Soaking Rain of 1.96 Inch Is Fine For Grain Fields

Much has been said since the nation's recent tragedy about the feeling of guilt that everyone should share for permitting a trend to critical and unkind remarks which, by a twisted kind of logic, is blamed as a contributing or totally responsible factor in the assassination of President Kennedy.

Reading that stuff a person wonders how much is breast beating and how much is finger pointing. How many of the people saying those things truly experienced a feeling of guilt? The accusing articles used the pronoun "We", but readers generally got the idea that the word really meant was "They." Rhetorical admissions of guilt carried the implication that the guilt applied only to those of opposite political convictions. So, conservatives and rightists and segregationists should be held responsible for the decision and deed of a communist. The absurdity of it is nauseating.

Quite a hassle on this subject developed over the much publicized letter of a Dallas teacher to Time Magazine. Her attitude however was all finger pointing, not breast beating. And the Dallas school administration acted wisely in calling her on the carpet. After all the unfair and unkind things already said about the people of Dallas she deserved a good reprimand for adding to the injury. She showed poor taste, poor judgment.

However, her taste and judgment was no poorer than that of the magazine which printed her deplorable remarks. Its editors should have realized they were being grossly unjust to lots of good people of a good city that could not be held accountable for the tragedy.

It should be noted also in this case that the American Civil Liberties Union promptly came to the defense of the Dallas teacher. That organization, as most of us recall, is the one which for years has defended known communists in their clashes with our federal and state governments.

It's easy, of course, to understand that organization's interest in the case. It wants the greatest possible circulation of the woman's remarks. It wants people to blame good responsible American citizens and forget the established fact that all blame rests solely on a communist. The same method was adopted by the Communist Daily Worker immediately after the assassination. It has been harping ever since on the accusation that political enemies of this country are responsible.

Others who spread the same line should try to realize what kind of company they are keeping, and what they accomplish when they help to spread the red propaganda line. Do they actually want to divert guilt from the confessed communist who was proved to be guilty? Do they want to cooperate in the red scheme of clearing communism of its guilt? Even more important, do they wish to cooperate in the red scheme of creating hatred between good Americans?

Many who eulogized the President expressed a hope that his death would serve the good purpose of bringing Americans more closely together, uniting them more closely against their common enemy. It can and should do just that. The facts are there, plain for all to see. He was murdered by a member of the international conspiracy which seeks to enslave us and misses no opportunity to cause domestic and foreign troubles. The destruction of JFK by that individual dramatically points up the organization's intention to destroy the entire country.

The tragedy urges us more than any other single incident of our times to unite in ridding the nation and the world of communism. It would be tragic indeed if we allowed our vision to be clouded by the enemy's smoke screen. We fervently hope that thinking people will desist from the breast beating and finger pointing that follows the red line.

Above all let's realize that political criticism as most of us know it, including the salty variety, is a good old American tradition. Lambasting those with whom we don't agree has been customary since the birth of the nation. It's unavoidable that criticism of often borders on insult. Strong convictions lead to strong words. People in public office

A fine all-day soaking rain on Tuesday gave a big lift to farms in this area. The total measure of 1.96 inches fell as a slow drizzle most of the day and practically all of it was taken up by the ground as it fell.

It was a very helpful rain even though it fails to make up for the shortage of subsoil moisture resulting from months of drought.

Much of the grain, feebly hanging on when the drought buster arrived in November, had revived nicely and was waiting for another boost. This one provided very welcome surface moisture for fine temporary relief. However lots more rain is needed to soak subsoil for crop needs through the long pull. Just now it is a pleasing situation, considering that the year is the second driest on record here.

To date the year's total stands at 21.08 inches, about 2 inches above the all time low of 19.06 inches in 1956.

A rough touch of winter followed the rain. Temperature was in the twenties Wednesday and light rain froze as it fell.

City Library Will Observe Holidays

Since Muenster Library operates on Wednesday and since Christmas and New Year are on Wednesday this year, city librarians are asking that all books outstanding be returned next Wednesday to check in for new books or to extend the time because the library will close on Christmas and New Year.

With cooperation, there will be no fines for over-due books after Jan. 1 and children will have reading material for the holidays.

Garden Club Bake Sale Set Saturday

Muenster Civic League and Garden Club will sponsor its annual holiday bake sale Saturday with headquarters at Hess Furniture Store. The event will be a Muenster Hospital benefit.

Members report that they will have a variety of breads, cakes, cookies, pies, sweet rolls, doughnuts, and candies available from 9 a.m. to 5 p.m.

They also invite everyone to take a coffee break at the bake sale. Fresh coffee will be available with doughnuts.

Saturday Set for Jaycee Yule Party

Jaycees of Muenster will have their Christmas party this week Saturday at 8:30 p.m. in the VFW Hall. Plans for it were made at the organization's meeting Monday night.

The event will be for JC members and their wives. Invited as special guests are Nona and Gainesville members and their wives.

BIRTHS

It's a second little girl for Mr. and Mrs. Joe Felderhoff. Christy's baby sister arrived 12:30 a.m. Wednesday, Dec. 11, weighing six pounds five ounces when she checked in at Gainesville Hospital. Others welcoming the newcomer are her grandparents, Mrs. William Frazer of Joliet, Ill., and Mr. and Mrs. Tony Felderhoff.

From Terrell comes announcement of the birth of a son to Mr. and Mrs. Ewald Fuhrmann. The five pound 15 1/2 ounce boy arrived Wednesday, Dec. 4, 9 a.m. He's a brother for Michelle. Mr. and Mrs. Clem Hofbauer, maternal grandparents, visited the infant the day he arrived and brought Michelle home with them for a visit. Mr. and Mrs. Matt Fuhrmann of Lindsay are the paternal grandparents, and Mrs. Mike Kleiss of Muenster is great-grandma again.

Mr. and Mrs. Albert Bauer Jr. of LaFeria have announced a daughter born Thursday, Dec. 5, weighing seven pounds three and a fourth ounces. Her name is Theresa Ann. She has two sisters and four brothers and two grandmothers, Mrs. Paul Arendt Sr. of Lindsay and Mrs. Albert Bauer Sr. of LaFeria.

Public Invited to View Yule Display in Medders Yard

Mr. and Mrs. Ernest Medders graciously invite anyone who would like to see the Christmas display at Colonial Manor to drive by any evening. The lights are on every night.

Children especially will thrill to the animated figures which perform and make music.

In addition to the life-size Santa, moving and waving, and Rudolph, the Reindeer, the front porch is an enchanted forest with a pink lemonade fountain, a squirrel that plays the piano, a ballerina that dances, and other animals that go through acts.

An inspiring crib scene is in the yard on the south side.

Those who drive by to look are invited through the front gate — if it's open — to follow the circling driveway. If the main gate is closed — as it must be sometimes to keep the Black Angus herd from straying — cars may use the south side driveway to enter and circle the display.

Miss Florene Smith of Dallas was a visitor two weekends with the Medders family to help them set up the decorations.

Bake Sale Dec. 21

Seniors of Sacred Heart High have announced a benefit bake sale for December 21, Saturday next week. They are now accepting orders for decorated cakes or other specialties. Orders may be telephoned to the school on Friday this week and next week. Someone will be at 759-4121 to take calls. The bake sale will feature all the popular items of breads and pastries in preparation for Christmas.

Fencing Arrives For Tennis Court

Fencing has arrived and pipe is the final essential item needed for completion of the city's tennis courts.

Muenster Jaycees, sponsors of the court, heard a report Monday telling that hot mix asphalt surfacing has been applied and chain link netting 12 feet high is here.

So, now the JCs are out looking for about 1000 feet of 2 inch used pipe to be used for erecting the fence. Any offer of the pipe will be gratefully accepted. When it is received the final step in building the courts can be finished.

3 Events on Scout Calendar in One Program Monday

Three events in one evening's program are on the Boy Scout calendar for next Monday, Dec. 16, in the Parish Hall, 7 p.m.

A court of honor will be preceded by a catered meal and will be followed by a Christmas party and gift exchange.

Heading the honor court will be the Eagle Award ceremony in which Joe Hartman will be decorated. He has qualified for the highest award in scouting. Fifteen other awards will be presented.

The party will take place around a decorated and lighted tree. Forty-two Scouts and their parents, committeemen and their wives and other guests will bring expected attendance to 125. Scoutmaster Ed Schneider is in charge of the program and Scout mothers are in charge of the meal.

District KCs Will Have Initiation at Denison Sunday

Members and candidates of the Muenster Knights of Columbus council will join those of other councils from District 6 and District 47 at Denison next Sunday for a bi-district initiation hosted by the Denison council.

An all day program marks the initiation. It will begin with mass at 8:30 and a communion breakfast after the mass. The initiation will begin with exemplification of the second degree at 11 o'clock and continue through the third degree. In the evening knights will be joined by their ladies for a supper and social program.

Candidates to be initiated for the Muenster council are Roger Taylor, Robert Klement and Ronald Klement.

Garden Club Has Christmas Meeting At Medders Home

Muenster Civic League and Garden Club members had Mrs. Ernest Medders as their hostess at her home for the December meeting Monday night. Twenty-seven members and ten guests were present.

They entered Colonial Manor through a Christmas fairyland on the front porch and were taken on a tour of the home to view other holiday decor before the meeting began. Each room has its own individual decorations as does the winding stairway.

During the business session conducted by Mrs. Dick Cain, president, members answered roll call by telling what they plan to take to the bake sale Saturday, Dec. 14.

Committee chairmen gave reports. Mrs. Dan Luke asked for volunteers to help with digging and setting out shrubs at the hospital, preparing soil and planting trees.

Mrs. Earl Fisher reported that requirements for competition in the Sears Award had been fulfilled, that the entry was made at the proper time and that judging will be completed by February. Mrs. John Mosman read a report on work finished by the local Soil Conservation Service.

The club voted to replace burned out bulbs in its Christmas light strings and offer them to the Jaycees to help decorate a large tree.

Members brought with them hand made Christmas items for display. And they signed a get-well card for Clive Goble.

For the program the group saw a 30-minute film "Holiday With Flowers."

Afterwards the group enjoyed a Christmas buffet featuring an assortment of holiday foods. Among floral pieces in the home was an arrangement of fresh white carnations and shiny holly in a silver container.

Guests accompanying members were Meses. Wendel Rich, Jack Fowler, Jerome Pagle, Donald Bayer, Rody Klement, L. O. Laughlin, Joe Galloway, Bill McCollum, George Petrus and Willie Walterscheid.

Mmes. Richey, Fowler, Walterscheid, Petrus, Bayer and Galloway signed up as new members.

Heavy Damage at Felderhoff Home Caused by Fire

A fire in the Vincent Felderhoff home Wednesday afternoon resulted in heavy damage to interior furnishings and clothing.

It was discovered shortly before 5:30 as smoke came billowing through the house. When firemen arrived a few minutes later smoke was pouring out at all sides and had already done its damage.

The heavy smoke also caused delay in finding the flame. When located in a bedroom it was quickly brought under control, and water from it spread over all the floors.

The loss is estimated at several thousand dollars.

City Finances Are in Good Condition Auditors Report

City finances are in good condition, members of the city council were told by auditors at their session last week. The auditors also submitted a report on the annual audit they had just completed.

The audit is one of the requirements for the bond issue earlier this year to provide necessary funds for waterworks, sewer and street improvement programs.

Auditors told the council that the city could operate satisfactorily with a ratio of 1.5 to 1 of income and disbursements. The city's ratio is 2.14 to 1. At that rate the city can easily keep pace with its bonded obligations.

JCs Will Sponsor Christmas Tree And Santa Visit

Plans for erecting a community Christmas tree and sponsoring a Santa party for the kids were both okayed by Muenster Jaycees in their meeting Monday night.

The tree will be located on the vacant lot between the dress factory and the highway, only a short distance from the old site where a cedar beside the city marker had been decorated for years as a garden club project. Now the cedar is gone but the lights are still available, and will be used by the Jaycees for their decorating. At the meeting it was decided to erect the tree at once, but rain on Tuesday caused a delay.

The Santa party is scheduled for the afternoon of Saturday, December 21. Jaycees intend to bring him to town in an airplane and take a low flying tour over town so kids will be able to see him coming. At the landing field in Bruno Fleitman's pasture east of town, Santa will be met by the city fire truck and taken to the community Christmas tree, where he'll give goodies to the kids.

THE CONSTITUTION: A COMPASS FOR STORMY SEAS

A lightning bolt from the blue. One President's term came to an abrupt end and another's began. Now we find that the impact of the unexpected change is still felt, although we are aware of a

certain sense of well-being as the machinery of government moves along as though nothing had happened to upset its continuity.

The United States is the oldest nation in the world to provide for such continuity when fate steps in and brings a chief executive's term to an untimely end. It is one of the provisions wisely made by the nation's founders and contained in the U. S. Constitution.

At the very instant the President expired, the Vice President became our new President; and the oath of of-

office was administered soon afterward.

We reiterate — this wonderful continuity of government that guards against the nation ever being without a President, is an integral feature of our Constitution which was ratified in 1789 — nearly two centuries ago!

This should make one ponder on the statements that come time and again, from various sources, that the Constitution is outmoded and outdated. Oh, but how wonderfully its words were there to answer the shocked and bewildered cry, "Our President is dead. What will we do now?"

In language as up-to-date now as it was 174 years ago, Article I, Section 1 declares: "... In case of the removal of the President from office, or of his death, resignation, or inability to discharge the powers and duties of the said office, the same shall devolve on the Vice President..."

No ambiguity in those words. No interpretation necessary. The "duties of said office... shall devolve on the Vice President." How promptly; how obediently these Constitutional instructions are followed.

"But," some will say, "there is no time in such an emergency to do things differently. We must read the literal meaning of the Constitution." Come now! Couldn't the Vice President simply fill in as a de facto President while the Congress mulls over calling a special election? After all, the Vice President may be known to have a philosophy differing somewhat from that of the late President — and it may not exactly be in the "general welfare" to let such a man take the helm of the ship of state.

Preposterous? Of course it is. Especially to those who are convinced that, if any part or parts of the Constitution serve the needs of the nation in their literal language, then the entire Constitution should be taken literally.

Furthermore, the same clear, concise language that provides for the continuity of the Presidential office is to be found throughout the Constitution from beginning to end. Yet the Federal Government is constantly engaged today in activities that have no pretense of Constitutional authority. Government to government foreign aid is one example. "Public power" is another. A mile-long list could be made showing federal intrusions into areas forbidden by the Constitution — areas made clear by language that delineates certain powers and responsibilities to the Federal Government and leaves all others to the States and people.

It is time for all of us to cultivate anew the concept of the Government as the navigator of the ship of state, rather than as a captain barking orders. And let the points of its compass be the steady, true Articles of the U. S. Constitution.

Forty years ago an oil well that went a mile into the ground was considered a deep hole. Now, according to Oil Facts, an oil or gas well must extend 15,000 feet — nearly three miles — to be considered deep. Such wells are becoming increasingly more common — and more expensive. Last year, for instance, American oilmen drilled 254 deep wells, a record number. Average depth was 17,000 ft., at a cost of \$654,000 each, or about \$38,000 a foot.

More Fun Than Anything

Over the wires from Elgin, Ill., recently, came the story of the annual 50-mile bike race from that city to Chicago with 165 starters — of which 136 finished. These figures are startling enough in these days when too many of us push buttons instead of pedals. But, more surprising is the fact that entries ranged in age from 13 to 51!

This latter statistic may possibly explain why the pressure on Santa Claus for bicycles has been building up since the gay nineties until, in recent years, this request has outrun all other specific demands. And it may be a help to readers tackling the growing annual problem of what to get for whom.

What is it that makes the bike so appealing? Why is it such an enchanting vehicle to practically all ages? There have got to be reasons.

Fitness? That's surely one reason. Dr. Paul Dudley White continues to prescribe bike-riding for adults as preventive medicine against heart attacks — and in his mid-seventies continues to take his own medicine regularly. The President's Council on Physical Fitness recommends cycling in its adult fitness program, and the American Association for Health, Physical Education

and Recreation pulls out all the stops in urging school kids to ride.

Transportation? In many countries the bicycle remains the principal means — other than walking — of getting from here to there. Here, too, it is often the quickest way — as well as the easiest and cheapest — as anyone who has ever two-wheeled through a traffic jam knows.

More kids than ever are riding bikes to school. Good for them. More grey-headed citizens are riding for health. Good for them, too! Thousands of young people participate in the pedalling programs of the VFW and the Optimists. Whether they ever become war veterans or not, it will help them to be optimists.

Still, none of these admitted values accounts for the bicycle's magic appeal. The answer must lie in its built-in fun. And after all, fun is what we want above all to give to young and old at Christmas. Isn't it?

Just ask Santa Claus — the great American "spokesman!"

Americans have 71 per cent of the world's automobiles, 80 per cent of the world's hospital beds, 82 per cent of the world's bathtubs, 33 per cent of the world's railroads and 48 per cent of the world's radio, telegraph and telephone facilities.

The extra protein in one ton of alfalfa cut at the early bloom stage, rather than the mid-bloom stage, is equivalent to nearly 200 pounds of soybean meal.

✓ 1963 Box Score: FORD'S TOTAL PERFORMANCE TOUGHNESS DOMINATES THE COMPETITION WORLD!

Ford has chosen the most rugged testing program cars have ever faced... full-scale open competition on the rally and racing circuits of the world. This is the dramatic way to show that Fords have changed... and the sure way to be certain they keep on changing. Changed? Just look at the record:

STOCK CAR RACING: 2-to-1 margin for Ford Ford is king of NASCAR competition and Ford Motor Company has the NASCAR Achievement Award to prove it. In the '63 season, special Ford entries won every single race of 500 miles or longer, scored nearly twice as many points as any other make. 500-mile races are the ultimate test of inherent durability and dependability. In two other major stock car racing associations IMCA and MARC, Ford drivers have wrapped up the 1963 championships.	SPORTS CAR ROAD RACING: Ford V-8 power is the new king Here the Cobra with its special Fairlane engine emerged as the overwhelming leader in one short year. Cobra won the coveted Manufacturer's Trophy in SCCA Class A Production competition by so wide a margin no other cars—U.S. or foreign—were even in sight. And in the two major tests this fall, the Laguna Seca and Riverside races, the new King Cobras dusted off the top "unlimited" cars from all over the world.	RALLY COMPETITION: Manufacturer's Championship Products of Ford Motor Company and its world-wide affiliates won the 1963 Manufacturer's World Rally Championship. Ford's rally year began when two specially equipped Falcon V-8's started the automotive world in the brutal 2500-mile Monte Carlo Rallye. Other special Falcon V-8's triumphed in Holland's famed Tulip Rally, and ran away with the Manufacturer's Team Prize in the 4000-mile Trans-Canada Rally.	INDIANAPOLIS: Ford ends an era Advanced Ford engineering smashed precedent in the classic Indianapolis "500." The first time out, a light alloy version of the Fairlane V-8 design in a Lotus chassis finished second. And the next time, in the Milwaukee "200" it ended the reign of the traditional "Indy" racing car by leading every foot of the way from start to finish.	PERFORMANCE & ECONOMY: New laurels for Ford The Mobil Economy Run underscored Falcon's year-long reputation for thrift—a Falcon scored first in Class B (medium-engined compacts). And the Pure Oil Performance Trials brought laurels to the big Fords, which walked off with overall wins in Classes I and II for total performance (economy, acceleration and braking).
---	--	--	--	---

✓ 1964 Result: TOTAL PERFORMANCE INSPIRES THE TOUGHEST, SMARTEST CARS FORD EVER BUILT!

Fords have changed—and that's the real reason behind Ford's racing successes. We're now making the longest lasting, best handling cars in our history. The things we've learned from the specially equipped cars we enter in open competition have helped make them that way.

The inherent qualities that make the victorious racing car—road-holding, braking, durability, precision control, resistance to vibration—also make a car safer, stronger, and smoother for highway use.

But prove it to yourself. Take the wheel of any new Ford. Five minutes on the road will show you the kind of total performance no one else can match.

SACRED HEART HIGH sodalists prepare the Advent Wreath for the traditional candle lighting and blessing ceremony in which the members participate at their meeting. Shown at work are Rose Vogel, seated, and Nancy Klein, Patsy Streng and Kathleen Knabe. Nancy is telling the symbolism of the wreath: the circle represents God's eternity, the four candles signify the four thousand years the world waited for the coming of the Redeemer, the evergreen reminds mankind that the Savior came to bring life everlasting. Three purple ribbons denote the spirit of sacrifice associated with the season of advent and one rose ribbon symbolizes joy with the coming of the Christ Child.

MHS Teams Win First Lose Second In Cage Tourney

Muenster High teams won their first games and entered the champ bracket of the Callisburg tournament last weekend. But that was as far as they got. The next games eliminated them.

The girls started with a 34-20 decision over Lindsay after leading comfortably all the way. The scorers were Dolores Monday 19, Sandra Cain 11 and Cindy Cain 4.

Then came Valley View, the team with a big chance to cop the district crown. MHS did all right in the second and third periods, not so good in the first and last, and the final count was 39-19. Sandra Cain scored 12.

The boys met Era first and pulled ahead gradually by counts of 4-3, 15-10, 23-14 and 34-20. Reiter hit 10, Russell 7 and Vogel 5.

Next one, with Callisburg leading comfortably, got really one sided when Coach Polk turned the game over to his reserves in the last quarter. Scores by periods were 14-6, 24-16, 35-20 and 67-28. Best Hornet scores were Russell 9 and Robison 6.

Collinsville Licks Parochial Teams In Four Contests

Sacred Heart basketball teams lost in all four games of two twin bills with the Collinsville High teams. In all of the contests it was just a matter of too much speed and skill for the parochial players.

At Collinsville last Friday the hosting girls gained steadily in all but the third quarter for the final lead of 51-16. And it was the same in the boys game as Collinsville coasted to the 63-21 win.

Leading Sacred Heart scorers, Virgil Hess with 12 and Barbara Schmitt and Mary Wimmer with 6 each.

The games were better but Sacred Heart still lost both when Collinsville came here Tuesday night. In fact Sacred Heart led briefly in both games but the visitors soon took charge and though slowed down by a strong Tigerette defense, gained steadily to the score of 29-17. Mary Wimmer hit 8 and Barbara Schmitt 7 as Laverna Otto, Rita Noggler, Judy Danglemyer and Pauline Fleitman looked fine on defense.

The boys game was tight in the first quarter 12-15 but Collinsville extended the lead fast after that by scores of 28-14, 38-16 and 53-30. Top scorers were Dennis Hess 10, Virgil Hess 8, Tommy Fuhrmann 7.

St. Nicholas Makes Tour of SH School

Students of Sacred Heart Grade School had a jolly time — and there were some tears — when St. Nicholas paid his annual visit to all classrooms on the afternoon of Dec. 6.

This "Little Christmas" in Muenster, when children get small gifts and goodies, dates back to the earliest days of the community. The custom came with the first settlers and has continued through 74 years.

His visit at school was arranged by the Home-School Society, Sister Canisia and her roommothers.

Accompanying him on his rounds this year were a helper and Mmes. Vinc Felderhoff, Gilbert Endres and Joe Voth.

As is customary, St. Nicholas asked questions of the little ones, had them say their prayers, or recite. Some of them seeing the red-robed, white-bearded St. Nick in person for the time were shy, but only a few of the smallest ones cried briefly. Tears turned to smiles when bags of goodies were distributed. Each child was remembered.

St. Nick and his helpers handed out 500 bags of treats to students, the faculty and pastors.

83 Attend Party Honoring Birthday In Fleitman Home

Jolly old St. Nick in person, and loaded with a pack of goodies, was an added attraction at Mrs. Bruno Fleitman's birthday party on the eve of Dec. 5. The honoree's birthday is Dec. 6 on the feast of St. Nicholas.

The distinguished visitor passed out bags of candy, fruit and nuts to 83 guests — youngsters and oldsters — gathered in the Fleitman home.

Before St. Nick left pictures were taken. Afterwards birthday cake and other refreshments were served. The cake was a conversation piece. It was made and decorated by Mrs. Henry Spaeth and was inscribed around the tiers with all the important dates of Mrs. Fleitman's life since her birth.

Only member of the family missing was John Dave Fleitman of the University of Dallas and he came Saturday bringing gifts and greetings to his mother. He also brought two classmates with him. The guests were Joe Sevier of Mexico City and David Boisvert whose home is in Connecticut.

NEW CHEVELLE!

BY CHEVROLET

The kind of go—6 or V8—you'd expect
from one of Chevy's great highway
performers. Come on down and drive it.

The kind of comfort you'd
expect in a large interior.
Come on down and sit in it.

The kind of fresh styling—inside and out—
that makes it the year's smartest surprise.
Come down and stare at it.

New Chevelle Malibu Sport Coupe

Now—Chevy spirit in a new kind of car!

We built this one to do more than just stand around looking beautiful. Held its weight down in the 3,000-pound range. Then built four lusty engines—two sixes and two V8's—with output all the way up to 220 horses*! And if that makes you think this is one frisky car, you've got the right idea.

You've also got a roomy car here. Yet its 115-inch wheelbase keeps it highly maneuverable in traffic and very easy to park.

With its Full Coil suspension, it's got a ride that reminds you of the Jet-smooth kind the

way it muffles noise and cushions bumps.

And the fine hand of Body by Fisher craftsmen shows up beneath this one's suave good looks, too.

Sound good? There's more. Like the fact that Chevelle comes in three series with eleven models—convertibles, sport coupes, sedans, wagons, even Super Sport models with front bucket seats. Like the fact that (and see if this isn't one of the nicest surprises of all) the new Chevelle comes at an easy-to-take price!

Like to hear more? The listening's wonderful at your Chevrolet dealer's—and so's the driving.

Third Order Group Sees New Hospital

Members of the Third Order of St. Francis, Sacred Heart Parish, gathered Sunday afternoon for their December prayer service and business meeting and had a nice surprise afterwards. They were privileged to make a tour of the new hospital.

Mrs. Edd McGannon, prefect, led the office in church and presented a short reading on the rule of the fraternity afterwards. Mrs. Leo Henscheid gave a spiritual reading. Twenty-nine members were present.

After adjournment the group had a conducted tour of Muenster Memorial Hospital through courtesy of J. M. Weinzapfel. There were many ohs and ahs over the beauty of the building and its modern equipment and newest hospital facilities. Some major equipment still is lacking and that was the reason the public preview was postponed Dec. 8. But Third Order members saw it and they liked what they saw.

Friction In Your Diction

If you can read the following without mistakes in 15 seconds, your diction is well above average:

I bought a batch of baking powder and baked a batch of biscuits. I brought a big basket of biscuits back to the baker and baked a basket of big biscuits. Then I took the big basket of biscuits and the basket of big biscuits and mixed the big biscuits with the basket of biscuits that were next to the big basket and I brought the basket of biscuits and the biscuit mixer and the biscuit basket and the box of mixed biscuits and the biscuit mixer back to the bakery and opened a can of sardines.

DO IT BETTER *Electrically!*

DRY CLOTHES *flamelessly!*

"Nothing I know of, Martha, would ever make washing and drying clothes fun, but my new electric dryer sure makes it a lot easier!"

If we could listen in further on this conversation, we'd probably hear a lot of good things about drying clothes the flameless electric way. Virginia will tell Martha how nice it is to be able to dry anytime, not just "weather permitting." Martha will hear, too, about the time-and-effort-saving advantages of an electric dryer... no more fumbling with clothes pins, no more struggling with baskets of wet, heavy wash.

P. S. to Virginia: Don't forget to tell Martha how much easier ironing is with clothes dried the flameless electric way.

Judith Devers Is Married in Dallas To David E. Haynes

A wedding of interest to Lindsay and Muenster relatives and friends was that of Miss Judith Devers and David E. Haynes both of Dallas. The Rev. E. J. Devers of Sherman, uncle of the bride, officiated in Holy Trinity Church. He was assisted by the Rev. Fred Mosman of Dallas, cousin of the bride.

Acolytes were Paul Devers Jr. and Roy Lee Fuhrmann of Lindsay, brother and cousin of the bride, respectively. Parents of the couples are Mr. and Mrs. Paul Devers and Mr. and Mrs. David C. Haynes all of Dallas.

The bride was given in marriage by her father. She wore a formal gown of white satin designed sheath style with a bouffant carriage back which extended into a chapel-length train. A princess crown held her veil and she carried a white orchid surrounded by white rosebuds.

Miss Ann Schmitz of Dallas was maid of honor and Mrs. Robert Fuhrmann of Lindsay, cousin of the bride, and Miss Barbara Conant of Dallas were bridesmaids. Their dresses were of sapphire blue brocade with full chiffon skirts. They carried red rosebuds.

Marty Thorsheim of Dallas was best man and Howard Paige and Charles Hutchinson, also of Dallas were groomsmen. Bill Dankesreiter of Lindsay and Frank Horak of Dallas ushered.

Wedding reception for 175 guests was held in Ramada Inn after the service. Misses Barbara Devers and Beverly Haynes, sisters of the couple, registered the guests.

When the newlyweds left on their honeymoon she was wearing a gold wool suit with bronze-colored accessories. They will make their home in Dallas. She is a graduate of Ursuline Academy and he of North Dallas High. Both attended Arlington State College.

The couple's 4 p.m. wedding followed the silver wedding celebration of the bride's parents. Their anniversary mass was at 11 a.m. followed by a reception and buffet at their home.

Attending both events were Mr. and Mrs. Matt Fuhrmann, grandparents of the bride, Messrs. and Mmes. Joe Zimmerer and family, Ray Haverkamp and family, Bill Dankesreiter, and Robert Fuhrmann, Mrs. A. J. Loerwald and family, Bert Fuhrmann, Roy Lee Fuhrmann and Rose Lee Fuhrmann, all of Lindsay.

Despite the red smoke screen, political criticism did not kill our president, and it did not hurt the country. It is a free people's only way of preserving its freedom. We need to remember that.

Varied Activity For Club Groups

Lindsay Craft Clubbers headed by Mrs. Ray Laux had a treat they will long remember when they met Monday for their monthly meeting. They visited the home of Mrs. R. Proffer in Gainesville, saw her collection of dolls and doll hospital. They also saw her collection of clocks. They

were there over two and a half hours.

Mrs. Proffer served refreshments of punch and cookies to the group.
 Mrs. Al Bengfort's group of youngsters met in the Parish Hall. They had refreshments before starting on their projects. They worked on hot plates they are making from plywood and rubber tile. Some are also decorating fancy bot-

cles.

Mrs. Norbert Rohmer sent crafts home with her girls to finish. They are painting.
 Everyone, and especially parents of school children, are reminded to ask for validated certificates when redeeming Gold Bond books for Christmas gifts. This will help the students in their contest which continues to Feb. 1.
