## Germanfest Financial Report

Jack Murdock, Treasurer, Board of Directors

"The people of Muenster throw the best party in the world!" That's a comment frequently heard from visitors to Germanfest. We all know that it takes a tremendous effort on the part of everyone in the community to make the annual event a success. When I participated in my first Germanfest, as a newcomer to the community, I was astonished at the way everyone pitched in to make the event succeed. Several years ago, there was a lot of rain just prior to Germanfest and I thought that surely it would be impossible to stage the event. Seemingly out of nowhere people appeared with gravel trucks, backhoes, bales of hay and lots of labor late into the night. When the visitors came they found a park in good condition and it was as if the rains had never occurred. Time and time again a crucial problem is solved at the last minute by expert help stepping forward to meet the need. Everyone realizes that the Germanfest visitors bring a lot of cash to the Muenster economy. The food vendors and shop owners enjoy a brief burst of good income from our out-of-town guests. Just as important, the service organizations of Muenster obtain the funds that will be used to help the community throughout the year. Boy Scouts, Jaycees, Kiwanis, Bluebonnets, K.C.s and a host of other organizations obtain the funds that will provide scholarships, health care for the needy, community recreational facilities and support for numerous services in our community throughout the coming year. Everyone works hard, the entire community benefits, and our visitors have a good time.

Germanfest generates a lot of money. We took in over \$74,000.00 at the gate this year. Concessions, including vendors, the bicycle rally and the fun run contributed over \$19,000.00 from their gross income to the Chamber of Commerce on a percentage basis. Income from beer sales was over \$24,000.00 to the Chamber of Commerce as a portion of the profit the Jaycees made from these sales. The Arts and Crafts people's percentage of contribution amounted to \$3,400.00. We also received donations to help with expenses in the amount of \$6,500.00. The gross income to the Muenster Chamber of Commerce from all sources was \$128,311.68. I was puzzled by that figure. At \$4.00 per ticket, it appears that we had a little less than 19,000 paying guests. We know there were a lot more people here than 19,000. After investigation, it was clear that "free" tickets for workers (the entire community of Muenster it seems), bike riders, runners, and media make up a dramatically large portion of our visitors from whom we do not receive direct income. However, through event entrance fees and purchase of food, beverage and souvenirs they do contribute a significant hidden income.

It takes a lot of money to operate Germanfest. This year it cost \$81,000.00 to stage the event. Advertising in the media and brochures cost over \$12,500.00. That does not include all the advertising done for Germanfest, at no charge to us, by the local beer distributors. Their advertising on our behalf is worth thousands of dollars. Entertainment is our largest expense and one of the major "draws" for the crowds of visitors. It cost over \$18,500.00 to provide the many hours of different kinds of music to appeal to all different tastes. Another expense was \$4,484.00 to the good ladies of the Hospital Auxiliary for working at the gate. That expense helps our hospital and stays in the community. For many years, those funds went to a Gainesville civic group. We are grateful for the ladies' help and pleased that those funds remain in our community.

The City of Muenster received \$3,737.00 from our gate receipts for use of the park. Security, essential to such an operation, cost almost \$7,000.00. An even more important service expense was sanitation. It cost almost \$6,000.00 to provide toilets, keep them pumped out, and to keep the trash picked up. Insurance to protect from possible lawsuits and to protect individuals, both guests and workers, cost over \$5,500.00. Other significant expenses included over \$3,000.00 for contract labor, nearly \$3,000.00 for electrical work, and nearly \$1,300.00 for emergency medical service standby. Another major cost was over \$7,000.00 for rentals, especially the tents. There were a variety of other costs for such things as postage, telephone/paging equipment, supplies, park beautification and, of course, liquor license.

The total cost to operate the 1993 Germanfest was \$80,929.90. Like everything else, the cost to do business seems to increase each year. Last year, we spent \$75,000.00. In 1991, it cost \$71,500.00 to operate Germanfest and the 1990 cost was \$70,000.00. At the same time, the surplus (since Germanfest is sponsored by the non-profit Chamber of Commerce, we do not have a profit) has increased with increased expenditures. In 1990, we had \$30,000.00 surplus, 1991 saw \$40,000.00 surplus, and 1992 realized \$48,000.00 surplus. This year's Germanfest had a different result. While expenses were up \$6,000.00 over last year (\$81,000.00 in 1993 compared with \$75,000.00 in 1992), the surplus was less this year than last. The Muenster Chamber of Commerce realized a surplus of \$47,382.68, down almost a thousand dollars from last year.

Most people would say that \$47,000.00 is still a pretty good amount of money and might wonder what the Chamber of Commerce does with all that money.

The proposed budget to operate the Chamber of Commerce office for 1993-94 is \$55,000.00, excluding the cost of funding Germanfest. Excluding modest salaries cost, the major expense is advertising, promotion, brochures and billboards which is budgeted at \$16,000.00. The banquet costs at least \$2,500.00 each year. Rent, utilities, telephone, postage, supplies and sales tax and fees costs an additional \$17,000.00. Insurance, repairs/maintenance and miscellaneous cost incur another \$2,400.00. In addition, the Chamber of Commerce has a commitment for park beautification, antique street light fund, and tourism costs in the amount of \$3,500.00. We also have budgeted \$8,000.00 for Oktoberfest and Christkindlmarkt.

I think it's pretty obvious that our projected budget far exceeds our income. Obviously, the Chamber of Commerce is not going to be able to afford the high level of advertising and promotion that we wanted to achieve and that \$47,387.68 is not nearly enough to cover projects and expenses. Income from membership dues doesn't do much more than cover the costs of the annual banquet.

Another major concern is the impact that a "rain out" would have. Obviously, many of the expenses of Germanfest are "up front" costs. Contracts for tents, toilets, entertainers, brochures, licenses, insurance, etc. must be paid even if the event is rained out. Several years ago, we began trying to put aside some of the surplus into a "rain out fund" to carry us through such a disaster. To date, we have accrued \$22,177.45. At this point in time, a rain out of Germanfest would leave us in the position of not being able to cover all of the "up front" expenses and with no funds to maintain a Muenster Chamber of Commerce office, which would seriously hurt the economy of the entire community for years to come.

In summary, each year the cost and income from Germanfest has grown and we have invested those funds in continually increasing levels of advertising and promotion for Muenster. The downturn in surplus this year will force us to cut back on some of our promotional activities and the very continued existence of Germanfest and the Chamber of Commerce is at risk in the event of a "rain out."

Conversations with many communities in Texas and Oklahoma has convinced me that Germanfest is an absolutely unique event that provides an ENORMOUS amount of good for our community and that it is essential to see that it succeeds. We need the continued help, advice, support and encouragement of the entire community to budget and spend more cautiously while at the same time seeking to find new sources of income and increased income from the successful parts of Germanfest.

### GERMANFEST FINANCIAL SUMMARY FOR FOUR YEARS

	INCOME	EXPENSES	SURPLUS
1990	100,000	70,000	30,000
1991	111,500	71,500	40,000
1992	123,000	75,000	48,000
1993	128,400	81,000	47,400

## Commissioners pass tax hike

by Elaine Schad

With threats of a tax rollback looming overhead, Cooke County Commissioners this week approved a 26 percent tax increase to fund the county's \$7.2 million budget for fiscal 1994.

In a unanimous vote, Commissioners raised the tax rate from 38 cents per \$100 valuation of property to 48 cents. As a result of the vote, an owner of a \$50,000 home will see a \$50 increase in 1994 county taxes, from \$190 to \$240. Commissioners also unanimously approved the fiscal 1994 budget. The new budget will increase by about \$400,000, up from a \$6.8 million budget for fiscal 1993. Since one penny generates about \$77,000 in revenue, the 10-cent tax increase will generate about \$770,000 in new monies for the county.

About 30 people at a budget hearing Monday told commissioners it was the wrong time to pass such a

large increase during hard economic times and would send the wrong message to the very people the county is trying to attract for economic revitalization. "We all need more money. I need more money," said Kit Carson, a local property owner. "But if I can't afford something, I just don't buy it," he said. About 40 people at a county tax rate hearing last week also told commissioners the tax increase was excessive, and several predicted that a rollback election would ensue should the county pass the 26 percent tax increase.

Registered voters are allowed to petition for a special election to consider a rollback vote if a tax increase exceeds 8 percent. Several residents said they were unsure whether a rollback petition would surface as a result of this week's vote, but sources indicate that at least a couple of petitions may be circulating already around the county.

Precinct 4 Commissioner Virgil Hess, who voted in favor of the budget and the historic tax increase, laid the blame for the tax increase at the feet of the ambulance service. "It's either we've got to stay in the ambulance business, or we need to stay out," Hess said. "I personally feel we need to get out of the ambulance business," he said.

Hess pointed out that the ambulance budget next year will be \$802,000, with revenue projections at about \$500,000. The new ambulance budget will include an additional \$200,000 to add another ambulance and six employees as well as the expansion of the ambulance station. Hess said he was in favor of a total review of the ambulance service and would like to visit Smith County, where the ambulance is run through subscription service, to see if something like that might be feasible in Cooke County.

County Judge Ray Russell said he shares the concern of the taxpayers, but said the commissioners court doesn't feel they can let county fund balances drop lower than they are presently, estimated at more than \$1 million. "We have to stay solvent, and we have to pay our bills," Russell said. "Maybe we are right, hopefully so," he said of the tax increase. "If we're wrong, I guess they'll (the voters) will tell us."

Russell said some people think the county may realize great revenue windfalls from sales tax off the new outlet mall, but said he just doesn't think that will happen. "We have to give 80 percent of that back," he said because of an economic incentive agreement signed with the Prime Group. Russell also said the mall's improvements won't turn up on the property tax rolls until 1994, so the county will not realize any property tax growth this year from the mall.

## Optimistic financial report given at Trust Fund Dinner

Guests and supporters of the Sacred Heart Trust Fund heard an encouraging financial report during the annual dinner and financial report on Sunday, Sept. 11. It was revealed that the organization's goal of reaching the \$1,000,000 mark should be attained sometime in the next year or year and a half.

The Sacred Heart Trust Fund was established in 1976 by a group of parents of Sacred Heart School students. The million dollar goal was set with the hope that eventually interest from the money could be used to help pay teachers' salaries. Only interest from the money in the fund is ever used, the principal is never touched.

Neil Hesse, president of the Sacred Heart Alumni, served as master of ceremonies for the day. He introduced guest speakers Danny and Debbie Cochran and Theron Smith. They are parents of Sacred Heart students who moved to Muenster especially to enroll their children in Sacred Heart School. All spoke of the reasons that they chose Sacred Heart and how happy they are with the results.

Mark Hess, investment consultant, delivered the financial

report. He stressed the importance of continuing to contribute to the Trust Fund even after the goal is reached.

Special recognition was given to Sister Genevieve McConnell, OSB in honor of her 60th year as a Benedictine nun. She is beginning her 60th year as a teacher. This will be the 35th year that she is teaching at Sacred Heart.

Sister Genevieve regaled the crowd with humorous stories of some of her earlier days at Sacred Heart in Muenster. She recalled how cold the old convent and the first school buildings were.

Father Frowin Schoech offered the opening prayer and Father Victor Gillespie the closing prayer.

Decorations were done by Connie Rohmer with the assistance of Monica LeBrasseur. The Farmer's Kitchen catered the meal. Loretta Felderhoff designed the dinner programs and Trust Fund Financial Reports. She was assisted by Monica McCoy.

Father Victor Gillespie, Chuck Bartush, Jr., Ray Voth, Ed Endres and Julian Walterscheid are the directors of the Trust Fund Board.

SISTER GENEVIEVE MCCONNELL is introduced by Neil Hesse before her remarks to the Sacred Heart Trust Fund Dinner. Below, Danny and Debbie Cochran and Theron Smith speak of why they moved to Muenster and Sacred Heart School.

## Area officials respond to Benchmark

by Elaine Schad

Data published by the Texas Research League concerning the overall operational cost per pupil for the Muenster school district was incorrect, Muenster Superintendent Steve Cooper said this week.

The non-profit publication called Benchmarks compared the 1,047 school districts throughout Texas in a large number of areas ranging from test scores to operational costs. An article noting various comparisons was published last week in the Muenster Enterprise.

The publication listed the Muenster ISD as having a total operational cost per pupil of \$4,305. Cooper said the actual cost per pupil for the Muenster ISD is \$3,700, and that the figure listed in the publication was incorrect. An error in the maintenance portion of the comparison by Benchmarks was the reason the overall figure was incorrect, he said. With that

correction, the Muenster ISD comes in second lowest in Cooke County in overall cost per pupil for total operational expenses. The Lindsay ISD is lowest with \$3,411 per student.

Cooper said he wanted to clarify another area of the report concerning average scores reported by Benchmarks on SAT and ACT tests taken by college-bound students in the various school districts. Cooper indicated that many school districts in the state have a small percentage of their seniors take the test, while the Muenster ISD encourages as many students as possible to take the test, which he said could tend to make the average group score lower. More than 80 percent of the Muenster ISD seniors took the test during 1991-1992, attaining an average SAT score of 909. The Texas average is in the upper 800s.

Era ISD Principal Sharon Durham shared Cooper's view that test score numbers without explanations can sometimes be misunderstood or misleading. The Era ISD had the highest average SAT score in the Cooke County for 1991-1992 with an average of 1056. Durham said Era also encourages as many seniors as possible to take the test, with 17 of their 18 seniors taking the 1991-1992 test, or 91.7 percent taking the SAT test. She said many of those same students also take the ACT test, which is the other standardized college-bound test.

While Durham was very pleased with the Era ISD scores, she thinks small schools may sometimes have a lower average score if small numbers take the test. "Every year, you are dealing with different students, and some years, you have students who struggle," she said. With small numbers of students,

one or two poor scores can bring an average way down, she said.

Tom Fluker, counselor at the Lindsay ISD, echoes Durham's and Cooper's remarks. Lindsay had the second-highest SAT average score in the county of 1026 and the highest ACT score of 22.5. Lindsay also has two National Merit scholars this year, an award based on outstanding SAT scores. "What scares me is that these numbers will jump all over the place from year to year at small schools," Fluker said. More than 80 percent of Lindsay's students took either the SAT or ACT tests. Fluker said Lindsay encourages its students to take the tests, and some resource or special education students are now in college because they were encouraged to take the test. He said the most important thing to him is that 84.4 percent of that 1991-1992 senior group went on to college.

## Muenster welcomes Tony Melendez Sunday

Sunday, Sept. 19 Muenster will have the privilege of hosting the nationally known guitarist and composer Tony Melendez. He will perform in Sacred Heart Church at an event sponsored by the Sacred Heart Youth Group, Muenster Knights of Columbus, Muenster VFW, Bluebonnets, Beta Kappa and Muenster Enterprise.

Melendez will be accompanied by his wife, Lynn, and two other performers from his parish. Doug Weisbruch kicks off the concert at 2 p.m.

People will be allowed to record the concert with video cameras so long as it is not recorded for resale. Cassettes of Melendez's music and his autobiography will be available for purchase that day.

Tony Melendez and his wife Lynn

Performers will be on a raised platform to allow better visibility for the audience. Gary Fisher is assisting with the set up of the stage. Please See MELENDEZ, Page 2

## Date of board meeting changed... MMH District proposes tax increase to raise revenues

Muenster Memorial Hospital will no longer be unique in the state of Texas. It has long been the only hospital district in the state not to levy a tax of some kind to raise revenues.

The regular monthly meeting for September has been moved up a week and the hospital board is holding a public hearing that evening on a proposal to increase

property taxes to raise revenues for the care of indigents. It has always been the hospital's option to tax for this purpose, but the district hasn't used the tax in many years.

The public hearing is scheduled for Wednesday, Sept. 22 at 7:30 p.m. in the Muenster Memorial Hospital Board Room. All interested persons are urged to attend.

## Good News!

Come, let us sing joyfully to the Lord; let us acclaim the Rock of our salvation. Let us greet Him with thanksgiving; let us joyfully sing psalms to Him. PSALMS 95: 1-2

**Letters to the Editor**

**Letter to the Editor:**

Just had to drop a note on a few things that might be of interest locally. First, I just experienced a great 10 days, i.e. visiting 60 of my neighbors! It was great having the chance to sit in most of these homes and have a great visit. This is something, because during the past 20 years at our present address, I had been only in five of my neighbors' homes. Two of those were in my daughters' homes.

The occasion was the survey of Muenster, working with Fran Voth for use to apply for a federal grant through the Texoma Council of Governments which could mean \$1,000,000 for the next four years. I have learned that we should be thankful and appreciative of council person Fran Voth. Working with her, I found that she is really putting her all out for Muenster, and what she needs is a show of appreciation and support. We don't have to agree 100% with all of her opinions, but let her know your view point and give some of your expertise knowledge to her decisions. As I said, I visited just 60 houses in my immediate area, and she, Kim Kammerdiener and Cindy Voth covered almost 10 times that much. This took most of my week's time, but they did the rest of town!

The government and the Texoma Council thinks we are a rich town and don't need any help. However, I feel we do need help in our needs in the water and sewer situation. Most of the water and sewer lines are since 1930, and thin enough to rupture all over town, particularly with any additional pressure. The north main storage tank has been empty for some time, and has rusted through. Think of how could we get paid off by us alone the additional amount of taxes that would be needed to raise versus the federal grant of \$1,000,000 plus interest for future projects. In talking to the young to the elderly, they would find it very difficult for the additional tax.

So, they say we are a rich town. When the official count comes out of the "% of income below County average" many will be surprised. I

found it difficult to find many people at home. Many were out working their second or third jobs, and doing work for themselves. One thing I was really proud of, is that every home I visited was lovely kept and furnished. Proudly displayed were their treasures in their pictures of their family members. However, in discussion, there were some lack of knowledge and some mis-knowledge of what is all going on locally. There are some negative feelings. But, predominantly, there are strong feelings of loyalty for our town. I loved the positive feeling for our community, that we can keep our hospital and that we really do need it.

I just can't help adding and reminding people to watch out for the signs of a heart problem. We have available Dr. Qureshi on every Thursday at noon at the Muenster Memorial Hospital. Just call 759-4442 for an appointment. I have a lot of reading material for anyone that I would be glad to share about heart conditions. I still feel that the availability of the Muenster Memorial Hospital is the reason for me still being here. One of my neighbors was quite concerned about drinking water from the lake, and the possibility of tadpoles, etc. coming out of the faucet. He said he feels he would move when that happens. I told him I would be more thinking of moving if we lose our hospital. With it taking one hour to get to proper hospital facilities, the survival for heart attacks is 40%!

To my dear friends that have had me in their prayers, I request a renewal. I still have gone back into the hospital Sept. 13.

God bless all of you,  
Ray Wilde  
1012 N. Cherry Lane  
Muenster, TX 76252

P.S. To those of you inquiring about my two grandsons, Jeff and Matt, and their football playing. Jeff will be out for six weeks after a 200-plus-lb. player fell on his ankle. Matt is going strong. I won't get into a bragging session about my grandchildren for now. Bye.

**A VOLKSWAGEN** (top photo) belonging to Gary and Jill Balthrop burned after catching fire on Hwy. 373 four miles south of town last Thursday, Sept. 9. Muenster's Volunteer Fire Department responded to the call. The vehicle was a total loss. A gas leak is the suspected cause of the fire. **At right**, smoke billows from this bass boat and trailer owned by Terry Walterscheid. It was parked near his home east of Muenster when it caught fire Wednesday, Sept. 15, around 2:40 p.m. The boat was destroyed in the fire and it isn't known what caused the fire to start. Muenster's VFD also extinguished this fire. *Janie Hartman Photos*

**Former resident honored**

Tim Atcheson, a former Muenster resident and former employee of Muenster Milling Company, now a Denton police officer, received a significant honor on Aug. 23, 1993 when he was named Officer of the Year by the Citizen Police Academy Alumni and the Denton Police Association.

Officer Atcheson received a plaque and a special ring designed by Jostens. He and his wife will receive a celebrity weekend as a special gift.

Officer Atcheson joined the Denton Police Department on March 1, 1982. Currently, he is assigned to the Field Operations Division as a Westside patrol officer. Also a firearms instructor and a certified police instructor, he has served as a tactical officer and a field training officer, responsible for the training of new police officers on the street.

During the 11 years he has served in Denton, Atcheson has been commended frequently, mostly for apprehending felons. In 1988, he was personally responsible for apprehending a suspect, later convicted of multiple sexual assaults in and around Denton. In 1993, he was commended for observing and apprehending a vehicle burglary suspect at a local automobile dealership.

Described by his peers as professional, dependable and as a leader whose manner shows respect and compassion, he was presented the honor of 1993 Police Officer of the Year in Denton.

Attending the surprise award ceremony, joining Atcheson's family, fellow officers and friends, were John and Pat Yosten and Tom and Paulette Swirczynski of Muenster.

**Charley Hellman dies Wednesday**

Charley Hellman died Wednesday, Sept. 15, at St. Richard's Villa at 3:45 p.m. Mass of Christian Burial will be held in Sacred Heart Church on Friday, Sept. 17, at 10 a.m. Other funeral arrangements were incomplete at press time.

**County reserve funds in question**

by Elaine Schad

How much reserve should a county carry? That is a question being asked in light of a 26 percent increase in taxes passed this week by Cooke County Commissioners.

The amount of county reserves has been a point of contention in the budget and tax rate process during recent public hearings. In checking with Cooke County's neighbors to the northwest and southwest, however, it seems as if contingency funds may be becoming more of a wish list item as economic times become tougher, according to officials in two nearby counties.

In Cooke County, the general fund budget, which is separate from road and bridge funds, had about \$1 million in reserves over the past several years, but some of those reserves have been used to fund prior year budgets. General fund reserves are expected to fall from about \$600,000 to about \$435,000 by the end of fiscal 1994, according to County Auditor Gloria Parrish said. More than \$300,000 will remain in road and bridge fund reserves by the end of fiscal 1994 if all precincts spend their entire budgets, she said.

In neighboring Montague County, commissioners in March cut a full-time sheriff's deputy position, a part-time courthouse janitor and froze all county equipment purchases in the general

fund in an attempt to curb a projected \$70,000 to \$80,000 budget shortfall by the end of fiscal 1993.

County Auditor Brenda Milligan said this week that the strategy has apparently worked as Montague County will end fiscal 1993 with a zero surplus, but with no deficit. Montague County Commissioners have approved an 8 percent tax increase for fiscal 1994, and the county hopes to have between \$5,000 and \$10,000 in its general fund reserves by the end of 1994, Milligan said. Total reserves for all four road and bridge precincts combined will be about \$35,000 by the end of fiscal 1994, she said. The last time Montague County had fairly large reserves in the general fund was in 1985, when the county had a surplus of about \$350,000, she said.

The situation is similar in Wise County, Cooke County's neighbor

to the southwest, according to Wise County Auditor Tim Rodgers. Wise County, which is slightly larger than Cooke County, set the county tax rate last week at 47 cents, an increase from 43 cents, to fund a \$10.88 million budget for fiscal 1994. Rodgers said Wise County totally depleted its reserves last year, using more than \$400,000 to fund its 1993 budget. The fiscal 1994 budget is a decrease from the current year's \$11.17 million budget, Rodgers said. Wise County is expected to carry zero reserves in its general fund throughout 1994, Rodgers said.

Cooke County Judge Ray Russell said contingency funds are needed to help the county's cashflow during times when taxes are slow coming in, and in times of emergency. "What happens if an ambulance burns up?" he said.

At a recent public hearing, Precinct 3 Commissioner Jerry Lewis said there are several bridges in his precinct that are in disrepair, and that road and bridge contingencies could play a factor in repairing those bridges. An audience member, however, questioned Lewis on how he could allow a bridge to fall into such a state of disrepair before deciding on whether to repair the bridge.

**Montague ISD expands school**

by Elaine Schad

Construction is expected to begin by the end of this month on the addition of three classrooms to Montague Elementary School, according to Montague Superintendent Dan Hamric.

The estimated \$100,000 primary wing will house kindergarten, first and second grades, and special education, Hamric said. Once those classes are moved into the new wing, the existing classrooms will be converted into a dining area and offices for counseling and speech therapy, he said. Montague presently utilizes its gymnasium as a dining area, Hamric said. The district hopes to begin moving into the new wing after the Christmas holidays, he said.

The Montague ISD, with an enrollment of 82 students in grades kindergarten through 8, has experienced a 5 to 8 percent enrollment growth over the past five years, Hamric said.

**Correction**

Last week's City Council story reported that the bottom of the city employee pay range was \$8.78 per hour and the top was \$12.42. We received incorrect information. According to City Secretary Celine Dittfurth, the actual figures before pay raises take effect are \$6.41 and \$11.64. We regret the error.

**Weather changes**

September has brought a welcome change from extreme dry, hot conditions that prevailed through July and August. Rainfall for the month totals 5.88 inches as of Monday, Sept. 13 at 8 a.m. according to the official records of Mary Moster. The first notable break in Muenster's drought came Sept. 3 with 1.06 inches. On Sept. 8 another .46 inches was recorded with .04 inches the following day. Much to the delight of Muenster residents, 4.32 inches fell Monday, Sept. 13 quenching thirsty soil and healing deep cracks that had formed. Monday night the season's first noticeable cool front blew in and sent people shivering to work and school on Tuesday.

MR. and MRS. RANDALL OMAR WARE were united in matrimony on Saturday, Aug. 21, 1993 at 7:30 p.m. in Muenster. The bride is the former Kristen Anne Klement, daughter of Mr. and Mrs. Andrew Klement of Muenster. The groom is the son of Mr. and Mrs. Thomas O. Ware of Arlington. A Texas Tech University student, the bride is a senior majoring in Home Economics Education. She is an Early Childhood Student Assistant employed by the University. The groom is a senior at Texas Tech in the School of Architecture. The couple was attended by the bride's sister, Allison Klement of Lubbock, as maid of honor; and by a friend of the groom, Justin Krueger of Albuquerque, New Mexico, as best man. Mr. and Mrs. Randall Omar Ware are at home in Lubbock.

## Extension Homemakers savor "fishy" meeting

Muenster Extension Homemakers met on Sept. 8 at 11 a.m. in the home of Rose Rohmer. Nineteen members answered roll call. The program "Cooking With Canned Fish" was given by Lucille Lutkenhaus.

This was followed by a noon luncheon prepared by Rose Rohmer and Irene Klement. The menu

## Suzanne Williams joins staff of TCU health center

Suzanne C. Williams, formerly a staff nurse at All Saints Hospital, has joined the staff of Texas Christian University's Brown-Lupton Health Care Center.

Effective August 16, her appointment to the nursing staff was announced by Dr. Don Mills, interim vice chancellor for student affairs.

In 1981-89 Williams, a native of Muenster and daughter of Mrs. Ida Hesse, was staff nurse at Fort Worth's St. Joseph's Hospital. She held a nursing scholarship as a student there and was honored as an outstanding nurse in 1961.

## Free programs offered at Muenster Public School

Free programs at Muenster Elementary School provide students with special needs and many opportunities to improve their performance. Teachers have special training to work with many different learner needs.

Gifted/Talented classes provide students with special gifts and talents an opportunity to develop those talents. Creative thinking and problem solving is an important focus of the gifted classes. Student grades, test scores, teacher and parent input, and student interview determine a child's eligibility for gifted classes.

Chapter I Accelerated Language Arts and Chapter I Accelerated Mathematics Classes are designed to help students quickly improve reading and mathematics skills. Students who score below the 50% on grade level standardized tests are eligible for Chapter I classes.

Speech Therapy ensures that students enunciate correctly. Children's speech develops at varying rates and the normal range

for young children is wide. As a general rule, however, by age three, a child should speak clearly enough to be understood by a stranger. Before placement in speech therapy classes, the speech therapist evaluates the child's speech. If the child's speech has not developed as it should, the speech therapist will work with the child to correct the problem.

Resources Classes help students with learning disabilities or learning differences learn how to make the best use of their capabilities to enrich learning and ensure their success in the classroom. Poor test scores and poor performance in the classroom with regular instruction often indicates a need for resource classes. A battery of tests are given to determine the child's needs before placement.

Tutorial Classes for students who need extra help to understand a single process or lesson. The regular classroom teacher provides tutorials during the school day.

English as a Second Language Classes help students who do not understand and speak English so they can be successful in the classroom.

If parents have questions or feel their child may need special classes, contact the classroom teacher, school counselor or principal, 759-2281.

## Openings remain for CCC Class of Cosmetology

It's not too late to sign up for class. There are several openings in the Cosmetology night courses at Cooke county College on the Gainesville campus. Upon completion of the course 1500 Clock Hours will be awarded. The hours of the course are from 2 p.m. to 10 p.m. Monday through Thursday in the Community Education and Cosmetology Building. For additional information contact Jess Freer or Sara Rogers at (817) 668-4210.

The CCC Cosmetology Shop is open to the general public on Tuesday and Wednesday from 9 a.m. to 10 p.m., Thursday 8 a.m. to 4 p.m. All services are done by students under the supervision of a licensed instructor.

## Special Mass to be offered in Decatur church

A Healing Mass will be offered in the Church of the Assumption of the Blessed Virgin Mary in Decatur by Father Edward McDonough on Sept. 23 at 7 p.m. Father McDonough is known for his message of hope and for miraculous healings. A free will offering will be made. For more information, call the rectory in Decatur.

## Schedule of Meetings

**Alzheimer's Support Group**  
The Alzheimer's Support Group will meet every 3rd Tuesday of the month at 4:30 p.m. in St. Paul's Episcopal Church, 415 E. California Street, Sanders Hall, in Gainesville.

The meeting this month will be Sept. 21, with Michael Ann Rigler as facilitator. Special speaker for September will be Barbara Denny from Senior Care Unit of Denton. She is the community relations advisor for inpatient senior care for 65 and older.

The topic will be "Hilarity Therapy: Laughter as a Stress Reliever" and "Care for the Caregiver." There is always a time for sharing and support at each meeting.

**CC Diabetic Support Group**  
It is time for the Cooke County Diabetic Support Group to begin a new meeting year on Tuesday, Sept. 21 at 7:30 p.m. The group meets on the third Tuesday each month with physicians, dieticians and others presenting an informative program.

The September meeting will be held in the Gainesville Memorial Hospital conference room. Joan Walterscheid, R.N., C.D.E. will present the program, "Benefits of Good Diabetic Control". For more information on the group contact Mrs. Walterscheid at (817)759-2271.

The group is for all diabetics, their families and any other persons who might be interested.

## Students sought for Gifted, Talented program at MISD

Muenster ISD will be selecting students for their Gifted and Talented Program for this year. Any parent who wishes to nominate their child for this program may request a parent recommendation form from the counselor's office, 759-2281.

Selection is based on achievement test scores, parent

recommendation, school abilities scores, student writing sample, and teacher rating.

Interested parents are encouraged to request and return their recommendations forms by Sept. 23. Both elementary and high school selections are being made at this time.

## Tax Talk

by: Duane Knabe, CPA

This week's topic is the taxability of social security benefits. This was changed by the '93 tax law. However, the old law still applies, it was only added to after 1993.

The amount of these benefits that must be included in income is the lesser of one-half the benefits received for the year or one-half of the taxpayers combined income over a specified base amount. Combined income is modified adjusted gross income (MAGI) plus one half of the benefits. MAGI includes tax-exempt interest.

The base amount is (a) \$32,000 if married filing jointly, (b) 0 if married filing separately, and (c) \$25,000 for any other filing status.

For tax years after 1993, in addition to the present law, 85% of the taxpayer's combined income over a second base amount is taxable. The second base amount is (a) 44,000, (b) 0 and (c) 34,000.

MR. and MRS. JOHN FLEITMAN

# John Fleitmans celebrate 60 years of wedded bliss

On Sunday, Sept. 12, John Fleitman and Anne Mage Fleitman celebrated their 60th wedding anniversary with dinner at The Center Restaurant in Muenster. Hosting the celebration and joining them for dinner were their sons and daughters-in-law, Alvin and Pat Fleitman of Myra, Leon and Betsy Fleitman of Lindsay and James and Nita Fleitman of Muenster. The best man of 60 years ago, Bruno Fleitman, also attended with his wife, Bertha.

A hamburger/barbecue supper was hosted in the honored couple's home at 3 p.m. that day. A special cake was also served to the approximate 30 guests attending.

John Fleitman and Anne Mage were married on Sept. 12, 1933 in St. Peter's Church in Lindsay, Texas. Their attendants were her sister, Celia Mage, and his brother, Bruno Fleitman. Their first home was in Muenster in a home built by John's father. They moved from that home in 1938 to a farm south of Myra. It was here that they shared many happy occasions and some sad ones for 25 years. In 1963, John and Anne moved back to Muenster

and have resided on North Oak Street since that time.

John and Anne Fleitman had four children, Alvin, Leon, James, and Frank who died in 1957. They have 13 grandchildren and 15 great-grandchildren.

# News of the Sick

J. D. Caplinger is still hospitalized recovering from surgery. His new address is: PCU Room 327, HCA Methodist Plaza Hospital, 900 8th Avenue, Fort Worth, Texas 76104.

\*\*\*\*\*  
Police Chief Helen Tompkins is a patient in Denton Regional Hospital, where she underwent surgery Tuesday, and is resting well. Get-well cards may be sent to her there. At present, she is in ICU Heart Unit and will enjoy hearing from relatives, friends and neighbors.

## PUBLIC NOTICE BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS SPECIAL ELECTION NOVEMBER 2, 1993

### PROPOSITION NO. 1 ON THE BALLOT

### PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 9 proposes a constitutional amendment that would authorize the Texas Legislature to provide for the issuance of bonds for the state financing of start-up costs for historically underutilized businesses. The amendment provides that the legislature by law may establish a Texas historically underutilized business capital growth and start-up fund. The money in the fund may be used without further appropriation and only for a program established by the legislature to aid in the start-up costs of a historically underutilized business, as defined by the legislature. To carry out the program, the legislature may issue up to \$50 million of general obligation bonds to provide funding. The legislature may require review and approval of the issuance of bonds, the use of the bond proceeds, or of the rules adopted by an agency to govern use of the bond proceeds. Bonds authorized by the amendment constitute a general obligation of the state.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to provide for the issuance of \$50 million of general obligation bonds for the recovery and further development of the state's economy and for increasing job opportunities and other benefits for Texas residents through state financing of the start-up costs of historically underutilized businesses."

Senate Joint Resolution 49 proposes a constitutional amendment that would prohibit a state personal income tax without voter approval and would dedicate the proceeds of any income tax, if enacted, to property tax relief and education. The amendment provides that a general law enacted by the legislature that imposes a tax on the net incomes of natural persons, including a person's share of partnership and unincorporated association income, must provide that the portion of the law imposing the tax not take effect until approved by a majority of the registered voters voting in a statewide referendum held on the question of imposing the tax. The referendum must specify the rate of the tax that will apply to taxable income.

The amendment also provides that a general law enacted by the legislature that increases the rate of the tax, or changes the tax in a manner that results in an increase in the combined income tax liability of all persons subject to the tax, may not take effect until approved by a majority of the registered voters voting in a statewide referendum held on the question of increasing the income tax. The referendum must specify the manner in which the proposed law would increase the combined tax liability of all persons subject to the tax. The legislature may repeal, or amend without increasing, a tax approved by the voters without submitting the amendment or the repeal to the voters. If the legislature repeals a tax approved by the voters, the legislature may only reenact the tax without voter approval if the effective date of the reenactment of the tax is within one year of the effective date of the repeal of the tax.

The amendment also provides that, in the first year in which an income tax is imposed, and during the first year of any increase in the tax, not less than two-thirds of all net revenues from the tax shall be used to reduce the rate of ad valorem maintenance and operation taxes levied for the support of primary and secondary education. In subsequent years, not less than two-thirds of all net revenues of the tax shall be used to continue such ad valorem tax relief. The net revenues of the tax remaining after the deduction of money for reduction of ad valorem maintenance and operation taxes shall be used for support of education. The maximum rate at which a school district may impose ad valorem maintenance and operation taxes is reduced by an amount equal to one cent per \$100 valuation for each one cent per \$100 valuation that the school district's ad valorem maintenance and operation tax is reduced by the minimum amount of money dedicated under the amendment, provided that a school district may subsequently increase the maximum ad valorem maintenance and operation tax rate if the increased maximum rate is approved by a majority of the voters of the school district voting at an election called and held for that purpose. The portions of the amendment relating to dedicating tax revenues to reduce the rate of ad valorem maintenance and operation taxes apply on or after the first January 1 after the date on which an income tax takes effect, except that if the income tax begins to apply on a January 1, the amendment applies to ad valorem maintenance and operation taxes levied on or after that date.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment prohibiting a personal income tax without voter approval and, if an income tax is enacted, dedicating the revenue to education and limiting the rate of local school taxes."

### PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 86 proposes a constitutional amendment authorizing the legislature, by general law, to exempt from ad valorem taxation all or part of real and personal property used, constructed, acquired, or installed wholly or partly to meet or exceed rules or regulations adopted by any environmental protection agency of the United States, Texas, or a political subdivision of this state for the prevention, monitoring, control, or reduction of air, water, or land pollution. The amendment applies to real and personal property used as a facility, device, or method for the control of air, water, or land pollution that would otherwise be taxable for the first time on or after January 1, 1994. The amendment does not authorize the exemption from ad valorem taxation of real or personal property that was subject to a tax abatement agreement executed before January 1, 1994.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to promote the reduction of pollution and to encourage the preservation of jobs by authorizing the exemption from ad valorem taxation of real and personal property used for the control of air, water, or land pollution."

### PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 3 proposes a constitutional amendment to clear land titles in which the State of Texas relinquishes and releases any claim of sovereign ownership or title to an undivided one-third interest in and to the lands and minerals within the Shelby, Frazier, and McCormick League (now located in Fort Bend and Austin counties) arising out of the interest in that league originally granted under the Mexican Colonization Law of 1823 to John McCormick on or about July 24, 1824, and subsequently voided by the governing body of Austin's Original Colony on or about December 15, 1830. Title to such interest in the lands and minerals is confirmed to the owners of the remaining interests in such lands and minerals.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the clearing of land titles by the release of a state claim in a fractional interest, arising out of the voiding of an interest under a Mexican land grant, to the owners of certain property in Fort Bend and Austin counties."

### PROPOSITION NO. 5 ON THE BALLOT

Senate Joint Resolution 18 proposes a constitutional amendment that would authorize the legislature to prescribe the qualifications of sheriffs. Currently, the constitution authorizes the legislature to prescribe the duties, perquisites, and fees of office, but not the qualifications for the office of sheriff.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to allow the legislature to prescribe the qualifications of sheriffs."

### PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 21 proposes a constitutional amendment that would abolish the office of county surveyor in Jackson County. The amendment also provides for the powers, duties, and functions of the county surveyor to be transferred to the county officer designated by the commissioners court.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment abolishing the office of county surveyor in Jackson County."

### PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 57 proposes a constitutional amendment that repeals article XII, section 6, of the Texas Constitution, which currently provides that no corporation shall issue stock or bonds except for money paid, labor done, or property actually received, and that all fictitious increase of stock or indebtedness shall be void.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment repealing certain restrictions on the ability of corporations to raise capital."

### PROPOSITION NO. 8 ON THE BALLOT

House Joint Resolution 22 proposes a constitutional amendment that would authorize the commissioners court of McLennan County to call an election to abolish the office of county surveyor. The office of county surveyor will be abolished if a majority of the qualified voters of McLennan County voting on the question favor the abolition. If the office of county surveyor is abolished, the amendment requires the maps, field notes, and other records in the custody of the county surveyor to be transferred to the county clerk of McLennan County. After abolition, the amendment also grants the commissioners court of McLennan County the authority to employ or contract with a qualified person to perform any of the functions that would have been performed by the county surveyor if the office had not been abolished.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to abolish the office of county surveyor in McLennan County."

### PROPOSITION NO. 9 ON THE BALLOT

Senate Joint Resolution 19 proposes an amendment to article VIII, section 13 of the Texas Constitution that would modify the provisions for the redemption of real property sold at a tax sale. The amendment deletes current language in article VIII, section 13 that allows the legislature to provide for the sale of property without trial to pay for delinquent taxes. It also states that the deed to the new owner vests a good and perfect title subject only to redemption as set out in this amendment or impeachment for fraud. Language is added limiting application of the current two-year redemption period to former owners of residence homesteads and land designated for agricultural use sold for unpaid taxes. When property is sold as the result of a suit to enforce collection of unpaid taxes, the amendment would allow the legislature to limit redemption to property used as a residence homestead or designated for agricultural use at the time the suit was filed. The amendment creates a second type of redemption for former owners of real property when property is neither a residence homestead, nor designated for agricultural use. These owners would have a six-month period in which to redeem their property by paying the amount of money paid for the property, including the Tax Deed Recording Fee, all taxes, penalties, interest, and costs paid plus an amount not exceeding 25 percent of the aggregate total. The amendment applies to redemption of properties sold at a tax sale for which the purchaser's deed is filed on or after January 1, 1994. For redemption of properties sold at a tax sale for which the purchaser's deed was filed before January 1, 1994, the former law is applicable and remains in effect.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to modify the provisions for the redemption of real property sold at a tax sale."

### PROPOSITION NO. 10 ON THE BALLOT

Senate Joint Resolution 34 proposes a constitutional amendment that adds a

### PROPOSITION NO. 11 ON THE BALLOT

new section 49-b-2 to article III of the Texas Constitution. This new section provides that, in addition to the general obligation bonds authorized to be issued and sold by the Veterans' Land Board (the "Board") by sections 49-b (950 million) and 49-b-1 (\$1.3 billion) of article III, the board may provide for, issue, and sell general obligation bonds of the state in an amount not to exceed \$750 million to provide financing to Texas veterans. \$250 million of the bonds authorized by this new section shall be used to augment the Veterans' Land Fund (the "Land Fund"). The Land Fund shall be used by the Board to purchase lands situated in Texas owned by the United States government, an agency of the United States government, the State of Texas, a political subdivision or agency of the State of Texas, or a person, firm, or corporation. The lands shall be sold to veterans in quantities, on terms, at prices, and at fixed, variable, floating, or other rates of interest determined by the Board. Lands in the Land Fund that are offered for sale to veterans and that are not sold may be sold or resold to the purchasers in quantities, terms, prices, and rates of interest determined by the Board.

New section 49-b-2 creates the Veterans' Housing Assistance Fund II (the "Housing Fund II"), and \$500 million of the general obligation bonds authorized by the section shall be used for the Housing Fund II. The Housing Fund II is a separate and distinct fund from the Veterans' Housing Assistance Fund (the "Housing Fund") established under section 49-b-1 of article III. Money in the Housing Fund II shall be administered by the Board and shall be used to make home mortgage loans to veterans for housing within this state in quantities, on terms, and at fixed, variable, floating, or other rates of interest determined by the Board. The principal of, and interest on, the general obligation bonds authorized by this section for the benefit of the Housing Fund II shall be paid out of the money of the Housing Fund II. The principal of, and interest on, the general obligation bonds authorized by section 49-b-1 of article III for the benefit of the Housing Fund shall be paid out of money in the Housing Fund. If there is not enough money in the Land Fund, the Housing Fund, or the Housing Fund II, as the case may be, available to pay the principal of, and interest on, the general obligation bonds authorized by this section or by sections 49-b or 49-b-1 of article III, there is appropriated out of the first money coming into the treasury in each fiscal year an amount that is sufficient to pay the principal of, and interest on, the general obligation bonds that mature or become due during that fiscal year.

If the Board determines that assets from the Land Fund, the Housing Fund, or the Housing Fund II are not required for purposes of the fund, the Board may transfer the assets to another of those funds or use the assets to secure revenue bonds issued by the Board. The revenue bonds shall be special obligations of the Board and payable only from and secured by receipts of the funds, assets transferred from the funds, and other revenues as determined by the Board and shall not constitute indebtedness of the State of Texas or the Board. The Board may issue revenue bonds from time to time, which bonds may not exceed an aggregate principal amount that the Board determines can be fully retired from the receipts of the funds. The revenue bonds shall be sold in forms, denominations, and in installments, and bear a rate or rates of interest as the Board determines.

The general obligation bonds authorized to be issued by the Board by this section or by sections 49-b and 49-b-1 of article III shall be issued and sold in forms and denominations, on terms, at times, in the manner, at places, in installments, and shall bear a rate or rates of interest the Board determines. The bonds shall be incontestable after execution by the Board, approval by the Attorney General of Texas, and delivery to the purchaser.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing issuance of \$750 million in general obligation bonds to augment the Veterans' Land Fund and the Veterans' Housing Assistance Fund and to fund the Veterans' Housing Assistance Fund II."

board of trustees of such a system shall (1) administer the system of benefits; (2) hold the assets of the system for the exclusive purposes of providing benefits to participants and their beneficiaries and defraying reasonable expenses of administering the system; and (3) select legal counsel and an actuary and adopt sound actuarial assumptions to be used by the system.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing that the trustees of a local public pension system must administer the system for the benefit of the system's participants and beneficiaries."

### PROPOSITION NO. 14 ON THE BALLOT

Senate Joint Resolution 45 proposes a constitutional amendment that adds a new subsection (e) to article III, section 49-h, of the Texas Constitution. The new subsection provides that, in addition to the amounts authorized by subsections (a) (\$500 million), (c) (\$400 million), and (d) (\$1.1 billion) of section 49-h, the legislature may authorize the issuance of up to \$1 billion in general obligation bonds and may use the proceeds of the bonds for acquiring, constructing, or equipping new corrections institutions, including youth corrections institutions, and mental health and mental retardation institutions and for major repair or renovation of existing facilities of those corrections and mental health and mental retardation facilities. The amendment also provides that the provisions of subsection (a) of section 49-h, relating to the review and approval of bonds, and the provisions of subsection (b) of section 49-h, relating to the status of the bonds as a general obligation of the state and to the manner in which the principal and interest on the bonds are paid, apply to bonds authorized by this amendment.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment relating to the amount and expenditure of certain constitutionally dedicated funding for public institutions of higher education."

### PROPOSITION NO. 12 ON THE BALLOT

House Joint Resolution 23 proposes a constitutional amendment providing that any person accused of a violent or sexual offense committed while under the supervision of a criminal justice agency of this state or a political subdivision of this state for a prior felony may, after a hearing and evidence substantially showing the guilt of the accused, be denied bail pending trial. If the accused is not, however, accorded a trial within 60 days from the time of his incarceration upon the accusation or indictment, the order denying bail shall be set aside unless a continuance is obtained upon the request of the accused. In the amendment, the term "violent offense" means murder, aggravated assault (if a deadly weapon was used or exhibited during the commission of the assault), aggravated kidnapping, or aggravated robbery. The term "sexual offense" means aggravated sexual assault, sexual assault, or indecency with a child.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment permitting the denial of bail to certain persons charged with certain violent or sexual offenses committed while under the supervision of a criminal justice agency of the state or a political subdivision of the state."

### PROPOSITION NO. 13 ON THE BALLOT

Senate Joint Resolution 13 proposes a constitutional amendment that amends article VII, section 17(a), of the Texas Constitution to provide that, of the \$100 million currently appropriated by that section for the use of public institutions of higher education during each fiscal year, those institutions may also utilize this money to pay for acquiring, constructing, or equipping or for major repair or rehabilitation of buildings, facilities, other permanent improvements, or capital equipment used jointly for educational and general activities and for auxiliary enterprises to the extent of their use for educational and general activities. For the five-year period beginning on September 1, 2000, and for each five-year period thereafter, the legislature, during a regular session that is nearest, but preceding, a five-year period may, by a two-thirds vote of the membership of each house, increase the amount of the \$100 million constitutional appropriation for the five-year period. The amendment also reflects name changes that have been made to some of the institutions of higher education for which such funding is available. The amendment adds the Texas State Technical College System to those institutions eligible to receive such funding, but limits its allocation of the annual appropriation to 2.2 percent of the total appropriation each fiscal year. The amendment also provides that each governing board authorized to participate in the distribution of money under article III, section 17, may also issue bonds and notes for the purposes of refunding bonds or notes issued under that section or prior law for the purposes of acquiring capital equipment, library books and library materials, paying for acquiring, constructing, or equipping or for major repair or rehabilitation of buildings, facilities, other permanent improvements, or capital equipment used jointly for educational and general activities and for auxiliary enterprises to the extent of their use for educational and general activities. The amendment deletes language in article III, section 17, which authorizes the legislature to designate a single agency to issue such bonds or notes in lieu of the governing bodies, and to transfer to that agency the authority to collect and pledge money to the payment of such bonds and notes as directed by the governing body of each eligible institution. Funds appropriated under article III, section 17, may not be used for the purpose of constructing, equipping, repairing, or rehabilitating buildings or other permanent im-

### PROPOSITION NO. 15 ON THE BALLOT

House Joint Resolution 37 proposes a constitutional amendment that would authorize the county commissioners court of a county to call an election to abolish the office of county surveyor. The office of county surveyor is abolished if a majority of voters of the county voting in the election approve the measure. If the office of county surveyor is abolished, the maps, field notes, and other records of the county surveyor are transferred to the county officer or employee designated by the commissioners court.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to permit the voters of a county to decide, at an election called by the commissioners court, whether to abolish the office of county surveyor in the county."

### PROPOSITION NO. 16 ON THE BALLOT

Senate Joint Resolution 44 proposes an amendment to article III, section 49-(b) of the Texas Constitution, which currently limits the principal amount of bonds outstanding at one time for the Texas agricultural fund to \$25 million and for the rural microenterprise development fund to \$5 million. The amendment would raise the principal amount limit for the Texas agricultural fund to \$100 million. The amendment would also make the principal amount limit for each fund apply to the total principal amounts of both bonds and notes issued or sold rather than just the principal amounts of bonds outstanding at one time.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing up to a total of \$100 million in bonds and notes to be issued or sold to finance the Texas agricultural fund for providing financial assistance to develop, increase, improve, or expand the production, processing, marketing, or export of crops or products grown or produced primarily in this state by agricultural businesses domiciled in the state."

*Este es el informe explicatorio sobre la enmienda propuesta a la constitución que aparecerá en la boleta el día 2 de noviembre de 1993. Si usted no ha recibido una copia del informe en español, podrá obtener una gratis por llamar al 1/800/252/8683 o por escribir al Secretario de Estado, P.O. Box 12060, Austin, Texas 78711*

## Beta Kappa plans bulb planting in park Oct. 8

Nine Beta Kappa members and one prospective member met at the home of Christy Hesse at 7 p.m., Sept. 13, then drove to Turtle Hill Golf Course. Golf instructor Scott Beezley spoke on golf etiquette and answered questions.

Back at the Hesse home, President Jean Walterscheid called the meeting to order. Following roll call, the minutes of the August meeting were read and approved. The treasurer's report was accepted as read.

Correspondence was received from scholarship recipient Marlene Hess and Sacred Heart counselor Billie Yeager, thanking Beta Kappa for the financial support.

In committee reports, the Social Committee reported that the Rush Brunch, held at the June Bartush home, was a success with five prospective new members attending. It was decided that for "Ladies' night Out," members would see *Nonsense II* at the Butterfield Stage Thursday, Oct. 14.

Service Chairman Laurie Rohmer announced that Friday, Oct. 8, members would meet at the City Park at 1 p.m. to plant bulbs. Anyone interested in donating bulbs or perennials may contact Laurie Rohmer, Brenda Cherry or Jean Walterscheid.

In old business, Laurie Rohmer reported that a roaster was presented to Dorothy Fisher of the Catholic Daughters of America.

In new business, Dolores Miller motioned to donate \$50.00 to support the Tony Melendez appearance. The motion was seconded and carried. Connie Grewing motioned to send Police Chief Helen Tompkins flowers following heart surgery. Brenda Cherry seconded and the motion carried.

The meeting was adjourned with the closing ritual and refreshments were served.

experimental aircraft, and more. Also on display will be antique cars, war machinery and radio controlled aircraft. Demonstrations by the Navy's Leapfrog parachute team will be offered during the show.

## Personal

Dr. and Mrs. Tanveer Qureshi and family of Gainesville were recent visitors in the home of Orville and Bea Maggard of Forestburg, where they enjoyed sightseeing and fishing.

## J.E.L.L.Y. embarks on new year Sunday, Sept. 26

Another year is beginning for the Junior High Youth Program, J.E.L.L.Y. (Jesus Ever-Lasting Loving You) of Sacred Heart Parish. All seventh, eighth and ninth graders are automatic members and are eligible to participate in all activities. No fees required, only an insurance form signed by the parent.

One or more activities are scheduled each month. Announcements will be published in the weekly church bulletin and in the Muenster Enterprise.

Goals of the program are to increase spirituality through

education, retreats, service, fellowship and fun. Among activities for the '93-'94 year are several retreats, getting acquainted with other area youth groups and the All Hallows Carnival.

Kick-off for the new year and welcoming of members on Sept. 26 will be in the Community Center meeting room from 2-4 p.m. Come, bring a friend and join in the games and a mini-retreat.

The Tony Melendez Concert on Sept. 19 is also recommended for JELLY members

Call Jeannine Flusche, 759-4497, for information.

### CARD OF THANKS

*My family and I wish to say "Thank You" to all who showed concern during my illness this summer. Words of encouragement to my Mom and all the beautiful cards, visits and, most of all, the prayers helped us through this uncertain time. Words cannot express our heartfelt thanks to all who cared.*

*Special thanks to my grandparents, our neighbors, my classmates, aunts and uncles, the Muenster FFA, Frybrant Factory, Father Frowin and all the beautiful people who came to the hospital to pray over me while in Sherman, the nursing staff at Muenster Memorial and to Dr. Kralicke for such great care. God has truly blessed me and my family with wonderful friends. May you all be blessed with continued happiness and health.*

## Mass of Angels offered for Trachta twins

Mass of the Angels was offered in Immaculate Conception Catholic Church of Denton on Sept. 13 at 9 a.m. for twins, Amanda Michelle and Madison Laura Trachta, daughters of Glenn and Janell Trachta. The twins were stillborn on Friday, Sept. 10, 1993 at 3:30 a.m. in Denton Regional Medical Center.

Father Tom Ahn officiated for the Mass. Sacred music was presented by Bobby and Donna Priestley of Denton.

Interment was in Sacred Heart Cemetery of Muenster, directed by McCoy Funeral Home.

Survivors are parents of the twins, Glenn and Janell Trachta of Denton; and one sister, Mackenzie Trachta, age 17 months; the maternal grandparents, Richard and Lois Whitefield of Ames, Iowa; and the paternal grandparents, Richard and Laura Trachta of Muenster; and the maternal great-grandmothers, Alvera Irbeck of Carroll, Iowa and Nedra Whitefield of Bayard, Iowa.

Preceding them in death were the paternal great-grandparents and the maternal great-grandfathers.

Attending the funeral from Muenster were Laura and Dick Trachta; Tom and Debbie Hartman; John and Pat Yosten; Donna and Dr. Bud Graham; Stan and Janet Endres; Ron and Patti Fuhrmann; Wayne and Mary Kay Trubenbach.

Also Andy and Jean Arendt and Robert and Debbie Walterscheid, all of Lindsay; Hank and Kathy Trachta of The Colony; Wayne and Gay Trachta, Mr. and Mrs. Paul McCarty, Jim Richards and Robbie Handlon, all of Decatur.

Also, Richard and Lois Whitefield of Ames, Iowa; Jeff Whitefield of Ames, Iowa; Jason and Shellie Whitefield, Bruce and Julie Stewart and Karen Wietzek, all of Dallas; Lisa Collins of Denton; Jacob Berner and Dan Dansby, both of Dallas.

KATINA BELL

## Katina Bell is grad

Margaret Katina René Bell, daughter of Roland and Zoe Ann Bell of Rt. 1, Muenster, is a Magna Cum Laude graduate of Texas Woman's University, where she maintained a 3.94 grade point average in possible 4.0 ratio.

She received a Bachelor of Science degree, majoring in History and Social Studies Composite, and minoring in Government and Economics. She is a 1990 graduate of Southlake Carroll High School where she completed her work in three years. In college, she was a member of Phi Alpha Theta, Golden Key Honor Society and Communications Officer of Mortar Board.

Attending graduation ceremonies on Aug. 14 were Katina's parents, Roland and Zoe Ann Bell; an uncle and aunt, David and Cindy Drennan; two sisters, Zonya Dyers and Tana Booker; a brother-in-law, Don Dyers, and nephew Toby; and Terry Bartel.

## Chapter I parents meet

Parents met with Chapter I teachers, Jane Weinzapfel and Kim Walterscheid, on Tuesday to explain the Chapter I Accelerated Language Arts and Mathematics Program.

The Chapter I Accelerated Language Arts and Mathematics Program is a federally-funded program. Students in grades one through five qualify for Chapter I Accelerated Language Arts or Mathematics if they score below the fiftieth percentile on grade level standardized tests.

Chapter I Accelerated Language Arts and Mathematics classes do not replace the instruction given by the classroom teacher. The Chapter I teacher provides 150 minutes instruction for language arts and 150 minutes for mathematics for each grade level each week.

Students in grades one through five receive instruction in language arts and mathematics with their classmates from the classroom teacher in the regular classroom. Students having difficult understanding or completing required assignments report to the Chapter I teacher for instruction and

help. Students can seek help from the Chapter I teacher before new material is presented in the regular classroom. Students assume more responsibility for their own learning and performance.

The classroom teacher shares plans with the Chapter I teacher each six weeks, in order that the Chapter I teacher can preview material with the Chapter I students. Additional plans for individual students are made as the need arises.

A progress report is sent to parents each six weeks. It includes suggestions for each parent to help their child be a better student.

Pre-test is given by the Chapter I teacher during the first six weeks of school. A post-test is given during the last six weeks of school.

An evaluation questionnaire is sent to parents and teachers each year. Information from this questionnaire is used to improve the program.

Parents were invited to schedule individual conferences during the year as needed.

## Edna Williams, 86, dies on September 14

Edna Rachel Thompson Williams of Saint Jo died in Saint Jo Nursing Center on Tuesday, Sept. 14, 1993 at 10:28 a.m., following a long illness.

She was born on May 23, 1907 in the Hardy Community to Joseph Thompson and Avo Adella (Sisson) Thompson. On July 18, 1926, she

married Olan Kurz Williams in Saint Jo. She was a homemaker and a grocer in Saint Jo, and enjoyed needlework and bowling. She was a member of First Baptist Church in Saint Jo.

Survivors include one daughter-in-law, Joan Williams of Saint Jo; also five grandchildren, Stephanie Williams Klement of Saint Jo, Debra Roan of Denton, Terri Williams of Saint Jo, Carla Hennigan of Saint Jo, and John Westall Williams of Muenster. Also two great-grandchildren, Ashley Roan and Cristina Hennigan.

Preceding her in death were her husband, Kurz Williams; and two sons, Kreuz Westall Williams and Jack Wayland Williams; three brothers, Ben and John Williams and Joe King; and four sisters, Myrtle Gentry, Ester Janeway, Mary Griffin and Linnie Buck.

Services were held Thursday at 2 p.m. in Saint Jo First Baptist Church officiated by Rev. Tim Williams, pastor. Burial in Mountain Park Cemetery was directed by McCoy Funeral Home. Pallbearers were George Pedigo, C.E. Cole, Cooper Price, Pete Dunn, Brean Gaston and Delbert Grant.

## Parenting classes begin Tues.

Effective parenting is one of the most rewarding tasks in life -- it is also one of the most challenging.

Few parents have received any training even though it is one of the most important things they do as adults.

To help parents become more effective, a Parenting Class Series is scheduled to begin on Sept. 21. The class will be from 9:30 to 11:30 a.m. on four Tuesday mornings beginning Sept. 21. Additional classes will be Sept. 28, Oct. 5 and Oct. 12.

The video based class will be led by Evelyn Yeatts, County Extension Agent. The materials used will be STEP, Systematic Training for Effective Parenting.

The class is open to any parent or anyone involved in caring for children. This educational program, like all programs conducted by the Texas Agricultural Extension Service is open to people of all ages regardless of socio-economic level, race, color, sex, religion, handicap, or natural origin.

The Parenting Class will be held in the Library Meeting Room at the Cooke County Library located at 200 S. Weaver. Pre registration for interested people should be done by calling Evelyn Yeatts at 668-5412. The class is free unless a participant decides to purchase a class book, but this is not required.

# Wildcats claw Muenster

"We were beaten by a much superior ball club," Muenster Coach Grady Roller stated. "We couldn't match their team quickness and team speed or hold our blocks. The boys played real well though, cutting down on mistakes."

Muenster had the opening offense last Friday night but, on the third play of the game, fumbled the ball to Archer City. The next play, Jason Huchton stepped in and picked off a Wildcat pass. Unsuccessful plays forced a Muenster punt, but the Hornets' offense was back on the field four plays later when Cory Cain's hit popped the ball loose with Huchton covering on the Wildcat's 40-yard line. Three plays later, on 2nd and 16, Archer City picked off a pass deep in their own territory. Six plays later, the Wildcats were on the board following a 65-yard touchdown run. The extra point kick was good and, with 4:10 on the clock, The Hornets trailed 7-0.

The Hornet crowd was soon on their feet when Cody Sicking returned the kick 88 yards for a Hornet touchdown; the extra point failed for a 7-6 ball game.

Archer City bounced right back and, in five plays (the 5th being a 50-yard run), the Wildcats scored again. The extra point was no good for a 13-6 ball game with 1:27 still remaining in the first quarter.

Muenster's next drive was assisted by a 15-yard roughing-the-passer call. Scott Debnam got an 18-yard gainer to begin the 2nd period, but the next play saw the Wildcats again intercept a Hornet pass. In seven plays, Archer City marched 55 yards into the end zone. Again, the extra point failed for a 19-6 score three minutes into the 2nd quarter.

The Hornets couldn't get the needed yards, and punted possession to the Wildcats. Ten plays moved Archer City 72 yards and into the end zone for another touchdown. The PAT kick counted for a 26-6 score with 3:08 on the clock. As if that wasn't bad enough, two plays after the kick, Archer City got another interception and ran this one back 30 yards for their 5th touchdown. No extra point followed and the scoreboard read 32-6.

Muenster got in 3 good runs by Jerry Reed, James Klement and Jason Huchton before a loose ball at midfield was covered by Archer City.

A 13-yard run and two 15-yard penalties gave the Wildcats a 1st and goal on the 9-yard line.

Muenster's goal line defense held for 3 plays and time ran out for a 32-6 halftime game.

In the 3rd quarter, time ticked by quickly. It was 3 plays and punt for both teams. The Wildcats' 2nd drive was halted when Rodney Vogel covered a loose ball on the 48-yard line. Runs by Klement and Debnam and a 22-yard completed pass from Huchton to Jay Hennigan gave Muenster a 1st and goal on the 4-yard line. Four plays only gained 1 yard and the Wildcats took over going into the final quarter.

Several long runs took Archer City to Muenster's 24-yard line where a completed pass in the end zone added another 6 points to the Wildcats' score, 39-6, with 10-1/2 minutes remaining in the game.

Starting on their 44, Muenster's next drive was assisted by 2 penalties. The next 12 plays also saw 2 short runs for 5 yards, 2 completed passes, 1 to Debnam and the other to Hennigan, for 28 yards and 6 incomplete passes. Muenster threatened to score, getting to the 5-yard line before running out of downs.

The defense held Archer City, forcing them to punt out of the end

zone. Again, the Hornets took to the air. Reed completed a pass for a 16-yard gain and the next play Hennigan picked up 27 yards on a Huchton pass.

Huchton gained another 13 on a quarterback keeper to the 20-yard line. After 3 incomplete passes, on 4th and 10, another quarterback keeper took the ball to the 8. Huchton found A.J. Knabe open in the end zone for 6 points, the extra point failed and, with 31 seconds remaining in the game, the score ended 39-12.

## 2nd week of Contest proves to be harder

The second week of The Enterprise Football Contest proved to be either harder or full of upset games over the weekend.

Of the 55 contestants, 49 missed Notre Dame's 27-23 win over Michigan, 43 wrongly picked the L.A. Rams and 42 missed the University of Houston's defeat from Tulsa.

Of local interest, 8 entrants hoped Muenster would win, 4 picked Era to lose and Gainesville to win. Also, 11 wrongly picked Callisburg over Lindsay, while only 2 missed the Collinsville game.

In the tiebreaker game, 7 believed Sacred Heart would win over Windthorst. Guessing the closest to the final score was Wilfred Bindel with a 25-14 score. Barbie Barnhill missed by 2 points and Vince Felderhoff by 3. The farthest off score was 41-0.

Bonnie Stoffels took the top weekly prize again, missing 5 games. She picked up her \$15 at Walterscheid Oil Company, last week's tiebreaker sponsor. Three tied for 2nd place, with 24 correct winners; Edna Hermes of Lindsay took 2nd place. Edna was 10 points from the final Tiger score and got her cash prize at Muenster Auto Parts. Fifteen points in the tiebreaker awarded Mike Stoffels the 3rd place prize which he collected at The Crafty Olde

German. Tony Fuhrmann of Lindsay settled for 4th place and no prize when his tiebreaker score had a 29-point spread.

Doug Stoffels, Wayne Klement and Vince Felderhoff each had 23 correct guesses, while Randy Miller, Neil Huchton, Mark Fuhrmann, Sara Long, Mike Felderhoff, Nick Stoffels, Steve Beavers and Benny Haverkamp each missed 8 games.

## Don't Let Dollars Go DOWN THE DRAIN...

With Water Heating Costs

Did you know that water heating makes up 25% of your utility bill? That's why it pays to install an energy-efficient water heater in your home. Check with your local electric cooperative for details on the Centsible Water Heater Program. By installing a safe, energy-efficient electric water heater in your home, you can collect cash rebates and save on your utility bill, too.

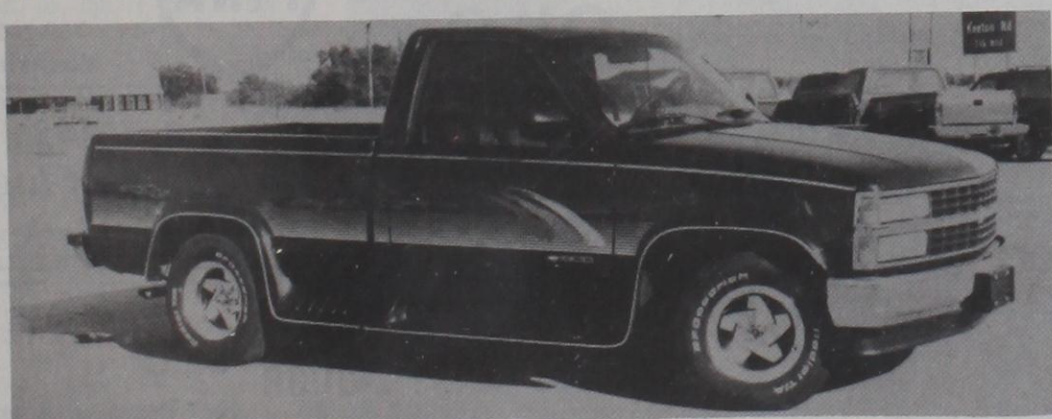

- Install an insulating water heater jacket
- Set the thermostat to medium or low (120 degrees)
- Repair leaky faucets
- Insulate hot water pipes
- Check the tank and elements for sediment build-up

To learn more about the Centsible Water Heater Program or other Centsible Saver programs, call:

# Jr. High/Jr. Varsity Action

## Sacred Heart 6, Windthorst 8

The Cubs hosted Windthorst on Sept. 9, with an exciting comeback that came up short.

Windthorst took the opening kick and took only 4 plays to travel 64 yards for a touchdown. A 19-yard run by Jesse Wolf and the extra point by Wes Johnson gave the young Trojans an 8-point lead 2 minutes into the game.

Jeff Yosten got in a good run behind some good blocking on Sacred Heart's first play, but two motion flags were followed by a fumble recovered by Josh Rivard. After 3 plays and a kick, the Cubs again had possession. Runs by Yosten, Aaron Hess, Matthew Fuhrmann, Lucien Gehrig, Matthew Nasche and a pass from Fuhrmann to Yosten carried the Cubs into the 2nd quarter. Two incomplete passes and a quarterback sack forced a Sacred Heart punt, but a fumbled return covered by the Cubs returned possession of the ball back to the Cubs on the Trojan's 42. A Fuhrmann to Yosten pass play took the ball inside the 10, but flags and a sack were followed by a fumbled ball and the Trojans took control. Eleven plays later and only seconds on the clock, the Cubs got in one more play before halftime. But their pass attempt was intercepted.

The Cubs had 3 drives in the third quarter with 2 ending in fumbled turnovers and the third started when

Waylon Hess covered a loose Windthorst ball. Penalties plagued Sacred Heart, setting them on the 45-yard line. On 3rd and 22, Jeff Yosten broke several tackles after completing a pass from Nasche and found paydirt. The extra point attempt to tie the game failed for an 8-6 ballgame with 7:36 remaining in the game.

Possession zigzagged back and forth between the two teams as time ticked off the clock.

"The team did a good job. They played good defense and got in good blocks," commented Cub Coach Danny Walterscheid. "We had plenty of opportunities to score, but they slipped through our fingers." Walterscheid also credited Sacred Heart for holding Windthorst to only 8 points. "There's room for improvement, but they are getting better," he concluded.

The Cubs traveled to Collinsville Thursday night, Sept. 16, for a 6 p.m. game.

**Muenster B 14, Archer City 14**  
Muenster's Junior High Hornets were given their 1st test last week Thursday at Archer City.

The "Bee" boys scored on the first drive of the game, moving downfield to the 12-yard line. Brent Sicking carried the ball into the end zone with John Roller running in the extra point for an 8-0 Muenster lead.

Muenster's next touchdown was set up by a fumbled ball on the 40-yard line. A good run each by Jesse Luke, Aaron Klement and John Roller put the young Hornets on the 11-yard line, assisted by good blocking by Jeff Hellman, Jerry Stoffels, Justin Klement and Brandon Grewing.

Brent Sicking again had the honor of adding points to the scoreboard with an 11-yard run. The extra point run was no good for a 14-0 score going into the 2nd quarter.

Archer City scored in the 3rd quarter for a 14-8 score, then tied the game with 9 seconds remaining in the final period. Muenster's defense kept the 'Cats out of the end zone on the extra point.

Extra good defense is credited to Jesse Luke and Bill Hellman for keeping Archer City's sweeps down. The next "B" game is scheduled for Oct. 14 at Valley View.

**Muenster A 22, Archer City 8**  
Muenster's Junior High Hornets started action Thursday night at Archer City on the kick. On the 'Cats second play of the game, a fumbled ball was covered by the Hornets. Three plays later, Chad Roller hit pay dirt on a sweep around the end for a 28-yard touchdown run. The extra point pass from Scott Hermes to Eric Walterscheid gave Muenster an early 8-0 lead.

In the second quarter, Archer City returned a punt 60 yards for 6 points. Their extra point was in and the first half ended in an 8-8 tie.

The Hornets received the opening kick to begin the 3rd quarter. Short runs by Scott Hermes, Eric Walterscheid and Jeremy Walterscheid carried the ball the length of the field. A 1-yard run by Eric Walterscheid found the end zone. Again, a Hermes to Walterscheid pass worked for 2 points for a 16-8 score.

The teams changed possession a couple of times with the 3rd touchdown coming on a 57-yard run by Roller. The extra point run was short for a 22-8 final score.

The offensive line of Cody Perryman, Lucas Hartman, Cory Charles, Barry Fleitman and Brian Fleitman is credited for doing a good job opening the way for the Muenster runners.

There was good defensive play by almost everyone, but especially Bryan Hudspeth, Cory Anderle, Hartman and the Fleitmans all had outstanding defensive plays.

Next junior high action was Thursday, Sept. 16, at Bryson.

**Muenster 16, Archer City 13**

Ryan Klement was the hero of the night last Thursday in Archer City, when he blocked an attempted field goal that would have tied the game. But his outstanding defense gave Muenster's junior varsity a win.

No other information was made available.

SACRED HEART CUBS in afternoon football action with St. Mary's. Dave Fette Photo

**Lindsay 7th 14, Callisburg 0**

Lindsay's 7th grade Squires scored twice on Callisburg's Kittens last week Thursday. The first score was on the opening kick when Jeff Bezner ran it back 80 yards for a touchdown. Cory Neu ran in the extra point and Lindsay had an early 8-0 lead.

Early in the third quarter, the Squires struck again when Cory Neu broke away for a 70-yard touchdown run. The PAT failed for the 14-0 score.

Defensive standouts were Scott Arendt, Mark Zimmerer and Stacy Gieb.

Next action for the 7th grade was Thursday, Sept. 16 with Whitewright.

**Lindsay 8th 0, Callisburg 22**

"The boys played good defense and got in lots of tackles," said Coach Charlie Meurer. "The big difference was numbers. They had close to 40 players compared to our 15."

The Squires' defense was led by Jamie Baggs, Brian Covington and Steven Tepera. Tepera is also credited for executing the offense and moving the ball against a very talented team. The offensive line of Jeremy Rinner, B. Covington, Michael Taplin, Lambert Hess and Zack Fuhrmann assisted in opening up holes for the Squire runners.

Next action is Thursday, Sept. 16, with the Whitewright Kittens.

# Tigers striving for consistency

The Sacred Heart Tigers started their second contest of the season in a bad way, giving up 9 points early in the game at Windthorst last Friday night. "We continue to improve somewhat," commented Coach John Nasche. "Besides the touchdown on the first play and the safety on the bad snap on the punt, the Tigers played really good defense."

The Trojans took the opening kick to their 39-yard line. The first play Chris Bachman found Cody Wolf open for a 61-yard touchdown play. Jesse Sapp's kick was good and, within 49 seconds, Windthorst was on the scoreboard.

A 15-yard penalty on the kick return put the Tigers deep on their 18-yard line. A quarterback sack hampered Sacred Heart's attempt, forcing a punt from the end zone. A bad snap on the play was covered by the Trojans for a touchback and a 9-0 game with 9:42 on the clock.

Windthorst started their next drive from their 39, moving into Tiger territory before running out of downs. Sapp's 37-yard field goal gave the Trojans a 12-point lead halfway through the 1st quarter.

The Tigers were able to overcome their mistakes in their next drive, moving 70 yards in 8 plays. Starting on their 20, runs by Jason Hess and Neil Berres and Hess passes to Scott Frost, John Klement and a 21-yard pass play to Neil Berres carried the Tigers to the 10-yard line. Jason Hess' quarterback keeper around the right end, behind the blocking of Aaron Berres, put the Tigers on the scoreboard. The PA kick failed for a 12-6 game with 2:48 on the clock.

A clipping flag and quarterback sack by Jody Fleitman slowed the Trojans' drive, forcing a punt to begin the 2nd quarter. From their 27, the Tigers again marched down the field. Kelly Bayer completed a pass for a 13-yard gain. Runs by Hess and Klement and a pass to Berres put the ball on the Trojans' 23. An interference call added another 10 yards but, from the 13, the Tigers were unable to find the end zone. Windthorst took over on their 16. Ten plays later, Cody Wolf was in the end zone on a 4-yard run. Sapp zapped the extra point for a 19-6 game.

The Tigers' next drive was shortened by a fumbled ball covered by Ryan Schneider. Windthorst used up the remaining time leaving the Tigers with only seconds to get in one play before half.

"All of Windthorst's touchdowns and big plays were the results of miscues by the defense," said Nasche. "We're only a few mistakes away from a shutout."

The Tigers' offense began the 3rd quarter, but were there for only 3 plays, losing possession at midfield with a fumble. The Trojans attempted another field goal 6 plays later, but failed. It was 3 runs and punt for Sacred Heart's next attempt, returning the ball to Windthorst's 40-yard line. Six plays later and the Trojans scored again. This time on a 20-yard run by Bachman. Sapp's kick was good for a 26-6 game.

The Tigers played out the remaining 3-1/2 minutes with successful passes to Fleitman, Bayer and Klement and a 29-yard run by Berres took the Tigers to their 13-yard line to begin the final quarter. Then mistakes hit again. A motion flag and holding penalty pushed the Tigers to a 1st and 25. Two unsuccessful plays and an incomplete pass backed the ball to the 29-yard line. On 4th down, Hess found Berres, who was stopped at the 5-yard line, 2 yards short. The Trojans took over on the 5.

Sacred Heart's defense fought back, forcing a punt. The offense was on the field for 2 plays, the second intercepted by Bachman. The defense again forced a punt after quarterback sacks by Brandon Bayer and Chris Pagel.

Starting their next drive at midfield. The Tigers passed 4 straight plays to Kelly Bayer, taking action to the 1-yard line. A quarterback keeper by Jason Hess was good for 6 points. Neil Berres ran in the extra point for a 26-14 score with just over 3 minutes remaining in the game.

It was 3 plays and punt once more for Windthorst. But the Tigers' attempt to get on the board one more time was halted by an interception. The game ended with Jeremy Bayer sacking the quarterback.

"This was the best offensive game we've played. Our passing game was excellent," said Nasche.

Jason Hess passed for 199 yards with Kelly Bayer, John Klement and Neil Berres each catching over 60 yards."

"We must become more consistent - we have to play all 4 quarters to win," concluded Nasche.

### TEAM LEADERS

**Rushing** - Neil Berres 5/48; Jesse Sapp 17/99.

**Receiving** - John Klement 4/69; Neil Berres 4/68; Kelly Bayer 8/62; Cory Wolf 2/89.

**Defense** - Kelly Bayer, Brandon Bayer, Mike Schilling, Jason Hofbauer, Chris Bachman and Jesse Sapp.

### TEAM STATS

Sacred Heart	Windthorst
19	1st Downs 14
3/83	Rushes/Yds. 45/198
199	Passing Yds. 89
33/17/2	Att./Comp./Int. 8/2/0
1/38	Punts/Avg. 4/29
3/2	Fumbles/Lost 1/0
7/55	Penalties/Yds. 5/50
Tigers 6 0 0 8 14	
Trojans 12 7 7 0 26	

Sacred Heart will host the tough Collinsville Pirates this Friday. "I'm totally confident we can beat Collinsville, but it will take a complete team effort to win," commented Coach Nasche. "If we continue to improve, look for an upset." Game begins at 8 p.m.

JASON HESS held the ball in place as Michael Becker booted it away for Sacred Heart.

## Fishing Report

**RAY ROBERTS:** Water off color, 85 degrees, 11 feet low; black bass are good in deeper water during the day and in shallow water early and late with red shad Power Worms and chrome Rat-L-Traps most effective baits; crappie are good in the creeks and brush in 19-22 feet of water on minnows; white bass are schooling for the first time in a while and hitting slabs and Rat-L-Traps; catfish are good to 10 pounds drift fishing shrimp and worms.

**TEXOMA:** Water clear, 81 degrees, 1 foot low; black bass are good to 5 pounds on worms, cranks and spinners in 15 feet of water near shorelines; crappie are good on minnows in 15 feet of water near boat houses; catfish good to 52 pounds on a trotline in 20 feet of water on cut baits and shad; striped are good to 12 pounds on topwaters, slabs and trolling.

## Hunter Ed. course offered for area hunters

A course in hunter education has been scheduled for Sept. 27 through Sept. 29 from 6 to 10 p.m. in the Cooke County Electric Co-op Building. It will be taught by James C. Gehrig.

According to the Texas Parks and Wildlife Department's mandatory requirements, starting Sept. 1, 1989, those persons whose date of birth is during the period Sept. 2, 1971 through August 31, 1973, must have successfully completed the course in order to hunt in Texas. Effective Sept. 1, 1990, the age group affected will be those whose date of birth is during the period Sept. 2, 1971 through August 31, 1974 --

and so on. By Sept. 1, 1993 all hunters born on or after Sept. 2, 1971 must have successfully completed the course to hunt in Texas. "Any individual may take the course on a voluntary basis and is encouraged to attend regardless of requirements," said Gehrig. "The course is open to adults and youths and will include instructions in rifle, shotgun and bow hunting handling and safety; outdoor responsibility and ethics; laws and regulations; conservation; hunting traditions; wildlife identification; field care of game; and wilderness first aid and survival."

Classes will be limited so early sign up is encouraged. For more information, contact James Gehrig at (817) 759-4112.

### CONTEST RULES:

1. Only one entry per person per week. Persons entering must be 12 years old or older.
2. This page of schedules, results, predictions, pictures and the contest itself is supported by advertisers appearing here. Each ad contains a scheduled high school, college or pro game for Friday, Saturday or Sunday of the week of publication. Read each ad and circle the winner. Entries on forms other than original newspaper page will not be accepted.
3. In order to determine the prize winners in case of ties, you must predict the score for the tie breaker game listed in the featured ad above.
4. Print your name, address and phone number clearly in the space provided.
5. Deliver the full contest entry to **The Muenster Enterprise BEFORE 5 p.m. FRIDAY**, the week of publication. Mailed entries will be accepted only if postmarked before **Friday, 5 p.m.** Address for mailing entries is P.O. Box 190, Muenster, Texas 76252. Entries received late because of postal delay will be counted for the grand prize, but will not be eligible for the weekly prize.
6. The featured ad is picked at random each week. It contains the tie-breaker listing and is one of the winner/loser picks. Winner will pick up their prizes at that business each week on or after Tuesday of that week.
7. To be the grand prize winner, a contestant must enter every week. Contest will continue as long as either Muenster team remains in play. Winner of the \$100.00 grand prize will be determined by the best winning percentage throughout the contest after the lowest score is thrown out.

THE HORNETS keep Archer City out of the end zone as time ticked off the last seconds of the first half. Making the stop are Cody Sicking (30), Cory Cain (45), Charlie Luttmir (50) and Jason Huchton (11).

Janie Hartman Photo

# Knights tame Cats

The Lindsay Knights got their second win of the season with a 28-15 win over the Callisburg Wildcats last Friday in Callisburg.

"It was a game that we dominated, but turnovers and penalties kept us out of the end zone," commented Lindsay Coach Charlie Meurer. "Everything was going bad, the boys could have laid down, but their desire level was high."

Toby Eberhart started the action with the kick-off to the Wildcats. Lindsay's defense and two flags forced an early Callisburg punt.

The Knights started their first drive on their own 27. A total of 14 runs by Shane Huchton and Jeff Hale took the Knights to the 1-yard line. Huchton took the ball in from there for the game's first score. Eberhart kicked the extra point for a 7-0 game with 3:54 on the first quarter clock.

It was 3 plays and punt for Callisburg with Lindsay moving the ball into Wildcat territory. On 4th and 6, a run by Huchton came up a yard short and Callisburg took over on their 34. A 48-yard run carried the Wildcats to the 13-yard line and the 2nd quarter. After two incomplete passes and a short run, Callisburg set up for a field goal. The fake punt turned into a pass with Lindsay being flagged for interference, with a 1st and goal on the 5.

Jeremy Owen and Toby Eberhart stopped the 'Cats' first attempt, but quarterback Nathan Posey found Michael Love in the end zone for 6 points. A roughing-the-kicker flag on the extra point kick allowed Callisburg an extra run by Brandon Erwin for an 8-7 lead with 10:17 on the clock.

The Knights moved from one 30-yard line to the other in 8 plays, but mistakes held up the drive. A holding flag and fumbled play took the ball back near midfield. Huchton found George Lutkenhaus and got back 18 yards, but a 4th down pass play didn't connect and the 'Cats had the ball on their 29-yard line. After allowing a 19-yard gain, the Knights' defense stiffened a loose ball and a quarterback sack by Owen forced a Callisburg punt on 4th and 34.

A mix-up of flags finally placed the Knights on the 'Cats 45-yard line. Huchton picked up 9, but a flag backed up Lindsay 5 yards. On the 3rd play, Callisburg's Nathan Posey picked off a Huchton pass, but the next play Huchton got the ball back when he intercepted a Posey pass.

Dan Zimmerer ran for 10 yards, then 2 plays later completed a pass from Jeff Hale for another 30 yards to the 10-yard line. The next play, Posey picked off another Lindsay pass. Callisburg ran out the clock to end the first half.

"We had around 200 yards the 1st half and only 7 points," Coach Meurer said. "But the guys came together the 2nd half and put the game away."

Lindsay started slow, with their first drive ending in an interception and placing Callisburg only 3 yards from paydirt. Two plays later, Brandon Erwin was in the end zone. Posey's kick was good and Callisburg took a 15-7 lead with 9:32 on the clock.

The Knights failed to pick up the needed yardage in their next drive, punting the ball back to Callisburg. Two plays later, Shane Huchton picked off a Wildcat pass and Lindsay's offense was back on the field.

From the 'Cats' 45, six Huchton runs, one by Hale and a pass to Zimmerer brought the Knights to the 15-yard line. Chris Brown took the ball into the end zone followed

by the extra points pass from Huchton to Lutkenhaus for a 15-15 game, with 2:42 left in the 3rd quarter.

Starting from the 9-yard line, Callisburg moved into the final quarter to the 40 before punting the ball to the Knights. From their 40, Huchton and Hale again slowly drove down field, assisted by a 20-yard pass to Zimmerer. Lindsay had a 1st and goal on the 9-yard line. Huchton took the ball in and the Knights had a 22-15 lead with 5 minutes left in the game.

Callisburg's next drive was cut short when a Lindsay defender tipped a pass that was caught by an offensive lineman, who threw the ball down for Lindsay to cover only 11 yards from the end zone.

Brown picked up 5 yards on a run, but Huchton again had the honor of scoring the touchdown. The PAT didn't count and the Knights extended their lead to 28-15 with 3:42 on the clock.

The teams exchanged possession as time ran out for Callisburg.

TEAM STATS		
Lindsay		Callisburg

Callisburg	0	8	7	0	15

Lindsay will play host to the Whitewright Tigers Friday night. "Again, we are dealing with another 2A school," said Meurer. "They're 0-2, but played two highly-ranked teams. It should be a good contest."

The Tigers are led by running back Rodney Wilson who rushed for 648 yards and 8 TD's while adding a 167-yard receiving last season. Defensively, Shelton Blanton will be pounding heads, credited for 108 tackles his freshman year.

Game time is 8 p.m. at Knights Field.

# Lindsay examines expansion plans

by Elaine Schad

The City of Lindsay could expand its water system within the next few years in order to increase water capacity and pressure.

City Council members, during the council's regular September meeting, heard a report on the Lindsay water system from John Belt and Les St. John, representing Hawkins and Associates Engineers of McKinney. Lindsay Mayor Robert Walterscheid said the city is at the point where expansion is being considered due to the need for increased water pressure. Walterscheid said additional growth in the community will also require that the city increase its water capacity.

The council requested that engineers research costs for increasing overhead storage capacity for the city's present water system as well as cost estimates for building a new water well and possibly looping the water system for more efficient utilization of the

system. The city had asked residents this summer to voluntarily limit their outdoor watering during the dry weather due to water pressure problems. Walterscheid said the voluntary rationing worked well, and that the situation has been relieved due to recent rains in the area.

In other business, council members adopted a new no parking ordinance for the area in front of and on either side of the new athletic stadium and the new parish center. The two facilities are adjacent, and the road in front of the facilities is too narrow to allow on-road parking. The new ordinance will enforce no parking from the western city limits and from Fourth Street to Ash Street near the facilities. Walterscheid said the new ordinance will be strictly enforced during activities that are being held at either facility to help alleviate any parking problems.

The council appointed John Kasperek to the Planning and Zoning Committee replacing Steve Bell. Members also discussed maintenance problems with the new police car and will look into estimates for repair or replacement of the vehicle.

# BPS to offer fall theater youth classes

This Fall the Butterfield Stage Players (BSP) will continue their theater classes for youth expanding the program to include sessions for children five to 13 years of age. Once again BSP veteran actresses Sue Viktor and Shannon Lunsford will serve as instructors for the creative course. Also assisting with the class this semester will be area drama instructor, Craig Hertel.

Mrs. Viktor, well known to local audiences for her comedic musical performances, received her B.A. from the University of North Texas in Denton. Immediately following graduation she began her extensive career performing on stages throughout the United States and the Orient. Since moving to this area, Viktor has performed at Fort Worth's Casa Manana, Butterfield Stage, and has produced and directed the Mountain Springs Musical for the past ten years.

Ms. Lunsford began her dramatic work at Snyder High School where the acting company was selected as best in the State and she was chosen as a member of the all-star cast. Lunsford continued her studies at Howard Payne University in Brownwood, then graduated from Dallas's K. D. Studio's Actors;

Conservatory of the Southwest. After appearing in numerous BSP productions, she has just recently returned from California where she worked at Universal Studios.

The Fall semester classes will be held for a ten week period beginning Sept. 27 continuing through Dec. 9. They will be divided into three sections: Creative Dramatics (for children five to eight) to be held on Monday or Wednesday afternoons from 4:30 to 5:30 p.m.; Introduction to Theater (for youth ages nine to 13) to be held on Tuesday afternoons from 4:30 to 6 p.m.; and Youth Theater (for youths age 9 to 13 who participated in the '93 Spring semester class) to be held on Thursdays from 4:30 to 6 p.m.

Registration for the Fall semester began Tuesday, Sept. 14 and will continue through Sept. 27, Monday through Friday, from 10 a.m. to 1 p.m. and 2 to 4 p.m. at the theater, 201 S. Denton. Class size will be limited, so early registration is encouraged. A limited number of scholarships will be made available by Butterfield Stage. Scholarship forms may be obtained at the theater and must be returned by Sept. 24.

CHAD ENDRES

BRAD ENDRES

## Brad and Chad are 5!

Brad and Chad Endres, sons of Jim and Shirley Endres, celebrated their fifth birthday at Tender Loving Care Day Care Center on Wednesday, Sept. 8. Cupcakes were enjoyed by all of their friends and caregivers.

An evening celebration continued with supper and birthday cakes at The Center Restaurant. Also observing a birthday was the twins maternal grandmother Dorothy Swirczynski. Her birthday was the following day, Sept. 9.

Gifts were opened and pictures were taken. Those attending were the twin honorees; their parents; sisters DaLana and Allison; aunt Janet Endres; the honored maternal grandmother Dorothy Swirczynski; and paternal grandparents Don and Dorothy Endres.

The twins also enjoyed a

memorable trip to the Fort Worth Zoo on Sunday, Sept. 4 with their parents and their sister Allison. A train ride highlighted the afternoon entertainment.

## Fall Festival readied in Pilot Point

The annual St. Thomas Fall Festival is set for Sept. 19 on the church grounds, located at 914 E. Charcut in Pilot Point.

A German sausage and smoked brisket dinner will be served from 11 a.m. to 2 p.m. There will be a children's midway that will include a toy walk, bubble house and other games. Also included will be a horseshoe tournament, cake walk, sweet shop, bingo, snack bar as well as an arts and crafts store with handmade needlecrafts, canned items and Christmas items. An auction will feature more than 80 items which will include handmade quilts, dinners, groceries and many more items.

## Kristen feted on 4th!

Kristen Renee Miller, daughter of Mr. and Mrs. Glenn Miller, celebrated her fourth birthday on Aug. 13, 1993. A "Barney" party was hosted by her mother in the afternoon. Guests enjoyed refreshments of a "Barney" cake, made by her mother, with ice cream and punch. A "Barney" piñata and other games were played. Pictures and videos were made.

Guests included Kristen's sisters, Dana and Lisa Miller; the grandmothers, Mrs. Herbert Miller and Mrs. Julian Walterscheid; and aunts and cousins, Sandra, Aaron and Kevin Walterscheid; Elaine Schilling; Gayle and Amelia Burke; Kathy, Jessica and Neil Berres; and friends, Angie and Katie Cox.

## New Arrivals

### Haverkamp

Floyd and Penni Haverkamp announce with joy the birth of a daughter on Monday, Sept. 6, 1993, at 8:45 a.m. in the Denton Regional Hospital Women's Pavilion. They have named her Olivia Ann Haverkamp. She weighed 7 lb. 9 oz. and measured 19-1/2 inches in length. She joins a sister, Courtney, at home. Olivia Ann's grandparents are Jerry and Monica Hess and Dan Haverkamp. The great-grandparents are Wilfred and Marie Herr of Gainesville, Gary and Caroline Hess and Rosalie Haverkamp, all of Muenster.

### Henscheid

Steve and Kyla Henscheid are the proud parents of a son, Jordan Wayne Henscheid, born on Aug. 29, 1993, at 2:38 p.m. at HCA Denton Community Hospital, weighing 8 lb. 11 oz. and measuring 20-1/2 inches long. Jordan Wayne joins a sister, Stephanie, at home. Their grandparents are Bobbie and Kenneth Hale and Carol and Ervin Henscheid, all of Muenster. The great-grandmothers are Molly Hale of Burkburnett and Geneva Side of Wichita Falls.

### Steadham

Charles and Jennifer Steadham of Forestburg are parents of their first child, Emily Anne Steadham, born on Aug. 30, 1993 at 10:54 a.m. in the Women's Pavilion of Denton Regional Medical Center, weighing 7 lb. 8 oz. and measuring 19 inches long. Emily's grandparents are Mr. and Mrs. Donal Steadham of Forestburg; Tommy and Linda Ellender of Gainesville; and Billy and J.R. Biffle of Forestburg. There are three great-grandmothers, Emma Steadham of Forestburg, Frankie Biffle of Rosston and Ann Ward of Gainesville.

### Pagel

With great joy, Dwayne and Denise Pagel announce the birth of their first child, Nicole Geneva Pagel, on Sept. 2, 1993 at 12:37 p.m. in HCA Denton Community Hospital, weighing 7 lb. 3 oz. and measuring 18-1/2 inches in length. Nicole Geneva's grandparents are Mr. and Mrs. C. William Hermes and Maurice Pagel and the late Geneva Pagel. The great-grandparents are Mrs. Clem Hofbauer of Muenster and Mr. and Mrs. Julius Hermes Sr. of Lindsay.

## It Was News Then...

### 50 YEARS AGO Sept. 17, 1943

School enrollment totals 399 on opening day. Red Cross Blood Drive accepts 32 pints. Valley View Catholics buy lot in Valley View for new church in near future. There are about 25 families.

### 30 YEARS AGO Sept. 13, 1963

Work is about 75% finished on Muenster Memorial Hospital. Frater Frowin Schoech makes solemn profession at Subiaco Abbey. Harry Fisher begins last year at St. Maur's Seminary for priesthood. Lindsay begins use of new water system. Twenty are entered in contest for Miss Muenster at State Fair. New arrivals: a son for Mr. and Mrs. Gordon Linns; a daughter for Mr. and Mrs. William Hermes; a daughter for Mr. and Mrs. Paul Klement. Football: Muenster Hornets 28, Pilot Point Bearcats 58; Windthorst 12, Lindsay Knights 0; SH Tigers 20, Fort Worth Christian 0. Weddings: Jane Hesse marries

Jim Myrick; Maxine Schmitz marries Paul Sandmann.

### 10 YEARS AGO Sept. 16, 1983

Building activity is on the increase locally, at least 14 new homes and several remodel-repair jobs are underway. Both Muenster schools are vandalized. Red Cross Blood Drive amounts to 83. TP&L names Larry Kinard Jr. to district service supervisor in Hillsboro. Muenster is one of sites chosen in network of automated rain gauges within watersheds of Lake Grapevine and Lake Lewisville to report rainfall amounts as they occur. Kerri Yosten wins first prize in national poster contest sponsored by Catholic Daughters of America. Weddings: Elaine Walterscheid and Dale Schilling are married in Sacred Heart Church; Donna Schumacher and Joel Harlow are married in St. Mary's Church. Clarence Hellman honored on 75th birthday. New arrivals: Karey Chanel Insel to Mr. and Mrs. Larry Insel; Mitchell John Herr to Tim and Kathie Herr.

# Important information about paying your September electric bill.

It was a long, hot August.

Day after day, you saw temperatures over 100 degrees, with your home's air conditioner running full blast.

All that energy use is showing up on your September electric bill, along with a rate increase.

If all this puts a strain on your household budget, we understand. And we'd like to offer our residential customers some relief.

If you prefer not to pay all your bill at once, you can pay half or more now and the balance with the following month's payment.

No interest charge, of course.

You don't even need to call us to take advantage of this special offer. Just pay at least half now and we'll take care of all the details.

Look for the special insert in your September electric bill.

*We are overwhelmed at the outpouring of respect shown in memory of our beloved husband, father and grandfather, Gilbert Endres and at the number of communications we have received since his death.*

*We are offering you our thanks and asking God to bless all of you.*

*Elsie Endres  
LouAnn and David Spaeth  
George, Brenda and John Spaeth*

**Services for Mrs. Alice Murrel Rosson, 66,** formerly of Era, were held Monday, Sept. 13, 1993 at 10 a.m. in the Vernie Keel Funeral Chapel. Rev. W.J. Idell, retired Nazarene minister, assisted by Rev. Hollis Parsons, Eastside Nazarene Church, and Rev. Ernest Conrad, retired Nazarene minister, officiated. Interment was Era Cemetery. Mrs. Rosson passed away Saturday in the Gainesville Memorial Hospital after a lengthy illness. She was born April 30, 1927 in the Forestburg community. Her parents were the late George Wesley and Mary Alice Smith Brown. She and Tom P. Rosson were married June 5, 1948 in Gainesville. He preceded her in death May 26, 1990. Mrs. Rosson was a member of the East Nazarene Church and a homemaker. She is survived by two daughters, Mrs. Gayle Comer and Mrs. Phyllis Fenley of Gainesville; three grandchildren; three sisters, Mrs. Hazel Barkley of Borger, Mrs. Emma Lee Steadham of Forestburg and Mrs. Estelle Kelley of Gainesville; two brothers, W.W. Brown of Borger and Cloyce Brown of Gainesville; and several nieces and nephews. Pallbearers were Mike Amis, Lanny Kelley, Mark Amis, Raymon Kelley, Larry Brown and Charles Steadham. Mr. and Mrs. Marvin Maberry Sr. left Friday to spend the weekend in Daingerfield with their son and wife, Mr. and Mrs. Marvin Maberry Jr., and grandchildren, Mrs. Marla Bullard and family and Marvin Maberry III. Saturday afternoon, Sept. 11, from 2 to 4 p.m., Mrs. Marvin Maberry (Linda) was hostess in the Daingerfield United Methodist Church Fellowship Hall for a retirement reception honoring Marvin Maberry Jr. for 25 years of service with the Department of Public Safety. Those attending were Mr. and Mrs. Marvin Maberry Sr., and Marvin Jr.'s children, grandchildren, stepchildren and step-grandchildren; and other relatives and friends. Mr. and Mrs. Marvin Maberry Jr. have converted a brick home they own into a bed and breakfast house. It is a 2-bedroom, 1-bath brick cottage with woodburning fireplace and patio in a secluded area near the Lake of the Pines and the state park. Mr. and Mrs. Marvin Maberry Sr. had the privilege of lodging in the new bed and breakfast cottage while they were there. Marvin and Della returned to their home at Leo Sunday evening after having a very enjoyable weekend. Mr. and Mrs. Clifford Hudspeth drove to Oklahoma for the weekend. They visited the Arbuckle Mountains, Arbuckle Wilderness and Turner Falls, then drove to Lake Murray and had a very enjoyable weekend. Mrs. Merle Hudspeth and Mrs. Charlene Woods visited with Mrs. Imogene Evans in Denton Tuesday. Mrs. Gladys Balthrop received greetings from her grandson, David Ray Smith, at Ellsworth Air Force Base in South Dakota Sunday. He was wishing her a Happy Grandparents' Day.

## NOTICE OF RATE CHANGE REQUEST and STATEMENT OF INTENT

Notice is hereby given that Cooke County Electric Cooperative Association (the "Utility") intends to change rates for electric utility service effective December 2, 1993, or as soon thereafter as may be permitted by law. The Utility has not had a general rate increase since 1990. Based upon a test year ending December 31, 1992, the increase requested over actual test year revenues is \$591,528 or 4.93%. The changes are applicable to all areas, all customer classes except the LP Substation class, and all customers served by the Utility.

The Utility proposes to change the rates for energy for residential, irrigation, small commercial, public buildings, large power, and lighting classes. The proposed changes are expected to affect the classes as follows: for the 8,018 customers in the Farm and Home class, the proposed increase will be \$399,910 or a 7.91% change in revenues; for the 1,346 customers in the Small Commercial class, the proposed increase will be \$133,857 or a 10.82% change in revenues; for the 17 customers in the Irrigation class, the proposed increase will be \$5,617 or a 17.80% change in revenues; for the 70 customers in the Public Buildings class, the proposed increase will be \$16,295 or a 13.06% change in revenues; for the 434 customers in the Large Power class, the proposed increase will be \$21,416 or a .52% (52/100 percent) change in revenues; for the 1,639 customers in the Lighting class, the proposed increase will be \$19,050 or a 13.19% change in revenues.

Information concerning the proposed rate changes is available at the General Office of the Utility, located at East Highway 82, P.O. Drawer 530, Muenster, Texas 76252. Inquiries should be directed to Philip E. Slater, General Manager.

The Utility is required to give notice of the percentage increase in base revenues which is 21.39%. The percentage increase in base revenues is not an indication of how much your bill will increase. Rather, it is a measure of the increase needed by the Utility for its own operations, excluding payment of the cost of power purchased by the Utility from its wholesale power suppliers.

On or about October 1, 1993, the Utility will file with the Public Utility Commission of Texas, a Statement of Intent to Change Rates, including the proposed revisions of tariff and schedules and a statement. Requests to intervene must be filed no later than 45 days after the application filing date. Thus, the Utility anticipates the deadline for intervening and objecting to the rate changes will be November 15, 1993. Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227, or (512) 458-0221 teletypewriter for the deaf.

# Farm & Ranch

## DID YOU KNOW

An African cattle breed may have promise for use in U.S. cattle operations, the Texas Agricultural Experiment Station reports. The experiment began in 1991 when semen from Boran and Tuli cattle arrived in the United States from Australia, where the African breeds had been brought through new importation facilities.

Tuli and Boran are adapted to subtropical and tropical conditions. Researchers hope they can capitalize on that adaptation while improving carcass traits and possibly other production factors, such as age at puberty and calving ease.

Brahmans, an American breed developed from Indian ancestry, are valued for their hardiness in warmer climates. Their crosses with such British breeds such as Angus and Hereford are well known for their cow productivity, but generally they have lower meat quality and are later in reaching puberty than the British breeds.

The bumper sticker that reads "Eat more beef, run over a chicken" may not be far from the truth. Cattle producers will have to find ways to cut into the market share of other meats to increase demand for beef by the mid-1990s.

The industry is building its cow herds as part of a normal 10-year cycle, which means a greater supply of beef coming to market in the next several years. By 1995, there will be about 1.9 billion additional pounds of beef that will have to be consumed. Population growth in the United States and exports will absorb about 408 million pounds of that growth, but that still leaves nearly 1.5 billion pounds for this country to consume domestically.

Presently, per capita meat consumption is nearly 225 pounds per year. In 1995, industry

projections are that it will be about 240 pounds per year.

The beef herd expansion means that cattle producers must seize the initiative and take more of the market from their competitors - poultry, pork and imported beef.

Remember - farm safety is in your hands!

Keep careless accidents in tow with a total farm safety program... it pays!

## PROCLAMATION

by the County Judge of Cooke County

TO ALL TO WHOM THESE PRESENTS SHALL COME:

I, Ray Russell COUNTY JUDGE OF Cooke COUNTY DO HEREBY DECLARE THE WEEK OF SEPTEMBER 19 - 25, 1993 AS FARM AND RANCH SAFETY AND HEALTH WEEK IN Cooke COUNTY, FOR THE FOLLOWING REASONS:

WHEREAS, THIS BEING THE 50TH ANNIVERSARY OF THE OBSERVANCE OF FARM AND RANCH SAFETY AND HEALTH, EMPHASIS IS PLACED ON CHILD, TRACTOR, AND CHEMICAL SAFETY AS IS ALSO BEING PROCLAIMED BY THE GOVERNOR, AND

WHEREAS, THE MAJORITY OF ACCIDENTS RESULTING IN SERIOUS INJURY OR DEATH TO FARMERS, RANCHERS, FAMILY MEMBERS, AND AGRICULTURAL WORKERS ARE PREVENTABLE. COMBINING ENGINEERING ADVANCES WITH EDUCATION INITIATIVES CAN REDUCE THE LEVELS OF PREVENTABLE ACCIDENTS, INJURIES AND DEATHS ON AMERICA'S FARMS AND RANCHES, AND

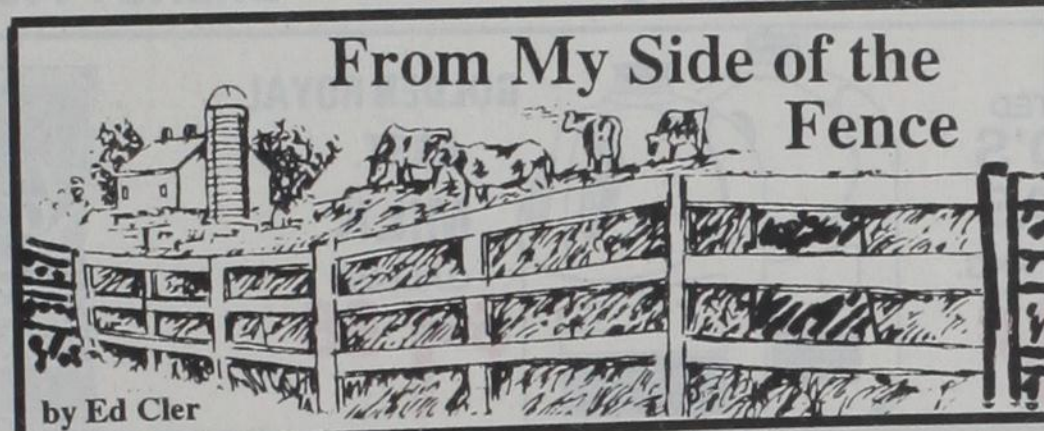

WHEREAS, THE 1993 THEME, "SAFETY AND HEALTH... AGRICULTURE'S FUTURE" PROMOTES THE INITIATIVE THAT EVERYONE IN AMERICA SHOULD BE CONCERNED ABOUT AGRICULTURAL PRODUCTION AND ITS LONGEVITY AND STRENGTH IN THE GLOBAL ARENA. EACH FARMER AND RANCHER NOW FEEDS NEARLY 100 PERSONS AND EMERGING TECHNOLOGIES INDICATE THAT OUR FUTURE LOOKS BRIGHT FOR EXPANDING THIS MILESTONE.

THEREFORE, EVERY U.S. CITIZEN SHOULD PAUSE A MOMENT DURING THIS WEEK OF OUR 50TH ANNIVERSARY, AND RECOGNIZE THE DEDICATION OF OUR FARMERS AND RANCHERS, DAILY, TOWARD STRENGTHENING THE WELFARE OF OUR GREAT NATION. THEIR EMOTIONAL, ECONOMIC AND ENVIRONMENTAL HARSHIPS SHOULD NOT GO UNNOTICED.

THUS, THE NATIONAL SAFETY COUNCIL, THE TEXAS SAFETY ASSOCIATION, THE TEXAS AGRICULTURAL EXTENSION SERVICE, THE TEXAS FARM BUREAU, TEXAS DEPARTMENT OF AGRICULTURE, THE TEXAS FARM AND RANCH SAFETY COUNCIL, AND OTHER, WISH TO RECOGNIZE ALL AGRICULTURISTS, WITH SPECIAL EMPHASIS TO OUR SAFETY SPECIALISTS AND TO THOSE FARMS AND RANCHES SEEKING AND FOLLOWING THEIR ADVICE FOR A SAFER FARMING COMMUNITY.

THEREFORE, I URGE EVERYONE TO TAKE THE NECESSARY PRECAUTIONS FOR THEIR OWN SAFETY AS WELL AS THE SAFETY OF OTHERS ON AND OFF THE JOB. I URGE OUR LEADERS IN AGRICULTURE TO IMPROVE AREAS OF SAFETY AND HEALTH EFFORTS ON YOUR OWN OPERATION AND IN YOUR COMMUNITY BY EXAMPLE AND BY EDUCATIONAL PROGRAMS.

SIGNED: Ray Russell  
County Judge

To enlarge a bit on last week's article about our elected officials in Washington, D.C., I always thought we, the citizens of America, were living in a democracy. But after some of the things our congressmen

have done, for themselves, I was prompted to look up the word "democracy" in my dictionary, and I will quote some of the definitions: 1) government in which the people hold the ruling power, either directly or through elected representatives; 2) a country or state with such government."

I have always believed an elected official was expected to do the will of his electors, but that seems to have changed. Since 1989, when congressmen were paid \$89,500.00 a year, they have given themselves a pay hike of over \$44,000.00 or 50%, and not by the will of the people. With this pay increase, along with other enhancers and pensions, they have put themselves in the class of the very wealthy and, at the same time, took us out of a democracy and began a "plutocracy." Plutocracy, as defined in Webster's is 1) "government by the wealthy, 2) a group of wealthy people who control or influence government."

If our Congress ever wants to get serious about reducing the national deficit, they should show their sincerity by rescinding some of the pay and entitlements they have granted themselves, and get back to looking at our problems in the same light as the rest of us do. This would go a long way in their, again, gaining the respect of the everyday citizen.

# County Agent's Report

by Craig Rosenbaum

### Use Leaves for Compost

Autumn is here and with it comes the yearly chore of keeping the lawn free of fallen leaves. These leaves should be removed from the lawn, not only for appearance sake but also to prevent damage to the grass. A heavy blanket of leaves can smother the lawn if allowed to remain. In previous years, the leaves were burned or hauled to the dump to be burned or buried. Air pollution controls have made the smell of burning leaves a thing of the past. Actually, leaves are much too valuable to burn. A better procedure is to compost them and provide a ready source of composted soil for use in preparing flower and shrub borders, for potted plants and as a top-dressing for the yard.

The simplest method of composting leaves or other vegetable matter is to build up alternate 4- to 6-inch layers of vegetable matter with 2 or 4 inches of good garden soil. Sprinkling a commercial fertilizer on each layer of vegetable matter will hasten decomposition. One-half, or equivalent, per 10 square feet of vegetable matter layer is sufficient. Manure, if available and free of weeds, may also be added to good advantage to the soil layer.

The compost pile should be 4 to 6 feet wide and of any desired length. The top layer should consist of soil and the surface of the pile should slope toward the center forming a basin to hold water. The layers of leaves should be watered thoroughly as they are spread out, and when the pile is completed, additional water should be added periodically to keep the material moist but not soggy.

The compost should be turned or mixed with a garden fork or shovel every three or four months, and within six months to a year, it should be ready for use.

test to wheat farmers in selected counties in eight states, based on wheat production and MPCCI experience. Cooke County is one of 33 counties in Texas selected for this pilot test.

With GRP, producers have a choice of MPCCI or GRP. Of course, GRP is not the best alternative for every wheat farmer. It's most effective if your farm yields are consistent with county yields. For farms with yields different from the county's, MPCCI may be a better alternative. Producers can't buy both GRP and MPCCI coverage in the same county for the same crop year.

The expected county yield used for GRP is calculated by FCIC using the National Agricultural Statistics Service (NASS) data. It includes adjustments for new technology, improvement in farming practices and other yield trends. As a result, this expected county yield value should be much closer to producer projections than a simple average.

Although GRP should be a good choice for just about any wheat grower, it may be especially effective for low-risk, high-yield growers. That's because GRP allows producers to insure their crops at values exceeding the county average revenues by a maximum of 50%. For example, if the expected

county yield is 30 bushels and the established price is \$2.80, the maximum protection that may be purchased is \$126. This is 50% more than the county average of \$84 per acre.

Producers may choose from six levels of coverage: 60%, 70%, 75%, 80%, 85% or 90%. The trigger yield for payments is the yield where GRP coverage begins. For example, if the expected county yield is 30 bushels and a coverage level of 90% is chosen, the trigger yield would be 27 bushels (30 x .90 = 27 bu.).

Using this same example, if the county yield drops to 20 bushels, the shortfall would be 25.9% ((27-20) divided by 27 = .259 shortfall). If the \$126 maximum protection described before was selected, the producer would receive an indemnity payment of \$32.63 (.259 x \$126 = \$32.63 per acre).

When a county has large losses, FCIC may make preliminary payment as early as September. The final payment will be made after NASS releases its final report on actual county yields in May following the fall harvest. No insurance plan is perfect. In deciding which insurance alternative to choose, be sure to consider two important factors about GRP. Although unlikely, it's possible to receive a payment even if the farm doesn't experience a loss. GRP is designed for all farmers who have a policy to receive a payment when the county yield (not the individual yield) falls below the chosen trigger yield. This is an essential component of GRP.

On the other hand, it's possible for producers to experience a loss and not receive a payment. Remember, GRP's effectiveness depends on how well the farm's yield moves with the county's yield. So, if a farm is different from the rest of the farms in the county, GRP may not be the best insurance plan.

The private sector provides insurance policies to protect farmers against specific losses that affect their farm yield without affecting the county yield. For instance, producers may want to buy insurance against hail or field fires.

The MPCCI program requires annual production records. During the GRP pilot test, it is crucial that producers maintain production records in the same way that they now do for MPCCI. If producers decide to switch back to MPCCI from GRP, they will need to furnish reports for the missing years.

The sign-up date for GRP is Sept. 30. For additional information on GRP for individual farms, contact your local county Extension office or your crop insurance representative.

### New Wheat Crop Insurance Plan Being Tested In Cooke County

The wheat Group Risk Plan (GRP) is based on the premise that when an entire county's crop yield is low, most farmers in the county will also have low yields. GRP, a dramatic departure from traditional approaches, pays only when the yield of the entire county drops below the expected county yield set by the Federal Crop Insurance Corporation (FCIC). Payment is based on the percentage of decline below the expected county yield, the yield coverage level selected, and the dollar amount of protection purchased.

GRP is being offered as a pilot

**Even though he's only weeks old, this calf has a lot of power behind him. And a lot of green pastures ahead.**

Meeting the electricity needs of Texans today is a real challenge. While maintaining respect for the environment, we must balance cost and reliability without becoming dependent on any one fuel.

That's why in the early 1980s, a group of electric cooperatives got together to build a power plant that uses a local fuel resource, lignite coal. Today, this efficient scrubber-equipped plant provides 400 megawatts of low-cost power to homes and businesses served by cooperatives in 91 Texas counties.

Keeping our commitment to the environment in mind, we are also making sure that we put things back better than the way we found them. The land reclamation program at this plant's mine is turning what was once a cactus and mesquite patch into a grassy, productive home for livestock and wildlife.
