VOLUME XXXI

MUENSTER, COOKE COUNTY, TEXAS 76252 APRIL 21, 1967

NUMBER 22

Treason demonstrations during the weekend in New York and San Francisco confirmed a suspicion that millions of Americans have had for a long time about some civil rights leaders, particularly Dr. Martin Luther King and Stokely Carmichael. They are openly in cahoots with the world wide communist conspiracy. That much can be said for certain, and there are good reasons to suspect they are active members dedicated to the communist program of causing turmoil at home and hindering the American war effort in Vietnam.

Those characters were not just leading a peaceful demonstration. They were preaching open defiance of the government when they urged the mobs to burn draft cards and join the conscientious objectors. And they emphasized their treason by insulting the high-level officials of the country.

If deeds and words on the scene were not sufficient to convict them, there's also the well known fact that the so called peace demonstrations were organized months ago at a communist meeting in Chicago. King and Carmichael, themselves old hands at demonstrations, knew about the plans and about the people making them. They knew they were working for the reds, despite any hypocritical protestations that they are interested only in peace — also despite King's claim Sunday morning on nationwide TV that he is not a communist.

That interview was another shabby performance on King's part, another insult to any normal intelligence. After stating that communist principles clash with his, he parroted the communist line on why the reds are right and U.S. is all wrong about the Vietnam issue.

He said we are interfering with the Vietnamese right to self determination. He knows as well as you and I that this is a typical communist big lie. The fact is that North Vietnam has interfered with South Vietnam's right of self determination. People of South Vietnam have expressed themselves overwhelmingly on that point in two elections, in spite of red terror to prevent the elections. King also knows that no nation to date has adopted communism by popular vote. Every one has been the victim of a take-over, either by treachery from within or aggression from without. King flunks for sure on that point. His mouthings are absurd.

He also insists that U.S. must quit bombing before asking Hanoi for peace talks. And he knows better on that point, too. He's aware, like all the rest of us, of red treachery during our previous bombing truce. The case in a nutshell is that King talks like a communist and he'll find it increasingly hard to convince people that he isn't a communist.

The pattern of his behavior in civil rights is equally suspicious. While he goes on and on with his sanctimonious talk about non violence, his crowds react with violence. His pious pretense can't hide the fact that he's a trouble maker, the net result of which is turmoil and anarchy, on which communism thrives.

The same things can be said about Carmichael, only more so. Also nominally non-violent, he's more insulting, more violent and a worse rabble rouser. There's a reason why his recent trip through the South was followed by a series of riots. His ugly disposition and "Black Power" slogan make him one of the foremost tools of communism in America, whether he admits it or not.

Claims of demonstration leaders at those New York and San Francisco outrages are that a half million people came out in support. More reliable reports from police indicate that attendance was nearer a fourth of that number. But even that many is more than enough to rate the incidents as a national disgrace. It is a sorry indictment of the mental and moral caliber of participants, who desecrate their own personal freedom by endorsing a system that would make slaves of them all. Surely those people know what would happen to them if the situation were reversed and they tried demonstrating against a communist government. Their stupidity is appalling.

There is another tragic side (Continued on page 8)

## Denison Selected For Conservation Awards Banquet

Denison is the place and Thursday, May 11, is the date for the 18th annual awards banquet and program honoring the 1966 conservation champions of the Upper Elm-Red Soil and Water Conservation District.

Plans for the event were made last Thursday in a meeting of its sponsors, the bankers and news media personnel of the district. They held their business session in the First State Bank of Gainesville, after which all were guests of the bank for a charcoal steak supper at Mo-Jo Lodge, Leeper Lake, Okla.

Clyde Wells of Grandbury, former area conservationist and one of the originators of the Elm-Red awards program, was chairman of the meeting. Arrangements for the banquet are headed by Bill Claunch as chairman and Claude Jones as honorary chairman. Both are of the First State Bank, Gainesville.

This year's banquet program will be very similar to others of recent years. Nine persons will receive hand carved wooden plaques from the Bavarian Wood Carvers as awards for their outstanding conservation work last year. They will be one winner from each of the five zones, the best comeback farmer, the best landlord-tenant team and the best city conservationist. The latter award is being given for the first time to a non-farmer doing a good conservation job.

The conservation story of each of those winners will be told by a narrator as color scenes from each farm is flashed on a screen. An award will be presented at the end of each narration.

The program will be headed by W. L. Peterson of Denison as Master of Ceremonies. Calvin Pigg of the Renner Foundation was selected for narrator. Other on the program will be Jim Woodruff of Sherman, Rev. Jack McGee of Denison, Franklin Wilson of Bowie, H. D. Field of Saint Jo, Leroy Robison and Fletcher Morris of Gainesville, Ralph Couch of Valley View, Mack Thomas of Denison, Fred Holland of Sherman and Carl Bryan of Whitesboro. Musical fare will be dinner music by Mrs. Tinsley of Sherman and a quartet.

## Street Parade to Kick off Lindsay Jubilee Festival

Scores of parishioners in dozens of committees have moved into high gear at Lindsay in final preparation for the diamond jubilee of St. Peter's Parish and the community.

The big day is Sunday, April 30. Kicking off the festival will be a street parade featuring among units antique cars being brought in by the Antique Car Association of Dallas.

Horses, buggies, wagons and floats are expected in the lineup. The religious observance of the day, a low Mass celebrated by His Excellency Bishop Augustine Dangelmayr of Tyler and native priest-sons of the parish will be held at 4 p.m. The sermon will be delivered by Abbot Michael Lensing of Subiaco, Ark.

Dinner for the public will be served in the school cafeteria at 6 p.m. Following will be a program depicting various scenes in the development of Lindsay during the past 75 years. This will be in the school gym.

Lindsay extends a hearty welcome to everyone

## Baseball Starts At Muenster High

Athletes of Muenster High School, with their final track activity behind them, are now turning their interest to baseball. But only on a limited scale so far because of damp and chilly weather.

Coach Glenn Richardson said about 25 boys had first workouts in the gym Monday and Tuesday, just playing catch to loosen their arms.

The season, he said, will consist of four games, one each with four other teams of the district. They are Callisburg, Era, Lindsay and Saint Jo. The first game will be with Callisburg on Friday, the 28th.

## SH 4-H'ers Win 3 Top Places in District Contests

Several car loads of Sacred Heart 4-H clubbers, along with parents and family members went to Denton Saturday to compete in district contests becoming eligible through their wins in the county eliminations.

There were eight entries from Sacred Heart and three blue ribbon winners.

Since all were junior entries they do not advance to state contests. Only senior winners go on the A&M Roundup.

The local Share-the-Fun group won top spot and first place blue ribbon on their song and dance routine, "Freedom Isn't Free."

Peggy Endres won a blue ribbon in Public Speaking and a sister and brother team, Kathy and Alan Rohmer won a blue ribbon in Poultry.

The Share-the-Fun group consisted of Linda Sicking, guitar, Mary Lou Kralicke, piano, and Vivian Yosten, Phyllis Bindel, Frances Hess, Donna Sicking, Gayle Sicking, Margie Felderhoff and Marilyn Felderhoff.

Other local junior entries were red ribbon winners: Peggy Sicking and Mary Bayer in Electricity; Christie Koessler and Darlene Wolf in Civil Defense; Allen Fleitman and Carl Bayer in Beef Cattle, and Yvonne Gehrig in Food and Nutrition.

## Maple Street And Park Get Paving Job

Driving to and from the city park, and in the park, will be more pleasant from now on. Likewise people there for swimming or picnicking will no longer be bothered by clouds of road dust.

Almost a mile of new pavement is under construction this week on the park's driveway and the approaches to the park from both directions. The approaches connect with old pavement at both ends, at Maple and Third and at FM 373.

The project has another special appeal to members of the city council. It is the cheapest paving job ever in the city's experience and possibly a forerunner to future savings on pavement. Actual cost is a small fraction of that for usual paving jobs.

This project is a surface of sand and asphalt mix over the existing base, the kind of road that has been in use for many years in East Texas and which Commissioners Earl Taylor and Earl Robison endorse after several years of use in their precincts. Both of them are cooperating with the city in this project.

The vital part of this kind of road surfacing is the mix. E. F. Prater of Tyler, who furnishes the liquid, said it is about 75 percent asphalt so that when thoroughly mixed with sand it will set up firm but not oily.

A special machine for the mixing works like a roto tiller. After asphalt is poured in the sand and the mixer work together on the mixing job after which the surface is shaped and packed. The mixer is jointly owned by the two precincts, which are furnishing it and the graders.

No base work was needed on this job. The gravel already there was adequate, so the cost of the project consisted of buying the asphalt, hauling sand, and mixing, shaping and packing. The only cash item was about \$2500 for the asphalt.

Mayor Earl Fisher said the Council is particularly interested in this paving job as a possible method for some future paving. He further stated that the city can spare about \$15,000 for paving this year and councilmen are already considering ways to get the most possible value out of their money.

## Center Teams Win 2 V'Ball Trophies

Volley ball teams of The Center came home with two trophies from last week's invitational tournament at Montague. The men are champs and the ladies are runners up of the event.

The men's team beat KN Drive-In of Bowie for the top prize. On their way to the top prize they beat O'Neal's of Nocona and Norvel Texaco of Sunset. Team members were Virgil Henscheid, Glenn Richardson, Joe Dangelmayr, Roy Reiter, George Petrus and Adam Wolf.

The ladies lost the champ final to Opal's Beauty Shop of Sunset after beating Montague Avengers and Norvel Texaco of Sunset. Team members were Mmes. Adam Wolf, George Petrus, Gene Schmitz, Fred Knabe, James Mollenkopf and Donald Endres.

Miss Janie Knauf, retiring president, conducted the business session in the presence of Father Andrew Wever, spiritual director, and 37 members.

## Annual Meeting Of Electric Co-op Slated Monday

A packed house is expected at the Muenster High School Auditorium Monday night for the annual general meeting of the Cooke County Electric Co-operative. The purposes will be to hear reports of the past year's business, elect two directors and to participate in the meeting's big drawing for attendance prizes.

Registration of members begins at 6:45 and a half hour of selections by the Gainesville High School Choral Group will begin at 7:30. President Jack Crownover will open the meeting at 8 o'clock.

Father Alcuin Kubis will give the invocation, President Crownover will make introductions and Secretary J. A. Klement will read the notice of meeting, proof of mailing and minutes of the last general meeting.

Manager Michael Sloan will give a report on the Co-op's 1966 business and its current financial condition and also introduce employees of the co-op.

The ballot for election of directors will show the names of Al Wiesman and Vincent Zimmerman as the only candidates. Both are asking for reelection and both are recommended by the nominating committee headed by Al Trubenbach. Additional nominations, if desired, can be made at the meeting.

After election the Gainesville Choral Group, directed by Glenn Wilson, will sing more numbers. Then drawings will be held for more than \$700 worth of electrical appliances given as attendance prizes.

Following adjournment members of the Muenster FFA chapter and their instructor, Mrs. Henry Weinzappel, will serve refreshments in the main corridor.

## Muenster Team Is Close Third in 17-B Junior Track

Muenster entries were third high in the junior high division of the 17-B district track meet held in Saint Jo last Friday. And the Muenster grade schoolers were sixth in their division.

Muenster's score in the junior division was 31 points which was barely nudged out of second place by Era's 31½. Callisburg was champ with 38½ and Lindsay was fourth with 25. Others were Bellevue 11, Saint Jo 7 and Prairie Valley 6.

Team scores in the grades were Valley View 40, Saint Jo 24½, Lindsay 22½, Era 22½, Bellevue 20, Muenster 10½, Midway 8, Goldberg 3½, Callisburg ½.

Muenster juniors were somewhat handicapped in the meet by the absence of Andy Knabe who had been entered in several events also by Sparkman's and Monday's troubles in the hurdles. Both had good time but disqualified in the preliminaries by dumping the hurdles.

Point makers were: The team of Barney Reed, John Felderhoff, Henry Sicking and Ken Walterscheid, second in the 440 relay; the team of Reed, Felderhoff, Sicking and John Monday, second in the 800 relay; Carl Endres, tie for first in pole vault and fourth in 100 yard hurdles; Sam Sparkman, tie for first in pole vault, second in 100 yard dash and second in 50 yard dash; John Dangelmayr, first in discus; John Monday, second in 60 yard hurdles, fourth in high jump and tie for fourth in pole vault; Ken Walterscheid, fourth in the 440 yard dash; David Fette, fourth in discus.

Point makers of the grade school were Gene Hess, three way tie for first in chin-up; Henry Knabe, third in 50 yard dash and fourth in 440 yard dash; Jerry Eckart, fourth in 60 yard hurdles; Leon Klement, fourth in the 800 yard run; the team of Ricky Walterscheid, Leon Klement, Ricky Wimmer and Tim Hartman, third in the 880 relay. The same team had a heart breaker in the 440 relay. It fell from first to last by dropping the baton at the last exchange.

Your child will grow up some day, go out into the world, and be surprised to learn that you were right about a few things.

## City Looking for Low Cost Answer To Sewer Problem

Members of the Muenster City Council at their meeting Monday night authorized two trips in which groups of its citizens are to go looking for a solution of its sewer problem.

One trip is scheduled for next Tuesday to State Center, Iowa. According to plan, Councilmen Herbert Miller and Rody Klement, City Sewer Operators Steve Moser and Joe Moser, and NTPA Plant Superintendent Larry Yosten will go and return that day in a chartered plane to study an operation which has attracted national attention for efficiency and economy.

The other trip, still to be scheduled, will be to Robison, near Waco, to study another system which is also reported as economical and very successful.

## Muenster FFA To Send 2 Teams To State Contests

One of Muenster's three FFA teams participating in Area 5 judging contests at East Texas State University last weekend has qualified for the state contest at A&M University on May 6.

The dairy judging team, composed of Herbie Fisher, Chris Cain and Henry Sicking, was seventh out of a field of about 70 teams. Fisher was third high individual scorer of the contest.

In land judging the Muenster team just missed qualifying for the main event. It came in sixth and the top five will go to A&M. In that contest too a Muenster entry made a good individual score. Bobby Bruns was fifth in a field of 96. Others on the team were Leon Walterscheid, Lynn Klement and Terry Miller.

The livestock judging team was 14th out of about 70 teams. Its members were Steve Stoffels, Steve Fette and Jerry Fleitman.

Dairy judging boys will have company on their trip to A&M. A dairy products team composed of Don Hartman, Ken Yosten and Ken Swirczynski qualified for the big contest the week before in an area contest at Fort Worth.

Both of those cities, like Muenster, had sewer troubles because of industrial waste from milk products plants.

The problem has existed here for many years and it has been relieved somewhat by expanding facilities, which now are adequate for domestic waste of a town much larger than Muenster. But the problem was not licked. Too often the system is thrown out of balance and the purification process is incomplete.

Drainage from the plant's lagoons has been tolerated as a sort of necessary evil. But increasingly rigid demands in keeping with current emphasis on reducing stream pollution are forcing the city to make improvements.

Sanitation engineers and the State Health Department have recommended an expansion project which would put a severe strain on the city budget, even if Federal funds are available to help.

While worrying with its problem the city saw and heard reports that its kind of trouble is being handled well and cheaply by State Center and Deering. Their systems are different, so Muenster wants all the information it can get on both. From that information the council hopes to work out a system that will do its job while avoiding the financial strain of an expensive project.

## Council Asked to Okay Increase of Local Gas Rates

A request for permission to increase natural gas rates in the City of Muenster was submitted to the city council Monday night by Lone Star Gas Company. Action on the request was postponed to a later meeting to allow time for a more detailed study.

For the average consumer, Mayor Earl Fisher commented, the proposed rate would be only slightly higher. He mentioned an example submitted with the request in which the annual bill of one local customer would be raised from \$93.06 to \$94.24.

A very slight increase was noted on the bill for the very small consumer. The charge for the first 800 cubic feet is a few cents higher than the charge for the first 1000 cubic feet used to be. Those who use less than 800 would be very slightly affected. However, those who use 1000 feet would pay for the additional 200 feet whereas it was formerly included in the 1000 cubic feet charge. Users of 2000 feet or more would hardly notice a difference. Very light users would still be subject to the same minimum rate.

The proposal includes one change in favor of the customer. No charge will be made if no gas is used during the month. Formerly the minimum rate was charged unless service is cut off. The expense of disconnect and reconnect will no longer be necessary.

Another clause allows the company to add proportionally to monthly bills if new or increased taxes (other than state, county, city and special district ad valorem taxes) are imposed on the company.

## 3 Nights Left in V'Ball Tourney

The annual volley ball tournament sponsored by Sacred Heart Alumni in the Sacred Heart gym is slightly more than half finished after three nights of ten games each.

Preliminaries were finished the first two nights and ten of the forty entries were eliminated Wednesday. More eliminations Thursday and Friday will reduce the field to ten teams for Saturday night's program. Two more elimination games will set the stage for finals in both divisions.

And four games later six trophies will be awarded, to the champ and runner up and consolation winner of each division.

**LOTTERY IS "SILLY"**  
 Colorado Sen. Peter Dominick in a speech last month said, "The idea of a lottery in place of the draft is silly and inequitable." He is right, as far as he goes. But choosing men by lottery, giving them all a gambler's chance, would remove the onus from the draft boards, whose decisions must sometimes cause them considerable loss of sleep. Under the lottery, they could say, "We didn't choose you

to be sent to your death, we left it up to Providence — it was an act of God. All we did was spin the wheel."

If Dominick had said that the whole concept of the draft was entirely wrong, that it should never have been instituted and should be immediately abolished, we'd be with him.

History has proven often enough that, given a worthy cause, (assuming there is such a cause), or one they believe is worthy, men will volunteer to fight and even die for it, if need be. No man would have to be drafted to defend our borders from invasion. And no man should be expected to have to fight in any other kind of war.

Draft by lottery may be silly, but it is not nearly as silly as a no-win war.

LBJ's Great Society Program. These are the facts related by Congressman Gubser:

Gilroy has an employment problem. Seasonal employment in agriculture often leaves many of its citizens without work. It was news, therefore, when Swift and Company sought to place a meat-packing plant in the community. The new plant was expected to create 900 new jobs that were badly needed.

There was one drawback. In order to build the plant, better sewage facilities were needed to meet the plant's requirements. The officials of the town applied for a federal sewage construction grant through the Economic Development Administration. After several months of inaction, the government turned down the application. At this point, Swift abandoned plans for the new plant.

In the meantime, a grant in the amount of \$260,800 was made by the Office of Economic Opportunity (the anti-poverty program) for a Self-Help Service Corps Center 12 miles from Gilroy.

At the center, which has been described as an "agitation academy," Congressman Gubser claims he found a photograph of Red Chinese Defense Minister Lin Pao prominently displayed. On the walls, he

said, were such slogans as "We're going to tear this country up, then we're going to build it back brick by brick, until it is a fit place for human beings."

The center has graduated 34 "community service representatives." The Office of Economic Opportunity has just released another grant of \$109,000 to give 30 of these "graduates" additional training — a total of \$11,000 for each graduate in taxpayers' funds.

Their chief function is to

organize welfare recipients to secure more "rights" for them. Congressman Gubser had this to say: "The Gilroy affair raises a very serious question as to the sincerity of the Johnson Administration. Does the Johnson Administration really want to get at the causes of poverty and give people the dignity and pride of holding a steady job, or do they only want to build bureaus and political bases of power, hire top-heavy bureaucrats, and train people to agitate rather than to work?"

After all, industry provides jobs. The poverty program merely provides more bureaucrats.

Mrs. Hoenig read the county council report in the absence of Mrs. Paul Fisher. Members completed plans to entertain the Ross Point Demonstration Club and to visit Chandor Gardens in Weatherford. Mrs. Hoenig and Mrs. Detten reported on the district meeting they attended in Commerce.

Recreation was led by Mrs. John Wieler and prizes were won by Mrs. Pick and Mrs. Martin Bayer. Mrs. Hoenig won the door prize. The hostess served peppermint pie and coffee. Mrs. Martin Bayer invited members to her home for the May meeting. A youngster told his mother that his new teacher is "mean but fair." "How's that?" asked his mother. "Oh she's mean to everyone."

to the demonstrations — the thoroughness of their coverage by American news media. It points up a comment made by Vice-President Humphrey last week in his return from Europe — that over-emphasis on our bad news is hurting America's image all over the world. He said that Pope Paul told him "with tears in his eyes" that America's moral power is being eroded by the way news events involving this country are interpreted to the rest of the world.

The Pope's concern is understandable. American prestige in the world is sinking. Civilization's main champion of freedom seems to be going to pieces. By our own boners we brighten communism's prospects of eventual success. We need to put more emphasis on news we can be proud of. The kind that will inspire the confidence and hope of other peoples — and inspire more pride in us.

At the same time we need to de-emphasize the bad news. Not just ignore it, but take steps to prevent it. The week end demonstrations, for instance, are national disgraces that should not have happened and should not happen again. Despite our policy of bending over backward in respecting personal freedoms, it's high time to realize that such things violate the reasonable limits of freedom. Surely the right of a few crackpots to preach treason and make trouble does not supersede the nation's right to keep order or its people's right to be proud.

The ugly stuff can be stopped. The FBI can put its hands on every individual responsible for it. If government will clamp down on those leaders it will have no more problems with the punks.
