VOLUME VIII

MUENSTER, TEXAS, COOKE COUNTY, FRIDAY, SEPTEMBER 15, 1944

NUMBER 43

Modern definition of an old fashioned man: One who does not need \$35 a week unemployment compensation after he has been drawing \$12 a day in a war plant for a couple of years.

But who wants to be old-fashioned when it's so much nicer to go on a glorious spending spree while the big money is rolling in and let future generations buy the groceries when the income stops for a few weeks? That's the attractive feature about present economic policies. We can feast and leave the check for someone else to pay.

Another way to play future taxpayers for a bunch of suckers is to save the big money and get the compensation pay anyway.

It doesn't matter either that the next generation will not approve of this temptoolery. They just can't do anything about it except maybe pass on some bills to their successors.

All of which is a radical change indeed from approved principles of the past. People used to think it was proper to provide a legacy for those who follow. But that was old-fashioned. Modern theory and practice have convinced us that it is better to leave them a pack of debts.

Definition of an old fashioned soldier: One who is mature enough to take his savings, plus any bonus he may be entitled to, and invest or squander as he sees fit. But who could ever expect a soldier to know as much about his own wants or his own welfare as a group of modernized professional job holders?

We are told that the army got its ideas for demobilization directly from GI Joe's themselves. Too bad politicians did not go to the same source for suggestions on their GI bill of rights.

From the way the demobilization plan is shaping up, priority of discharge will depend almost entirely on the length and nature of a man's service. Those who saw the most of this war will be the first to get a break. And, of course the urgency of affairs at home will be considered too. Dependency counts toward the priority.

It's pleasing to know that the fellows who have been in the combat zone, some from the very beginning of our fight, will have the first chance to go home. It would have been more pleasing if they could have been relieved long ago. But, unfortunately, the transport situation did not allow such an idealistic arrangement.

Equally pleasing is the hint that as many as two million will be released as soon as Germany fields up. Perhaps there will be even more. It is easily possible that the greater part of the Oriental struggle will be turned over to the Orientals themselves.

For more than seven years the Chinese have been itching for a chance to get at Japanese throats but have always been handicapped by lack of equipment. After Hitler is whipped there is no reason why they should not set all they want. Imagine all the ships, planes, bombs, tanks, trucks and other equipment that will be available in Europe. We and the British will have scads to spare. The Russians will have scads more, much of it furnished by ourselves on lend-lease. Hence, we hope, subject to immediate recall, it's no longer necessary. All of it would be handy in the Pacific area. Then there's Germany's supply. No reason why her war tools should not also be sent over against the Nips.

Everything considered it seems as though China's millions will be able to get all the equipment they need to clean out and occupy every foot of Jap held soil. Naturally they could not be expected to operate our more intricate equipment. Ships, planes, radar, tanks, etc., require intensive training and we'd have to furnish our men for that. But they could provide troops for infantry, supply, construction, occupation and lots of other jobs. Figured from that angle, considerably more than two million of our service men could be released.

Using left-over materials from the European war offers another attractive possibility. War demands on industry will be reduced and peace time needs will receive proportionately more attention. Some of those things the public has been waiting for may be available sooner than expected.

The theological principle that evil only and not the evildoer should be the object of trees is a little difficult to accept after two recent releases about wholesale atrocities in France.

Apparently a few patriotic Frenchmen were caught in the act of sniping at German soldiers. Instead of executing the few, Hitler's stooges elected to wipe out the entire village in a fiendish orgy of killing.

In view of such events it is hard

## Oil Well South Of Town May Open New Cooke County Field

A new field near Muenster in the 2900-3000-foot class apparently has been discovered by the Kadane-Griffith Oil Company of Wichita Falls.

The discovery well is known as the No. 1 S.P. Hopkins. A sandy conglomerate formation was met at 2969 feet and the hole was drilled to 2983 feet, revealing saturation.

Operators later made a drill-stem test of the saturated zone at 2970-83 feet and when the tool was opened, gas showed in five minutes, and a recovery of 1809 feet of free oil and 90 feet of highly saturated mud with no water was registered in 30 minutes.

The bottom hole pressure was 1500 pounds and the flowing pressure was 300 pounds at the end of the test.

The well is six miles southwest of the city and 330 feet from the north and west lines of BBB&C survey, abstract 150, and located south of the A.D. Walterscheid 200 acres and is an east offset to Albert Reiter 91 acres and a south offset to Walterscheid acreage.

## 3 TRUCK LOADS OF SCRAP PAPER PICKED UP HERE SUNDAY

In one of the most thorough canvasses of the county, eight army trucks gathered a boxcar of scrap paper from county cities Sunday. Muenster citizens donated approximately three full truck loads to the drive.

The drive was sponsored by the American Legion post of Gainesville in cooperation with the WPB's authorized National Paper Drive being conducted between August 20 and September 20.

The boxcar of scrap was shipped to Dallas Tuesday.

The sponsor group expressed appreciation to all who cooperated in making the campaign successful.

J.P. Flusche, manager of the local junk yard, advised Tuesday that he has a trailer at his place of business, set out especially for the collection of waste paper from this community and that anyone with this scrap may dump it on the trailer, and he will see that it reaches the proper channels. In this way, persons with more waste paper on hand than they can store in their home can leave it on the trailer, instead of burning it, or trying to store it until the next pickup is made.

Mr. and Mrs. Paul Endres and Mrs. Charles Everette drove to Ft. Worth Monday afternoon to meet the latter's husband, a seaman second class with the Navy, who accompanied them home for a week's visit with his family, after which he will return to his base at San Diego Calif. While in Fort Worth the group visited Misses Gene Walter and Harriette Schoech.

## 395 Students Enroll Monday At City Schools

Three hundred and ninety five pupils registered at both Muenster schools on Monday morning, the opening day of the current term. Of this number 350 enrolled at Sacred Heart school, a slightly higher number than last year, and 39 registered at the public school, approximately half of last year's enrollment on the first day.

At the parochial school 285 are in the grade department and 71 in high school, the largest high enrollment in the history of the institution. Three Benedictine Sisters, as the instructors divide the high school subjects, with the exception of religion and church history which are taught by Rev. Fathers Thomas and Richard, respectively. The teachers are Sisters Geraldine, Jerome and Michael.

A slightly different procedure is in effect in the grade department this term, two grades of boys occupying one room and having one instructor, while two grades of girls occupy one room and have one teacher. Sister Anastasia teaches the first and second grade boys, Sister Genevieve the girls, third and fourth grade boys have Sister Theophane for instructor, while the girls of the same grades have Sister Gebharda; Sister Martina is in charge of fifth and sixth grade boys, Sister Xavier, the girls; seventh and eighth grade boys are being taught by Sister Regina, and seventh and eighth grade girls by Sister Louise.

Attendance at Mass preceded registration and pupils were present in full numbers. Father Thomas was celebrant and music was provided by the students.

Enrollment is expected to be increased slightly by the attendance of children now picking cotton who did not register on opening day.

Likewise the public schools' enrollment will be boosted considerably in a few weeks for the same reason.

John Hoffman of Rhineland joined the staff this year as superintendent and teacher. He is moving his family to this city during the weekend. Mr. and Mrs. Hoffman have four children, Jewel Marie, Gladys and Allen Arthur, students here, and Pvt. T. J. Hoffman, a member of the army air corps stationed at Harlingen.

The other teachers are serving by reselection: Mrs. L. Burchfield, Mrs. Daisy Thompson and Miss Elfreda Luke.

Four buses instead of the customary three, made the rounds on Monday morning and will continue on their routes. Last weekend the school system purchased a large station wagon and put it on the south route to split a big run. Drivers are Henry Yosten, John Hoffman, Thomas Gremminger, and Bill Otto and Matt Muller, alternating.

Registration and issuance of books was completed at both schools by noon on Monday and pupils were dismissed. For the remainder of the week classes were dismissed at 3:45.

Mr. and Mrs. H.C. Billingsley and children of Ardmore, Okla., visited her mother, Mrs. Wm. Wieler, and other relatives here Sunday.

## Had Been In Army Since January This Year With An Infantry Division

Pfc. Harold H. Pembroke, 30, is Muenster's most recent casualty in the present conflict, and this community's seventh young man to give his life for his country since the beginning of World War II.

He was killed in action in France on August 27 according to the message from the war department which his wife received Monday morning. He served with an infantry division.

Pfc. Pembroke was a native of Muenster, a son of Mr. and Mrs. A.M. Pembroke, who reside north of the city, and spent his entire lifetime, until his entry in the service, in this community.

He was born September 2, 1914, and following completion of his education, worked with his father in farming and dairying. On May 17, 1935 he was married to Miss Blanche Cochran of Marysville, who survives, along with two children, Marjorie Ellen, 4, and Lewis Paul, 3 years old. Also surviving are the parents and three brothers: V.E. of Dallas, J.C. of Kermit, and Sgt. Lewis H. Pembroke with the U.S. Army on duty in France.

Pfc. Pembroke entered the service on January 19, this year, and received his basic training at Camp Fannin, Texas. He spent a furlough here beginning June 1 and then went to Fort George G. Meade, Maryland, leaving for overseas duty on the 29th, and arriving in England, a week later, July 16, he went into action in the combat zone in France.

His wife received his last letter to her on Monday, shortly after receiving the death message from the war department. It was dated August 24, three days before his death.

The deceased was well known throughout the community. He possessed a pleasing personality, was genial, friendly and good humored and was held in high esteem by all his friends and acquaintances.

## Loans On 1944 Cotton Crop Is Made By WFA

**Commodity Credit Corporation To Have Charge Of Financing**

Loans on the 1944 cotton crop will be made by the War Food Administration through the Commodity Credit Corporation, J.T. Biffle, Jr., chairman of the Cooke County AAA Committee announced Friday.

Premiums and discounts for grade and staple in the 1944 program will be calculated in relation to the loan rate on 15-16 inch middling cotton, Biffle explained.

For 15-16 inch middling cotton the loan rate, net weight in Cooke county, is 21.30c, and the loans will vary according to location. The rate for 15-16 inch middling cotton, net weight, will range from 21.09 to 21.30.

Loans will be made directly by the CCC or through lending agencies, principally banks, approved by the Corporation.

Cotton producers' notes will bear interest at the rate of 3 percent per annum and will mature July 31, 1945, but will be callable on demand, Biffle said. Loans will be available until May 1, 1945.

Loans will be made on cotton represented by the warehouse receipts issued by warehouses approved by CCC and other bonded cotton secured by chattel mortgages. Cotton to be eligible for the loan must be classed by a Board of Cotton Examiners of the War Food Administration. Loan forms are being made available through approved cotton warehouses and the county agricultural conservation committees.

### JOSEPHINE YOSTEN, NICHOLAS J. MAYER UNITED WEDNESDAY

In an impressive ceremony Wednesday morning at 9 o'clock at Sacred Heart church, Miss Josephine Yosten, daughter of F. J. Yosten, became the bride of Pfc. Nicholas J. Mayer of Chicago, Ill., and Camp Berkeley. Directing the recitation of the vows was Rev. Thomas Buerzler pastor who also officiated at the nuptial high mass.

Sister M. Leonarda, church organist, played the traditional wedding processional and assisted the church choir in rendering music for the mass.

The bride was attractive in a floor length gown of ivory brocaded satin made with sweetheart neckline, long fitted bodice and full skirt, with a short train, and long sleeves that were pointed at the wrist. Her full length veil fell from a tiara of tiny crystal beads and she carried an arm bouquet of white gladiolas. Her only ornament was "something old", a gold cross and chain formerly belonging to her mother and for "something borrowed" she carried a white pearl rosary, sent from Italy by her brother, S. Sei. Ferd Yosten to Mrs. F.J. Yosten.

Maid of honor was Miss Mary Wiedemann, who was attired in a full-length gown of perrinkle blue chiffon fashioned with basque waist, full skirt and short puffed sleeves. She wore a corsage of pink gladiolas, and a blue half hat with shoulder length veil.

Henry Yosten, the bride's brother, was best man. Following the ceremony, breakfast was served at the bride's home to members of the bridal party, and at noon the immediate family were guests at dinner. The bride's table carried out her chosen colors of ivory and blue. It was laid with an ivory lace cloth and was centered with a three-tiered cake, topped with a miniature bride and groom, and flanked with blue tapers.

The crystal stand that held the wedding cake is more than one hundred years old. It is an heirloom in Mrs. Mayer's maternal side of the family and has held innumerable wedding cakes for several generations.

At three o'clock a reception, for which a large number of relatives and friends were guests, honored the couple and supper was served. During the evening Pfc. and Mrs. Mayer departed on a wedding trip to Chicago after which they will make their home in Abilene. For traveling Mrs. Mayer wore a forest green wool suit with brown accessories.

He is the son of Mr. and Mrs. N.J. Mayer of Chicago and has been in the service, attached to a medical unit, for two years. He trained at Camp McCoy, Wis., and was stationed at Camp Howze for

a year before being transferred to his present duty at Camp Berkeley. He is on a ten-day furlough.

### TUESDAY CEREMONY UNITED JOE DEVERS AND ADELINE KNABE

Miss Adeline Knabe, daughter of Mr. and Mrs. Albert Knabe, was united in marriage to Joe Devers of Gainesville, son of P. P. Edward Devers of Decatur, brother of the bridegroom, performed the ring ceremony and directed the vows, after which, Rev. Father Thomas, pastor, officiated at the nuptial high mass.

The church choir rendered music for the mass, assisted by Sister Leonarda, organist, who also played the processional and recessional.

The bride was attired in a floor length gown of white marquisette fashioned with sweetheart neckline, bishop sleeves, long fitted waist and full flounced skirt. Her finger-tip veil was attached to a wreath of white rose buds and she carried an arm bouquet of white gladiolas.

Miss Lorene Knabe attended her sister as maid of honor. She wore a frock of blue brocaded satin with long fitted waist, full skirt and short puffed sleeves, and a headdress of white flowers.

A dance in the Lindsay community hall in the evening concluded festivities.

During the evening Mr. and Mrs. Devers left on a short wedding trip after which they will make their home near Gainesville. For traveling Mrs. Devers wore

a gold colored ensemble with black accessories.

**LEAGUE, GARDEN CLUB  
HAS MEETING FRIDAY**

The Civic League and Garden Club met in regular monthly session Friday afternoon at the public school with Miss Olivia Stock, president, in charge.

Committee reports were given by chairman of the highway and Red Cross committees. Several members volunteered to clean ground and water plants around the city markers on Friday evening and one day next week.

Mrs. Jim Cook, who is in charge of the club's war work, distributed overseas kits to be made for the Red Cross, and members voted to make cookies for the Fair Park USO at Gainesville on Saturday, Sept. 16.

The president announced that Mayor Weinzapfel invited members to view plans for improvement of the city park, on display at the bank. The garden club is taking active interest in the park project.

For the program hour, Mrs. T. S. Myrick discussed "Plant Lilies this Fall", and led a round table discussion on the subject, after which Mrs. Jeanette Van Raalte, an army wife residing in Muenster, read a poem, her own composition, "Late Summer in Texas". The floral arrangement of the month was composed of purple thistles.

Word has been received from Tours of the death on Sept. 1 of Mrs. John Jube, the only sister of Jos. Rauschuber of this city.

Miss Dorothy Beyer has been moved to the home of her mother, Mrs. Adam Beyer, and is recovering rapidly from an appendectomy performed at Gainesville last week.

Mrs. Carl Gimple and her daughter, Mildred Fette, left Saturday for a visit in Pasadena, Calif., with the former's sister-in-law, Mrs. Gus Junke.

T. Sgt. Leonard Zwingski, formerly stationed at Sheppard Field is now at Camp Davis air field, North Carolina. He visited his parents, Mr. and Mrs. Leo Zwingski and family here enroute to his new station.

S. Sgt. Frederick J. Schmitz, returning from four months overseas with the army air forces in the European theatre of operations, has arrived at Camp Shelby, Miss., prior to a visit with his parents, Mr. and Mrs. John Schmitz, here.

Pvt. Harold Schmitz and Pvt. Gerald Metzler are now settled for their basic training at Fort Riley, Kansas, and are enjoying army life, according to letters to home-folks. The boys, always good pals in civilian life, are elated at being together in the service. They are

training with a mechanized cavalry division.

**CERTIFICATES OF NEED REQUIRED TO BUY PROTEIN MEAL**

In order to assure equitable distribution of protein meal supplies, buyers must obtain certificates of need from their county AAA committee before purchasing protein meal from any processor in Oklahoma, Texas or Mexico, effective September 1, 1944.

Under an order issued by the War Food Administration on August 7, 1944, processors are required to secure certificates of need from each person, including feeders, who buy more than 500 pounds of protein meal within any 30-day period. The certificate is presented prior to, or at the time of purchase. Deliveries can be made of 500 pounds, or less, within any 30-day period, to any purchaser, from any source available, without a certificate.

"This order assures that our supplies of protein meal will be equitably distributed," J.T. Biffle Jr., Chairman of the county AAA Committee, said.

Mr. Biffle further stated that the order is expected to be very effective in keeping down any black market activities in protein meal supplies.

Requirements of this order do not apply to deliveries of protein meal required to be set aside by processors for distribution by the War Food Administration through the State AAA Committee to holders of Certificates of Designated Buyers.

**BARBECUE PARTY GIVEN AT WEINZAPFEL HOME**

The spacious out door living room at the home of Mr. and Mrs. J.M. Weinzapfel furnished an appropriate setting for a delightful barbecue party Thursday evening for which near one hundred guests were present.

The affair was given to honor personnel of the Muenster State Bank, the Muenster Refinery, the City Council, and as a farewell tribute to Miss Juanita Weinzapfel and her brother, Thomas Weinzapfel, daughter and son of the hosts.

Informal diversion was enjoyed on the well lighted lawn and barbecued chicken, with a complete accompaniment of other good foods, was enjoyed.

**Boxes For Christmas Mailing Available At Enterprise Office**

Persons preparing to send Christmas gifts overseas to personnel of the armed forces will be interested in learning that The Enterprise will have on hand, next Monday, a large supply of extra strong corrugated boxes, made especially for shipping parcels overseas. These boxes meet regulations for overseas mailing and will stand a pressure of 200 pounds.

Last year the Postal Department experienced no little grief due to the fact that many parcels were packed in ordinary shoe boxes which will not stand up under the ordinary conditions prevailing at Christmas mailing time. Hundreds of packages were damaged before they ever reached the port for overseas dispatching.

These sturdy boxes on sale at the Enterprise office for only 20c will assure a safe and sound arrival of gifts at even the most distant posts.

Another service, for the nominal charge of 40c, which includes box, paper, packing material and wrappings, is being offered at The Enterprise office for persons who are too busy to wrap their own gifts for shipping.

**Tire Inspection Records**

Keep tire inspection records until you get your new mileage ration record form along with your new "A" book, OPA says.

Since discontinuance of periodic tire inspection last April, tire inspection records have been primarily as a record of gasoline rations issued each automobile, and will no longer be necessary when the new form is issued.

Outside of the East Coast states, the new "A" books will go into use September 22.

**Singing And Noon Lunch At Baptist Church Sunday**

There will be an all-day singing at the Bible Baptist church here Sunday, members of the congregation have announced. The service is to start at 10 o'clock and dinner will be served free by church ladies at noon to all present. A cordial invitation is extended to everyone to attend, it was pointed out. Rev. J. Calvin Dennis, pastor, will be in charge of the services.

another side to this question. People who resort to brutality to impress others usually cannot be impressed themselves except by brutality. Making them swallow their own medicine might discourage prospective brutes of the future from similar inclinations.

This doesn't approve the suggestion made by some that the Allies should march through Germany spreading death and destruction. We cannot compensate for Nazi crimes by crimes of our own. And we hope that no allied soldier will be guilty of such behavior. Nevertheless it is easy to approve brutality for the brutes. For justification we can turn to Mosaic justice, an eye for an eye, or to a well known proverb, fight fire with fire.
