VOLUME XXXI

MUENSTER, COOKE COUNTY, TEXAS 76252 JANUARY 27, 1967

NUMBER 10

The Supreme Court has just handed down another ruling in its program to make the law favorable to subversives and criminals. By a five to four decision it nullified a New York state law which required that communists be banned from teaching in the state's colleges and universities.

The court also struck down another New York law which held that utterance of treasonable or seditious word or words or commission of a treasonable or seditious act was ground for dismissal from the public school system.

As usual, the court's reason for the ruling was its high regard for the right of free speech as guaranteed by the First Amendment of the Constitution. The twisted thinking of the high tribunal's majority decreed that the state law was an "unconstitutional intrusion into one's expression of belief" and therefore could not justly deny the person his right to a public position.

The decision was another variation of the plea of academic freedom, the principle that has been used and abused so often by subversives. The Supreme Court goes along with the theory that all opinions deserve a hearing, on the assumption that correct view will prevail after pros and cons have been threshed out. But it fails to reckon that issues too often are not threshed out.

In actual practice the observance of academic freedom is often a phony, especially if the instructor is a communist. Theoretically a student does not have to accept his views. He has the right and privilege of standing his ground in defense of the American way. This theory, however, ignores the fact that students do not attend class to argue. They come to learn, to absorb the instruction that is offered. And so, if a subversive is the teacher they absorb subversive ideas.

The claim that issues can be argued is another phony. How many students are sufficiently familiar with their subject to argue with a trained communist? And how many would dare to argue knowing they would be flunked for the effort?

The theory of academic freedom has its merits. It is fine when applied in honest and objective study of new theories. But as applied by communists, it is neither honest nor objective. It is strictly a brain washing process to glorify the Soviet way and discredit the American way. Members of the Supreme Court especially ought to be able to understand that. They should realize that their decision violates the First Amendment rather than support it.

Within hours of the decree some of the nation's congressmen were saying that legislative action is in order now to correct the ill effects of the court's action. That sounds like a good idea. Let's hope it will be done soon for the sake of the nation's students.

In the meantime it seems that right thinking administrators of the country's schools can find a solution of their own for this problem dumped on them by the Supreme Court. The law now says, regrettably, that no teacher can be rejected because of membership in the communist party or because of refusal to take the oath of loyalty. But it still does not say that such an applicant must be accepted. Administrators are still free to hire and fire as they please — and without giving a reason. We trust that most of them will have the judgment and integrity to act accordingly.

A faux pas has been spotted in last week's article in the Enterprise concerning the remedial reading class at the public school. It was the reference to members of that class as retarded readers. Apparently someone took from the expression a meaning that was not intended.

Not so many years ago the use of the word in that sentence would have been accepted without question. But times have changed. In modern usage "retarded" is used so often in referring to serious mental disability that some people have forgotten the original meaning. Now it seems that the mild term popularly used in referring to a more extreme condition has taken on only the harsher meaning.

## NASA Talk and Exhibit Presented At Public School

Students of the Muenster Public School, grades 4 through 12, spent a fascinating hour of space age Wednesday morning of last week.

They heard a lecture by Robert D. Helton of the National Aeronautics and Space Administration, Houston, and had close-up looks at a truck load of space models and equipment spread out on the gym floor.

It is the program that has been showing for the past year in many large schools of the state. Usually it is a full day event, but on this trip Muenster and Wichita Falls schools had to share the day.

The lecture was a history of space progress until now, including all of this country's manned flights as well as about 1200 satellites, some of which are in regular use for TV and radio commercial weather forecasts.

The Spacemobile from NASA was a huge trailer truck crammed with space equipment. Students helped with unloading, display and re-loading. The Spacemobile is booked for a three month tour of Germany and France, beginning soon.

## Walter Wolf Joins Faculty at CCJC

Walter B. Wolf, quality control specialist at Valenite Metals, Gainesville, has been added to the Cooke County Junior College faculty as an instructor of shop mathematics.

Wolf taught and coached at Sacred Heart High School five years before joining the Valenite staff.

A graduate of St. Mary's High School in Gainesville, Wolf earned the bachelor of science degree in industrial arts at North Texas State University. His associate of arts degree in industrial arts was earned at CCJC. He is a member of the Knights of Columbus and the Veterans of Foreign Wars. Mr. and Mrs. Wolf and their three children live in Gainesville.

The course in shop mathematics (sometimes called industrial mathematics) will concentrate on practical applications to industrial processes. Although many Valenite employees have indicated an interest in taking the course, the instruction will be general enough to apply to employees or potential employees of any industrial plant.

Wolf said considerable time will be devoted to study decimal equivalents and reading micrometers. These are two of the skills used extensively by Valenite employees.

Persons interested in taking the course may talk to a counselor at CCJC or to the instructor. This is a college-level course with a value of three semester hours of credit. Arrangements may be made to attend the course on a non-credit basis if a person has not qualified for college entrance.

Shop math meets every Monday from 6:30 to 9:15 p.m. Regular tuition rates apply. For Cooke County residents enrolled for only one 3 semester hour course the tuition is \$4.00. Additional tuition is \$4.00 per semester hour up to a maximum of \$55. Rates to non-Cooke County residents are higher, ranging from \$22.50 up to a maximum of \$65, depending on the number of courses. Registration for the Spring Semester will be held at the College on Wednesday and Thursday, February 1-2.

## St. Anne's Hears National Director As Guest Speaker

Father Bertin Roll, national director of the Archconfraternity of Christian Mothers, was a guest speaker at a special meeting of St. Anne's Society Sunday night in St. Joseph's Club. Husbands of members also attended.

He was introduced to the assemblage by Father Andrew Wewer, spiritual director of St. Anne's Society. Mrs. Al Walterscheid, president, presented a money gift from the organization.

The play was "Under the Lilacs," a children's classic by Louisa May Alcott, produced by the National Children's Association of New York and Dallas. It was staged in Sherman.

Appreciation is extended to Mrs. B. J. Swirczynski, Mrs. Joe Hess, Mrs. Eddie Krahl and Tony Luke for providing transportation.

ferred method to increase local revenue for increasing costs of operation, which are caused principally by pay raises, inflation and greater enrollment of recent years.

Another method was available to the trustees. They could have increased valuations and applied the old rate without voter approval. However that method presented difficulties for both trustees and taxpayers, so the board asked for approval of the alternate method — to raise the rate but continue with former valuations.

The rate approved is a maximum of \$2.00, but law provides that the rate charged will be determined by th budget. Superintendent Bruns expects the rate to be \$1.50 next year, 25 cents for debt retirement and \$1.25 for operation.

Commenting on the election, Bruns said that board members appreciate the approval and especially the gratifying ratio of almost four to one. They regard the outcome as a strong endorsement of their effort in behalf of the school system and also their method of getting the job done. Furthermore they are pleased that the method will avoid needless red tape for them while assuring an even spread of tax increase over all properties of the district.

## Choir Plans for Packed Program At the Coliseum

Members of the Sacred Heart Choir are busy this week and next on plans for their biggest party ever. It's a combination songfest, dinner and dance held annually with the Frohsinn Singers of Dallas and dated for Saturday, Feb. 4.

In recent years attendance has been limited by the limited space of the parish hall, but this year there will be plenty of room. It will be in the spacious Colonial Acres Coliseum.

The party will be semiformal and will begin with a dinner at 6:30 featuring German dishes catered by Mrs. Joe Leshertz.

Next event is the concert at 8 o'clock presenting both English and German selections separately and jointly by the Frohsinn Choir and Sacred Heart Choir.

The dance begins at 9 o'clock and will feature waltzes, polkas and modern numbers by the Music Masters of Ennis.

A special feature of the party is the attendance of German personal and wives from Sheppard AFB, arranged by Wichita Falls and Muenster chambers of commerce.

The choir is offering two attendance deals. A \$3.50 ticket admits a person to the complete program. A \$2.50 ticket admits a person to the concert and dance.

## Notify Bruns if Child Was Missed

Doris is now eligible for possible state and national scholarship awards. Her test also earned her a specially designed silver charm from General Mills, sponsor of the Betty Crocker Search for the American Homemaker of Tomorrow. A state Homemaker of Tomorrow and runner-up will be selected from the winners of all schools in the state, with the former receiving a \$1,500 college scholarship; her school will be given a complete set of Encyclopedia Britannica by Encyclopaedia Britannica, Inc. The runner-up will be awarded a \$500 educational grant.

The Betty Crocker Homemaker of Tomorrow from this state, together with those from all other states and the District of Columbia, each accompanied by her school advisor will join in an expense paid educational tour of Colonial Williamsburg, Va., and Washington, D. C., next spring.

The national winner — the 1967 All-American Homemaker of Tomorrow — will be announced at a dinner in Williamsburg. She will be chosen from the state winners on the basis of original test score plus personal observation and interviews during the tour. Her reward will be an increase in her scholarship to \$5,000. Second, third, and fourth ranking national winners will have their original scholarship grants increased to \$4,000, \$3,000 and \$2,000, respectively.

This is the 13th year of the Betty Crocker Search for the American Homemaker of Tomorrow, initiated in 1954-55 by General Mills to emphasize the importance of homemaking as a career. More than 5,000,000 senior girls have participated in the Search since its inception, and 1,256 winners will have earned scholarships totaling \$1,371,500 at the conclusion of the current program.

The 581,334 girls and 14,753 schools registering for the 1967 Search established a new record for the program.

### Tim Terry, Five, Is Birthday Honoree

Tim Terry observed his fifth birthday on Jan. 13 with a party at the home of his parents, Mr. and Mrs. Bill Terry, in Gainesville. Fifteen little boys and girls were there to help him celebrate. These included his brother Tye.

Special guests were his grandmothers, Mrs. Tony Wiesman of Gainesville and Mrs. W. M. Terry of Valley View. Other adults present were the honoree's aunt, Mrs. Cecil Neu of Valley View and Mmes. Kenneth Thurman and Gilbert Kubis.

Tim's grandmother Wiesman made the birthday cake and decorated it in a clown design.

### FHA Chapter Has Polk as Speaker

James Ray Polk, former teacher and coach at Muenster High, was back for the January meeting of the FHA Chapter talking on jobs and careers and how to prepare for them.

Polk is a counselor with the Neighborhood Youth Corps on the Department of Health, Education and Welfare this year and still resides in Muenster.

Doris Lutkenhaus, president, conducted the Future Homemakers' business session during which members elected Chris Cain as FHA Sweetheart and planned a party for which FFA boys will be guests in February.

About 25 girls and their adviser, Mrs. Henry Weinzapfel, attended.

In olden days when one country overran another, they were called wars. Nowadays they are called 'current events.'

Dear Friends and Customers:

On January 18, 1967, I sold my White Auto Store here in Muenster. Many have asked "Why?" To put it bluntly, I have lost one-half of my shirt and I decided that I had better try and save the other half.

Should any of my past customers need any service, repairs or adjustments on major or small appliances, batteries, tires, etc... contact the White Auto Store in Saint Jo, Texas.

May I encourage all the citizens of Muenster to shop at home, before purchasing goods and services elsewhere. Even though you can save a little by shopping out of town, think of the community first. Every dollar you spend at home or away from home, as it may be, will directly or indirectly affect you now or in the future.

My sincere appreciation and thanks to all my customers. May God bless you all.

Yours truly,  
Bernard McNamara

Another day they saw two movies in SH library "Hatful of Rain" and "The Oxbow Incident" shown by Father Benedict. All high school and junior high students saw the films.

Friday, Father Benedict handed out report cards.

Tuesday the senior religion class had Father Bertin Roll, Franciscan from Pittsburg, Pa. as a guest speaker. He spoke on dating, going steady and marriage.

**Parochial Children Attend Concerts And Art Exhibit**

About forty pupils of Sacred Heart School, accompanied by Sister Anna and Sister Henrietta attend concerts by the Dallas Symphony Orchestra last Saturday in the Eisenhower Auditorium of Denison.

The programs were presented by Educational Resources Cooperative Association to extend cultural opportunities for children of this area. Younger children attended a 1:30 p.m. concert while older children saw an art exhibit. Next the older children heard the 3 o'clock concert while younger children viewed the art exhibit.

Mr. Charles Blackman, conductor of the Dallas Symphony Orchestra explained the musical instruments and communicated with the audience

in a masterful way. He delighted the young audience with "Overture to Russian and Ludmilla," "The Nutcracker Suite," "Concerto for Two Violins" and variations on "Pop Goes the Weasel."

The second concert opened with Bernstein's overture "West Side Story," which was one of the favorites of the junior high group. Other numbers were "An American in Paris," "Synthesis for Orchestra and Electronic Sound," variations on a theme by Purcell and "Roman Carnival."

Sharon Ann Grewing, six years old Friday, celebrated her birthday with her preschool class. Her mother, Mrs. Richard Grewing, sent decorated cup cakes to school and these were served at afternoon milk break time. Twenty-nine youngsters and their teacher, Mrs. Jose Christian enjoyed the treat.

**Family Celebrates 88th Birthday of Mrs. D. O. Robison**

Mrs. D. O. Robison was pleasantly surprised Sunday when her family honored her at a dinner observing her 88th birthday. The party was at the home of her daughter Eula and husband, the Rev. and Mrs. J. Calvin Dennis in Dallas, with whom Mrs. Robison makes her home. Her birthday was Friday, Jan. 20, but Sunday was chosen as the day of celebration so the family could be together.

The day began with attendance at church services in the church where the Rev. Dennis is pastor. Mrs. Robison was recognized and presented a pink carnation corsage while the congregation joined in best birthday wishes.

After the noon meal, prepared and planned by Mrs.

Dennis and added to by other members of the family, the honoree was showered with birthday gifts including a decorated cake and pictures were made, including four generation pictures.

Joining in the celebration were all her children: Della and husband, the Otha Whal-eys of Fritch, Tex., Earl and Ernest and their wives of Muenster, Willis and his wife and Leslie of Gainesville, and Eula and her husband, the Dennises.

Others present were grandchildren and great-grandchildren: Mr. and Mrs. Harold Otts and Mike, Mrs. James Boone, Jana and Steve, the David Robisons, Rodney and Lydia, the Ray Wests and Pamela, all of Gainesville, the Roy Ramseys, the J. Dennises and Cal and the Bill Dennises, all of Dallas.

Mr. and Mrs. Doyle Geiser, Karen, Cheryl and Jimmy of

Arlington, Mrs. Peggy Dees and Mrs. June Ragsdale of Fritch, Kenneth Whaley and his fiancée Linda Aiken of Dallas, Curtis Whaley of Denton.

Others joining the party in the afternoon were Justin Dennis of Dallas, Denny Dowd and Chris Milburn of Gainesville, Wayne Dennis and son Doug of Nocona and Bailey Dennis of Muenster.

Mrs. Robison said she had not had so much hugging and kissing in a long time and was left with cherished memories to recall and enjoy.

Correction: Library hours for the public at Lindsay High School are Sunday afternoons after Benediction and not in the mornings as previously stated. The librarian teaches religion in Valley View in the morning.

Lindsay elementary basketball teams are participating in a tournament at Saint Jo this week Thursday, Friday and Saturday.

Spending Sunday at Windthorst with Mr. and Mrs. Gus Berend were her parents, Mr. and Mrs. Henry Hess and the rest of the family: Margie and Clara Hess, Mr and Mrs. Winston Fangman and daughters, Sharon, Bridget and Anita and Mr. and Mrs. Paul Hess and sons Stacy and Gary. After dinner the men went on a quail hunt.

Wednesday morning the Rev. Russell Clapp, Episcopal minister from Gainesville, addressed Lindsay students, speaking in church at 7:45. A number of adults also attended.

Forty Hours Adoration begins Sunday in St. Peter's Church with solemn procession and exposition of the Blessed Sacrament after the high Mass.

La Vern Ann, infant daughter of Mr. and Mrs. Leon Neu, was baptized Saturday, Jan. 21, in St. Peter's Church by Father John Walbe. Attending as godparents were the baby's grandmother, Mrs. W. J. Neu of Gainesville and an uncle, Kevin Sandmann of Valley View.

### Muenster Hi Teams Lose to Lindsay And Valley View

Muenster High's basketball teams started the second half of their district schedule with losses to Lindsay and Valley View, and still remain winless in conference play.

In the Lindsay game the Hornets missed their best chance so far of breaking the losing streak. They were tied at 7 and again at 17 ending the first two quarters but Chris Cain and John Monday fouled out in the third and Lindsay jumped to a 39-23 lead. In the fourth Hundt and Zimmerman fouled out and Muenster trimmed the margin slightly. Final count, 50-38. Leading scorers were Sparkman 13 and Stormer 10 for Muenster; Arend 11, Hundt 10, Zimmerman 8 and Fuhrmann 8 for Lindsay.

Earlier Lindsay girls took a first half lead of 26-10 and coasted through the second half for a 40-21 win. Leading scorers were Linda Wilson 10 and Sue Flusche 6 for Muenster; Fuhrmann 14, Zimmerman 13 and Hess 8 for Lindsay.

At Valley View Cain's absence from the lineup helped account for a loss of 71-27. Monday hit 13 for the Hornets and Sparkman 9.

Muenster girls played one of their better games but still were not good enough as Valley View gained in each quarter for the 30-22 win. Linda Wilson scored 16, Jill Swirczynski 4 and Sue Flusche 3.

Both of the high school teams will be idle Friday as junior high teams of the district compete in a tournament at Saint Jo. District titles for the youngsters will be decided then.

Next action for high school teams will be at Era next Tuesday.

### Tigers in Tourney At Dallas, Next in TCIL Title Event

The Sacred Heart Tigers won their opening contest but were eliminated in the second at a tournament for diocesan schools sponsored by Dallas Knights of Columbus last weekend.

Joe Felderhoff's boys had an easy time in their first game for a 57 to 38 win over St. Peter's School. Tiger leads were 16-2, 28-8 and 49-16 ending the first three quarters after which reserves went in to finish the game and St. Peter's trimmed the margin considerably. Top scorers were Leon Endres 19, Leroy Hess, Larry Hess 11 and Tommy Hess 8.

The next game was different as the Tigers encountered Bishop Dunne High. They trailed 17-11 and 38-20 the first two periods and almost held their own in the second half. Felderhoff was proud of his boys, said they looked good playing a good team. Final score was 61-40 and top scorers were Leon Endres 14, Leroy Hess 11, and Larry Hess 9.

Next on the parochial schedule are A and B girls games

with Callisburg Thursday night. And during the weekend the Tigers will be at Tyler for the tournament deciding the district title of Texas Catholic Interscholastic League. Member teams are Sacred Heart, Tyler Catholic, St. John's of Ennis and St. Peter's of Dallas.

Father Paul Hoedebeck who came from Subiaco with Abbot Michael Sunday visited relatives Monday. He had dinner with his brother Gene and family, supper with his sister and brother-in-law, the Clem Reiters, and visited his brother Leo Hoedebeck at Gainesville in the afternoon. He returned to Arkansas Tuesday morning.

### Confetti

in the interpretation of some people. This is one of the disadvantages of advancing years. Using a word in the same old way may no longer convey the same old meaning. In short, no offense was intended, and the misunderstanding is regretted. However, all this still leaves a question. What is the preferred modern adjective for a reader who is not quite up to the average of his class?
