VOLUME XXXIII

MUENSTER, COOKE COUNTY, TEXAS 76252 JULY 4, 1969

NUMBER 32

On the Fourth of July, as we commemorate the 193rd birthday of this nation, it's not a bad idea to take note of some outstanding developments since then and some facts of the present time.

The Declaration of Independence was a clear expression of the attitude of the colonists. They were deeply religious and independent. When they finished the struggle to separate from the mother country and got down to the business of building a nation, they regarded freedom and faith in God as their guiding ideals.

Their system proved to be most rewarding. Freedom to do and to attain presented people with limitless opportunities. Meanwhile a heritage of both religion and law kept the country on a steady course as it grew.

Americans amazed the world with their personal success stories. That was because individuals were free to do as they wish and personally to reap the fruits of their labors. At the same time the world was amazed by the phenomenal progress of this country. It succeeded simply because it was made up of so many successful individuals. It remains successful today, despite many distressing signs, because the vast majority are still typically American, still seeking goals of personal success and bearing their individual shares of public responsibility.

Adverse publicity created by criminals, traitors, loafers and radical students sometimes shake people's confidence in the country, but the fact is that trouble makers are a very small fraction of the population. The country continues to run smoothly because of all the good people who go on doing their job and observing the old standards of behavior. In any fair appraisal of the country we have to accentuate the positive.

While a few students are making fools of themselves, over 95 per cent are trying to use their time well. While a small fraction of people turn to violence and crime, the vast majority remains orderly and law abiding. When disaster strikes anywhere in the country help flows in from all directions. Meanwhile we're striving constantly for advancements in medicine, science, social standards and safety, the things which make a better life.

Our record as a nation has been equally commendable. America has been a global helper, usually without payment, for more than a half century. Despite the ugly charges of imperialism originating in the communist propaganda mills, this country has been conspicuous in spreading military and economic assistance all over the globe, but making no territorial claims. We're reminded especially of World Wars 1 and 2 and the Korean and Vietnam wars. Millions of our troops were sent into action, and thousands failed to return, billions of dollars were loaned and given, and priceless technical training was given to foreign soldiers.

Those are just a few of the services from this country to others to help them resist aggression. In many cases our military victories might have been followed by annexation of territory, in keeping with centuries of accepted international practice. But through them all we added nothing. No other country in world history has given so unselfishly to other countries.

But that's only a part of the story. Economic help after the recent wars has been fully as important as military help during the war. We have sent billions in aids and grants to former allies and former enemies. We have been more helpful than any other country, probably more helpful than the others combined, in getting war ravished nations back on their feet.

This record is especially remarkable when we consider it beside the Soviet record, and especially ironic in light of red propaganda charges of American imperialism. Russia in World War 2 did not give any help. It received help from U.S. in loans and gifts, and still has not repaid on any of its loans. Besides, Russian spies who were here as war time guests stole countless military and scientific secrets. Russia not only failed to give. It showed the shallowest possible gratitude for what it received.

As regards territorial additions (Continued on Page 8)

Crowded Program To Observe Fourth

A variety program including a parade of bikes and trikes, a women's softball game, a men's softball game and a dance will unfold here Friday as the local observance of July 4. All of it is sponsored by the Muenster court of Catholic Daughters of America.

It will be held mostly in the ball park, beginning at 6 p.m. That's when the kiddies of three age groups will show off their decorated bicycles and tricycles. Each group will compete for a boy's prize and a girl's prize. Age groups are: pre-schoolers, grades 1

through 4 and fifth grade up. After that the attention will turn to ladies softball as Helen Hess and Alvina Hellman head the two opposing teams. Membership of the teams had not been decided up to Tuesday afternoon. The intention is to play a five inning game so that it can be finished early and allow ample time for a men's softball game between the Center and Conoco, both members of the Cooke County Softball League. That completes the park program, but there will be more across the street, in the KC hall. It's a teen dance with music by the Circe.

KCs Will Honor Rev. Benedict at Farewell Party

Installation of officers and a farewell party for Father Benedict will be the main events of the regular Knights of Columbus meeting Wednesday night beginning at 8:30.

In addition, ladies are invited to share the program with the members. Grand Knight Marty Klement urges the knights in this month's bulletin to bring wives and fiancées and let them see some of the order's ritual.

District Deputy Gene Hoedebek will officiate at the installation of officers. They are: Father Placidus, chaplain; Marty Klement, grand knight; Dan Luke, deputy grand knight; Ernest Jaska, lecturer; Robert Pels, chancellor; Joe Hoenig, warden, Dan Hamric, recorder; Joe Horn, treasurer; Eddie Fleitman, advocate; Werner Becker Jr. and Joe Bayer, guards; Gene Hoedebek, John Mosman and Walter Klement, trustees.

The ceremonies will also recognize the following members as committee chairmen: Charley Hellman, Pat Knabe, Henry Felderhoff, Arthur Endres, Ernest Jaska, Alphonse Hoenig, Joe Hoenig and Walter Klement.

The party, beginning with a lunch, will be an opportunity for farewell visits with Father Benedict Buegler before his transfer to Clarksville, Ark. He was assistant pastor here, will be the pastor of Holy Redeemer Church and a mission church at Hartman, also Chaplain of the Newman Club at College of the Ozarks in Clarksville.

Sister Charlotte To Make Flying Tour of Europe

Sister Charlotte Roberta, teacher in Sacred Heart High School, who is presently at the local convent commuting to summer school in Denton, will leave here July 12 for the motherhouse in Jonesboro, Ark., and will leave July 19 on a summer vacation pilgrimage.

The 21-day European tour will cover England, Belgium, Germany, Austria, Switzerland, Italy and France. The flying trip is directed by Father Herbert Vogelpohl of Subiaco Abbey who will be chaplain.

Sister Charlotte also plans a visit to Ireland and sight-seeing in New York City.

Her mother, Mrs. Arthur Jones of Jonesboro, who is staying here at the convent while Sister Charlotte and Sister Georgia Felderhoff are in summer school at Denton will return to her home accompanying the two nuns when they leave here July 12.

34 Traffic Deaths Predicted by DPS July 4th Weekend

Thirty four people were killed in traffic accident over the 4th of July weekend.

We can expect to see these headlines in our local newspapers Monday, July 7, 1969, if estimates of traffic deaths by the Texas Department of Public Safety are correct.

Major Guy Smith, commander of Region I, which includes 30 counties in North Central and North East Texas, announced an all out enforcement effort by the DPS in an effort to curtail the traffic deaths that are predicted on Texas Highways over the July 4th weekend.

Members of other uniform services of the department will be assigned to patrol duty during this 3 day period in order to put as many patrol units as possible on the highways. By adding these officers, the department will give the people of Texas more enforcement, assistance and greater protection on rural highways.

The citizens of Texas will see and hear a wide variety of appeals, suggestions and invitations to drive safely. Radio and television stations throughout the state will again be beaming safety messages to the public and newspapers will be printing an appeal for the citizens to drive in a safe, sane and intelligent manner. Through the efforts of the Texas Council of Safety Supervisors, the trucking industries will make available some 35 to 40 cars for "Holiday Road Patrol" duty. The "Holiday Road Patrol" is a service program whose purpose is to assist stranded motorists.

Major Smith advised that an all out effort will be made by our enforcement officers to arrest drivers who violate traffic laws. Special emphasis will be directed to speeding violations and drinking drivers. These are the two leading contributing causes to fatal accidents.

The Major concluded with this statement, "If each driver will assume the responsibility for his actions each time he takes the wheel of a car, and if he will observe the traffic laws and rules of common courtesy on the road, the number of accidents could be materially reduced."

Scouts to Spend Week in Camp at Possum Kingdom

About twenty five members of the Muenster Boy Scout troop will spend next week at their annual summer camp.

That location this year is Camp Constantin on the Possum Kingdom Lake. They were at Camp Texoma last year.

Scoutmaster Ed Schneider will be with the boys all week assisting the regular camp personnel in directing their activities, which consist of supervised outdoor recreation, particularly the kind that qualifies for merit badges.

Some of those activities are swimming, boating, archery, rifle shooting, conservation and nature study and scoutcraft. Badges earned then will be presented at court of honor ceremonies later in the summer.

The boys and Mr. Schneider will go to camp and return in a school bus. They will leave the Schneider house at 1 p.m. Sunday and expect to check in at the camp about 3 o'clock.

At a special meeting here Tuesday night the boys chose their camp buddies and reviewed their lists of needed articles. Those items include uniform, swim suit, towels, bed roll, mess kit and canteen, personal money, flashlight, toilet articles, pajamas and clothes for a week.

Parents of the scouts are a customarily invited to attend special evening programs the latter part of the week. Dates of those events will be written home by the boys as soon as they can get details of the schedule.

For the benefit of such parents Schneider lists travel directions as follows. Follow Highway 59 from Saint Jo to Jacksboro, then take Hwy. 206 to Grafrod. From there follow No. 16 to No. 36 and follow 36 to the camp.

Address of the campers will be Camp Constantin, Possum Kingdom Lake, Star Route, Grafrod, Tex., 76045.

Alex Lutkenhaus was the grand prize winner at the Bowie Art Show Sunday. He competed with artists from Fort Worth, Dallas, Wichita Falls, Graham, and Oklahoma and New Mexico. Between 50 and 60 artists exhibited about 800 paintings. Each artist received a blue ribbon for his best entry and the one grand prize went to Alex Lutkenhaus. He also received a commission to paint the Bowie Depot before it is torn down. Avery Printing Company of Wichita Falls ordered the painting.

A&M Distinguished Student

Joseph D. Hartman, son of Mr. and Mrs. Herman Hartman has been named a Distinguished Student of Texas A&M University. The undergraduate honor is awarded to students who have excelled academically by earning at least a 2.25 grade point ratio during the most recent semester. It is limited to 10 per cent of A&M's undergraduate enrollment. Joe is a junior mechanical engineering student.

On NTSU Honor Roll

Sharlene M. Sicking was among 912 students named to the spring honor roll at North Texas State University. She is a daughter of Mr. and Mrs. Leo H. Sicking, a junior majoring in psychology.

Swimming Classes Will Start Monday

The annual Red Cross swimming lessons for beginners and intermediates will be held at the Muenster pool through the next two weeks. It is sponsored by the Cooke County Red Cross Chapter and will be supervised by Mrs. Robert Lewis of the chapter.

With Mrs. Lewis as assistant supervisors and chief instructors will be Melissa Lewis, Mitzie Brannon and Ted Westmoreland of Gainesville. Like Mrs. Lewis, they have Red Cross ratings as water safety instructors.

Also assisting are Dan Hamric, manager of the Muenster pool, and his group of local

helpers, who will work under direction of the Red Cross personnel. They are Janel Stoffels, June Stoffels, Nancy Fuhrman, Peggy Endres, Joan Monday, Barbie Hess, Mary Wimmer, Debbie Cain, Doris Felderhoff, Janet Bayer, David Fette, Kenny Hess, Tom Hennigan, Ronnie Felderhoff, Curtis Klement.

Registration for the course begins at 10 o'clock Monday. Students are expected to report with swim suit and towel so that they can be tested and assigned to their proper groups. They will also be required to present the application form indicating a parent's permission and a doctor's certification of physical fitness. The blank forms are available at the Medical Center, the Enterprise and the swimming pool.

Children eligible for instruction are those who reached their sixth birthday or completed the first year of school.

Grouping at the registration will depend on the number of students enrolled. The intention is to have only a few assigned to an instructor at one time. Probably there will be two periods each morning. If necessary there will be three.

The course will consist of five 1-hour classes during the two weeks. Some students will report Tuesday, Thursday, Saturday the first week and Tuesday and Thursday the next. Others will report Wednesday and Friday and Monday, Wednesday and Friday. Each day's group will be divided into two or three periods, depending on the number.

Special efforts are under way to organize an adult ladies class. Mrs. Lewis urges all interested ladies not to be hesitant about enrolling. They'll be in a group of their own and will not have to feel self conscious about being taught beside the tiny tots.

City Receives \$4,576 Sales Tax from State

The City of Muenster has received \$4,576.12 from the State Treasurer, the amount realized on its 1 percent sales tax for the first quarter of this year.

Mrs. Glenn Richardson, city secretary, said Tuesday that the accompanying statement indicated total collections of \$4,636.31 for the period. The state deducted \$92.73 from that amount as its 2 percent service fee, and also held back \$228.71, which is the 4.76 per cent retained to cover possible discrepancies. Then it added \$261.05 which had been held back from the previous quarter's payment.

This check was the smallest of the three received to date by the city. That is as ex-

Shortcourse Set July 10-11 for N. Texas Dairymen

Scores of dairymen from 61 counties have signed to attend an Area Dairy Shortcourse, July 10-11 in Fort Worth, where the main theme of 11 speakers will be "the kind of management that nets more dollars from the business of dairying."

The program each day begins at 10 and ends at 3, in the famous Roundup Inn.

Among the speakers will be Louis P. Longo of Glastonbury, Conn., where he manages his herd of 272 registered Holsteins that, for each of the past three years, have averaged 17,442 pounds of milk and 649 pounds of butter fat per cow.

(Nationwide average for the Holstein breed in 1966-67 was 12,775 pounds of milk per cow in the Dairy Herd Improvement Association.)

Longo is a veteran writer for Hoard's Dairyman magazine and several foreign publications.

Sponsors of the shortcourse are the North Texas Division of Milk Producers Inc. (MPD) and the Texas Agricultural Extension Service of Texas A&M University. Coordinator is Thomas H. White of Denton, Extension area dairy specialist.

Many of those attending will be wives of dairymen. The two noon meals will be catered at Roundup Inn.

WAS HE A SOCIALIST?

Jesus Christ was born into a world condition of poverty and social degradation which was perhaps at an all-time-low in history.

The people of His community were hungry, poorly clothed and poorly housed.

These people quickly learned through the many miracles which Christ performed that He possessed great power and had ability to provide much for their earthly needs.

They besought Him, preyed upon Him and begged Him to

provide them with food, clothing and housing and look after their worldly needs.

They offered to make Him their King and Ruler if He would give them these things.

Satan took Him to the mountain top, showed Him all the lands He surveyed and promised to make Him ruler of this great kingdom. Christ said, "No."

When He refused to do these things, they rebuked Him, spat on Him and reviled Him, bringing Him before Pilate for condemnation.

Before Pilate, the matter of His kingdom became an issue. He replied: "My Kingdom is not of this world."

Christ's Kingdom of God is a spiritual kingdom and not political or economic or a social world.

Nowhere in the entire scripture is there to be found a word, or thought, or act of Jesus Christ that could be even misinterpreted to lead one to believe that He came to advocate social reform or a new social order.

He was well aware of the need, because it was brought very forcefully to his attention—these same people whom He refused these social reforms finally crucified Him.

On the contrary, His great parable of the three servants and the talents refutes any thought that Christ believed in the state ownership of all property, equal income or "elimination of the profit motive" theory, as was created by Karl Marx in 1848 in his Communist Manifesto.

Christ commended the servant who made a profit with his talent and condemned the servant who failed to make a profit with his talent.

In fact, He took the talent from the servant who had failed to make a profit and gave it to the servant who had made a profit.

Had He been a socialist He would have taken the profit from the successful servant and divided it with the servant who failed to make the profit.

Can there be any doubt as to whether or not Christ was a socialist?

Since, according to Karl Marx, the very foundation stone of socialism or communism is the state ownership of all property and industry, and since Christ clearly DID NOT advocate the equal division of profit or property, socialism CANNOT BE CONSIDERED as being the teaching of Christ and is therefore NOT CHRISTIAN in concept.

THEY'RE GOING FAST

No one outside the Iron Curtain knows what makes the Soviet leadership click, but it is safe to say that coincidence is usually a stranger around the Kremlin.

Things don't just happen in the birthplace of Communism. They are usually well-planned.

Deaths of 16 Soviet generals have been reported in the Russian press since April 10.

While nothing has been revealed which would link these past Soviet heroes together, their sudden demise is a bit hard to take without attaching some hidden meaning.

If a new purge is under way, the free world will not be surprised to see this new Russian epidemic elevate more Red stars to the past tense.

\$21 BILLION IN IOU'S

World War I allies of the U.S. owed this country about \$21.4 billion when the books were last checked, notes Tax Foundation, Inc. This is \$6 billion more than the \$15.3 billion the U.S. will have to pay in fiscal 1969 for interest on the national debt, which is now estimated at more than \$360 billion.

Only 3 countries of 20 World War I allies were listed as free of obligation: Cuba, Liberia, and Nicaragua.

NEW LEFT GOAL

As the current academic year draws to a close, it should be readily apparent that the students in the New Left revolutionary movement are not on college campuses to seek education. Rather, this conglomerate of malcontents is engineering a drive to destroy our educational system.

More and more, the New Left is being controlled by the followers of Karl Marx through the Old Left organizations of the Communist Party, USA (pro-Moscow), the Progressive Labor Party (pro-Peking), and the Socialist Workers Party (Trotskyites). Not since the New Left came into being has the influence of Marxism-Leninism been so strong.

The Students for a Democratic Society (SDS), largest of the New Left groups, is rapidly gaining a definite Marxist-Leninist coloration. At the National Council meeting in Austin, Tex., in March, one of the organization's top leaders was quoted as stating, "Our primary task is to build a Marxist-Leninist revolutionary movement."

While the New Left movement may or may not make the dean's list this year, it rates an A plus in revolutionary exploits. The SDS and its adherents have rocked campuses from coast to coast with violence, riots, and sabotage. At the SDS National Convention last summer a workshop on violence and explosives was held. Literature explaining how explosive devices can be manufactured and used against Selective Service installations, ROTC buildings, and university facilities has been distributed. The results are a disgrace to a society which owes its existence to democratic processes under the rule of law.

Many of the criminal acts of the New Left were, and are, committed as expressions of rights under the first amendment. Corruption of the amendment would be a better term for such antics. Certainly, free speech and dissent are not synonymous with despotism, obstruction and force. The wild and insatiable demands of the New Left for unlawful power and its blind

determination to silence and destroy all who stand in its way are tyrannical acts of the first order.

Under the first amendment, a person may hire a hall and speak on any subject to as many people as he can persuade to listen. However, he has no right to disrupt classes and assemblies and prevent other persons from hearing a speaker of their choice. Neither the New Left nor any other group should be allowed to

plunder, riot, and terrorize our educational institutions and impose its will upon a majority of students who do not share its views. Crime under the ivy-colored arches of a college campus is no more excusable than crime in our city streets.

Never before in this country has there been such a strong revolutionary Marxist movement of young people which is so eager to destroy established authority. Furthermore, the new Left movement has

made it emphatically clear that mere change and revision are not its objectives. Armed with a long list of "non-negotiable" demands, its immediate goal is the complete overthrow and control of our educational system. We all know what its ultimate goal is.

Concessions and appeasements will not satisfy those bent on anarchy and nihilism. America should take note before it is too late.

—J. Edgar Hoover.

Greetings Arrive From Mrs. Hellman Sister Theresina

Greetings have come from Japan and Hong Kong from Mrs. Rudy Hellman who is on a tour of the Orient. She mentioned ten grand days spent in Japan and four in Hong Kong. In the latter place she mentioned visiting some of the farms where Peking ducks are raised for the famous duck dinners served in Chinese eating places. And there was a peek through the bamboo curtain into Red China which she adds was very depressing. She'll also be visiting in Singapore and then Australia where she plans to visit the

Patrick Stelzers, then New Zealand, Fiji Islands and Tahiti. She's on a six-week tour with a group of 25 other tourists.

From Switzerland, greetings have come from Sister Theresina, Sacred Heart High teacher, who is summering with her sister and two brothers at Hattwil and Neu St. Johan.

An enjoyable sight she described, one that delighted her as a child, was the "Alpahrt," moving of cows to the Alps from the valley. . . the beautiful Swiss cows with their melodius cowbells.

On TV she heard what she wanted above all to hear again- the Yodel Fest at Berner.

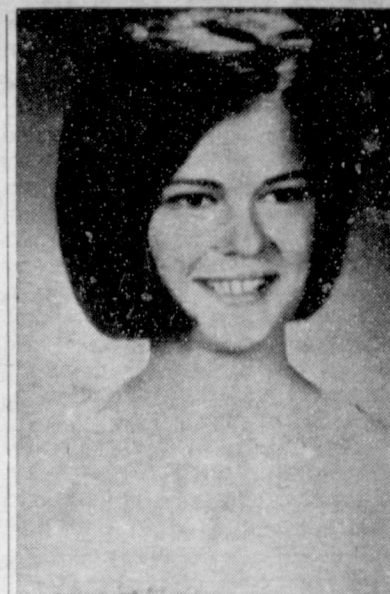

Mostly she's taking it easy in weather that has had her sleeping under a featherbed, another lovely remembrance of her childhood.

Back from Trip to N.M. and Colorado

Mr. and Mrs. James Krahl, daughters Brooke and Shelly of Gainesville, accompanied by her parents Mr. and Mrs. Hugo Lutkenhaus of Muenster, have returned from a vacation trip to West Texas, New Mexico and Colorado.

They began sight-seeing at Canyon Museum, Palo Duro Canyon and Hereford, and spent overnight with a cousin Mrs. Helen Burt and daughter Sue at Nazareth.

From there to Carlsbad Caverns and a visit with James Krahl's aunt Mrs. Joe Mayes who is employed in Carlsbad,

then to Santa Fe where they made the town, visited San Miguel Chapel, the oldest church in the United States and bought souvenirs. There they also rang the 600-year-old bells cast of copper, gold and silver three and a half inches thick. This was a special delight for the little girls.

They spent two days in Taos touring art galleries and museums and watching Indian dances at night. They took many movie and kodak pictures of scenery and of the Indian reservations.

They drove through beautiful scenery to Eagle Nest and Cimaron and returned to Taos, then went to Monument Lake, Colo., drove through St. Louis Valley, Trinidad and Fort Garland and visited in Raton, N.M. before starting back home.

Weather was hot and dry in Carlsbad but cool and enjoyable on the remainder of the trip.

While they were gone the Krahl's little son Trent stayed with his uncle and aunt, Mr. and Mrs. Sheldon Lutkenhaus, Todd and Tammy at the Lutkenhaus farm.

HD Club Program On Care of Feet

Muenster Home Demonstration Club members held their monthly meeting with Mrs. Paul Fisher as hostess in TP&L Community room and Mrs. Alois Rohmer as program leader.

Mrs. Rohmer's subject was "Walking in Comfort and Fashion," an illustrated lecture on care of feet and shoes. Roll call had been answered by each member giving a helpful hint on care of feet and selection of shoes.

Mrs. Joe Hoenig presented the county council report which included dates of a consumer short course to be held at CCJC on July 29 and August 5, 10 a.m. The first will be sponsored by J. C. Penney Company, the second by McCall patterns.

Mrs. Bruno Fleitman and Mrs. Hoenig reported visiting senior citizens at the rest home and two at their homes. Mrs. Bill Lutkenhaus, president, presided for business.

For recreation Mrs. Henry Henscheid directed games in which Mrs. Andy Schoech and Mrs. Fleitman won prizes. Mrs. Fleitman also drew the door prize.

The hostess served refreshments to 13 members and one guest, Mrs. Arthur Williams.

Girls Softball

The unbeaten record of the Brownies was smashed during the past week, but they still have a long lead in the junior division of girls softball. Their records: Brownies 5-1-0, Zippies 2-3-1, Daisies 0-3-1.

Meanwhile Lollypops continue to hold a very slim lead over the Doodlebugs in the senior loop. Present standings are Lollypops 3-1-1, Doodlebugs 3-2-0 and Rainbows 1-4-1. In games of the past week Zippies beat Brownies 16-13, and the Brownies retaliated by beating the Zippies 18-16 in the next game.

Rainbows lost two in the other league, by a 13-12 count to the Doodlebugs and 24-20 to the Lollypops. Next games are Zippies-Daisies and Rainbows-Doodlebugs on July 3; Daisies-Zippies and Lollypops-Doodlebugs on July 8.

Jr. Little League

Grewing's kiddies have tied up the title in the pee wee division of the little league and are concentrating now on a perfect record. Their standing is 6-0-0 and they have three more games to play. Far behind is the Bank with a count of 2-2-2 and sharing the cellar are Tuggle and Wilde each with a standing of 1-4-1.

In last Friday's double header Grewing walloped Wilde 15-5 and Tuggle tied with the Bank 14-14.

The schedule for Wednesday night, July 2, is Bank-Wilde and Grewing-Tuggle. The following Wednesday it will be Grewing-Bank and Tuggle-Wilde.

Today's housewife can choose from over 8,000 food items on supermarket shelves. But, if necessary, she and her family could subsist for many months on just four foodstuffs, according to San Francisco internist Dr. Albert H. Behnke. All man really needs in order to survive, he says, is powdered milk, cooking oil, fortified cereal and multi-vitamin capsules. But, he also adds that a bottle of whiskey might be needed to help endure such a stringent diet.

BIRTHS

Mr. and Mrs. Wayne Trubench are parents of a daughter born Friday, June 27, at Muenster Hospital 11:51 a.m. She's a six pound 14 ounce sister for Ronnie. The grandparents are Messrs. and Mmes. Joe Trubench and Ferd Luttmmer and the great-grandparents are Herman Luttmmer and the Tony Trubenchs Sr.

Proudly announcing a daughter, their first child, are Mr. and Mrs. Tom Bonner, making Mr. and Mrs. Henry Yosten proud grandparents for the first time. The little girl, weight seven pounds two and a half ounces, was born at Gainesville Hospital 6:32 p.m. Monday, June 30. Others welcoming her are the paternal grandparents Mr. and Mrs. Edward Bonner of Forestburg and maternal great-grandparents Mr. and Mrs. Henry Wiesman.

Sr. Little League

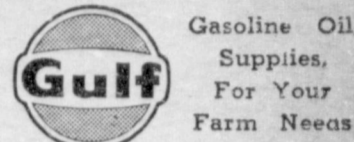

Muenster Mill continued its perfect record through its seventh game Monday night and cinched at least a tie for the loop title. Next in line and the contender for a possible tie is The Center, that is, if the Mill should lose both and the Center win both of the remaining two games.

Teams standings now are Mill 7-0-0, Center 5-2-0, Electric Co-op 2-5-0, Endres 0-7-0. In Monday night's games Center downed Electric Co-op 18-8 and Mill beat Endres 18-7.

Next action is next Monday when Mill and Center will have the main event and Endres will play Electric Co-op.

NOTES FROM THE LIBRARY

By Bettie Luke

The Summer Reading Program is indeed going splendidly... so boys and girls keep on reading. Wouldn't it be wonderful if we could reach 10,000 books checked out during the three months?

New books on the library shelves include an interesting one on antiques by Alice Winchester on "Oriental Lowestoft," ceramics, Meissen china. French porcelain, American pottery and others.

On furniture, "The Windsor Chair," Early American glass and old paper weights, silver antiques, American pewter, houses of the first settlers in England, Venetian blinds in the 18th century, prints, wood-carving, heirloom quilts, fire arms from Hall to Garland and toys — "Playthings of the Past."

The Dallas News donated a copy of "The Texas Almanac 1857" with statistics, historical and biographical sketches, etc. relating to Texas. It is a facsimile reproduction and so interesting.

Come and read with us.

Once upon a time there were two contractors.
One built a beautiful building but with so-so air conditioning.

Everyone working there either
shivered or sweltered all through the year.
Soon the owner was left all alone... just he and his mortgage.

The second contractor built a beautiful building too
that was beautiful through and through.
He had a Carrier Dependable

Welfare, Water and Wage Amendments Await Vote Aug. 5

AUSTIN, Tex. — Millions for welfare, billions for water, and trillions for wages. These three "Ws" point up the money problem presently facing the State.

Final decision, of course, rests with those who eventually pay the bill — the people of Texas. Their decision as to whether they are willing to foot the bills with additional taxes will come through the ballot when they vote for or against constitutional amendments at the special election on August 5.

As for welfare . . . the welfare groups face a do-or-die effort to boost the welfare benefits ceiling from \$60 million to \$80 million a year. If that amendment fails, as a similar one did last November, the Legislature will have no opportunity to re-submit the increase before 1971. That means that benefit payments to the ever-growing list of recipients will decrease accordingly.

As for water . . . a massive statewide campaign is shaping up to sell Texans on a \$3.5 billion revenue bond program that will be needed to bank-

roll the nation's largest state water development plan. A constitutional amendment on the August 5 ballot would authorize bonds — to be repaid by water users — to take care of the state's share of a \$9 billion Texas Water Plan . . . the largest and boldest of its kind ever proposed.

As for wages . . . legislators and legislative leaders have a special interest in amendments to increase their salaries and to provide for annual sessions. Under one amendment the lieutenant governor and the speaker could be paid up to half the governor's salary (\$50,000). Senators and representatives could be paid as much as district judges receive from state funds (\$18,000 a year). Legislators already have passed an act raising their own pay. But it goes only from the present \$4,800 to \$6,800. Even this raise is subject to passage of the amendment.

Small oil wells called "stripers" provide U.S. consumers with 500 million barrels of petroleum a year. The nation has about 377,000 of these wells that produce no more than 10 barrels a day each. Their combined output represents one-sixth of the nation's oil production.

The average American can buy three times as much gasoline with one hour's earnings today as he could 40 years ago. Oil Facts reports. The publication also points out that the gasoline of the 1920's would not even start today's cars.

Credit cards are wonderful. They are recognized by restaurants, motels, airlines, almost everybody except the Internal Revenue Service.

tion, comment is hardly necessary. Russia has gobbled up most of Europe. China has taken much of Asia. The two of them control a number of satellites and are seeking for more all over the world. Furthermore they don't help anyone, except to spread communism as in Korea, Vietnam, Cuba, Africa and South America. Rather they exploit any country that's subject to them — as told in July Readers' Digest of their activity in Czechoslovakia.

This recent history as well as the story of 1776 is part of our July 4 heritage. Now as well as then we have much to be proud of. In fact, our greatest fault nowadays is that we

don't show enough of our pride, nor enough resentment for the ugly lies spread by our enemies abroad and at home.

By way of correcting that fault our country needs to emphasize the things that deserve praise, to tell and retell the world who are really the imperialists, to give less publicity to trouble makers and more publicity to those who make the good news.
