A variety of holiday events to be featured in Cooke County towns

by Elaine Schad

A variety of events will usher in the holidays in Gainesville and surrounding Cooke County, with the season officially kicking off with the annual Holiday Parade at 2 p.m. Saturday along California Street in Gainesville.

Those looking for unique gifts, handcrafted and local, will want to drop by the fourth annual "Saturday Santa Craft Shop," in the Schad & Pulte Building on the east side of the courthouse square, sponsored by the Gainesville Merchants Association.

"We needed something to generate business in the downtown area, so we came up with this idea, which has really been successful," said Luann Shortnacy, one of the organizers.

About 40 tables displaying everything from Christmas crafts to baked goods from artisans around both Texas and Oklahoma will be available for sale at the Santa Shop, which will be open from 9 a.m. to 5 p.m. every Saturday through Dec. 16.

Various organizations are getting together to promote the holidays in Cooke County.

Cooke County College will present its popular planetarium showing, "The Story of THE Star," where viewers will be able to take in the skies as they would have looked over Bethlehem on the night of the Nativity, setting the scene for a unique retelling of the Christmas Story. Showings will be continued on Nov. 28 and 29, and again on

Dec. 5 at 7 p.m. There is no admission charge, but reservations are necessary due to limited seating. For more information, or to arrange a special group showing, call the college at 668-7731, ext. 252.

Other holiday activities will include:

- Dec. 2: The annual Christmas Parade in Muenster.

- Dec. 6, 7 and 8: Santa Claus will be at the Morton Museum on Dixon Street.

- Dec. 7: Lighting ceremonies for the "City Christmas Tree" at 6 p.m. at Heritage Park North in Gainesville, sponsored by the chamber beautification committee. Christmas Caroling downtown from 7:15 to 7:45 p.m. by the St.

Mary's Catholic Church Children's Choir.

- Dec. 8: Closing ceremonies for the Muenster Centennial Year. Call the Chamber at 759-2227 for more information.

- Dec. 9: The Grand Finale Centennial Ball at the Muenster Community Center.

- Dec. 14: Christmas Caroling downtown, with the Camp Fire at 6 p.m. and the First Baptist Church Children's Choir from 7:15 to 7:45 p.m.

- Dec. 16 and 17: Luminarias will light up South Gainesville from 6 to 9:30 p.m.

- Dec. 21: Christmas caroling downtown Gainesville in the evening, sponsored by a variety of groups.

THE FIRST ANTIQUE lantern-style street lamp to be installed in Muenster is at Muenster Garden Center. Roger Taylor will turn the fixture so that both lights will be visible, coming up or down the street, to coincide with the choice of most businesses. The fixture of heavy metal casting rests on a concrete base. Underground conduit leads to the building and is controlled by an electric eye. Johnny Fisher has installed his base and is waiting for the concrete to cure. The Center Restaurant has Bill Black installing their three fixtures. James Walterscheid of Cooke County Appliance and Community Lumber Co. will have their's ready in the near future. Street signs will be attached.

Kinne's Jewelers celebrate Centennial

by Elaine Schad

While Muenster residents were busy getting their new town off the ground back in 1889, W.B. Kinne was opening his first watch repair and jewelry shop on the northeast side of the square in the old Keffer Shoe Store in Gainesville.

While the location changed to its present site at 201 East California around 1913, Kinne's Jewelers on Nov. 28 will accomplish a fete few businesses have ever had the endurance to achieve - they will celebrate their centennial, 100 continuous years of service to the Cooke County area.

Cooke County residents are invited to an open house at Kinne's on Sunday from 1 to 5 p.m., where owner Frances Wiese will be happy to give a tour of a business that still exudes history in its walls, in its museum upstairs, and in its old photographs.

In honor of the occasion, Francis has been busy preparing a Centennial album, where visitors will be able to trace the years of history of many parts of the county.

Wiese took over the business in 1974 from Harry Kinne, one of the sons of W.B. "Harry didn't have any children, and he said somebody's got to get the business," Wiese remembers.

Francis has ties that go back to Muenster. When he got out of the service with the Army-Air Corps

after World War II, flying some 33 missions from a base in India, he opened up a business as a watchmaker in Muenster in 1948. He stayed there until July 1959, when Harry came over to Muenster and asked Francis to join him at Kinne's.

Kinne's has a history that has grown with both the area and the state. Harry, who also had an optometry shop in the jewelry store, received one of the earliest eye doctor licenses in the state, given the

license No. 22 back in the 1920s. Kinne's is also listed in an early 1900s state register that Wiese still has in his store.

Most of the old-style atmosphere that W.B. Kinne brought to the business when he first opened has been retained through the many decades. The horseshoe-shaped glass display cases form the prominent center as one enters the business, and the Wieses have tried to retain the quality of the Kinne

Please See KINNE'S, Page 7

FRANCIS WIESE, owner of Kinne's Jewelers, is justifiably proud of the 100 years with which the business is identified. Opened by W.B. Kinne Sr. in 1889, its classic silver and jewelry remain marks of elegance. An Open House on Sunday will give area guests an opportunity to reminisce and to view the entire store.

Sacred Heart Thanksgiving Picnic successful once again

Many days of preparation and the labor of many dedicated workers contributed to the success of another Sacred Heart Parish Thanksgiving Picnic. More than 1150 dinners were served at the noon meal and more than 50 carry-out plates were sold.

"We endeavored to make the menu a little different this year and we feel it was excellent," said dinner co-chairman Carrie Walterscheid. She said that workers baked 43 very large turkeys to serve the large crowd. The chairmen were grateful for donations of cash and food which

were up from last year.

With better items to offer this year, the Silent Auction was much improved. "It held the interest of those attending and coaxed them to stay later," said LaVerna Nasche, chairman.

The Country Store was filled with some especially nice handcrafted items that were much sought after. Co-chairman Aileen Knabe attributes some of the success of the Country Store to a different set-up of items that allowed the crowd to more easily see everything being offered, and to the unusual variety of craft items.

"I noticed people coming in from area towns," said Tom Herr, general chairman. "We were certainly glad to see them. The whole area was represented."

Lucky winners of the raffle are as follows: Keyboard, Shannon Hartman; All-Terrain Bike, Mindy Wimmer; Sony Jam Box, Joelle Fuhrmann; Children's 6-Speed Bike, Margaret Mott; Children's Computer, Cory Charles; Tops & Teams Gift Certificate, Ashley Klement; Remote Control Car, Regi Bayer; Tent, Gertie Bayer; Heritage Doll, Amy

JoEll Hellman offers a wide variety of classes

JoEll Hellman opened her Muenster School of Dance in August 1989. The dance studio is located in the same building that was previously occupied by Gina's School of Dance. Classes are offered in tap, jazz, ballet, baton and adult aerobics.

"There is a lot of natural talent here in Muenster and I hope that the interest in dance will grow," commented JoEll. There are presently about 80 students enrolled in classes, including the aerobic students.

Children as young as 2½ years can be enrolled in tap or ballet. "They do very well and catch on to the steps quickly," said JoEll. Students should be seven years old before they are enrolled in jazz or baton.

Dance lessons are beneficial to many children with some types of learning disabilities because it brings out their self confidence and makes them feel good when they succeed at something. JoEll said that she noticed the difference in a number of students that she taught in dance and in the classroom.

Lessons in dance help to bring out the personalities of all the students and develops their self confidence and ability to perform in front of people. Many become more outgoing, but it is especially good for strengthening muscles and developing coordination and rhythm.

Instructors at the Muenster School of Dance are Staci Walterscheid, teaching tap and jazz;

JOELL HELLMAN taps out a dance step with Stephanie Hess and Jackie Henscheid, two of her students.

Janie Hartman Photo

Renate Pagel, teaching baton; and JoEll, teaching tap, jazz, ballet and adult aerobics. Dance classes are offered Monday through Thursday afternoons and Saturday mornings. Spring enrollment will be offered in January.

Students have the choice of private lessons or group instructions. Groups always consist of eight or less students and in Muenster there are usually around five in a group. Classes are thirty minutes long. "I'm really surprised at the interest that teens here in Muenster have in dance," remarked JoEll.

A dance recital is planned for

the end of May or the beginning of June for all students. It will be held in the Gainesville High School Auditorium.

Low-impact and high-impact aerobics classes are being offered by the Muenster School of Dance for area adults. There are about 12 students enrolled and anyone interested in joining is invited to do so now. Classes are Monday and Wednesday at 7 p.m. and Saturday morning at 8:45 a.m. "I'm glad that I added aerobics this year because I've always liked to instruct it and I think that everyone needs some type of

Please See DANCE, Page 7

Dotty Doyle hired as Chamber secretary

Dotty Doyle of Lake Kiowa has been hired by the Muenster Chamber of Commerce as secretary. She is replacing Beth Trubenbach who resigned to open her own local business.

"I am excited to be a part of this community," said an enthusiastic Dotty Doyle. "Muenster has a lot of potential. I've grown to love the community and hope to be a resident of Muenster soon."

Ms. Doyle was previously employed by Lakeview Hospital in Muenster from January 1989 until June 1989. She was an employee of the Texas Youth Commission at the Gainesville State School for 24 years.

Dotty Doyle will also be taking Beth's place on the Red River Valley Tourism Association which is comprised of members from Grayson, Cooke and Fannin counties. The purpose of the group is to promote conduct to encourage travel and its related activities through its area of membership.

Walking and bus tours of Muenster are something that the new Chamber secretary sees as a good possibility. She is very interested in the economic growth and development of Muenster and also in good human relations of

DOTTY DOYLE

the residents. "I want to encourage people to let me know what they want to see happen in Muenster," said Doyle.

"The coffee is always on in the Chamber of Commerce office and I hope that people will come by and have coffee with me so that I can get to know everyone."

Mr. and Mrs. Lee Martin of Nocona are the parents of Dotty Doyle. She has one child, a daughter, Mrs. Michael (Lee) Carter of Dallas.

Good News!

And now, bless the God of all, who has done wondrous things on earth; who fosters men's growth from their mother's womb, and fashions them according to his will! May he grant you joy of heart and may peace abide among you; may his goodness toward us endure in Israel as long as the heavens are above.

SIRACH 50:22-24

Letters to the Editor

Letter to the Editor:

As a volunteer, I have the joy of spending time with Theresa Walterscheid's first grade class. We read many books and discussed various topics such as courage, honesty, friendship and most recently gratitude.

With Thanksgiving coming up, I felt this was a great time to talk about the importance of being thankful and counting our blessings. After explaining what it means to be thankful, I asked each child what they were thankful for. Their comments were candid, genuine and truly sincere. I would like to share them with you in hopes that you will be blessed as I have been blessed. Maybe this is what is meant by the scripture Mark 10:15 "To enter the kingdom of God, we must become as children."

Misty Barnhill - "I'm thankful 'cause I like people. I love God. I love my family."

Elliot Klement - "I'm thankful for church, school, the wonderful world, God and me."

Felicia Kerr - "I'm thankful for Jesus and I love the whole wide world."

Chris Smith - "I'm thankful I have nice clothes and I can eat."

Lance Sparkman - "I'm thankful for God."

Kimberly Nix - "I'm thankful for everybody in the world, even people from the other side of the world."

Christopher Grewing - "I'm thankful because I'm me."

Diane Britain - "I'm thankful God made me have a mother and dad and brothers."

Kacie Garcia - "I'm thankful for our love."

Autumn Ravencraft - "I'm thankful for the people that have shelter."

Lauren Dangelmayr - "I'm thankful for the world and God and Tim and Amy."

Megan Hennigan - "I'm thankful for my family and friends."

Bronya Vogel - "I'm thankful God made our clothes."

Leonard Welch - "I'm thankful I get to play outside."

Jeff Lutkenhaus - "I'm thankful for snakes, turkeys, turtles, pumpkins and a dog to guard my house."

Cloy Baldwin - "I'm thankful for Jesus."

James Massey - "I'm thankful I get to play outside and move to a house where I can ride my bike to school."

Dillon Sicking - "I'm thankful for God."

Kristal Knabe - "I'm thankful for God and Jesus and for God to take care of the people."

Julie Felderhoff
Oct. 26, 1989

Dear Ted and Carol,

We arrived again safely in Munster, Westfalen from Muenster and Dallas, Texas. In the meantime, I was re-elected as Lord Mayor as expected. We are presently in the process of forming the committees and city board.

The visit to Muenster, Texas was very impressive for me, and personally a great experience. I would like to heartily thank you and the many nice people in Muenster, Texas for this.

Monika and I were impressed with the dynamic development of your city. It made us very happy to see that you all have held on to your German heritage so vivaciously and even want to further pursue it. Whatever I can contribute to this from here, I will gladly do. I am sure that our visit has further built upon the good first contacts already made between several of the Germans from our city of Munster and you all from Muenster, Texas. I am also gladly prepared to help you all gain a definite sister city out of the neighboring towns of Munster, with which also a regular exchange would be possible. However, today it is already possible to start a school partnership between your high school and one of our college prep schools here in Munster.

It would be a rather special joy for us if you all could visit Munster sometime in the (not so distant) future. We would receive you here very warmly. Please let us know when such a visit would be possible.

Once more, I would like to thank you very much for the great hospitality and the great openness and the interesting program we experienced in Muenster and in Dallas. I am sure that our cities will come closer together, and that also our personal friendship will further deepen.

With hearty thanks and friendly greetings.

Yours truly,
Jorg Twenhoven

To the Editor

I had both of my boys at Muenster Memorial Hospital. The staff was great for my entire stay.

Labor, Delivery, Recovery, I was attended to by friends. People I knew, the same people who waved to me in town and shook hands with me in church, rejoiced with me and shared in the birth of my boys.

During my stay I never worried about my babies. I was sure the staff would bring me my baby, - cradled lovingly in their arms - not in a huge cart of babies arranged numerically and stacked on top of each other like cars on a transport.

I never worried about a "wacko" nurse deciding to get rid of a few babies with lethal injections.

I never worried about the nurse who took my baby back to the nursery - I knew her. I didn't have to wonder if she was just an imposter in a white coat waiting for a blue-eyed bundle to kidnap or sell on the "baby market."

I never had to worry. Now I worry. What if I want to have another baby? Where do I go now?

Why would anyone want to go out of town to be surrounded by total strangers when they can stay in Muenster and be cared for by friends and relatives?

I don't know, but maybe we should find out.

Shouldn't we support a local hospital? Of course we should, just as we support our other local businesses.

But shouldn't the local hospital support us too?

My guess is that the current hospital woes were not an overnight occurrence.

Every successful business in Muenster has had to be aware of and respond to change.

To remain profitable, business has had to offer useful goods. The greatest buggy whip maker in the world won't sell many buggy whips.

Reserve funds are for extraordinary times - not for paying operating expenses.

If Muenster wants a modern hospital then one should be provided for them.

Lisa Walterscheid

David and Juanita Bright
König and Königin
Münster Centennial

Dear Juanita and David,

Thanks for your letter of Oct. 24. I shall convey your comments to the German Day Council.

It was our pleasure to do for you what we could with our limited means and I wished we could have done more. It was especially satisfying to me to see how you managed from a seemingly slow start to a climax and recognition during German Day celebrations - too bad your friends, Mr. and Mrs. Korth could not attend. Spread the word that Munster's participation was very much appreciated and gave proof that our combined efforts were not in vain.

Keep up the good work and may God bless you all.

Teddy and Hilde T्रेpt
German Day Council
State Fair of Texas

To the Editor:

In 1949, the Gilmer Akins Bill was enacted, creating the Texas Public School System under the direction of the school superintendent of Texas. It has taken 40 years to prove beyond a question-doubt that it hasn't worked and it is not going to work. I'm wondering how long we Texans will stand for this screw up.

In order to control the local school superintendent the state appoints a state superintendent of schools to control the local superintendent of each school district. Now he needed a system whereby they could force the local school districts to comply with all their wishes. (Some of the local school districts were going back to the voters, the property owners, for more money and they were saying "NO".) So they created the automatic tax increase every year without your approval. Then they needed a uniform way of levying taxes, which lead to the formation of the central appraisal district. Now the unfairness issue showed up a few months back. I wonder what law they will pass to overcome that problem. There is an old saying that when you are trying to create something and it begins to show signs of failure, go back and do one of two things. Use the old system you were using or create a better one. I'm sure hoping they won't try to create a better one, because they are apt to screw up like they have on about everything pertaining to taxes that they have put their hands on.

If we eliminated the three above programs look at all of the money the state would save and the taxpayer would have control over their property taxes.

Dear Sir,

For the past few months the newspapers have carried a variety of stories about the unethical relationship between professional lobbyists and our state government, as well as the possibly unethical use of state and political account funds by our House and Senate members. Strangely absent from the stories has been our locally elected House member, Ric Williamson. Curiosity led me to investigate how Mr. Williamson handles his relationship with lobbyists, state funds for traveling and his political account. What I found out is interesting and I think it deserves your attention.

According to the House Administration Office, through fiscal year 1988, Mr. Williamson had the fifth lowest expenditure of state money to operate his state office. That means that 145 House members spent more than Ric to do their job. Mr. Williamson, according to the official reports filed by contribution with the Secretary of State, shows no campaign contribution of more than \$1,000 in any one year from the same source. I asked him about that and this was his reply, "The taxpayers of my district should feel comfortable that no one group can buy extraordinary access to my office. Even though state law does not require it, I limit the amount of contribution from one source." In other words, he could legally take more money from special interest folks but he doesn't. Next, I looked over his official campaign expense report filed with the Secretary of State and found not one dollar spent on private airplanes, interest payments in a house or for expenses related to travel out of state. I asked him about these items and this was his response, "I don't believe the taxpayers of the district expect me to fly private planes when a car is good enough. I split rent on a two-bed apartment with two other House members and my out of state travel is either paid for by the state agency with whom I am working or from my personal funds." I asked why he does not regularly charge the cost of his Austin apartment to his campaign account and he said, "the only time that is acceptable to me is when I am in Austin more than 20 days per month." So even though he

could fly a private plane, he doesn't, and even though he could buy a house making the interest payments out of his campaign account, he doesn't and even though he could pay for out of state travel out of his campaign account, he doesn't.

It seems to me that the only time a newspaper prints a story about an elected official, it's about their

questionable ethics. Somebody ought to do a story about at least one elected person that sets and lives by high ethical standards. It is apparent that Ric Williamson remains a public servant, not a politician.

Sincerely,
Tim Mitchell

One-vehicle rollover leaves Hess injured

Keith Vogel, 19, son of Mr. and Mrs. Bob Vogel, and Julie Hess, 16, daughter of Mr. and Mrs. Dennis Hess, all of Muenster, were involved in a one-vehicle rollover on Saturday, Nov. 18. The accident occurred on a county

road about 1 1/2 miles north of Muenster.

Cooke County EMS received the call at 10:13 p.m. and arrived on the scene at 10:31 p.m.

Keith Vogel, driver of the vehicle, was uninjured. Julie Hess was transported to Muenster Memorial Hospital complaining of neck and back pain. She was admitted to the hospital for observation and released Sunday morning.

She is reportedly doing fine and awaiting test results.

The accident was apparently caused by a blowout which caused the vehicle to veer into a ditch and flip over.

Sales tax collection and payments are up

AUSTIN - State Comptroller Bob Bullock said Friday that sales tax payments to Texas cities reached \$125 million this month, up more than 5 percent from last November's payments and over 9 percent higher than last year's total at this time. Checks to counties were up a healthy 7 percent over last November's payments.

"The economy is looking up for merchants in Texas and that means another good month for local governments," Bullock said.

Today's checks reflect local sales taxes collected in September by businesses that file monthly tax returns and taxes collected in July, August and September by businesses that file quarterly

returns. Businesses collect the state and local sales tax and send it to the Comptroller's office along with their tax returns. The state keeps its 6 percent share and returns the local sales taxes to local governments.

Cities and counties may levy a combined tax of up to 2 percent, Bullock said.

Muenster received payment of \$16,977.45, up 9.5 percent from last year's payment of \$15,509.43

for the same period. Gainesville increased 11 percent and received \$160,950.28. Muenster payments so far in 1989 are up 14 percent over 1988 payments. Much larger percentage increases are showing in Valley View and Oakridge where taxable sales have doubled over last year's comparable

September returns. This month's payments to counties totaled \$11 million, compared to \$10.2 million last November. Bullock noted that the total

payments to counties in 1989 show an increase of 43 percent. He explained that much of the increase is because ten more counties started collecting tax in January of this year and another one started in April.

Sacred Heart's fight against drugs underway

by Janie Fisher

Sacred Heart Student Council is showing their leadership in their fight against drug abuse. Drug abuse is a problem in Cooke

County and it is not something to be ignored. So, Sacred Heart Student Council decided to take action.

On October 17, 1989, the Student Council officers went to see Lt. Montel Williams talk to teen about drugs. The officers are: Angela Endres, Amy Bayer, Dawn Knabe, Vickie Bayer, and Joseph Bedowitz. The talk was given in the Gainesville High School Auditorium. The Gainesville Junior High and High School have heard the talk. A few students from area schools were able to attend, but there was a problem with space. This is where Sacred Heart Student Council decided to take action. The students who did get to hear the talk were fascinated. They commented that Lt. Montel was a very powerful speaker. The Student Council is trying to have Lt. Montel return to Cooke County for the rest of the students to hear.

Sacred Heart Student Council has sent out a letter to every school in Cooke County inviting them to be a part of the fight. All the schools are being very cooperative about the idea. Gainesville has agreed to let us use their auditorium. The program cost a large sum of money so all the schools are going to raise the money together.

The schools got together last week to discuss Lt. Montel's schedule and how to raise money for the event. Lt. Montel's schedule is very heavy; it took Gainesville a year and a half to get him, so the schools are going to have to work fast.

Sacred Heart Student Council is hoping this will be a great success and will help teenagers be aware of the dangers of drugs and alcohol. Sacred Heart is ready for the teens to get involved in the fight, not just the parents.

DO YOU LIKE YOUR ELECTRIC COMPANY?

If you're a member of the Cooke County Electric Cooperative, chances are that you do. A consumer survey by AHP Systems, Inc. of Longwood, Fla. concluded, "The Service provided by the Cooke County Electric Cooperative is outstanding." The firm reported that 96 percent of consumers surveyed were satisfied with the way that Co-op handles power outages; 97 percent were satisfied with the handling of requests for service and information and 89 percent concluded that the cooperative works hard for its members.

To top it off, our rates are among the lowest in Texas, well below those charged by most other cooperatives or investor-owned utilities. For information on our rates, or to determine if our service is available where you make your next electrical connection, please call us. We're anxious to show you why our customers like us so well.

In hearing health care: you get what you pay for

Gainesville - The old saying was true yesterday and it is especially true today in hearing health care. Shocking as it may seem, every conceivable scheme from low-price "bait and switch" to instant "one-size-fits-all" to "mail order fraud" has recently hit our community only to confuse and disillusion the hearing impaired public. And, worst of all, these fraudulent scams are not illegal under current law!

When a company advertises its hearing aids at prices that are one-half or one-third the going price, the wary consumer must ask, "what is being left out?" Training, skill, counseling, equipment, service, quality, facilities, research and development? Something has to give!

When an objective comparison is made between a legitimate firm and a fly-by-night scam, the differences become obvious to even the most unsophisticated observer.

At UNIMAX™ Hearing Instruments of Gainesville, the hearing impaired consumer enjoys the benefit of continuing research and development that exceeds \$150,000 annually. Innovative solutions to problems such as high-frequency nerve deafness, over-

sensitivity to loud sounds, ringing ears, effects of aging and physical limitations are regularly being applied in its instrumentation and counseling programs.

Ongoing training and education programs assure the highest level of the competence and skill in its people. Advanced technology such as transient noise reduction, out-of-phase feedback control, and automatic volume control are features built into every UNIMAX™ hearing instrument. And state-of-the-art facilities and equipment are unsurpassed for diagnostic accuracy and capability.

If you or a loved one have a hearing or understanding problem, you owe it to yourself to receive the quality care at UNIMAX™ Hearing Instruments, located at 1607 Independence (just off East Hwy. 82). For a no-obligation consultation on your special hearing health needs, you may call 665-3298 or 665-3311.

At North Texas UNIMAX™ Audiology Clinic you may rest assured that there are no short cuts to quality. The axiom is still true today: you do get what you pay for!

THANK YOU!

For the privilege of serving you.

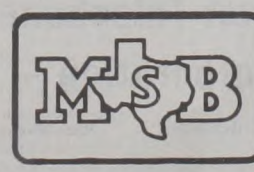

Way up on our list of the things for which we are most thankful are good customers like you!

On this day of thanksgiving, may you also have much to be thankful for — loving family, dear friends, good health and prosperity.

We also appreciate our hard-working, dependable employees. They play a vital role in the success of our bank and the satisfaction of our customers.

Our interest is in our community

Family Week across the nation celebrated

by Evelyn Yeatts
County Extension Agent

The week of Thanksgiving is designated as National Family Week. Perhaps this is because families have much to be thankful for even though they may also have many problems.

Families of today are different from families of the past. In earlier days families came together for practical reasons. Today families come together and stay together for relational reasons. Although some see this change as a great loss, it is also a great gain because it says that people become and remain families because they choose to do so.

We all know families who appear to be strong - they get along well, they seem to enjoy each other, and they spend time together. We often wish our families could be like theirs. Good relationships, however, are not given, they are earned through conscious effort.

A number of researchers have identified basic abilities, key elements, or traits of strong families. Dr. Nick Stinnett, well known writer on the family, has identified these six characteristics which make families strong. They

include:

1. Appreciation - in strong families, the members spontaneously and frequently show support, affection, respect and appreciation for each other. They concentrate on building each other up and making family members feel good about themselves.
2. Commitment - strong families have a commitment to protecting each other's happiness and welfare. Family members exhibit an interest in and a concern for the welfare of each other.
3. Good Communication Patterns - strong families communicate easily and well. They talk to each other frequently, openly, clearly and directly. They take time to give genuine attention and to really listen to what each has to say.
4. Spending Time Together - strong families are busy and active, with both children and adults being involved in many extrafamilial interests, but at the same time they spend a great deal of time together. Members of strong families focus many of their leisure activities at home and there is much sharing of activities and interests.
5. Ability to Deal with Crisis in

a Positive Manner - in strong families individual members are flexible in their roles. They have the ability and skills to deal with problems in a constructive way.

6. Values - the unity in strong families often centers around their values and beliefs. When individuals share a belief system, it provides a basis for common values and a sense of purpose.

When we speak of the family unit, it doesn't mean the traditional family of mother, father and the children. It may mean single parent family units, step-families as well as parents, grandparents, brothers and sisters, etc.

How does your family rate when you think of the six qualities of a strong family as outlined above?

SHEILA SCOGGINS, left, adds to the Budweiser Toys for Tots collection box at the DI One Stop. The nationwide program is not active in Cooke County, so all donated toys will be given to the Littlest Angel program. Debbie Hess, Muenster's chairperson for the Littlest Angels, is also pictured. Drop-off boxes are also located at Bayer's Kolonialwaren, H&W Kountry Korner and Fischer's Meat Market. Janie Hartman Photo

Annual Christmas Bake Sale set for December 2

The annual Christmas Bake Sale, sponsored by members of Sacred Heart Home-School Society, will be held Friday, Dec. 2, in the lobby of the Community Center Building from 8 a.m. to 4 p.m.

This announcement is made in advance of the date to help everyone to plan for purchase of

Christmas baked goods, either for immediate use, or to store in the freezers for holiday use. It is also suggested as a reminder for parents of school children to bring in their baked goods on Dec. 2.

One more thought, say the sponsors, is to give the children enough coins to let them buy their snacks at the bake sale.

Kindergarteners give thanks

Each of the students in the Kindergarten class of MPS wrote letters in which they included the things that they are thankful for. The students' letters are:

Stephanie Hellman - "I say thanks for food, my home, my country and my friends at Wanda's and at school."

Adam Bayer - "I thank for food and God. I thank God for the apples on the trees and the birds and pretty flowers."

Mitch Endres - "I give thanks to Jesus for my parents, the sun, the plants and food. I am thankful for grass, snow and animals."

Krystal Hale - "Thanksgiving is the time to say Thank you God for love, for our food, for the sun, for people and for turkey."

Chisam Cain - "At Thanksgiving I am thankful for the Indians, my parents, my dog, my brothers and my sister. Mostly for my friends."

Nathan William Hess - "On Thanksgiving I want to say Thank you God for my pet fish, my family, our treehouse and all the good food we eat."

Ashley Klement - "On Thanksgiving I am thankful for myself, flowers, trees, people, teachers like Mrs. Dankesreiter and my parents."

Kimberly Klement - "I am especially thankful for God, my school, church, that I can tie my shoes and that I have a good teacher like Mrs. Dankesreiter."

Christopher L. - "I am thankful for trees, our rabbit and the grass. I thank God for my parents and all our good food and vegetables."

Jennifer Reid - "On Thanksgiving I am thankful for my parents, Aunt Joyce, my sister Telisha and all my toys and friends."

Grant Hartman - "I am really thankful for learning to read and write. I am thankful for knowing how to use tools. I am thankful for God."

Crystal - "I give thanks to God for the sun, flowers and the world. Thanks for Kindergarten, my teacher and friends."

Jason - "I am thankful for pumpkins so Mom can make good pies. I am thankful for sunshine, soft winds and water."

Laura - "I am thankful for the birds, my family, my school, my teacher, my pets and for the Indians."

Julie - "I thank God for my friends, Laura and Crystal. I am thankful for Mom and Dad and all the good food we have. Thanks for the rain."

P.J. - "I am thankful for my pets, the trees, our town, our cows and calves. I am thankful for getting to feed them. I am thankful for our baby."

Travis Sicking - "I give thanks for water to help the corn grow. Thank you God for my home and family."

Danny - "I am thankful for my teacher. Thank you God for Rita, Robert and Daniel. Thanks for just being God."

Steven Boaz - "I am thankful for the rain God sends. Thanks for my family, my Grandma, my house and cartoons."

Daniel Rohmer - "I am thankful for my Cabbage Patch boy doll. I am thankful for snow, clouds and our house."

Shawn - "On Thanksgiving I give thanks for animals, school, going to Wanda's and the Batman belt. I am thankful for Dad's shop and Momma."

Twins club to be organized

Lindsay Secular Franciscans enjoy luncheon

Members of the Lindsay Lay Franciscans were urged to remember the "International Tree Planting Day," and plant a tree of their own choice in December, as a positive move to encourage, protect and respect God's creation as St. Francis did.

President Teresa Hermes also announced that Crib Services will be held in St. Peter's Church on Dec. 31, following the 10:00 a.m. Mass.

This reminder was given during the meeting on Nov. 14 in the home of Bill and Elvira Flusche, where members enjoyed a

delicious luncheon at noon.

Prayer to the Holy Spirit, and the Divine Office, were used in the opening ceremony. Scripture reading was given by Elizabeth Hoberer.

In response to a letter and group picture sent by the fraternity, their adopted seminarian John Mathai of Kerala, India sent a letter of thanks and information about his academic achievements. He invited the fraternity members to visit India to view the territory and note the lifestyle.

A letter was also received from Antony T. Vodackel, the first

family adopted by the fraternity.

The president also read and gave an interesting interpretation to an article in the "Secular Franciscan Communicator" on the Seven Spiritual Works of Mercy.

1. Comfort the sorrowing: Be someone to lean in times of hurt and sorrow.
2. Counsel the doubtful: Be a good listener and let others know how good they are.
3. Instruct the ignorant: Share your advice and experience gently.
4. Warn the sinner: Tactfully challenge things you know are wrong and let others know there

are better choices.

5. Forgive all injuries: Don't carry a grudge, and go easy on yourself.

6. Bear wrongs patiently: Give others and yourself room to make mistakes.

7. Pray for the living and dead: Include everyone when you talk to God in prayer.

The next meeting will be in the home of Vernon and Marie Badgett on Tuesday, Jan. 9, 1990.

Visiting here in her former hometown for the past six days, Wednesday through Monday, was Mrs. James Carter, Sr. of San Antonio. She is the former Virginia Gehrig. She was a guest of her sisters, Mmes. LuLu Hess, Leona Eberhart and Alvina Hellman.

Guests of their parents, Leonard and Emily Hartman, were Karla and Marilyn Hartmann, both of San Antonio. They were here to join their family members in an early Thanksgiving celebration.

Mr. and Mrs. Ray Blockus of Shickshinny, Pa. are spending a vacation visit with her parents, Tony and Aileen Hoehnig. They arrived last week and will remain through the Thanksgiving holidays. Several family gatherings were held during the annual visit. Muenster is Betty Ann Blockus' hometown.

Mr. and Mrs. Fred Knabe of Argyle enjoyed meeting friends and relatives Sunday while attending the Thanksgiving picnic and community gathering at Sacred Heart Community Center.

JUDY WESTMORELAND visited the elementary grades at Muenster Public School Monday, full of information about Native Americans. Above Judy shows, l to r, Stephanie Bierschenk, Maggie Fisher, Justin Britain and Christy Drachenberg her ring given to her by her grandfather years ago. The students were informed of Indian customs, problems, clothing and beliefs. Judy's Indian name, given to her at birth, is Cheetachuxiye. *Janie Hartman Photo*

New Arrivals

Miller

Alan and Darlene Miller of Muenster are happy to announce the birth of their first daughter, Allison Joan. She was born Thursday, Nov. 9, 1989 at 3:45 p.m. in Gainesville Memorial Hospital. She weighed 9 lb. 3 1/2 oz. and was 21 1/4 inches long. She joins three brothers, Eric, Bryan and Clint. Grandparents are Mr. and Mrs. W.J. Miller and Mr. and Mrs. Adam T. Wolf, all of Muenster. Albert and Catherine Kubis of Lindsay, Mrs. Mary Wolf of Gainesville and Theo Miller of Muenster are great-grandparents.

Fuhrmann

Pat and Jill Fuhrmann of Lindsay announce the birth of a daughter, Emily Ann, on Nov. 13 at 3:49 p.m. in Gainesville Memorial Hospital. She weighed 8 lbs. 7 oz. and was 20 1/4 inches long. She joins a brother, Jacob. Grandparents are Marcus and Cathy Fuhrmann and Jim and Jane Myrick of Lindsay.

Leon

Franklin and Brenda Leon of Santa Domingo, Dominican Republic announce the birth of a son, Franklin Thomas León, on Wednesday, Nov. 15, 1989, at 5:20 a.m., weighing 7 lb. 7 oz. and measuring 21 1/2 inches in length. He is a brother for Alicia, almost three years of age. He is another grandson for Fernando León of Santa Domingo and the late Jeanette León, and the first grandson for Pat and Carl Walterscheid of Muenster. The maternal great-grandmother is Mrs. Leona Hamilton of Muenster. Mrs. Franklin León is the former Brenda Walterscheid of Muenster.

DUSTIN HESSE

Dustin celebrates his first

Dustin Hesse celebrated his first birthday Sunday, Nov. 5, at his home. He was joined by his parents, Curtis and Kristi Hesse; half-sister, Kendy Jordan; grandparents, Tom and Lucille Hesse of Muenster and Jessie York of Nocona; Stanley and Sandy Kemp of Woodbine; His aunts, Toni York, Noelle Hesse and Glenda Kemp; uncle, Bret York; and cousins, Tausha Kemp and Lindsay York.

With a little help, Dustin opened gifts. Among lots of gifts was a Big Red Wagon from MeMee and PawPaw Tom and a very unique steam engine given to him by his Gram.

His party theme was Mickey Mouse & Co. His cake was Mickey Mouse, made by his great-aunt, Janice Hesse. After ice cream and cake, everyone watched Dustin's video from birth to one year. Dustin's actual birthday is Nov. 8.

Garden Club meets

Viewing Holly Koch's pictures of a special flower show in Antwerp, was a treat for the Muenster Garden Club when the members met in the home of Angela Antonetti on Nov. 10, 1989.

Mrs. Koch described the home of Rueben, the painter, and the setting for the floral arrangements. She also spoke on Astrological Gardening, and the implication of lunar planting.

Mrs. Antonetti was hostess to eight members. Programs for the new year were distributed. These were handmade by Holly Koch and Loretta Felderhoff.

The date of the Christmas party has been changed from Dec. 8 to Dec. 15, because of the Centennial Mass on the eighth. Dolores Miller will host the Christmas meeting at 7:00 p.m.

 First 10 People Each Day To Bring This Ad Will Receive A Free Gift Must Have Ad

Auxiliary to sponsor "In Lieu of Christmas Cards"

A project of long-standing tradition and acceptance in the community, "In Lieu of Christmas cards," will again be sponsored by the VFW Ladies Auxiliary.

It is a project in which participants send holiday greetings to friends, neighbors, relatives, etc. by donating to a special charity.

These greetings and names of families or individuals making the monetary donations will appear in an ad in the Christmas edition of **The Muenster Enterprise**, but the amount of individual contributions will not be printed.

Sponsors suggest a minimum of \$5.00 each, but hope that participants will let the donation reflect the amount usually spent on Christmas cards and postage, considering also the time saved during a usually hectic time when other responsibilities pull in many directions.

The monies realized from the program are used locally in helping those who are in need, through illness or misfortune.

Anyone wishing to be a participant in this good work is urged to send a donation along with a name as it should appear in the ad.

Please write clearly. Mail to Janet Barnhill, P.O. Box 15, Muenster, Texas 76252; or Frances Bayer, Rt. 1 Box 1, Muenster, Texas 76252; or give to Terri Luke at the Ben Franklin Store.

Cooke County Heritage Soc. holds bake sale

The Cooke County Heritage Society will hold its annual Christmas Bake Sale on Friday, Dec. 1, in the lobbies of the First State Bank & Gainesville National Bank between 9:00 & 12:00 a.m. People wanting to donate baked goods should bring them to the museum on Thursday, Nov. 30 before 4:00 p.m. Proceeds from the sale will be used to help support the Morton Museum.

For further information contact the Morton Museum at 668-8900.

Victorian Christmas December 2

The annual Victorian Christmas at the Courthouse on the Square will be held Saturday, Dec. 2, 1989 from 10 a.m. to 4 p.m. in Denton. The event is jointly sponsored by the Denton County Historical Museum, Inc. and the Denton Central Business Association, Inc.

The Museum will feature living history exhibits and musical entertainment in the 2nd floor Courtroom will be provided by students from throughout the country. Local artist, Jim Johnson will be drawing caricatures while live characters from 'Twas the Night Before Christmas and Texas history as portrayed by members of the Dallas Historical Society will be strolling through the Courthouse and around the Square. Christmas Stockings made by participants in the Denton Parks and Recreation Department After School Program will be displayed on the staircases.

The Central Business Districts will host Santa and his elf for picture taking in the 1896 Room and hayrides around the Square.

The public is invited to attend and there is no admission charge.

W.B. KINNE and son, W.B. Jr., in the store about 1915. In the background, huge showcases are still used today.

DR. H.O. KINNE hands the store keys over to Frances Wiese in June 1974.

KINNE'S Continued from Page 1

There are many old stories that can be told about the history of Kinne's, which reflects the history of a growing area that was Cooke County in the late 1800s and throughout the 20th century.

Visitors are always welcome to visit the Mezzanine Museum with its many items of history. There are handbags from the Roaring '20s, some retaining their original price tags. There is fine silver, some

hand-engraved. Also included is quite a bit of World War II memorabilia, reflective of the time when Camp Howze had a great influence on the county.

The large vault in the southwest corner of the store was purchased shortly after the Stock Market crashed in 1929. "The banks were failing and people were making runs," said Wiese. The First National Bank of Gainesville and

tradition. Still featured are the fine watches, the highly-ornate silver-plated tea and coffee sets, sterling silver flatware, fine crystal and china. There are also the many "vanity accessories," such as powder jars, lip brushes, necklaces and trinket boxes. The store also features diamonds, precious stones, cameos, watches, clocks and watch repair, which continue to be the bedrock of the business.

its neighbor to the west, the Lindsays National Bank, were both closed and merged to form the Gainesville National Bank. Sons Harry and Bill Kinne had taken over the business by that time, and decided that the old vault was just what they needed for security.

"They waited until night when there weren't so many people around to move the vault," Wiese said. "They used two mules and big round poles, like telephone poles, and rolled it down the street. One of the mules, Dutch, was so old that he'd sit down, and the men had to pull him up with ropes to get him started again." After the vault was set into its present resting place, workers expanded the building around the vault.

The store's rich history will continue as time marches on at the store. Wiese is now ready to pass on the business to his own children, Jack and Gina, sometime next year, so he can begin to take life a little easier.

DANCE Continued from Page 1

regular exercise," said JoEll. In February, classes for aerobics will also be offered in the mornings.

JoEll Hellman also owns and operates the Gainesville School of Dance and has since last year. She has been an instructor there for four years. She also taught dancing for a year in Denton at the Denton Sports and Recreation Center.

Dancing has been a part of JoEll's life since she was five years old when she began her dance lessons in Gainesville. She took lessons at the Kitty Carter Dance Factory in Dallas during her first year out of high school and has attended conventions and competitions in Florida, Oklahoma, Houston and Dallas.

In December, JoEll plans to

graduate from TWU in Denton with a degree in Elementary Education with a special in Math. She is presently student teaching fourth grade at Lee Elementary School in Gainesville and hopes to work with the first or second grade there before she completes her student teaching in February.

After JoEll completes her student teaching, it is her ambition to become a substitute teacher for area schools. She plans to continue teaching dance.

JoEll is the daughter of Dolphy Joe and Della Hellman of Muenster. She graduated from Muenster Public School in 1985.

Muenster FHA prepares for holiday festivities

The Muenster FHA and Homemaking classes have been involved in several holiday activities in the past two months.

On Oct. 31, they helped the morning and afternoon Kindergarten classes make Halloween cookies. Each student got to take a cookie home.

In November, FHA sponsored a food drive to help the Cooke County Bread Basket Food Drive. The food is used to restock the depleted stores at the Emergency

Food Bank. All MHS students were urged to participate.

On Nov. 17, the annual Thanksgiving meal was held. Teachers and members enjoyed turkey and dressing, green bean casserole, garden salad, cranberry sauce, fruit salad and homemade rolls. They also enjoyed a variety of pies. All of the food was prepared by Homemaking classes.

The FHA sponsor is Mrs. Joni Sturm.

Baptism

Bullion, Grewing

Cousins Shane Dakota Bullion and Craig Nathaniel Grewing, children of David and Susie Bullion of Austin and Jim and Diane Grewing of Muenster, were baptized on Saturday, Nov. 18, 1989 at 11 a.m. at Sacred Heart Church in Muenster. Father Victor Gillespie, OSB, officiated.

Shane's godparents were cousins Rick Stewart of Muenster and Cathy Fisch of Iowa Park. He wore a new christening suit and cap, which was a gift from his maternal grandparents, the Leonard Yostens.

Craig's godparents were an uncle, Glenn Grewing of Muenster, and an aunt, Debbie Bradford of Grapevine. He wore the baptismal gown made by his maternal grandmother, Frances Yosten, that is traditionally worn by the descendants of the Henry Wiesman family. He also wore his brother Michael's baptismal cap, a gold pin worn by his sister, Shannon, at her baptism, and a St. Christopher medal, which was a gift from Glenn and Connie Grewing.

A noon dinner and reception was held at the home of Jim and Diane Grewing. A special christening cake, made by Betty Rose Walterscheid, was a gift from Craig's paternal grandparents, the Steve Grewings. Pictures were taken and gifts were opened.

Guests included Shane's mother; his brothers, Christopher and Brett, and his sister, Lesley, all of Austin; Craig's brothers, Michael and Randy, and his sister, Shannon; maternal grandparents, Leonard (Spike) and Frances Yosten; Craig's paternal grandparents, Steve and Julianna Grewing; Sheila, Kristian, Derek and Daniel Kleinert of Whitesboro; Stuart, Debbie, Lauren and Sam Bradford of Grapevine; Steve, Cathy, Crystal and Bobby Fisch of Iowa Park; and Larry and Nancy Grewing; Glenn, Connie, Christopher, Megan and Carrie Grewing; Deuce, Donna, Darrell and Cory Charles; Elaine and Evan Koesler; John, Pat and Christy Yosten; Tony and Evelyn Koesler; Rick and Kim Stewart; Chuck, Doris and Jessica Koesler; and Mel and Henrietta Fisch, all of Muenster.

Seven attend VFW district meeting

Seven from Muenster, members of the VFW and Ladies Auxiliary were in attendance at the District 1 meeting in Bonham at the Post Home No. 4852 on Nov. 14 and 15.

Prior to the Sunday meeting, a Drug Abuse program was given by a Sheriff's Deputy in the area.

Attending the meetings and programs were VFW members, local Commander, Gilbert Hess, and Arthur Bayer, District Sgt. at Arms; Arthur Hennigan and Herbie Herr. Also Ladies Auxiliary members attending were Janet Barnhill, local president; Frances Bayer, District 1 vice president; and Marie Herr.

On Saturday, Frances Bayer attended a noon luncheon given to welcome State President Barbara Gulick of Burleson on her official visit to District 1. The Ladies Auxiliary meeting was conducted by President Betty Cantrell of Carrollton.

The Spirit of Farm Bureau is Americans Like You

Texas represents the true heritage of America. Before most of our homeland was developed, the wind was sweeping across the faces of Texans who lived the pioneer spirit of people helping people — the spirit of Farm Bureau.

In this spirit, the people of Farm Bureau developed the Farm Bureau Insurance Companies nearly a half century ago. Now, across our great state folks rely on the proven protection of Farm Bureau coverage for their life, home and auto insurance needs.

So, call your local county Farm Bureau office today and let's compare protection, rates and service. Whether you're at home in town or country, Farm Bureau can more than likely prove to be your best insurance value available today.

John Bartush, Agent
1100 E. Division, Hillcrest Center, Muenster, 759-4052

DOUBLE COUPONS EVERY DAY!

Holiday in the Park features new shows

HOLIDAY IN THE PARK - Bugs Bunny and his Warner Bros. cartoon pals Sylvester and Daffy Duck help with the decorations for Six Flags Over Texas' Holiday In The Park event. The holiday spectacular which begins the day after Thanksgiving runs through New Year's Eve.

Arlington, Texas - New shows and public ice skating are being added to the entertainment lineup for Six Flags Over Texas' Holiday In The Park celebration.

The fifth anniversary edition of the Christmas season event begins the day after Thanksgiving and runs through New Year's Eve.

Holiday In The Park, which is noted for its lavish decoration and holiday shows, attracted more than 165,000 visitors to the Arlington theme park last year.

The event's ice revue, Christmas Fantasy On Ice, is being expanded for the 1989 run. Fourteen skaters will appear in the show which will include, for the first time, magic illusions performed on ice.

Two new street shows will be presented. The first, designed for children, will feature Mrs. Santa Claus reading stories from Santa's favorite Christmas book. The whimsical book stands seven feet tall.

The other new show is a comedy centered on a young couple and a stage crammed with gifts given during "The Twelve Days of Christmas."

Two new rinks for public ice skating will be located in Good Time Square. One is reserved for small children, and the other for

older skaters. Rental skates will be available.

Live musical revues with holiday themes will be presented in the Southern Palace Music Hall, the Crazy Horse Saloon and the Looney Tunes theater, where Bugs Bunny is the star. The Warner Bros. cartoon characters are also seen in a nightly parade. Throughout the evening strolling carolers and musicians fill the park with holiday music.

Foods of the season are served in six Flags' restaurants, and shops offer gift ideas.

Most of Six Flags' rides are

silent during Holiday In The Park. Exceptions are the antique Silver Star Carousel, Avalanche Bobsled, Six Flags Railroad, Glacier Wonderland cave ride, a real snow hill for sledding and the children's activities and rides in Looney Tunes Land.

On opening night only, a special fireworks show will be presented at 9:30 p.m. The aerial display will feature the holiday colors red, green and gold, with accents of white to simulate snowflakes.

The pyrotechnic spectacular will be choreographed to holiday music broadcast over Dallas radio

station KVIL. The music will be piped through the park's public address system. Those watching the display from outside the park can pick up the stereo music by tuning their radios to 103.7 FM.

All tickets for Holiday in The Park are \$7.95, plus tax. Children age two and under are admitted free.

Hours are 5 p.m. until 11 p.m. each operating day. The event will be staged on Friday, Saturday and Sunday nights through Dec. 10. Nightly operation begins Dec. 15. The park is closed Christmas Eve and Christmas Day.

Personals —

Mrs. Al Kleiss of Subiaco, Ark. visited friends and relatives on Sunday and attended the community picnic with her sister-in-law, Mrs. Clem Hofbauer. With Mrs. Kleiss were her daughters, Mary Ann of Ft. Smith, Ark. and Ruth of Plano. Mrs. Kleiss is visiting her daughter, Ruth, for a few weeks and Mary Ann has returned to Ft. Smith.

Paul and Gracie Luke of Farmers Branch and Jack and Ann Fiedler of Duncanville returned to the hometown of the Lukes and Ann Fiedler on Sunday to attend the community Thanksgiving observance and dinner.

Willard Hartman of Killeen spent a day in Muenster visiting with family and friends before returning to Killeen with his mother, Margaret Hartman. She spent last Wednesday and Thursday visiting him. On Friday, Willard and Mrs. Hartman met John and Pat Yosten at Hillsboro. The Yostens and Mrs. Hartman went on to Dallas to meet Mr. and Mrs. Ted Gremminger at the airport. The Ted Gremmingers spent Saturday and Sunday visiting in Muenster before returning home. Mr. and Mrs. Harvey Schmitt took them to Dallas for their return flight home.

JAM members discuss "The Holy Trinity"

JAM members heard a talk by Mike Pagel on "The Holy Trinity," during their meeting on Sunday, Nov. 12 in the JAM room. He spoke on the significance of the Three Persons in One, and what each means.

Members divided into groups to make posters illustrating the Trinity. Group sharing and music were led by FLAME members.

The next meeting will be on Nov. 26 and the talk will be entitled "Encounters of the First Kind." It will be held in the JAM room at 7:00 p.m.

There will be a change in the JAM schedule, when JAM meets on Dec. 3 at 6:30 p.m. to go to Dave and Wanda Flusche's home for the Advent presentation and a Christmas party.

NOW SPECIALLY PRICED

For Your Holiday Enjoyment

THE WOODSHOP STUDENTS of Muenster High School just completed a 10x12-foot storage building as a class project. Students learned the principals of residential construction beginning with sill and joist construction for the floor, wall framing and rafters, followed with the roof being decked and shingled. The exterior wall was trimmed with red wood. Each year, when the building is completed, it is sold. This building has been sold, and with weather permitting, class instructor Rudy Koehler hopes to construct another in the spring. Pictured with the building are, l to r, Mike Hacker, Jeff Hellman, Justin Ashley, Darren Bindel and Kody Truabenbach. *Janie Hartman Photo*

WINNING the stamp coloring contest were, l to r, Anna Bayer, Keleigh O'Dell, Nicholas Fuhrmann and Jamie Zwinggi. *Photo courtesy of Clara Hermes*

Students participate in stamp coloring contest

Lindsay Independent School students, kindergarten through 8th grade, were invited to participate in a Stamosaurus Coloring Contest sponsored by the United States Postal Service and Lindsay Post Office. The contest was held during the month of October to coincide with stamp collecting month. All entries received were judged by an unbiased judge. The first place Stamosaurus winners were: 1st grade, Nicholas Fuhrmann; 3rd grade, Anna Bayer; 4th grade, Jamie Zwinggi. Keleigh O'Dell, 6th grade had the stamp suggestion winning entry. All winners were awarded Dinasauro poster by Clara Hermes, Lindsay Postmaster. The winning entries have been sent to the Dallas MSC to be judged along with winners from other sponsoring Post Offices' entries. The other entries are currently on display at the Lindsay Post Office thru November.

Extension Homemakers hear recycling program

A program on "Recycling - New Ideas" was presented to Muenster Extension Homemakers during their meeting on Nov. 8, when Lucille Lutkenhaus was hostess in her home. Armella Lutkenhaus demonstrated making a wreath using Men's ties and Jaci Bilderback showed basket decorating. Yearbooks were filled in, giving members an opportunity to select programs. Hostesses and lesson leaders were chosen.

Dorothy Fisher presided for the business meeting. The next meeting will be held on Dec. 13 in the Cooke County Electric Co-op building when club members will have a covered dish luncheon and Christmas gift exchange.

Refresher course is offered at CCC Dec. 2

(GAINESVILLE, TX) - Persons working as medication aides in area nursing homes can complete a required refresher course at Cooke County College on Saturday, Dec. 2.

A refresher course of this type is a mandatory part of the required annual recertification process for medication aides, and this recertification must be completed by December 31.

According to Cathy Keeler of CCC's Division of Continuing Education, the course being offered by the college is approved by the state, and she stressed that advance registration will be necessary due to limited available space in the class.

"It also needs to be clearly understood," Keeler added, "that this course is strictly limited to non-licensed nursing home personnel who have already completed an approved medication aide training course."

"This course is not for persons wishing to get the training required to go work as a medication aide for the first time. We do offer another course for beginners at another time of year, but this refresher is strictly for those who've already completed the basic training and need recertification before the end of the year."

The medication aide refresher course at CCC will last from 8 a.m. to 4:30 p.m., and the cost per person is \$25. Again, advance registration is required.

members an opportunity to select programs. Hostesses and lesson leaders were chosen.

Dorothy Fisher presided for the business meeting.

The next meeting will be held on Dec. 13 in the Cooke County Electric Co-op building when club members will have a covered dish luncheon and Christmas gift exchange.

Hornets end season with 33-3 victory over Windthorst

The Muenster Hornets closed out their 1989 campaign with a 33-3 trouncing of the Windthorst Trojans. The victory raises the Hornet's final record to 8-2 while dropping the Trojan's to 4-6. Both of the Hornet's defeats were to conference foes, so the Hornets will not be involved in post-season play. "We are extremely proud of our team," said Hornet Head Coach Bill Jump. "We lost to two good football teams, but we played like champions every week."

The Hornets received a boost from a good return by Donnie Boydston, the Hornets began their opening drive at their 38-yard line. Muenster moved the ball deep into enemy territory with James Hennigan providing the big play on a 24-yard scamper to the 8 yard line. On the next play, James carried again and appeared to be down on the one. As he hit the ground the ball popped free and Windthorst recovered in the end zone. The officials ruled it a fumble and Windthorst took over on the 20-yard line.

The Trojans mounted an impressive drive of their own, moving the ball deep into Hornet territory with a first and goal from the 7-yard line. The drive was aided by two fourth-down conversion runs by Trojan back J.T. Hoffman. "Hoffman is an excellent player," said Jump. "We just could not stop him early." With 3 plays gaining only 2 yards, Windthorst took the field goal try. Hoffman booted through the 21 yarder for a Windthorst lead, 3-0.

Both defenses played well, and neither team was able to mount a serious threat until late in the second quarter. Muenster drove the ball down to the 9-yard line, but was turned back by a sack and an incomplete pass. The Trojans took over on the 16. They moved the ball forward to the 26 but a mishandled hand-off ended up on the ground and linebacker Troy Pagel recovered giving Muenster good field position with only a minute or so left in the half. Facing a 4th and 10 from the 26, the Hornets sent four receivers streaking for the end zone. Senior Jerry

Brawner picked out Marshall Smith and fired a perfect strike for the Hornet touchdown with just 4 seconds remaining in the half. Brawner kicked the PAT putting Muenster on top 7-3 as the half ended. "That was a big play for us," reported Jump. "It gave us the momentum going into the locker room."

Indeed the Hornets appeared to be a different team in the 2nd half. Muenster had to kick to Windthorst, but the Trojans appeared to be in a real Hornet's nest as their first three plays of the half netted a minus 12 yards. "At half time, we reminded our guys that we must tackle Hoffman, and we swarmed him the 2nd half," reported the coach. Windthorst was forced to punt and the Hornets had their first possession of the 2nd half at their own 17-yard line. The poor field position was no problem for the Hornets as they opened a good hole between Keith Vogel and Jeff Hellman and had good lead blocks by Mike Vogel and Marshall Smith. James Hennigan sliced and diced his way all the way to pay dirt. The play covered 83 yards, and was the longest scoring play for the Hornets of the season. Brawner again booted the extra point for a 14-3 Hornet lead.

Windthorst took the ensuing kick-off and marched into Hornet territory. The Trojans appeared to be getting back into the game, when Troy Pagel picked off a halfback pass to stop the drive. The Hornets were not able to move and had to punt the ball back to Windthorst.

With good field position, the Trojans were allowed only 3 plays and had to punt the ball back to Muenster. James Hennigan was deep for the Hornets. He fielded the ball on the 11, followed some fine blocking, cut it back on the far side line and racked 89 yards for his 2nd score of the night. With another successful PAT, Brawner made the score 21-3 in favor of Muenster and that is how the 3rd quarter ended.

James got another chance at the ball in the fourth, and as usual, made the most of it. On his 20th carry of the evening, James capped off one of the best nights ever for a Hornet back, as he burst 61 yards for his 3rd touchdown of the evening. In all, Hennigan rushed 20 times for 229 yards, caught 2 passes for 32 yards, and returned a

punt 89 yards for a total of 350 all purpose yards. "James finished his high school career the way you would in a dream," said Jump. "He is one of the finest all-around players I have ever coached, it has been a rare privilege."

Another Hornet saw his dream come true. Senior tackle Jeff Hellman recovered a Windthorst fumble on their 24-yard line. Jeff then moved from his tackle slot to the tailback position. He got 6 straight carries and burst through for a touchdown on a 1-yard plunge. "It was a good thing Jeff scored on the 6th carry," laughed Jump. "I am not sure he had a 7th left in him." The extra point was no good, making the total 33-3 in favor of the locals.

With both teams' reserves on the field, Windthorst drove to the Hornet 3-yard line. Jump allowed his first defense to go back on the field, but instructed them not to line up in their normal position. Senior defensive end, Michael Bierschenk, chose to line up as a safety. As you might imagine, he appeared a bit confused as the play started. Just as he turned toward the quarterback, he saw the ball coming his way. Michael picked off the pass and thwarted the Trojan scoring effort. When asked about his choice of alignment, Michael replied without a smile, "I had them figured out."

Again the Hornet defensive effort was led by Scot Vogel with 19 tackles, also great performances were Hellman with 14, Mike Vogel with 13, Pagel with 11 and McDaniel with 10. "We wanted to hold Hoffman to under 100 yards. He was injured and really didn't play much in the 2nd half, so we really felt like us holding them to just 76 yards rushing was not as big of an accomplishment," reported Jump. "They are a much better team with him in there."

Several Seniors played their final football game for the Hornets and they were praised by Coach Jump for their contribution to the Hornet tradition. They were: Jerry Brawner, James Hennigan, Scot Vogel, Donnie Boydston, Yancy Culp, Marshall Smith, Jeff Hellman, Keith Vogel, Michael Bierschenk and Sean Slater. "There are no words for how I feel about this bunch of guys. They have set high standards for future Hornets to live up to. I truly love them all," closed Bill Jump.

Look for the 89 season stats in next week's Enterprise.

ABOVE, Hornet QB Jerry Brawner (11) hands the ball to James Hennigan (22) who follows his blockers, Marshall Smith (35), Mike Vogel (33), Kelly Colwell (62), Jeff Hellman (50), Jason Biffle (70) and Donnie Boydston (30). Below, the Hornets' defense stops a Trojan ball carrier.

Little Hornets finish with loss to Trojans

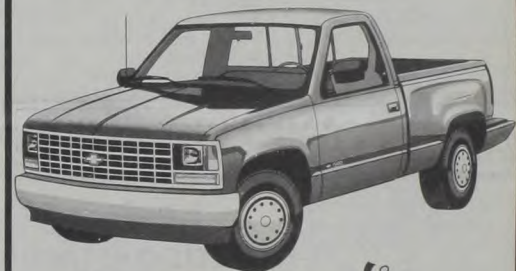

The Little Hornets traveled to Windthorst last Thursday for their final game. The Hornets fell behind early with Windthorst taking the opening kickoff down the field for a score and a 2-point conversion. The Little Reds had a tough time early in the game getting their offense started. Windthorst scored again before the end of the half to take a halftime lead of 16-0.

Muenster started the second half the way they ended the first, unable to mount an offensive drive. With Windthorst scoring again and leading 24-0, Muenster scored on a 75 yard pass from Jason Huchton to Jay Hennigan with 36 seconds remaining.

With this loss, the Little Hornets finished their season 2-7. Their first basketball game will be Monday, Nov. 20, at home against Lindsay.

Hornettes sting the Lady Eagles, 52-44

The Muenster High School basketball squad traveled to Little Elm last Tuesday evening for their opening season bout. "Little Elm was very fast and quick," said Muenster's first-year basketball coach Brian Strother. "We were nervous and it showed. Their quickness caught us off guard." The Lady Lobos shot 60 percent from the field the first half while the Hornettes committed 15 turnovers to put them down 42-28.

Muenster scored only 8 points in the third quarter to Little Elm's 21. "But we never gave up," said Strother. The Lady Hornettes scored 23 points in the 4th quarter but finished behind 81-69.

Dana Wimmer led the way with 24 game points. Denise Anderle scored 11 points, followed by Shonna Reiter with 8. Kim Anderle and Jenny Wimmer contributed 6 each and Melissa Bayer added 4.

Saturday afternoon, the girls went to Paradise and brought home their first victory. "We started off hot, then cooled off midway through the 1st quarter," commented Coach Strother. "We were cold in the first half, but our defense kept the game close at half." After being behind 12-10 the first quarter, the Hornettes closed the gap to 1 point (23-22) at half.

Tigerettes face Lady Leopards Friday...

Roundball action begins with 1-1 record

The Valley View Lady Eagles soared over the Sacred Heart Tigerettes by a count of 74-61 at the Tiger Den Thursday evening. The game was a lid-lifter for both squads for the 1989-1990 season. "Valley View has an outstanding club," commented Coach LeBrasseur. "You can tell they have been practicing since September 1st."

The Lady Eagles jumped out to a 14-10 first quarter lead as the Tigerettes struggled from the charity stripe connecting on 4 of 12. "They made 14 more free shots than we did, and that was the difference," said LeBrasseur. The second period witnessed the Tigerettes miss many opportunities in the paint while the Eagles began to soar to a 35-24 halftime lead.

The Lady Eagles continued to expand their lead in the third to as many as 23 before the Tigerettes made a fourth period run to pull within 9 with 3:06 on the clock. After a time out the Lady Eagles regrouped to secure the win. "I was pleased with our effort, we put up 48 of our 69 shots from the paint but they just didn't fall tonight," said LeBrasseur. "It is a long season and I expect us to catch up with the Lady Eagles by the end."

LaBecah Hess topped the Tigerette scorers with 35 points along with 13 boards, Debbie Schmitt hit for 10, Amy Walterscheid 6, Sharon Fuhrmann 5, J.J. Dowd 2 and Amy Bayer 2. Jennifer McLaughlin led the Lady Eagles with 31.

In the JV contest the Lady

Eagles shut out the Tigerettes in the first and went on for a 48-31 win. Deann Bayer had the hot hand for the JV squad as she hit for 20. Christy Yosten and Jennifer Walter scored four each and Shirley Henscheid 3.

The Sacred Heart Tigerettes bounced back after their season opening loss to Valley View with a 54-42 win over Lindsay. The Tigerettes took a commanding 15-4 lead only to see the Lady Knights cut it to 15-8 at the end of the first period. The second period saw the Tigerettes expand their lead to 10 as Amy Walterscheid hit for 6 of 10 for the half to pace the attack. Both squads played even the remainder of the game with the Tigerettes picking up their first win of the 1989-90 season.

"We played better defense tonight and we executed our offense a little better," said Coach LeBrasseur. "All eight players

contributed tonight and I was very pleased with our inside post play of Janie Fisher and J.J. Dowd." "LaBecah and Debbie both got into foul trouble tonight but Amy picked up the slack." Amy Bayer showed she is developing into a solid point guard as she handed out 7 assists.

Amy Walterscheid led the Tigerettes with 14 points along with 11 rebounds. LaBecah Hess scored 16 in limited action. Debbie Schmitt hit for 8 and looks to be returning to her 1988 level of play. J.J. Dowd scored 7, pulled down 10 rebounds and blocked 6 shots. Vickie Bayer scored 4 along with a good floor game. Janie Fisher scored 3 and collected 11 boards and Sharon Fuhrmann hit for 2 and a fine floor game.

In junior varsity action the young Tigerettes escaped with an exciting 46-45 win. A free shot by Shirley Henscheid with 43 seconds remaining proved to be the difference for the JV's first win.

Deann Bayer and Henscheid led all scorers with 16 each, Jennifer Walter swished 8 and Christy Yosten and Mandy Barnhill had 3 each. Upcoming action for the Tigerettes will be Friday afternoon at Gainesville with the JV tip-off slated for 1:00 followed by the Tigerettes. The game change is due to good fortunes of the Leopard footballers.

Lady Cubs go 2-0...

Cubs win tough game

Sacred Heart's Lady Cubs held off a 16-point fourth period rally by the Terral Indians Monday evening to capture a 36-35 win. "Our offense was good tonight but I am very disappointed in our defense," said Coach LeBrasseur. "We must play better defense against Montague next Monday or it will be a blowout."

Terral jumped on the Cubs for a 6-5 first period lead only to see the Lady Cubs rally for a 20-14 halftime lead. The third period saw the Cubs up their lead to 26-19 before the Lady Indians rally in the fourth. Terral rallied to take the lead in the fourth only to face the never-die Lady Cubs.

"I was very pleased with the girls' hustle tonight," said LeBrasseur. Leading scorer for the Lady Cubs was Amy Fisher with 14. Other Lady Cub scorers were Erica Schilling with 7, Kelly Dangelmayr 6, Deanna Hess 5, Tammy Fleitman and Donetta Hess, 2 apiece. Next action for the Lady Cubs will be Monday evening in the Tiger Den to face unbeaten Montague.

The Sacred Heart Cubs won a hard-fought come-from-behind victory over the Terral Tigers on Monday night. The Cubs used a 19-point 4th quarter to overcome 20-14 third quarter deficit to win 33-30.

The Cubs were led by Michael Gehrig's 9 and Kelly Bob Bayer's 9 points each to win. Neil Berres contributed 6, Jason Hess 5, and Jeremy Bayer hit 4 points. Jeremy Bayer did an outstanding defensive job on the Tigers' No. 1 offensive player, holding him to a basket and free throw. Chris Pagel and Jason Hofbauer also contributed to the win.

SH Tigers lose opener to Lindsay

The Sacred Heart Tigers opened their 1989-90 basketball season with a 78-47 loss to the Lindsay Knights. The Tigers played tough the first quarter and a half before falling behind to the much taller, more experienced Knights. The effects of only three workouts also worked against the Tigers in the second and third periods to result in the 31-point loss.

The Tigers were led by Shawn

Dangelmayr's 18 points and 6 steals and Josh McCoy's 10 points and team-leading 7 rebounds. Jason Endres contributed 6 points, 6 rebounds and 4 assists.

The Tigers also were helped by Randy Miller's 4 points, 5 rebounds; David Rohmer's 3 points, 4 rebounds; Larry Switzer's 3 points and newcomer Stevan Nasche's 3 points, 1 rebound and 2 assists. The Tigers look much improved in many areas with continued hard work.

The Tigers will play Chico at Chico Tuesday night, Era Saturday night and Callisburg with both JV boys and Varsity boys in action Tuesday, Nov. 28, at Callisburg.

Cubs beat St. Mary's in season's grand finale

The Mustangs of St. Mary's School in Gainesville traveled to Muenster last Wednesday night for a non-conference football game with the Sacred Heart Junior High Cubs. It is the first time in 30 years that St. Mary's has fielded a football team.

Under the direction of Father Nicholas Fuhrmann, 23 boys suited out to play two games this season. "We were quite pleased in our second effort," said Father Nicholas. "This year was a trial run to see if there was enough enthusiasm and there was."

The Mustangs booted the opening kick. Runs by Neil Berres, Albert Hennigan and Jon Klement gave the Cubs a first down, but a loose ball was covered by Dusty Turner and the Mustangs took possession at the Cubs' 40-yard line. Runs by Jay Jackson, Turner, Brad Wolf and quarterback Brent Foster put the Mustangs on the 8-yard line. A good defensive play by Berres put St. Mary's back another 3 yards, but, on the next play, Brad Wolf circled around the left end for a Mustang touchdown. A pass from

Foster to Wolf gave the visitors an 8-0 lead with 1:32 remaining in the first quarter.

Jason Hess, Hennigan, Klement and Berres moved the ball to the 20-yard line, going into the 2nd quarter. The Mustangs' defense stiffened, giving St. Mary's possession on downs. An 11-yard run by Jay Jackson helped the Mustangs, but the Cubs' defense, led by Jeremy Bayer, forced a punt.

Starting on the Mustang 43-yard line, Jason Hofbauer took the ball 22 yards to the 21-yard line. Berres picked up another 12 yards in two plays to the 10. The ball was then to Hofbauer, who crossed over for 6 points. Chris Pagel ran the extra point and the game was tied 8-8 with 1:05 remaining in the half. The Mustangs' offense played till the clock ran out.

Jason Hofbauer booted the opening second half kickoff for the Cubs. Damon Foster and Jackson took the ball to midfield for the Mustangs before a fumbled ball was covered by Chris Pagel. The Cubs picked up 17 yards before giving the ball back to St. Mary's on downs.

The second play of their next series, St. Mary's lost a loose ball which was covered by Jody Fleitman to start the final quarter. On Sacred Heart's second play, the ball was fumbled by the Cubs and covered by Jackson for the Mustangs.

The Cubs' defense held forcing St. Mary's to punt on a 4th and 13. Sacred Heart took over on their own 39-yard line. Chris Pagel moved the ball to the 50-yard line, where Jason Hofbauer romped half the field for a Cubs' touchdown. The extra point run failed and the Cubs led 14-8 with 5:58 remaining in the game.

St. Mary's returned though and on the fifth play of their possession, Jay Jackson ran 51 yards to tie the game 14-14. A good defensive move by Neil Berres stopped the extra point attempt.

Sacred Heart started their next drive on their own 25-yard line. Pagel picked up 20 yards on the first play, followed by Hofbauer, N. Berres, and Kelly Bayer moving the ball to the 30-yard line. On 1st and 10, Pagel finished the drive by crossing into the end zone for another 6 points. Hofbauer ran the extra points and the Cubs took a 22-14 lead with 1:41 remaining in the game.

The Mustangs failed to gain any yardage on their next possession as time ran out. "The boys did a good job," said Coach John Sims. "I'm looking forward to next year." Coach Danny Walterscheid ended the season with "During life, anything you do, give 110 percent and you will always be a winner in everything you do."

Leading rushers for the Cubs were Jason Hofbauer with 93 yards, Chris Hess 61 yards, Neil Berres 50 yards and Jon Klement 31 yards. Picking up the yards for the Mustangs were Jay Jackson with 74 yards, Brad Wolf 21 yards and Damon Foster gaining 14 yards.

The Mustangs had only three eighth graders suited up - Dusty Turner, C.J. Lloyd and Michael Schmidtkofer. "The kids were happy to know they had the chance to play an experienced team," said Father Nick. "We were real nervous, but settled down to a good game. Sacred Heart will be fine competition next year and in years to come."

The Mustangs' first game was Nov. 2 against Lindsay, who won 14-0.

BONNIE STOFFELS, left, and Mickey Haverkamp were this year's grand prize winners in The Muenster Enterprise Football Contest.

Mickey and Bonnie big winners in contest

Mickey Haverkamp took the big prize of \$100.00 for winning the 1989 Muenster Enterprise Football Contest. Having the highest percentage of correct picks, 76.587 percent, earned Mickey a season total winnings of \$140.00.

Second place honors went to Bonnie Stoffels of Gainesville. Her percentage of 73.810, barely beat her husband, Nick, who finished third with 73.016 percent correct guesses. Bonnie won a total of \$65.00 for the season. Fourth place honors went to

Mickey's husband, Benny, who finished with 72.619 percent.

Tim Bindel and Alan Hudspeth tied for fifth place with percentages of 70.238. Carol Grewing was seventh with a 70.196 percent, followed by Tim Felderhoff with 69.960 percent, Ben Bindel 69.169, Terry Walterscheid 68.651, and John Bartush with 67.857 percent. Ben Bindel, though finishing ninth, still won \$30.00 in weekly prizes.

In the final week of the Enterprise Football Contest, 31 entrants

tried for the last time to win the weekly cash. Mickey Haverkamp took the honors again with 22 correct scores chosen. Second place went to Peachy Huchton, who with 21 correct picks, won the honors with an 8-point difference in the tiebreaker game. Also guessing 21 games were Bonnie Stoffels and Bob Hess. Ten contestants picked 20 games and five had 19 guesses.

On the local games, everyone correctly picked Valley View, Era and Muenster's victories. Everyone was correct in the

Southlake Carroll win with only one missing the Sherman and Pilot Point games.

The most-missed college games were the Baylor and Missouri losses, 29 incorrectly picked the winners. Everyone correctly picked Texas Tech over SMU and Nebraska over Oklahoma.

The weekly winner picked up their cash at Bayer's Kolonialwaren. A special thanks goes to all the sponsors for giving The Enterprise the opportunity to publish more high school sports and make the contest possible.

Knights lose nobility

The Lindsay Knights traveled to Valley View last Friday night to end a long, disappointing season. Lindsay defeated the Eagles 20-0 last year on their way to being the state semi-finalist. This season, a rebuilding year for the Knights, ends in a winless district record.

Valley View gained 265 yards rushing and 157 yards in the air compared to the Knights total 252 yards.

The Eagles showed their strength early in the game, returning the opening kick-off 45 yards. In two plays Valley View was on the scoreboard and with only 47 seconds gone led 7-0.

Lindsay held on to the ball their second possession. An 18 yard run by Marty Neu helped move the Knights 34 yards before turning the ball back over to Valley View.

It took the Eagles five plays to move 67 yards into the end zone taking a 21-0 lead. A 10 yard penalty was the only gain for the Knights in their next series of plays, punting the ball back to Valley View. The Eagles then marched 55 yards in six plays to add another touchdown, the score 28-0 with just under two minutes remaining in the first quarter.

Four yards was all the Knights could muster and the ball again went over to the Valley View squad. Again the Eagles took the ball in for a score, 67 yards in five plays. With a minute gone in the second quarter the scoreboard read 35-0.

Lindsay again kicked the ball to Valley View on a fourth down putting the Eagles deep in the Knights territory. It took 11 plays to move 84 yards and score again, 41-0.

The Knights got off two plays before Valley View picked off a pass for a 22 yard touchdown. With 2:54 remaining in the half, the Eagles led 47-0.

Lindsay kept possession till the final first half play when Valley View covered a fumbled ball.

The second half proved a little less threatening to the Knights. The defense held, forcing an Eagles field goal, the only Valley View points the second half. The 30 yard kick put Valley View ahead 50-0.

Marty Neu, Fred Hughes and Kevin Parsons 17 yard run gave the Knights a first and goal on the four yard line. A five yard penalty put the ball on the nine, but a Scott Hermes pass to Chris Hanks paid off and as time ran out in the third quarter, Lindsay was on the board. The extra point attempt failed and the score read 50-6.

Valley View got in only two plays when Patrick Schully forced a ball which Herb Price covered on the Eagles 28 yard line. Five runs by Parsons took the ball to the seven yard line, two yards short of a first down and Valley View took over. A fine defensive play by Price gave the Eagles a third down and 16 on their own one yard line, forcing a punt. The Knights took over on the 33, a Hermes pass to Neu gained 26 yards, while two keepers by Hermes moved the ball to the one yard line. On third and goal, Kevin Parsons crossed into pay dirt and with 4:30 remaining in the game the score read 50-12.

Knights defense led by Price, Schully, and Hughes forced the Eagles to punt. The Knights fourth play of the series was intercepted as time ran out before Valley View could get off another play.

Valley View and Era advance to the bi-district playoffs with Valley View playing Spur and Era going against Munday.

(Statistics by Bridgette Anderle)

CHRIS HANKS battles with a Valley View defender for the ball in the end zone as the third quarter ended. Hanks took possession to give Lindsay their first touchdown in a one-sided defeat for the Knights.

Game wardens sack over-limit hunters

COTULLA - A group of Louisiana dove hunters recently figured that beneath a highway bridge would be a good place to temporarily hide a couple of hundred doves over the legal limit. As it turned out, buying the bridge might have been less expensive.

Texas Parks and Wildlife Department game wardens Larry Griffin of Cotulla and James Oden of Ecal received a tip from other law enforcement officers that they had found an ice chest full of doves under a bridge on Interstate 35 near Cotulla.

The game wardens waited near the bridge, and soon the four Louisianians came to retrieve their ice chest. A bird count revealed the hunters had 278 over their limit.

The men were brought before a LaSalle County Justice of the Peace where they pleaded guilty and were fined a total of \$6,540.

In a separate case in early October, Griffin arrested six other Louisiana hunters with 272 doves over their limit. Their fines totaled \$4,837.50.

John Caudle, regional law enforcement supervisor at San Antonio, said while shooting more than the daily limit has been the most common violation, a considerable number of hunters have been arrested for shooting doves over baited areas. "Hunters have to be aware that it is illegal to spread any kind of grain to attract migratory birds," Caudle said. "Hunters should check an area for grain on the ground, and if any is found they should leave that area. This includes areas around deer feeders."

Officials also point out that persons who take over the legal limit of doves or other game also are subject to civil restitution charges in addition to any fines paid in court.

Don't be left at the gate!

Relation between hunters and landowners are becoming more strained, evidence of this is found in the constant increase in posted areas. Those "NO TRESPASSING" signs mean "no hunting or fishing."

Details which a hunter may not consider important usually cause the landowner to post their property. Hunters who show consideration to the landowners are welcome to take what game and fish from other's property. Those who ignore these rules not only spoil their enjoyment, they prevent others from enjoying their sport.

Knowing what angers the landowners is the key to preventing the hanging of those "NO TRESPASSING" signs.

First among the "musts" of a hunter's "thou-shalts" is ALWAYS ASK FOR PERMISSION TO HUNT OR FISH ON PRIVATE PROPERTY. Never take for granted that the land is opened. Remember too that getting permission on one piece of property does not mean permission is granted to the adjoining land. Always know the property line. Once you have permission, your responsibility to the owner has just begun.

Be sure to leave no gates open. Do not cut across a field, trampling a crop. Don't tear fencing wire loose from the post while crossing between the strands. Do not fish where the owner asks you not to.

When you have a gun, watch your shooting. As everywhere,

there are places where you can shoot and where shooting should never be done. Don't shoot in the immediate vicinity of the landowner's home and where there is livestock to consider. Even if you don't shoot any, livestock have been known to stampede at the sound of loud, unexpected noise. Chickens, too can be effected. Hold your gunfire well away from dwellings of humans and livestock.

Neglect of burying the cleanings of fish or game is another means of rousing the landowner. Also, take your trash out with you, even gum wrappers and shotgun shells litter the land. Then, ALWAYS know what's moving before you shoot. Shooting the landowner's livestock would bring untold regret.

Another method of building solid good will is to share your sport with the landowner - leave a few fish or bring him a few birds for his dinner occasionally.

While on another's property, be extremely careful with your smokes and matches. A grass or brush fire could wipe out acres of land.

For the privilege of using the land, the hunter should agree that any damage done to the property would be paid for by the hunter.

Education is the long range answer to a good sportsman/owner relation. A negligent sportsman causes the erection of 90 percent or more of the "NO TRESPASSING" signs.

Common expressions and their origins

Many common everyday phrases and expressions are often used with little thought of the origin. Present usage may bear little or no relation to the original meaning. A source of some expressions is found in the fields of guns and shooting.

In the days when the powder horn and shot pouch guns were necessary, a lore came into being that colors our thought and speech today.

Take the expression "Lock, stock and barrel." It means that he accepts the matter in its entirety. The expression stems from the colonial days when a gun was seldom scrapped or disposed of for a new one. Instead, when a part wore out or broke, a new part was made, such as the trigger and hammer (the lock) or perhaps a new barrel. Therefore, the essential parts of an essential article were itemized - lock, stock and barrel - the whole gun.

Here are a few of the common expressions of today that originated in the lingo of shooting:

- "Lock, stock and barrel"
- Our plans "misfired"
- "Set your sights high"
- "He scored a bulls-eye"
- To "draw a bead on something"
- "Keep your powder dry"
- "Don't fall short of the mark"
- "Straight as a ramrod"
- "He overshot the mark"
- He is "loaded for bear"
- "Sharpshooter"
- "Crackshot"
- "A shot in the dark"
- "He goes off half-cocked"
- "He's all primed for the occasion"
- "Hair trigger nerves"
- "Hold your fire"
- "Always be a straight shooter"
- to "hit dead center"
- He has "lined his sights on"

Nature Notes

Snakes almost literally work on the ends of their ribs. The ribs are attached to special scales on the underside of the body.

One difference between a deer and an antelope is in the horns. Deer have solid antlers while antelopes are hollow.

A bird's two eyes often weigh more than its brain.

There are very few red flowers which are fertilized by bees, because bees seem to be color-blind to red.

Beavers can work under water sawing logs with their teeth without getting water in their nostrils.

Wallace English

How an annuity can double your dollars faster.

Just getting a high rate of interest on your money is not enough. With most investments, you can lose up to half your earnings each year in taxes.

A better answer is a New York Life Single Premium Retirement Annuity.* It earns a very attractive rate of interest. Equally important, the interest is free from current federal income tax. So your dollars can grow up to twice as fast as they would in a currently taxable plan.

Ask me, your New York Life Agent, for all the details.

*Issued by New York Life Insurance and Annuity Corporation, a Delaware subsidiary of New York Life Insurance Company

ANNOUNCEMENTS:

Quarterly Singing
The Quarterly Sunday night Singing sponsored by the local area churches will be Sunday, Nov. 26, at 6:00 p.m. at the Forestburg Baptist Church. Everyone is invited to attend.

Country Christmas Bazaar
There will be a Country Christmas Bazaar Saturday, Dec. 2 from 9:00 a.m. to 5:00 p.m. at the Forestburg Community Center.

Anyone interested in having a booth may call Yvonne Mims at 964-2398 or Dianne Huckaby at 768-2233.

There will be a concessions stand operated by the Forestburg Baptist Women. Proceeds benefit that church group.

NEWS OF THE SICK

Fred Christian of Stephenville, who had surgery last week, is doing fine and hopes to be dismissed from Harris Hospital Wednesday.

His parents, Mr. and Mrs. C.H. Christain, have been attending his bedside.

James Berry is doing satisfactory. He will take treatments this week.

Robert and Thelma Treistch of Keller spent the day Wednesday with Mr. and Mrs. Jack Berry and James.

PERSONALS

Mrs. Mozelle Hutson and Mrs. Millie Hutson were in Denton Saturday.

Mrs. Joyce Hanson drove over to Gainesville Tuesday, then came to Muenster and visited with Mrs. Estelle Kelley, Mrs. Bertha Bewley

and Mrs. Vena Settle in St. Richard's Villa.

Mr. and Mrs. Marvin Mayberry attended the Thanksgiving dinner and Bazaar Saturday at the Forestburg Methodist Community Center.

Wes Holley and son of Whitesboro had lunch Saturday with Miss Lois Bewley and Clyde.

Miss Lois Bewley and Clyde visited Mr. and Mrs. Dude Berry Sunday afternoon.

Jacksons Celebrate 59th
Mr. and Mrs. Ted Jackson celebrated their 59th wedding anniversary Wednesday Nov. 15. Their children Jewel and Carroll

Dill of Forestburg and Bill and Jo Jackson of Decatur treated them to dinner at the Golden Corral in Bowie.

S.T. and Olivia Warford of Slidell visited with Mr. and Mrs. Ted Jackson Sunday afternoon.

Richardson Kin Visits
Kim Richardson spent Sunday afternoon with Chari and Laura Richardson and Mr. and Mrs. Tom Richardson.

Mr. and Mrs. Tom Richardson, Chari and Laura visited Mrs. Charlotte Fortenberry in Slidell.

Mr. and Mrs. Bill White had as their guests for dinner Mrs. Geniva White, Mrs. Jarenita Baker and son Robert, Mr. and Mrs. Tom Richardson, Chari and

Laura. Mrs. Edith Richardson was a visitor in the afternoon.

NOTICE OF RATE CHANGE REQUEST

In compliance with an order by the Public Utility Commission of Texas under Docket No. 7937, Application for Sale, Transfer or Merger for Muenster Telephone Corporation of Texas and Valley View Telephone Company, Muenster Telephone Corporation hereby gives notice to its customers that it filed a revised tariff on September 29, 1989 to reflect the merger of the Valley View Telephone Company operation with Muenster Telephone Corporation.

The proposed effective date of the revised tariff is November 24, 1989. The tariff includes all new or revised rates of the Public Utility Commission of Texas and the Federal Communications Commission covering the Muenster and Valley View Telephone operations.

Revisions also included the correction of errors and omissions of rates and charges made in previous tariff filings or application of charges for certain services which were not in compliance with the existing tariffs of the Company.

Following is a listing of the charges being corrected in the tariff and the annual revenue effect on the Company's operation resulting from the correction of the tariff for the services involved.

SERVICE CHARGES WERE CHANGED AS FOLLOWS:

OLD VALLEY VIEW RATES:	NEW VALLEY VIEW RATES:
BUSINESS SERVICE	BUSINESS SERVICE
New Installation \$50.00	Service Ordering Charge \$10.00
Reconnect Service 20.00	Central Office Wiring Charge 5.00
Move or Change Service 25.00	Trip Charge 5.00
Change Telephone Number 15.00	Line Access Connection Charge 7.50
	Restoration of Service Charge 15.00
	Change Telephone Number (Charges per Element) and included in above Charge
RESIDENCE SERVICE	RESIDENCE SERVICE
New Installation \$25.00	Service Ordering Charge \$ 5.00
Reconnect Service 20.00	Central Office Wiring Charge 5.00
Move or Change Service 15.00	Trip Charge 5.00
Change Telephone Number 15.00	Line Access Connection Charge 5.00
	Restoration of Service Charge 15.00
	Change Telephone Number (Charges per Element) and included in above Charge

The new rates shown above will reflect a reduction in revenue of approximately \$2,290 per year based on a study of service order activity. The new rates for Valley View customers are the same as the rates for Muenster customers. Only those customers requiring the service shown above are affected.

The rate for local calls made from Company-provided pay telephones was changed as follows:

OLD RATE	NEW RATE
Local Call from Pay Telephones 10¢	25¢

The new rates shown above are the same as the present rates for Muenster pay telephones and reflect a charge upward in revenue of approximately \$1,166 per year based on a study of pay station collections. Only local call users of pay telephones are affected.

The rates for directory listings in the white pages of the telephone directory were made uniform for all customers as follows:

TYPE LISTING	OLD VY RATES	OLD MTC RATES	NEW RATES
Extra Directory Listing	\$ 1.00	\$.25	\$.50
Business Service Listing	\$.50	\$.25	\$.50
Residence Service Listing	\$.50	\$.25	\$.50
Extra Lines of Information	\$.50	\$.25	\$.50
Business Service Listing	\$.50	\$.25	\$.50
Residence Service Listing	\$.50	\$.25	\$.50

There is no net revenue effect from the changes in rates. Due to type of listings in service, reductions offset any increases in rates. Approximately 35 customers are affected.

To have uniform rates in all exchanges including Valley View, all charges to Valley View customers for extension lines located on the same premises as the main telephones are being eliminated from the tariff and deleted from the customer's bill. For extension lines serving extensions not located on the same premises as the main telephone, the rate per month is reduced from \$2.00 per quarter wire, to \$1.00 per quarter wire of extension line.

County Agent's Report

by Craig Rosenbaum

Several weeks back the Cooke County Hay Show was held at Gainesville. Several observations were made of the various forages and their quality. In 1989 we made more than average forage production due to the excessive rains. It seems, however, that in periods of high rainfall, we tend to make a lot of forage growth but the protein quality tends to be less than in more average years. This is due primarily to the rapid growth of the plants. During periods of rapid growth they do not have the time or the capabilities to take up nutrients and translocate them in plant tissue. We still see ample protein supplies in many of the forages if they were cut at the proper stage of growth. All warm season annual grasses which would include your sudans, millets, hegar, etc. rapidly lose protein content when heads appear. This also holds true with bermuda grasses. Producers have begun feeding hays in many instances now and a simple forage test can be conducted to better plan for supplementation. Doug Robison, at Cooke County College, has a forage testing lab that can test protein along with other tests such

as nitrates and prussic acid. A protein test will allow producers to know the quality of the hays they are feeding in order to better estimate the amount of protein supplementation they will need to add from cottonseed cake or range cubes. In this year with the very limited amount of grazing on small grains, a forage test is advisable.

The winners of the 1989 Cooke County Hay Show included:

Grand Champion bale was Sudan entered by Mike Bartush of Muenster. Crude protein content of this sample was 14.5 percent.

Reserve Grand Champion of the show was a bale of Bermuda Grass submitted by Alvin Fleitman of Myra with a crude protein of 13.1 percent.

Division winners included:
Winter Annual - Co-Winner - Harold Bindel of Muenster with a crude protein of 10.0.

Winter Annual - Co-Winner - Dale Hofbauer of Muenster with a crude protein of 9.4 percent.

Warm Season Perennial Grass - Jay Pybas of Sivells Bend with a crude protein of 11.6 percent.

Jay was also the winner of the Alfalfa with a crude protein of 20.8 percent.

Farm Bureau requests investigation of funds

WACO - The Texas Farm Bureau recently asked for a thorough investigation of alleged misuse of producer funds by the Texas Commissioner of Agriculture and his top officials following publication of a copyrighted news story in the Oct. 31 *Dallas Morning News* concerning those charges.

"We urge a thorough investigation by the U.S. Department of Agriculture of state-federal activities between the USDA and the Texas Department of Agriculture," Texas Farm Bureau President S. M. True said Oct. 31 in a letter to Agriculture Secretary Clayton K. Yeutter.

"The findings of such investigation should be made public as soon as possible," True said. "There is a suggestion that this matter is politically-motivated, and we believe that a full report on all federal activities with TDA is

the only way to resolve this concern.

The *Dallas Morning News* story states that Agriculture Commissioner Jim Hightower and his top deputy have billed thousands of dollars in travel and meals to a state-federal crop inspection program, including many credit charges that appear to be questionable, according to USDA records.

The inspection service, whose traveling inspectors are supervised by the Texas Department of Agriculture and the U.S. Department of Agriculture, is supported by fees collected from producers.

The *News* reproduced credit cards, showing charges made in restaurants in such places as San Francisco and Venice, California. The newspaper said that a hotel bill at the Democratic convention in Atlanta last summer was charged to the inspection service.

Farmers Union applauds Congressional action

TFU congratulates the U.S. Senate and House for their action on the "Ghost Acres Act." TFU president Joe Rankin stated, "The responsible action of Congress to correct the oversight and administrative interpretation of the 'Disaster Act of 1989' prevented a total disaster within itself."

"Without this amendment producers suffering disaster losses and those planting a replacement crop would be severely penalized. This amendment provides for some relief for those producers experiencing a disaster and who planted a replacement crop,"

Rankin said. "Although Farmers Union supported total elimination of the replacement crop in figuring disaster payments - as was provided in previous disaster bills - this action is as good as we could hope for in both houses."

"With the grass roots support of Texas Farmers Union members, through massive phone calls and letters," Rankin continued, "we were successful in passing a bill that is fair and will afford disaster-stricken farmers an opportunity, financially, to continue farming."

TSCRA NEWS UPDATE

■ **Tightening packer margins** may halt recent gains in fed cattle prices. Some industry analysts warn that packers are losing \$5-\$15 per head and retailers plan limited beef buys in November, says KRF News.

■ **A congressional animal welfare caucus** may be active by Thanksgiving to give agriculture a voice in the debate over the many animal welfare bills that threaten livestock production, says the Texas Cattle Feeders Association newsletter.

■ **Dial 1-800-858-PEST** That's the toll-free number for the National Pesticide Telecommunications Network, sponsored by Texas Tech's Health Sciences Center, on a 24-hour, 365-day basis, Congressman de la Garza says. The program, funded by the Environmental Protection Agency and the university, is designed to provide accurate, prompt responses to pesticide information requests in routine and emergency situations.

Market Report

by Bill Hamer

There were 657 cattle and 24 hogs sold last week as reported by the Muenster Livestock Auction. Hogs were \$1.00 to \$1.50 lower; cows were steady; stockers and feeders were \$1.00 to \$3.00 higher; and bulls were steady.

HOGS
Good to Choice, 180-275 lbs. \$41 to \$42
Good Butchers, 125-180 lbs. \$38 to \$40

COWS
Good to Choice, \$46 to \$48
Medium to Good, \$44 to \$46
Canners to Cutters, \$40 to \$46
Hard Kinds, \$33 to \$38
Stocker Cows, \$47 to \$55
Cow w/ Calf @ Side, \$575 to \$700

STOCKER CALVES
Steer Calves, \$80 to \$115
Steer Yearlings, \$75 to \$84
Heifer Calves, \$70 to \$92
Heifer yearlings, \$68 to \$77
Heifer, 2 yrs. \$58 to \$69

BULLS
Good to Choice, \$58 to \$59

Beef cattle and the greenhouse effect issue

COLLEGE STATION - Issues of nutrition and trade barriers aside, beef cattle are now caught up in the environmental concern of the day - the greenhouse effect.

But environmentalists have overestimated the methane produced by beef cattle and its role in global warming, said an animal scientist with the Texas Agricultural Experiment Station.

Dr. Floyd Byers refuted the current estimates by some environmentalists that beef and dairy cattle and other ruminants produce 15 percent of the world's atmospheric methane gas.

U.S. beef cattle actually produce less than 1 percent of the total methane gas that reaches the atmosphere each year from all sources on earth, Byers said. Add that to the fact that carbon dioxide is far and away the greatest contributor to the greenhouse effect, and beef cattle are a very minor factor in this environmental problem, he said.

"To put it in perspective, this means that there is about five times

more potential global warming from the fossil fuel used to drive vehicle six miles each way to purchase a quarter-pound hamburger, Byers said.

"However," Byers said, "it is important to facilitate transfer of available technology to enhance rate and efficiency of desired growth of market livestock to further reduce methane emissions from beef cattle production systems in the U.S. and worldwide."

In fact, Byers said, if U.S. beef cattle producers reverted from their current feedlot management to extensive grazing systems used in developing countries, methane production of beef produced would increase as much as fourfold because of the additional year needed for cattle to reach market size.

"While global warming and the greenhouse effect are important issues, the contribution of the U.S. beef cattle industry to methane production worldwide is small," Byers said.
