

# MUENSTER ENTERPRISE

VOLUME XXXIX

MUENSTER, COOKE COUNTY, TEXAS 76252

JUNE 18, 1976

NUMBER 30

According to a speech delivered by Vice-President Rockefeller on the occasion of a West German celebration of the US Bicentennial, the Administration finally is wising up to a few facts regarding the motives and the strength of the Soviet Union.

He told a Frankfurt audience that "the era of old world imperialist empires has gone, and yet we find ourselves faced with a new and far more complex form of imperialism, a mixture of Czarism and Marxism with colonial appendages. Whether we like it or not, a continuing attempt is under way to organize the world into a new empire on which the Soviet sun never sets. This new form of imperialism involves ideological, diplomatic, economic, political, subversive and military structures importantly dominated from Moscow."

In the same speech Rockefeller said the growth of the Soviet navy was challenging freedom of the seas and that "the time is at hand to greatly accelerate the rebuilding of the free world's naval power."

This kind of talk is a major surprise coming from anyone with authority to speak for the Administration. It is far from harmonizing with the customary line about getting along with USSR and that other line insisting that we are on a par militarily with the Russians. Frankly, this seems a lot more like the campaign speeches Ronald Reagan has been making.

And it seems possible that Rocky's talk may be a result of Reagan's campaigning. Lots of people are getting the idea that detente is a big phony as Reagan has been telling us, also that the balance of power is gradually shifting to the other side... after which there is increasing danger of the Reds showing their muscle.

West Germans assumed that Rocky's blast can be credited to campaign politics, and so do lots of people over here. But we'd rather think this indicates an awakening, with the president and vice president finally realizing that the present Russian pretense of getting along is only a temporary phase in the same old plan of taking over the globe.

This view makes sense and it ought to be American policy rather than just campaign strategy. We need to hear more of it from both Ford and Reagan as well as Carter so that our people will have no doubts about the situation. Then, no matter who wins in November we can look for improvement in national policy.

Recently in Chile, William Simon, secretary of the US Treasury, was both complimentary and critical to the military junta running the country. He praised the government for its efforts to re-establish a free enterprise economy but complained that it is not enough to assure US economic friendship unless accompanied by personal and political freedom. Perhaps related to the suggestion is the fact that almost a hundred political prisoners have been released.

Before passing up that statement it seems only proper to note that political prisoners were still there to be released long after the rightists had taken over the country. Communists do not operate that way when they take (Continued on Page 12)

## Nick Petro Quits At Muenster High

Nick Petro, head coach in basketball and baseball and assistant in football, at Muenster High School for the past year submitted his resignation to the Muenster School Board at its regular meeting last Thursday night.

Petro is the only member of last year's regular faculty who will not be back on the job. However Mrs. Petro, who taught remedial reading under a special federal program will also be gone and a replacement for her will be needed if the federal program is renewed.

Superintendent L. B. Bruns said last Friday that he has started making contacts in his search for Petro's successor.

## Facts Told on Road Replacing Overpass

Though no definite date is set for construction of the four lane surface road replacing the two lane overpass just west of Main Street, plans for it have taken definite shape and project procedure is under way.

One step in the process was the showing of preliminary drawings and aerial photos in a special meeting conducted by Texas Highway Department personnel last Thursday afternoon in the TP&L Building. Its purpose was to provide information to any interested person... but very few came to see. Next step is to offer an opportunity for a hearing as the last chance for suggestions from the public.

After that the usual sequence includes drawing the construction plans and securing the necessary right of way by the city. Funds for the project have not been appropriated but they are in sight and hopefully will be available when the other preliminaries are finished.

Six members of the Highway Department were present to present drawings, statistics and details. They were three members of the Wichita Falls office: Billy Dickenson, design engineer, Roy Lanford, right of way engineer, and Dale Terry, public affairs officer, along with three from the Gainesville office: Charlie Hildebrand, resident engineer, and Judy Lutkenhaus, and Ralph Self.

They explained that the intention is to completely remove the present concrete overpass and to use the dirt fill from east and west approaches to improve the grade between Main Street and the bridge over Brushy Elm Creek.

The project is .366 mile long and its two double traffic lanes will each be 24 feet wide with a 14 foot paved median between. Beside the traffic lanes from Main Street to Maple will be curbs

## Kathy Rohmer Is Honor Grad at UT

In graduation ceremonies held at the University of Texas, Austin on May 22, Kathleen Louise Rohmer received her Bachelor of Science degree in Elementary Education with a concentration in Reading. Graduating with honors, she was also a member of the Education Council, a choir, "the Southern Singers", a member of TSEA and a member of Gamma Phi Alpha Honor Society. She is also a graduate of Sacred Heart High School; the daughter of Mr. and Mrs. Urban Rohmer of Muenster and granddaughter of Mr. and Mrs. Jake Kuhn of Lindsay. Family members attending her graduation were her brother Alan Rohmer, her aunt Alta Louise Kuhn and a cousin Paula Kuhn.

## Good Weather, Good Yield, favors Local Harvesting

The weather could hardly have been more cooperative than in this year's harvest, and the net result was a considerably better crop than expected from a dryer than average growing season.

Moisture was scarce and grain was stunted ever since planting time, however a bright color throughout kept hopes alive. Then, about the time the crop was about ready to harvest the weather switched and kept combines idle for more than a week. Those were anxious days as farmers wondered how much would be lost.

But everything went right

and gutters and from Maple to the bridge there will be regulation paved shoulders 10 feet wide. Overall traffic width will be 62 feet Main to Maple and 82 feet Maple to the bridge as compared with only 24 feet at the present time.

Also a part of the job is a widening of the bridge at the north side. Possibly that will be done before road construction allowing space to get on the bridge from the detour route during construction.

The detour is a separate paving project preceding the big job. For west bound traffic it turns left at Main and goes to Cross, then to Maple and turns left at the north side of the right of way and gets back to the road at the bridge.

A bonus value of the project is the detour pavement on Cross and Maple. The Highway department will leave it for the city. However the portion from Maple to the bridge will be partly removed leaving a bicycle path six or eight feet wide as an alternate route for kids to the city park. A passage under the bridge will enable them to cross under from the north side and enter the park at the west end, near where the old fighter plane is on display.

The alternate route to the park is planned in consideration of people who worried about the hazards of kids crossing the road's fast moving traffic. The bike path is regarded as a pleasant and safe route for the youngsters.

The remainder of the detour will be a great improvement on the present route to the city park, but ironically, at a time when its need diminishes. When the four lane road is finished drivers can leave it at Maple to go to the park.

The turn-off at Maple will also be welcome to ambulances entering town... a more direct route to the hospital.

Along with the local project the Highway Department personnel also presented information on extension of the existing four lane road to Saint Jo. The two jobs are not related but were combined here as a matter of convenience.

## Biffle Boy Injured In Motorbike Spill

Brad Biffle, son of Mr. and Mrs. Jimmy Jack Biffle, is in Muenster Hospital beginning several weeks of recovery from injuries received Sunday in a motorbike spill. He hit a loose rock, lost control and was thrown off, landing on his shoulders. He sustained compressed fractures of two dorsal vertebrae.

Presently Brad is just lying still and beginning in a few days, is due to be in a body cast for most of the summer. There is no indication of paralysis. After healing the bones are expected to be as good as new.

## Jaycees Tell Big Plans for July 4 Picnic

Officers of the Muenster Jaycees in a planning session Tuesday night started working toward their most successful picnic to date on July 4 in the city park. They have visions of attracting their biggest and best entertained crowd ever and also earning their biggest revenue.

Again this time the monetary benefits will go into the park improvement fund. If money is still needed to finish the park pavilion, it will be the priority project. Next in line is the Jaycee's log cabin and repairs on the cable fence along the driveway. Decayed wood posts supporting the cable are to be replaced by steel posts.

Jaycees are looking forward to the picnic as an occasion to show off their newly completed project, the pavilion. Early this week workers were installing the bench type seats around the outside edge of the floor. Hopefully rest rooms will be finished before the picnic. One of the features of the big event, a square dance will be in the pavilion.

Topping the other attractions are beer and soft drinks along with a chicken supper and snacks. Also there'll be contests like horseshoe tournaments, a greased pig catch and buffalo chip throwing. And an auction of an abundance of stuff that members are begging for the occasion. Also, special for kiddies, there'll be a trike race plus rides on the fire truck. And the usual carnival type attractions will also be there.

## State Sends City Sales Tax Rebate Check of \$8,368

A report received from State Comptroller Bob Bullock but not confirmed by City Secretary Celine Dittfurth, advises that Muenster has received a check of \$8,368.00 as its share of sales tax collected here through the period ending June 4, 1976. The check, apparently delayed in the mail, is expected soon.

A break-down of figures on Bullock's report indicates that the total city tax collected for the period was \$8,381.35 and the state's 2% collection fee was \$167.63. Adding the balance retained from prior period, \$572.50, and retaining the usual 4.76 per cent, which amounts to \$418.22, accounts for the net payment of \$8,368.

Bullock said that the checks mailed Tuesday totaled \$48.9 million to 846 cities and towns as the June rebate for one cent city tax they collect. Total for the year through June is \$145.4 million.

Rebates to other area cities were reported as follows by Bullock: Gainesville \$38,325.76; Lindsay \$4,160.47; Nocona \$13,697.92; Pilot Point \$4,144; Saint Jo \$3,257.94; Sanger \$3,792.89; Whitesboro \$9,106.00.

## Ash Street Job Starts Moving

The opening of Ash Street, a project that has been delayed more than two years while awaiting removal of oil field rod lines and tanks from the right of way, is finally in motion.

Individual motors are being installed at the pumps by the lease operators, Raimey and Wylie, after which rod lines from the central power house to the wells can be removed. The rod lines have operated the pumps since the wells were drilled in the late twenties. Removal of those rods and a few storage tanks will clear the right of way for the road and bridge on Ash.

Preparing for the bridge job, work was started Wednesday on approaches to the two ends. Steel for the bridge is here and construction is due to start in a few days.

Likewise grader work for shaping the street is due to start as soon as the right of way is clear. And the gravel surface should be ready by the time the bridge is finished.

## Enterprise Offers Subscription Deal

Effective now and for the balance of this month the Enterprise will give a free subscription with each renewal or new subscription under the following conditions.

The free subscription must be to a new subscriber who is not receiving the paper now and has not received it for six months or more, and it must be given to a person in Cooke County.

## Mrs. Roger Taylor Wins Flower Show Top Award

Muenster Garden Club's annual Flower Show, themed: "Happy Birthday America", was staged Saturday in the Knights of Columbus Hall.

Interested persons called between the hours of 2-5 p.m. Winners of special awards were: Mrs. Roger Taylor, Tri-color Award; to win in this class an arrangement must consist of all fresh plant material, must score 95 or more and must show marked superiority.

Mrs. B. J. Swirczynski Creativity Award for an arrangement in the Oriental manner; to win in this category, an arrangement may include fresh, and or dried plant materials and must score 95 or more and must show artistic distinction and personal expression.

Mrs. Paul Endres, Sweepstakes winner in Horticulture classes with 22 blue ribbons and Mrs. Arthur J. Endres, Sweepstakes winner in Artistic Design in Arrangements classes. The award is given to the winner of the greatest number of blue ribbons in each of the two divisions.

Mrs. Howard Houtchens, Award of Horticultural Excellence; given for the finest Horticultural Exhibit which must score 95 or more, presented for a gladiolus specimen.

Mrs. Gus Felderhoff, Award of Merit; given to a blue ribbon winner scoring 95 or more in each of the sections in the Horticulture Division, presented for a Floribunda rose specimen.

Susie Felderhoff, Special Award, Junior Achievement Rosette, given in the Invitational class for the most outstanding exhibit.

In Artistic Design, Class I, using all fresh cut plant material, winners were, in order named: Mrs. Roger Taylor, Sylvia Hofbauer, Mrs. L. J. Endres, Mrs. Ray Wilde.

In Class 2, Table Arrangements, using all fresh cut plant material, winners were, in order named: Mrs. Paul Endres, Mrs. Roger Taylor,

## Decision on Lake Is Becoming Urgent

The matter of providing surface water for the City of Muenster reached a significant stage of development Monday night when a preliminary engineering and economic study by Don H. Fleming and Associates was presented before a joint meeting of the Muenster City Council, the Muenster Water District, the Soil Conservation Service and the Upper Elm-Red Soil and Water Conservation District. About twelve visitors also attended.

The study had been prepared for the Texoma Regional Planning Commission and was financed in part by the Department of Housing and Urban Development, and also in part by the Division of Planning Coordination in the Governor's office. Fleming had been engaged by the Texoma commission in January to prepare the report which was presented and accepted Monday night.

In the presentation Fleming used figures of the city water department to show that the water level in the Trinity Sand formation is dropping at the alarming rate of 3.75 feet a year and production from the city's four wells is declining as many cities, including metropolitan areas, draw heavily on the same formation. Furthermore, increasing population is increasing the decline.

Another fact which makes the problem more critical here

is that the sand is nearer the surface. Muenster gets its water from the top of the formation and will be one of the first whose wells go dry, or it may be one of the first who have to abandon wells because of pollution from oil fields.

The situation lends urgency to the problem. When will the wells fail? And will Muenster be ready with its alternate supply when the time comes? Allowing for land purchase, legal work, engineering and construction the estimated time for completing the reservoir is about three years. After that the time required to fill it may be anything between one and five years. It adds up to a long time when the source is obviously uncertain.

Also facing the city is the expiration of its water rights, which were received from the state water board in November for a period of one year. Within five months Muenster will have to state its intention or forfeit the water right.

The alternate source of water is a surface reservoir which, fortunately, fits in the Soil Conservation Service programs of flood control and recreation, and because of which SCS would share about equally in cost.

Suggested are two proposals, either satisfactory to SCS. One meets a demand of 999 acre feet, will require 452 acres and cost an estimated \$1,203,705. The other is for 500 acre feet, requires 418 acres, and the estimated cost \$1,013,090. The city's share would be \$685,000 for the big reservoir and \$455,000 for the small reservoir. These cost estimates apply to the present time and can be increased by inflation if they are delayed.

An added cost with either size lake is a water treatment plant and water lines at \$280,000. The city's bonded indebtedness would be \$965,000 for the larger project, \$735,000 for the smaller. Payment in either case is scheduled for a period of 40 years, to be paid by the water board out of its sales to the city or other water customer. Purpose of creating a special water district was because it has a better arrangement for financing.

A related thought, in case the lake is not built, is that increasing demand and declining supply will require drilling two more wells soon, along with tubing, pumps steel tanks, pump station, water lines etc. Estimated cost of that is \$210,000, a sizeable investment in a questionable water source.

Mayor David Bright spoke for the city in accepting the engineer's report, and pointed out that the deadline for deciding is only a few months away. He further stated that a project of this size should be decided by all of the city and not by just the council and board. He suggested that the board and council consider the matter and present their pros and cons before open meetings and a hearing... and finally to have a referendum to reveal the exact count of people for and against.

## Four Nominees for Champ Vegetables

Apparently the temperature, moisture, etc., this year is right for the growth of vegetables. That was indicated three times this week when local gardeners brought in their best specimens and claimed the champ title until bigger specimens are reported.

Mrs. John Otto had two spuds weighing 1 1/2 and 1 3/4 lb. which were part of a bumper 600 pound crop from 60 pounds of seed potatoes. She also had a pair of onions weighing 1 1/4 lb. and 1 3/4 lb.

Mrs. Dink Hudspeth had a huge cabbage head weighing 7 pounds and 7 ounces and measuring 30 inches in circumference.

And Slim Hess had a turnip weighing 10 pounds and measuring 29 inches in circumference.

The whopper turnip shown here by Albert Hess is a product of Spring gardening at his home on North Elm Street. It is the best of a good crop, weighing just over 10 pounds and measuring 29 inches in circumference.

## Ten Year Moisture Record

Yr.	Jan.	Feb.	Mar.	Apr.	May	June	July	Aug.	Sept.	Oct.	Nov.	Dec.	Total

**TOMAR'S**

Tom Reed, 665-0923

Mr. and Mrs. Joe Hunt and Mr. and Mrs. Willard Freeman are on vacation in Portersville, Plainview and Stratmore, California. They will be visiting with relatives in these towns.

Recent visitors in the home of the V. G. Greenwood family were Mr. and Mrs. Paul Yarbrough and Johnny of Borger, Mr. and Mrs. Cas Yarbrough of Irving and Aubrey Yarbrough of Perrin, Texas.

Bess Orrell of the Hillcrest Manor in Muenster spent several days recently with her sister Mrs. Billie Poynor.

Tim O'Brien of Wichita Falls spent last week with his grandparents the Clifford Hudspeths. Tim is the son of the former Margaret Hudspeth.

Perryman Denham visited his old friends and neighbors Jim and Rosa Bryant recently. Jim and Rosa now live in Forestburg. When Perryman arrived Rosa was off in another part of the house — after he inquired at her well being, etc. Jim replied, "She is in pretty good shape for a girl her age".

Ernest Harris of Lubbock spent Monday night June 7 with Homer and Alice Shears. Then on Tuesday the 8th he visited Martilla Brewer and Esther Shears.

Mrs. Catherine Putman and children, Mr. and Mrs. Johnny Mosely and sons attended a birthday party for Shelly Lee on Saturday, June 5 in the home of Shelly's parents Mr. and Mrs. Charles Lee of Alvord. This was Shelly's 3rd birthday.

Mr. and Mrs. Raymond Mills of Burkburnett and Mr. and Mrs. Elvin Echols of Wautaga visited the D. D.

Echols of Mallord recently.

Buddy Meyers of Wichita Falls was in the Burg recently visiting with friends.

Billy Dee Hill and a friend from Dallas visited with Mrs. Ola Mae Shults and Dale and the W. F. Conways the weekend of June 4-5.

Recent visitors in the Paul Putnam family were Mrs. Pauline Maple of Dallas, James Potet of Costa Mesa, California and Charles Lee of Alvord.

The Blake Freemans were in Alvord Sunday June 6 visiting Bob Lynch and they were joined by Blake's sister Opel Johnson of Boyd.

Mrs. Homer Noe and her sister of Bowie visited with Oders and Ty Cook Wednesday P. M. June 9.

The United Methodist Women's Group met in the home of Mrs. Alice Shears Thursday June 10 at 2 p.m. Mrs. Shears was in charge of the program for the day which was a Bible Study on "A Theology of Giving". Others present were Mmes. Lucille Littell, Decie Ellzey, Cleo Lanier, Betty Reynolds, Vera Mae McGee, Hettie Landers, and Myrt Denham.

We have a little news about our little Aunt Mollie Eowell. Mollie's brother and wife — Mr. and Mrs. Frank Higgins from Lawton, Okla., visited her Thursday, June 10. Aunt Mollie still lives out in the Uz Community in her little home and stays as busy as ever.

Meb Dunn made it back home from the Bowie hospital the first part of last week and returned there on Saturday, June 12.

L. D. Sirman has been home from Flo Hospital in Denton since June 5. Wife Sue says he is doing very well considering his problem.

Mr. and Mrs. T. W. Smith spent Saturday June 12 visiting with the Clark Greshams of Burkburnett at the Gresham's Nocona Lake home.

Every once in awhile this writer just has to leave her perch on the hill over Dewey way and Betty Reynolds likes to come out of her woods — so on Wed. June 9 we joined up in the a.m. and headed for Bowie for a day out and see some different faces. We visited a while with Mrs. Joe Denham and met up with Millie Reynolds who had been visiting Joe, also.

James Westbrook of Dallas and his daughter Betty and her son of Slaton were guests of Charlie and Gladys Barclay Sunday June 13. Betty is Charlie's niece and daughter of the former Buena Mae Barclay.

Mr. and Mrs. Clifford Hudspeth visited Mrs. Bessie Hudspeth in the Bellmire Home in Bowie Sunday June 13. Merle says Clifford treated her to dinner out over there.

Mr. and Mrs. Woodrow Sirman left for McAlester, Okla., Monday a.m. June 14 to visit Woodrow's brother Ollie. Woody and Minnie will be gone a couple of days.

Steve White of Dallas visited the Ross Littells Saturday June 12. On Sunday the Littell's company was Mr. and Mrs. Hal Walling and his Aunt Ida Mills of Wichita Falls and Pauline Seoy of Nocona.

Mr. and Mrs. Tolbert Fanning and grandson Chris of Abilene arrived at the Fanning's cabin out at Stoney Point Saturday June 12 and returned home Monday a.m. June 14.

Mr. and Mrs. Frank Schit-skey and sons of Brookings, South Dakota made it to the Howard Sockwell ranch Monday, June 7. Mrs. Schit-skey is the former Kaye Sockwell.

# TEJAS 1876

**JUNE 11-17**  
**ANDERSON COUNTY** — The prisoners now on trial before the District Court of this county for placing obstructions on the railroad tracks should be a warning to all young men to keep out of bad company and let whiskey alone. Some of these prisoners had the reputation of being good boys where they were raised.

**AUSTIN** — The first carload of wheat ever shipped from Travis County was shipped Monday. There will be a very large surplus of wheat and oats for shipment from this section this season, and until mills, are erected, Galveston will get the surplus if prices are available.

**GALVESTON** — A prominent Central Railroad man yesterday said that if there were buyers for the amount, that a least two million

bushels of wheat could be sent to the port of Galveston between the present time and November.

**LIMESTONE COUNTY** — The examination of the students at Trinity University, Tehuscana, took place last week. A number of our citizens were in attendance, and all express themselves highly pleased with what they saw and heard. The University is perhaps the most prosperous institution of learning in the state.

**SAN ANTONIO** — General Devlin, United States Army, commanding officer of the Rio Grande district, has effected arrangements with the Mexican authorities to prevent marauding from either side of the Rio Bravo.

**BRENHAM** — A tramp run out of Houston by the authorities there was arrested last

night for stealing a hat out of a house. No more immigrants of this kind are wanted here, for our jail now contains thirty rascals, and heavy taxation is bankrupting us.

**FORT WORTH** — Drs. Barts and Field have had a new office erected, and you can have a leg cut off or your insides taken out and replaced in the most skillful manner known to the art. If the medical association objects to this gratuitous notice of these gentlemen, because it violates their rules of ethics, we will take it all back, and simply say they can fix up as nauseous a dose as anybody, when they try.

**SAN ANTONIO** — The time is not far distant in Texas when the only fences that will be necessary are those for enclosing stock. Farm fencing costs ten times more than the stock fencing would, and as there are and always will be ten farmers to one stock raiser, it is easy to see that stock fencing will be

adopted as a relief from the great expense of farm fencing. The cost of farm fencing is the greatest tax paid by the people of the United States.

**ADVERTISEMENTS** — Would call the attention of interior merchants to the following list of goods: 5,000 Legs assorted nails, grain cradles, planters and garden hoes; sisal and manilla rope, Powder, shot, lead and caps; Pocket and table cutlery, Plows — League and Lufkin.

**Millions to Billions**  
 Over the past ten years the number of public employes has risen at more than double the growth rate of the private sector.

In 1965, the government at all levels employed about 10 million people, in contrast to 61 million workers in the private sector. In 1975, public employment had grown almost 50 per cent to 14.5 million, while workers in the private sector had risen to 71 million, an increase of less than 20 per cent.

## Honor Roll Listed At Public School

Honor rolls for the final quarter at Muenster High School and Muenster Junior High are announced as follows by C. O. Cash, principal.

**SEVENTH GRADE**  
 A Honor Roll: Glenn Fisher.

**Spaeth-Block Reunion**  
 The annual Spaeth-Block reunion will be held on Saturday, June 26 at the Knights of Columbus Hall in Gainsville beginning at 12:00, noon. All members are urged to attend, bring a basket lunch and drinks and enjoy reuniting with relatives. More information may be obtained from Nick Block or Henry Spaeth.

The width of United States ships is determined by the Panama Canal, and the height by the Brooklyn Bridge.

The Panama Canal is 300 feet wide and 45 feet deep.

**IT HAPPENED  
35 YEARS AGO**

June 20, 1941

Past due harvesting is further delayed by weekend shower . . . much grain is already lost. Harry Wheelis, 47, oil field worker of Myra dies. Morrison Milling Company buys local grain elevator and places R. R. Endres in charge. Father Frowin left this week to attend the Nineteenth National Eucharistic Congress in Minneapolis-Saint Paul. Ruth Needham is a patient in a Dallas hospital and is responding to treatments with hopes of being on her feet soon after being bedfast for six years. Emma Lou Gehrig and her mother have gone to Idaho to spend the summer with relatives. Garden Club enjoys annual local pilgrimage.

**30 YEARS AGO**  
June 21, 1946

Rev. Leo Koessler will have first Mass here next Tuesday and Muenster will be host to the district meeting of the Catholic State League on the same day. Father of Mrs. Ray Evans dies at Gainesville. Giles Lehnertz is elected president of Sacred Heart Alumni. Tommy Walterscheid sustains broken arm and ribs in pick-up accident. Theresa Hesse and Helen Walterscheid are having a vacation in Chicago. Soldier Alfred Walter of Portland, Oregon, is visiting here on leave. Ninety-one names will appear on ballot of Democratic primary in July. Dual car license plates will be issued again next year for the first time since the beginning of the war. Garden Club hears book review by Mrs. L. Burchfiel. Lindsay Sodality gives Daughters Breakfast to observe Father's Day.

**25 YEARS AGO**  
June 22, 1951

Joe Sieger, 81, resident here since 1891, dies. More rain delays urgent field work. Rev. Francis Zimmerer is named pastor of Windthorst parish, transferring there from New Blaine, Ark. Local Baptists will start on new church building early next week. Mrs. Paul Fisher undergoes major surgery. Virgil Streng is enroute to Korea with the army. Eleanor Schad and Frank Felderhoff marry at Gainesville. Twenty-five young people finish Bible School at Marysville. William Pulte is elected grand knight of Gainesville Council. Wilfred Luttmmer is separated from the army. Father's Day reunions hold social spotlight.

**20 YEARS AGO**  
June 22, 1956

Over 500 visitors attend open house at new REA Co-op building. In Co-op business meeting J. A. Klement is elected president. City water use sets new record with 360,000 gallons Tuesday but the supply is plentiful. Lions Club plans dedication program for formal opening of swimming pool. Sending greetings from Switzerland are Sisters Remiga, Leonarda and Paula who are there for a summer visit with their families. Charles McGannon, a graduate of St. Edward's University this year has gone to Watertown, Wis. to enroll in the novitiate of the Holy Cross Brothers. The Dick Grafts and children of Casper, Wyoming, visit here during their vacation. Twenty boys return from week at Subiaco Vacation Camp.

**15 YEARS AGO**  
June 22, 1961

T. L. Anderson, 61, dies after relapse of illness. Ninety-nine boys sign up for two leagues in junior baseball. Fourteen get badges in local senior Red Cross life saving class. C. F. Gobble's mother, Mrs. Mary Gobble, 87, dies in Kansas. San Angelo man gets contract to build new post

**Citation by Publication**  
THE STATE OF TEXAS

By Betty Graves, Deputy

office. Urban Endres gets contract to build new Valley View post office. Very little work is left in local harvest. Billy Stoffels is ETSC graduate. Infant son of the Lambert Beyers dies after premature birth. Mike Fuhrmann, octogenarian, makes first air trip to Illinois. Father's Day brings many family gatherings. Genell Kesner and Melvin Schoech

marry here. More than 100 attend Bindel reunion in Park. Local group goes to Iowa to attend 40th wedding anniversary of the Joe Henscheids. Steve Moster and Gary Endres have eye surgery. Clarence Bayer is out and around after six days of hospital care after falling from horse. Frank Needham goes to hospital after coronary attack.

**10 YEARS AGO**

Crops thrive on more rain and warm weather. Joe Sturn, dies suddenly of heart attack. Television cable franchise is granted Muenster Telephone Corp. City purchases new fog machine for mosquitoes. Over 200 enroll in swim classes at city pool. Ernest Sicking returns from Viet Nam. V. M.

Ramsey breaks hip and pelvis bone. The Victor Koelzers move back to Muenster from Bowie. Paul Bayer and Lynn Klement attend 4-H camp.

**5 YEARS AGO**

Work begins on Telephone Corporation's modernizing job. Diocese confers commission on Brother Thomas Moster to

distribute Holy Communion. Final rites are held for Mrs. Mack Smith, 85. Herbie Knabe is named assistant fire chief to Chief Walter Bartel. Mr. and Mrs. Henry Henscheid are back from flying trip to Germany. Mrs. Jack Riffle is appointed postmaster at Myra. The David Biffles are at home here after honeymoon. Carol Grew-

ing and Mike Frost marry. The Pat Hennigars observe silver wedding anniversary. The Ferd Luttmers also observe 25th wedding date. Endres Motor Company receives Ford's Distinguished Achievement Award. New arrivals: boys for the Tommy Swirczynskis, David Arendts and Neil Fishers; a girl for the Chris Walters.

Prejudice is a wonderful time-saver; it enables one to form an opinion without bothering to get the facts.

Naturalized citizens of the United States are entitled to all privileges except that of becoming president.

**Local News BRIEFS**

Mrs. Sadie O'Connor and Mrs. Herb McDaniel spent Monday in Fort Worth visiting Mrs. Lena Holley, the former Lena Klimpt. While there they phoned Mrs. Clara Bryant, the former Clara Burkhart, to share Muenster news. She asked that her greetings be given to friends and relatives here.

Daniel Fette of the A&M Corps of Cadets is in Fort Riley, Kansas, for six weeks of basic Army officer training.

Charlie Hogan and son, Walt of Broken Arrow, Oklahoma, visited recently with his niece, Mrs. Richard Cain and were dinner guests Saturday evening.

Mrs. Richard Cain was a shut-in for two weeks letting a sprained ankle and wrenched back heal. She recuperated at the home of a daughter, Mrs. Wayne Trachta in Norman, Okla., and they drove to Muenster together last weekend after a visit in Lewisville with the Jim Christian family and in Dallas with the Bill McCollum family where they attended a dance recital in which Kelley and Tracey McCollum participated.

The Herb Fettes have moved to a mobile home 4 miles south of town on the Martin Trubenbach farm after living on Pecan Street.

**Cadwell, Fette United Friday in Wedding at Lake**

Mrs. Lillian Fette and Frank Cardwell were married last Friday evening, June 11 at 7:15, in a ceremony at Schilling's Lake officiated by Justice of the Peace, Tom Crawford of Gainesville.

Attendants were Mr. and Mrs. J. C. Miller of Gainesville. The wedding cake for the reception following, was made by Mrs. Miller.

There were 60 guests who were served a meal catered by Buck Knabe. Guests from out of town included Mr. and Mrs. Ray Rumley and family of Fort Worth, Joella and Bill Williams of Argyle, Bessie and Charlie Lemons of Nocona, Wayne Sawyer of Gainesville, Jerry Sobczek of San Antonio, Tim Heiser of Gainesville and Norma Morbey of Denton.

The groom is employed at AMPI and she is an employee of IBJ Cutting Factory in Myra.

**HEALING**

by Francis MacNutt, o.p.

Father Francis MacNutt was one of the first Catholics involved in the charismatic renewal. He immediately realized that the basic teachings on healing were very much in line with Roman Catholic tradition. For Sale at New Life Book Store.

Mr. and Mrs. Daniel Fleitman entertained Sunday, June 13 on the first birthday of their daughter, Susan Kay, who is pictured above at age 8½ months. Dinner guests were her great grandparents, Mr. and Mrs. Walter L. Freeman of Gainesville, her grandmother, Mrs. Mary Lee Shahan and her uncle Edward Shahan, both of Muenster. Unable to attend, but sending gifts were Mr. and Mrs. J. W. Fleitman of Muenster and Mr. and Mrs. Asghar Raza and family of Fort Worth and Miss Kathy Chahan of Gainesville.

**Discard Furniture Heads Want List Of Salvation Army**

The Salvation Army Men's Social Service Center, which helps rehabilitate homeless and handicapped men in this area, is appealing for donations of unwanted or discarded furniture during June.

The furniture will be repaired by the men enrolled in the Center's rehabilitation program, and sold at economical prices through Salvation Army Thrift Stores, where needy families have the opportunity to purchase them.

"Because so many people are now selling their unwanted furniture through garage sales and flea-market type operations, donations to our program have been reduced," said Captain Don Watts, director of the Center.

"Furniture is one of the chief items which supports our program, along with used clothing, appliances and other household goods," he added. "We receive no state or federal funds, so our men are totally dependent on the generosity of area residents."

All contributions to the Center are tax deductible.

Through the furniture repair and refurbishing program, the men often learn useful trades which enable them to become self-supporting when they return to normal lives in their community. The Center's services also include free lodging, medical and counseling services.

Donations in Muenster will be picked up during June by the Salvation Army truck Thursday, June 17. Residents who have items to contribute should call 759-4124 the day before the truck is scheduled to arrive.

He who rolls up his sleeves seldom loses his shirt.

It seems that children are never so dependent upon their parents as after they become self-supporting.

**THANKS**

I am so very grateful for the many kind things done for me while I was a patient in Muenster Memorial Hospital. I want to thank Bishop Dangelmayr and Father Jerry Mosman for their visits and prayers, Dr. Juarez and the wonderful nurses and hospital staff, our relatives, neighbors and friends for care, prayers, gifts and cards, my schoolmates who sent cards and the Little League Ball Team for their exciting gift.

— Dickie Trubenbach, his mother, his sisters and his brothers.

We want to say "thank you" for the Masses, expressions of sympathy, food, cards, phone calls and visits received at the death of our husband and father.

We are especially grateful to Father Placidus and Father Stephen for their visits and Masses offered at our house, and to Father Jerry Mosman for the funeral Mass and his comforting words. Also Bishop Dangelmayr and Dr. Kralicke and Al's brothers and sisters, whose help and assistance made it easier for us all.

We are most grateful to all who helped furnish transportation to the Dialysis Center, without whose help we could not have made the many trips.

Our sincere and heartfelt thanks to Dr. Kralicke and the Muenster Hospital staff during my short stay at Muenster Hospital. Also special thanks to all who remembered me in prayers, flowers, gifts and other kindnesses, and for Dr. Kralicke's help and concern while I was in a Dallas hospital. Special thanks to our pastor and wife and the First Baptist Church. My husband and children join me in saying we are grateful and may God bless each of you.

I am grateful for many kindnesses while I was a hospital patient, and I appreciate the prayers and visits of Father Jerry Mosman and the care and concern of Dr. Antonetti and the wonderful nurses and staff of Muenster Memorial Hospital.

— Mrs. Herb McDaniel

**NEWS OF THE SICK**

Dickie Trubenbach, 7 year old son of Mrs. Betty Ann Trubenbach has been dismissed from Muenster Memorial Hospital after ten days of hospitalization for treatment of injuries sustained

when attacked by a German Shepherd. He is making a remarkable recovery but must devote time each day to exercising the severely injured right arm.

Mrs. Heibert McDaniel entered Muenster Memorial Hospital last week Tuesday morning for medical care and was dismissed Thursday afternoon.

Tim Hess, 17 year old son of Mr. and Mrs. Albert Hess, was released from Muenster Memorial Hospital Tuesday following 7 days of treatment for facial injuries sustained in an accident while loading a tank.

**Hospital Notes**

The following patients were dismissed during the past week from Muenster Memorial Hospital.

Tues., June 8: Martin McGilvary, Gainesville; Mrs. Gene Wilson, Fort Worth; Everett Baird, Nocona.

Wed., June 9: Mrs. Claude Bayer and baby boy; Mrs. Joe Lively, Forestburg.

Thurs., June 10: Mrs. Herb McDaniel, Muenster; Arnold Head, Mrs. A. L. Trammell and Mrs. Edna Highfill, Gainesville; Mrs. Virginia Tickey, Tulsa.

Fri., June 11: Richard Trubenbach and Mrs. O. Wayne Crosby, Muenster, John Howell, Saint Jo.

Sat., June 12: Ron Johnson, Phoenix, Ariz.

Sun., June 13: Mrs. Steve Muller and baby boy and Mrs. Clifford Cox, Gainesville.

Mon., June 14: James Southard and Henry Voth Jr., Gainesville; Cynthia Sontag, Commerce.

Everything comes to him who waits — if he works like a beaver while he waits.

**Girls Softball**

Standings in girls softball are unchanged this week after Tuesday night's games had to be postponed because of rain. Make-up games are scheduled for Saturday, the juniors to play at 7:30 a.m. and the seniors promptly after.

**CB Meet Will Show Storm Film**

A showing of films on tornadoes and other kinds of rough weather will be the feature of the Muenster CB Club's regular meeting next Wednesday night, 8 p.m. in the Cooke County Electric Co-op.

The movies will be shown by Tom Watson, Civil Defense director of Cooke County. Everybody will be welcome.

**Fette Baptism**

Amy Marie Fette, infant daughter of Mr. and Mrs. Steve Fette was baptized Tuesday, June 15 at 6:30 p.m. in Sacred Heart Church with Father Placidus officiating.

Amy Marie's baptismal sponsors were her maternal grandparents, Mr. and Mrs. Steve Grewing and the christening dress she wore was a gift from Mrs. Grewing.

Attending the service were the parents, a great-grandmother, Mrs. Joe Swingler, and Mr. and Mrs. Albert Schilling and Mr. and Mrs. Hank Walterscheid.

Following the religious service, there was a family gathering, with dinner in the Steve Grewing home.

Hostesses for the bingo party Wednesday at Hillcrest Manor were Mmes. Leo Lentscheid, Felix Yosten, Rudy Koesler and Wilfred Walterscheid.

Variety is the spice of life but monotony provides the groceries.

**Debbie Beyer & Damond Sandmann  
Are Married in Nuptial at Lindsay**

Miss Debbie Beyer of Lindsay and Damond Sandmann of Gainesville exchanged wedding vows during a Nuptial Mass in St. Peter's Church of

Lindsay, on Saturday, June 5 at 5 p.m. Father Damian Wewers officiated for the double ring ceremony.

Parents of the couple are Mr. and Mrs. Frank Beyer and Mr. and Mrs. Julius Sandmann. The couple planned the wedding for June 5, to await a leave obtained by her brother Glenn, on duty with the Army in Germany, enabling him to be a member of the wedding party.

In a setting of baskets of greenery and baskets of spring colored gladioli, the bride approached the altar with her father. The elegant bridal gown was fashioned of organza and re-embroidered lace. The fitted bodice had lace overlay forming cap sleeves over the sheerest full long sleeves with the lace meeting the empire waist in front and forming a V from the back shoulders to a point at the waist. A standing ring of lace edged the natural neckline where tiny pearls accented the lace petals. Wide lace cuffs caught the sleeves at the wrist. From the empire waist the skirt flared with an elegant drape of sheer organza overlay. Re-embroidered lace appliques were scattered on the front of the skirt. A band of matching lace encircled the skirt and train just above a wide brush ruffle.

The two tired, cathedral length veil, finished in narrow lace, was attached to a pearl-etched lace cap. The bride carried a bouquet of white roses entwined with a white rosary. She also wore her mother's locket, a blue garter and a penny in her shoe.

**Attendants**

Attending the bride were Janice Jackson, her friend of Lindsay as maid of honor in yellow, and bridesmaids Karen Hoberer a friend in blue and Janell Beyer, her sister in orchid, both of Lindsay and Mrs. Doug Secret, her sister Judy of Gainesville in green. They were identically gowned in dresses made by the bride's grandmother, Mrs. Henry Grewing who designed them in nylon embossed with tiny colored flowers, with ruffled round neck and cape sleeves, empire waist tied in back with a ribbon sash and ruffle encircled full skirt. They wore picture hats to match their dresses and carried glamelias of the same shade.

The flower girl was Shawna Covington, bride's niece of Lindsay. She carried a spring basket of carnations. Ring bearer was Rick Sandmann, groom's nephew of Gainesville.

Harold Owen of Lindsay was the groom's best man and groomsmen were Glenn Beyer, bride's brother, Leslie Sandmann, groom's brother and Randy Stoffels, a

— Photo by Mathews Photography

friend, both of Gainesville. Mass servers were Kelly Zwinggi and Stan Stoffels. Ushers were Tom Berend and Tom Hoberer.

Wedding music was given by Barbara Zimmerer, organist and Ann Johnson, vocalist and guitarist.

The bride's mother wore a peach dress and the groom's mother wore blue. Both had gladioli corsages.

**Reception**

Parents of the couple hosted a reception, dinner and dance for 400 guests in the Knights of Columbus Hall in Gainesville. Donna Walsh and Doris Harrison were at the guest book. Dance music was by Rosewood.

For their wedding trip to Arkansas, the bride traveled in a beige pantsuit made by

her grandmother, Mrs. Henry Grewing. When they return they will be at home in Gainesville at the S and S Dairy where he is employed. The groom is a graduate of Lindsay High School. The bride is also a Lindsay High graduate and is employed at Freewood Products.

Among pre-nuptial courtesies was the rehearsal dinner at The Dutchman in Lindsay when Ann Johnson sang a song she wrote for the bride and groom. A shower was given by the groom's sisters and sister-in-law and another by employees of Freewood.

**Bayer Baptism**

Baptism for Kelly Bob Bayer, infant son of Mr. and Mrs. Claude Bayer was held Sunday afternoon at 1:00 in Sacred Heart Church with Father Placidus officiating. Mr. and Mrs. Dan Bayer were baptismal sponsors for their nephew. The baby wore the same christening robes used by his brother and sisters and also wore a family keepsake, the same tiny hand made booties given to his father for his own baptism by an aunt.

Attending the ceremony were the parents, and children Deano, Amy and Vickie and cousins Denise and Melissa Bayer.

**Returns after Eye Surgery**

Mrs. W. L. Scoggins has returned to her home here after a three week absence for eye surgery and recovery. She spent most of the time with her daughter, Mrs. Karl Hanza of Hobart, Oklahoma.

Another daughter, Mrs. Ganelle Barrier of Wichita Falls drove to Oklahoma Sunday and Mrs. Scoggins returned with her to keep an appointment for a check-up with her doctor. She is recovering beautifully and accompanied Mr. and Mrs. Harry Scoggins and Vickie to Muenster when they visited in Wichita Falls Monday.

Anyone who thinks by the inch and talks by the yard, ought to be moved by the foot.

In marriage as in business, he who hesitates is bossed.

Mark Schmitt arrived last Thursday from Prosser, Washington, to visit until the end of June with his mother, Mrs. Eddie Schmitt and other relatives. He will return to Washington for the harvest season. When he arrived he was met at D-FW by his mother and his sister-in-law Mrs. Dan Schmitt and her son Corey.

### Muenster HD Club Sees Two Programs

Mrs. Paul Fisher presented a short program on Early American Furniture and Miss Helen Sicking, a member of the Gainesville 4-H Club gave a demonstration on Colorography for the Muenster Home Demonstration Club when members met in the Gainesville home of Mrs. Earl Robinson last week Wednesday. Miss Sicking also used slides to illustrate her talk.

Mrs. Bill Lutkenhaus gave the Council Report. She was elected delegate to the State Convention at A & M University in September.

The hostess displayed her indoor plants and crochet work, and served refreshments to twelve members and two guests, Miss Sicking and her mother, Mrs. Alois Sicking.

### Reiter Baptism

Danelle Nicole Reiter was baptized Sunday afternoon at 1 p.m. She is the daughter of Mr. and Mrs. Roy Reiter. Father Placidus Eckart officiated for the baptism in Sacred Heart Church. Mr. and Mrs. Billy Reiter were baptismal sponsors. The baby wore the same dress worn by her brother Brian and by their mother on her baptism and made by Mrs. Albert Herr. Attending the ceremony were the parents, the grandparents, Mr. and Mrs. Albert Herr, Marlene Herr and the baby's brother Brian. A family gathering for dinner at Romer's was held following the church service.

### Local News BRIEFS

Sister Imelda Pels of Jonesboro, Arkansas is vacationing with her brother and sisters for several weeks. A number of family gatherings are being held in her honor.

Mrs. Ola Roberg attended the wedding of her niece, Joy Harper to David Bryant at Good Shepherd Church in Garland Saturday.

Gene Hartman and son Doug of Denton and Alvin Hartman and son Kenneth were in Wichita Falls Sunday to see the Finals of the 16th annual Fast Pitch Softball Tournament.

Tony Sicking of Gainesville is a patient at Veteran's Administration Hospital, 4500 South Lancaster Road, Floor 7, Ward 7B, Dallas 75216. He entered on May 27 and is undergoing therapy preparatory to being fitted with an artificial limb.

Wednesday was eagerly awaited by the David Trachtas and J. P. Flusches who looked forward to the arrival at D-FW of Sgt. and Mrs. Tom Trachta and their 8 month old son, Travis. The Trachtas completed a three year assignment in Heidelberg, Germany and will be stationed at Fort Hood after a leave here. The David Trachta family met them at D-FW Wednesday.

### YOU CAN BANK ON IT!

Nearly everyone agrees that progress involves change. Change, however, may not involve progress. One aspect of that paradox is being demonstrated now in the banking industry. Big city banks recently have used electronic innovations in customer service to such an extent that some very advanced machinery has almost totally replaced the people who provided direct service. Among the innovations is an automated system whereby a customer slips in a plastic card, punches up a series of numbers and the machine coughs up the money. (Or accepts the deposit). Of course, should the customer hit a wrong number the machine may do one of three things; simply return the card, swallow the card whole or chew it up and spit it out. This is where problems have developed . . . when the machine has totally replaced the people involved in personal service. All of us who have had a serious talk with the family car on a cold morning know that explaining problems to a machine is a losing proposition. Reaction from customers is helping bankers realize change does not necessarily equal progress. People are an important and indispensable part of banking service . . . a part we'll never do without.

**Muenster  
State Bank**

# What you don't know about the cost of natural gas can hurt us all.

You know you're paying a lot more for natural gas, but you may not know why. The reason is basically simple:

The average price Lone Star has had to pay its 500 independent suppliers for gas we supply you has risen (about \$166,000,000 more in 1975 than in 1974\*). So we have to charge more.

If Lone Star were not able to recover these increased costs, we could run into some major problems.

First, we wouldn't be able to buy the gas this area needs. Short supplies of natural gas could handcuff industry.

When industry runs short, jobs begin to disappear. Production falls off. The tax base our cities, counties and school districts depend on begins to shrink.

That's why you need to understand how our industry works, why gas bills have to go up, and what Lone Star is doing to keep the increases as small as humanly possible.

#### Some important questions.

Here are some important questions and answers about our service.

1. *How do our gas bills compare to other cities?* Our customers pay less for natural gas than most cities, including other cities in Texas. \*\* We feel we're doing a pretty good job of selling natural gas at the most reasonable price possible.

2. *Does gas cost adjustment guarantee profits for Lone Star?* Not at all. In fact, the company has been forced to initially absorb 15 per cent of higher adjustments. This is a serious loss that must eventually be recovered if our cities are to have adequate gas supplies in the future, and if Lone Star is to have a fair return, to which it is entitled by law.

3. *Who checks on Lone Star Gas?* The Texas Railroad Commission, after a thorough investigation, sets our base (or wholesale) cost of gas. They set the rate of return on the pipeline system that brings the gas from the well to your city. They also monitor changes in the monthly gas costs of Lone Star, and this monthly gas cost information is filed with each city we serve in Texas.

4. *How high will gas bills go?* Today, your bill is based on the average cost of gas to Lone Star of a little over one dollar per thousand cubic feet. Gas bills will continue to rise in the years ahead, but probably at a much slower rate than recently. It appears that the field price of gas is leveling out so that increases will be much more gradual.

#### It's not all bad news.

Basically, all of those answers say that gas costs more than it used to, and it will continue to cost more.

But there is good news: As long as Lone Star is able to recover its costs, and as long as there is sufficient incentive for producers to drill for new gas supplies, we'll have the gas we need to keep this area moving.

All we ask is your understanding, and your cooperation, to make sure that happens.

If you have a question you'd like answered in an advertisement, write Consumer Information, Lone Star Gas, 301 S. Harwood, Dallas, Texas 75201.

## Carol Felderhoff and Roy Klement Exchange Vows in 2-Ring Ceremony

Miss Carol Jean Felderhoff became the bride of Roy Lee Klement in a double ring ceremony and Nuptial Mass Saturday afternoon in Sacred Heart Church. Father Stephen Eckart officiated for the 4 p.m. ceremony on June 12.

Parents of the couple are Mr. and Mrs. Vincent Felderhoff and Mr. and Mrs. Anthony Klement.

The altar before which vows were exchanged held lighted candles and arrangements of mixed flowers in soft spring colors. Tall ferns on pedestals flanked the altar. Twelve hurricane lamps with blue candles stood on tall candelabra frames and were entwined with garlands of smilax and gypsophila and ribbons in the bridesmaids' colors, to form an entrance in the center aisle at the communion rail, for the wedding party to enter the sanctuary. The ribbons reached the front pews and marked pews for the mothers of the couple.

Presented at the altar by her father, the bride wore a formal wedding gown of white dacron polyester with lavish cotton Venice lace. The

sash and ruffle were lace trimmed. She also wore a matching picture hat with insertion trim.

Mrs. David Fisher, Mrs. Mike Hennigan, and Miss Brenda Felderhoff, all sisters of the bride were bridesmaids and wore identically gowned in yellow, green and pink respectively, and all wore matching picture hats. Their flowers were nosegays of sweetheart roses, carnations, daisies and gypsophila with ribbon streamers to match their dresses. Each wore a pearl pendant, a gift from the bride.

The groom's niece, Renee Klement was flower girl, dressed in apricot and carrying a small nosegay similar to the bridesmaids. The groom's small nephew, Darrell Dangelmayr was ring bearer, wearing a black tuxedo with apricot shirt.

Jerry Eckart was best man and groomsmen were David Fisher, groom's brother-in-law and Steve and Kevin Klement, groom's brothers. The groom wore a white tuxedo with black pants. The groomsmen wore black tuxedos with shirts matching the bridesmaids dresses.

Guests were ushered by Neil Huchton and Chris Hess. Mass servers were Mike Dangelmayr, Mark Felderhoff and Lonnie Henscheid. Offertory gifts were presented by Rhonda Bayer, Connie Klement, Ronnie and Chris Dangelmayr, all nieces and nephews of the groom.

Wedding music was provided by organist Linda Miller, and vocalists Diane Yosten, Mrs. Chuckie Fisher and Mrs. Royce Martin. Selections before Mass were "A Time for Us", "Annie's Song", "First Time Ever" and "Twelfth of Never". The Offertory selection was "We've Only Just Begun" and at Communion, the "Wedding Song".

When the couple placed a spring bouquet on the Blessed Virgin's altar the vocal group sang "Let It Be Me". All songs were with guitar accompaniment. Wedding Reception was by Linda Miller, organist.

Following the religious services, a reception was hosted by the bride's parents for

225 guests in the Community Center. At the bride's book were Miss Darlene Felderhoff and Mrs. Mike Felderhoff.

The bride's table held the four tiered wedding cake, trimmed in the bride's chosen colors, also a pair of tall votive candelabra and the bridesmaids' flowers. Mrs. Ricky Walterscheid, Mrs. Robert Klement, Mrs. Giles Walterscheid and Mrs. Ed Otto served the cake.

Guest tables were centered with votive candles and floral arrangements matching the bridesmaid dresses. A hanging basket brimming with white flowers, doves and wedding bells seemed to be suspended from the ceiling.

For her daughter's wedding Mrs. Felderhoff chose an apricot dress with pleated chiffon cape in formal length. The groom's mother wore a peacock blue knit with ruffled sheer cape. Both had corsages of mixed summer flowers.

When the couple left on their wedding trip to New Mexico and Colorado, the bride was wearing a green and pink print with white accessories. She is a May graduate of Muenster High School and he is a 1973 graduate of Muenster High, and is employed by Felderhoff Brothers Drilling Co. They will reside five miles southwest of Muenster.

The groom's parents hosted

— Photo by Gene's Photos

the rehearsal dinner Thursday evening at The Center for sixteen members of the wedding party. A pre-nuptial personal shower honored the bride-elect when Mrs. David Fisher, Mrs. Frank Escobedo and Mrs. Mike Hennigan entertained in the Fisher home for twenty five guests.

## Air Conditioning and your electric bill.

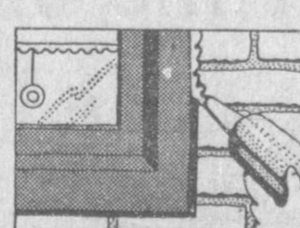

The summer months in Texas are that time when the largest factor in most electric bills is operation of air conditioning equipment. On the average, air conditioning accounts for about half of summertime bills.

The most important single factor in holding down the cost of air conditioning is insulation.

Proper insulation blocks out heat. Six or more inches is recommended for attics, three or more inches for walls and two inches around the ducts of central systems. Insulation dealers or a TP&L Service Representative will help you determine the

amounts you have and the amounts you may need to add.

Replace missing or worn weather stripping around door and window openings. Caulk around the outside of doors and windows where the frames meet the walls.

You may want to install simple "storm windows"... plastic sheeting attached to lightweight wooden frames which completely cover window openings. Awnings will also help.

Keep fireplace dampers closed when not in use. Close blinds or drapes to block out direct sunlight.

Keep furniture and draperies away from air outlets and returns. Clean grills often.

Check filters every 30 days. If you have the permanent type, clean them by manufacturer's directions; if they're the disposable type, replace them when they're dirty.

Have your air conditioning equipment checked seasonally by a qualified serviceman.

Set the thermostat on 78°, or higher. Turn equipment off if you will be away from home for several days or longer.

### Non Farm Vehicle Not Permitted to Use Farm License

One of the most common violations of motor vehicle registration laws in Texas is the use of farm registration plates on a vehicle used for non-farm purposes.

Farmers and ranchers pay only half the normal registration fee for plates on vehicles used solely for farm purposes and certain personal activities of farm and ranch families.

The law is specific in stating that a farm-registered vehicle "may not be used for other gainful employment."

"Violation of this statute is considered a misdemeanor punishable by a fine of \$25 to \$200," according to R. W. Townsley, director of the State Department of Highways and Public Transportation's Motor Vehicle Division.

Townsley said a farmer or rancher may not use his farm-registered vehicle as a means of transportation to an industrial job, nor for hire — even if it is for the transport of farm or ranch products.

Violations frequently occur when a farm-registered pickup is sold to a non-farm operator, Townsley said. In such instances, the plates must be surrendered and application made for new registration, he added.

If things ever get back to normal, we'll probably wonder what's wrong.

### Save on Vehicle Operation Costs

A lot of small savings in car operation can add up to a surprising total.

Gasoline is a big item. A change from premium to regular or regular to economy gas can save money. Buy the lowest grade of gas that will give satisfactory operation in your car.

Avoid jackrabbit starts and sudden stops. Accelerate smoothly and with a light touch. Look ahead and slow down gradually. Maintain a steady speed. Travel at moderate speeds.

Keeping your car in good condition helps cut depreciation to a reasonable minimum.

Have a tuneup periodically. Clean the spark plugs and make replacements when necessary. Check the carburetor occasionally. Keep the air filter clean.

When it comes to oil changes and chassis lubrications, it is best to follow the recommendations in the owner's manual.

Don't overbuy on tires. You may need premium-grade tires if you do a lot of driving on rough roads, but the cheaper first-line grade should be adequate for most ordinary driving. Keep them inflated to the pressure the manufacturer recommends.

Good driving habits mean the most wear out of your tires and hold the cost down. Check the alignment of the front wheels and make any necessary corrections.

The new paints may need less polishing and waxing, but regular washing is necessary. If possible, keep your car in a garage or carport.

Enough is what would satisfy us if the neighbors didn't have more.

Buy, sell, rent with the Enterprise Want Ads.

### Hugh L. Jacksons Honored on 35th

The lovely Eagle Mountain Lake home of Mrs. J. E. Spratt, Azle, Texas, was the setting for a garden party honoring Mr. and Mrs. Hugh L. Jackson on their 35th wedding anniversary.

Parents of the couple are Mr. and Mrs. J. M. Weinzapfel and the late Mr. and Mrs. A. E. Jackson of Azle.

The honored couple's eight children and their families were present. Joe and Melody Jackson of Bellflower, California; Carmen and Jim Hoselton and their two sons, Stephen and Michael of Arlington; Jerry Jackson of Dallas; Anita and Ray T. Cox and their children, J. J. and Michele, and Julie and Danny Estill and their son James all of Fort Worth; Janie, Thomas and Toni Marie of the home.

Attending from Muenster were Mr. and Mrs. J. M. Weinzapfel, Mr. and Mrs. David Bright, James, Julia and Sam Bright, Mr. and Mrs. Henry Weinzapfel, Joey, Melissa and Ronnie Weinzapfel, Tina Mollenkopf and Mike Black.

There were over 80 guests including Msgr. Thomas Weinzapfel, Rev. Joseph Weinzapfel, Mr. and Mrs. Wm. Birden, Jon and Andy Birden, Mrs. J. E. Parker, Mr. and Mrs. Herman Younger, Mr. and Mrs. Hubert Jackson and Mr. and Mrs. Corbert Jackson.

### A Boy: Noise with dirt on it.

You are the engineer on a train going from New York to Chicago. During the trip the train passes six cities whose names end in —town, seven whose names end in —ton, four whose names end in —ford, and three whose names end in —burg. Remembering that the train is 40 cars long, and that the fireman's name is Svenson, can you, within two seconds, give the name of the engineer?

Agriculture is something like farming, only farming is doing it.

A Red professor, lecturing on insects at a satellite university, was bent on indoctrinating his students in Marxian methods of thinking.

"In my right hand," he began, "I have a flea. I now order the flea to jump over to my left hand. As you see, the flea obeys me."

"Now," he continued, "I remove the legs of the flea and order it to jump again. You will note that the flea does not jump. This, gentlemen, proves scientifically that a flea whose legs are removed becomes deaf."

Try 'em! You'll like 'em!

### The Kitchen Almanac

Staggering Statistics — Do Americans really love hot dogs? So much so that about 14 billion are eaten every year — that's an average of nearly 80 per person. At this rate, 500 hot dogs are being consumed every second of every day. The hot dog and its history is certainly an important part of our American folklore!

Just in case you've ever wondered — muffins as well as fruit and nut breads can be frozen. Cool, wrap and freeze for 2-3 months. When ready to use, thaw loaves, wrapped — at room temperature, or heat foil wrapped muffins at 350 degrees for 10-15 minutes until piping hot.

Energy-saving info: Perhaps you've never thought of it this way, but every time you save energy, you also save money! For example, when cooking, use flat bottom pans that cover the burner heating element. More heat enters the pot and less is lost to the surrounding air. Also, clean the heat reflectors below the stove heating elements. Doing so will reflect the heat more efficiently.

Consider purchasing an "energy-saver" automatic dishwasher. According to researchers, KitchenAid energy-saver units can conserve as much as

50% of the electricity normally used in a wash/dry cycle. In addition, you'll be taking a giant step toward liberty and away from "dishpan hands".

If you already have a conventional dishwasher, one lacking the energy-saver features, let the dishes "air dry". After the final rinse, open the door.

Incidentally, be sure the dishwasher is full (but, not overloaded), before washing the dishes. That would possibly eliminate at least one use of the dishwasher each week. If every dishwasher user in the country could do that, enough oil could be saved to heat more than 100,000 homes in winter. And, your dishwasher could last longer.

Lastly, use proper defrosting methods for manual refrigerator/freezers. This will also save energy and cut operating costs.

Looks can be deceiving. Before it's cooked, a pound of good old-fashioned spinach looks as if it may be enough to feed a crowd. Don't let it fool you — it isn't. When cooked it will yield approximately enough for four.

Send your kitchen hints to: Harry G. Clark, (512), 173 W. Madison St., Chicago, IL 60602.

Introducing the up-to-date calculator at the down-to-earth price.

Victor Medalist

306

The Victor Medalist 306 electronic printing calculator is the ultimate in figurework capability at minimal cost.

A sleek, low-silhouette beauty with 12-digit entry that features automatic grand total of product and quotient, perpetual subtotal and a unique multipurpose percent key.

The 306 reflects the Victor knack for human engineering, with oversize add, subtract, cipher and total keys. Widely spaced numeral and function keys. And fast, clear, two-color printing on standard 2 1/4 inch paper tape. All in one lean, six-pound machine.

The Victor Medalist 306. A quality calculator from a quality company — at a down-to-earth price. Also available as the Victor 305, without grand total.

Come in today for a demonstration. And see the new Victor Medalist line, at:

### BIRTHS

Mr. and Mrs. Urban Rohmer and their children Kathy, Alan, Sharon, Gary and Curtis announce with joy the arrival of Brian Douglas at Muenster Memorial Hospital on Tuesday, June 14, at 8:36 p.m., weighing 7 lb. 10 oz. The little boy is another grandchild for Mr. and Mrs. Jake Kuhn.

Mr. and Mrs. Jerry Wayne Reed are parents of their first child, a son, Jerry Wayne Reed, Jr. He was born in Muenster Memorial Hospital on June 12 at 1:38 p.m. weighing 5 lb. 15 1/2 oz. His grandparents are Mr. and Mrs. Joe Trubenbach of Muenster and Mr. and Mrs. Bob Harill of North Carolina and Mr. and Mrs. Ira Reed of Arkansas. Great-grandparents are Mr. and Mrs. J. L. Snapp of Saint Jo and Mr. and Mrs. Tony Trubenbach, Sr., of Muenster.

### Flower Show

ments, using any naturally dried, treated or dried tinted material, winners were Mrs. A. J. Endres, Mrs. R. N. Fette, Mrs. Harold Flusche, Mrs. Gus Felderhoff.

In Class 6, Kitchen Arrangement, using vegetables, and/or dried or fresh plant material, winners were Mrs. H. H. Houtchens, Mrs. A. J. Endres, Mrs. R. N. Fette, Mrs. Gus Felderhoff.

In Class 7, Arrangements in the Oriental manner, with arrangements choice of plant material, winners were: Mrs. B. J. Swirczynski, Mrs. Gus Felderhoff, Mrs. Harold Flusche, Mrs. Clyde Walterscheid.

In Class 8, Invitational, Junior Achievement Rosette Award to Susie Felderhoff. Earning blue ribbons were these young people who entered arrangement in this non-member class: Janel Flusche, Laura Flusche, Melissa Glover, Sheri Felderhoff, Sandy Taylor, Scott Taylor, Susie Felderhoff, Brenda Swirczynski, Marlene Swirczynski and Donna Swirczynski.

Sixth graders of Sacred Heart furnished a Conservation exhibit. Winners were Susie Felderhoff, Mark Miller and Gene Fuhrman with the following winning an Honorable Mention: Donna Trubenbach, Sharon Voth, Carol Walterscheid, Tina Hesse and Nancy Fleitman.

Other educational exhibits were about the Mini-Park, Yard of the Month, Arbor Day, Wild Flowers, Annual Clean-up Campaign and "What is the Muenster Garden Club?" The door prize was a star-shaped Bicentennial cake, baked and donated by Carolyn's Craft Shop and won by Mrs. Leonard Endres. Patriotic banners and bunting were used as decorations through courtesy of the Chamber of Commerce and Hamric's.

Mrs. Roger Taylor was general chairman. Flower Show Judges were Mrs. Francis Leach, Mrs. David R. Smith and Mrs. E. K. Smith all of Gainesville, and Mrs. Russell Vernon, Mrs. Oran Crouch and Mrs. J. R. Kilpatrick, all of Denton.

### The Kitchen Almanac

What foods do people eat that come from cattle? Meat, of course, but also: margarine, chewing gum, marshmallows, candy, ice cream, gelatin desserts and bakery products.

All of these items utilize by-products, from cattle — either as an integral part of their composition or in their manufacturing process.

Are you a "breakfast skipper"? Food surveys reveal breakfast skippers seldom make up for the loss of nutrients during the rest of the day. Breakfast should supply from 1/4 to 1/3 of the nutrients needed for the day.

Speaking of breakfast, here's an idea on how to always add color to the first meal of the day. Include fruit. Top bowls of your favorite ready-to-eat cereal, for example, with peach and/or strawberry slices. (You can even add a scoop of your choice of ice cream.)

Even if you're not old enough to remember "the good old days", chances are you've heard about them — the five cent ice cream cone, 25 cent haircut, 15 cent gallon of gas. Human nature being what it is, we tend to recall only the good things about bygone times.

One of the major problems that has been around the home a long time is get-

ting rid of trash and garbage. It just seems to "collect", even though seemingly countless trips are made to carry it out of the house.

With the development of the food waste disposer and trash compactor, report researchers for KitchenAid appliances — one of the country's major producers — the two units have greatly aided consumers in finding a solution to the problem.

While a good disposer makes fast work of food waste the compactor handles the trash — cans, bottles, milk cartons — and the like.

Together, add the researchers — with developments such as automatic jam breakers and reversing grinding action on disposers, a litter bin and charcoal filter on compactors — the two units make ideal "help-mates".

Thought to brighten your day: "a smile is contagious — spread it!"

Dear friends: We are always happy to hear from you. Please send your kitchen tips and ideas to me. Just address a card or note to: Harry G. Clark, (512), 173 W. Madison St., Chicago, IL 60602.

### Confetti

charge. Their usual method is to dispose of political prisoners . . . as a matter of revenge as well as avoiding future trouble with them.

In this case we can praise Chile for its compassion but not for its judgment. One can expect that many who were released will be causing troubles later. It would have been safer to keep them confined.

Regardless of that problem, it seems we are slightly out of line in demanding the release of communists to qualify for our economic help. It goes to show that some liberal elements in our own government, particularly those who don't forgive the overthrow of Communist Allende, are now determined to oppose any help to that country from the US.

One reason why this is particularly irritating is that this country presumes to preach
