NUMBER 34

The smashing two to one defeat of homosexuals in Dade County, Florida, a few weeks ago, when a crusade headed by Anita Bryant voted out an ordinance protecting their so-called rights, seems now to be only the victory of a single battle in a big and continuing war. The moral derelicts are still going strong as indicated by a demonstration march of some 12,000 to 20,000 of them on New York's Fifth Avenue, as well as the open support they are receiving from a number of politicians.

There must be some significance, for instance, in the fact that Senator Moynihan of New York, who formerly declined any connection with the homosexuals, has decided to openly court their vote. He has not only endorsed a federal civil rights bill for the gays but also added to his staff a Robert Livingston appointed to the New York Commission of Human Rights. It seems from this that another minority group is being recognized in this country and certain politicians will be actively seeking their vote.

This Livingston, one of the leaders of a gay-voter registration drive, told a New York magazine "We registered 1000 gays in three hours on Christopher Street the night after the gay rights ordinance was defeated in Dade County. . . . Politicians are going to have to start marching in the Gay Pride March just like they march in the St. Patrick's and Columbus Day parades."

What a depressing thought! What's to be said about national character when moral corruption demonstrates a "Gay Pride" and prominent people of government openly seek their favor and their votes?

Our first reaction to this is a challenge to come out and show their colors. We like to think that they will be rejected no less decisively than in Florida. There's even some satisfaction in thinking that Americans will make this the basic issue and strike down the gay candidates regardless of their stand on any other issue.

After all, we don't like the idea of entrusting our country's welfare and security to people with gutter morals. If that is the level of their integrity we fear what they could do to us as legislators. We fear also what they might do under pressure of blackmail, to which they would most certainly expose themselves.

The really important thought is that homosexuals openly violate the law of God. When they insist on living by their shabby standards and claiming them as a right, they are defying the eternal law, not just an arrangement worked out by the rest of society. The sinful ordinance which permitted the outrage was wrong in the first place.

It's disappointing to learn that a lot of people including some conservatives have a queer idea of human rights. They say that the vote in Dade County was a serious impingement on freedom guaranteed by the Constitution and the Bill of Rights. That view is hard to defend without great strain of the imagination. Flaunting immorality was never approved by the founding fathers and we doubt whether they today would read that kind of interpretation into the documents.

It is more likely that the very opposite is true. Far from protecting individual rights, the gay rights ordinance of Dade, which was repealed by 70 per cent of the voters, was a serious violation of the right of freedom of association. The ordinance mandated that employers, including private, religious schools, could not refuse to hire someone because he was a homosexual. Nor could an employer fire anyone for that reason, even if the faculty and parents believed that the way of life could not be sanctioned.

This was equivalent to saying that people who followed their conscience in opposing the gutter principles were violating personal liberty. Common sense says otherwise. The deviates do not and should not have a right to force themselves on other people.

August 19 Set as Registration Day At Public School

Muenster Public School, kindergarten through the twelfth grade, will have registration on Friday, August 19, and start classes on Thursday, August 25.

Superintendent L. B. Bruns announced that dates Friday along with the full calendar adopted last week Thursday by the school board. He also stated that 180 class days plus 10 in service days for teachers are scheduled in three quarters. The last day of school as well as graduation day will be May 25 followed by an in-service day for teachers on the 26th. Eighteen holidays are listed. That will be one for Labor Day, two for Thanksgiving, ten for Christmas and five for Easter. The two more than usual for Easter provide a cushion for make-up days in case of bad weather. The Friday before and the Tuesday after will be regular class days if needed to complete the schedule of 180 class days.

The 60 day quarters are scheduled to end November 17, February 23 and May 25.

The calendar starts with five in-service days . . . the first being Thursday, the day before registration, and next is registration day, then Monday, Tuesday and Wednesday preceding the first class day. Other in-service days are November 17, January 2, February 24, March 17, and May 26. Each in-service day will be a holiday for students.

Baseball Champs To Play All-Stars

As usual, the remaining teams of Muenster's two summer baseball leagues are ganging up on the champions. As a result Dairy Inn and Endres are being challenged by all star selections from other teams of their loops.

The showdown is scheduled for next Monday night. Dairy Inn will play first, starting at 6:30, and Endres will follow.

Four SH Students Attend Baylor U Debate Workshop

Four members of Sacred Heart School Debate Squad returned from the first session of the Baylor Debate Workshop on July 1 full of enthusiasm and plans for the 1977-78 season. Gary Henschel, Bert Miller, Mel Walterscheid, Mark Nasche spent two weeks, along with students from 30 states, researching and developing plans and strategy on the topic "Resolved That the Federal Government Should Guarantee Comprehensive Medical Care for All Citizens in the U.S." Since debaters must argue both sides of the topic, a number of negative plans are developed along with a strong affirmative case.

Six other members of the squad will be attending the second session of the workshop beginning on July 30. These will include Christy Felderhoff, Cindy Sangster, Mary Margaret Rohmer, Cheryl Luke, Kathy Koch and Nancy Luke. By splitting the attendance the group hopes to take advantage of both the enthusiasm of the first session and research development over the summer which will be incorporated in the second session. Both workshops will include both standard and cross examination debate.

With this added experience Sacred Heart Speech and Drama members are looking forward to another successful year.

Grocery baskets have been placed in all grocery stores for the convenience of friends who wish to gift the Benedictine Sisters with supplies and staples of all kinds. Items will be delivered as they accumulate.

It's Dry. But Heat Remains Under 100

Regardless of how hot the weather seems to be lately it still has not reached 100 degrees at Muenster, according to the official reading on Steve Moster's high-low thermometer.

The highest recorded to date in July was 99 on Tuesday the 12th. Also there have been five days of 98 degrees, three days of 97, and one each of 96, 95 and 91. Nights have been pleasant, with lows ranging from 71 to 76.

Meanwhile the community has been by-passed by showers, which favored many other areas of North Texas. Nice soakers fell during the week on all sides of Muenster but not here. Moisture reading for the month still stands at zero, and the last recorded here was 3.85 on June 27.

Total for June was 4.15 and the year's total is 20.10, which is slightly above normal.

Viet Native Dies In Car Accident

Tri Ngoc Phan, 27, a South Vietnamese refugee who came to Muenster after the Vietnam War ended in 1975, was the victim of a one-car accident Sunday night about 8:35 on Highway 82 in Lindsay. He was pronounced dead at the scene by County Judge Greg Underwood.

As related by State Trooper Ivy Dudley, the accident apparently was caused by a blowout of the left front tire of the man's Mazda sedan. The car, headed west, crossed the highway median and tumbled over coming to rest on its roof on the eastbound traffic lane just west of the Dutchman Restaurant.

Phan was born July 2, 1950 in Rach Gia, Vietnam, a son of Mr. and Mrs. Sun Van Phan. He is survived by his father, six brothers and one sister. His home was at 410 Pecan St., Muenster, and he was employed in a Nocona boot factory. He was a Buddhist.

The deposit figure represents a gain of \$1,977,627.53 for the past year and also a gain of \$433,975.79 for the past quarter.

Likewise increases of loans are noted for both the year and the quarter. The gain since June 30, 1976, is \$148,915.75 however the gain for the quarter is \$286,533.32. The same applies to the three other county banks individually and to the total of all the county banks. Total deposits were up almost \$10 million and loans were up almost \$11 million since a year ago.

Total deposits of all four banks were \$78,521,519.71 and total loans were \$49,674,126.58. The figures on June 30, 1976 were \$68,982,373.93 and \$38,698,702.45.

Building Program at Public School Starts

Muenster Public School's expansion program, which has been delayed a month while awaiting the State's clearance of the bond issue, finally got off dead center Wednesday when the school board received its money from sale of the bonds.

With that obstacle cleared, work started Thursday morning on remodeling the elementary building and constructing a kindergarten building.

Jack Owens of Gainesville is contractor of the two jobs and Henry Kuhn of Lindsay is his superintendent. Those two jobs have the priority rating in the school district's comprehensive \$490,000 program. Work started in the elementary building, where interior walls are being changed to enlarge classrooms of grades 4, 5 and 6. The goal is to finish that job before classes start on August 25. Meanwhile work will begin soon on the kindergarten, hopefully to be finished in time for use about January 1.

Until then kindergarten classes will continue on the morning and afternoon schedule using the same classroom. When space is available the two classes will change to all-day sessions in separate rooms. Other improvising will be necessary to accommodate other classes until the buildings are ready.

Besides interior work the present elementary building will be faced with brick to match the kindergarten building. Color of the bricks will match that of other buildings. Also a part of the over-all project, but less urgent, is an improvement job at the home ec department and repair of roof, flashing and exterior of the original building. Specifications are being drawn up now and will be available to prospective contractors as soon as finished.

Likewise in progress now is survey work preparatory to buying additional campus space north of the present property. The enlarged area will be used later to relocate the football field and grandstands plus track, parking lot and related facilities.

Another improvement in the program is an administration building. . . . provided funds will reach that far.

Annual Red Cross Swim Class Has Enrollment of 235

The community's annual free swimming classes sponsored by the Cooke County Red Cross chapter and directed by Mrs. Jeannine Flusche, are in full swing.

Total enrollment up to now is 235, of which 138 are attending classes this week. The remaining 97 are booked for next week but the number is expected to grow before the second half of the course gets under way next Monday. Mrs. Flusche said that new students are welcome up to class time. She especially referred to adults, stating that the 9 a.m. period is reserved for them and no children will be there to disturb them. The 10 and 11 o'clock classes will be for youngsters.

The instruction schedule this week divides the 138 into three periods at 9, 10 and 11 o'clock, which averages 46 to a class. With a staff of 29 teachers, they have an excellent teacher-student ratio assuring a maximum of individual instruction.

Pupils receive five hours of teaching after which certificates and pins are awarded to beginners, advanced beginners and intermediates who pass their course. Certificates and swim suit patches are awarded to the swimmers.

The swim school faculty consists of 31 persons headed by Jeannine Flusche as director. Others with a WSI (Water Safety Instructor) rating are Jo Ann Pagel, Jerry Eckart, Carolyn Bayer, Marilyn Smith, Jane Taylor, Carol Henschel and Connie Flusche.

Their assistants, who have passed Red Cross life saving classes, are Sharon Walterscheid, Monica Hess, Janell Hellman, Curtis Henschel, Brad Henschel, Evelyn Hennigan, Toot Sandmann, Sandy Dittfurth, Chuck Fette, Mary Luke, Julia Bright, Lou Dyer, Robert Weinzapfel, Karen Koch, Kathy Koch, Carolyn Koch, Barbie Wimmer, Brenda Wimmer, Cheryl Luke and Susie Felderhoff. Records are kept by Rita Russell and Margie Wimmer.

The SHH Drill Team will sponsor a Car Wash, Saturday, July 16, 9 a.m. 3 p.m. on the paved area between the grade and high schools. For pick-up and delivery call 759-2537.

Linda Miller, Jack Flusche United in 2 Ring Ceremony

Miss Linda Miller became the bride of Jack Flusche during a Nuptial Mass in Sacred Heart Church in the late afternoon of Saturday, July 9. Father Leon Flusche, the groom's cousin and pastor of St. Ann's Church of Burleson celebrated the Mass and directed their vows.

Parents of the couple are Mr. and Mrs. W. J. Miller and Mr. and Mrs. J. P. Flusche.

The bride was presented in marriage by her father, before an altar decorated with arrangements of yellow gladioli. The entrance to the sanctuary was marked by tall floor candelabra with candles in hurricane lamps, with entwined greenery and yellow

ribbon and tied with yellow bows. A special altar banner was made by the bride's friend, Barbie Hess.

For her wedding, the bride chose a formal gown of white organza and Cluny lace. The bodice featured a sheer V shaped yoke outlined with lace forming an epaulet effect, and a high standing ruffled collar. The bishop sleeves were cuffed with lace and finished with a soft ruffle. The A line skirt which fell from a raised waistline, was banded with rows of lace and edged with a billowy flounce that continued on to the chapel length train. Her headpiece was a caplet of matching lace from which a lace-trimmed illusion veil fell softly around her shoulders giving a look of elegance.

The bride also carried a handkerchief made by her late maternal grandmother, Mrs. John Walter. For sentiment she wore her mother's wedding band on her right hand and for tradition she had a blue garter.

Her wedding flowers were a colonial cluster of golden wave roses, stephanotis, feathered white carnations and gypsophila. Her grandmother's handkerchief was incorporated into the bouquet which was tied with streamers with lovers knots. The bride also carried a rosary made by her godmother, Mrs. Andy Hofbauer. The rosary beads were made of rose petals and still retained the rose fragrance.

Attendants

Attending the bride as maid of honor was her friend Lynda Klement of Sherman and, as matron-of-honor, the groom's sister, Mrs. Tom Trachta of Killeen and the bride's cousin Cheryl Bayer of Grapevine as bridesmaid. They wore identically designed dresses of shaded gold, made of semi-sheer floral print over yellow, fashioned in a high-waisted style with a fitted, pin tucked bodice, high shaped neckline, three-quarter length, full gathered sleeves and a slightly gathered, gored and flared skirt. Their flowers were nosegays of white daisies, white

carnations and gypsophila centered with a yellow rose.

The best man was Bobby Hermes, groom's nephew and groomsmen were Alan Miller, bride's brother and Hank Trachta, a friend from Denton.

Ushering guests were Robert Miller, Terry Miller, Harold Flusche and Tom Flusche, brothers of the couple.

Mass servers were Mark Miller, the bride's brother and Derrell Swirczynski, and Mark also gave the Readings for the Mass. Laura Flusche and Billy Martin, niece and nephew of the groom brought the Mass gifts to the couple, presentation on the altar. Julie Miller, niece of the bride, presented a yellow rose for the Blessed Virgin's altar.

Wedding music was provided by a vocal group, Laura Kralicke, Gayle Miller, Mary Hess, and Doug Yosten with organ and guitar accompaniment. Two solos by Doug Yosten included "And I Love You So" and "Prayer of St. Francis". The group sang "Turn, Turn, Turn", "We've Only Just Begun", "I'm in Love with My God" and "Wedding Blessing". The music to "Wedding Blessing" was written by Laura Kralicke and Gayle Miller.

Reception

A reception with dinner and dancing following in the Sacred Heart Community Center. At the guest book were Mrs. Janet Hermes and Barbie Hess.

hosted by Mmes. Robert Miller, Alan Miller, Terry Miller, Paul Endres and Miss Lynda Klement.

Among out-of-town relatives and friends attending the wedding were Mr. and Mrs. Stan Yosten, Mr. and Mrs. Paul Yosten and Paulette, Mr. and Mrs. Jim Yosten, Mike Yosten, Joel Yosten and Melinda, Gregory all of Fort Worth; Mr. and Mrs. Terry Miller, Mr. and Mrs. Don Glover and family all of Dallas; Mr. and Mrs. Randy Bayer and family, Cheryl

Bayer and Glynn Caldwell all of Grapevine; Mr. and Mrs. John O'Dowd and family of Shreveport, La. Dan O'Dowd, Mr. and Mrs. Bill Karr of Houston.

To hold this down...

(your electric bill)

turn this up...

(your thermostat)

Many thousands of Texas Power & Light customers enjoy the comfort of air conditioning in their homes and for most it is the biggest factor in their electric bills during the summer months.

If your home is air-conditioned, you can hold down your electric bill by turning up your thermostat. On whole-house systems, set the thermostat on 78° or higher. On window units, adjust the cooling control to maintain a room temperature in the upper seventies. Turn the air conditioner off if you're going to be away from home for several days or longer.

Check filters every 30 days. Replace dirty disposable-type filters; clean permanent-type by manufacturer's directions. Keep furniture and draperies away from air outlets and returns; clean grills often. Close draperies and blinds to keep out direct sunlight. Keep fireplace damper closed.

Replace worn or missing weatherstripping and caulking around windows and doors. Ask an insulation dealer or a TP&L Service Representative to help you make certain your home is adequately insulated.

**Grandchildren Visit
The John Mosmans**

The John Mosman home has been busy with visiting and entertaining during the past several weeks. Mr. and Mrs. Mosman's grandchildren, Bobby, Norann and Tommy Edwards spent two weeks of an extended vacation here and returned last Thursday by plane to their home in Mojave, California. While here, they enjoyed swimming, fishing and seeing other relatives, but the highlight of their visit it was seeing the Rangers Baseball game in Arlington Wednesday evening.

Before coming to Muenster, the three young people visited in Wheeling, West Virginia with former classmates and in St. Louis with an uncle and aunt, Mr. and Mrs. Bill Hopfer.

While in Muenster, they were joined by Father Jerry Mosman who spent a week of his vacation with his parents. And Tom Moman of San Angelo flew in to see his niece and nephew over the weekend.

And Carol and Bill Hopfer visited over the July 4 holiday with his parents, the Joe Hopfers in Gainesville and her parents, the John Mosmans.

A few days later, Mrs. Joe Isdale, and her two children of Houston came for a Friday and Saturday visit. Mrs. Isdale is a daughter of the late Mr. and Mrs. Andy Anderson, brother-in-law and sister of Mrs. Mosman. The Isdales also visited other relatives, the Milton Gossetts in Gainesville and Mrs. Agnes Seyler, Sister Mary John and Mrs. Odellia Lutkenhaus.

Birthday Party

Honorees for the July birthday party at Hillcrest Manor were Eloise Bell Katie Hacker and Barney Barnett. The Cross Timbers Band entertained. Joe Knabe took advantage of the music and "danced up a storm", to the delight of the other residents. Birthday cake, coffee and punch were served to honorees, residents, band members and guests.

Kathy Kuta on Dean's List
Kathy Kuta, daughter of Mr. and Mrs. Mark Kuta of Shawnee, Kansas, and a student at the University of Oklahoma at Norman is on the Dean's Honor Roll at the University. A pre-law student, she plans to enter law school after completing college in May of 1978. She is a grand-daughter of the late Mr. and Mrs. George Spaeth of Lindsay. Her mother is the former Tina Mae Spaeth of Lindsay. Kathy's parents were notified recently of the scholastic honor.

Motorists may waste more than \$100 million in tire wear this summer unless they pay more attention to proper inflation. Underinflated tires also waste gasoline because they use more energy.

**Local News
BRIEFS**

Ladies helping with the game party at Hillcrest Manor last week were Mrs. Felix Yosten, Mrs. Leo Henscheid and Mrs. Ray Hess.

Miss Linda Fisher of Dallas spent Monday with her parents, Mr. and Mr. Paul Fisher.

Spending last week Thursday in Fort Worth visiting Mrs. C. D. McClaffin were her brother and sister-in-law, Mr. and Mrs. Ed Cler and her cousins Lu Vogel, Rosie Walterscheid of Muenster and Sister Aloysia Kleiss of Holy Angels Convent, Jonesboro, Arkansas who was vacationing with relatives here.

Lu Vogel, Mrs. Wilfred Walterscheid, Mrs. Al Yosten and Ceclia Huchton were hostesses for the weekly game party at Hillcrest Manor Wednesday afternoon.

A breath of free air is the cheapest service you can give a tire. Proper air pressure reduces tread wear, increases gasoline mileage and provides optimum traction and braking, easier steering and better cornering. Just once we'd like to see a waiter courageous enough to place the check on the table face up.

Independent shopping survey, week of June 6, shows that the price above was an average price for the Ford LTD Model at one third of all Ford Dealers in the Fort Worth area. Some were higher, some lower. See your Ford dealer for his price and terms. Title and taxes not included.

**2. Independent owners did
the comparing**

**63% of those who tested a Ford LTD
and a Chevy Impala chose the LTD**

In a recent independent test 50 Ford and 50 Chevy owners selected at random in the Los Angeles area rated both Ford LTD and Impala for:

- ... Overall styling
- ... Interior and exterior features
- ... Roominess
- ... Trunk space
- ... Parking
- ... Driving under city, freeway and residential conditions

There were 55 separate tests in total. At the conclusion of these tests, all were asked if they had to choose, which of those cars they would be more likely to buy. The answer? 63% or nearly two out of three chose a Ford LTD.

So if you're in the habit of buying an Impala without comparing, kick the habit and compare. Because this year there are surprising differences between Ford LTD and Impala.

**ENERGY MANAGEMENT
IS A
FAMILY AFFAIR**

ATTIC VENTILATION - is extremely important in the summer months. Attic temperatures may climb as high as 150°. Super heated attic air penetrating downward may cause your air conditioning system to work overtime. A properly operating attic ventilator can reduce the living area temperature by 10% or reduce the air conditioning load significantly, thereby, creating a savings in energy dollars and living comfort.

Arts and Crafts Division Added to Cooke County Fair

Responding to many requests, an arts and crafts division was added to the Cooke County Fair this year. Nearly any worthwhile art or craft may be entered.

Specific arts listed in the fair catalogue include china painting, oil painting, charcoal painting, watercolor painting, acrylic painting, quilting, decoupage, woodcarving, leathercraft, holiday decorations, weaving and bread dough art. Two categories previously separate in the fair are now included in the arts and crafts division. They are ceramics and macrame.

A person may have three entries in any category, for instance a wall hanger, a plant hanger and a belt in macrame.

Arts and crafts entries should be brought to the Home Demonstration building at Fair Park at the same time other entries are brought in the women's and girls division. That is between 8 and 10 a.m. on Monday, August 15. No entries will be accepted after that time. Whoever cannot bring items then should arrange to have them entered by a friend or neighbor. Items entered, along with prize money and ribbons, may be picked up between 6 and 7 p.m. on Saturday, August 20.

Additional prize money has been allotted for the arts and crafts division, making a total of \$1,000 for the women's and girls' divisions. Cash awards will be made on a point basis according to ribbons received.

Further information about this new division is available from Evelyn Yeatts, advisor of the women's and girls' division, at the County Extension Office, 665-4931.

Janet Sandmann and James Ballard United in Double Ring Ceremony

Airman and Mrs. James W. Ballard Jr. are on a wedding trip to East Texas enroute to their new home in Kingsville, where the groom is stationed with the Navy as a Class A structural mechanic.

The bride is the former Miss Janet Sandmann, daughter of Mr. and Mrs. Henry J. Sandmann of Valley View and the groom is the son of Mr. and Mrs. James Ballard, Sr., of Gainesville.

Father Anthony Gajda of Valley View celebrated the Nuptial Mass and double ring ceremony in St. John's Church.

The bride was presented for marriage by her father, before an altar decorated with baskets of blue carnations and gladioli. Blue bows marked seats for close family members.

The bride was wearing a dacron polyester and organza gown designed with an Empire bodice, scoop neckline and long sheer bishop sleeves. Chantilly lace appliques were scattered on the dress, and wide Chantilly lace accented the front of the skirt which swept into a chapel length train, both edged with lace and crystal pleating.

The bridal veil was chapel length, with an elbow length tier, both edged with scalloped Alencon lace, and flowing from a pearl encrusted Juliet cap. Her flowers were carried in a cascade of blue carnations, white roses, stephanotis and gypsophila.

The bride also wore a ruby necklace belonging to her late grandmother, Mrs. George Lutkenhaus and carried a rosary given by her god-mother, Mrs. Irene Wilson. Traditionally, she also had a blue garter.

Attendants

Attending the bride were a friend, Tawni Vowell of Valley View as maid-of-honor, the bride's sister, Mrs. Laquita Neu, of Gainesville as bridesmatron and a cousin Carol Ann Sicking of Muenster as bridesmaid. They wore full length dresses of dacron crepe, with Blue Twinkle nylon overlay, with bell

sleeves and double circular ruffles extending from a U neckline across the shoulder and back neckline. The skirt was edged in front with a deep circular ruffle that cascaded in back to form a bustle, held by a Blue Twinkle rose. A matching rose accented the neckline. The dresses were made by the bride's mother. The bride's attendants each carried a single, long stemmed blue carnation. The flower girl, Lea Ann Neu of Gainesville, bride's niece was identically dressed and she carried a basket of flowers.

Chris Ballard, groom's brother of Gainesville was ring bearer.

The best man was Jerry Barthold, groom's friend and groomsmen were Kevin Case, also a friend and both of Gainesville, and Carl Sandmann, bride's brother of Valley View. Ushers were Gary Sandmann of Valley View, bride's brother and Mike Coffman, of Gainesville, a friend of the couple. Mass servers were Lorne Neu of Gainesville and Dave Kubicek of Era, nephew and cousin of the bride.

Wedding music was given by vocalists Patsy Henry of Gainesville and Kevin Sandmann of Irving with organ accompaniment by Mrs. Henry. Vocal selections were "Wedding Song", "Let It Be", "Annie's Song" and "My Cup Runneth Over". Organ selections were "Wedding March" and "Bring Flowers of the Rarest".

Reception

A reception, with dinner and dancing, followed in the Knights of Columbus Hall in Gainesville. Lisa Clifton registered 275 guests in the bride's book. The wedding cake was made by the bride's sister Mrs. Leon Neu (Laquita) and served by Doris Muller. Guests attended from Houston, Dallas,

Oklahoma City, Irving and the Cooke County area. For the wedding and reception, the bride's mother wore a light blue formal gown and the groom's mother wore an aqua blue formal.

When the couple left on their wedding trip, the bride was wearing a white two piece dress with blue trim.

She is a 1976 graduate of Valley View High School and has attended TWU in Denton for one year. The groom is a 1975 graduate of Gainesville High and is stationed with the Navy in Kingsville.

The rehearsal dinner and two showers were included with pre-nuptial parties. On June 15 a group of friends gifted the bride with a shower in the Lynn Vowell home in Valley View and on June 27 relatives attended a shower in the Parish Hall.

Among out of town relatives and friends at the wedding were the groom's grandparents, Mr. and Mrs. Ballard of Marshall accompanied by a sister of James Ballard, Sr., from Houston; also great-uncles-and-aunts, Mr. and Mrs. Bill Loeffelholz of Midwest City, Okla., Mr. and Mrs. John Loeffelholz of Yukon, Okla., Charlie Loeffelholz and Edwina Detlet and Mr. and Mrs. Al Poetry all of Oklahoma City, Okla.

YOU CAN BANK ON IT!

One of the most economical bookkeeping systems around is also one of the easiest to find. Your checking account. Most people don't think of the checking account as a system for keeping books, but in many ways that's what it works out to be.

Here at the bank we provide cancelled receipts along with a record of your income and expenses. All this is included in a monthly report... summarized for your further convenience and at a nominal charge (the national average is less than six dollars a month... most of our customers pay less than half as much).

In order for an accountant to provide the same service you would have to reimburse him (or her) for the time spent on the accounts and most probably you'd have to pick up and deliver your own records.

Chances are good that one of the best items in your budget is the very thing you use to do your budgeting... your checking account.

We're glad to help.

The chapel length bridal veil of English silk illusion was encircled with matching lace and was caught to a Juliet caplet stitched with narrow rows of lace. The bridal bouquet was of white stephanotis, pink sweet-heart roses and baby's breath tied with a shower of streamers in the bride's chosen colors, pink, lavender, yellow and blue. Softballers Win Third in Tourney

All stars of the local junior softball league did a great job at Bowie's Little League Tournament last week and returned home with third place honor. For that each of the 12 team members was awarded a third place trophy.

In addition Sandy Wimmer, daughter of the Charlie Wimmers, was selected on the all tournament team and received a special all-star trophy. She did most of the pitching for the Muenster team.

Age requirement for participation was 11 and 12 years. It was double elimination tournament, in which a team remains in competition until its second defeat. The record of the Muenster kids was 3 wins out of 5.

The girls' prospects looked bleak in the first game when they were clobbered 18-4 by Bowie 1. However they made a strong comeback in the second by rolling over Bridgeport 15-9.

Next they took a hot one 6-4 from the Bowie 2 team, then, in the big upset of the tourney, they beat the Wichita Falls Bombers 6-4.

That advanced them to the champ semifinal with Lake Worth, the game which could have advanced them to the final. In it they made a disastrous start ending the first inning at the unhappy end of an 11-1 count. From there on they were back in fine form and broke even the rest of the way. Final score was 13-3.

Nevertheless the girls and their coaches felt proud of a fine achievement, which was especially good in view of the stout competition. Their opponents were the cream of the crop in much larger cities with excellent softball programs.

Team members were Sandy Wimmer, Laura Grewing, Renee Wimmer, Connie Stoffels, Ginnie Fisher, Stephanie Richey, Puppet Stoffels, Missy Stoffels, Ann Felderhoff, Kyla Hale, Ginger Fleitman and Nancy Walterscheid. Their coaches are Peggy Grewing and Sheila Grewing.

The story is less satisfying, however, for Muenster's 13 and 14 year olds playing in the Ponyette division of the tournament. In their opener they were crushed 15-0, but pulled themselves together in the second and gave Bowie a big scare before taking an 8-7 loss in a real thriller.

For that effort also the local girls and coaches are proud. Their second game was a good show against a good team, and they played under a handicap besides. They had to get along without their regular pitcher, Elaine Grewing, who broke an ankle in practice a few days before the tournament.

Girls who played were Jill Walterscheid, Tammy Henschel, Colleen Fette, Judy Dittfurth, Carla Walterscheid, Charlotte Fleitman, Donna Hess, Jenny Felderhoff, Susie Felderhoff and Leslie Reiter. Their coaches are Sandy Dittfurth and Peggy Walter.

Surprise Honors Visiting Sisters

Two sisters who were visiting here from out of the State, were honored on their birthday by their Muenster sisters. A surprise party on July 8 observed the actual birthday of Mr. Charles Everette, the former Sylvia Walter, of Olney, Illinois and the July 29 birthday of Mrs. John O'Dowd, the former Genie Walter, of Shreveport, Louisiana.

The noon luncheon was held in the home of Mrs. Paul Endres. Attending were six sisters, Mrs. Frank Bayer, Mr. Andy Hofbauer, Mrs. Charles Everette, Mrs. Paul Endres, Mrs. John O'Dowd and Mrs. W. J. Miller.

About 4:30 in the afternoon, a group of small grandchildren and nieces and nephews arrived for a surprise visit with gifts and the birthday song.

The O'Dowd family returned to their home Sunday and Mrs. Everette will depart from D-FW Saturday. Mrs. Hofbauer and Mrs. Everette visited the Joe Walters of Gainesville one evening this week and viewed films of a trip to Germany.
