## Muenster Hi Set To Welcome Exes At Homecoming

The recent experience of Indonesia's smart Alec dictator, Sukarno may turn out to be a timely lesson to other ambitious politicians who seem to think they can use the communist party for their own personal advancement. When the smoke had cleared from that unsuccessful coup in Jakarta, Sukarno and all the world knew that he was the intended victim of a red double cross.

That's how the commies operate. For years they told him that the way to make friends and influence people in that corner of the globe is to follow the red line. String along with Mao and be ugly to Uncle Sam. Sukarno followed the advice, applying red methods in running and expanding his country, cultivating the friendship of Red Chinese, telling United States to go to hell after all the foreign aid he had received from us taxpayers.

Then came a rude awakening. The man behind the plot to oust Sukarno was a big shot communist. Sukarno discovered that while he was trying to use the red machine for his own gain it was in fact using him to infiltrate and build up an organization that would take over when the time was ripe.

Fortunately the plot failed. The time apparently was not ripe. Indonesia is spared, at least for now, from a communist take over. People are showing as much resentment toward the reds as they used to show toward our country. That's fine, and it will be better if others will learn from this experience. People need to know that leaders are kidding themselves when they think they are using the reds. The fact is they are being used by the reds.

We in America have had many occasions to learn about that method of operation. From the time our country recognized the government of Russia, back in the thirties, we have been used by the Soviets. We thought they would help us win the war. They used the status of ally to spy on us, steal military and scientific secrets, and lay the foundation for their present global empire. We held back to let them take Berlin and they surrounded it with a red zone.

Communists of USA have the same shabby record. Politicians who accepted their political help have had many opportunities to learn that all favors are exploited to the limit. Reds in our government have never worked for us. Their first allegiance has been to the communist global conspiracy.

Very likely the Indonesian incident will make little difference in the course of world history. Nevertheless it is another exposure of red intrigue and treachery, one that prompts us wishful thinkers to hope again that people of the world will finally take heed. Most international troubles, and many of our domestic troubles, would not exist today if people had the good judgement to distrust communists.

An amusing hassle was kicked up this week by the announcement that Viking Leaf Ericson was the real discoverer of America. The claim is that an old map proves he reached the shores of Greenland and the North American continent almost 500 years ahead of Columbus. Bringing out the claim during the week of Columbus Day adds insult to injury, as any good Italian will insist.

The amusing point about this pint sized tempest of course is that it makes little difference whether the claim is true or not, and only a few hair-splitters really care anyway. Very likely the claim is true. Ole' Leaf was well known as a guy who went places and saw things. But the important thing is that he did nothing about it. History of this country does not start with his alleged discovery, as we are well aware.

Nor does the story detract from the achievement of Columbus. As far as he was concerned the idea was no less original and the voyage no less new. He deserves full credit for venturing out on a mighty big expanse of uncharted water. He did a big job completely on his own whether or not someone else had done it before. That's enough to entitle him to fame. What's more he did something about it. He passed his information on to others and

A big ball game and a big party await ex-students of Muenster High School at their homecoming Saturday night. Final preparations for the event are under way this week by those who are about to become new members, the seniors of MHS.

The homecoming is different this year. The usual 6 o'clock supper has been replaced by a buffet later in the evening. Reason is that some used to have trouble getting to the meal on time and all had to rush to get to the game on time.

This time the program starts with the game at 7:30. Muenster Hornets facing Valley View Eagles, which is expected to feature the usual sharp clash of old rivals.

At half time the homecoming queen will be crowned. She has been elected by ballot of the football team but her identity will remain a secret until the ceremony when Mrs. R. E. Hamric, ex-student president, places the crown and gives a bouquet. The other three candidates for the title will receive corsages. Candidates for queen are Freshman Susie Yosten, Sophomore Paula Herr, Junior Jill Swirczynski, Senior Peggy Hellman.

## Hornets to Meet Valley View Eagles At Homecoming

A real struggle is in sight Saturday night when Muenster High's Hornets tangle with Valley View's Eagles before the MHS homecoming fans.

Though team records so far favor Muenster, Coach James Polk sees the Eagles as an improving crew that seems to get tougher every game. They have been fired up for their last two games and they can be expected to be even more determined for this one.

Nevertheless Polk has lots of confidence in his Hornets. They did fine defensively last week and almost as well offensively. Polk was disappointed several times with the boys' failure to keep going, especially their four fumbles, but he was also proud of some spots in their offensive play. He's also encouraged by team condition and attitude. All the boys are fine physically, all are working like beavers in practice.

## BIRTHS

It's twin boys for Mr. and Mrs. Louis Sicking. They arrived at Muenster Hospital Thursday, Oct. 14. The first was born 8:30 a.m. weighing nine pounds three and a half ounces, his brother was born at 8:36 a.m. weighing six pounds one and three-fourths ounces. The Sicking's now have three boys and three girls. The twins were born on their sister Rita's fifth birthday. They are grandsons for Mrs. George Lutkenhaus of Gainesville.

Proud parents for the second time are Mr. and Mrs. Raymond Hermes of Lindsay. Their little boy was born Oct. 2 weighing six pounds 12 1/2 ounces. He's a brother for 19-month-old Diane. They brought him home Monday. Welcoming another grandson are Mr. and Mrs. Ben Hermes and Mr. and Mrs. Walter Norton, all of Lindsay.

Mr. and Mrs. Richard Helling, Rt. 1, Gainesville, have announced a daughter, Norma Jean, weight seven pounds two ounces, born Oct. 5, 5:15 p.m. at Gainesville Hospital. She's a sister for Rose Marie and Richard and a granddaughter for the Ben Fleitmans. The other grandparents live in Denver, Colo.

Former Muenster residents, Mr. and Mrs. George Swirczynski of Winterhaven, Florida, have announced the birth of a son October 2. He's a brother for Eric, Pamela, Paula and Theresa. Others welcoming the seven pound 15 ounce boy are his grandparents, Mr. and Mrs. Joe Swirczynski, Muenster, and Mr. and Mrs. J. H. Prine, Bowling Green, Fla.

## Plans Shaping for SH Homecoming On November 6

Sacred Heart High Homecoming plans are mapped and committees are lined up to take over details connected with the Nov. 6 event. Sacred Heart Alumni Association is in charge.

Homecoming highlights will be a reunion of ex-students at a social hour in Sacred Heart High School at 6 p.m. with refreshments, a program honoring graduates of 1944, 1945 and 1955, crowning of the homecoming queen at 7:30 on the football field, the Tigers' game with Dallas Christian at 8, and the homecoming dance in the VFW Hall as the grand finale.

Honor graduates and their spouses will be admitted to the game and dance without charge. They will receive complimentary tickets during the social hour.

All former students of the school are being urged to attend the program. Honor graduates have received invitations with reply cards and are being asked to return them by October 30 so that the committee knows how many to prepare for. There are 34 honor graduates. Invitations have gone to 405 ex-students. The dance will be open to the public and the Alumni Association is getting the word around that everybody is welcome.

Working committees are headed by Tommy Herr, Joe Felderhoff, Mrs. Sylvan Walter, Scheid and Charles Bayer. Sacred Heart seniors have volunteered to decorate the school and hall.

Homecoming plans were completed at the Alumni's October meeting. In other business the association voted a contribution of \$1,300 from treasury funds to apply on the new pavement east of the gym. Teddy Miller, president, presided at the business session.

## Diocesan Council NCCW Meet Slated

The Diocesan Council of NCCW will meet in Dallas at the Holiday Inn, North Central Expressway, on October 22, 23 and 24.

Theme of the convention will be "Charity: Love of God, Love of Neighbor." In addition to the general session and workshops the three-day program will include luncheons and a banquet. Husbands are invited to the banquet. Banquet speaker will be a nationally known Catholic woman.

Each affiliate of the Dallas-Fort Worth Diocese is being asked to have at least ten members present. Pastors and Sisters are invited.

Muenster NCCW members can obtain more information from Mrs. Frank Herr.

## Tigers Trample Collinsville 48-14 In Scoring Spree

The Tigers ran wild last Friday night and trampled the Pirates of Collinsville 48-14 in the scoring spree.

The contest was especially one sided during the first half while Sacred Heart ran up a 28-0 lead and held their visitors to total gains of only 32 yards. The next half, with Tiger reserves getting lots of action, produced more yardage for the Pirates but more points for the Tigers.

Steve Kralick was the big gun for Walter Wolf's boys. Five times he crossed the goal line for touchdowns and once for bonus points. Clifford Sicking was next with two TD's and one 2-pointer. Steve Hess made the remaining two points.

Action got underway as soon as the Tigers got hold of the ball. On their first offensive try Kralick gained 44 to the Pirate 3 before he was stopped. Two plays later he scored from the 2.

Next effort of the Tigers made two first downs and was halted by an interception to the Tiger 36. From there the Pirates made a first down and lost possession on the 20. Eight plays made the 80 yards, including a 35 yard pass play to Robert Klement. Kralick made the last 8.

On the next kick return Leon Endres recovered a Pirate fumble and the Tigers were on their way again. Total distance was 38. Kralick (Continued on page 7)

## State Fair Will Feature Muenster On German Day

Next Sunday is Muenster Day at the State Fair of Texas. Officially it is designated as German Day and Muenster is the featured city for the day's festivities.

The city's participation, under direction of Muenster Jaycees, will include a display in the Varied Industries Building, the same location as two years ago, along with attendance at a noon luncheon and participation in the German Day parade at 6:30 p.m.

This year's exhibit will present an array of local products and views. There will be displays to represent the milk plant, local farming and petroleum, Muenster Dress Factory, Bavarian Woodcarvers, Colonial Acres Farm plus projected color slides of local scenes.

Adjoining that display Colonial Acres Farm has leased a location for a rest area. Fair goers are invited to take a break as guests of Mr. and Mrs. Ernest Medders. Hostesses there and in the Muenster booth will be the twelve girls who competed in the Miss Muenster contest. They will arrange a schedule to have someone there throughout the day.

The delegation representing Muenster as guests at the official luncheon will include Miss Muenster, Patsy Hartman and her escort, John (Continued on page 8)

## PP&K Contest Scheduled for Saturday, Monday

This year's Punt Pass and Kick contest will be held in two sections. Urban Endres of Endres Motor Co., the local sponsor, said that the first contest will be held at 9:30 Saturday morning and the other at 2:30 Monday afternoon, during PE period.

A conflict of schedules makes two sections necessary. Boys who attend Rural Youth Day at the State Fair will be gone Saturday and may complete Monday. Boys who can come Saturday will be tested then. No other testing time can be set, Endres said. Records for the next step in the nation wide contest must be on their way Monday.

Contests both days will be on Muenster High football field. Coaches of both schools and Muenster Jaycees will assist Endres Motor Co. in giving the tests.

## Miss Muenster Title Is Won by Patsy Hartman

Patsy Hartman was the winner Saturday night in contest finals to select Miss Muenster, the city's official representative for Muenster Day program and ceremonies at the State Fair in Dallas this weekend.

Miss Hartman is a brown-eyed brunette, the daughter of Mr. and Mrs. Victor Hartman, and a senior at Sacred Heart High School. She was chosen over four other finalists in the Jaycee-sponsored contest as it ended with a dance at Colonial Manor with Mr. and Mrs. Ernest Medders as hosts.

Runner-up was Debbie Schilling. Barbara Schmitt finished third. They also will be in ceremonies, riding on the float with Miss Muenster in a parade in Dallas Sunday night.

A trio of judges from Dallas, Miss Florene Smith and Mr. and Mrs. Jack Smith, admitted having difficulty selecting, first from 12 candidates, then from the five finalists.

About 200 people attended the pool-side buffet and dance at the Medders' home. These included Jaycees and their wives, parents of the candidates and other guests including Congressman Graham Purcell and his son Kirk of Washington and Miss Cathy Medders of Dallas.

After judges made their decision and The Abstracts Band leader made the announcement, Mr. Medders presented Miss Hartman, Queen of Muenster Day, a bouquet of two dozen red roses.

The finalists were selected Oct. 3 from 12 contestants at (Continued on page 5)

## Hornets Start 9-B Season with 18-6 Win at Chico

Muenster High's Hornets started their District 9-B race last week by claiming a spot in the top bracket, along with Saint Jo, Era and Valley View. The Hornets spoiled Chico's homecoming by a count of 18-6. The previous night Saint Jo annihilated Sanger 44-6, Era beat Alvord 19-6 and Valley View edged Callisburg 8-6.

Coach James Polk's boys marked up their margin of victory in the first half while holding the Dragons to no first downs and a net yardage of minus 2. However both teams scored in the second half and Chico was out front 7-6 in first downs and 128-87 in total yardage.

Most of that Dragon yardage came in the last 53 seconds in a final surge of power against Hornet reserves. The big push gobbled up 92 yards for the lone Chico tally.

Though the rest of the contest was rather one sided statistically the Hornets' advantage did not show up on the score board. Lots of hard work was wasted on four fumbles.

The first bobble came early in the game after four downs advanced 37 to the Dragon 10. Four plays later the ball was fumbled on the 2.

However that fizzle was offset by a powerful defensive stand that allowed only 4 on 3 plays. Then Louis Hellman tore through to block the kick and Wayne Klement caught it (Continued on page 7)

## 2 Residents of Muenster Die

### Joe M. Bernauer

Joe M. Bernauer, 72, suffered a fatal heart attack Monday morning at 9:30 while he was in Sacred Heart Church at the funeral service for Mrs. Herman Luttmer. Death was instant.

He had a history of heart trouble but the seizure while he was apparently well came as a shock to his family and the community.

Funeral services were held Wednesday at 9:30 a.m. in Sacred Heart Church with Father Alcuin Kubis as officiant of the Requiem High Mass. He also delivered the sermon and conducted graveside rites in Sacred Heart Cemetery. Nick Miller Funeral Home was in charge of arrangements.

Bearers were nephews: Gerald Kuehler, Arnold and Clyde Muller, Billy Joe, Herbie and Ted Miller.

Rosary was recited at the Miller Chapel Tuesday at 4 and 8 p.m.

Mr. and Mrs. Bernauer returned to Muenster two years ago after living in Hereford and Panhandle since 1925. He was a retired machine shop operator.

A native of Tennessee, he was born at St. Joseph, Aug. 8, 1893, and came to Muenster with his parents when he was a youth. He was married here to Miss Katie Miller on June 1, 1915. He had been working (Continued on page 8)

### Mrs. H. Luttmer

Mrs. Herman Luttmer, 72, died suddenly Saturday at 5:45 a.m. at her home a short time after suffering a heart attack. She had been in failing health the past few years but was not known to have a heart condition. On the morning of her death she arose and was leaving her bedroom when she was stricken.

Funeral services with Requiem High Mass were held in Sacred Heart Church Monday at 9:30 with Father Alcuin Kubis as celebrant. He gave the funeral sermon and also officiated at graveside rites in Sacred Heart Cemetery. Nick Miller Funeral Home was in charge of arrangements.

Rosary services were held at the Miller Chapel at 4 and at 8 p.m. Sunday.

Bearers were nephews: Jerry Albers, J. H. Nichols, Lee Mosser, Nick Mosman Jr., Leonard Luttmer and Gus Lutkenhaus.

Mrs. Luttmer, the former Miss Catherine Albers, was born June 13, 1893, in Libertyville, Ill., and came to Texas with her parents, settling in Muenster in 1912. She was married to Herman Luttmer in the old red brick Sacred Heart Church on Nov. 19, 1916, and they farmed at Myra about four years before settling on a farm southwest of town which was home for 45 years.

Surviving are her husband; one daughter, Mrs. Lambert Beyer of Gainesville; six sons, Walter Luttmer of Lindsay, and Henry, Joe Wilfred Ferd, and Alfred, all of Muenster; three brothers, John Albers of Lewisville and Joe Albers of Holyoke, Colo.; two sisters, Mrs. Albert Mosser and Mrs. Joe Nichols, both of Gainesville, and 17 grandchildren.

Among relatives at the funeral were Joe Albers of Holyoke, J. D. Luttmer of Subiaco, Ark., Joe Nichols of Denton, Mrs. Joe B. Wilp, Walter Wilp and Mr. and Mrs. Al Portrey, all of Oklahoma City, Agnes Pigmon of Tulsa, Mr. and Mrs. Clarence Albers and sons of Lewisville.

## County Will Vote Next Tuesday on CCJC Expansion

The election on a \$300,000 bond issue to finance an expansion program at Cooke County Junior College will be held next Tuesday, October 19, 8 a.m. to 7 p.m. in the college gymnasium.

Funds raised by the bonds, along with a federal grant of \$194,990, are intended for construction of a new classroom building and a new physical education building at the college.

The issue does not require an increase of the present college tax but rather an extension of it. If the election carries payment on the new bonds will be delayed about seven years until the present college debt is paid. Tax rate will remain at 20 cents per \$100 of valuation on the county tax rolls. With a total valuation of more than \$40 million the tax brings the college more than \$80,000 a year.

Additional building is made necessary by the constantly increasing enrollment at CCJC. A new record has been set every year since its opening and the present enrollment is over 1,000.

To vote in the CCJC bond election a person must meet the qualifications required in other elections—regarding residence and poll tax—and must also have rendered property for taxation on the county rolls.

## CDA Continues Efforts for Big Holiday Bazaar

Principal interest and activity of members of Muenster Court Catholic Daughters of America continues to center around the annual benefit bazaar set for November 3, 4 and 5.

An assortment of handmade items for the bazaar was on display by members and ideas were exchanged after the business session.

The meeting began with a talk by Father Alcuin, court chaplain.

Mrs. Al Schmitt grand regent, presided for business.

Members decided to again sponsor annual poetry contest and named Mrs. Joe Felderhoff chairman. She asked Mrs. John Mosman and Miss Sara Fleitman to assist.

Mrs. Andrew Schoech was named chairman of the court's monthly birthday party at Golden Years Rest Home and Mrs. J. W. Fisher told about the September party. Members also voted to continue support of Muenster Public Library both financially and with volunteer work.

## Community Drive For United Fund Starts This Week

Muenster's part of the Cooke County United Fund drive got under way Tuesday morning at a kick-off breakfast in Rohmer's Restaurant. About twenty persons were there, headed by Bobo Jaska and Arthur Endres, community co-chairmen. Also attending were Sport Mowell and Bob Claxton of Gainesville, county campaign chairman and president of the Cooke County United Fund.

Others were the workers who will solicit contributions in the local drive. They received their contact cards from the local co-chairmen and also heard the Gainesville visitors list participating organizations and explain how United Fund money is used. This year's county goal has been set at \$45,600.

Organizations receiving a part of the UF donations are Red Cross, Salvation Army Boy Scouts, Campfire Girls, 4-H and FFA Clubs, Gainesville Boys Club, Muenster Youth Center, Gainesville Day Nursery, Camp Sweeney, Council on Alcoholism, Hy-Y and Y-Teens and Texas Rehabilitation Center.

The local campaign started immediately after the kickoff and will continue until all prospects are contacted. No deadline was set but all workers were urged to finish the (Continued on page 8)

## SO WHAT'S \$35,000?

How many civilian federal employes are in the same category as the elevator operators in the new Rayburn House Office Building?

The question seems logical after the report of California Congressman, Ed Reinecke, that on June 8 the House of Representatives voted on the appropriations for the legislative branch of the government, including in the bill a provision of \$35,000 to pay 16 elevator operators in the new building.

"In view of the fact that

## In All The World

No one is more understanding or more qualified to serve you.

GEO. J. Carroll & SON

the building cost about \$125 million, this expenditure wouldn't seem like much," Reinecke commented, "EXCEPT for one important fact: ALL of the elevators in the building are FULLY AUTOMATIC and do not require the presence of an operator. Anyone can operate them."

Reinecke, of course, voted to eliminate the \$35,000 item, but the motion was defeated and the money stayed in the bill. As might have been expected, the vote went along straight party lines.

Presumably this assured a few easy jobs for Democratic vote getters. Or it may be that the party emphasis was on helping a few importunate union members.

Is this type of thing an important reason why there are 130 civilian federal employes for every 10,000 people in the United States.

By way of contrast, for these same 10,000 there are 11 lawyers and judges, 12 doctors, 37 telephone workers and 40 gasoline workers.

Those who question the wisdom of the Democratic party in leading the nation deeper into the morass of welfare statism, where the bigger and bigger federal government causes us to sink deeper and deeper, are called names but given no answers.

## FAITHLESS STEWARDS

As the Senate was casually voting away 21 billion dollars for various government operators, Sen. Everett Dirksen of Illinois arose to discuss the state of the fund to provide pensions for federal civil service employes. He observed that the government was 40 billion dollars short in this account, though for 25 years it has been deducting 6½ percent from civil service workers' pay to be channeled into the pension fund.

But Mr. Dirksen said that these contributions are not being fed into the fund, but apparently are dissipated in the ordinary disbursements of the government. The senator added that the 40 billion dollar shortage does not appear as part of the national debt, which is reported as standing at 319 billion dollars. If other liabilities in addition to that of the pension fund were properly reported, the guess is that the debt would currently be 250 billion dollars higher than it is carried on the books.

"If insurance companies operated the way the government does," Sen. Dirksen said, "we'd have every officer and board member in jail. What a way to run a railroad!"

## WATCH WATCHERS

The internal revenue service surely does not find its job of collecting taxes so difficult that it must descend to the use of hidden recording devices and two-way, see-through mirrors. The revelation that this IRS snooping is widespread, including even Milwaukee, is cause for indignation — and this is a demand that it cease forthwith.

Governmental arrogance and technological advances have combined forces to bring closer the prophecy of George Orwell's "1984" when Big Brother will dominate us all.

The watch on our mail, the tapping of telephones by ever more refined devices, lie detector tests and prying psychological investigations of prospective employes — and a host of other assaults on our privacy and sense of dignity — are invasions we must not suffer silently. Nor should we tolerate spying by our tax collectors.

It is painful enough to have to pay out to our federal government a large portion of our hard-earned dollars without having to be exposed ourselves to the hidden, baleful eye of some nameless functionary of the IRS.

The secret microphone and the trick mirror, through which we can be watched but not watch ourselves during presumably informal conferences, are the weapons of totalitarianism and have no place in a democracy.

It would make a little more sense if we, the taxpayers, could use these devices to keep eternal watch on the IRS and all the myriad of other government agencies who spend our money — instead of the other way around.

St Luke put it rather well when, in the 12th chapter of his Gospel, he wrote: "For unto whomsoever much is given, of him shall be much required: and to whom men have committed much, of him they will ask more."

## IT'S THE GREATEST?

We are buttonholed on the street by a stranger, a fellow bubbling with enthusiasm and anxious to talk. "Say," he explained, "This Great Society idea is getting greater all the time, isn't it?"

"In what way?" "Haven't you heard President Johnson's latest plan? He wants the federal government to help people pay their rent; people who are having a hard time to make ends meet."

"But of course that would just be a starting point. The next step would be to help with car payments. Autos have become necessities these days, you know. Oh boy, would I just like to have Uncle Sam give me a lift with my new car. You see I kind of went overboard. The missus talked me into getting something a little too fancy. You know how it is. Next, I would expect good old Uncle Sam to help me with payments on the television set."

"How do you figure that?" "Education. Uncle Sam is strong on education, you see. My kiddies shouldn't be deprived of watching educational TV. Get it? I bet he'd even okay buying a colored set to brighten our lives. There's nothing dull about the Great Society. Then there is the new refrigerator I bought. I could use a little check every month from the government to help out on those payments. It's a necessity—a matter of health and hygiene. That's obvious, isn't it?" The stranger paused and cocked his head thoughtfully.

"Boy, I just can't wait to join a golf club with a subsidy from Uncle Sam." "Let's not be altogether absurd," we protested. "Why should the government help pay golf club dues?" "Where have you been? Haven't you heard about physical fitness? The White House wants everybody to be physically fit. What better way is there to keep fit than to belong to a golf club — providing you bend the elbow more with golf sticks than with glasses? I'm telling you this Great Society is going to be the greatest."

HOW TO GET A JOB  
Now, that war on poverty money is going to put 1,600 unemployed California Negroes to work. Guess what doing? Cleaning up the 400 square mile area mess they made during the riots. That's one way to get a job.

DON'T LAUGH YET

The New Deal took our country off the gold standard. The Fair Deal and the New Frontier further cheapened the dollar by inflation. The Great Society now has taken the silver out of our dimes and quarters. The wooden nickel, which has been a joke for years, may yet become a reality.

In Texas after golf beer's the one... for good taste, good fun

After a hard-played 18 holes, it's good to settle down on a soft chair in the club house and add up the score with friends. What better time for the drink that scores with almost every golfer—cool, thirst-quenching beer? Yes, beer's great to relax with, great for refreshment, great for taste. So whatever your sport—boating or baseball—swimming or tennis—relax afterwards with the zestful taste of beer.

**Leo Hess Finishes N.Y. Short Course**

Three weeks in Rochester, N.Y., for a short course permitted time also for side trips and Leo Hess of Dallas told about it when he and his family visited here over the weekend with their parents, Messrs. and Mmes. Albert Hess and Joe Vogel.

Leo was one of 20 out of two thousand employees of the Xerox Corp., duplicating machine manufacturers, selected to attend the classes to become acquainted with a new copier... a machine Leo says will be released soon and will revolutionize the copying industry. Only two men from Texas attended the school.

Side trips on weekends took Leo and a friend from California to Niagara Falls, Buffalo, N.Y., and Canada. He met up with this friend at the school. Both were surprised to see each other. They were in the Navy together... had lost contact and were surprised again to discover both worked for the same company.

Another surprise came when they boarded a jet at Chicago for the return flight to Dallas. Muenster's Gloria Yosten was the stewardess aboard.

Saturday night Leo joined the Dallas Frohsinn choir and Sacred Heart Church Choir in practice for their appearance in connection with Muenster Day festivities at the State Fair.

Benefits of the multi-million-dollar-medicare program are shaping up. About 6,000 new federal workers are slated to be hired over the next 18 months. They will function in six federal bureaus already set up to handle the program in its initial stages. With more than 2.5 million already on the payroll, these are big benefits.

### Club Learns How To Prepare Plants To Winter Indoors

Members of Muenster Civic League and Garden Club Monday night heard an interesting and informative discussion on preparing plants for wintering indoors after summering outside. Mrs. Earl Fisher was program leader.

Mrs. C. M. Walterscheid and Mrs. David Trachta were co-hostesses in the former's home and served refreshments to 22 members before the meeting started.

Mrs. J D Hanna presided for business. Routine reports were given and Mrs. John Mosman presented the six-month report on conservation in the Upper Elm-Red District.

Mrs. Tony Gremminger of the cemetery committee asked for volunteers to help with semi-annual cemetery collection Nov. 1.

Mmes. Henry Weinzapfel, Don Bayer and Earl Fisher who had been asked by the president to make a study of things to induce interest and attendance at meetings submitted their suggestions and these will be printed and mailed to members.

A committee composed of Mmes. Mosman, Weinzapfel and Gremminger was named to study a proposal to grant honorary membership in the organization. This will be voted on at the next meeting.

Members decided to again sponsor a holiday bake sale in December and Miss Bettye Dodds volunteered to head a

telephone committee. Among flower arrangements in the Walterscheid home was one by Mrs. Joe Luke composed of double hybiscus and holly.

### Back From Trip to Arizona, Mexico

Back from vacation, reporting a fun-filled week, are Miss Dorothy Hartman, Miss Helen Hess, Mrs. Andy Hofbauer and Mrs. Al Walter. They visited Las Vegas and Old Mexico. It was a car trip with stops for sight-seeing at the Grand Canyon, Petrified Forest and Hoover Dam.

At Las Vegas they were guests of Mrs. Walter's son and wife, the Gene Walters who made the night spot rounds with them including the Follies Begere and the Fats Domino Show. In El Paso they visited Helen's nephew Eddie Joe Schmitt and he went to Old Mexico with them.

While they were away Mrs. John Hartman spent the time with her daughter and family the Ed Masons in Houston. Dorothy, Helen and Mrs. Hofbauer took her to Houston the weekend before they left and toured the Astrodome. Mrs. Hofbauer also visited her sister and family the John O'Dowds.

Mr. and Mrs. Harold Bindel have named their infant daughter Deborah Dawn. She was baptized Sunday by Father Alcuin. Her grandparents, Mr. and Mrs. J. A. Klement attended as godparents.

### Mrs. Jaska Honored At Morning Coffee

A Tuesday morning coffee was a courtesy given by Mrs. Walter Grewing in her home for Mrs. Bobo Jaska to get acquainted with women of the neighborhood.

Enjoying coffee and pastries while visiting with the honoree and hostess were Mmes. Al Felderhoff, R. N. Fette, Steve Moster, Rufus Henschel, Joe Galloway and Richard Grewing.

### News of the Men in Service

Billy Detten, an army paratrooper, writes his mother, Mrs. Oscar Detten, from Fairbanks, Alaska, which he says will be home for about two years, according to present reports. He wrote that his outfit is living with Eskimos, learning from them, before an assignment in the Yukon.

**Goes To Germany**  
Kenneth Klein left Monday for army duty in Frankfurt, Germany. He had been training at Fort Ord, Calif., went from there to Fort Dix, N. J., and to embarkation port in New York without leave time to visit family members.

**Earns Promotion**

### Frank Yosten Has Birthday Surprise

Surprises greeted Frank Yosten Monday on the eve of his birthday when he was the honoree at a surprise party in the home of his son and family, the Felix Yostens.

A daughter, Mrs. Nick Mayer of Chicago, came to Muenster as a birthday surprise for her dad. The Ferd Yostens and daughter Suzy of Fort Worth met her as she arrived there and brought her with them. The rest of the guests were

family members from Muenster. They remembered Mr. Yosten with gifts and the hostess baked a birthday cake.

Another happy birthday remembrance for Mr. Yosten was telephoned greetings Tuesday from a daughter and family, the John Durbins of Metairie, La.

Mrs. Mayer plans to spend a week with relatives. Among family happenings she's telling is that their son Kenneth Mayer has joined the Navy and is in boot training at Great Lakes, Ill.

### Muenster Juniors Lose Opener to Valley View Kids

Muenster Pee Wees started their 9-B Junior schedule Tuesday night with a 24-0 loss to the Little Eagles at Valley View. The outcome was as expected considering the team's limitations in size and numbers, but not disappointing to Coach Polk.

The kids looked good defensively, he said, especially Carl Endres, Corky Stormer,

John Monday and Ken Walterscheid. And there were a couple of nice runs by Andy Knabe and John Monday.

First score same in the first quarter. After holding Muenster, Valley View moved about 30 yards to the TD in six plays, the last one a pass.

Next one, in the second period, went about the same. The Eagles finished a 40 yard push in their third series.

Last one was in the final period, an end sweep completing another drive.

Extra points were scored after each TD.

**Knights Observe Columbus Day at Mass, Breakfast**

A group communion and breakfast last Sunday marked the Muenster Knights of Columbus council's traditional observance of the feast of its patron saint. The event is usually held the Sunday before or after Columbus Day.

Group communion was received during the 9 o'clock Mass and was followed by the breakfast in Sacred Heart lunch room. About 125 persons attended, including widows of deceased members as special guests of the council.

Other special guests were Mr. and Mrs. Dick Cain, who had been selected to receive the council's good neighbor award for 1965. This is the third year the council on this occasion has recognized persons of other faiths for their service and spirit in making Muenster a better place to live. Clive Gobble received a similar plaque last year and Bill Pratt the year before.  
 Father Alcuin Kubis, council chaplain, was the speaker. He praised the council for its custom of observing Columbus Day and urged members to live up to their order's ideals for the glory of God and country and church.  
 Grand Knight Walter Klement spoke briefly thanking those who had a part in the program, calling attention to a special radio program sponsored by the council, and announcing early events on the council calendar.  
 John Mosman was toastmaster.

**Hornets**

for a touchdown.  
The Hornet extra point jinx  
continued through the game.  
They failed on all three of  
their opportunities.

The three series following  
the next kickoff all ended in  
kicks, then the Hornets moved  
quickly to their second touch-  
down. Short gains and a pen-  
alty advanced them to their  
45. Then a 5 yard loss and  
Dale Klement's gain of 45 to  
the Chico 15, and his romp  
to the goal two plays later.

The rest of the half was  
taken up mostly by the Hor-  
nets' futile attempt. They  
made 2 first downs and kicked  
on the next series. After  
Chico's kick on its first series  
they made a first down to the  
14 and went off pieces. The  
next series lost 6 yards.

The second half opened with  
Muenster still very much in  
charge. Chico kicked when its  
first series failed but netted a  
gain as Muenster fumbled.  
Next series also ended with  
a kick and Klement returned  
to midfield.

From there the Hornets  
went for their next TD. Total  
distance was 47 yards includ-  
ing Virgil Swirczynski's pass  
to Louis Hellman for 21 and  
to Stormer for 14 and Storm-  
er's gain of 9. The pay off was  
a toss to Hellman for the last  
yard.

Thereafter the game was  
mostly Chico's. The Dragons  
got a first down, kicked on  
the next series. Hornets made  
one series and fumbled on the  
next. Chico made one series  
and failed on the next. Hor-  
nets made two first downs and  
fumbled.

Dragons advanced two first  
downs to the Hornet 23 then  
passed and Dale Klement  
moved in for an easy inter-  
ception and a sprint down the  
sideline. It looked like a score  
but a diving tackle by Low-  
rance caught Klement's foot  
and tripped him. After a gain  
of 83 yards Muenster was on  
the 3 with 2 minutes to go.

Next play lost 3 and a pass  
was incomplete. Then Coach  
Polk sent in the little fel-  
lows. A penalty lost 5. Next  
two tries got back to the 8.

As Chico took over the clock  
showed 53 seconds remaining.  
That was enough for the five  
plays that produced 6 points.  
Lowrance was on the final  
52 yard run as time ran out.

went over from the 15 on the  
sixth play and went again  
for 2 extra points.

Collinsville's kick to end its  
first series put the Tigers  
back on their own 7, but only  
for moments. On the next play  
Kralicke rambled for 64 yards  
before he was pushed out on  
the 29. Four plays later he  
went 21 yards to pay dirt.  
Sicking added two points.

Starting the next half the  
Tigers failed on their second  
series but got back in business  
as Willie Wimmer recovered  
a fumble on the Pirate 28. A

clipping penalty the next play  
brought the ball back to the  
32 and Sicking got loose there  
for the touchdown.

After that the Pirates start-  
ed clicking. They made two  
first downs and lost possession  
on the third series. Sacred  
Heart kicked to end its sec-  
ond series. Then the visitors  
got going. Their 72 yard drive  
included passes for 11 and 16  
and gains of 28 and 17 by  
Carney. Powers scored from  
the 1 and Reed added the ex-  
tra points.

Moments later those 8 points  
were matched as Kralicke re-  
turned a kickoff 85 yards and  
Steve Hess followed over for  
bonus points.

About midway in the last  
period Carney hit Powers with

a pass that produced another  
Pirate touchdown. The gain  
was for 42 yards.

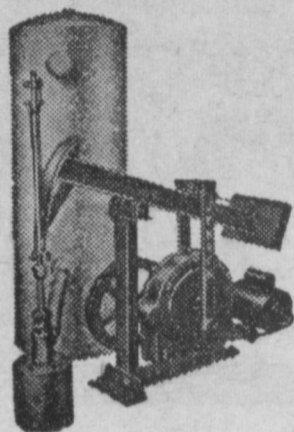

On the third play after the  
next kickoff Sicking got away  
on a reverse play and sailed  
55 yards to the goal And just  
before the game ended Leon  
Endres intercepted and re-  
turned 25 yards to the Pirate  
24.

**NOTES FROM CITY LIBRARY**

Alice in Wonderland, the celebrated children's classic, is observing its one hundredth birthday.

Little did Charles Lutwidge Dodgson (Lewis Carroll), the author, know that the web of fantasy he began to spin one golden afternoon for a solemn, attentive little girl, Alice Liddell, aged 10, would become famous.

Lewis Carroll was a brilliant mathematician, Don at Oxford, lecturer at Christ Church, an unmarried clergyman of the Church of England.

This most loved children's book will no doubt go on being read as long as English is spoken — and even if the language ceases because the book has been translated into some sixty languages including Russian, Chinese and even Swahili.

Alice in Wonderland is made into a movie and is appearing on television and stage.

Librarians at Muenster Public Library invite all the children to come in and check out this book and read it on Alice in Wonderland's 100th birthday, this year of 1965.

## Peggy Hellman Is Crowned Queen At Homecoming

The so-called spontaneous demonstrations which broke out in scattered areas throughout the nation during the past weekend are anything but spontaneous. They all followed a definite communist pattern and their coordinated outbreaks indicate a strong probability of communist planning. How else can they be explained? Still we have people high in government who say that student groups started the trouble strictly on their own and communist involvement, where it can be found, results only from the communist custom of exploiting trouble.

Common sense tells us that is a lot of bunk. The incidents were not spontaneous and reds did not just move in. They hatched the plot themselves and conducted it themselves. With deliberation and malice they were doing their utmost to hurt the morale of fighting men in Viet Nam, to spread the idea that most Americans do not support the official policy, and to spread disregard for law and order among our own people.

The great tragedy is they get away with it. They are excused on the grounds that their right to do and say what they please must not be violated. What an absurdity! They hide behind American standards of fair play while doing their utmost to destroy the country.

This column has often wondered why our country cannot adopt a policy of doing unto reds as they do unto others. We all know what happens to trouble makers in communist nations. They get the traitor's treatment. They are permanently removed.

This does not mean we have to go so far as to adopt their method of removal. Few of us would favor so drastic a penalty, even for a communist. But it seems that other firm and effective treatment would be in order. The idea is to get them out of circulation so they can cause no more trouble. If we don't have enough prisons for the program we could organize a few work camps, communist style, where they can live under the system they admire so much.

Does such treatment seem too rough? Before deciding that, consider the kind of human dregs we are dealing with. Cut throats and traitors who have no scruples about the harm they cause us and our country. They are on a level with our worst criminals. Taking them out of circulation is a reasonable precaution in the interest of national security.

A related revolting incident of the past weekend is the public burning of a draft card by a young punk up East. Almost as revolting is a plea for leniency in his behalf by supposedly responsible people. What an attitude! What a mess this country could get into if this young traitor were excused for his defiance and others of his kind decided to do likewise! Here was a fellow who made a big show of his defiance of the law of the land. He wasn't just shirking his duty. His act was open rebellion and treason and insult.

What to do with guys like that? Perhaps the best way to show they can't get away with it is to induct them into the service and assign them to tough work under supervision of tough non-coms. Then, if they fail to do their job let them beware of military regulations. As a special precaution they can be kept out of combat duty — since they are neither dependable or worthy to serve as real soldiers.

The ugly incidents just past leave little doubt that our country has a serious problem on its hands. Red agitators who organize treasonable demonstrations are public enemies in the full meaning of the term. They deserve to be sought out and prosecuted and to be put away where they can cause no more trouble. Furthermore, the round-up of guilty persons should include all who have a part in the dirty work — some from college faculties and student bodies as well as big time reds and professional agitators. A good way to start is to take the abundance of evidence already compiled by the FBI and prosecute those with known red connections. Convictions resulting from those records alone would probably put an end to the treasonable demonstrations.

In case you are shocked at the thought of prosecuting (Continued on page 8)

## Bank Shows Drop In Deposits, Loans

Deposits and loans have both dropped at Muenster State Bank in the past year and in the past quarter. The decreases were noted Tuesday when the bank was instructed by the state banking commission to publish its statement of condition as of October 13.

Deposits as of the date are \$3,281,222.36 and loans are \$1,890,080.59. A year ago the deposits were \$3,621,216.81 and the loans were \$2,077,154.12. On the report of June 30, 1965, deposits were \$3,306,282.37 and loans were \$2,031,206.77.

In Cooke County's four banks total deposits are \$23,456,422.38 and total loans are \$10,678,495.42. That represents an increase of \$3,525.41 in deposits and a decrease of \$175,520.95 in loans for the past year.

## Notes on Building and Improvement

Construction has reached the inside finishing stage on the new home for Mr. and Mrs. Henry Weinzapfel across the lake on West Sixth Street. It will be a gold medallion house with four bedrooms, three baths, central heating and cooling, double carport, fireplace, and cedar.

Another gold medallion home, about as far advanced, is under construction for Mrs. Rudy Hellman in southeast Muenster. It will have three bedrooms, two baths, central heating and cooling, fireplace, double garage, brick and cedar veneering.

Nearing completion is the new home for Tommy Herr in North Muenster, featuring three bedrooms, two baths, central heating and cooling, attached garage, brick veneer.

At Lindsay's it's a new home for John Neu — two bedrooms, central heating, asbestos siding, attached garage. Tony Settle at Rosston is well advanced on his new home, a three bedroom job with two baths, central heat, double garage, brick veneer.

Newest project at Colonial Acres Farm is a show barn for livestock sales. It measures 100x200 feet, has heating and air conditioning, abundant space for seating and stock arena.

A remodel job for J. J. Haverkamp includes converting a porch to a utility room and installing new cabinet and wall panel in the kitchen.

The Tony Lukes have combined a kitchen and dining area, refinished two rooms and installed aluminum frame windows.

Mrs. Tony Gremminger has installed aluminum frame windows throughout and repainted the interior.

The Ted Gremmingers have added a utility room and refinished two rooms in paneling and celotex.

Kenneth Selby is building a 24x40 sheet metal barn on his farm at Era.

## Bond Issue for College Approved By County Voters

Expansion plans at Cooke County Junior College were okayed Tuesday by a small turnout of county voters. By a count of 778-162 they approved a \$300,000 bond issue to finance construction of a new classroom building and a new physical education building at the college.

Estimated cost of the program is about \$500,000, of which \$194,990 is available in a federal grant and the balance is now made available through the bond issue.

The new bond issue will extend but not increase the present junior college tax. The present debt will be retired in seven years. After that payments will continue about 10 years longer to retire bonds for the new program. The tax rate is 20 cents per \$100 of valuation and the county's total valuation is about \$45,000,000.

Construction of the two new buildings is due to begin soon, so they can be finished in time for next fall.

## Halloween Party Booked October 31 At Sacred Heart

The Parish Hall will be headquarters for the annual Halloween Carnival for the benefit of Sacred Heart School on Sunday, October 31.

The games and fun will begin at 4 o'clock in the afternoon and continue throughout the evening until 10:00 p.m. Sandwiches and cold drinks will be served at the lunch stand.

Many new attractions have been planned for this event. An added feature to the Costume Contest will be a Crazy Hat Contest. Participants are specially invited to try their skill on original creations. Contests will begin at 8:00 p.m. Everyone is invited to attend the Carnival and join in the fun on Halloween Night.

## Big Job Awaits Tigers in Tussle With Jesuit B

A big job awaits the Sacred Heart Tigers when they take on Jesuit B of Dallas Thursday. That's for sure, says Coach Walter Wolf. Jesuit B has been tough for years and the Tigers can expect them to be tough again.

Team comparison on the basis of records is difficult because they have not had common foes. But last week's 26-0 win over Bishop Dunne B indicates some power.

Another indication is the squad roster. There are 38 boys on the list with only a few under 140 pounds. With that many good sized boys to choose from there should be plenty of available talent.

The Tigers, on the other hand, have fewer members including several pint sizers. Skill is not abundant, but still there's plenty for a potent string of regulars. All are in good condition and ready, says Wolf, including Larry Hess, who has been out two weeks with a strained ligament.

## Council Appoints Committee to Head City Library

The City Council at its meeting Monday night appointed a library committee to become the governing body in charge of Muenster Public Library and to assist the local Catholic Daughters of America in its operation.

The appointments were made primarily to comply with regulations for maintaining a city library, said Mayor Earl Fisher. They became necessary when the city took over responsibility of the library from the CD of A.

Under the new arrangement the library is a part of the city and Catholic Daughters continue to run it.

Members of the library committee are Mrs. Leon Fleitman, Mrs. Ernest Medders, L. B. Bruns, C. F. Gobbie, B. J. Swirczynski and Henry Weinzapfel.

Mrs. Nick Mayer left Sunday, starting her trip back to Chicago with a stop-over for a few days in Fort Worth with her brother Ferd Yosten and family. She spent five days here with family members, coming especially to surprise her father, Frank Yosten, on his birthday. The Henry Yosten took her to Fort Worth.

## Council Appoints Committee to Head City Library

The City Council at its meeting Monday night appointed a library committee to become the governing body in charge of Muenster Public Library and to assist the local Catholic Daughters of America in its operation.

The appointments were made primarily to comply with regulations for maintaining a city library, said Mayor Earl Fisher. They became necessary when the city took over responsibility of the library from the CD of A.

Under the new arrangement the library is a part of the city and Catholic Daughters continue to run it.

Members of the library committee are Mrs. Leon Fleitman, Mrs. Ernest Medders, L. B. Bruns, C. F. Gobbie, B. J. Swirczynski and Henry Weinzapfel.

Mrs. Nick Mayer left Sunday, starting her trip back to Chicago with a stop-over for a few days in Fort Worth with her brother Ferd Yosten and family. She spent five days here with family members, coming especially to surprise her father, Frank Yosten, on his birthday. The Henry Yosten took her to Fort Worth.

PATSY HARTMAN AS MISS MUENSTER was the city's official representative at German Day festivities at the State Fair in Dallas. She won the title in a contest sponsored by Muenster Jaycees.

## Muenster Shines On German Day Sunday at Fair

The accent was on Muenster Sunday at the State Fair. It was German Day and Muenster was the featured city for the day's festivities.

Hundreds of local residents joined the delegation headed by Patsy Hartman as Miss Muenster, Queen of Muenster Day, in going to Dallas for the observance.

The city's participation was sponsored by Muenster Jaycees with an assist from Mr. and Mrs. Ernest Medders.

The Muenster booth featured a display of local products and views representing the milk plant, farming and oil activity, Colonial Acres Farm, Bavarian Wood Carvers, and paintings by Alex Lutkenhaus.

Hostesses dispensed about 80 pounds of Muenster Cheese in bite sizes to sampling visitors at the booth. Adjoining this display was a rest area leased by Colonial Acres Farm which was one of the most popular places on the fair grounds. Hostesses distributed about 5000 brochures telling the story of Colonial Acres owned and operated by the Ernest Medders family.

Serving as hostesses with Miss Muenster were the twelve girls who participated in the Miss Muenster contest.

Special features were a dance Saturday night and a parade Sunday evening. Sacred Heart choir members joined the Dallas Frohsinn Choir in a concert before the dance began in Municipal Auditorium. A dinner at which a Muenster group was present and at which Miss Muenster and her escort Johnny Yosten were introduced was a kickoff to Saturday night's celebration.

Attending a noon luncheon Sunday with Fair and German day officials were Miss Hartman, Mr. Yosten, Jerry Hoenig, Jaycee president, Richard Grewing, Butch Fisher and Joe Galloway and their wives. Miss Muenster was again recognized and received a charm bracelet from fair officials.

Other local people and Muenster High School Band joined in the parade at 6:30 Sunday night through the fair grounds with Miss Muenster riding on a decorated float attended by contest runners-up Barbara Schmitt and Debbie Schilling.

After fair ground festivities were over, Miss Hartman, her escort, and a group of Muensterites were guests for dinner at the Cattleman Restaurant, courtesy of Mr. and Mrs. Medders. Thirteen were in the party.
