NUMBER 14

**From most of the comment to date on that subsidy of some \$3 million paid through the years by CIA to NSA, it seems that the important point has been missed or evaded. Central Intelligence Agency people justifiably defend their policy of encouraging American students to mingle in world student meetings to offset some of the influence exerted by Soviet supported students. But why did the CIA choose the National Student Association to do the job? Why did it favor the student group which so frequently proclaims viewpoints contrary to the nation's official policy or its best interest?**

Looking back to the origin of that CIA-NSA arrangement, one can hardly find fault. Shortly after World War II it became known that international student gatherings were being used effectively by the reds to convey their propaganda to students of Asia, Africa and Latin America. CIA decided it would be a good idea to send American students to such gatherings to tell the American story.

Most of us stoutly endorse that idea. Knowing that red system, we know that communist students were not simply on a cultural mission of exchanging ideas. They were doing a job for the Kremlin. And they were doing it in groups that heard little if anything from the other side. It was time for American students to present the American view. So, CIA decided on the method.

It was worth every penny of the cost, says former CIA boss Allen Dulles. Things changed when CIA sponsored students started defending the American viewpoint. "The Soviet had to retreat in that area. The conferences weren't paying off any more. I think it is very convincing that the strong representation by the U.S. caused them to back down."

According to that testimonial one can hardly find fault with the CIA motive or its selection of NSA to convey the American message. One likes to believe that NSA did all the good that Dulles claims for it. If so, however, one wonders what has happened to the former set of NSA principles. The attitude of the organization today could hardly have produced the results credited to it then.

The National Students Association is about the last organization which patriotic Americans would trust as their representative in an international conference. It is more Soviet than American in its policy. It backs the US only when our country and Russia agree, but it backs the Russians on every issue of disagreement with us.

For instance, NSA opposes our policy in Vietnam, parrots the red contention that we should get out and let Vietnamese settle their civil war. NSA favors our diplomatic recognition of Red China and admission of Red China to the UN. It opposed our intervention in the red uprising of the Dominican Republic and it favors concessions by this country to the Castro regime of Cuba. NAS domestic policy leans toward support of the colored "Black Power" outfit SNCC, and draft dodger demonstrations, and civil disobedience uprisings. It has a sorry record as a defender of the American way and a representative of American viewpoints.

Besides, NAS is fraudulent in its claim to the nation's largest student representation. Its method is to claim the entire enrollment of every campus on which it has an established unit regardless of how few are active and supporting members. Its official policy represents the thinking of a few leaders at the top and isn't even known to most of the millions who are claimed as members. Its claim to student representation is as phony as a few dozen self appointed people claiming they speak for an entire state. If CIA will bother to check, it can find several student organizations with real membership lists and far more desirable ideals.

A poll of priests across the country recently conducted by Catholic Polls, Inc. discloses a few opinions on the Vietnam affair which should be more than normally interesting in a community like ours, with a large percentage of Catholics.

## 60 Boys Out for 3 Track Squads At Public School

With sixty boys working on three separate track squads Coach Glenn Richardson definitely has his eye on the future and holds some hope for the present.

He has his elementary group especially in mind as contenders for this year's interscholastic league honors and sees possibilities for them in later years. There are 26 of them including some who look fine.

To a lesser degree the same applies to the freshmen. Eighteen are out providing entries for lots of events, and good chances in some events.

In both of those divisions Richardson feels that the law of averages will be working with him.

The senior squad is the big question now. Only one boy, Ken Stormer, is back from last year's team and the seventeen other boys are all inexperienced. However, some have ability, Richardson said and will pick up some points for the team. As on the other two squads he has confidence in numbers.

The schedule to date applies only to the older boys. Invitation meets on schedule are Eagle Relays at Decatur, March 4, Indian Relays at Nocona, March 11, Red River Relays at Saint Jo, March 18, and Valley View Relays at Kamay on April 1. Possibly a few triangle meets will also be arranged and the big event will be the district meet, date still to be decided.

Richardson plans practice meets for both younger groups but no dates so far.

Members of the senior squad are Mike Cason, Brad Dennison, Mike Felderhoff, Gary Gieb, Don Hartman, Mark Hellman, Mike Hennigan, Glenn Klement, Wayne Klement, Dennis Lutkenhaus, Paul Rennels, Dale Shasteen, Herb Sicking, Sammy Sparkman, Ken Stormer, Ken Swirczynski, Tommy Trachta and Rob- bin Wimmer.

## Jaycees Ask for Nominations in Top Citizen Award

Muenster Jaycees are asking local people to help them select the person who will receive the organization's award for Outstanding Citizen of 1966.

They will accept nominations for the honor until March 9 and will present the award at their installation banquet at the end of the month.

Opportunity for the nominations will be available at seven locations — the bank, Rohmer's and the Center Restaurants, Fisher's, Pagel's, Hofbauer's and Ray's Drive-In Grocery Stores. People are asked simply to name their choice for the honor on a slip of paper and drop it into a box. Jaycees will consider those nominations when making the selection.

This year's outstanding citizen will be the third so sponsored by the Jaycees. Last year they chose Tony Luke and the year before it was Mrs. Joe Lehnertz.

Officers to take office at the installation banquet will be elected at the Jaycees' regular meeting on March 2.

Recommendations of the nominating committee for that election are as follows. Francis Fisher for president, Gene Hoeng for first vice president, Bobby Dale Walterscheid for second vice president, Dr. Larry Tisdale and Dick Pagel for secretary, Herman Grewing and Gerald Hess for treasurer, Ted Henscheid for inter club director. Other nominations are to be made at the meeting.

## Medders Story Told to Nation

Many times in the past few years it has been said that Mr. and Mrs. Ernest Medders are putting Muenster on the map. The remark was never more correct than this week when the nation was being told of the rise and fall of the Medders financial empire.

Since Monday the community has been buzzing with representatives of the principal newspapers and radio and TV stations of North Texas. First publicity came last Thursday in the Gainesville Register after rumors circulated in this area for several weeks.

The gist of the story is that the fabulous Medders fortune is mythical and the fabulous operation of Colonial Acres Farm has been sustained on borrowed money and credit. And official records in the Cooke County Clerk's office show that titles to most if not all of the local Medders properties have been conveyed to creditors.

Three banks of Muenster, Wichita Falls and Memphis, Tenn., have a claim on the 185 acre Colonial Acres Farm with its mansion, barns, livestock and show arena. Combined debts to them are listed at \$730,000. Another farm was deeded to Neiman Marcus of Dallas as security for debts of over \$330,000. In addition there are other accounts for which property has been deeded and an undetermined

number of unsecured open accounts.

The avalanche of Medders troubles is believed to have been triggered by a suit filed in Federal Court by a sister-in-law of Ernest Medders demanding the share of family inheritance which was due her husband. An inquiry failed to show any inheritance. However another inquiry revealed his assurance, backed by newspaper clippings and other reports, that his huge inheritance would be available soon.

The Medders family came to Muenster late in 1961. Since then they bought the 185 acres which they named Colonial Acres Farm and built their large palatial home surrounded by elaborate landscaping and gardening. They developed the farm and built the feed barns and lots and the huge show (Continued on page 4)

## Chain Gang Edges Loonies 3996-3942 In 48 Hour Game

After 48 hours of continuous playing and a total of almost 8,000 points, the boys of Sacred Heart High were glad to quit their marathon basketball game at 3 o'clock Sunday afternoon.

Though obviously worn out they were still working at it and willing to keep going, said Joe Felderhoff. But other school activities seemed more important than another two hours of basketball, so the game was called off short of the intended goal.

When the boys started, he said, their intention was to set a record for continuous playing. Then someone came up with information that the record is not really 36 hours. A school in Iowa claimed 108 hours. So the boys decided that they would go for their 50 hour goal regardless of hours.

Coach Felderhoff feels that it was time well spent. It was an extra good workout and the best goal shooting practice the boys ever had. All seemed to be more accurate toward the end.

The final count was Chain Gang 3996 and Loonies 3942, and the high scorer was Leroy Hess with 920 points. Most of the game was almost as close as the final score. The biggest margin of lead at any time was about 200 points, and usually that was trimmed down when a new shift came on. Apparently the Chain Gang was stronger on one shift and the Loonies on the other.

The game was set up for three-hour shifts and during their off-time the boys slept on pallets in the gym bleachers. (Continued on page 8)

Well, the mayor of New York City has told Lyndon he needs \$50-billion federal money and 10 years to make his city a fit place to live. Tokyo has 10-million people, and six million more in the immediate suburbs. Maybe the liberal Republicans who took over from the liberal Democrats should go to Tokyo and get a few tips from the Japs. Lyndon can't give him anything but money.

**Hospital Auxiliary Approves Purchase Cardiac Equipment**

Members of Muenster Hospital Auxiliary at their February meeting Thursday night agreed unanimously to purchase cardiac equipment for the hospital by making a down payment and assuming monthly payments instead of waiting until the full amount is on hand as previously planned.

For the initial payment the organization has \$500.00, a gift from Mrs. Werner Endres in memory of her husband, and will add proceeds from a chili supper members will sponsor next Monday, Feb. 27.

Plans for the chili supper were completed during the meeting and members hope for a big attendance. They'll also accept donations gratefully since this is the biggest project the Auxiliary has attempted.

It represents an investment of about \$3,000.00.

The equipment will be demonstrated Friday night in the Muenster Medical Center. The Auxiliary will have a committee there to see it and anyone else who would like to look is welcome.

Mrs. Richard Grewing, president, conducted the meeting in the presence of Sister Mildred, hospital administrator, and Sister Diane of the hospital staff, and some 30 enthusiastic members.

Before business, Sister Roberta of Sacred Heart High School presented three of her speech and drama students in dramatic interpretations. Janie Fleitman, Gloria Reiter and Mary Ellen Endres were on the program.

After business, Mrs. Herman Grewing and Mrs. Ted Henschel served refreshments. Mrs. C. M. Walterscheid won the door prize, a box of chocolates through courtesy of the Ben Franklin Store.

**Nine County Clubs In State Contest**

Three hundred and eight communities, including nine from Cooke County have signed up in the Texas Community Improvement Program this year, setting a new enrollment record. Last year's entries totaled 283.

Community Improvement Clubs in Cooke County are those of Sivells Bend, Woodbine, Mountain Springs, Valley View, Era, Rosston, Myra, Oak Valley and Hood.

Era was second place winner in the state contest last year. Reagan Brown, Extension Service sociologist at Texas A&M University and program coordinator, said the 308 communities have about 60,000 families living in them.

This year, \$6,800 will be available for awards to top communities, Brown said. About 90 award winners will be selected by county, district and state judging teams.

The program is sponsored by electric utility companies in the state and conducted by the Texas Agricultural Extension Service.

**Medders Story**

barn, which also served for the Medders frequent gala social events. The farm was stocked with Registered Black and Red Angus cattle and Appaloosa horses. Trophies and ribbons won by their entries in stock shows are crowding the large trophy case at the Coliseum.

Meanwhile, the Medders hosted big and little livestock events at the show barn — from County 4-H horse show, to a state Red Angus convention, to a national cutting horse contest.

Colonial Acres was most famous, however, for its gala social events. Formal dances for hundreds of guests, featuring cocktails, elaborate foods and famous orchestras such as Guy Lombardo, Jan Garber and Wayne King.

Attitudes of Muenster people are divided on the Medders case. There is resentment over losses on unpaid accounts, and there are remarks about lavish spending.

And there are those who simply wish that things had been and could continue as most people understood them. Mr. and Mrs. Medders are regarded as friendly, generous and likeable people who enjoyed sharing their good fortune. They are appreciated for their hospitality and for their showplace which is a delight to see, especially during the Christmas season.

Those people are hoping for the happy ending which the Medders promised Tuesday by phone from their former home town in Tennessee. Mrs. Medders said they would be back this weekend, and they intend to pay their debts and continue living on Colonial Acres Farm.

**Volley Ball Team Gets Two Trophies At Nocona Tourney**

Three Muenster teams were entered in the season's first volley ball tournament of this area, and one of the teams returned with two trophies.

The Center, ladies' team, won the consolation trophy and also the sportsmanship trophy in the Nocona tournament last week sponsored by the Nocona Lions Club.

Lindsay teams did even better. They took runner-up honors in both men's and ladies division and the men got a sportsmanship trophy to boot. Lindsay men were beat in the champ final contest by Geer Tank of Jacksboro and Lindsay ladies lost the champ finals to Montague.

The Center got a bad start on a misunderstanding and failed to show up for the first game. It was declared loser by forfeit and assigned to the consolation bracket. Next game was a win over O'Neal of Nocona, and the consolation title game was a win over Melba Beauty Shop of Jacksboro.

The other local teams entered were Muenster Mill and Sacred Heart Alumni. Muenster Mill lost the opener to Geer Tank and advanced to consolation final by beating Prairie Valley and Nocona Jaycees.

The last one with Malloy Pump & Supply of Chico, was the hottest match of the tournament — three sizzling games finally decided in an overtime by a count of 18-16.

Alumni men won their opener over Gifford Mill then lost their first game of the champ bracket to O'Neal.

The three Muenster teams are competing in a Prairie Valley tournament this week. Muenster Mill beat Bowie Independents and Alumni beat Sunset in their openers Monday and both will be back Thursday. The Center lost to Montague Tuesday night and will play their next game Thursday night.

**Senate Committee OKs City Sales Tax**

AUSTIN, Tex.—Texans may be a lot closer than they think to paying city sales tax. But, in any event, they will have the final say at the local level.

A bill to permit authorization of a one-per-cent sales and use tax by cities, where voters approve, received a Senate Committee endorsement. It didn't find such a warm welcome in a House Committee.

Floor consideration is likely in both houses within a short time, say legislative leaders.

Texas AFL-CIO headed the opposition in committee hearings, while Texas Municipal League paraded mayor after mayor to testify that the property tax — standby revenue source of municipalities — is overworked, Texas State Association of Fire-fighters and Texas Municipal Police Association spokesmen, pushing for better fire-police pay and benefits, supported the mayors.

Here is what will happen if this bill is passed:

City councils can call elections on whether the levy is to be authorized — or wait to be petitioned for an election.

If voters say "no," there will be no local sales tax for at least two years in that community.

If they approve, an extra one per cent will be added to the two percent state tax on covered items (but not automobiles) in the city. State comptroller will collect total three per cent tax, turning a third over to the city hall.

If citizens get to feeling overtaxed, they can get up a petition and call another election to throw out local sales taxaton.

**SOIL CONSERVATION DISTRICT NEWS**

OUR SOIL ★ OUR STRENGTH

Eleven Upper Elm-Red Soil and Water Conservation District cooperators in the Muenster Work Unit area are beginning to apply conservation practices under the Great Plains Conservation Program, according to Cecil Chaney, work unit conservationist at Muenster.

These cooperators have signed contracts with the Soil Conservation Service to carry out a soil and water conservation plan which includes installing, establishing and managing practices that will re-

duce soil and water erosion. Contracts that are being worked from the Muenster work unit office, according to Chaney, are for farms of William Parker, W. T. Meador, W. F. Jones, Roscoe Raymond (two contracts), Garland White, V. M. Redman, Howard Sledge, Ross Littell, J. C. Donnel, Ed Powell and Earl Daugherty. The total acres under contract are 6,982. At the end of their contracts these landowners will have applied nine grade stabilization structures, seeded or sodded 1,763 acres of land to grass, shaped and sodded 127 acres of gullies and carried out proper range use and pasture management on 6,409 acres.

Under the contract, a time

schedule is developed as to when the landowner will carry out these practices at the time the contract is signed. The minimum length of contract is three years and maximum is ten years. Maximum amount of cost share available to any contract is \$25,000 according to Chaney.

District Supervisors state that anyone with land in Montague County who is interested in the Great Plains Conservation Program is urged to contact the SCS to discuss the program.

AN ACT to amend Chapter 477 Acts of the 59th Legislature Regular Session, 1965, by adding new sections to permit the Directors to adopt a new fiscal year and providing a date for the hearing on the budget in conformity with such new fiscal year; and declaring an emergency.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:**  
SECTION 1: That Chapter 477, Acts of the 59th Legislature, Regular Session, 1965, be amended and the same is hereby amended by adding thereto a new section to be known as "Section 6(a)", which said section shall read as follows:  
"Section 6 (a): The Board of Directors of the District by majority vote may, from time to time, adopt a fiscal budget year other than the one specified in Section 5 after making a finding that such new fiscal year would be in conformity with the reporting or accounting requirements of any state or federal agency."

SECTION 2: That Chapter 477, Acts of the 59th Legislature, Regular Session, 1965, be amended and the same is hereby amended by adding thereto a new section to be known as "Section 6 (b)", which said section shall read as follows:  
"Section 6 (b): In event a new fiscal year is adopted under the provisions of Section 6 (a) of this Act, notice of the public hearing (required by Section 10 of this law) on the adoption of a proposed budget shall be given at least thirty (30) days prior to the beginning of the fiscal or budget year the budget is to cover."  
SECTION 3: The fact that under Medicare reports are required to be filed with the administering agency on the basis of the fiscal year ending June 30th of each year, and the further fact that the Hospital District is now required to prepare two audits by reason of these new regulations creates an emergency and an imperative public necessity that the Constitutional rule requiring bills to be read on three several days be suspended, and said rule is hereby suspended, and that this Act shall take effect and be in force from and after its passage, and it is so enacted.

**Lindsay Hosts 65 At Deanery NCCW Quarterly Meeting**

Lindsay National Council of Catholic Women hosted the quarterly meeting of the Sherman Deanery NCCW Wednesday afternoon with Sister Mary Phillip of Dallas, diocesan supervisor, School Sisters of Notre Dame, as featured speaker.

Her talk was an "Ten-Agers—Culture or Sub-Culture?" and since she had been a teacher for 20 years she thoroughly knew her subject.

She pointed out the importance of adult good example and the urgent need of parental authority in connection with teen behavior. Young people may resent authority—they've grown used to too much freedom—but they need guidance and most youths welcome it, she said.

Mrs. Jack Barton of Denton, deanery president, presided. Very Rev. Msgr. Robert Fortliti, dean of Sherman, led the opening prayer. Mrs. Herbert Schmidkofer of the host parish extended welcome. Father John Walbe, host pastor, introduced visiting clergy.

Committee reports included Mrs. Gordon Beaver's in which she urged support of parish organizations, Mrs. A. A. Rolf's on clothing drives and the poor of India, Mrs. Lawrence Zimmerer's on Rural Life in which she called attention to the feast of St. Isadore, patron of farm families, and Mrs. Steve Mosler's on libraries and literature in which she mentioned that February is Catholic Press Month and gave a synopsis of a book recommended for reading, "Adam's Haunted Sons," based on the Old Testament.

Mrs. Zimmerer also suggested a spiritual bouquet for Bishop Gorman on his anniversary.

In other business a nominating committee was named to

prepare a slate of candidates for election of officers at the next meeting.

During a social hour Lindsay women served coffee, punch and cookies and Mrs. Herbert Schmidkofer showed a new vestment the Lindsay group made for Father John.

**1967 Land Judging Contest Set by Elm-Red District**

Upper Elm-Red Soil and Water Conservation District's annual land judging contest is booked for April 1 at Cooke County Junior College.

Plans for the contest were completed during a meeting of the board of supervisors of the district and vocational agriculture instructors Thursday in the Federal Building in Gainesville.

As in previous years a junior and a senior division will be held and winners will be announced during a noon luncheon in CCJC gymnasium. The top three teams in each division will receive trophies and the three top individuals will receive medals.

Vocational agriculture students and 4-H Club members of the three-county district are eligible to compete. About 100 boys participate in the contest each year.

In other business, the board voted to increase rental costs of combination drills from 50 cents to 75 cents. The hike in rental costs is due to increased costs for repairs and labor. The new price becomes effective March 1.

Twenty-five new soil and water conservation plans prepared during the past month were approved and board members voted to cooperate with other sponsoring organizations in promoting a weed control program on floodwater retarding structures in the Elm Fork and Clear Creek Watersheds.

Two new flood prevention sites on Denton Creek have been cleared of all rights, and were approved for final checking and issuance of invitation to bid for construction.

**J. B. Wilde Feted At Birthday Party**

Mrs. Joe Swingler, his sister-in-law, was a special guest, sharing in the honors in observance of her birthday Monday. It was her 71st.

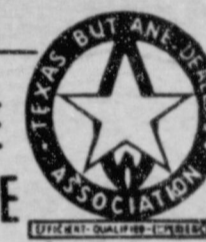

After the meal the group went to the Wilde home for games of 84 and Mrs. Wilde served birthday cake, ice cream and drinks to conclude the celebration.

Guests for the day were the Wildes' children and their families, the James Bezners and Rufus Bezners of Lindsay and the Ray Wildes.

A reception and buffet supper were held at the bride's home after the service. Members of the house party were Mmes. Al Bayer, Robert Beyer and Henry Kuhn.

Mr. and Mrs. Haverkamp are residing in Lindsay where they are building a new home.

### NOTES FROM THE LIBRARY

Muenster Library has been receiving a series of "Portraits of Greatness" and now has "The Life and Times of Napoleon Bonaparte" and Michelangelo.

Also new on the shelves is "The Agony and the Ecstasy" by Irving Stone. In March 1962 this book won for its author the coveted Golden Lily Award from the City of Florence.

What became of Aemelia Earhart? For almost 30 years doubt surrounded the mystery of this famous aviatrix and her navigator Fred Noonan. In "The Search for Aemelia Earhart" the author Fred Goerner gives a "detective story" quality account of the exhaustive pursuit of the truth behind the mystery — his intensive digging into each suspicious circumstance surrounding the disappearance and eventually pointing to a clear and astounding story.

For younger readers the Library has a new Hollister Book "At Pony Hill Farm" by Jerry West. Also new is "Best Book of Heroes and Heroines" by Pauline Rush Evans. It contains 20 stories of the lives of well-known heroes and heroines. —B.L.

Trying to please everyone pleases no one.

### Marathon Game ---

Their special rule allowed a limit of two time-outs an hour for each team, but they were seldom used. Felderhoff said he was very pleased with the boys' attitude. They settled down to serious business and kept going without loafing or horse play. He also said that they seemed to get their second wind after the fourth shift. They put in their best performance for about twenty hours after that, and then began to weaken. They were ready to quit at 48 hours.

Felderhoff also had a word of appreciation for others who helped with the marathon. Volunteer officials and scorekeepers were on the job all the time, and the girls frequently brought lunches and snacks.

### Confetti ---

questionnaire were 2,706 to 371 in favor of this nation adopting a firm policy of winning the war.

Another question asked whether the U.S. should depend primarily on military strength to keep peace rather than rely on treaties and agreements with Russia. The tally of votes showed: yes, 2,740 and no, 338.

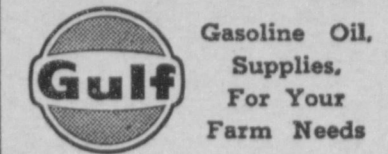

Almost as one sided was the opinion expressed on whether the U. S. should let South Vietnamese mine the port of Haiphong. The priests answered: yes, 2,557 and no, 457.

In other replies the priests voted heavily against admission of Red China to the United Nations and also against increasing this nation's trade with communist countries.

Their opinions were about evenly divided on whether to permit Nationalist Chinese troops to join in the Vietnam conflict.

Those opinions, reported in US News and World Report, seem to reflect a widespread conviction that any effort to get along with the reds is futile. As MacArthur said, "There is no substitute for victory." We have to win and be in a position to dictate the

terms before we can expect a reasonable settlement. There should be no doubt on that point after communism's half-century record of treachery, deceit and broken agreements.
