Ray Roberts residents say road dust is hazard

by Janet Felderhoff
Once again Lake Ray Roberts seems to be a pain in the side of Cooke Countians who live in the area. Residents along North Hemming Road in precinct #2 petitioned Cooke County Commissioners Court to pave Hemming Road. They filed their appeals might ring about a deal between their precincts that would allow the paving of their road to take place in the near future.

The 3.7 mile road was built in 1987 by the Corp of Engineers as a relocation road to take the place of a road now covered by the lake. Apparently the road was built

in a manner that prepared it for paving, but the paving was never done. Residents are trying to find out who was responsible for paving it and why it was never done.

Landowners along the road have raised \$17,125.00 and have pledged of another \$16,630.00 which brings their total to \$33,755.00. That is 98 percent committed, say spokesmen. It is their goal to acquire \$35,000.00 to put towards the paving project. That is half the amount it is estimated the complete job will require. Established rules allow a 30 minute discussion period for agenda items. At least nine people spoke in favor

of the project. No one in attendance spoke against it.

Chris Quakenbush emphasized that the request for paving comes from the majority, if not all, of the landowners on North Hemming Road. "We are serious in our intent to get the road paved and it's not necessarily a convenience issue at all," said Quakenbush. "There are a lot of safety concerns here. There have been a couple of near crashes on the road because of the dust. We've got a real dust problem down there. Whether you're behind somebody or coming up on somebody, maybe there's another car behind them — you haven't any idea.

For a couple of seconds you can't see anything."

Roy Beavers added his support to the paving project. "We're trying to better the community," he explained. "The more you better the community the more people you have moving in. The better community there is the more tax base there is, the better everything is and it is called development. We are absolutely looking after the southern part of Cooke County itself. By improvement and bringing new people it will improve the whole community and also the precinct and Cooke County itself."

Doris Haynie spoke of the heavy traffic on the road and of the visibility problems caused by dust on the road. "I'm thinking of the safety of all the people that go up and down that road, as well as the people that live there," remarked Mrs. Haynie. "There are an awful lot of fishermen that go up and down that road. I think that if this road is paved there will be less traffic on Laurel Road. That will cut down of the upkeep on Laurel Road and when it is paved North

Hemming Road's maintenance will be almost nil."

Pam Quakenbush, a veterinary technician who lives on Hemming Road expressed concern about the billowing dust created by road traffic. "The biggest concern to me right now is the warning label on the back of the receipt for Flexbase which is basically the gravel and base which is used on the road," commented Mrs. Quakenbush. "It does say that this particular base contains silica do not breath dust, may cause delayed lung injury (cancer, silicosis) and only to use approved respirator system when putting this dust down."

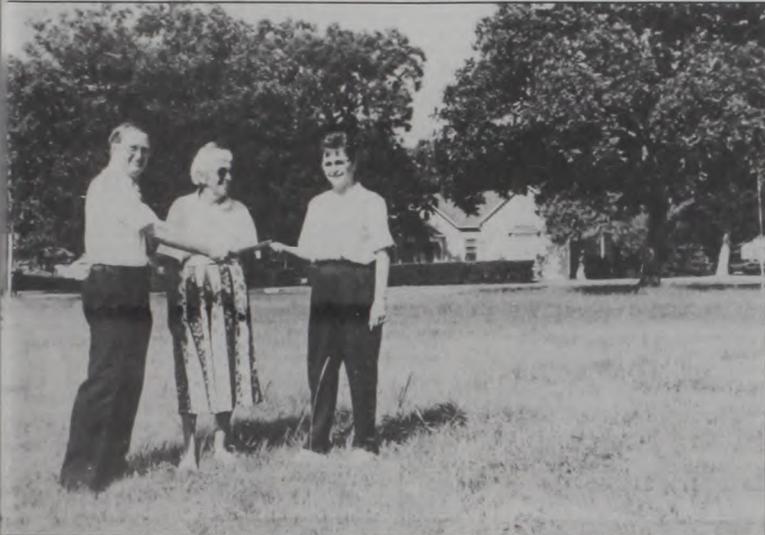

She also stated that she had discussed the topic with the Air Enforcement people with the EPA and talked with the toxicology people in Austin. "They call it fugitive dust," she said. She spoke with them about the ground effect and also what effect this particular crystalline silica can have on humans, animals, and on area wildlife.

At this time Mrs. Quakenbush has not located anyone who could do the tests required to discover the

amount of crystalline silica concentration in the road dust. She is still pursuing that saying that she needs to know whether it is harmless or something to be concerned about.

Residents became concerned about the substance in Flexbase when one of them had their driveway paved with the same material as the road and the warning on the back of the receipt ticket was discovered.

An owner for 10 years of property in the area, Kathy Pearson said, "Since they've developed the lake, in the last four years my husband has been under direct oxygen because of his lungs from the dust. We've been through three air conditioner units in the last three years. The air conditioner man said it is simply the dust. We live approximately 80 feet off this road. Before the lake came in dust was not this big a problem. I could dust twice a week. Now I have to dust at least once a day. It's that thick a coating on my furniture and air conditioning unit. We are concerned about my husband's lungs. He's on oxygen every Please see DUST, page 3

MARCIE KLEMENT, at right, hands property deed to Daryl Ferber, president of the Muenster Library Board, and Henry Weinzapfel, Muenster mayor. The library purchased the property at the corner of Elm and 4th Streets for the purpose of building a new library. After buying the property he library board deeded the land to the city. SH Auction provides variety of vacation opportunities

by Janet Felderhoff
Those who would like to get away for a night, a weekend, or even a week should study the list of accommodations to be auctioned at the July 7 Sacred Heart Homecoming Picnic. It could be just the place you want to stay and you could make a nice donation to the parish, enjoy great accommodations, and get a tax write-off in the process.

For those who seek a distant destination, there is a condo in Steamboat Springs, Colorado donated by Charles Herr; a two night stay for two at the Hotel Inter-Continental in New Orleans; a three night stay for two, plus a show, at Harveys Resort Hotel/Casino in Lake Tahoe, Nevada; or a three bedroom condo for one week in Arisco, Colorado donated by Claude and Nancy Walter.

Closer to home there is a two night, three days stay for two at a Lakeview Tower Suite Del Lago Golf Resort and a Conference Center in

BOBBY LUTKENHAUS donated one of his handcrafted inlaid octagonal tables to the Sacred Heart Parish Auction. Janie Hartman Photo

Montgomery, Texas; a Friday night stay at the El Paso Marriott Hotel in El Paso; or a two night stay for two at the

Holiday Inn Y. O. Ranch Hotel in Kerrville.

There are several accommodations offered in Houston including two nights for two at the Crown Plaza; one night for two, including breakfast, at the Houston Airport Marriott Hotel; one night stay for two in the King Room at the Holiday Inn Select; one night stay for two at the Marriott-Houston.

To steal some down time there are two closer locations. In Bedford there is a two nights stay for two which includes breakfast at the Holiday Inn. The Sheraton Suites Market Center in Dallas offers a night's stay for two.

Surprise your spouse with a short vacation. Get reacquainted with your family by taking advantage of one of the condo opportunities. There's room to spread out, a central location to meet, and lots of great scenery.

by Elfreda Fette

On Sunday, June 30, members of St. Peter's Parish in Lindsay will hold their traditional Homecoming celebration. The event this year is made more significant because today they will be able to point proudly to one of the most outstanding and impressive improvements to the landscape architecture of any church and parish grounds in Texas. St. Peter's Parish has achieved this ambitious and visually pleasing project and can now claim the results as their own, blending in with the historical marker of the church.

The extensive new parkway, from the church steps at the west end, to the east where it meets Main Street at the wide arch entrance was provided by a bequest from Irene and Anton Laux. The entire cost of the paving, from its inception to completion was covered by the substantial gift.

Work on the project dates from the day the Insurance Representative of Bishop Delaney alerted the St. Peter's Finance Committee that serious repairs were needed on the black top paving, which was cracking and buckling. Also suspected were water leaks and more frightening, natural gas leaks, which sadly did occur.

At the urging of Gene Pelzel, a member of the Church Finance Board, an expert landscape architect, Greg Thompson of Pilot Point was called to study the area. After his inspection, he gave the church council his findings and quoted a price that was almost identical to the news the council received several weeks later that a bequest had been made by Irene and Anton Laux.

In retrospect, what followed in quick succession seemed to them the fulfillment of a dream, as plans, needs, events and situations fell into place. "Not by the sheer luck of the moment," they said, "but by some Providential guidance..." "Somebody was looking out for us."

A few parishioners who had questioned the advisability of so great an expenditure, became convinced of its need when faced with the stunning deterioration of gas lines, water lines and wiring, some more than 75 years old, under the pavement and driveway.

Quickly responding to the need, Mike Otto Dozer Service offered and donated the use of his heavy equipment for the excavation of the driveway. He and the Church Council have estimated that, about \$25,000 in free labor and use of machinery were donated.

To get the area in condition, approximately 900 yards of gravel and asphalt were

excavated. (This was saved and spread to form the parking lot south of the new Centennial Hall, at a saving to the parish of \$4,000 to \$5,000).

Approximately 700 yards of new crushed rock were used to make a base for the new pavestone. The base was rolled, watered, packed and rolled again in preparation for the pavestone, which is laid on one-inch-thick washed, clean, concrete sand. Additional sand was brushed and broomed over the surface between the pavestones. Approximately 92,000 pavestones were used for the entire project. Strong

Lady of the Lake who taught in Lindsay, and approximately 22 Benedictine priests who served the parish, and approximately 50 native Lindsay religious nuns, priests, and brothers. These bricks are embedded on the north side of the Guardian Angel statue. Approximately an additional 350 engraved bricks are on the south side of the statue, purchased by individuals.

Future plans include landscaping and lighting the entire driveway.

Looking west from the arch at the entrance, visitors and parishioners can experience

SIMPLICITY BLENDS WITH ELEGANCE upon the completion of a major landscape and restoration project at St. Peter's Catholic Church in Lindsay. The parkway opening coincides with Homecoming Day Sunday. Janie Hartman photo

enough to carry heavy traffic use, the surface has been tested to withstand 8,000 lbs. per square inch.

After the driveway was laid, the Church Council decided to replace deteriorating sidewalks and then laid a circular driveway for the rectory, and repaired the driveway for the convent and around the two outdoor chapels. Donations from individual parishioners provided for the private driveways and all sidewalks.

Engraved bricks were sold, honoring 118 nuns from Our

the visual treat of river red pavestones, edged at the curbs and sidewalks with charcoal gray pavestones. Adding further distinction is a huge cross laid into the surface near the church, of pewter gray pavestones. Centering the cross is an 18 inch by 18 inch stone engraved with the names of Irene and Anton Laux.

St. Peter's parishioners can now claim the impressive results as their own.

Editor's note: The Muenster Enterprise thanks Weldon Bezer for his assistance with facts for this feature.

Gainesville Chamber hosts Aviation Expo this weekend

Owners of giant scale radio-controlled airplanes from across the United States and internationally are in Gainesville for the Lone Star Unlimited Aviation Expo, running through June 30, the Expo will be held at the Gainesville Municipal Airport, which is located at U.S. Highway 82 West and Weber Drive.

"We are very excited about bringing the Lone Star Unlimited Aviation Expo to Gainesville this year," Greg Solomon, executive vice president of the Gainesville Area Chamber of Commerce, said. "It's both an honor and privilege to host an event of his caliber."

The Expo is sanctioned by the Unlimited Scale Racing

Association and supported by the Fort Worth Thunderbirds, who expect the event to draw more than 100 participants and between 3,000 to 5,000 spectators. Event activities include:

- Friday, June 28, 8 a.m. to 7 p.m. - Airplane heat racing, trade show and vendors open, aircraft static displays, balloonists/skydivers arrive.
- Saturday June 29, 6:30 to 7:45 a.m. - Hot air balloon mass launch; 7 to 10:30 a.m. -

Kiwanis General Aviation Fly-N Pancake breakfast (open to the public); 8 to 8:30 a.m. - skydivers jump-IN; 8:30 a.m. to 12 p.m. - Airplane heat racing, trade shows and vendors, plane rides; 12 to 1:30 p.m. - Lunch break entertainment, raffle drawings, skydivers Jump-In, static displays; 7 to 10 p.m. - Racer and participants barbecue dinner and special awards, Please see AVIATION, pg. 2

Good News!

Jesus, looking upon them, saith, "With men it is impossible, but not with God: for with God all things are possible."

MARK 10:27

Letters to the Editor

To the Editor:

In reality this letter is addressed to the Texas Department of Transportation and my position on extending one way service roads on I-35 from the Cooke-Denton County line north to Lone Oak Road in Cooke County is an absolute no! Now or ever-Why? If you give them an inch and they will take a mile. In fact Denton County should have ever had one way service roads their northern limit should have been the city of Denton. May I suggest that Denton County make View Road East exactly as they have Chisam Road East. Otherwise, it is ridiculous to drive all the way to Sanger and back to go east on View Road off I-35 south bound. Ask my wife, our daughter Jane Simmons and family live on Marian Road adjacent to View Road East.

Our low water crossing on the west service road of I-35 at Spring Creek at Valley View is both effective and useful because we have two way traffic on I-35 service roads and we most certainly wish to keep them that way.

Denton County should put

low water crossings on both sides of Clear Creek at the south edge of Sanger and build crossing on both service roads at the Santa Fe Ray Road south of Sanger. Otherwise, they offer very little service.

The East Service Road north of Lone Oak Road was once old Highway 77. When the last two lanes were built in Cooke County in the late 1950's and early 1960's they took a 10 ft. strip up past the old Ray Jones place-all the rest came west. I have moved the fences back five times and today 24 acres off the original 160 is I-35 right of way. Also, I could write a book on appraisal discrepancies practiced by appraisers out of Wichita Falls.

Charley Hildebrand our one time resident engineer was very helpful in getting me maps and invaluable suggestions about letter writing in effort in securing approval of the low water crossing at Valley View.

We need two way service roads to move our marching on.

EXCELLENCE RECOGNIZED — Karl Klement Ford-Mercury in Decatur has won the 1995 North American Customer Excellence Award for quality in Customer Satisfaction. The award recognizes the dealership and its owners, Karl and Kim Klement, for consistently meeting and exceeding the needs and expectations of customers. On hand for the award presentation were, from left, Brent Christiansen, Ford zone manager; Karl and Kim Klement; Les Brown, Ford regional sales manager; and Ricardo Strunz, Ford regional operation manager.

Courtesy photo

Karl Klement Ford-Mercury Inc. receives coveted award

Karl Klement Ford-Mercury Inc. in Decatur has been awarded Ford Motor Company's coveted Chairman's Award for the sixth time. The Chairman's Award is Ford's highest form of dealer recognition.

Dealership owners Karl and Kim Klement were presented the award by Ford Motor Company Chairman Alex Trotman during ceremonies recently at New York City's Waldorf-Astoria Hotel.

Trotman called the winning Ford, Lincoln-Mercury and Ford Commercial Truck dealers "partners" in the effort to cultivate lifelong customers who are loyal to Ford and its dealers.

"The Chairman's Award signifies the importance that Ford and its dealers place on customer satisfaction," said Trotman. "No other honor is as important, because this award is given by those whose opinions matter most - our

customers."

This is the 11th consecutive year the awards have been bestowed. They go to dealers who achieve the highest Customer Satisfaction Index (CSI). The CSI is based on a series of customer surveys and management tools that gather and evaluate customer feedback. The index takes into account each customer's opinions and experiences throughout the ownership period.

Ford established the Chairman's Award in 1985 because it believed customer satisfaction would become an increasingly important predictor of success in the marketplace. The award encourages more than 5,000 Ford, Lincoln-Mercury and Ford Commercial Truck dealers in the United States to strive for excellence and continuous improvement in every aspect of their relationship with customers.

Karl Klement Ford-Mercury was one of only 141 dealers nationwide to receive the award. The dealership has won the award more often than any other dealer in the multi-state Southwest Region.

Klement purchased the Decatur Ford-Mercury dealership in 1983 and in its first full year of operation sold 406 new cars and trucks and 74 used vehicles. In 1995 that total rose to 1,268 new cars and trucks and 669 used vehicles.

Dear Editor:

Quite recently abortion has given head-line prominence by the action of our federal government. Senators and congressmen passed a bill that would outlaw partial birth abortion, a cruel and gruesome method of aborting babies. This bill was vetoed by President Bill Clinton.

Of course, all methods of abortion kill unborn babies, but this method is particularly barbaric and brutal. The body of the baby is extracted from the womb, but not the head. It kicks its little feet, moves its arms, and clenches its tiny fists. The "doctor" pierces the base of the skull with a pointed instrument, then inserts a tube and sucks out the brain. Then the skull is crushed and withdrawn from the birth canal.

This brutal killing is especially heartrending when you think of the thousands of childless married couples who are only too glad to adopt the babies and give them the parental love the babies have a RIGHT by God's decree.

The Heartless mothers decide the babies must be killed, and the "doctors" are only too glad to accommodate them (there is money in performing abortions). President Clinton, too, decided the unborn babies should be killed. This will win him votes in the next election.

I can't help seeing a striking similarity between President Clinton's action and what happened more than 2000 years ago. In that incident strangers from the east came to a certain king and asked him "Where is the new-born king of the Jews? We have seen his star at its rising, and have come to do him homage." The bible says that, when King Herod heard this, he was greatly disturbed and all Jerusalem with him, He gave the Magi the information they wanted, and obtained from them the promise that would notify him as soon as they learned the whereabouts of the baby king. Herod had determined he must destroy this baby; he could not tolerate a rival to his throne. The Magi did not return to Herod; they slipped out of the country by another route. When Herod learned this, he became furious. He ordered his soldiers to kill every baby boy 2 years old and younger in Bethlehem and its surrounding area.

President Clinton, too, is convinced he can hold on to his throne by the killing of unborn babies. Those who vote into office politicians who are blatantly pro-abortion must share in the guilt those politicians incur in the killing of innocent babies.

From My Side of the Fence

by Ed Cler

Saturday evening, our group of 25 was just a very small part of the crowd of 46,000 plus fans attending the Texas Rangers baseball game in The Ballpark at Arlington.

A Father's Day gift from some of our kids, the outing was both enjoyable and entertaining, especially so when the Rangers won so convincingly, 8 to 2.

We have had the pleasure of attending several games in the Astrodome and also in the Kingdome, and while these domes are very nice, they are still more or less, just great enclosures, especially the Kingdome in Seattle.

The Ballpark is one of a kind. Much of the noise is dissipated into open space, and as one watches the game, the skies and an occasional aircraft can be seen overhead. Also, adding to our comfort, a nice breeze played in and out of the

crowd throughout the game. This stadium doesn't really look like any other I have seen, and the facilities for both male and female are not only more than adequate, but are also quite convenient.

Being somewhat handicapped, I was especially pleased with the consideration shown me by the park personnel, who were not only friendly and pleasant, but went out of their way to see to my comfort.

The only unpleasantness was the traffic jams, both in and out of the area - and we were told the Arlington City Fathers are working on that.

Only one question comes to mind. When can we go again? DID YOU KNOW? In 1919 the Giants and Phillies played a game in 51 minutes. In '64 the San Francisco Giants and New York Mets played 23 innings that lasted more than 7 hours.

City Council Agenda

The following is the agenda for the regular meeting of the Muenster City Council to be held at 7:30 p.m. in the City Hall meeting room on Monday, July 1, 1996.

1. Call meeting to order at 7:30 p.m.
2. Approve minutes of the June 3 and June 10, 1996 meetings.
3. Recognize visitors and invite them to attend the entire Council meeting and to discuss their business.
4. Consider any other business to come before the Council.

OLD BUSINESS:

1. Consider and act upon approving the priorities set during the Master Plan Workshop.
2. Open sealed bids on the 1988 Dodge Police Car. Consider and act upon accepting a sealed bid.
3. Receive a quarterly report on property clean-up.
4. Review a summary report on the grant distribution of compost bins.
5. Provide an update on the paving and curbing projects.
6. Provide an update on delinquent taxes.

NEW BUSINESS:

1. Consider and act upon the proposed 1997 interlocal agreement on fire protection between the City of Muenster and Cooke County.
2. Consider and act upon the Park Board's recommended closing date for the city swimming pool.
3. Consider and act upon establishing City Council members as members of the Planning and Zoning Commission.
4. Consider and act upon establishing a Zoning Board of Adjustment and appointing members of the current Planning and Zoning Commission to the Zoning Board of Adjustment.
5. Consider and act upon appointing a nominee to the Planning and Zoning Commission/Zoning Board of Adjustment.
6. Schedule a FY 1997 Budget Workshop.
7. Review October 95 - June 96 Budget Summaries.
8. Review and act upon monthly bills.
9. Adjourn.

SUBSCRIPTION RATES:
In Cooke County - 1 year \$27.00; 2 years \$49.00
Outside of Cooke County - 1 year \$32.00; 2 years \$59.00

Raymond Prescher dies at age 58

Mass of Christian Burial was held for Raymond Prescher, 58, of Gainesville on Tuesday, June 18, at 10:00 a.m. in St. Peter's Catholic Church in Lindsay, officiated by Father Harry Fisher, pastor of St. John's Catholic Church Valley View.

Raymond Prescher was born July 12, 1937 in Scotland, TX. He married Frankie Wimmer in Muenster on Nov. 18, 1967. He was a dairy

farmer and a member of St. Peter's Catholic Church of Lindsay.

Survivors include his wife, Frankie Jo Prescher of Gainesville; one son Ronnie Prescher of Gainesville; three daughters Connie, Monica and Michelle Prescher all of Gainesville; his parents Pete and Agnes Prescher of Gainesville; brothers and sisters-in-law Lloyd and Helen Prescher, and David and Carole Prescher, both of

Gainesville; and several nieces and nephews.

A Rosary Service was held Monday at 7 p.m. in the Carroll Chapel.

Burial in Fairview Cemetery was directed by Geo. J. Carroll & Son Funeral Home. Pallbearers were Willie Jo Matthews, Jody Gray, Brett Prescher, Bart Prescher, Corey Klement and Ryan Klement. Honorary pallbearers were Bill Gray and Al Dudenhoeffer.

W. M. (Bub) McElreath dies at 49

W.M. "Bub" McElreath of Oklahoma City died there at age 49 on Wednesday, June 12, 1996. Services for him were held in Clement/Keel Funeral Chapel on Saturday, June 15, 2 p.m., officiated by Rev. Kirby Spiers of Marysville Baptist Church. Burial was in Morrow Cemetery.

He was born on January 31, 1947, in Muenster to Ragon and Dee (Morris) McElreath. He attended Muenster High School, and was a member of Marysville Baptist Church and as a bulldozer operator.

Survivors are his mother Dee McElreath of Gainesville, one sister Wanda Miller of Gainesville; several aunts and uncles, and one nephew.

The family suggest memorial contributions to Marysville Baptist Church, Rte. 1 Box 10, Muenster, TX 76252.

W. M. (BUD) McELREATH

Billie Ruth Lausen selected as TCOG outstanding citizen

Commissioner Jerry Lewis presented the Cooke County Outstanding Citizen award to Billie Ruth Lausen at the Texoma Council of Governments (TCOG) Annual Banquet Thursday, June 20, in Sherman. TCOG honors one individual each year whose life has truly made a difference through their commitment to the community. Ms. Lausen was recognized for her service to Camp Fire, Gainesville's Parks and Recreation Board, Arts Council, Home Hospice and the Community Preservation Foundation.

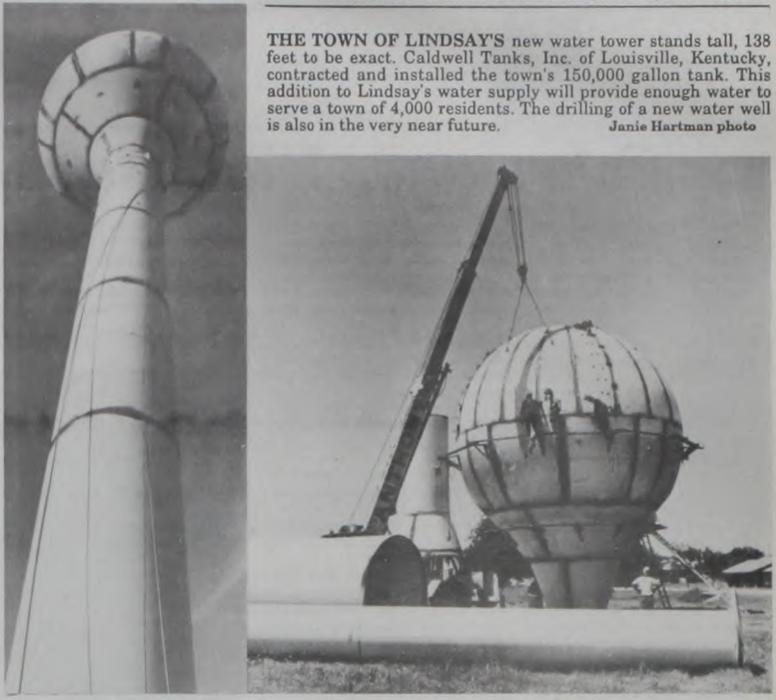

JERRY LEWIS presents award to Billie Ruth Lausen.

Commissioner Lewis began his description of Ms. Lausen's contributions with the establishment of the Town and County Play School in 1953, a learning environment for preschool children that served the Gainesville area for 12 years. Still focused on the needs of children, Ms. Lausen helped organize the Camp Fire program in Cooke County serving as Camp Director, and Board President for two terms. She continued to serve youth on the consolidated Board of the Boys and Girls Club.

Ms. Lausen served on the Gainesville Parks and Recreation Board from 1979 to 1985 and as Vice President of the Garden Club was instrumental in developing the greenway park along the railroad tracks downtown. This project stimulated her interest in the depot restoration and she subsequently served as President for the Community Preservation Foundation from 1981-1989. She founded Depot Days as an annual celebration which has since generated the funding to help complete the first phase of renovation of the Santa Fe Railroad Depot.

Her life has touched many others through her service on the Board of Home Hospice, a non-profit organization which serves the families of the terminally ill. She served ten years on the Hospital Endowment Board, two terms as President of the League of Women Voters, and as President of the Cooke County Arts Council since 1989.

Commissioner Lewis stated, "Billie Ruth's service has touched all aspects of our county...from the very young to the seniors, historical preservation and beautification. She is truly a person whose life has made a difference."

THE TOWN OF LINDSAY'S new water tower stands tall, 138 feet to be exact. Caldwell Tanks, Inc. of Louisville, Kentucky, contracted and installed the town's 150,000 gallon tank. This addition to Lindsay's water supply will provide enough water to serve a town of 4,000 residents. The drilling of a new water well is also in the very near future. Janie Hartman photo

Era ISD wins Innovation in Education award

Commissioner Jerry Lewis accepted the Innovation in Education Award on behalf of the Era School District at the Texoma Council of Governments (TCOG) Annual Banquet. The purpose of this award is to recognize a public school which has distinguished itself by reaching beyond traditional methods, involving persons and individuals outside the school to enhance education experiences, and seeking innovative solutions to learning challenges.

Commissioner Lewis, Vice President of TCOG stated, "We have always known what a strong school system we have in Era. It's nice to be recognized by the region for our efforts." The innovation in education awards were first presented in 1995 when TCOG chose to highlight the important contribution education made to the region.

Superintendent Randal Beaver was unable to attend the annual meeting but was recognized for his leadership, creativity and commitment to education excellence. The school district was specifically recognized for its distance learning laboratory for Spanish classes, tied to the multi-campus system designed through the Muenster Telephone Company. Also mentioned were the school's environmental programs which worked with TCOG's John Ockels to develop an outdoor learning center, compost sites, and district wide recycling program.

TCOG President Cecil Jones also mentioned the ingenious design and construction of a wooden bench which converts to a picnic table created through the school's building trades class. The school will receive a contribution from TCOG to be used for furthering Era's educational goals. One school district is selected from each county in the region. Whitesboro Elementary received the Grayson County award and Savoy ISD received the Fannin County award.

Keeping an eye on Texas

Dust, continued from page 1

ght and it's nothing but this dust infiltrating his lungs." Linda Sullivan saw no problem with the road when they bought their land but now she is concerned about the exbase dust being harmful. "Once we found about this exbase causing cancer — we've got a lot of animals and we've got people," remarked Sullivan. "I'm mad, I'm real upset about this. The dust I can handle. The Flexbase dust is causing cancer supporting I really don't like that. It's a major red flag."

Precinct #2 Commissioner Richard Brown who has presented that area of the county for the past 18 months stated that he has met with couples of from three to fifteen residents on the road paving or seven times. He has tried various ways, all unfruitful, to acquire assistance with the paving of North Hemming Road.

At the last meeting Brown told the residents that he believed that they could not do the project if the residents did not put up the \$5,000.00, but not on pledges. The money would have to be in the bank due to the limited amount of material money that a precinct has.

"The big hitch that we countered at the time, I've got about 220 miles of road at I'm responsible for and I'm responsible to about 8,000 citizens in Precinct #2," Brown said. "The North Hemming Road residents. "Even though the homeowners putting up the money moves that project up my priority list it doesn't take precedence over other responsibilities that I have to other property owners in Precinct #2. ... It will take me preparation work and I'm not able to commit the full sources of Precinct #2 to that project and that project only to the exclusion of everybody else who lives in Precinct #2."

Due to many things that might delay the paving project would agree to promise to at he would finish the project a year and that it could possibly take two or three years. "I don't know whose idea was to come to Commissioners Court," said Brown. "You certainly have every right to do that, but even though we govern by

committee in most areas of county government, we do not govern by committee on road work. Each commissioner is solely responsible for the decision made in his precinct. He has to allocate the funds, manpower and equipment to the best of his ability, satisfy 8,000 people and keep everybody happy."

Brown informed the citizens that when he took office he had about 100 miles of roads that were almost impassable during rainy seasons. School buses and mail carriers could not use them. These roads were a priority to repair for Brown. According to him North Hemming Road is the best non paved road in his precinct. As predicted by Brown Commissioners Court took no action on the request to pave North Hemming Road.

Commissioners agreed to implement a Freeport Tax Exemption after hearing a request from Greg Solomon. Taxing entities are allowed to grant tax exemptions on inventory that leaves the state within 175 days. That makes Cooke County a more appealing place to set up business. Certain terms must be met for the exemption to apply. Exemptions must be applied for on a yearly basis.

Commissioners decided that the county would provide flag poles and lights for the Cooke County Veterans Memorial Project as long as the cost doesn't exceed \$1,000.00. The decision was also made provisional on the determination of its legality as determined by the county attorney. The memorial is being constructed in Leonard Park.

Other business conducted at the June 24 regular Commissioners Court meeting included:

- Approving a resolution to explore the possibility of contracting with Grayson County/Grayson Health Department to deliver public health Title V services in Cooke County.
- Unanimously agreed to continue with the present plan for 1997 Employer Contribution for the TCDRS retirement plan.
- Approved monthly reports of JPs Freeman and Lewis.
- Approved minutes from last meeting and monthly bills.

Fuhrmann, Walterscheid Exchange Vows June 8

by **Elfreda Fette**
 Donna Fuhrmann of Denton became the bride of Ricky Walterscheid of Muenster on Saturday, June 8, 1996 in a Nuptial Mass and double-ring vows celebrated in Sacred Heart Church at 5:00 p.m. by Father Frowin Schoech OSB.

Daughter of Leon and Sandra Fuhrmann of Muenster, the bride is a 1986 graduate of Sacred Heart High School, and a 1990 graduate of Texas Woman's University and is currently attending the University of North Texas seeking teacher certification. She is employed by Metzler's.

The groom is the son of James and Theresa Walterscheid of Muenster. He is a 1989 graduate of Muenster High School and then served for two years on the National Evangelization Teams (NET). He is employed by Borden's Resinite Division.

Presented at the altar by her father, Leon Fuhrmann, the bride was wearing an elegant champagne satin and Alencon lace wedding gown made by her mother. The fitted, dropped-waistline bodice had appliquéed lace on the front and back, and a trim of tiny buttons on the back. Matching lace formed the long sleeves. The floor length skirt swept into a chapel train ornamented with a lace appliqué, and completely edged with embroidered lace. A large flat draped bow gave elegant emphasis to the back waistline.

She carried a bouquet of pink and ivory roses, carnations and daisies with English ivy and fern. She wore a traditional blue garter, and was the fourth generation to carry a prayer book belonging to her grandmother, Aileen Cler.

ATTENDANTS

Leslie Latuda of Midland, a friend of the bride was her maid of honor.

Diane Hoening of Gainesville, bride's cousin, Jennifer Fuhrmann of Muenster and Sharon Fuhrmann of Austin, both sisters of the bride were bridesmaids. They were identically attired in tea-length

dresses made and designed by the bride's mother of desert indigo satin, with sweetheart necklines, short sleeves with rosette trim. Each carried two pink roses and two ivory roses with pink bows.

Joelle Fuhrmann of Muenster, cousin and godchild of the bride was flower girl, wearing a rose pink satin dress with bowtrim on the shoulders, and a sash. She carried a basket of pink and ivory carnations.

Andrew Chronister of Houston, groom's nephew was ring bearer.

Joe Paul Walterscheid of Muenster, groom's brother was best man.

Mike Walter of Muenster and Duane Haverkamp of Muenster, both friends of the groom and Richard Fuhrmann of San Antonio, bride's brother were groomsmen.

Ashley Fuhrmann of Sweetwater, Mike Dryg of Fort Worth, Weldon Hermes of Muenster and Mike Pagel of Carrollton were ushers.

Dustin Walterscheid of Muenster was the Mass server.

Wedding music was presented by Ruth Felderhoff on the piano, Eric Gray, guitarist, Christy Hesse, vocalist and Mario Dance of Virginia, vocalist and guitarist (who was the groom's teammate from NET). Selections were "Wherever You Go," "May Your Lives Be Blessed" for the parents entry; Pachelbel's Canon for the bridesmaids; Purcell's "Trumpet Voluntary" for the bride entry; "All I Ask of You," "Wind Beneath My Wings," "Father, Make Us One," "Wedding Song," "How Great Thou Art," and "Ave Maria." The recessional was "Jesu, Joy of Man's Desiring."

In the special wedding liturgy, Readings selected by the couple were presented by Sarina Fuhrmann, First Reading; Response by Elizabeth Fuhrmann; Second Reading by Michelle Fuhrmann, all bride's sisters; and Petitions at Offertory by Jamie Zietek, groom's sister.

Offertory gifts were presented at the altar by Johnny and Louise Fisher, groom's godparents, and by Debbie Randolph, bride's godmother. Eucharistic Ministers were Dianne Pagel, Roger and Janie Taylor, Linda and Werner

Becker, John and Dana Walterscheid.

Altar decorations included pink floral arrangements on the high altar enclosed by spiral candelabra with lighted candles entwined with English ivy.

RECEPTION

A reception, dinner and dance followed in Sacred Heart Community Center for about 325 guests. Dinner was catered by Metzler's BBQ. Guests danced to music by Brian Springs.

Michele Yosten of Muenster and Suzanne Davis of Tyler, friends of the bride, presided at the guest registry.

The wedding cake and groom's cake were both made by Betty Rose Walterscheid. The bride's cake was petal-shaped, decorated with soft ivory colored icing, blue and pink silk flowers, and a hearts-and-roses figurine on the top keepsake layer.

The square, chocolate groom's cake was decorated with a cowboy hat and rope, and the groom's initials.

Cake servers were the bride's cousins, Dea and Karen Cler of

Muenster, Erica and Nicholas Fuhrmann of Lindsay, Jerem Cash of The Colony, Rebecca and Michael Bauer of Atlanta, TX.

Decorations in the reception area carried out a country theme. Mason jars held lighted candles and English ivy o guest tables. Antique milk cart were decorated with English ivy at the ends of the tables. 1900s buckboard wagon was used to hold wedding gifts. O wagon wheels decorated tl cake table, the wall behind tl main table, and the snail table.

The rehearsal dinner was hosted by the groom's parents in their home on Friday evening, June 7, with a beautiful picnic style dinner.

The couple resides in Muenster since their return from a wedding trip to Cozumel, Mexico.

MRS. RICKY WALTERScheid
 nee Donna Fuhrmann

Two Honored by Duke Univ. Talent Identification Program

Two Lindsay students, Sara Loraine Krahl and Michael Paul Kendall, Jr. were among seventh graders across Texas honored by Duke University in a ceremony at the University of North Texas on June 12. Sara is the daughter of Gary and Cathy Krahl, granddaughter of Andy and Mary Ann Arendt of Lindsay and Martin and Nancy Krahl of Valley View; Michael is the son of Mike and Alice Kendall and grandson of Ed and Louise Schad of Lindsay.

The event recognized SAT high scorers through the Duke University Talent Identification Program which invites seventh graders with high TAAS and achievement results to take their SAT tests.

Speakers for the event were Eileen Clifton of the Texas Association of the Gifted and Talented in Austin and Duke University representative Dan Trollinger.

The morning after the ceremony, Sara also attended a program sponsored by the Texas Academy of Math and Science at UNT. The Academy allows exceptional students to complete their junior and senior years of high school at the same time they take courses as freshmen and sophomores in college, so that when they graduate from high school they are juniors in college.

Both students will be eighth graders in Lindsay Middle School in the fall.

County 4-H Pet Show

On June 14, local 4-Hers showed off their favorite pets during the County 4-H Pet Show at River Valley Health and Rehabilitation Center (formerly Frontier Manor Care Center) on Refinery Road. This was a great community service activity for the 4-Hers by providing a morning of enjoyment for the residents at the center. The 4-Hers paraded their animals around and made sure the residents could pet each animal. A lot of smiles were on their faces as they loved on the animals.

The following 4-Hers participated in the Pet Show. They are listed as 4-H'er, type of animal, then pet's name. Andrea Bonin, dog - Fifi; Diana Felderhoff, kitten - Chow Chow; Nicole Gilbreath, turtle - Tex; Sarah Hess, dog - Chance; Amanda Hitt, kitten - Meow; Kevin Lutkenhaus, dog - Ben; Yvonne Martin, puppy - Baby Buck; Ashley McPherson, rabbit - Flopsy; Bernadette Miller, pig - Babe; Telisa Riggs, dog - Gizmo; Scott Schumacher, dog - Sparky; Katie Sharp and Kristen

Sharp, dog - Peaches; Carr Sills, hamster - Charley; Lace Sills, dog - Cookie; Molly Sill dog - Angel; and Justin Wood dog - Nanna.

All of the 4-Hers receive blue participation ribbon. There were also special awards given for six categories. Andrea Bonin received "Most Creative." Nicole Gilbreath was awarded "Most Unusual" with her painted Texas turtle. Kevin Lutkenhaus was awarded the "Showmanship" award. Telisa Riggs received "Most Talented" as her dog danced in a circle and sat on command. Scott Schumacher received the "Most Friendly" pet award. Justin Woods dog, Nanna, won "Best of Show."

Judges for the show were H leaders Carmen Bonin and Becky Felderhoff. Also judging was Nicole Jones, Rehabilitation Aid from the Center.

Cooke County 4-H would like to thank these judges and Mary Jo Roy, Activities Director at the Center, for inviting 4-H to put on a Pet Show for the residents.

Hartman's have guests

Mark Tompkins and two children, Vic and Carmen of Arlington were guests of the Hartman relationship for several days last week. They visited Grandma Margaret Hartman and the sisters and brother of Edna Tompkins. Highlights of the two days and two nights were fishing; swimming; playing with cousins, nieces and nephews;

picnics on Uncle Alvi Hartman's farm; and touring the Muenster Enterprise. V. Tompkins mentioned proud that he is the namesake of his great-grandfather, Victor Hartman. Both children, Vic and Carmen explained that "Mommy couldn't come with us. She stayed home with Clayton, who is only two years old."

RACHEL LASTER AND CONGRESSMAN RALPH HALL

Laster returns from Washington D. C.

Rachel Laster has returned to Lindsay after a twelve-day trip to Washington D.C., sponsored by Cooke County Electric Cooperative. Rachel went to Washington on a bus with over 80 other youth who participated and won essay and speech contests sponsored by electric cooperatives from the state of Texas. The contests and trip were part of the Texas Electric Cooperatives' Government-in-Action Youth Tour.

"It was the best thing I have ever done in my whole life," Rachel said. "And I would love to do it again." Rachel had a chance to see many sights while in Washington. She visited the Bureau of Engraving and Printing, the Washington Monument, and the Smithsonian Institute. She also toured Ford's Theater and the Federal Bureau of Investigation. Rachel also saw the Jefferson, Lincoln, and Vietnam Memorials.

Rachel will be a sophomore at Lindsay High this fall. She is the daughter of Mark and Margie Laster. She is a very good student and also participates on the drill team. Rachel's essay and speech was on the topic of energy

conservation and what the future could hold for society if we continue to abuse and waste energy and our natural resources.

In 1957, then-Senator Lyndon B. Johnson suggested in a speech that electric cooperatives send young adults to Washington to learn about their federal government and the nation's capital. Since 1964, Texas Electric Cooperatives, the Austin-based statewide organization of electric cooperatives, has coordinated the states' participation in the Youth Tour. This year's trip was the largest in its 32 year history.

Rachel also had the opportunity to visit the Library of Congress and the Chambers of the House and Senate and the Supreme Court. She was also introduced to and had a chance to talk with Texas Congressional Representative Ralph Hall.

Every year Cooke County Electric cooperative holds a contest to select a participant to sponsor in the Government-in-Action Youth Tour. The contest is open to high school students who live in a residence served by Cooke County Electric Cooperative.

In the after glow of a very successful Relay we wish to thank each and every person who helped in any way. We especially extend heartfelt thanks to our

Stewart, Sandmann wed in Lindsay

by Elfreda Fette
Mr. and Mrs. Leo Jerome Sandmann have returned from a wedding trip to Cozumel, Mexico and are at home in Lindsay. They were married on June 1, 1996, with Father Eugene Luke OSB hearing their double ring vows and officiating for the Nuptial Mass in Saint Peter's Catholic Church of Lindsay at 5:00 p.m.

The bride is the former Kimberly Ann Louise Stewart, daughter of Rick and Darlene Stewart of Muenster and Laura and George Gould of Harahan, Louisiana; she is the granddaughter of Mrs. Evelyn Koesler and the late Tony Koesler, and Mrs. Margaret Truebenbach and the late Andy Truebenbach. The groom is the son of Clem and Rita Sandmann of Lindsay. He is the grandson of the late Ben and Catherine Sandmann and the late Nick and Mary Block.

Given in marriage by her father, Rick Stewart, the bride was wearing a formal candlelight ivory satin wedding gown designed by Sweet Heart Gowns, with long slim sleeves accented with pearl drops; a Queen Anne neckline and full back with pearls and sequins on the fitted bodice; and sleeves with iridescent sequins. The full satin skirt was enhanced with appliqued cutouts above the hemline, and edged with embroidered lace. The church-length satin train

was embroidered with lace and pearl cutouts.

She carried a heart-shaped bridal bouquet of ivory roses accented with purple statice.

Her two-tiered brief veil was held by a delicate band of pearls and iridescence.

ATTENDANTS
Rhonda Walterscheid of Muenster, sister of the bride was matron of honor. Sabrina Truebenbach of Muenster, bride's sister, Christine Price of Lindsay, friend of the couple, Bernice Bartel of Muenster, bride's cousin, Kym Krebs of Lindsay, groom's cousin were bridesmaids. Jessica Koesler of Muenster, bride's cousin was junior bridesmaid. They wore full length rose-brocaded purple fitted dresses with off-shoulder ruffled sleeves. Their bouquets were smaller versions of the bride's flowers.

Alyssa Stewart of Muenster, bride's sister, Kristina Koesler of Muenster, bride's cousin and Jenny Schroeder of Lindsay, groom's niece were flower girls. They carried baskets of roses.

Nathan Parker of Garland, groom's nephew was ring bearer, carrying an ivory satin ring pillow with an embroidered purple rose.

Nick Sandmann of Lindsay, groom's brother was best man.

John Sandmann of Lindsay, groom's brother, Rob Sandmann of Fort Worth, groom's cousin, George Spaeth of Gainesville, a friend and John Krebs of Lindsay, groom's

cousin were groomsmen.

Ushers were Michael Parker of Garland, groom's brother-in-law, Nick Schroeder of Lindsay, groom's brother-in-law, Raymond Stewart and Kody Truebenbach of Muenster, both brothers of the bride.

Mass servers were Brandon and Jarrod Schroeder of Lindsay both nephews of the groom, and Tony Koesler of Muenster bride's cousin.

Wedding music was presented by Ruth Felderhoff organist, and Christy Hesse and Roger Dieter vocalists, including "The Rose" and "The Greatest Gift" as the prelude; "Wind Beneath My Wings" at the mothers' entrance; "Father Make Us One" for the Unity candle; "Wherever You Go" at Offertory; "We Have Been Told," "How Beautiful," and "All I Ask of You" at Communion; and "Hail Mary Gentle Woman" at the Blessed Mother's altar. Organ solos were Pachelbel's "Canon in D," Clarke's "Trumpet Voluntary," and Purcell's "Trumpet Tune."

Readings chosen by the couple for the wedding liturgy included the First Reading from the Old Testament by Linda Sandmann, groom's sister; and the Second Reading from the New Testament by Dolores Sandmann, groom's sister.

RECEPTION
A reception and dinner followed in the new Lindsay

Centennial Hall, hosted by parents of the couple. Dinner was catered by the Hermes Sisters of Lindsay.

Julene Brogdon and Shirley Henschel secured guest signatures in the bride's book.

The bride's table was draped in tulle with bows. The bride's bouquet and bridesmaids' flowers, and candelabra with lighted candles were used as decorations on the table.

A three-tiered ivory wedding cake made by Betty Rose Walterscheid was decorated with lattice hearts, draped-work and roses. Silk roses were accents between layers. The chocolate groom's cake was also made by Betty Rose. Cake servers were Jana and Amy Truebenbach, Adrienne Bartel and Megan Sandmann. Melanie Billmeier cut the groom's cake.

Food tables and guest tables were decorated with purple swags.

Rita and Clem Sandmann, groom's parents, hosted the rehearsal dinner in their home.

The bride is a 1994 graduate of Muenster High School and is attending North Central Texas College. She is employed by Muenster Memorial Hospital Home Care as a Health Aide. The groom is a 1988 graduate of Lindsay High School and a 1994 graduate of Cooke County College. He is a Production Engineer employed by T&S Machines and Tools.

MRS. LEO J. SANDMANN
nee Kimberly Ann Louise Stewart

Muenster Trio Participate in Houston Discipleship Week

by Janie Fisher
June 17-21, the National evangelization Team put on a discipleship week for high school students in the Houston area. Those attending from the Sacred Heart Parish were Janie Fisher and Joseph Edowitz. Eric Gray from Muenster served on the NET team, he was in charge of music for the week.

D-week was a chance for youth to grow closer to Christ and the Holy Spirit. In a fun-filled, high powered, jammin' way. The NET team provided many opportunities for a stronger relationship with God focusing on the Holy Spirit and Jesus in the Blessed Sacrament. All the retreatants and NETers attended daily Mass at 5:00 p.m. Tuesday and Wednesday nights we had adoration and the NET team prayed over all the retreatants asking the Holy Spirit to come and fill them. These were very loving and powerful evenings.

Through the day retreatants also participated in large group sessions and small group

discussions on different topics and issues that affect our lives today. After every meal the NET team provided us with a meal entertainment. AME was totally awesome skits performed as only the NET team can do it.

The music, which was provided by the Great Eric "Greydog" was a vital part of the retreat. It really reached out to the kids. It was feet stompin', clappin' hands, the NET team really knows how to jam, kind of music.

D-week was such a great experience for the teens that everyone came out renewed. A lot of the kids made a decision to change their lives and actions for the better. Everyone learned that Jesus is the only rock they can always depend on and that he is God, Father, friend, and Savior to them. They also learned they can always depend on God in hard times and that they need him in good times, too. As Joseph put it, "it was AWESOME!"

Allison Klement Named Who's Who among college students for 1996

Allison Claire Klement daughter of Mr. and Mrs. Andrew Klement, and student at Texas Tech University, has been selected as one of the country's most outstanding campus leaders by "Who's Who Among Students in American Universities and Colleges" editorial staff. She will be included in the 1996 edition of Who's Who Among Students in American Universities and Colleges, an annual directory

of outstanding students first published in 1943. A campus nomination committee and editors of the publication have included the name of this student based on her academic activities and potential for continued success. She joins an elite group of students selected from institutions of higher learning in all 50 states, the District of Columbia and several foreign nations.

NOTICE

The next blood drive in Muenster on Thursday, June 27 will be a replacement drive for Fred Koesler.

New Arrivals

Krueger
Jeff and Shirley Krueger of Denton announce with joy the birth of a son, Cash Louis Ezra Krueger at Denton Community Hospital on June 14, 1996 at 10 a.m., weighing 10 lb. 12 oz. He joins two sisters at home, Peyton age 12 and Stevi age 9. Their grandparents are Jack and Glenna Krueger of Sanger and Richard and Edna Hermes of Lindsay. The great-grandparents are Joe Hoenig of Muenster and Cecilia Hermes of Lindsay.

Personal

Mr. and Mrs. John Becker of Long Branch, New Jersey, spent a vacation of three weeks with her mother, Mrs. Oscar Walter. Together they visited other area relatives in Cooke County and in the Metroplex, attended a wedding, and were among the more than 220 guests at the reunion of descendants of John and Susanna Walter. Mrs. Becker is the former Rosemary Walter. She and Mr. Becker are long-time Muenster Enterprise subscribers.

MISD Class of 1986 Holds Reunion on May 25 in Walterscheid home

The Muenster High School seniors of 1986 got together for a 10-year class reunion May 25 at the home of John and Dana Walterscheid. Classmates and their families spent the evening visiting, playing horseshoes, hot-tubbing, getting re-aquainted and eating a meal of catered fried chicken, parsley potatoes, corn, slaw, and rolls. Everyone left with a souvenir booklet of addresses and telephone numbers compiled by Dana Walterscheid.

Those who attended were: Dana (Dankesreiter) Walterscheid of Muenster; Amy Davidson of Stillwater, OK; Mikael Fette of Austin; Julie

(Fisher) Walford of Denton; Rose (Herr) Schmidtkofer of North Richland Hills; Penni (Hess) Haverkamp of Muenster; Francine (Hudspeth) Walterscheid of Muenster; Connie (Klement) Stoffels of Sanger; Scott Klement of Muenster; Doyle Lewis of Muenster; Dolle (Pagel) Porter of Lubbock; Jean (Pagel) of Tulsa, OK; Richard Trubenbach of Muenster; Ron Trubenbach of Muenster; Valerie (Vogel) Henschel of Muenster; and Deann Walterscheid of North Richland Hills.

Classmates unable to attend were: John Anderle of

Muenster; Darren Cheaney of Gainesville; Johnny Eldred of Payallup, WA; Tonya (Fisher) Hess of Lindsay; Carmen (Flusche) Thacker of Henrietta; Ronnie Kubis of Muenster; Jeff McAden of Muenster; Janet Reiter of Sherman; Kenny Reiter of Muenster; Tammie (Reiter) Caldwell of

Gainesville; LeAnn (Sicking) Lewis of Collinsville; Darren Walterscheid of Muenster; Rita Walterscheid of Wichita Falls; Karen (Williams) Evans of Gainesville; Karen (Wolf) Dangelmayr of Muenster; and Sharen (Wolf) Aston of Muenster.

Vernor, Walterscheid Marry in Arlington

by Elfreda Fette

The wedding of Jennifer Louise Vernor of Arlington and Darren Thomas Walterscheid of Muenster was held on June 22, 1996 at 7:00 p.m. in Trinity United Methodist Church in Arlington. Rev. Jim Porter officiated the double ring traditional ceremony.

The bride is the daughter of Jim and Judy Vernor of Arlington; and the granddaughter of Dorothy Watts and the late Babe Watts; and Leo Vernor and the late Ruth Vernor. The groom is the son of Carl and Pat Walterscheid of Muenster; and the grandson of Leona Hamilton and the late Tom Hamilton and the late Mr. and Mrs. Al Walterscheid.

Given in marriage by her parents and escorted by her father, Jim Vernor, the bride was wearing a Fantasy Collection formal wedding gown by Forever Yours. The bodice was heavily beaded with Battenburg lace. Matching lace formed an elegant detail down the middle of the cathedral length train and continued to encircle the entire hem of the dress. Her cathedral length veil drifted over the length of the train.

For sentiment and tradition she wore her Great Aunt Lillian's lavalier, worn on her wedding day in 1933. Her veil

was borrowed from a very dear friend, Linda Hudson. She carried a bridal bouquet of roses, gardenias, lilies and freesia.

ATTENDANTS

Matrons of honor were friends of the bride, Kimber Downey of Norman, OK and Dawn Sladek of Houston.

Bridesmaids were Ginger Day, Kerrie Green, Christy Latham, Kelly Roberts, Kathy Seacat all of Tulsa, OK, Linda Hudson of Frisco, TX, Alyce Thompson of Irving, friends, Christy Vernor of San Antonio and Jill Vernor of Arlington, sisters-in-law of the bride, and Staci Walterscheid of Muenster, groom's sister.

Junior bridesmaids were Stevie Klement of Gainesville and Alicia León of the Dominican Republic, nieces of the groom.

All were identically attired in teal crepe floor length dresses designed by Bill Levkoff, and carried bouquets of brightly colored spring flowers.

Junior escort was Frankie León of the Dominican Republic, groom's nephew.

The flower girl was Jackie Klement, niece of the groom and the ring bearer was Jamie Vernor, nephew of the bride.

Standing with the groom as his best men were Jay Mollenkopf of Lewisville, groom's cousin and Raymond Stewart of Muenster.

Groomsmen were Tim Bartel of Muenster, Rodney Hess of Denton, groom's cousin, Stuart Hess of Denton, groom's cousin, Doyle Klement of Gainesville, groom's brother-in-law, Ryan Klement of McKinney, Kody Truebenbach of Muenster, Franklin León of the Dominican Republic, groom's brother-in-law, Jeffrey Vernor of San Antonio and Jimmy Vernor of Arlington, brothers of the bride and Mike Walterscheid of Denton, groom's cousin.

Ushers were Jimmy and Jeffrey Vernor, bride's brothers, and Doyle Klement and Franklin León, groom's brothers-in-law.

Wedding music was presented by Denise Lamb, organist and a dear friend of the bride, Kerrie Green of Tulsa. Selections were "All I Ask of You," "My Treasure," for the Unity candle and "The Lord's Prayer."

Church decorations were pew bows marking the center aisle, and a pair of candelabra with lighted candles, and the Unity candle.

A reception with buffet dinner for 400 guests, hosted by the bride's parents, followed in the Masonic Temple of Fort Worth. Entertainment was by Patty and Wayne of Wayne Johnson Music of Huntsville, TX.

The bride's four tiered wedding cake was decorated in white, with almond filling. The groom's German chocolate cake was decorated with toasted almonds.

Reception assistants were Liz Bridges of Tulsa, Molly Davis of Fort Worth, Julie Edwards of Dallas, Natalie Hooper of Mansfield, Stacy Mikulenska of Dallas and Amy Nettle of Dallas.

The reception area was decorated with ficus trees with white lights, and white columns with ferns; guest tables held hurricane globes with lighted candles and greenery.

The rehearsal dinner was hosted by the groom's parents, Carl and Pat Walterscheid at The Cactus Flower in Fort Worth.

When the couple returns from a wedding trip to Montego Bay, Jamaica and Sandals Resort, they will make their home in Muenster.

The bride is a 1988 graduate of Lamar High School in Arlington and a 1994 graduate of the University of Oklahoma in Norman with a Bachelor of Science degree in Elementary Education. She is a third grade teacher in the Arlington ISD.

The groom is a 1986 graduate of Muenster High School. He is employed by Muenster Milling Co. and is co-owner of Red River Emu.

MRS. DARREN WALTERScheid 'nee Jennifer Vernor

Baptism

Bartush

Joseph Stephen Bartush was baptized in Sacred Heart Church after the 10:30 a.m. Mass on Sunday, June 16, 1996, Father's Day. Father Frowin Schoech, OSB officiated for the ceremony. An uncle and aunt Joseph and Barbara Bartush of Dallas are Joseph's godparents.

Joseph wore the same baptismal gown worn by all of his brothers and sisters. It was a gift from Grandmother Bartush.

Present for the ceremony besides the godparents were their children Katie, Andy, Peter, and William; grandparents Charles and

Mary Bartush and Helen Yosten; an aunt Cindy Del Olmo of Chicago, Illinois; an uncle Martin Yosten of Sulphur Springs; and the baby's parents John and Lanie Bartush and his brothers and sisters John Daniel, Valerie, Andrea, Melanie, Catherine, Rose, Charlotte, Ginger, and Bob.

After the baptism, all went to the Center Restaurant to enjoy dinner together. Later cake and other desserts were served at the John Bartush home. The specially made cake was baked and decorated by Betty Rose Walterscheid. Gifts were opened, pictures taken the days spent visiting.

Sherry K. Hacker earns pharmacy degree

Sherry K. Hacker earned a Bachelor of Science Degree in Pharmacy from Southwestern Oklahoma State University. She was among eight hundred twenty-five graduates to receive degrees during the spring commencement ceremonies held May 11 at Milam Stadium in Weatherford, OK. A cum laude graduate, she is a member of Southwestern Pharmaceutical Assn., Oklahoma Pharmaceutical Assn., Texas Pharmaceutical Assn., and the Dean's Honor List. She graduated from Muenster High School in 1991 and attended North Central Texas College.

Daughter of Mr. and Mrs. James S. Hacker of Myra, she is the granddaughter of Mr. and Mrs. Lewis C. Rigler of Gainesville and the late Mr. and Mrs. Andrew Hacker of Myra.

Attending the graduation ceremonies were parents Jim and Lynda Hacker, her sister Joyce Hacker, her brother Jimmy Hacker, Leigh Ann Klement, Philip Reiter,

grandmother Joyce Rigler, and aunts Jan Brazleton, Diane Howard and Patti Mercer. Hacker has accepted a job with Eckerd Pharmacy in Denton.

SHERRY HACKER

Vacation bible School a great success

A very successful Vacation Bible School was held the week of June 17 to 21 at Sacred Heart School and sponsored by Sacred Heart Church. The theme of this year's Bible School was "IN THE BEGINNING..." JoEll Kemp was co-ordinator with many, many helpers. 190 children from Pre-School to Fifth Grade enjoyed music, crafts, story time, refreshments, and games.

All the children's donations and the collection at the closing Mass on Friday went to Michael Flusche to help with his medical expenses. Fr. Frowin Schoech OSB was the celebrant. Courtney Hartman, Lisa Endres, and Jayna Biffle were Mass servers. Ruth Felderhoff was organist, Christy Hesse, Kate Sepanski, Laura Taylor and Kimberly Hesse were music leaders. Liturgy readers were Melinda Walterscheid, Bridgette Klement, and Tony Koessler.

Volunteer teachers were: Linda Yosten, LeAnn Mollenkopf, Kelly Lamkin, Stephanie Tankersly, Christy Hesse, Shauna Herr, Melanie Hesse, Judy Trubenbach, Linda Sepanski, Debbie Cochran, Lisa Walterscheid, Donna Teafatiller, April Walterscheid, Holly Fuhrmann, Kim Walterscheid, Fr. Frowin, Nicole Endres, Bernadette Walterscheid.

Others helping were Annette Bayer - refreshments, Mary Hesse and Lora Hennigan - Nursery, Tina Bindel - Story Time, Jean Walterscheid and Tammy Wimmer - Crafts, Denise Klement and Karen Davis - Music, Laura Harrison and DeAnn Hellman - Games.

Helping with the many different phases of Bible School were: Jeremy Yosten, Brooke

Endres, Catherine Bartush, Yvonne Martin, Mattie Sicking, Cherilyn Pollard, Jessica Koesler, Dana Miller, Holly Hartman, Denise Pagel, Janie Hennigan, Jill Reiter, Dustin Walterscheid, Debra Voth, Kelly Fetsch, Luke Endres, Audrey Barnhill, Becky Felderhoff, Sara Sepanski, Shauna Endres, Grace Cochran, Joseph Davis, Pamela Lutkenhaus, Jana Truebenbach, Raney Bauer, Lisa Felderhoff, Mitch Felderhoff, Alicia Cochran, Toni Lobar, Angie Bartush, Jonathan Yosten, Michelle Bayer, Kristen Yosten and Connie McAden.

The children received T-shirts with "Dear God, When you made the world, - and the sun and the sky and - and everything - Did you have a Project Book?" & Vacation Bible School 1996.

Mrs. Kemp is most grateful to all who helped in any way to make this Vacation Bible School a success. It was difficult to obtain all the names of volunteers, so if we missed listing your name, please forgive us and "THANKS TO ALL."

WWII Reunion

World War II Veterans who served in the 37th Combat Engineers in Camp Bowie, Texas, or the 591st Engineer Boat Regiment in Europe are being sought for a reunion July 10-13, 1996 in Irving's Holiday Inn Holiday D/FW Airport South.

To make reservations, veterans are asked to call 214-986-8506 or 800-360-2242; please be sure to mention the 591st EBR.

Country Tidings

by Ruth Smith

This week we say "Happy Birthday" to C.H. (Tip) Christian on his 85th, Sunday, June 23, 1996. He received many calls and greetings and cards from all of his children and grandchildren and friends. His daughter-in-law Sandy Christian called him from Branson, MO wishing him a happy birthday. Jimmy Christian of Springtown came Sunday evening. Bill Christian and Robert Jones of Seattle, WA visited the Christians last Tuesday.

Mrs. Odessa Berry accompanied Jerry and Marilyn McKown of Valley View to Marietta, OK to help Mrs. Mae Fletcher celebrate her 90th birthday. Cake and ice cream were served to relatives and friends.

Mr. and Mrs. Clifford Hudspeth's children and some of their grandchildren visited them Saturday and attended the wedding of Leah

Hudspeth and Keith Dill Saturday evening. Mr. and Mrs. Jim Moore of New Roads, LA are visiting relatives here. The Moores were having dinner Monday evening with her sisters in the home of her sister Montez and Jerry Nivens. Maxine Peers and husband of Krum, and Merle Hudspeth and Clifford all attended.

Mrs. Cindy Ferguson and Kay of Gainesville visited Miss Lois Bewley and Clyde last Sunday.

Mr. and Mrs. Ted Jackson had as their weekend guests, Billie Dale Hendrix and sons Ti Hendrix, Tadd Terrell and Carrie Terrell all of Floydada, Toni and Deni Hendrix of OK and Vatori Ragsdale and daughter Laura of Allen, Gene and Houston Ensey of Bowie.

Mr. and Mrs. Ted Jackson attended the wedding of Leah Hudspeth and Keith Dill Saturday evening.

Free immunization clinic to be held at Cooke County Electric

A free immunization clinic directed by the Texas Department of Health will be held at the Cooke County Electric Co-op on Tuesday July 9 from 9:00 a.m. until noon. The clinic is open to anyone living in Cooke County. Everyone should bring immunization records and/or a cool notification of immunization due.

Current required immunization guidelines are as follows: Hepatitis B, not presently required (will be required in August, 1998); Polio (minimum of 3 doses - combination) - with 1 dose received on or after 4th birthday (effective 8-1-96, 4 doses will be required); OPV (minimum of 3 doses - with 1 dose received on or after 4th birthday; HIB, depends on age when started and vaccine type - maximum of 3 doses, minimum of 1 dose; MMR, 2 doses (proof of 1st dose required by 18 mos. of age - proof of 2nd dose of measles vaccine required by 12 years of age); Td, after completion of primary series - 1 dose every 4 years after dose on or after birthday.

Providing immunizations is one of the services available. "Lots Across Texas" is a program that emphasizes immunizing children by age 5. Only 30% of Texas 2-year olds are fully immunized. A study of 6 out of 10 children in Texas has gotten the immunizations they need. This means that an epidemic could open at any time because so many children are not protected.

Childhood diseases are dangerous and have serious results. Measles causes rash and fever. The disease can also cause pneumonia, deafness, or damage to death. Rubella or German Measles is a mild illness for children. At a pregnant woman who contracts it may lose her baby or give birth to a child who is deaf. Immunizations. All children must be accompanied by a parent or legal guardian. Those who receive an immunization during the summer should bring a copy of their shot record to school during enrollment.

The Texas Department of Health is located at 715 D East Lufkin, Gainesville, TX. Service time is from 8-11 and 1-4 Mondays and from 8-11 and 1-4 Tuesdays through days. If you have any questions you may call the clinic at 665-697.

or has developmental disabilities. Polio starts with fever and muscle pain. Many people who get it will be permanently paralyzed (unable to move their arms or legs). There is no cure for polio. Mumps causes painful swelling of the glands and may go on to an inflammation of the brain or spinal cord. Diphtheria kills 1 of every 10 people who get it. The disease makes it hard or impossible to swallow or breathe. Pertussis or Whooping Cough causes dangerous coughing spells that make breathing very difficult. It also can cause pneumonia, convulsions or swelling of the brain (encephalitis). Tetanus germs get into the body through a scratch, cut or deep wound. Inside the body, these germs grow and create a poison that attacks the nervous system and causes painful muscle spasms. Tetanus kills 4 of 10 people who get it.

HIB causes meningitis (brain inflammation) resulting in brain damage and sometimes death. HIB also can cause pneumonia and infections of the blood, joints, throat and heart. Hepatitis B is a serious disease that can lead to liver cancer, cirrhosis and death. School will be starting in August and many children will

AUDREY DENISE BRANDON of Whitesboro and Charlie Carnevale of Gainesville will be married on July 20, 1996. Their engagement and approaching marriage have been announced by her parents, Larry and Debbie Brandon of Whitesboro. The future-groom is the son of Ray and Leslie Nichols of Gainesville. Officiating will be Larry Sullivant at 7:00 p.m. in the garden at the home Dr. and Mrs. David Shauf. The bride-elect is a 1994 graduate of Era High School and is attending North Central Texas College. She is employed by North Texas Communications Co. Mr. Carnevale is a 1993 graduate of Gainesville High School. He attended Bethany College of Kansas and North Central Texas College, and is employed by BJR Private Investigation and Security Service. The couple plan to reside in Gainesville.

Toni Trubenbach wins \$500 scholarship

Butterfield Stage Players awarded a \$500 scholarship to Toni L. Trubenbach on June 13. She plans to pursue a career in Visual Arts. Toni graduated from Muenster High School this May and plans to attend the University of North Texas. Her future plans are to earn a degree to teach Speech and Drama and to minor in Math education.

Toni took Theater Arts in high school for three years. During that time she was named Best Actress, was a member of an All Star Cast and Honorable Mention All Star Cast. She participated in Poetry Interpretation for six years and was a District Champion, Regional Qualifier and Finalist, State Qualifier and Finalist and was a third place State Medalist.

Gwen and Loyd Trubenbach are Toni's parents.

TONI L. TRUBENBACH

Morgan Herr honored on 4th

Morgan Leigh Herr brought her 4th birthday in with a big celebration with family and friends. Morgan was given a party by her Mom and Dad at

the Muenster Park on her birthday June 18. A brisket supper was served and gifts opened. A kitty-cat birthday cake and ice cream were also served.

MORGAN HERR

Those attending were her parents Shawna and Darrell Herr, her older sister Mackenzie, Grandparents Tom and Virgilia Herr and Anthony Grewing. Her aunts and uncles Brian and Silvia Herr with children Tanner and Paige; Tony and Billie Grewing; Kenneth, Matthew, and Jonathan Grewing; and friends Denise Pagel and daughter Nicole; Kara and Kirk Felderhoff and Kim; Kaitlin and Ryan Felderhoff; Terry, Melvin and Shelby Hess; Ron Dangelmayr and daughter Amanda Kerry Dangelmayr and daughter Rashae; and Mike, Angie, Ryan and Makala Bartush.

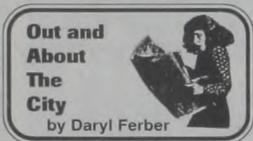

Butterfield Stage and NCTC Hold Youth Theatre Workshop

Each year Butterfield Stage and North Central Texas College join forces to offer area youth an opportunity to explore the theatre arts with their youth theatre workshop, and this year a very special feature has been added to the week long session -- a field trip to Creative Arts Theatre School (CATS) in Arlington to view their production of *The Little Engine That Could*, a part of CATS '96 Summer Series.

Workshop activities are designed to give students an overview of the theatre arts through demonstration and experimentation. Participants will learn basic acting techniques, and participate in developing, staging, and performing their own theatre pieces. Other exercises will be utilized to develop creative

play and improvisational skills. At the conclusion of the workshop students will journey to Arlington to view the CATS production and also tour the theatrical facility which incorporates three dance studios, three acting studios, a recording studio, a costume shop, a scene shop, and a 400 seat theatre.

The BSP/NCTC workshop classes are scheduled from 10 a.m. - noon for students 6-9 years of age and from 2-4 p.m. for students 10 to 14 years of age. Registration continues through July 1 and the cost of the workshop is \$50 which includes lunch for the field trip and production tickets. For more information call NCTC's Office of Continuing Education at 668-4272.

The June meeting of Muenster Chamber of Commerce covered reports on 1996 Germanfest and Relay for Life, both of which were very successful. Cooke County Society, operating out of Muenster, sponsored the event and brought the comment "We finally have a Cooke County 'something' in Muenster" from Chas Bayer. Part of moneys raised will go for cancer research and the rest for supplies to help Cooke County ill citizens.

Full events were outlined for November on Saturdays in Muenster: Nov. 2, Russell Fette is chairing a Bike Rodeo; Nov. 9, A Car Show by Denton Street Rods; Nov. 16, Community Garage Sale, maps will be made and each participant charged \$10 to help in advertising; Nov. 23, Christmas Open House; Nov. 30, Christkindmarkt, parade and business booths at Community Center. Bake sales by organizations will be on each weekend.

Preserving of photos and a show of interesting old photos of Muenster scenes and families was included in a talk by Janie Hartman at the June meeting of the Muenster Historical Commission. New president, Christine Weinzapfel, conducted the meeting and suggested ideas for projects and objectives to be working on this summer. Help is needed for a thorough cleaning of the museum before opening and a volunteer to oversee visiting hours. A walking tour map is being planned for the future. Next meeting will be July 11 at the museum.

Since the City always has storage problems, it would be appreciated if those who could not attend either of the compost meetings and want a compost bin, please call and make arrangements to pick one up. As well as city residents, those in the immediate outside area can obtain one.

Auditions to be held for BSP

Butterfield Stage Players will begin their seventeenth season of providing quality theatrical entertainment with *Rodgers & Hammerstein's A Grand Night For Singing*, an evening of music and romance.

With this in mind the local theatre is announcing auditions for the upcoming production. Scheduled for Thursday and Friday, June 27 and 28 at 7 p.m. at the theatre located at 201 S. Denton,

auditions are being held for the three women and two men ensemble cast.

Rehearsals for the production will begin in mid-August and the Production dates for *Rodgers & Hammerstein's A Grand Night For Singing* are slated for October 4, 5, 10, 11, 12, 17, 18, 19 at 7:30 p.m. and October 20. For more information concerning auditions or other theatre activities call 817-665-8152.

Jelly, Jam Relishes and More

by Evelyn Yeatts County Extension Agent Food Preservation of today for many is more the specialty or gourmet food items. It can be a simple and fun procedure, however.

A special program will be held on Tuesday morning, July 2, with simple and quick ideas for jellies, jams, relishes and pickle products. It will begin at 9:30 a.m. at the Cooke County Electric Coop building near Muenster. Use of the water bath canner will be included also.

especially planned for youth in preparation for a new division in the Cooke County Youth Fair -- Food Preservation. County 4-Hers and interested FHA members are invited to participate in this demonstration program. Other people interested in Food Preservation who are beginners or who haven't done food preservation for some time are invited to participate in this free program also.

To register for the program, call the County Extension Office 817-668-5412.

Muenster Pool busy place this summer

by Daryl Ferber
Shouts of "Help! Help!" echo from the pool, shrill whistles sound from the lifeguards alerting everyone, as lifeguards dive in and swiftly swim to the body floating face down in the water.

Thankfully this wasn't a real happening Friday morning at the Muenster City Pool. It was a practice session for the lifeguards. As two lifeguards reach the body, turn it face up, check life signs, others are bringing the spinal board. This board is the equipment used for possible head, neck or spinal injuries. The injured swimmer is placed on the board, strapped tightly, so as to be immobilized and removed from the water. In the meantime someone has called 911 and additional medical help soon arrives.

These practices were initiated by pool manager, Toni Trubenbach, for the purpose of everyone learning to work together, as a team, and knowing what has to be done.

When the lifeguards first arrive at the pool, early before opening time, they do warm-ups and practice simple rescue techniques. With long red

rescue tubes, (as required by the state) they can rescue swimmers in trouble, sometimes these swimmers are passive or some are struggling. Lifeguards take turns being victims and rescuers so all get the practice.

Muenster pool lifeguards are constantly training, practicing and doing what they need for this important job. They are: manager Toni Trubenbach, Hollie Fuhrmann, Karri Endres, Misty Klement, Jill Hess, Mindy Endres, Leigh Reiter and Erik Walterscheid.

Earlier, at 7 a.m. Friday morning, the competitive swimming class, under the guidance of Michael Ann Rigler, began their training. These 9-12 grade students were learning techniques and style in preparation for swimming meets.

The Muenster City Pool is a busy place all summer, along with swimming lessons, training sessions, public swimming and rental parties. It accommodates all ages with a wading pool for small fry. Not many cities the size of Muenster can boast of such park facilities.

DROWNING VICTIM, portrayed by Jill Hess, is placed on a spinal board, strapped in and is being removed from the water by Erik Walterscheid who is doing the heavy lifting, and, counterclockwise from top, Toni Trubenbach, Mindy Endres, and Leigh Reiter. Daryl Ferber photo

Muenster Cheerleaders attend NCA Camp at UNT

submitted by Joni Sturm
Cheerleader Sponsor
The Muenster High Varsity Cheerleaders recently returned from a very successful participation at the NCA (National Cheerleaders Association) camp held at The University of North Texas in Denton June 5 through 8.

The squad brought home all blue (Superior) ribbons for each day's evaluations. They were judged on the first day for a home cheer. This cheer and stunt was developed before camp and judged on the first day. The remaining two evaluations were for the new camp cheers, stunt and sideline chant. Evaluations were based on formations, sharpness, voice, expression, crowd interaction, and jump and tumbling technique. The squad also earned the coveted spirit stick three days in a row, bringing it home for the trophy case on the final day.

Hornet mascot, Jessica Schoppa enthusiastically participated in two days of mascot training until a family emergency ended her stay.

Individuals were also recognized during the week. NCA camp instructors were on the watch for individuals that excelled in tumbling, jumps, cheer techniques, or leadership. Three squad members were nominated. Seniors Brandi Lutkenhaus and Jennifer Sicking were nominated for leadership abilities and Junior Kim Sturm was nominated for jumping and tumbling skills.

The squad's sponsor, Joni Sturm, spent the week working with the cheerleaders and attending NCA Cheer Coaches training sessions. As a result of her participation she became certified as a NCA Level I Coach.

KIM STURM

Kim Sturm Makes NCA All-American Team

submitted by Joni Sturm
Cheerleader Sponsor
For the second year, Kim Sturm received top recognition at cheerleading camp at The University of North Texas by being selected for the NCA All-American Team. As a member of the All-American Team, Kim represents the top five percent of all students attending NCA summer camps.

The presentation of the NCA All-American Team Award came at the completion of a full workshop of training on cheerleading technique, cheers, chants, jumps, partner stunts, and pyramids as well as a leadership program for sportsmanship, responsibilities, organization and dedication.

As an All-American Team member, Kim is eligible to travel nationally with the NCA Special Events Performance Team. The All-American Team members will be highlighted at the Florida Citrus Bowl in Orlando, Florida, the Brach's Holiday Parade in Chicago, Illinois, and the Aloha Bowl in Honolulu, Hawaii.

MHS Cheerleading Camp July 15-19

The MHS Cheerleaders would like to remind parents to sign up their youngsters for the 14th annual Mini Camp on July 15 through 19. Registration forms were sent home with Muenster ISD students. Parents may also attain a form and more information from the June 10 issue of this newspaper or by calling Joni Sturm at 759-2724.

REAGAN KOESLER, from left, Kristin Grewing, and Allison Endres of the Muenster Lady Hornet Junior Varsity team move in to steal the ball from a Red River Summer League opponent. Janet Felderhoff photo

SARAH HESS of the Sacred Heart Junior Varsity, wearing # 53, puts the pressure on a Lady Eagle at one of the weekly Red River Summer League Basketball games. Janet Felderhoff photo

AMANDA TAMPLIN of the Lindsay Lady Knights JV sinks a free throw as her teammate Dalana Cunningham looks on. The girls have been playing weekly games with the Red River Summer League since late May. Janet Felderhoff photo

LEAH RIGLER of the Sacred Heart Varsity basketball team dribbles the ball down court during a game against Valley View. Janet Felderhoff photo

A pint of oil will cover the surface of an acre of water.

In her prime, a mother minnow can lay 1000 eggs a year.

To beat the heat, some people like the wide-brimmed straw hats to keep cool. But hats made from terry cloth or cotton can be dipped in water and wrung out. As the remaining moisture evaporates, it cools the head, lowering your body temperature.

Girls Softball

Blue 14 Teal 6
Lisa Rohmer started the night with a homerun for the Blue team. Audrey Barnhill pitched and had a good infield defense. Kelly Grewing caught a fly ball. "Everyone fielded and hit the ball well," commented Coach Nancy Lippe.

Orange 5 Blue 4
"We played great defense, but didn't hit the ball well," Blue coach Nancy Lippe said.
Orange 14 Blue 12
"The girls played well, we just came up short," commented Blue team coach. The Orange team came from behind and won the last inning.

Where to Fish

Ray Roberts: Water clear; normal level; 77 degrees; black bass to 6 pounds are good on minnows and Carolina-rigged worms; crappie are fair to good on small minnows and tube jigs fished around brush; catfish are good on rod and reels baited with minnows, chicken liver and prepared baits.

Texoma: Water fairly clear; lake level 617.39; 75 degrees; black bass are good on

spinners, blue fleck and pumpkin seed worms, Rat-L-Traps and Pop-R's; striped and white bass are very good on live shiners and shad with some fish caught on Deep Diving red Fins; crappie are good on minnows and jigs fished in 15 feet of water; catfish are good on shrimp, stink bait, frozen shad and live minnows fished in 15 to 20 feet of water around Lee's Highport.

PUBLIC NOTICE

THE STATE OF TEXAS
Bryan James Frates and to all whom it may concern, Respondent you have been sued. You may employ an attorney. If you or your attorney do not file a written answer with the clerk who issued this suit by 10:00 a.m. on the Monday next following the expiration of five days after you were served this citation and petition, a default judgment may be taken against you.

The petition of Bobby L. McDaniel, petitioner, was filed in the said court of Cooke County, Texas, on the 19th day of June 1996, against James Frates respondent numbered 96-325 and entitled "In the interest of Kristin Ashley McDaniel a child." The suit requests the petitioner request the court, after notice and hearing, to make temporary orders for the safety and welfare of the child, including but not limited to the following: Appointing petitioner temporary managing conservator.

date and place of birth of the child who is subject of the suit is: date: May 22, 1987. Birth place: Brevard County, Florida. The Court has authority in this suit to enter any judgment or decree in the child's interest which will be binding upon you, including the termination of the parent-child relationship, the determination of paternity and the appointment of a conservator with authority to consent to the child's adoption.

Served and given under my hand and Seal of said Court at Gainesville, Texas, this 19th day of June, 1996.
Attest:
Pat Payne, Clerk,
of the 235th District Court,
Cooke County, Texas
/s/ Susan Hughes, Deputy

Oil & Gas Report

The Commission issued a total of 1,080 original drilling permits in May compared to 988 in May, 1995. The May total included 819 permits to drill new oil and gas wells, 39 to re-enter existing well bores, and 222 for re-completions. So far in 1996, there have been 5,085 drilling permits issued. Permits issued in May included 420 oil, 267 gas, 347 oil and gas, 37 injection, and 9 other permits. In May operators reported 411 oil, 373 gas, 31 injection and five other completions, compared to 365 oil, 325 gas, and 21 injection and other completions during the same month of last year. Total well completions for 1996 year-to-date is 3,609 about four percent above the 3,463 recorded during the same period in 1995. Operators reported 1,072 holes plugged and 179 dry holes.

Hey, Hey! It's the Monkees at Six Flags in concert July 4

The Monkees, TV's first video band, will bring their 30th anniversary reunion tour to Six Flags Over Texas on the Fourth of July at 8 p.m. An unprecedented show business phenomenon, the Monkees captured America's heart with their breakthrough, Emmy award-winning television series. Outselling both the Beatles and the Rolling Stones combined in 1967, the Monkees charted repeatedly with such classics as "I'm A Believer," "Last Train To Clarksville" and "Daydream Believer." Concert tickets are \$5 plus park admission and can be purchased at any Ticketmaster outlet, at the Six Flags concert ticket booth during park hours, or by phone by calling metro 214-647-5700.

Farm & Ranch

Muenster Livestock to hold the Rehab Auction

Each summer, for the past 28 years, farmers, ranchers, businesses and individuals in the surrounding Muenster area have joined together for a common cause called The Rehab Auction. The livestock and merchandise donations for this auction are the major source of revenue for the charitable services provided at the North Texas Rehabilitation Center.

The Rehab Center has been providing service to North Texas and Southern Oklahoma for the past 48 years. This year the Center will see approximately 1,400 clients and their families, providing support and hope during their medical situation.

The 1996 livestock auction

will be held Muenster Livestock Commission on Thursday, July 18. Anyone wishing to donate livestock to this annual event is encouraged to designate the livestock to be given to the Rehab Center.

All types of new merchandise and livestock will be appreciated. Tune-in to KFDX TV-3 on Wednesday, July 17, to bid on the 96 items on the TV Auction. Then join Saturday, July 20, at OPEC in Wichita Falls, for a day filled with auctions, drawings and a fashion show. The new "Under \$300 Auction" begins at 4:30 p.m. Admission is free all day. For more information, call Bonnie Jones at (817) 322-0771.

County Agent's Report

by Craig Rosenbaum

"UTILIZING DROUGHT DAMAGED CORN AND MILO" WORKSHOP

This year certainly has seen unfavorable growing conditions for many of our feed grains in the county. These conditions require special management, handling, and conversion processes before this forage can be fed to livestock. In order to acquaint producers with various management decisions, a workshop will be held on Wed., July 10, from 9 a.m. until noon. We will look at utilizing damaged plants for silage, pasturage, green chop and baling.

Dr. Sandra Stokes, Extension Dairy Specialist from Stephenville, will present a program on Making, Storing, and Feeding Silage.

In addition, Kenneth Klement, with Klement Brothers Dairy, will present a section of the program on Stacking Silage on Open Pads, Feeding, Equipment Needs, and Other Elements for Producers to Consider in Utilizing Silage in Either Dairy or Beef Rations.

The program will begin at the Klement Brothers Dairy at 9 a.m. The Klement Brothers Dairy is located south of the Hood Community on County Road 337. Whether you are a dairy or a beef producer, you will want to attend this alternative feeding workshop. The Klement Dairy has been producing silage on open pads for the past several years with a great deal of success in both wet and dry periods.

GAUCHO INSECTICIDE DEMONSTRATION

During 1995, Gaucho Seed Treatment was labeled for use on wheat. Gaucho is a systemic insecticide labeled for greenbugs, other aphids, Hessian flies and wireworms. We established two demonstrations in the county using Gaucho in comparison with an untreated check on various wheat varieties. These two demonstrations were conducted on the Fuhrmann Brothers Farm north of Lindsay and the Schumacher Brothers Farm near the Hood Community. Two rates of 1 oz. and 1.5 oz. per cwt. were used. No significant difference was noted in either rate. We did a very good job of controlling greenbugs through the fall growing season having rated the plots for greenbug populations during November and December.

At the Schumacher Brothers Farm, there was an average of 4.7 bushels per acre increase with the Gaucho treated seed as compared to the untreated check. The Fuhrmann Brothers Farm showed an average increase of 6.1 bushels per acre.

Several of our seed dealers in the county will be able to treat producers' seed with Gaucho for the 1996-97 season.

Be sure and contact your local dealer in order to set up times for cleaning and treating of your planting seed. My understanding is that pricing of the Gaucho treatment will be coming the early part of summer. Last year the Gaucho treatment along with seed cleaning and a Vitavax treatment was costing approximately 10 cents per pound. I assume that pricing will be somewhere in that range this year.

The following chart is results of the Fuhrmann Brothers Demonstration. This particular location received a good deal of hail damage prior to harvest. Gaucho offers producers excellent opportunity for early season greenbug control. Our appreciation to both Fuhrmann Brothers and Schumacher Brothers for their support and evaluation in this result demonstration work.

Variety	UTC			Gaucho @ 1.5 lb./cwt.			Gaucho @ 1.0 lb./cwt.			Increase (Gaucho) Over UTC

Gramm takes Dole's Agriculture Committee Seat

The announcement that U.S. Sen. Phil Gramm (R-Tex.) will fill the Senate Agriculture Committee seat vacated by former U.S. Sen. Bob Dole is great news for Texas farmers and ranchers, according to the president of Texas Farm Bureau.

"We are facing some of the worst agriculture problems related to drought that this state has faced in a long time—maybe the worst problems ever," Farm Bureau President Bob Stallman said. "And it's going to be very important to have an advocate for Texas agriculture in Washington D.C., and appropriately placed

on the Senate Ag Committee to help us out."

Gramm said his first and most critical mission on the Agriculture committee will be to make certain drought-stricken Texas agriculture producers have every bit of assistance that the U.S. Department of Agriculture is capable of providing. He said the current drought represents the largest threat to the state's agriculture industry since he's served in the Senate.

"I believe this new committee assignment will help me help farmers and ranchers in Texas," Gramm said.

New respect for crabgrass

Crabgrass may be just the crop you are looking for. With changes in the federal farm program, the opportunities to use it for high-quality summer grazing as a second crop on wheat ground are nearly limitless.

An increasingly common practice is to graze crabgrass in wheat stubble. It's fibrous root system makes it an excellent scavenger of residual nitrogen.

Crabgrass can be used as a double crop with nearly all the winter forages, including annual ryegrass and some clovers.

According to the Nobel Foundation in Ardmore Oklahoma, Red River Crabgrass is the better variety. It is only available commercially and was selected for its high production, high leaf to stem ratio and its long growing season.

Production by crabgrass stands can be as high as six tons per acre or lower than one ton per acre. The highest will come from fields where

crabgrass is the only crop grown. Although the grass does well in many places, it will not survive on water-logged soils, pure clay, pure silt or pure sand. It produces best in various sandy soils, loamy fine sand and sandy loams. The growth season for crabgrass is similar to bermuda grass. Crabgrass is dependable. It responds well to moisture and fertilizer and to tillage, but dislikes extremely low fertility. Crabgrass grown on tilled ground is the most productive, but will cost more than no-till. No-till crabgrass may be the most profitable crop. It can be established and managed to volunteer year after year and grazed somewhat opportunistically. The most common uses for no-till planting is establishing a volunteering stand in winter annual pasture of grain.

For more information on crabgrass grazing, contact F. Dalrymple at the Nobel Foundation.

New Food Safety Technology Approved

The meat industry has a new tool to remove bacteria from carcasses, and it's not a knife. The U.S. Department of Agriculture announced the approval of a new high-temperature vacuum technology that slaughter plants can use to remove visible contaminants.

Before this, knife trimming was the only approved means of achieving the zero-tolerance standard. High-temperature vacuuming works by spraying either steam or hot water on the midline of the beef carcass or on the hindquarter. The heat kills the microorganisms, and the vacuum removes the water and bacteria.

Don't cull all cows that abort

Cows infected with *Neospora caninum* may abort a calf once, but seldom will a second time, says researchers. That means there is no need to cull cows for fear they will abort again.

Abortion caused by *N. caninum* can occur at any time during gestation. Sometimes calves are born weak and paralyzed and die within a week. Some heifers are born infected and free of symptoms, but subsequently give birth to infected calves. Cows that become infected and abort a calf remain clinically normal.

Researchers have developed a test to diagnose neosporosis, but no vaccine of treatment exists.

Government offers help?

The US Government's plan to provide cattlemen relief from low prices includes: Permitting producers to graze cattle immediately and, beginning July 1, cut hay on Conservation Reserve Program land - excluding the most environmentally sensitive acres - at a reduced rental rate.

Promoting export of US beef with export-credit guarantees and other tools.

Purchasing up to \$50 million of beef for the 1996-97 school year and considering additional purchases later.

AGRIFACTS

Lured by high grain prices and bad memories of last years devastated cotton crop, many Texas Valley farmers are deciding to grow sorghum instead.

Springs, just 17 miles west of downtown Kansas City.

U.S. agricultural exports to southeast Asia reached nearly \$2.6 billion in fiscal 1995 and expected to reach \$2.7 billion in fiscal 1996.

planting 100,000 acres of cotton and 520,000 acres of grain.

Beef retailers are being asked to pass along to consumers to lower beef prices they pay cattlemen.

Cattlemen receive, for example, 15-17 cents per pound for an older cow, which in turn sales in the meat market for an average of \$2.00 per pound for hamburger.

Questions about the efficiency of tower and bunker silos are answered in a new publication, "Tower Silos and Bunkers: Know the Facts."

Information includes initial cost, capacity, losses, filling time, sealing-covering and feeding.

For a free copy, write to Crop Storage Institute, P.O. Box 560, IN, 47902-0560.

The National Agricultural Center and Hall of Fame is open for the 1996 season.

The Center houses thousands of agricultural and rural artifacts, including a one-room school house, steam engines, blacksmith shop, barbed wire collection and a one mile nature trail. Expansion plans for the season include the construction of a farmstead of 1890 to 1920, including a farmhouse, shed and barn.

The Ag Center is located near the interchange of I-70 and Kansas Route 7 at Bonner

New Animal ID Program

A voluntary program for giving all species of farm animals a unique lifetime number to allow positive identification is a concept which may become reality as early as 1997. Under the program each animal would receive a 12-digit code as to specie, breed, sex, state and

nation of origin and an individual serial number useful in positive ID traceback to farm of origin.
