## Red River Farm Co-op celebrates 25 years of service

**FAR FROM THINLY CLAD** for a 100 meter sprint, Brandy Debnam still placed sixth in the prelims and since the finals weren't conducted, that one point was one of four important points that gave Brandy and her Hornette teammates their first Hornet Relay team victory. The man hiding in the hood is Scot Vogel who joins another competitor wrapped in a quilt in holding down the slippery starting blocks. *Janie Hartman photo*

Red River Farm Co-op members celebrated 25 years of service with a banquet and awards ceremony held during their annual stockholders' meeting on March 22 in the Gainesville Civic Center.

Charles Whittington, co-op manager, announced that for the second time in its history the co-op had reached \$1 million in gross income. Last year was the first time they hit the million dollar mark and this year exceeded it by \$149,546.28.

Another precedent was set this year when checks totaling \$164,000 in tax-free retirement benefits were presented to numerous co-op members over age 68.

Whittington offered the retirement checks as an incentive to younger members to continue to buy from the co-op. He presented a check for \$14,651.00 to Jim Meyer and Leo Hoedebeck of Gainesville. Meyers, who was present, accepted the check. A check for close to that amount was also given to Jim Purdue of Oklahoma, who was unable to attend the event. Several other members over age 68 also received lesser checks.

One of the goals set by Whittington is to continue to lower the age for retirement checks until it eventually reaches 65. "I am hoping that next year we can get to 67, but we don't want to get the co-op in trouble," commented Whittington.

Gene Deckard, president of the board of directors, spoke to the crowd and recalled years when the co-op wasn't doing so well and didn't even know what black ink was. He credited Whittington with starting the turnaround. He also said, "Customers are responsible for a good co-op and we have a good one."

**CHARLES WHITTINGTON** (left) presents a plaque to Julian Walterscheid for 16 years of service to the Red River Farm Co-op. Leonard Bayer (seated at right) is a member of the board of directors. *Alvin Hartman photo*

Mr. Whittington presented a plaque to Deckard for 20 years of service and another to Julian Walterscheid for 16 years of service.

Ed Schad, Kenneth Hoedebeck and Clyde Yeatts were re-elected to the board of directors in other business.

A good attendance was shown for the silver anniversary meeting with 339 persons present. The meal was catered by the Hermes Sisters.

North Texas Bank and Trust donated several \$100 savings bonds as door prizes and they were won by: William Baldwin, Dale Thurman, William Flusche, Doris Arend, Virginia Metcalf and James Fuhrmann.

Judy Fuhrmann won a flower arrangement and winning \$25 cash donated by the co-op were: Leon Fuhrmann, August Lutkenhaus, C.F. Wood and Polly Pelzel.

## Area schools honored by TEA

by Elaine Schad

Muenster, Lindsay and Era schools have again received recognition for exceptional academic achievement, this time from the Texas Education Agency.

Muenster High School, Lindsay High School, Lindsay Elementary, Era High School and Era Elementary are listed as "honor schools" for the 1988-89 school year as a result of Minimum Skills Test (TEAMS). Results for the 1989-90 school year are not yet tabulated.

Although there are 1,053 school districts statewide, there are thousands of individual campuses

within those school districts. Of all those campuses, only 582 met the criteria for making the list, with Lindsay, Era and Muenster totalling five of those campuses. Those 582 campuses were ranked, "Exceptional Achievement," if 90 percent or more students mastered all TEAMS tests taken, or "Exceptional Gain" if at least 30 percent more students mastered the tests than in the previous year. Muenster High School, Era and Lindsay schools all received, "Exceptional Achievement" recognition.

Era schools and Lindsay High School have an additional achievement of making the honor rolls list for "Exceptional Achievement"

all three of the years the TEA has had the recognition program.

Other area schools recognized by the TEA include Edison Elementary School in Gainesville for exceptional achievement, Collinsville Elementary for exceptional gain, and Tioga Elementary for exceptional gain.

For the achievement, the schools have received a certificate from the Texas State Board of Education and a letter of congratulations from William Kirby, Commissioner of Education; Monte Hasie, Chairman of the State Board of Education; and Jane Nelson, District 11 State Board of Education member.

## Hornet teams sweep weather-shortened meet

The weather proved to be the big winner Saturday as it forced an early ending of the Hornet Relays. Preliminary times were used to tabulate final results. Both boys and girls from Muenster braved the cold and rain to win their prospective divisions. The boys outdistanced Detroit, their nearest competitor, 166 to 92. The girls edged Lindsay 149 to 146 to win their first-ever Hornet Relay title.

Yancy Culp of Muenster continued to dominate the distance events as he won both the 1600m and the 3200m. Michael Bierschenk pushed him until the final straight, to finish second. Terry Felderhoff is improving each week as he ran the 3200m to finish third.

The Hornet Relay teams racked up big points winning both the 400m relay and the 1600m relay. The 400m relay of James Hennigan, Ryan Sicking, Marshall Smith and Scot Vogel clocked a 46:17, while the 1600m relay of James Hennigan, Marshall Smith, Scot Vogel and Yancy Culp ran a 3:53.10 "Our relays are really coming around," said Jump. "We are anxious for a good day to really see what kind of times we can run."

Muenster received points in the

sprints as Scot Vogel ran the 200m to finish fourth, James Hennigan ran the 400m to win the event, while Marshall Smith came in fourth.

The team continued to do well in the hurdles with Donnie Boydston finishing 3rd in the 110m and Ryan Sicking finishing 5th. The Hornet hurdlers swept the 300m with Sicking coming in first, Boydston second, and Perryman third.

The Hornets also captured their share of the field event points. Mike Vogel pole vaulted 9'6" to finish third in that event. Brad McDaniel threw the discus 129'4" for second place, with Chris Kubis throwing for fourth and Boydston fifth. McDaniel also finished second in the shot put, Boydston came in third and Jeff Hellman placed fifth. Ryan Sicking picked up points in the triple jump with a fifth place jump and Jerry Brawner finished fifth in the high jump.

"I am very pleased with the way our kids competed Saturday," said Coach Jump "A lot of kids from the other schools simply refused to compete. Our kids didn't say a word about the weather, they just went out there and did their best. These Hornets are definitely winners!"

## Cattle stolen from Cooke Co. ranchers

Sometime between Monday, March 19 and Tuesday, March 20 cattle valued at \$39,000 were stolen from a pasture on Farm Road 373, south of FM 1630. The theft was reported to the Cooke County Sheriff's office by Giles Truebenbach.

The cattle are owned by Mrs. M.H. King and Giles Truebenbach of Muenster. Taken were 23 crossbred cows of mixed colors and one Hereford cow, all of which were large framed; one Limousin bull, and 20 small crossbred calves. The cows and the bull carry a brand on the left side.

Jim Westfall, chief deputy of

Cooke County sheriff's Department, is in charge of the investigation and he is working with the Cattleman's Association.

Since the first of the year quite a few cattle have been taken from around the area of the most recent theft, according to Chief Deputy Westfall. He advises ranchers to keep a close watch and to be wary of any strange vehicles and unusual activity around their places or their neighbors.

Westfall is also asking that anyone who noticed anything that might help with the investigation of this cattle theft to call him at the Cooke County Sheriff's Office.

## Legislators to decide finance system

by Ric Williamson  
State Representative  
District 63

For the past four weeks the Texas Legislature has been meeting in Special Session to discuss changes to the financing policy aspects of public education. Governor Clements called the Legislature to Special Session in response to the Texas Supreme Court ruling on the case styled **Edgewood vs. Kirby**.

Over 50 percent of the members of the Legislature represent school districts that are satisfied with the current financing system for public education in Texas. Those Legislators will support a new financing system only if structural changes are made in education policy. These changes generally can be described as de-regulation, de-centralization and performance oriented funding.

The last time the Legislature affected major change on public education policy was during the 1984 Summer Special Session (House Bill 72). Since that time, many new faces have arrived in Austin and they have all carried a variance of the same message - give the classroom back to the teacher and set higher goals for our students.

De-regulation of public education means disconnecting the school district from the Texas Education Agency in Austin. Currently, every decision made at the district level is in reaction to a regulation decided in Austin. Many people argue that much centralization is necessary to insure that all children in the state receive a uniform education. On the other hand, some argue, we don't need to be concerned with uniformity - we need to release school districts for the best interests of local citizens and students.

De-centralization, in turn, encourages disconnecting each campus in the school system from the central administration office. Supporters of this concept argue that the same bureaucratic minds that exist in Austin, also exist in the

central administration office of each school district.

By de-centralization, one means the giving of control of each campus to a collective committee of teachers, parents and taxpayers in the area around the campus. This committee is more likely to lead the students of that campus toward education excellence, supporters of de-centralization argue.

Performance oriented funding means just what it says - fund each campus on its ability to perform. The controversy over performance based funding occurs when we try to identify which standards we are

trying to perform towards. many folks still support grade levels as the best barometer of performance, while a growing number of people say that other indicators such as daily attendance, a drug free environment and volunteer work in the community are valid measures of public education success. Supporters of performance oriented findings say that the indicators are not nearly as important as the concept - reward performance.

These three ideas will have to become reality before many members of the Legislature will

support any change in the financing aspects of public education. The next installment will focus on several specific proposals that individual Legislators have made regarding the financing aspects of public education.

Your comments and questions are welcomed on this or any other issue pertaining to state government. You may reach me by telephone at 512/463-0738 or write to me at P.M. Box 2910, Austin, Texas 78768-2910 or in my District at 817/599-8363 P.O. Box 1179, Weatherford, Texas 76086.

## Voters still needed to participate in primary runoff elections April 10

by George Bayoud  
Texas Secretary of State

Texans return to the polls Tuesday, April 10, for round two of the 1990 election year nominating process. On that day, several statewide and local Democratic and Republican party primary runoff elections will be held.

On Tuesday, March 13, Texans went to the polls in record numbers to nominate hundreds of statewide and local candidates. The primary runoff elections will determine the outcome of those races in which no candidate received more than 50 percent of the votes cast.

Many important decisions at all levels of government will be made in the runoffs, but, if history repeats itself, a relatively small number of Texans will make those decisions.

At the statewide level, Democratic Party primary voters will nominate candidates for Governor; State Treasurer; Justice, Supreme Court, Place 2; and Judge, Court of Criminal Appeals, Place 1, while Republican Party primary voters will nominate candidates for Agriculture Commissioner and Land Commissioner.

By not participating in this final round of the nominating process, we let others decide who will be on the general election ballot on Nov. 6.

Fellow Texans, I challenge you to return to the polls on April 10. Make your voice heard. If you are registered, but did not vote on March 13, you can still participate in round two on April 10.

The rules for voting in the runoff are simple. If you did not vote in either political party's primary, you can still have a voice in the nominating process by

voting in the runoff elections. If you voted in one political party's primary, you can't vote in the other political party's runoff.

This year's primary runoff election officially gets underway with the Monday, April 2, opening of the extended absentee voting period. From April 2 until April 6, Texans who are registered to vote can appear at polling places across the state and cast absentee ballots.

On March 13, Texas recorded its highest primary election turnout ever in a non-presidential **Please See RUNOFF, Page 2**

## Scot Vogel picked to play in Oil Bowl Classic

Scot Vogel of Muenster will join a squad of Texas high school all-stars that will compete against a similar group of all-stars from Oklahoma this summer's football classic. Scot was selected by a panel of coaches to join some of the top graduating players in Texas.

Vogel was picked as a linebacker, but could also see duty in the offensive backfield. At 6'2"

and 195 pounds, Vogel was one of the top linebackers in this area. He led the Hornets in tackles as both a junior and a senior, with 132 his junior year and 121 his senior year. He was picked a member of the All-District Team both years.

"This is a great honor for Scot and Muenster," said Coach Jump. "Only the best players get to play in this game. He definitely deserves this honor."

## Good News

God has not destined us for wrath but for acquiring salvation through our Lord Jesus Christ. He died for us, that all of us, whether awake or asleep, together might live with him.

THESSALONIANS 5:9-10

Letters to the Editor

**My very dear friends,**  
 It is on the 19th of March, nearly 11:00 a.m. that I am starting to write this message - just on scrap paper to be copied tomorrow.  
 Much can be said about this day. The weather is cold, windy and on and off sunny. I am wearing my Diamond Jubilee habit because today is the Feast of Saint Joseph, dear to you and to me.  
 Yet another thing can be said about this day. A week ago our maintenance engineer, Mr. Robert (Bob) Schoenborn, had a heart attack in our kitchen, while he was fixing a faucet. He died as a result. He was a man who was loved and respected by all who knew and dealt with him in our Convent and in the city of Jonesboro - in fact everywhere. He was a genius, who could fix or undertake, and successfully accomplish, anything after having duly studied the problem he faced. We will miss him terribly, but he deserved a peaceful death in our midst.  
 Yours truly, who thought it would be easier to send the Christmas messages of last year (is) from above, is still in the letter-writing business. Early in February, the Christmas mail had been taken care of. At this time, there is no rush along this line, but there are other (this) things to be done, including a little spring

cleaning. It will be a pleasant diversion.  
 This is about the fourth week since I have a wasp living in my room or between my window and the screen. I feed it sugar water. When I sit at my desk with the desk lamp burning, it will walk on the inside of the shade, very close to the light bulb. When the fluorescent lights on each side of the sink cabinet are on, it will walk up and down these, as well as on the mirrored door and perform a lot of acrobatic stunts. I thoroughly enjoy my little guest.  
 The outdoors, as seen from my room, are magnificent at this time because we had plenty rain all along. The grass, the blooming trees, bushes and flowers are on the dot in season on this first day of spring.  
 I had composed a lot more on my scrap paper, but I did not care to bother you with it, as I re-read it today. And I even added to the message this forenoon, but I discarded it also.  
 So, now I wish each and every one of the readers of this message a most joyful, happy, beautiful Easter. May the risen Lord bless you abundantly!  
 Forever your friend,  
 Sister M. Theresina Grob, OSB  
 Holy Angels Convent  
 Jonesboro, Ark. 72401

**Groat hole focus switches to dumping**

People guilty of purposely dumping trash, cast-offs, dead animals, etc. along public roads and on private and public lots in town get this week's "Groat Hole" award. Even a "No Dumping By Sheriff" sign didn't deter the person (or persons) who uncaringly marred the beauty of this rural roadside with their junk. The lower photo shows just how tacky folks really get. The cast-off items were trashed on Sacred Heart Cemetery property. Guilty people, we know who you are!

**Forget the score!**

**Contributed by First Baptist Church of Muenster**  
 The Love Chapter (I COR. 13) has a very unique translation of verse 6 in the **Today's English Version**; "Love does not keep a record of wrongs." I like it! It is a warning to change what we usually do when angry with someone. Forget the record keeping!  
 I read a story about the natives of Polynesia who spend a great deal of their time fighting. They have a custom for remembering everything someone ever did to harm them. They take something that belonged to each person and hang it in the roof of their hut. Then as they lie in bed each night they remember each person and try to decide how to get even.  
 The Bible teaches us to replace evil thoughts with love. Rather than keeping a grudge alive, put love into your relationship with others.  
 "Love does not keep a record of wrongs."

**RUNOFF**

More than 2.3 million Texas cast ballots in the Democratic and Republican party primaries, a turnout believed to be the second highest total for any primary election in state history. We need to maintain that enthusiasm and con-

tinued from Page 1  
 tinue the momentum as we approach April 10.  
 I have said this before, but I believe it bears repeating. Voting is one of the most - if not the most - important privileges of American citizenship. People throughout the

**Muenster, your pride, is it showing?**

In the Spring of 1986 the city of Muenster was presented the Governor's Achievement Award for its participation in The Keep Texas Beautiful Contest. Residents of all ages from the Muenster area worked together to clean the streets, highways, county roads, and vacant lots around Muenster.  
 Since that time the enthusiasm has gradually died. Now the city cannot even recruit enough help to put a fresh face on Muenster and the surrounding area for Germanfest weekend when thousands of visitors get what may be their one and only impression of our town.  
 Unless at least 40 volunteers commit themselves to at least two hours of cleanup time on Saturday, April 21 the impression many people take away will not be of a neat, clean community that takes pride in its appearance.  
 Discarded bottles, cartons, and cans from weekend drinkers litter streets and road sides. Nature is especially generous with her wildflowers during Germanfest time but their beauty is nullified by the unwelcome litter left by people too lazy to find a trash can.  
 Also hours of labor put into the yards of most homes on a block can be caused to look shabby by one or two neighbors who won't put any effort into grooming their lawns and flowerbeds.  
 If you are proud of the community you live in then show it by sacrificing a few hours to help spill off the town. Think of how often you have wasted two or three hours watching meaningless television, lying in the sun tanning, sleeping later than necessary, or driving up and down the streets just to kill time. Motivate yourself by calling a friend or two and volunteer to work as a team. You can visit, exercise together, and feel good about accomplishing something positive.  
 Call City Hall (759-2236) and join the people who will show that they care on April 21.

**- COMMENT -**

by Dave Fette  
 Our readers may remember the national uproar (more correctly called a sensational media tidbit since the uproar didn't last very long), over the National Endowment for the Arts. Anyway, the following excerpt from the **Journal of the American Family Association** is included here to remind you and inform you of the gravity of the situation. I'll join the AFA editor in apologizing for the graphic nature of the material, but most of us don't get our attention aroused 'till we get smacked between the eyes with a 2x4.  
 So, what do you think about this smack? ... you're helping to pay for it!

**Tax dollars continue to fund anti-Christian, pornographic, pro-homosexual 'art' works**

*Editor's note: The following article contains material which some readers will find offensive. This article was reviewed by staff members at AFA, much explicit language was removed, and the decision was made that the content should remain in the article so that readers would know precisely how their tax dollars are being spent.*  
 The National Endowment for the Arts (NEA) is a federal agency which provides taxpayer funded grants, many of which support pornographic, anti-Christian "works of art". The NEA makes the grants available to members of the "arts" community and they are free to spend it without accountability to anyone for how it is spent.  
 The NEA has a current budget of \$171,000,000, which comes from your tax dollars. The list below is a sampling of "art" projects which the NEA has supported with funding.  
 • The NEA honored Andres Serrano with \$15,000 in tax dollars in competition sponsored by the NEA. Serrano's entry included a photo of Christ on a cross submerged in Serrano's urine. He named the "work of art" Pi- Christ.  
 • The NEA spent \$30,000 to fund the homosexual photographs of Robert Mapplethorpe. The exhibit included these photos: "Honey"—a girl about four years old with a sad, scared face, the focus of the camera is on the child's genitals below her uplifted dress; "Mr. 10 1/2"—a man crouched over, his sexual organ on a block; "Jesse McBride"—a shot of a nude boy, about eight, proudly displaying his sexual organ; one man urinating into another man's mouth; and one man with his fist and forearm up another man's rectum. *Time* magazine said that, had this not been supported by the NEA, the exhibitor could have been charged with distribution of child pornography.

The NEA makes the grants from their \$171,000,000 taxpayer funded budget without any accountability from those who receive it. NEA spokesman Josh Dare said that the NEA does not plan to set into place any accountability procedures in providing grants. "We have no power to suggest anything to them (artists) or to exercise any control over what they do with the money we've given them," Dare said.  
 Last year Senator Jesse Helms introduced an amendment in the Senate which would have prohibited the NEA from using your tax dollars to support such exhibits as those listed above. The Senate passed it overwhelmingly. However, when the amendment was brought up in the House of Representatives by Congressman Dana Rohrabacher (R-CA), Congressman Ralph Regula (R-OH) offered a motion which refused to allow the House to vote on the Rohrabacher amendment. By using a tactical parliamentary move, Rep. Regula refused to yield the floor to Rep. Rohrabacher and thus kept the amendment from being voted on. Rep. Regula's action succeeded in its intent, that of allowing the NEA to continue to receive their millions of tax dollars to fund such "works of art".  
 On the following page are 262 Congressmen who voted for Regula's motion, thus supporting the NEA in its abuse and misuse of tax dollars. We urge you to contact your Senators and Congressmen and ask that they vote against funding for the NEA. Their direct phone number is listed. Their address is: House of Representatives, Washington, DC 20515 and U.S. Senate, Washington, DC 20510.  
 We urge you to contact your Senators and Congressman and ask that they stop all funds to the NEA. It would help if you would make copies of this article and distribute them among your friends, Sunday School class members, church members, etc.

I was disgusted when I first heard about this mess, but shortly afterward I heard another story which led me to think that the offensive exhibits and exhibitors had been evicted from the program. Until some concerned friends brought the article to my attention, I didn't know it was only the tip of the stinking iceberg. Evidently, NEA still continues unchanged. Evidently, enough congressmen felt the NEA should continue on that they voted in support. Evidently, I don't know as much about the vote as they did or I might understand. **Bull!**  
 I happen to think that this trash is a serious assault on God and the structure of the traditional family. And those two realities - God and my family - are holding my world together, not the fantasies of Serrano and Mapplethorpe. Remember, the right to free speech stops when it damages others, and pornography, especially that which is publicly funded and promoted, is damage that we shaky humans can ill-afford.  
 One dozen Texas congressmen voted for the continued funding of NEA, including our own Charles Stenholm. Why? Why don't we ask them?  
 By the way, the items listed above are by far not the only ones funded by NEA. Believe me, there are many more disgusting. I have the whole article and the whole list of 262 representatives if you wish to see it. I hope some do.

**"Contraceptive" abortions in the '90s: the winds of death**

by Mrs. Jodie Brown, President, American Life League, Inc.  
 The United States is one of the few nations in the world which was founded on what some have described as a creed. The common name for this creed is the Declaration of Independence. This Declaration eloquently honors God and the gift of life with the following words:  
 "We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable rights, that among these are Life, Liberty and the Pursuit of Happiness..."  
 This Declaration, in which our nation's fundamental principles are eloquently stated, pays tribute to God as well as the Laws of Nature. It makes manifestly clear the point that no government may unjustly abrogate the unalienable right to life. This right is not a "single issue" but a first principle, a "self-evident" truth.  
 But today, in America, a new wind is blowing. If one takes care to read the printed word in any number of news publications, the message is clear and forceful: there is a segment of our population which has been separated, denied recognition, denied all rights - and in fact has been denied the reality of its biological presence.  
 Of course, I write of the children whose lives begin at fertilization. The children who, during pregnancy, rely upon their mothers to provide them with housing so that they can be about their business of growth and development.  
 Abortion, after 17 years, has "taken care of" these little people. They have become a footnote to the sexual revolution. They have become luxury items who can be written off by any number of procedures in a clinical setting. They are the ones who will eventually be eliminated by injectable or implantable chemicals or little white chemical pills, if the anti-baby forces have their way.  
 The new age of abortion in America - better killing through chemistry!

**Modern Medicine** recently contributed to this debate with a remarkable article entitled "RU 486: Preparing for the Abortion Drug." It points out that the women who will seek RU 486 will be the women who would prefer a noninvasive agent that induces abortion without encountering the crass reality of the abortionist and his tools.  
 This article suggests that RU 486 is effective during the first trimester of pregnancy, when used in conjunction with a prostaglandin analogue. What this means, in effect, is that 89.3 percent of the annual 1.34 million abortion-killing could be performed through the use of this pill.  
 The push is on in America to make this killer pill the abortion agent of the future.  
 Well, folks, before we get too far into the '90s, let's examine what this push toward BETTER KILLING THROUGH CHEMISTRY means.  
**L'Osservatore Romano**, the official Vatican newspaper, stated on Nov. 27, 1989, in a lead editorial entitled, "The Abortifacient RU 486," "The ultimate homage which error is accustomed to pay to truth, hypocrisy, has been paid ... It is desired to have recourse to abortion to an ever greater extent as a method of contraception (the most tragically effective method) because conscience has been dulled to such a degree that the slaughter of the most defenseless innocents is regarded as an act of freedom, indeed the greatest act of freedom, because by now their murder has become extremely easy."  
 So, when you read that the United States is lagging behind the rest of the world in contraceptive research, what you are really reading is that the death lobby wants Congress and the Food and Drug Administration to get behind RU 486, along with other such implantable and injectable human pesticides.  
 When Planned Parenthood claims at their regional conferences this year in Chicago, Boston and Los Angeles that better contraception will cut down on the number of abortions, what they will really be saying is that "better contraception" will simply do by chemical what surgical abortions have done in the past ... kill babies.  
 When Thomas Jefferson wrote his "Notes on the State of Virginia - 1781-1785," he commented, "Indeed, I tremble for my country when I reflect that God is just; that His justice cannot sleep forever."  
 Well, I'd like to pick up the phone right now, Mr. and Mrs. America, and ask Ben Franklin, Thomas Jefferson and John Adams: "Gentlemen, do you recognize the America you dreamt of when you wrote the Declaration of Independence? This America despises Nature's Law and its Author. This America does not accept the principle of equality for all. In fact, this America mocks the self-evident truths which you so eloquently set forth many years ago."  
 "There is no Peace and Happiness in America, Ben, Tom and John. There is only bloodshed. The difficulty is that the war is going on in the wombs of women. The blood is being shed in the shadows of death. The bodies are being thrust aside as though they were but trash on the floor."  
 "Please pray for America, Ben, Tom and John."  
 Jeremiah 1:5  
 "Before I formed you in the womb, I knew you ..."

**Forget the score!**  
 The Bible teaches us to replace evil thoughts with love. Rather than keeping a grudge alive, put love into your relationship with others.  
 "Love does not keep a record of wrongs."

**Don't Forget!!!**  
 Daylight Saving Time goes into effect Saturday night or Sunday morning at 2 a.m. Take your pick!! No matter!! That hour of sleep you lose can't be regained until Oct. 28. Remember to set your clock ahead, for the sake of your attendance at church services.

**Tex. Council accepting youth job applications**

The Texoma Council of Governments is now accepting applications for the Summer Youth Employment and Training Program which will begin June 18. SYETP is a federally funded program sponsored by the Department of Labor and the Texas Department of Commerce and locally operated by the Texoma Council of Governments.  
 Youth ages 14 through 21 may pick up application packets at their local high school or at the Texoma Council of Governments' JTPA office located at 10000 Grayson Drive (Grayson County Airport), Cooke County Courthouse in Gainesville or at the Education Plus Center, 513 N. Main, Bonham.  
 The SYETP program will serve approximately 289 youth in the three county area. Interested youth should complete the application process by May 1. For further information call Texoma Council of Governments at (214) 786-2955.

# Leroy Kupper dies on birthday

Leroy Joseph Kupper, a Lindsay native, and long-time resident of Rockwall, died in St. Paul's Hospital of Dallas on March 21, 1990. He was born in Lindsay on March 21, 1938, a son of Margaret (Neu) Kupper, now of Muenster and John Kupper, now deceased.

**LEROY KUPPER**

Kupper graduated from Valley View High School in 1956 and from the Department of Public Safety Academy in Austin in 1959. He was a member of the Air Force Reserve. He received an Associate Degree in Law Enforcement from Cooke County College and had been employed by the DPS for almost 31 years.

On Nov. 28, 1964 he was married to the former Virginia Wolf, daughter of the Bernard Wolfs of Muenster in Sacred Heart Church. He was a member of Our Lady of the Lake Catholic Church of Rockwall; a Choir member; a Eucharistic Minister and Lector of Our Lady of the Lake; a member of the Parish Council Building Committee; and was Grand Knight of KC Council No. 9937.

Survivors include his wife, Ginger (Wolf) Kupper of the home; two sons Joe of Austin and Tim of Rockwall and one daughter Kristen of College Station; his mother Margaret Kupper of Muenster; three brothers Tom Kupper of Lewisville, Jimmy Kupper and Billy Kupper, both of Valley View; two sisters Betty Rose Walterscheid and Joan Walterscheid, both of Muenster; his mother-in-law and father-in-law, Agatha and Bernard Wolf of Muenster, and a number of aunts, uncles, nieces and nephews.

Rosary and memorial services were held Friday, March 23 at 7:30 p.m. in Our Lady of the Lake Catholic Church in Rockwall with Father William Doran officiating. The Knights of Columbus honorary pallbearers assisted in leading the Rosary. Charles Stump of Rockwall presented Scripture Readings and

Resurrection." Joan Walterscheid and Linda Stump presented a duet: "How Great Thou Art." The OLOL Handbell Choir presented "Angeles I."

Offertory gifts were presented by Kupper's children Joe, Tim and Kristen. Scriptural Readings were given by Betty Rose Walterscheid. Eucharistic Ministers were Jerry Walterscheid and John Walterscheid of Muenster.

Pallbearers were fellow DPS officers: Garry Pollard, David Thompson, Sgt. John Hanna, Sgt. Neville Purgeson, Charles Gates and Eddie Keesee.

Honorary pallbearers were fellow Knights Thomas Stelmar, Dick Durbin, James Sinclair, Randy Wilson, Jack Harvey and Lupe Martinez.

The eulogy was presented by Trooper Charles Gates, DPS of Rockwall.

Approximately 80 DPS officers and employees served as honor guards outside the church as the body was taken from the church for interment in Sacred Heart Catholic Cemetery in Rowlett. On the seven mile route to the cemetery Rowlett police manned all intersections. Burial was under direction of Lyons Funeral Home of Rockwall.

At the cemetery, the Flag presentation ceremony was conducted by the DPS honor guard at the burial site.

Kupper's family suggested memorial contributions in lieu of flowers, to the Leroy Kupper Building Fund, Our Lady of the Lake Catholic Church, P.O. Box 191, Rockwall, Texas 75087.

Following the services, family and friends attended a meal in the Kupper's Rockwall home, served by the Our Lady of the Lake Women's Guild.

Friends and relatives attended from Muenster, Lindsay, Valley View, Gainesville, Lewisville, Dallas, Ft. Worth, Austin, College Station, Oklahoma City, Sherman, Mission, Garland, Decatur, Mesquite, Arlington, Marlin, Kaufman, Waco, Leveland, Sandy Lake, Terrell, Rockwall, Rowlett, Farmers Branch, Allen, Wylie, McAllen, Paris, Denton and Muenster.

the OLOL choir presented songs. Former KC Grand Knights presented Mrs. Leroy Kupper a plaque and membership in the Spiritual Union of Perpetual Adoration.

Fellowship followed in the church hall. Members of KC Council 9337 held an all night vigil and until the funeral service.

Funeral Mass of the Resurrection was offered at 11 a.m. on Saturday, March 24 in Our Lady of the Lake Catholic Church in Rockwall with Father William Doran as celebrant and Fathers Albert A. Cuschieki of Rowlett, Baltazar Szarka of Grapevine and Msgr. Hubert Neu of Arlington as co-celebrants and Deacons Bob Leicht and Ramon Noriega of Rockwall. Included with them in the entrance procession were Bob Saracy of Rockwall, cross bearer and Betty Rose Walterscheid carrying a Book of Liturgy.

Songs presented by the choir, of which Leroy Kupper was a member, included "Like a Shepherd," "On Eagles Wings," "Open Our Eyes," and "I Am the

**THE MUESTER HIGH SCHOOL Wood Shop classes, taught by Rudy Koesler, constructed 12 Back Boards for Cooke County EMS. Shown taking delivery at center, is Christine McCrory, paramedic. The two students are, at left James Hennigan and at right, Justin Ashley. He is the second time that the Wood Shop students constructed the Back Boards.** Janie Hartman photo.

## Fire destroys roof at Fischer's smokehouse

Fire had already burned through the roof of Fischer's smokehouse when it was discovered by Butch Fisher at around 12:20 a.m. Tuesday morning.

Only minimal damage was done to the building and there was no product loss according to Butch Fisher, co-owner of the business. A fire wall around the smoke room prevented more extensive damage.

The fire was caused by ash buildup in the vents of the smokehouse that probably ignited with a heat surge.

Muenster Volunteer Firemen were on the scene within five minutes. All 24 members responded and were on the scene for one and a half hours.

Flames were extinguished quickly, but Fire Chief Herbie Knabe reported that it took some time to cut back into the roof to where it quit burning. This was a precaution to make sure that there were no smoldering embers.

Fisher praised the volunteer firemen for their quick response. "Most were probably in a sound sleep since it was after midnight," said Butch Fisher. "It just shows how efficient they are."

## Lindsay School Board extends several contracts

by Elaine Schadt

The Lindsay school board extended by one year the three-year contract of Superintendent Glenn Hermes, and extended teacher contracts as recommended by the administration during their regular March meeting.

The board tabled a decision about whether the Cooke County Appraisal District or the county will collect the district's taxes beginning October 1. The two-year period approved by voters to have the county collect the taxes is due to expire, so all taxing entities in the county must decide which agency will continue the taxes. The board decided to do more research on the item, and will check to see what other school districts and taxing entities are doing before making a final decision.

In other business the board: -Approved and signed the final deed of Knight Drive, turning the street over to the City of Lindsay for maintenance and upkeep.

-Cast ballots for the Region 11 Education Center Board of Directors.

-Approved a tentative school calendar for 1990-1991. Teacher

in-service will begin August 20 with school set to start August 28.

-Set the date for the all-awards banquet for 7 p.m. March 13 in the school cafeteria.

-Voted to replace the floor in the gymnasium with a urethane-type flooring. Estimated cost is \$30,000 with work due to be completed this summer.

-Set graduation for May 27 on the football field.

-Approved and signed the textbook committee report.

-Decided to continue the summer driver's education program, with cost depending upon the number of students that participate.

### A TRIBUTE TO SERGEANT LEROY KUPPER

On behalf of the Department of Public Safety, myself and my colleagues, I would like to tell you a little bit about Sergeant Leroy Kupper and his professional background with the Department of Public Safety.

Although he may not have realized it at the time, Leroy Kupper accepted a call to the Ministry (of Law Enforcement) in 1959. That was the year he filled out his application to become a patrolman with the DPS.

He entered the Academy in Austin along with eighty-eight other student patrolmen on August 4, 1959. He graduated four months later, along with only forty-four of the original class... and was assigned to the Driver License Service in Houston, Texas.

I have been told by some of those who were in the academy with him that he was not the fastest runner - but, he was not the slowest either. He was not the biggest in stature - but, he was not the smallest either. I was also told that if they had elected a class favorite, Leroy Kupper would have been voted number one.

He got along with everyone. Everybody liked Leroy Kupper in that class. He never met a stranger. And over the years he remained close friends with his classmates, of whom about twenty-one are still working for the Department today. He served the people of the State of Texas for almost thirty-one years.

- He made a difference, wherever he was -

Except for a six month military leave of absence, in December of 1960, he was in the Driver License Service in Houston for his first four years with the DPS. Then in 1963 he transferred to the Highway Patrol Service in Dallas. He worked there until 1966 when he transferred to the Lewisville Highway Patrol.

Leroy worked in Lewisville until he was promoted to Sergeant and assigned to Corpus Christi in November of 1972. He supervised the Highway Patrolmen in Corpus Christi for four years until he transferred back to the Dallas Region where he supervised the Highway Patrolmen in Kaufman County.

That is when I first met Sergeant Kupper. After being around him for a little while, I knew he was a good man and I hoped I would some day have the opportunity to work for him. It was only a couple of years later when that wish came true. He transferred to the Garland office where he supervised the troopers in the Duty Office at Regional Headquarters where I worked, as well as the Highway Patrolmen in Rockwall County.

He was the kind of a man who told you what was on his mind. But, he stood behind the men who worked for him. If you were right, he would back you all the way. On the other hand, if you were wrong, he would tell you so, and expect you to do better next time.

He was the kind of a man who could be tough when the situation called for a strong hand. He wouldn't back down until he got the job done. When battle lines were drawn - when things got rough - as they sometimes do in our line of work - it was a very good feeling to have Sergeant Kupper in your corner. He was the kind of a man that any trooper would like to have as a partner.

On the other hand, he was also the kind of a man who could be compassionate when the situation called for a gentle approach. I was with him on several occasions when he found the words to comfort those who had lost loved ones taken in some kind of an accident. He also knew how to relate to children as well. Youngsters would come into our office with their parents and they might have been scared of the police and had tears in their eyes, but, after they met Sergeant Kupper, when they left they had a smile on their face, a DPS coloring book in one hand and a DPS Junior Trooper badge on their chest.

- He made a difference, wherever he was -

On Wednesday afternoon, upon hearing that Sergeant Kupper had passed away, my heart skipped a couple of beats. My initial reaction was a sense of relief... relief that his pain and suffering was now over... relief that the suffering of his family would soon be eased... relief that the suffering of his larger DPS family would also soon be over.

My second reaction was that of remorse... remorse because I was painfully aware that I would not get the chance to see him again... the chance to work with him again... or the chance to tell him I loved him.

Only a few of you here today got a chance to see him after his last day at work on the 24th of January. I guess what I am trying to say is that all of us need to leave here today with the firm resolve to let the members of our family know that we love them and appreciate them. Let your friends and co-workers know that you love them and care for them too.

Let me leave you with this thought. I realize that we must all have and deal with our feelings of loss, our feelings of remorse. But I also know that he would not want us to dwell on those kinds of feelings. Because we do have something to celebrate today. A rare thing happened to Leroy Kupper this week... he left this world on the same day of the year that he came into it.

Wednesday, March 21st was also his 52nd birthday. And I know that he would want us to celebrate the beginning of his new life. In my heart and in yours too I am sure, he has passed on to a better world. And I know too that he left this world a better place than he found it.

- He made a difference, wherever he was -

Charles Gates,  
Department of Public Safety  
Garland, Texas

## NET plans completed

The arrival of the National Evangelization Team will be on Tuesday, April 3. The team is reportedly looking very forward to serving the Muenster community and is eager to be here. Finalized plans are:

Wednesday, April 4 - CCD Twilight Retreat, 5:00 to 9:00 p.m.

Thursday, April 5 - SHS Day Retreat.

Friday, April 6 - Junior High Rally, 7:00 to 10:00 p.m., at S.H. Community Center.

Saturday, April 7 - JAM and FLAME retreat, 6:00 to 9:00 at the K of C Hall.

Sunday, April 8 - Confirmation Retreat (required by sacramental formation programs) at S.H. Community Center, 12:30 p.m. to 7:30 p.m.

Local families have invited the team, comprised of six men and six women to stay in their homes. For more information, call Emily Klement, Youth Director, Sacred Heart Parish, 759-2511, Ext. 44.

## Hospital Dismissals

March 14 - Robert David Powell, Myra.

March 16 - Darrell Gary Hess, Muenster.

March 18 - Nellie Owens, Saint Jo (expired).

March 21 - Lucille Voth, Muenster.

March 22 - Kathleen Ann Vogel, Myra.

## McCain, Williamson in Representative race

by Elaine Schadt

Republican Kyle McCain of Lake Kiowa has passed the first hurdle in the District 63 Representative race for the Texas Legislature, and will face incumbent Democrat Ric Williamson of Weatherford in the November general election.

McCain easily defeated his Republican opponent, David Kubosh of Weatherford, in this month's primary election. Williamson ran unopposed in the Democratic primary. The winner of the District 63 seat will represent

sent Cooke, Wise and Parker counties in the Texas Legislature for the next two years.

In Cooke County, McCain received 930 votes to 214 for Kubosh. In Wise County, McCain received 599 votes to 270 for Kubosh. McCain won in Kubosh's own county of Parker by an almost 2-to-1 margin, taking 2,066 votes to 1,210 for Kubosh.

Williamson, running unopposed, received 4,837 votes in Parker County, 4,677 in Wise County and 2,733 in Cooke County.

McCain, who is community manager of Lake Kiowa, feels his 12 years of business experience in Texas city management will qualify him for the Dist. 63 position. He favors giving local school districts more control and would like to eliminate many of the rules and state mandates now facing public schools in Texas. Another issue of concern to McCain is health care.

Williamson, who said he will not do any major campaigning until the Texas Legislature completes work during any and all special sessions on education, sees public education, the environment, health care and the public debt as major concerns for Texas in years to come. He is in favor of replacing the property tax in favor of broadening the sales tax, and believes that government should not borrow money to finance ongoing budget needs.

**FIVE RED OAK TREES** were planted by the students of Muenster High School to mark the observance of Arbor Day. Dana Wimmer, Student Council President, addressed the crowd of students, teachers and parents present. She is shown with Principal Bert Gibbs, who assisted with the project.

Photo by Yancy Culp

## Arbor Day observed

On March 23, the student body of Muenster ISD observed Arbor Day with a ground-breaking ceremony.

After an introduction given by Mr. Bert Gibbs, counselor, Dana Wimmer, president of the Muenster High School Student Council, presented a speech to high school, junior high, and elementary students. Her presentation began by informing the students of the history of Arbor Day and ended with the planting of a Red Oak tree.

This project was planned by the Student Council in cooperation with Mr. Gibbs. Five trees were planted, and each tree was donated by five different organizations. The organizations are: the National Honor Society, Student Council, Band, FHA, and FFA. As Dana Wimmer said in her speech, "We wish to dedicate these trees to our future, and we hope that in the years to come they will last and grow as a tribute to our concern."

## SH students raise money for St. Jude's Hospital

St. Jude's Children's Research Hospital Math-A-Thon, sponsored by Sacred Heart School, was brought to completion at an awards ceremony in the school cafeteria. Students in grades Kindergarten through 8th raised a total of \$2,102.85.

"A big congratulations and a heartfelt thank you is extended to all those students who put in their time and effort at doing the math problems required, getting sponsors, and collecting the money. Of course, not to be forgotten are those who donated to St. Jude CRH through the Math-A-Thon. Your generosity is very much appreciated," said Eric Gray, coordinator of the event.

St. Jude's deals primarily with childhood terminal illness, such as leukemia. Cancer survival has climbed from 5% to 60% since 1962 due to the efforts of the doctors and staff at St. Jude CRH. The knowledge gained at St. Jude CRH is not kept secret, either. St. Jude CRH gladly and willingly shares all successes gained with the medical world.

Support to St. Jude CRH is a ray of hope given to all children who suffer from seemingly insurmountable illness. Even though the technology and knowledge gained at St. Jude CRH isn't always enough, any and all support given them enables their progress to continue, and the ray of hope to children grows brighter. Danny Thomas, the founder of St. Jude CRH in 1960, has summed up the

mission of the hospital in a few words, "That children should die before their time is, to me, simply unacceptable."

Sacred Heart's contribution to St. Jude CRH is now over \$6,000 in the past three years. As a reward to all 124 students who participated in the Math-A-Thon, Principal Jack Murdock granted a blue-jean day for Thursday, March 29.

The SH participants were: Mattie Sicking, Eric Bayer, Toby Walterscheid, Luke Endres, Jeremy Yosten, Ashley Hess, Kristen Yosten, Jacob Endres, Kacy Endres, Kindergarten; Dana Miller, Diane Becker, Jeff Hess, Jacqueline Bartush, Nicholas Taylor, Keith Felderhoff, Amy Hilton, Jessica Koesler, Charlie Moster, Jonathan Yosten, Melanie Bartush, Jeff Hartman, Holly Hartman, Travis Bayer, 1st; Matthew Nasche, Anne Flusche, Stephen Hofbauer, Kristen Knauf, John Flusche, Jessica Berres, Gina Yosten, Lee Skinner, Kristen Creed, Kayla Felderhoff, Joshua Luke, Michelle Fuhrmann, Joanna Gehrig, Jo Sparkman, Adam Klement, Debra Dangelmayr, Jennifer Hess, Jaclynn Henschel, Kristin Grewing, Joshua Walterscheid, Andrea Bartush, Kelly Felderhoff, 2nd; Deann Felderhoff, Stephen Bartush, Debra Voth, Russell Fette, Stephanie Hess, Courtney Grewing, Patrick Miller, Joe Becker, Amy Truebenbach, Duncan Campbell, Jesse Luke, Aman-

da Mollenkopf, Betty Trevino, Joseph Reiter, 3rd; Shauna Endres, Elizabeth Fuhrmann, Waylan Hess, Jeffrey Yosten, Amanda Wimmer, Brandon Grewing, Yvonne Martin, Tammie Hennigan, Aaron Hess, Crystal Klement, Angel Sicking, Trisha Endres, Valerie Bartush, Jonathan Grewing, Laura Klement, David Hesse, Matthew Fuhrmann, Rebecca Endres, 4th.

Tanya Knauf, Jennifer Campbell, Michael Flusche, Jody Felderhoff, Douglas Novak, John Barush, Joel Schilling, Paul Swirczynski, Jill Hess, Greg Fisher, Gregg Flusche, Tara Yosten, Leslie

Grewing, Bart Sicking, Dobe Fleitman, 5th; Joseph McCoy, Vanessa Felderhoff, Heath Bayer, Scott Poole, Toby Hess, Nicole Endres, Michael Becker, Bradley Fisher, Jake McCoy, Joey Martin, Karri Endres, 6th; Alison Knabe, Loretta Reiter, Jason Hess, Kristen Fleitman, Stephanie Grewing, Jennifer Fuhrmann, Michael Schilling, David Moster, Sarina Fuhrmann, Tammie Fleitman, Tiffany Fisher, 7th; Chris Pagel, Erica Schilling, Donetta Hess, Kelly Bayer, Amy Fisher, Kelly Dangelmayr, Brian Rohmer, DeAnna Hess, Michael Grewig, Jeremy Bayer, 8th.

## Extension Homemakers have seafood luncheon

A program on "Seafood Delights" and a luncheon were highlights of the March 14 meeting of Muenster Extension Homemakers with Adeline Sicking as hostess in her home.

Lucille Lutkenhaus and the hostess prepared Texas shrimp slaw and shrimp and crab gumbo over rice. The hostess added dessert and the meal was served to

17 members. During business conducted by Dorothy Fisher, president, members made plans to attend the district meeting. Mmes. Fisher, Sicking and Lutkenhaus were named delegates.

The April meeting will have Sue Wieler as hostess and Evelyn Yeatts, Extension agent, as program presenter.

## McKinney holds Mom's Day at the museum

For those people who have not had an opportunity to tour Chestnut Square Museum in downtown McKinney now is the opportunity for you. This will be the third annual "Mom's Day at the Museum" sponsored by the Denton County Historical Museum. Everybody is to meet at the First State Bank parking lot on Thursday, May 10 and leave at 10:00 a.m.

The tour will be followed by a catered lunch at the museum for \$12.50 if there are enough people. This price includes the tour, lunch and mini-vintage style show. If there aren't enough people, lunch will be served at a nearby

restaurant in downtown McKinney and the tour will return to the First State Bank parking lot by 2:15 p.m.

Please call (817) 383-8073 and make reservations now. The cost of the tour of four homes is \$2.00. Some people may decide to tour the museum and not stay for lunch.

## SHS Spanish Club visits San Antonio

The Sacred Heart Spanish Club took a privately sponsored field trip to San Antonio for St. Patrick's Day weekend. The group left Muenster on Saturday morning, March 17, and stopped enroute at the Inner Space Caverns in Georgetown for an interesting tour of the recently discovered cavern. That evening in San Antonio, the students toured the Alamo and the Riverwalk, and dined outdoors at the Casa Rio Restaurant.

On Sunday morning the students had breakfast at the famous Mi Tierra Cafe at El Mercado. Later they traveled to the Buckhorn Saloon Museum for a tour of the fabulous game trophies. At noon the students attended the Mariachi Mass at Old Mission San Jose where they were singled out for recognition during the liturgy by the pastor. In the afternoon the Spanish Club members attended a fiesta at El Mercado. Sunday evening the group went to the top of the Hemisfair Tower for a breathtaking view on the city by night.

On Monday morning the students returned to Muenster via Southwest Texas State University, where they received a briefing on SWTSU, and career opportunities in Environment and Geography. Chaperones for the trip were Mr. and Mrs. Harold Flusche and Mr. Joe Caserta.

## Fourth Grade News

Last week, Mrs. Alsop eliminated Oral Reading, the three main students are Melissa Biffle, Andrea Klement and Becky Fette. Kristine Hartman is alternate. The class is taking achievement tests March 27-29.

On every teachers' door, there is a piece of paper. Students may write nice notes to different teachers. A Famous Texans Play was seen in the other fourth grade class.

Reported by Kristine Hartman, Angela Russell, and Jerry Stoifels

## Münster commended on mastery of TEAMS

Münster ISD was the recipient of a Certificate of Achievement by the Texas State Board of Education for exceptional performance in Mastery on all sections of the Texas Educational Assessment of Minimum Skills (TEAMS) for the school year 1988-89.

The certificate was accompanied by a letter of commendation from W.N. Kirby, commissioner of education, and Monte Hasie, chairman of the State Board of Education, to Charles Coffey, school superintendent, and the staff of Münster Public School for the effective leadership, hard work, and dedicated efforts that contributed to this high caliber of student performance.

Another letter from William L. Hudson, Wichita Falls, Dist. 14, on behalf of the Texas State Board of Education, congratulated the school on its exceptional performance of student mastery on the TEAMS test. He also recognized the staff, students, and parents for their commitment to educational excellence.

## Provincial visits with local fraternity members

To close the afternoon, local terterians served a sit-down meal to 14 present. The main table centerpiece was an arrangement of fresh purple iris with a statue of St. Francis of Assisi, the fraternity's patron.

Fraternities visited with local members of the Muenster Fraternity. The main table centerpiece was an arrangement of fresh purple iris with a statue of St. Francis of Assisi, the fraternity's patron.

## Great Texas Trash-Off is March 31!

Do you realize what a difference it makes when you go out and pick up litter? Not only are you cleaning up your highways, but you are also cleaning up the attitudes of would-be litterers. They see the sweat of your labor and think twice about tossing trash on the highway.

To date, Texas has 3,450 fellow Adopt-a-Highway groups. Last year 29,000 volunteers picked up 1.2 million gallons of trash on Texas highways during one weekend pick-up. This year nine states have joined Texas in their effort to free the highways of litter to make the weekend of March 31, The Great American Trash Off.

The Münster 4-H Club invites their members, parents, brothers and sisters to join them on Saturday, March 31 at 1:30 p.m. on Highway 82 East at the edge of town by the Münster 4-H Adopt-a-Highway sign to make this our biggest and best effort ever.

Donuts and cold drinks will be furnished afterward.

## The sad truth about CD's...

**They can't give you 9.48%\* tax-deferred.**

A tax-deferred annuity from Prudential-Bache offers you the opportunity to watch your money grow without the impact of current taxes. And tax-deferred annuities are the only investment that provide you with safety of principal and tax-deferred competitive yields, guaranteed by the issuing company.

Unlike other investments you pay no current income tax. Instead, your money is busy earning 9.48% interest, without being reduced by taxes.

# Change needed in measles vaccination policy

Since the measles vaccination became available in the late 1950's people have (sometimes erroneously) felt secure in the knowledge that one shot gives them immunity from measles (rubella) for life. As of Dec. 29, 1989 the Immunization Practices Advisory Committee (ACIP) has revised their recommendations on Measles Prevention.

The recommendations include a basic change in the routine childhood vaccination schedule from a one-dose to a two-dose schedule using combined measles - mumps-rubella (MMR) vaccine. Measles frequently is complicated by middle ear infection of bronchopneumonia. Encephalitis occurs in approximately one of every 1,000 reported cases and those who survive this complication often have permanent brain damage and mental retardation. Death occurs in one of every 1,000 reported cases and is usually caused by respiratory and neurological causes. The risk of death is greater for infants and adults than for children and adolescents.

In 1978 the Department of Health, Education, and Welfare initiated a program to eliminate measles from the U.S. by October, 1982. As a result of these efforts the number of reported measles cases dropped to an all-time low of 1,497 in 1983. The numbers began to climb after that and still continue to rise. Texas is now suffering outbreaks in many counties, including Cooke County.

Persons are considered immune to measles if they were born before 1957; have documentation of physician-diagnosed measles; have laboratory evidence of immunity to measles; or have documentation of adequate vaccination. Eventually, adequate vaccination will be defined as receipt of one dose of live measles vaccine on or after the first birthday for children before they enter school and two doses of measles on or after the first birthday for children who are entering or have entered school.

Persons vaccinated with live measles before their first birthday should be considered unvaccinated because transplacental maternal antibody persists beyond the first birthday in some children and interferes with the response to the vaccination.

Live attenuated Edmonston B vaccine (distributed from 1963-1975) was usually administered with immune globulin (IG) or high-titer measles immune globulin (MIG; no longer available in the United States). This vaccine, administered on or after the first birthday, is acceptable as an effective first dose of vaccine. A second dose should be administered as recommended above.

From 1963 to 1967 an inactivated or killed measles vaccine was available in the United States. Some persons who received inactivated vaccine are at risk of developing severe atypical measles syndrome when exposed to the natural virus. They should see their physician for a series of doses spaces as recommended by the ACIP.

The same recommendations for revaccination apply to persons vaccinated between 1963 and 1976 with vaccine of an unknown type since they may have received inactive vaccine.

Persons vaccinated with an unknown vaccine after 1967 need not be revaccinated routinely unless there is a measles outbreak; or the original vaccine occurred before their first birthday or was accompanied by IG or MIG. Also revaccination is called for if they are entering college, beginning employment in medical facilities, or planning international travel.

Live measles vaccinations are not recommended for some people such as pregnant women, some people with anaphylactic reactions, and people on immunosuppressant drugs. These people are dependent on the diligence of others in getting their vaccinations on schedule and the immediate

notification by anyone who contracts the measles and has had contact with them. IG can prevent or modify measles in a susceptible person if given within six days of exposure.

**Note:** Women who take the vaccine must not be pregnant and

should not plan a pregnancy for at least three months after receiving the vaccine. This is very, very important!

See chart below for updated recommendations for measles vaccination and for measles outbreak control.

**TABLE 1. 1989 Recommendations for measles vaccination**

Routine childhood schedule, United States	
Most areas	Two doses** -first dose at 15 months -second dose at 4-6 years (entry to kindergarten or first grade)
High-risk areas†	Two doses** -first dose at 12 months -second dose at 4-6 years (entry to kindergarten or first grade)†
Colleges and other educational institutions post high school	Documentation of receipt of two doses of measles vaccine after the first birthday* or other evidence of measles immunity**
Medical personnel beginning employment	Documentation of receipt of two doses of measles vaccine after the first birthday* or other evidence of measles immunity**

\*Both doses should preferably be given as combined measles, mumps, rubella vaccine (MMR).  
 †No less than 1 month apart. If no documentation of any dose of vaccine, vaccine should be given at the time of school entry or employment and no less than 1 month later.  
 ‡Some areas may elect to administer the second dose at an older age or to multiple age groups (see "Age at Vaccination").

\*A county with more than five cases among preschool-aged children during each of the last 5 years, a county with a recent outbreak among unvaccinated preschool-aged children, or a county with a large inner city urban population. These recommendations may be applied to an entire county or to identified risk areas within a county.

\*\*Prior physician-diagnosed measles disease, laboratory evidence of measles immunity, or birth before 1957.

**TABLE 2. Recommendations for measles outbreak control\***

Outbreaks in preschool-aged children	Lower age for vaccination to as low as 6 months of age in outbreak area if cases are occurring in children <1 year of age†
Outbreaks in institutions: day-care centers, K-12th grades, colleges, and other institutions	Revaccination of all students and their siblings and of school personnel born in or after 1957 who do not have documentation of immunity to measles†
Outbreaks in medical facilities	Revaccination of all medical workers born in or after 1957 who have direct patient contact and who do not have proof of immunity to measles†. Vaccination may also be considered for workers born before 1957. Susceptible personnel who have been exposed should be relieved from direct patient contact from the 5th to the 21st day after exposure (regardless of whether they received measles vaccine or IG) or—if they become ill—for 7 days after they develop rash.

\*Mass revaccination of entire populations is not necessary. Revaccination should be limited to populations at risk, such as students attending institutions where cases occur.  
 †Children initially vaccinated before the first birthday should be revaccinated at 15 months of age. A second dose should be administered at the time of school entry or according to local policy.  
 ‡Documentation of physician-diagnosed measles disease, serologic evidence of immunity to measles, or documentation of receipt of two doses of measles vaccine on or after the first birthday.

## Confirmation received by five at St. John's

by Elaine Schad

Five young people received the Sacrament of Confirmation on Sunday, March 25, at St. John's Catholic Church in Valley View.

Most Rev. Joseph Delaney, bishop of the Diocese of Fort Worth, administered the sacrament. He was assisted by St. John's Pastor, Rev. Harry Fisher, who presented the candidates, and by Deacon Robert Stuart.

Those confirmed and their sponsors included, Allison Canterbury, whose sponsor was Joe Canterbury, Sr.; Glenn Hacker, with sponsor E. J. Schad; John Pazona, with sponsor John F. Pazona; Jay Prescher, with sponsor Charles Fleitman; and Sharon Rauschuber, with sponsor Karen Smith.

In his homily, the Bishop charged the candidates and the congregation to fulfill the challenges of the sacrament by being witnesses of Christ and the Good News. He then led the candidates in a renewal of their baptismal promises and extended his hands over them, praying for an outpouring of the Holy Spirit.

The entrance hymn was "Sing Joyfully Unto the Lord,"; the offertory song was "Whatever You Do,"; the communion song was "Prayer to St. Francis"; and the closing hymn was "Let There Be Peace On Earth."

During the offertory procession, the candidates brought gifts that represented the growth of their spiritual life in the Church. Glenn Hacker brought his baptismal bib, baptismal certificate and his rosary from First Communion. Jay Prescher brought his prayer book from First Communion. John Pazona brought a rosary, while Sharon Rauschuber and Allison Canterbury brought the bread and wine to be offered.

Allison Canterbury gave the first reading, Mysti Hilliard, who had been confirmed but who is a member of the high school religious education class, gave the second reading. John Pazona and Sharon Rauschuber led the petitions following the Confirmation.

Eucharistic ministers were John Kubicek and Nancy Krahl. Organist was Kay Neu. Altar Boys were Jeremy Prescher and Greg Hacker, brothers of two of the candidates. Usher was Jimmy Prescher, Jay's father. Flower arrangement was done by Barbara Hacker, mother of Glenn. Margie Hilliard made the Confirmation banner, and Elaine Schad is the group's teacher.

Following the Mass, the newly-confirmed were honored with a

dinner in the parish hall, sponsored by the Altar Society. Margie Devers made a confirmation cake, decorated with a dove and including the names of those confirmed.

## Community Gospel Singing set for March 31 in Myra

Community Gospel Singing will be at the Myra Community Center Saturday, March 31 at 6:30 p.m. Everyone is invited to hear the wonderful music offered up to the Lord.

If anyone wishes to bring a group, sing or play an instrument, please call 759-2810 after 6:00 p.m. to get a place on the schedule.

No admission will be charged. Refreshments will be served.

**The Sand Dollar Cross**

One of the most widely known and popular of all shells, the Sand Dollar, has been combined with the Cross to tell the story of Christ's suffering and glory. Legend has it that the five holes in the Sand Dollar shell represent the five wounds of Christ. The Easter Lily is on the front and in its center a five-pointed star representing the Star of Bethlehem. On the back is the shape of a Christmas Nativity reminding us of Christ's birthday. Inside the shell are five pieces resembling the Doves of Peace and Good Will. A beautiful interpretation by J & C Ferrara.

# Five Cub Scouts awarded Parvuli Dei

Sacred Heart Parish and Muenster Cub Scout Pack 664 were represented when several Cub Scouts were among those receiving religious awards in a special ceremony held at Saint Patrick's Cathedral Sunday, March 11 at 2:00 p.m.

Five Cub Scouts were presented awards by the Most Rev. Bishop P. Delaney. Parvuli Dei emblems were presented to Glen J.

Dangelmayr, son of Joe and Pam Dangelmayr; Matthew Muller, son of Chris and Doris Muller; James Felderhoff, son of August and Loretta Felderhoff; Erik Walterscheid, son of Kenneth and Alice Walterscheid; and Lucas Hartman, son of Roy and Irene Hartman. Billy Hellman also completed requirements for the award but was unable to attend the special ceremony.

The Parvuli Dei (children of God) medal is a project undertaken by the boy and his family. The purpose of the emblem is to help young boys explore a wide range of activities in order to discover the presence of God in

their daily lives as members of their family and parish, and also to develop a good positive self-image through contribution they can make to the group or community.

# Blood Drive collects 75 pints for Red Cross

American Red Cross workers from the Red River Region spent Thursday, March 22 in Muenster collecting blood from local donors to help replenish blood supplies made available to patients in the 42 hospital which it serves.

joined donors in the one gallon club.

Assisting Red Cross workers were medical personnel Dorothy Hartman, Florence Fisher, and Marlene Fisher. Frances Bayer was present to help with the typing and Beta Kappa members assisted in all areas where needed.

There were 79 potential donors, but four were deferred and 75 pints were collected. The drive was five short of its goal of 80 pints.

Pam Fette and June Bartush, Beta Kappa members, served as coordinators for the Blood Drive. Home-made cookies and orange juice were furnished by Beta Kappa members.

Donors reaching two gallons were John Walterscheid of Muenster and Jim Beam of Royal Oak, Michigan. Mark Mollenkopf

# Muenster Girl Scouts receive religious awards

On Sunday, March 11, at St. Patrick's Cathedral in Ft. Worth, four Muenster Girl Scouts and one adult received religious recognitions from Bishop Joseph P. Delaney.

Mary as a model of openness and spirituality, a woman of the Church. Marian Medal recipients were Julie Walterscheid and Ashley Hartman of Girl Scout Troop 43.

From its beginning, the scouting movement has encouraged its members to be faithful in the practice of their religion. The scouting organization does not define what constitutes belief in God or the practice of religion.

The product of their intensive study of the life of Mary, was a project booklet illustrating the different activities in which the girls participated. Jeanne Greathouse was counselor for the girls.

The requirements for the emblems are determined by the Catholic Church and administered by the Catholic Committee on scouting in the diocese. A boy or girl works with a counselor and may spend from six to 12 months completing the requirements.

Jeanne Greathouse received the St. Anne Medal, the highest religious recognition awarded to an adult, in recognition of her outstanding contribution and service to the program of Catholic Scouting. She has been counselor for scouts working on the Marian Medal, both in this and previous years, and has been instrumental in promoting the Catholic awards program in this community.

Amanda Russell and Vanessa Felderhoff of Girl Scout Troop 495 received the 'I Live My Faith' award. This recognition is a program for girls ages 9-11 which is planned to help the girl more deeply appreciate the place of God and religion in her life.

Mrs. Greathouse is a troop leader for senior Girl Scout Troop 53 in Muenster and has worked extensively as sponsor for the Sacred Heart Student Council. She has been involved in the "Rainbows for All God's Children" program and other youth projects at Sacred Heart parish in Muenster.

The girls explored their heritage by doing a family history, seeing God's gifts in the world around them, and sharing with family and friends. They grew in the relationship of their religion in the parish, community, and family.

Each girl prepared a project booklet showing the activities she completed for the recognition. Sister Monica Swirczynski, OSB was the adult advisor for Amanda and Vanessa.

The Marian medal program is for girls ages 12-15, involving participants in an understanding of

## Pvt. Daniel Knabe completes course on wheel vehicle repair

Pvt. Daniel L. Knabe has completed a wheel vehicle repairer course at Aberdeen Proving Ground Md.

Students were taught troubleshooting, replacement, and adjustment of components and adjustment of components and assemblies of wheeled vehicles. Use of publications, tools, and diagnostic equipment also were included in the training.

He is the son of Elizabeth F. Gibbs and the stepson of J.D. Gibbs, Jr. of Rural Route 2, Muenster, Texas.

## Webelo Scouts and parents participate in Pinewood Derby

On March 9, Webelo Cub Scouts and a parent met at Whaley Methodist Church for the first annual Parent and Son Pinewood Derby. Each parent and boy received a pinewood car kit and were required to build a car for racing. The boy's cars had to follow the instructions provided with the kit. The parent's car was allowed to have anything goes design except it had to stay within the 5 oz. weight limit.

There were seven boys and their parents participating. The race was a double elimination tournament with Cub Scouts racing Cub Scouts and parents racing parents.

The Grand Champion car for the Cub Scouts belonged to Richard Haayen of Gainesville; second place went to Evan Dawson of Valley View; and third place was won by James Felderhoff of Muenster. In the parent bracket, Grand Champion was won by Sam Dawson of Valley View; second place was won by Jerry McKowan of Gainesville; and third place went to Shirley Knabe of Muenster.

The boys' cars were also judged for the best design. This award was presented to Richard Haayen.

## Mamie Breeding, H.L. Case married here March 24

The wedding of Mamie Lee Breeding of Dallas and H. L. Case of Gainesville was held Saturday, March 24 at 4 p.m. in the home of the bride's sister and brother-in-law, Mr. and Mrs. Urban Endres of Muenster.

Dr. Harry Roark of Gainesville officiated for the ceremony in the presence of the couple's immediate families, including the bride's son, Bob Breeding of New York.

The bride wore a pink suit with silver accessories. The Endres home was decorated with pink floral arrangements and lighted candles. Champagne and a buffet of pick up foods were served following the ceremony.

After a wedding trip to Las Vegas, the couple will be at home at 907 S. Rusk St. in Gainesville.

**April 2-6**  
**LUNCH:** Stuffed Weiners with Cheese, creamed potatoes, pinto beans, kraut, peaches, bread, milk.  
**BREAKFAST:** Cereal, juice, milk.  
 Tues. - **LUNCH:** Frito Pie, green beans, corn, vegetable salad, peach and blueberry cobbler, bread, milk. **BREAKFAST:** Rice, toast, juice, milk.  
 Wed. - **LUNCH:** Chicken and Dumplings, English peas, buttered carrots, pears, bread, milk. **BREAKFAST:** Cinnamon Toast, juice, milk.  
 Thur. - **LUNCH:** Lasagna, blackeyed peas, English pea salad, cherry delight, bread, milk. **BREAKFAST:** Donuts, juice, milk.  
 Fri. - **LUNCH:** Nachos, Spanish rice, refried beans, banana pudding, pickles, bread, milk. **BREAKFAST:** Biscuit & Gravy w/ Sausage, juice, milk.

# Week of Young Child observed April 1-7 by SHS

Sacred Heart School's, Pre-School, Kindergarten and first grade will focus on the critical importance of early childhood years in education in programs and activities planned for the week of April 1-7.  
 On Monday, April 2 at 8 a.m. in Sacred Heart Church, the eighth grade will plan the opening

liturgy to involve the little ones, including Pre-school.  
 On Tuesday, April 3 at 9 a.m. the kindergarten will have a field trip to Arnold Knabe's dairy. At 9:45 the Pre-School will have a field trip to Jerry and Billie Fleitman's farm. At 10:00 a.m. the first grade will have a field trip to Muenster City Hall. Also at 10

a.m. the Pre-School will have a "Celebration of Life" for Lisa Felderhoff. At 1 p.m. the first grade will have a field trip to the office of Gerald Graham DDS.  
 On Wednesday, April 4 at 11:15 the kindergarten will be treated to a picnic in the park, and a balloon release. Parents and grandparents are invited to bring a sack lunch and remain for fun and games at Muenster Park.

The first grade will visit at Muenster State Bank on Thursday, April 5 at 8:30 a.m., and at 9 a.m. the kindergarten will visit at Muenster Telephone Company.  
 The Artfest will be held under the pavilion, 1:30-3:30, planned and manned by 7th and 8th graders. Snacks and art activities will be 25 cents each and proceeds will benefit the Pre-School Project Fund, sponsored by the Pre-School Parent Group. The Artfest is open to the public and elementary school students will be allowed to participate.  
 On Friday, April 6 at 8 a.m. kindergarten children will renew their Baptismal Vows and the liturgy will be presented by the kindergarten class. A reception will follow in the cafeteria. Parents and grandparents are invited.

Special activities for the pre-school are on Monday, April 2, 8 a.m. - participation in the opening liturgy in church. At 10 a.m. there will be a "Celebration of Life" for Lisa Felderhoff. On Tuesday, April 3 at 9:45 a.m. the pre-school will have a field trip to Jerry and Billie Fleitman's farm.

# Baptisms

## Schumacher

Kimberly Marie Schumacher, daughter of Chuck and Alice Schumacher of Gainesville was baptized on March 11, 1990.  
 The baptism took place at St. Mary's Catholic Church with Rev. Nicholas Fuhrmann officiating.  
 Lucy Fuhrmann of College Station and Kevin Schumacher of Gainesville, Kimberly's aunt and uncle, were godparents.  
 Kimberly wore the baptismal gown worn by the Fuhrmann children and grandchildren. She was wrapped in an afghan made by Kimberly's great aunt, Margie Fuhrmann.

Following the ceremony, lunch was served at the Schumacher home with parents, god-parents, grandparents Joe Paul and Marie Fuhrmann, and great-grandparents Catherine Schmidkofer and Mary Haverkamp in attendance.  
 Others attending were Damian Krahl of College Station, Sheila Proffer, and Tim, Linda and Adam Schumacher.

A christening cake was used as the centerpiece and was served to the guests.

## Koesler

Kristina Louise Koesler, daughter of Chuck and Doris Koesler, was baptized Saturday, March 17, 1990, after the 5 p.m. Mass. Father Victor Gillespie officiated for the special ceremony.  
 Baptismal sponsors were Tina Bindel, a friend, and Raymond Stewart, a cousin.

A family treasure, the baptismal gown worn by Kristina is 70 years old and was worn by her grandmother, Evelyn Wiesman Koesler; father, Chuck Koesler; sister, Jessica; brother, Tony; and several other family members at their baptisms.

Kristina's baptismal candle was hand-made by Ben Bindel. It was gold engraved with her name and was used during the ceremony.

A family gathering and dinner followed and was hosted by the infant's parents in their home. The centerpiece was a special sheet cake baked by Betty Rose Walterscheid that held a cherub.

# Sickings at 4-H Leaders Forum

Jerry and Evelyn Sicking representing District IV attended the spring 4-H Leaders Forum, "Focusing On The Future." It was held in Brownwood at the Texas 4-H center March 23, 24, and 25. After the business meeting on Saturday, Jerry attended the workshop, Meet the Clover Kids, a new 4-H program for children in kindergarten through second grade.

Evelyn participated in the workshop, Parents and Teens: Stop, Communicate and Listen.

All of the leaders attended the workshop, Teenage Stress, featuring the film "Has Anybody Seen Phil?" furnished by the Golden Rule Network by J.C. Penney Co. Inc.

Other special programs were "Principles of Fund Raising and Program Development" by Dr. Lanny Bullard, Executive Director, Texas 4-H Foundation, Expanding the Clover "Texas 4-H in 2001" by Tom Davidson, Assistant Director for 4-H and Youth Programs, and "Future Directions" by Lynne Thibodeaux, Volunteer Leaders Association of Texas Advisor.

On the way back, Jerry and Evelyn visited with friends and relatives in Decatur.

# Jeffrey Butler graduates

Airman Jeffrey S. Butler has graduated from the U.S. Air Force cable and antenna system installation and maintenance specialist course at Sheppard Air Force Base, Texas.

During the course, students were taught pole climbing, fundamentals of electrical current, outside power plant construction, and to install, test, and maintain antenna and cable systems. They also earned credits toward an associate degree through the Community College of the Air Force.

Butler is the son of Glenda D. Butler of 310 E. O'Buch, Valley View, Texas.

# Personals

Ed and Thelma Dill and Lu Vogel spent an afternoon in Chico with the couple's daughter Sally and husband, the Dwayne Dales.

# Münster Hornets win Hornet Relays

For the first time in the ten year history of the Hornet Relays, the Münster High Hornets finished on top. Although weather conditions for the track meet were not the best, the Hornets were able to pull out a narrow victory over some tough competition. "I told the girls at the beginning of the week we had never won our own meet," said Coach Tim Ratliff, "and we needed to set a precedent for the future." Even though weather conditions were bad, there were still several good teams competing.

Only two girls received gold medals, Tina Klement placed first in the 3200m and 1600m runs, while Amy Dankesreiter won the 800m run and the High Jump. Cindy Culp finished second in the distant runs, while Melissa Bayer won the silver in the 800m run. Also finishing second place were the 800m relay of Lisa Robison, Brandy Debnam, Dianne Pagel and Marcia Vogel; and the 1600m relay of Lisa Robison, Melissa Bayer, Amy Dankesreiter and

Tina Klement. The 400m relay, run by Debnam, Vogel, Kim Anderle and Shonna Reiter, came in third. Other schools competing included Sacred Heart, Lindsay, Era, Saint Jo, Collinsville, Lexington Academy, Lakehill Christway Prep., Detroit, Paradise, Perrin-Whitt, Ponder, and Crowell.

The Sacred Heart Tigers' track team competed with a tough field and terrible weather at the Münster Relays last Saturday. No one scored, but Coach Sims was encouraged by the turnout. Stevan Nasche threw the discus and ran the 300m hurdles while Mark Flusche ran the 3200m and 800m runs. Werner Becker ran the 400m dash and the 800m run, and Tommy Greathouse and Joseph Bedowitz threw the shot put and discus. This week the Tiger thinclads will participate in the Sacred Heart Relays.

PAIGE BASS, winner of the 1600 and 3200 meter runs.

RYAN GEHRIGE competing in the long jump.

JEFF FLUSCHE, distant runner for Münster.

NICOLE ENDRES, 7th grade gold distant runner.

# Sacred Heart Relays set for Saturday

Final preparations are being completed for the 4th Annual Sacred Heart Invitational Relays which will be held this Saturday at the Münster track. This year's meet will be a two divisional meet with a girls' division and a boys' division. "With most schools competing for their district championship next week we decided to go to one division so the smaller schools can prepare with good competition," said Jon LeBrasseur. "Many schools use our meet as a springboard for preparation for their district meet."

The competition should be keen as over 50 boys' and girls' teams will be competing for the championship. "We have a good mixture of Class A and AA schools in the field with some quality athletes," said LeBrasseur. Some of the top schools in the boys' division include Liberty Christian, Münster, Dallas Christian, Pilot Point, Bishop Dunne and Henrietta. In the girls' division, teams to watch include Sacred Heart, Münster, Country Day, Pilot Point, Ursuline Academy, and Episcopal School.

With over 60 volunteers the meet is scheduled to run off at 9:00 with the girls' 3200 meter run and the boys' field events.

There will be no preliminaries in the 3200, 1600, 800 or 1600 meter relays. All field event participants will be given four attempts, being the final events. The high jump and pole vault will be conducted as normal.

"We have a great group of workers who always see that the meet is one of the best in the state," said meet coordinator Ron Hess. The schedule of the meet includes the girls' preliminary run events and the boys' field events beginning at 9:00, followed by the girls' field events and the boys' preliminary run events at 11:00. Final events are scheduled to start at 2:30.

Some of the meet records are in jeopardy including all distance marks and the pole vault and hurdle marks. Conditions play an important role in a meet and with good weather some marks could fall. Come out and spend an afternoon to watch some fine athletes display their skills. The Sacred Heart Alumni Association

will provide concessions with a complete meal menu.

# Jr. High tracksters host meet for area schools

Münster Jr. High hosted approximately 16 schools Thursday, March 22 in their annual meet. Local teams scored well with the eighth grade girls finishing second behind Alvord, the seventh grade girls finishing third, and the eighth grade boys finishing fourth. "There were a lot of kids here," said Coach Jump. "Our youngsters did extremely well. We competed against a 2A school (Chico) and even a 3A school (Sanger) and did very well."

competitors, though not collecting ribbons, did achieve success.

## Cubs

The Sacred Heart Cubs participated in the extremely tough Münster Jr. High meet this past Thursday. The eighth graders who did extremely well were Jody Fleitman, who won the 3200m run and got second in the 1600m run; also, placing fourth, were Eddie Lamkin in the shot put, Chris Pagel in the pole vault, and Jason Hofbauer in the 400m. Weldon Bayer, Kelly Bob Bayer, Jeremy Bayer, Brian Rohmer, Aaron Berres, and Mike Gehrige all completed

See TRACK Page 12

## Lady Cubs

Dividing the track squad between seventh and eighth grade divisions, the Lady Cubs recorded much success in the MHS Jr. Relays last Thursday evening. The sixth and seventh graders scored big points in their division while Jeannie Endres was the lone eighth grader to place for the Lady Cubs as she raced to a sixth place finish in the 800m run.

Sarina Fuhrmann led the seventh grade runners with an impressive red ribbon finish in the 100m dash and a fourth in the 200m. Classmate Stephanie Grewing scored two fourth place finishes in the 400m run and the 100m dash. Seventh grader Tiffany Fisher raced to a solid third place finish in the 800m run.

Nicole Endres, a sixth grader, scored a blue ribbon for the Lady Cubs' only first place finish in the 3200m run. Cousin Kerri Endres, also a sixth grader, raced to a sixth place finish in the 200m dash. All

## S.H. Tigerettes treated to hamburger supper

Sacred Heart Alumni treated the Tigerette basketball team to a hamburger supper in the student lounge on Tuesday, March 13.

A special decorated cake which looked like a basketball going through a hoop was the creation of Rose Henschel and was served after the meal. It was inscribed with Congratulations 3-Peat State Champs.

Also attending were Coach Jon LeBrasseur and his wife, Monica, and alumni members.

# MHS golfers looking good!

Münster High School girls' golf team has competed in three tournaments so far this year, finishing in fourth place twice. The Hornette team was only two shots from third place in the Bridgeport tournament.

At a Henrietta match, Dana Wimmer won the tournament with the best score of 99. "The playing conditions were very difficult and the wind was blowing 15 to 20 miles an hour," said Coach Brian Strother.

Team members include Dana Wimmer, Mindy Graham, Karri Ramsey, Jami Flusche, Stephanie Wimmer, Kelley Wimmer and Lori Graham.

"In our tournaments everyone's been shooting better scores," said Strother. "We're playing good golf going into district." The Hornets will compete at Bridgeport on April 12 in district competition.

# Looking for the Fastest Man in Cooke County

Leonard Fuhrmann of Lindsay will be set to defend his three time title as Cooke County's Fastest Man at the 4th Annual Sacred Heart Invitational Relays this coming Saturday. Fuhrmann blazed to a 23.90 clocking in last year's meet to edge out Glen Block for the title as the Fastest Man in Cooke County.

To challenge Fuhrmann for the title just call Ron Hess 759-4864, or Jon LeBrasseur 759-4538. If unable to contact the above just show up at the Münster Track on Saturday afternoon. Meet finals are scheduled to begin at 2:30. The winner of the Cooke County 200m will receive a nice trophy from Coaches Trophies and the right to claim he is the fastest man in Cooke County.

# Golfers, Don't forget!

The Münster Golf Association will sponsor its monthly tournament on Sunday, April 1.

# Soccer games delayed due to bad weather

Due to Mother Nature's recent surprise the Spring Soccer Season is currently having to swim.

The only action gotten in this week was when Münster's girls' team Excalibur defeated Lindsay's Hot Stuff 4-2. Danell Reiter had an excellent game at goalkeeper, keeping Lindsay's constant scoring threats at bay. Misty Knabe gave defensive support. Münster goals were scored by: Stephanie Grewing with one, Julie Felderhoff with one, and Tonya Knabe with two.

Next action for the girls will be Sunday, April 1 at 3:00 p.m. in Gainesville. Everyone is invited to come watch.

**Münster I.S.D. is accepting applications for a bookkeeping-secretarial vacancy to occur in late May 1990. The person employed will need training in accounting, typing and other secretarial skills. Applicants will need the ability to enter data into an I.B.M. PCXT computer in the accounting portion of this position. Applicants may mail or hand deliver a resume to:**

# FARM AND RANCH NEWS

## Senator Dole says farm bill will be fine tuned '85 law

WASHINGTON (Feb. 1)—KRF-Senate Minority Leader Robert Dole predicted easy passage of a 1990 farm bill that he said would mostly "fine tune" current farm legislation and continue the export bonus program.

Dole, R-Kan., said the export bonus program had "worked quite well," in helping the U.S. be competitive against EC agricultural exports. President George Bush's fiscal 1991 budget proposal seeks \$900 million in funding for export bonus, up from the current \$66 million.

Dole told the National Grain Trade Council here that he believ-

ed the conservation reserve program would also be continued in the new farm bill, and there would not be much "partisan wrangling" on the farm bill, unless environmental issues become controversial.

Dole once again said he would seek a one-year extension of current farm law if Congress has not completed a new farm bill by August, which is when many farmers must begin making planning decisions.

\*\*\*  
The purchase price for a Houston Rodeo calf scramble calf has increased to \$800 from \$600 each.

Youthful enthusiasm created a competitive atmosphere at the junior Hereford heifer show at the Southwestern Livestock Exposition held in Fort Worth. John Kuykendall, Llano, TX, served as the official judge for the 64 head show by 64 Hereford exhibitors from throughout the state.

Kelby Cowley, Abilene, son of Tom and Wilda Cowley, exhibited the grand champion female on WE Miss Verdict 5505. She was bred in the herd of Weldon Edwards, Clyde, and was sired by SR Verdict 455. The winner had earlier placed first in the winter heifer calf class.

## County Agent's Report

by Craig Rosenbaum

The recent freezing temperatures have revived interest again in factors causing freeze loss in small grain. Producers need to know the symptoms of freeze injury to assess the extent of damage. These symptoms are developed at each growth stage. Contributing factors to freeze injury include variety of wheat grown, planting date, fertility, grazing management, moisture, and insect damage.

The repeated late freezes experienced across the county can cause damage to the wheat crop.

**VARIETY**  
There is a great deal of difference between varieties with respect to winter-kill. Some of the hard red winter wheats with the best survival are Century, observed. State of growth and rate of growth at the time of the freeze

are the major considerations. Stage of growth is affected by grazing management, fertility, planting date and variety.

**FERTILITY**  
Fertility has a major impact on survival, particularly in the late freezes. Freeze injury to vegetative tissue occurs when ice crystals form within the cell. These crystals rupture cell membranes which cause desiccation and death. Hardened wheat cells are less turgid, have a low relative water content and an altered state of protein chemistry when compared to unhardened, or rapidly growing cells. Fields that have

large amounts of available Chisolm, Payne, Pioneer 2165, Pioneer 2180, Siouland, Sturdy, TAM 105, TAM 106, TAM 107, TE 5221, Thunderbird and Vona. Those with particularly easy damage include Collin, Mesa, Mit, NK Probrand 812, TAM 200, TAM 201 and Waco. In general, hard red winter wheats survive somewhat better than soft red winter wheats, while oats are damaged considerably more than wheat.

**PLANTING DATE**  
Planting date is not a major factor unless joint extension is nitrogen and have adequate

Below are excerpts from a Kansas Experiment Station bulletin describing damage, symptoms and the temperature ranges which cause damage.

Temperatures that cause freeze injury to wheat at spring growth stages and symptoms and yield effect of spring freeze injury.

Growth Stage	Approximate Injurious Temperature (two hours)	Primary Symptoms	Yield Effect
Tillering	12 F (-11 C)	Leaf chlorosis; burning of leaf tips; silage odor; blue cast to fields	Slight to Moderate
Jointing	24 F (-4 C)	Death of growing point; leaf yellowing or burning; lesions, splitting, or bending of lower stems; odor	Moderate to Severe
Boot	28 F (-2 C)	Floret sterility; head trapped in boot; damage to lower stem; leaf discoloration; odor	Moderate to Severe
Heading	30 F (-1 C)	Floret sterility; white awns or white heads; damage to lower stem; leaf discoloration	Severe
Flowering	30 F (-1 C)	Floret sterility; white awns or white heads; damage to lower stem; leaf discoloration	Severe
Milk	28 F (-2 C)	White awns or white heads; damage to lower stem; leaf discoloration; shrunkened, roughened, or discolored kernels	Moderate to Severe
Dough	28 F (-2 C)	Shrivelled, discolored kernels; poor germination	Slight to Moderate

moisture were growing rapidly at the time of the last freeze. These tender parts freeze more readily than more dormant plants which have a lower relative water content. Fields with adequate P and K fertility in general appear to survive better than those with low P and/or K contents.

**GRAZING MANAGEMENT**  
Grazing pressure inhibits joint extension. Wheat which has late grazing pressure will not advance in development as wheat with light or no grazing pressure and will generally survive the freeze better, as the growing point has a higher probability of being protected by the soil.

**MOISTURE**  
Wheat that had good moisture during early February will generally survive much better than drought stressed wheat. Moisture in the soil around the growing point serves as an insulator against very cold air. Wet soils require much more cold weather before reaching temperatures dangerous to the growing point than do dry soils. In dry areas of Central Texas, winter-kill is much more severe on terrace tops, where soil moisture is short, than on the flat areas between terraces, where moisture is adequate. The same conditions that ensure survival of an early freeze lead to damage from later freezes. Fields that have had good moisture and fertility are not dormant, but growing rapidly, and as a consequence, are much more susceptible to freezing weather.

**INSECT DAMAGE**  
Abnormal greenbug populations were found across much of the state. Wheat that is stressed from damaging levels of greenbugs has a low survival rate.

Below are excerpts from a Kansas Experiment Station bulletin describing damage, symptoms and the temperature ranges which cause damage.

## Texas Farm Bureau endorses Representative Rick Perry

WACO - The Texas Farm Bureau AGFUND Board of Directors has announced its endorsement of State Representative Rick Perry, R-Haskell, for Texas Commissioner of Agriculture.

In making the announcement last week, TFB President S.M. True called Perry a "conservative who has shown strong leadership while serving in the Texas Legislature."

Perry, a member of the Agriculture and Livestock Committee of the Texas House of Representatives, is also a fifth-generation farmer and rancher. He is currently facing a runoff election on April 10. Perry was the leading

vote-getter in the Republican primary on March 13.

True referred to Perry as the "only candidate left in the race who is officially qualified as an active farm and ranch producer."

The Texas Farm Bureau president said results from the recent primary elections in the state showed a strong grassroots feeling favoring a change in the TDA leadership. True said nearly 400,000 Democrats and 700,000 Republicans were voting in favor of that change.

"The momentum we have built already outpolls current Commissioner Jim Hightower by more than a quarter of a million total votes," True stated.

Perry, 40, is a 1972 graduate of Texas A&M University with a B.S. degree in animal science. He is an aircraft commander veteran of the U.S. Air Force.

In 1989, Perry was named a Friend of Agriculture by the Texas Agricultural Extension Service and one of Texas' Most Effective Lawmakers by the Dallas Morning News.

He is married to the former Anita Thigpen. They have two children.

## Forestburg students share experiment with city schools

The Space-Exposed experiment developed for students was one of the pre-planned projects carried on the recently recovered 11-ton Long Duration Exposure Facility satellite. The 12.5 million tomato seeds were retrieved by the crew of the Space Shuttle **Columbia** on Jan. 12, 1990.

NASA and the Park Seed Company of Greenwood, South Carolina have thus offered students a one-of-a-kind, hands-on experiment to study the effects of long-term space exposure on living tissue. Potentially 4 million students and 40,000 educators will be involved.

In the next several weeks, 6th, 7th and 8th graders of Forestburg School will conduct various experiments and later, high school students will add their experiments and results to the compilation of data.

On Monday evening a television station in the Metroplex aired a story on the 4th and 5th graders in city schools carrying on a Science project using tomato seeds recovered from a space capsule and shared with schools that had requested a supply. On Tuesday evening another TV station featured another city school and interviewed several youngsters.

But these Metroplex kids have nothing on the 4th and 5th graders of Forestburg Elementary School, says one of the teachers, Elizabeth Reed-Massey.

These budding student scientists are planting these seeds to experiment. They will grow and monitor Space-exposed seeds and Earth-based seeds, searching for differences caused by long-term exposure to cosmic radiation. Results gathered by the students will be forwarded to NASA by June 15 for a final report.

# Country Tidings

by Ruth Smith

### Mrs. LaRue White dies in Wichita

Mrs. LaRue White passed away Sunday, March 25, in Wichita General Hospital. At this writing, funeral services for Mrs. White are scheduled for 3 p.m. Tuesday at the First Baptist Church in Bowie.

She is survived by one daughter, Mrs. Dale (Linda) Hudspeth of Forestburg; two sons, Eldon White of Azle and Johnny White of Lake Dallas.

**Greeneads have weekend guests**  
Mrs. Juanita Greenead, Mr. and Mrs. Ran Greenead and Matt had as their guests during the weekend Barbara and Will Payne and Tray and their friends, Paul Ingendore and Bradley Luce, all of Arlington.

**Berrys have guests and visit friends**  
Henry Fortenberry of Henrietta visited Mr. and Mrs. Jack Berry and James Thursday morning. Johnnie Cook of Marietta, Okla. visited the Berrys Thursday afternoon.

**Greeneads have weekend guests**  
Mrs. Juanita Greenead, Mr. and Mrs. Ran Greenead and Matt had as their guests during the weekend Barbara and Will Payne and Tray and their friends, Paul Ingendore and Bradley Luce, all of Arlington.

**Berrys have guests and visit friends**  
Henry Fortenberry of Henrietta visited Mr. and Mrs. Jack Berry and James Thursday morning. Johnnie Cook of Marietta, Okla. visited the Berrys Thursday afternoon.

**Christians' grandson visits**  
Mike Christian of Stephenville and his friend, Charley Easton, spent the day Saturday with his grandparents, Mr. and Mrs. C.H. Christian.

**Guests of Mrs. Brown**  
Saturday morning Harold Brown of Era came for a visit with Mrs. Evelyn Brown. Saturday evening Mrs. Brown's daughter, Barbara Jo Pierce of Fort Worth,

had as their guests their granddaughter, Kenda Hutson of Saint Jo, and her friend, Tiffany Hacker.

**News of the Sick**  
Miss Lois Bewley and Clyde visited Mrs. Eugene Ferguson in Gainesville Friday. They found Mrs. Ferguson improving nicely after surgery.

**Bewleys have guests**  
Mr. and Mrs. Ira Bewley of Pampa visited during the weekend with Miss Lois Bewley and Clyde. They also visited his mother, Mrs. Bertha Bewley in St. Richard's Villa.

Mrs. Ima King of Bowie visited Miss Lois Bewley and Clyde Monday afternoon.

**Christians' grandson visits**  
Mike Christian of Stephenville and his friend, Charley Easton, spent the day Saturday with his grandparents, Mr. and Mrs. C.H. Christian.

**"It's Springtime!"**  
Mrs. Evelyn Brown says she made a hurried trip to Rosston Thursday morning for gardening necessities. She says she had a lovely "hello and how are you" with Opal Christian Berry after a long time no see. It brought back happy memories.

**Guests of Mrs. Brown**  
Saturday morning Harold Brown of Era came for a visit with Mrs. Evelyn Brown. Saturday evening Mrs. Brown's daughter, Barbara Jo Pierce of Fort Worth,

called and they had a nice chat. Sunday morning Mrs. Brown's grandson, Michael Jo Brown, and daughter, Casey, of Sanger came for lunch and a visit.

**Dinner in Richardson home honors group**  
Mrs. Becky Richardson, Chari and Laura drove to Gainesville Tuesday to attend a dinner in the home of Mrs. Edith Richardson. Covered dishes were brought and a very delicious dinner was served.

Those attending were Mrs. Marie Richardson and her friend, Joyce, Callie Pressley, Juanita Cote, Mrs. Delia Sutton, Mrs. Zuma Gaskins, Dorothea Hutchinson, T.J. and Marlene Richardson and Mrs. Imogene Gooch of McKinney. After dinner everyone enjoyed visiting.

**Inglis honored on 42nd anniversary**  
Mrs. Kay Ardledge, Cyndi and Chris of Duncanville treated Mr. and Mrs. W.B. Inglis on their 42nd wedding anniversary to din-

ner in Denton Sunday. Mrs. Meadows, a guest of the Ardledges, was also in attendance at the dinner.

Mr. and Mrs. W.B. Inglis were in Graham on business Tuesday.

**Personal**  
Mr. and Mrs. Ted Jackson and their friends, Mr. and Mrs. S.T. Warford of Slidell, went to Dallas on business Tuesday.

**Personal**  
Mrs. Charlotte Fortenberry of Slidell visited Mr. and Mrs. Tom Richardson, Chari and Laura Saturday and spent the night.

**Attend Era barbecue**  
Mr. and Mrs. Tom Richardson, Chari and Laura, Mrs. Charlotte Fortenberry, Mr. and Mrs. Bill White all attended the Era Volunteer Fire Department annual barbecue Saturday evening at the Era School cafeteria.

**Personal**  
Byron, Deana and Colby Berry of Denton visited Mrs. Josephine Berry Sunday afternoon.
