John Knabe initiates rescue

When 12 year old John Knabe rode off on his new Christmas bicycle the morning of Friday, Dec. 29, he had no idea that he was about to have an unusual adventure. He lives on South Hickory in Muenster with his parents Henry and Florentine Knabe.

A quiet wooded area with a creek south of John's home makes a good place to spend time. It is near the Municipal Sewer Treatment Plant and the AMPI water treatment plant. John planned to try his luck shooting at birds. When he rode past the municipal plant he noticed two city employees at work.

While looking for birds, John heard a sound like pipes falling. Later he heard a cry for help. "I watch Rescue 911 on television and I knew I should go see where the call was coming from," explained John.

He followed the sound to a pit behind one of the city buildings and found Tony Hess trapped in one of the slush pits. "He couldn't move his legs and stuff was up to his chest," John said. "He said he couldn't feel his legs." It was a cold day with temperatures below freezing.

John knew he couldn't get Tony out of the pit alone so he ran to the AMPI treatment plant nearby to get help. Although there had been another city employee with Hess earlier, he had left on another call.

The AMPI people notified City Hall that there was a problem. Chris Yosten and David Dittfurth, city employees, helped Tony out of the pit. Hess had spent a very cold 30 minutes trapped in the pit. "By his quick action in alerting people that there was a major problem at the plant, John helped Tony get rescued faster," remarked Stephen D. Broyles, city administrator.

Broyles explained that Hess was busy cleaning the clarifier. He was trying to free up an opening that sludge needed to flow through, but was frozen shut. After using the normal method for clearing this passage, he removed a cover to a 10 foot pit and tried to pry it loose from the back side. Although he loosened it some, it didn't open completely. He tried the normal method again and through persistence, the passage opened up.

Tony stepped back and fell into the pit. He was fortunate to land on his feet, but it was too deep and he couldn't climb out.

"I made sure I went home and cleaned up and took a bath too," commented John. He admitted that he was pretty proud of his part in the rescue.

"Some people ignore cries for help," said Broyles. "John, we are very glad that you were willing to get involved and help Tony. That's what a hero does! Thanks from all of us!"

Council committed to paving

by Dave Fette

The Muenster City Council conducted a public hearing Tuesday evening at 6:30 p.m. to continue the process they hope will result in a major paving job this year on Second Street from Main to Maple and Elm Street from First to Third. These sections of streets have been heavily used in past years by AMPI trucks approaching and waiting to unload at the Associated Milk Producers plant. The councilmen explained their reasons for wanting the paving and the problems and methods involved.

Second Street adjoins the downtown business district and has always been a rough eyesore. The big trucks and other traffic use it continuously. A major water drainage way runs under Second Street and roughly along Elm

Street, thus complicating the problems of the job. The streets have received an oil surfacing job in the past which was okay for light residential traffic but not heavy trucks. The councilmen discussed the problems and their desires to correctly solve the problem, then opened the floor to comments by area residents.

Mr. and Mrs. Eddie Krahl said, "Why do we have to pay in order to make it better and prettier for the rest of the city and the milk plant?" Mrs. Aubrey Tuggle said, "The big AMPI trucks have ruined the street and they will ruin it again, it's not fair that we have to pay for it."

Street Commissioner John Pagel described his idea for a simpler solution, adding that it would make the Elm Street section in question less expensive by just draining

water from Main Street onto Elm until it reaches the drainage ditch.

Everyone discussed who should pay for the extra base material which will be needed on the roads.

Councilman Ronnie Felderhoff said, "In no way am I in favor of anything but a concrete street because the trucks will tear any other surface up." Herb Knabe commented that the water drainage problem had to be addressed first, mainly the drainage along Elm from Third to Second."

Mrs. Krahl said, "We need to fix our home much more than the street, can the city find some other source of extra funds for this project?" Rufus Henscheid asked for clarification on how the costs would be assessed and whether a majority of the residents on the street were required to approve the

project.

The City is continuing the process and will hire an engineer to help design the system which will carry the traffic and survive the water at the lowest cost. AMPI has not yet approved funds for the job but the okay is expected.

The plan requires the trucks to park single-file along Elm, Second and Maple if necessary only adjacent to AMPI property. Probably a combination of concrete and oil and chip rock paving will be used.

Mayor Henry Weinzapfel commented that the City Council is committed to do what it thinks best for the entire city, its residents and businesses which means they will find a way to properly pave the streets, two of the last and worst remaining unpaved in town.

Commissioners create new position

by Janet Felderhoff

Lisa Conway will fill the new county employee position created at the January 8 regular meeting of Cooke County Commissioners Court. The new position will allow Conway to spend about 80% of her time maintaining the new 911 Rural Addressing System and the other 20% serving as a secretary to the commissioners.

Texoma Council of Government (TCOG) will pay about 75% of the salary charged to the 911 service. The county will pay the remainder of the salary for 911 maintenance plus the time spent as commissioners' secretary.

Conway is already employed by the county. She serves in three capacities -- secretary to the four commissioners, secretary to the

Environmental Health service, and she has already been working with the 911 addressing. Someone will be hired to fill the position of secretary to Environmental Health.

It is expected that eventually the 911 Addressing will require a full time employee. The job will involve coordinating the new addresses assigned every one in the county. Addresses will be switched from rural routes and post office boxes to house numbers assigned by the county. The change will be made with the post offices, sheriff's department, ambulance service and utility companies. All will use the same system when the project is complete.

Judge Paul Hesse selected nine people to serve on the 1996 Salary Grievance Committee by drawing

names from the list of citizens who served on the 1995 Grand Jury.

Three alternates were also selected. Those who will be asked to serve are James Dangelmayr, Greg Mack, Jay Gribble, Corey Hardin, George Silk, Kent Harvick, Patsy Moody, Patricia Haayen, Linda Mast, Alternate are Joyce Rigler, Bud Pawlus, and Betty Moody.

This is a volunteer position. Letters will be sent out by County Clerk Evelyn Walterscheid asking those selected to serve. Commissioner unanimously approved the list of names.

After posting of a public notice, the application of RKM Holding to cancel Cedar Ridge Subdivision was approved. Since the closing of County Road 493 wasn't listed on the agenda, it will be considered at

the next Commissioners Court meeting.

Richard Mills requested that a one acre tract of land on his property along I-35 south of Valley View be changed from agriculture zoning to light industrial. It was noted by Precinct #2 Commissioner Richard Brown that the Lake Ray Roberts' Zoning Committee had already approved the change.

Brown said that Mills plans to construct a 5,000 square foot building and set up a plant to build small utility trailers.

In other business commissioners also approved:

- minutes of last meeting
- monthly bills
- monthly reports with exception of JP Royce Martin's (not submitted)

Muenster Chamber to celebrate a year of "Moving Muenster Forward"

by Janet Felderhoff

Many changes and improvements have taken place within the business community of Muenster during 1995. Already 1996 seems to be following the same trend. "Moving Muenster Forward" is the theme of the 1996 Chamber of Commerce Banquet to be held Saturday, Jan. 20 beginning with a social hour at 6:30 p.m. followed by dinner at 7:30 p.m.

Dr. J. Rodney Short has agreed to be the guest speaker for the evening. He is known for his messages of encouragement, humor, inspiration, enthusiasm, and hope. It is his philosophy that people make the difference in any successful organization.

Well known individuals such as Norman Vincent Peale and Rosalynn Carter have appeared on programs with Dr. Short. He has

spoken to thousands of people and is a published author.

Dr. Short lives in Denton County and is currently Professor of Educational Leadership at Texas Woman's University where he teaches graduate level administration courses specializing in communication and management skills. He received his doctorate from the University of Alabama, his master's from the University of Texas at El Paso, and his bachelor's from Sul Ross State University.

Other occupations experienced by J. Rodney Short include working as an oil field roustabout, truck driver, life guard, and serving as a U S Marine. He also taught, coached and was an administrator in the public schools. Dr. Short owns 85 acres that he enjoys farming and ranching -- his relaxation.

Officers to be installed during the banquet include John Pollard,

president; Don Hess, vice president; Lorna Dempster, secretary; Peggy Grewing, treasurer. Serving on the board of directors for 1995 are Don Hess, John Pollard, Christi Klement, John Pagel, Peggy Grewing, Milton Knaut, Lorna Dempster, Frank Crommens, and Daniel Haverkamp.

During 1995 Muenster Telephone and 82 Liquor finished an expansion and remodeling project; Brookers Reynolds Haus and Sisters Antiques, Gifts & Soda Shop opened on Main Street; Rohmer's Restaurant and DI One Stop each changed ownership; A-OK Motel began remodeling project; Tangle Control and Fisherhaus Bed and Breakfast opened as new businesses; Flusche Enterprises, Inc. began an expansion project; Crafty Olde German added a year round Christmas Store and Turtle Hill Golf Course opened its back nine holes.

January saw the opening of a new industry in Muenster. Western Leather Goods set up shop in the building along Hwy. 82 that formerly housed Cooke County Electric, Encore Video and the office of Jimmy Jack Biffle. Kenny and Kim Felderhoff have purchased Hess Furniture and will take over in February.

Door prizes will be awarded at the banquet. A Muenster History book, Muenster Centennial mug, and a Centennial plate will be given.

Those wishing to join the Chamber should pay their dues by January 15 to receive free banquet tickets. Dues for a business membership are \$60 and two free tickets will be given. An individual membership is \$30 and one free ticket will be given. For tickets or more information contact Margie Starke at 759-2227.

Three candidates seek District Attorney position

by Janet Felderhoff

An interesting twist was put on the list of candidates for the position of Cooke County District Attorney when incumbent Janelle Haverkamp filed for re-election seeking the Republican nomination. She won the position in 1992 after defeating then incumbent Phil Adams in the Democratic Primary.

"I carefully considered the important decision regarding which party to file with for re-election as District Attorney," remarked Janelle Haverkamp. "I chose to run on the Republican ticket because I share the conservative philosophy and beliefs of the Republican Party. I was born and raised in Cooke County and those persons who know me and my values know that I have always been a Republican at heart. This election is the first time in my career that I truly believe I had a real choice. In previous elections when I ran, the Republican Party was not as active as it is now. I certainly give credit to all those who worked so hard to organize the Republican Party making it possible for me to run on the ticket of my true choice."

"I made the right decision -- not the easy one -- but, the right one." Haverkamp said that she was assured by the Democratic Party

CINDY STORMER

that if she decided to run as a Republican, they would have an opposing candidate on the Democratic ticket. She chose to follow her personal convictions. That meant she would have two candidates opposing her.

Cindy Stormer had been approached and recruited by the local Republican Party to run on the Republican ticket. She says she is very conservative and has worked with the Republican Party in the past. Cindy feels that she is the

Republican candidate in this race.

Thomas Larry Claxton is the candidate who will represent the Democratic Party. He has no opponent in the March Primaries and will have to defeat the winner of the Republican Primary when the November General elections are held to win the District Attorney post.

Claxton feels that he is well qualified and suited for the position of DA. "I am very interested in having and I am committed to establishing and maintaining efficient and cost effective office," he commented. "I believe that I have the experience and knowledge to be the kind of District Attorney which the citizens of Cooke County can be proud. I am a strong believer in the equal enforcement of our criminal laws and for the rights of the victims of criminal offenses."

It is Larry Claxton's belief that the District Attorney and other elected officials should maintain contact with the citizens they represent so that they can more effectively represent the interest of those citizens. "Communication is the key," Larry said. "My practice has included cases that required me to deal with district attorneys and their assistants in most of the counties in North Central Texas and

THOMAS LARRY CLAXTON

a few in South Texas and this has given me a broad exposure to the manner in which a successful district attorney's office should operate."

Claxton earned a Bachelor of Arts degree in Economics from the University of Colorado at Boulder and Denver in 1976. He took graduate studies in business and accounting at North Texas State University from June, 1976 to May, 1978. In May of 1983 he received his Juris Doctor degree from St.

Mary's University School of Law in San Antonio and was admitted to the Bar in November, 1983.

He has had a general law practice in Gainesville since 1985. His practice has involved negotiations, settlements, mediation, hearings and trials, both jury and non-jury. Although his practice has stretched beyond the limits of Cooke County, the vast majority of his practice since 1985 has been concentrated in Cooke County.

Claxton began teaching night classes part time as an instructor in the para-legal program at Cooke County College (now North Central Texas College -- NCTC) in 1988. He is now teaching or has taught an introductory course, real estate law, family law and probate law.

Other experience includes the general practice of law with the Law Offices of Jacobs & Young in Dallas from March 1984 to May, 1985; Specializing in criminal defense practice with the Law Offices of Richard A. Anderson in Dallas from August 1983 to March 1984; and working as a law clerk assisting attorneys in all phases of the practice of law with Maebius, Duncan & Sharber, Attorneys in San Antonio; and from May 1978 to July 1980 he was employed by Hankins, Powers, Ferguson & Co.,

JANELLE HAVERKAMP

C.P.A.'s in Denton where he prepared tax returns and financial statements and assisted in auditing clients, such as Denton County and various banks and independent school districts.

A Gainesville native, Larry attended the Gainesville public schools. He is a past member of the Board of Trustees for the Gainesville ISD and was a member of the Cooke County Child Welfare Board for more than six years. He

Letters to the Editor

Dear Editor,
At the time of year when all are in a hurry, we want to tell you of those who took time to share with others. On Nov. 26, the Cooke County Home Hospice Auxiliary began their annual "Light Up A Life" campaign with 85 in attendance. During the next 20 days Cooke County residents sat at the three trees at Bealls, Tom Thumb, and Gainesville Factory Mall and worked the office giving over 1500 volunteer hours during the holiday season. With lots of work and generous gifts, we have raised \$20,600 for the Hospice program of Cooke County.

We wish to thank the staffs at Bealls, Tom Thumb, and Factory Mall, all the volunteers, and residents for their time, hard work, and gifts to LUAL.
We wish all of you a Happy New Year.

Dear Editor:
The best way to lift the poor to the middle class, and reduce the welfare rolls is...a tax cut.
The surest way to push up business investment and unleash a flurry of new job opportunities is...a tax cut.
The fastest way to dramatically increase federal revenues and balance the budget is...a tax cut.
The surest way to reduce the deficit and pay off our massive \$5 trillion dollar Great Society/New Deal debt is...a tax cut.
Millions of Americans are wondering why the Clinton administration and liberal Democrats in Congress have been going to such drastic lengths to fight a reduction in incentive-destroying capital gains taxes and a lowering of today's family-destroying, welfare-increasing federal income tax rates.
The answer's simple. They know a tax cut will diminish their power and strangle-hold over the future of this nation. For cutting taxes gives more power to the people.
And they will fight to the death before they will let that happen.

Sincerely,
Max S. Chartrand, Ph.D.

Filing period begins for Silver-Haired Legislature

The filing period is underway for people who want to run for the Texas Silver-Haired Legislature (TSHL), an all-senior elected body that advocates on behalf of older Texans. Filings began January 2 and will continue through February 29, with elections set for May 28, 1996. The TSHL is a nonpartisan 116-member group that represents 28 districts in Texas. Members hold "legislative sessions" every two years in Austin to identify the issues that are most important to older Texans. Then they suggest appropriate action that the governor and Texas Legislature might take to address these issues.

In recent years, the TSHL has claimed a success rate of more than 70 percent in instigating legislative action on their highest priority issues. Members who are elected in

May will convene the Sixth Texas Silver-Haired Legislature this fall.

Candidates for the TSHL must be 60 or older by Jan. 1, 1996. They must also be registered voters and live in the area from which they are seeking office.

Filing forms may be obtained from the Texoma Area Agency on Aging, which is affiliated with the Texas Department on Aging. Completed forms must be returned to the Area Agency on Aging along with a \$5 filing fee.

Polling places will be announced by the Area Agency on Aging at a future date. For filing forms and additional information, contact the Texoma Area Agency on Aging at 3201 Texoma Parkway, Suite 220, Sherman, Texas 75090, 903-813-3581 or 1-800-677-8264.

Save money - pay property taxes now

by Stephen Broyles
Ad valorem taxes must be paid prior to Jan. 31, 1996. If they are not paid, a 6 percent penalty is automatically applied to the tax, plus monthly interest accrues at 1 percent increments. If not paid promptly, the penalty and interest

add up quickly.
None of us likes to pay interest and the penalty fee. So, if you haven't already paid your 1995 property taxes, why not stop by City Hall, be greeted with a smile, and pay your tax bill. See you soon!

Memorial Mass

Memorial Mass will be offered for Kathryn (Hartman) Gremminger in Sacred Heart Church on Saturday, Jan. 13 1996, at 2 p.m. A Muenster native, she was the wife of Ted Gremminger of Denver and daughter of Margaret Hartman and the late Victor Hartman. Kathryn Gremminger died in Denver on Dec. 28, 1995. The obituary, liturgy and photograph will be printed in the next issue of The Muenster Enterprise.

DPS sets guidelines for carrying handguns

Concealed handgun license holders who are stopped for traffic violations after Jan. 1 should let law enforcement officers know if they are carrying their weapons.
Department of Public Safety troopers will begin asking motorists whether they have concealed handgun licenses, whether they have their weapons with them and, if so, where the guns are located. Troopers will have the discretion to disarm license holders if they feel safety is at risk.

At the first opportunity, licensees should let officers know where their weapons are located. If asked for identification while carrying their handguns, they always must present their concealed handgun licenses along with their driver licenses or I.D. cards.

During traffic stops, citizens carrying guns should keep their hands in plain sight and cooperate fully with law enforcement officers to ensure everyone's safety.

License holders began legally carrying their concealed guns Jan. 1. As of today, approximately 1,200 licenses have been issued by the DPS. More than 170,000 people have requested application forms, and more than 35,000 have returned their completed application packet to the DPS.

Judge Bill Freeman attends seminar

Judge Bill Freeman, Cooke County Justice of the Peace, was certified at the recent 20 Hour Justice of the Peace Seminar held Dec. 10-13, 1995, in Tyler, Texas. The seminar was sponsored by the Texas Justice Court Training Center, headquarters at Southwest Texas State University in San Marcos. The seminar is one of five held for elected Justices of the Peace so they can fulfill their Continuing Judicial Education Requirements as set forth in Article 27.005 of the Texas Government Code. The seminar addressed topics such as Judicial Ethics, Contempt, Criminal and Civil Jurisdiction and Venue, Parks and Wildlife Laws, Trial Procedure, Alternate Sentencing, Bad Checks, Examining Trials, Regulatory Laws, Small Claims, Administrative Hearings, Civil Law, Criminal Law, Dealing with Anti-Government Groups, Traffic Laws, Alcoholic Beverage Laws, Juvenile Laws, Landlord and Tenant Law and Inquests.

CANDIDATES

also served as chairman for that board.

"I believe that all of the local attorneys and judges can vouch for my character, integrity and suitability for the position, even those that may prefer another candidate for this position," Claxton noted.

Since October 1990 Cindy Stormer has been an attorney in private practice in Gainesville. In 1990 she was offered a position as Appellate Judge with the Department of the Interior in Washington, DC by a Republican Administration. She declined the offer. Instead she accepted a marriage proposal from Muenster native Ken Stormer, which is how she came back to live in Cooke County. Cindy lived in Cooke County with her parents when she was younger.

Cindy has been involved with law enforcement for more than 20 years. Ten of those years include actual police work. She is a former police officer. She also has experience as a police advisor, and prosecutor.

"I will work very closely with law enforcement," promised Cindy. "Things will run more efficiently over there. I want to try cases faster because justice delayed is justice denied. We need to try cases faster to get prisoners out of the Cooke County jail and into state prisons as soon as possible."

Currently Cindy is serving as the president of the Cooke County

Child Welfare Board. She says that she sees areas where more could be done for abused and neglected children in the county.

If elected Cindy will make a point to respond to all letters sent to her and to return phone calls. "It is a rule in my office that I don't let the sun set on unreturned phone calls," she remarked.

Some of Cindy's other goals, if elected, are to provide justice for all the residents of the county; to enforce the laws without favoritism; utilize financial, physical, and personnel resources to maximum efficiency; to improve the professional image of the DA's office; and to try tough cases.

"I pledge to you that as the District Attorney of Cooke County, I will put forth 100 percent effort, to provide within the limits of resources available, the best District Attorney's office possible for Cooke County," said Cindy.

Cindy earned her Juris Doctor in May of 1986 from South Texas College of Law in Houston. She was on the Dean's list. Her BA degree was awarded from the University of Texas at Arlington. Cindy received an AA degree from Tarrant County Junior College in Fort Worth. She was a "Graduate with Highest Honors" and on the Dean's list.

Some of Cindy's experience is shared with the community through the courses she teaches as a part time instructor at NCTC. She teaches Family Law, Probate, Trusts and Estates, Torts, Civil Litigation -- Texas Trial Practices. She also spent time teaching at Tarrant County Junior College.

Positions held by Cindy include serving as assistant city attorney in Dallas. As Supervising Attorney over Police Liaison, Executive Officer in the Police Department she supervised up to seven attorneys, two clerks, and up to four secretaries. As former Assistant District Attorney in Tarrant County for Republican Tim Curry, Cindy handled hundreds of felony cases in the Appellate Courts. This office is known by judges in the Appellate Courts as the best District Attorney's office in the state, said Cindy.

"Four years ago when I ran for the office of District Attorney, I promised the voters of Cooke County I would be a full time district attorney and I have kept that promise," noted Janelle Haverkamp. "After taking office, I succeeded in getting legislation passed through the Texas Legislature that returned the Cooke County District Attorney's office to a Professional Prosecutor's office, which meant that I could not maintain a private practice of law while serving as district attorney. I have not

Continued from Page 1

maintained a private practice during my term -- nor do I ever intend to do so. I intend to keep working full time for the citizens of Cooke County.

"I am beginning my ninth year as a prosecutor -- having served the citizens of Cooke County as both county attorney and district attorney. The bottom line for any prosecutor is whether or not you can get the job done in the courtroom. I have proven that I can. I am a veteran of many jury trials. I have been successful in getting convictions in all the cases I have tried before a jury as district attorney and defendants have received lengthy prison terms from Cooke County juries."

Janelle's Juris Doctor degree was earned in May 1984 from the Southern Methodist University School of Law in Dallas. She was licensed by the State Bar of Texas in November 1984. At Texas Tech University in Lubbock, Janelle earned her BA, degree Summa Cum Laude in May 1981. There she was honored as the Highest Ranking Senior, School of Arts & Sciences,

1981, and was on the Dean's List. Her undergraduate G.P.A. was 4.0/4.0. She graduated from Lindsay High School in May 1977 as Valedictorian of her class.

Janelle is a former college instructor in Criminal Justice Department & Legal Assistants Department of Cooke County College. She has also served as an instructor/speaker for the Texoma Regional Police Academy, Gainesville Citizens Police Academy, Leadership Gainesville, Texas Youth Commissioner and had organized and instructed training session for local law enforcement.

Cooke County was the starting point for Janelle's career. She was appointed County Attorney for Cooke County in November 1984 and was re-elected in 1986 and 1988. She went into private practice in November 1989 until December 1992 when she began her term as Cooke County DA.

All totaled Janelle has nine years of organized experience in Cooke County. She has handled thousands of cases, both felonies and misdemeanors.

Wedding vows celebrated Jan. 6

Angela Endres became the bride of James Hennigan on Jan. 6, 1996 with a Nuptial Mass and double ring vows in Sacred Heart Church, officiated by Father David Bellinghausen OSB at 5 p.m.

The bride is the daughter of Clinton and Debbie Endres of Muenster and the groom is the son of Donald and Sandra Hennigan of Muenster.

A 1990 graduate of Sacred Heart High School and a 1995 graduate of Texas Woman's University, the bride also has a degree in Occupational Therapy and is employed by Community Rehabilitation, Inc. of Dallas.

A 1990 graduate of Muenster High School, the groom also attended North Central Texas College and will graduate in May from Midwestern University of Wichita Falls. He is a Radiology Technologist and is completing affiliation at Charleston Methodist Hospital of Dallas.

The bride was given in marriage by her father, Clinton Endres. For her wedding she chose a formal white satin gown designed with an Alencon lace bodice and a fitted anebellum waist. Lace and pearls adorned the cameo neckline and sheer sleeves. Cut-outs of lace enhanced the chapel train. Matching lace completely encircled the skirt and rose to an elegant appliqué at slipper point. A wreath of flowers and pearls held her fingertip illusion veil. Her cascade bridal bouquet was fashioned with white rosebuds, green fern and white satin ribbon.

For sentiment and tradition, and as "something old" she carried a German prayer book belonging to her late great-grandmother Mrs. John Eberhart. For "something borrowed" she carried a silver rosary from her mother.

ATTENDANTS

Karri Endres of Muenster, sister of the bride was maid of honor. Trisha Endres of Muenster, bride's sister, and Jennifer Schoolcraft of Ft. Worth, Debbie Anderle of Muenster, Elsa Pavlicek of Coppell and Brandy Debnam of Grand Prairie, all friends of the bride were bridesmaids. They were attired in formal gowns of dark green velvet which featured a Queen Anne neckline outlined with lace and sequins. Ivory satin gloves, and a bow on a diamond shaped back completed the gown. Each carried a bouquet of white roses similar to the bride's flowers.

Emily Bezner and Katie Flusche were flower girls. Nolan Hartman was ring bearer. All are cousins of the bride.

Mark Hennigan of Portales, New Mexico, brother of the groom was best man. Jay Hennigan of Lubbock and Doug Hennigan of Muenster, both groom's brothers, and Jason Endres of Muenster, bride's brother, and Keith Vogel of Muenster and Marshall Smith of Muenster, friends of the groom were groomsmen.

Ushers were Greg Fuller of Nocona, groom's cousin, Glen Swirczynski of Sherman bride's cousin, Jeff Hellman of Muenster, a friend of the groom, and Troy Pagel of Muenster, bride's cousin.

Mass servers were Ricky Endres and Luke Endres, bride's cousins. The Unity Candle and family candles were carried by Courtney Hartman, Kelly Endres and Abby Endres, all cousins of the bride.

Participating in the special wedding liturgy with the First Reading, from the Old Testament was Julie Bezner; the Second Reading from the New Testament and Offertory petitions was Tina Hess. Offertory gifts were carried

by godparents of the couple, Candice Reed and Mary Lee and Larry Hennigan.

Traditional and contemporary wedding music included "Edelweiss," "Wherever You Go," "How Beautiful," "Household of Faith," "Seek Ye First," and "Ave Maria," by organist Ruth Felderhoff, flutist Terri DeGarmo and vocalists Christy Hesse, Emily Klement, Pam and David Fette.

Decorations in church followed an elegant Christmas theme with poinsettias and lighted candles on the altar, Christmas trees with miniature clear lights in the altar space and green garlands and red poinsettias draping the Communion rail.

RECEPTION

A reception, catered dinner and dance, followed in the Sacred Heart Community Center, hosted by parents of the couple.

Presiding at the guest book were cousins of the bride, Anita Etheridge of Abilene and Amy Fette of Muenster.

The bride's table held the bridal portrait, and photos of the couple in their growing up years.

The three tiered ivory wedding cake was decorated with white roses and evergreen and was surrounded with lighted votives. The German chocolate groom's cake was topped with fresh fruit. Cake servers were Holly Hartman, Lacy Endres, Brooke Endres, Lisa Endres bride's cousins and Daniella Speda, groom's niece. Reception attendants were Ashley Bezner, Polly Fette, and Dee Dee Walterscheid.

Reception area decorations were designed by the bride's mother in the bride's chosen colors of burgundy, green and ivory. Table centerpieces included Christmas evergreen, German statice, candles, and satin bows. The wedding party's table featured gladioli and ivory centerpieces with candelabras forming the background. White trees and lights highlighted the cake and reception table.

When the couple returns from a wedding trip to Cozumel, Mexico, they will make their home in Grand Prairie.

On Friday evening, preceding the wedding, a rehearsal dinner was held at The Center Restaurant in Muenster.

Small groups begin again at Sacred Heart Church

Small faith-sharing groups for adults will begin soon and any interested persons over 18 will be invited to sign up at the weekend Masses at Sacred Heart Church on Jan. 20-21 and Jan. 27-28. You may also pick up a form in the vestibule of church and return it by Jan. 30 to the business office. The groups will begin meeting the first week of February and go from 5 to 8 weeks. For more information, call Barbara Fuhrmann at 759-2511, Ext. 37. Here is a preview of the groups and topics being offered:

"Documents of Vatican II." Have you ever wondered what these documents really say about the Church, the liturgy, morality, the role of the laity, etc.? Father Joe Weinzapfel will guide the reading and discussion of the actual documents of the second Vatican council. The group will meet on Monday evenings, 7:30 p.m. at Father Joe's residence. You may purchase a copy of the documents for \$16.50 or borrow a copy for the duration of the course.

"The Ten Commandments," is a lecture and discussion series led by Father Frowin Schoech, OSB on Wednesday evenings, 6-7 p.m., S.H. rectory. Come prepared to be challenged!

"Surviving," a how to video series by Clayton Barbeau. The

series explores the topics of depression, loneliness, broken relationships, life transitions, anger, dealing with difficult people, and surviving grief, failure, and rejection. Individuals dealing with these issues or anyone interested are invited to join. Facilitator will be Barbara Fuhrmann and the group will meet on Thursday evenings at 7:30 p.m. at Herbie and Dolores Miller's home. A \$16 donation is requested but not required (to help pay for the videotapes).

"Creating Family: Intimacy, Love, and Sex" is a video series by Clayton Barbeau discussing marital relationships, teen and single adult sexual issues, and the changing role of parenting. Facilitator will be Father David and the group will meet on Wednesday evenings, 7-8 p.m. (during religious ed classes) in the SHHS Library on February 7, 14, and March 6, 13, and 20.

It will be held on Thursday, Jan. 18, 1996 in the Knights of Columbus Hall, from 12:00 noon until 8 p.m. Texoma Regional Blood Center will be in charge. Clifton suffered extensive burns and is improving slowly, but still requires extended treatment.

Hospice Auxiliary achieves goal

The Cooke County Home Hospice Auxiliary reached their Light Up A Life goal of \$20,000 this season.

The group kicked off their campaign Nov. 26 with dedication services at Bealls Dept. Store. Advisory board member, Mary Gill, lit the tree to represent all who have and are being served by Hospice.

Various members of Cooke County donated over 1000 hours sitting at the trees in Bealls, Gainesville Factory Mall and Tom Thumb, over 500 office hours, and many donated hours calling volunteers to work.

Co-chairmen of the event were Angela Antonetti and Denise Pearse. Pearse comments, "We thank all the volunteers, office workers and those who made their donations in honor or memory of

friends and loved ones. With this \$20,000 we will be better able to serve the patients of Cooke County." Antonetti says, "Without the citizens support, our goal would not have been reached. All monies stay in Cooke County."

Committee members for the campaign were: Publicity - Pearse, Antonetti and Mary Gill; County Scheduling - Dena Anderson; Gainesville - Mary Ellen Gibbs, Linda Lira, Norma Williams; Lake Kiowa - Joyce Cargill. Others who worked at the office and scheduling were: Emogene House, Robert Lewis, Virginia Melugin, Jane Kilcrease, Voncille Martin, Sally Ford, Kay Marshall, Kim Swell, and Gwen Vawter.

Donations are accepted all year by mailing them to Box 1352, Gainesville, TX 76240.

JOANIE and ALBERT BAUER FAMILY

Bauers hold reunion

The Albert and Joanie Bauer family spent the Christmas holidays together in the Rio Grande Valley of Texas. It was the first time the entire family, children, spouses and grandchildren were all together in more than 13 years.

Christmas traditions celebrated together included attending the 5:00 p.m. Children's Mass on Dec. 24 followed by a Christmas Eve party in the home in La Feria which involved gift exchange, favorite snack foods, fireworks, reminiscing and listening to Handel's *Messiah*.

On Christmas Day, family portraits were made outdoors on the Bauer farm, in the cool, damp weather. Afterwards supper was prepared for all 34 family members.

Other enjoyable activities of the holiday visit included going to Mexico, playing games, watching movies, riding four-wheelers, shopping, and having some meals out together. A favorite treat while in the Valley area always includes going for ice cream at the old-fashioned Hygeia Soda Shop.

Family members present for Christmas included Albert and Joanie Bauer and their eight children, spouses and grandchildren: Paul and Ophie Bauer and Eric and Kevin of Harlingen; Michele and Bob Knauf and Tanya and Kristen of Muenster; Dan and Ramona Bauer and Bruce, Lisha, William and Michelle of Harlingen; Karen and Paul Smith and Audrey, Nathan, Dewey and Barrett of Austin; John and Judy

Bauer and Brian and Mandy of La Feria; Joe and Kristina Bauer of LaPorte; Therese and Brian Roder of Colorado Springs, CO; Jeanne and Brian Fullbright and Jackson and Austin of La Feria.

Mrs. Albert Bauer is a native of Lindsay, the former Joanie Arendt, daughter of the late Paul and Susie Arendt.

Birthday-Christmas reunion shared by Hoenig family

A combination Christmas and birthday get-together for the Joe Hoenig family was held on Sunday, Jan. 7, 1996 at the home of a daughter and son-in-law, Edna and Richard Hermes in Lindsay.

Other children attending were Rupert and Jeannie Hoenig of Lake Kiowa; Eleanor and Carl Pelzel of Ennis; Rita Cottle of Carrollton; and Raymond and Celie Hoenig of Lindsay.

Grandchildren and great-grandchildren were in attendance, coming from Garland, Palmer, Wichita Falls, Denton, Sanger, Carrollton, Gainesville and Lindsay, for more than 60 people. A bountiful turkey and dressing dinner was served; and games were enjoyed by all.

Joe Hoenig, the honoree, will be 92 years of age on Jan. 16, 1996.

Baptism

Baker

Mary Elizabeth Baker, infant daughter of Philip and Elizabeth Baker of Denton, received the Sacrament of Baptism on Dec. 27, 1995. Father Karl Shilken officiated following the 5:30 p.m. Mass in Immaculate Conception Catholic Church.

Baptismal sponsors were Suzanne Lebisay of Denton, an aunt and Arnold Fuhrmann of Lindsay, an uncle.

Also attending were the parents and son, John; grandparents Mr. and Mrs. Erwin Fuhrmann of Lindsay and Mrs. Helen Baker of Denton; also Michael and Suzanne Lebisay and Joan Fuhrmann of Denton; James and Laura Neusch and Arnold and Cecilia Fuhrmann and family of Lindsay; Denise Dangelmayr and Barbara Fuhrmann of Muenster; Jane Nunnellee of Dallas; and Robert Baker of McIntosh, New Mexico.

The infant wore a christening gown belonging to an aunt, Martha Sicking, and also worn by her big brother John Baker.

All were together for a celebration dinner, with a decorated christening cake at Wyatt's, hosted by Mary Elizabeth's parents.

If you or someone you know are having problems with alcohol, please give us a call 817-759-4769

Morgan Swank honored on first

Morgan Ann Swank, daughter of Trent and Stacie Swank, celebrated her first birthday on December 16 with a party at the Center Restaurant. Her actual birthday is December 15.

A Winnie the Pooh theme was carried out in the cake and decorations. Pictures were taken as Morgan opened her gifts. Guests were served cake, ice cream, and punch.

Those attending besides the honoree and her parents included

maternal grandparents Glenn and Glenda Gieb; paternal grandmother Karla Griffin; great-grandmothers Gladys Gieb, Armella Cler and Joyce Waggoner; great-great-grandmother Alma Barnes; aunts Kim Cler and Taryn Swank; uncles Tim Cler, William Griffin and Jordan Griffin.

Morgan and her parents are currently in the process of moving to Ft. Lewis, Washington where her father is stationed with the US Army.

Chronic Illnesses Support Group celebrates 1st year

The Chronic Illnesses Support Group of Cooke County will celebrate its first anniversary this month after logging a successful and productive 1995. To begin the new year, the group extends a new invitation to individuals suffering from chronic (lifetime) illnesses, as well as caretakers of those with chronic diseases. Spouses, parents, siblings are all welcome.

This month's meeting is scheduled for 7 p.m. Monday, January 15 on the first floor conference room of Gainesville Memorial Hospital.

This group is for person diagnosed with chronic illnesses, such as any form of arthritis, systemic neuromuscular, FMS and CFS, and other related diseases. Organizers insist that the group is open to all persons with chronic or lifetime illnesses. The listing is simply provided as a reference as there are too many to list individually.

Meetings include education speakers and videotapes, special workshops, and experience/idea sharing. The purpose of the group is to share experiences, treatments, common factors, coping mechanisms and emotional resilience, fears and questions. It is hoped that being involved and helping others can shift the focus from personal crisis.

For more information you may call Betty Long, (817)665-7872. or Bee Harris, (817)665-8855.

EACH YEAR, the Family and Community Education Clubs of Cooke County sponsor an Arts & Crafts Sell-O-Rama. The majority of the profit made is used for service projects in the county. This year, over \$2,500 has recently been given to needy organizations. Pictured above seated, 1 to r, are Jane McLeroy, Friends of the Family; Angela Antonetti, Morton Museum; and Pat Bragg, Home Hospice. Standing, 1 to r, are Sharon Simmons, the FCE Arts & Crafts Sell-O-Rama chairman, who presented the checks; Charles Evans, Stanford House; Kelli Harrison, VISTO; and Brenda Mobley, Red Cross. The FCE Clubs also are providing scholarships to two 4-H'ers as announced at the 4-H Achievement Banquet. These 4-H'ers are Michael Becker, Muenster 4-H, and Rachel Craven, Silver Cedar 4-H.

CCEC Youth Tour Contest open for entries

When Andrea Klement, Kimberly Bryan, Greg Brooks, and Manda McDaniel talk about their cooperative-sponsored trips to Washington, DC, they describe the experience as one of the brightest highlights of their young lives.

The four are previous winners of Cooke County Electric Cooperative's Washington Youth Tour Contest. Each has visited the nation's capital as a member of Texas Electric Cooperatives' Government-In-Action Youth Tour. They describe the trip as inspiring, fun, and well worth the effort they put into winning the contest.

High school students, aged 14-19, who live in homes served by Cooke County Electric Cooperative are eligible, except for previous winners and children of Cooperative directors.

Students enter the contest by delivering an essay to the cooperative's offices by 5 p.m. on Thursday, Feb. 22.

The essay must be an original composition by the student on one of the following topics: 1. How electric cooperatives improve the quality of life in rural America (this can either be a current or historical perspective); 2. Wise use of energy or a better economy and environment; or 3. The energy-efficient, all-electric home of the future.

The essays will be evaluated by a panel of judges from outside the cooperative and five finalists will be selected. The finalists will deliver a speech based upon the essay for another panel of independent judges at the cooperative's Auditorium on Sunday, March 10, 1996.

The winner gets an all-expense paid trip to Washington D.C., June 6-18, 1996.

In previous years, the contest has received strong entries from across the Cooperative's service area.

Winners have come from Gainesville, Muenster and Callisburg schools and twice the second place finisher has come from Prairie Valley High School in Montague County.

The trip includes six days of sight-seeing in Washington D.C. and interaction with outstanding young people from all across Texas.

Highlights of the tour include personal meetings with a Congressman, visits to the Smithsonian, the Capitol, Mount Vernon, Arlington National Cemetery and the Lincoln, Jefferson and Vietnam War Memorials.

Organizers tentatively plan to see a play in either Ford's Theater or the Kennedy Center.

All entrants will receive a Youth Tour T-shirt and a Cooperative cap. Five finalists will be named based on judging of the essays. The winner will be announced after a speech contest to be held on the afternoon of Sunday, Mar. 10 in the Cooperative auditorium.

Anyone who wants to enter should contact Scott D. BaumBach, member relations coordinator, at the Cooperative office on Highway 82 East in Muenster. Telephone numbers are 817-759-2211 and 1-800-962-0296.

Scott can provide source materials, detailed rules and forms to be submitted with the essays. He's available to speak, answer questions and show a video about last year's tour to groups of interested students, teachers or clubs.

ANDREA KLEMENT, Muenster High School senior, was one of last year's CCEC Washington Youth Tour Contest winners. The essay contest is open to area high school students. Courtesy Photo

A SPOTLIGHT ON THE THIRD GRADE

by Tanya Knauf

My grade school years were when most of my greatest memories were made. My favorite year of grade school was my third grade year. I learned many new things as well as having fun. This year's third grade class also sounds like they are having fun while learning. They have done many exciting and educational things these last few weeks, and their teacher, Ms. Cecilia Ashley, was very proud to share them.

Lately, third grade has learned many things in different subjects. In the subject of reading, the class enjoyed reading mystery stories. The children loved having Mrs. Ashley read to them the story of *The Raven's Gulch* and the funny book *Superfudge!*

The class was also involved in the "Book It!" contest. This contest encourages students to read by giving rewards. Twelve students of the class have met the three hundred required pages so far this year. They received a certificate for a free pizza from Pizza Hut!

In history class, the third grade took a trip down to the local museum. The class visited the Muenster Museum and learned about the important history of Muenster. The children were very excited about the trip.

Mrs. Ashley has wonderful masterpieces of artwork in her classroom. Watercolor/crayon resist scenes are displayed on the east wall for all to see. The artwork shows original underwater scenes made by each child. All of the decorations make the classroom look like a Museum.

Third grade has learned so many things in different areas of study. Maybe the next Einstein will be from the third grade class, or maybe some writers, artists, or saints!

Who knows what will happen in the future. With the valuable lessons learned so far, anything is possible!

WINNING

by Jake McCoy

The numbers are 4, 14, 29, 30, 34, and 46. You look down at your ticket and realize you have just won the lottery. YOU ARE THE WINNER OF TWENTY MILLION DOLLARS. Does this classify you as a winner?

To some people you would be called a winner, to others you have just simply won. But is winning and being a winner the same thing? Yes and no. To me, winning is not always about who is ahead when the buzzer goes off. Winning is more in the heart, instead of just getting lucky. Anyone can get lucky and win the lotto but that does not make it a win. A win is when you work so hard at something and give all you have. A win is where you can barely walk after a game because you put all you had into achieving a certain goal. It is not what the scoreboard says, it is how much effort you put into it.

A winner, on the other hand, does not have to do anything. Being a winner is more personality than anything. If you think you are a winner, you can be. To be able to win you must think of yourself as being a winner. If you go into a sport thinking you are not a winner you have already lost. There is a saying that goes "The power to win comes from within." If you think you are a winner or think you can do something, you can. But if you do not think you can, then do not even try because you have lost the battle with yourself. It is up to you to be a winner. Once you think you are a winner you are on the road to winning.

Rock 'N Roll

by Janie Hartman

I used to listen to Rock 'N Roll. Now all they have is Rock ... what happened to the Roll?

Through the years, there have been many kinds of "Rock;" let's take acid rock music. The original acid rock tried to reproduce the distorted hearing of a person under the influence of LSD. The idea was to recreate the psychedelic illusion of an LSD experience through music to someone who was not drugged. Visuals of the trip were created by light shows.

The music was slower than rock and used oriental background sounds. The songs were longer as though time had lost its meaning.

Early childhood screening Jan. 19

On January 19, from 8:30 to 12:00, an early childhood screening will be held at B.T. Washington School to identify children who may have handicapping conditions or might have low potential for success in school.

A child who needs to be screened is one who does not appear to act, see, hear, speak, understand or learn as others of his age.

Children who are handicapped are eligible to attend school from age 3, from birth if visually or hearing impaired. If you have a child who is suspected of having a handicapping condition and is three (3) years old, please call the special education office at 665-0773 for an appointment. If your child is younger than three but you are concerned call Project Kind at 665-1464. The tests include vision and hearing and motor ability

procedures, as well as some learning tasks.

Before screening, each child must have a permission slip, signed by a parent, giving consent for screening. Forms are available at the Special Education Office located at 1420 Rice Avenue or Booker T. Washington School located at 701 Muller. Babysitter may bring the child to be screened, but the form signed by the parent is a necessity.

Local athletes named to Star Telegram's All-Area football teams

In the Dec. 25, 1995 edition of the Fort Worth Star Telegram, the all-area football teams in different classes were announced.

Earning positions on the All Class A Team were Muenster seniors: running back, Cody Sicking; offensive lineman, Darrell Charles; defensive lineman, Matt Chisam; and linebacker, James Klement. Also in Class A were Lindsay seniors: Jeff Hale, running back; Chris Escobedo, defensive lineman; Garrett Hellingner, defensive back; and junior Aaron Krebs, kicker. Collinsville's Eric Montoya also made the team.

In All Private school teams in the DFW area, Sacred Heart was awarded two positions running back, Scott Frost and defensive lineman, Brandon Bayer, both seniors.

Pantego's Cliff Newby and Michael Gunter, Masonic Home's Arthur Calcaterra and Hugo Ramos, and Justin Hodges of Oakridge also made the team from TAPPS district 1-1A.

In class 2A, Valley View's Barry Barthold and Jeremy Prescher, and Adam Carpenter of Pilot Point earned a spot on the team.

High school rugby in Muenster!

On Sunday, Jan. 14 (this Sunday), Life Teen invites all high schoolers to the SHS practice field for a game of Touch Rugby League, the fastest growing sport of the Southern Hemisphere!

We'll start at 1 p.m. and end at 2:30 p.m. (so you can watch the Cowboys at 3 p.m. if you so desire). All high school students are invited, regardless of age, school, color, sex, ability, etc. Come learn! Come play! Come for the fun! See ya there! Rain, snow, sleet, or shine, the game goes on in good Rugby tradition!

Muenster honored on Football Roundup

On the concluding episode of WFAA Channel 8's Chrysler High School Football Roundup, aired Saturday mornings, the Muenster Hornets swept the North Texas Class A honors.

Hornet Coach Randy Tankersley was named Coach of the Year, with senior Cody Sicking being named North Texas Player of the Year for Class A high school football. To top off the honors, Muenster's 14-12 Regional Finals loss against Overton was named Game of the Year.

Tigers 53 Covenant 47
The Sacred Heart Tigers won their district opener last Friday over the hosted Covenant Christian.
"I was pleased with the victory. The Tigers managed to come from behind and win even though we were flat on our execution," commented Coach John Nasche. "On the bright side, our fast break offense was more productive in this game."

Three Tigers scored double digits, led by John Klement's 16 points. Jake McCoy added 13 and Jon Grewing 10. Others scoring for Sacred Heart were Michael Becker with 7, Brandon Bayer 5 and Toby Hess 2.

"We still need a lot of work on our defense, our top priority, to contend for the district title," Nasche concluded.

Lady Knights 38 Ponder 73
The Lindsay Ladies slept through the first quarter of their district opener last Friday night. The 3rd ranked Ponder Lady Lions roared out 22 points the first quarter and never looked back.

Keleigh O'Dell was the Lady Knights leading point maker with 10. Christine Fuhrmann added 8, Donna Lester 5, and Amanda Hellingner and Molly Trammell 4 apiece. Megan Sandman put in 3 and 2 each were scored by Andrea Gieb and Amber Geray.

Tigerettes 63 Covenant 42
The Sacred Heart girls won their district opener when they hosted Covenant Christian last Friday. Three Tigerettes scored double digits. Crystal Klement put in 17 points, Leslie Grewing 16 and Dobe Fleitman 12. "Leslie took control of the game on the inside and Crystal and Dobe are starting to gel in the back court," Coach Jon LeBrasseur commented.

Nicole Endres and Kelly Rigler each added 6 with 2 points each scored by Elizabeth Fuhrmann, Leah Rigler and Amanda Baldwin.

Lady Hornets 30 Alvord 34
"It was a very emotionally draining game," said Coach Kent Josselot on Muenster's district loss last Friday. "The girls played so hard during the duration of the game that they were exhausted." The coach continued, "We did a tremendous job of executing our defensive game and were able to keep the score down by being very methodical on offense and work for the good shot."

Alvord turned the intensity up late in the game and forced a few turnovers that hurt the Lady Hornets. Also, missed free shots kept Muenster's score low.

Brandi Lutkenhaus put in 10 points to lead Muenster on the board. Keisha Dill added 6, Andrea Klement, Holli Fuhrmann and Carrie Hess each scored 4 with Misti Klement getting 2. "The girls played an outstanding game against a very good Alvord team and should be very proud of their efforts," Josselot concluded.

Hornets 35, Alvord 33
The Muenster Hornets opened district play on the road and came home with a thrilling 2-point victory. Darrell Charles drove and dished to Jake Luke for the winning points with 1.4 seconds remaining in the game. Muenster had stalled the final 1:50 of the game to look for the game winner. Hornet Coach Ted Heers was proud of the boys. "They knew they could come back," he said of the two 6-point deficits in the second half. "Their offensive effort was top of the line. The shooting can improve, but the shots fell when we had to have them."

Trailing 31-25 with 3:50 to play, Muenster hit 6 straight to tie the score. "Jake Luke hit a short jumper, Corey Anderle hit from 15 feet, then added 2 free throws to tie the game. Alvord put the 'Dogs up 33-31, but Eric Miller answered with a deuce, setting up the Hornets' final heroics."

Anderle hit 16 points, had 3 steals and no turnovers. Charles added 9 points, Luke scored 6 points and pulled down 9 rebounds. Eric Miller added 4 points, 6 rebounds and 4 steals.

Lady Knights 48, Saint Jo 23
The Lindsay girls' varsity basketball team got their first district win Tuesday night at Saint Jo.

Keleigh O'Dell dropped in 16 points to lead all scorers. Christine Fuhrmann added 9 with Andrea Gieb and Donna Lester each scoring 6. Amber Geray put in 5, Molly Trammell 4 and Amanda Hellingner 2.

Lady Hornets 46, Ponder 62
Muenster's Lady Hornets played evenly with the state's third-ranked Ponder Lady Lions Tuesday night for 2-1/2 quarters. After trailing 12-7 the first period, both teams scored 25 points the next two quarters, keeping a 6-10 point margin before Ponder pulled out a 16-point win.

"The girls played with lots of emotion and intensity. We need to focus on the little things to improve our game," commented Coach Kent Josselot. "We need to continue to improve on our all-around execution."

Muenster's scoring was led by Carrie Hess and Brandi Lutkenhaus

with 20 and 15 points. Holl Fuhrmann added 7 with Ma Knabe and Keisha Dill each 2.

Muenster fell to the Ponder Lions Tuesday night at the Hornets' Nest.

"We stayed out of sync all night. Either give credit to Ponder or take a hard look at ourselves," Coach Ted Heers commented. "It's a team game, unselfish attitudes are a must. We were not at that level in this game."

Corey Anderle was the game's leading scorer with 17 points. Darrell Charles put in 14 and Scott Hermes 9. Two points were scored each by Steven Reiter, Eric Miller and Jake Luke.

Tigerettes 55, Pantego 50
The Sacred Heart girls got a big district win Tuesday night in a 55-50 overtime victory over Pantego. The Tigerettes' last meeting with this team was Feb. 11, 1995, in a 3rd matchup to determine a district champion. Sacred Heart lost that game 62-48.

"Our team defense is what won this game," noted Coach Jon LeBrasseur. "Kelly (Rigler) did an outstanding job on (Belle) Sathid."

Pantego led for 3 quarters, but a comeback by the Tigerettes in the 4th tied the game 46-46. Sacred Heart allowed two Pantego baskets, but dropped in 9 points for a win.

"Leslie (Grewing) got some big points for us down the stretch," Coach Jon continued. "Dobe (Fleitman) showed signs of being a big-time player tonight. She put on an offensive clinic!"

Fleitman burned the boards with 26 points with Grewing putting in 10. Kelly Rigler scored 8, Nicole Endres 5, Crystal Klement 4 and Melinda Vickers 2.

CARD OF THANKS

CARD OF THANKS
Being back home since dismissal from the hospital is great. I remember so many good things done for me and to me. Get-well cards, birthday cards and Christmas cards came in bunches. The nurses gave me a birthday party on Dec. 16, with a heart-shaped birthday cake decorated with three candles for Faith, Hope and Charity. That day also there were other gifts, candy, balloons and more cards. It was the best birthday I ever had, absolutely the "mostest." Several people left gifts with no names. I want to thank them also. Hospital treatment and care was great, as always. I owe special thanks to my "house-sitters." Having friends is a special gift from God. I thank Him also. For the visits of the pastors, the Tender Loving Home Care and for many prayers, and everyone who ministered to me in two hospitals and since I came home, I am grateful.

Livestock outlook for '96

"The seasonal fed cattle price peak normally occurs in April. This year it may come earlier, in February or March near \$70," says Derrell Peel, Oklahoma State University economist. "Prices will work lower from there, with some chance of going below \$60 later in the year."

Feed is the concern. "We haven't yet figured out who wants the 1995 corn crop the most," he adds. "I'm not convinced corn prices have topped out yet. When they do, we'll almost certainly start worrying about the 1996 crop."

"Cattle feeders are doing everything they can to adjust to high feed costs," he adds. "They can't do much more to minimize days on feed, but they'll keep trying."

Corn guides feeder prices. "Prices for 700 to 800 lb. feeder cattle typically peak in February, then start working lower," says Peel. "I don't see them rising much. It all comes down to what corn prices do."

"If corn is near a top, at least through early spring, feeder cattle prices should stay pretty flat in a range from \$64 to maybe \$68," he adds. "If corn heads toward \$4,700 to \$5,000 lb. feeder cattle will back off more."

Cow owners get squeezed. Prices for 500 to 600 lb. calves are about \$3.50 less than prices for 700 to 800 lb. feeders. "I had to go back

to 1975 to find a time when this happened," says Peel. "Then the discount was only about \$2. We don't see much chance light weight prices will rise above prices for heavier feeders until the feed situation shapes up."

Feed lightweights forage. "The market is sending strong signals to keep lightweight feeder cattle out of feed yards," says Peel. "Normally we'd use wheat pasture. But dry weather stressed the wheat crop. With expectations of \$5 wheat, you don't want to jeopardize the wheat crop grazing stressed wheat."

The challenge is to find something else that will work. Producers are trying many creative production programs to background calves. Some are trying to winter calves on hay or relatively poor quality dry grass supplementing it with cottonseed to give them some protein and energy.

Stringing calves out by getting them through the winter, then putting them on grass next summer is one strategy.

"But it carries a risk," notes Peel. "The 1996 calf crop will be coming along right behind them. We could be setting the stage for a bulge in marketings down the road. We could be deferring our problems some. That's something to keep in mind as we look out to next summer and fall. That potential may suggest a change in timing."

AG MARKETING CLUB

Grain prices are at some of the highs that we have seen in recent years. Producers need to be aware of these prices and look at various marketing alternatives. This past week I was visiting with Ronnie Felderhoff and he said that we have potential for locking in high prices on part of a crop through forward contracting.

This month's Ag Marketing Club Meeting will be held on Thursday, January 18, at 9 a.m. at North Texas Bank & Trust, Highway 82 at Gainesville. Program topics will include various marketing alternatives and pricing scenarios for new crop wheat and feed grains. Ken Stokes, Extension Economist, along with Robert Martindale and Ronnie Felderhoff, will conduct the meeting. Producers are invited to attend.

4-H LIVESTOCK WORKSHOPS

A series of 4-H Livestock Workshops will be held on Saturday, January 20, at the Cooke County Fairgrounds.

Sections on Swine and Beef will be from 8 to 10 a.m. The Sections on Dairy Goats and Sheep will be held from 10 a.m. till noon and a Section for Rabbits will be held from 1 to 3 p.m.

Various topics to be discussed will include Fitting and Management, Show Ring Procedures and Grooming and Showmanship for the various livestock classes.

If the weather is pretty, 4-H members can bring their beef, dairy goat, beef and rabbit projects with them. Facilities are not available for swine.

All 4-H members with these livestock projects and their parents are invited to attend the workshops.

CORN AND GRAIN SORGHUM SEMINARS

Corn and Grain Sorghum Seminars will be held on Tuesday, January 23, at 8 a.m. at W.B. Hudspeth, Inc. at Era and at 12 noon at the Cooke County Electric Co-Op at Muenster.

Dr. Cloyce Coffman, Extension Corn and Grain Sorghum Specialist, from Texas A&M will be at the meetings.

Durability of Longhorns proven with Great American Cattle Drive

Chronicles of the early cattle drives state that the Texas Longhorn could thrive on the trail and even gain weight. But was this a fact or just an embellished memory? Would the Texas Longhorn of today do as well as his ancestors?

The Great American Cattle Drive, which started March 5, 1995, in Fort Worth and ended in Miles City, Montana, on Labor Day Weekend, gave Texas Longhorn Breeders the opportunity to put their cattle to the test.

The 250 Texas Longhorn steers undoubtedly lost a little weight during the first weeks of the drive as they became accustomed to the routine of the trail even though they had been "put in training" before leaving Fort Worth.

For sure, pampered pets lost their excess fat. Others, used to no special attention, lost little or maintained their body weight. Just as in the old days, the cattle grazed along the way, receiving supplemental feed occasionally when pasture was scarce.

At the end of the drive, owners walked through the herd, locating their steers and noting how they had changed. Most were pleased to see how well their cattle looked after walking 1,500 miles.

And speaking of walking! Cattlemen want an animal,

especially a bull, that has good sturdy legs that can help him cover a lot of ground (and cows), and Texas Longhorns are the breed to use.

The majority of the Great American Cattle Drive herd walked the entire way to Montana. A very few had to be trucked occasionally because of sore feet, caused by the man-made roads that the cattle sometimes had to travel. Although pavement was hard on the feet, the harshest culprits were gravel and caliche roads.

Other things also became apparent to cattlemen because of the drive. The Texas Longhorn's intelligence was clearly demonstrated.

Cowboys watched in fascination as the lead steer was chosen by the herd through an elaborate process. The steers have an innate sense of survival and adjust to given situations. As if they knew how far they would be traveling, the steers chose a steady but comfortable pace.

Several cowboys noted that the steers would automatically slow down, conserving their energy, as the weather got hotter. Although the cattle traveled in rain, sleet, wind, and high temperatures, they all arrived in good shape in Miles City.

From My Side of the Fence

by Ed Cler

As time goes by and the new model autos are introduced into the community, one can learn more about new features that are incorporated into them year after year.

Looking back, one can remember when cars had no tops or canopies, no windshields or side glasses, no starters - every driver had to learn how to use the crank and choker, to retard the spark to avoid backfire and possibly a broken arm.

Many of the older cars had no spare tire and rim, making it necessary to carry a jack, tire tools, a tube patching kit, and an air-pump to inflate the tire after repairs were made.

Each model car had its own gear shifting pattern so that a driver had to learn how to shift each transmission when he changed makes or used a car different from his own.

In the early days of the automobile, anti-freeze was an unknown, making draining the cooling system a necessity in wintertime.

As competition in the auto industry heightened, more and more comforts were added. One after another, the manufacturers added more and more conveniences to attract buyers.

In the late 20s most all models had given up open or touring

models and sold only closed cars except for sportier roadsters that had tops that could be put up or folded down.

When the '32 model Fords came out, Lawrence Flusche, while showing me one of the new models, quietly turned on a radio. I must say I was flabbergasted and didn't know where the sound was coming from. Much amused, Lawrence introduced me to the car's radio.

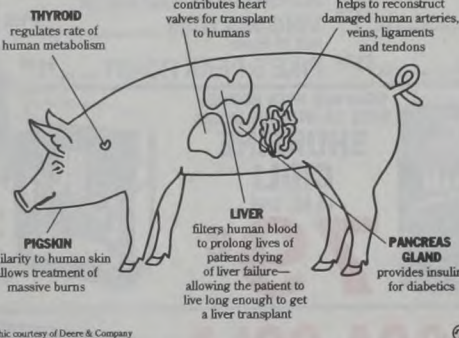

As each year's new models came out, they were equipped with more new gadgets and niceties. Trunks were a standard enclosed part of the car's body and heaters which first were sold as accessories, became standard equipment as did radios and eventually, air-conditioners.

The late 40s saw automatic transmissions come into general use, although optional.

Today's models leave the driver little to do, other than to turn the ignition key, and after learning to use all the buttons, enjoy driving a lively and smooth-running car, that with proper care, can serve for years.

From The Reader's Digest: The Literary Digest, 1889 - "The ordinary 'horseless carriage' is at present a luxury for the wealthy; and although its price will probably fall in the future, it will never come into as common use as the bicycle."

The Amazing Pharmaceutical Pig

In addition to being the source of the world's most widely eaten meat, pigs play an important role in modern medicine. From heart valves for human hearts and insulin for diabetics, to treatment for massive burns, pig parts are saving lives and helping thousands of Americans maintain healthy lifestyles.
