## Roommothers Plan Coming Activity

Roommothers committee of Muenster Public School Parent-Teacher Organization met Tuesday night with PTO president Mrs. David Bright to plan for coming events.

Mrs. Adam Wolf is general chairman of the committee and Mrs. Dickie Pagel is vice-chairman for kindergarten through sixth grade. Mrs. Robert Bayer is chairman for junior high grades and Mrs. Eddie Fleitman is chairman for high school grades.

They worked out a schedule for staffing the concession stand at football games, listed those who will serve refreshments at PTO meetings and the K-6 group discussed preliminary plans for a Halloween party for elementary grades.

## Reiters Together At Sunday Reunion

Mr. and Mrs. David Reiter were hosts at a family gathering Sunday at their country place where they had a barbecue chicken meal honoring his mother Mrs. Hilda Reiter. They pinned a corsage on her as she arrived.

All nine of her children, 34 grandchildren and two great-grandchildren were present. Others joining the group made some 60 together.

Attending with the honoree and host family were Mr. and Mrs. Donald Reiter and daughter Shannon of Santa Ana, Calif., Mr. and Mrs. Melton Vrla and four children of Farmers Branch, Mr. and Mrs. Jackie Reiter and two children of Lancaster, Mr. and Mrs. Paul Sicking and family of Myra, Messrs. and Mmes. Leonard, Billy, Allen and Roy Reiter of Muenster.

Also Miss Paula Sicking of Dallas, Mr. and Mrs. Larry Vogel, Scotty and Marcia of Myra, Mr. and Mrs. Joe Johnson of Whitesboro and friends including Mr. and Mrs. Danny Dennington, Deryl, Denise and Greg of Gainesville.

The Donald Reiters were visitors here Saturday to Wednesday.

## Mages Family Has Reunion in Park

Four generations of Mages kin — descendants of the late Mr. and Mrs. Frank Mages Sr. — held their annual reunion this year in Muenster City Park with a picnic dinner. Some 100 attended.

The reunion was planned so that relatives who attended the marriage of Monica Yosten and Don McCory in Dallas could have a day together. They came from Texas, California, Louisiana and Oklahoma.

Mages brothers and sisters, along with families, present were Messrs. and Mmes. Carl Mages of Clifton, Eddie Mages of Dallas, Henry Grewing Sr. of Lindsay, Ewald Berend of Hereford, John Fleitman and Felix Yosten of Muenster and Mrs. Laval Kinstley of Addis, La.

Members of the Felix Yosten family present were Miss Linda Yosten of Mountain View, Calif., Mr. and Mrs. Bill Blanchard and Michelle of Redondo Beach, Calif., the Cyril Yostens and family of Greenville, the Tom Yostens of Fort Worth.

Others present included Mr. and Mrs. Stanley Kinstley of Addis, La., Mrs. Lynn Atchison and two children of McAlister, Okla., Glenn Beyer of Fort Sill, Okla., the Ray Berends and family of Hereford, Mrs. Marie Burnhardt of Clifton, the Billy Bierschenks and family of Valley View and others from Muenster, Lindsay and Gainesville.

## Student Council Organized at MHS Officers Elected

Muenster High School has organized a student council, candidates have campaigned for office and officers were elected Thursday, Aug. 29.

Heading the group as president is Debbie Reynolds with Thomas Bright, vice president; Lisa Mollenkopf, secretary; Mary Lou Fleitman, treasurer; Connie Walterscheid, reporter; Randy Wolf, parliamentarian. Class representatives are Charlotte Johnson and Glenn Henschel, seniors; Margie Wolf and Doyle Klement, juniors; Pat Davidson and Sam Bright, sophomores; Thelma Lewis and Deryl Zimmerer, freshmen. Mrs. Patsy Sloan and Robert McDaniel are sponsors.

First meeting of officers was set for Sept. 5, 7 p.m. This is the first time there has been a student council at Muenster Public School.

**Yosten Family Together**  
 Life is returning to normal at the Felix Yosten home where children and grandchildren have been visiting for two weeks. Miss Linda Yosten of Mountain View, Calif., spent ten days. Mr. and Mrs. Bill Blanchard and daughter Michelle of Redondo Beach, Calif., were here a few days and Mrs. Blanchard and Michelle remained for two weeks, the Cyril Yostens and family of Greenville had one week's vacation, dividing time with her family, the Albert Hesses, and the Tom Yostens of Fort Worth who spent this week dividing time with her parents the Pete Hellingers at Lindsay. Miss Bernadette Yosten of Mountain View and Miss Phyllis Schmitt, also of California, have just returned from a two-month tour of Europe.

## Mrs. Richardson Is Surprised Honoree

Mr. and Mrs. August Fleitman, Randy and Jan, helped her mother Mrs. E. H. Richardson of Gainesville celebrate her birthday Sunday when the Richardson children got together at the family home. It was a surprise for the honoree whose party came in advance of her Sept. 5 birthday.

The group had the evening meal together and later cut three birthday cakes which were served with coffee and soft drinks. Mrs. Fleitman and Miss Laverna Richardson of the home made the cakes. And there was a shower of gifts.

Other children and grandchildren present with Mr. and Mrs. Richardson for the celebration were Mr. and Mrs. Harold Young, Bret, Devona and Tammy who moved to Gainesville recently from Hot Springs, Ark., Mr. and Mrs. Jackie Zackery, Rexann and Troy of Denton, Mrs. Delores Bean and son Patrick of Gainesville, and Mark Richardson of the home. Leslie Richardson called greetings from San Antonio where he is a student and employee for a power plant.

## SCS Field Day Set for Sept. 18 At Knox City

A field day and tour will be held at the Soil Conservation Service plant materials center at Knox City September 18, State Conservationist Edward E. Thomas has announced.

Tours of the center, which serves Texas and Oklahoma, will be held from 8:30 a.m. to

3:00 p.m.

Livestock producers, seed dealers, sportsmen, and others interested in the search for improved plants are being invited to attend.

Paul Kramer, director of the Texas Forest Service, will speak during the field day.

New grasses, forbs, legumes, shrubs, and other plants under evaluation at the center will be discussed during the day. Some 1,500 strains of

more than 300 different plants are being grown at Knox City.

Chief goal of SCS plant materials work is to find new strains of grasses, legumes, forbs, or shrubs that will solve specific conservation problems. Since livestock and wildlife co-exist on the same land, the search extends to those which have values for both livestock and wildlife. Such plants are needed for use in range seedings, travel lane plantings, or other uses.

# SAVINGS IS THE GROWING THING.

And now it's easier and more profitable than ever! At Denton Savings Association, money you deposit earns the following rates:

**7 1/2%** Interest on 4 year minimum certificates of deposit of \$1,000 or more. The annual yield is 7.78%.

**6 1/2%** Interest on 1 year minimum certificates of deposit of \$1,000 or more. The annual yield is 6.71%.

**5 3/4%** Interest on 90-day certificate of deposit. The annual yield is 5.91%.

**5 1/4%** Interest on No-Penalty Passbook savings accounts earned from day of deposit to day of withdrawal. The annual yield is 5.38%.

The above annual interest rates are compounded daily. Annual yields stated are based on the accumulation of interest for one year. On certificates of deposit, interest can be mailed or reinvested quarterly. Ask for a quote on new higher rates for certificates of \$100,000 or more.

Interest can be mailed monthly on certificates of deposit of \$5,000 or more issued for one year or more.

Under the new rate provisions, withdrawals from certificates of deposit prior to a maturity date will reduce earnings since the date issued to the passbook rate then being paid, and cause a forfeiture of 90 days' interest.

Save at the growing place: Denton Savings Association  
 We do show more interest in you.

**Two Couple Visit Eight States on 3300 Mile Trip**

Mr. and Mrs. Norbert Rohmer, joined by Mr. and Mrs. Pat Rayburn of Van Alstyne, visited eight states on their recent 3300 mile trip, a highlight of which was attendance at the Tupperware Gold Rush Jubilee in Logan, Utah. The jubilee entertained them two nights and three days.

Mrs. Rohmer was recognized as a golden galaxy manager — one who promotes three managerships within one year — and received a gold nugget necklace as an award. She also was recognized as a vanguard unit and received a gold paper weight. And she was the winner of a mink stole. Mrs. Rayburn is one of her promote-outs.

One night they saw a Pat Boone show, another night entertainment included "The

Establishments." The group heard a talk by Dr. Robert H. Schuller and received his book, "You Can Become the Person You Want to Be."

This year's convention theme was the gold rush and it was carried out as in the old days of gold mining. Some 1900 people attended. There were five such jubilees for Tupperware managers, two at Logan, two at Orlando, Florida and one in Canada.

The Rohmers and Rayburns included sight-seeing in Colorado Springs, New Mexico, Cheyenne and Laramie, Wyoming, Salt Lake City, Utah, Bear Lake, Idaho, Nebraska, Kansas and Oklahoma.

Will Rogers on the American spirit: "If you can start arguing over something, and get enough publicity, and keep the argument going, you can divide our nation overnight as to whether spinach or broccoli are the most nutritious."

**Annette Sicking William W. Rowton Say Vows at Mass**

Miss Annette Sicking of Dallas and William W. Rowton of Corpus Christi were married here in Sacred Heart Church Saturday at nuptial Mass celebrated by Father Stephen Eckart at 5 p.m. He also heard the vows in a double ring ceremony.

Daughter of Mr. and Mrs. Leo Sicking of Muenster, the bride is a graduate of Sacred Heart High and Texas Woman's University with a degree in nursing and has been on the staff of St. Paul's Hospital.

Son of Mr. and Mrs. Kenneth Rowton of Honey Grove, the groom attended Honey Grove High and graduated from East Texas State University. He is an administrator at Robstown Riverside Hospital in Corpus Christi where they will reside. She will be on the staff of Thomas Spann Hospital in Corpus.

Given in marriage by her father, the bride wore a formal white jersey gown designed by the House of Bianchi. It was designed on Grecian lines, the high neckline accented with a pearl brooch, the sleeves wrist-length, and the soft-flowing skirt ending in a chapel train. Her veil of chiffon fell from a satin headpiece to full length. Her flowers were orchids, miniature roses and baby's breath. Miss Karen Sicking of Dal-

For their wedding trip to Corpus Christi, the bride wore a pink polyester dress with white accessories.

**Wedding Guests**  
 Guests from a distance included Miss Sharlene Sicking of Wharton, Kevin Sicking of Houston, Mr. and Mrs. Jim Fights and Keith of Denton, Mr. and Mrs. Kenneth Rowton and two children of Dallas, Miss Ann Sicking of Fort Worth, Mr. and Mrs. Joe Schroeder of Windthorst and others from Honey Grove, Dallas, Denison, Sherman and Gainesville.

A self-cleaning oven costs no more to operate, on the average, than a conventional oven which must be cleaned manually, according to General Electric. The cost of a self-cleaning cycle is about a dime, the company says but this is offset by savings in normal use from the improved insulation.

las, sister of the bride, was maid of honor and Miss Linda Fisher of Dallas was bridesmaid. Their polyester empire gowns were of contrasting blues, the bodices covered with empire jackets with attached hoods. They carried baskets of daisies.

Groom's attendants were Murrey Jackson of Honey Grove, best man, and Larry Franklin of Lewisville, groomsman. Charles Sicking of Austin and Don Read of Honey Grove were ushers. Neil Rohmer, Joey Sicking and Carl Sicking were Mass servers.

Wedding music was by Pat Hennigan Jr. of Gainesville, organist, and Mrs. Eddy Henry of Gainesville, vocalist. Numbers included Wedding Song, Ave Maria, and Into Your Hands. Gladioli and spider mums adorned the altar.

After Mass the bride and groom went to the Blessed Virgin's altar where she presented a floral tribute.

Wedding reception and catered dinner were held in the KC Hall. Mrs. Frederick Slaughter and Mrs. Tommy Gressett, both of Dallas, registered about 225 guests.

Mrs. Sicking attended her daughter's wedding in a formal long-sleeved pink jersey gown with full-length sleeveless jackets and white accessories. Her corsage was of pink rosebuds and lavender flowers. Mrs. Rowton, mother of the groom, wore a white gown with a black floral print, white accessories, and a pink and white corsage.

### Janet Sicking and Larry Grewing Say Wedding Promises

Mr. and Mrs. Larry Grewing are at home nine miles south of Münster following their marriage and honeymoon. She is the former Miss Janet Faye Sicking, daughter of Mrs. Anna Mae Sicking and Wilfred Sicking. The groom's parents are Mr. and Mrs. Steve Grewing.

Father Stephen Eckart celebrated the nuptial Mass and heard the vows in a double ring ceremony August 17 in

Sacred Heart Church. Presented by her father, the bride wore a formal gown of white organza and tulle over satin with the three tiered skirt edged in sequined Chantilly lace. Matching lace accented the empire bodice, cuffed the bishop sleeves and formed the high neckline. Her illusion veil, edged in lace, fell in tiers to elbow length and chapel length. She carried a bouquet of gladioli, daisies, stephanotis and gypsophila in her chosen colors of orange, blue and yellow.

For sentiment she wore her grandmother's engagement ring and a gold bracelet belonging to her step-mother.

#### Bridal Attendants

Miss Karen Luttmier of Saint Jo was maid of honor with Miss Butchie Sowder of Gainesville and Miss Karla Sicking, sister of the bride, as bridesmaids. They were dressed in orange, yellow and blue empire gowns with lace overlay and carried bouquets similar to the bride's.

Chris Hess was best man. Eugene Fleitman and Jimmy Grewing, brother of the groom, were groomsmen.

Karen Dankesreiter of Fort Worth was flower girl and Eric Dankesreiter of Münster was ring bearer. Mass servers were Mike Hesse, Greg Gieb,

### Klements and Kin Travel to Canada On Vacation Trip

Mr. and Mrs. J. A. Klement have returned from a 3500-mile, 15-day vacation that took them to White Fish Falls, Ontario, Canada. Joined by their son-in-law and daughter, the Dick Schleichers and children Cliff and Susan of Fort Worth and Dick's parents, Mr. and Mrs. Pete Schleicher of Dallas, they traveled in two cars.

In Canada they were joined by the Klements' son David of Detroit, Mich., and friends Mr. and Mrs. Chuck Zollinger and Mr. and Mrs. John Zollinger of Columbus, Ohio.

The group lived in lakeside cottages on White Fish River

where it empties into the Bay of Islands on Lake Huron. The Zollingers fish there almost every year. Chuck had his motor boat and was official guide. He took them all fishing — those who wanted to go — twice each day.

The ladies visited and took side trips to Sudbury, Espanilo, and Little Currant and boat rides in the evening to see summer homes on the Islands.

Susan Schleicher was thrilled at bringing in a four pound and a two pound pike,

the best eating fish in the area. Cliff Schleicher got a seven pound pike, several smaller ones, and a nice string of bass.

J. A. Klement was the champion fisher. He got the largest and the most. One pike weighed 14 pounds, another 11 pounds. He caught

nine pike that weighed 39 pounds. Everybody caught fish and enjoyed the beautiful scenery.

Returning home, the Texans traveled through Kentucky, Nashville and Memphis, Tenn., Little Rock, Ark., and part of the lovely Ozarks.

**David Stormers Recently Married At Home in Bryan**

Mr. and Mrs. David Stormer are at home in Bryan following their wedding trip. She is the former Miss Susan Creech. The couple exchanged nuptial vows on August 3 in the First United Methodist Church of Katy. The Rev. Nolan Vance officiated at 7:30 p.m.

Parents of the couple are Mrs. Sid C. Creech Jr. and the late Mr. Creech of Katy and Mr. and Mrs. Tim Stormer of Muenster.

Given in marriage by her brother Sid C. Creech III, the bride wore a formal nylon organdy gown trimmed with lace flowers and pleated nylon organdy. Her full-length veil of bridal illusion edged in lace fell into a circular train. She carried a nosegay of white roses, daisies and baby's breath with a cascade of ivy.

Miss Beth Creech was her sister's maid of honor and Miss Kris Stormer, sister of the groom, Miss Peggy Hlavinka and Mrs. Ronnie Edwards were bridesmaids.

They wore yellow nylon organdy gowns with wrist-

White daisies and fern flanked the altar which held two branched candelabra with white candles. White ribbon bows and ivy pew markers completed the candlelight setting. Mrs. J. D. Woods, organist, played a prelude of wedding music, the processional and recessional.

The bride's mother wore a formal gown of aqua chiffon and lace. The groom's mother wore a formal light blue chiffon gown.

Wedding reception was held in the church fellowship hall. The three-tier wedding cake was decorated with yellow roses and green leaves and was topped with white wedding bells. The groom's cake was topped with a black top hat, cane and white gloves. Mrs. Ken Stormer was a member of the houseparty.

The bride is a graduate of Katy High School, Stephen F. Austin State University and Texas A&M University. The groom graduated from Muenster High School, attended A&M University and this fall is starting the Professional Veterinary Medicine School at A&M.

Wedding guests included Messrs. and Mmes. Tim Stormer, Ken Stormer, Roy Hartman, Herman Hartman and Tony Trubenbach Jr., Tom and Don Hartman, all of Muenster, Mr. and Mrs. Ray Partridge of Denver, Colo., Miss Kris Stormer of Dallas and Joe Hartman of Austin.

The rehearsal dinner was held at the Sheridan Inn at West Belt in Houston with the groom's parents as hosts.

length sleeves, and a wide ruffle of the same material at the hemline. They completed their costumes with yellow hats ornamented with small daisies and white ribbon, and each carried a bouquet of nylon daisies with yellow and green streamers.

Ken Stormer attended his brother as best man. Ray Partridge, groom's brother-in-law, Ronnie Edwards and James Smith were groomsmen and ushers.

**Requirement for SS Card Changes**

Although the primary purpose of a social security number is to identify a person's work for social security, the number now serves a variety of uses such as military serial numbers, driver's license numbers, and other identification purposes, according to Gus Jones of the Sherman Social Security Office.

The Social Security Administration, because of a law passed by Congress in 1972, now requires identification from anyone age 18 or over who applies for a social security card. If the person is foreign-born, he must provide proof of his citizenship. Non-citizens must show evidence of lawful admission to the United States.

Citizens now applying for social security cards should bring with them their birth record, or a baptismal record if it was recorded before age 5, Jones said. If no birth or baptismal record is available, the same type of proof used to cash a check should be furnished. That is a driver's license, official identification card, or other proof of identity. Jones said that the evidence should show age, or date of birth, address, signature, and be at least several months old.

A foreign-born social security number applicant should bring his naturalization papers with him when he applies.

Aliens who apply for a social security card must show proof of legal entry into the United States. If the alien is authorized to work in this country, he should submit evidence. If he is not authorized to work in this country and still needs a social security number, it will be issued if he needs it for a driver's license, bank account, or other reasonable purpose.

Jones said that children under age 18 do not need to prove their identity.

**4-Her's Learn to Become Officers**

"The meeting is now called to order . . ." this sentence was heard Tuesday night as 75 officers from 4-H clubs throughout the county received training on how to be a Club Officer. Experienced junior leaders spoke to 5 groups on the duties of president, vice-president, secretary-treasurer, reporter, recreation leader, and council delegate. Sharon Rohmer, Cindy Hudspeth, Barbie Davidson, Denise Martin, David Norman, Pat Davidson, Chris Felderhoff, Nancy Hickman, Mary Lou Fleitman, Tammy Hickman, Sandy Reiter, and Rudy Schumacher were those junior leaders participating.

Officer Training is an annual 4-H activity planned each year to give new officers a better idea of how to conduct a successful club meeting as well as what their specific duties will be. Club meetings will begin in September and will continue throughout the school year.

**Health Hints**  
FROM BLUE SHIELD

**Tanning Tips**

A bad sunburn can ruin a beautiful summer. Protect your skin by taking these precautions suggested by the Food and Drug Administration. The sun speeds the skin's aging process, so it is important to get your suntan gradually to build protection. If you have "average" skin, you can start with 40 minutes the first day, 45 the second day and increase to 50 the third and fourth days.

Use a protective product and reapply it often since swimming, perspiration, sand and clothing remove lotions, creams and oils. Pay special attention to shoulders, knees, feet, lips and ears, and block out the sun completely from tender areas with zinc oxide ointment or a mixture of calamine and cold cream. Creams and lotions give more protection than oils.

Protective products are divided into sunblocks and suntans. Sunblocks offer more protection because they screen out burning ultraviolet rays. Learn what products offer. Those stressing a dark tan usually give less protection. Indoor tanning lotions only stain the skin and give no protection.

You are more likely to burn between 10 a.m. and 2 p.m., on sand or water, in an unpolluted area and in hotter climates. Older people, people with lighter and thinner skin and people taking certain medications (tranquilizers; estrogens; diuretics; drugs to treat diabetes) should not expose themselves to the sun. Be on the safe side and ask your doctor if you have any doubts.

Since your eyes are very sensitive organs, be sure to protect them also. Wear a protective shield such as sunglasses (large enough to protect from sunburn and windburn) or eye cups. Lotions should not be used on the eyelids without a doctor's approval.

If you are not seriously burned but uncomfortable, apply wet dressings of gauze dipped in a solution of baking soda and corn starch — one tablespoon of each to two quarts of cool water. When these ingredients are not available, use cool milk or water. If you get a bad burn, see a doctor.

**3 reasons for higher electric bills**

If you're like most Texas Power & Light customers, the amount of your electric bill in recent months, and perhaps this month, is higher than it was at the same time last year.

There are three reasons why.

One major reason is increased usage of electric power. Air conditioning alone can account for a sizeable increase in your bill. During the summer of this year, there were many more days with temperature readings of 100 degrees or more than in 1973.

A second reason is that in March of this year the rising costs of producing and supplying electric power made it necessary for TP&L to obtain increases in the price of electricity.

Also, the amount you pay for electric service is subject to an adjustment based on the price TP&L must pay for the fuels needed to generate electric power. Our fuel costs are now more than 80% higher than they were last year and this increased cost is reflected in your bill.

Texas Power & Light has always worked to keep the price of electricity as low as possible, consistent with maintaining adequate and dependable service. We will continue to do so in the future.

**Series of Thirteen Civilization Films To Show at CCC**

"Civilization," the renowned color film series on the cultural life of Western man, written and narrated by art historian Kenneth Clark, will be shown at Cooke County College beginning September 4, 12:05 p.m. in Room 412. A second showing for the Gainesville community will be held at 7:00 p.m.

Cooke County College will receive the thirteen fifty-minute "Civilization" films on loan free of charge from the National Gallery of Art in Washington, under a new program offered through the Gallery's Extension Services.

This distribution program has been made possible by matching grants totaling \$181,056 from the National Endowment for the Humanities and from Xerox Corporation. Normal rental fee for this series would be \$2,000 to \$3,000, and purchase price would be \$7,000 a set.

Under the program, which began this fall, the films are being distributed to colleges and universities with fewer than 3,000 undergraduates. Approximately 400 institutions can participate in the program each year, with an estimated 3,000,000 annual audience.

Each college will receive the films in sequence, one a week. There will be two showings of each, both without charge — one for the college and one for the local community.

The film to be seen this week, the first in the series, is "The Frozen World," which concerns the Vikings, the Dark Ages and Charlemagne.

The film's many subjects include the Gothic cathedrals, the age of chivalry, St. Francis of Assisi, the Renaissance and the Reformation, the baroque and rococo, bourgeois democracy in Holland and the Dutch painters, the Enlightenment in Europe and America, romanticism and revolution in the 19th century, and modern technology and materialism.

**Local News BRIEFS**

Alice Hellman's recent greetings from abroad have come from the Balkan countries which she was leaving Aug. 22 for Hungary. She found it interesting watching the Rumanians practicing for the parade they have commemorating their 30th anniversary of liberation — so much color — Aug. 23, 24, 25. She and her traveling companions attended quite a few of their folklore programs, also very colorful.

**You've Come a Long Way, America**

Just one step in the early American method of soap making was rendering animal fat to mix with lye made from ashes, as shown in this picture taken at Greenfield Village in Dearborn, Michigan. In contrast to this arduous, but once-necessary task, the simple procedure of picking up a bar of soap at the local store is just one example of the dramatic changes in American life in the past 100 to 200 years.

This summer, the country's first major Bicentennial exhibition will be on display at the Henry Ford Museum at Greenfield Village in Dearborn, Michigan. Titled "Industrial Heritage U.S.A.," it has been developed by the Museum in commemoration of the American Bicentennial in cooperation with 26 outstanding industrial organizations. The exhibition illustrates the drastic changes in life style and points up the improved standard of living resulting from the evolution of American industry.

Individual exhibits trace the evolution of such diverse areas of American life as home entertainment, home lighting, the kitchen, the bath, farm equipment, clothing and electric power. Literally hundreds of artifacts have been selected for the exhibits from the vast collections of Greenfield Village and Henry Ford Museum to contrast the products of the past with those of today.

Overall, "Industrial Heritage U.S.A." is an American history exhibit which will fill anyone who sees it with a feeling of admiration for the hardy individuals of the past and a sense of appreciation for the progress which has been made since our country's birth.

After Labor Day, the exhibition will begin an extensive tour of the country which will take it to every contiguous state in the Union by the end of 1976. But each summer, it will return to the Henry Ford Museum to be displayed during July and August among all the other collections which bring American history to life there.

**Milestone For Railroad Progress**

Santa Fe Railway has installed its 5,000th mile of welded rail, more than any other American railroad, as part of an ongoing program of upgrading facilities. Regular 39-foot rails are welded into lengths about 1/4-mile long at the railroad's welding plant at Amarillo, Tex., and hauled to location aboard special rail trains. Other equipment then hoists it into place, and mechanized spike drivers fasten it firmly. Ends of the long pieces are then welded together, resulting in a solid rail interrupted only for switches and signal purposes. In addition to producing a smoother, safer ride, elimination of the joints also eliminates the source of most wear. With the welded rail now in place, Santa Fe estimates it has eliminated nearly 1 1/2 million joints. The railroad expects it will have welded rail on all its principal routes within six or seven years, culminating a program that began with a 5-mile section installed in 1947 near Cedar Point, Kans. Coupling the rail program with replacing 1 1/2 to 2 million ties a year, electronic track checking equipment and routine maintenance procedures has produced a physical plant that enables Santa Fe to regularly operate freight trains at speeds up to 70 mph.

intercepted on the 40 and dashed to the goal. Then just before intermission Nocona got the passes going again. Four of them accounted for 32 yards in a 65 yard drive to a TD.

Starting the second half Nocona failed on its third series, so did Muenster, and again Nocona. Then Bright broke through on a fine 78 yard romp that was called back because of an infraction. Two plays later Mark W. Sicking weaved into the open and sailed all the way for a score that counted.

Not to be outdone Nocona on the next play went 65 yards for a TD on another pass play. Following failures by each team in the next four series, Muenster seemed to be headed for another TD. Gains for 59 yards reached the 2 and a fumble blasted the opportunity.

After that both teams made a first down and failed on the second series, then Eckart's fumble recovery inspired the final touchdown. Mark Mollenkopf and Mark M. Sicking carried on the next five plays for a total of 48. Sicking made the last 27.

The evening's program opened with a junior varsity scrimmage in which the Nocona kids won by one touchdown and also won the statistics. The Little Indians led 96-30 in total yardage and 5-2 in first downs. They made all their yardage by rushing whereas Muenster ended with a net loss of 4. However Muenster gained 34 on three passes and Nocona failed to complete a pass.

The only score came early in the contest after Muenster failed on two series and Nocona on one. It was a 65 yard drive in nine plays.

Turnovers favored the Little Hornets. They recovered two fumbles and intercepted one pass. Nocona recovered one fumble.
