Exemplary school district designation bestowed on MISD

by Steve Cooper,
MISD Superintendent

Muenster ISD received word, last week, from the Texas Education Agency (TEA) that it has been designated as an exemplary school district according to guidelines established by the TEA under their accreditation rating system for Texas school districts.

MISD was one of only 5 school districts, in the state of Texas, to receive this designation. There are 1048 districts in the state. This puts MISD in the top one half percent of the schools in Texas. When we take a closer look at MISD as compared to the other 4 districts that received this honor, it magnifies, even more, this accomplishment for Muenster. Only one other school district was

larger than Muenster and that was Highland Park, in the Dallas area. Their expenditures per pupil were much higher than Muenster's as is true of all the other districts. Another interesting aspect of the rating system is that it rates each district according to its campus designations. (Campus designation indicates that a school is either single such as K-12 or is like Muenster ISD with K-5 and 6-12 where each must be rated and stand on its own). Muenster and Highland Park were the only two rated exemplary that had more than one campus designation. This means that each campus stands on its own and contributes to the whole. Muenster High School was designated an exemplary campus,

our elementary missed the exemplary rating by .7 of a point. An 89.3 rating in one category of students was .7 of a point away from the 90% required for it to be an exemplary campus. Had the elementary campus made the exemplary rating this would have been a phenomenal accomplishment. The elementary scores all exceeded state mandates for an exemplary campus except in this one category. While that one category did keep the campus from the ranks of the exemplary, the contribution of the elementary campus was outstanding to the point of insuring the district received the exemplary rating.

One thing unique to the public school realm the last three or four

years is that the public record does, should, and will support the claims being made by the local schools as to their successes. So, when a public school, in Texas, claims to be successful, all you have to do is go to the public record to support that claim. For instance, to be deemed an exemplary district - all grades tested, all groups tested, and all subject areas tested must score 90% or above averaged throughout the grades tested. Attendance must exceed 97% - the drop out rate must be 1% or less - at least 70% of the seniors must take the SAT or ACT (in MISD's case we take the SAT) and at least 35% of those taking the SAT must score 1000 or more on the test. Muenster not only met but exceeded all those standards.

As mentioned earlier, Muenster High School (our junior high is also included in our high school campus designation) was also recognized exemplary. It was one of 64 campuses, in the state, to receive this designation. There are over 5000 campuses in the state. This also puts our high school campus in pretty prestigious company.

This kind of success doesn't just happen. Many people have contributed to this statewide

recognition. As a matter of fact, Muenster ISD has enjoyed a reputation, for years, for its academic prowess and for excellence in extra curricular activities. MISD's consistent success and this state-wide notoriety are due to the people mentioned above. Parent support and expectations play an important role and Muenster has a great deal of this type of influence from the home. Campus leadership must be given credit for the part they play in planning and exhortation. Of course, our students are to be commended for a good work ethic and for understanding the need to be as productive as they can during their school years. Also critical is a good school board. Ours is solid, responsive, and insistent that MISD excel. Finally, and perhaps the most important ingredient to our success

is the hard work, dedication, and expertise of our teachers. They are a conscientious group of professional educators committed to getting the job done and that is just what they have accomplished and they do so year in and year out.

The state has tied a monetary award to go along with the media hype for exemplary districts. MISD has been informed that their exemplary accreditation rating will be part of a state-wide ceremony at TEA's mid-winter conference where they will be recognized in front of their peers. The monetary award that goes with this recognition could be as much as \$10,000.

MISD's pledge, to those that support our schools, is to continue to strive for excellence and to do so by keeping in mind and continually emphasizing our accountability to the public we serve.

SACRED HEART CHEERLEADERS held their annual Lock-In this week at the Community Center. Young ladies were taught cheers, jumps and dances at the overnight camp. Above, Katie Flusche, Courtney Hartman and Whitney Wimmer join in the fun with other campers.

TU Electric issues refunds

TU Electric filed with the Public Utility Commission proposed refunds related to its recent rate case that would result in a credit to customers on September bills.

Pending approval by the PUC, the refund, with interest, will be made to customers beginning August 25, the first day of the September billing cycle.

The refund represents the difference between the 15.3 percent increase TU Electric put into effect under bond in August 1993 and the approved 9.0 percent increase that went into effect in May 1994.

TU Electric's 2.3 million

Good News!

O Israel, how vast is the house of God, how broad the scope of his dominion; vast and endless, high and immeasurable!

BARUCH 3: 24-25

Muenster firemen work toward new equipment goal with annual BBQ

by Janet Felderhoff

Muenster City Park will be filled with the aroma of barbecued round and all the trimmings to make a pleasing meal this Saturday evening. Muenster's Volunteer Firemen are sponsoring their annual barbecue supper to raise funds for equipment and training.

The department is working especially hard this year to raise more funds. They hope to earn enough money to replace the 1972 Dodge pickup used to haul equipment to fire and accident scenes. Herbie Knabe, Muenster VFD Fire Chief noted that the department will soon have more rescue equipment to haul. This will require a vehicle that has more room and that can carry a heavier load. The department will probably purchase a used van for this purpose. It will go everywhere that the department goes in western Cooke County.

Serving of the all-you-can-eat meal begins at 6 p.m. Tickets are \$6 for adults and \$3 for children. The Muenster swimming pool will be

open from 7 to 9 p.m. for the enjoyment of those attending the barbecue.

An auction featuring at least 35 items will begin at 8 p.m. with Herky Biffle and Rene Jones as auctioneers. Items listed for auction range from sporting equipment and opportunities to animals and animal feeds and much more.

Raffle tickets are now available from any member of the Muenster Volunteer Fire Department for \$2 each or 11 for \$20. Eight items will be drawn for at the barbecue.

Members of the Muenster Fire Department are Alan Baldwin, Ben Bindel, Bob Endres, Clinton Endres, Ron Felderhoff, Doug Fleitman, Jim Gehrig, Red Henscheid, Steve Henscheid, Brent Hess, Henry Knabe, Herbie Knabe, Milton Knauf, Jim Koelzer, Mark Mollenkopf, Joe Pagel, Harvey Schmitt, Rick Stewart, Tom Swirczynski, Bob Vogel, Jim Vogel, Jim Voth, Bert Walterscheid, Bob Walterscheid, Duane Walterscheid, John Yosten, Ryan Bayer and Mark Hesse.

MUENSTER ISD Superintendent Steve Cooper tries out the school's new computer tables, one of several improvements awaiting students when classes begin Monday morning.

MMH Auxiliary lends support to Chamber dance on August 20

Saturday, August 20 is the date of the Muenster Chamber of Commerce sponsored "Boot Scootin' Boogie - Two Steppin' Our Babies Back Home" dance. This event was planned especially to raise funds for the Muenster Memorial Hospital's future OB Department. It has been several years since MMH could deliver babies. When Dr. Tom Currier joined the staff the opportunity to have our babies at home is once again feasible.

The hospital is working hard to raise the large amount of money needed to develop a part of the hospital into an OB department and nursery. Community support is needed to make this happen.

The MMH Auxiliary decided not to have their annual fall fundraising dance and is encouraging everyone to attend the Muenster Chamber's dance. All the proceeds from the dance will go to the OB/GYN department just as the Auxiliary's would have.

"The dance promises to be a fun and entertaining event and we encourage all the auxiliary members and supporters to attend," says Janie Monday, vice-president of the Auxiliary. "It was voted on by the officers and membership to forego a fall dance and lend our support to the Chamber project." The Auxiliary is considering a dance in the spring.

Changes await MISD students Monday

by Steve Cooper,
MISD Superintendent

Muenster ISD students will begin their new school year on August 15. Students will report to their first period class at 7:55 a.m. This is five minutes earlier than last year. School will be out at 3:39 p.m. This is nine minutes later than last year.

Teachers had a staff development day on Thursday, August 11 and a workday on Friday, August 12.

Some new and interesting things will be happening at MISD during the 1994-95 school year. A new modified block student class schedule will be operative (one reason for the 14 extra minutes in the school day). This schedule has an innovative twist as it provides an interdisciplinary reading period on Fridays as well as time in the school day for UIL participants and for those in our gifted and talented program. MISD went to the modified block type schedule to

allow students greater flexibility in scheduling classes. Students, in past years, were having to make difficult choices because of conflicts in a seven period schedule. The new schedule allows students greater flexibility in their choice of required classes and greatly reduces the conflicts and gives the student a greater range of electives to choose from.

Another reason for the change is that MISD is going to the state's recommended curriculum for 1994-95. This curriculum or graduation plan is a more rigorous academic program as it puts more emphasis on science and math under two of the three options available to students. MISD will also begin its second year of computer aided drafting. This class allows students to receive both high school and college credit upon completion of the course. MISD has a state of the art drafting classroom and our

youngsters really get a sound foundation in the elements of drafting by computer. This class is open to students in surrounding districts. The computer aided drafting class is under the state umbrella program called Tech Prep.

Another important point involving schedule and curriculum is that all students will be required to have 24 credits and a computer course to graduate. All students, regardless of classification, will have no problem meeting these additional requirements under the flexibility of the new schedule.

MISD is reviving its Pre-K program this year. The district had a Pre-K program in 1992-93, but was unable to fund it in 1993-94. The Pre-K program this year will be funded, in part, by a grant from the Texas Department of Human Services. The program will be housed at the Tender Loving Care Day Care Center in Muenster.

The hazardous bus route will be operative again this year as we are going to use our regular routes to pick up youngsters that meet the hazardous bus route criteria. Any parent interested in MISD picking up their youngster (this is in town), please call the superintendent's office and leave your name and address. It will probably take about two weeks to set up the routes. Please keep in mind that we will not be able to stop at each house. There will be a designated pick up location for the various routes.

A lot of maintenance type work and some small renovations were finished this summer. The bathroom, in the elementary renovation completed last year, has been finished. The high school computer lab has undergone a face lift. MISD did some roofing work on the auditorium and the old gym. Much painting was also done.

Please See CHANGES, Page 2

Commissioners set Sept. 1 public hearing

by Elaine Schad

Cooke County Commissioners tentatively have set a public hearing for 7 p.m. Sept. 1 to receive public input on the proposed fiscal 1995 budget and tax rate.

The public hearing will be held in the Commissioners Courtroom, located on the second floor of the Courthouse.

Cooke County Judge Ray Russell said the county hopes to have the final certified tax roll from which the effective tax rate can be calculated by that time. Should the county not receive the certified roll, the public hearing will have to be postponed.

A delay in receiving the certified tax roll from the Cooke County Appraisal District has resulted in the county being unable to calculate a

final revenue figure for the budget, Judge Russell said. The CCAD is still conducting Appraisal Review Board hearings and have provided a certified roll that is 95 percent complete. County Auditor Gloria Parrish said the county needs a 100 percent complete roll upon which to base its effective tax rate.

The county is proposing a fiscal 1995 budget of \$6,939,760, less than a 1 percent increase from the current year's budget of \$6,914,032. No major new expenditures have been added to the budget, Parrish said. The increase is attributed to inflation and to a 19-percent increase in the county's health insurance premiums, she said.

Commissioners have talked of a 1-cent increase in the tax rate, but

that will depend on how the county's sales tax figures come out and on the final county appraised value, Parrish said. One penny on the tax rate last year generated about \$80,000 in revenue, she said.

Commissioners set the public hearing date during their regular July meeting this week. In other business, commissioners:

--Approved a request from County Clerk Frank Scoggins to use money from the county's Records Management and Preservation fund for the preservation of county records.

--Approved the re-appointment of R. D. Cawyer to the Mental Health Mental Retardation board of trustees.

--Approved Southwestern Bell

Telephone's request to bury a cable along County Road 103 in Precinct 1.

--Heard a request from Scott Johnson in Precinct 1 about improving roads in the Lake Kiowa and Ray Roberts area near the Old Burton Community. During the public comments section of the meeting, Johnson said residents are particularly interested in improving the road surface on a road between FM 902 and FM 922. Commissioners are unable to take action on a public comment item that is not on the agenda, Judge Russell told Johnson. He added that Cooke County is a poor county, and residents from many areas of the county struggle with similar poor road problems.

"Civic Outlook"

by Mayor Bill Miller

Congratulations to the Muenster Volunteer Firemen for the well-earned "Men of the Year" award presented by the Muenster Jaycees.

We appreciate the leadership of Fire Chief Herbert Knabe and the work and dedication of the 27 volunteers who make up the force.

In addition to attending the bi-weekly fire drill and meeting, the firemen are on call and ready to serve you whenever you need them.

How many people realize the sacrifices a fireman makes every time the phone rings, beckoning him to fight a fire? If he is at work when the call comes in, he must clock out. At home, he must leave the family, the supper table, or whatever activity he is in the middle of, and rush to City Hall.

The present site of the fire station is ideal for the firemen. It is located in the center of town and all the firemen arrive at the station at about the same time when answering an emergency call. The firemen have been timed and it has taken less than three minutes to answer the call and arrive at the scene of the fire with the truck.

Any firemen can tell you the worst part of the job is being called to assist with highway accidents.

There is no advance warning of what to expect or what may be the best action to take when people's lives are involved. However, the firemen are there and are glad to be of assistance.

Most people are unaware that the Muenster firemen are also out circling the town during storms to be on alert for severe weather conditions. By working with the local police force, we have an effective watch system. If you ever feel alarmed by a storm, turn on your TV or radio to a local station. If severe conditions are present, they will be reported.

Last, but not least, are the rural grass fires. The firemen are there to see the farmers through the situation and most elated when they see the last puff of smoke gone.

The firemen are hosting their annual fundraiser barbecue supper on Saturday, Aug. 13, beginning at 6 p.m. in the Muenster City Park. Tickets can be purchased from any fireman now, or at the park on Aug. 13. Tickets are \$6.00 adults, \$3.00 children, which includes a free swim party from 7 to 10 p.m. Hope you can be there to show the firemen your support!

VISITING in the homes of several sponsors of foreign exchange students was this group of students and guests, who were entertained by James and Theresa Walterscheid with a pool party Sunday. Shown are, l to r, front row - Monika Stowczynski, Mamiko Kato, Fumie Mimura, Ai Kondo, Madoka Mimura; back row - Makie Otsuka, Ragnhild Bassoe, Rajko Jelen, Hiroko Miura and Vivian Bolaños. Photo courtesy Mamiko Kato

Exchange students visit sponsors here

Several former "foster parents" of foreign exchange students have welcomed one "son" and five "daughters" to date.

Henry and Janie Weinzapfel have welcomed one "son" and five "daughters" to date. For the past three weeks, their home has been overflowing with reminiscing, conversation, laughter and learning new crafts and hobbies for five "daughters," accompanied by two extra guests.

Their first experience hosting exchange students began in 1989-90, when their new "son" was Yoshi Nakamura. He spent a year here as a student at Muenster High School, was a member of the Hornet Marching Band and won All-State honors in music. Now a student in a college in Tokyo, Yoshi visited here for three weeks last summer with the Weinzapfels.

Their "daughters" included Hiroko Miura in 1990-91; Madoka Mimura in 1991-92; Vivian Andrea Bolaños Padilla in 1992-93; Christina de Prego Oliver in 1993-94; and presently, Makie Otsuka for 1994-95. All are guests in the Weinzapfel home. Accompanying Madoka are her sister, 15-year-old Fumie Mimura of Chita, Aichi Japan, where she attends ninth grade in high school; and her cousin, Mamiko Kato, 20 years of age, a sophomore at Tokyo Women's University, studying English Literature.

Madoka herself is now a freshman of Tsuda College in Tokyo and is 20 years of age, studying English. She spent her junior year at MHS. They will return home Thursday.

Hiroko Miura, the Weinzapfels' first "adopted daughter," of Ashikaga, Japan, spent her senior year at MHS. She finished high school in Japan, in her hometown, as all exchange students are required to do. She has returned to Texas and is a third-year student in the Nursing Program at North Central Texas College. She lives in Denton and is 22 years of age.

Vivian, of Cuenca Ecuador, South America, spent her senior year at MHS. She is 18 years of age and is now a second-year student in Banking Administration at UDA in Cuenca Ecuador. She will return home on Aug. 23.

Christina, of Vigo, Spain, spent her junior year at MHS. She was the Weinzapfels' "daughter" this past year and returned to Spain on June 27, 1994, and will graduate from high school there.

Makie, new this year to Texas and MHS, is from Fukaya, Saitama, Japan. She is 17 years old and will make her home with the Weinzapfels, as a member of the senior class.

Other former exchange students who are guests of former "foster parents" in Cooke County include Rajko Jeleu of Germany, who was with the J.D. Fleitmans during his senior year at MHS in 1990-91. He was a kicker on the Hornet football team, when the Hornets advanced to the playoffs. He is attending college in Louisiana and is presently a guest in the Dink Hudspeth home in Myra.

Another former exchange student is Ragnhild "Rhonda" Bassoe of Norway who was an "adopted daughter" of the Tom Schads in 1991-92 and is visiting them now.

Also new to Texas and at the home of Anne and Waylen Poole is their exchange student for 1994-95, Ai Kondo of Nagoya, Japan. She will attend Sacred Heart High School this year as a junior. She will be a member of the dance team. "So many things make such big impressions," Anne said. "Especially the great open spaces... her homeland is very crowded. In Nagoya, there are three million people... prices are very high in Japan. Ai said that a Personal Pan Pizza costs \$9.00. In Muenster, as comparison, a big pizza to serve 6 or 8 also costs \$9.00."

Another foreign student is a guest of Theresa and James Walterscheid for several weeks. She is Monika Stowczynski of Warsaw, Poland. She accompanied the Walterscheids' daughter, Jamie, a teacher of English in Poland, to visit here. Monika will be a senior in high school in Poland. Theresa said the student is intrigued by the great variety of clothes available in stores. They have taken her to visit in Dallas, Six Flags, in Austin, in San Antonio and plan to visit Indian Pueblos in New Mexico.

The Walterscheids hosted a big Texas party Sunday for all the foreign visitors and students and hosts. They served All-American foods, like hot dogs, hamburgers, watermelon, chocolate pie, apple pie, etc. A planned pool party developed into a "beside the pool" party when a Texas thunderstorm Sunday afternoon with hail, rain and lightning changed plans.

Jamie and Monika will return to Warsaw on Aug. 29 for the opening of school.

Several of the hosts have commented that the tears of departure come not only from the exchange students.

Rep. Hall opposes any plan to invade Haiti

Rep. Ralph Hall (D-Texas), in a letter to President Clinton, has expressed his opposition to any plan calling for the invasion of Haiti to replace the current regime.

Hall, along with Reps. Charles Stenholm (D-Texas), Henry Bonilla (R-Texas) and Christopher Cox (R-California), sent the letter yesterday. Their opposition was based on a lack of U.S. security interests in Haiti, no clear policy objective, and violation of the Monroe Doctrine - which prohibits military forces from outside the Western Hemisphere.

"I'm opposed to an invasion of

any place in the world where we do not have enough national interests at stake," Hall said. "For this reason I don't believe we should risk one American life in Haiti."

"I listen to what people in the Fourth District are telling me," Hall said. "They don't want American blood shed in Haiti, and they don't expect me to cooperate with the President on every issue just because we're in the same party. They want to do what's right for America and protect American interests, and so do I."

Report indicates Texas cities have stronger local economy

"A special analysis by our office shows that sales tax returns in cities across the state are averaging 7.57 percent ahead of the first half of last year, which is further proof that the overall local economy is growing stronger," said State Comptroller John Sharp.

"The adjusted local sales tax revenue for the first half of 1993 was \$708 million, while the adjusted revenue for the same period in 1994 totals \$761 million.

"One of the few things that economists will agree on is that sales tax revenue is a good barometer of local retail sales activity. To better gauge the true

level of local economic activity, we've adjusted local tax revenues to delete such non-economic factors such as tax rate changes, audits or reallocations," Sharp said. "Those adjustments allow us to compare apples with apples, or more importantly, sales tax revenue for the first six months of this year with the first half of 1993."

The adjusted sales tax revenue varies by regions of the state. According to Sharp's analysis, local sales tax revenue is up in each of the 10 economic regions of Texas. Those increases are: Central Texas, up 11.2 percent; Gulf Coast, up 5.2 percent; High Plains, up 7.8 percent; Metroplex, up 9.3 percent; Northwest Texas, up 4.1 percent; South Texas, up 3.7 percent; Upper East Texas, up 6.9 percent; Upper Rio Grande, up 7.7 percent and West Texas, up 5.3 percent.

Continued from Page 1 CHANGES

MISD is also excited about the parental interest that has been generated for our UIL program. Several parents have initiated a UIL Booster Club and will be coordinating activities, along with MISD staff to create interest, to provide recognition, and stir up enthusiasm for our UIL participants.

Four new faces can be seen at MISD this year. They are: Ann Sorenson, who will teach our elementary special education students; Kyle Leath, who will coach varsity basketball, and teach health and history; Patrick Dietz will be MISD's band director; Bob Chisam will be our new junior high/high school principal.

Enrollment at MISD has fluctuated the past few years. Approximately 390 students are expected to start the new year.

MISD, as it does each year, pledges to the students, parents, and community it serves, a commitment to excellence for the 1994-95 school year.

Continued from Page 1 TU REFUNDS

customers will receive their pro-rata share of this refund based upon their kilowatt-hour use for September bills.

The refund will be partially offset by a fuel surcharge that also will be applied to customer bills in September. The fuel surcharge, which is unrelated to the company's rate case, is to recover higher-than-expected fuel costs through June 1993. The higher costs were caused primarily by increases in natural gas prices on the spot market.

The company is proposing that this surcharge be recovered over a six-month period, beginning in January 1995, which would result in an estimated charge of only \$2.50 on a monthly residential bill of 1000 kWh.

Commissioners ponder zoning regulations

by Elaine Schad

The county must enforce its zoning regulations around Ray Roberts Lake in southern Cooke County to achieve orderly development, the chairman of the lake planning and zoning board told Cooke County commissioners this week.

Board Chairman Robert Heying urged commissioners to develop zoning enforcement procedures. "People are coming in, and they will set up mobile homes and start businesses," he said. "When people are told what they are doing is wrong, they say they didn't know about the zoning regulations."

Cooke County voters in a 1988 special election approved the appointment of a lake zoning board which would regulate development in that area of Cooke County near Ray Roberts Lake. The zoning board is advisory and makes recommendations to the commissioners court, which has the final say in zoning matters within a 5,000 foot area of the 645-foot-elevation line for Ray Roberts Lake.

Most of the area around the lake is presently zoned agricultural, Heying said. Regulations require residents living within the 5,000 foot lake area to acquire a specific use permit if a structure is planned for an area under five acres. There are several examples of potential violations of zoning regulations currently pending in that area, Heying said.

"I don't think the commissioners court is the enforcing arm," Cooke County Judge Ray Russell said. "Even if there's a dispute over whether there is a violation, I don't see where that's the job of the commissioners court."

The violations have been brought to the proper authorities, but nothing is being done, said Precinct 2 Commissioners Kenneth Alexander, in whose precinct the lake lies. "It's very hard for Bob (Heying) and myself," he said. "If proper regulations are not enforced, then we might as well throw the planning and zoning regulations out the window."

Commissioners recommended

that the zoning board notify any potential violators in writing, sending a copy of the letter to the county's environmental health officer and the commissioners court. Should the county health officer determine there is a potential violation, the case can be turned over to the Cooke County Attorney's Office for further action. Zoning violations constitute a Class C misdemeanor.

Cooke County Attorney August Boto said, to his knowledge, his office has not received a request to investigate any zoning violation cases from the lake area. "If we are informed, we'd be happy to move forward," Boto said. "We'd treat it just like any other case."

A major problem with the zoning regulations is that most people moving into the area are unaware that there are regulations, Heying said. Cooke County Board of Realtors President Sheila Cox said her organization would be glad to dispense any information through area realtors. "Public awareness will be the key to solving most of your problems," she said.

It's important for the county to begin enforcing zoning regulations around the lake to ensure orderly development, Heying said. "When Johnson Branch State Park opens, I think that's when the development will come," he said. The park could be open by next summer, he said.

St. Mary's pastor dies

by Elaine Schad

Mass of Christian Burial was held for Rev. John Lambert, OSA, pastor of St. Mary's Church in Gainesville, on Wednesday, Aug. 10, at 11 a.m. at St. Mary's Catholic Church.

Father Lambert, 51, died Aug. 7 of an apparent heart attack while playing water polo during an altar server party in Gainesville. He was pronounced dead at Gainesville Memorial Hospital.

Interment was in Holy Sepulcher Cemetery in Chicago, Ill. Arrangements were under the direction of Clement-Keel Funeral Home in Gainesville.

Celebrants for the Mass included Very Rev. David L. Brecht, OSA; Provincial of the Province of Our Mother of Good Counsel of the Augustinian Order; Most Rev. Joseph P. Delaney, bishop of the Catholic Diocese of Fort Worth; Rev. David Petriatis, associate pastor of St. Mary's in Gainesville; and Rev. Don Lewandowski, OSA. Rev. Lewandowski delivered the homily. He is a former classmate of Father Lambert's and principal at Bishop McNamara High School in Kankakee, Ill.

Pallbearers were priests of the Augustinian Order. About 25 visiting priests from the Augustinian Order and the Diocese of Fort Worth joined St. Mary parishioners as participants in the funeral liturgy. The Mass was sung by the St. Mary's Choir with Pat Hennigan organist. The entrance hymn was "Crown Him With Many Crowns." The Offertory song was "Gift of Finest Wheat." Communion songs included, "I Am the Bread of Life," and "One Bread, One Body." The recessional hymn was, "Like a Shepherd."

Father Lambert was born in Chicago, Ill., on Feb. 19, 1943, to Francis and Virginia Lambert. He was professed as an Augustinian on Sept. 4, 1962. He was ordained to the priesthood on Feb. 6, 1971. He was a member of the Midwest Order of Our Mother of Good Counsel of the Augustinian Order. He was assigned as pastor of St. Mary's in Gainesville on Aug. 1, 1993. Before coming to Gainesville, Father Lambert served as prior of the St. Augustine Friary in Kankakee, Ill., and was a member of the teaching staff at Bishop McNamara High School in Kankakee. Among his duties in Gainesville, Father Lambert served as chaplain at Gainesville State School. He was recently elected president of the Ministerial Alliance in Gainesville. Father Lambert also served on the Fort Worth Diocesan Marriage Tribunal.

Survivors of Father Lambert include his mother, Virginia Lambert of Fort Worth; and sister and brother-in-law Mary Joan and Church Laurencell of Naples, Fla.

In his homily, Father Lewandowski recalled the 33 years in which he knew Father Lambert. He said God blessed Father John with loving parents, an older sister, and his Aunt Helen, all of whom formed the loving home in which he grew up. Father John received lessons of kindness, sacrifice, care, concern, and play, and it was in that loving home life that he found his faith. "Of the early days of his boyhood, John said he was eternally grateful to his family, that he had a good home, and that was important," Father Lewandowski said.

Father Lewandowski joked that he found it unbelievable that Father John was able to sleep through four years of college and still pass. Those years of the seminary involved serious study, but were also times for tennis, bridge and softball as play was also an integral part of Father Lambert's life. Father Lewandowski said he never knew a priest who enjoyed being a priest more than Father John. "He brought the Gospel message in a way that people could understand and apply to their lives," he said.

Father John loved children, according to Father Lewandowski. "He started with the children," he said. "Parents saw as he played with the children that he was a person who was approachable."

Father Lewandowski described Father Lambert as a person who "fell in love with St. Mary's." He said Father John played water polo wherever he went, even after suffering his first heart attack while a pastor in Detroit. It was appropriate that he received his last blessing from the servers and the young people who had played water polo with him on the night of his death, Father Lewandowski said. "Now we have to remember our own Baptism," he said. "We must share our faith with our families and

REV. JOHN LAMBERT, OSA

accept the call to serve."

Rosary and wake services were held Aug. 9 at St. Mary's Church. A Children's Rosary was held at 4 p.m. followed by a rosary at 6 p.m. and a Knights of Columbus rosary at 6:30 p.m. Wake and Vigil Service was held at 7:30 p.m. with homily given by Rev. John Molnar, OSA, from Abbott, Tex.

The family requests that memorials be made to St. Mary's School, St. Mary's Parish or to the Augustinian Missions in care of St. Mary's Catholic Church, 805 North Weaver Street, Gainesville, Tex., 76240.

Among out-of-town visitors attending Father Lambert's funeral were his cousin, Pat Walker and her family from Rockwall, Tex.; Rev. Tim Cuney, classmate of Father Lambert's and vocation director for the Augustinian Order in Kankakee, Ill.; Rev. Patrick Murphy, Rev. Bill Perez and Rev. Bill Hemel, all of the Augustinian Order from Tulsa, Okla.; Rev. Thomas Van Thienen, OSA, from Chicago, Ill.; and Rev. Jerry Ryan, OSA, from Abbott, Texas.

Herman J. Martin, 78, dies in Gainesville

Mass of Christian Burial was held for Herman J. Martin, 78, in St. Peter's Catholic Church of Lindsay on Saturday, August 6, 1994 at 10:00 a.m., officiated by Father Eugene Luke OSB.

He died on August 4 at his home. He was born on October 24, 1915 to Frank and Rosa Walter Martin in Lindsay and was a member of St. Peter's Catholic Church. Prior to retirement he was a custodian for Lindsay schools for many years.

Survivors include his brothers, Edward Martin of Dallas; and Roy Martin of Beatty, Oregon; one sister Amanda Hilliard of Michigan; and sisters-in-law Nellie Martin of Muenster and Evelyn Martin of Cleburne; and numerous nieces and nephews.

Preceding him in death were his parents; brothers Richard and Lawrence Martin; and sisters Irene Martin, Regina Martin and Frieda Gardner.

A Rosary preceded the final service at 7 p.m. on Friday at St. Peter's Church. Geo. J. Carroll and Son Funeral Home directed burial in St. Peter's Cemetery. Pallbearers were Doug Martin, Ernie and Joey Martin, Pete Abbott, Roger Reiter and Mike Higgins.

Res. 903-523-5221

Dear Editor,

I have enjoyed reading the Muenster paper for over fifty years.

This is where I get all the news of my friends and relatives in Cooke County.

My ancestors go back to the early days of Lindsay. My grandfather, Gootlieb Ruppner, was at the first meeting to start a parish at Lindsay. My aunt, Cunigunde Ruppner, was the first person buried in the Lindsay, Texas Cemetery in 1892.

I look forward to getting my paper at 9 o'clock every Saturday morning and keeping up with the happenings in your area.

Enclosed is my check for \$59.00 for two years subscription.

Respectfully,
Frank J. Bezner, Sr.

Lifestyle

Wedding vows exchanged August 6

Melissa Lea Bayer, daughter of Dan and Mary Alice Bayer, became the bride of Steven Joseph Trubenbach, son of Don and Betty Ann Flusche, on Saturday, Aug. 6, 1994.

Father David Bellinghausen, OSB, officiated for the Nuptial Mass and double-ring vows in Sacred Heart Church at 5 p.m.

The bride is a 1991 graduate of Muenster High School and a 1993 graduate of Cooke County College with an Associate degree in Nursing. She is a registered nurse employed by HCA Denton Community Hospital.

The groom is a 1984 graduate of Muenster High School and a 1986 graduate of TSTI in Waco. He is employed by Valentic and is also the owner of Tru Manufacturing, Inc.

Given in marriage by her father, the bride was wearing a Mori Lee gown with a portrait neckline featuring white Guipure lace covering the entire bodice and removable gauntlets, which were detailed with pearls and sequins. The white multi-layered tulle over satin skirt fell from a Basque waistline, and extended into a semi-cathedral train. Scattered over the skirt were floral appliques of white Guipure lace embellished with pearls and sequins. A large satin bow enhanced the back waistline.

Her elbow-length illusion veil fell from a tiara embellished with satin roses and pearls crowned by a pouf scattered with pearls.

She carried a bridal bouquet of a dozen pink roses and baby's breath. Two rosaries were entwined in the bouquet. One, a mother-of-pearl rosary, was carried by the bride's mother on her wedding day, and the other, a gold and crystal rosary, belonged to her late paternal grandmother, Adelaide Bayer.

ATTENDANTS
Denise Klement, bride's sister, was matron of honor. Bridesmaids were Marcia Vogel of Myra, friend of the bride, and Andrea Klement of Muenster, cousin of the bride. They were attired in two-piece floor-length magenta bergaline formal gowns, styled with off-shoulder scalloped-edged bodices featuring a lace applique embellished with pearls and sequins, and long slim skirts. They wore rhinestone and pearl drop earrings, gift from the bride, and carried nosegays of magenta and white roses and gerberas.

Kalyssa Pollard, daughter of John and Cheryl Pollard, bride's cousin, was flower girl and wore a ballerina-length white tulle and multi-layered tulle dress with bows at the shoulders and a large back waistline bow. She carried a flower ball with attached satin ribbon bow,

and wore a wreath of matching flowers.

Levi Trubenbach, son of Karl and Beth Trubenbach, groom's nephew, was ring bearer.

Richard Trubenbach of Muenster, groom's brother, was best man. Groomsmen were Karl Trubenbach of Muenster, groom's brother, and Chris Dangelmayr of Muenster, groom's cousin.

Ushers were Craig Walterscheid, groom's brother-in-law, Tom Dangelmayr and Glen Dangelmayr, both cousins of the groom.

Mass servers were Elliot Klement and Johnathan Bayer, both cousins of the bride.

Wedding music was presented by Ruth Felderhoff, organist, whose selections were "Jesu, Joy of Man's Desiring," "The Bridal Chorus" and "Trumpet Voluntary." Guitarist Diane Grewing and vocalists Mary Endres, Jim Endres, Doug Yosten and Linda Flusche sang "Annie's Song," "The Rose," "We've Only Just Begun," "To My Mother," "Father, Make Us One," "Beginning Today," "Wedding Song," "Peace, Joy and Happiness," "Take My Hand," "On This Day, Oh Beautiful Mother."

The special wedding liturgy included Readings by Raegan Koesler, bride's cousin, and Donna Walterscheid, groom's sister. Offertory gifts were presented at the altar by Bill and Charlotte Dangelmayr. Eucharistic Ministers were Rudy Koesler and Leonard Bayer, bride's uncles; Miriam Caplinger, bride's great-aunt; Charles and Carolyn Bayer, bride's

uncle and aunt; Judy Flusche, groom's cousin; and Rosemary Dankesreiter, bride's cousin.

A gold chalice belonging to the groom's late great-uncle, Most Rev. Bishop A. Dangelmayr, was used during the Mass to celebrate the Eucharist.

Kalyssa Pollard presented a rose for the bride to place on Mary's altar.

RECEPTION
A candlelight reception, dinner and dance were hosted by parents of the bride and groom in the Sacred Heart Community Center. Rohmer's Restaurant catered the meal, and guests danced to music by Andy Serina and The Captive Hearts.

Amy Bayer and Vickie Bayer, bride's cousins, attended the guest book.

The best man, Richard Trubenbach, offered a champagne toast for the couple.

The bride's table was covered with white linen, and draped with white tulle caught with magenta bows. Decorating the table were crystal candleholders borrowed from the bride's mother and sister, holding magenta tapers; and crystal wine glasses.

The three-tiered, all white, round wedding cake, baked by Betty Rose Walterscheid, was cut by Dana Walterscheid. The top keepsake layer held fresh pink roses and feathered carnations with greenery. White pillars with cherubs separated the layers.

The German chocolate groom's cake, baked by the groom's aunt and godmother, Charlotte Dangelmayr,

MRS. STEVEN JOSEPH TRUBENBACH
... nee Melissa Lea Bayer ...

was decorated with strawberries. Cake servers were Bridgette Klement, Raegan Koesler, Kristian Koesler and Allison Bayer, bride's cousins; Ashley Walterscheid, groom's niece, and Debra Dangelmayr, groom's cousin.

Guest tables were decorated with hurricane globes with lighted tapers, small lighted votive candles, magenta tulle and English ivy.

A rehearsal dinner at The Smokehouse in Lindsay was hosted by the couple's parents for 30 guests.

Upon return from a wedding trip to Colorado, the couple will reside in Muenster.

Bindels honored on 45th

Wilfred and Ida Mae Bindel were honored on Saturday evening, August 6 in observance of their 45th wedding anniversary. Hosting the event in the Knights of Columbus Hall were the Bindels' six children, spouses and grandchildren: Cynthia and Mac Dennis and daughter Melissa of Houston; Tim Bindel of Muenster; Phyllis and Lionel Garcia and daughters Laura, Diana and Alicia of Lewisville; Guy and Lisa Bindel and Justin and Kaleigh of Wichita Falls; Ben and Tina Bindel and Danielle, Brandon and Briana of Muenster; Brian Bindel and daughter Stephanie of Denton.

The color scheme of lavender and yellow was the same as 45 years ago. Lace table cloths were accented by the two colors of large paper flowers made by granddaughters. The table centerpiece held white roses and mixed yellow and purple flowers. A decorated two-tier cake held lavender and yellow roses.

The anniversary honorees wore a fresh white rose corsage and boutonniere. Mrs. Ida Neu, Ida Mae's mother wore a yellow and lavender corsage.

Out of town guests came from Lake Kiowa, Gainesville, Lindsay, Garland, Goldthwaite, Whitesboro and Montague.

Recalled often during the reception was the Bindels' wedding

day on Aug. 2, 1949 at 8 a.m. in St. Peter's Church of Lindsay, with Father Conrad Herda OSB, Father Herman Laux OSB and Deacon Hubert Neu celebrating the Nuptial Mass.

Attendants were Gertie (Bindel) Wimmer, Imogene (Neu) Hoenig, Leonard Bindel and Rupert Hoenig.

Parents of the couple were the late Frank and Marie Bindel, and Ida Neu and the late Joe J. Neu.

Breakfast that early Tuesday morning followed the Mass and was served at the home of the bride's godmother, Anna and Henry Henscheid.

Because there was no resident photographer in Muenster, it was the custom for the wedding party to drive to Gainesville for pictures at Boyd and Breeding Studios.

A dinner was served at the home of the bride's parents and a reception was held at 5 p.m. in the Lindsay School Basement. A dance followed in the Gun Club Hall.

The couple took a wedding trip to New Mexico and Carlsbad Caverns and went on to visit relatives Mary and Will Walterscheid.

Returning, they farmed in northwest Muenster for five years. In 1957 they built a home in town. Wilfred was also a carpenter. Presently he is semi-retired after working at Sacred Heart Schools for more than 20 years. He is a salesman and loves to entertain his grandchildren. Ida Mae is a department manager at Wal-Mart; she enjoys sewing, crocheting, quilting, traveling and her grandchildren.

An original wedding picture and current picture of the couple were displayed at the registration table. Family albums were displayed on other tables. Guests were entertained with a video of the honorees from early childhood, along the way through the years, and until the present time. The couple's children arranged the video and Cindy Dennis was narrator.

Grandchildren served punch and cake. Special guests were Mrs. Ida Neu, Father David Bellinghausen OSB, Father Frowin Schoech OSB, Sister Cabrini, Sister Carmelita and Sister Genevieve.

WILFRED and IDA MAE BINDEL

New calendar features Muenster's ethnic flavor

The Texoma Community Partnership has achieved another goal - to capture the flavor of the diverse cultures in the Texoma area in a 16-month calendar. This calendar, "Celebrating Diversity," highlights local cultural diversity in black and white. Scenes from everyday life of many different Texoma area cultures are highlighted throughout the pages of the calendar.

Featured in the calendar is Muenster's 1994 Germanfest. When asked why Muenster and Germanfest were chosen to be represented in the cultural diversity calendar, Sylvia Garcia-Luymes, Media Coordinator for the Partnership, replied, "Muenster was selected because of how vivid the German culture is. The whole idea of Germanfest is to welcome everyone to the authentic flavor of

Muenster's German hospitality and heritage. We see other cultures represented in the Texoma area, but the German culture has been preserved beautifully in Muenster and it's right in our backyard."

Photographer Trish McEver visited throughout the tri-county area, scouting for subjects. McEver, a resident of Dallas, volunteered her talents in capturing Texomans on film for this project. McEver is the sister of Bonnie Estes, who serves as Program Manager for the Texoma Community Partnership.

The calendars were offered for sale initially at the 2nd annual Cultural Diversity Conference, held Aug. 3 and 4 at Austin College in Sherman. For more information or to reserve your copy of the limited edition calendars, please call the Texoma Community Partnership at 903-786-2955 or 800-677-8264.

Darren Bindel is new Phi Eta Sigma member

Darren Bindel, a Tarleton State University student from Muenster, was one of 59 students inducted into the Phi Eta Sigma national freshman honor society. Its purpose is to encourage and reward superior academic achievements among freshmen. University officials recommended the students for membership at the end of their freshmen year last spring.

Students inducted into the society must have been enrolled full time at the University and have earned at least a 3.5 grade point ratio as freshmen. Only eight percent of college freshmen throughout the nation achieve this distinction.

Bindel is a Pre-Vet major at the University and is the son of Harold and Betty Jean Bindel of Muenster, and a graduate of Muenster High School.

MRS. MATTHEW JOHN MULLER
...nee Amy Caroline Howard...

Sacred Heart Church is site of July 30 Nuptials

The wedding of Amy Caroline Howard of Garland and Matthew John Muller of Denton was held in Sacred Heart Church of Muenster on Saturday, July 30, 1994 at 3 p.m. Father Frowin Schoech, OSB officiated for the double ring vows.

The bride and groom chose Sacred Heart Church because that is where his mother and father were married.

Parents of the bride are Mr. and Mrs. Richard B. Howard of Garland. The groom is the son of Don and Norma Muller of Denton and formerly of Muenster.

Presented at the altar by her father, the bride was wearing a formal wedding gown designed with an off-shoulder portrait neckline. The fitted bodice of Alencon lace was hand beaded. Long, slim sleeves of matching lace were tapered to the wrists. The silk shantung skirt was floor length. Her fingertip length illusion veil was double-tiered, and attached to a silk shantung headpiece braided with pearl strands.

She carried a bridal bouquet of a dozen long-stemmed white roses tied with a cluster of bridal tulle.

For sentiment she wore her grandmother's engagement ring as "something old" and a handkerchief "borrowed" from her Great-Aunt Amy.

ATTENDANTS

Jane Catherine Howard, bride's sister, was maid of honor. Bridesmaids were Laura Sizelove of Garland; Rhonda Runge of McKinney; Casey Rogers, Jill Potts, Lynn Briner, and Traci Matelich, all of Garland and all friends of the bride. They wore sleeveless navy gowns and carried bouquets of white Calla lilies.

Steven Muller, groom's brother of Dallas, was best man. Groomsmen were Ron Muller of Amarillo, groom's brother; Ben Howard of Garland; Ryan Hoenig of Denton; Brent Wheatley of Dallas; Michael Matelich of Garland; and Roby Spencer of Flower Mound.

Ushers were Darrin Hoenig and Scott Hoenig of Denton, Dale Vogel of Southlake, Tony Barnard of

Dallas and Brian Hess of Muenster, all cousins and friends of the groom. Candelighters were Lucas Bayer and Duncan Campbell of Muenster, cousins of the groom.

Liturgical readings were given by Bob Hauson of Flower Mound, groom's brother-in-law.

Wedding music by Annetta Earle, of Gainesville, organist, and Joan Livesay vocalist, bride's cousin of Noble, OK, included "Somewhere In The World", "Sweet, Sweet Spirit", "One Hand, One Heart", "Ave Maria" and "The Lord's Prayer."

Church decorations included tall candelabra with lighted candles, a Unity candle, and bridal tulle pew markers.

RECEPTION

A reception, dinner and dance followed in the Sacred Heart Community Center, attended by 400 guests.

Dinner was catered by Cathie and Francis Fuhrmann of The Farmer's Kitchen. Flowers and decorations were by Lora Hennigan Flowers and Gifts. The wedding coordinator was Elaine Hightower of Garland.

Christine Wootten, cousin of the bride, of Mt. Pleasant attended the bride's book.

The four-tiered wedding cake was all white; and the two-tiered chocolate groom's cake was decorated with chocolate-dipped strawberries.

The rehearsal dinner was held at The Farmer's Kitchen in Muenster on Friday evening, July 29, with 45 guests attending.

Since returning from a wedding trip to Cancun, Mexico on Aug. 3, the couple is residing in Dallas.

The bride is a 1988 graduate of South Garland High School and a 1992 graduate of Stephen F. Austin State University, where she was a member of Delta, Delta, Delta Sorority. She is employed as a manager at the North Park J. C. Penny Store.

The groom is a 1987 graduate of Bixby High School in Bixby, OK and a 1991 graduate of Stephen F. Austin State University, where he was a member of Sigma Chi Fraternity. He is a Production Supervisor, employed by U.S. Technologies in Dallas.

Two German priests visit in Muenster

Father Robert Rakauskas of Los Angeles and Rome and Father Thomas Rimmel of Memmingen, Germany in the Augsburg Diocese accompanied Judge Christopher A. Kepler of Dallas when he was in Muenster Saturday tending to municipal hearings at city court.

They are friends in Dallas and were brought to Muenster because Judge Kepler said he felt Muenster has something unique to offer; he wanted them to see the "real Texas, the heart and soul of Texas," to savor Texas hospitality and to relish German food in local restaurants.

Father Robert, now stationed in Dallas, and Father Thomas, are priests of the Fraternity of St. Peter of the Seminary in Wigratzbad, Germany.

Father Robert was teaching Canon Law in the seminary in Florence, Italy and Father Thomas is city chaplain (associate pastor) at Holy Spirit Church of Memmingen.

While Judge Kepler was busy at City Hall, the priests began their tour of Muenster. They had breakfast at Rohmer's Restaurant, visited Sacred Heart Church where ladies of the Altar Society were cleaning church, to the delight of Father Thomas, who commented "just like at home." They call it Grosser Putztag, "Great Cleaning Day."

The priests were accompanied by Officer Bill Bivin, who, upon learning that they were great fans of western movies, western poetry,

cowboys and western movie stars, coaxed Russell Fette to stand on the church steps to recite "The Cowboy and the Preacher," by Waddie Mitchell. Father Thomas requested that special mention be made of this. Father Robert said one of his favorite songs is "Red River Valley" and both said they are cowboy movie fans and wanted to see "Johannes Wayne" country!!

They were also guests at The Muenster Enterprise Saturday and later had lunch at The Center Restaurant, bought steaks and German sausage at Fischer's Meat Market; insisted on seeing the Red River and were advised to drive to the new bridge by Officer Bob Stovall. They also had plans to attend the Saint Jo Rodeo.

Father Robert and Father Thomas are friends of Judge Kepler, who is head of the "Latin Mass Men's Club" in Dallas. They explained that a Latin Mass is offered daily in Dallas, weekdays at Christ the King Church and on Sundays at the Carmelite Convent. Attendance averages about 200 daily, they said, "because those people love the conservative feeling of the old Latin Mass."

Father Thomas concluded that he was well impressed with "your hospitality" ... "I feel right at home ... must be the German background. People are so open, so friendly. Is this Texas hospitality or your German ancestry?" We told him "Texas Friendly Is Spoken Here."

FATHER ROBERT RAKAUSKAS of Los Angeles and Rome, at left, and Father Thomas Rimmel of Memmingen, Augsburg Germany, at right, toured several areas of Muenster on Aug. 6 with Judge Christopher A. Kepler of Dallas, center. The two priests are members of the Fraternity of St. Peter, a seminary in Wigratzbad, Germany. Dave Fette Photo

It seems that one of Muenster's better products, Fischer's Smoked Sausage, has enjoyed a reputation of being some of the best for all the years it has been produced by the local Fisher families.

It is my understanding that the Fishers, for many years, packed and mailed their sausage to customers over a wide area, but the practice, due to later regulations, has been stopped. However, folks within reasonable driving distances still come after the savory food.

Last fall, sometime before Christmas, we had the pleasure of a visit from relatives, Bill & Bette Huett of Medford, Ore. We had never met the Huetts but had some

communication with them over a period of time.

We enjoyed their too short stay immensely, and introduced them to some good Texas barbecue, and also served them some Fischer's Smoked Sausage. They liked the barbecue, but loved the sausage, and later purchased a few pounds to take along on their trip to Florida, where they spent the worst of the winter. We didn't hear from them again until the end of February, when they were on their way home, and had stopped in Las Cruces, NM, and wrote to invite Aileen and me to spend some time with them in their home in Medford, and also asked us to bring 25 pounds of Fischer's sausage, if we came.

Due to a series of events that occurred in May of this year, we had to decline their invitation, but just days after, learned our son Gary and wife, Mary, would be flying in from Washington state to attend the wedding of a nephew, in San Antonio, with us. Seems as if good things always happen when least expected.

After the wedding, and when Gary and Mary were preparing to fly back to Washington, they decided to take 25 pounds of Fischer's sausage, and after hearing of the Huett's request and the fact that the Huetts had a daughter living in Redmond, Washington, about 30 miles from their home, they would also take a like amount for the Huetts, and leave it with their daughter for later pickup.

Well, Bette and Bill thought this was a dandy deal and would give them a good excuse to go visit their Washington relatives.

The only thing they didn't know was their daughter, after tasting the sausage, confiscated some of it and replaced it with a like amount of fresh halibut her husband brought home from a fishing and business trip to Alaska.

Bette thought it a fair trade, and everyone is happy with the way Fischer's sausage gets around.

MRS. SCOTT THOMAS ACTON
...nee Leslie Tice Conkright ...

Granddaughter of Josephine Berry marries in Austin

Leslie Tice Conkright of Austin and Dr. Scott Thomas Acton of Austin were married in Central Christian Church on Saturday, July 23, 1994. The Rev. Dr. John Powell of Westminster Presbyterian Church of Lubbock officiated the ceremony at 7 p.m., before an altar decorated with arched candelabra, lighted candles, greenery and ferns.

The bride is the daughter of James C. and Janice Conkright of Lubbock, formerly of Hereford; and the granddaughter of Mrs. Josephine Berry of Rosston and the late George Berry. She is also the granddaughter of Mrs. Dorothy Conkright of Hereford.

The groom is the son of Mrs. B. E. Acton of Vienna, Virginia and the late Mr. B. E. Acton. He is the grandson of Mrs. Lucille Brown of Dodge City, Kansas.

Given in marriage by her father, James Colby Conkright, the bride was attired in a white silk shantung wedding gown from the Bouquet Collection by Galina. The dress was designed with a scoop neck banded delicately with embroidered lace bordered with pearls which continued around into a deep scoop in back. It featured short sleeves and a sweeping cathedral train.

Her illusion veil drifted over the train and was held in place with a beaded headband.

The bridal bouquet was a hand-tied arrangement of champagne and porcelain roses with white freesia and white natural tear drops with ivy greenery at the base.

For sentiment and tradition, the bride carried a handkerchief belonging to her maternal great-grandmother, Ella Tice Elkins as "something old". As "something borrowed" she wore a string of pearls given to her mother by her father on their wedding day.

ATTENDANTS

The bride's sister, Robin Conkright of Lubbock was maid of honor and Molly Fouts Holm of Marietta, Georgia was matron of honor.

Bridesmaids were Jamie Bates of Houston; Amy Brandes of Corpus Christi; Brett Acton Dobratz of Pittsburgh, PA, sister of the groom; Julie Johnson of Tyler and Tisha Smith of Houston.

They were attired in Watters and Watters two-piece, Princess live suits of black shantung, designed with short sleeved, scoop-necked jackets with white chiffon lacing through the neckline and sleeves, and straight, formal length skirts. They carried hand-tied bouquets similar to the bridal bouquet.

The best man was Geoffrey Holmes of Laguna Niguel, California. Groomsmen were Geoff Ables of Jackson, Miss.; Scott Harris of Albana, GA; Jim Hoag of Denver, CO; Trey Holm of Marietta, GA; Vincent Piarulli of Simi Valley, CA and Philip Hill of Albuquerque, NM.

Ushers were Jordan Bloxsome of Vienna, VA; Tom Bryant of Austin; Michael Goeke of Midland and Gill Richard of Austin.

Wedding music was presented by organist Scott McNutty, vocalists The Austin Boys Choir directed by Morris Crayton and Craig Morris on the trumpet. Principal selections included "Trumpet Voluntary" by Clark; and "Trumpet Voluntary in D" by Stanley; also "Wir Eilen mit Schwachen doch em Singen" by Bach; "Alleluia Amen and Chorale" by Wagner; and "Aaronic Benediction."

RECEPTION

A reception followed at The Medallion Room of The Austin Club, in downtown Austin.

Reception assistants and members of the house party were Meredith Horton of Washington, D.C.; Sandi Smith McCormick of Austin; Kelly Paul of Austin; Lisa Tannehill of Austin; and Michelle Hollis Wagner of Houston.

The square-tiered, all-white Italian cream bride's cake was iced with buttercream frosting and decorated with lilies of the valley and roses. The groom's triple chocolate mousse cake was iced with poured chocolate fondant icing and decorated with frosted purple grapes.

The couple left the reception in a horse-drawn carriage. Since returning from a wedding trip to Nantucket, Mass. on Aug. 5, the couple is at home in Stillwater, OK.

A rehearsal dinner hosted by the groom's family included a sunset cruise and barbecue dinner on Lake Travis.

The bride is a 1988 graduate of Hereford High School and a 1992 graduate of the University of Texas, Austin with a BA in English, employed by Sylvan Learning Center in the computer technology area and test administration.

The groom is a 1984 graduate of Oakton High School in Vienna, VA; a 1988 graduate of Virginia Polytechnic Institute; received M.S. and Ph. D degrees in electrical engineering from the University of Texas at Austin, and recently worked on a post-doctoral fellowship with the Center of Space Research in Austin. He will be employed by Oklahoma State University in Stillwater as professor of electrical engineering.

Out of town guests came from New York, Kansas, Virginia, California, Georgia, Colorado, Pennsylvania, Mississippi and New Mexico. Special guests included Josephine Berry, bride's grandmother from Rosston, Brenda Haverkamp and son Zach of Gainesville; Byron Berry and son Colby of Denton; Carolyn Anne Berry of New York City; Brandon Berry and Lydia Smith of Daytona Beach, Florida.

Lunch program requirements discussed

The Muenster, Sacred Heart and Lindsay Schools take part in the National School Lunch Program/School Breakfast Program. Meals are served every school day. Meals at each of these schools are also available free or at a reduced price.

At Muenster, students grades Kindergarten through 5 may purchase a lunch for 80 cents, grades 6 through 12 for \$1.10. Breakfast is served for 50 cents. Reduced price for lunch is \$.55 and \$.40 for breakfast.

At Sacred Heart, children in grades Preschool through 5 may buy lunch for \$1.00 and grades 6 through 12 for \$1.10. Adults may buy lunch for \$1.60. Reduced price for students Preschool-12 for lunch is \$.40.

At Lindsay, children in grades K through 6 may buy lunch for 75 cents and grades 7 through 12 for \$1.00. Reduced price lunch is 40 cents. No breakfast is served.

If the family now gets Food Stamps or Aid to Families with Dependent Children (AFDC) for a child, that child can get free meals.

If the total household income is at or below the amounts on the income Chart below, the child can get free or reduced-price meals for 55 cents for lunch and 35 cents for breakfast.

If the family has a foster child, the child may be eligible for benefits regardless of the family income.

Household Size	Annual	Monthly	Weekly
1	13,616	1,135	262
2	18,204	1,517	351
3	22,792	1,900	439
4	27,380	2,282	527
5	31,968	2,664	615
6	36,556	3,047	703
7	41,144	3,429	792
8	45,732	3,811	880
For each additional member	4,588	383	89

How to apply:
To get free or reduced-price meals for children, carefully complete the application and return it to the school. If the family now gets food stamps or AFDC for the child, the application must have the child's name, the food stamp or AFDC case number and the signature of an adult household member. If this is not listed, the application must have the names of everyone in the household, the amount of income each household member not gets, where it comes from and how often it is received, the social security number of either the primary wage earner or the household member who signs the application or the word "none" if the member does not have a social security number and the signature of an adult household member. An application that is not complete cannot be approved.

Other information
-Verification: Eligibility may be checked by school officials at any time during the school year. Information may be requested to prove that the child should get free or reduced-price meals.

-Fair hearing: If the family is in disagreement with the school's decision on the application or the results of verification, a discussion may be set up with the school. The family also has a right to a fair hearing. Information for this can be obtained by calling or writing (Muenster) Superintendent Steve Cooper, P.O. Box 608, Muenster, TX 76252, phone 759-2281; (Sacred Heart) Principal Jack Murdock, 141 E. Sixth Street, Muenster, TX 76252, phone 759-4121; (Lindsay) Lindsay School Board President, P.O. Box 145, Lindsay, TX 76250, phone 668-8932.

-Reporting changes: If a child

gets free meals based on income information, the school must be notified if the household size decreases or income increases by more than \$50 per month or \$600 per year. If a child gets meals based on AFDC/food stamp information, the school must be advised if the family no longer gets AFDC or food stamps for the child.

-Confidentiality: The information given on the application will be used only to allow the children to get free or reduced-price meals and to verify eligibility.

-Reapplication: Application may be made for free and reduced-price meals at any time during the school year. If a family is not eligible now but has a change, such as a decrease in household income, an increase in household size, become unemployed or get food stamps or AFDC for a child, an application may be filled out then.

-In the operation of the child feeding programs, no child will be discriminated against because of race, sex, color, national origin, age, or handicap. If there is any question of discrimination, write to the Secretary of Agriculture, Washington, D.C. 20250.

The family will be notified when the application is approved or denied.

Register for Religious Ed. classes now

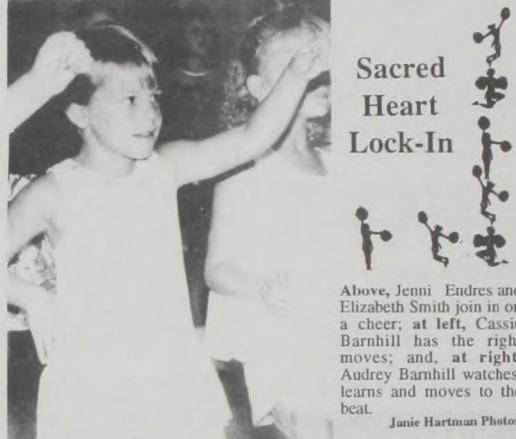

The Religious Education classes for grades K-12 begin Wednesday, Aug. 31, at 7 p.m. at Sacred Heart Church, followed by an opening Mass at 8 p.m.

Registration is in progress now. Parents interested in enrolling their children should fill out a form in the vestibule of church and drop it in the collection along with a check for the registration fee.

Or you may call Barbara Fuhrmann at 759-2511, ext. 37 (days) or 759-4922 (evenings).

There will be a required parent meeting on Wednesday, Aug. 24, at 7 p.m.

Inquiry classes for anyone interested in joining the Catholic Church will begin Sunday, Aug. 28, 11:30 a.m. at SHHS Library. Please call Barbara Fuhrmann for more information.

Sacred Heart Lock-In

Walterscheid kin visits in Muenster

Leonard and Betty Walterscheid of Moab, Utah and their daughter Cindy and husband Denny Gromm and daughters Nicole and Lindsey of Grand Junction, Colorado spent four days in Muenster last week visiting with Elizabeth Koessler and family and the Wilfred Waltersheids.

They planned their vacation to attend the Melissa Bayer-Steve Trubenbach wedding on Saturday, Aug. 6. Melissa is their niece and cousin, respectively.

Friday evening, Lillian and Wilfred hosted a dinner party for the visitors and family members. Sunday morning they enjoyed seeing the milking operation at Leon Klement's dairy. The Leon Clements hosted a brunch.

Sunday noon, a complete family dinner was held at Elizabeth Koessler's home, with two birthday cakes - one honoring Lillian Walterscheid and one for Lindsay Gromm. That evening, Rudy and Martha Koessler hosted a hamburger cookout and swim party.

Monday morning, the group left for Six Flags for the day and spent Monday night with Larry and Gretchen Kostyniak of Arlington for a poolside party.

On Tuesday, they returned home.

Muenster businesses invite ladies to day of pampering

by Janet Felderhoff

Interest has been sparked in the plans by Jan Cain of Mary Kay Cosmetics and many of the local beauticians to sponsor "A Day of Beauty" in conjunction with the Muenster Chamber of Commerce Dance on Saturday, August 20. Connie Rohmer, owner of The Craft Boutique in the Old Theatre Mall, has worked up a special. She is offering a 25 percent off special on jewelry and will also donate 25 percent of the cost of each piece of jewelry sold to the Muenster Hospital OB Department.

"I've got jewelry to dress up your outfit for the dance," said Connie. She has a good selection of Western jewelry and also some other attractive pieces that will be included in the special. The special will begin August 16 and run through the 20th. Hours for The Craft Boutique during the special are Tuesday through Friday, 10 a.m. to 5 p.m., and Saturday 10 a.m. to 3 p.m.

Jan Cain, spokesperson for the group, said that the participating businesses want to offer a service and at the same time assist with efforts to raise funds for Muenster Memorial Hospital's new OB Department. To do this they will donate all of the money earned on Saturday, August 20 to the MMH OB Fund. All of their money will be added to that already earned by MMH employees who are working toward a Golden Eagle (a \$10,000 donation). They have already earned over \$7,000. Linda Walterscheid, RN is heading the MMH employees efforts for the "Day of Beauty".

Some of the services being offered include facials, make-overs, hair cuts, hair styling, manicures, and pedicures. Those participating are Mane Attractions, 759-4033, with Alethea Brawner, Alice Hellman, and Shari Flusche, owner; Doris' Cut & Style, 759-4798, Doris Schmidtkofer, owner; Angie's Beauty Shop, 759-2727, Angie Lutkenhaus, owner, and Tina Lutkenhaus; Evelyn's Style Room, 759-4388, Evelyn Sicking, owner; Jeannie's Magic Touch, 759-4891, Jeannie Bell, owner; Vickie's Cut-N-Up, 759-4740, Vickie Fleitman, owner, and Kathy Creed.

Those interested in complimentary facials and make-overs, manicures and pedicures should call 759-4408 to make an appointment. All appointments should be made as soon as possible to ensure a time.

Prizm doesn't just talk new-vehicle quality ... Prizm delivers it

"Geo Prizm is among J.D. Power and Associates Top 10 Models in Initial Quality."

Many automotive manufacturers say they strive for quality. But how many actually achieve it?

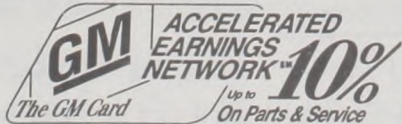

Every year, J.D. Power and Associates conduct the Initial Quality Study to answer that question. This study measures problems experienced during the first 90 days of ownership.

We are proud to announce that J.D. Power and Associates recently ranked Geo Prizm as one of the

Top 10 Models in Initial Quality.

This accomplishment is even more impressive when you consider that most models on the top 10 list are far more expensive.

Of course, there's nothing like experiencing Prizm for yourself. Come in today and get to know a sedan with high new-vehicle quality standards... Get To Know Geo Prizm.

Sports

Winners: Friday Nite Scramble, 1st., Bubba Swirczynski, Earl Fisher, Leo Hess, Pat Walterscheid and Bob Hermes. 2nd., Tim Schniederjan, Shirley Grewing, Joe Hellman and Mike Frost. 3rd., Brian "Zeke" Hess, Mel Walterscheid, Ray Barnhill, and Bertha Hamric.

Münster Golf Association Scramble: 1st., Gene "Bones" Hermes, Don Endres, Larry and Peggy Gobble. 2nd., Frankie Hess, Earl Fisher, Bertha Hamric and Earl Hess. Oh Peggy! - after checking, 10 under is not a record. Sorry - better luck next time.

Tuesday Ladies Day: 1st., Fay Hamric, Mary Lee Hennigan and Lucille Hesse for partners draw and Bertha Hamric won low putts.

Tuesday Nite Couples: 1st. Peggy and Larry Gobble. 2nd., Frankie Hess and Shirley Grewing. 3rd., Kenny and Rhonda Hartman.

If a player plays a stroke with a wrong ball except in a hazard, he shall add a two stroke penalty to his score for the hole and shall then play the correct ball.

That's par from Turtle Hill!
From the Hornets Hive

The annual ice cream social will be held on Friday, Aug. 12 near the concession stand at Hornet Field, following practice. All MISD parents, family members, fans and friends are invited.

The Münster Hornets will host the Perrin-Whitt Pirates for a football scrimmage on Friday, August 19.

The evening will also be the yearly soap and towel night and hot dog social. All players, parents and fans of both teams are invited to enjoy hot dogs after the practice.

Sign up for Cooke County Youth Center football

Parents, it's time to sign up your child/children for football. If your child is going into the 3rd of 4th grade, please contact Jim Moore at 995-2715 or Bob Endres, 759-4129. If they are going into the 5th or 6th grade, please contact Ricky Cook, 995-2462.

Practices will be held in Saint Jo, but all games will be played in Gainesville. Entry fee is \$30 plus a membership fee to the youth center, if you are not currently a member. Deadline for signing up is Aug. 22.

Fishing Report

RAY ROBERTS: Water clear, 78 degrees, 6 feet below normal; black bass fair in 25 feet of water on Carolina rigs with pumpkin lizards and on buzz baits; sand bass good in schools at Wolf Island and near the dam on silver slabs; crappie good, several limits, on small and medium minnows in 15 feet of water in heavy timber; catfish good in bottom of the creeks and coves on shrimp and shad.

TEXOMA: Water clear, 82 degrees, 1 foot above normal; black bass fair on cranks and power worms; stripers good to 12 pounds early and late on topwaters and near the dam in deep water on live bait and slabs; sand bass fair when schooling on topwater; crappie fair on live bait in 20 feet of water; catfish slow.

THE SACRED HEART TIGERS continued football workouts this week. Above, Danny Walterscheid works with the linemen's blocking. Below, the Tigers use dummies to work on their goal line defense.

Confusion about dove bag limits, identification

Each fall some hunters get confused about daily bag and possession limits for mourning doves and other species. Hunters also should be able to identify the species of dove they are hunting.

Ron George, deputy chief of the Texas Parks and Wildlife Department's wildlife branch, said a daily bag limit is defined as, "the maximum number of the indicated species that legally may be killed, taken or possessed during the permitted shooting hours in one calendar day."

A possession limit is defined as, "the maximum number of the

indicated species permitted by regulations to be possessed by one person at the end of the second day's hunt or at any other time," he said. "A lawful possession limit of migratory game birds usually is twice the daily bag limit. A person cannot legally shoot a daily bag limit of doves in the morning, then go out in the afternoon and shoot more doves."

Texas has three native species of doves which may be legally hunted. Most people easily recognize the mourning dove, which occurs statewide, with the long, pointed tail, but many people in Central and

North Texas have never seen white-winged and white-tipped doves.

White-tipped doves look like a large, slow-flying mourning dove. The most distinctive feature of a whitetip is its bright, rusty-red coloration on the underside of its wings.

Special hunt application deadlines announced

The deadline to apply for drawings for all public hunts is in August, much earlier than in previous years. The application deadline for alligator hunts is Aug. 10 while applications for other species must be received by Aug. 31.

Hunts are to be awarded by drawing for alligator, pronghorn antelope, archery deer, gun deer and exotics, feral hog, javelina and turkey. A \$2 per person fee is required for applicants 17 years old and older. Drawn adult applicants are charged a special permit fee (\$25 to \$100) for hunts ranging from one to four days. To encourage and support youth involvement and appreciation for hunting as a wildlife management tool and as an outdoor recreational sport, the application and special permit fees are waived for people under 17 years old. An annual public hunting permit is not required to apply for drawings or to participate in hunts by special permit.

About 4,342 drawn hunt positions will be available this year. Applications were received from more than 48,000 people for 4,500 drawn hunt positions advertised last year.

hunting and other outdoor recreational activities under a variety of access permits and public use formats.

A \$35 annual public hunting permit (formerly called a Type II permit) is a season-long permit allowing the permit holder to participate in hunts on more than 90 areas during the hunting seasons established for each area. It also serves to waive any applicable daily hunting permit fees.

A \$10 limited public use permit allows access to public hunting lands for outdoor recreational activities other than hunting and fishing, except on U.S. Forest Service lands within the public hunting program where the limited public use permit allows the holder to hunt small game. The limited public use permit allows camping, hiking, photography and nature observation on areas at time designated for public user access.

A daily hunting permit (\$6 to \$12) offers regular hunts for small game such as mourning dove, white-winged dove, quail, waterfowl and squirrel on several areas. Permit fees are waived for holders of the annual public hunt permit.

Youth under 17 may hunt free and are not required to have an annual public hunting permit, limited use permit or pay a daily permit fee. They are, however, required to be under the supervision of an authorized supervising adult who possesses the required permit. These efforts are directed toward encouraging youth participation in public hunts in a manner that is safe and enjoyable while being economical to the parent or sponsoring adult.

Annual public hunting permits are available at regional TPWD law enforcement offices across the state or by writing to Public Hunting Information, TPWD, 4200 Smith School Road, Austin, Texas 78744, or by calling 1-800-792-1112 or (512) 389-4505.

LEGAL NOTICES

THE STATE OF TEXAS

To: James Honeycutt, and to all whom it may concern, Respondent;

You have been sued. You may employ an attorney. If you or your attorney do not file a written answer with the clerk who issued this citation by 10:00 a.m. on the Monday next following the expiration of twenty days after you were served this citation and petition, a default judgment may be taken against you.

The petition of James Elaine Honeycutt, Petitioner, was filed in the said Court of Cooke County, Texas, on the 4th day of August, 1994, against James Honeycutt, Respondent, numbered 94-269 and entitled "In the interest of Christopher Duane Honeycutt, a child." The suit requests the court to grant a divorce and such other relief requested in the petition. The date and place of birth of the child who is the subject of the suit: 6/9/90, Gainesville, Cooke County, Texas.

The Court has authority in this suit to enter any judgment or decree in the child's interest which will be binding upon you, including the termination of the parent-child relationship, the determination of paternity and the appointment of a conservator with authority to consent to the child's adoption.

Issued and given under my hand and Seal of said Court at Gainesville, Texas, this 4th day of August, A.D., 1994.

Attest:
Bobbie Calhoun, Clerk
of the 235th District Court,
Cooke County, Texas
/s/ Jean Rawls, Deputy

Country Tidings

by Ruth Smith

The Forestburg Watermelon Festival will be Saturday, Aug. 20, starting at 10:30 a.m. with a parade in downtown Forestburg. Charles Edwards is parade marshal, 817-964-2289. A barbecue lunch will be served starting at 11:30 a.m. in the Community Center. Many games will be offered during the afternoon. A style show, directed by Ruth Smith, 817-768-2229, themed "Sunflower Fashions" will be held at 4 p.m. Hamburgers will be available in the afternoon as well as homemade ice cream.

A rodeo, sponsored by the Forestburg Volunteer Fire Department, will be Friday and Saturday nights, Aug. 19 and 20, starting at 8 p.m.

Mrs. Gladys Balthrop, Mrs. Anna Kirk and David Wayne and Becky attended a birthday party Sunday evening in the home of Brady and Karen Dennis at Mountain Springs. The party was honoring Mrs. Balthrop's birthday and Rodney Charles Balthrop's birthday.

Visiting Mr. and Mrs. Clifford Hudspeth for a few days last week was their grandson, Charles Barber, of Wichita Falls and great-grandchildren, Blyne and Kacey Jackson of Justin.

Carolyn Anne Berry has returned to her home in New York City after spending a few days with her grandmother, Mrs. Josephine Berry, and other relatives. She accompanied her grandmother and Mrs. Brenda Haverkamp to Austin to attend the wedding of Leslie Tice Conkright and Scott Acton at the Central Christian Church in Austin July 23.

Miss Lois Bewley and Clyde were in Gainesville Friday and in Bowie Sunday afternoon, accompanied by Mrs. Marie Ford.

Bill and Dorothy Christian of Stephenville spent Sunday with Mr. and Mrs. C.H. Christian. They all attended church at the Forestburg Church of Christ and the dinner following.

Marilyn and Jerry McKown, Kristin, Kimberly and Cassey of Valley View had supper with Mr. and Mrs. Jack Berry Sunday. John Cook of Laguna Hills, California spent the weekend in the Berry home.

Farm & Ranch

Check wellwater for lead contamination

County Agent's Report

by Craig Rosenbaum

NORTH TEXAS WINTER WHEAT TRIALS

Pest management program focuses on flies in dairies

What works for cotton and corn also is working for dairy cows. The nation's first integrated pest management program for dairies is being studied by Extension entomologists in Central Texas.

IPM, normally used to combat insect pests on croplands, is being studied for its potential to reduce flies and other pests around dairies. These pests can spread diseases such as tuberculosis in humans, said Dr. Jesse Cocke, entomologist with the Texas Agricultural Extension Service.

becoming more resistant to antibiotics.

A steadily increasing human population means more "intermingling" of urban populations and confined animal operations.

"You have several conditions that could produce health problems in Texas," he said.

During warm weather, the housefly's life cycle requires about two to three weeks. Since they cannot chew dry food and are susceptible to desiccation (drying out), housefly maggots need a damp or semi-liquid medium in which to live.

In the program, Extension faculty "scout" about 15 dairies in Erath, Johnson and Comanche counties every two weeks to help producers better manage animal waste. They note locations of fly breeding areas and report findings to the producer involved.

"It only takes a small area of a dairy to breed thousands and thousands of flies," Cocke said. "The reports let producers target control to those breeding areas so they don't have to spray the entire dairy."

Researchers also are studying new fly bait stations and larvicides that are friendlier to the environment. Tests conducted in 1992 and 1993 showed that 2,000 to 2,500 flies per bait station per day were killed in the first few days after installation.

"This is much more efficient bait than the traditional types of granular bait," he said.

The fly bait station kills more flies per milligram of chemical, but it is less toxic to mammals than some other pesticides. Additionally, flies have developed a resistance to most of the carbamates, organophosphates and the pyrethroids used before, he said.

Compounding the problem was the exposure of humans and animals to pesticides because the granular bait was scattered around the dairies.

Self-treatment devices such as the LiquiDuster also are being used more often. These apply a small amount of pesticide to the animals as they pass under the units after milking.

Several producers also are cooperating in research on parasitic wasps that kill adult flies, but results are inconclusive. "We don't really understand how many should be released and how they should be released," Cocke said. "We're also examining the possibility that the parasites raised in the laboratory and released commercially are not as effective in killing flies as those already established at the dairies."

The Environmental Protection Agency is advising homeowners with submersible brass pumps to have their wellwater tested for excess lead levels.

Laboratory studies have found that significant levels of lead can leach from some types of brass, said Dr. B.L. Harris, a soils specialist for the Texas Agricultural Extension Service.

"While many homes have brass plumbing or fixtures," he explained, "more emphasis is being placed on lead leached from submersible pumps, since these pumps are in constant contact with the water."

Some submersible well pumps are made of stainless steel and plastic components, but the majority of these pumps are constructed with brass fittings contained in a cast brass housing, Harris said. These pumps have the potential to leach high levels of lead into drinking water, especially if the water is soft and corrosive.

Homeowners should consult the pump manufacturer to determine if their pumps contain brass components. Otherwise people should have their water tested by a certified laboratory in their area. The EPA advises those affected to drink bottled water until their water can be tested and the quality assured.

The EPA has established a 15 parts per billion maximum contaminant level for lead.

Harris suggested following this

procedure for getting your water tested for lead levels:

- Consult your local telephone yellow pages to find a laboratory that tests for lead in drinking water. Make certain the laboratory uses EPA-approved methods 239.2, 200.8, or 200.9. A typical test for lead in drinking water costs \$15 to \$50 per sample.

- Use a plastic bottle to collect and store samples.

- Collect an 8- to 10-ounce sample after the water in the plumbing has stayed motionless for several hours (first thing in the morning, for example) without allowing the water to run first. This "first draw sample" will determine if your plumbing or fixtures contribute any lead to your drinking water.

- Collect an 8- to 10-ounce sample about mid-morning from the outlet of the storage tank at a point before the water passes through any household plumbing (solder, brass fittings, faucets). Allow the water to run for 30 seconds before collecting the sample. This "flushed sample" determines the contribution of the submersible pump to the lead level in your water.

For more information regarding lead in drinking water, contact your local county Extension agent for a detailed fact sheet. Additionally, you can call the EPA Safe Drinking Water Hotline at (800) 426-4791, or the National Lead Information Center at (800) 424-LEAD.

Winter Wheat Trials for the Blacklands of North Texas were conducted this past year by Dr. David Marshall and Russell Sutton with the Texas Agricultural Experiment Station. In Cooke County this trial was conducted on the Selby Brothers Farm at Era. Selby Brothers Farms have cooperated the past several years in working with the Experiment Station on gathering information for agriculture producers in North Texas. We appreciate their continued support along with other result demonstrators in the county in providing these needed resources to gain this information.

This past week I visited with Dr. Marshall about wheat varieties that have potential for farmers in Cooke County. As far as hard wheats go, those showing promise for us include 2163 and Ogallala. Ogallala was planted at three locations in Cooke County this past year. On the Uniform Wheat Elite Trial at Era, it was the high yielding commercial entry. It was in the top four at the Aloys Fuhrmann Farm at Lindsay and was in the bottom fourth at the Bayer Farm at Muenster. Ogallala is an AgriPro variety. 2163 was in the top quarter of all entries at the three wheat plot locations over the county this year. Other hard varieties that might rate some consideration are AgriPro Tomahawk and TAM 300.

These varieties tend to be a little later maturing.

FFR 525 continues to be a high yielder in the soft wheat entries. It also produces excellent grazing. One drawback to this variety is that it can rust fairly severely in a heavy rust year. Other new soft varieties that have good potential included the Pioneer 2571, Coker 9024, Coker 9134, and Hickory. Hickory is an AgriPro variety that should have a little higher yield potential than Mallard. One consideration on Hickory is that it is a fairly early variety, being four days to a week earlier than most varieties, so there is potential for late freeze damage. If you are interested in hay or silage, Coker 9024 is an extremely tall variety that has possible potential for producers wanting hay or silage.

Wheat planting for grazing will be upon us shortly. Producers interested in trying a field of one of these newer varieties need to be in contact with their seed distributor. Each year it seems the newer varieties are sold quickly.

The following table is a comparison of the winter wheat county variety trials that were established in Collin, Cooke, Fannin, Grayson, and Rockwall Counties.

If you need additional information concerning any of the varieties, contact me at the County Extension Office.

WINTER WHEAT - COUNTY VARIETY TRIALS 1993-94

Rep. Finnell participates in conference

State Representative Charles Finnell was among legislators from 16 southern states attending the Agriculture and Rural Development Committee meeting of the Southern Legislative Conference, July 16-20 in Norfolk, Virginia. The committee's agenda, structured to give state elected officials an analysis of key agriculture and rural development issues in the South, also provided a state by state comparison of innovative programs that each locality has instituted. Participants adopted regional policy positions which were forwarded to Congress.

This year's program included a look at international trade and the broadening of U.S. trade philosophy; research and remedies for control of southern insects in agriculture; and the presentation of a recently released study by the Southern Legislative Conference on how the southern states are implementing the North American Free Trade Agreement.

NOTICE OF EFFECTIVE TAX RATE

1994 PROPERTY TAX RATES IN MUENSTER ISD

This notice concerns 1994 property tax rates for Muenster ISD. It presents information about three tax rates. Last year's tax rate is the actual rate the school district used to determine property taxes last year. This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's rollback tax rate is the highest tax rate the school district can set before it must hold a rollback election. In each case these rates are found by dividing the total amount of taxes and state funds by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

Category	Rate
LAST YEAR'S TAX RATE:	
Last year's operating taxes	\$862,144
Last year's debt taxes	\$41,442
Last year's total taxes	\$903,586
Last year's tax base	\$92,898,460
Last year's total tax rate (per \$100)	1.090000

Category	Rate
THIS YEAR'S EFFECTIVE TAX RATE:	
Last year's adjusted taxes (after subtracting taxes on lost property)	\$807,395
This year's adjusted tax base (after subtracting value of new property)	\$79,432,854
This year's effective tax rate (per \$100)	1.137163

* 1.03 = maximum rate unless the school district publishes notices and holds hearing (per \$100)

Category	Rate
THIS YEAR'S ROLLBACK TAX RATE:	
School maintenance and operations component	\$975,002
This year's tax base	\$80,509,779
This year's local maintenance and operating rate (per \$100)	1.086626
* .05 = this year's maximum operating rate (per \$100)	1.146826
* This year's debt rate (per \$100)	0.096673
* This year's rollback rate (per \$100)	1.243499

* If the rollback rate is lower than 1.03 times the effective rate, the unit must publish the notices and hold the hearings to exceed the rollback rate.

SCHEDULE A UNENCUMBERED FUND BALANCES

The following estimated balances will be left in the unit's property tax accounts at the end of the fiscal year. These balances are not encumbered by a corresponding debt obligation.

TYPE OF PROPERTY TAX FUND	BALANCE
H & O Fund	\$30,000

SCHEDULE B 1994 DEBT SERVICE

The unit plans to pay the following amounts for long-term debts that are secured by property taxes. These amounts will be paid from property tax revenues (or additional sales tax revenues, if applicable).

DESCRIPTION OF DEBT	PRINCIPAL OR CONTRACT PAYMENT TO BE PAID FROM PROPERTY TAXES	INTEREST TO BE PAID FROM PROPERTY TAXES	OTHER AMOUNTS TO BE PAID	TOTAL PAYMENT
77 Bldg Bonds	\$30,000	\$15,465	\$0	\$45,465
92 Cap Acn Pr	\$25,000	\$5,033	\$0	\$30,033
Total required for 1994 debt service				\$75,498
- Amount (if any) paid from funds listed in Schedule A				\$0
- Excess collections last year				\$75,498
* Total to be paid from taxes in 1994				\$0
* Amount added in anticipation that the unit will collect only 97.00% of 1994 taxes in 1994				\$2,334
- Total Debt Load				\$77,832

This notice contains a summary of actual effective and rollback tax rates calculations. You can inspect a copy of the full calculations at the Cooke Co Appraisal District Office.
