NUMBER 13

The problem of what to do in Vietnam is getting bigger and the division of American opinion on the subject is getting correspondingly bigger. There's much to be said on both sides, especially after the big communist offensive of the past few weeks.

Some of the people who used to favor a fight-to-win policy rather than just sweating out a negotiated settlement are starting to wonder whether we can win, and if so, whether it is worth the price we'll have to pay. They admit that our pull-out would leave Asia in a mess. But they also claim that a mess already exists and our chance of clearing it seems to get dimmer by the day.

On the other side are some who are far from admitting that our cause is hopeless. Vice President Hubert Humphrey, for instance, stated in a TV interview last Saturday that the big red splurge was by no means successful. Their losses in men and materials were much greater than ours. And they had failed completely in their main objectives of recruiting civilians, inducing defection of South Vietnamese soldiers, and alienating the loyalty of South Vietnamese people. He claimed that Americans and Vietnamese had done well in the first assault and are able to do as well in the anticipated next big offensive.

Senator John Tower voiced a similar opinion. He said that the enemy's big effort accomplished little of real military value. He does not concede that America should pull out.

Despite the increasing opinion in support of our withdrawal, there are reasons to believe that, finally, both United States and South Vietnam are ready to take the war more seriously. Another sample of red treachery ought to convince both armies that this is grim business and nothing can be taken for granted.

Many people refer to the widespread attack as another Pearl Harbor. It was a surprise set up by a lull in enemy hostility along with rumors that Hanoi was considering peace negotiations.

As usual, our leaders were taken in by the rumors, and cooperated to improve the climate for peace talks. They complied with the enemy's hinted wishes for a let-up in bombing. And they have learned again that such a let-up gives the enemy an opportunity to get troops and equipment into position.

South Vietnamese were likewise lulled to complacency. Quietness of the war apparently convinced them that they could take off in droves for observance of Tet, their lunar-new-year holiday. Many military units were at half strength. The entire army was at ease.

Reds had planned it that way for months. They infiltrated and smuggled weapons and remained peaceful, encouraging the general attitude of unpreparedness. Then they struck simultaneously. Guerillas spread terror and death in cities and villages while troops launched their savage attacks on American and Vietnamese positions.

Considering all that, there seems to be logic in the Vice President's opinion. The magnitude and savagery of the communist all out assault, especially at the time of allied unpreparedness, was an obvious bid for a fast and crushing victory. Its limited achievement under those conditions amounts to failure rather than victory. The Vice President apparently is justified in thinking that the war is far from lost.

The enemy's terror attack on defenseless civilians prompts one to wonder whether our scrupulous restrained conduct of the war is really the right method. It is estimated that 3000 were killed and 8000 wounded by guerrillas. Also that 350,000 were left homeless. Usual Cong procedure, it is said, is to take over an area and demand volunteers. Those who refuse, along with people of influence, are shot and local life is generally wrecked.

The beasts who do that are infiltrators from the North. They are ruthlessly destroying the country while their own country, except a few military targets, remains immune. Why? Many of us fail to understand why ports and power plants and industries and any other vital targets are not blasted. Why not cramp their ability to

Linzie Branch, 59, Found Dead on County Road Job

Linzie E. Branch, 59, of Gainesville, a Cooke County road employee in Precinct 4, was found dead at the Precinct barn northeast of Muenster about 3:45 p.m. Monday, apparently the victim of a heart attack.

Peace Justice Carl Burchfield ruled death due to natural causes.

Branch remained at the barn when other workers left at about 8:45. Commissioner Earl Robison found the body when he returned to the barn. Branch apparently had died about 9 a.m. His doctor reported that he had a record of heart disease.

He was born July 7, 1908, at Marysville and resided there until about two years ago.

Funeral services were held Wednesday afternoon at 4 o'clock in the Vernie Keel Chapel. Burial followed in Fairview Cemetery. Officiating ministers were the Rev. Messrs. A. L. Lamance of Bells and O. G. Cogdill of Gainesville.

Bearers were Earl Robison, Tom Binford, Rufus McElreath, Jess Shields, R. D. Morris and Albert Fleitman.

Surviving are his wife; one daughter Peggy Branch of the home; a sister, Mrs. C. R. Burch of Gainesville, three brothers, Merle of Gainesville, J. D. of Bells and L. B. of Edmond, Okla.; and his parents, Mr. and Mrs. Lee Branch of Gainesville.

News of the Men in Service

He was separated from the service at Fort Carson, Colo., where he was assigned after basic at Fort Polk, La. While at Fort Carson he went to England for a month of training with British Army units when members of the 5th Infantry Division participated in a 30-day exercise. He is the son of Mr. and Mrs. Henry N. Fuhrmann.

Pfc. Danny Wilde is at Fort Dix, N. J., being processed for transfer to Vietnam. He ended an overseas leave with his parents, the Ray Wildes, Thursday and they saw him off at Love Field by jet. His sisters Jan and Joanie went along to Dallas to wave goodbye. Also leaving at the same time was Jimmy Otts, son of Mr. and Mrs. Harold Otts of Gainesville, and they were there to see him off. Danny and Jimmy have been together since enlistment, through basic at Fort Polk, La., and specialized training at Fort Gordon, Ga. They did not know if they would be together in Vietnam. Enroute to Fort Dix they stopped for sight-seeing in Washington, D.C.

Broadway Comes To Muenster High

An evening of spooky entertainment is booked for next week Friday, Feb. 23, at 8 o'clock when the senior class of Muenster High presents "The Skull" in the MHS auditorium.

The three-act play is a mystery comedy originated on Broadway, with an abundance of creepy situations and screams. Rehearsals under direction of Gareld Payne have been in progress for several weeks.

Admission charges will be \$1.00 for adults and 50 cents for students.

Children seldom misquote you. They repeat word for word what you shouldn't have said.

After winning an argument with his wife, the wisest thing a man can do is to apologize.

Hospital Ups Room Rates

The current trend of increasing hospital charges has reached Muenster Memorial Hospital, David Bright, administrator, announced this week that new room rates there will become effective next Sunday, February 18, as follows:

Semi-private rooms - \$20.00
3 private rooms - \$22.50
2 private rooms - \$25.00

Mr. Bright said that the increases are necessary to compensate for a general increase of operating expenses resulting from the recent federal increase in wages. Higher labor rates apply directly in the local payroll and indirectly in the cost of drugs and supplies which the hospital buys.

Nevertheless, he added, room rates here are no higher than in other hospitals of the area, and they are still far below those of metropolitan hospitals.

Six Elm-Red Men Attend Convention On Conservation

Six conservation supporters of the Upper Elm Red Soil and Water Conservation District, including two from Muenster, were in Dallas Sunday through Wednesday of last week attending the 22nd annual convention of the National Association of Soil and Water Conservation Districts.

Over 2000 persons representing all of the 50 states registered for the occasion and over 1000 were present for the closing banquet Wednesday night. The convention was held in the Statler Hilton Hotel.

Speakers and program leaders included Congressman Jim Wright, Lt. Gen. Wm. Cassidy, Chief of US Army Engineers and nationally prominent leaders in conservation, reclamation, beautification and recreation.

The association is a voluntary organization of 3000 local conservation districts. Its next convention will be in Atlanta, Ga.

Those attending from this area were J. M. Weinzapfel, District Supervisor; J. H. Bayer, Keith Kemplin and W. H. Green, and SCS Conservationists John Tippie and P. C. Wylie.

In an election set for Saturday, April 6, voters of the Muenster School District will select two members on their school board in the positions now held by Charley Hellman and Ray Wilde whose terms expire this year.

City Will Elect Two Councilmen April 6

Two members of the Muenster City Council will be named in the annual election set for Saturday, April 6.

The council at its last meeting ordered the election and appointed Clive Gobble and Lee Toothaker to conduct it. The council also pointed out that state regulation requires candidates to announce at least 30 days before, setting the deadline at March 6.

Positions to be filled are now held by Richard Grewing and Aubrey Tuggle. Those who continue in office another year are Mayor Earl Fisher, Rody Klement, Herbert Miller and Gene Hoedebeck.

Firemen Sponsor Dystrophy Drive

The annual drive for Muscular Dystrophy in Muenster got under way last weekend as canisters for donations were placed in the business houses.

As in several years of the past the drive here is sponsored by the fire department in cooperation with other fire departments of the state. Robert Walterscheid and Robert Vogel are co-chairmen in charge. They will pick up the canisters about March 15.

Money raised by the Muscular Dystrophy drive is used for research and treatment of the disease.

Bruns with Group In Florida to See Ultra School Plant

Superintendent L. B. Bruns was one of twelve men who spent the past Sunday, Monday and Tuesday in Fort Lauderdale, Florida, seeing that city's ultra modern school system.

They were representatives of school systems in several North Texas cities observing for the federal program, Project Change, which is sponsored in this area by Texas Christian University and directed by Dr. Porter Crow. They left Dallas by plane Saturday afternoon and returned Tuesday night.

The group got a thorough briefing and demonstration on "new concepts of education" including building design, teaching aids and curriculum along with a year round teaching program in order to make better use of building and facilities.

Students Register Sunday at SH for 68-69 School Year

Registration for all children who will attend Sacred Heart Grade and High School next year will be held next Sunday, February 18, from 2 to 5 p.m. in the high school library. Sister Roberta, principal will be in charge.

The early count, as explained by Father Alcuin Kubis, superintendent, is being taken so that plans can be made well in advance of the opening of the next term.

As in past years, only parents report for registration. Children do not accompany them.

During the same hours parents are reminded to visit the classrooms, four through eight, and see their children's displays in an open house exhibit.

Sherman Students Give One-Act Play At SH High School

A student high school group from Sherman came to Muenster Tuesday afternoon to present a one-act play at Sacred Heart High School.

Led by Jerry Young, head of their speech department the young people enacted "The Old Lady Shows Her Medals." There were six in the 30-minute presentation directed by Judy Porter. All high school students and faculty attended.

Afterward the visitors were treated to a pizza lunch by speech students at Sacred Heart High.

Students' Work to Be Shown at SH Open House Feb. 18

Open house has been set for Sunday at Sacred Heart School from 2 to 5 p.m. in grades four through eight. The faculty cordially invites, even urges, parents to attend to see students' work on display and visit with the teachers.

Open house will be held during the same hours set for registration for next year and parents can sign up their children and visit the displays in one trip, Sister Roberta, principal, pointed out.

Next Wednesday and Thursday parent-teacher conferences will be held for grades one and two. Parents with children in other grades can arrange for individual conferences if they care to.

Medders Keep Colonial Acres

Another chapter in the rise and fall of the Medders financial empire came to an end last week Thursday when Bankruptcy Referee Joe Huffstutler of Tyler signed a court order allowing Mr. and Mrs. Ernest Medders to keep their 185 acre elaborately improved farm as a homestead.

However the place is not all theirs. A deed recently filed in Cooke County indicates that one third interest has been conveyed to Attorneys Jack Gray and John Sullivan of Denton who represented Mr. and Mrs. Medders in court procedure resulting from their bankruptcy.

City and School Tax Collections Over 94 Per Cent

Tax collections in Muenster were in good condition as the final date of payment without penalty arrived on January 31. The City of Muenster and the Muenster School District both have collected more than 94 per cent of their taxes due.

Mrs. Arnold Henseheid, city secretary, said that the city has received \$26,002.38, which is 94.75 per cent of the total assessment of \$27,443.04. The city tax rate is \$1.50 on a total valuation of \$1,340,654.50.

Mrs. L. B. Bruns, tax collector of the school district, said that the amount collected is \$97,855.53. That is 94.2 per cent of the total assessment of \$103,874.84. School tax rate is \$1.50 and the total valuation is \$6,924,989.

This valuation does not include a part of the former Myra district which was added to the Muenster district last year. The annexation was made after the deadline for setting up tax assessments and taxes of the district were collected by the county tax office, as before. That office will remit to Muenster, Lindsay and Era districts.

MHS Teams Win 1 Lose 3 in Final Games of Season

Muenster High basketball teams ended their season Monday night by dividing a pair of games at Valley View. Girls started the program with a 29-25 win and the boys went down 78-47.

Final standings of MHS in the 28-B season were fourth place for the girls and fifth for the boys. Girls had a 4-6 record in the district, 10-12 for the year. Boys had a 2-8 record in the district, 5-16 for the year.

Standings of all 28-B teams were as follows. Boys, Era, Callisburg, Saint Jo—Valley View tied for third and fourth. Muenster, Lindsay, Girls: Callisburg, Era—Saint Jo tied for second and third, Muenster, Valley View—Lindsay tied for fifth and sixth.

Muenster girls started slow at Valley View, trailing 7-1 at the first quarter and were still behind, 16-12 at the half. The third quarter was a reverse of the first and put Muenster ahead 19-17. Last one was a real tussle, tied 23-23 before MHS took the final 4 point lead. Linda Wilson and Debbie Cain scored 15 and 12.

Valley View boys gained in all periods but the third for scores of 21-7, 40-14, 56-31 and 78-47. Hornet scorers were Sam Sparkman 20, Tom Henseheid and Mike Cason 8 each, Gerry Cash 6 and John Monday 5.

At Saint Jo the home town girls led in all quarters but the last for scores of 13-5, 23-11, 34-15 and 40-25. MHS scorers were Linda Wilson 10, Sue Flusche 9 and Debbie Cain 6.

The next one started with the Hornets taking a 16-8 first quarter lead. In the next period the Panthers overcame the deficit and took a 24-23 lead. Then the teams saw-sawed for a while in the third period before Saint Jo pulled ahead 36-29. Last period the Panthers improved their lead to 50-39. Leading scorers for MHS were Sam Sparkman 17, John Monday 10 and Tommy Henseheid 7.

City Announces Dump Ground Open Two Days a Week

Beginning this week the city's dump grounds will be open Saturdays and Sundays from 9 a.m. to 6 p.m. The announcement was made Monday by Steve Mosler, city manager, after an agreement had been reached with Buford Jones of Gainesville for salvage rights in the area.

By terms of the agreement Jones will open and close the place on the specified days and will remain there looking for salvage items. He will also burn trash. The city still has responsibility for dozing the junk into a small area when it becomes scattered.

Winter temperature along with a winter look returned to the community this week. Cold which moved in Sunday has been hanging on since then and brought in a spurge of sleet and snow Wednesday.

Measure of the snow and sleet mixture was recorded at 1 inch by Steve Mosler and the melted down measure was .18. Added to .03 on Tuesday and .20 on Feb. 1, this brings the month's reading to 41 and the year's reading to 5.03.

Low temperatures of the week were 22 on Sunday, 26 on Monday, 29 on Tuesday, 25 on Wednesday.

CORRECTION:

Since publication last week the Enterprise has learned that a statement in its story about the death of three persons in a car accident was possibly in error.

The article stated that Mrs. Grewing was reported to be driving. That report apparently can not be substantiated from evidence at the scene, and it is not known who of the four occupants was driving.

947 Qualify To Vote Here

Muenster's official voting strength this year is 947. That figure was revealed Monday by Mrs. Jo Hillis, county tax assessor-collector, after completing the two poll lists of the community. The north box has 753 and the south box has 194.

Mrs. Hillis also said that the official count of the county is shrinking as duplicates are found in the checkup. Of 10,488 certificates issued, the revised count Monday was down to 10,335. The duplications resulted mostly when two applications were sent in for the same person and a certificate was issued for each, and they are discovered when names are sorted according to voting boxes and listed alphabetically.

The recorded voting strength of Muenster this year is the biggest ever, because this is the first time that persons over 60 were required to have credentials. Formerly those over 60 in cities of less than 10,000 did not need a poll tax receipt or exemption certificate.

However, the actual voting strength may not be greater than before. In 1964 the two local boxes listed 809 holders of poll tax receipts and exemptions and the number of over-age voters possibly boosted the real total to more than 947.

Last year the community had 774 voters on the poll lists.

Garden Club Hears Marvin Davenport As Guest Speaker

Members of Muenster Civic League and Garden Club heard a discussion on rock gardens at their February meeting Monday night when Marvin Davenport of Gainesville was guest speaker.

He discussed different types of rock gardens including modernist and old fashioned, named plants suitable, along with care for them, and handed out printed lists of plants. He also answered questions in a round table discussion.

The meeting was held in the home of Mrs. John Mosman with Mrs. Dan Luke as co-hostess. They served refreshments of individual pink heart cakes, ice cream and coffee on plates covered with lace paper doilies and garnished with a miniature bouquet of fresh violets. The table centerpiece of fresh japonica blossoms carried out a Valentine theme.

During a short business session, Mrs. Pat Stelzer, president, presided and Mrs. Steve Mosler, treasurer, gave the annual cemetery upkeep report.

Sixteen members and two guests, J. M. Weinzapfel and Mrs. Arthur Endres were present. Mr. Weinzapfel's hobbies include rock gardening and he maintains one at his home.

Next month's meeting will feature the annual plant and seed exchange. Mrs. Oscar Detten is in charge.

AN AUTHENTIC POLL

Have you ever been questioned by a researcher compiling data for one of those political polls we see quoted in the paper all the time? Do you know, personally, anyone who has been interviewed? It happens that we can answer both those questions in the negative.

Indeed, we have wondered many times what breed of cat was being sampled to get some of those statistics that purport to tell us what the mood of the country is on this political candidate or that one. But now there has been a poll in which this data is clear and we are glad to convey the findings of this poll as supplied to the press.

First, you must understand that all of those polled were men. Exactly 72 of them filled out the questionnaire. Further, it was recorded that 77.6 percent of those polled were Democrats. It is not our purpose to read any particular significance into that fact. We simply report it and ask that you not lose sight of it in evaluating the poll.

It is also revealed that in subsequent interviews several of those polled indicated that they did not plan to vote in the elections this year. At least one, when asked why not, replied: "I can't. I'm an ex-con."

We cite this fact to substantiate the candor with which the 72 men responded to the questionnaire. Clearly there was no intent to mislead the pollsters, nor to hide real feelings and intentions.

According to the poll-takers, 81 percent of those polled (81.9, actually) believe that Lyndon Johnson will be re-elected President of the United States. However, only 54.2 percent recorded that they consider him the best man for the job. Still, that is a striking majority, and make no mistake but that Lyndon Johnson would gladly settle for 54.2 percent of the nationwide vote on election day. Since each of the respondents has been properly identified, it is possible to accept the authenticity of the findings.

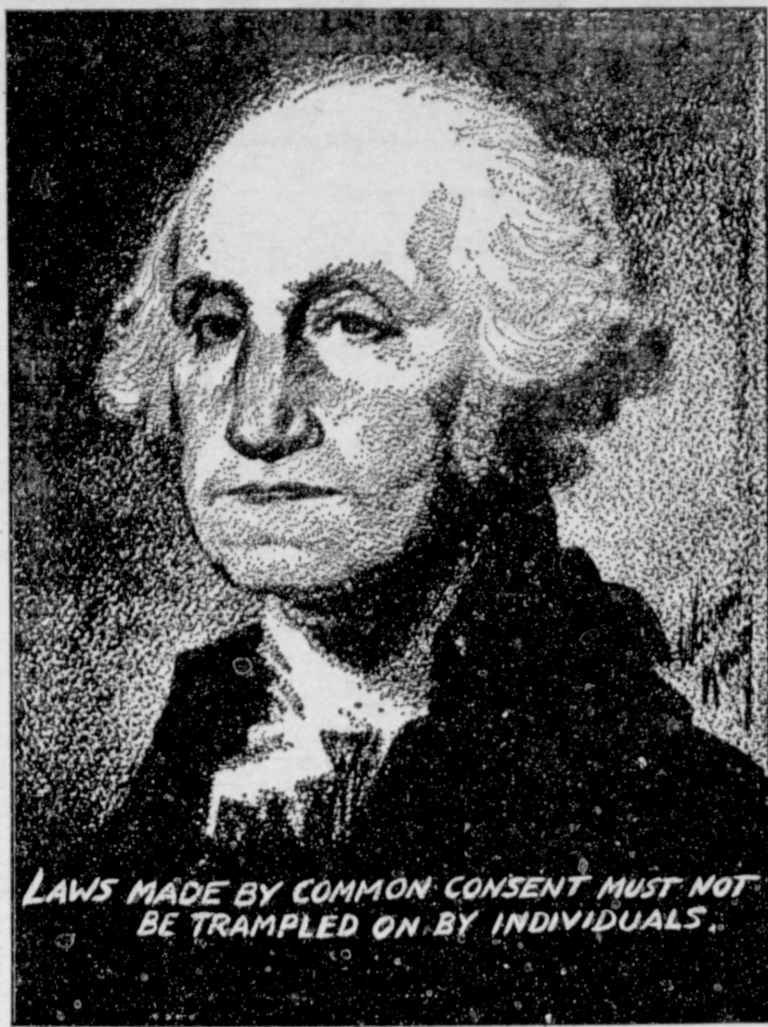

You see, all 82 men polled were residents at the Bowery Mission in New York City. All 72 polled are skid-row derelicts. The purpose of the poll was to see if the men were "in touch with the world." And the "world" now knows that Lyndon Johnson wins the skid row vote.

WORDS OF WISDOM

LAWS MADE BY COMMON CONSENT MUST NOT BE TRAMPLED ON BY INDIVIDUALS.

A TIME TO REMEMBER

When we pause to celebrate the birth of George Washington, let's review a few bits of his wisdom — philosophy just as pertinent today as when it was first uttered.

Constitution — "To every description of citizens, let praise be given. But let them preserve in their affectionate vigilance over that precious depository of American happiness, the Constitution of the United States."

Patriotism — "The name of America ... must always exalt just pride of patriotism ... The independence and liberty you possess are the work of joint councils and joint efforts, of common dangers, sufferings and successes."

Debt — "Avoiding likewise the accumulation of debt, not only by shunning occasions of expense, but by vigorous exertions in time of peace to discharge the debts which unavoidable wars have occasioned, not ungenerously throwing upon posterity the burden which we ourselves ought to bear."

Guidance — "No people can be bound to acknowledge and adore the Invisible Hand which conducts the affairs of men more than those in the United States. Every step by which they have advanced to the character of an independent nation seems to have been distinguished by some token of providential agency ... (Results) cannot be compared with the means by which most governments have been established without some return of pious gratitude, along with a humble anticipation of the future blessings which the past seems to presage."

NOTED AND PASSED

On Crooks and Kooks: At long last, aware that this nation has a terrifying problem, Washington has come up with a typical Great Society remedy: Money. In great gobs. Throw it at the problem.

We are told that billions are going to be needed to make our streets safe for the non-criminal citizenry. One figure being bandied about is \$20 billion. This makes a nice round figure for calculating purposes. We doubt that there are 2,000,000 criminals in the country, but you probably could tot up that figure if you throw in all those who take part in demonstrations, preach treason, smoke pot and indulge in assorted other anti-social activities. Maybe if the \$20 billion were divided among these people, they'd lay off. After all, a \$10,000 bribe isn't to be sneezed at and our politicians could be counted on to keep the money coming. That's one solution. Another

would be to retire some of our Supreme Court justices, fire professional crime-coddlers from strategic jobs pay less attention to the legal outfits which consistently work to get crooks and Communists out of trouble, and then start tossing some of this nation's crooks and kooks into jail — and seeing to it that they stay there.

THE UNLEARNED LESSON

The highly provocative act by the North Koreans in seizing the U.S.S. Pueblo off the coast of North Korea, presumably in international waters, and then holding the 83-man crew as hostages, has demonstrated anew the folly of the Johnson Administration in its efforts to pursue a detente with the Soviet Union and the rest of the Communist world.

Whatever the full story regarding this extraordinary event — and the Administration is certainly concealing some important facts — diplomatic observers stress that the incident should forcefully drive the point that the United States cannot hope to mellow its opponents through kind words and kind deeds.

The event has underscored the bankruptcy of Administration plans to promote peace through East-West trade, unilateral disarmament, non-proliferation treaties, Glassboro conferences, cultural exchanges and the like. For concentration on these so-called acts of magnanimity only serves to dull this nation's awareness of the very real threat posed by the Communist enemy and its global apparatus.

Much of the thinking in the intelligence community in the nation's Capital is that the Pueblo affair is no isolated act, that the Communists have decided to step up the tempo of their terrorist activities in the international arena.

In Guatemala, a Castroite organization gunned down in midday two military attaches of the U.S. Embassy. In North Vietnam some 10,000 North Vietnamese have entered the south to battle U.S. Marines. Recently the Pentagon learned that the Kremlin had dispatched offensive Styx surface-to-surface missiles to North Vietnam, missiles capable of wiping out entire population centers.

Having already triggered one war in the Mideast, the Soviets are setting the stage of another one. In addition, the Soviet Navy has been deliberately harassing the U.S. 6th Fleet in the Mediterranean.

The Pueblo affair, itself, was only the latest series of flagrant aggressive actions by the

North Koreans. North Koreans, Soviet-trained and supplied, have greatly increased their guerrilla raids upon the south, with some experts predicting a full-scale guerrilla invasion is in the making.

During 1966, 50 guerrilla raids were reported in the south. In 1967 there were 543. Immediately prior to the pirating of the Pueblo, South Koreans killed, captured or dispersed a group of 30 northern infiltrators intent on assassinating President Park Chug Hee. Thus the bountiful proof that the Administration's ap-

peasement policies have failed, and failed disastrously.

CDA Court Sets Formal Reception Program March 10

Members of Muenster Court Catholic Daughters of America at their February meeting Thursday night, planned a formal reception for new members, set the date for March 10 and outlined a program that includes initiation in the KC Hall at 2 p.m., Mass by Father Alcuin Kubis, court chaplain, in the hall at 4:30, and a buffet and social following.

Father Alcuin attended the meeting and gave a talk on Vocations. March is Vocation Month.

Mrs. Steve Moster announced the CDA-sponsored poetry contest for students near the end and that the poetry committee had selected judges to determine local winners and send winning poems on to state competition. Judges named are Mmes. Arnold Muller, David Bright and Joe Fellerhoff.

In her library report Mrs. Moster revealed that Muenster Public Library, sponsored by the organization, has received 300 new books on loan from Texas State Library and that library staffers are getting the books shelved.

In other business members elected Mrs. Al Schmitt as

vice regent to fill the unexpired term of Mrs. Leon Fleitman who resigned from the office. Members also set the time for monthly meetings at 8 p.m. beginning in March. During the winter months meetings started at 7:30.

Another announcement concerned the gift of a large coffee urn to the court by Mr. and Mrs. All Hess of Hess Furniture Company and this was gratefully acknowledged.

Mrs. Paul Fisher, grand regent, presided and 27 members attended.

After adjournment Miss Sara Fleitman and Mrs. Ed Knauft served cookies and coffee. Mrs. Harold Knabe's name

was drawn for the attendance prize. Her absence upped the award to \$11 for the March meeting.

Albert Fleitmans Are Dinner Hosts

Mr. and Mrs. Albert Fleitman were dinner hosts in their home Sunday for immediate family members and the Rev. and Mrs. Roy Nickleson of Denison. Mr. and Mrs. Roger Fleitman attended from Gainesville.

SH Teams Blanked In Weekend Games

1968 basketball came to an end for Sacred Heart's Tigers last Friday night and it will end for the Tigerettes this week Saturday.

The Friday program, played at Greenhill in Dallas was a double loss for Sacred Heart, the girls bowing 31-19 in the opener and the boys being nudged 65-60 in the second tussle.

First one was a matter of slow and steady gains for the home team as Margaret Kralicke hit 11 and Doris Sicking 4 for Sacred Heart.

In the next one Greenhill enjoyed a hot first half for a 46-22 lead. Then the Tigers started clicking and gained but not enough. Third period and final scores were 56-39 and 65-60. Meanwhile Lee Roy Hess had a big night for 33 points and 19 rebounds. Other Tiger scorers were Tom Hess 11, Stan Endres 9, Paul Hoedebeck 6.

Saturday night Tigerettes and grade school girls hosted the Crusaders from Immaculate Conception of Grand Prairie. The youngsters' game was a 48-8 run-away for the visitors and the next one was a slump all the way for both teams, with Sacred Heart in the worse slump. The visitors led all the way for a final score of 18-12. The Tigerettes made only 2 field goals and 8 of 26 free throws. Margaret Kralicke accounted for 3 of the points.

The season's curtain comes down Saturday afternoon starting at 4 when the same Grand Prairie teams will be here for more games. They will also have a boys' elementary team to take on the Tiger Cubs.

Muenster Library Gets 300 Books

It was like Christmas in February at Muenster Public Library on Feb. 8, when seven large boxes containing 300 books arrived from Texas State Library.

These books are on loan for a year and can be renewed for an additional year. They are brand new books including a collection of reference, non fiction and fiction for all ages.

Library staffers gratefully acknowledge two sets of encyclopedias, "The Book of Knowledge" and "Grolier Encyclopedia" from a generous donor.

Everyone is invited to visit the Library and check out some of these books, says Mrs. Joe Luke, librarian.

A road sign, warning motorists that they are approaching an army camp, reads: "Please Drive Slowly. Don't Kill Your Soldiers."

But what really catches the motorists' attention is the crayon scrawl beneath, obviously the sentiment of some browbeaten recruit: "Be A Big-Game Hunter. Wait For An Offer!"

Wm. Claunch Jr. Heads Easter Seal Drive in County

William Claunch Jr. will serve as Easter Seal Representative and Treasurer for the 1968 Easter Seal Appeal in Cooke County, it was announced by Robert W. Milam, M.D. of McAllen, President of the Easter Seal Society for Crippled Children and Adults of Texas.

Residents of Cooke County will receive the annual Easter Seal Appeal letters in the mail beginning March 1. The Easter Seal Appeal, conducted yearly to provide disabled persons and their families treatment and service adapted to specific community needs, will be conducted until Easter Sunday, April 14.

Mr. Claunch is one of 169 men and women throughout Texas who are serving in this capacity. The cost of the statewide program is over one million dollars, financed mainly by the Easter Seal Appeal. Almost 90 per cent of all funds raised by the Easter Seal Appeal remain in Texas to support the growing needs of the disabled in the state.

Special emphasis is being given in the 1968 Easter Seal Appeal to the disabled citizen or his family in Cooke County who may need assistance and not know where to obtain it. Any disabled person can contact Mr. Claunch at First State Bank, Gainesville, who will refer the request for services to the Easter Seal Society. A determination of the extent and type of assistance needed and the most efficient means of obtaining that assistance will be made. Arrangements for needed treatment or service will be made by the Easter Seal Society.

Dr. Milam stated that funds received as a result of the annual Easter Seal Appeal now aid 17,622 disabled Texans but that there are many more not currently being aided. These disabled citizens and especially those in Cooke County who contact Mr. Claunch can now be guided to the proper sources of assistance. They or their families are urged to contact him or the Texas Easter Seal Society in Dallas, regardless of age, race, cause of disability or financial status.

Dr. Milam added that the Texas Easter Seal Society annually spends more money on direct services to patients than it raises in the Easter Seal Appeal.

The only thing necessary for the triumph of evil is that good men do nothing.

Birthday Treat

A thrill that comes but once in a lifetime — a train ride for the first time — is a birthday treat that five year old Sonny Barnes will remember always. His auntie Irene, Mrs. John Richey, went to Era for Sonny Feb. 7 and they went to Gainesville where they boarded the Santa Fe for a ride to Denton and return. Sonny accompanied his aunt home to spend until Sunday with Mr. and Mrs. John Richey. It was a delayed birthday celebration.

Fisher Family Has Supper Together

Freeman of Midwest City, Okla., stopped in on their way to Nocona to visit other relatives, and the Fishers' daughter, Mrs. Jerry Hughes and children Terry and Eddie of Grand Prairie were at home for the day.

The group appreciated the opportunity to be together before David Fisher left for the Army. He was with the Cooke County inductees leaving Thursday this week.

Some folks think they're busy when they are only confused.

The old farmer was an incurable grumbler. One fall he had the best apple crop for miles around. One of his neighbors thought it was a good time to congratulate him. "Well, Hiram, you sure ought to be happy now, Yours is the finest apple crop ever raised in these parts."

But the grumbler didn't even smile as he groaned, "Well, I suppose it will do, but where's the rotten ones for the hogs?"

Lindsay Class Has Panel Discussion

Eighth grade students of Lindsay School enjoyed a panel discussion at their recent class meeting. Their subject was "Courtesy in and around School." Speakers were Mike Griffin, Carol Bezner, Claudia Hundt and Polly Schmidkofler. Questions and answers by the class followed. Sister Corinne attended with the group.

Class president Robert Hundt presided, Brenda Beyer secretary, called roll, Mark Metzler collected dues and gave the treasurer's report and Patsy Arendt reported 25 members present.

Some years ago King Carol of Rumania told how he had selected fourteen of the brightest young men in Rumania for training in government service. Seven he sent to England and seven to America, to study the economic and political systems of the two countries.

"The seven who went to England were very wise," said Carol, "and they all now have very important posts in Bucharest. But the seven who went to America were wiser still, they stayed in America."

Former Resident Visits Muenster After Fifty Years

John Noggler of Sioux Falls, S. D., ended a two week visit with Cooke County relatives Thursday this week. He was back in Muenster for the first time in 50 years and found it hard to associate the city of today with the place he left a half century ago. He was amazed and delighted at the change. He was a carpenter working with his uncle the late Joe Noggler in the early days.

He was a houseguest of his cousin, Mrs. Bill Haverkamp and Mr. Haverkamp and went to see other relatives including an aunt, Mrs. John Schilling, and cousins including J. C. Schmidkofler and Mrs. Henry Hess at Lindsay.

A number of family gatherings and dinners brought most of the relationship together to visit with him.

At a dinner Sunday in the Henry Hess Home guests included Mr. and Mrs. Bill Haverkamp, Mr. and Mrs. J. C. Schmidkofler, Messrs. and Mrs. Julius and Paul Hess and Winston Fangman and their families.

Third Order Ready For Feb. Triduum

Members of the Third Order of St. Francis, meeting Sunday afternoon, completed plans for their annual triduum February 27, 28 and 29. Each day's program will open with Mass at 8:50 in Sacred Heart Church followed by a short conference. Time for afternoon conferences will be set by Father Bertrin Miller, assistant provincial from Chicago, who will be in charge.

Plans for the triduum followed recitation of the Franciscan office in church and a spiritual reading. Mrs. Leo Henscheid, prefect led the prayers and Mmes. Herbert McDaniel and Edd McGannon took turns reading from the Franciscan Herald.

Twenty-one members were present and Miss Lena Streng signed up as a new member on transfer from the Lindsay fraternity.

The way traffic is nowadays, you can't blame police cars for hiding at the side of the road.

Lake Arthur Nuns Have Short Visits With Relatives

Five Benedictine Sisters from Lake Arthur, La., all of them former Muenster girls, had surprise visits with their families Saturday evening after returning from a religious conference in Dallas. Family gatherings with supper were hurriedly arranged so that the nuns could see the relationship.

There were nine nuns in the group from Louisiana.

The visitors were Sister Joan Hess, Sister Romana of the John Rohmer family, Sister Clare of the Leo Sicking family, Sister Gemma of the Lawrence Vogel family, Sister Calista of the Bob Swirczynski family, Sister Clarice Knauf, granddaughter of the Joe Swirczynskis, Sister Edna who taught at Sacred Heart last year, and Sister Renee and Sister Mathilda who were seeing Muenster for the first time.

Some folks practice what they preach, others just practice preaching.

support that aggression in South Vietnam?

After the Cong's big effort we should at least understand the alternatives more clearly. Either fight to win or get out.

The latter alternative of course means abandoning all of

Asia to red slavery, and wondering how long the rest of the world, including ourselves, can hold out against the same fate.

A pupil defined "socialized medicine" this way: "Socialized medicine is when parents have a party and talk about their operations."
