Council Suspends Two Traffic Rules During Funerals

Investigations of riots are just getting started on Capitol Hill and already the legislators are getting some eye openers. The riots are not just spontaneous outbreaks of built-up resentment by the underprivileged as we have been told so often. Rather they are well planned skirmishes in a war on capitalism, inspired by the world wide enemy of freedom.

When the time comes to have a riot, a sparking incident is set off and in minutes the mobs are in action with their rifles, fire bombs, etc. As one veteran police officer told the investigating committee, violence cannot build up that fast. The only explanation is that it was organized before the incident.

It's not just a coincidence that mob violence in a city follows the appearance of rabble rousers like Stokely Carmichael and Rap Brown. These fellows are experts in trouble making and their activity is a lot more extensive than "Black Power" harangues of spewing hatred. It also includes the strategy of guerrilla attack, as was threatened by no less a scoundrel than Fidel Castro.

Carmichael removed a n possible doubt on that matter when he went to Havana for Castro's big pow wow with the top communists of Latin America. While there he revealed his intentions and affiliations even more clearly by bragging that black power guerrillas are being organized in the US to "bring the collapse of capitalism and imperialism." From what he said and what has already happened thinking people are compelled to believe that red training cadres are well advanced in their work and thousands of fanatics await their orders start the war.

To our way of thinking this mess has already been permitted to go much farther than it should. Practically all of the spies and traitors, especially the leaders, can be identified and nabbed by the FBI, and the gigantic red plot can be disorganized in short order. Then why isn't it being done? Will more people have to die? Will more cities have to be burned out? Will more business men have to be ruined?

One might suggest that the way to meet this red revolution is the method used by the reds themselves. Deal with them ruthlessly, shooting down any and all who are caught taking part in the revolt. After a few riots are stopped in that manner other rioters would be reluctant to continue the revolution. In fact, if it goes much farther that may become the only way of stopping it.

We hope that our national leaders will have the good judgement to realize that the zero hour, though near, can still be avoided if they will get busy at eliminating the source of trouble. A few dozen, perhaps a few hundred at the most, of the more influential traitors should be rounded up and dealt with as traitors. After which the revolution will fall apart.

Something else that might help is some plain talk to the masses of Negroes who are being suckered into doing the dirty work for the communists. Many of them would change their minds if they realized what they are doing, especially if advice were accompanied by a warning of what will eventually happen if they persist in the folly.

That, of course, would be politically distasteful to Washington big shots. It would be equivalent to admitting that they have been wrong in claiming that racial violence is only a protest of society's failure to do enough for the Negroes.

Well, it's about time for them to admit their mistake on that point anyway. Evidence piled up in the past riots shows that most trouble makers are not the economically deprived slum dwellers. They have jobs with medium to high pay. Some of them are on the anti-poverty payroll and used their federally provided facilities to help agitate the riots. Some of those arrested in Detroit work in the auto factories receiving \$125 to \$150 a week. Some looters were seen hauling away their stolen goods in Cadillacs and Thunderbirds. Those were not poor folks striking back at an unfair society. They were insolent, hate-crazed fanatics — some of them probably aware that they were fighting the red revolution.

The same pattern was evident in the Milwaukee riots. The same in the Los Angeles (Continued on page 8)

Football Practice Will Start Monday

For the Tigers

Thomas Williams, coach of the Sacred Heart Tigers, is looking for more players and more games as he prepares for the season's first practice session.

In accordance with Interscholastic League regulations he will have his first workout next Monday. Practices will be in the evening, starting at 7:30 o'clock, and will continue at that time until school starts on August 28. After that the boys will be on their regular afternoon practice schedule.

Also in keeping with regulations, players will work in shorts and T-shirts for the first week and put on their pads the second week.

Williams met most of his boys for the first time Tuesday night after church service when they came to school for a short meeting. Seventeen were there, including some freshmen, and he's hoping for a few more next Monday.

Regarding number of games, he said the schedule is changed but not the total. Whitesboro has cancelled its game but Anna has been added, so there are still six games on schedule.

For the Hornets

Coach Glenn Richardson and his assistant, Dan Hamric, will get together this week for their first 1967 football planning session — and get set for their first practice next Monday night.

Their boys are notified to report at 7 o'clock for that occasion, allowing an extra half hour for issue of equipment. For the rest of the week and the next the Hornets will start working at 7:30. They will start afternoon practice the first day of school.

The first week will be spent on conditioning as the boys practice in shorts and T-shirts. The second week they will receive padded equipment for contact practice.

Hamric, a quarterback during his days on the Hornet team, will return to the backfield as assistant coach. Richardson said this week that he intends to take charge of the line and put Hamric in charge of the backs.

The story is told of a tough western sheriff. He wore a badge on his chest — without a shirt.

Muenster, Saint Jo Share in Loss of A. B. Williams, 59

Archie Bryan Williams, 59, owner and operator of Muenster Pump and Supply, died suddenly at 3:10 Tuesday morning at his home in Saint Jo.

Cause of his death is believed to be a heart attack. He was known to have a heart condition, and was discharged from Muenster Hospital about a month ago after a month of treatment for a heart attack.

Funeral services were held in the Methodist Church of Saint Jo Wednesday at 3 p.m., after the body lay in state there for the preceding hour. Rev. H. H. Barnett, pastor, and W. D. Craig of Nocona officiated.

Burial in Mountain Park Cemetery was under direction of Scott Bros. Funeral Home.

Williams, better known to the area oil trade as "Mud" was born in Saint Jo, May 14, 1908, a son of Mr. and Mrs. T. M. Williams. He was married to Miss Pearl Lewis Nov. 26, 1939 in Nocona.

After working for many years as an employee in the oil field supply business he went into business for himself. He established Muenster Pump and Supply here in 1959.

Division Changes In Myra District Vetoed by Board

In an open forum meeting Tuesday night the Cooke County School Board voted unanimously to leave the division boundaries of the now dormant Myra School District as they were established in a board meeting on June 29, 1967. This action divided the dormant Myra School District between Muenster, Era and Lindsay school districts.

Two petitions which had been sent to the County School Board since the June meeting were reviewed. One petition signed by twenty-four people asked for boundary changes. The other petition with ninety-seven signatures asked for the boundaries to be left as they were established on June 29, 1967. Some forty people appeared before the Board in behalf of their respective petitions.

Windthorst Has Weekend Gala for Diamond Jubilee

A big celebration is in the making at Windthorst to observe the 75th anniversary of the founding of its St. Mary's Parish. It is scheduled for two days, beginning with a parade in downtown Windthorst at 6 p.m., Saturday, August 12, and extending through all of Sunday.

Father Cletus Post, pastor of St. Mary's Church, and the diamond jubilee committee describe their anniversary party as homemade, informal, unconventional — a good old fashioned family type get together.

Principal event of the celebration is a Mass of Thanksgiving at 9:30 Sunday as a group expression of appreciation to God for many years of blessings and to the community pioneers for good organizing and building.

Saturday's activity, following the 6 o'clock parade, will consist of a commemorative program and a dance — plus judging and award of prizes in the beard growing contest.

Sunday after Mass the parish ladies will serve the diamond jubilee dinner and a community get-together with concessions and refreshments will continue for the rest of the day.

as estimated by those in charge.

At this time, only one phase of the work is going. That's tile laying, and good progress is apparent from one day to the next. Through Wednesday two end walls, a section of side wall and the corridor walls were finished. Still to be done are eight short partitions and the rest of the side walls. Three men are on the job. Foreman Andy Schoech expects their work and the roof to be finished by the end of next week.

After that, he said, only finishing work is left and it can be done in a week — if enough help is available at the time. It's possible for workers to move out as the children move in. If not, the children will not have to wait long.

Though planned as a budget project, concerning both time and money, the building will be comfortable as well as sturdy. Each room will have its own heating-cooling unit. It will have acoustical ceiling, fluorescent lighting and asphalt floors — all the essentials although, perhaps, short on frills.

Floor and foundation are finished on the school's athletic building, but progress stands still at that point. The classrooms have priority.

ROAD TO REVOLUTION

The average person reading about the riots in Detroit, Newark, Cincinnati, Milwaukee and other cities is likely to ask, "Why are these things happening?"

The answer is to be found in a new paperback book, *The Road to Revolution*, which could not have come at a

more appropriate time. Written by a man who was once part of the revolution we are now witnessing, it tells how the violence is planned and who is doing the planning. It is not a pleasant book but the time has come for Americans to take a long hard look at what we are up against. The author, Phillip Abbott

Luce, at 29, is a former leader of the "New Left." He defected in January, 1965, when he became disillusioned with the cynical way in which the Communists were willing to sacrifice individuals and society itself to promote Communist designs. In his book Luce quotes one of the leaders of the Harlem riots of 1964, William Epton, saying: "We will not be fully free until we smash this state completely and totally... We're going to have to kill a lot of those cops, a lot of those judges, and we'll have to go against the army."

Which was a pretty good forecast of what has come to pass.

As an officer of Progressive Labor, a pro-Chinese Communist offshoot of the Communist Party of the US, Luce became familiar with various projects in which people were trained for the kind of guerrilla warfare that has wrecked Watts, Newark, Detroit and other cities. "Not only did we store guns in New York," he states, "but target practice was held on Long Island prior to the Harlem riots."

Stokely Carmichael, a recent visitor to Communist Czechoslovakia and an important delegate at the Communist conference on "liberation movements" in Cuba, is an important central character in the Luce book. The author tells of a 1966 fund raising dinner in Harlem at which the highly-publicized agitator reported that in Cleveland merchants were building stores without windows.

"I don't know what they think they'll accomplish," he sneered. "It just means we have to move from Molotov cocktails to dynamite. They say we're stupid and don't do anybody any good and we deserve to be called that because if we had any sense we'd have bombed these ghettos long ago."

The Road to Revolution certainly makes more sense than much of the claptrap being mouthed by politicians. In fact, we'd suggest that they read it too.

The fires, the sabotage, the guerrilla warfare in our streets were planned. Phil Luce tells us when, where and how.

NAVY METHOD. CLEAN SWEEP. WITH A SWAB!

It is a tradition of the US military that men in uniform hold themselves aloof from domestic policies. Military leaders understand their job to be the defense of the United States.

Vice-Admiral William F. Raborn was a career Navy officer. When President Johnson made him Director of the CIA he took to that post a natural disposition to view the functions of the CIA as essentially military. One can well imagine his reaction upon finding file after file and case after case in which the CIA was secretly investing staggering sums of money in individuals, institutions and organizations which were openly hostile to US policy, foreign and domestic.

The headquarters records showed, for example, that the CIA secretly financed a students' organization which publicly and violently opposed the Vietnam war and the draft; one suspects that Admiral Raborn had some rather salty comments to make when he found the officer who ran that operation.

And the Admiral doubtless was taken aback when he learned for the first time that many books on foreign policy which he had been reading were actually financed by the CIA. One New York book publisher calmly admitted that his firm, alone, had published more than a dozen such books. It seems probable that he was visibly shaken to learn that a "former" CIA person headed a study of US foreign policy in the Far East under contract to the Senate Foreign Relations Committee. Just how "former" the man really was, not even the Senate Committee ever determined.

But surely the real explosion came when the Admiral learned that almost a million CIA dollars had gone to an outfit in which the perennial Socialist candidate for President, Norman Thomas, was a leader, and that a prominent beneficiary of the funds was Juan Bosch. This was the same pro-Communist Juan Bosch who had moved to take over the Dominican Republic. President Johnson had found it necessary to send in the Marines. The spectacle of the CIA secretly supporting Bosch, while Marines died to head him off, certainly was too much.

Admiral Raborn didn't use a broom. He put a task force to work swabbing the decks. People who loved CIA money but loved criticizing the US too, were scrubbed out, and their expensive projects with them. The howls were loud, long and front page. The sunshine patriots forgot their oaths of secrecy, forgot all concern for security, forgot all consideration for the safety of valuable undercover CIA agents who might be arrested, assassinated or exposed by their wounded pocket-patriotism. And irresponsible newspapers and magazines reeled off all the CIA scandals they could induce the vain, scorned "gliberals" to reveal.

As an old retired Navy man, we hope you'll pardon us if we appear slightly prejudiced.

THREE LITTLE PUPS

There was a certain man who had a son, and the son had three little pups. The father asked the son what he had named the dogs. The boy replied, "Father, I am not going to name my puppies until I take them hunting."

Twelve months later the boy took the young dogs hunting. When he came in the father asked the son: "What did you name them?"

The son replied: "I named them 'Great Society,' 'Worker' and 'Poverty.'"

The father asked the son why he gave them such names.

The son said: "Well, I jumped a rabbit and old Worker took off. He ran and ran and ran and finally caught the rabbit, while old Poverty sat on a terrace and howled and howled until 'Great Society' took the rabbit away from old Worker; and after he had eaten his fill he took the rest and gave it to old Poverty!"

PETTY CASH

Chief Justice Earl Warren and his wife journeyed to Peru Bolivia and Columbia recently as "United States specialists." The State Department picked up the tab for \$948 according to news accounts.

There's a division of opinion in Congress. Some think the Chief Justice could have paid his own way out of his \$40,000 salary. Others think the trip should have been extended indefinitely, insisting that private subscriptions could send him away further, and longer.

WRINKLES
by Marie Davant
New York: — Chemical science has found a white substance made with quicksilver that works wonders on wrinkled, roughened face and hands. Use it one time and it is entirely possible you will see improvement next morning. In a few days dry skin wrinkles start to vanish. Many of the small ones around the eyes and mouth have already disappeared. But that is not all! "Old-Age" (weathered) brown spots on hands and arms — brown "age" darkness on surface of face and neck fades away! Rich oils lubricate pores so blackheads can slip out without squeezing. Surface pimples and blemishes and scars, outwardly caused, dry up or become less noticeable! But don't take my word for it. Make a 6-day test without risking one penny. Just get a jar of Peacock's Imperial Creme at your favorite department or drug store. Use this thrilling cream for 6 days — and if you are not delighted with results, full price will be refunded. No questions asked. Peacock's Imperial Creme can work wonders for wrinkles, lines, brown spots and other weathered blemishes. You may obtain Imperial Creme for \$2.00 from Watts Bros. Pharmacy, Gainesville. Clip this out.

Mr. and Mrs. Anthony Klement were hosts at their home Sunday for a noon barbecue dinner honoring four of their children who have birthdays in August. It was also the first time their new grandson Chris Dangelmayr was out socially to join in a family gathering. And the group was celebrating Mrs. Klement's recovery from varicose vein surgery. She was dismissed from Muenster Hospital Saturday. August is also Mr. and Mrs. Klement's wedding anniversary month.

The birthday honorees were Barbara, Aug. 2; Janet, Aug. 8; Jimmy, Aug. 14; and Joyce, Aug. 17.

Mr. and Mrs. Paul Dangelmayr attended with their three sons, Michael, Ronnie and baby Chris. Other guests included Mrs. Klement's father Theo Schmitz and her aunt, Miss Theresa Loerwald, both of Lindsay, and Tom Bayer. Twenty-three were present. It was Mr. Schmitz's get-acquainted visit with his newest great-grandchild.

Mrs. Wilder, Joined By Son, Daughters Visits Old Mexico

Seeing Old Mexico was an exciting vacation for Mrs. F. J. Wilder, and seeing it with her two daughters and son added happiness to the three week tour. She returned home Tuesday after being away since the latter part of May.

For six weeks after leaving Muenster she kept house for her daughters, Sister Mary Benedict Zimmerer and Sister Mary Madeleine Zimmerer who taught summer school in Westphalia.

On July 15 she left San Antonio by jet for Gaudalajara, Jalisco, Mexico, where her son Fritz Zimmerer met her. She spent the next ten days with him at Tecoman, Colima, where he has a 150-acre banana plantation.

Mrs. Wilder and son went to Mexico City where they met the two nuns.

Highlights sightseeing included the Shrine of Our Lady of Guadalupe, National Institute of Fine Arts, Latin American Tower, American Embassy, National Museum of History, Emperor Maximilian's Palace, parks, and the Metropolitan Cathedral of Mexico. This cathedral lost 300 years of art in a fire in January this year. The whole interior was damaged but Mass is still being celebrated at some of the altars.

From Mexico City they traveled to Queretaro where they visited at the house of formation for the Sisters of Divine Providence in Mexico, and the Marist Brothers' Scholasticate. Returning to Tecoman they drove to the top of a high mountain to visit the chapel of the Immaculate Conception known there as "La Cumbre."

The four spent the next two days on the beach of the Pacific Ocean at Santiago and visited the shipyard in Manzanillo. They also visited a coconut factory in Armeria.

After leaving Tecoman they went to Guadalajara, attended Mass at the Altar of Calvary in the Cathedral, toured a glass factory and a furniture factory, visited the Church of Our Lady of Zapopan and the Alameda Park.

The next day Mrs. Wilder and her two daughters boarded a bus to get back to Texas by way of Brownsville. They visited relatives in Rio Grande Valley and drove into Muenster by noon Tuesday.

Mrs. John Schilling was waiting at the home of her daughter, Mrs. Alfons WALTERScheid, for her sister and nieces and they all had dinner together before the nuns left.

Sister Madeleine will teach again at El Reno, Okla. Sister Benedict will be a teacher at Westphalia.

Muenster visitors, guests of the Ray Swirczynskis four days the past week, were her brother and sister-in-law, Mr. and Mrs. Arnold Decker and their sons, Dennis and Danny of Greenburg, Ind. It was the first time in six years the two families were together. One day they went to Houston for a tour of the Astrodome and a ball game.

Mr. and Mrs. Stan Wylie and childrn of Grand Prairie spent Saturday with her parents, the Bill Kathmans.

Kin from 4 States Together Here for Family Gathering

The eight children of Mrs. Kate Wilson, along with their families, joined her in a reunion Sunday at Muenster City Park. Those attending came from five states for the first such reunion in 14 years.

Navy Lt. Commander and Mrs. Bill Tilger and children Matt, Katie and Maggie came from Arlington, Va.; Navy Lieut. and Mrs. Mike Simpson and children Inger, Gretchen and Mike came from San Diego, Calif.; Air Force Lieut. and Mrs. Johnny Fette attended from Topeka, Kansas; Mr. and Mrs. Ronnie Fette and children Randy, Leslie and Gina came from Santa Clara, Calif.; Walter Fette attended from Spokane, Wash.; Miss Pat Fette came from Dallas. The other two, Eddie Fette and Debbie Reynolds, are of Muenster.

Mrs. John Fette of Muenster was with the group making four generations present. Other attendees included her children from Muenster.

Also guests were Miss Candy Ross and Mike Skully of Spokane who made the trip with Walter Fette.

The group had a fried chicken and baked ham dinner with all the trimmings catered by Mrs. Joe Lethertz, aunt of the Fette children. The youngsters went swimming. Family pictures were made.

Mrs. Simpson, the former Carol Fette, baked and decorated a large cake honoring family members with birthdays in August. There are six including Mrs. Kate Wilson, Mrs. John Fette and Mrs. Joe Lethertz. They received a round of greetings as the cake was cut.

The Tilger family — Mrs. Tilger is the former Anna Grace Fette — will be leaving New York for Germany on Aug. 28. His new assignment with the Navy will be in Stuttgart. They will also visit his parents in Trenton while they are on overseas leave.

All of the visitors arrived during the weekend and were guests of either their mother or at the home of their aunt, Mrs. Lethertz.

Some of them started home Monday. The Simpson family has another week of leave time ... driving home leisurely ... stopping at Marlow, Okla., to visit his grandparents. They visited his parents at Corpus Christi before coming to Muenster.

The Ronnie Fettes and Johnny Fettes extended their visits a few days.

Salvation Army to Send Truck Aug. 15

The Salvation Army truck will be in Muenster on August 15 announces Major Byron A. Freeman, commanding officer of the Salvation Army Men's Rehabilitation Center for North Texas. Local residents who want the truck to stop by their home or business should call 759-4311.

The Salvation Army salvages, refurbishes and makes useful again clothing, appliances, furniture, toys, and other items. Clothing if too worn to fix, is sold as rags and is also an important source of income for the group. The gathering of discards completely sustains a rehabilitation center that helps over 1,000 men each year. The men are troubled by alcoholism or other deep personal problems, or are parolees who do not have an "outside" sponsor to help them re-adjust and find a job.

Fuhrmann Family Has Get-Together

Members of the H.N. Fuhrmann family had all planned to be together for a weekend at the family home in Muenster for a reunion to visit with Jerome Fuhrmann, back from Vietnam after a year of duty. He was separated from the service last week.

There were two disappointments in the otherwise happy occasion. A son and a daughter had their plans changed almost at the last minute.

Spec. 4 Francis Fuhrmann who was due in Saturday morning by air from Fort Carson, Colo., telephoned he was on an 18-hour alert. And Sister Mary Helen telephoned from Sherman that she was leaving early Sunday for Notre Dame University in Indiana for a short course. She has been appointed superior at the Sherman convent.

Those from out of town who joined in the reunion were Mr. and Mrs. Cletus Bauer and children Paula, Bill and Bryan of Atlanta, Texas, Mr. and Mrs. David Endres and children John, Howard and Carla of Garland and Mr. and Mrs. Leon Fuhrmann of Myra.

They had dinner Saturday evening at the family home and on Sunday were together for noon dinner at Rohmer's Restaurant.

The Bauers are on a week's vacation and will visit also with his parents, the Joe Bauers at Gainesville.

PUBLIC NOTICE
Proposed CONSTITUTIONAL AMENDMENT NUMBER THREE ON THE BALLOT

HOUSE JOINT RESOLUTION No. 17 proposing an amendment to Section 49-b, Article III of the Constitution of Texas, so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans' Land Board to Four Hundred Million Dollars (\$400,000,000); providing for the issuance of said bonds or obligations and the conditions relating thereto and the use of the Veterans' Land Fund; and providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended so that the same will hereafter read as follows:

"Section 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which have been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Office and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigning member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature.

"The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Fund under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present.

"The Veterans' Land Board may provide for, issue and sell not to exceed Four Hundred Million Dollars (\$400,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund, Two Hundred Million Dollars (\$200,000,000) of which have heretofore been issued and sold. Such bonds or obligations shall be sold for not less than

interest on the bonds heretofore and hereafter issued by said Board shall be paid out of the moneys of said Fund in conformance with the Constitutional provisions authorizing such bonds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States such funds are needed for such purposes.

"All moneys comprising a part of said Fund and not expended for the purposes herein provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said Fund thereafter likewise be deposited to the credit of the General Revenue Fund.

"When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and the interest thereon, together with the expenses necessary or incidental to the purchase and sale, or resale, of any lands purchased with any of the moneys attributable to such additional bonds, such expenses to be added to the price of such lands when sold, or resold, by said Board; for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due or to become due on any such additional bonds.

"All of the moneys attributable to any series of bonds heretofore issued and sold by said Board (a 'series of bonds' being all of the bonds issued and sold in a single transaction as a single installment of bonds) may be used for the purchase of lands as herein provided, to be sold as herein provided, for a period ending eight (8) years after the date of sale of such series of bonds; provided, however, that so much of such moneys as may be necessary to pay interest on bonds heretofore issued and sold shall be set aside for that purpose in accordance with the resolution adopted by said Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the re-

retirement of any bonds hereafter issued and sold and to pay interest thereon, together with any expenses as provided herein, in accordance with the resolution or resolutions authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds hereafter issued and sold, at which time all such moneys then remaining a part of said Veterans' Land Fund and thereafter becoming a part of said Fund shall be governed as elsewhere provided herein.

"This Amendment being intended only to establish a basic framework and not to be a comprehensive treatment of the Veterans' Land Program, there is hereby reposed in the Legislature full power to implement and effectuate the design and objects of this Amendment, including the power to delegate such duties, responsibilities, functions, and authority to the Veterans' Land Board as it believes necessary.

"Should the Legislature enact any enabling laws in anticipation of this Amendment, no such law shall be void by reason of its anticipatory nature.

"This Amendment shall become effective upon its adoption."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed thereon the following:

"FOR the amendment to extend the Veterans' Land Program by authorizing the sale of bonds to increase the Veterans' Land Fund for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, which amendment would amend Section 49-b, Article III of the Constitution of Texas, and provide for an additional \$200,000,000 in bonds, such funds to be expended in accordance with instructions and requirements that may be provided by law."

"AGAINST the amendment to extend the Veterans' Land Program by authorizing the sale of bonds to increase the Veterans' Land Fund for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, which amendment would amend Section 49-b, Article III of the Constitution of Texas, and provide for an additional \$200,000,000 in bonds, such funds to be expended in accordance with instructions and requirements that may be provided by law."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state.

Diane Zimmerer Is Party Honoree

Miss Diane Zimmerer, bride-elect of Jimmy Eberhart, was honored at a miscellaneous gift shower Sunday afternoon with Mrs. William Flusche and Mrs. Ray Sicking as co-hostesses in the Flusche home.

Twenty-four guests attended from Lindsay, Muenster and Gainesville. They included mothers of the couple, Mrs. Joe Zimmerer and Mrs. Ruth Eberhart.

The hostesses pinned a corsage on the honoree as she arrived, directed games, and after the gift display presided at a pretty buffet pouring punch while guests helped themselves to pick-up foods.

The gift table, covered with white lace, was centered with a bridal figurine under an umbrella. Blue and white were used as the color accent.

Miss Zimmerer and Mr. Eberhart will be married August 19 in St. Peter's Church at 5 p.m.

riots in 1965. The over all fact is that few rioters deserve sympathy. Most of them deserve contempt and severe punishment.

The whole big mess boils down to a few simple facts. National leaders should know by now that the trouble makers are not the economically deprived. On the other hand, riots look more and more like a diabolical plot hatched in Moscow, Peking and Havana. The country's survival is at stake and its most urgent job is to seek out its traitors and deal with them as traitors.
