MUENSTER, COOKE COUNTY, TEXAS 76252 NOVEMBER 15, 1974

NUMBER 52

Before last week's general election labor leaders let it be known that their goal was to elect a veto-proof congress, which would support policies of Labor's political leaders to the extent of over riding a presidential veto. It was a frightening prospect in that it would establish a few of the big labor barons as the powers behind Congress, in effect the dictators of legislation we will have to live by.

Now that the election is over and the Democratic representation is the strongest in about two decades, the political analysts seem to think that liberalism, though definitely making a gain, is still a long way from taking over. The reason is obvious. Many Democrats do not go along with the liberal element of their party.

This fact is apparent from ratings published by Labor several weeks ago on the voting of Texas representatives in Washington. It reveals that 13 of the 24 Texas congressmen voted wrong more often than right, according to Labor's judgment, and one of the strongest records for conservatism was that of this district's Omar Bursleson. The report showed him as supporting Labor 25 times and opposing it 115 times.

Granting that the situation may have changed slightly as a result of the election, it's apparent that the Texas portion of the House does not submit to Labor pressure. Traditionally that can be said also for other congressmen from the South. Though Democrats, they can be counted with conservatives rather than liberals.

Thank goodness our republic is still operating on the system intended by the founding fathers. Most of the elected representatives vote according to their judgment rather than someone else's influence.

After many months of Watergate related political preaching on the sins of government personnel, one would think that the highest standards of moral and ethical behavior ought to be expected of all who enter public life or business. It also seems that the place to acquire such high values of honesty, loyalty, patriotism and devotion to duty is the American school system. But stories which have been circulated lately indicate that some textbooks sold to the schools by large publishers do not measure up to expected standards.

Some eastern states, we are told, have thousands of irate parents protesting blasphemous and obscenities found in textbooks. Other objections charge that patriotism, free enterprise, loyalty, national pride, belief in God, and other essentials of the American way are ignored or ridiculed.

Here in Texas, it's said that one history book has three pages on the personal history of Marilyn Monroe but three lines pertaining to George Washington. Most of us realize that Miss Monroe, whether she wished it or not, was widely known as a sex symbol. In effect the book tells her part in our country's history is more of an inspiration than the dedication, sacrifice, leadership, integrity and morality of the man who has been honored for 200 years as the father of his country.

Faults such as these are not just oversights. They are deliberate crimes against the country, and especially against the students who have the right to know that today's troubles are caused not by the traditional American system but by the saboteurs who are trying to wreck it.

Writers and publishers who impose that trash on the country are public enemies as much as the characters who teach but refuse to take the oath of loyalty. Why doesn't official Washington, in its eagerness to take care of us, throw out all the subversive teachers and texts?

In this regard it would be a good idea to adopt guidelines suggested by a long time superintendent of education in Arizona:

"Government should encourage work productiveness, profit, saving, investment and individual prosperity.

"Patriotism and love of country are essential to peace and prosperity.

Laura Kralicke Reigns as Queen At Homecoming

Laura Kralicke reigned as queen over 1974 homecoming festivities at Sacred Heart High Friday night. She was crowned in half-time ceremonies at the football game in which the SHH Tigers won 22-0 over Valley View Eagles to make the night a memorable one.

Daughter of Dr. and Mrs. Martin Kralicke, Queen Laura is a senior. She received her crown from Beverly Walterscheid, 1973 homecoming queen.

Others in the crowning ceremonies were the queen's escort Tiger Pat Endres, Nancy Fuhrmann, 1972 homecoming queen who presented the new queen with a bouquet of red roses; and Mrs. Fred Fuhrmann (Denise Walterscheid) 1970 homecoming queen who presented the Tiger Queen banner.

Also in the royal lineup were three other seniors who were queen candidates and their Tiger escorts, Barbie Hess and J. T. Pagel, Mary Hess and Chris Sicking, Carol Knabe and Ricky Walterscheid. Bake Sale Nov. 23 To Benefit Library

Kappa Theta Chapter of Epsilon Sigma Alpha International has announced its next project is a bake sale set for Saturday, Nov. 23. Sorority members will have their baked items on display at the Ben Franklin Store from 11 a.m. until 3 p.m. or until sold out.

All proceeds will go to Muenster Public Library for the benefit of Muenster young people. The sorority's main objective is helping those in need in the local community, especially the youth.

Other projects this year have been a booth at the County Fair to benefit Southwest Diabetic Foundation and Camp Sweeney for diabetic children, and the recent bike ride for St. Jude's Children's Hospital. Other projects planned for this year are a Trades Day in January and Our Little Miss Pageant in February.

Champs Favored Over Hornets in Game Here Friday

The title is decided in the district football race but the action is not ended. Muenster's Hornets, now only a step out of the cellar in league standing with a record of 1-2, will close out their season Friday night in a clash with the Champion Wildcats of Archer City, who now hold a perfect 3-0 record. The game will be played on the Hornet field starting at 7:30.

Season records leave no doubt that the visitors will be highly favored. They were 17-14 winners over the big Holiday Eagles who beat the Hornets 18-14. Also they ran over the Windthorst Trojans 27-6, and Windthorst blasted Muenster 14-0.

And supporting Archer City's computer advantage is the fact things have not improved physically for Muenster. Steve Klement, who went out with a broken hand last week, will not suit out for this game. And Darran Neal, whose sprained ankle limited him to a few plays in the previous two games will also be out this week. Tom Bright's ankle sprain, another big handicap, is far from healed but he will be available.

However, there's nothing wrong with the Hornets' mental attitude, as indicated by their performance last week in spite of their physical condition. After the Holiday power house marked up two quick touchdowns in the first half of the first quarter the crippled Hornets came back with admirable spunk to take the lead. And after Holiday went ahead again the Hornets rallied again and almost won the game.

Coach Neal said he was proud of the boys. They did a wonderful job against a fine team and the outcome might have been different if they had been up to full strength. Playing Archer City they will have the same lineup as for Holiday. Though the odds are stacked against them, they definitely can't be counted out.

Plans Shaping for Christmas Parade

Plans for a Santa parade and drawing to usher the Christmas season into Muenster were outlined Tuesday at the regular luncheon meeting of the Muenster Chamber of Commerce.

Al Hess, chairman, said that the event is scheduled for Saturday, December 7, and will include the parade, Santa's visit with the kiddies, and a multiple drawing in which most of the local business firms are participating.

Father Raymond's Funeral Services Held in Subiaco

Final rites for the Rev. Raymond Wewers, O.S.B., 67, were held Wednesday at 10 a.m. in New Subiaco Abbey Church in Subiaco, Ark., and burial followed in the abbey cemetery.

Father Raymond was a brother of Father Damian Wewers, pastor of St. Peter's Church at Lindsay. His death Sunday morning in a Paris, Ark., nursing home ended 27 months of suffering. He had been a priest for 42 years.

He taught at Laner Catholic Boys' School in Fort Worth from 1952 to 1959 and was chaplain at St. Theresa's Orphanage there. In 1959 he returned to New Subiaco Abbey to assume the office of prior, a position he held until he was appointed pastor of St. Joseph's Church in Paris.

Father Damian attended the funeral.

Details of the parade, as well as Santa's appearance, have been taken over by the Muenster Jaycees, with Roger Taylor as chairman. He extends a general invitation to all business firms, organizations and individuals who wish to be included. Interested persons may contact him personally or call 759-2766.

The parade will assemble at the east city limit and proceed, beginning at 1:30, on Highway 82 to Main, then north to Sacred Heart Church. From there Santa will return downtown for his session with the little ones. Parents are urged to bring their children for Christmas talk and goodies.

Final Rites Held At Lindsay for Amelia Krebs, 64

LINDSAY — Funeral services were held Saturday at 10 a.m. in St. Peter's Church for Mrs. Amelia Krebs, 64, who died at 7:30 p.m. Thursday in Muenster Hospital. She had been afflicted with a heart ailment for some time.

Father Damian Wewers officiated at the funeral Mass and at graveside rites in St. Peter's Cemetery. Geo. J. Carroll & Son directed arrangements.

Father Placidus Eckart of Muenster gave the readings and delivered the funeral sermon.

Rosary was recited in the Carroll Chapel Friday at 4 p.m. by St. Anne's Society of which she was a member. Another rosary service was held at 8:15 p.m.

The former Amelia Dulock was born in Muenster Jan. 25, 1910. She was the widow of Henry Krebs and a life-long resident of Cooke County. The couple married in 1939 at Lindsay. He died July 31, 1964.

Surviving are three sons, Milton, Ronald and Kenneth Krebs, all of Lindsay; one daughter Mrs. Werner Becker Jr. of Hood; 4 brothers, Eddie and Freddie Dulock of Gainesville, Tony Dulock of Arlington and Albert Dulock of Vista, Colo.; four sisters, Mmes. Evelyn Cooke of Gainesville, Nick Block, Al Gerary and Lawrence Streng, all of Lindsay; and eight grandchildren.

Bezner Advances To Semifinals in National PP&K

Danny Bezner did it again. The 10 year old son of Mr. and Mrs. Weldon Bezner of Lindsay took first place in the Area competition of the national wide Punt, Pass and Kick contest held at the Cowboy game in Texas Stadium last Sunday. He won the top trophy in his class with a score of 244.

This is the fourth stage of competition in the PP&K program, which is sponsored by Ford dealers and the National Football League. After the local contest Dan won the zone contest at Wichita Falls, then the district contest at Dallas, and now the area contest at Texas Stadium. And his score has been improving, 244 now after 217 in zone and 239½ in district. However the local score 296½ is his best.

It was based on the best of three tries whereas others have been limited to one try. The six area winners at Texas Stadium, ages 8 through 13, are the survivors of about 30,000 original area entries. Meanwhile many other areas have had the same program, accounting for more than a million entries nationwide.

Next action for the six area winners is the contest at the Redskins-Bears game to be played at Washington DC on December 15. Thirteen entries of each of the six age groups will compete then and the winners will be the NFC champs as well as representatives of NFC in the national finals at a playoff game still to be decided.

Bezner's winnings to date include a trophy in each of the four contests plus a Cowboy football uniform at the district contest in Dallas. As representative of the Cowboys Sunday he won a free trip to Washington for himself, a parent and the sponsoring dealer. Going to Washington, Dan will be accompanied by Mr. and Mrs. Weldon Bezner and Mr. and Mrs. Urban Endres.

Holiday Edges MHS 18-14

Too much tonnage and too much Kenny Bridges were the Hornets' main problems Friday night in their 18-14 loss to the Holiday Eagles. Bridges, is reported as a former line-man whose running ability was discovered only two weeks ago. Hornet defense can verify that he has real talent in picking the holes and running hard. He accounted for no less than three fourths of the total Eagle yardage.

It's also a fact that he got abundant help from the massive Eagle line, by far the huskiest opponents the Hornets have had. The big forwards not only cleared the way for Bridges and company but also jammed up Muenster's offense regularly. Whatever success the Hornets had came mostly from avoiding the line.

The hosts started goalward on their first possession. Seven plays advanced them 42 yards to the 30, where Dee

Stone got loose for the first touchdown.

On Muenster's first possession Mark W. Sicking started with a gain of 25, but the ball was fumbled away two plays later on the Eagle 48. Seven plays from there gained 49 to the 3 and Stone went over for the second touchdown. That was followed by a second bad kick for extra points. With the first quarter barely half finished Muenster had only 3 offensive plays and was trailing 10-0.

Following next kickoff Muenster had to punt on first series and another scoring drive seemed to be going. However, on first play of the second quarter the Eagles had to kick. It was a perfect punt, killed inches inside the goal line.

From that point the Hornets launched a 100 yard scoring drive. Randy Wolf got 3 on a quarterback sneak. Next try lost a yard and on the third Tom Bright squirted into the open. But he was still handicapped by the ankle sprain of two weeks earlier, and was overtaken on the Eagle 29. Three plays later Wolf passed to Terry Walterscheid for 14. Mark W. Sicking, Wolf and Bright gained to the 2 and Wolf's sneak was good for 6 points. Dan Endres kicked on another point.

Near the end of the half a pass interference ruling gave Holiday a good chance at the 22 but Hornet defense was equal to the job. The next series lost 6.

Returning after intermission the Hornets cranked up a drive on their first possession. They used eleven plays in going 69 yards and the big ones were runs of 11 and 20 by Wolf and a pass of 18 from Wolf to Terry Walterscheid. Wolf scored from the 4 on a quarterback sneak to put the Hornets in front, and a kick by Danny Endres upped the lead to 14-12.

The Eagles promptly started on their own go-ahead score but bogged down on the third series and had to give up possession at the 20. Four plays later Muenster had to kick (Continued on Page 10)

Nov. 24 Booked for JC Turkey Shoot

Muenster Jaycees will sponsor a turkey shoot on Sunday, November 24, as a benefit for their special relief fund, according to an announcement this week by Tom Flusche, co-chairman.

The event will be held on the Gary Hess farm across the road from Norb Walterscheid's home, about 1.5 miles southwest of town. Starting time is 1 p.m.

Co-chairmen with Flusche in running the show are John Schneider and John Monday.

Wolf Nominee for Player of Week

Among nominees for Player of the Week selection by the Wichita Falls Record News were the two standouts in the Muenster-Holiday game last week.

Randy Wolf as quarterback for the Hornets was one of his team's leading rushers, did a fine job of passing in spite of the rush by Holiday's big, powerful line, and scored both of the Hornet touchdowns.

Kenny Bridges of Holiday was the other nominee. Remembered by Muenster fans as No. 23, he carried the ball 47 times for a total of 226 yards.

Thelma Jo said that brother Red's birthday and Christmas were close together so she was thinking about buying him a pair of socks — giving him one for Christmas and one for his birthday. A lot of us may have to do just that.

"We can't collect?"
A fire or explosion might force a business to vacate for several months during repairs. How does a businessman pay his overhead during such business interruption — what of his lost earnings? How can the owner collect lost rentals? Insurance from FMW Insurance Agency will reimburse all such losses; let us explain them.

4 Day Vacation Full of Visits

When Mrs. B. C. Rosson left Myra Saturday for a mini-vacation she planned to crowd a lot of activity in four days and did just that. Highlighting the trip was getting acquainted with her first great-grandchild.

Saturday she drove to Barry where she visited her brother and wife, the Jeff Hendersons and attended a church dinner and crafts auction. It was like old home week meeting up with former classmates, teachers and other friends.

Sunday Mrs. Rosson had a birthday dinner at Dawson in the home of a daughter and husband, Mr. and Mrs. Ray Lenox. There were 20 guests including Mrs. Rosson's two sons Jim and Mel Prince and their families.

Sunday night she was at Blooming Grove at the home of her sister Mrs. J. M. Hix where other sisters Mrs. C. L. Rhodes, Mrs. Ben Lancaster and Mrs. Jeff Henderson and their husbands and friends from South Texas were gathered.

Monday Mrs. Rosson was in Tyler to visit her daughter and family the E. L. Bakers and went from there to Whitehouse to visit her granddaughter and husband Mr. and Mrs. Bill Graves who had just become the parents of Jana Renee making Mrs. Rosson great-grandmother for the first time.

Final stop on the way home was at Grand Saline to visit Mr. and Mrs. Fred McTaggart, former Myra residents.

Mr. and Mrs. Fred Fuhrmann who have been living at 227 W. Fourth have moved to Moss Lake Estate where they are at home in a new mobile home.

SOIL CONSERVATION DISTRICT NEWS

During the last half of November and in December, some 75,000 farmers and ranchers will receive either a crop or livestock questionnaire from the Texas Crop and Livestock Reporting Service. Accurate estimates have always been of great importance to producers and are even more important in light of the supply-demand situation facing agriculture today. Data collected in this survey will provide an accurate picture of agriculture for each county and for the state of Texas. Each farmer receiving a questionnaire is urged to fill out carefully and return it promptly to the Agricultural Statistician in Austin. Individual reports are confidential and used only for state and county estimates.

Every landowner should think carefully before putting any new land into cultivation in 1975. Most land in our area should not be farmed in clean tilled crops without terraces, contour farming, crop residue management, conservation cropping system, etc. Land should not be farmed under any circumstances if it has permanent limitations such as serious wind and water erosion, subject to overflows, or stony and very shallow soil conditions. Everyone supports full agricultural production as a principal means of checking food price increases and food shortages; however we need full protection of the land along with full production. Your local Soil Conservation Service technicians can advise you about putting any new land into production.

Modern farming helps to assure you that there will always be plenty of pure water from your kitchen faucet. The quality and cost of the water in your house depends on conservation on the watersheds which are largely controlled by the landowners. Each one of us has a direct stake in conservation programs not only through food but also through water.

Another benefit you may enjoy is more wildlife. Most wildlife habitat is on private farm land. Good farm conservation practices, combined with wildlife management and game law enforcement, have brought deer to almost every area of Texas.

So it doesn't matter where you live or what you do, your quality of life depends in large measure on farmers and ranchers and the land they operate. Their stewardship of natural resources benefits you just as surely as if you lived on the farm. Everyone has a stake in conservation farming.

St. Anne Society Sponsors New Eyes For the Needy

Members of St. Anne's Society at their November meeting Sunday night were again reminded that the society is sponsoring New Eyes for the Needy and that Hess Furniture Store is the collection depot. Mrs. Al Hess, society president, is chairman.

Useful in this project are old eye glasses, lenses, frames, also discarded hearing aids, old jewelry, real or costume, precious metal scrap and dentures.

Members met in the new Community Center, after having visited with Sister Lenore at school to see a display of rosaries handmade by her younger students.

During the business session

reports were given on the Northern District meeting of the Catholic State League at Scotland and the NCCW diocesan meeting in Wichita Falls.

Members were reminded of the NCCW meeting to be held in Denton on Nov. 21 beginning at 10 a.m.

In other business members voted to donate \$25 from the treasury to the Gainesville Child Development Center.

Father Stephen Eckart, spiritual adviser, spoke briefly on November being the month of the Poor Souls and about gaining indulgences by visiting the cemetery. He also told the group that Father Damian's brother Father Raymond Wewers had died and the society voted to have a Mass said for him. Mrs. Leo Henschel read an article entitled "A Mother's Mirror." A get-

well card was sent to Father Bede and a congratulatory card was sent to Mrs. Peter McCoy and infant son.

Thirty-seven members were present and Mrs. Albert A. Knabe won the door prize.

The women had brought covered dishes to treat members of St. Joseph's Society. After both meetings adjourned the two groups shared the buffet. Some 70 enjoyed the meal.

Fall Plowing Is Essential to Good Grass Seedbed

With the coming of winter we need to think of getting ready for pasture establishment in the spring and the preparation that must come ahead of actual grass planting. Year by year progress has shown that advanced planning and preparation often determines the results of our work in grass establishment.

Field experience on hundreds of farms in the Upper Elm-Red Soil and Water Conservation District shows that fall land preparation is the best insurance you can have toward getting a good stand of grass. At the same time it has proven that poor and late land preparation has caused more failures in grass planting than any other factor.

This points out to all who plan to plant grass in the spring of 1975, that deep plowing now will be to your advantage in getting a good stand of grass. Early fall plowing will tend to bury many seeds of competing plants and turn up roots of perennial weeds for winter freezing.

After this deep plowing job, the land should be left rough or cloddy through the fall and winter months to catch any rain, snow or sleet that falls and to prevent any soil losses by erosion. Just prior to planting the plowed land may need to be plowed with some type of light cultivation to destroy winterweeds and grasses. This

pre-planting operation will also level and smooth the land before the planting is started.

Over the past 20 years a lot of land in this conservation district has been established to improved pastures. Those who are having the best success, prepare their land in the fall prior to planting in early spring. It is not wise to invest from \$25 to \$30 per acre in grass planting and fertilizing if the seedbed has not been properly prepared. Good pastures don't come about accidentally but result from wise planning, well prepared seedbed, the use of good planting stock, efficient planting methods, weed control and good management after the pasture is established.

Sherrills Host Guest from Spain

Father Isaias Rodriguez of Leon, Spain, was a guest of the Charles Sherrill family at Myra on Wednesday, Nov. 6. He presently is assistant pastor at Immaculate Conception Parish in Grand Prairie. A Carmelite, he is in this country for three years of study.

The Sherrills, along with Mrs. E. C. Bennington of Grand Prairie, mother of Mrs. Sherrill, showed Father Rodriguez around Lindsay and Muenster and the Lake Murray, Okla., area. He had Mass at St. Peter's in Lindsay and enjoyed a tour of parish facilities with Father Bede Mitchell as tour guide.

In Muenster he was impressed by Sacred Heart Church, and saw oil wells for the first time. He said he looks forward to many more visits in this area before returning to Spain. He has been in America about six months.

Texas FB Reports Continued Growth

Another phenomenal year of membership growth has been recorded by the Texas Farm Bureau, according to an announcement by J. T. (Red) Woodson, president.

Official tabulation of the organization's 1974 membership figure was completed Friday, November 8, showing a total of 166,216 family memberships. This is a gain of 13,836 over the 1973 figure and marks the 22nd consecutive year for the state's largest farm organization to register a membership gain. TFB's fiscal year ended October 31.

All of the 210 organized county Farm Bureaus had an increase in membership for the second year in a row, Woodson said.

Woodson said the big increase in Farm Bureau membership is evidence that farmers and ranchers want to solve their problems through organized effort.

"Agricultural producers realize that there are no easy solutions to many of their problems and that compromise is sometimes necessary," Woodson said. "They know that many problems are national in scope and that it takes a big organization to speak with authority on the national level. That's why farmers and ranchers have again given Farm Bureau another big vote of confidence."

In case you wonder why you don't hear much about a gasoline shortage in Russia, consider the fact that there is less paved roads in that country than in Massachusetts. Who needs gasoline for a car when he doesn't have a car, and if he did the roads wouldn't be fit to drive on, and if they were he wouldn't be going any place anyway, and if he were going somewhere it likely wouldn't be a matter of his own choice. See how they solve all their problems in the Soviet Union.

NATURAL GAS For Years To Come

With all the talk about conservation, many might believe that we have only enough natural gas for a few tomorrows. We'd like to assure our residential and other high priority customers that Lone Star has an adequate supply. Not only for the present, but for years to come.

We were actively engaged in exploration programs long before the energy crisis. And since the crisis, we're exploring even harder to insure your continued supply of natural gas.

Conservation is one way to extend the supplies we now have on hand. And they can last much longer by avoiding wasteful uses of energy. By making it last longer, more time is allowed for new forms of energy to be developed.

Of course new supplies are going to cost more. But natural gas is still the best buy for your energy dollar!

Conserve natural gas. Conservation will help keep the cost as low as possible.

"What is TP&L doing to prevent an electric power shortage here?"

Providing adequate and dependable electric service to approximately two million people is a primary responsibility of Texas Power & Light Company.

Today, TP&L is meeting this responsibility despite shortages and rising costs of generating plant fuels and unprecedented high costs of building and operating the facilities necessary to produce and deliver electric power. To prevent an electric power shortage in the future, TP&L has a number of major actions in progress...

- ... participating in exploration and drilling for natural gas and developing storage reservoirs to assure fuel supplies for existing generating plants.
- ... filling storage tanks at generating plants with more than 80 million gallons of fuel oil for use when gas supplies are curtailed.
- ... constructing seven new generating units and planning others which will utilize readily available lignite coal as fuel.
- ... planning, with Dallas Power & Light and Texas Electric Service, construction of a nuclear-fueled generating plant, the first unit of which is expected to be in operation by 1980.
- ... planning to spend more than \$250,000,000 in 1975 for construction of new plants and other facilities.

Dependable electric service has been the primary goal of TP&L for more than 62 years. It will continue to be our primary goal in the years ahead.

Report Given on District Meet at St. Joseph's Meet

St. Joseph's Society held its November meeting Sunday night in the new Parish Center with Father Placidus leading the opening prayer and Wilfred Bindel, president, presiding in the presence of 31 members.

A report on the meeting of the Northern District of the Catholic State League was given by Denis Walterscheid, president of the Northern District. Others from here attending were Barbie Hess, secretary; Lynda Klement, the Wilfred Bindels, Mrs. Adolph Walterscheid and Mrs. Denis Walterscheid. At this meeting guest speakers spoke on Equal Rights and Right to Life.

In business the men discussed sponsoring entertainment for senior citizens in the new Parish Center.

Bob Knabe won the door prize and the men joined St. Anne's Society for a covered dish meal provided by the women.

Forestburg News

Virginia Caddell of Dallas, Mr. and Mrs. Howard Sockwell of Forestburg, Joyce, Cathy and Tray Kenas. Cousin Cathy Kenas baked his birthday cake which she decorated with a rocket and spaceman.

On Wednesday the Schitoskeys headed for San Antonio to visit his parents and relatives. They were to be back home on or about Nov. 11.

The Junior High students — 6th, 7th, and 8th graders of our school — played in the invitational basketball tournament at Goldburg. Our girls took second place and the boys took fourth place. Lisa Trammel and Karen Bell got individual trophies for the girls all-tournament team and Steve Sandusky got an individual trophy for the boys all-tournament team.

Next meeting for the local Home Demonstration Club will be held Nov. 18, 7 p.m. at the

Forestburg Community Center. Mrs. Laura Pointer, county extension agent, will give the program on Mexican Christmas dishes. All ladies in the area are invited to attend.

Mrs. Blanche Turner, Citrus Heights, Calif., the Kenneth Kuykendall family of Gainesville, Mrs. Imogene Hargrove of Euless, Debbie Hargrove of Decatur and Mrs. Wilma Moseley were all visitors of the Jesse Kuykendalls, Nov. 3.

Mr. and Mrs. Freeman Baker, Mrs. Cathy Laird and sons Ray and Mike of Ardmore, Okla., visited with the Hal Hays family Nov. 3. They helped LeAnn celebrate her birthday.

Mr. and Mrs. Harold Hays of LaCrosse, Kansas, visited the weekend of Nov. 8-10 with their son Hal and family.

Mrs. Frankie Neeley of Gainesville was in the burg Nov. 4 visiting her sister, Mrs. Alice Shears.

Mmes. Ruby Brashear and Mandy Edwards of Sunset were guests of Myrtle McMillion Nov. 5.

Mr. and Mrs. Jack Carter and daughter Janice attended the wedding of Jack's niece Debbie Carter in Euless Friday night, Nov. 8.

Laverne Freeman Bradley — who lived in the Uz Community a long time ago — and her husband of Kansas City, Mo., visited in the area Nov. 8.

Mrs. Wanda Magee of Lawton arrived at the home of her parents, the V. A. Greenwood Thursday. Jo Ann Greenwood and Mrs. Greenwood took Wanda home Friday and they returned home on Saturday.

Mr. and Mrs. Dick Ellzey of DeQuincey, La., spent the weekend of Nov. 8-10 visiting Mrs. Decie Ellzey and the John A. Moores.

M. and Mrs. J. D. Thompkins of Montague visited with the Mickey Landers family Nov. 8. J. D. and Mickey attended the Bridgeport-Bowie

football game in Bridgeport that night.

Robert Ensey paid us a nice visit Sat. a.m. He told us that his daughter Bertha and husband J. C. Volkman of Bowie are vacationing in Hawaii. They left Nov. 5 and returned home Nov. 12.

When Robert visits he always has some very interesting and amusing tales to spin. We got to talking about cars and he said he was 21 years old before he ever rode in a car. Then he actually didn't ride in it but on the fender. Robert was walking to his home on the old Solomon place from church in Forestburg. Anyway, Columbus Perryman and his family came along in their car and picked him up. Do you remember that, Vera Mae? It was also brought out that Dr. Lester Petty owned the first car in the country — before that Dr. Petty had a motorcycle — so Dr. Kiley doesn't have a thing on the late Dr. Petty.

I hope I am not passing on wrong information but Casey Jones told me himself that he entered Harris Hospital in Fort Worth, Nov. 10, for open heart surgery. Our prayers, thoughts and best wishes are with you, Casey.

The Ted Jacksons attended the regular monthly meeting of the Greenwood Chapter 1080 of the Order of the Eastern Star Friday night.

Mr. and Mrs. Joe Bryant and daughter Candice were Nov. 8-10 visitors of Mrs. Bryant's parents, the Ed Bonners.

On Nov. 9 Mrs. Bryant and Candice visited with the Ted Jacksons.

Cleo Lanier was surprised Saturday a.m. by a long distance political opinion poll call from Santa Anna, Calif. Cleo says she didn't have any idea how they got her number or that Forestburg was that important in the political picture of this nation. She was asked many questions by the caller who was a lady.

The Forestburg annual community Thanksgiving supper will be held this year on Thursday night, Nov. 21 at 7 p.m. at the Community Center. Everyone who plans to attend is asked to bring a covered dish — or dishes — whichever you desire. All Forestburg area residents are invited, plus those of you who live somewhere else but grew up around here.

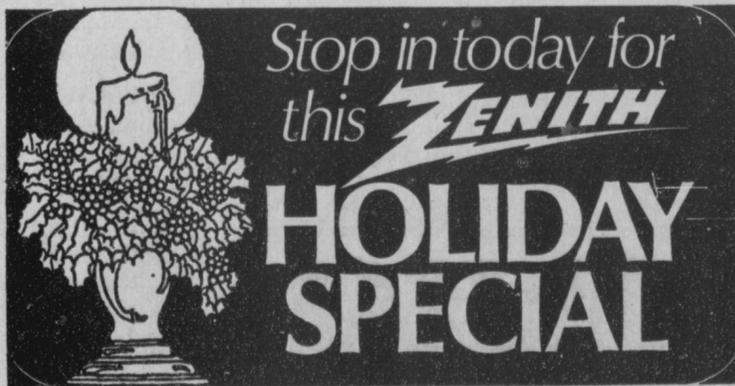

Mr. and Mrs. A. G. Barclay visited with their son and his wife, the Billy Barclays and Jennifer of Saint Jo Sat. night. In fact, Gladys got a chance to dine out as daughter-in-law Sherri fixed them a mighty fine supper. Gladys is one woman who really and truly loves her daughter-in-law and respects her. The feeling is a mutual one between the two. We hear so many unkind jokes about mothers-in-law all the time. So this is sort of a refreshing situation.

A recent news report states that top policymakers are suggesting the U.S. take over the Libyan oil fields while Israel takes over Kuwait's oil fields, Libya's top man started all the price increases that raised the price from \$1.50 to \$16 a barrel. He also took over all the facilities from one of the U.S. Oil Companies. The report states we could take and keep Libya with two Marine divisions.

If this is not done the Arabs will bankrupt the world. Italy is in a financial bind. Japan and England are getting desperate as their purchases of oil are wrecking their economy.

Secretary of State Henry Kissinger is trying to solve the problem by promising aid, food, weapons — anything to get a peaceful solution to get the Arabs to be reasonable. If he fails there may be trouble soon.

The same women's group who successfully started the beef boycott two years ago are now trying the same with sugar. They are asking all to not buy sugar products on Tuesdays and Thursdays and no sugar at all the first seven days of December and January. No doubt such action by the majority may not bring down the price but it could keep it from going up more.

Cooke County College is all set to entertain visitors next Saturday in celebration of its 50th anniversary. There will be activity there from one o'clock till after the basketball game which starts at 7:30.

Will the Cowboys beat Washington Sunday? We hope.

Tigers Win - - -

Four runs plus a 15 yard penalty reached the 1. First try was short by inches and the next was penalized 5, after which the Eagle defense called a halt. Three more plays failed by a yard.

After that the Eagles had to kick on first series. Then, starting from their 40, the Tigers went all the way in eleven plays. Big gains were a 12 yard pass from Endres to Bruce Fuhrmann and a 10 yard run by Endres. Hess went 7 for the TD and Endres added two points.

That was early in the final period and for the next several minutes the Eagles made a first down and lost a fourth down try by 2 yards. Tigers, too, got a first down and were short by 2 on the 14 ending the next series.

From there Valley View kicked to end the first series and the Tigers were 48 yards away. Three plays reached the 36, where Endres heaved a touchdown pass to Fuhrmann. Another pass, Endres to Darrell Walterscheid made the score 22-0 with just under three minutes to go.

Party Compliments Mrs. Donald Fisher

Mrs. Donald Fisher was complimented at a layette shower Sunday afternoon in the home of Mrs. Paul Fisher with Mrs. Willie Fisher, Rita Fisher of Dallas, Mrs. Frank Morris and Mrs. Mike Bezner, both of Gainesville, and Mrs. Wendell Thompson of Saint Jo as co-hostesses.

They pinned a corsage on the honoree and on her mother Mrs. Don Freeman of Saint Jo and her mother-in-law Mrs. Paul Fisher. Their hostess gift for the honor guest was a baby swing.

Twenty relatives and friends attended the come-and-go party. Hostesses served cake and punch. A green and yellow theme was accented in the party rooms and refreshments.

football field, members of the royal party were presented by their fathers. Mrs. Norbert Walterscheid was at the microphone for the ceremonies. Queen's identity was not revealed until coronation time. Seniors chose the four candidates and the entire high school student body voted for the queen.

Following the game, Sacred Heart Alumni was host for a reunion, the first celebration to be held in the new Community Center. The party honored graduates of 1944, 1954 and 1964, all of whom, with their spouses or dates, were admitted without charge to the party and the game.

High points of the reunion included introductions of members of the honored classes, a program, and catered refreshments.

Alumni Sylvan Walterscheid emceed the program. Mrs. Lambert Bezner told about the class of 1944; Mrs. Julian Walterscheid and Brother Thomas Moster did the honors for the class of 1954; and Mrs. Frank Schilling Jr. and Earl Cunningham paraded the class of 1964.

Others on the program, giving short talks, were Father Placidus Eckart, Sister Theresina and Alumni President Joe Felderhoff.

Finally, the night ended with a dance in the KC Hall, Israel making the rhythm.

Experiment Farm Manager Talks at C of C Meeting

A short talk on commercial production of apples and grapes featured Tuesday's regular meeting of the Muenster Chamber of Commerce.

The speaker was U. A. Randolph director of the Experiment Station at Montague. A graduate of A&M, Randolph has been with the A&M experiment system for 41 years and at Montague for 34 years. He was introduced by Gene Davenport of Cooke County Electric Co-op.

Mr. Randolph said that grapes can be commercially grown in North Texas but the principal problem is finding a market. Also he pointed out that the area has overlooked the possibilities in growing apples. Many varieties of apples do well here, he said, and the new trickle system of irrigation makes it possible to provide adequate moisture at a considerably lower cost than before.

30 Girls Report To Coach Steele For SH Basketball

Thirty Tigerettes of Sacred Heart High reported to Coach Bob Steele Monday for the first official session of basketball practice. Prior to that they had been on their own for several weeks while Steele was busy with football. That gave the girls a day of organized practice before their opening game Tuesday with Prairie Valley.

Heading the lineup are nine lettermen from last year's team. They are Laura Kralicke, Mary Hess, Kathy Luke, Cindy Bartush, Sharlene Pagel, Linda Miller, Lynda Klement, Janet Bayer and Elizabeth Kralicke.

Others with previous experience are Gloria Hess, Marlene Pagel, Janet Henschel, Beverly Pels, Mildred Grewing, Sharon Rohmer, Dianne Kralicke, Karen Schilling, Julie Bayer, Mary Hoedebeck and Ramona Walterscheid. Freshmen are Brenda Voth, Mary Caplinger, Donna Swirczynski, Mary Luke, Carolyn Luke, Sue Moster, Mary Grewing, Cindy Sangster, Janet Krahl and Donna Grewing.

When the computer arrived at a large business concern it was found too big for the elevator. "How am I going to get this thing to the third floor?" the delivery man moaned.

The manager saw no problem. "Plug it in," he instructed, "and let it work it out for itself."

"Fill your mouth with marbles and make a speech. Everyday, reduce the number of marbles in your mouth and make a speech. You will become an accredited public speaker — as soon as you have lost all your marbles."

Holliday started again from 57 yards out. This time it went all the way in fifteen plays with Bridges making most of the distance and also scoring from the 1. An attempted pass from kick formation failed to connect.

Muenster, too, had notions of getting back in the lead. Following kickoff it was 67 yards away and time remaining was 7:35. On first play Wolf and Mark W. Sicking teamed on an option for a gain of 24. Then Wolf gained 22 and two plays later passed to Terry Walterscheid for first down at the 9.

After two tries at the line were stopped cold, Wolf tried to pass and the big Eagle line crashed through to sack him for an 11 yard loss. The final down was more of the same for a loss of 7. That was the Hornets' last chance and the score remained at 18-14.

Defensive standouts for the Hornets were Randy Wolf, Tim Felderhoff, Bobby Endres, Steve Klement, Jim Grewing, Glenn Henschel, Calvin Otto, Kenny Koelzer, Harold Sandel and Terry Walterscheid.

faith, hope and charity on the part of individuals are essential — implied of not dealt with directly.

"There is a Supreme Power greater than man or his nature.

"The eternal problem of society is to attain the maximum of individual freedom and love of fellow man with a minimum of government regulation and intervention.

"The family is the basic social unit of our society, and that which tends to destroy the family is anti-social.

There's an old saying: As a man thinketh in his heart, so is he. If we are going to have a great country we need great people, and if we wish to assist the development of great people from today's students we must teach them in the fundamentals of respect to God and country.

Tigers and Stalik Rush Practice for Basketball Opener

Less than 24 hours after hanging up their football gear, the Tigers of Sacred Heart were in their first basketball practice in a hurry up effort to get the feel of the ball before playing their first Tuesday night with Prairie Valley on the Sacred Heart court. Counting Monday's workout and a light practice Tuesday, the boys have less than three sessions to prep for their first action.

At the top of the squad are Bobby Schmitz, Mark Hess, Roger Endres, Pat Endres and Ricky Walterscheid, who were selected as starters for the first game, and four more veterans from last year Benny Bindel, Guy Bindel, J. T. Pagel and John Henschel. With them are five freshmen from last year's junior high team: Bobby Hartman, Keny Felderhoff, Glenn Walterscheid, Fred Koesler and Joe Hoedebeck.
