

# MUENSTER ENTERPRISE

VOLUME XXXVI

MUENSTER, COOKE COUNTY, TEXAS 76252

DECEMBER 10, 1971

NUMBER 3

The thirtieth anniversary of the bombing of Pearl Harbor brought up memories of the "Day of Infamy" all over the country, and with them many serious reflections on today's results deriving from the great war. And it is depressing to note that the death and sacrifice of the conflict have been very much in vain.

US News and World Report this week features an interview with Robert P. Martin, who was in the Orient before and during the Pearl Harbor attack, and who was over there most of the time during and after the war. He says that in a strict sense United States and its allies won the war but developments since then have made Japan and Communist China the big winners. Japan has attained the industrial and political power which it unsuccessfully sought in the war and Communism has taken over vast areas which were former colonies of our allies and/or friendly to this country. Once a dominant power in the Far East, US now is all but kicked out of Asia.

Our reaction to the first appraisal is that we have little cause for sorrow. Japan has behaved well and worked hard. It deserved its progress. In fact we can be proud of our part in the country's development. Our generous political and industrial policy was a major factor in Japan's comeback and a definite source of pride to us. We fought to preserve our own freedom and help other people attain theirs. To that extent our mission was accomplished.

But not so in relation to the Chinese development. As we consider the past three decades there and related events in the rest of Asia, we have to admit not only that our victory was an empty one but that we are losers. Our power has deteriorated. The ideals for which we fought have deteriorated.

The three decades since Pearl Harbor have been the saddest in all of our history. And that doesn't apply only since the end of the war. It begins with our entry into the European war as an ally of Russia, which was as much or more an international renegade as Hitler's Germany. We could have allowed the two monsters to slug it out until both were exhausted and then moved in with a demand for civilized behavior by both. But we threw our support to the greater of two evils, to the gang of international cut-throats who even then were aiming at world domination, including defeat of this country.

During the war we spent billions on lend-lease and outright gifts, providing ships, planes, tanks, trucks, guns and supplies to sustain the Soviet war effort and even train the Red soldiers over here. During that time, the record shows, the contemptible Reds showed their gratitude by spying on us and stealing precious documents and secrets. We goofed in a big way by befriendng the scoundrels.

We goofed even more when the war ended, by going along with a peace treaty which allowed Russia to take over the Baltic and Balkan countries along with Poland and East Germany. We permitted the outrage of an isolated Berlin surrounded by Communism. We complied with the Red demand for return of refugees who feared rightfully that they were being sent back to death or slavery. We permitted the transfer of German scientific and industrial installations to Russia and the conscription of German technicians to operate them. This country stood by with its eyes wide open and watched the greatest territorial political and industrial seizure of all time — knowing all along that the monstrous take-over was intended as a step toward world domination.

Even after all that we have continued to sustain the Soviets. We have showed them how and provided equipment for agricultural advancement. We have financed construction of factories. At this very time we are supervising and furnishing materials for construction of the world's biggest truck factory in Russia. We obligingly help solve their transportation problem and leave them free to continue their crash program in guns, tanks, planes, ships and missiles, which are intended for our destruction.

Red treachery applies to the (Continued on Page 10)

## Contest Stresses Keeping Christ In Christmas

"Keep Christ in Christmas" is a slogan adopted by the Muenster Knights of Columbus this year, and also the title in a decorating contest sponsored by the council.

Ernest Jaska and Arthur Endres are co-chairmen of the contest which is open to all residential decorations of the community. Scenes may depict the nativity or some other aspect of the original Christmas.

Prizes of wooden plaques of praying hands carved by Ludwig Kleninger will be given for first, second and third place winners.

Judging will be during Christmas week. In the process all homes within the city are included and rural homes are welcome. Judges will go to all the houses in town plus those to which they are asked in the country. Rural people who want to be included may call the KC hall, 759-2979, after 4 p.m.

## Mrs. Al Hess Is New President of St. Anne's Society

Members of St. Anne's Society, meeting Sunday afternoon, highlighted their December meeting with election of officers for the coming year. They unanimously accepted the slate as presented by the nominating committee Mrs. Henry Henschel and Mrs. Victor Hartman.

New officers are Mrs. Al Hess, president; Mrs. Tony Gremminger, vice president; Mrs. Gary Hess, secretary; Mrs. Leo Henschel was re-elected treasurer.

In other business members voted to give the customary Christmas gifts to the local pastors and sisters and also voted a twenty-five dollar cash donation for bed linens for the rectory.

Get-well cards were signed for three members in Muenster Hospital: Mrs. John Rohmer, Mrs. Joe Swinger and Mrs. Fred Knabe.

Mrs. Tony Gremminger, retiring president, presided and gave a report on the recent NCCW meeting that Muenster women hosted for the North Deanery, Fort Worth diocese.

Father Leonard Wangler, spiritual adviser, spoke to the assemblage on Advent and Keeping Christmas Holy. Mrs. Leo Henschel read three mini-sermons appropriate for the season. Sixteen members were present and Miss Elizabeth Herr won the door prize.

## Auxiliary's Yule Party for Tiny Tots Set December 17

Santa Claus will be in Muenster on Friday, Dec. 17, at 9:30 a.m. to visit with preschool children of Muenster VFW Auxiliary members in the Post Home.

Plans for the annual party were completed at the organization's meeting Monday night.

Committees working are headed by Mrs. Arthur Bayer and Mrs. Ray Voth, decorations; Mrs. Joe Hoening and Mrs. John Wieler, refreshments; Mrs. Al Walter, toys; and Mrs. Quintin Hess, in charge of getting Santa there on time.

Members will have a gift exchange among themselves, keeping the cost of the gift at \$2.00.

In other business conducted by Mrs. Don Flusche, president, members voted the usual Christmas contributions of cash from the treasury to Denton State School, Bonham VA Hospital and the National VFW Home. They also voted a cash gift to the Pixy Bluebird group which the Auxiliary sponsors.

Mrs. Flusche reported on the District I convention she attended in Denton and Mrs. Ray Voth, chairman of the Auxiliary-sponsored Voice of Democracy Essay contest announced this year's winners.

They are Margie Felderhoff, first, Phyllis Bindel, second; Kathy Rohmer, third. Local awards are \$15, 10 and \$5. First place essay has been forwarded for competition in district.

Twenty members were present, Mmes. Quintin Hess and Tommy Hesse served refreshments and Mrs. Ray Voth won the door prize.

## Yule Donations to Hospital Auxiliary Will End Dec. 21

Donations in lieu of Christmas cards now sponsored by Muenster Hospital Auxiliary will end Dec. 21 according to word from the Auxiliary this week. Donations must come in by that date if donors wish to be listed in the Christmas issue of The Enterprise. The published report will show the total and the names of donors but will not reveal individual amounts.

Donations this season are being applied to the Auxiliary's current project, which is to provide another bed for the recovery room.

Contributions are being accepted by Mrs. Jerry Walterscheid and Mrs. Ervin Hamric.

## Lighting Project Still Delayed by Rainy Weather

Finishing touches on this year's Chamber of Commerce Christmas lighting project are still waiting for a change of weather. Rain and mist that has been hanging on for the past few weeks is not considered suitable for installing a large sign on the water tower.

The sign is a long metal framework some 30 feet deep and 4 feet wide supporting the lighted letters "NOEL". It will be installed by Muenster Electric. The lettering with additional lights will be at the tank level and more lights will be arranged on the tower below the tank. "Noel" will be in yellow lights, the others in other colors.

This display along with changes of lighting on Main and the highway are included in a Chamber of Commerce project. With Bertha Hamric as chairman the organization conducted a city wide fund drive which produced \$1152.50 for the improvements.

The Chamber of Commerce extends sincere thanks to the following contributors: H & W Meat Co., Muenster Butane Co., Fabric Center, Walterscheid Auto Station, Hofbauer's Food & Locker, Rohmer's Restaurant, Speedy's Mobil Station, Tuggle Motor Co., Muenster Enterprise, Modern Floors, Fisher's Market, Muenster Milling Co., Leo Henschel Insurance Agency.

Dr. Gerald Graham, Muenster Telephone Corp., Floyd's Bar, Hamric's, Ben Franklin Store, John Wieler, Luke's Fin a Service, Community Lumber Co., A-OK Motel, Yosten Sand & Gravel, Grewing Brothers, Rube Griggs, Gene Mitchell, Gladys Lutkenhaus, City of Muenster, Chamber of Commerce, Pangel's Store, Wilde Chevrolet, Jr. Elite, Inc., Miller Humble Station, Hennigan Auto Parts, 82 Liquor, Endres Motor Co., Western Auto.

W. J. Luke Co., Tom & Jerry's Barber Shop, Wolf Barber Shop, Evelyn's Style-room, Shamburger Lumber Co., Flowers by Dolores, Eddy Radiator Shop, The Charm Shop, Muenster State Bank, Willie Walterscheid, Tony's Seed & Feed, Grewing Gulf Station.

Grady Jones Cut-Rate Liquor, Ray's Drive-In, Angie's Beauty Shop, Nick Miller, V. L. Sparkman, Marguerite King, A. V. Grant, Texas Power & Light Co., Lone Star Gas Co., J. M. Weinzapfel, Al Horn, Dr. A. G. Antonetti, Flusche Welding & Machine Shop, Sylvia Hofbauer, Koesler Jewelry, Gilbert Endres Distributor, Clyde Fisher Distributor, Cooke County Distributing Company.

## Garden Club Will Meet December 13

Muenster Garden Club will meet Monday, Dec. 13, 7:30 p.m. — a half hour earlier than usual — in TP&L community room with Mrs. H. H. Houthens and Mrs. Paul Endres as co-hostesses.

The program will feature slides of interior Christmas lighting by Shirley Carter, home service adviser for Texas Power & Light Co.

Mr. and Mrs. Weldon Vogel and children Dale and Karri are new residents for Muenster moving from Dallas to live on the farm where Al Vogel formerly lived. Al and his sister Miss Lu Vogel are now occupying their new city home on Sixth Street. Weldon still works in Dallas for Red Ball Freight and commutes to his job every day.

## The Men In Service

### Civilian Again

Naval Airman Dwayne Pagel is back at home, separated from the service at Alameda, Calif., where he was stationed after being in the Philippines. He served aboard the USS Midway while on sea duty. Dwayne will be back at Pagel's Store working with his father Maurice Pagel, as he did before entering military service.

### Separated From Service

Mr. and Mrs. Willie Wimmer and eight-month-old son Shayne arrived Monday from Alice where they had resided while he was on duty as a naval airman at Orange Grove, and where he was separated from the service. Willie is the son of the Lawrence Wimmers. His wife Margie is the daughter of the Marcus Fuhrmanns. While on sea duty Willie served aboard the USS Tripoli with foreign duty including Vietnam.

### Home In January

Army Spec. 4 and Mrs. William J. Hopper are packing for their return home from Fort Clayton, Panama Canal Zone, where he has been stationed for duty the past year. Mrs. Hopper will come ahead of her husband, flying in Jan. 2. Spec. 4 Hopper will go to South Carolina for separation from the service Jan. 14. They will visit their parents, the John Mosmans here and the Walter Hoppers at Gainesville.

### At New Station

Second Lieut. Ronald Fuhrmann writes his parents the Adolph Fuhrmanns that he's settled at Milton, Florida for continued flight training in preparation to receiving his wings as a naval aviator. He transferred from Pensacola, Florida, after making his solo flight. His new address: 2/Lt. Ronald J. Fuhrmann, 0116858; Sikes Hall 2942, Room 201A; N.A.S. Whiting Field, Milton, Florida 32570. Ronald added that he'll be at home on holiday leave beginning December 18.

### Home For Christmas

Naval Airman Jerry Yosten will be separated from the service December 17 and will be home for Christmas with four years of Navy duty completed. Presently at Miramar, Calif., on shore duty, Jerry served aboard the USS Midway. Driving out to the west coast to meet him and bring him home will be his brothers Kenny and Chris Yosten. They plan some sight-seeing on the way back. The parents are Mr. and Mrs. Werner Yosten.

### Heading For Home

Naval Airman Mike Felderhoff, in a letter to his parents, the Vincent Felderhoffs this week tells them his ship, the USS Oriskany is headed for the USA with stops in Singapore and Hawaii. When they reach Hawaii Mike will leave ship and fly home for Christmas. He'll report back to San Francisco. Mike wrote about the Navy's initiation to first-time-crossers of the Equator. He was included.

## Harlem Thrillers Meet Jaycees in Basketball Show

A basketball show featuring antics and skills of the Harlem Thrillers is on the program Friday night in MHS gym under sponsorship of the Muenster Jaycees. Game time is 8 o'clock.

The Thrillers perform like the famous Globetrotters, mixing horseplay with an exhibition of expert ball handling and shooting. Their opponents will be local Jaycees mostly former local high school players. Some of them are Dale Klement, Wayne Klement, Roy Reiter, Dan Hamric, Glenn Richardson, John Monday, Mike Frost and John Schneider.

The game is a money raising project for the Jaycee scholarship fund. Wayne Klement is the project chairman. Admission charges are \$1.50 for adults and \$1.00 for students.

Fans are reminded to come early and see the show involved in the pre-game warm-up. The Thrillers have outstanding acts of clowning, ball handling and acrobatics by players who are good at show business as well as basketball.

## Engineer's Report Proposes Lake For City's Water

A report recommending construction of a combined city reservoir and flood control reservoir was presented to the Muenster City Council Monday night by its engineer, Don Fleming and Associates of Fort Worth.

In presenting the report Fleming said that past experience points to a steady growth of Trinity Sand water supply indicates a decrease of available underground water. He estimated that by 1985 the city would need about 450,000 gallons of surface water daily to supplement the output of its wells.

The engineer also suggested a plan whereby the lake would be suitable for flood control and recreation. That would require adequate capacity for city water supply plus added capacity to hold the run-off of a heavy rain and release the surplus slowly.

The report, specifying size, cost and alternate financing plans, was accepted for study by the council.

Another item of business was appointment of two members to the library board succeeding David Bright, president, and Ernest Jaska. They are Albert Lippe and Leonard Reiter. The new president will be named at the board's next meeting. Other directors are Charles Bayer, Joe Felderhoff, and Mmes. Gerald Graham, Johnny Pagel and Alvin Hartman.

## Clear Creek Watershed Sets Directors Election

Six directors of the Clear Creek Watershed Authority will be elected at an election to be held on Wednesday, January 12 at Era, Forestburg and Bolivar. Official notice was given this week by J. M. Weinzapfel, president.

The election is a two-year event, making up for the election which was overlooked the beginning of this year. All the nominees are present members of the board. Terms of George Berry, J. W. McCall and Richard Minor officially expired in January 1971 and they are candidates for terms expiring in 1974. H. K. Armstrong, Doyle Selby and H. D. Field, whose terms expire in January 1972, are candidates for terms expiring in 1975.

Directors whose terms expire in 1973 are J. M. Weinzapfel, J. C. Donnel and Dr. C. H. Saunders.

Election judges named are Bryan Strader of Era, Earl Wilson of Bolivar and Velma Freeman of Forestburg. Polls will be open from 8 to 5.

## DPS Emphasizes New State Law on Driving, Parking

Major Guy Smith, commander of the North Central and North Eastern Texas Region of the Department of Public Safety, announced today that three new sections of law relating to parking and driving of motor vehicles passed by the last session of the Legislature became effective on August 27, 1971.

The Article on unattended motor vehicles says that no person driving or in charge of a motor vehicle shall permit it to stand unattended without first stopping the engine, locking the ignition, removing the key from the ignition and effectively setting the park brake and when the vehicle is parked on any grade, the front wheels must be turned to the curb or side of the highway.

The two articles relating to driving a vehicle say that the driver of any motor vehicle when traveling upon a down-grade shall not coast with the gears or transmission of such vehicle in neutral and that the driver of any truck, truck tractor or bus when traveling upon any downgrade shall not coast with the clutch disengaged.

For more information on these or other laws, contact the nearest office of the Department of Public Safety.

Paper Drive Saturday Sacred Heart seniors will conduct a scrap paper drive Saturday, Dec. 11, beginning at 9 a.m.

He is a real liberal — generous with his opinions and everybody else's money.

## Area Gains in Quality And Cost by Blood Bank

"Be a real Santa, make a gift for life!" That is the theme of the blood collection to be made here Wednesday, Dec. 22, when the Red Cross bloodmobile makes its semi-annual visit to Muenster.

This community joined the Red Cross blood bank system two years ago with two purposes. One is to provide fresh, reliable blood to local people who need it, the other is to reduce the cost to the patient and the hospital. Both purposes have been met.

A primary concern in blood use is the original source or donor. Commercial blood banks acquire their stock from two categories of donors — those who give the blood and those who sell it. Heavy reliance is on the latter group, which is primarily interested in personal gain rather than helping someone. While many of these are as reliable and free of disease as those who give for free, there are many others who conceal information on past disease history if necessary to sell their blood. Reliability then becomes a matter of concern.

The Red Cross system relies entirely on those who donate their blood. Since those persons are motivated solely by a desire to help someone in need there is no reason

## SH Group Attends Speech Tourney

Sacred Heart High Speech and drama students were among students from 60 schools participating in Denton's twenty-third annual Sweepstakes Speech Tournament. Schools represented included 14 from Dallas, five from Houston and seven from Fort Worth.

Mary Lou Kralicke placed second in girls' dramatics competing with 75 in this division. She did an interpretation of the play Marat/Sade by Paul Weiss.

Phyllis Bindel was fourth among 60 girls in original oratory. She spoke on noise pollution. Margie Felderhoff, in the same category reached the semi-finals.

During the two days the debate teams won a total of seven debates.

Sacred Heart students participating were Mary Lou Kralicke and Susan Endres in poetry, Debby Walterscheid and Christi Koesler in prose, Phyllis Bindel and Margie Felderhoff in original oratory, Mary Lou Kralicke in dramatic interpretation.

Also Myron Hess and Phil Endres, Laura Kralicke and Linda Miller, Beverly Walterscheid and Cheryl Bayer, Jeff Fette and Kevin Pels, Kathy Luke and Karen Luttmeyer, Lynda Klement and Barbara Hess, debate teams.

## MHS Teams Enter Saint Jo Tourney

Muenster High basketball teams have their work cut out for them this weekend participating in the Saint Jo invitation tournament along with Lindsay, Era, Nocona B, Alvord, Forestburg, Prairie Valley and Saint Jo.

The list includes teams which have wins over MHS in earlier games this season plus others that have made a strong start.

Opening foes for Muenster will be the Lindsay teams, the girls scheduled for 12:30 and the boys for 1:15.

In Tuesday night's action the teams marked up a double win over visiting Callisburg. Scores were 65-45 in the first game and 54-37 in the second.

The Hornets gained in every period of the opener with counts of 15-11, 31-24, 47-34 and 65-45. Doris Felderhoff led the scoring with 49, Joyce Swirczynski got 8, Janet Swirczynski and Dolly Bayer each 4.

The Hornets had a good first quarter and a better second quarter for scores of 14-4 and 36-8, but Callisburg took up some of the slack in the second half. Scores ending the periods were 46-24 and 54-37.

Jim Endres, Mark Lippe and Randy Wolf shared scoring honors with 11 each; Ronnie Felderhoff made 8, Lonnie Hellman 5, Claude Klement 4, Allen Fleitman and Tommy Otto each 2.

why they should withhold information, and the reliability of their blood is greatly enhanced.

Since Red Cross does not pay for the blood it receives, it also does not charge for the blood it gives. The only cost to a patient is the expense of Red Cross in collecting and the expense of the hospital in transfusing. Normally this results in a saving to the patient of \$30 or more per pint, as compared with blood from a commercial bank.

Muenster's program during the past two years has been gratifying and successful. Red Cross sets a quota for each community based on population and use, and Muenster has topped its quota at each visit.

The quota here is 80 units per visit. To reach that figure it is estimated that 100 potential donors will be needed. The excess provides for an average of some 20 per cent turned down at the collection point because of a cold, temperature, medical history or some other reason.

Actual blood use of a community normally varies from the quota, but that does not mean that there will be a shortage or surplus. The reason is that each community is one member of a system and an over-all quota applies to the entire group. This method also assures fresh blood at all times. Each community in its turn provides fresh blood for all the others.

During the past year Muenster has called for only 149 of its 160 units. The hospital used 122 of those units and 27 were transferred to other hospitals for use of community residents. However much more would have been provided if it had been needed.

## Week of Rainfall Measures 3.17 in.

Dreary, foggy, rainy weather that has been hanging on since the first of this month left a reading for eight of the past nine days and a total moisture measure of 3.17 inches.

Along with that it brought the winter's first snow and sleet on Thursday the 2nd. According to Steve Moster's reading the depth of snow measured an inch, but there was actually more because a mixture of rain and thawing temperature melted some as it fell. Combined measure of rain, snow and sleet recorded the next morning was 1.10 inch.

Other readings of the week were .30 each on the 1st and 2nd, .59 on the 5th, .19 on the 6th, .01 on the 7th and .68 on the 9th. The 4th had a trace and only the 8th was dry.

The result of it all is that the area is soaked deep down, fields are soggy and feed lots are messy. And the year's total of 37.40 is well above normal in spite of a drought for the first seven months.

## USPO Refuses To Accept Mail With IPSA Stamp

"Stamps" to be produced and issued by a so-called "Independent Postal System" may not be used on matter being deposited in the U. S. Mails, Carl C. Ulsaker, Regional Postmaster General, Southern Region, cautioned today.

Referring to reports that "IPSA Stamps" with denominations of 1 to 50 cents are to be issued by a private firm on November 30, General Ulsaker noted that putting such stamps on envelopes or packages would disqualify such envelopes or packages for mailing in the U. S. Mails.

This is true even if the mail should carry additional legal U. S. Postage Stamps, he cautioned.

If deposited in receptacles for U. S. Mail, letters carrying the so-called "Stamps" are subject to return to mailers and postage due charges.

Mailers should make certain that the only stamps to be affixed to their letters and packages are the official U. S. Stamps, he said.

## Cause of Crime

One of the greatest causes of crime is salacious literature. The right to have pornography all over town is the right to destroy our country from within. Americans spend two billion dollars a year on pornographic literature. If the filth merchants traded only with adults, it would be bad enough. But three-fourths of the pornography in the United States falls into the hands of young boys and girls in their early teens.

To sit back "openmindedly" and conclude that smutty literature has its place is to condone national suicide. As James Kilpatrick pointed out in *The Smut Peddlers*: "The heart and soul of this racket is not the grown-up sucker. It is the curious child. . . ." Police officials point to the results: rebellion against authority; social disease;

homeless children; shattered lives of unwed parents; an expanding population of sick perverts; a self-indulgence that condones adultery; and the destruction of the home.

Psychiatrists point out that pornography is under-mining the mental health of hundreds of thousands of teenagers. The chief psychiatrist of the Philadelphia county court recently declared that pornography is the greatest single cause of sexual immorality. Detective Austin Duke of St. Louis maintains: "I have never picked up a juvenile sex offender who did not have this stuff with him, in his car, or in his house."

No one is on the firing line more than the judges who man the juvenile courts. They pointed out at their national conference that salacious literature has had such a profound effect on our society that it is changing the very character of juvenile delinquency. J. Edgar Hoover put it very briefly: "Sex-mad magazines are creating criminals faster than jails can be built to house them."

Other nations have often wondered why America has the highest crime rate in the world, and why our youth play the leading role in this gruesome drama. How can we account for this precocious perversion and youthful addiction to crime? The greatest cause is indecent literature. But why has pornography been permitted to run so rampant? The answer is three-fold, its profits are enormous; it has some of the sharpest legal talent in the country behind it; you and I have done little or nothing to prevent it.

The solution must be found on the local and national level. Local groups are being formed all over the country to hit the purveyors of smut in the pocketbook, the only place they understand. Cincinnati has formed a Citizens for Decent Literature organization. It publishes a Handbook of Procedures that is helpful for any city (3300Carew Tower, Cincinnati, 25c a copy). Local postmasters can be helpful if they are kept informed.

Interfaith groups have banded together to fight the problem. This is true ecumenism. If we are to unite with others or anything, we should unite against the forces of evil, and for preserving what is good.

— U. S. Press Assn.

Speaking of inflation, a lot of homeowners owe a lot to it — it's enabled them to live in a more expensive neighborhood without even moving.

## In Our Time

ARMY PAY HAS COME A LONG WAY SINCE 1785. THEN, THE NEWLY ESTABLISHED FIRST AMERICAN REGIMENT PAID ITS PRIVATES \$4 A MONTH.

IN EARLY 1941 PRIVATES WERE PAID \$21 A MONTH.

NOW UNDER THE NEW PAY BILL VOTED BY CONGRESS, PRIVATES RECEIVE \$268.50 A MONTH... PLUS A HOST OF FRINGE BENEFITS INCLUDING FREE ROOM AND BOARD.

## Agnew a Big GOP Favorite

Vice President Spiro Agnew is the choice of an overwhelming majority (76.5 per cent) of the delegates and alternates who attended the Republican National Convention in 1968. They feel not only that he should be renominated with President Nixon but that his absence from the ticket (71 per cent) would hurt his chances in the national election of 1972. The figures were gathered in a survey by Human Events, Washington-based news periodical.

This is of interest at this time when Secretary of the Treasury John B. Connally's name is being mentioned frequently as a possible running mate for President Nixon in 1972. Mr. Connally is a Democrat. Presumably he would become a Republican in the event he ran on the Republican ticket. He is said to have set forth the condition that, if he did run with the President in '72, Mr. Nixon would agree to support him for the Presidency in 1976.

Politics makes strange bedfellows, and remarkable switches do take place in these swirling times. Vice-President Agnew has made a great name for himself, and has been the countervailing influence in a Republican Administration that has outdone the Democrats in money spending and concessions to the Communist powers. Mr. Agnew still seems a good bet in the Republican Convention next year.

— U. S. Press Assn.

The cry of "Those teenagers drive too fast!" is often heard in the land. There is good reason for this: teenagers frequently do drive too fast. There's another little point to be made, however: so do a lot of other people. A . . . dustup over fast driving in Venice, Florida, illustrated this. It seems that some of the town's older citizens got so steamed up about youthful speeders that they complained to police. Whereupon the minions of the law set up a radar check at various hours of the day. Of the 35 tickets for speeding, five went to teenagers; the other offenders ranged up to 74 years old, with the average at 41.3. Not so much is heard about teen-age speeders in Venice, these days.

— Terre Haute, Ind., Tribune

## Wrong Direction

Today, as fewer people are involved in the business of agriculture, it is more imperative than ever for young people to have knowledge of what it takes to produce food and fiber for a nation of more than 200 million people. In spite of the need for such knowledge, and in spite of the fact that the professed goal of governmental planners is to encourage decentralization and a back to the land movement, there appears to be almost a conspiracy to drive youth off the nation's farms.

A law is now proposed to prohibit the employment by farmers of workers under 16 except under federal supervisory regulation. An official of the American Farm Bureau Federation, in expressing his organization's opposition to passage of the bill, observes that, "An imperative problem of the seventies is to provide more jobs for teen-agers — not to throw more restrictions and limitations around such employment. . . ."

Current proposed amendments revising the minimum wage and hour provisions of the Fair Labor Standards Act would also strike at employment opportunity in agriculture. Every time the minimum wage is boosted, it increases the ranks of the unemployed among unskilled and part-time workers, especially among the young. Of this, the nation's largest farm organization, the American Farm Bureau Federation, says, "We oppose any increase in the minimum wage and the extension of coverage to additional groups. . . . Many farm workers are persons with handicaps which have prevented their obtaining permanent employment elsewhere. Minimum wage laws are pricing many such workers out of the market, curtailing their employment opportunity and leaving welfare rolls as their only resort."

Laws that literally drive people off the nation's farms make no sense at a time when the need is for greater population dispersal and employment.

— Industrial News Review

## Artificial Security

Pressure to cut taxes and spend more, thus piling up more inflation-breeding deficits, is mounting. A Washington release reports that the U. S. Senate version of proposed tax reduction legislation may look like a "Christmas tree". There is a danger that the spending in government will do just as some economists have predicted: pass the buck of inflation restraint to those in charge of price and wage controls.

The public should not be fooled. It is absolutely certain that continued ballooning public spending and deficits will break the barrier of direct controls sooner or later — probably sooner, if the artificial stability of a regulated economy lulls enough people to sleep.

— Industrial News Review

## New Traffic Law

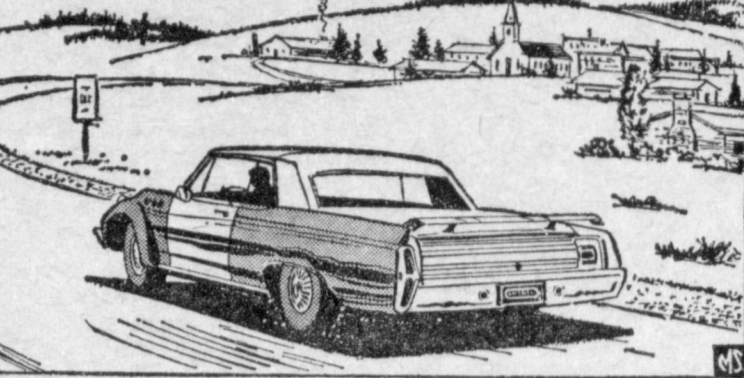

Under the new uniform vehicle code, no person shall open the door of a motor vehicle on the traffic side or on the side available to moving traffic until it is safe to do so, and can be done without interfering with the movement of other traffic, nor shall any person leave a door open on the side of a vehicle available to moving traffic for a period of time longer than is necessary to load on un-load passengers.

Spain did not acknowledge the independence of the United States until 1873.

## WHAT IS IT?

IT'S THE 'CAR OF CARS'... CONTAINING PARTS FROM TEN DIFFERENT MODELS.

## New Traffic Law

Under the new uniform vehicle code, no person shall drive a vehicle when it is loaded, or when there are more than three persons in the front seat, so as to obstruct the view of the driver to the front or sides of the vehicle or as to interfere with the driver's control over the driving mechanism of the vehicle. No passenger in a vehicle shall ride in such position as to interfere with the driver's view ahead or to the sides, or to interfere with his control over the driving mechanism of the vehicle.

Many people who don't believe in fighting insist on saying things that make you want to.

Business prophets attempt to tell us what will happen. Business profits tell us what did happen.

**Student Assembly On Health Careers Planned at MHS**

The Texas Health Careers Program will present a Health Careers Assembly for Muenster High School on Thursday, December 9, 1971, at 10:00 a.m. The unique presentation by John Haddad, direc-

tor of field services, Texas Health Careers Program, is designed to introduce exciting career opportunities in health care to all students.

With over 300 different careers available, the health-care field offers employment to people with a wide variety of education and training. The health-care field is projected to employ more than any other industry in the United States by 1975. Texas alone has needs for over 20,000 trained personnel today.

A project of the Texas Hospital Education and Research Foundation, the Texas Health Careers Program was begun in 1964 by the Texas Hospital Association to overcome health manpower shortages. During the past four years the Texas Health Careers has presented Health Careers Assemblies to 500,000 students in Texas secondary schools.

**Second Edition of Rural Cook Book Is Available Now**

The second edition of the highly popular rural electric cookbook, "Typically Texas," is now available at local participating electric cooperatives. It features 13 food divisions, including a section on game meat. The first edition, published last fall, was sold out within six weeks.

The reprint contains 347 pages of the best recipes used by rural electric members and employees across the state of Texas. Some recipes are originals; others, family favorites. Housed in a cover of dark blue and silver, the book is designed to be easy to use and the recipes are just like your neighbor might hand you across the back fence. The reprint will feature additional

art work, tables of weights and measurements, etc., and a special section on the use and care of the electric range.

Cost of the book will be \$3.50 plus state sales tax and postage. If you are not a member of a local electric cooperative, the book may be ordered by sending \$4.00 (\$3.50 plus 50c to cover tax, postage and handling) to "Typically Texas" Cookbook, Texas Electric Cooperatives, Inc., P. O. Box 9589, Austin, Texas 78766.

Harry Scoggins, working for AMPI at Sulphur Springs, was at home for the weekend with his family.

Visiting the Pattersons, Ed and Gobbles Sunday were Mr. and Mrs. Pat Cathey and Mrs. Cordellia Totten of Fort Worth. They came especially to check on Mrs. Gobble, a patient at Muenster Hospital.

**Mission Work Goal Set at \$900 at SH**

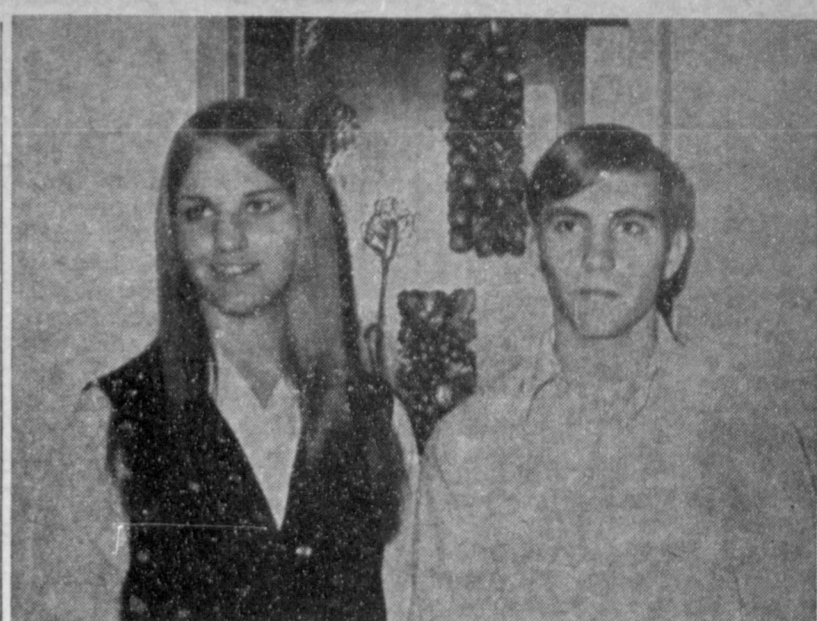

Sacred Heart High School's goal for the missions this year is set at \$900, according to Sister Theresina, mission moderator.

"At the present rate of weekly collections this goal will not be reached," she said. "Many students do not involve themselves in the school's mission work by donating a minimum of five cents a week."

Classes participate in sponsoring activities. Seniors had a cake walk that cleared \$26. Juniors collected glass as a class project. Freshmen and sophomores are planning projects.

Bats are the only true flying mammals.

It pays to advertise with the Muenster Enterprise.

**Margie Felderhoff, Cletus Bayer Head Who's Who at Sacred Heart School**

Heading Sacred Heart High School's Who's Who for 1971-72 are Margie Felderhoff and Cletus Bayer as Miss and Mr. Sacred Heart. They were chosen as outstanding seniors by the faculty.

Margie is the daughter of Mr. and Mrs. Thomas Felderhoff. She is active in 4-H, speech and drama and literary contests. She also is recipient of the DAR Good Citizenship Award.

She served as drill team squad captain, has held offices in her classes throughout high school and presently is president of the Honor Society and vice president of the senior class and of the Junior Engineering Technical Society.

Cletus, son of Mr. and Mrs. George Bayer, is a member of the Tiger football, basketball and track teams. He is a lecturer at church and sings in the men's choir. He has held several class and Student Council offices, is president of the JETS, vice president of the Student Council and a member of the National Thespian Society.

Both are active in the parish Catholic Youth Organization. The titles are the highest a SHH student can earn.

In other elections students voted to fill the Who's Who roster. It is as follows:

Most courteous, Kim Reiter and Mark Schmitt; most dependable, Kathy Rohmer and Ernest Martin; friendliest, Christi Koesler and Wayne Grewing; best groomed, Gayle Sicking and Ronnie Hess; most athletic, Terry Hoedebeck and Wayne Grewing; wittiest, Doris Schmitt and Jeff Fette; most likely to suc-

ceed, Mary Lou Kralicke and Larry Bayer; most studious, Phyllis Bindel and Myron Hess.

Class favorites chosen at the same time are Freshmen Barbie Hess and Pat Endres; Sophomores Beverly Walterscheid and Kevin Pels, Juniors Susie Endres and Mark Schmitt; Seniors Yvonne Gehrig and Wayne Grewing.

### Karen McMichael And Danny Wilde To Wed in January

Mr. and Mrs. Forrest D. McMichael of Gainesville announce the approaching marriage of their daughter Karen McMichael and Danny Wilde, son of Mr. and Mrs. Ray Wilde.

The wedding is planned for Jan. 8, in Sacred Heart Church here.

The bride-to-be is a Gainesville High graduate who attended Cooke County Junior College and is now attending Texas Woman's University in Denton. The future bridegroom is attending NTSU and both will attend North Texas when making their home in Denton following their marriage. He graduated from Sacred Heart High, attended CCJC and completed a tour of duty in the Army with overseas service in Vietnam.

### MHS Teams Lose 3 Win 1 in Tourney

Muenster High basketball teams were hot and cold in Whitesboro's tournament last week. In typical pre-season form they did fine work in two games and fell apart in two other games.

In each case the first game was the better. MHS girls overwhelmed Howe 63-24 after a slow first quarter for a 15-11 lead. They upped their margin to 25-13 at the half and then stormed to their final score of 63-24. Doris Felderhoff had a big night bagging 46 points. Dolly Bayer made 9, Janet Swirczynski 6 and Joyce Swirczynski 2.

But the next one was a miserable 67-31 loss to Whitesboro which went on to the champ trophy. The rout according to Coach Charles Cash, resulted partly from the steady playing of Whitesboro but more from Muenster's own slump. Muenster scorers were Doris Felderhoff 26, Dolly Bayer 4, Janet Swirczynski 1.

The Hornets, also meeting Howe in the opener, trailed 27-12 at the first quarter, gained to 35-27 in the second and dropped back to 52-39 in the third. Then a pair of Howe hot shots, 6 foot 6 and 6 foot 4, fouled out and MHS took up the slack. The lead changed several times in closing minutes and Howe led 67-66 at the end. Howe went on to win the tourney championship. Scorers for MHS were Jim Endres 11, Randy Wolf 9, Mark Lippe 8, Tom Otto 8, Ronnie Felderhoff 8, Ricky Swirczynski 6, Jerry Eckart 6, Allen Fleitman 4, Claude Klement 3.

Next they went into a slump and lost 85-44 to Whitesboro, which became the consolation winner the next game. Whitesboro gained for three periods to a whopping 70-30 score and the Hornets finally managed in the last period to get into the game. Final count was 85-44.

Jim Endres led the scoring with 19. Lippe made 6; Otto, Felderhoff and Swirczynski each hit 4; Claude Klement got 3, Wolf and Eckart each 2.

### Leaflet Presents Children's Rights In Divorce Cases

The rights of children in divorce cases have been spelled out for persons concerned in Cooke County according to an announcement this week by Julian J. Smith, secretary-treasurer of the Cooke County Bar Association.

He said the children's bill of rights was prepared by District Judges W. C. Boyd and W. A. Hughes Jr. and is listed on a single sheet. It enumerates ten rights adopted from decisions of the State Supreme Court.

The leaflets have been placed in the office of District Clerk Anna Mae Shorter for distribution to persons seeking divorce who have minor children. The purpose is to present a concise and basic document to give parents a better understanding of their obligations and the children's rights. It is believed that these leaflets will result in more concern and protection for the children and in some cases serve as inducement to avoid a divorce.

Anyone wishing to have a leaflet may get it at the district clerk's office in the courthouse.

### NEWS OF THE SICK

Mrs. Clive Gobble is on the mend, back at home, after undergoing surgery at Muenster Hospital on Nov. 30.

Roxanna Reid, daughter of Mr. and Mrs. Lavonne Reid entered Community Hospital in Sherman Sunday for tests and observation.

Stone and bone carvings prove that horse racing is a sport at least 30 centuries old.

### NOTICE OF ELECTION of Directors of Clear Creek Watershed Authority

Wed., Jan. 12, 1972

At a directors meeting of the above Authority on October 21st 1971, at Muenster, Texas an election for Directors was ordered by the Board of Directors to be held on the second Wednesday of January, on January 12th., 1972, at Era, Bolivar and Forestburg, Texas; to elect Directors whose terms expire and the following nominees were selected to be placed on the BALLOTS.

Their terms are to expire January 1974 for George Berry, J. W. McCall, Richard Muir, and January 1975 for H. K. Armstrong, Doyle Selby, H. D. Fields.

Judges of Election were selected as follows: Bryan Strader, Era, Texas; Earl Wilson, Bolivar, Texas; Velma Freeman, Forestburg, Texas.

The election polls shall open, 8:00 a.m. and close 5:00 p.m. January 12th., 1972.

Directors: Clear Creek Watershed Authority.

### Joe Mages, 72, Is Birthday Honoree

Joe Mages, 72, on December 6, celebrated at a birthday party in his home Sunday night when sheephead players Messrs. and Mmes. Joe Neu of Lindsay, Joe Hoening and Oscar Walter were there for the games and refreshments.

Monday he was honored at a breakfast hosted by his daughters, Mmes. Gene Pelzel of Lindsay and Harold Schmitz, Johnny Schmitz and Doug Reiter of Gainesville in a Gainesville restaurant.

### Christening Service

Amy Theresa, infant daughter of Mr. and Mrs. Sylvan Walterscheid was baptized Wednesday in an 8 a.m. service in Sacred Heart Church with Bishop A. Dangelmayr officiating for his grand-niece. Amy's uncle and aunt, Mr. and Mrs. Alvin Hartman attended as godparents. Her sister Laurie and brothers Danny and Greg also attended along with the grandparents Mr. and Mrs. Tony Felderhoff and Monica, Robert and Kenneth Hartman. Christening breakfast was in the Walterscheid home.

### CCJC Students In Yule Program

The Cooke County Junior College music department will present "Amahl and The Night Visitors" by Gian-Carlo Menotti on Sunday afternoon, December 12, 1971, at 3:00 p.m., in the women's gym. "Amahl and The Night Visitors" is the first opera commissioned especially for television. It was given its premiere by the NBC Television Opera Theatre in New York City on December 24, 1951.

Chicago adopted stringent gun control laws in 1968, aimed at reducing the number of crimes committed with guns. City officials now admit that the crime rate has increased despite the law. The trick is to get the criminals to register their guns, and even the 'experts' haven't been able to figure that one out. — Montrose, Calif., Ledger

### Birthday Honoree

Mrs. Richard Zimmerer of Grapevine was the honoree at a birthday dinner Sunday in the home of Mr. and Mrs. Raymond Zimmerer. Attending with her were her husband and their sons Tim, David, Anthony and Douglas. Also present from out of town was Clifford Zimmerer of Dallas.

# KEEP CHRIST in Christmas CONTEST

Sponsored by Muenster K of C Council

Any display depicting the religious theme is eligible. It is not restricted to nativity scenes but may present another subject related to the original Christmas.

Judging will be during Christmas Week. It is restricted to residential displays. All displays within the city limits will be judged in a complete tour of the city and rural displays will be judged by request. Rural persons wishing to be included in the contest are asked to call the KC hall after 4 p.m. and leave their names.

Prizes for the first, second and third place winners will be wood plaques of praying hands, carved by Ludwig Kieninger.

**County 4-H Horse Club Has Election**

Election of officers was the principal business at the monthly meeting of Cooke County 4-H Horse Club with new officers as follows: Darrell Sutton, president; Kenny Kuykendall, vice president; Lenora Fleitman, secretary-treasurer; Barbie Davidson, reporter; Monica Gehrig and Sherry Westbrook, recreational leaders.

Members had a trail ride led by Ott Kuykendall and then a wiener roast at the

home of Craig Rosenbaum, assistant county agent. Others attending included Marlea Thompson, assistant home demonstration agent, her husband, and adult leaders from Gainesville, Muenster and Sivells Bend. Twenty club members were present.

Mr. and Mrs. Larry Gobble of Irving spent the weekend with his parents, the Clive Gobbles — at their home and with Mrs. Gobble a patient at Muenster Hospital. They also visited her parents, the Clarence Hellmans.

**W. C. Boyd Seeks Re-election as District Judge**

District Judge W. C. (Bill) Boyd announced today that he will seek re-election as district judge of the 16th Judicial District comprising Denton and Cooke Counties.

Judge Boyd was first elected district judge in 1964 by the largest margin ever in a local contested race. He carried every voting box in both Denton and Cooke counties. Before his term of office was to begin he was appointed district judge by Gov. John B. Connally to fill the unexpired term of his predecessor. Judge Boyd is the senior district judge of Denton and Cooke counties, which now also include the 158th District Court of Denton County, created in 1969, and the 235th District Court of Cooke County, created in 1971.

Judge Boyd has compiled one of the most impressive records of any district judge in Texas. Of the more than 7,000 cases he has disposed of, less than one per cent have been appealed. Judge Boyd has presided over trials of important cases throughout Texas at the request of many of the presiding judges of Texas' Administrative Judicial Districts.

Judge Boyd has spent his adult life in preparation for a judicial career. He earned his Bachelor's and Master's degrees from North Texas State University and his Doctor of Jurisprudence degree from Baylor University. His legal experience includes 13 years of private practice of law and eight years as district judge.

A veteran of World War II, he is a member of the Administrative Board of the First United Methodist Church of Denton. Judge Boyd and his wife, Betty, live at 2502 Sherwood in Denton. They have three children, Randall, a senior at the University of Texas Law School, Dan, a senior at the University of Texas, and Barbara, a senior at Denton High School.

**Local News BRIEFS**

Weekend visitors with Mr. and Mrs. Steve Moster, Frank and Chris, and Mrs. Frank Yosten were the latter's nephew and niece Mr. and Mrs. Johnny Holub, 12 year old son Dennis and their married son and wife Mr. and Mrs. Larry Holub, all of Waco. They were all together for Sunday dinner in the Moster home.

A birthday celebration for Mrs. Buddy Reiter honored her in her home Saturday night when her children got together there for supper. They took a joint gift and a decorated cake. Mrs. Jerry Walterscheid made the birthday cake.

Mrs. Dick Cain had as her guest Friday Mrs. Virginia Reeves Johnson of Dallas and the two talked up a storm covering some 30 years since they last saw each other. Mrs. Johnson, a widow and a retired LVN, is a daughter of Mr. and Mrs. Joe Reeves former Muenster residents.

Mr. and Mrs. Carl Mages have moved from Waco to their farm at Clifton and report they are enjoying country life. They added that they plan to see all the relationship during the Christmas holidays.

Relatives came and went, visiting the Al Walters during the recent holidays. All together for Thanksgiving were the Claude Walters, Amy, Alan and Tommy of Miami, Okla., the John Virgil Walters and family of Dallas, the Tommy Corcorans and children of Gainesville and the B. J. Swirezynski family, Dorothy Hartman and Helen Hess.

Mr. and Mrs. Danny Yosten and little daughter Wendy are back in Muenster to make their home after living in Dallas since their marriage. He has joined the staff at H&W Meat Co.

Mrs. Cora Mitchell of Gainesville and her guests, son-in-law and daughter Mr. and Mrs. Don Smolleck and baby son J. D. of San Antonio visited with Mrs. L. A. Bernauer one afternoon while the visitors spent Thanksgiving holidays in Gainesville. Mrs. Smolleck is the former Nancy Bernauer of Muenster.

**Family Gathering**

During the recent holidays relatives gathered at the home of Mr. and Mrs. A. H. Fenoglio in Montague. Joining the group there were Mrs. Katie Wilder and Miss Katie Hacker of Muenster accompanied by Mrs. Wilder's daughters — Sister Benedict Zimmerey of Lindsay and Sister Madeleine Zimmerer of Westphalia. Others there were Mr. and Mrs. B. J. Tillman and daughter Betty of Fort Worth, Mr. and Mrs. Wendell Gordon and daughter Carrie Sue of Odessa, Mr. and Mrs. Bernard Fenoglio and son Jimmy and Mr. and Mrs. Robert Fenoglio of Bowie, Dave Fenoglio and Frank Carmaniti of Montague.

Mr. and Mrs. Val Fuhrmann, Fred, Nancy and Bruce spent Thanksgiving with Mr. and Mrs. Bob Buehrig in Burkburnett.

**Fifty Whoopers Arrive at Aransas**

Fifty of the world's rarest birds have safely reached their wintering area on the Aransas National Wildlife Refuge, it was announced today by Regional Director W. O. Nelson, Jr., of the Bureau of Sport Fisheries and Wildlife.

Forty seven adult and three juvenile whooping cranes made the 2,000 mile flight from the breeding ground in Wood Buffalo Park in northern Canada according to results of the latest aerial census of the Gulf Coast sanctuary.

Based on past years records, there is no reason to be pessimistic about the present count, said Nelson. Fifty seven birds went north last spring, he said, but it is normal for late arrivals to come straggling in to the Aransas National Wildlife Refuge until the end of the second week in December. Typically, family groups of whoopers cannot make the long flight as rapidly as the adult birds can when not encumbered by the more slowly travelling youngsters.

Bird watchers all over the world watch for the fall arrival of this rarest of all rare birds, and rejoice at the slightest increase. The whoopers have staged a dramatic fight against extinction, and have increased from a low of 15 birds in 1941 to last spring's high of 57. The next three weeks to a month will bring the answer for 1971 — whether the whoopers show another very slight increase in numbers, or whether they have suffered a setback again as they often have in the past, according to Nelson.

Herbert C. Hoover received 84 honorary degrees. Lungs cleanse and purify blood in a human body.

Six-year-old Mary was telling her little playmate, who was going to church with Mary and her family, how to behave.

"You can't talk at all," instructed Mary. "If you do, they'll stop you."

"Who'll stop me?" asked the playmate.

"The hushers," Mary replied with authority.

## THE INFORMED CONSUMER

By Crawford C. Martin  
Attorney General of Texas

Remember that unordered set of books you received in the mail along with a receipt requesting payment? Did you return the books or pay the bill? You didn't have to, you know. Recall the time you got up early so you could get to the store in time to purchase an item at a "one-day-only special sale", only to find that they were "all out" of the bargain 10 minutes after the store opened? Or how about that nice young college student who came to your door asking for a few minutes of your time to take a survey for a paper he was writing . . . and didn't leave until he had spent three hours trying to get you to buy a \$600 set of books you didn't want or need?

Unfortunately, most consumers — at one time or another — have had their anger aroused by these and similar incidents. The Texas Attorney General's files are filled with case histories of problems encountered by innocent, although sometimes gullible, consumers. Many of these legitimate gripes could have been avoided if the consumer had been aware of certain laws, or had been aware of the types of fraudulent practices typically used by unethical sales organizations. An informed

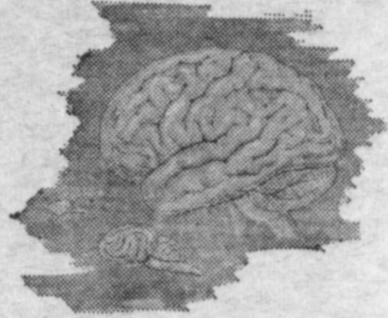

## Well, What Do You Know? fun, games and knowledge

by MARTHA GLAUBER SHAPP, Editor, The New Book of Knowledge

**Do you know if a larger brain means greater intelligence?**

It does not, necessarily. For instance, man is the most intelligent member of the animal kingdom. Yet his brain is smaller and weighs less than those of some animals. Man's

brain weighs about 3 pounds, while an elephant's weighs about 10 pounds. The clue to intelligence lies in the cortex — the brain's surface covering. Intelligence seems to be related to the amount of folding in the cortex.

**Do you know what linguistics is?**

Linguistics is the scientific

(For a free booklet, "The Magic Carpet," illustrated in color from The New Book of Knowledge, send name and address to Martha Glauber Shapp, Box 47, Putnam Valley, New York 10579.)

study of language. The scientists who study and teach linguistics are called linguists or linguistic scientists. Some people are able to speak and read several different languages, but they are not necessarily linguists. Linguists study what languages are like and how they work. They try to find out in what ways all languages are the same and in what ways they are different.

**What do you know about bacteria?**

Bacteria are probably the most common form of life on earth. They are also among the simplest and smallest living things. They are microorganisms, which means they can be seen only under a microscope. A thousand of even the largest bacteria can fit side by side on the top of a pencil. Some bacteria cause disease, but most do not. There are at least 2,000 species of bacteria, and most of them are either harmless or helpful to other forms of life.

consumer can be his own best protection in the market place.

The Attorney General's Consumer Protection Division Enforces Texas's Deceptive Trade Practices law which presently permits the Attorney General to enjoin certain false, misleading, or deceptive acts or practices in the conduct of trade or commerce. The Attorney General has received some 4000 complaints in the last year from Texas citizens who feel that they have been defrauded. Such complaints are processed and, if necessary, legal action is instituted to enforce the consumer protection laws. The Attorney General's office is not permitted to render legal advice or opinions to individual citizens, nor may this office obtain refunds for individuals who have been defrauded. The Attorney General may, however, obtain an injunction against those firms which violate the Deceptive Trade Practices Act. If the firm continues its deceptive practices, the Attorney General may secure up to \$10,000 in penalties for each and every subsequent violation of the injunction.

Law enforcement in this area is emphasized by my office because compliance with fair and honest trade practices benefits not only consumers, but the majority of businessmen who want an honest and ethical climate in which to conduct their operations.

This column, "The Informed Consumer", has been developed by my staff and by me to give consumer facts on consumer protection laws and information on consumer related topics. It was designed to make the "buyer be wary" as well as "beware". Hopefully, it will assist consumers in recognizing and avoiding common business frauds. Included will be facts on the role of state and federal agencies in the area of consumer protection. Some topics which will be covered in the near future include: referral selling, the scheme which offers the consumer a chance for a "good deal" by supplying names of friends as prospective customers; work-at-home schemes that prey on the elderly consumers and the young mother seeking to supplement the family's income while staying at home with

her children; pyramid business organizations which pay bounties for bringing others into the program; a store's responsibility for accepting returned merchandise; and a credit series.

If you feel that you have been the victim of a deceptive act or practice contact my Consumer Protection Division at the Office of the Attorney General, P. O. Box 12548, Capitol Station, Austin, Texas 78711.

## NOTES FROM THE LIBRARY

By Bettie Luke

The Christmas season is here again and the Library has some lovely seasonal books.

The newest is "A Book of Christmas" by William Sanson donated by the Ben Seyler family. It contains "The great illusion, the true colors of Christmas," also "Origins and Observations," primitive and early Christian rites, and Twelfth Night rituals.

Also "Words in Season," a Christmas carol, "Customs and Survivals" — the Yule log, the German Christmas and many other topics. Truly an interesting book to read.

Another volume "The Book of Holidays" by J. Walker Mac Spadden, lists every holiday in the United States and its possessions. Christmas being the most loved holiday has a special chapter devoted to it. This is interesting for all family members.

"Festivals for You to Celebrate" by Susan Purdy is a book that provides a great variety of folk lore for the Christmas season about traditional customs and many home projects such as a Mexican pinata, Twelve Days of Christmas mobile, the Italian Belfana legend, and many others.

Come and read with us.

Truck Call Dec. 16

The Salvation Army truck will be in Muenster Thursday morning, December 16, to pick up clothing, household items, repairable furniture and appliances. Persons with discounts to give are asked to phone 759-4311 the day before if they want the truck to stop at their homes or places of business.

## Birthday Honoree

Relatives and friends cheered Clive Gobble on his Dec. 3 birthday. The usual party hosted by his wife was not held this year because Mrs. Gobble was a surgical patient at Muenster Hospital. The Lee Toothakers had Mr. Gobble at their home for a birthday dinner and the sisters-in-law and their husbands joined at the Gobble home for an 84 party and refreshments in the evening. The R. H. Dillons came from Fort Worth, the W. L. Pattersons and the Willie Eddys joined them. They all stopped in to see Mrs. Gobble.

## Marysville News

MARYSVILLE, Dec. 7 —

Mr. and Mrs. Grady McElreath and son Brent joined a family gathering Saturday evening in the home of Mr. and Mrs. Steve McElreath and daughter Maria. Relatives attended from Whitesboro, Arlington and Gainesville. In the afternoon Brent and his mother watched the Christmas parade.

Mrs. Earl Robison spent Friday overnight with her grandchildren Jan and Mark Robison at Gainesville while their parents, the Douglas Robisons were away on a business trip. Mark accompanied his grandmother home Saturday and his parents came for him that evening.

Mr. and Mrs. R. D. Morris and Mr. and Mrs. Tillman Bridges, accompanied by the Rawdon Smiths of Spring Creek were recent visitors at Tyler with a brother, Avery Smith, who is a hospital patient.

Mr. and Mrs. Bill Roe of Callisburg were Saturday visitors with her parents, the W. F. Davidsons. Monday Mrs. Roe was back and took her parents to Callisburg to spend several days.

Weekend visitors with the Joe Doughtys were their sons Jimmy of Eulless and Wayne and family of Roanoke.

Mr. and Mrs. Sam Sparkman visited his mother Mrs. J. B. Sparkman at Manor Nursing Home in Sanger Sunday, then went to Fort Worth to visit his brother-in-law Joe Hemphill of Saginaw who is hospitalized in Fort Worth. Visiting the Sparkmans at their home Friday was their son Larry Sparkman of Madill, Okla.

Mrs. Bill Moon spent Friday with her sister Mrs. Mary Gregory at Gainesville and helped her pack for a California vacation. Saturday morning Mrs. Moon and daughter Mrs. Max Harrell and Rex took Mrs. Gregory to Love Field where she boarded a jet for Los Angeles. She will spend a month with her sisters Ina and Gladys. Before returning home Mrs. Moon, Mrs. Harrell and Rex enjoyed a shopping spree at North Park Mart, Dallas' new shopping center.

Mrs. John Richey entertained with a pre-Christmas dinner at her home Sunday. Present were her brother Joe Wyatt and wife of Callisburg and her sister and family the Fred Richeys, Robert, and Johnny of Sivelis Bend. The weather kept other family members from attending. These included a brother Tom Wyatt of Encino, their aunt Mrs. Will Couch and daughter Mrs. J. F. Lawrence of Goree. Mrs. Wyatt and Mrs. Richey brought covered dishes for the meal.

It pays to advertise with the Muenster Enterprise.

(Held over from last week)

Mr. and Mrs. Don Ray Moon of Rockwall were among those attending the Richey reunion and visited his folks the Bill Moons.

Mr. and Mrs. Sam Sparkman had the Willis Robisons and son Ray of Gainesville and the Milton Ramseys and son Redgie of Whitesboro as Thanksgiving dinner guests and Saturday hosted a gathering of the Sparkman clan. Present were Messrs. and Mmes. W. B. Hemphill and Terrell Collins of Saginaw, Bill Sparkman and Tom Sparkman and families of Pilot Point, Gene Meyers, Sheldon Doughty and son and Mrs. A. A. Young all of Valley View, the Jerry Youngs and children of Krum, and C. R. Sparkman of Bolivar. Also Larry Sparkman of Madill, Okla., Sammy Sparkman of the home and Miss Peggy Sicking of Muenster. The Vernon Sparkmans of Muenster joined them in the afternoon.

Mr. and Mrs. Raymond Reed and children of Wichita Falls spent Saturday overnight with their aunt Mrs. John Richey and attended the Richey reunion with her. Others visiting Mrs. Richey at her home during the reunion included Mr. and Mrs. Don McKay and three children of Abilene and Mr. and Mrs. Jordan Rgers and daughter Gylene of Dumont. The Tom Binfords of Gainesville were visitors Friday.

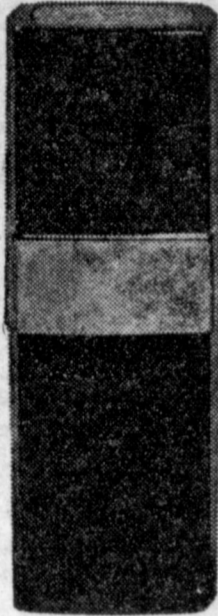

Mrs. Grady McElreath accompanied by Mrs. Rafe McElreath and Mrs. Sam Sparkman attended the "Crafts and Christmas Capers" show at Whitesboro. It was sponsored by the school's homemaking department. Mrs. Grady Mc-

Elreath displayed some things she made. Her sister Mildred, Mrs. Clay Landers, is one of the home ec teachers.

Descendants of the late Mattie and Sam Richey gathered for their annual weekend reunion at Marysville Community Center where some 60 kin were together and were joined by friends for Sunday dinner. They attended from Dallas, Red Oak, Rockwall, Arlington, Weatherford, Grand Prairie, Wichita Falls, Abilene, Plano, Decatur, Dumont, Sivelis Bend, Gainesville and Marysville. Dwayne Binford of Decatur and Gene Tupman of Plano offered the invocation and benediction at dinner Sunday.

Mr. and Mrs. Joe Doughty went to Ardmore, Okla., to spend Thanksgiving Day with her family who had a reunion in the home of her brother B. F. Hodges. Those attending included her parents, Mr. and Mrs. J. S. Hodges of Burneyville, Okla., and all of their children except one. They came from Burneyville, Durant, and Ardmore.

## MUENSTER ELECTRIC

1 1/2 mile east of town on Highway 82

**IT HAPPENED 35 YEARS AGO**

Dec. 4, 1936

Parish bazaar and dance pays final school debt, Father Frowin reveals. Lindsay church installs modern heating system. Scoutmaster Nick Miller and troop attend outing at Camp Chapman. City pavement is complete from depot to church. Chicken pox epidemic strikes Muenster. The Pete Preschers and Mrs. Joe

Prescher of Scotland visited relatives here during the week-end. Miss Gertrude Schmitz of Lindsay has gone to Dallas to work. Carl Beyer who is attending business college in Fort Worth spent the week-end at Lindsay with his parents. Women met Tuesday in the home of Mrs. Sloan McCool to reorganize the Linn Home Demonstration Club. Second grade pupils at Sacred Heart School are preparing for First Communion of Dec. 8.

**30 YEARS AGO**

Dec. 5, 1941

Raymond Hellman loses life in car-truck crash east of town. "Peace of Muenster" painting by famous artist is displayed at bank. Muenster sets new record in Red Cross goal. East extension of Voth oil pool may be shown by new test. Bermuda strip will be planted along sidewalk from church to town. Herbert Meurer succeeds Raymond Hellman as city secretary. Thirty-two children will receive their First Communion next Sunday. Mrs. John Schilling is in LaFeria to attend the funeral of her brother, Mike Sieger. Note from records 50 years ago: Cyclone destroys first church here.

**25 YEARS AGO**

Dec. 6, 1946

Miss Rose Koelzer dies after long illness. State Highway Department begins survey for street and road paving project. The J. B. Wildes are on a plane trip to Cincinnati. Dick Cain is in Mason City, Iowa, taking a course in auctioneering. Denis Walterscheid has foot surgery. Herbert Cunningham moves three room house here from Gainesville. Margie Zipper left this week to enter the novitiate at Holy Angels Convent in Jonesboro. Ben Luke family has reunion with all children present for the first time since before the war. Robert Gruber is in Washington, D. C., attending an REA conference. The Bob Koppers have returned from their wedding trip.

**20 YEARS AGO**

Dec. 7, 1951

State orders busses to stop hauling parochial school children. Charles Martin, 20, loses life in car wreck about four miles west of Gainesville. Alois Hess has major surgery in Dallas. Mrs. Ben Fleitman un-

dergoes surgery in Gainesville. Adam Wolf wins national honors in 4-H tractor work. Local bank is named at state depository. St. Anne's Society will sew new cassocks for altar boys. Dolly Lehnertz who nurses at VA Hospital in McKinney returns to work after vacation at home. Mr. and Mrs. Tony Otto are spending a few weeks in Littlefield for his health. Mr. and Mrs. Paul Endres are back from a vacation trip to Colorado where they visited the Dick Grafs. Norbert Mages is promoted to sergeant in Korea.

**15 YEARS AGO**

Dec. 7, 1956

Big and colorful Christmas parade will be held here today. W. L. Young, former Marysville mail carrier dies at Tyler. Funeral is at Marysville. FFA Chapter broiler house is damaged by fire. Parish women host NCCW meeting. Farmers get fish in for ponds. MHS seniors appear in class play. Don Flusche is on overseas leave. Alvin Fleitman gets army discharge after being at home on special leave from Heidelberg, Germany, since his brother Frank is a hospital patient following injuries received in a football game. New arrivals: boys for Messrs. and Mmes. Herman Stoffels and Herbert Schmidkofer, girls for Messrs. and Mmes. Bill Luke, Cecil New, Joe Hermes, Clifford Otto, Ronnie Herr and R. L. Jones.

**10 YEARS AGO**

Dec. 8, 1961

Miss Gertrude Kreitz, 64, dies of heart attack. City considers law for control of dogs and cats. Clothing drive is largest in parish history with over 6000 pounds. Tigerettes win champ trophy in basketball tournament. Mrs. Alphonse Hoeng is elected president of St. Anne Society. Rain measures .28 inch. Leans beat fats 45-44 in basketball game. 18 Hornets get football jackets. Lindsay 4-H club members show over 200 exhibits in annual achievement program. Mrs. Mary Stadelman, 95, dies. Sacred Heart sophs solicit cancelled stamps in mission work. Local want list favors motel and dentist according to survey. St. Nick makes annual visit to parochial school. FHA initiates 15 new members. PTA hears talk on civil defense. David Klement is named to NTSU Who's Who. Vincent Felderhoff is recovering from light heart attack. Clara Streng enters hospital for surgery. Herbert Knabe has operation. LaQuita Sandmann and Mrs. L. A. Bernauer undergo surgery. Joe Williams of Myra is seriously ill in Dallas Hospital. New arrival: a boy for the Gregory Hundts.

**5 YEARS AGO**

Dec. 9, 1966

Stockmen are asked to okay control of brucellosis. Joe Fletcher, 61, dies in Fort Worth. Firemen answer four calls Tuesday. Winners are told in VFW and Auxiliary sponsored democracy essay contest. . . . Janie Knauf wins first in finals. J. M. Weinzapfel and Hubert Felderhoffs return from trip around the world. City turns on Christmas street lights. Bank de-

clares annual dividend of six per cent. J. H. Address, 87, dies in Borger. Ronald Krebs tells of arrival in Viet Nam. Billy Detten and Pick Hemphill are promoted in Vietnam. Henry Weinzapfel is back on the job after six weeks of being a shut-in with back injury. Tigers nudged by Ex-Tigers 28-20 in football finale. KCs and VFW Auxiliary slate children's Christmas parties. Meeting slated to organize class of band beginners. Family gathering greets St. Nicholas at Tony Felderhoff home. The Ernest Medders sell one-third interest in Red Angus Comance OB to the James Meltons of Arlington, Va., for \$37,000, a record high for the Red Angus breed. CDA will pack Yule baskets for shut-ins. New arrivals: a boy for the Tommy Dankesreiters; a girl for the Regi Bayers.

**Keeping Records On Immunization Now More Urgent**

Immunization records, primarily of concern only to doctors, patients and parents in the past, have taken on extreme significance under the new compulsory school immunization law, says the Texas State Department of Health.

Also of more urgency now is the keeping of records for pre-schoolers. Pre-schoolers who attend a child care center are included under provisions of new laws which become effective January 1. Immunization records will be their ticket into regular school later on.

Public health experts point to the incidence of communicable disease among younger children in stressing the need for early immunization. Since immunizations will be needed later on anyway, health experts recommend starting a program early in the life of each child.

The importance of accurate, current and certified records will be brought home to you in a hurry if your youngster is ready for school or kindergarten. The health record can be of permanent value for the children's school records, insurance data and your family doctor's use.

Since many types of personal immunization records are in current use, any documentation listing each immunization received by year will be acceptable during the 1971-1972 school year for either initiating or updating school immunization records.

Signature or rubber-stamp validation of personal records by physicians or public health clinics is recommended but not required until the summer semester of 1972, after which validation of new records is required.

Many forms on which to keep personal immunization records are available, but you can keep all vital information in a tablet or notebook if desired. This can be taken with you on each trip to a doctor or health clinic for recording of the date, type of immunization and doctor's signature.

Make a section for each family member, listing birth date and place of birth and other pertinent information

such as the presence of a chronic illness, physical handicap, allergies and RH factor if it is present.

The health record should include a check list of diseases which each family member has had and the dates. Have a section for immunization records of such diseases as measles, mumps, whooping cough, diphtheria, tetanus, polio and rubella. Allow room for boosters.

Also write down any serious illnesses, accidents, surgical procedures and instances of hospitalization, including dates. Finally, list the family's health and accident insurance information for quick and easy reference.

**Expansion Plans Revealed at CCJC Vocational Facility**

Mr. Roland Benson, consultant for the Texas Education Agency was on the Cooke County Junior College campus Monday and Tuesday, November 22 and 23, for the purpose of assisting college officials in filling out necessary forms for application for a vocational-technical facility needed by the college.

The college has increased its enrollment in vocational-technical education by more than 100% during the present year. This increase in enrollment as well as expansion of existing programs and the development of new programs has caused over-crowded conditions in the vocational-technical facilities.

The college presently has sixteen approved vocational-technical programs. These include the following: auto body repair, automotive technology, business and office occupations, commercial pilot technology, cosmetology, drafting technology, electronic data processing, electronics technology, farm and ranch management, food and restaurant management, illustrative photography, law enforcement technology, machine shop, mental retardation assistant, mid-management, and welding.

New programs being planned including fire control technician, small appliance repair technician, and teaching assistant. Also, the associate degree nursing program will be implemented next fall, and home economics is in the planning stages. Cooke County Junior College is attempting to meet the growing needs of the business world by offering occupational training in various fields in which there is a heavy demand in the North Central Texas and Southern Oklahoma area.

The Rawdon Smiths of Spring Creek and the Ira Wards of Gainesville stopped in Sunday to visit with the Richey reunion group.

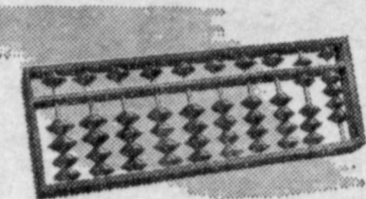

**Well, What Do You Know? fun, games and knowledge**

by MARTHA GLAUBER SHAPP, Editor, The New Book of Knowledge

Do you know what an abacus is?

The abacus is a simple calculating machine that is used for doing arithmetic. It was invented thousands of years ago. A modern abacus is made of beads, rods, and a frame.

The rods are fastened in the frame, and each one stands for a place in the decimal system. One rod stands for units, one for 10's, one for 100's, and so on. The beads are counters. Numbers are added or subtracted by moving the beads on the rods.

What do you know about the outback?

The sparsely settled interior of Australia is called the outback. Cattle raising is the largest industry in the outback. The ranches, which are called stations in Australia,

vary in size from a few thousand acres to 80,000 acres and upwards. The largest, Alexandria in the Northern Territory, has an area of 11,262 square miles. Once known for its lonely life, the outback is now served by trucks and airplanes, including those of the Royal Flying Doctor Service. Radio also helps to reduce the loneliness of life in the outback. Some Australian children receive their schooling by means of two-way radio.

What do you know about the Capitol Page Boys?

The first Capitol Page Boy was appointed by Daniel Webster and Henry Clay in 1829. His name was Grafton Dulaney Hanson and he was only 9. He must have done his job well, for there are Capitol Page Boys in Congress to this day. They run errands and carry messages for members of Congress and the Supreme Court. The boys are appointed as the need arises. And this year, for the first time in 142 years, there will be a Capitol Page Girl, too.

(For a free booklet, "The Magic Carpet," illustrated in color from The New Book of Knowledge, send name and address to Martha Glauber Shapp, Box 47, Putnam Valley, New York 10579.)

Texas Safety Association

DRIVE FRIENDLY takes on a new dimension as Jene Kincaid of El Paso makes a pointed plea for Texans to heed the message of the world's heaviest billboard. Erected during a highway construction project on Interstate Highway 10 in El Paso, the 210,000 pound steel beam billboard is 45 feet above the ground. Using the beam for the Drive Friendly message was the brain-child of J. D. Abrams, President of the El Paso Traffic Safety Council, who says that driving friendly means not driving while under the influence of alcohol or drugs.

### Vaccination for Smallpox Lifted

Compulsory vaccination for smallpox has been lifted by the State Board of Health as a requirement for entering school.

Required immunizations effective next January 1 include for grade school pupils diphtheria, tetanus, poliomyelitis, rubella and measles (if the child hasn't had measles). The U.S. Public Health Service recently held compulsory smallpox immunization is no longer necessary in the U.S. since risk of the disease is so small here. Last known cases were in 1949 in the Rio Grande Valley.

### Arthritis Among Leading Causes of Chronic Disability

One of the most common ailments in America, at least one everyone hears a great deal about from relatives and friends, is arthritis. Actually, arthritis is only one of several diseases in the family of rheumatic ailments — arthritis, gout, rheumatic fever, and a host of allied ailments that affect joints and muscles.

Today arthritis and other rheumatic diseases are among the greatest causes of chronic disability in the United States.

"The total number of victims is as great as the total population of the State of Texas," said Dr. James E. Peavy, Texas Commissioner of Health. "Of the 12 million estimated to be ill, over a quarter-million are completely disabled."

Arthritis and rheumatism alone cause the loss of more than 115 million work-days annually, a figure equivalent to 470,000 persons out of work for the entire year. This amounts to more than a billion and a half dollars annually in lost wages.

Arthritis also drains away \$200 million in subsistence allowances to arthritics unable to support themselves, and \$200 million in lost income taxes.

Two types of arthritides, rheumatoid and osteoarthritis, account for about 70 percent of all the misery from the rheumatic diseases.

There are many theories as to the cause of these diseases. One is infection, but the guilty viruses have not yet been identified.

Another is that it is a change in metabolism — the way your body uses foodstuffs and carries on its work. A breakdown in the complex balance of body hormones also is suspected.

According to other theories it is a disease of blood vessels in the affected areas, a disease of the nervous system, an emotion-spawned or psychogenic disease, or some kind of hypersensitivity or "allergy."

"Many things are known about these diseases, but we do not yet have all the facts. Much more work and research is still to be done. The important thing is to diagnose and treat the disease early," Dr. Peavy says.

### Yule Gifting at MHS Parties for Handicapped Kids

Handicapped children of the Denton State School will be on the receiving end of gifting at the Muenster Public School's senior high and junior high Christmas parties. The admission price at each event will be a gift for the State School kiddies. The packages will be delivered before Christmas.

The high school event will be a dance in the gymnasium Friday night, Dec. 17, from 8 to 11. Junior high youngsters will have a Christmas party in the lunch room Tuesday afternoon, Dec. 21, featuring games and films.

Teachers will provide refreshments for both of the parties.

### St. Nicholas Keeps Annual Date with Dangelmayr Clan

Again this year St. Nicholas remembered that he has a standing date in observance of his feast day, Dec. 6, with the Dangelmayr clan. And this year he was early, meeting some of them Saturday night and some Sunday night.

He met one group Saturday night in the home of Mr. and Mrs. Tony Felderhoff, arriving in his traditional red suit, white beard flying, and loaded with a huge pack of goodies. These he distributed to forty youngsters and oldsters, spanning three generations. Each one received a bag.

The littlest ones sat on his lap, recited prayers, and handed their letters to Santa Claus to him to deliver. Several of the children played the organ and everybody joined in singing Christmas carols.

Mrs. Bruno Fleitman was celebrating also her Dec. 5 birthday and received birthday gifts.

Punch and fancy cookies were served to the Muenster group and the A. J. Felderhoffs and children and the Don Lesters of Gainesville.

It was a busy night for the jolly saint. He also went to the home of Bishop A. Dangelmayr where a group of 19 kin and three generations had a similar party with distribution of goodies and serving of refreshments.

Sunday night St. Nick visited the Hubert Felderhoff home where for the first time this year four generations were gathered. Caroling, gift distribution, refreshments and reunion were highlights for 22 including the hosts' baby great-grandson George Spaeth who attended with his parents, the David Spaeths of Gainesville.

The custom of keeping St. Nicholas Day came to Muenster from Germany with the first settlers. Those pioneers arrived 82 years ago this December.

While the lovely old custom of this "Little Christmas" has failed to keep pace with the now generation and is not generally observed as in yesteryears it is still celebrated in a number of homes.

### Hesse Home Scene Of Family Dinner

Mr. and Mrs. Bernard Hesse were hosts for Thanksgiving dinner in their home with her family as guests.

These included Mr. and Mrs. Bobby Simmel, Jeff and Lori of Pilot Point, Mike Echart of Denton, Mr. and Mrs. Bill Black and Danny of Myra, the Alfons Koeslers and children, the Dale Hofbauers, Donnie, Jerry, John and Steve Eckart, the parents Mr. and Mrs. James Eckart and the Hesse children Janet, Neil, Ken and Andra.

Visitors stopping in Saturday afternoon were the Raymond Hesse family and the Harold Neu family of Denison.

The Michigan Manufacturer and Financial Record reports, "Americans will spend a record \$5.5 billion to replace worn-out tires on cars, trucks and farm equipment this year — an average of \$27 for every man, woman and child in the nation."

### 50 Attend Party For Farm Bureau

Tuesday night's 42 party for Cooke County Farm Bureau families drew an attendance of some 50 people who had refreshments of sandwiches, cookies, coffee and pink lemonade after the progressive 42 series.

A Christmas theme with silver candelabra, red candles, cedar and red berries decked the refreshment table which was covered with a Christmas cloth. Mrs. Lawrence Zimmerman was in charge. Burney Almon, president, extended welcome.

Winners in the games were Mrs. Gregory Hundt, 42 high score, Mrs. Henry Luttmer, 84 prize, and Mrs. Elmer Fox, consolation award.

You can't judge a modern girl by her clothes because there isn't enough evidence.

The trouble with opportunity is that it comes disguised as hard work.

Carol Pope and Roy L. Fuhrmann Set Wedding Date

Announcement has been made of the engagement and approaching wedding of Miss Carol Pope and Roy Lee Fuhrmann who are planning their marriage for January 8 in St. Mary's Church at Gainesville with Father James Gillespie officiating at 5 p.m.

Parents of the couple are Mr. and Mrs. James Pope of Gainesville and Mr. and Mrs. Raymond (Curley) Fuhrmann of Lindsay.

The future bridegroom is a graduate of Lindsay High and is employed as a truck driver. The bride-to-be is a junior at Callisburg High School.

Chosen as wedding attendants are David Fuhrmann and Debbie Fuhrmann.

Mrs. Joe Luke had as her weekend guest a nephew Rodney Herr of Texas A&M University. Sunday Mr. and Mrs. Arnold Friske of Gainesville were hosts for dinner at the Caravan for their nephew, and Mrs. Luke, and Mr. and Mrs. Martin Friske of Lindsay.

Mrs. Ronnie Hoagland of New York left Tuesday after a six-day visit with friends combined with house planning for the new home she is building in Muenster. She headquartered with the Alois Trubenbachs and spent Sunday with the Joe Hoenigs. Mrs. Trubenbach and Mrs. Joe Fisher took her to Dallas Tuesday to board a jet for Mexico City where she will spend about two months with her son and wife.

**Confetti - - -**

end of Asia's war as well as Europe's. Soviets got there just in time for the kill and gobbled up a huge arsenal of Japanese arms, which later were turned over to Chinese Communists. That transfer, along with our failure to provide adequate arms to Chiang Kai-shek to defend the country, led to the take-over of the mainland by Communism. And we goofed some more since then by fighting no win wars in Korea and Vietnam and by declining several good opportunities to support Chiang's return to the mainland.

Looking back over the past thirty years is far from pleasant. We won a war and assumed most of the job of rebuilding defeated countries, but witnessed at the same time the emergence of a giant evil power along with decline of our own power. It brings up a terrifying thought. Will the Red super-plot succeed? Will we lose the blessings and standards we fought for and saved for others? Or will we somehow have an eleventh hour reversal of the nightmarish trend? Will we and other free countries still manage to avoid international enslavement?

**Now's the Time to Check Peach Trees For Borer Larvae**

"Now is the time to examine the trunk of peach trees for gum or wax," said Neil Tibbets, County Agent. The wax may be caused by the larvae of peachtree borers feeding in the trunk of the tree.

Treatment for peachtree borers is paradichlorobenzene (PDB) crystals applied to the infested trees.

All weeds and grass should be removed from around the tree trunk for about a foot. Place the PDB crystals in a circular band around the tree about 2 inches from the trunk.

A mound of dirt 6 inches high should then be packed against the tree without al-

lowing the crystals to touch the tree. Leave the mound until Spring, then level back to the original ground line.

Two to three year old trees require about 1/2-ounce of PDB crystals per tree, and four to five year old trees need about 3/4-ounce per tree. A mature tree requires 1-ounce of PDB crystals per tree.

One man struck a match to see if the gasoline tank in his car was empty. It wasn't. One man patted a strange bulldog on the head to see if it was affectionate. It wasn't. One man speeded up to see if he could beat the train to the crossing. He couldn't. One man touched an electric wire to see if it was charged. It was. One man cut out his advertising to see if he could save money. He couldn't.

**District Deputy For Area Masons**

Senator Jack Hightower of Vernon, installed today as Grand Master of the Masonic Grand Lodge of Texas, has announced the appointment of Billy G. Cashion of Gainesville, Texas as District Deputy Grand Master of Masonic District No. 85.

Mr. Cashion, an active Mason in this area, will serve five lodges as the representative of the Grand Master for a one-year period.

It pays to advertise with the Muenster Enterprise.

**Christmas Cookies Made at FHA Meet**

Members of MHS Future Homemakers of America chapter had a demonstration on Christmas cookies at their meeting Monday night. Tulu Hickerson, home adviser for Cooke County Electric Cooperative, gave the demonstration and distributed recipes.

Thirty-two members and their adviser Mrs. Vernon Sparkman-attended and made plans to go Christmas caroling next Monday night. They will sing for patients at Muenster Hospital and at Hillcrest Manor Nursing Home.

**Correction**  
In last week's Enterprise Dale Swirezynski's name was omitted in the First Communion story. He carried the wheat in the offertory procession. And in the Cub Scout story it was Bobby Hamric not Robert Hartman who was among those receiving Bobcat pins.

In bygone days, when asking, "Is it a boy or a girl?" you were looking at a baby.

We hear a lot about trade relations these days and who wouldn't like to.
