SALES HEAVIER THAN ANY DATE SINCE OCTOBER

BY ELMER C. WALZER, United Press Financial Editor NEW YORK, Aug. 4.—Wall Street was treated to its first 3,000,000 share day of the year today—another installment in the baby boom movement that has been in progress since July 9. Increased popular interest in the gathering room brought in a horde of buying orders and for a time tickers ran four minutes behind trading and it was necessary to abbreviate quotations to keep pace. Rising tendencies were in evidence until shortly after noon. Up to that time the active stocks had risen 1 to 5 points and the less active 1 to 18 points. Trading ran at a 6,000,000-share pace in the first half hour but by noon only 2,000,000 shares had turned over. By 1:30 the total reached 3,000,000 shares and by 2:10 the 3,000,000 share mark was crossed in the heaviest turnover since October 6, 1931. The late selling reduced gains considerably, but most prices were still above the previous closing levels except in the railroad group where net losses predominated. Utilities also slipped off. The feature of the day was American Telephone & Telegraph's ascent to above par. It reached 100 1-8 where it was up 3 7-8 points. The following is the Senior Epworth League program for next Sunday evening, August 7th: Subject: "Great Prayers of the Bible." Leader: Benita Yantis. Scripture lesson: II Chronicles 6:14-42. Song: "Sweet Hour of Prayer." Song, prayer, song. "Prayer in Modern Life."—Alva Lee Gleaton. "The Pharisee and the Publican."—Althea Baker. Reading—Margaret Levisay. practically at yesterday's closing figures. Corn was 1-8 lower to 1-4 higher and oats were unchanged to 1-8 cent lower. Cattle and hogs were unchanged. Old September 50 5-8 cents, down 1-8; December 54, up 1-8, and May 50 3-8 unchanged.

Lives of people were compared to a great architectural structure by Walter U. Early, former district attorney, in the baccalaureate address to the graduates of Howard Payne College summer session at the college auditorium Tuesday night. Attention should be given to every part of the building, he said, but most of all must it be made certain that there is a good foundation. After the foundation has been laid as evidenced by the college diploma, he said, building must still continue and there could be no greater mistake than for a graduate to think that his or her education was finished when diploma was received. Many pithy observations on life in general and admonitions to those going out from the school rooms to the problems of the world were given in the course of the address. "We must learn to work and to get pleasure out of work," Mr. Early said. "Learn to bring people under your influence but be sure your influence is always for good" and "never surrender principle" were among the admonitions given. Mr. Early said that after a long experience in a position that enabled him to observe life closely, he could declare that there were no truer words than "Whatever a man doeth that shall he also reap." "Homing," by Del Riego, was sung by Miss Louise McDaniel, with piano accompaniment by Mrs. W. D. McCulley. Diplomas were awarded to twenty college and twelve Academy graduates, as follows: College: A. A. Brian, Levelland; Mrs. O. E. Bowman, Brownwood; R. E. Everett, Gustine; J. Lea Farmer, Talpa; Earl D. Floyd, Brownwood; Velma Floyd, Brownwood; Mrs. Floyd George, Blanket; Weldon Gibson, Bissin; Star; Mrs. Vivian Grantham, Cisco; G. D. Holbrook, Frankfort; Georgia King, Brownwood; Pete Maracek, Rowena; Mrs. Hattie H. Oliver, Brownwood; Mrs. Kate Prude, Brownwood; Norman A. Sanders, Eden; Harvey Sutton, Menard; Alice Slight, Brownwood; Ruby Cochran, Willis; M. Murphy, Levi Old, Era Ellen Okey, Nancy Marie Robertson, Jean Skipping, Elizabeth Taylor, Blanche Mae Vaughn, Iris Williford, Ruth Woodard and Clyde Wright.

Word was sent out by some houses to employ a special order, and then to hold themselves in readiness for instant recall. Some houses recalled workers recently laid off. One house was planning to add a new wire to its country-wide network next week. Sentiment continued very cheerful, the largest district as increased business poured in. Public buying continued to expand, this demand offsetting selling from professionals who believed the rise was overdone and the market was a reaction. Sales to noon totaled 2,000,000 shares, the largest for the year for a full session. Of this total 24 issues made up 727,600 shares or 36 per cent of the entire volume. General Motors led in amount of sales followed in order by American Telephone, American Can, Du Pont, Montgomery Ward, International Nickel, S. S. Steel, Consolidated Gas, North American and Standard of New Jersey.

NEW YORK, Aug. 4.—American Telephone and Telegraph stock reached par shortly after noon today, up 29 3-4 points from the low of the year which was set on July 11th. Meanwhile the entire market was racing ahead in a wave of buying. Two million shares had changed hands at noon, practically assuring that the day's trading would surpass the previous record for the year. The 2,700,000 share day of last Thursday. Six hundred thousand shares of stock were purchased on the New York stock exchange in the first half hour today at prices which for the most part were up from fractionally to two points over yesterday's close. Trading was at the rate of a 6,000,000 share day. Times the ticket fell four minutes behind the racing quotations. American Can led in volume, with 20,400 sales in the first half hour on overnight quotations to 43 7-8. In the same period 14,200 shares of consolidated gas were bought. 13,400 of Standard Oil of New Jersey, 13,100 of Steel, 12,900 of A. T. & T. and 12,700 shares of General Motors all at fractional advances. The bond market was advancing simultaneously and both cotton and wheat were up.

Wheat Prices Uncertain CHICAGO, Aug. 4.—Wheat danced up and down the price scale today on the Chicago board of trade until a last minute wave of profit taking wiped out a 4 cent gain. The descent was as spectacular as the advance and left the price practically at yesterday's closing figures. Corn was 1-8 lower to 1-4 higher and oats were unchanged to 1-8 cent lower. Cattle and hogs were unchanged. Old September 50 5-8 cents, down 1-8; December 54, up 1-8, and May 50 3-8 unchanged.

LOS ANGELES, Aug. 3.—Julius Robert Brance today was president of the International Federation of Weight Lifting for the year 1932-33. France won the 1932 Olympic games weight lifting title.

RECREATIONAL, SPORTS POSSIBILITIES OF LAKE BROWNWOOD DISCUSSED

"Recreational and Sports Possibilities of Lake Brownwood" was the subject for discussion at the weekly luncheon of Brownwood Kiwanis Club today. The program was under the direction of J. H. Mayes, Arthur Renfro, vice president, presided at the meeting in the absence of J. Horace Shelton, president. Entertainment was furnished by Mrs. Jasper George and Miss Mildred Kidd. Mrs. George gave two vocal selections, accompanied at the piano by Miss Kidd. H. G. Lucas, secretary of the water board, was the first speaker on the program subject, telling about the recreational and sports possibilities of Lake Brownwood from the angle of the water board. L. E. Dublin gave the sportsman's views on the subject. H. L. Bridgeman of San Antonio was a guest of the club. Dr. H. L. Lobstein received the attendance list.

Phantom Bandit Kidnaps Officer Takes Clothing

TULSA, Okla., Aug. 4.—Instead of vacationing at some seashore, as has been reported, Charles (Pretty Boy) Floyd today was accused of kidnaping a former policeman, taking his shirt, pistol and automobile. Appearing at Sheriff Charles Price's office clad only in a raincoat, H. W. Nave, former Tulsa officer, complained that the phantom bandit and two companions forced his car to the ditch south of Edmond yesterday. The highwaymen, he said, hauled him to within a mile of Crystal City, near here. There Floyd placed a gun against Nave's head, forced the motorist to drink a pint of whiskey and take off his clothes. The robbers then took Nave's car, clothes and all his money except \$1.10. "And the whiskey was bad," Nave complained. "It must have dazed me for I slept two hours before I wandered to the highway and tried to stop motorists. They must have thought I was crazy. I didn't have any clothes on." A negro farmer gave him a raincoat, Nave said, and he came to Tulsa. Nave readily identified pictures of the notorious machine gun bandit from others in the rogues' gallery.

Brownwood Future Farmers Planning For Cisco Meeting

The Brownwood chapter of Future Farmers of America will meet Friday, August 5, at Junior High School building to make final plans and arrangements for attending the county convention at Lake Cisco August 8, 9 and 10. Olen Fenner, vocational agriculture teacher of Brownwood High School, announced today all members of last year's classes and all boys who plan to take Vocational Agriculture as a counting unit of school are urged to attend the meeting Friday and the encampment at Cisco. One meeting of the boys has already been held to make preliminary plans for attending the encampment. The program at the encampment includes a combination of Future Farmer education and entertainment features. The following tournaments and contests will be held: Best agricultural student, playground baseball, horse shoe pitching, washer pitching, swimming events, diving, water polo, polo, light boxing, rodeo and other things. Winning teams in each event will be awarded suitable prizes. Mr. Fenner is urging a large attendance from Brownwood.

Lightfoot Opens Headquarters For Sterling Campaign

J. L. Lightfoot of De Leon, who was manager for Tom Hunter's campaign in a district comprising eleven counties in the first primary, has joined in the campaign to elect Ross Sterling governor in the run-off primary, and will direct an active Sterling campaign in the district, with headquarters in Brownwood. Lightfoot is opening the campaign headquarters today at 100 West Broadway.

Yantis And Taber Return From Trip To Kansas City

J. W. Taber and John T. Yantis returned Wednesday night from a brief visit to Kansas City where Mr. Taber sold a hundred head of his cattle. The cattle had been fattening on Kansas grass for the past three months. Mr. Yantis said today conditions in Kansas are looking favorable and the range is fine. The section from northern Oklahoma on through Kansas has received plenty of rain and is in much better condition than from northern Oklahoma this way which is pretty dry, he says. Although the market is not as good as people would like to see it, the movement of cattle is expected to grow steadily heavier for a time. The market has been declining since the reaction a few weeks ago.

WIDE RANGE IN EXPENDITURES OF CANDIDATES

Total individual expenses of candidates in the first primary range from \$6 to more than \$300. RAINFALL HERE IS 1.27 INCHES

A cooling rain refreshed the immediate Brownwood section about 5 o'clock Wednesday afternoon and gave temporary relief from the excessive heat wave of the past several days. The rain fell for more than an hour greatly reducing the 102 degrees temperature of the day and registered 1.27 inches of rainfall on the government rain gauge here. Temperature in the Brownwood section for about a week had ranged as a maximum from 99 to 103 degrees. Although the rain gave temporary relief from the heat, the mercury has continued steadily through today with the sun shining brightly part of the time. Tuesday was said by many to be one of the hottest days ever experienced in this section. For Tuesday the maximum temperature was 103 degrees with a minimum of 70. The rain was confined to a narrow strip embracing Brownwood, reaching north to Cisco and south to Indian Creek, according to reports received today by the Southwest Texas Telephone Company. Reports of rain were: Cisco, good rain; Fort Worth, snow; Indian Creek, heavy rain; May, one inch; Mullin, shower, and Mercury, good rain. Towns reporting no rain were: Abilene, Ballinger, Austin, Bangs, Blanket, Brady, Comanche, Coleman, Dublin, Dallas, Fry, Grosvener, Goldthwaite, Lampasas, Santa Anna, San Angelo, Waco, Zephyr and Richland Springs. The rain was seen as a benefit to crops in the immediate Brownwood section, especially to the cotton.

HOUSTON, Texas, Aug 1.—Funeral services were arranged today for Leslie E. Smith, 36, railroad clerk, who was drowned yesterday while surf fishing in Trinity Bay near Seabrook. Smith stepped into a deep hole while wading on a reef made treacherous by recent dredging operations. Coast Guardsmen from Galveston recovered his body after an eight-hour search.

He wants to set aside part of the highway funds to retire interest and sinking funds on county highway bonds whether he is elected governor or not and if he is rejected he wants to divert part of the gasoline tax for the same purpose," Stuart said.

2ND PROGRAM PRESENTED BY MEN'S CHORUS

An audience of 1,000 to 1,100 gathered at Howard Payne Tuesday night to hear the second concert by the Brown County Community Male Chorus, and but for the fact that the Governor of Texas was speaking at the same time at the court house square to the largest Brownwood crowd of either of the last two of the biennial political campaigns the attendance no doubt would have been far beyond the seating capacity of the auditorium.

The program, as in the preceding concert, consisted of familiar and popular sacred songs, with the addition of two negro spirituals "Avalon Chorus" and "Peace Be Still" were sung as request numbers, these being the only songs in the groups for this concert that were included in the former program.

The audience expressed its appreciation by enthusiastic applause as each song was finished. Short talks were given in the intermission between the song groups. Mrs. J. W. Trapp, the first speaker of the evening, who is always popular with Brownwood audiences, expressed appreciation of the work of the men's chorus and commented on the great value of song programs to the community.

W. A. Roussel reviewed briefly the organization of the Brown County Community Male Chorus and discussed its purposes. Mr. Roussel is the self designated "water courier" for the chorus. While he has declined to become a member of the group of singers he has attended all rehearsals and has lost no opportunity to be of service to the organization. The chorus will meet for regular rehearsal next Tuesday night at 8 o'clock at Central Methodist church, when Director Fitz will start the work on the practice of another group of songs.

Company A National Guard To Entrain For Camp Friday. All plans are completed by officers of Company A of the Texas National Guard for the company's entraining at eight o'clock Friday night for Camp Huilen, according to Capt. E. M. Davis. Lieutenant Gus J. Rosenberg is in charge of the first platoon at the camp, while Lieutenant Albert Hoffman will be in charge of the second platoon. Both officers have had several years' experience in regular army and National Guard work.

Dallas Youth Dies As Result Of Being Kicked By Kinsman

DALLAS, Texas, Aug. 3.—An 11-year-old boy died here today the victim of a family quarrel in which he attempted the role of defender of his older sister who was being berated by her husband.

Beck was arrested and a charge of murder in connection with the slaying was filed against him in Justice Ben H. Fly's court. Police accounts of the quarrel were the boy was at his sister's home attending a watermelon party when the quarrel arose.

He was kicked in the abdomen and after apparently recovering from the blow walked to his home. Shortly before midnight an older brother, Homer Medford, brought the boy to Parkland Hospital. The youth was suffering painfully. While white-coated doctors prepared for the operation the youth died.

McMillan was thrown clear of the wreck. His scalp was literally torn from his head and it was feared he had suffered from a concussion of the brain.

The force of the collision rolled both the truck and automobile into the ditch. Collins said the occupants of the parked truck were standing near the machine at the time of the crash. He did not get their names. The injured man was brought to a hospital here.

R. L. Wood and John Lovry, state highway patrolmen, investigated the crash. Collins said the car the three Plainview men were riding in was headed towards Wichita Falls in the same direction the parked truck was facing. Collins was driving in the opposite direction.

MRS. KEITH-MILLER RESUMES TESTIMONY IN FLORIDA MURDER. COURTROOM, Miami, Fla., Aug. 4.—Mrs. Jessie M. Keith-Miller, Austrian flyer, resumed her story in court here today of her love for two men, one of whom is on trial charged with the murder of the other. Although she has steadfastly contended Haden Clarke, young newspaperman committed suicide in her home here June 21st, she was called by the prosecuting attorney who is attempting to prove Captain Wm. N. Lancaster, British aviator, shot Clarke to death because of jealousy. Mrs. Keith-Miller, the state claims, was the apex of an intense love triangle which included Clarke, her fiancé and lover, and Captain Lancaster, her former lover and flying partner for five years. She began her story today by telling of the arrival of Lancaster at Miami, less than 24 hours before Clarke was found shot to death in a bed he occupied with Lancaster on the sun porch of the Keith-Miller bungalow. "Haden and I met Lancaster at the airport on his return from St. Louis April 20th," Mrs. Keith-Miller began, in resuming her testimony today. Lancaster had learned of the approaching marriage of Clarke and Mrs. Keith-Miller in St. Louis and

THIRD VICTIM CAR CRASH ON HIGHWAY EXPECTED TO DIE

VERNON, Texas, Aug. 4.—Physicians today said condition of A. N. McMillan, Plainview druggist, injured in an automobile accident on the Vernon-Wichita highway near Oklaunion which resulted in fatal injuries to two other men, was serious and he is not expected to live.

McMillan's two companions riding with him in the small sedan were instantly killed. They were Edwin McMath, attorney of Plainview, and Wallace E. Settoon, a Plainview hardware dealer. McMath was injured by his widow. Settoon is survived by his widow.

The accident happened late last night when the sedan driven by one of the three crashed into one of the three parked cars. Collins said the car the three Plainview men were riding in was headed towards Wichita Falls in the same direction the parked truck was facing. Collins was driving in the opposite direction.

had wired them to postpone the ceremony until he could reach Miami and act as best man. "After dinner, during discussion of our marriage, Bill asked us to wait a month before getting married because he wanted me to be sure of myself and because both of us knew Haden was dissatisfied. "Haden wanted to be married immediately, but I promised Lancaster I would wait a month. "Then Haden said to Bill, 'I don't want you to break down my wagon.' "I don't want to break down your wagon," Mrs. Keith-Miller quoted Lancaster's reply. "I just want to be sure. I swear before God if you don't make her happy I'll come and take her from you." Mrs. Keith-Miller said she wept then, because the men were quarreling and Lancaster tried to comfort her. "Haden objected to his comforting me and claimed it was his right to comfort me now, so I finally retired to the kitchen and the two men went outside." She said later in the evening the three sat in Mrs. Keith-Miller's bedroom and discussed various details of the Latin-American Airways, a new airline transport company to carry mail, passengers and express from Florida to Mexican and Pacific points. "Then Bill revealed that Latin-American Airways Company was broke and that there was no future for us with them. Haden became angry and charged that Bill was trying to win me away from him through my love for flying." She said that Lancaster denied

Builds Nest For El Paso

The male African builds a nest in a tree fully, but he himself does not go into it. Instead he guards below. When comes someone in the vicinity, a new one is constructed in a more desirable locality.

He retraced her story to explain that earlier in the day she had asked Lancaster to come and talk with her again and that he had said he would turn over what he had to her.
