Recommended reading relative to the present political race is Henry J. Taylor's syndicated column for August 31, which, for the benefit of Enterprise readers, is reproduced on page 2 of this paper.

It's hardly necessary to state here that Mr. Taylor is one of the most respected and best informed of all American columnists with an unquestioned reputation for integrity, sincerity, patriotism and down to earth clear thinking.

A special quality about this article, however, is that its merit does not depend on the reputation of the author. The statements are impressive not just because Taylor said so, but because most of us recognize them as facts which have been in the news at various times during the past four years. The column is a memory refresher, recalling to our own minds some of the incidents that have made us ashamed of our country's deteriorating honor and afraid of the possible consequences. We recognize it as plain and simple recent history.

Listing that array of facts, it's understandable why he says in the opening remark that Republicans have only themselves to blame if they do not beat the Democrats in November. One would think that the Administration cannot possibly survive the exposure of such an incriminating record, if the opposition will only bring it before the public.

But we can also understand why his opening remark was somewhat modified by his closing remark. "The Administration's opposition may fall in this duty. Apathy and manipulated news may do the rest. But if a government can still rule after a record like that, then all education is in vain and our days as the world's leading power can be numbered."

Well, there is no doubt about the opposition's intention to expose Goldwater and Miller are busy presenting those facts and many more to the nation. But from reports that come out daily, the exposures are not taking sufficient effect. Polls and other appraisals continue to favor LBJ. From which it appears that the other two factors, apathy and manipulated news, are having a tremendous influence in the campaign.

The existence of widespread apathy is evident from the fact that millions of people take assurance from the Administration's talk of peace and prosperity, that times have never been better — a superficial and deceptive cover-up for conditions that are most alarming to anyone who thinks.

First of all it isn't true that we are at peace. Our soldiers are fighting and dying in Viet Nam. And in a broader sense the statement is even more untrue. The cold war is still in full force, and the enemy is gaining — with our ill-advised assistance — awaiting the day when he will be able to overtake and take over, as Khrushchev said he would. Nor is it true that we are prosperous. All of us know that we are going deeper and deeper into debt, that inflation is shrinking our savings, that we can't keep going that way without a sad day of reckoning. Big spending on borrowed money isn't prosperity, it is fiscal folly. Short sighted people like it. But would they if they thought of (Continued on page 10)

Runner-up Plaque Awarded to Local Young Farmers

Muenster's Young Farmers chapter has been judged runner up for the title of outstanding Young Farmer chapter in Area 5, and has received a plaque presented by Farm and Ranch Club of Fort Worth at an area awards banquet last Saturday in Fort Worth.

Top award for the area went to Bridgeport, and an award for an outstanding new chapter went to Valley View. There are about 30 chapters in the area.

Basis for the award to Muenster's chapter were its excellent and practical programs, also its help in organizing new chapters at Era and Pilot Point.

Local members at the banquet were Edgar Dyer, Leon Fuhrmann, Paul Fleitman and Wylie Lewis.

TRYING FOR SIZE Ten-year-olds David Cantrell, left, and John Bonno try out mementos of Texas' great athletes from the Texas Sports Hall of Fame, which will be a featured attraction at the 1964 State Fair of Texas in Dallas October 10 through 25. David wears L. D. (Dutch) Meyer's letter sweater from TCU and holds Kimbrough's football, used in 1940 when Texas A&M defeated UCLA 7-0. John has a ball and mitt that belonged to Monty Stratton, Greenville's great White Sox baseball player, and wears Bobby Morrow's jacket from the Olympics in which the Abilene Christian College star raced to victory. The free permanent museum is in the Varied Industries Building adjacent to the Wax Museum.

\$130,189 Budget For '64 Adopted By School Board

A budget of \$130,189 for the current school year at the Muenster Public School was adopted by the school board in its regular meeting last Thursday night.

To meet that expenditure the board expects to have an income of \$125,430, leaving the account \$4,759 in the red.

The budget, as explained by Superintendent L. B. Brun, is an estimate of the operation based on that of last year and adjusted to reflect expected variations. The board has hopes that some expense items can be reduced during the year and the deficit will be somewhat smaller. It adds, however, that the estimate as submitted to the Texas Education Agency is substantially correct and little if any reduction is in sight now.

With 148 students enrolled the budget figures to an average expenditure of \$879 each. The principal item of expense is salaries, \$10,130 for administration and \$66,760 for instruction. Other administrative costs are estimated at \$1,877 and teaching aids and supplies at \$3,825. The total bill for the two categories is \$82,592.

Dads' Night Event To Precede Game With Ardmore B

Saturday night will be dads' night at Muenster High School. Before the game with the Ardmore B Tigers, fathers of the MHS players will be there to welcome Hornets coming on the field, after which each father will be introduced with his son.

That's all of the program. Several fathers said they would rather mingle with the crowd than see the game from the bench.

Regarding the game, Coach James Polk says he does not know what to expect because this will be the visitors' first game. The team roster he received includes quite a number of husky fellows, so the Hornets are likely to be outweighed.

A point to remember also is that Ardmore enrollment is big enough to have some good players left over for the B squad after top talent has been assigned to the first string.

Last year the Hornets were top heavy winners. This time Coach Polk is confident of another win, but not a one-sided one.

Crowell Doctor Will Move Here Late in October

A change of doctors is under way at Muenster. Dr. Martin M. Kralicke of Crowell announced during the past week-end that he and his family will move to Muenster in about a month.

At about the same time Dr. Selwyn Willis of Saint Jo announced that he will move to Red River, New Mexico, closing his offices in both Muenster and Saint Jo.

As a result Dr. B. F. Hejduk will be the only local doctor practicing in Muenster for several weeks. He has his office in the outpatient department of Muenster Memorial Hospital and Dr. Kralicke will also

DR. COLE OPENS OFFICE IN MUENSTER

Latest development in the medical situation here is that Dr. James R. Cole of Gainesville will take over practically the same schedule followed by Dr. Willis, and in the same location.

He announced Wednesday that he has opened his office in the Muenster Pharmacy building, the location just vacated by Dr. Willis, and his hours are 9 to 12 on Monday, Tuesday, Wednesday and Thursday.

have his office there. Both regard that location as temporary, until they are able to make arrangements for permanent offices elsewhere.

In announcing his decision to leave, Dr. Willis said his reason is the failing health of his wife and their desire to live in a more agreeable climate. He came to Saint Jo from Tulsa about two months ago and started a morning schedule in his local office early this month.

Dr. Kralicke comes here after ten years at Crowell, where he established practice after discharge from the armed services in December, 1953.

He is a native of Chicago, born July 11, 1923, attended Our Lady Help of Christians elementary school, St. Mel military high school and Loyola University, all of Chicago. He entered the army in 1943 and remained there until 1946. During that time he qualified to begin medical study and continued his study after leaving the Service.

He graduated as an M.D. from Loyola Medical School (Continued on page 4)

Thriller in Sight As Sacred Heart Tangles with Era

A real tussle seems to be in sight for Friday night when Sacred Heart Tigers take on Era's Hornets on the local field. Kickoff time is 8 o'clock.

The record of both teams to date indicates that they are about evenly matched. And Coach Adam Wolf is of the opinion that both of them have improved somewhat after last year's titanic 2-0 game. So this match could turn into just a continuation of the tussle.

But usually games do not go that way, says Wolf. When teams are even, breaks will likely determine the winner. In this case the Tigers intend to be working hard and trying to keep ready for the breaks.

So far Era has a 50-50 record, a win over S & S Rams and a loss to Pilot Point Bearcats. Despite the fact that the score with Pilot Point was 34-0, the Hornets have nothing to be ashamed of. The Bearcats are extra potent.

The Tiger record shows losses to Whitesboro and Saint Jo and a win over Callisburg. All of the Sacred Heart boys are in good condition and ready to go.

Herewith is the table of rainfall in Muenster since January 1953.

NEWS OF THE SICK

Glenn Fleitman was admitted to Muenster Hospital Tuesday for observation because of severe abdominal pains following football practice. He's a member of the Hornets.

Mrs. Lyndall Dickerson is back at home, dismissed from Gainesville Hospital where she underwent major surgery.

A fall down the steps of a Wichita Falls hospital where she visited a relative Sunday resulted in multiple fractures for Mrs. John Slaton of Fort Worth, mother of Mrs. Albert Stoffels. Mrs. Slaton, her husband, a niece and nephew were leaving the hospital when the accident happened. She was given emergency treatment there and then was moved by ambulance to Fort Worth to St. Joseph's Hospital. She's in the intensive care unit with a broken right hip, right shoulder and elbow and left foot. She had surgery to pin the hip bone and has casts on her arm and leg. Mrs. Stoffels was with her mother Monday and Tuesday. She was doing as well as could be expected when Mrs. Stoffels left.

Edgar Fette is in Muenster Hospital since Tuesday morning with an ailment that is believed to be a light stroke.

Mrs. Joe Hoenig was dismissed from Muenster Hospital Monday evening, is convalescing at home from major surgery Sept. 11. She is up and around the house.

Al Horn was dismissed from Muenster Hospital Tuesday, doing fine after surgery on Sept. 15.

Gene Gieb was released from Gainesville Hospital Tuesday after undergoing leg surgery Monday. He had the pin removed from his right leg which was broken in an oil field accident last October. The break was between the ankle and knee. He'll be on crutches a couple of weeks.

Mrs. Ben Luttmir has been dismissed from Gainesville Hospital.

Mrs. Joe Tischler of Celina, formerly of Muenster, is improved but continues as a patient at Flow Hospital in Denton. She is in Room 232.

Sister Leonarda returned to Muenster Monday after being a patient at St. Paul's Hospital in Dallas over two weeks for eye treatment and cataract surgery.

HOSPITAL NOTES

The following patients were admitted and dismissed at Muenster Memorial Hospital during the past week.

Friday: Admit — Mrs. Clyde Fisher, Fisher daughter born, Edward Piker. Dismiss — Frank Yosten.

Saturday: Admit — R. A. Davis Sr., Gainesville. Dismiss — Lyda Marsh, Saint Jo, Joe Galloway.

Monday: Dismiss — Mrs. Clyde Fisher and baby daughter, Mrs. Joe Hoenig.

Tuesday: Admit — Edgar Fette, Glenn Fleitman. Dismiss — R. A. Davis Sr., Gainesville, Al Horn.

Wednesday: Admit — Glenn Turney, Coleman. Dismiss — Glenn Turney.

Patients in the hospital as of Wednesday afternoon are Felix Becker, Arthur Luttmir, Edgar Fette, Edward Piker, Glenn Fleitman, Mrs. Joe Walterscheid, Mrs. Fred Hoedebeck, Mr. and Mrs. Joe Smiddy.

Adult Art Class Offered at Night By Sister Roberta

In response to a number of requests for an adult art class, Sister Roberta, art instructor at Sacred Heart High School, has called a meeting for next Wednesday, Sept. 30, at 7 p.m. to discuss organization of a night class.

If enough are interested she will teach a one-hour class weekly, the day for the class to be decided by those who enroll. Charge for each student for each one-hour class has been fixed at \$2.00.

All who are interested are asked to meet with Sister Roberta next Wednesday night in the high school homemaking room.

Muenster to Join State Fair Program For German Day

Muenster will participate again this year in observance of German Day, on October 11, at the State Fair of Texas. But unlike last year, Muenster will not be the featured German city of the day. This time it is Fredericksburg.

Joe Galloway, local committee member of the German Day program, says that Muenster's Sacred Heart choir is invited to join the Frohshinn Singers of Dallas in a concert at the fair and Charlotte Wolf, winner of the Miss Muenster pageant, will ride the German Day float in the parade.

Governor John Connally has officially proclaimed October 11 to be "German Day in Texas", and principal features of the celebration will be a pioneer ball, a ceremonial in front of the Hall of State, an exhibit, German songs, music and dancing on an open air stage, a German day tent, German food, beer and "Gemutlichkeit."

The occasion commemorates establishment of the first German settlement in America, at Germantown, Pa., on Oct. 6, 1683.

Beginning this year, German Day will honor a German city each year to establish closer cultural and civic relations between Texas and Germany. Dusseldorf has the distinction this year.

Joyce Hacker Is Radiologic Tech Grad at St. Paul's

Miss Joyce Hacker of Muenster has graduated from the St. Paul Hospital School of Radiologic Technology. She is the daughter of Mr. and Mrs. John M. Hacker.

Miss Hacker received her diploma from Sister Elizabeth, St. Paul administrator at ceremonies in the hospital's Fred Florence Board Room. Dr. Murry D. Schonfeld, director of the Radiology Department, was the speaker.

At the graduation ceremonies, Miss Hacker made the acceptance speech for her class. The hospital's radiologists honored Miss Hacker and the other graduates at a luncheon at the La Tunisia Restaurant in Dallas.

Tigers Run Wild In 34-14 Victory Over Callisburg

When the Sacred Heart Tigers broke their losing streak last Friday at Callisburg they did it in a big way. They walloped the Wildcats 34-14, and the contest was even more convincing than the score.

Callisburg's two touchdowns resulted from long runs of 60 and 51 yards. For the rest of the game the Tigers were consistent gainers and held their opponents to skimpy yardage. Sacred Heart led 334 to 178 in total yardage and 18 to 6 in first downs.

The first period was taken up almost entirely by the Tigers' steady drive down the field. The march was delayed slightly when Sacred Heart fumbled on its second series and had to start over after Callisburg's kick ending its first series. After that it was a 60 yard march in 14 plays. David Hess plowed through the line for 5 yards and the TD on the second play of the second quarter.

Next drive was more of the same. Wildcats made 11 in two plays, lost 8 in the next three and booted. Starting from the 47 the Tigers reached the goal in 10 plays. Ray Wimmer scored from the 4 with 3 minutes and 23 seconds remaining in the period. David Hess followed. (Continued on page 10)

Community Sets New Record in UF Campaign

Cooke County's United Fund drive did not go over the top Tuesday, as planned, but it made a strong start. The goal was \$48,500 and the amount reported at the end of the big one-day effort was about \$29,000.

Nevertheless Chairman Joel Street said he is still optimistic and that the response was very good for the rainy day. Workers were handicapped and many could not finish the job. He also reported that donations turned in early Wednesday boosted the figure to about \$30,000.

Henry Weinzapfel, co-chairman with Steve Moster at Muenster, reported better success in this area. In spite of the rain he was able to report about \$1700 for the first day. By Wednesday night his total reached \$1824.95, topping last year's figure of \$1782.74. And he, too, says the job is not finished. About \$450 is expected from workers who still have not reported.

This year again the Muenster Dress Factory headed the list of local donors. The factory gave \$200 and workers pledged \$466.45 to be deducted from their weekly pay.

Weinzapfel also mentioned that, as usual some persons are overlooked or missed in the drive. Those people are still offered the opportunity to help. They can leave their donations at the bank.

Hornets Win 22-0 Over Warriors in Big First Half

During a big first half on the local field last Friday night Muenster's Hornets walloped the Valley View Warriors of Wichita County 22-0, then sweated out a scoreless second half for their second win of the season.

During that first half Coach Polk's boys completely dominated the play. They ran up total gains of 254 yards and 11 first downs while allowing their visitors 47 yards and 2 first downs.

In the next half, however, the Warriors had the advantage. They made 143 and 8 first downs. Hornets made 102 and 4 first downs.

Starting the game Muenster fumbled on its second series and Valley View took possession on the 33. Three plays reached the 22 and the next series lost yardage to the 25, where Muenster took over with authority. Dale Klement made 11, Roy Wimmer made 15. Next four plays gained 16, Klement made 24 and Wimmer the last 9 — a distance of 75 yards in 8 tries. Wimmer added bonus points.

After kickoff the Warriors booted to end their first series. Muenster was back to its 11 and picked up 9 as the first quarter ended. Next play Wimmer broke through the right side of the line, got into the clear and went all the way — 80 yards. Klement's try was good for bonus points and the count was 16-0.

Valley View bounced back with a nice 28 yard pass but failed to get any farther. The fourth down kick went almost straight up and Muenster was in charge on its 46.

First series gained but the second failed. Valley View kicked to end its first series, and Muenster started moving (Continued on page 10)

LBJ FILM FAR FROM COMPLETE

A biographical film of President Johnson was televised to a nationwide audience the other night by the Democratic Party from Atlantic City. The picture was a snow job, pure and simple, and portrayed Mr. Johnson destined from birth to be Our Leader. Or maybe something bigger later, like President or King of the World.

The film covered only highlights of Mr. Johnson's career which was all that could be expected since he has had a full and eventful life. The producers did an effective job of dramatizing his political accomplishments and made him look like a messiah to the liberal cause, which, no doubt, they set out to do.

The point we would like to make is that the film omitted — maybe through oversight — many significant events in the life of Mr. Johnson. Such as —

The story of what happened at Box 13 in Alice in the 1948 senatorial election when Lynd- slide Lyndon won over former Gov. Coke Stevenson by 87 votes. Johnson took that race with an assist from the George Parr political machine in Duval County which discovered 203 uncounted ballots, 202 of them for Johnson and one for Stevenson — after the official vote had been tabulated. No wonder they call it "The Miracle of Box 13."

The biography also was silent on the Johnson financial empire which stems primarily from KTBC radio and television stations in Austin and

which has been the subject of much discussion recently in the press. The radio and TV holdings are in Ladybird Johnson's name and have been a little more than modestly successful. Austin, it should be noted, is the largest city in the United States with only one TV station. Amarillo, with half the population of Austin, has three.

Johnson's association with Bobby Baker, however, could not be ignored in an unbiased story of the President's life. (But who said it was unbiased?) Their relationship is a matter of record. The President sponsored Baker as secretary to the Senate Democratic Majority and had this to say about him in a speech on the Senate floor Aug. 30, 1957:

"He (Bobby Baker) is a man who truly serves his country and I consider him one of my most trusted, most loyal and most competent friends."

But the President changed his tune about his loyal friend after Baker was exposed as just about as big a wheeler-dealer as Billie Sol. In an interview on March 15, 1964, Johnson said:

"Bobby Baker is . . . no protégé of anyone."

This is the man, Lyndon (Come let us reason together) Johnson, who is the Democratic nominee for President in the November election.

Columnist Scores Democrat Failures

Following is Henry J. Taylor's syndicated column which appeared in the Austin American August 31:

If the Republicans cannot beat the Democrats in November, they have no one to blame but themselves.

On the day the Kennedy-Johnson Administration took over, the Bay of Pigs had not occurred. This incredible debacle alone, with its multiple consequences, should be enough to defeat any administration in the history of the United States. Nor has the catastrophe ever been redeemed. History's account of the effects will mark the responsible men forever. Yet the best offered, and still offered, is: "See no Cuba, hear no Cuba, speak no Cuba."

The Berlin Wall had not been built. Then when Khrushchev built the wall, scorning our warnings, we did not knock it down.

The giveaway of Laos had not occurred, giving the Reds their sanctuary on the flank of South Viet Nam. And to this day no military man alive knows how to contain the Communists in South Viet Nam so long as they have that sanctuary in Laos. Accordingly, in South Viet Nam armed Americans die one by one — quietly, tragically, unknowingly, obediently. For what?

There were no Soviet missiles in Cuba. But all this encouraged the Kremlin to do what the administration claimed the Soviet would not do and had not done. Surprise, surprise! Then essential "on site" inspection demanded in the "confrontation" was abandoned.

The administration still has no evidence that all missiles have been removed. But this much we do know: Soviet troops remain 90 miles off our shores two years after the President of the United States told the world they must leave. And finally, full circle, we end up with the great US Navy and Air Force not blockading Castro, but instead, they protect the bearded tyrant and his Sino-Soviet masters against intrusion. No change under President Johnson.

Respect for the United States is our first line of defense. Yet Zanzibar assassin Abdulla Kassim Hanga, frish from Moscow's Patrice Lumumba University, can march the US consul to the dock with a gun at his head. President Johnson sends him back, hat in hand, all forgiven.

Castro-trained thugs attack US soldiers in the Canal Zone. Our dead are quietly returned to America. Puny Ghanaian rodent Kwame Nkrumah insults and expels our helpless teachers; Americans flee Cyprus, for our embassy is bombed while, the Sixth Fleet stands by unaiding; Americans flee Haiti, Honduras, Cambodia, East Africa, West Africa and heaven knows where, while — at the rate of one a month — American embassies, consulates and agencies are attacked, burned or looted by petty tyrants wherever they please.

The action in the Tonkin Gulf is very revealing. Oriental PT boats felt free to attack an American warship on the high seas. Yet so far down have we fallen and so thoroughly has Washington conditioned the American people to its supine performances that President Johnson gains eulogies and national acclaim, as if he's made a "bold decision" by giving an order to retaliate!

On the day the Kennedy-Johnson administration took over, our national debt was \$285 billion. Mr. Kennedy boosted it three times and Mr. Johnson, boosted it again. And, hey, that's our money! Treasury Secretary Douglas Dillon sweetens the election kitty by mouthing about another tax cut. Not one word about red-ink deficits from beginning to end and our debt at an all-time high.

Simultaneously, the President embarks on a so-called war on poverty, using practically the same words and measures FDR's Administration employed many years — and many billions — ago, as if made-work at the taxpayers' expense was new or had succeeded.

Voltaire said, "He who thinks makes others think." The Administration's opposition may fail in this duty. Apathy and manipulated news may do the rest. But if a government can still rule after a record like that, then all education is in vain and our days as the world's leading power can be numbered.

NO MERE FORMALITY

Nationalist China celebrated its tenth annual Armed Forces Day at the City Hall in Taipei, Taiwan on September third.

Among the ranking Americans who paid tribute to Chiang Kai-shek's fighters were Vice Admiral William Gentner, commander of the U. S. Taiwan Defense Command, and Major General Kenneth Sanborn, chief of the US Military Assistance Advisory Group.

These men, said the Admiral, "can and should be proud of their record . . . Their combat-readiness and individual moral strength post uncompromising notice to the Communists that China and its people are more determined than ever to remain free." And he added "You command our respect, deserve our admiration, and have our continuing pledge of joining you in defending against aggression."

General Sanborn commended the "dedicated spirit . . . pride in achievements and progress . . . professional skill and accomplishments" of the men and women of Free China's armed services.

But we hope our military leaders listened, too, especially when Speaker Huang Kuo-shu of the Legislative Yuan (Parliament), who presided over the City Hall gathering declared that the armed forces of the Republic of China hold the key to peace in Southeast Asia. We hope his words remind them of Chiang's readiness to help our forces and the South Vietnamese in the apparently stalemated struggle against the Viet Cong. And we hope, finally, that Huang's summation — that only a counterattack by the armed forces of the Republic of China can solve the problem of Communism in Asia once and for all — will get back to Washington.

The indications are that in Asia, at least, we should listen to the advice of our Asian allies.

Americans have the best-fed garbage cans in the world. The average household in this country discards about 200 calories of edible food per day for each member of the family!

There's one drilling rig in Texas that will never find any oil or gas. What's more, according to Oil Facts, no one cares. The rig is located at a field research laboratory and its only purpose is to help find ways to reduce the cost of drilling wells. The petroleum industry drills some 40,000 wells a year at a cost of about \$2.4 billion.

The Texas Department of Public Safety was established in 1935.

Americans consume an average of 52 pounds of milk in ice cream and other frozen dairy products in 1963, the U. S. Department of Agriculture reports.

ELECTRICITY . . .

Biggest Bargain in Your Budget!

If you shopped all day for bargains, you couldn't find a better one than your electric service.

Today, the average price per kilowatt hour of electricity furnished by Texas Power & Light Company to its residential customers is less than half the price of just 25 years ago.

True, your electric bill probably is larger than it used to be, but that is because you're using so much more electricity for so many more comforts and conveniences.

Despite this fact, the cost of electricity is still a small item in the family budget. On the average, only about one per cent of disposable family income goes for the electric service bill.

TP&L pledges its continuing efforts to keep this service economical, adequate and dependable in the years ahead.

TEXAS POWER & LIGHT COMPANY

a tax-paying, investor-owned electric utility

The average value of land and buildings per farm in continental U.S. as of March 1 this year was \$47,950, ranging from \$14,300 in West Virginia

to \$403,600 in Arizona. States above \$100,000 were Arizona, Nevada, California, Florida, Wyoming and New Mexico, in that order.

Any crop that can be made into hay can also be made into silage if cut properly at the right moisture stage and packed thoroughly.

The fire-drill to kindle fires was the most widely distributed fire-making device before the invention of the friction match.

Miss Dolores Monday became the bride of Charles H. Wimmer in 5 p.m. services in Sacred Heart Church Saturday, Sept. 19. Father Alcuin Kubis was celebrant of the nuptial high mass and presided for the exchange of vows in a double ring ceremony.

Parents of the couple are Mr. and Mrs. Andy Monday and Mr. and Mrs. Tony Wimmer, all of Muenster.

The bride, given in marriage by her father, wore a gown of white silk organza and Alencon lace over satin, the skirt sweeping into a wide chapel train. The moulded bodice of lace had a bateau neckline and long sleeves. Appliques of lace re-embroidered with pearls and sequins adorned the skirt. A circle of seed pearls held her veil and her flowers were a purple throated white orchid and feathered carnations. She also carried a crystal rosary, a gift from the bridegroom.

Attendants
Mrs. Dolphy Joe Hellman of Lubbock, sister of the groom, was matron of honor and Miss Jackie Wimmer, also a sister, and Miss Patsy Fette were bridesmaids. They wore identical gowns of Lucerne blue with rounded necklines and elbow length sleeves. The street length sheaths were topped with detachable overskirts that reached ankle length, and gave a bell effect. Their veiled headpieces were fashioned of two tailored bows and matched their dresses. They carried colonial bouquets of white carnations tipped with blue.

Groom's attendants were Roy Monday, brother of the bride, Roy Wimmer, brother of the groom, and Dolphy Joe Hellman. Ushers were Jim Schumacher of Fort Worth and Ferd Haverkamp.

After mass the bride placed the traditional bouquet on the Blessed Virgin's altar while

The Wilfred Sicking dairy farm 5 miles southwest of Muenster was on display Thursday morning, September 23, for a special tour sponsored by the Farmers Home Administration.

The tour began at the Federal Building in Gainesville at 9 o'clock. Muenster people joined it at 9:30 at Rohmer's Restaurant.

John Cunningham, county supervisor of FHA, said the purpose of the tour was to show how the FHA loan program assists farm families in financing and managing their farm operation.

Mrs. Rody Klement sang "Mother at Your Feet." She sang "Ave Maria" before the service. Anthony Luke was organist and the men's choir sang the mass.

Reception

Wedding reception and buffet were held in the Parish Hall where Misses Barbara Wolf and Jane Hess presided at the guest book registering about 300 relatives and friends of the couple. The wedding dance was in the VFW Hall.

When the newlyweds left on their honeymoon, not disclosing their destination, she was wearing a blue knit suit with black accessories and the orchid from her wedding bouquet.

When they return they will be at home at 811 N. Main in Muenster. He is employed at Tony's Seed Store and she is employed at the Center Coffee Shop. Both are graduates of Muenster High School and he served in the army three years with 14 months of that time in Korea.

Wedding Guests

Wedding guests included the couple's grandparents, Mr. and Mrs. H. A. Lueb of Oklahoma City and Messrs. and Mmes. C. J. Wimmer and Andy O'Connor. Mr. O'Connor attended in a wheel chair, his first time out since July when he suffered a stroke. Relatives and friends attending from a distance included Mr. and Mrs. Oddis Minnick, Mr. and Mrs. Bob Metcalf, Janice and Peggy Wayland, Judy Minnick and Mr. and Mrs. O. E. Wayland, all of Oklahoma City, Mr. and Mrs. Ray Lueb of Midwest City, Okla., Mr. and C. J. Berend of Hereford, Mr. and Mrs. Herbert Otto and daughters Pam and Rhonda of Arlington.

Mr. and Mrs. Bill Fry and son Roger, Mr. and Mrs. Paul Luke, Willie Fisher, Kenneth Klein, Anita Graham, Sandra Cain, Dorothy Newman, Dyann Hellman, Ginger Wolf, Leroy Kupper, all of Dallas, Mr. and Mrs. James Wolf, Donna McRoberts, Don Johnson and Mr. and Mrs. Jim Schumacher of Fort Worth.

If a man stands with his right foot on a hot stove and his left foot in a freezer, some statisticians would assert that, on the average, he's comfortable.

36 at Christening Dinner Following Baptism of Twins

Christening dinner in the home of Mr. and Mrs. Melvin Schumacher of Gainesville following the baptism of their twin sons had 36 guests, 12 grownups and 24 children. Mrs. Ted Gremminger of Muenster who spent ten days with her daughter and family prepared the noon meal.

The Schumachers' infant boys have been named Gary and Jerry. Father Thomas Taafe officiated at the Sunday baptism in St. Mary's Church. The godparents attending were Mr. and Mrs. Ben Miller of Dallas and Mr. and Mrs. Richard Schumacher of Gainesville.

Among others at the dinner were the babies' paternal grandparents Mr. and Mrs. Henry Schumacher of Gainesville and Mr. and Mrs. Billy Schroeder and family of Windthorst.

Donna Stoffels Is Birthday Honoree

A birthday party Sunday afternoon honored Darla Stoffels observing her seventh birthday which was Sept. 19. Her mother, Mrs. Meinrad Stoffels, entertained at the family home. Cousins and neighbors were guests. Aunts came with the youngsters.

Gifts, games, birthday cake, ice cream and soda pop, and party favors of balloons and candy made it a happy event for the children.

Young guests were Roger and Jean Haverkamp, Yvonne and Sherri Stoffels, Terry, Neil and Billy Huchton, Joyce, Janet and Shirley Swirczynski, the honoree's sister Susie and her brothers Nickie and Doug. Mothers present were Mmes. Bernard Haverkamp, A. J. Huchton and Frank Stoffels.

BIRTHS

Proudly announcing a boy are Mr. and Mrs. Sonny Walterscheid. The little lad is a brother for their two girls, Renata and Shellie. He arrived at Gainesville Hospital Tuesday, Sept. 22, at 11:55 p.m. checking in at six pounds eight ounces. Welcoming a grandson are the Joe Knaufs and Mike Schillings. Counting another great-grandchild are the Tony Fuhrmanns of Lindsay, Henry Pels Sr., Mrs. Joe Walterscheid and Mrs. John Schilling.

Mr. and Mrs. Clyde Fisher announce a nine pound 15 1/2 ounce daughter born Friday, Sept. 18, 6:51 a.m. at Muenster Hospital. They have three girls and three boys now. The John Fishers have another grandchild, so do the R. J. Grills of Eureka Springs, Ark., and Joe Fisher Sr. is great-grandpa again.

Mr. and Mrs. Jerry Klement of Fort Worth welcomed their seven pound 15 ounce daughter at 11 p.m. Saturday, Sept. 19, in that city. They're proud parents for the first time. Mr. and Mrs. J. A. Klement of Muenster are the grandparents and they went to Fort Worth Sunday to see their new granddaughter. Mr. and Mrs. Harold Bindel went along to see their new niece. Meeting there were the Dick Schleichers and children of Fort Worth. The newcomer is a great-grandchild for Mrs. Joe Otto and Mr. and Mrs. J. B. Klement. The maternal grandmother Mrs. Eunice Quenzer is of Utica, Kansas.

Mr. and Mrs. Mike Newbill of Cocoa, Florida, have a nine pound daughter, their second girl, born Friday, Sept. 18, 3 a.m. The news was promptly telephoned to Muenster to the maternal grandparents, Mr. and Mrs. John Wieler. The other grandparents live in Florida. Mrs. Wieler left Monday from Dallas by jet to visit her daughter and family.

From Bonn, Germany, comes announcement of the birth of a son to Lt. Col. and Mrs. David Bright, making Mr. and Mrs. J. M. Weinzapfel grandparents again. The little lad arrived Monday, Sept. 21, at Gainesville Hospital. They've named her Virginia Marie. She's the first grandchild for Mr. and Mrs. John Red of Houston and the first granddaughter for Mr. and Mrs. John Fleitman. Mrs. Reed is visiting at her daughter's home.

Mr. and Mrs. Leon Fleitman are announcing their first child, an eight pound 14 ounce daughter, born 10:45 a.m. Monday, Sept. 21, at Gainesville Hospital. They've named her Virginia Marie. She's the first grandchild for Mr. and Mrs. John Red of Houston and the first granddaughter for Mr. and Mrs. John Fleitman. Mrs. Reed is visiting at her daughter's home.

Mr. and Mrs. Herbert Hundt and family of Dallas were in Muenster Sunday to get acquainted with their new grandson and nephew, Eugene Frank Haverkamp, son of Mr. and Mrs. Leonard Haverkamp. The baby was christened Sunday in Sacred Heart Church and Mrs. Hundt was there to be godmother for her first grandchild. Ben Haverkamp attended as godfather for his grandson. The Hundts also visited her parents, the Bill Beckers.

Cliff Swirczynski And Judith Peters Set Wedding Date

(Bradley Studio Photo)

Announcement has been made by Mr. and Mrs. Joe Peters of Hereford of the engagement and wedding plans of their daughter, Miss Judith Ann Peters, and Clifford Swirczynski of Amarillo. He is the son of Mr. and Mrs. Herman Swirczynski of Muenster.

St. Anthony's Church in Hereford will be the setting of the November 28 wedding.

The bride-to-be is a graduate of St. Scholastica Academy in Fort Smith, Ark., and attended Amarillo Junior College.

The future groom was graduated from Muenster High and received his B. S. from East Texas State College, Commerce, did graduate work at Southern Illinois University, Carbondale, Ill., taught biology two years in Dalhart High School and is now associated with the Amarillo division of Taylor-Evans Farm Store.

They are planning a home in Amarillo.

News of the Men in Service

Separated From Army
Basil Reiter has finished his tour of duty with the army after serving two years, most of the time in Aberdeen, Maryland. After a week's visit at home with his parents, the Clem Reiters, he plans to leave Sunday to return to Aberdeen to resume his work there as a civilian.

End Leaves At Home
Leaving this weekend to return to duty with the Navy on new assignments are Cyril Yosten, Tommy Fuhrmann and James Fleitman. They have had 14-day leaves at home after finishing boot training at the Great Lakes Naval Training Center in Illinois. The new assignments will separate them. Cyril goes to Memphis, Tenn., Tommy to Jacksonville, Fla., and James to New London, Conn.

October comes from the Latin word meaning eight.

Council Invites Annexation at East City Limit

Persons living just beyond the east city limit of Muenster are invited to draw up a formal petition for annexation if they want the present boundary extended to include them.

Members of the city council at their meeting Monday night said they are willing to install another sewer main east of the present limits and are ready to accept into the city the area that can be served by the new line.

They further decided that plans for the annexation and development should begin soon so that the job of tunneling under the highway for the sewer can be finished before the four lane road is finished. Later it will require twice as much digging and cost twice as much.

In other business the council voted to raise its water deposit fee on rent property from

\$5 to \$10. The charge was recommended because some people living here for only a short time had moved out without paying their water bills. Very frequently the account exceeded the \$5 deposit, so the city was a loser. The council decided that upping the deposit would reduce losses but would not impose on anyone.

Other business conducted by the council was appointment of Austin Leahy of Gainesville to audit the city books after the fiscal year ends on Sept. 30.

Weeding Date Re-Set
Weather caused cancellation of the weeding and cleaning project Wednesday at Muenster Hospital grounds. The activity had been planned by the Civic League and Garden Club. Another date will be set and announced, club officers said.

Among the crowds at the Beale Show in Dallas Friday were Margie Fuhrmann and Candice Fette.

Local News BRIEFS

Carol Wimmer, student nurse is back at St. Paul's Hospital in Dallas, after special study in New Orleans, was at home for the weekend and was among guests at the Monday-Wimmer wedding Saturday. Her parents, the Lawrence Wimmers, took her back to Dallas Sunday.

Mr. and Mrs. Ernest Medders were away over the week end and a part of this week on a trip to Tennessee. They took their son Frank Medders to Castle Heights Military Academy in Lebanon, Tenn., where he is enrolled as a student.

Mr. and Mrs. Joe Bernauer have changed their Muenster address — moved north on the same street to occupy their new home on North Oak. They got settled during the weekend. The place they vacated will become the home of Mr. and Mrs. Robert Vogel.

Miss Diane Henzler moved during the weekend to occupy the enlarged and remodeled Weinzapfel house on N. Walnut St. She had been staying with her sister and family, the Dan Lukes, since school started. She teaches at Muenster High.

Sister Olivia has written her parents, the Felix Yostens, that she's happily settled, teaching first grade at Blythville, Ark. Her address is 208 W. Ash Street.

Mrs. R. R. Endres and Miss Elizabeth Herr returned Tuesday from a two week visit in Albuquerque, N. M., with the former's daughter and family, the Frank Hennigans. They also visited the Henry Hennigans. It was a wet season there too.

Mr. and Mrs. Dick Cain had a weekend visit away from home, seeing their children and grandchildren. They drove to Dallas Saturday stopping on the way at Denton for a visit with the Gene Hartmans. At Dallas they were guests of the Bill McCollums. Sunday Mrs. Cain and Mrs. McCollum and two daughters went to McKinney to visit the Dickie Cains while Mr. McCollum and Mr. Cain attended the Cowboys football game. They joined their wives and children afterward at McKinney where they all had supper together at the Dickie Cain home.

Visitors with the Joe Lukes overnight Friday were a nephew and his wife, the Wilfred Herrs of New Orleans, La. They were enroute home after vacationing with Hereford relatives.

THANKS

We are most grateful to the many friends whose attendance last Sunday made our parish dinner and bazaar a great success. St. John's Parish, Valley View.

The Benedictine Sisters wish to express their appreciation to all who remembered them so generously with gifts of food, cash and other items at the annual shower. Be assured of a remembrance in our daily prayers.—The Sisters.

Sincere thanks for kind remembrance of me while I was in the hospital. The prayers, flowers and cheering cards, the visits and other favors meant much to me. God bless you for your goodness.
 —Sister Leonarda.

My family joins me in an expression of appreciation for the kind and thoughtful deeds while I was in the hospital. Thanks to those who sent cards and flowers, to those who came to visit, and to those who said a prayer for my recovery. Thanks to all who helped in any way and to Father Alcuin for his visits.
 —Joe Galloway.

Rocket-powered anchors, under study by the Navy, aren't intended for restless missiles. The idea is to use a solid propellant to drive an anchor deep into the ocean bed. Developers figure the technique will make a 1,500-pound anchor do the work of one weighing 45,000 pounds.

The smashing impact of a giant meteorite striking the earth is simulated at Stanford University where a "b-b" (air rifle shot) suspended on a thread plinks against a 300-pound, 12½ - inch - diameter steel ball. Scaled up, the power of this Lilliputian collision equals the crash of a projectile 20 to 40 miles in diameter against the earth, or the blast of a 5-to-10-megaton H-bomb.

**FHA Chapter Work
Prepares Girl for
Homemaking Role**

Future Homemakers of America, of which Muenster High School has a chapter, is a national organization that has proved highly successful in preparing high school girls for their future roles as housekeepers, wives and mothers.

A chapter member learns to work with others in developing cooperation. Leadership is encouraged by accepting an office and serving on special committees as chairman. Parliamentary procedure used at monthly meetings encourages fairness and orderliness. Working on committees develops responsibility needed in all future homemakers. The values of FHA membership are numerous in learning to become a future homemaker by developing knowledge in the rewarding field of managing a home efficiently.

To become a member of the Future Homemakers of America a high school girl must be, or have been, enrolled in a regular homemaking class. She must read the constitution and by-laws of the club and learn the objectives, motto, song and creed of the organization. She must receive the majority vote of the other members of her chapter to become an official member and she must be initiated at a regular meeting.

The Degree of Achievement Program is one way in which the FHA gives recognition to its outstanding members. The three degrees of achievement are Junior, Chapter, and State degrees. Each is planned so that those working toward the degrees will have a chance to grow step by step in ways that are important to them as individuals and in helping the organization.

The goals for the different degrees vary but all have one main goal: that the candidate may become a better individual and make a better chapter, school and community member.

In working toward each degree it is necessary to keep a written record of progress. The girl must first choose the goals she wishes to work toward, plan how to achieve them, show the progress she is making and last give evidence that progress has been made toward accomplishment of each goal.

If our taxes go much higher a person is going to have to work like a dog to live like one.

Archimedes (287-212 B.C.) was the greatest scientist of the ancient world. This intellectual giant lived in Syracuse, Greece. Though best known for his war devices (grappling hooks, catapults), he was primarily a mathematician. He discovered the principle of buoyancy and thoroughly examined the geometry of the circle. His discovery of the lever as a way to multiply man's strength led to his famous boast: "Give me a place to stand and I will move the earth."

**Hospital Auxiliary
Plans Dance for
Hospital Benefit**

Members of Muenster Hospital Auxiliary, meeting Thursday night, faced an agenda of coming events to keep them busy for the rest of the year.

Mrs. Ervin Hamric, president, presided and led the discussion on future activity.

First event on the calendar is a benefit dance October 3. They have engaged the Jones Boys of Wichita Falls to play, will sell tickets in advance, and will decorate the VFW Hall. The Jones Boys were lauded on their appearance here at the Miss Muenster Pageant this year. The decorating committee consists of Mrs. Walter Grewing, Arthur Bayer, James Mollenkopf, Ray Swirczynski and C. M. Walterscheid.

The dance will be a benefit for the hospital's electro-cardiograph machine which the Auxiliary plans to pay off.

Activity for November will be assisting the local Junior Chamber of Commerce in sponsoring the annual Thanksgiving observance which will be a hospital benefit to retire the debt on the sprinkler system.

In December the Auxiliary plans to decorate the hospital for Christmas. They also plan to make gifts for the hospital gift counter which stocks baby needs and other gift items.

First of the rules and by-laws of the organization were set up, calling for the naming of a nominating committee in April and election of officers in May.

Five new members have joined since the previous meeting bringing membership to 65.

Mrs. Walter Grewing drew the door prize, a pair of hand made pillow cases. Mrs. Joe Sicking and Mrs. Alphonse Hoening were refreshment hostesses serving coffee and cake. Next month's refreshment hostesses will be Mrs. John Fisher and Mrs. Henry Pick. Meetings are held in the hospital dining room.

*65 Chevrolet Impala Sport Sedan

**Chevrolet
Impala '65**

It's longer, lower, wider—with comforts that'll have many an expensive car wondering why it didn't think of them first. More shoulder room, more leg room up front. Curved side windows, an

instrument panel that's a conversation piece. In fact, just about everything's new right down to the road. And even that'll seem newer because the Jet-smooth ride is smoother than ever.

*65 Chevelle Malibu Super Sport Coupe

**Chevelle
Malibu '65**

Here's all that made Chevelle America's most popular new-sized car—plus some new surprises. Like those cleaner, bolder lines. Like the silky way its new ride skims over the choppiest roads. Like

V8 power that'll make you think we stole some of Corvette's stuff—which we did. All told, five engines are available from a quieter six to a V8 that comes on 300 horses strong.

*65 Chevy II Nova 4-Door Sedan

**Chevy II
Nova '65**

It may be the expensive-est looking thrift car you've laid eyes on. But thrifty it is. The big difference being that Chevy II's marvelous mechanical efficiency now wears a debonair new look. And

offers a new range of engines, including a new 300-hp V8. You could get the idea that saving you money was the last thing we had in mind—if it weren't for that price sticker on the window.

New top-of-the-line Corvair Corsa Sport Coupe

**Corvair
Corsa '65**

How's this for sport with an international flair! The longer, wider design gives all closed models a hardtop roof, along with more shoulder and entrance room. And to go with the racier look,

there's up to 180 hp available in the new Corsa series, up to 140 hp in the Monza and 500 series. Also a flatter riding independent suspension, more responsive steering and a wider road stance.

Tape Recording Is Word Picture of Visit in Germany

The J. M. Weinzapfels are delighted with a tape recording from Germany sent by their daughter and family, the David Brights, and featuring them and Claud Jones of Gainesville while he visited them in Bonn.

The Gainesville banker spent 12 days with Lt. Col. and Mrs. Bright, Sept. 1 to 12, and the recording gives a word picture of that visit and tells also of Mr. Jones' visits to East and West Berlin.

Mr. Jones, on a conducted tour of Europe, left the tour for the visit in Bonn and rejoined it to finish the trip. He will return early in October.

A time-lock cigarette case is among the new crop of ideas aimed at the bemused cigarette smoker. It will help the too frequent puffer to go anywhere from 10 minutes to two hours between smokes. The case is preset from the inside and, when closed, will not open again before the preset time. The bulletin observes that hammers are effective, however, for those who overestimate their will power.

A space suit is made up of sixteen hundred separate parts.

Visitors in Train Wreck Tell About Frightening Event

Visitors in Muenster, guests of Angela Laake and Rosa Driever last Wednesday and Thursday were nieces and cousins, Misses Marie and Gena Niehues of Temple. It was their second attempt of the week to make the trip.

They started the first time on Monday, were on the Santa Fe's Texas Chief that had a wreck and they said it was the most frightening experience they ever had. The crack streamliner and a tank truck carrying 8000 gallons of gasoline met at a crossing in the city limits of Clifton. Flames leaped along the sides of the coaches and the fire around the lead locomotive was so fierce it was more than an hour before the bodies of the engineer and fireman could be removed.

They were still close to Temple and too shook up to feel up to a visit so boarded a train returning to Temple. They made the trip Wednesday on the Chief happily.

Miss Gena Niehues, a dietitian at Santa Fe Hospital in Temple, is interested in hospitals and they enjoyed a visit at Muenster Hospital... were impressed by its facilities. They also had a short visit at the home of long-time friends, the Nick Millers.

The first skyscraper city of the Americas has been located in the Mexican province of Chihuahua by a team of Arizona archeologists. Dr. Charles di Peso, director of the American Foundation at Dragoon, Ariz., says Casas Grandes ("big house") was a city of 5,000 to 10,000 residents living in apartment buildings four and five stories high with running water and bunk beds. For reasons unknown, the city fell upon evil days and died out about 1200 A.D., long before the coming of the Spaniards in 1565.

St. Joseph Society Has Business Meet

It was almost all routine business at the Sunday night meeting of the parish St. Joseph's Society. President Sylvan Waterscheid presided.

He thanked those who helped repair and paint the football stands. A special word of thanks went to Fr. Bruno who did much of the work alone. The society voted a cash gift for him in appreciation.

A card of thanks was read from Father Martin Fischer in

gratitude for the spiritual bouquet, money gift and farewell party.

Members were reminded that Sunday, Sept. 27, is the day pictures will be made of parish societies for the golden jubilee history. About 30 attended the meeting and joined members of St. Anne's Society afterwards for a social hour and refreshments.

Texas expects to build the second building of the Agricultural Hall of Fame and National Center, adding to First Hall which will be completed early this fall, at the Bonner Springs exit of the Kansas Turnpike near Highways US69, US71, US73, and US75. Harold H. Hogue, Dalhart farmer and Chairman of the Texas drive for the Agricultural Center, says, "The Ag Center will include a living museum and a historical library that will be in acknowledgement of yesterday, a recognition of today's progress, and a preview of tomorrow in agriculture and agribusiness."

Surprises Greet Mrs. Joe Bezner On 77th Birthday

Surprises greeted Mrs. Joe Bezner Sr. at her home in Lindsay Monday evening when her brothers and sisters arrived in a group bringing covered dishes and gifts for her 77th birthday. It was the first time in many years that the four sisters and two brothers were together for a birthday celebration.

Attending were John Schmitz of Thackerville, Theo Schmitz of Lindsay, Mr. and Mrs. H. A. Lueb of Oklahoma City, Mr. and Mrs. Phillip Metzler and Mr. and Mrs. H. S. Fuhrmann of Lindsay.

Others present were Mrs. Joe Schmitz and Miss Theresa Loerwald and the honoree's children Mr. and Mrs. Joe Bezner Jr. and Mr. and Mrs. Bruno Zimmerer, all of Lindsay. Father John Walbe was a special guest. Mrs. Zimmerer, who was aware of the surprise for her mother, baked and decorated the birthday cake.

Mr. and Mrs. Bobby Bezner and children of Richardson who spent the weekend with his mother couldn't remain for the party but stayed long enough to greet relationship.

Mrs. Bezner was greeted with another celebration the following Sunday when her children and grandchildren gathered at her home bringing covered dishes for the noon meal and gifts for the honoree. Those attending came from Richardson, Dallas, Irving, and Lindsay.

Alice Voth Bride Of Robert David In Lindsay Rites

—Boyd and Breeding Photo

St. Peter's Church in Lindsay was the scene of the wedding of Miss Alice Voth and Robert David Jr., at 4 p.m. Saturday, Sept. 19. Father John Walbe officiated at the nuptial high mass and double ring ceremony.

The bride is the daughter of Mr. and Mrs. John Voth of Lindsay, formerly of Muenster, and the bridegroom's parents are Mr. and Mrs. Robert David of Tioga.

Presented by her father, the bride wore a gown of white peau de soie and Alencon lace over French net. The lace bodice, styled on Empire lines, had a Sabrina neckline and long sleeves. The slightly belled skirt featured a bustled chapel train adorned with scrolls of lace and held by a large Dior bow.

A lace pillbox with a center drop pearl held her bouffant veil of hand-rolled French illusion. She carried a purple-throated orchid on top of her prayer book, a gift from the groom.

Miss Dolores Voth was her sister's maid of honor and other attendants were Mrs. Frank A. Sandmann, another sister, and Miss Patsy Oujeskey, cousin of the groom from Fort Worth. They wore peppermint green organza floor-length sheaths with matching headpieces.

Jim David was his brother's best man, Frank A. Sandmann and John David, another brother, were groomsmen. Ushering were John Hiltz and Julius

Hermes Jr. Wedding reception and buffet were held in the Parish Hall. Misses Cecilia Zimmerer and Bernice David registered guests.

The newlyweds will live in Gainesville. She is a graduate of Lindsay High and he graduated from Pilot Point Gee High School.

Among out of town guests in addition to those from Muenster, Gainesville, Tioga and Pilot Point were Misses Judy and Patty Schmitz of Dallas, Cecilia and Dorothy Zimmerer of Fort Worth, Mr. and Mrs. Tom Owens and family of Keller.

The bride is a granddaughter of Mrs. Barney Voth of Muenster.

Club Group Gives Shower for Twins

Members of Downard-Fairplains Progress Club honored Mrs. Melvin Schumacher, one of their officers, with a shower for her twin babies Friday afternoon, bringing the gift party to her home.

Friends joined club members in attending the coming-and-go event from 2 to 5 p.m. A joint gift also was presented from the club.

Punch and cookies were served.

Among guests was Mrs. Ted Gremminger, maternal grandmother of the twin boys.

Lindsay Invites Visitors Sunday At School Open House

Lindsay will show its new grade school and gymnasium at an open house Sunday afternoon from 2 to 5 and invites everyone to see the buildings.

Erected at a cost of \$196,000, the new structures are modern in every respect. The school has eight class rooms, library, book room, sick room, principal's office, teachers' lounge and student rest rooms. The gym seats 300. The contract was let in November 1963 to B&B Construction Co.

In connection with the open house, members of Lindsay Parent-Teacher Club will sponsor a picnic on the school grounds. Eats, drinks and games will be on the program during the afternoon and evening. The picnic will be a benefit for PTC projects.

Lindsay Athletic Association Names 1964-1965 Officers

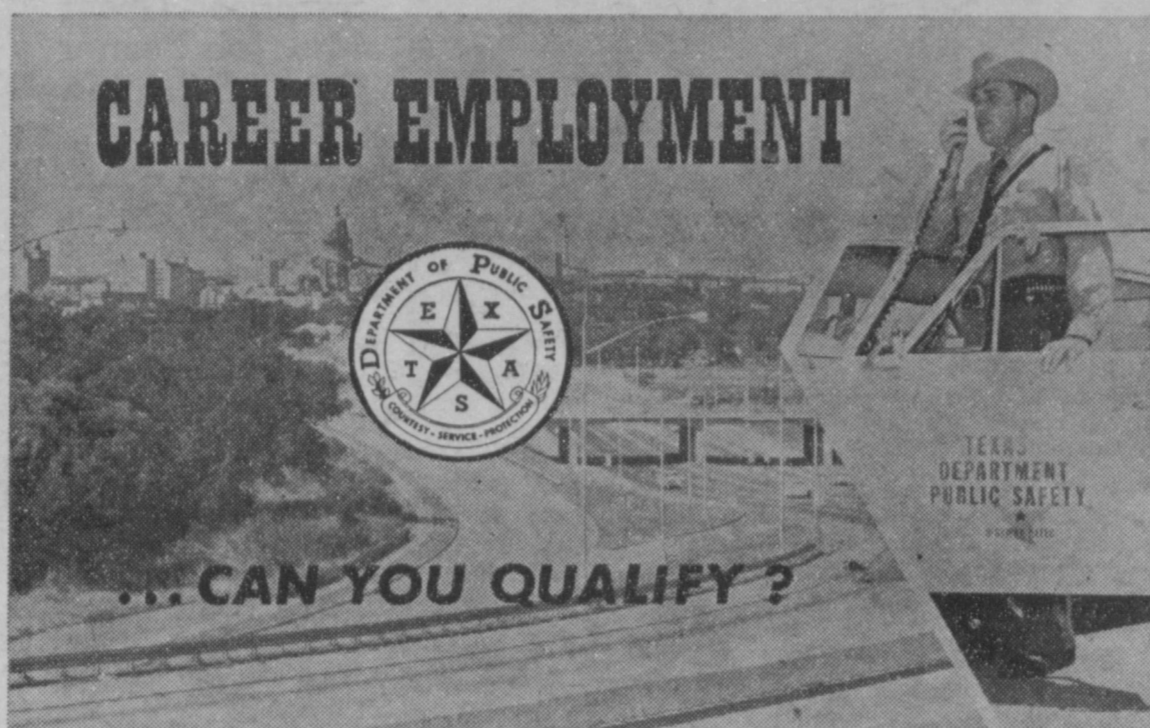

Lindsay's Quarterback Club, organized in September 1963, and focusing attention principally on football, has changed its name to Lindsay Athletic Association and now includes all school athletics in its program of activity.

Bruno Zimmerer, first president, presided for the meeting and election of new officers. Ray Haverkamp is president, Bobby Fuhrmann is secretary-treasurer, and Norbert Zimmerer is vice president. They succeed Mrs. James Bezner and Joe Hundt, respectively. A new officer was added to the roster when Mrs. Bruno Zimmerer was elected historian. And committees were formed.

Named to take charge of the committee to secure concession stand workers is Mrs. Paul Arendt Jr., Henry Fleitman heads the committee in charge of concession supplies, and Julius Hermes Jr. heads the committee that collects at the gate for home games.

Work done by the organization since last fall includes completion of another set of bleachers and building a concession stand. Almost all the labor for the two projects was donated. Forty enthusiastic members attended the meeting, the first of the current school term.

Knights Topped By Windthorst For 24-14 Count

An advantage in tonnage and power, with a few breaks thrown in, served the Windthorst Trojans well last Thursday night as they trimmed Lindsay's Knights 24-14 on the Lindsay field.

In total yardage the two teams were not far apart. Windthorst got 176 by rushing and 18 by passing, Lindsay got 77 rushing and 106 by passing.

The visitors scored first in the opening quarter on a 16 yard run by Pennartz.

Next quarter they got going again after blocking a kick on the 35, and Pennartz finished the job with a plunge for 2 yards.

And a few minutes later another blocked punt on the 11 gave Windthorst a set up for another counter. Conrady made the distance in one try.

The Trojans' last one came late in the last quarter when they needed four tries to crack a determined goal line stand of the Knights. Conrady did it. For the fourth time the try for extra points failed and Windthorst led 24-0.

Only then did the Knights start clicking. Eberhart hit Krebs with a 25 yard touchdown pass, and promptly thereafter the Knights took possession on a fumble. Hundt's pass to Eberhart was good for 31 yards to the 4. Zimmerer made it from there and went over again for extra points.

On the kickoff that followed Windthorst seemed headed for another TD as Conrady came sailing down the sideline. But Zimmerer got him on the 10.

Next for the Knights will be Lone Oak Friday on the Lindsay field.

Anna Hermes Back From 12-day Trip

Reporting a marvelous vacation is Miss Anna Hermes of Lindsay who had 12 days packed with fun, sight-seeing and entertainment on a trip to Washington, D. C. and New York with scenic tours and stops at special points of interest going and returning.

Highlights of the trip included two days at the World's Fair, a Broadway play, mass at St. Patrick's Cathedral and night clubbing. In the Nation's Capital prime attractions were the Capitol Building, the White House, President Kennedy's grave, the change of guards ceremony at the Tomb of the Unknown Soldier and the National Shrine of the Immaculate Conception. Monticello was among highlights in Virginia.

Agnes O'Rourke Mark Burrowes Jr. Plan Nov. Nuptial

Announcement has been made by Mrs. John O'Rourke of Dallas of the approaching marriage of her daughter, Miss Agnes O'Rourke, to Mark Burrowes Jr. of Lindsay.

The couple is planning a late November wedding to be solemnized in Blessed Sacrament Church in Dallas.

Miss O'Rourke, a sister of Mrs. Kenneth Dobbs, is well known in Muenster for her visits here while her sister and family were residents. Mr. Burrowes is librarian at Cooke County Junior College.

Tigers - - -

lowed over for extra points making the count 14-0.

Back in action Callisburg fumbled on its second play and the Tigers were in business on their 45. Leon Endres passed to Willie Wimmer for 22 and Dan Hoenig for 13. Four plays later Ray Wimmer made 7 and fumbled at the goal. Hoenig recovered over the line for a TD. A run for bonus points failed. Sacred Heart led 22-0 as the half ended.

After intermission Callisburg came back with a bang. Dotson, on a double reverse and slick fake, had the Tigers baffled long enough to get clear for a 60 yard sprint down the left side and put his team on the scoreboard.

Defensively the Wildcats were sharper, too. For a while the teams were stalemated. Tigers kicked, Wildcats kicked and Tigers kicked again. Then Wildcats fumbled, losing possession on the 31.

Ray Wimmer made 3 and a pass Endres to Hoenig made 11. Wimmer's pass to Endres added 9, then Wimmer made the final 3. A pass failed. The score, 26-6.

On the first play after the next kickoff Sammy Endres recovered a fumble but the team failed to move. Callisburg made a first down, kicked on the next series and the Tigers were off for 80 yards and their final tally.

Nineteen plays made the distance, including four completions in six passes. Leon Endres scored on a keeper play then passed to Hoenig for additional points.

With the game nearly over and Tiger reserves on the field, Callisburg struck back to improve its score. Cash got loose and sailed 51 yards to pay dirt after which Dotson went over and made the score 34-14.

Hornets - - -

again.

Six plays gained 59 yards to the 13 and the drive fizzled. Next four plays got only to the 10. But Wimmer's interception the very next play and a run back of about 25 yards put the Hornets back on the 8. Virgil Swirczynski made 5 on a sneaker and Wimmer went over with only 7 seconds left on the clock. A try for points failed.

The Warriors came back strong in the second half. Four runs gained 45 to the 16, when the Hornets stood pat, pushing back the next four tries for a net loss of 3.

Muenster gained back 29 on two first downs and kicked on its next series. Then the Warriors went on the warpath, again.

On the 20 a penalty set them back to the 10, from where they advanced 70 yards on 14 tries before losing possession on the 20.

The Hornets got back to the 11 on three plays. Then Klement apparently got away, but not quite. He was nailed on the 11 after 58 yards.

The Hornets had a set-up but the next series went the wrong way. After a penalty and four plays they lost possession back on the 21.

Valley View, in the closing minutes started again and got back to the Hornet 48 in five tries. Next one was a long pass, which Klement intercepted on the 19 to stop the last scoring threat.

A patent for processing a more palatable powdered whole milk has been granted to Pennsylvania State University. According to the University's researchers, the new process produces dry whole milk, without the objectionable tastes and odors normally found in fat-containing powdered milk products, by subjecting the milk fat to steam under a relatively high pressure.

The farm population in the United States is estimated at about 13,300,000 persons or 7 percent of the total population. A census of American agriculture is slated to begin this November.

Confetti - - -

the inevitable consequence?

It's a national tragedy that deplorable conditions, such as listed by Henry J. Taylor, can be obscured in so many minds by phony assurances that everything is fine. Without a doubt apathy is a serious threat to the nation's future.

There's deep significance also in the remark about manipulated news, which to a very great extent is responsible for public apathy — as it is meant to be. We should be on guard against that because the administration has brazenly told us that it releases the kind of news it wants us to have. That helps us understand why stories such as Bobby Baker and Billy Sol Estes are not fully disclosed, why such claims as peace and prosperity get a big play. That makes us wonder how some big publications can conscientiously justify the stand they have taken in the campaign.

As Taylor concludes, education is in vain if it produces a standard of national intelligence and conscience that will retain a government with such a record.

CCD Study Group Meets for Social

The CCD Discussion Club that met last year for study got together again Sunday evening for a party at the home of Mr. and Mrs. Gene Klement.

Thirteen were present including Dr. and Mrs. Kenneth Dobbs of Dallas who belonged to the club while they lived in Muenster. The club group was headed by Mrs. Gary Hess as leader.

Table games furnished entertainment and the hostess served refreshments.
