited to a Muenster Hornet Playoff Pep Rally on Friday, Nov. 16, at 2:10 p.m. in the Muenster Gym. This is the perfect opportunity for fans to show the MHS football players the support and spirit they deserve. The MHS cheerleaders will then decorate cars from 3 to 4 p.m. in front of the high school so that fans can show their enthusiasm all the way to the game. A caravan will form in the Muenster Hornet Football Field parking lot at 5:15 and leave at 5:30. Everyone is encouraged to participate.

**CONTEST RULES:**

1. Only one entry per person per week. Persons entering must be 12 years old or older.
2. This page of schedules, results, predictions, pictures and the contest itself is supported by the advertisers appearing here. Each ad contains a scheduled high school, college or pro game for Friday, Saturday or Sunday of the week of publication. Read each ad and circle the winner. Entries on forms other than this newspaper page will not be accepted.
3. In order to determine the prize winners in case of ties, you must predict the score for the tie-breaker game listed in the featured ad above.
4. Print your name, address and phone number clearly in the space provided.
5. Deliver the full contest entry to **The Muenster Enterprise BEFORE 5 p.m. FRIDAY**, the week of publication. Mailed entries will be accepted only if postmarked before **Friday, 5 p.m.** Address for mailing entries is P.O. Box 190, Muenster, Texas 76252. Entries received late because of postal delay will be counted for the grand prize, but will not be eligible for the weekly prize.
6. The featured ad is picked at random each week. It contains the tie-breaker listing and is one of the winner/loser picks. Winner will pick up their prizes at that business each week on or after Tuesday of that week.
7. To be the grand prize winner, a contestant must enter every week. Contest will continue as long as either Muenster team remains in play. Winner of the \$100.00 grand prize will be determined by the best winning percentage throughout the contest after the lowest score is thrown out.

# Lindsay ends season with 45-12 victory

The Lindsay Knights traveled to Saint Jo last Friday to end their 1990 football season. Lindsay was undefeated in pre-district competition with six straight wins before their first district match with Muenster. The next week, Era handed the Knights their second loss, followed by a beating from Collinsville. Their final game, last week, gave Lindsay a 7-3 season record. "It was a good way to close out the season," said Coach Pat Benton.

Ronnie Dieter led the Knights on the ground, scoring 2 times and rushing 170 yards in 11 attempts. Marty Neu followed with 8 carries for 65 yards with Pat Schully running for 44. Quarterback Scott Hermes threw the ball only 4 times, completing 2 for 37 yards. Lindsay defense was led by Pat Schully, David Parsons, Donnie Cox and Fred Hughes.

Saint Jo's leading rushers were Joe Raymond and Tim Hennessey with 58 and 41 yards, respectively. "The boys played real well," said the Lindsay coach. "It was a good, clean game."

Saint Jo, unable to move the ball after receiving the opening kick, punted to the Knights. Lindsay passed their first play with Patrick Corcoran making the completion for a 13-yard gain. Marty Neu picked up 12 on the next play with Pat Schully gaining 6, putting the ball on the 12-yard line. The fourth Knight play saw Neu go in for 6 points. S. Hermes kicked the extra point and Lindsay had a 7-0 lead with 9:29 on the clock.

The Knights again held the Panthers, taking over on downs. Scott Hermes and Schully picked up first downs, taking the ball inside the Panthers' 20. Saint Jo's defense held the Knights on their next attempt, but on 4th and 18, S. Hermes completed a pass to Corey Sandmann for a 24-yard gain to the 3-yard line. A 5-yard penalty, 6-yard loss and incomplete pass left Lindsay in a 4th and goal situation from the 10. S. Hermes attempted a field goal from the 27-yard line, unsuccessfully.

Saint Jo picked up a first down on their next drive, but was stopped when Tommy Huchton recovered a fumbled ball, giving the Knights possession on the Panthers' 35-yard line.

Lindsay moved to the 15-yard line where S. Hermes went into the end zone with 3:33 remaining in the first quarter. Hermes ran the PAT and Lindsay had a 15-0 lead.

The Panthers only got off two plays their next drive, the second a fumbled ball covered by Tommy Huchton. It took the Knights only 3 runs to score again. A 1-yard run by P. Schully was followed by a blocked PAT, giving the visitors a 21-0 lead.

Again, Saint Jo unsuccessfully made any yardage, and ended their attempt with an intercepted pass, picked off by Jimmy Denison. The next play Denison was given the honor, scoring on a 26-yard touchdown run. Corcoran's PAT missed and the score read 27-0 with 1:10 remaining in the quarter.

The Panthers played out the rest of the quarter, kicking the ball to Lindsay.

The Knights' drive was stopped when Hugh Hennessey covered a

fumbled ball for Saint Jo. Unable to gain 10 yards, the Panthers again punted to Lindsay.

Starting on their 28-yard line, carries by Ronnie Dieter and Jesse Barnes penetrated the ball to the 20. Dieter took it from there, scoring halfway into the second quarter. The PAT kick failed, making the score 33-0.

The Panthers' next drive, starting at their 32-yard line, used up over 4 1/2 minutes, earning 5 first downs. Runs by H. Hennessey, Joe Raymond, Shane Dunn and a pass from Dunn to Heath Johnson gave the Panthers a 1st and goal at the 1-yard line. On a quarterback keeper, Dunn went in for 6 points. The extra point run failed and, with 34 seconds remaining in the half, the scoreboard read 33-6.

The Knights' senior players returned to the field the second half carrying their shoulder pads. "We never played our first unit," said Coach Benton. The seniors played the first quarter, next year's squad played the next quarter, with the junior varsity unit seeing action the third quarter. "We spot played with the varsity the final period," said Benton.

Ball possession zigzagged between the two teams with Saint Jo taking control the majority of the quarter with 14 plays. The last play killed the Panthers' drive when Sandmann picked off a Saint Jo pass.

It took Lindsay two plays and 30 seconds to score again. A run by Dieter for 47 yards was topped by a 34-yard touchdown run by Neu. The PAT kick was blocked by Ryan Bruce, giving a 39-6 score.

Saint Jo again punted possession over to Lindsay, then held the Knights to four plays, forcing a punt.

Joe Raymond took the kick at the 10-yard line and returned it 90 yards for a Panther touchdown. The extra point run failed, leaving the scoreboard to read 39-12 with 7:40 remaining in the game.

The Knights soon returned the favor on their 3rd play of the next drive, when Dieter ran 60 yards for a score. The PAT kick was again blocked by Ryan Bruce, making the score 45-12.

The Panthers came up 1 yard short on their next drive, turning the ball over to the Knights. Lindsay was unsuccessful in gaining yardage, with their attempt stopped when James Daugherty covered a loose ball.

Good defense by Jason Benton and Jeff Pearson and two penalties on the Panthers left Saint Jo with a 4th and 36.

The Knights played out the remainder of the game for a 45-12 district win.

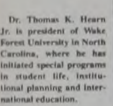

"I was proud of my seniors," said Coach Benton. "They played well all season and will be hard to replace." The Knights finished the district with a 1-3 record.

## AT ISSUE

### "No Pass, No Play" Policy for Student Athletes?

Dr. Thomas K. Hearn, Jr., in president of Wake Forest University in North Carolina, where he has initiated special programs in student life, institutional planning and international education.

**YES**

Should schools adopt a "no pass, no play" policy for athletes?

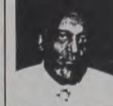

The answer is "yes," but it is a complex affirmative. Student athletes should be admitted to colleges only if they have an honest chance to succeed academically. Admitting athletes for their playing skills, keeping them academically eligible in easy courses, then sending them away uneducated is shameful exploitation of young people. It is also corruption of higher education at its core.

What effect would this have on the athletes and the schools?

It would ultimately have a positive effect where education begins: in primary and secondary schools. If high school athletes know they must meet a firm academic standard to be admitted to a college, the athletes will work to meet the standard. Younger students will see that only good students are chosen to play college ball. The key is to set the standard high but not beyond the reach of students from disadvantaged backgrounds. Current eligibility requirements are inadequate and too low.

How else can we promote academically competitive athletes?

Students must have time to live the student life. Research shows that student athletes spend unreasonable amounts of time on their sport, both in and out of season. Restrictions must be adopted to deal with every aspect of time demand. Also, I favor a special "bridge" year of academic preparation for underprepared students in a remedial setting. Students who do not want to attend college but must to qualify for a professional basketball or football career should have another choice. The professional leagues might develop minor league opportunities in football and basketball, unaffiliated with colleges, for such athletes. We cannot give college athletes non-student status. Proposals to pay players who are not students would destroy the tie of athletic programs to education. Professional minor leagues should not and cannot be operated by universities.

Larry Hawkin is president of the Institute for Athletics and Education. He also is director of the office of special programs at the University of Chicago.

**NO**

Should schools adopt a "no pass, no play" policy for athletes?

No! A school's sports program should be organized to enhance education for athletes and the students who watch them. Eligibility standards must be enabling, not prohibitive. At a time when students drop out of big city schools in large numbers, all school programs should reach out to students in any way possible. The sports program can reduce delinquent behavior, participation in gangs and drug use. This is especially important where students have little to do after school. The idea should be to bring students into the school, not send them away.

What effect would this have on the athletes and the schools?

Blind enforcement of a "no pass, no play" rule would hurt the individual student, his family, school and community. Conversely, a properly administered sports program acts as a bonding agent between school and student, particularly for at-risk youngsters. Further, both the coaches and the athletes are role models who can influence the total student body positively and bring parents and community organizations together to help the school carry out its educational mission. Research supports the fact that those in organized school activities, including athletics, are more likely to be successful in the classroom and to graduate.

How else can we promote academically competitive athletes?

We must begin at the elementary school level and create a cooperative academic/athletic process that moves the young person to high school and college. Teacher-coach educational support systems must be developed that include academic tutoring, test prep and counseling. Players who don't make the grade should be helped by mandatory tutorials during practice time to keep the student-coach relationship in place, rather than banned from the team. Keeping the students involved, although they are not playing is critical. This extra effort could result in young men and women graduating from high school and college, which is a contribution to the common good. **kl**

# 1990 UIL Council meeting

The issue about a central site for state football finals is dead. Again.

And the idea about adding dance and drill teams to the University Interscholastic League is on hold.

Improving sportsmanship was one of the council's primary goals. A coach now will be reprimanded publicly and placed on probation for a year if ejected for unsportsmanlike conduct, or if a football coach is given three 15-yard unsportsmanlike-conduct penalties in one game. In addition, schools now must designate an administrator to be in charge of each home game. Further, if a player is disqualified from a contest for unsportsmanlike conduct, the coach now must notify the superintendent within 24 hours or the next school day and the school must take appropriate action. "These things should help control conduct at games," said Bailey Marshall, UIL Director.

The UIL Legislative Council approved an amendment to subdivide Class A schools into basketball and spring meet districts based on enrollment. Schools with an average daily membership of up to 74 students would be placed in districts together, and schools with 75 to 139 would be placed in districts together. The district champions from the small and large Class A district would eventually meet in regional competition.

The Council voted to allow track and field meets to be held on a day other than Friday or Saturday if no school time is lost.

The Council moved to place on a referendum ballot an amendment that would allow a student who has successfully passed the General Education Development test to remain eligible for UIL activities; and also moved to place on a referendum ballot an amendment that would prohibit more than one year's participation in UIL athletic activities by a foreign exchange student.

# How to Draw in Buck Deer

For years, hunters have sought simple, inexpensive ways to lure in bucks. Millions of dollars are spent each season on deer calls, deer lures, deer baits and deer feed, and each promises to bring in more and bigger bucks. But what's the truth about buck lures? Can you bring big bucks into your gun sights this season?

"Large mature bucks must come from some place," Randall Rogers, a wildlife biologist and Director of Research at the Whitetail Institute of North America, said. "Either you must draw those deer out of thick cover on your property, attract them from where they live on neighboring properties or raise them yourself. No deer lure can entice a trophy buck to come into where the hunter is if no trophy bucks are living in the area."

Because most North American hunters prefer to harvest trophy deer, research has been undertaken to determine how to draw those big bucks out of thick cover during daylight hours as well as from outside the deer's home range and how to produce more bucks on the lands the sportsman hunts.

As Rogers explained, "Wildlife scientists have learned that deer will travel great distances to feed on a preferred food source. In some parts of the nation, the preferred food may be apples, acorns or agricultural crops. But often these preferred foods won't be very nutritious or available at the times of the year the deer need food the most. At the Whitetail Institute, we've been studying various foods to learn what deer prefer to eat that also is highly nutritious."

After years of research in cooperation with Auburn University in Auburn, Alabama, Imperial Whitetail Clover, a scientific blending of several perennial clovers, has been developed. This new clover blend, which is 30-percent protein, draws deer and aids in producing large body weights and developing heavy antlers.

Photo courtesy of Whitetail Institute

## Clover equals bigger bucks.

"By blending several varieties of clover, we also have been able to produce a clover that grows year-round and will regenerate itself for two years or more," Rogers reported. "Because climate and length of growing season vary throughout the nation, Imperial Whitetail Clover is specifically formulated for each geographical area of the country."

No magic potion or secret lure can make a trophy buck appear where no such animal lives. However, if you want to know the facts about how to have more trophy bucks to hunt on your land, call 1-800-688-3030 or write the Whitetail Institute of North America, Rt. 1, Box 3006, Pintlala, Alabama 36043.

# Contest percentages are D-O-W-N

As we complete the regular high school football season, we see another drop in overall percentages for the big bucks in our Pigskin Payoff. With 36 contestants still trying to win the season prizes, Henry Kessler takes the lead with a .704 overall percentage. Duane Haverkamp and Barbie Barnhill are tied for second with a .694 percentage. Neil Huchton and Mark Klement have a score of .690. Bob Ambrose, Edna Hermes and Mark Grewing follow with .685 with

Bonnie Stoffels and Terry Walterscheid close behind at .681.

In weekly competition, four entrants correctly guessed 18 games, with the tiebreaker picking the winners. Bonnie Stoffels finished first, with a 21-point spread, over Tim Felderhoff who had a 24-point difference. Nick Stoffels settled for a third place and Edna Hermes fourth with a tiebreaker difference of 31 and 35 points. Mark Grewing, Mike Stoffels and Mike Felderhoff each had 17 correct games.

All entries correctly picked Lindsay over Saint Jo, only one missed Dallas' and the Jets' losses with two wrongly picking the Rams over the Giants.

The most missed game was Gainesville's loss with only four making the right choice. Twenty-three were incorrect in the Abilene Christian win over West Texas State. Twenty-one picked Lubbock over Sacred Heart and the Irish of Notre Dame to lose. Eighteen picked Collinsville over Era.

In the tiebreaker, five contestants picked Muenster to be defeated by Liberty with Benny Haverkamp predicting the score to be 14-0.

The majority of this week's games are the first round of the high school playoffs. The contest will continue until both Muenster schools are finished with the season.

This week's winner picked up their cash prizes at Community Lumber Co., last week's tiebreaker sponsor.

## Operation Game Thief callers receive rewards

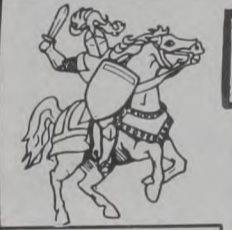

The 24-hour OGT hotline (1-800-792-GAME) received 495 calls the past six months, 48 of the calls resulting in 122 cases being filed against 84 violators, said Captain Wayne Chappell, OGT coordinator. Committee members authorized payment of \$1,800 for 13 callers who requested a reward (35 did not request a reward). The courts assessed \$15,936.40 in fines in those cases.

## New taste for Pinto beans

LUBBOCK - One fourth of the approximately 930 million pounds of pinto beans grown annually in the United States are sold south of Interstate 10.

Now, Texas producers are beginning to cash in on that staple of the increasingly popular Tex-Mex and barbecue cuisines.

Experts estimate that Texans wolf down about 150 million pounds of pintos a year.

This year, some 18,000 acres of pintos were grown in Texas, with about 90 percent in the High Plains. With yields averaging 1,500 pounds an acre, Texas is harvesting some 27 million pounds of pintos this fall.

That will make a lot of refried or barbecued beans, but it still is only about 16 percent of the demand in Texas alone, the Texas Department of Agriculture reports.

But in the last five years, in-

creasing demand and more attractive prices for the farmer have prompted increased interest and acreage. Sluggish markets in 1982-83 saw the price paid farmers drop as low as 9 cents a pound. For the past two years, however, the price to farmers has been about 31 cents a pound.

Beans are very susceptible to foliage diseases. With extended periods without significant rainfall, we can get the (bean) crop to mature and the pods to dry so they can be harvested without disease.

One advantage to farmers is the short time the crop is in the field, about 75 days. A farmer can finish out a cash crop in 75 to 80 days, from seeding to harvest, fitting that into a time slot between other crops. Pinto beans can be planted after wheat harvest in early summer for a second crop, and are harvested in time to plant winter wheat, for example.

## Perry: A commissioner for all the people

"Mainstream agriculture and consumers across Texas won a major victory with the election of Rick Perry as Agriculture Commissioner," said Texas Farm Bureau President S.M. True.

"When Rick Perry takes over the leadership at the Texas Department of Agriculture in January, he will be a commissioner for all the people of Texas," True said. "Texas agriculture will again prosper as we head toward the 21st century. We now have a commissioner who will work with farmers and ranchers for agriculture."

Perry, won the race with approximately a 46,000-vote margin over two-time incumbent Jim Hightower.

Perry has outlined a program for the agriculture department called the Five M's: More research; More value-added processing; More jobs; More exports; and More cooperation.

"Farmers and ranchers statewide can now rest assured that their interests will be represented to the highest degree in both Austin and Washington, D.C.," said True.

# County Agent's Report

by Craig Rosenbaum

As consumers, we may not give much thought to where our food comes from, other than the supermarket. But perhaps we should. Nov. 16-22 will be observed as National Farm-City Week.

This is an appropriate time to recognize achievements of the risk-takers of the nation's food and fiber crops.

Farmers, rural townspeople and city residents who work in some phase of agribusiness all help to make the nation's agricultural production system a big success.

This annual activity marks the seven days leading up to and including Thanksgiving Day and is

an observance to honor the country's greatest resource -- its people.

The income of about 23 million Americans -- roughly, about one job in every five -- depends on efficient production on farms and ranches.

This makes agriculture and agribusiness the nation's number one employer. Together, these people comprise the agribusiness complex, which reaches far beyond the farm gate to impact all consumers.

U.S. Department of Agriculture figures show that American consumers spend more than \$375 billion annually on foods produced by our nation's farms and ranches.

This money buys more than 400 million tons of fruits and vegetables, meat, poultry and dairy products a year. But only about one-fourth of this amount actually pays for the raw food product and represents the farmer's share of the food dollar.

About \$280 billion, or three-fourths of each food dollar, pays for having the food assembled, inspected, graded, stored, processed, packaged, transported, wholesaled and retailed. This is often termed the marketing share of the food dollar.

In Texas, farmers and ranchers in 1989 rounded up \$11.2 billion in agricultural receipts, up two percent from 1988.

This has kept Texas in second place nationally in cash receipts, behind California, which had farm receipts of about \$17.7 billion.

Farmers and ranchers often are at risk, however, and droughts or late freezes reduce yields. Last year, Texas producers saw a net income decline by two percent, from \$3.67 billion in 1988 to \$3.60 billion.

Texas continues to rank first among all states in sales of cattle and calves, sheep and wool, goats and mohair, cotton, farm acreage and values and number of farms and ranches.

Farm-City Week has been observed nationally for the past 36 years. More than 15,000 communities across the U.S. took part in the Farm-City Week observance last year.

**State Hay Show entries**  
by Craig Rosenbaum

The 1990 State Hay Show will be held Dec. 13 and 14 at the Civic Center in Gainesville. A large number of activities and educational programs will be conducted during the two-day event.

Farmers and ranchers interested in entering hay for the State Show should have those entries to the County Extension Office during the week of Nov. 19 through 23. Entries should consist of three flakes or beads from a standard bale or the equivalent from a large bale. All of these entries must be string tied.

They should be clearly labeled as to type of hay with the name, address, and county of the producer listed. These can be put in a cardboard box or plastic garbage sack and brought to the County Extension Office.

**Save now for college education**

by Sandra Avant  
**COLLEGE STATION** - Next to buying a house, a college education is the most expensive big-ticket item facing the average family.

Nancy Granovsky, a family economics specialist with the Texas Agricultural Extension Service, suggests that if you have a 10-year-old child, plan on saving roughly \$29,000 by 1998 to cover such costs as tuition, books and room and board.

This estimate assumes that you'll be paying half the costs, and that your child will be going

to a state university in Texas. By you'll need to save much more your child doesn't receive an scholarship, doesn't pay part of the college bill, or goes to a private school where tuitions usually run higher.

"That amounts to an annual savings goal of about \$2,200 per year, assuming you can get 6 percent on your money after taxes," Granovsky said.

If your child is 1 year old, you have 17 years to save, but college costs are expected to be even higher - roughly totaling \$54,000 for parents planning to pay half the expenses, she said.

"These figures, based on an estimated inflation rate of 7 percent for college costs, illustrate how important it is to start saving now," she said. "College costs of \$7,400 per year in 1990 will be \$16,700 per year by the year 2000."

Today, people use a combination of loans, savings and work study to pay for college, Granovsky said. Many parents pay educational costs out of their current income - some taking additional jobs.

Government bonds are one type of investment that guarantee complete safety. The United States Series EE Savings Bonds for College are good choices for financing education, she said. They can be tax-free and purchased at market-based rates. Interest rates for the bonds vary with the market rate, but go no lower than the market rate set at the time of purchase.

Stipulations for these bonds include:

-When you use EE bonds to pay for higher education and your taxable income is below \$60,000, bond income is tax free, but the federal tax break phases out at a joint income of \$90,000.

-They must be redeemed in a year the owner pays qualified educational expenses (tuition and fees, but not room and board).

-Interest is fully exempted only if the qualifying tuition and fees paid during the year are equal to, or more than, the redemption proceeds. Otherwise, exemption is proportional to the percentage value used for tuition and fees.

-Certain records must be kept for income tax purposes.

Other options for financing college education include zero-coupon securities, mutual funds, children's custodial accounts and insurance policies. However, there are risks and limitations involved, and a prudent investor should check with a professional who specializes in financial planning for college.

"Becoming better informed is part of the financial planning process for college education," Granovsky said. "Parents and students, especially those who think they can't afford college, need to know what financial aid is available and how to qualify for such options as loans, work-study programs and grants."

High school guidance counselors have a wealth of reference material on college programs and costs. Most public libraries keep current references on U.S. colleges and universities.

The saying that "education pays" is still true, Granovsky said. Figures from the U.S. Census Bureau show that what people earn is a direct reflection of their level of education.

In 1987, census figures indicated that high school graduates earned an average income of \$12,000, while college graduates earned \$22,400 and those with master's degrees earned \$30,600.
