NUMBER 40

When the Economic Summit and the Cost of Living Council start looking for solutions to the inflation crisis, we hope that they will give some thought to a few big factors that the economic experts are inclined to overlook. Far more important than the fiscal manipulations is a return to basic national virtues like patriotism and self sacrifice.

Our country needs the kind of spirit it demonstrated in World War II, when people put the nation's good ahead of their personal gain. Their first thought was of the country's survival and they did not hesitate to give extra effort or to give up some of the comforts or goodies they would have liked.

A sharp contrast with this spirit was shown a few days ago in a TV scene relative to inflation. A worker stated that he insisted on more pay and thought that business should make the adjustments needed to solve the problem. On the other hand there are those who think labor is at fault and ought to be the first to make adjustments.

The important point, of course, is that each faction is correct in accusing the other. But at the same time each is wrong in not acknowledging some of the guilt. So, what's really needed is a change of attitude on both sides, with each admitting that it shares responsibility for our trouble but also doing something about it.

Needless to say, that something involves sacrifice. For instance the worker can withdraw his demand for a raise, and he can help still more by increasing his production for the old pay rate. On the side of business it means giving up a little profit to hold the price line, also to adopt economies of operation that enable one to offer better prices.

The benefit of that spirit becomes most evident when it is applied to both factions of the economy. When each strives to do its part toward holding down the inflation spiral it will also find that its own task gets easier. The worker who does more for the same pay reduces unit cost of the product, permitting the other side to lower prices. It even becomes possible to reverse the inflation process as each faction in a spirit of sacrificing to help, permits successive reduction of wage and price.

Just now we think of such a condition as idealistic but unattainable. After more than three decades of the inflation spiral most people have found that it's customary to look out for number one. Many are willing to adjust but only after the other person has already done so. No one wants to absorb the loss that's involved in making the first concession.

Obviously then the solution lies in creating a national climate in which the public realizes that inflation can be stopped by holding the line on wages and prices, and it can be reversed by a policy of even reducing wages and prices whenever possible. This, however requires sacrifice. The worker, industrialist or business man must demand a little less for himself so that others can have a better deal.

Acting separately, not many will go for this policy. Experience tells them to do nothing until assured that others will respond in kind, and so we're doomed to wait indefinitely for the first move.

This brings us to the really essential ingredient of the program: America needs to understand that greed got us where we are today and generosity or sacrifice is the only way to correct the problem. We can point out this fact as a matter of prudent self interest, showing that we're headed for economic doom if we don't see the light soon. Or we can appeal to religious principle on grounds that we've been morally wrong in our selfish attitude and are morally obligated to straighten out. In fact, this sin, like any other will be our undoing if we allow it to persist.

To accomplish this goal our nation needs a greater, more convincing effort than it has ever made before. It needs the full backing of government — that is elected and appointed officials from national down to city level. Their ef-

Tuesday Booked for Blood Bank Deposit

Another deposit in this community's blood bank will be made next Tuesday during the regular semi-annual visit of the bloodmobile from the regional Red Cross Blood Center of Wichita Falls.

Facilities for the collection will be set up in the K of C Hall from 2 to 7 p.m. The center's technicians will accept the blood, and personnel of the hospital and hospital auxiliary will assist them.

The local collection is a part of the program in which blood is donated by volunteers so that it will be available free to patients of the Muenster hospital and people of the hospital district who are patients elsewhere. The net benefit is

that a person needing a transfusion pays only for collection, storage, transportation and other services. The total cost is about half as much as when blood is used from a commercial blood bank.

This community is one of 26 included in regional Red Cross system headquartered at Wichita Falls. Each community is supplied by the system and each in turn provides blood for the system. Collection quota for each community is determined by the amount it uses in six months. The quota here is 80 pints, however the blood center has indicated that local use is increasing and additional blood will be very welcome.

Efforts are now under way to beat the quota, hopefully to beat the last collection, which reached a new record of 109 pints. Principal reason for that achievement was first acceptance of blood from 17 year olds. Juniors and seniors from the two local high schools responded in a big way. Word has been sent to both schools asking the students to help again.

In addition, the sponsoring organizations, VFW and KC, along with the hospital auxiliary, are soliciting donors and booking appointments. Their purpose is to level off rush and slack periods as much as possible and also to get an indication of how many to expect.

Those organizations also extend a general appeal to everyone who is willing to give. Prospective donors are asked to contact one of them or the hospital — or to come without an appointment.

Gets BS Degree

Mrs. Floyd Allen White of Gainesville, the former Becky McElreath of Marysville, was among graduates in commencement exercises Saturday morning at Texas Woman's University in Denton. She received a BS degree in Economics with a minor in Accounting. Attending the program were her husband, her parents Mr. and Mrs. Rafe McElreath and an aunt Mrs. E. H. McLaughlin of Dallas.

Kidney Surgery

Tonya Fisher, seven-year-old daughter of Mr. and Mrs. Butch Fisher, will be a patient for kidney surgery at Texas Childrens Hospital in Houston on August 27. Earlier in the summer Tonya had minor surgery which corrects the problem in 35 per cent of the cases, but did not in her case. Tonya's parents ask prayers for her. Cards may be sent to her in care of Texas Childrens Hospital, Houston, Texas 77001. She will be hospitalized August 26 for about a week.

Council Approves Jaycee Plans for Pavilion in Park

The first step toward building the long planned Jaycee pavilion in the city park was taken Monday night in the Muenster city council meeting.

Charles Bayer and Dan Hamric, representing the Jaycees, asked the council for permission to put the structure in the park between the swimming pool and tennis courts.

The building will be octagonal, measuring 60 feet in both length and width, and will consist only of floor, roof, rest rooms and an open area for assembly space.

The spokesmen said that their organization hopes to get financial help from the Texoma Regional Planning Commission on its project, and to qualify it needs the city's OK along with plans and a contractor's bid for construction. Since approval is given the next step is to advertise for bids.

The facility has been on the Jaycee want list for a number of years. It's intended as a spot for park entertainment or just a place to keep dry in case of rain, and a very welcome relief to the present shortage of rest room facilities.

A benefit event to help finance the pavilion is scheduled for Sunday Sept. 1 in the park. It will be a chicken supper, a change from the traditional fish fry of the past eleven years.

Hornets Will Meet Panthers Friday in First Grid Action

After a week spent mostly on conditioning, the MHS Hornets are concentrating now on fundamentals and execution of plays. According to their coach, Don Neal, they are coming along fine in spite of inevitable changes associated with a new coach and two new assistants. Neal is still enthusiastic about the boys' attitude and hustle, as shown in an intersquad scrimmage last Saturday night.

Regarding progress, he says that defense is looking better than he expected after only a week of practice. Offense isn't as far advanced, but that's understandable because more is involved in learning new plays and the timing needed to make them successful.

How well they're doing will become apparent Friday night in the season's first scrimmage, meeting Saint Jo's Panthers on the Hornet field. Action begins at 7 with a clash of the junior varsity teams and turns to an encounter of the first teams at about 8 o'clock.

Indications Monday are that the Hornet varsity's offensive starters will be Terry Walterscheid and Bobby Endres at ends, Mark Stoffels and Glenn Henscheid at tackles, Harold Sandel and Steve Klement at guards, Jim Grewing at center, Randy Wolf at quarterback, Neil Huchton, Tom Bright and Darran Neal as running backs.

At this time seven of the players are also picked for the defensive lineup and the other four will be replaced by Mark L. Sicking at safety, Tim Felderhoff at end, and Kenney Koelzer and John Eckart at tackles.

An obvious handicap on the Hornet team last year was its size. Averaging only 146 pounds, it was the smaller contender in every game of the season. This year it's going to be different. The average is up to 157, which may be the advantage in a few games and will trim down the opponents' advantage in other games. Another probable gain is in experience and talent. The only boys lost by graduation were Tom Hennigan, Curtis Klement, Lyle Klement, Glenn Grewing, Louis Koelzer, Dan Sicking and Terry Huchton.

They are succeeded by experienced players with a year of added growth, plus a pair of promising newcomers and boys from last year's strong JV team.

Father Harry Fisher and Ed Simons of Burk Burnett were visitors here Monday

Miss Janet Knabe has joined the clerking staff at Hofbauer's.

Vowell Realtors Opens Muenster Office This Week

Lynn Vowell Realtors opened a new branch office in Muenster Monday at 501 East Division Street on the south side of the building in which Hesperian Savings and Loan Association recently opened its new office.

Open house is being held through Friday between 9 a.m. and 5 p.m. and everyone is invited to stop in, get acquainted with office personnel and property available.

Miss Ruth Smith is resident assistant manager.

This realty firm has specialized for the past three years in farm and ranch property in Cooke, Montague, Wise, Grayson, Denton and Collin Counties. Other branch offices are at Lone Oak Road three miles south of Valley View and at 114 N. Dixon in Gainesville.

The Men In Service

David Fette Commissioned

Lt. and Mrs. David Fette are moving this week from College Station to Fort Knox, Ky., where he will report for three months of temporary duty in the Armored Officer Basic Course prior to his assignment for permanent duty in the First Cavalry Division at Fort Hood, Tex. David received a Regular Army Commission as Second Lieutenant in Armor last Friday night upon graduation from Texas A&M University with a BS degree in Forestry. As a member of the Cadet Corps, he was company commander during his senior year and received a citation as Distinguished Military Student. The R. N. Fettes were at A&M for the commencement services.

Home A Civilian

Spec. 4 Stephen Walterscheid is back at home a civilian after spending the past 18 months soldiering in Baumholder, Germany. He was mustered out at Fort Jackson, S. C., and flew to D-FW Airport where he was met by his parents and family, the Joe H. Walterscheids joined by Mr. and Mrs. Henry Koelzer of Fort Worth. While in Germany, Stephen made many trips including sight-seeing in Holland, Belgium, Amsterdam, Brussels, Austria, Switzerland and Paris, France. He acquired many lovely gifts and keepsakes from foreign countries on these tours. Mr. and Mrs. Koelzer spent the weekend here with her daughter and family.

At New Station

Seabee Jerry Eckart is settled for duty at his new station and has the following address: Gerald A. Eckart, 455-96-4924; Public Works Transportation, N.A.S.; Kingsville, Texas 78363. He is the son of Mr. and Mrs. James Eckart.

Drivers Warned Not to Pass When School Bus Stops

Seventeen persons were killed and 572 injured in traffic accidents involving school buses in Texas last year, "Captain J. A. Dumas", commanding officer of the highway patrol for this district, announced today.

He pointed out that state law regulating traffic on Texas streets and highways reads as follows: The driver of a vehicle upon a public street or highway inside or outside of a business or residential area, upon meeting or overtaking (from either direction) any school bus which has stopped on the highway for the purpose of receiving or discharging any school children, to stop their vehicle before reaching such school bus and said driver shall not proceed until such school bus resumes motion, or is signaled by the school bus driver to proceed, or the flashing lights on the school bus are no longer flashing. This law also states that the driver of a vehicle upon a highway with separate roadways need not stop before passing a school bus which is on a different roadway or when upon a controlled-access highway and the school bus is stopped in a loading zone which is a part of or adjacent to such highway and where pedestrians are prohibited from crossing such roadway.

Surface Road Likely To Replace Overpass

The more the subject is aired the more it appears that the short span of four lane road replacing the present two lane overpass will cross Maple Street by way of a ground level intersection rather than an overpass.

The issue was discussed at length at the city council meeting Monday night after Mayor David Bright explained the alternatives considered in a meeting with District Highway Engineer Charles Hildebrand of Gainesville.

Responding to general concern over the safety of pedestrian and bike traffic of children crossing Highway 82 enroute to the park and swimming pool, Bright inquired about three types of crossing. If Highway 82 and Maple are the same level, how about a tunnel under the road suitable for walking or cycling? That was ruled out promptly because the tunnel would be below street level and would have straight through visibility.

Next a compromise was suggested — an overpass over Maple but with only enough clearance for pedestrians and autos, a height of about 10 feet. The idea was received sympathetically with the understanding that it was subject to approval of state headquarters. Word received since then is that an overpass must have the standard clearance of 14 feet or more, so Muenster has a choice of the regular overpass or a ground level crossing.

For safety sake the overpass would be preferred, but it brings on another problem. Raising the highway surface some 16 to 18 feet above Maple would require a sloping fill with a ratio of three feet of width to each foot of height. It would require about 50 feet of additional right of way on each side of the road. On the north the right of way would require some of the space planned for AMPT's new building plus some now used by oil wells. On the south it would need space now occupied by Mobil and Fina wholesale agencies.

The city is told that it can have the overpass if it will furnish the right of way. So now it faces the question of whether it can afford to compensate property owners for the losses they would have to take.

To get a better idea of their problem councilmen decided to get more information from the district engineer, particularly the total width of right of way for the four lane surface, the median strip, the shoulders and the base for approach to a 14 foot overpass. That information will be considered in a special meeting Thursday night along with the width of right of way needed for the cross roads at ground level. The council wishes to have separate estimates of right of way cost for both of the crossings.

Original objection to the ground-level crossing seemed to fade as the council considered its better features. It would offer conveniences such as a short-cut to the hospital and also more direct access to the park and swimming pool. Furthermore it would enhance the value of property beside the road, which would be isolated in case of the elevated road level. As regards pedestrian and bicycle hazards, the council noted that a controlled crossing can be provided allowing children to activate a caution or stop signal as they start across.

Another subject for discussion was the detour road to be used during the construction period. The favored route is south at Main to Cross, west on Cross to Maple, north on Maple to the north side of the park, then west to the highway bridge. To be acceptable to the highway department the route would be improved, thereby providing several blocks of good roads for the city, plus access to the park from the west.

Introduction and Project Planning Feature PTO Meet

Muenster Public School Parent-Teacher Organization re-organized for a new term at its meeting Monday night in the school auditorium where a large number of parents gathered and C. O. Cash opened with prayer.

Mrs. David Bright, president commended parents on their attendance, and Mrs. Jerry Walterscheid, membership chairman, reported being pleased at results of the membership drive. Those who have not responded to their invitation are urged to do so.

All committee chairmen gave their reports with Edgar Dyer reporting that the organization has bought a new pop corn machine.

In a discussion on disbursement of accumulated treasury funds, members decided to build sidewalks to the football field entrance gates. The next project that carried was to help redecorate the teachers lounge not only for the teachers benefit but also for visitors who come to see the school's facilities. Next project will be purchase of a sofa for the home ec room.

Activities and projects favored for the 1974-75 school term are: concession stand (sponsor), draw up a new constitution, Halloween Party, health assistance program with ear, eye and nose checks for which Mrs. Jimmy Biffle volunteered as chairman, sponsor domino tournament, junior high awards banquet, election and installation of new officers before the end of school.

Mrs. Dan Hamric, program chairman introduced board members present and five new faculty members were introduced and welcomed by Superintendent L. B. Bruns and some of the board members.

Each new teacher received a red carnation in a bud vase as an expression of appreciation and to display in their respective classrooms.

Mr. Bruns welcomed Mrs. Nancy Perryman, Dan Hamric welcomed Mrs. Irene Hartman, Robert Bayer welcomed Donald Ostermann, and Mrs. Teresa Walterscheid welcomed Harold Tipps who was unable to be present, and Donald Neal.

A learning aid which accompanied World Book Encyclopedia was gifted to the school by Mr. and Mrs. Jerry Walterscheid.

After adjournment, punch and cookies were served by the hospitality committee from a beautifully decorated table.

Tigers, Pottsboro Tangle Thursday in First Scrimmage

Sacred Heart's Tigers will have a rugged test Thursday evening when they take on Pottsboro High in a scrimmage session. The action will be at Pottsboro starting at 7.

According to UIL classification the hosts should be strong favorites. They play in Class A and are due to move into AA at the next re-classification. The Tigers, by contrast, are still under the limit for class B.

The scrimmage will be a double header, testing both the varsity and junior varsity. The team will have 30 plays on offense and as many on defense. The B team will have 20 on offense and 20 on defense.

Eight of the boys are expected to be starters on both offense and defense. They are Bruce Fuhrmann, Ricky Walterscheid, Scott Felderhoff, J. T. Pagel and Pat Endres in the line, Roger Endres, Leon Bayer and Mark Hess in the backfield. In addition there will be John Henscheid, George Luke and Darrell Walterscheid on offense and Melvin Hess, Chris Felderhoff and Karl Koelzer on defense.

Coach Bob Steele said the Tigers made nice progress in their first week of practice. They are in good physical condition and working hard on the fundamentals and the coordination needed to develop an effective machine. They have one casualty to date. Glenn Walterscheid, with a slight fracture of the right forearm, will be out of the lineup until about October 1.

Paper Drive Saturday

SHH seniors will conduct a scrap paper drive Saturday Aug. 24, beginning at 9 a.m. Persons with paper to give are asked to have it boxed or corded and out at the curb for quick pickup. Those who are unable to get their paper out may call 759-4165.

Go placidly amid the noise and haste, and remember what peace there may be in silence. As far as possible without surrender be on good terms with all persons. Speak your truth quietly and clearly; and listen to others, even the dull and ignorant; they too have their story.

Avoid loud and aggressive persons, they are vexations to the spirit. If you compare yourself with others, you may become vain and bitter; for always there will be greater and lesser persons than yourself. Enjoy your achievements as well as your plans.

Keep interested in your own career, however humble; it is a real possession in the changing fortunes of time. Exercise caution in your business affairs; for the world is full of trickery. But let this not blind you to what virtue there is; many persons strive for high ideals; and everywhere life is full of heroism.

Be yourself. Especially, do not feign affection. Neither be cynical about love; for in the face of all aridity and disenchantment it is perennial as the grass.

Take kindly the counsel of the years, gracefully surrendering the things of youth. Nurture strength of spirit to shield you in sudden misfortune. But do not distress yourself with imaginings. Many fears are born of fatigue and loneliness. Beyond a wholesome discipline, be gentle with yourself.

With all its sham, drudgery and broken dreams, it is still a beautiful world. Be careful. Strive to be happy.

Lynn J. Klement Is Magna Cum Laude Graduate at A&M

Lynn Joseph Klement, son of Mr. and Mrs. Ray Klement, graduated with high honors at Texas A&M University last Friday night in ceremonies following the school's summer session. He received a Bachelor of Science degree in Nuclear Engineering. Mr. and Mrs. Klement were there for the graduation.

Lynn Joe has been employed by the Tennessee Valley Authority, a large power firm operating in Tennessee and four neighboring states. He will report for duty at Chattanooga, Tenn., on September 3.

Huddleston Home Damaged by Fire

Timely action by residents and neighbors is credited with preventing a total loss in the fire at Jake Huddleston's home in Myra last Friday. While waiting for Muenster firemen they kept all doors closed and cooled the outside of the building as much as possible with garden hoses.

When firemen arrived they found the flames confined to a garage and adjoining sewing room, workshop and utility. That area of the home sustained damage estimated at several thousand dollars. Other areas received relatively light damage.

Dr. Richard Endres of San Antonio and a classmate Dr. Martha Kincaid of New York ended a visit Saturday with the former's parents Mr. and Mrs. Paul Endres. Dr. Endres is a resident at Bexar County Hospital.

Present with their families including 35 grandchildren of the honoree were the Leroy, Gerald, Bill, Julius, and Raymond Metzlers, Ted Noggler and Rudy Dieters, all of Lindsay and the Clarence Metzlers of Pottsboro.

Others attending included Susan Endres and Ronnie Felderhoff of Muenster.

As Others See Us

With the stories of political scandals, real and imaginary, dominating the news these days, it is only natural for Americans who love their country to ponder: "What in the world must other people (people of other nations) think of us?"

One encouraging, and in some ways surprising, answer comes from the Republic of China, through a public opinion poll conducted by the Public Opinion Polls Association, in results released in the late March, 1974. The poll was conducted to determine the people's choice of merchandise, company, country, and world leaders.

And it turns out that Coca Cola was the best known merchandise, the United States the best friend, and Mao Tse-Tung the most disliked person to the people in Taiwan. Of the total returns, 99.8

percent of the Chinese people "recognized" Coca Cola, followed by Hilton, Ford, and the Reader's Digest. According to the survey returns on "country," the 10 best liked nations among the forty polled were the Republic of China, (in first place) followed by the United States, South Korea, Israel, South Vietnam, Switzerland, West Germany, the Philippines, Canada and Australia, in that order.

The poll further revealed that the five most disliked persons among the world leaders are Mao Tse-Tung (96.6 percent of the people polled) followed by Kakuel Tanaka (95.1%), Fidel Castro (71.2%), Leonid Brezhnev (69.2%) and Pierre Trudeau (49.1%).

It is encouraging to find that the people of free China still have a favorable attitude towards the United States. After all, it was bungling U.S.A. policy which led directly to the admission of Communist China to the United Nations, and to the expulsion of the free Chinese from the U.N. Happily, the Chinese people appear to recognize that the vast majority of the people of this nation have the highest regard for the people of Free China, and that American foreign policy does not always reflect the wishes of the American people.

Mrs. Riggs is employed at Oak Cliff Hospital.

Winners at last Saturday's grand opening drawing at Ye Olde Book Shoppe were Betty Southard, a \$30 gift certificate, and Sheree Westbrook, a \$20 gift certificate.

Visit in Canada
Miss Linda Rohmer spent the weekend with her parents the Arnold Rohmers and told about a trip to Canada from which she had just returned. She was with a group of eight — nuns and women teachers from St. John Apostle Parish in Fort Worth. Miss Lynn Reiter also was with the group. She joined them at Flint, Mich., where she had been doing summer teaching. The travelers camped out along the way, saw interesting sights including Mammoth Cave in Kentucky and Niagara Falls. Highlight in Canada was at Stratford where they attended a Shakespearean Festival. Lynn remained in Fort Worth for the weekend and visited her family, the Wilfred Reiters, by phone. She had pre-school-opening work to do. Linda left Monday to get organized for classes starting next week. Both are attending teachers meetings this week. Both teach at St. John Apostle elementary school and are roommates.

Muenster Jaycees Host Visitation

Muenster Jaycees hosted a group of some 80 guests — members and wives for the Area II-A visitation in the KC Hall August 15.

Highlighting the program was an address by John Thompson of Huntsville, past state president of Texas Jaycees and currently a vice president of the U.S. Jaycees. He was introduced by Baxter Featherson of Wichita Falls, national director. Robert Miller, local chapter president, welcomed the group and Wayne Klement was master of ceremonies.

At a awards presentation Willie Fisher received a patch as Jaycee of the Month, Klement received a plaque as outstanding state vice president for the quarter and a trophy award went to the Lindsay chapter for having the most members present along with the most wives attending. Mineral Wells chapter received the out-of-region trophy and Nocona received the in-region trophy.

Other chapters represented were those from Iowa Park, Vernon, Burkburnett, Gainesville, Bowie, Wichita Falls, Euless, Corsicana and Fort Worth.

A social hour with refreshments concluded the meeting.

Hennigan Family Joins for Reunion In Albuquerque

Mr. and Mrs. Pat Hennigan and son Joe have returned from a trip to New Mexico and Spokane, Wash., attending a family reunion and seeing Expo '74.

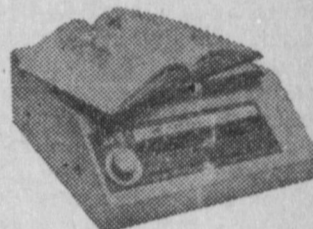

In Albuquerque they joined a reunion of the H. P. Hennigan children. The get-together which lasted five days headquartered at the Holiday Inn. Those attending came from four states.

Present were all eight of the Hennigan sisters and brothers: Messrs. and Mmes. Marvin McColpin (Mary Nell) of Indianapolis, Ind., Andy Johnston (Rose) of Danville, Calif., William Neil (Therese) of Garden Terrace, Calif., Edward Baca (Rita) of Santa Fe, N. M., Benny Montoya (Martha) of Albuquerque, Frank Hennigan of Albuquerque, Pat Hennigan of Muenster, and Miss Alma Hennigan of Torrence, Calif.

Mr. and Mrs. H. P. Hennigan were unable to attend because of his health.

In Spokane the Pat Hennigans attended the Fair and were guests of the Lehnertz Brothers.

Faculty, Parents, Students Participate In S. H. School's Opening Liturgy

A special liturgy for the opening of classes at Sacred Heart School was held Monday at 9:30 a.m. in Sacred Heart Church with Father Placidus as celebrant, Father Stephen as commentator and faculty, students and parents as participants.

The theme for this school year was beautifully portrayed on the banner in front of the altar: "Keep Your Face to the Sunshine and You Cannot See the Shadow." Banner was designed and made by Dianne Kralicke.

"My Country 'Tis of Thee" was sung by the assembly as Joe Koesler and Ray Testa entered with the American flag and the Papal and placed them in the sanctuary.

The entrance hymn was "Wake Up My People" and the procession was made up of altar boys, parents and children to be presented at the Offertory and Sacred Heart School Commission: Alvin Hartman, Norbert Koesler, Ray Voth who was represented by his wife, and Wilfred Reiter. Ervin Henschel was unable to attend. Wilfred Luttmer, Jr., an 8th grade student was next in procession because he was one of the Readers at Mass. The Elementary and High School Faculty followed. The procession ended as Father Placidus and two altar boys entered the sanctuary.

The Readings were by Sister Carmelita, Miss Dorothy Bengfort and Wilfred Luttmer, Jr. Petitions of the Mass were sung by Father Placidus.

The following parents presented children to the teachers: Mrs. Tommy Dankesreiter, Dana to Sr. Genevieve; Mrs. Leonard Haverkamp, Lisa to Sr. Camille; Mr. and Mrs. Regi Bayer, Connie to Mrs. Dodson; Gerald Reiter, Gus to Mrs. English; Mr. and Mrs. Pat Hennigan, Sr., Jo to Miss Hermes; Mr. and Mrs. George

Mollenkopf, Jill to Mrs. Felderhoff, Mr. and Mrs. Marty Klement, Kirk to Mrs. Jones; Mrs. Emil Rohmer, Greg to Sr. Alberta; Mrs. Arnold Knabe, Margie to Mrs. Bezner; Mrs. Bill Koerschner, Ted to Sr. Lenore; Mr. and Mrs. Ray Wilde, Rene to Miss Bengfort; Mrs. Alois Rohmer, Neil to Sr. Georgia.

Mrs. Arnold Rohmer, Mary to Mrs. Fagel; Mrs. Henry Pels, Janet to Mrs. Neal; Mrs. Richard Grewing, Barbie to Sr. Theresina; Mrs. Joe Sicking, Chris to Mr. Shad; Mr. and Mrs. Ernest Wolf, Kent to Mr. Felderhoff; Mr. and Mrs. Wilfred Bindel, Bennie to Mr. Stalik; Mrs. Raymond Walterscheid, Glenn to Bro. Thomas, Mr. and Mrs. Norbert Walterscheid, Ricky to Coach Steele; Mr. and Mrs. Joe Mosler, Susan to Sr. Carmelita; Mr. and Mrs. Leo Hesse, Joan to Sister Mary John; Mr. and Mrs. Paul Fetsch, Gary to Father Placidus; and Mrs. R. N. Fette, Bernie to Father Stephen.

The Offertory Hymn was "All That I Am" and the following made up the procession: Christ Candle was carried by Tim Hess; candles by Luke Koerschner and Anita Meurer; Textbook by Lorene Bartel; Ear phones by Mike Bartush; Visual Aides by Glenn Hermes; Candles by Brian Grewing and Mike Hesse; Water and Wine by Tina Richards and Monica Gehrig; Paten and Ciborium by Charles and Glenn Hess, Mass Book by Darrell Walterscheid; and Chalice by J. T. Pagel. The gifts were carried by a representative group from all 12 grades.

The Communion hymn was "Whatsoever You Do" and the recessional was "They'll Know We Are Christians".

Laura Kralicke directed all of the Music for the Mass. Song leaders were Cindy Bartush and Dianne Kralicke.

Guitar players were Lynda Klement, Laura Kralicke, Kathy Luke, Linda Miller was the Organist.

The Liturgy was planned and directed by Sister M. Lenore.

5th Birthday Is Celebrated Twice

Ronnie Walterscheid, five years old Monday, Aug. 19, celebrated twice, once at home and again at kindergarten. He is the son of Mr. and Mrs. Jerry Walterscheid.

His parents entertained at their new home Sunday with a barbecue supper including a Panda bear birthday cake and homemade ice cream. The honoree opened birthday gifts.

Guests were grandparents the Tony Waltersheids and John Koppers, great-grandmother Mrs. Jos. F. Neu who observed her 103rd birthday Wednesday, Aug. 21, Gene and Emmett Walterscheid, Mr. and Mrs. David Walterscheid, Deann and Jason, and the honoree's brothers John and Doug.

Monday's party, at the morning kindergarten class, featured decorated cup cakes and punch for the 25 children and their teacher Mrs. Arthur Williams. Mrs. John Kupper helped Ronnie's mother serve.

From an advertisement for a recent movie: "A story of passion, bloodshed, desire, and death — everything, in fact, that makes life worth living."

Hillcrest Manor News

Visitors with JENNY SCHILLING Sunday made three pairs of sisters together. They are Mrs. Schilling and her sister Mrs. Katie Wilder, the latter's daughters Sisters Madeleine and Benedict Zimmerman, and nun-sisters, Sisters Marie and Mary Grace. Sisters Benedict and Mary Grace are from Lindsay. The other two were enroute to Lawton, Okla., after a stop-over at Lindsay.

A new aide at the Home, beginning Sunday, is Dian (Mrs. Arthur) Moody. She and her husband and their nine-month-old son Steven are new residents in Muenster coming from Vernon. He is employed at AMPI plant and they reside at 202 E. 5th St., the Clem Reiter's former home.

August 16 was a date that meant something to three staff members. It was LVN Ty Cook's wedding anniversary. She and O. R. Cook were married on that date 57 years ago. It was Virginia Petrie's first anniversary of employment at Hillcrest Manor and it was Theresa Fleitman's birthday.

Visiting LON WILLIAMSON Sunday afternoon were his niece Mrs. Catherine Dees of Thackerville, Okla., accompanied by her daughter and granddaughter.

Sunday afternoon visitors with JIM FORD were a nephew and wife, the Fred Fords of New Deal. They had visited at Rosston. Mrs. Bud Ford of Forestburg is a frequent visitor with her uncle.

Members of Gainesville's Hillcrest Church of Christ were over in large numbers for the Sunday afternoon services at the Home. Pastor Don Clayton delivered the sermon and the group sang hymns.

Visiting WILLIE FUHRMANN Tuesday were nephews Father Bruno Fuhrmann and Brother Michael Fuhrmann of Subiaco, Ark., who were enroute back to the abbey after a visit with Muenster and Lindsay relatives.

The Rev. Russell Clap of Gainesville, pastor of St. Paul's Episcopal Church, was a visitor at the home one day. Some of the residents are members of his church.

REEVE COOKE spent Sunday with the Rafe McElreaths and helped Rafe celebrate his birthday at dinner.

Newest resident in the Home is W. W. (Dub) DAVIS of Saint Jo.

Mrs. T. Voth made homemade cookies and lemonade as a refreshment treat at the weekly Wednesday bingo party Aug. 14. Other Hillcrest Auxiliary members sharing hostess duties during the afternoon were Mrs. Leonard Endres, Mrs. Tony Trubebach Jr. and Mrs. Al Wiesman.

Crafts class conducted by Mrs. B. C. Rosson this week featured crewel embroidery.

Local News BRIEFS

Dr. Gene Luke of Holbrook, Ariz., participated in commencement services at NTSU during the weekend, receiving the PhD degree on which he had completed work earlier in the summer. He and his family spent a part of their trip time visiting with the Ben Lukes. Other weekend guests in the Ben Luke home were Mrs. Charles Denny and Mr. and Mrs. Jim Root of San Antonio.

Tonya Renee, infant daughter of Mr. and Mrs. Pat Knabe was baptized Sunday at 2 p.m. in Sacred Heart Church by Father Stephen Eckart. Mr. and Mrs. Norbert Knabe attended as godparents for their granddaughter. Others present were the parents and son Rodney, grandparents the Dick Dittfurths and great-grandmother Mrs. Matt Muller.

Mrs. Helen Burt and daughter Sue of Nazareth, Texas, were overnight guests of her aunt Mrs. Bill Kathman Sunday. They were enroute to Fort Worth where Sue will be a student at Harris Hospital studying anesthesia. She has been nursing at the hospital in Dimmitt, Texas.

Studies and customs of students in Germany were discussed during three visits last week to Muenster Public School students by Karl Buck, an elementary teacher of Hannover West Germany. Mr. Buck was a guest of the Urban Endres family through the American Host Program.

Mrs. Herman Grewing and daughter Amber Lynn and Mr. and Mrs. Hugo Lutkenhaus spent Friday in Wichita Falls and were accompanied home by Mrs. H. A. Walter-

scheid who had spent a week with her sisters and husbands, the Chris Jensens and Roy Plumlees. On August 9 she attended the wedding of her nephew Troy Jensen and Miss Linda Stirman. Others at the wedding included Mr. and Mrs. Hugo Lutkenhaus Mr. and Mrs. Jim Krahl of Gainesville and Miss Kathleen Richter of Dallas.

Mr. and Mrs. Rafe McElreath had as their guest early last week her sister Mrs. Julia Hawkins of Perryton. Tuesday Mrs. McElreath and Mrs. Hawkins went to Dallas to visit another sister Mrs. E. H. McLaughlin and their mother Mrs. Ollie Morris. They remained there until Saturday when Mrs. Hawkins left for Shreveport, La., to visit a son and family, the Larry Hawkins before returning home. Mrs. McElreath and Mrs. McLaughlin went to Denton to be among family members at the graduation of Mrs. Floyd Allen White. At home Sunday the McElreaths celebrated Rafe's birthday at a dinner party and followed in the evening with home made ice cream and cake. Mr. and Mrs. White and Reeve Cooke were guests.

Mr. and Mrs. T. Vogel and Claude joined by daughter Jeanne Mrs. Paul Bass of Dallas, spent the weekend in Houston as guests of the Altons Vogels and helped him celebrate his birthday. His wife Judy baked and decorated the birthday cake. Their son Allen was at home for the celebration.

GOLDEN YEARS CLUB TO MEET AUGUST 24

Muenster's Golden Years Club will have a covered dish luncheon Saturday, Aug. 24, in the home of Mrs. Dick Cain beginning at 11 a.m. All former members and present members are urged to attend and new members are welcomed. An afternoon program of entertainment will feature gospel singing.

Colorado Vacation

Mr. and Mrs. Victor Hartman returned Tuesday night from a visit in Denver, Colorado, with their daughter and family, the Ted Gremmings who took them sight-seeing throughout the area. Places they visited included Lookout Mountain, President Ford's Condominium at Vail, John Denver's home at Aspen, Independence Pass, Trappist Monastery at Aspen, college at Greeley, Fort Collins College, Horsetooth Reservoir, Denver Antique Show, Dog Races, Washington Park, and Tie Siding Wyoming. The couple made the trip by car and on the way back to Muenster stopped to visit the Carl Lukes, where they were overnight guests, and the Tony Hoffmans.

Gail Fisher, Five Birthday Honoree

Gail Fisher celebrated her fifth birthday Wednesday, Aug. 14, at a party for which classmates of the morning kindergarten class helped her eat pink cup cakes and drink pink lemonade.

The group included the class of 25, teacher Mrs. Arthur Williams, the honoree's sister Janie and Joey Weinzaepfel. Mrs. Butch Fisher was hostess for her daughter's party.

In the afternoon at a party at home, a birthday cake baked by Gail's grandmother Mrs. John Fisher was served to the honoree, her brothers Steven and Todd, sisters Tonya and Janie, cousins Laurie and Julie Fisher, and friends Kevin and Craig Felderhoff.

LEARN SPANISH

Any adult interested in learning to speak and write Spanish is invited to meet with Robert McDaniel at Muenster Public School Library next Tuesday Aug. 27, at 7:30 p.m. And bring a friend or contact and tell someone else who might be interested.

'Laying Rubber' Cost
Is Thousands of Miles
 Getting the most out of your tires is especially important during the energy shortage, because 80 per cent of the materials that go into tires are made from petroleum and other hydrocarbons. "Jackrabbit starts," screeching turns, and panic stops not only burn large amounts of fuel, but may also peel 5,000 to 10,000 miles of tread life from the average set of tires in less than one day, warns a Goodyear Tire & Rubber Co. spokesman. Motorists should regularly check their tires for proper inflation and rotate them every 6,000 to 8,000 miles, Johnson pointed out.

Electric Co-ops Reap Opportunity Out of Adversity

Obstacles to the extension of electric service into rural areas have been many since electric cooperatives first began operating in the 1930s, long-time leaders recall. But the obstacles have always been modified at least, they add. For today, Texas' 80 rural electric systems serve some two million rural Texans through more than 604,000 meters connected to the systems' 193,000 miles of electric lines.

Rural electric officials reminded themselves of their cooperatives' tradition of turning adversities into opportunities as they concentrated on problems confronting them today, during the 34th annual meeting of the association of Texas Electric Cooperatives August 7-9 in Dallas. And in deliberating today's problems, they recalled, too, that the tradition has been maintained through cooperation — from others as well as among themselves.

And they found in Dallas that they are not alone today as they tackle shortages of

generating fuels and construction materials, spiraling costs, and adequate financing at affordable interest rates to construct new facilities and "heavy-up" existing systems to meet the ever-growing electrical demands of rural Texans.

Meeting with the leaders in Dallas were Governor Briscoe's director of planning, General James M. Rose of Austin, and Mack Wallace of Athens, member of the Texas Railroad Commission.

Wallace pointed to practical and balanced development of natural resources as a way to meet energy demands. "We have more shale oil in the midwestern United States than we've used altogether in all our history" he said. "North-eastern states have oil resources offshore they refuse to develop. And they have built no refineries." Wallace drew loud applause from the rural electric crowd when he concluded: "We don't want to further deplete Texas resources to benefit other states that refuse to develop theirs."

The commissioner also urged a realistic balancing of the nation's needs against environmentalists demands in order to develop additional energy sources, including nuclear.

Deputy REA Administrator David H. Askegaard of Washington, DC, said that a guaranteed-loan provision of the new REA program gives electric cooperatives a stronger position in initiating and participating in large-scale power development. And he pointed to the rural electric-owned Cooperative Finance Corporation as a financing source for fuel supply development.

TYLER—Frank P. Horlock, left, Chairman of the Board and Chief Executive Officer of Pearl Brewing Company of San Antonio, and Ted L. Clark, Director, Wildlife Division, Texas Parks & Wildlife Department, inspect mallard ducklings at the TP&WD Management and Research Station here. The ducklings, purchased with funds provided by Pearl to the Texas Conservation Foundation, will remain at the station for three weeks before being released at selected sites throughout the state by the Wildlife Department. Purpose of the program is to establish a nesting population of mallards in Texas.

Pearl Provides Funds for Mallard Duck Program

SAN ANTONIO—Pearl Brewing Company is taking its interest in the Texas environment another step further by providing funds for the purchase of 20,000 mallard ducklings in an effort to establish a nesting population of mallards in Texas. Pearl contributed \$10,000 to the Texas Conservation Foundation for the purchase of the birds from Frost Game Farm in Coloma, Wis. The ducklings will be reared and released at specially selected nesting sites by the Texas Parks and Wildlife Department.

Frank P. Horlock, Chairman of the Board and Chief Executive Officer of Pearl, said that the company "has been vitally interested in the Texas environ-

ment for some time. "Through the statewide aluminum beverage can collection network, we have removed more than 50 million cans from Texas' solid waste stream for recycling," Horlock said. "The mallard program gives us a chance to put something back into the Texas environment."

Mallards were selected for the program because they readily adapt to new environments, because they are fairly productive birds, and because they are readily available. In addition, they are good table birds and much sought after by hunters. They also are beautiful birds to be watched by environmentalists.

Although wild mallards do migrate to Texas and many of them winter in the Panhandle area as well as East Texas, there never has been a nesting population in the state. TP&WD game biologists hope to establish a nesting population through this program.

The ducklings are being shipped from Wisconsin to the TP&WD Management and Research Station in Tyler, Texas, in increments of 2,000. They will be held at the station for three weeks, before being released at some 28 sites selected by the Wildlife Department.

The first ducklings are scheduled for release on June 10, with the final release scheduled for August 12.

Forestburg News

By Myrt Denham

FORESTBURG — Forestburg will soon have another new house. Construction has started on Faith Sandusky's house just off the Saint Jo Highway, close to the scales and Cleo Lanier's little houses.

The Forestburg Homecoming Sunday, August 11, was a fair success. Seems not many local people are very interested in it anymore or perhaps they think they have better and more important things to do. We did have a good dinner and after dinner a number of local people made a showing to chat with out-of-towners there for the occasion.

Friday morning August 9 Charlie and Gladys Barclay left their cows, hogs, and dogs and headed for San Antonio to visit her mother, Mrs. Archie Linder and two of Gladys' sisters and their families. On Saturday they were in Jour-danton to visit Gladys' father Tom Linder and his wife. They returned home Monday p.m. On Tuesday the Barclays had company to drop in most unexpectedly — two of Charlie's cousins — Mrs. Joyce Rabb and girls from McAllen and Mrs. Ella Mae Smith and girls from Harlingen. They departed Wednesday a.m. and on Friday Charlie's uncle Jim Barclay, Pampa, dropped in to spend the day. He also visited other relatives and friends in the area.

Laura Belle Jackson reports that she had a very pleasant surprise Sunday p.m., August 11. Two of her childhood friends, Mrs. Florence Turner and Mrs. Dailia Durham of Ryan, Okla., paid her a nice long visit. They all grew up together and attended school at Hardy. Laura Belle says she hasn't seen Dailia in almost 25 years.

On Monday, August 12, funeral services were held for Moody Jackson in Lubbock. He lived at Hardy as a small boy. Those from the area attending their cousin's funeral were Ray Jackson, W. G. Jackson, Joe Jackson, Mr. and Mrs. Enos Steen and Harry Eason of Gainesville.

Marion Sockwell called in and says her daughter Joyce and family, the Bill Kenas from Argyle spent this past Sunday with her and Howard. Marion also said that she and Gladys Barclay were in Denton Thursday on a shopping spree. Don't know how much they "spree'd" but they had an enjoyable day.

Visitors of Mrs. Decie Ellzey this past week were Mrs. Helen Robeson of Gainesville, Mrs. Odus Cook of Bowie, and Mr. and Mrs. Dick Ellzey of DeQuincy, La. Dicie's granddaughter Phyllis Boelter of Arlington is visiting this week.

Mr. and Mrs. Troy Greenwood and Laresa were in Fort Worth August 17 to take in the Forest Park Zoo.

Visiting the Cecil Fosters this past week have been Dorothy's two sisters and their husbands Messrs. and Mmes. J. C. Dobson and Henry Caddell all of Fort Worth.

Mina (Cunningham) Corsiglia of Chicago, Ill., is here visiting with her relatives,

the Alfred Fannings, J. T. Willises, Kenneth Woods and her aunt Lizzie Gardner.

The Jack C. Dill family is vacationing in Matador with the J. T. McCandless family. Then it is on to Torrance, California to visit Jack's sister and family, the Guy Gates.

Paul, Linda and James Putnam took in the wrestling matches on Monday night at the North Side Coliseum in Fort Worth. On Tuesday they took in Six Flags Over Texas.

Mrs. Mae DeGraffenreid had as her guests Thursday Wynona Montgomery and Mrs. R. D. Weber of Greenwood — they all went shopping in Gainesville.

Mrs. Louise Shults and her granddaughter Sheri Iund left August 17 for Sarah, Oklahoma for a family reunion. They will visit with Mr. and Mrs. Johnny Blankenship in Lindsey, Okla.

Better Eating... FROM START TO FINISH

The Kitchen Almanac

Meat is usually more tender served hot than cold... Meat is always more tender when cooked at a low temperature... Like new ideas? Try cheese popcorn atop tomato soup.

Chicagoan Bob Strube—our "expert in residence" on fresh produce — says fresh fruits and vegetables in season are always a good buy. And, Bob says that since fruits and vegetables account for less than one percent of the fat consumed in a year for the average diet, there is no cholesterol to worry about... Did you know that crisp apples help clean the teeth (an apple a day helps keep the dentist away!)

If you're making a meat loaf, try using onion soup mix instead of onion... Never shake or tap the cup when measuring flour. Spoon the flour into the cup and level it off with a knife or spatula.

More Staggering Statistics: Experts who know such things say that each year the average person discards about 188 pounds of paper, 250 metal cans and 35 jars and bottles—not to mention other refuse. Now, multiply these figures by the number of people in your house.

Maybe that's why one of m-lady's newest appliances, the trash compactor, is proving so popular. Researchers at Kitchen-Aid, one of the country's leading producers of home compactors, say their units—the first to include a tilt away trash basket that can be used without special trash bags—reduce trash volume as much as 75 percent in 35 seconds. (Each compactor has 3,000 pounds of "ram" force.) For safety's sake, units require a key to operate.

Bread only thin slices of meat. Slices more than half an inch thick can become dry and hard on the outside before cooking in the center... For a change of pace, fry ham and eggs in garlic butter.

Chicken is done when:
• legs move readily when lifted or twisted.
• bird is "fork tender."
• a meat thermometer inserted into the stuffing registers 165°.

Whatever the reason, Americans are discovering—or rediscovering—a real interest in home baking (and who's complaining?)

Editorial note: You may want to clip this feature and keep these worthwhile tips in your own "kitchen file."

Pearl will pay **15¢** a pound for aluminum beverage cans of any brand.

We want to clean up Texas by helping you clean up. So we've increased the price we're paying for recyclable aluminum cans. Now it's 15¢ a pound and we'll take all you can bring us. Get yourself a group, grab up all the cans you can and come by. It's like finding money in the street.

**Lightning Rods
Can Prevent Fire**

By Neil Tibbets

A metal covered building without adequate grounding is not protected against lightning. Neil Tibbets, County Agent, says that proper grounding of such buildings, especially metal roofed structures, will prevent many fires.

Lightning protection is very inexpensive and easy to provide. All buildings with metal roofs or sides can be protected by grounding the roof at all four corners. This can be done by flattening the end or a piece of 1/2 or 3/4 inch galvanized iron or steel pipe and bending it so that it may be attached by bolts to the drip edge of the roof. For support, galvanized steel screw hooks should be placed on the side of the building and bent shut over the pipe.

After the pipe has been firmly attached to the roof, it may then be attached by galvanized wire rope clamps to a 1/2 or 3/4 inch pipe driven eight to ten feet into the ground. This ground pipe should be placed as close as possible to the building's foundation.

These lightning rods may not be as fancy as those of grandpa's day, but they serve the same purpose of property protection and fire prevention. Their installation could save you a great deal of money by preventing lightning damage.

**Reducing plan
for energy users**

**Plan E
How to save electricity when
using air conditioning**

- Central Systems**
1. Keep equipment at top operating efficiency. Have it checked seasonally by qualified serviceman.
 2. Check filter every 30 days. Dirty filters cause equipment to use excessive electricity. If filter is permanent, clean by manufacturer's directions; if it's disposable, it should be replaced when dirty.
 3. Keep furniture, draperies away from air outlets and returns. Clean often.
 4. Close draperies and blinds to keep out direct sunlight.
 5. Keep fireplace damper closed. Draft pulls cool air up the chimney.
 6. Proper home insulation keeps the cool in, cuts energy use. Attic ventilation helps, too. Insulation questions? Call TP&L.
 7. Shade on roof and walls can reduce energy needed to cool. But trim trees, shrubs away from outside compressor unit. Keep it free of leaves, debris. If air flow is blocked, unit uses more energy.
 8. Weatherstrip doors and windows; caulk cracks to prevent drafts and cool air loss.
 9. Keep windows closed. Open outside doors as little as possible.
 10. Set thermostat on 78° and leave it there. Turn unit off if you'll be away from home several days.
- Window Units**
Follow all above suggestions, plus these:
11. Buy unit with highest "energy efficiency ratio" (EER). Uses less electricity to

- cool. If EER is not on sales tag, ask for it or figure it yourself. Divide "wattage" into "BTU" capacity. Both figures are on unit.
12. Place unit where it'll get as little direct sun as possible.
 13. Aim air outlets at lower half of doorway to next room to allow warm air from that room to enter at the doortop for recirculating, recirculation.
 14. Never vent air conditioner into garage. Ventilation is usually too poor for top performance of your unit.
- Conserve electricity and you help conserve one or more of the fuels needed to produce it: natural gas, coal and oil. Conserve fuels and you help assure that there will be enough to meet essential needs for electricity in the future.
- When you pass a TP&L office, warehouse, generating plant or other facility, you'll see that we've turned off all non-essential lighting. And, in as many other ways as possible, TP&L is reducing its own uses of electricity.
- If you would like additional information on conserving electricity, call or see the Customer Service Representative in the TP&L Office.

Lens-View

Many companies give their employees an allowance for moving to a new location along with paying the expense of the move. Some also help dispose of their employee's home so no money is lost in making the move. The usual moving allowance varies from two to four weeks extra pay.

When President Johnson left office to return to Texas he was allowed \$450,000. The same allowance is being given Mr. Nixon.

One often reads that government tries to keep its salary and allowance in line with business. When you com-

pare the salary, vacation, sick leave, insurance, termination and retirement benefits of federal employees vs business, you'll find the government employee far better off except for the few top men that run a company.

It's difficult to understand why a president leaving office would get a bonus equal to more than twice his annual salary.

When Hubert Humphrey left the office of Vice President, he was allowed \$200,000 to relocate in Minnesota yet two years later he was back in Washington in the senate.

Don't miss a chance to visit "Ye Olde Book Shoppe" which recently opened in Gainesville. You'll enjoy browsing through the beautiful place and be surprised at the interesting things they have. Books do make nice gifts.

of C dane on Saturday night. Enjoy a pleasant evening in air conditioned comfort.

The Muenster Jaycees are hard at work on the "Chicken Fry" they will sponsor on Sunday evening, September 1st. Their projects are always well organized — make plans now to attend, the next day is a holiday.

During his 100th birthday interview, the salty centenarian told the reporter "If I'd known I was going to live this long, I'd have taken better care of myself."

Auxiliary Earns Membership Award

Ladies Auxiliary to Muenster VFW Post 6205 has received a membership award a handsome gold plaque on a marble base. It was on display at the organization's meeting Monday night. Announcement of winning the award was made at the state convention. The plaque arrived by mail and members saw it for the first time.

Mrs. Arthur Bayer, president, conducted the meeting and gave a report on the district meeting at Little Elm. Others attending from the local post and auxiliary were Arthur Bayer, Messrs. and Mmes. Charles Knabe, Pat Hess and Herbie Herr.

Members made tentative plans for a benefit, the proceeds to go for the Cancer Aide and Research Fund, further details to be announced later, and bonded the organization's treasurer Mrs. Norbert Walterscheid. Mrs. Wilfred Bindel, secretary, called roll and read the month's general orders. It was announced that 1975 dues are now being accepted.

After business, Mmes. Ray Walterscheid and Joe Hoenig were refreshment hostesses and Mrs. Norbert Walterscheid won the door prize.

BIRTHS

Mr. and Mrs. Pat Knabe proudly announce Tonya Renee six pounds four and a half ounces, a sister for Rodney, born Wednesday, Aug. 14, 8:07 p.m. in Muenster Hospital. Grandparents are Messrs. and Mmes. Dick Dittfurth and Norbert Knabe and great-grandparents are the Matt Mullers and George Koelzers and Mrs. Jenny Schilling.

Mr. and Mrs. Robert Tugle are proud parents of their second son, Robert Samuel, six pounds 13 1/2 ounces, born at Muenster Hospital Sunday, Aug. 18, 4:58 a.m. He's welcomed by his brother Bige and grandparents the Arthur Tugles and Horace Billbreys, all of Muenster.

Mr. and Mrs. Clem Hermes Jr. of Lindsay announce Jeffrey Lee six pounds 10 ounces, born Friday, Aug. 9, at Gainesville Hospital. Others welcoming him are a sister Danita and brothers Mike and Scott. Also grandparents Messrs. and Mmes. John Hess and Clem Hermes Sr. of Lindsay.

Mr. and Mrs. Jerry Sadler are proud parents of a daughter, their third child, born Monday, Aug. 19, at 6:19 a.m. in Muenster Hospital. They've named her Katrina Marie. She's a six pound one ounce sister for Wayne and Paula. The grandparents are Mr. and Mrs. L. A. Sadler and Mrs. Lois Hughes, all of Mangum, Okla.

Here's that boy! Mr. and Mrs. Harold Flusche are proud parents of a seven pound four ounce son born Wednesday, Aug. 21, 4:08 p.m. at St. Paul's Hospital in Dallas. He's also welcomed by sisters Laura and Janel and grandparents Mr. and Mrs. J. P. Flusche and Mrs. Andy Hofbauer.

Christening and Party

Christening service was held August 6 for Connie Rose Black, infant daughter of Mr. and Mrs. Bill Black of Myra. Father Stephen Eckart, great-uncle of the baby, officiated in Sacred Heart Church at 7 p.m. Mr. and Mrs. James Eckart attended as godparents for their granddaughter. Others attending were the parents, Mrs. Bernard Hesse and Mrs. Alfons Koessler Jr. and children. Joining them afterward for a christening dinner in a local restaurant were Mr. and Mrs. Robert Simmel, Jeff and Lori of Pilot Point and the rest of the Eckart family and spouses. It was also a farewell get-together for Jerry Eckart who left the next day for a new Seabee assignment at Kingsville.

Jostwners Host Germany Friends

Mr. and Mrs. Conrad Jostwerner had as guests from Sunday morning until Monday night, his former neighbors and long-time friends Mr. and Mrs. Robert Fockel of Westphalia, Germany, who have spent the past three years in Morgantown, W. V., and Fockel's sister and husband Mr. and Mrs. Walter Kriener who came from Westphalia to visit before the Fockels return to Germany. Fockel has been in diesel engineering school, sent over to study by the company he works for.

The couples and their hosts toured places of interest including the Bavarian Wood Carving Studio and Sunday night made a tour of the J. W. Fleitman farm, Grade A dairy and welding shop, all were of great interest as was the big machinery.

Monday night the Jostwners and visiting couples were supper guests of the J. W. Fleitmans and then went to the County Fair to see the tractor pull and other attractions. After that they parted company.

The Krieners have been touring the U.S. for three weeks and were joined by the Fockels. Mr. and Mrs. Kriener left Aug. 22 to return to Germany. Mr. and Mrs. Fockel are getting ready to return to Germany on Sept. 4.

Muenster Library Receives 5-Volume Set of Gift Books

Muenster Public Library has been gifted with a five-volume set of books devoted to various aspects of Texas cultural heritage.

Western art — from theater to folk to fine — is the subject of the new \$15,000 cooperative project between the Amon Carter Museum of Western Art and the Texas Commission on the Arts and Humanities (TCAH). The volumes are being made available to all 588 Texas public libraries.

The gifts are announced in a joint statement issued by Mitchell A. Wilder, director of the Amon Carter Museum and Maurice Coats, executive director of TCAH (a state agency).

The project is funded equally by the two organizations under the TCAH Major Institutions program. The Amon Carter Museum of Western Art in Fort Worth, publisher of the books, is a leading repository of Western art.

The gift volumes range the history of the emerging West as depicted by the artists and artisans of the times. They tell of the battleground at Little Big Horn and the razzle dazzle of the Wild West shows; they picture the Texas homes of the 19th Century and life in a "Texasmost" city (Fort Worth) of the 20th Century.

Included is the catalogue of the collections of the Amon Carter Museum, which was just recently released. It contains more than 600 pages of descriptions and photographs of the collection which was begun by the late Amon G. Carter of Fort Worth. The catalogue is virtually a study guide for students of western art.

Also included is the book "Texas Homes of the 19th Century" by Drury B. Alexander, University of Texas, professor of architecture. It is the most important book available on 19th Century architecture. Two other books by Don Russell editor of "Chicago Westerners" are entitled "Custer's Last," and "The Wild West, A History of Wild West Shows." They also contain many color plates and black and white reproductions of paintings, drawing, graphics and photographs of the period. Many are from the Carter Museum collection.

The fifth book, by Leonard Sanders, is a history of Fort Worth, Texas, titled "How Fort Worth Became the Texasmost City." It contains 131 photographs which reflect life in Fort Worth from the early lean years of a century ago until the beginning of the second major period of growth at the outbreak of World War I.

Service Held for Mrs. Lester Harris' Brother Wednesday

Funeral services were held Wednesday in Sherman for James Worley, 52, of Sherman, brother of Mrs. Lester Harris. He was the victim of a one-vehicle highway accident six miles west of Gainesville Monday about 6 p.m. He was driving a tractor-trailer rig which went out of control and he was proclaimed dead on arrival at Gainesville Hospital. Survivors include two sons, one granddaughter and three sisters, Mrs. Lester Harris of Muenster, Mrs. Henry Millsap of Gainesville and Mrs. Alma Sloan of Fort Worth.

HDC Group Learns Evelyn Yeattes Is New County Agent

Members of Muenster Home Demonstration Club No. 1 learned at their August meeting that Evelyn (Mrs. Clyde) Yeattes is Cooke County's new home demonstration agent succeeding Bernice Thurman who has resigned. Mrs. Yeattes is not new to club members. She is a former assistant agent.

Other announcements included coming events. A morning coffee for all county club members will be given by Bernice Thurman at her home Friday, Aug. 23, 11:30 a.m. And a reception will be given in her honor Sunday, Aug. 25, 2 to 5 p.m. at Whaley Memorial Methodist Church. Club members from various county clubs will be hostesses. From the local club they are Mmes. Albert Fleitman, Bill Lutkenhaus and Earl Robison.

Mrs. John Wieler was hostess in her home for the meeting and Mrs. Bill Lutkenhaus presided for business. Committee reports included those on visiting senior citizens by Mmes. Henry Henscheid and Oscar Dettin. Mrs. Joe Hoenig volunteered for visits this month. Mrs. Lutkenhaus gave the county council report.

Mrs. Martin Bayer read an article on "The Primary Purpose of Home Demonstration Clubs" and Mrs. Lutkenhaus read one on "German Influence on Texas History."

The hostess served peppermint ice cream, fudge marble cake and coffee to 15 members and two guests Mrs. Mike Newbill and daughter Marci. Mrs. Lutkenhaus invited members to her home for the Sept. 11 meeting at 12 noon. She will give a luncheon program.

It pays to advertise with the Muenster Enterprise.

fort would include many reforms in their own departments, especially elimination of wasteful spending and graft.

Another essential is an all out campaign by the media to convince everyone of both the merit and urgency of the program. We've learned that TV, radio and the press have awesome power, so why not dedicate that power to recovery of our slipping economy?

Still another aid is the use of church and school to straighten out some thinking on the subject. Inflation involves greed, a moral issue that is a proper subject for intensive preaching. It also involves economic folly, which

is a proper subject for enlightened teaching. No matter how much some economists are sold on deficit spending, experience has shown that they create neither prosperity or stability.

We know, and we hope Washington knows, that there are no magic or sophisticated solutions to our inflation. For this we need only the basics of common sense, morality and willingness to put national welfare ahead of our own selfish interests.

Lightning never strikes twice in the same place; it doesn't have to.
