## John Koelzer, 68, Former Resident Dies in Arkansas

Now, who's trigger happy? That seems to be a reasonable question this week in view of a statement by David Lawrence in his syndicated column Monday night. He says: "Now it turns out, despite all the criticism of the Arizona senator authoritative sources in Washington say that the American commander-in-chief in Europe actually has been given instructions permitting small nuclear weapons to be employed in defense against certain kinds of attack."

It will be recalled that this is precisely the policy recommended by Candidate Goldwater early in the political campaign. His contention was that in case of attack by communist forces the general should be empowered to use small nuclear weapons, which are there and ready for use, rather than lose precious time waiting for word from Washington. It was clearly specified at the time that those are battlefield weapons, conventional weapons serving generally the same purpose that artillery used to.

For that Goldwater was denounced as reckless and trigger happy, a dangerous man who would risk plunging the world into a nuclear war. LBJ added that there is no such thing as a conventional nuclear weapon. Every effort was made to snowball the issue and convince the nation that Goldwater's judgment could not be trusted. But now comes this other development indicating that Goldwater's idea must have been all right in the first place — but apparently no word admitting that he was right. Instead, you can bet, the propaganda mill will continue the same old line.

Cases like that no doubt influenced the Cincinnati Inquirer on Tuesday to state that no candidate in the history of American politics has been so much maligned and misquoted as Goldwater. By the dozens his statements are twisted or quoted out of context to make him appear illogical or inconsistent. The practice started in his race for party nomination and it has intensified in his race for presidency. From it all one fact is sadly apparent. The administration, with its sorry record of the past four years, has little to stand on, so it has to create another issue as a smoke screen — its twisted image of Goldwater as a dangerous man for the office.

Another well known misrepresentation is the charge that Goldwater advocates scrapping Social Security. Actually the exact opposite is true. Goldwater's record shows that he has favored the system and his announced policy is to continue favoring it through methods that will retain its benefits into the future. The same cannot be said for President Johnson whose inflationary policy tends to reduce the value of SS benefits and whose Medicare plan adds a load that could wreck the system entirely.

Voters who are concerned about that issue had better think what will happen to their benefits as the value of money declines, and how big the wage earner's tax will be when the additional load of socialized medicine is piled on the system.

Who do you think is more likely to wreck the Social Security system? Whose idea do you think is likely to keep the system — and our treasury — solvent so that your share will be available when the time comes for you to collect?

Some basic facts need to be remembered in connection with this presidential campaign. A group of disgruntled and frustrated king-makers in the East who manipulated the GOP for years turned sour when grass roots people took over party control and nominated their own choice for president.

The big shots can't tolerate that. If they can't rule they must ruin. It doesn't matter to them that conservatives of the party backed their choice in many previous campaigns. They won't show the party loyalty they used to get from others. Instead they join the opposition and call on their high powered Madison Avenue publicity machine to help do the dirty work. That circumstance suggests a reason why

## Dr. Willis Remains At Saint Jo

Dr. Selwyn Willis has decided not to leave Saint Jo. His trip last week to Red River, New Mexico, turned out to be just a trip and not a change of location.

One change remains effective, however. He will not continue a part time office in Muenster. Said keeping two locations is inconvenient and expensive to him and confusing to patients.

He now has his office in Saint Jo only, open week days except Wednesday and also continues as a member of the medical staff at Muenster Memorial Hospital.

## Tigers Ready for Husky Crew of Anna Hi Gridders

The Tigers will be outweighed but they are still expecting a well matched game when they play Anna High on the local field at 8 o'clock Friday night.

Judging from the season so far, Coach Adam Wolf expects the visitors to be above average for a B team, which is about the same rating he has for his Tigers.

In its first game Anna was clobbered 41-0 by an extra potent Class A team from Foreney. Next it had a picnic in a 34-6 win over Celina which had lost by about the same score to Sanger. From that comparison, and also from the fact that Anna has some real huskies in the line and at fullback, Wolf is expecting some stout competition for his boys.

Sacred Heart and Anna have met in football once before. That was in 1952, resulting in an 18-7 win for the Tigers.

The Tigers are all in good condition and ready to go.

## More Efficiency Expected in New Postal Schedule

Postal patrons at Muenster are not getting some of the service they used to, but they are getting more efficiency than ever before. For just a small sacrifice in service, says Postmaster Arthur Endres, the post office department has eliminated lots of expense, and made compensating improvements.

Last Saturday was the first day of streamlined mail service for Muenster. The post office received mail once, at 6:50 a.m., and dispatched it once, at 5:30 p.m. Before that there were five receipts and four dispatches daily. The post office department has made an enormous saving on its hauling expense.

At the same time it has started a system which, it hopes, will give the fastest and most economical service in post office history. Its new slogan "mailed at 5, delivered at 8" applies to a large percentage of mail in the country. It applies especially to mail going 250 miles or less and much of it going farther. It may apply even to mail to either coast. Some regular mail goes by air when a plane's contracted load is not taken up by air mail.

The big difference in the change, says Endres, is that mail now moves at night and is available the next morning when most people expect delivery. Previously some of it moved during the day, often reaching its destination earlier. But then most of it waited until the next morning for delivery to patrons. Only a small percentage of mail that used to move by day was actually delivered the same day, says Endres.

That small percentage, however, is causing some complaint here. Newspapers that used to be in P. O. boxes in the evening are no longer there. Afternoon papers come the next morning. In that connection Endres points out that mail schedules are drawn up for best handling of first class mail. Publications do not determine schedules but just ride along at a reduced rate.

In the present system mail is collected by truck from post offices every evening and carried to a sectional center. Early in the morning mail from the sectional center is sent to post offices in the area. The center serving this area is at Denton. Mail from Muenster is picked up by the truck at 5:30 in the evening, except Sundays, when the pick-up is at 4:30. Mail for Muenster is received daily at 6:10 and normally it is in patrons' boxes by 8 o'clock.

Mr. and Mrs. Jerry Fette and Jerry Ray of Waco were visitors here during the past weekend.

## Final Rites Held At Marysville for E. E. Ballinger, 83

Elton E. Ballinger, 83, long-time Marysville resident died Sunday in a rest home at Vidor, Texas. He left Marysville about a year ago, soon after fire destroyed his farm home last October, and lived with his daughter in Kountze until illness resulting from a heart attack made it necessary for him to have special care. The body was returned to Cooke County for burial.

Funeral services were held Tuesday at 2 p.m. in George J. Carroll & Son Chapel in Gainesville and burial was in Marysville Cemetery. The Rev. Carroll Cole officiated assisted by Dr. Harry Roark.

Survivors include one daughter, Mrs. Ross Dugot of Kountze; two sons, Ross Ballinger of Norwalk, Calif., and Kirby Ballinger of Fort Worth; a half brother Everett Ballinger of Sulphur, Okla.; and six grandchildren. His wife died a number of years ago and is buried at Marysville.

## Tigers Edged 12-8 In Tight Contest With Era Hornets

Failure to crack a stubborn goal line stand probably lost the ball game for the Sacred Heart Tigers last Friday night. The final count was 12-8 favoring the visiting Era Hornets, and that touchdown, if it had been put over, would have provided the all important points to change the outcome.

The big test came just after the start of the last quarter, with Era leading 12-0. A dandy drive advanced from mid field to a first down on the one yard line. It looked like a wonderful opportunity for the Tigers. But after four blasts at the middle of the line the ball was still on the same place and Era took possession.

In the final minutes Sacred Heart exploded with a sensational drive that produced the long awaited TD. Leon Endres connected with three passes—to Danny Hoeng for 15 and 13 and to David Hess for 51 — a total of 79 yards and the score in the three big plays. Then Ray Wimmer passed to Endres for the extra points.

But time had run out for the Tigers. One play after the next kickoff was the last.

Starting the game Era took the lead in a hurry, in fact, on its third offensive play. Sacred Heart kicked to end its first series. Era fumbled the ball away on its first try. Again the Tigers had to kick after no gains and Era was in business on the Tiger 45. First attempt made 4. On the next Jerry Kindiger broke through and raced 41 yards for the score. A run for the extra points was stopped and the

## BIRTHS

Happy over arrival of a daughter are Mr. and Mrs. Bob Fitch of Irving. Their little girl was born Tuesday night, Sept. 29, at St. Paul's Hospital in Dallas weighing five pounds two ounces. She's a sister for Wayne who will be one year old Oct. 2. Welcoming a granddaughter are Mr. and Mrs. Al Hess of Muenster and Mr. and Mrs. Morris Fitch of Dallas. And there are four great-grandmothers, Mrs. J. W. Hess, Muenster, Mrs. Jos. Hundt of Lindsay and Great-grandmothers O'Hagen and Fitch, both of Sherman.

## Garbage, Trash Disposal Service Begins Thursday

A garbage disposal service in Muenster was started Thursday morning. Fred Hennigan after his recent survey decided he has enough customers to give it a try.

The service is available on a voluntary basis, at \$1.75 per month for disposal of food scraps, tin cans, glass, paper, etc. Hennigan said he is cooperating with the city in asking that garbage be wrapped in enough paper to absorb excessive moisture. That's to prevent dripping on the streets. Also requested are covered cans, to avoid additional moisture from rain and to discourage flies.

Hennigan's plan now is to pick up the trash and garbage on Mondays and Fridays when weather permits. For his first pick-up he started Thursday because he expected delay as he answers questions relative to the service.

Hennigan will dispose of the garbage in a ravine on his farm near Red River.

## Contract Awarded For Clear Creek's 38th Reservoir

The contract has been awarded and work is due to begin within two weeks on another flood prevention reservoir for the Clear Creek watershed. It is site No. 19 on land owned by Jim Christian near Ross-ton.

The reservoir will detain floodwater from 800 acres of drainage area and will have a permanent water pool of about 8 surface acres. The dam will require 76,000 cubic yards of dirt fill.

Ten bids were received on the project, the lowest, Dale A. Wise and Inland Excavating Company of Sallisaw, Okla., in the amount of \$51,300.20.

This dam is the 38th completed or under construction to control floodwaters on the Clear Creek watershed.

## Hornets Resting; To Start District Play Next Week

An open date this week gives the MHS Hornets a week-end of rest before starting next week on their seven-game 9-B District schedule.

Furthermore, says Coach James Polk, if ratings are correct, this will be the rugged part of the schedule. First on the list is Valley View, then Sanger, Era and Saint Jo. Not figured as quite as stout but still big opponents for the Hornets are the final three, Alvord, Callisburg and Chico.

## 11.12 in. Rainfall Tops Old Record For September

The wettest September in the recorded history of Muenster rainfall has just ended. But it beats the record by a very slim margin of only .01 inch.

According to official Weather Bureau records kept by Steve Mosler, the total for the past month is 11.12 inches, and the figure for September 1962 was 11.1. However it still falls short of another monthly record. April 1957 had a total of 12.43 which came shortly after completion of several flood control reservoirs on Elm Creek and clearly demonstrated their value in controlling down stream damage.

Saturday's rain provided the additional measure to put the month's reading over the top. It was 1.29 inches and the total before that stood at 9.83.

Total rainfall for the year at this time is 30.63 inches, slightly higher than the average for the first nine months.

## Ardmore B Tigers Outclass Hornets By Score of 12-8

The Muenster Hornets got into a real one-sided contest Saturday night when they took on the Ardmore B team, and they were lucky to hold the score to 12-8.

Ardmore's outfit was loaded with power and speed. It had a weight advantage of about 20 pounds per man and a fast shifty backfield.

The visitors showed their ability on the very first scrimmage play when Quick sailed around left end for 41 yards to the Hornet 25. In nine plays they ground out the remaining distance and marked up their first TD before the game was 2 minutes old. Warren went over for the last half foot and a kick attempt for extra point failed.

For the rest of that quarter and about half of the next neither team made any progress. Muenster made one first down and Ardmore none. Then Muenster started going goalward. From midfield Roy Wimmer gained 15. Three plays later he went 9 to the 19. Third play of the next series was good for another first but an offside penalty spoiled everything. The ball came back to the 18 and after two more plays the series died on the 16.

Ardmore came back with a screen pass that got almost to midfield as the half ended.

A lucky break favored the Hornets as the next half opened. An on side kick succeeded. Muenster was in possession on the Ardmore 46. Two stabs at the line lost a yard then Vir-

## Dance to Benefit Hospital Saturday

Members of Muenster Hospital Auxiliary have put in a busy week getting ready for the benefit dance they will sponsor Saturday night in the VFW Hall.

The membership has been selling advance tickets, and tickets are on sale at four locations: Hamric's, Fisher's, Endres Motor Co., and Ray's Drive-In.

The dance will be a benefit for Muenster Hospital.

The fabulous Jimmy Jones and his orchestra will play.

## FIRE PREVENTION: YOUR JOB

"Fire is something that happens to the other fellow, maybe, but not to me."

Do you dismiss fire and its destructive potential in this casual, careless way? Far too many of us do, yet statistics from the National Fire Protection Association show how wide of the mark is this attitude.

Consider the fire record in homes: In the United States, more than 586,000 homes and apartments destroyed or damaged annually, bringing death to over 6,300 people; in Canada, more than 61,000 residences hit by fire, with 450 killed. Close to 75 per cent of the fatalities are the defenseless young and old.

This very year, on the basis of national averages, a home in your general neighborhood will be involved in fire, possibly a fatal one — and it could be yours!

Consider what fire does to industrial and commercial buildings each year: Over 162,000 U. S. and 14,000 Canadian plants, stores, offices and other business properties destroyed or damaged.

This very year, on the average, a business operation in the area where you work will be hit by fire, possibly involving temporary or longer-term loss of earnings and jobs by its employees. It could be yours!

Don't gamble that you can escape the financial headaches or family heartbreaks that fire inevitably brings. Make fire prevention your business, too, at home and on the job.

## BAIL OUT THE UN? WHO, US?

Administration officials told UN Secretary U Thant during his recent Washington visit that Russia must pay up its \$55.7 million arrears to the UN — or else. Or else the U.S. will press Article 19 of the UN Charter under which a member owing two years or more of its mandatory payments loses its vote in the Assembly. Russia is now eligible for this treatment because of its refusal to pay its share of UN "peace-keeping" activities in Africa and the Near East.

But Mr. Thant, whose Washington visit followed one to Moscow, has told his White House hosts that the bully boys in the Kremlin (to whom he mentioned the matter) said they would pull out of the UN if they lost their Assembly vote.

Two other points of equal significance, we think are these:

There are some other dead beats in the UN also, its total deficit now standing at more than \$122 million — an amount that could throw this global clambake into its final spin.

And Administration spokesmen in Washington have presented to Secretary Thant the prediction (not to be considered a threat) that if the USSR fails to pay up — and keeps its Assembly vote nevertheless — US financial support of the UN is going to take a nose dive.

We can only assume that this realistic outlook for UN solvency — if not its very survival — is based on a shrewd, if unofficial appraisal of the patience of the American voter and taxpayer. And when the time comes that Washington judges the voter has about had it — that's the time for something to give . . . or, in this case, to quit giving.

Sparky says:

## If Fire Strikes Your Home...

**GET OUT** of the house the minute you discover it or smell smoke!

**ALWAYS** be ready to use different escape routes from any room in your house!

**TEST** doors before opening. If doors are hot, block them with furniture or wet mattresses to keep out smoke and gases. Get out another way!

**NEVER** jump from upper-story windows except as a last resort! Wait for firemen.

**HOLD** your breath if you have to make a dash through smoke and flame!

**REMEMBER**, the air is usually better near the floor in a smoke-filled room!

**CALL** the fire department at once! They know how to fight fire. Don't waste your time or your life trying to fight a fire, unless it's so small you're sure you can control it with the right extinguisher.

**DON'T** ever go back to a burning building for any reason! Smoke and fire gases from even the smallest fire can be deadly.

**GET** medical treatment at once, if you're burned or exposed to fire and smoke! Seemingly minor burns or smoke inhalation can have fatal results.

**DON'T GIVE FIRE A PLACE TO START!**

## HOUSE CLEANING NEED SHOWN IN AID THREAT

If Florida voters needed any further reminder of why this nation so badly needs a thorough cleansing of our political structure from the White House on down the line, they certainly got it in an Associated Press news story out of Tallahassee.

This story related how Florida's Democratic leaders have been bluntly warned by the White House that should the state follow the trend it has taken in the last three presidential elections and stay in the Republican column, it can expect to lose some of the federal aid it is now receiving.

In addition to being warned to either deliver the state to President Johnson or lose some federal aid funds, Democratic leaders reportedly were also told that if Sen. Goldwater carries the state in November, new projects in the conservation and public works fields would hardly be looked upon with favor in Washington.

This is one reason, we are told, why many leading Democrats in the state will not dare to desert the Johnson camp and openly aid Sen. Goldwater whose views and philosophy of government more closely parallel their own.

This blunt warning, which clearly reveals the nasty nature of President Johnson's campaign strategy, can only be carried out, of course, if the President happens to be reelected without Florida's help.

From the tone of this warning it would appear the Johnson supporters think our federal tax payments comprise a huge political slush fund to be used primarily to reward those who support them and punish those who do not.

**YOUNG TEXAN FOR AUGUST**—Kirk Houston Cameron, 1964 graduate of Robert E. Lee High School in San Antonio, has been selected by Texas Optimist Clubs to receive the Troy V. Post Award designating him Young Texan of the Month. Kirk, 18 (shown here with girl friend Sally Delavan), was president of the 1900-member student body, a National Honor Society student and a star football lineman. He plans to attend Texas Western in the fall. Kirk will also compete with the 11 other monthly Young Texan winners for one of three valuable scholarships to be awarded at a statewide banquet in early 1965. He was chosen Young Texan of the Month in competition with nominees throughout the state by a panel of state leaders headed by U. S. Supreme Court Justice Tom C. Clark.

## JOHNSON'S LAWYER 'TAKES THE FIFTH'

Capitol Vending Company, which has filed a \$300,000 suit for damages against President Johnson's protegee, Bobby Baker, secretary to the Senate Democratic majority, was refused permission Tuesday to subpoena three high officials of the Johnson administration.

The officials, all known to possess substantial information about the manipulations which brought Baker a fortune of more than 2 million dollars while he was on a salary of \$19,600 a year, were Walter W. Jenkins, assistant to President Johnson; Nicholas de B. Katzenbach, acting attorney general, and James E. Webb, administrator of the government Space agency.

Katzenbach successfully argued before Judge Alexander Holtzoff in federal district court at Washington that, under a plea of executive privilege, he and his government associates were entitled to withhold information about the Baker case. The court turned down the contention of counsel for Capitol Vending that the justice department, through Katzenbach, must show that it had specific authority from the President to exercise executive privilege.

Here we have the remarkable spectacle of the Johnson administration pleading, in effect, the fifth amendment which would show how deeply involved the White House is in the Baker scandal. How high up is Katzenbach afraid the disclosures will go? — Chicago Tribune

## TRUE REFLECTION OF POVERTY

A majority of the Congress of the United States passed, and the President of the United States approved, a piece of legislation calling for expenditure of one-thousand million dollars in the name of "fighting poverty."

Let this be said, that it truly is a poverty bill. For by all that is holy, the poorest man on the face of this earth, a man without food or shelter and whose clothes are but rags, is not as poor physically as are the Americans intellectually and morally who voted and condoned this vote-buying monstrosity. The bill's reflection reveals the poverty.

Anyone learned to the kindergarten level in economics, knows that this squandering can only work to worsen poverty. The fact is so certain it is not even debatable, unless by fools.

The spectacle makes one want to apologize to the valiant men and women who fash-

tyranny and carved our greatness from wilderness.

What to say — except that we're ashamed of the gaggle of political parasites who have so degraded the name, American.

—Topeka, Kans., Free Lance lioned our freedom out of

**Margie Samek Is Honoree at Party And Gift Shower**

A gift shower Wednesday evening at Era honored Miss Margie Samek, bride-elect of Gary Chisam of Valley View. Ladies of the Era Methodist and Baptist Churches were hostesses and served refreshments to about 70 guests who were registered by Miss Debbie Russell.

Miss Nina Sue Robison poured punch and Miss Barbara Moore served the pink cake squares. A color scheme of white and pink, the honoree's chosen colors, was emphasized and pink roses were used as the floral complement.

Others sharing hostess duties were Mmes. W. L. Berry, Barney Samek, J. C. Southard, Milton Morrison, Earl Taylor, Milton Thomason, C. W. Welch, and J. C. Russell.

Among guests were parents of the engaged pair, Messrs. and Mmes. Emmett Samek and Ferd Chisam.

The couple will marry Oct. 3 in Era Baptist Church at 7 p.m.

**Shirley Becker Has Party on Birthday**

Twenty-one girl classmates helped Shirley Becker celebrate her ninth birthday at a party Friday after school. Mrs. Martin Becker entertained at the family home for her daughter.

Other guests were cousins Mary Ann Voth and Barbara, Betty Mae and Helen Ruth Rohmer of Lindsay. Mrs. Norbert Rohmer helped with party plans and Mrs. Henry Voth was a special guest at her granddaughter's party.

A large decorated birthday cake was the centerpiece for the refreshment table and the children were served small individual cakes, each topped with a candle, along with home made ice cream and Hawaiian punch. Balloons and Hawaiian wreaths were party favors. Shirley's other grandmother, Mrs. Bill Becker who couldn't attend the party, was at the home the day before bringing a gift and greetings.

The Very Rev. Bonaventure Koelzer visited here Saturday overnight and until Monday morning, coming to Muenster after officiating at funeral services for his brother John Koelzer in DeQueen, Ark., Saturday morning. He was the houseguest of his sister, Mrs. Lena Streng. Other relatives stopped there to see him during the day Sunday. Father Bonaventure left Monday by plane from Dallas to return to Graymoor, Garrison, N. Y.

The Cooke County group at the Adult 4-H leaders conference in Glen Rose last week enjoyed seeing Jerry Klement there. He is assistant county agent of Tarrant County and helped direct the three-day program.

Msgr. Thomas Weinzapfel of Dallas visited Monday and overnight with his parents, coming especially for the birthday of his mother, Mrs. J. M. Weinzapfel.

Miss Rose Vogel has joined the staff of waitresses at Rohmer's Restaurant.

Sister Irma and Sister Bernadette drove over from Sherman Sunday to spend the afternoon with relatives and friends. Sister Irma was with her mother, Mrs. M. J. Endres, and Sister Bernadette visited long-time friends, Mrs. Frank Yosten and Mrs. Steve Moster.

Dinner Sunday at the home of Mrs. Harold Walterscheid had most of the family as guests. Those attending from out of town were Mr. and Mrs. Jim Harris and daughters of Oklahoma City, Miss Shirley Walterscheid and Mr. and Mrs. Charlie Stelzer of Fort Worth and Mr. and Mrs. Delbert Walterscheid and children of Rockwall. The Harris family and Shirley spent the weekend. The Delbert Walterscheids also visited her parents, the Martin Trubenbachs.

**TP&L Distributes Tax Comparison Chart of States**

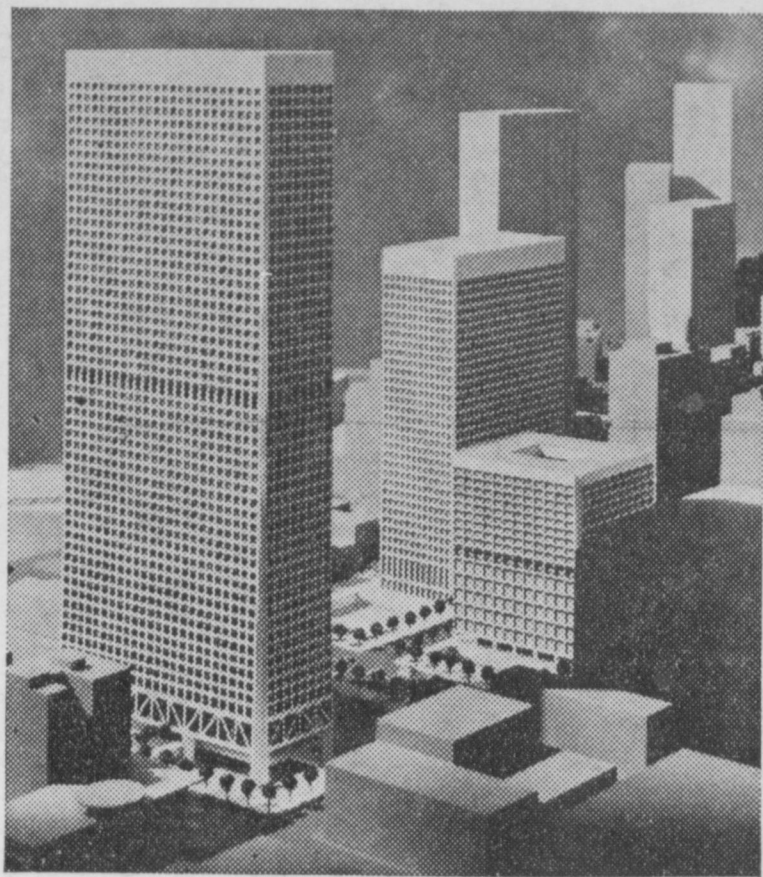

Texas Power & Light Company is distributing a new tax wheel, which compares government finances in 50 states, to industrialists throughout the nation.

TP&L's Industrial Development Division has prepared the tax comparison device on a biannual basis for 15 years as an informational piece to attract industry to the state. In addition to the comparative data, an appendix to the tax wheel points out that Texas has continued to improve its long range financial outlook while this outlook has deteriorated in many other states.

The tax comparison also points out that Texas has no corporate income tax nor personal income tax and that 37 states have higher per capita taxes and higher per capita debt.

A limited number of this comparison of state government finances is available on request from Industrial Development Division, Texas Power & Light Company, P. O. Box 6331, Dallas, Texas.

To insure maximum yield, rice must be harvested within 24 hours after it ripens.

Located in the center of downtown Dallas, the model above shows the three major buildings which will be constructed in several stages on the ten-acre Main Place site. Estimated to cost \$120,000,000, the first stage will be the 34-story, \$41,000,000 office building in the center of the picture. Later phases will include the massive second office building on the left, which will straddle Main Street, and on the right, a large department store with a 400-room motel on top. The development is actually one big, ten-acre "super block" tied together with outdoor plazas for pedestrian traffic 15 feet below ground level.

**Pee Wees to Play Valley View Kids In Season Opener**

Football for the juniors of Muenster public school will begin next week Tuesday as the lads entertain Valley View juniors on the local field.

All schools of the 9-B District except two are participating in a junior conference. Those two are Alvord and Chico, and Alvord's place on the schedule has been taken by Lindsay.

As in previous years the pee wee schedule is determined by the big boys' schedule. Kids will play on the preceding Tuesdays and at opposite locations. So the local boys' schedule is as follows:

- Oct. 6, Valley View, here
- Oct. 13, Sanger, here
- Oct. 20, Era, there
- Oct. 27, Saint Jo here
- Nov. 3, Lindsay, here
- Nov. 10, Callisburg, there

The Pee Wee coach is James Polk and its members are Herbie Fisher, Andy Knabe, J. D. Rumley, Dwight Wolf, Ronnie McElreath, Frankie Tuggle, Carroll Bridges, John Monday, Sam Sparkman, Larry Wallace, Mike Cason, Ken Walterscheid, Bob Tuggle, Billy Pratt and Henry Knabe.

**13 in Party for Carl Endres' 13th**

Carl Endres observed his 13th birthday on Sept. 24 with 12 boy friends helping in the celebration.

They accompanied Carl home from school and his mother, Mrs. Urban Endres served birthday cake, ice cream and Cokes. After the honoree opened his gifts, the group was taken to Gainesville for a skating party.

**Party Compliments Miss Eileen Endres**

The home of Mrs. John Parker, Gainesville, was the scene of a morning coffee Tuesday honoring Miss Eileen Endres, bride-elect of Robert Vogel.

Mrs. Ken Blanton of Gainesville was co-hostess. The honoree's colors of white and gold were stressed in the home and the table was covered with white linen and was centered with an arrangement of white spider mums. The coffee service was brass and so were the serving pieces holding pick-up foods.

Miss Rose Vogel poured coffee and Mrs. Clifford Trubenbach was in charge of the guest book.

Guests called during the hours of 10:30 to 12. A hostess gift was presented to the future bride. She will be married to Mr. Vogel Saturday, Oct. 3, at 5 p.m. in Sacred Heart Church.

**Monday Was Free Day for Students**

Monday this week was the day that parochial school children look forward to each year. That day they have a full holiday while their teachers attend class.

Religious and lay teachers of the 80 schools in the Dallas-Fort Worth Diocese attended the 28th Annual Diocesan Teachers Institute at Jesuit High School in Dallas.

In Muenster, public school children also had a holiday on account of the shared bus service. It's one of the days set aside when the schedule for the year is arranged by superintendents of both schools.

R. L. Johnson, formerly Manager of Advertising, will remain with the Company as a Consultant.

**Tiger Cub Pack Takes 24-0 Game At Valley View**

Sacred Heart Cubs hit their stride at Valley View Tuesday night and marked up their season's first win by a score of 24-0.

Their first touchdown came on the third play of the game when Clifford Sicking scampers 40 yards to the goal and went over again for extra points. The rest of the first half was a defensive contest, neither team being able to make any progress.

But the Cubs took charge as the second half started. Valley View lost yardage on two plays, then was caught behind the line for a 2-pointer by Kenneth Schmitz and Kenneth Swirczynski.

Then the Cubs moved steadily down the field for 80 yards. Leroy Hess scored from the 5 and Kenneth Stoffels added bonus points.

Again in the final quarter Sacred Heart went down the field and finished the drive with a touchdown pass for 20 yards from Ken Stoffels to Leroy Hess. Try for extra points was nullified by a penalty and the next try failed.

Thirty nine boys suited out for the game and Coach Walter Wolf gave all of them a chance to play. Next for the youngsters will be a game with Callisburg here next Tuesday starting after church services. After that they still have four games on schedule, with Lindsay, Gainesville 7th Graders and two games with Windhorst.

**SH Cubs Lose 14-6 To Sanger Juniors**

Two big plays proved to be the undoing of Sacred Heart's Cubs last Thursday night in their game with elementary kids of Sanger, and they went down for a count of 14-6. For most of the contest the Cubs had the advantage and they also led in first downs and yardage, but their gains were scattered whereas Sanger had two quickie scores. First for the visitors was in the opening minutes — two successive first downs after kickoff, then a 51 yard sprint for the touchdown. Next one came about as early in the second half. Cubs kicked after failing to gain and the return was good for about 70 yards to the goal. But a teammate spoiled it by clipping and the ball went back to the Sanger 18. Three plays later another long run was good for 79 yards and a score that counted. Sacred Heart's score came on a 67 yard drive immediately after Sanger's first TD. The pay off was a 7 yard pass from Kenneth Stoffels to Glenn Schoech. For the rest of the game Sacred Heart got started three times but each time the drive fizzled out on the third series.

By Mrs. John Richey

Weekending with the Reeve Cooks were their daughter and husband the C. W. Millers and son Ernie of Fort Worth and Mr. and Mrs. Jerry Venable and family of Eules.

The Grady McElreaths had as guests Sunday her parents, the O. C. Ingrams of Burns City.

Miss Wanda McElreath is doing well following surgery Saturday at Muenster Hospital. Her aunt, Miss Maxine Morris of Richardson was with her on the day of the operation and Mrs. Walter Haverkamp and daughter Monica of Whitesboro visited her Monday. Other visitors were Mr. and Mrs. Rawdon Smith of Spring Creek.

The Rev. and Mrs. Terry Atkinson were the honored ones at a dinner Sunday in the home of Mr. and Mrs. W. F. Davidson following services at Whaley Memorial Church. Mrs. Charles Davidson assisted with hostess duties.

Mr. and Mrs. Charlie Winchester attended the annual homecoming at Illinois Bend Saturday evening. Sunday they had as guests their daughter and family, the Don Selfs, and Don's parents Mr. and Mrs. Holmes Self, all of Dallas. They were dinner guests of the Nathan Whitts. Others there were Mr. and Mrs. Eddie Joe Reeves of Saint Jo, Mr. and Mrs. L. V. Akins and family of Gainesville and the Jack Tuggles.

Sunday visitors with the Sam Sparkmans and the V. M. Ramsey were Mr. and Mrs. Larry Sparkman and Debbie and Karla Coleman, all of Whitesboro and the Rev. Orval Cogdill. Bro. Cogdill reported that Mrs. Cogdill is out of the hospital and will be attending services with him at Shiloh Baptist Church soon again.

Mr. and Mrs. Paul Hickman of Carrollton are spending some of their vacation time with their son and family, the Milton Hickmans.

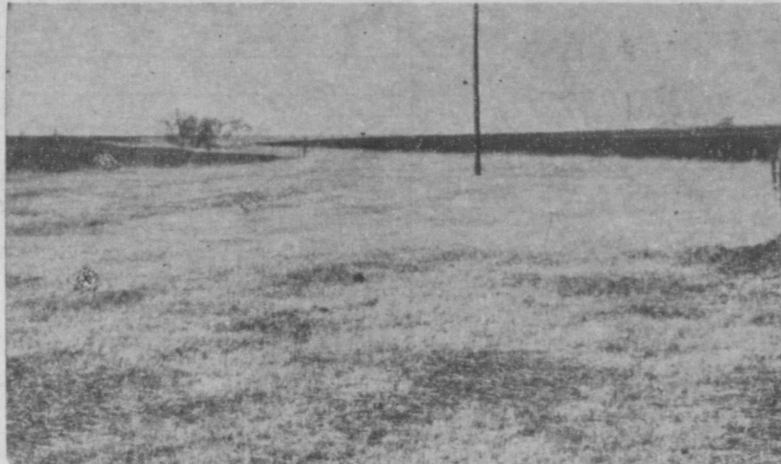

Mr. and Mrs. John Barnes of Era entertained Sunday with dinner honoring their son Marc on his ninth birthday. Helping him celebrate and bringing gifts were his grandparents, Mr. and Mrs. Amos Thompson, and the Donald Thompsons and son Randy of Sivelis Bend, an uncle and aunt, the John Richeys of Marysville, also a playmate Randy Miller and Marc's sisters Donna and Vickie and his brother Sonny. The Martin Millers and family joined them in the afternoon.

**Before and After Pictures Show Waterway Saves Top Soil in Rain**

Did your fields and the adjoining roads look like the upper picture after almost ten inches of rain fell in less than two weeks? That's a question posed by SCS technicians.

Personnel of the Soil Conservation Service noticed several fields which looked this bad and some which looked worse.

In the Upper Elm-Red District which includes Grayson, Cooke and Montague Counties it is estimated that more than 30,000 acres of productive cropland suffered as much, or more, as the field in the picture.

Much of this land is located around Muenster, Hood, Saint Jo and Forestburg.

The District was organized by land owners to help carry out a program for saving the soil. No person can look at the above picture and deny that this farmer needed help — at least his land did.

**4-H Club Leaders In Glen Rose for Adult Workshop**

A group of eight, 4-H parents and county agents from Cooke County, were in Glen Rose three days last week, Wednesday, Thursday and Friday attending an adult leader conference.

Sponsored by Texas 4-H Youth Development Foundation, the District IV workshop was held at Glen Lake Methodist Camp facilities.

Representing Cooke County were Mrs. George Gehrig of Muenster, Mrs. Al Bengfort of Lindsay, Richard Schumacher of Gainesville and Mrs. Marvin Bledsoe of Callisburg. They were accompanied by extension agents Neil Tibbets, Robert Degner, Evelyn Yeatts and Bernice Thurman.

Each adult leader attended the general assemblies and workshops conducted by specialists of the Texas Agricultural Extension Service of A&M University. District Agents Ted Martin and Mrs. Tom Joyce Cunningham of Denton assisted, along with Floyd Lynch, state 4-H club leader, Dr. Edward F. Schlutt, assistant, and others.

Leaders attending will teach other adult leaders in their communities to become better leaders and carry out a plan for expanding 4-H work in the county.

**THE INFORMATION EXPLOSION** — J. A. Caldwell, research scientist at the Houston Research Center of Humble Oil & Refining Company, has a problem. He and others like him cannot possibly keep their heads above the mounting tide of technical literature. The seven complete 24-volume sets of *Encyclopaedia Britannica* that surround him here represent the amount of scientific information published around the world every 24 hours. Keeping up with this scientific "paper storm" is one of the great challenges facing government and industry today. Companies and industries in Houston are considering plans to establish a unique Technical Information Center to serve industrial scientists and engineers in the thriving Gulf Coast area. The clearing house would benefit individuals and both small and large businesses.

### Local News BRIEFS

Telephone birthday visit with his family, the Pat Hennigans, was the highlight of Friday's birthday of Pat Hennigan Jr., a student at Subiaco Academy, Ark. Pat Jr. told his parents that he plays the organ for the parish mass on Sundays. The rest of the conversation was an exchange of pleasantries and family news.

Mr. and Mrs. Carl Pelzel and children of Ennis spent the weekend with her parents, the Joe Hoenigs. Other guests for Sunday dinner were Mr. and Mrs. Richard Hermes and children of Lindsay.

Mr. and Mrs. H. D. Cook, accompanied by Miss Edith Hartz, drove to Fort Worth for a visit Sunday afternoon.

Miss Cathy Medders who is a student at Hockaday in Dallas spent Sunday with her parents, Mr. and Mrs. Ernest Medders and family. It was her first visit back to Muenster since the school term started. And the family had phone visits with two of the boys off at school. Frank Medders talked from Lebanon, Tenn., where he attends Castle Heights Military Academy, and John Riggs telephoned from Subiaco, Academy, Ark. During their conversations both boys mentioned that they made the golf teams at their schools.

The new employee at Hofbauer's Food and Locker Service is Francis Fuhrmann.

Jerry Reiter has joined the staff at Endres Motor Co. as a mechanic.

Mr. and Mrs. Reynold Reiter of Clinton, Okla., visited over the weekend with his parents, the Clem Reiters, coming especially to see his brother Basil Reiter before he left Sunday for Aberdeen, Maryland, after a visit at home. Family members saw Basil off at the Dallas airport at 5 p.m. His parents had a phone call at 9 p.m. from him reporting safe arrival.

Mr. and Mrs. Sonny Walterscheid have named their infant son Anthony Jay. He was baptized by Father Alcuin Sunday afternoon. His godparents are an uncle and aunt, Mr. and Mrs. Denis Hofbauer.

Jeanette and William Wylie of Grand Prairie spent several days with their grandparents, the Bill Kathmans, while their mother and baby brother were in the hospital.

**JULIE'S BACK!** Julie Benell's popular show on WFAA-TV, Channel 8 in Dallas, will be telecast live from the Gas Exhibits Building again during the 1964 State Fair of Texas, October 10 through 25. Fairgoers will be able to watch the program in progress for an hour beginning at 12:30 p.m. each weekday. Additional entertainers and programs from WFAA-TV will be telecast live daily. Other features of the Gas Exhibits Building will include a display of four all-gas national magazine model kitchens, plus an extensive display of gas appliances.

### Family Joins for Birthday Reunion In Hartman Home

Birthday of Mrs. Victor Hartman Sunday had all the children and grandchildren at the family home to join in the day-long celebration. Twenty-nine of them joined Mr. and Mrs. Hartman and Patsy for dinner, and others came in the afternoon for a total of 37.

Mr. and Mrs. Keith Tompkins and children came from Arlington, the Teddy Gremmings and children came from Garland, the Gene Hartmans and daughter and the Willard Hartmans and two daughters came from Denton and the Walter Wolfs and family came from Gainesville. Attending from Muenster were the Alvin Hartmans and children, the Harvey Schmitts and Johnny Yosten.

There were three decorated cakes and birthday gifts for Mrs. Hartman. Bringing the cakes were Mmes. Tompkins, Wolf and Schmitt.

The Gremmings also managed a visit with his parents, the Ted Gremmings and the Gene Hartmans and Jeanna visited her parents, the Dick Cains.

### Five-Year-Old Is Birthday Honoree

Danny Walterscheid celebrated being five with a party Wednesday afternoon, his mother Mrs. Sylvan Walterscheid entertaining at the family home. Some 20 little cousins, Danny's sister Laurie, and his aunts, grandmas and grandpas were present for birthday cake and other party refreshments.

The youngsters enjoyed games and gifts and party favors.

Attending from out of town were the A. J. Felderhoffs and their children of Gainesville.

The United States ranks fifth among the world's countries in per capita meat consumption, with 164 pounds a year for each person. New Zealand ranks first with 235 pounds a year per person. Then comes Australia, 221 pounds; Uruguay, 213 pounds; and Argentina, 202 pounds.

### 2 Cousins Share Birthday Honors

Little cousins who share birthdays on Sept. 26 celebrated together with a party Saturday afternoon. The honorees were Dannie Fisher who was six and Mary Ellen Galloway who was five.

The party was at the Clyde Fisher home where their mothers had birthday cake and ice cream with all the party trimmings for a group including cousins and neighbors.

The children's grandmother, Mrs. John Fisher was a special guest.

Lambert Walterscheid has joined the staff of employees at Fisher's Market.

### Party Surprises Mrs. Calvin Evins

Surprises greeted Mrs. Calvin Evins Monday afternoon when a group of friends arrived at her home with gifts and refreshments for a party.

The friends came to see Mrs. Evins in her new location for the first time and brought gifts for the home. The Evins family recently bought the former Joe Tempel property on North Pecan Street.

After seeing the place, visiting with punch and cookies filled the afternoon.

Bringing the party to Mrs. Evins were Mmes. Oscar and Alton Alexander of Pilot Point, Kenneth Alexander, Jimmy Popejoy and W. F. Scoggin of Gainesville, and LaVonne Reid and Richard Watkins of Muenster. They brought their preschool children who had a party with the Evins children.

### Lone Star Gas Co. Plans to Build 20 Inch Pipe Line

Lone Star Gas Company has made preliminary plans for construction of a 57-mile natural gas transmission pipeline of 20-inch diameter designed to dramatically increase the availability of natural gas to the company's South Texas market area, according to E. A. Brown, Lone Star's executive vice president of operations.

Mr. Brown said that the new line, extending from Bartlett, Texas to United Gas Pipeline Company's Buda Compressor Station in Travis County, will be built in order to obtain additional gas reserves for use in Waco and the area south of Waco. The line costing approximately \$3,000,000, will have capacity to deliver an additional 45,000,000 cubic feet of gas every 24-hours. It will reinforce gas supplies on the entire Lone Star market area consisting of some 500 communities, towns and cities in Texas and Southern Oklahoma, Mr. Brown pointed out.

Line surveys and purchase of right-of-way are now under way by Lone Star. Preliminary plans call for construction of the new line in the near future and completion of the line by mid-December. This schedule will make these new gas reserves available to area consumers during the coming heating season, Mr. Brown added.

If you get caught out in the field during a thunderstorm, get away from the tractor and lie down. Stay away from fences, lone trees, overhead wires, or highline towers and stay off the tops of hills.

Mr. and Mrs. Andy Arendt had as supper guests Saturday her brother and his wife, the Reynold Reiters of Clinton, Okla., her parents, the Clem Reiters of Muenster, and her brother Basil Reiter who left Monday to return to Aberdeen, Md., where he is employed.

**Large Crowd Sees School and Gym At Lindsay Sunday**

Sunday was a big day in Lindsay. The rainy weather didn't dampen the enthusiasm of Lindsaites as they showed their new elementary school and gym to the public in an open house program. And hundreds of people ignored the weather and attended.

A steady stream of visitors toured the two buildings from 2 to 5 and joined later in a picnic, moved from outside into the Parish Hall.

Coffee was served free in the gymnasium all afternoon. Elementary teachers were in their rooms to show and explain facilities. Parent-Teacher Club members and the building committee members conducted tours.

**Committee Heads Named by PTC**

Lindsay Parent - Teacher Club, meeting for September named committee chairmen and set the last Wednesday of each month as meeting time. President Norbert Mages presided.

Superintendent Glenn Hellman made announcements of coming events and distributed copies of the school budget for 1964-65. In a round table discussion of the budget, he and the school board answered questions from the floor.

The group decided to sponsor a benefit dance in November to help pay for new tables and chairs the organization bought for the school library.

Craft Club leaders reported on the Gold Bond project now in progress.

Superintendent Glenn Hellman introduced a visitor from Iowa Park who is in charge of the school's achievement tests. He was making arrangements for the testing program to take place in October.

Committees and those appointed to serve are: Program, Glenn Hellman, Henry Schroeder, Sister Patrick, Mrs. Julius Hess Jr., and Mrs. Paul Arendt Jr. Membership: Nick Block, Mrs. Leonard Bengfort and Mrs. Joe Schmidtkofer.

Mrs. Wilfred Bezner will continue as roommother chairman. Roommothers are: Mrs. Wilfred Hess, first grade; Mrs. Norbert Mages, second; Mrs. Harold Schmitz, third; Mrs. Julius Hermes, fourth; Mrs. Charles Stoffels, fifth; Mrs. Ed Schad, sixth; Mrs. Johnny Arendt, seventh and eighth; Mrs. Paul Neu, ninth and tenth; Mrs. Andrew Arendt, eleventh and twelfth.

Mrs. Nick Block is club historian. Mrs. Robert Beyer is secretary and Mrs. Wilfred Bezner is treasurer.

After adjournment, first grade roommothers served cake and coffee and Mrs. Frank Sandmann won the door prize.

**Date for Benefit Bazaar Re-Set by CDA to Oct. 27-29**

Muenster Court Catholic Daughters of America this week announced a change of dates for their annual holiday bazaar originally scheduled for the first week in November. The time is moved forward to October 27, 28 and 29.

In announcing the earlier dates the court also announced that added attractions have been included. In addition to the bazaar of hand made items and bake sale, features will include a rummage sale and a barbecue lunch. Doughnuts and coffee will also be available during the three days.

Place of the event is the vacant building on Main Street formerly occupied by Fisher's Market.

Members are being reminded to leave their finished bazaar items at the home of Mrs. Ben Seyller.

**Joe Neu, Formerly Of Lindsay, Dies In Denison, Iowa**

Joe Neu, 67, a former Lindsay resident, died Thursday, Sept. 24, in Denison, Iowa. He had been ill since May 1963.

Funeral services for him were held in the Catholic Church at Denison, Monday. Burial followed at Arcadia, Iowa.

The Arcadia American Legion of which he was a member formed an honor guard and conducted military rites at the grave.

Joe Neu, a native of Iowa and a farmer had lived in Lindsay as a youth. He moved back to Iowa and was married there. His wife survives. They had no children.

In addition to the widow other survivors are five brothers, Bill and John Neu of Gainesville, Matt Neu of Lindsay, Nick Neu of Slaton and Henry Neu of Marion, Iowa; three sisters, Mrs. Paul Arendt Sr. of Lindsay, Mrs. Gus Schmitt of Alice and Mrs. Will Bierschenk of Valley View.

Relatives attending the funeral included Mr. and Mrs. Matt Neu of Lindsay, Mrs. Will Bierschenk and son Edgar of Valley View and Mr. and Mrs. John Neu of Gainesville. Also Mr. and Mrs. Henry Neu and two children of Marion.

**Tigers - - -**

count was 6-0.

The rest of the half was a stand off with the visitors making three scattered first downs and the Tigers only one.

After intermission Era promptly put over another touchdown. A nice kick return reached mid field and 11 more plays reached pay dirt. Quarterback Sluder stepped off the best gain, a 14 yarder, and also went over for the TD, on a sneak from the 2. A pass failed to connect, leaving the score 12-0.

From then on Sacred Heart did most of the gaining. David Hess made 20 yards and the next series bogged down. Era likewise failed to move. From the 50, then, the Tigers went to the 1 in seven plays. Best gainers of the drive were a pass to Hoening for 24 and Ray Wimmer's run for 8. But Era stood pat after that and Sacred Heart's good start had a bad finish.

Back in play Era failed on its second series, kicked, and promptly took back the ball on an interception. Then an earned first down and a gratis first down, on a 15 yard penalty, and a kick ending the next series. That put the Tigers back on their 20. First try made a yard. Then the three passes that produced the score seconds before the end.

Statistically the teams were very close. Era led 10-8 in first downs but two were gifts on 15 yard penalties, so the earned record was 8 for each. On the ground Era led 155 yards to 92, but in the air Sacred Heart gained an even 100 whereas Era failed to complete a single pass.

**Birthday Honoree**

Birthday of Mrs. A. J. Higgins of Myra was celebrated Sunday in Denison at the home of her son and family, the A. J. Higgins Jr. A noon dinner with a decorated cake and birthday gifts had other guests in addition to the honoree and her husband. These included Mrs. Higgins' Jr. mother of Sherman and a long-time friend of the family, Mrs. Betty Gay of Longview.

gil Swirczynski heaved to Eddie Hellman for a 34 yard gain to the 13. Next play Wimmer breezed around right end for a score, and over again for bonus points. The Hornets were ahead 8-6.

But not for long. Following next kickoff the visitors proceeded to give the Hornets the works. They went 65 for a TD in eight plays. Big gainers were a pass for 11 and runs by Scatback Quick for 20 and 22 yard gains, the latter going over for the score.

Just before the third quarter ended Ardmore uncorked another drive. It started at the 47 and gained three first downs to the 7. There the Hornet defense was barely equal to the job. After four tries the visitors were just six inches short.

Muenster's kick on the first

series was short. Ardmore started from the 23 and gained to the 13 before Dale Klement stopped the threat with an interception. He returned to the 25, officials added 15 on a penalty and Wimmer picked up 10. But that was all. The next series stopped at Ardmore's 44. The rest of the game was a see-saw in midfield.

so many newspapers and magazines have lined up solidly in the plot to beat Goldwater. In many cases financial control means editorial control. Besides it is also known that LBJ can be very persuasive with that invitation "let us reason together."

Considering all the odds its easy to understand why Goldwater is conceded very little chance to win the campaign. Obviously it's hard to beat an administration that uses billions of dollars for vote buying and has millions of employees on its payroll, plus the help of labor leaders and pinks and reds and frustrated Republicans and a hostile press. Only a miracle, it seems, could beat such odds. It remains to be seen whether the American public can produce such a miracle.
