

**To the Editor:**  
It was indeed rewarding to see Muenster ISD on the top rung of the ladder of success as one of the top five school districts in Texas.

Right after World War II, I ran a G.I. school (vocational training) for veterans of WWII and the Korean Conflict. I have witnessed the beginning of and the struggle for academic excellence of Muenster Independent School District.

Through the years, the competition with Sacred Heart has been sharp and, in that respect, has been a blessing, a challenge to produce, to perform and to excel. You have risen to the occasion, you have succeeded and success tastes great - hoorah!

Mankind stands above the rest of God's creation by virtue of the mind. The skills that mankind carry around in their heads are the greatest wealth of this nation and academic excellence should be the number one priority of all school districts - in Muenster ISD it is and it shows.

Enough said,

**To the Editor:**

I am employed by Cooke County Justice of the Peace Royce Martin. I have worked for Judge Royce Martin for over eight years. During this time, I have found him to be knowledgeable, honest and professional while performing his duties. He goes out of his way to be helpful to people, whether they are rich, poor, elderly or young, on the job and off.

The citizens have been informed of Judge Martin's many qualifications. I think it is time his opponent, Robin Hacker, inform us of her qualifications, such as experience, skills, education, knowledge of Justice Court procedures, etc. We have not heard any of these things mentioned. Mrs. Hacker has only attempted to degrade Judge Martin's character and criticize this office.

What are her qualifications to be Justice of the Peace?

Lisa Harris  
340 S. Ritchey Dr.  
Valley View, TX 76272

**Dear Editor:**

I am the 15-year-old daughter of Justice of the Peace Precinct 4 candidate Royce D. Martin. I am writing this letter specifically concerning the slanderism of my father during this campaign by his opponent, Robin Hacker. Let's start by clarifying a few statements which have been made in several of Mrs. Hacker's political ads.

She has stated that she will be available after 9 p.m., on Sundays, and on Germanfest weekend. If Mrs. Hacker is insinuating that my father isn't available at these times, I suggest she checks with the Cooke County jail. He has performed arraignments and inquests at any time he has been needed, including after 9 p.m., on weekends and during the Germanfest weekend. Mrs. Hacker has also stated that she will be the "conservative" candidate in this race. How exactly is the word conservative being used? Repeatedly, she has claimed how things are going to return to an honorable and professional office if she is elected. In my dictionary it states that the definition of conservative is "inclined to keep things as they are, opposed to change."

I'm sure that if Mrs. Hacker would take the time to get her facts straight, she would clearly see that the office of Justice of the Peace Precinct 4 is presently being run in an honorable and worthy manner. You can clarify this fact by talking to the citizens in the precinct 4 voting area.

I think it is a shame that Mrs. Hacker has chosen to use unjustified slanderism in this campaign. Before any further statements are made concerning the Justice of the Peace office and my father, I suggest she gets all her facts straight before they go to the printing press.

Please remember to vote for the qualified and more mature candidate on Nov. 8, 1994; Royce D. Martin.

Sincerely,  
Amy Martin

**To the Editor:**

It is clear that not only the Democrats but the Republicans as well do not wish to end their " gravy train " as the bill to control lobbying as well as the bill to streamline the congressional bureaucracy and reform the way political campaigns are financed died in the Senate (Fort Worth Star Telegram 10-7-94).

The picture is clear Congress will never pass any meaningful campaign finance reform: will never unplug their automatic re-election machine, nor will they ever balance the budget of their own accord. You can fire them (send them home by term limits) but you can't cut off their income - they have seen to that.

The only possible solution is for the states to step in and exercise their influence. First and foremost all 50 states need I & R (Initiative and Referendum) the power of the petition. In Texas our home rule cities have that power in city government and 24 of our states have that power. Second, we should have NOTA (none of the above) on all ballots - local, state and national.

It is obvious Congress will never vote term limits on itself, nor will it pass any meaningful campaign finance reform. Too, just as obvious, term limits come from states having I & R, the power of the petition. It is the voice of the people, tired of the way Congress conducts the peoples' business. Tired of the perpetual re-election machine.

It is clear that Congress is an institution desperately in need of reform. Too it is clear that the voting public in the states with I & R are the only avenue to bring about that change.

Education of the public is a slow process and as I have stated before, two things are needed to really unplug Congress automatic re-election machines. (1) I & R, the power of the petition in all 50 states to set term limits (2) with NOTA on all ballots a sitting legislator could lose to the "empty chair" even in a hopelessly gerrymandered one-party district. This one simple change in the ballot might reinvigorate American politics, might improve voter turn-out and would be far more effective than campaign-finance reform in reducing the overwhelming advantages of incumbency. Simply stated, it would give the voter a choice and - isn't that what it is all about?

# Evelyn Walterscheid is unopposed for Cooke County Clerk position

EVELYN WALTERSCHEID

Evelyn Walterscheid's bid for the job of Cooke County Clerk is unopposed. She decided to seek the office after Cooke County Clerk Frank Scoggins decided not to seek another term.

It was 35 years ago that Mrs. Walterscheid began working in the county clerk's office as a recording clerk. In 1963 she was assigned to the position of vital statistics clerk, a position she still holds today. She is also chief-deputy county clerk and has been for 20 years.

As chief-deputy she acts in the capacity of the county clerk in his absence, and also supervises all departments in the office.

As vital statistics clerk Evelyn is responsible for registering all births, deaths, and stillbirths in Cooke County, and at the State Department of Health in Austin. She assists in filling out paternity forms, amends birth and death records, and prepares forms for Delayed Birth Certificates.

The county clerk's position brings with it many duties -- issuing marriage licenses and common law certificates; filing and recording legal documents; registration of cattle brands, birth, death, and military records, issuing certified copies of birth and death certificates, marriage licenses and legal documents; maintaining a probate and civil, as well as a criminal department; early voting for elections, and preparation for elections; counting election returns and recording returns after they have been canvassed.

"I have prepared the General Election Ballot and reported all election returns on election night to the Secretary of State for more than 20 years," Mrs. Walterscheid said.

Throughout the years she has worked in all departments in the county clerk's office. "I am fully aware of the responsibilities of this office, and feel my years of work have given me the necessary qualifications for this position," remarked Evelyn. "I would be honored to be your next county clerk."

Evelyn was born on a farm in Grayson county. She attended school in Pilot Point and graduated from Pilot Point High in 1953. She worked as a clerk-typist in Dallas until May 1955 when she married Donnie Walterscheid. They live in Muenster and have a son, daughter-in-law and two grandchildren.

**FROM: Robin Hacker Conservative Candidate**  
**TO: Citizens of Precinct 4**  
**Re: Justice of the Peace Election**

The reason I am running for J.P. Pct. 4 is evident. See the charts below: Expense vs. Caseload:  
BUDGET ANALYSIS 08/15/94  
**Budget Analysis Worksheet of Expenses & Revenues**  
**Budget Year: 1993-1994**

Description	Y-T-D Rev.	Y-T-D Exp.	Est. Budget of 94-95
TOTAL J.P. 1-1	64,595.62	48,757.57	59,755.00
TOTAL J.P. 1-2	99,911.04	49,060.46	59,519.00
TOTAL J.P. #4	40,585.50	50,347.38	66,034.00

Precinct 4's J.P. falls far short of an efficient court. My policies to improve the performance are:

- 1) I will hear all cases and complaints brought to this court.
- 2) I will adhere to state mandated fines and fees.
- 3) I will conduct only official business on county property.

**MUENSTER STATE BANK** President Earl Fisher, left, and Executive Vice President Henry Weinzapfel, right, presented NASA's Space Program Video Library to Muenster ISD Superintendent Steve Cooper and Sacred Heart Principal Jack Murdock Tuesday. From the beginning of NASA's space program 33 years ago, NASA has documented every step of America's Manned Space Program in hopes of making this significant collection available to the nation's schools and colleges. Unfortunately, this goal has never been realized largely because of the cost and complexity of such distribution. The Independent Bankers Association of Texas, through its Young Bankers' Division saw the need and the opportunity and took on the challenge of placing these tapes in all the schools of Texas. They feel that the space program is bursting with the principals of leadership, courage, dedication, cooperation with others and decision making that will certainly impact youngsters today and in the future. They feel all students will benefit tremendously by understanding the deeds, the glory, the tragedy, and the incredible accomplishments of America's Space Program. Muenster State Bank realizes the need for good educational programs in our schools and hopes that these NASA films will foster and encourage students to realize that they too can reach for higher goals. Your ambitions can only be limited by your lack of determination and desire. If these films encourage only a few students to a dedication to science and physics development, the efforts of the Young Bankers Association will have been worth while. With that in mind, Muenster State Bank is happy to be a part of this ambitious program and to present these tapes to both of our schools. You have proven your dedication to education as each school has recently received awards for your excellence. May these tapes foster further improvement in education of all students of Muenster.

## Paul William Hellman dies in Tulsa at age 81

P.W. "Bill" Hellman died peacefully in his home in Tulsa, OK on Oct. 20, 1994. The youngest son of Gus and Anda Hellman, he was born on Jan. 23, 1913 in Muenster, attended Sacred Heart School through the tenth grade and continued his education in Marquette, Wisconsin. He was married to Agnes Weinzapfel on Dec. 27, 1937.

P.W. "BILL" HELLMAN

Muenster was home to Bill until 1935 when he opened a retail feed store and later was a partner in a Plymouth/DeSoto dealership in Gainesville. During W.W. II he moved his family to Tulsa where he spent his energies and many talents in pursuit of successful entrepreneurial endeavors until his retirement in 1974.

He was preceded in death by his parents, Gus and Anda Hellman, and his brothers Rudy, Arthur and Hugo, and one sister Margaret Baker. Also preceding him in death were one son Phillip, and a granddaughter, Robertina.

Survivors are his wife Agnes (Weinzapfel) Hellman and seven children and their spouses, Judy and Richard Dean of Annapolis, MD; Gus and Catherine Hellman of Tulsa; Michael Hellman of Portage, MI; Chris and Jim Baker of Plano; Ruth Hellman Simmons of Tulsa; Rita and Terry Baker of Littleton, CO; and Debbie and John Hunter of Des Moines, IA. Surviving grandchildren are Sgt. Kevin Hellman (U.S. Army) and wife, Tiffany; Nikka, Theresa and Caroline Hellman, Nora Simmons, Lucas Baker and Casey Hunter. Memorial services were

conducted at St. Pius X Church in Tulsa on Saturday afternoon, Oct. 22. Concelebrants of the Mass of the Resurrection were Agnes' brothers, Msgr. Thomas Weinzapfel of Dallas and Father Joseph Weinzapfel of Muenster.

Attending from Texas were sisters and brothers-in-law, Dora and Hugh Jackson of Azle; Juanita and David Bright of Muenster; and Mary Elizabeth and William L. Birden of Denton; and brother and sister-in-law Henry and Jane Weinzapfel of Muenster. Also present was close friend and former business associate, Frankie E. Schmitz of Gainesville.

Nephews in attendance were Dr. and Mrs. Monte Hellman of Dallas; Mr. and Mrs. Damian Hellman of Irving; Mrs. and Mrs. Joseph A Jackson of Anchorage, Alaska; and Lt. Col. Joseph A. Bright of Alexandria, Virginia.

## STUDENT COUNCIL

parliamentary procedures, responsibilities of voters and elected officials. Student Council gives students an opportunity to have a say in the operation of our school. Through Student Council, every student's ideas can be heard. It is a way to keep students, parents, teachers and principal informed of

each other's ideas, needs and opinions. It also ensures everyone in school cooperates in the day-to-day responsibilities of being part of a school community, enjoys improvements and special activities and works together on specific problems.

Student Council sponsors are Darla Lile and Gwen Trubenbach.

## Muenster Elementary elects Student Council

Muenster Elementary students completed their first election of officers and representatives. An orientation for newly-elected Student Council members will be held on Tuesday, Oct. 25, 3:30 p.m. in the computer lab. Installation of officers will be Nov. 4, 2:30 p.m. in the Muenster High School Auditorium. Muenster High School Student Council officers will install the Elementary Student Council.

Elementary Student Council officers are: Chisam Cain,

president; Krystal Hale, vice-president; and Pamela Lutkenhaus, secretary.

Fifth grade representatives are Shawn Hess, Stephanie Hellman, Crystal Lutkenhaus and Jason Vogel. Fourth grade representatives are: Kami Klement, Wesley Koelzer, Megan Lippe and Michael Endres. Third grade: Kristian Koesler, Kyle Endres, Melinda Walterscheid and Nathan Sicking. Second grade: Sean Fuhrmann, Tara Swirczynski, Chase Cain and

Candice McCrary. First grade: Ryan Fuhrmann, Jacé Koelzer, Jenni Endres and Dustin Wimmer.

The first project that the Student Council will undertake is to write a constitution. Other projects will be chosen by the group as the year progresses.

Through Student Council, Muenster Elementary students, grades one through five, are learning about the democratic process, working together,

*Keep the Scales of Justice Balanced*

Justice of the Peace, Precinct Four

To The Voters of Justice Precinct Four,

I sincerely wish I could have visited with each of you before this election. Please allow me to take this means of making you aware of my qualifications in my bid for re-election as your Justice of the Peace.

I will not be untruthful about my qualifications to impress or misguide you. I am honored to have served you for almost sixteen years. I have over twenty years of honorable military service in both the Korean and Vietnam conflicts with tours of duty in both regions.

After completing my military service, I was employed six and one-half years with the Texas Department of Corrections and the Texas Youth Council. In 1979 I was elected as your Justice of the Peace.

I have acquired an Associate of Applied Science degree in Criminal Justice. I have also completed 320 hours of Justice of the Peace certification schools conducted by Southwest Texas State University, San Marcos, Texas. I am a member of the First Baptist Church, Valley View, a member of the Veterans of Foreign Wars, Post #1922, and an elected member of the Valley View Cemetery Association. I am 60 years of age and a lifetime resident of Cooke County.

To be an effective Justice of the Peace, one must be available to the citizens and law enforcement at all times. During my tenure in office, there have been 195 deaths in my precinct that required an inquest be conducted. I have conducted and ruled on 191 of those deaths, with none being questioned. I have conducted numerous inquests outside my precinct over my tenure in the absence of other Justices.

I consider myself a compassionate person. I honor death and I am familiar with a family's grief. I assist whenever possible. I have never been censured by the State Commission of Judicial Conduct.

My parents taught me at an early age to treat others as you would like to be treated. I have never forgotten that training. I consider myself fair and impartial in all my decision making.

If you think I am deserving of your vote, please re-elect me on November 8, 1994 and I will continue to serve you in a manner I consider worthy of your support.

Yours truly,

Royce D. Martin

## Electric storm was enemy of Fischer's computers

The electric storm on Thursday night, Oct. 20, tried a knockout punch at Fischer's Market and caused their computers to be down and useless all day Friday, as related by Johnny Fisher.

Unable to use the bar code system at the checkout counters, Fischer's turned to their customers for help. They placed many marks-a-lot pens along grocery shelves where prices for each item are always posted. Customers were asked to mark on each item they bought the corresponding price. At the checkout counters, clerks used

adding machines to total customers' purchases, trusting the honor system.

"Where else but in Muenster?!" said smiling employees and owners. Admittedly, lines of grocery carts got a bit long and slow, and for this Fischer's apologizes, but they were quick to congratulate customers for their honesty and praise them for their patience. They all said, "We were very pleased with the cooperation of our customers."

By Saturday morning, equipment was repaired and all running smoothly again.

## Check credit history at MSB on November 3

This profile could easily fit many of us. Never needing a credit history, nor possessing a credit history, suddenly being surprised when asked to produce a credit history. As an individual who has always paid cash and regularly kept bills paid, who has never defaulted on a loan, never been known as "slow pay," not even knowing how to obtain a credit history - all these are situations that may, at sometime, confront even the best credit risk.

Then there may be a case when an individual applied for credit

status, was refused and never learned why!

Also there may be people who wonder what a formal credit report looks like.

Then there are people who deserve a good credit status and are excellent risks, but have no credit history.

Muenster State Bank is offering a new service, helping to develop a favorable credit history, building or improving a credit history. MSB issues an invitation to come by the lobby on Nov. 3, 9 a.m. to 3 p.m., and "check your own," free of charge. Bring proof of identification and get a copy of your current credit report in minutes.

Trans Union Credit Reporting Agency and MSB staff members will be on hand at 201 North Main to assist with any banking needs and answer questions concerning your credit report.

### DISTRICT CLERK

Continued from Page 1

"Your electing Pat Payne as District Clerk of Cooke County will convey a message to all citizens of this area that good county government continues to be the demand of the constituency," said Payne. "I stand for freedom and opportunity, not regulation and dependency."

PAUL HESSE, Robin Hacker, Pat Payne and David Hartman attended the Kiwanis meeting led by Kiwanis President Johnny Rohmer.

Dave Fette Photo

## Kiwanians host GOP candidates

David Hartman, Republican candidate for Texas State Treasurer, was the featured guest and speaker at the Muenster Kiwanis October meeting last Wednesday at The Center. He was introduced by his friend and fellow businessman, Frank Cromeens. Three local GOP candidates were also introduced: County Judge candidate Paul Hesse, Justice of the Peace hopeful Robin Hacker and candidate for District Clerk Pat Payne. Commenting on state spending growth, Hartman said he would insist that spending grow no

faster than can be paid for. He spoke out against deficit spending and said he would be the "taxpayers' watchdog." "I want to earn more for the state and do it safer through responsible investing," Hartman concluded.

## Hartman declares 'paper losses' are real money

"TexPool, the investment pool operated by the Treasury for local governments has run six straight months of book to market losses totaling nearly 60 million dollars," declared Austin banker David Hartman, the Republican nominee for State Treasurer. "In response, the current Treasurer has repeatedly referred to this serious situation as only 'paper losses'. But, the local governments who have money in TexPool know these 'paper losses' invariably mean a real loss of income or principal. This is why they have been withdrawing their money at an accelerating pace."

yields and more lost income to the investors," Hartman explained.

"To proclaim 'not one single TexPool participant has lost one single dime' is simply untrue. TexPool's customers have seen their investment incomes go to below-market levels.

Right now, TexPool is now paying nearly 3/4% less than a six month T-Bill, a risk-free security of comparable maturity to the average TexPool investment. In the real world, this spread translates into \$30 million dollars a year in lost income for TexPool's investors. This is costing real dollars, millions of them, for the city and county taxpayers of Texas."

"The current Treasurer's mismanagement of TexPool's investments led directly to lower incomes for TexPool's investors. Her plan to hold onto these unwise investments until maturity will not make them good investments, either. Doing so means even lower

"The problems at TexPool are pressing and must be addressed before further loss of both trust and income occurs," Hartman concluded. "Texas taxpayers can't afford anymore of these so-called 'paper losses'."

## Ora Embry dies Oct. 21

Ora Cornelia Embry of Saint Jo died on Oct. 21, 1994 in Gainesville Memorial Hospital at 3:55 a.m.

She was born on Sept. 16, 1914 in Montague County to Pearl and Oliver Wade. After her parents died, she was raised by her cousins, George and Nelia Baker, along with their children. On Oct. 22, 1939, she married J.P. Embry in First United Methodist Church of Saint Jo.

She was a homemaker, a lifetime resident of the Dye Mound/Saint Jo area and a member of Forestburg Methodist Church.

Survivors are her husband, J.P. Embry of the home; one daughter, Gayle Edwards of Forestburg; one son, Dewey Embry of Newark; five grandchildren and three great-grandchildren; and foster siblings, Ollie Mae Baker of Wichita Falls, Mary Sowell of Wichita Falls, Kenneth Baker of Burk Burnett, Eli Baker of Saint Jo and Claude Baker of Saint Jo.

She was preceded in death by her parents, and two brothers, Jim and Oliver Baker.

The funeral of Ora Cornelia Embry was held on Oct. 23 at 2 p.m. at Forestburg Methodist Church, with Rev. Mike Miller, pastor, officiating. Burial in Dye Mound Cemetery was directed by McCoy Funeral Home of Saint Jo.

Pallbearers were Bob Schutes, Gerald Boyd, Clifford Hudspeth, Clint Thurman, Ancil Thurman and Pete Dunn.

# An answer to last week's Civic Outlook

**by Councilman Arthur Hennigan**

Since the entire Council is under attack in this article, I am going to respond as follows:

1. As far as I know there is no law that requires the City Administrator to pick candidates for City Secretary. As you full well know it was discussed with Chris Yosten as to whether he wanted to pick three candidates. He said he would let it up to the City Council to pick, interview and hire the City Secretary as it has always been done in the past.

2. If this is law, as you stated, why are you trying to bring in new candidates, on your own, after the date for the applications to be submitted has expired?

3. City Administrator Chris Yosten runs a conservative operation. I wholeheartedly agree

with this statement most of the time. I think the Council gives him wide latitude for day-to-day decisions. At our regular Council meeting, I think a little more light will be shed on the subject as to when he may be having decisions forced upon him.

4. City Secretary Celine Dittfurth has not turned in a letter of resignation stating any specific date, only a good possibility that she did not want to continue full time. Nor has she applied for retirement benefits.

5. No matter what method is used to hire the City Secretary, the assistant to the City Secretary will probably become a permanent part-time employee with installation of a computer system.

6. I don't think the Council acted in a panic but with prudence. If the Council hires someone, who in a few months finds a dislike for the

work, time would run short to teach another person if Celine did follow with a deadline, which I hope for the good of the City she does not.

7. "I am against wasting any tax dollars and will report to you the outcome of this meeting," said the Mayor in his CIVIC OUTLOOK. I will go along with this as I am sure the entire Council will. But, could we have less half-truths and downright lies appearing in this column? How do you think you can have any unity, with this Council, if you constantly publicly attack every decision of this Council, if it is one you do not like?

Any Council person should be able to vote his or her conscience without fear of ridicule or repercussion from the Mayor or other Council persons.

To have it any other way, the real losers are the citizens of Münster.

## "Civic Outlook"

**by Mayor Bill Miller**

Monday night the Münster City Council met and voted to employ a new City Secretary with a starting date of Jan. 2, 1995.

Since the city has adopted a Personnel Handbook that states that the City Administrator does the hiring, the Council's vote on this matter is void. Administrator Chris Yosten is in charge of the employees. He gives the employees their orders and he is the one who is responsible for hiring and firing.

Also, at this meeting, Alderman Arthur Hennigan stated that he does not like my "Civic Outlook" articles in the paper, in particular, naming names.

The reason I ran for Mayor was because I can see the need for openness in government. There has been too many secrets for too long.

This what is wrong with government today. The elected officials should be reminded that they are to be held responsible for the taxpayer's money.

As long as I am Mayor, I will tell you everything that I plan to do and everything that is going on with the city.

Every company that deals with the city sends both myself and Admin. Yosten a copy of their communication. This way, one person is not solely responsible for the mail.

If a council member complains about the Mayor's private mail, he does not know what he is talking about. There is no private mail, unless, hopefully, I receive a letter of congratulations from someone!

Recently, some city equipment

needed repairs. Admin. Yosten met with a council member and got the approval as the city ordinance states, to rebuild the packer engine. The cost was \$2,404.56 from Voth Tractor Repair. This cost saved a future higher cost as the engine was about to fly apart. I also gave Admin. Yosten my approval to repair the packer.

A throw-out bearing on the city tractor cost \$51.03, a new clutch pressure plate and springs were needed, two trips were made to Dallas for grinding the plate and the fuel tank had to be removed and welded. The total bill from Voth Tractor Repair was \$687.58. Ald. Hennigan has been telling people that the cost on the throw-out bearing was over \$100. He needs to recheck the statement.

# Hall named NFIB "Guardian of Small Business" for support of free enterprise

Texas U.S. Rep. Ralph Hall has been named "Guardian of Small Business" by the nation's largest small-business advocacy organization, the National Federation of Independent Business.

NFIB, which represents more than 600,000 small and independent firms in all 50 states including more than 37,000 in Texas, honors U.S. lawmakers who

provide consistent support for free enterprise by voting favorably on key small-business issues a majority of the time during a two-year session of Congress.

Rep. Hall's small-business voting record during the 103rd Congress, based on 10 recorded votes, was 100 percent.

Among crucial issues for entrepreneurs this session were legislative proposals dealing with balancing the federal budget, reducing government regulation,

protecting small businesses from unfair bankruptcy laws, limiting taxes and restricting government intervention in small-business operations.

NFIB is a non-profit, non-partisan organization which represents federal and state legislatures on behalf of small business. Small businesses make up about 99 percent of all American employers, hire nearly 60 percent of the workforce and create some two-thirds of all new jobs.

## Change your clocks, and your smoke alarm battery

As the fall time change approaches, the Texas Commission on Fire Protection reminds the citizens of Texas to make another change that could save their lives—changing the batteries in their smoke alarms.

"Although studies show that between 80 and 90 percent of the homes in the United States have smoke alarms, non-working smoke alarms are so common that they are robbing Texans of the protective benefits that they were designed to provide," said Michael E. Hines, executive director of the Commission on Fire Protection. According to the Texas Fire

Incident Reporting System, the largest number of fires in which someone dies occurs in homes when the residents are sleeping. During 1992, there were no working smoke alarms in 70 percent of the homes in which a fire death occurred. In those homes where smoke alarms did not operate properly, the batteries were frequently dead or missing.

"Plan ahead by checking to see what kind of batteries your smoke alarm uses and buy several batteries of that type," Hines said. "Then when you're changing your clocks back to standard time on Saturday night, Oct. 29, change the batteries in your smoke alarm too."

## TO MY FRIENDS IN THE FOURTH CONGRESSIONAL DISTRICT:

My two opponents, both in lockstep, are asking you to believe them simply because they put an ad in the paper.

I have feelings - and I really care what my neighbors - Republican or Democrat - think about me. I'll return to this district and intend to be your friend and neighbor long after I leave Congress.

For that reason and for your analysis - I repeat the words of both my opponents Mr. Bridges and Mr. Rothacker:

**Mr. Bridges**

In the September 2nd, Longview Journal, Mr. Bridges cited the NATIONAL TAXPAYERS UNION and said that I was spending like a liberal and that I ranked "... just slightly worse than liberal Democrat Congresswoman Pat Schroeder".

**Mr. Rothacker**

On October 14th, Mr. Bridges' echo and fellow-accuser, Mr. Rothacker, stated in the Rockwall Success: "NATIONAL TAXPAYERS UNION and Citizens Against Government Waste (taxpayers watchdog groups) rate Mr. Hall at about 56% lifetime (a grade of F)".

They both build their case on the NATIONAL TAXPAYERS UNION. I am sure that they would not intentionally misrepresent the facts, however... the truth usually surfaces. It is as follows:

### National Taxpayer Union Says Hall Deserves Reelection

(Washington, DC) - The political action arm of the nation's largest taxpayer group, National Taxpayers Union (NTU), today endorsed Ralph Hall for Congress.

"Representative Ralph Hall has compiled a solid pro-taxpayer voting record in Congress and deserves re-election," said David Keating, President of the NTU Campaign Fund. "We especially appreciate his strong support for the Balanced Budget Amendment to the U.S. Constitution, opposition to President Clinton's 1993 tax increase, and support on several critical votes to cut spending."

Keating said "a major factor in our endorsement of Ralph Hall was his willingness to withstand party pressure from President Clinton and the liberal leadership and cast many important pro-taxpayer votes. When push came to shove over President Clinton's massive tax hike, he did not yield to the demands of the high-tax crowd. When President Clinton and congressional leaders used every arm-twisting tactic in the book to defeat the Balanced Budget Amendment, he would not give in. When taxpayers most needed an advocate in Congress for spending cuts, such as the Penny-Kasich bill, he eagerly stepped forward."

"Ralph Hall has consistently demonstrated that he puts the plight of overburdened taxpayers before the political aspirations of the big-spending House leadership," Keating continued. "To be a fiscally responsible member of Congress requires the courage to stand up for the best interests of taxpayers, even when that means opposing powerful members of his own party. Representative Hall has proven that he is the right man for this demanding job."

National Taxpayers Union Campaign Fund was organized this year to support the election of pro-taxpayer candidates for Congress on a non-partisan basis. The group also plans to target anti-Balanced Budget Amendment candidates for defeat this November. This year the Amendment fell four votes short in the Senate and 12 votes short in the House of the two-thirds margin necessary for passage.

Keating concluded: "Ralph Hall has worked hard to reduce the deficit, resist more taxes, and lessen the burden of our national debt on future generations. He has opposed big-spending, high-taxing business as usual in Washington."

National Taxpayers Union Campaign Fund is the political action arm of the 250,000-member National Taxpayers Union. Endorsement decisions are made by a unanimous vote on a nonpartisan basis by a six-member endorsement committee that includes two Democrats, three Republicans and one independent. National Taxpayers Union, founded in 1969, created the NTU Campaign Fund in 1994. NTU has led the national fight for constitutional amendments to require a balanced budget and limited taxes.

# Kay Bailey Hutchison Working For Texas

**Reducing Government to Strengthen Families and Small Business.**

She's voted against higher taxes every time and for the Balanced Budget Amendment. She strongly opposes unnecessary federal regulations that hurt small business. And she's proposed a new law so homemakers can save with a tax free retirement account, too.

**Changing the Way Washington Works.**

Kay cut her own Senate office budget 20% — just as she promised last year. Now she's pushed Congress to slash its budget, reduce government overhead by 10%, and trim \$50 billion from 50 programs. Kay's the sponsor of a bill for a national referendum on term limits and will set an example by only seeking two full terms herself. Now she's determined to make Congress live under the laws it passes for the rest of America.

**Protecting Our Freedom.**

On the Armed Services Committee, Kay is fighting for a strong defense and defending our Texas military bases that are so critical to national security. She's committed to protecting private property rights and other constitutionally protected freedoms. She's pushing for tough crime laws that protect citizens, not criminals.

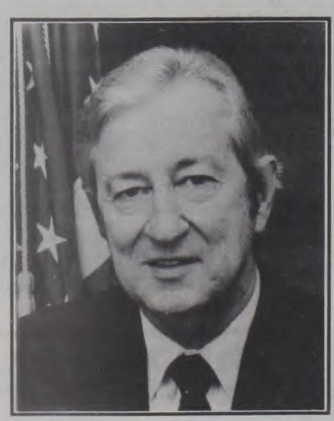

**Already An Effective Leader.**

Though we sent Kay Bailey Hutchison to the Senate just last year, she's already making a difference for Texas. She passed a bill to make the federal government — for the first time — pay for some costs of its failure to protect our Texas border against illegal immigration.

*Our choice this year is to keep this effective, new conservative leader who puts Texas first ... or replace her with a Clinton-style "New Democrat."*

**Kay**  
For U.S. Senate

Once again - I do not intend to belittle either of these gentlemen. The facts speak for themselves. They were both off base and they were wrong.

Respectfully,  
*Ralph M. Hall*

# Lifestyle

## Candlelight ceremony unites couple Oct. 15

The wedding of Tracy D'Ann Vogel and Larry James Westbrook Jr. was held on Oct. 15, 1994, with a candlelight ceremony and double-ring vows at 5 p.m., performed by Dennis Perry, Church of Christ minister, in Callisburg Church of Christ.

Daughter of James and Linda Vogel of Muenster, the bride is a 1994 graduate of Muenster High School and is currently attending North Central Texas College. She is employed at Tom Thumb.

The groom is the son of Larry and Leitha Westbrook of Rt. 3, Gainesville. He is a 1991 graduate of Callisburg High School and is employed by Texas Trailer Services.

The church was decorated with an arch covered with tulle netting and Boston ferns and candelabras on both sides. Given in marriage by her father, the bride was wearing an elegant designer gown of white satin by Mori Lee. It featured re-embroidered Alençon and Schiffli lace enhanced with pearls on the fitted bodice, sculptured sweetheart neckline and long tapered sleeves. The skirt of triple paneled lace was appliquéd in the front at slipper length, and flowed into an extensively decorated cathedral-length train with swirls of pearls over cut-out lace appliqués. A large fan bow adorned the back.

She carried a cascading white bouquet accented with teal and black rosebuds. For sentiment, she carried her great-aunt's rosary as "something old and something borrowed."

### ATTENDANTS

Misty Cameron of Muenster, the bride's sister, was her matron of honor. Bridesmaids were Amy Fette of Muenster, a friend of the bride, and Callie Paxton of Callisburg, cousin of the groom.

They wore full-length black velvet dresses adorned with white lace, and carried long-stemmed magnolias decorated with teal and black ribbons.

Courtney Smith of Whitesboro, groom's cousin, was flower girl and Chad Hess of Muenster, a friend of the bride, was ring bearer.

Les Westbrook of Callisburg, groom's brother, was best man. Groomsmen were Shawn Vogel of Muenster, bride's brother, and Matt Medford of Callisburg, friend of the groom. Ushers were Johnny Lee Godsey of Collinsville, groom's cousin, and Joshua Payne of Garland, bride's cousin.

Candlelighters were Jordan Payne of Garland, bride's cousin, and Christopher Westbrook of Callisburg, groom's cousin.

Wedding music was presented by vocalist Jackie and Daria Mitchell, who sang "Wind Beneath My Wings," "Battle Hymn of Love,"

MRS. LARRY JAMES WESTBROOK JR. ...nee Tracy D'Ann Vogel ...

"Endless Love" and "The Lord's Prayer."

Prayers were given during the ceremony by Charlie Payne, a relative of the bride, and by James Westbrook, grandfather of the groom.

### RECEPTION

A reception followed the ceremony, in the Callisburg Church of Christ Fellowship Hall, hosted by the bride's parents.

Jordan Payne of Garland and Kristin Grewing of Muenster, a friend of the bride, registered guests in the bride's book.

The bride's table was decorated

with lighted candles and a cowboy and bride figurine.

The three-tier white wedding cake was decorated with candy horseshoes, boots and a cowboy hat. The chocolate, horseshoe-shaped groom's cake was decorated with slivered almonds, chocolate curls and chocolate-covered strawberries. Betty Rose Walterscheid served the wedding cake and Rose Westbrook served the groom's cake.

The rehearsal dinner was hosted by the groom's parents on Thursday, Oct. 13, in the Fellowship Hall.

Since returning from a wedding trip to Fort Worth, the couple is at home east of Gainesville.

## SENATOR STEVE CARRIKER Helping Older Texans

- Passed a law allowing the elderly to get care at home instead of having to go to nursing homes
- Protected the elderly by making health insurance company scams a crime

### THANK YOU

The family of Ora Embry would like to thank everyone who expressed their care, concern and sympathy to us, during the loss of our loved one, with flowers, cards, calls, visits, food, prayers and attendance at the funeral services.

If we could have a lifetime wish,  
 One dream that would come true,  
 We would pray to God with all our hearts,  
 For yesterday and for you.

A thousand words can't bring you back;

We know because we have tried.

And neither will a million tears;

We know because we've cried.

You left behind our broken hearts,

And happy memories too.

So quietly today, your memory

We treasure.

Thinking of you always,

and loving you forever,

J. P. Embry

## Parents' Night Reminder

Friday, Oct. 28 is Parents' Night for all Muenster Hornet Junior Varsity and Varsity football players. Their parents are asked to meet by the west gate of Hornet Stadium by 6:30 p.m. Pre-game introduction of parents and players will begin promptly at 6:45 p.m.

Continued from Page 1

## HOSPITAL

Mr. Endres and an attorney in Austin worked on the policies included in the handbook. Don Flusche, board president, suggested that everyone take the book home and study it and bring any questions to the next meeting. It was voted to accept the 37 page handbook by a unanimous show of hands. The policies became effective at the time they were passed last Wednesday.

The board approved Mr. Endres' recommendation to change the hospital's workman's compensation insurance to RCH Protect, a self-insurance pool. This should save the hospital a substantial amount of money in the coming years.

Members present included Margie Starke, Werner Becker, Jr., Lora Hennigan, Duane Knabe, Stan Endres, Chas Bayer, and Don Flusche. Not present were Jerry Hess and Sam Endres.

## FHA, HERO chapters install '94-95 officers

Installation of the 1994-95 Muenster FHA and HERO Chapter officers and new members took place in the Muenster Public School Homemaker room.

A candlelight ceremony was held, during which each officer stated one of the eight purposes of FHA and HERO Chapters as she lit a candle. Next, each officer acknowledged her responsibilities and, as a group, pledged to perform the duties of their office to the best of their abilities. Concluding the candlelight ceremony, Joni Sturm, FHA/HERO Chapter advisor, led the officers in the pledge.

Newly-installed President Ashley Hartman's first duty was to install the new members and finish the ceremony by leading everyone in the recitation of FHA and HERO Chapters Creed.

A brief meeting then followed, discussing fundraisers and activities for the year. This year will be an exciting year with many activities because it is the 50th anniversary of FHA. The new officers and members spent the rest of the evening socializing with refreshments of summer sausage,

cheese and crackers, fresh fruit, dip and tea.

Officers are Ashley Hartman, president; Sabrina Truebenbach, vice-president; Cindy Reiter, treasurer; Hollie Jo Fuhrmann, reporter; DaLana Endres, historian; Holly Mullins, parliamentarian; Julie Walterscheid and Stephanie Huchton, recreation leaders.

Newly-installed members are Dea Cler, Kristin Dickerson, Keisha Dill, Mindy Endres, Valerie Erwin, Emily Felderhoff, Joyce Hacker, Kristine Hartman, Lucas Hartman, Stephanie Huchton, Michelle Molsbee, Rebecca Nicholson, Makie Atsuka, Telisha Reid, Leigh Ann Reiter, Chad Roller, Angela Russell, Kimberly Sturm, Matt Cotter, Coy Fisher, Jimmy Fisher, Dustin Rhodes, Robert Valentine, Greg Fisher, Greg Flusche, Jonathan Knabe, Royce Knabe, Eric Miller, Steven Reiter.

## Donna Henderson guides women through steps of breast care at MMH

by Janet Felderhoff  
Muenster Memorial Hospital has a new director of radiology on staff, Donna Henderson. She joined the staff on Oct. 3, 1994, and is eager to share her knowledge with patients.

Since October is Breast Cancer Awareness Month, Donna is encouraging women to learn the warning signs of breast cancer, to practice breast self exam and to have mammograms regularly according to the schedule recommended by the American Cancer Society. Muenster Memorial Hospital (MMH) has a room designed especially for a woman's comfort and privacy during her visit to have a mammogram.

All of the equipment at MMH has just recently been accredited by the American College of Radiology (ACR) and certified by the FDA. This includes the mammography equipment.

Donna is a member of the American Registry of Radiologic Technologists (ARRT). This means that she is nationally recognized as an ARRT. She has 39 hours of mammography experience in lecture and clinical practical: Anatomy of the Breast; Positioning, Pathology, Film Evaluation and Critique and Technical Factors and Quality Assurance.

Donna's education and training included two years at Henderson State University and two years in the radiology program at Garland County Community College in Hot Springs, Arkansas. She was on either the Dean's List or the President's List for all four years of college. She won the Mallinckrodt Award of Excellence and was a member of the Gamma Beta Phi Honor Society.

Women who want to start having regular mammograms need to make an appointment with their physician who will set up an appointment or write an order for the exam. "Don't use creams, talc powder or deodorants under your arm on the breasts on the day you are to have your mammogram," said Donna. "They leave a residue that can be picked up during x-rays and may obscure a spot or something that needs to be looked at."

Along with the mammogram a breast exam by a woman's health care provider is recommended.

Who needs a mammogram? The American Cancer Society suggests that women between 35 to 40 years of age have a base line mammogram done. Then at the age of 40 it is recommended to have one every two years and at the age of 50 every year. "If you find anything at anytime you need to see your doctor," cautions Donna. "It's very, very important even if you think that you don't know what it is or that it's kind of stupid to go in, you need to see your physician immediately."

Mammography, a low dose breast x-ray can find cancers too small to be felt by hand, says the American Cancer Society. One of the ways to reduce the risk of developing breast cancer is to perform breast self exams (BSE) regularly. Caught in the early stages, the cure rate for breast cancer is 85 percent. By doing the monthly exam a woman will learn what is normal in her breast and will notice even slight changes.

"When a patient comes in for a

## From My Side of the Fence

by Ed Cler

Folks, as you all know we are fast approaching another election. Come Nov. 8, we will be asked to make our choices of a variety of politicians, old and new.

How many of us will make the effort to go to the polls and opt for (maybe) something better?

Reading the papers and listening to all the hype on the TV is probably where most of our information comes from.

According to the Gainesville Daily Register, the national debt climbed over \$13 billion in September alone and, with the liberal spenders and pork barrelers now entrenched in Congress and the Senate, some house cleaning is surely in order. A lot of it!

I sometimes believe we have little choice, and wonder if voting for some one new is worth the trouble. Well, when one reads of the irresponsible voting records of many of the ins, it is easy to vote for someone else in the hope that, just maybe, we could make some improvement.

This is true in state as well as national offices, and I firmly believe every person qualified should make every effort to cast his or her ballot for the person of their choice.

Past mistakes are always more obvious, so it is easy to see what we sometimes get when we leave it to approximately 37% of the voters to elect our officials.

Remember, your vote counts as much as mine or anyone's, and together perhaps we can make a difference. At least, let us try!  
**VOTE! VOTE! VOTE! VOTE!**

mammogram a "phantom breast" that has little densities in it used to teach women how to use the nubs of their fingers and how to use the circular motions to move tissue out of the way to find the denser areas," said Donna. A video is also shown to teach how and when to do breast self exams.

The best time for a BSE is one week after the onset of a woman's monthly period or if she is in menopause on the first day of the month so as not to forget. A woman who has had a hysterectomy should check with her doctor or clinic for the appropriate time of the month to do the BSE.

Statistics show that one in every 10 women will develop breast cancer during her lifetime. Every 15 minutes three women develop breast cancer and one woman dies of breast cancer.

Risk factors include:

- \*Being a woman over 50
- \*Having a history of breast cancer in a close family relative such as mother, sister, daughter
- \*Starting your period before age 12
- \*Having a late menopause after age 50
- \*Having no children or having a child after the age of 30
- \*Being 40 percent or more overweight

"A lot of women come in for just a base line and they are scared to death just because of what someone else has told them to expect," remarked Donna. "Everybody that I've had come in scared has left saying, 'I'm not going to listen to them again.' It has some pain. What we do is to compress the breast down to try to flatten it out to get it all one density. We don't do it to hurt people, but to help them."

Muenster Memorial Hospital is planning a Women's Health Fair for Saturday, Nov. 12.

Donna moved to Muenster on October 1 with her husband Rick. They came from Malvern, Arkansas. They hope to eventually buy land in the country near Muenster and build a home.

DONNA HENDERSON

MR. and MRS. DON KANE of Lake Kiowa and Mr. and Mrs. Dan Kennedy of Mansfield announce the engagement of their daughter, Kerri Leigh Kennedy of Lake Kiowa, to Marc Jeffrey Reiter of Lake Kiowa, son of Mr. and Mrs. Doug Reiter of Gainesville. Miss Kennedy is a 1989 graduate of Gainesville High School, a 1993 graduate of the University of North Texas and is currently attending UNT working on a Master's degree in Marriage and Family Counseling. She is employed at Chubby's Fitness Corner and Barron's. Mr. Reiter is a 1986 graduate of Gainesville High School and attended Cooke County College. He is employed at Valente, Inc. The couple plans to wed at 6 p.m. Dec. 17, 1994 at First United Methodist Church in Gainesville with the Rev. Keith Payne Boone officiating. Afterwards, they will reside in Lake Kiowa.

# Hartmans return from 19-day trip

Alvin and Joan Hartman of Muenster, Edna (Hartman) Tompkins of Arlington and Carolyn Hartman of Killeen have returned from a 19-day trip and vacation covering 4200 miles. They traveled through 14 states enjoying beautiful fall foliage. Before departure, they were served breakfast prepared by their mother, Mrs. Margaret Hartman, at 6:30 a.m. Also present for the breakfast were Monica, Jon and Kristin LeBrasseur; Pat and John Yosten; and Della and Harvey Schmitt.

Enroute and returning, the Hartmans were guests of Mary, David and Caroline Castor (members of Carolyn's family) in Little Rock, Arkansas. Highlights of the trip included Memphis, Tennessee; Nashville, Tennessee; the Smoky Mountains including the beautiful Opryland Hotel, plantation home and town of Loreita Lynn, Pigeon Forge, Gatlinburg and, in Asheville, North Carolina, the Biltmore Estate.

They traveled the Blue Ridge Parkway to Warrenton, Virginia, where they remained for six days as guests of Edna's daughter and family - Judy, Sammy, Sam, Tana and Karen Hernandez. Sammy Hernandez had pre-arranged tours, and traveled with the group. Among outstanding events arranged were Old Town Alexandria; Luray Caverns; Natural Bridge; Tour of Hunt Country of Fauquier, Virginia; seeing many beautiful horse farms; the Civil War Battlefield in Manassas. They attended Mass on Sunday at the National Shrine of the Immaculate Conception and saw many other of the buildings in Washington, D.C. They were privileged to have a VIP tour of the Capitol and the White House, arranged by Congressman Ralph Hall, a visit to the office of Congressman Charles Stenholm, who presented a U.S. Flag to the group, telling them it flew over the capitol on Sept. 27, which was the 88th birthday of Mrs. Margaret Hartman.

At Arlington National Cemetery, they were honored to place a wreath of flowers "From the Citizens of Muenster, Texas" on the Tomb of the Unknown Soldier during the "Changing of the Guard," escorted

by soldiers and a bugler playing "Taps." They also celebrated Karen Hernandez's 10th birthday on Sunday, Oct. 2, with a "Pizza Party."

After completing the tour of the Washington, D.C. and Virginia areas, the Hartmans drove to Marlton, New Jersey, where they were guests of Joan's cousins, Jack and Joan Vogel, and Jack Santry and their families. With them, they toured many historic sites and got to touch the Liberty Bell, and toured many Philadelphia areas, and enjoyed meeting some cousins for the first time. A train trip from Philadelphia took them to New York where they were met by Mike and Amelia Hartman of Dallas, Carolyn's son and daughter-in-law, who showed them the "Big Apple." They attended the Broadway show, "Damn Yankees," attended Sunday Mass at St. Patrick's Cathedral; went to the top of the Empire State Building and the World Trade Center; took a cruise around Manhattan Island, visited the Statue of Liberty and took a walk in Central Park.

On Sunday, the Hartmans were outside the NBC "Today Show" and were seen by homefolks, as Joan Hartman was introduced as "Joan from Muenster, Texas."

Driving through the Lancaster, Pennsylvania area, they saw the beautiful farmland of the Amish Country; the fall foliage in peak all through West Virginia, Maryland and Kentucky. In West Virginia, they noted heavy frost on the car and a temperature of 29 degrees. In Kentucky, they saw more horse farms, and attended races at Keeneland Race Tracks.

Nearing home, they stopped in Jonesboro, Arkansas, at Holy Angels Convent for a visit with Joan's aunt, Sister Amora Felderhoff, and presented a birthday cake to observe her 99th birthday on Oct. 22. They also visited with Sister Theresina and Sister Florentine, who sent greetings to their many friends here.

The Hartmans traveled for 19 days. Of these, they enjoyed 17 days of bright sunlight, only two cloudy days and not even one rainy day.

ABOVE, among highlights of a 19-day trip, the Hartman group considers several visits in Washington, D.C. as ranking near the top. In this photo, made inside the White House, they are shown with Congressman Ralph Hall, who made the arrangements for a private tour of the capitol, accompanied by one of his aides. He also arranged for the Hartmans to join a conducted tour the following morning through the White House. Shown, l to r, are Carol Hartman, Joan Hartman, Edna Hartman, Mr. Hall and Alvin Hartman. At right, the memorial wreath as it was being prepared for placement. Below, a visit to the Tomb of the Unknown Soldier was made more memorable for the Hartmans who placed a wreath at the monument in the name of the "Citizens of Muenster, Texas." They were accompanied by three U.S. Army officers. Shown are Joan, Carol and Alvin Hartman and Edna Tompkins with an Army Sergeant.

# Beware! Only "The Shadow" knows... Where will the gangsters be on November 12?

The famous radio, comic book, movie hero "The Shadow" will be actively pursuing the criminal gangsters that were reported to be converging on Muenster, Texas during the Classic Car Festival on Saturday, Nov. 12. The car show begins at noon and "The Shadow" will be searching for the gangsters beginning at 1:15 p.m. "Bonnie and Clyde" will "robbing" Muenster at 3:30 p.m. The Black Cloaked Knight will be drifting about town looking for and seeking out these mobsters. The expected "lightning" swift gunfire to be seen and heard, of good versus evil, will be most apparent.

The DEOA actors will be among cast members filming "The Tornado, a new gothic horror movie being filmed in Waxahachie next weekend, Nov. 4 through 6.

The performance is being done by the actors of the DEOA Productions. These actors have done portrayals in "Bonnie and Clyde," "The True Story," 1993 ABC "Starkweather," "Murder in the Heartland" and many other broadcasts nationally. They are the most authentic entertainment organization of its kind in the Southwest and the nation. Hollywood film producers call on these actors for their technical, special effects and acting capabilities.

The DEOA Productions travel throughout the country filming and recreating events for festivals and other renowned figures. In 1993, the DEOA was awarded a plaque for "The Most Significant Portrayals of Law Enforcement History" by the Texas Law Enforcement Chiefs Association. The DEOA is also recognized by the Texas Film Commission for its activities.

"THE SHADOW"

There will also be a large display of movie and historical memorabilia of the DEOA and American law enforcement history. The exhibit will be in the Old Gehrig Building at the corner of Main and Second Streets. There will also be an autograph session after "The Shadow" performance with these famous actors. The exhibit will be open to the public from 10 a.m. to 5 p.m. There will be a small admission fee to view the exhibits.

The DEOA Productions Company is presided by Kevin Titus and Jonathan Davis with Robert Hunter.

The one exciting note to the activities is that no one will know what well-known actor is portraying "The Shadow" here. The festival will be one all movie buffs and historians won't want to miss. For further information of the event, contact Margie Starke at 817-759-2227 at the Muenster Chamber of Commerce.

## Austin Reiter turns 3

Austin Reiter celebrated his third birthday on October 16 with a party at his home in Decatur. Dinner was served and presents were opened. He enjoyed a Honey bear-shaped cake made and decorated by his mother.

Austin celebrated at his paternal grandparents' house with a decorated cat-shaped cake made by Grandmother Reiter.

In attendance at the parties were Austin's parents Lloyd and Mary Reiter, brother Travis, sister Karissa, and grandparents Wilfred and Polly Reiter, and Julius and Marcella Metzler. Other relatives included Roger Reiter; Don, Kim Brian, David, Stephen and Christina Wiese; Tim, Lynn, Brody and Tyler Gibson; and Keith, Kay, Kyle, Kevin and Kristen Grewing.

## Local couples vacation in Germany and Austria

Betty and Don Flusche, Charlotte and Bill Dangelmayr and Fran and Jim Voth recently visited many relatives in Germany while raveling by rental van for two weeks in Germany and Austria.

Arriving in Frankfurt, Germany, the group enjoyed sightseeing with Peter and Traudle Trieb and children who live in Kelheim. Traudle is a relative of the Muck family kin to the Joe Dangelmayr, Thaddeus Truebenbach and Bernard Voth families.

A fine selection of homemade sausages, breads, sauerkraut, apple vine and plum cake was served at a family reunion the Dangelmayrs held at their homeplace in Crummwalden, a village 50 miles south of Stuttgart. Descendants of the Dangelmayr family, Elizabeth and Edmund Kottmann, live in the original three-story Dangelmayr house and operate the small dairy farm.

Members of the Dangelmayr family accompanied the Muenster group to Stuttgart's Octoberfest celebration. Five elaborately decorated tents echoed lively music from big bands. Good food and drinks could be purchased in each. Miles of fair-like entertainment, carnival rides and snack booths were included on the grounds.

Don Flusche was especially delighted to meet Gunter Flusche and his wife, Bridgit, and family in Attendorf located in the area known as Sauerland. The homeplace of Steven and Katherine Flusche was visited in the nearby village, Vamge. They were parents of six Muenster pioneers: Wilhelm, Joseph, Carl, Anton, Emil and August Flusche. This house was sold by the widow of Steven in 1873 prior to immigration to the United States.

Gunter is a retired electrician whose hobby is making beautiful things for his home. He constructed a 3'x8' replica of the Santa Maria ship which doubles as a wet bar in his den.

Four German students who visited at the Bill Dangelmayr farm in the past invited the group to meet their families. They were Mike Ehring, Daniella Evels, Astrid Heitkamper and Judith Berkenheide.

In Ascheberg, Germany, Hans Ehring's farm with huge barns and a home with furniture dating back to the 1700s was visited.

Daniella and Astrid accompanied the Muenster group while touring Münster, Germany. The highlight of the tour was visiting with Münster's Mayor Jörg Twenhöven and his wife.

While in Münster, Wilhelm Walterscheid III, an architect, and his wife, Gabriel, a school teacher, were also visited.

Also visited were Klaus and Margrita Voth and sons, Daniel and Dirk, who live in Heiden, Germany. They accompanied the group to the Voth family homeplace where Muenster pioneer, Bernard Voth, was born, which is now sold. Klaus works for 3M Company, and is a talented accordionist.

At the home of Klaus' uncle, Henry Haick, who was a Voth but changed his name, letters from family members in Muenster, Texas, written in German and dating back to 1894 were displayed.

The Muenster touring group enjoyed driving through the Alps in Austria and, while in Germany, toured many churches, historical sites, museums and castles from medieval times.

## Morton Museum offers exhibit on Frontier Life

Buffalo once roamed freely through this county. The grass in some areas was as tall as a man's head. There were no schools or churches or real roads to speak of. For the settlers who moved into that territory to establish new homes and new communities, it was a daunting challenge.

The challenges faced by those pioneers is the focus of the new exhibit at the Morton Museum of Cooke County. Entitled "Creating a New World: Life in the Frontier Towns", the display focuses on the

history of several of the towns in Cooke County including Era, Valley View, Sivells Bend, Myra, Muenster, Lindsay, and Rosston. Featured items include photographs artifacts from the Palace Drug Store in Myra, a turn-of-the-century doll owned by a woman in Valley View, and a wedding dress worn by a woman in Walnut Bend. The exhibit will remain on display through the first part of November.

For more information, please call the Morton Museum of Cooke County at 668-8900.

## PAUL F. HESSE

FOR COUNTY JUDGE

- Myth vs. Reality -

♦ **Myth:** County Judge candidate should be a licensed attorney.

**Reality:** The Texas Constitution does not require a County Judge to be a licensed or practicing attorney. At present, 204 counties in Texas out of 254 counties have County judges who are not lawyers. Our neighboring counties in Texas: Montague, Clay, Wise, Parker, Tarrant, Dallas, Collin, Hunt, Fannin and Grayson all have non-attorney county judges.

♦ **Myth:** An untrained person will be presiding over important, complicated legal matters.

**Reality:** Since 1983, the Texas State Legislature enacted a law requiring that all county judges performing judicial functions take Supreme Court-approved courses in court administration, procedure and evidence. All newly elected county judges will take and maintain this training.

♦ **Myth:** Lawyers or the parties can demand the transfer of most cases to a court with a judge who has been licensed (district court).

**Reality:** Most transfers from County Court would be requested for reasons of incompetence, official misconduct or legally prohibited acts. In Criminal, Probate and Juvenile cases, an option exists to transfer from County Court due to being a lay judge, and the point is that most likely not all of these cases would be requested for transfer from the County court.

♦ **Myth:** Lawyers can be hired as "Special Judges" to hear these cases, costing \$68,250.00 over current expenses.

**Reality:** This assumes that all cases would be transferred - not likely to happen.

♦ **Myth:** A County Court at Law could (and most likely would) be created -- but Denton county Court at Law judges make \$87,209..

**Reality:** Many other factors such as population, etc. are involved and the Commissioners court would request the State legislature to create a Court at Law in Cooke County. Denton County has a much larger population and larger caseload. With a smaller population and smaller caseload, a Cooke County Court At Law Judge would most likely make much less than \$87,209.

**Note:** A court at Law in Cooke County if and when created would more than likely pay for itself from its revenue as do most courts.

Save your tax dollars by electing **Paul F. Hesse** as your next county judge. In order to operate more efficiently and reduce cost, he will implement modern business management techniques in Cooke County government.

Early voting Oct 19 - Nov 4, Election Day November 8th!

## Muenster Homemakers plan holiday activities

Muenster Homemakers Club met Oct. 12 in the home of Armella Lutkenhaus, opening their gathering with prayer and pledge to the Flag. The hostess read the Inspiration: "Kindness." Lucille Lutkenhaus read a short story about "The Old Mail Box", and minutes from the previous meeting, followed the council delegate report. A minute of silence in memory of Bertha Pick was observed.

The County Christmas party will be hosted by the Sivells Bend Club this year in the home of Evelyn Yeats on Dec. 13.

There will be a tea at the First Christian Church in Gainesville on

Oct. 29, and the Muenster Club will provide two gifts for this event.

The planning committee for the new year book will meet Nov. 3. Members wishing to learn "Christmas Tree Making" will meet at Ross-Point for a potluck supper on Oct. 25 at 5 p.m. Workers were assigned for the food booth at the "Christmas in November" Sell-O-Rama on Nov. 11 and 12.

A short report was given by Dorothy Fisher and Lucille Lutkenhaus on their attendance at the state convention in September.

The hostess served banana pudding, nuts, mints and coffee to eleven members. Jaci Bilderback will host the November meeting.

## New Arrivals

### Mitchell

Corey and Amanda Mitchell of Whitesboro are parents of their first child, a daughter, Sierra Rose Mitchell, born in Gainesville Memorial Hospital on Oct. 15, 1994, at 6:57 p.m., weighing 7 lb. 5 oz. and measuring 20 inches long. The grandparents are Phillip and Joyce Mitchell of Lewisville and David and Mary Kennedy of Whitesboro. Great-grandparents are Albert and Betsy Knabe of Muenster, Fred and Lorraine Mitchell of Gainesville, J.S. and Elsie Jones of Valley View, and Betty Sue Kennedy of Gainesville.

### Rohmer

Lisa and Terry Rohmer are parents of a son born on Oct. 24, 1994 at 6:55 a.m. in Women's Medical Plaza in Sherman. They have named him Clayton Aaron Rohmer. He weighed 8 lb. 1-1/2 oz. and measured 20 inches in length. Joining Clayton Aaron at home is his sister Delana. Their grandparents are Tony and Margie Rohmer of Muenster and Wilfred and Virginia Hess of Lindsay. The great-grandparents are Henry and Frances Zimmerer and John and Edith Hess of Lindsay.

### Flusche

Susan and Neal Flusche announce with joy the birth of their fourth son, Andrew Thomas Flusche, on Oct. 24, 1994 at 11:11 a.m., weighing 9 lb. 9 oz. and measuring 21-1/2 inches long, in Denton Regional Medical Center. Andrew Thomas joins three brothers at home, Micah, Matthew

and Aaron. Their grandparents are David and Wanda Flusche and Norbert and Mary Ann Walterscheid, all of Muenster. The great-grandparents are J.P. and Hazel Flusche of Muenster and R.H. and Esther Whitman of Lake Kiowa.

### Rohmer

Greg and Melody Rohmer joyfully announce the birth of their first child, a daughter. They have named her Lauren Elizabeth. She was born at 9:34 a.m. on Saturday, Oct. 22, 1994 in HCA Denton Community Hospital. Lauren weighed 8 lb. 6 oz. and measured 20 inches long. Grandparents are Robert G. and Gloria Klement and Agnes Rohmer, all of Muenster, and the late Emil Rohmer. Great-grandparents are Frank and Lucille Zimmerer and Edgar and Rose Klement, all of Muenster.

### McKenzie

Brad and Susan McKenzie of Callisburg announce with joy the birth of a son, Clayton Karl McKenzie on Oct. 12, 1994 at 2:23 a.m. in HCA Denton Community Hospital. He weighed 8 lb. 5 oz. and measured 20 1/2 inches long. He joins a sister Morgan, age 3 years. Their grandparents are Karl and Sara McKenzie of Callisburg and Anton and Anna Marie Fleitman of Muenster. Great-grandparents are Edna Wagner of Dierks, Arkansas, Karl McKenzie of Gainesville, and Juanita McKenzie of Gainesville. Great-grandmother is Velma Mitchell of Dierks, Arkansas.

## Sacred Heart has 8 Duke University TIP qualifiers

Sacred Heart School has identified eight students as qualifiers in the Duke University Talent Identification Program. This program is a non-profit educational organization with the aim to identify bright young students, to follow and nurture their talents, and to develop an effective research effort to help understand and assist academically talented adolescents.

Sacred Heart students have excelled on these tests in past years. Last year the four students who chose to test further, were honored at the state recognition ceremony.

Congratulations are extended to the following qualifying students and their parents: Debra Dangelmayr, daughter of Joe and Pam Dangelmayr; Kayla Felderhoff, daughter of Kenny and Kim Felderhoff; Michelle Fuhrmann, daughter of Leon and Sandra Fuhrmann; Jennifer Hess, daughter of Tony and Stella Hess; Sarah Hess, daughter of Bob and Janette Hess; Kristen Knauf, daughter of Robert and Michele Knauf; Jo Sparkman, daughter of Sam and Peggy Sparkman; and

Gina Yosten, daughter of Doug and Lynda Yosten.

This represents 40% of the seventh grade class.

# Sports

## Tigers win in double overtime 18 - 12

Sacred Heart battled the Lakehill Warriors on a mud-soaked field last Friday in Dallas to a 6-6 tie. TAPPS uses the 4-down playoff as a tiebreaker system to determine an outright winner. After two overtime series, the Tigers outscored Lakehill 18-12 to earn another district win.

The Tigers dedicated the game to Sister Therestina, "one of the most dedicated Tiger fans around," thanking her for her support and prayers.

The teams exchanged punts their opening drives, with the Warriors taking charge their 2nd possession, starting on their 10-yard line. In 12 plays, Lakehill found the end zone and took a 6-0 lead with 2:33 remaining in the 1st quarter.

The Tigers drove into the next quarter with runs by Jason Hess, Scott Frost and Neil Berres moving 33 yards. The first play of the 2nd period, Sacred Heart lost a fumbled ball on the Lakehill 20-yard line. Penalties and incomplete passes forced the Warriors to punt.

Sacred Heart was making good gains when their drive was interrupted, but only for a few seconds. Lakehill picked off a Tiger pass, but fumbled the interception with Joel Schilling recovering for the Tigers. Three plays later, Sacred Heart fumbled the ball back to Lakehill. It was 3 plays and punt for the Warriors, the Tigers, then the Warriors, with the Tigers getting possession inside the Lakehill 30-yard line. Berres and Frost carried for 9-plus yards and, on 4th and inches, a Jason Hess quarterback sneak gave the Tigers a 1st down on the 19. Sacred Heart's scoring threat was ended when Lakehill picked off a pass with 28 seconds on the 1st half clock.

The teams played a scoreless 3rd quarter, each having the ball twice before the Tigers began their scoring drive. From their 21, two good runs by Scott Frost put Sacred Heart in Warrior territory. A Hess-o-Berres pass ended the quarter, then Berres took the ball to the 26, where Frost went around the left end and broke 4 tackles to get into the end zone. The extra point was blocked and the 79-yard drive tied the game 6-6 with 10:36 remaining in the contest.

Again, the teams traded punts, putting the Warriors deep on their 19. A snap to the short man on a fake punt failed and Sacred Heart took over on Lakehill's 20-yard line. Three runs by Frost moved the ball to the 8.

On 3rd and goal, an illegal man downfield infraction called back a Tiger touchdown. With a loss of down, the Tigers attempted a 25-yard field goal. The kick went wide and Lakehill took over on the 20 as time ran out, ending regular play in a 6-6 tie.

The 4-down tiebreaker system begins with a re-flip of the coin to determine which team's offense takes the field first. The 4 downs begin at the 10-yard line and is played like regular football.

Lakehill's offense was given the first ball. From the 10, runs for 5, 0 and 3 yards were followed by a touchdown run on 4th down. The

extra point was prevented when Jake McCoy picked off the pass and returned the ball to the Warriors 25-yard line before being stopped. Lakehill took the lead 12-6.

The Tigers took only two runs to score, the 2nd, a 7-yard run by Neil Berres. The extra point kick was blocked and the game was once more tied 12-12.

Again, the coin toss was won by Sacred Heart, who chose to again play defense.

The second overtime play again had Lakehill attempt to score, but 3 plays gained only 4 yards and, on 4th down, Douglas Novak intercepted the ball to stop the Warriors.

The Tigers' offense again took the field at the 10-yard line. On the 1st down, Sacred Heart lined up for a field goal and faked it. "We hoped to catch Lakehill off guard," said Coach John Nasche. "If the play failed, we still would have 3 more chances." But, as the Warriors' defense came flying in to block the kick, Jason Hess picked off the ball, pumped-faked a pass, then ran to the right and into the end zone. The Tigers got the win 18-12.

"The offense struggled due to the weather. The line had a hard time blocking, we made good contact but the mud kept us from pushing the big guys away," stated Coach Nasche. "Scott (Frost) had a great game, running extremely hard, refusing to be tackled."

Nasche said the defense as a whole had their best game, giving up only two big trap plays. "As a unit, we are starting to play good solid defense again," Nasche concluded.

**Next Action - Oakridge**  
Again, the Tigers travel to the Metroplex this Friday to take on the Oakridge Owls in Arlington in a non-district game.

Oakridge runs the single wing offense, the same style used by Lindsay. "This will give us a little disadvantage. They run about 80% of the same plays," commented Nasche. "But it will still be a change from the last 4 games."

Nasche also stated that he may have the Tigers run the no-huddle offense, because Oakridge is a small team without a lot of substitutes and the Tigers should be able to tire their opponents.

**Directions to the game**  
Take I35 W to Fort Worth, from there take Loop 820 E. Exit Rosedale Street, going east. Rosedale turns into Pioneer Parkway and Oakridge is approximately 1-1/2 mile on the right. Enter the 2nd gate.

THE SACRED HEART OFFENSE attempts to break through the middle of the line in their muddy district win over Lakehill last Friday in Dallas. Dave Fette Photo

## Deer harvest recommendations set by Texas Parks and Wildlife

by Jim Dillard  
Wildlife Biologist  
Mineral Wells  
Annual deer population surveys conducted in Cooke, Montague, Wise, and Denton Counties by

entire general season. Please refer to the 1994 Texas Hunting Guide, available where hunting and fishing licenses are sold, for all information concerning rules and regulations for taking wildlife resources.

Texas Parks and Wildlife Department wildlife biologist during August and September of this year have indicated another good year for area hunters. Deer numbers observed on spotlight surveys were approximately 20% above that observed last year. Deer densities averaged one deer per 35 acres in 1994 compared to 44 acres per deer in 1993. Buck to doe ratios averaged one buck to 4 does and fawns per doe was 0.37, an indication of below average fawn production and survival. All deer observed were in good physical condition which is a reflection of good range conditions that has occurred in these counties during the summer months this year.

Based on these surveys, Texas Parks and Wildlife Department is recommending a general harvest rate of one buck per 450 acres and one antlerless deer per 225 acres across the area. Deer densities vary considerably in these counties where habitat is often restricted to isolated areas, stream courses, and larger land holdings. Overall carrying capacity for deer in many areas is limited due to hunting pressure, land use, grazing competition by livestock, and the quality of the habitat. Deer populations in the Cross Timbers is often influenced by croplands associated with existing woodlands where deer obtain supplemental forage during critical stress periods of the year such as late summer and late winter. Dense post oak woodlands are often lacking in winter browse forage and may not carry high populations of deer from year to year.

The general white-tailed deer season in these and most other Texas counties begins on November 5, 1994 and runs through January 1, 1995. The bag limit in Cooke, Montague, Wise, and Denton Counties is 3 deer, no more than one buck and two antlerless deer. In these counties, antlerless deer may only be taken during the first 2 days of the general season (November 5-6), no antlerless deer permits required. Bucks may be taken during the

## Biffle tops Week 8 of Football Contest

Jason Biffle took the top prize in week 8 of the Muenster Enterprise Football Contest. Biffle missed only two games and received \$15.00 in cash. Neil Huchton finished in 2nd place with 28 correct and John Bartush took 3rd with 27 correct and a 22 point difference in the tie breaker score. Also getting 27, but no prizes, were Edgar Dyer and Donny Stoffels, who both missed the Tiger game final by 23 points. Winners picked up their cash at H & W Meat Co., Red River Liquor and Neil's Phillips 66.

Missing 5 games were Mickey Haverkamp, Edna Hermes, Cory Knabe, Ray Long and Nick Stoffels.

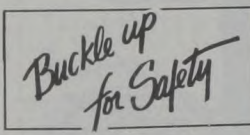

The most missed games were Collinsville's big win over Era, Denver over San Diego and Tech's win over Baylor. Everyone correctly picked as winners Sacred Heart, Gainesville, A&M and Chico. Only one missed the Hornet win and that was because he left it blank. Also with one incorrect pick were the Lindsays, Boyd, Pilot Point and Miami games. Only three picked the Cowboys to lose, while 4 missed the Valley View game. Everyone was given the Oklahoma State vs. Iowa State tied game, with the majority picking Oklahoma.

In the season contest, the Huchtons - Neil and Peachie - lead the race with 83% and 81.5% correct guesses. Dale Swirczynski is in a close 3rd place with 80%, followed by Mike Felderhoff, Wayne Klement, John Nasche, and Nick Stoffels all having 79%.

Others above 75% are Jason Biffle, Bonnie Stoffels, Charles Edwards, Mike Hacker, Doug Stoffels, Mickey Haverkamp, Benny Haverkamp, Edgar Dyer, Mark Grewing, Jamie Hellman, Mike Stoffels and Terry Walterscheid.

## Important dates for outdoorsmen

# Junior High/Junior Varsity Football

**Sacred Heart 0, St. Mary's 20**  
 The Cubs hosted the Mustangs last week Thursday and were handed a 20-0 defeat. St. Mary's took the opening kick, taking only five plays to go 65 yards to score an early touchdown. After the PAT, the Mustangs had a 8-0 lead with 1:11 remaining on the clock.  
 The Cubs first drive saw Duncan Campbell gain 5 yards. Then the offense sputtered and punted.  
 St. Mary's offense moved easily against the Cubs for 5 plays until Anna Gehrig intercepted a pass. Sacred Heart's next 3 plays went in reverse, forcing a punt on 4th and 2. The Cubs next offensive attempt was more successful. Campbell and Josh Walterscheid gained 25 yards before three successful plays brought up 4th and 11. A pass from Adam Barnhill to John Flusche was 1/2 yard short giving St. Mary's possession on air 15. A fumbled punt return allowed the Mustangs to continue their drive into the end zone. With 3 seconds on the first half clock, St. Mary's took a 14-0 lead.  
 A run by Josh Walterscheid and Walterscheid pass to Flusche moved the ball to the 25. Three complete passes left one more yard in the half. A pass to Campbell was good for 10 yards, but no points as the teams broke for the 1/2.  
 Sacred Heart took the 2nd half kick and got in 6 runs before

running out of downs. The Mustangs punted the ball away on their drive starting the Cubs next drive on their 27-yard line. Campbell and Walterscheid ran 8 plays to the Mustang's 8-yard line. From there, St. Mary's defense stiffened and the Mustangs took over on the 18. A few long runs and St. Mary's scored again for a 20-0 lead with 2:14 remaining in the game.  
 Josh Walterscheid got in two good runs, but time ran out.  
 The Cubs next action will be Friday evening in Arlington, matched against the Oakridge Owls.  
**Muenster 14, Alvord 20**  
 Muenster's Junior High Hornets traveled to Alvord last Thursday and wallowed in the Puppies' muddy pen.  
 Alvord scored the first two touchdowns, taking a 14-0 lead midway through the 2nd quarter.  
 Before taking the halftime break, John Roller took off on a sweep for a 75-yard touchdown run. Jesse Luke threw the ball to Darren Hennigan for the extra points and a 14-8 score.  
 The Puppies scored again in the 3rd quarter. The PAT failed and the scoreboard read 20-8 going into the final period.  
 Two minutes into the 4th quarter John Roller, again on a sweep, covered 70 yards for another

Muenster touchdown. The extra point failed for a 20-14 score.  
 The young Hornets got the ball back and had a good drive going and a chance to score for a win, but a fumbled ball ended any threat.  
 Offensive standouts were John Roller, Darren Hennigan, Jesse Luke and Justin Klement. On defense, Brent Sicking, Jeff Hellman, Danny Felderhoff, Bryan Miller, Darren Hennigan and Aaron Klement led the team.  
**Muenster 8, Alvord 0**  
 The Hornet Junior Varsity played a hard defensive mudbath battle last Thursday at Alvord. After a scoreless 3-3/4 quarters, Shane Sparkman intercepted a pass to set up a Muenster score.  
 Quarterback Scott Hermes

pitched back to Corey Anderle who threw to Sparkman for a 30-yard gain to the 5-yard line. Hermes went to the air again and connected with Barry Fleitman for a touchdown. Brian Fleitman ran in the points after to give the Hornets an 8-0 victory.  
 Coach Randy Tankersley named Bryan Hudspeth, Brian Fleitman, Steven Reiter and Lucas Hartman's blocking as offensive standouts. The defense was led by Bryan Hudspeth, Eric Walterscheid, Cody Perryman, Cory Charles, Michael Boydston and Greg Flusche. "As a team, they played real good. Shane Sparkman was our outstanding player in the game," said Tankersley. "On a dry field, the scoring would have been different."

# Lindsay defeats Saint Jo for first district win

The Lindsay Knights earned their first district win Friday night when they handed the Saint Jo Panthers a 28-0 defeat.

Lindsay controlled the game with a total of 324 yards while holding their guests to 87. The turnover game saw each team throw 2 interceptions and lose 2 fumbles with the Knights capitalizing on the Panthers' mistakes.

The game's first drives ended in turnovers. The Knights took the opening kick, getting 2 runs before fumbling the ball over to Saint Jo.

Saint Jo's first attempted play was intercepted and Lindsay took over near midfield. Unable to make any gain, the Knights punted. The Panther's 2nd attempted play was fumbled with Tommy Stephens covering the ball on the 23-yard line. Taking advantage of the excellent field position, two runs by Jeff Hale and a 17-yard gainer set the ball on the 2-yard line. Hale had the honor of taking the ball in for the touchdown. With 7:48 on the clock, Tanner Neidhardt's kick gave Lindsay a 7-0 lead.

The Panthers got in 5 good runs for 35 yards before Shawn Cartwright, George Lutkenhaus and Shawn Hanks forced a punt on 4th and 15.

The two teams exchanged punts as the 2nd quarter began. From midfield, the Knights moved steadily downfield with Hale and Chris Brown exchanging runs to the 18-yard line. The drive was ended when Bobby Underwood picked off a pass on the 6-yard line.

The Knights' defense kept the Panthers in the hole so, on 3rd and 10, a quick kick out of the end zone put Lindsay on the 25. Again, taking advantage of the field position, the Knights took 3 runs, then a 16-yard Hale-to-Brown pass to find the end zone. Neidhardt's PAT was good and the Knights increased their lead to 14-0 with 3:17 on the first half clock.

Once again, the Knights' defense, led by Lutkenhaus, Brian Hermes and Greg Arendt, forced the Panthers to punt. The attempted boot was blocked by Lutkenhaus

and Lindsay once more was in good field position. But any scoring threat was ended when, 2 plays later, Jack Raymond covered a loose Lindsay ball.

Four plays later, the Knights got the ball back when Chris Brown picked off a Panther pass near midfield. A 32-yard run by Hale carried Lindsay to the 16. With only seconds remaining on the clock, Lindsay attempted a 33-yard field goal, but it failed for a 14-0 halftime score.

Saint Jo's offense began the 3rd quarter and got in 7 plays before punting the ball to the Knights' 15-yard line.

Again, Hale and Brown exchanged 10 runs to the 15-yard line, but a 10-yard penalty, 2 incomplete passes and an unsuccessful run optioned the Knights to again try a field goal. The 42-yard kick failed and Saint Jo took over on the 25. Again, the Lindsay defense held and forced a punt.

Hale and Brown carried the ball into the final period, but the Knights got stuck on midfield. Brown's 40-yard punt put the Panthers deep on their 9-yard line. Three plays later, the Panthers once more booted out of their end zone to the 44-yard line. The next play, Brown completed a pass to Bobby Greener for another Knight touchdown. Neidhardt once more booted the point after for a 21-0 lead with 9-1/2 minutes remaining in the game.

Two Panther plays later, T.J. Goldsmith covered a loose ball. The Knights' next drive was highlighted by a 15-yard penalty, but the ball was picked off by Joseph Hennigan. From the Panthers' 15, a 14-yard loss again forced an end zone punt on 4th and 27 on the 3-yard line.

Lindsay began their final drive on the 25-yard line. Again, Brown and Hale carried, taking the ball to the 7. Zack Bowman added a yard which was followed by a 6-yard run by Shawn Hanks for 6 points. The PAT was good and, with 1:42 on the scoreboard, the Knights had a 28-0 lead.

Saint Jo got in 5 plays before

GEORGE LUTKENHAUS (88) and Brian Hermes put the pressure on Saint Jo punter Bobby Underwood in Lindsay's first district win last Friday. *Janie Hartman Photo*

time ran out. "Good game, men," commented Coach Charlie Meurer after the game. "Good offense and real good defense." Meurer said the Knights' effort was good and the defense continues to improve, giving up only 87 yards. "We needed this win. With Collinsville beating Era, we still have a shot for the playoffs."

Lindsay also improved their passing game, earning over 100 yards in the air. Senior Bobby Greener had a good game with several receptions and his first touchdown.

"We're improving as a team, playing as good as we've been all year," concluded Meurer.

Defensive standouts included Chris Escobedo, ends George Lutkenhaus and Greg Arendt and safeties Robert Sharp and Garrett Hellinger.

Game reported by Bridget Anderle

# Turkey reproduction down, season looks promising

Texas Parks and Wildlife Department biologists recently completed summer and fall turkey hen-poult surveys to determine the annual production of turkeys. All the figures have not been compiled but preliminary results in the top regions of the state indicate a second straight year of low reproduction.

After an impressive 2.71 poults per hen in 1992, the region's production dropped to 1.17 per hen in 1993 and 61 this year. The average is two per hen in a good year. Only 20 percent of the hens had poults with them this year.

Hunters should find turkey moving near feeders this fall, especially in the western part of the Possum Kingdom district.

The Edwards Plateau district should have plenty of turkeys to hunt in the Hill Country because of three excellent production years earlier in the decade. However, the area did see its second consecutive year of bad reproduction.

The turkeys should be in good shape going into the season. Recent rains have added moisture and vegetation to the habitat, although turkeys prefer acorns, which are in short supply again this year.

In addition to a valid Texas hunting license, turkey hunters must possess a \$5 turkey stamp. The statewide bag limit on Rio Grande turkeys is four per license year with no restriction on whether they are taken in spring or fall. The

beard must remain on the turkey until it reaches its final destination and is finally processed. This applies in counties where it is legal to take only gobblers and bearded hens.

Some changes have been enacted beginning with this year's fall turkey season. The bag limit in Brooks, Kennedy, Kinney, Kleberg, Uvalde and Willacy counties has been changed from gobblers or bearded hens to either sex. Another change makes it illegal to hunt eastern turkeys over baited areas.

## Today In Banking

Some "Straight Talk" On Banking Today... That Can Make Banking Better For You...

**Living Life in the Slow Lane**

In our community everybody knows each other. It's a friendly atmosphere which makes living here a pleasant experience.

We try to create the same friendly small town atmosphere here in our bank. We feel that all of our customers are important, not just the ones with big balances. I'm sure the big cities have things to offer that our community doesn't, but then again we don't have all their problems either.

If you like the idea of being treated like you're important, bank at the bank where everybody's important.

**NORTH TEXAS COMMUNICATIONS COMPANY**  
**CABLE TELEVISION SUBSCRIBER PRIVACY RIGHTS NOTICE**

Dear Customer:

The Federal Communications Act of 1934, as amended, contains certain provisions regarding the collection and maintenance of personally identifiable information by cable television operators. In accordance with these provisions, this cable system collects and maintains personally identifiable information concerning subscribers. That information includes billing records, service maintenance and repair orders, premium service subscription information, marketing information, and subscriber complaint information.

Unless otherwise noted, all personally identifiable information will be used solely for the normal business practices associated with the purpose of offering and rendering cable television service. These uses include billing services, market research, accounting, and general business planning. The cable system will not retain such information after it is no longer necessary for conducting these business practices. We do retain information for five years after you have ended your subscription with us as required for tax and accounting purposes.

Certain persons, including cable system employees, cable system sales agents, employees of businesses which provide services to the cable system such as auditors, etc., employees of program services which periodically audit subscription information, and representatives of the franchising authority have access to personally identifiable information when necessary for the purpose of conducting our business. Access is as often as necessary and may be on a day-to-day basis.

Federal law prohibits a cable system from collecting any personally identifiable information other than information necessary to carry on its business or to detect theft of services, unless you consent.

To the extent that we are permitted to collect personally identifiable information, we are permitted to disclose such information only to the extent necessary to conduct our business. Except for limited circumstances referred to below, we may not disclose personally identifiable information without your consent unless we are required to do so by a court order. If we are served with a court order requiring disclosure of personally identifiable information concerning a subscriber, we will inform the subscriber before any information is released. Under some circumstances, a governmental entity may seek a court order to obtain personally identifiable information from the cable system concerning a cable subscriber. The subscriber must be given an opportunity to contest issuance of such an order.

In addition, the law allows us to disclose your name and address for non-cable service related mailing lists or other purposes unless you tell us you do not wish to disclose it; however, such disclosures of names and addresses may not be in a form that discloses the extent or type of any use you make of services we provide, nor may it disclose the nature of any transaction you make over the cable system. If you do not wish to have your name and address disclosed even in this limited manner, or if you wish to limit the circumstances in which we will disclose it, please obtain, fill out, and return a "Nondisclosure of Name and Address" form from our local business office.

CARD OF THANKS
We would like to express our deep appreciation and thanks for all the kindnesses shown us upon the death of our dear Mother.

Services for Harold Gene Scott, 68, were held Sunday, Oct. 16, at 2 p.m. at the Forestburg Baptist Church. Rev. Kenneth Ford officiated. Interment was in the Perryman Cemetery under the direction of the McCoy Funeral Home of Saint Jo.

ANNOUNCEMENTS
Remember "Great Day in the Morning" and High Attendance Day at the Rosston Baptist Church Sunday, Oct. 30. Services will start at 10:30 a.m.

Mrs. Gladys Balthrop had as her guests Thursday her grandson and wife, Mr. and Mrs. Dwayne Balthrop. Mr. Balthrop is a corporal in the Marines stationed in Japan and is enjoying a leave.
