**A WORTHY ORGANIZATION**

That most worthy organization, the Future Farmers of America, will receive well-deserved recognition during the week of February 18 to 25. Writers, commentators, officials and others in all walks of life, will pay tribute to one of the most important groups of young people in the country—the young people who in the years to come will bear the

heavy responsibility of providing the food and fiber so sorely needed by a world confronted with the prospect of famine, unless unprecedented breakthroughs are achieved in food production.

Each year the significance of Future Farmers of America Week grows. The message that the young farmers of tomorrow endeavor to impart to the nation during their

"Week" is simple. They seek to, "Inform (the) public of (the) importance of agriculture to America, (the) value of good citizenship development, and (the) role of Future Farmers of America in this effort."

There was a time when the nation was predominantly agricultural. Raising food to eat absorbed the efforts of a majority of the people. Gradually, as agricultural technology improved, fewer and fewer people were required on the land to produce food. One farmer now feeds scores of other people—people who have moved to the cities where they produce all the other necessities and luxuries of our age except food.

There is only so much land; thus as populations increase, those who are engaged in agriculture will bear an increasingly heavy responsibility to their fellow men. It is indeed a privilege to pay homage to the FFA.

**HOUSE DIVIDED**

According to Mark, "If a house be divided against itself, that house cannot stand."

Abraham Lincoln drew upon this language in his famous speech to the Republican State Convention in Springfield, Illinois, in 1858: "A house divided against itself cannot stand."

The quotation has come to mind frequently in recent days as we read the news stories and editorial comment on Cardinal Spellman's Christmas message to our fighting men in Vietnam. The Cardinal stated very simply that our men in uniform are "defending the cause of righteousness, the cause of civilization and God's cause," and that anything "less than victory is inconceivable."

In the days since that quote was reported by press in Vietnam a great rush of comment has been published chastizing the Cardinal. A few editors have criticized his language; some long and labored letters to the editor have appeared; we've even been treated to "inside" stories in slick magazines purporting to reveal that "anonymous" spokesmen in the Vatican are dismayed that the Cardinal could imply what is going on in Vietnam is a "Holy War."

It is hardly necessary for one to be a Catholic, as this writer is not, to feel obligated to rise to ask if those who voiced their criticism of the Cardinal can name anything on the face of the earth which is more anti-Christ than Communism?

If, in truth, there exists any substantial division within the Catholic Church, or any other Church, or within this nation, on the issue of whether or not American soldiers in Vietnam are "defending the cause of righteousness, the cause of civilization and God's cause,"—then we are in very bad trouble, indeed.

This writer doubts that there is, really, any such substantial division. It seems more probable that there are simply some vociferous sympathizers with the Communists, or peace-at-any-price protagonists, who seek to divide us. For our part, we know of no spokesman who has characterized the Vietnam war more pointedly than did Cardinal Spellman.

It's our suspicion that those who support the Cardinal's view—the vast majority—spend rather less time demonstrating and writing letters to the editor, and considerably more sending communications elsewhere, in prayers

—U. S. Press Association

The man in the movie theater was amazed to see a shaggy dog seated next to a woman in front of him. To his surprise, the dog laughed, chortled, and chuckled at the appropriate places.

During intermission, the man confronted the woman saying: "You know, I find it simply astonishing that your dog enjoyed the movie so much!" "I'm a bit surprised myself," she replied. "He hated the book."

**RACISM IN REVERSE**

Racism is being claimed as the reason why Adam Clayton Powell has been deprived of his seat in Congress pending an investigation. This, we are sure, cannot be substantiated. Congress, and the American public, had become tired and disgusted with Powell and had made up its mind to get rid of him just as it would have gotten rid of any other national lawmaker who had acted as had Powell. As a matter of fact, Powell remained a member of Congress far longer than any white member just because of his race

—Bishopville, S.C., Messenger

**THINGS ARE DIFFERENT**

Maybe our memory is failing, but during World War II we don't recall that there were insistent demands, including some from the U. S. Senate, that we negotiate with Hitler, Mussolini and Tojo. Seems we were talking unconditional surrender at that time. We have no recollection that pro-Nazi nuts carrying placards demonstrated for the same unholy trio. Nor do we recall that any big metropolitan newspapers assigned reporters to interview Hitler or Tojo to report how American bombers had blasted Berlin and Tokyo. Funny, isn't it. We seem to be terribly sensitive about the precious lives of Communists behind the Iron and Bamboo Curtains, not to mention the civil rights Reds at home.

Profits, not prophets, foretell the future.

**HEAVE-HO**

We read somewhere that a special performance of "Hello, Dolly!" was presented at the White House for the shepherds of our Great Society. Apparently the big hit of the evening was a line from the show: "Money is like manure—it's not worth a thing unless it's spread around."

This caused everybody to laugh and laugh and applaud and applaud, with the President the most delighted of all. Which suggests that this song ought to be used by the LBJ forces as their theme song for the next political campaign. It's most appropriate—a two-way thing because you may be sure that both items mentioned in the ditty are going to be thrown around with abandon between now and November, 1968.

**STATISTICS LESS COLORFUL THAN TRUTH**

A new Records Management Agency in Missouri, photographing old files for more compact storage, came across the following "cause of death": "Went to bed feeling well, but woke up dead."

"Died suddenly. Nothing serious."

"Don't know. Died without the aid of a physician."

"Blow on the head with an axe. Contributory cause, another man's wife."

"Had never been fatally ill before."

**IS PRESSURE CONTROL TOO GOOD TO BE TRUE?**

(Was the internal combustion engine? Was the tractor? Was the original Ferguson System?)

Maybe you've heard us say that Pressure Control gives a Massey-Ferguson Tractor as much traction as auxiliary 4-wheel drive at a fraction of the cost.

Maybe you thought—"Who are they kidding?"

But the fact is, it's true. The Nationwide Consumer Testing Institute tested an MF-1100 row crop model with Pressure Control against another tractor that had auxiliary 4-wheel drive. Both tractors pulled the identical chisel plow at the same depth over the same field. And the Massey Ferguson pulled it faster, with less slippage.

That makes Pressure Control about the greatest advance in tractor engineering since the original Ferguson System. What the Ferguson System did for mounted implements, Pressure Control does for pull-type implements.

Are you still thinking that Pressure Control sounds too good to be true? Then visit us for just a few minutes. Give us a chance to prove to you the things we say about Pressure Control.

Because Pressure Control IS too good for you not to know the truth about it.

### SH Students Give Program for CDA

Members of the local court Catholic Daughters of America had a special feature at their meeting Friday night when Sister Roberta of Sacred Heart High School presented three of her speech and drama students in dramatic interpretations. On the program were Janie Fleitman, Gloria Reiter and Mary Ellen Endres.

After the performance, members turned to business with Mrs. Al Schmitt, past grand regent, presiding.

Committee reports included Mrs. Steve Moster's on the poetry contest which ended Feb. 15. She has secured judges and will announce winner in March. Students from both local schools participated.

Miss Marie Truebenbach reminded members of the all night vigil in Sacred Heart Church on Holy Thursday. All members of the parish are being urged to participate.

Mrs. Andy Schoech reported on the monthly visit to the rest home. Mrs. Cecil Sims, Miss Marie Truebenbach and Mrs. Conrad Jostwerner visited patients and took a cake for a party honoring those who have birthdays during the month.

Mrs. Tommy Dankesreiter reminded members of their communion breakfast Sunday and gave detailed information on the St. Patrick Dance the court will sponsor on March 12 instead of March 17. She

had tickets to hand out for an advance ticket sale. These are \$2.50 each, five dollars for a couple, and include breakfast. The event will be held in Colonial Acres Coliseum. Everybody is invited.

The court's charter remains draped in memory of Mrs. J. C. Trachta, Miss Anna Hellman and Mrs. John Wilde, recently deceased members.

Mrs. Ed Knauf won the surprise attendance award.

**Counselor Visits Parochial School**

Mrs. Mary Beth Hooper, school counselor from the Sherman Educational Resources Cooperative Association is at Sacred Heart School this month, visiting the classes, giving guidance, helping students and teachers in educational, occupational and personal problems.

She is one of a staff of 22 that serve four counties, Cooke, Grayson, Collin and Fannin. She spent the first two weeks with the elementary department and is with the high school now.

In high school she helps boys and girls assess their abilities and interests in the light of related occupations, gives information on how to enter these occupations, training needed and high school subjects related to the occupations.

**SH Latin Classes Continue Contest**

In Sacred Heart High's Latin II contest among students, events turned out as they should have, so think contestants. Even as in 58 B.C. Caesar conquered Ariovistus, the proud German King, so did Caesar's followers of Latin II in a contest, carried on several months, overcome Ariovistus.

The victorious students under leadership of Cynthia Bindel are J. D. Luttmr, Beverly Koelzer, Margaret Kralicke, Melvin Bayer, Mike Endres, Lynn Reiter, Bobby King, Vallie Voth and Kathy Sicking, Vallie Voth and Kathy Miller.

The defeated camp was under leadership of Kenny Schmitz.

With that contest over, the students immediately organized for another Latin battle. Contrary to previous procedure in which the teacher carefully selected the two camps, the class nominated and voted for leaders and the leaders in turn chose their followers.

Leaders are Dolores Pels as Caesar and Beverly Koelzer as Ariovistus.

Dolores called upon the following to help her in the conflict: Joe Luttmr, Kaye Klement, Doris Schiling, Joan Fetsch, Mike Endres, Mary Jane Swirczynski, Donald Schneider, Robert Knaut and Bobby Sicking.

Beverly chose these to support her cause: Cynthia Bindel, Kenny Schmitz, Lynn Reiter, Melvin Bayer, Tim Endres, Margaret Kralicke, Kathy Miller, Clifford Sicking and Vallie Voth.

Virginia Fleitman was again assigned as scorekeeper. Scores in the new contest now stand at 19-23 in favor of Ariovistus.

**Pilot Program in Religion Studied**

by Sister Henrietta  
Last Tuesday evening, 78 parents met with the two first grade catechists: Sister Angelina and Sister Henrietta, to discuss the aspects of the pilot program in religion.

After hearing excerpts from a recorded program, a progress report was made on the first semester activities. Open discussion followed pertaining to the religious training of young children. Both parents and teachers agreed that these discussions were beneficial in the interests of the children.

COME TO THE FATHER, the catechism of the 70's, is a totally new concept in re-

ligious education. This bold new program has been hailed as a "ten-year leap forward in catechetics." This program is presented as the first comprehensive catechical program to reflect the renewal brought about by Vatican II.

The COME TO THE FATHER program is a complete departure from the traditional question and answer approach to religious education. It is not a religion text book, nor is it conceived or planned simply as another subject to be studied. The child's book is psychologically oriented to his age level and takes into consideration his own personality, his own universe, and his own way of thinking. The program has been prepared to initiate the child into an attitude of prayer while simultaneously encouraging an ever deepening love of God.

The COME TO THE FATHER program to be effective requires the participation and involvement of parents. The text contains sections which explain to the parent the religious attitudes being created in the classroom and how these can be deepened in the home.

As the Church today searches for a 'pivotal point' around which to begin revitalization of the parish family in the light

of Vatican II, the COME TO THE FATHER Program may just be that central point from which renewal will radiate.

A doctor asked his new patient if she had been to any other doctor about her complaint before coming to see

him. "No," she replied, and then added, "but I did go to see my druggist."

"Well, that shows just how much sense some people have!" he exclaimed. "And what sort of idiotic advice did your druggist give you?"

"Oh," she answered sweetly, "he told me to see you."

**Lindsay News**

Mrs. Al Bengfort has resigned as secretary of Lindsay Athletic Association and Mrs. Andy Arendt has been appointed to fill the unexpired term. Mrs. Bengfort, at the organization's Monday night meeting, asked to be relieved of the office since she has enrolled in night classes at Cooke County Junior College. In other business the group discussed the PTC vs students volleyball tournament scheduled Feb. 25 and 26.

Sunday afternoon visitors with Mrs. Joe Bezner Sr. and the Bruno Zimmerer family were Mr. and Mrs. Bob Young and son Jimmy and Mr. and Mrs. Leo Cutaita and daughter Carol, all of Dallas, accompanied by friends, Mr. and Mrs. Johnson, also of Dallas.

Sammy Bezner won the 95-pound special weight division championship recently in the All-Ozark Boxing Tournament. The event was held at Springfield, Mo., and Sammy did a fine job in his first season of competitive boxing. The son of Mr. and Mrs. James Bezner, he's a student at Subiaco Academy where he lettered on the freshman football team last fall. Two of Sammy's teammates also won division titles in the fight tourney but Subiaco failed to win the team championship after taking the crown the past two seasons.

Mrs. David Strittmatter was dismissed from Gainesville Hospital but her infant son had to remain on account of pneumonia in one lung.

Miss Marguerite Benenate of Dallas spent the weekend with her aunt and family, the Bruno Zimmerers.

Mr. and Mrs. A. C. Flusche of Denison who were married in Lindsay on Feb. 14, 1905 observed their 62nd wedding anniversary on Valentine Day Tuesday. He is 85, a son of Anton Flusche of the famous Flusche brothers who were instrumental in founding Lindsay and Muenster. Mrs. Flusche, 84, is the former Veronica Fuhrmann.

The conservation plan on the Freddie Neu farm near Lindsay has been revised and updated. Neu is planning to sod about 14 acres of cropland to Coastal Bermuda Grass this spring for improved pasture. He will sod another 15 acres next year to Bermuda Grass. This will convert some of his less productive cropland to a better use and give him a large enough acreage of improved pastures to cross fence and do a better overall management job. The rest of his cropland is terraced.

The much-married man was trying to chisel some free advice out of a lawyer acquaintance. "Isn't there some way in which a man can avoid paying alimony?" he inquired. "To be sure," replied the lawyer. "There are two sure-fire ways: he can stay single or stay married."

**Homsley Talks At Lindsay High Athletic Banquet**

Lindsay High School's 1967 sports banquet drew a full house Saturday night with H. H. Homsley as featured speaker.

Homsley, former superintendent of Muenster Public School, kept the large crowd roaring with his humorous remarks. He was introduced by Glenn Hellman, Lindsay superintendent.

The banquet, sponsored by Lindsay Athletic Association, honored coaches, football and basketball boys and girls and cheerleaders. It was held in the school cafeteria.

Cloyce (Red) Gordon of Gainesville was master of ceremonies. Father John Walbe gave the invocation and Bill McCollum, president of the Association, extended welcome.

Responses were given by Margie Fuhrmann representing girl athletes and Mike Hundt representing the boys.

Coach Henry Schroeder recognized lettermen and players. Lettering in football were Mike Hundt, David Arendt, Roger Hundt, Rudy Zimmerer, Bobby Zimmerer, Louis Gieb, Brian Bezner, Joe Ray Kupper, Mark Fuhrmann, Red Eberhart, Hank Arendt, Arn-

old Zimmerer and Gary Beyer. District 7-B did not choose an all-district team this year but David Arendt was recognized for being chosen to play in the Eight-Man Coaches' All-Star game this summer.

Letter winners in basketball are Mike Hundt, David Arendt, Roger Hundt, Mark Fuhrmann, Arnold Zimmerer, Gary Beyer and Will Bezner. David Arendt was recognized as the highest scorer.

Girl letter winners are Paula Schmitz, Margie Fuhrmann, Janet Arendt, Joanie Zimmerman, Janice Neu, Clara Hess, Lynn Fuhrmann and Sharon Leorwald.

Superintendent Hellman presented gifts to Homsley and Gordon. He also presented a gift to Miss Sheila Arendt for winning the football score-guessing contest held among students last fall.

Centerpiece for the head table was a letterman's tree "blooming" with miniature gold footballs and basketballs for each player who lettered in those sports.

On the wall, a display of small wooden figures represented Coach Schroeder saying "Cheers to King Henry and his Knights," and each of the cheer leaders and football players. This was a conversation starter since the figures resembled the persons to some degree. Black and white school colors, were used throughout the dining area.

**Coaches Draw up Sport Schedule for Balance of Year**

Interscholastic League athletics for the rest of the school year will consist of volleyball, track and baseball, according to plans made by officials of the 28-B schools last week Wednesday.

Volley ball is for the girls and the participating schools will be Muenster, Saint Jo, Era and Callisburg. George Petrus was named to head the program and Muenster High will host a tournament in March to decide the district title.

Track is next on schedule for the boys. Saint Jo will be host for the district meet some time in April, the exact date to be announced later.

After that the district will turn to baseball. Superintendent Wilson of Era heads the program and will schedule a single round robin season.

Two husbands were sitting in a cafe having a discussion about their wives.

"What do you mean," asked one, "you have to think twice before you leave your wife alone nights."

"First," replied the other, "I have to think up a reason for going out. And then I have to think up why she can't go with me."

**Holiday Booked at CCJC as Faculty Goes to Convention**

Cooke County Junior College faculty members will have 100% representation in Dallas February 16-18 at the annual convention of the Texas Junior College Teachers Association.

To CCJC students, this will mean no classes on Friday, February 17.

"All classes will meet through Thursday night, February 16," President John H. Parker emphasized today, when announcing the February holiday. "This convention is being held so close to Gainesville that the faculty and administration have decided that every teacher should have the opportunity of participating."

The snowstorm was the worst of the year. The train going out to the far suburbs had been moving forward slowly but steadily for hours. Finally, it came to a full stop - stalled for the night. Toward dawn one of the businessmen left the train and fought his way through the snowdrifts to the nearest village. He went straight to the telegraph office and sent a wire back to his boss in the city.

"Will not be at work today," he wired, "not yet home from work yesterday."

effort. As some of the nation's commentators put it, he has finally quit listening to the doves and turned an ear to the hawks. But that statement is only part true. He still is not sending bombers after the fat targets. This is still a one handed operation intended to convince the enemy without inflicting severe punishment that it's smarter to quit fighting and negotiate.

As we resume the same old half hearted effort one wonders how long it will take us to learn that coaxing the enemy is a waste of time. This farce has been going on for several years and apparently we are no closer to victory than when we started. Meanwhile our country with its awesome military might is in the embarrassing position of being frustrated by an undeveloped country about the size of Missouri. No wonder the reds all over are enjoying our humiliation and free countries are losing confidence in us. It is high time to begin serious fighting.

We hope it's true that LBJ is listening more to the hawks. If so there's a chance that he will take the war out of the hands of the State Department and turn it over to the military - and we'll finally see a chance for victory. Then we can also quit fret-

ting about enemy refusal to respond to our peace offers. If we'll fight this thing to win he will instead respond to our demand for unconditional surrender. After all, why should this nation consider talking peace with the reds? We should settle for nothing less than talking peace to them.
