

The policy of the truck drivers' union in demanding that farmers who haul their own produce into union dominated cities either hire union drivers to accompany them or secure union cards for themselves brings up a fundamental question regarding the purpose of organizations. Is union membership intended as a means to insure protection of the worker's right in dealing with his employer or is it intended as a means to obtain tribute for the union?

According to the original purpose there is no reason why a farmer driving his own truck should join the union. Being his own employer he has no use for the union's service. But it happens that the union has use for the farmer's money -- and it enjoys the dictatorial power of being able to tell the farmer what he can do.

An unfortunate sidelight on this subject is the decision handed down by Justice Byrnes of the Supreme court. He virtually legalized the use of force by union members to prevent farmers from driving their trucks into union dominated territory.

Pursued to its logical conclusion that policy could develop into an absurd situation. Eventually a man may find that he has no right to do a minor repair job on his home unless he has a membership in several building trades unions. Nor could he tinker with his car or radio without exposing himself to court action and the wrath of labor bosses, perhaps becoming the victim of a vicious boycott.

It's one thing when unions put the pressure on employers in order to see that their members get a fair deal. It's another thing altogether when they extend their dictatorial influence over people who never had reason to deal with their organization. Their policy toward truck driving farmers has only two possible purposes, to collect dues or to force the employment of union drivers. In either case it's an unnecessary and unjustified expense to the farmers.

Perhaps the unions haven't yet heard of the folly of killing the goose that lays the golden egg. Public opinion has been generous for the past ten or twelve years but it cannot long survive this kind of abuse.

The San Francisco world peace conference is closed. The momentous document which is to serve as a pattern for world harmony has been approved and signed by the largest group of nations ever to gather for a discussion of their problems.

Because of conflicting interests compromises had to be made. No one nation can consider the plan ideal for its own condition. But on the whole it is an agreement entered in good faith and as long as it is observed in the same spirit it will serve its purpose.

The every day course of world events will bring many more problems, each to be met in a spirit of fairness. Nations will have to make concessions in an effort to meet on acceptable terms. All of them will have to be considerate of the rights and interests of others, if they do not this conference will only go down as another of the world's unsuccessful peace parleys.

Today as always the only lasting formula for peace is that given twenty centuries ago at the stable of Bethlehem -- good will, a sincere effort to be fair in all dealings with our fellow men. If at long last the world sees fit to exercise that virtue it will be rewarded by a golden era of happiness. But if it continues to apply the old rules of hatred, greed, distrust and lust for power, violence will break out again in spite of the most expert diplomatic phlegm of the security council.

For the present, while the world is in its chaotic condition, caution demands the exercise of certain precautions. In this country we propose to train our youth, establish distant naval and air bases and conduct scientific research for more effective weapons. Russia is holding a huge standing army. Britain, France and the other countries are all doing something in order to avoid being caught by surprise.

Continued friction could intensify these measures to the tempo of another armament race, eventually plunging into another global slaughter. Friendly, harmonious relations could lead to the happy realization that the precautions can be relaxed without endangering the security of any of the nations.

Referring to the millions of dollars wasted on the Central American highway, a congressman indignantly remarks "What of it? This is war and it was essential to build a road from United States to the Panama canal regardless of cost."

There comes the revelation that

(Continued on Page 4)

# MUENSTER ENTERPRISE

VOLUME IX

MUENSTER, TEXAS, COOKE COUNTY, FRIDAY, JULY 6, 1945

NUMBER 33

OUR BOYS WITH THE COLORS

## Reports For Duty

Ens. Rita Voth, who was sworn in as a Navy nurse sometime ago, was called Wednesday to report at Norman, Okla., Naval Base. She is the daughter of Mr. and Mrs. Barney Voth.

## Souvenir Typewriter

Sgt. Alois Rohmer recently sent home a German typewriter as a souvenir and told his parents, Mr. and Mrs. Leo Rohmer, to be sure and take good care of it until he came back. It is very similar to an American upright typewriter, though considerably larger and heavier, and is equipped with English letters.

## Overseas Furlough

Cpl. and Mrs. Paul Yosten and baby came in this week from Rock Island, Ill., on furlough to visit their parents, Messers, and Mmes. Bob Yosten and T. Miller. Cpl. Yosten is due to receive overseas assignment and this will be his last visit home, according to present reports. Mrs. Yosten and daughter will remain with her parents.

## Completes Special Course

S.Sgt. Fred Yosten this week completed a special course in airplane mechanics at Chanute Field, Ill., and is here for a short visit with relatives after which he will report back to Randolph Field where he is an instructor. His wife, who was here with her parents, Mr. and Mrs. I.A. Schoech, during the past six weeks will accompany him to San Antonio where they make their home.

## Roberg Brothers OK

Recent letters from the Roberg brothers to their mother, Mrs. Katie Roberg, advise that they are well and seeing plenty of action. Lawrence wrote from the Philippines and Louis said he had just left Okinawa and was now near home but not near enough to get a leave. Both serve aboard ships.

## "Sweating It Out"

A letter this week from M. Sgt. Jimmy Lehnertz to his parents, Mr. and Mrs. Joe Lehnertz, states he is still "sweating it out" in Italy and is not yet on his way home, but hopes that boat passage will be available at an early date so that he can get started.

## Timberwolves In N.Y.

Maj. Gen. Terry Allen, commanding general of the 104th Timberwolf division and 6,493 cheering veterans of the division arrived in New York on July 3 for redeployment in the Pacific. Serving as a member of this division is Pfc. Herman Stoffels, son of Nick Stoffels of this city. While no definite word has come from Herman up to Wednesday saying he is in the states, his father had a letter sometime ago advising not to write until he heard from him again, so it is believed he has arrived with the group. They are to be reprocessed and then granted 30-day furloughs, according to an Associated Press report on Tuesday.

## BISHOP DANGLMAYR IS HERE ATTENDING FATHER'S BESIDE

The Most Rev. Augustine Dangelmayr, auxiliary bishop of Dallas came to Muenster Tuesday after receiving word that his father, Joseph Dangelmayr, was seriously ill. The latter has been confined to bed with an ailment and suffered a sinking spell Tuesday. The Rev. Bishop intends to spend several days at his bedside.

Accompanying him to Muenster was Rev. Thomas Weinzapfel who is the guest of his parents, Mr. and Mrs. J.M. Weinzapfel.

## RAYMOND HESS HURTS HAND AT OIL WELL

Raymond Hess suffered a painful hand injury at about 1:30 a.m. Wednesday while drilling for Richards and Son on the Henry Fleitman lease.

Two fingers of the right hand were lacerated on the inside middle joints while operating the drilling clutch.

He was treated at the local clinic and the attending physician reported that no bones were broken. He will likely be off duty for several days as the result.

## Equalization Board To Meet

The equalization board for the city of Muenster will meet on June 20, the city council announced at its meeting Monday. Serving on the board will be F.J. Hess, R.L. McNeley and I.A. Schoech.

## SHIP FITTER

—Tom Parkinson, ship fitter third class, is serving aboard a transport in the Pacific and took part in the invasion of Okinawa. He entered the Navy in May 1944 and took boot training at San Diego, Calif. He has been doing sea duty since Sept. 1944. He is the husband of the former Miss Nina Cason, daughter of Mr. and Mrs. J.B. Cason of this city, who with their children, Jackie and Jeanne, is making her home with her parents since he is overseas. His parents, Mr. and Mrs. Tom Parkinson, Sr., make their home in Houston.

## Norbert Walterscheid's Division Is Praised For Work In Germany

Pfc. Norbert J. Walterscheid, son of Mr. and Mrs. John Walterscheid a member of the 78th "Lightning" Division, has sent home a letter of commendation that members of his company received from their commanding officers recently.

The letter addressed to personnel of the 552nd A.A.A.W. Bn. is as follows:

The great accomplishments of the men of this organization in conjunction with the 78th Division have made us an integral part of that Lightning Division. We have every reason to be proud of the achievements this still young team has recorded.

During the "mopping up" process in the Ruhr pocket, we took over 1500 prisoners including two generous officers. We took numerous towns and aided our infantrymen in the capture of many more places. We have added a new page to the annals of antiaircraft artillery history.

It is a great honor and a privilege to be permitted to serve with such a fine group of soldiers.

The Ruhr pocket has ceased to exist. One entire German Army Group which was trapped in that pocket has been eliminated. You, men of the Lightning Division, and attached supporting arms played a major part in writing the final chapter in this great military debacle in which the total number of prisoners taken is believed to be larger than in any other single operation of this war.

There were many obstacles in your path. You had to advance on an extremely wide front over rough and heavily wooded terrain. You were charged with the mission not only of advancing in your zone, but also of clearing that zone completely of all enemy forces. It was a difficult job.

On the 6th of April you crossed over the Sieg River and began the operation. You broke through the defenses along the north bank of the river and continued on to the high ground, smashing again and again through the enemy resistance, which, though it may have been described as moderate or sporadic in general terms, is without any such fine distinction to the squad of men who met the enemy's fire and moved forward to neutralize it.

In eleven days you advanced more than 50 miles against the enemy. You captured 47,581 prisoners, including 7 General Officers. You captured some 120 towns and villages. You cleared over 300 square miles of enemy territory. In your advance you freed many American and Allied prisoners of war, some of them members of our own division who were captured around Schmidt. You have set free many thousands of Russian, Polish, French, and other slave laborers who are now plodding their way homeward. Your accomplishments have been magnificent.

The courage, fighting heart, and aggressive spirit which broke the Seigfried Line, wrested Schwam-mannau Dam from the enemy, and secured the now famous Ram-sagen bridgehead are still with you. There is no finer group of fighting men in the world. I am proud and American will always be proud of and grateful to you.

## Cattle Feeders Can Apply Now For Beef Cattle Payments

Cattle feeders in Cooke County can now apply to the County AAA office for beef cattle production payments under the Government's new program to increase the production of meat.

Feeders are encouraged to feed more cattle, including those he purchases and those he raises, to good choice grades under the new program. The method of payment is similar to the dairy payment program also handled through the County AAA office, according to County AAA Chairman, J. I. Biffle Jr.

The beef cattle production payment amounts to 50 cents per hundredweight on Good or Choice cattle weighing 800 pounds or more and selling for at least minimum stabilization price, which for sales in this county is \$13.50.

This is the first meat production payment made directly to livestock feeders. The program is designed to help hold the line against inflation by preventing sharp increases in retail prices which might lead to uncontrolled increases in wages and other economic factors.

The beef cattle production payment is available to all feeders, including slaughterers who also are feeders, provided their cattle meet the program requirements.

To be eligible a feeder must certify on his application (1) that he owned the cattle at least 30 days before their sale; (2) that the cattle weighed at least 800 pounds when sold; (3) that the cattle brought not less than the minimum price for good grade, and (4) that the cattle were sold for slaughter to an authorized slaughterer.

An authorized slaughterer is any who operates under Federal inspection or under the OPA permit at the time he slaughters the feeder cattle on which the payments have been made.

A feeder-slaughterer is eligible to receive payment provided payment has not previously been made on his cattle. He may also receive payment on cattle he raises provided they are eligible under the program. To collect payment he must substantiate the date of purchase, the price he paid, and the weight at the time of purchase. He must also certify the grade and weight of the carcass after slaughtered to further determine the eligibility of the cattle.

A feeder other than a feeder-slaughterer must present sales receipts, invoices, scales tickets, or other written evidence from a buyer to verify (1) date of sale, (2) the name of the buyer, (3) the point of sale, (4) the number of head, (5) the total liveweight, (6) the price received, and (7) the name of the legal authorized slaughterer to whom sold.

In addition the feeder, if he did not raise the cattle, must show the status of the cattle at the time he purchased them by furnishing the name of the person from whom purchased, and the date of the purchase. The feeder may also be required to furnish evidence that the payment has not been made previously on these cattle.

Payments will be made from funds of the Commodity Credit Corporation of which \$40,000,000 has been authorized.

Farmers may obtain details of the program from their local AAA office. Applications will be accepted and payments made by the County AAA office as soon as the necessary forms are received.

## REV. FATHER THOMAS CALLED TO BESIDE OF MOTHER IN ARK.

Rev. Thomas Buegler, Muenster pastor, left early Wednesday morning, following receipt of a message Tuesday, that his 82-year-old mother was seriously ill at her home in Fort Smith, Ark. He expected to be at her bedside for several days.

The pastor's mother has been afflicted with a heart ailment for several years and this week suffered two attacks.

## DR. MYRICK'S HORSE TAKES RIBBON IN MINERAL WELLS SHOW

Dr. T.S. Myrick's Palomino, Don Oro, took the ribbon for fifth place in the harness and bridle class for stallions of the horse show in Mineral Wells Friday. The show was held in connection with the Third annual Palo Pinto County Livestock Show and Rodeo. Don Oro competed with 30 fine horses from the state and some entries from Kansas. He was ridden by Tony Traubach, Jr.

Attending the show from this city were Dr. and Mrs. T.S. Myrick, Mr. and Mrs. Traubach, Mrs. Herman Fette and Earl Lehnertz.

## S. Sgt. Jack Needham Returns Home From German Prison Camp

Liberated Myra Youth Who Experienced Many Hazards Is Grateful To American Red Cross

From the mental diary of S. Sgt. Jack Needham, son of Mrs. Ruth Needham of Myra, and cousin of Mrs. Walter Richter of this city, came many things of interest, horror and truth of what American soldiers, who were German prisoners, had to endure. Jack returned home last week for a 90-day furlough after being a prisoner of war for 14 months. He served as a photographer aboard a B-17.

"It was on Feb. 22, 1944, in the afternoon, when I was captured. Our plane had made a successful bombing mission, attacking an aircraft factory in Regensburg, Germany, and was on its way back to Italy, when we were hit by flak. We tried to ride the plane in after the first attack which took two of the engines, it was vibrating badly, then came six 109's, flying in on a tall attack. This got the tail gunner and tore the tail of the plane up. The next thing we knew, we were surrounded by 109's and the top turret was knocked out of commission.

"A 20 m.m. shell exploded in the plane, about a foot above my head and knocked me to the floor in a semi-conscious condition. My head was cut. It was then that the crew decided to bail out and seven of us escaped the flaming ship. The pilot stayed with his plane and two of the crew members had been killed.

"It was my first parachute jump and I landed in the middle of a hard road, covered with three feet of frozen snow and ice. Immediately the Germans were there and took me and my buddies and another crew from a plane that had evaded ahead of us, and we set out on a march.

"Our destination was a German air field and that night we were taken by truck to the Gestapo headquarters at Munich where we were given the third degree. Our treatment was harsh, but not brutal. Next to Frankfurt-am-Main for more interrogation, then to a prison camp in East Prussia. Here we found some 4,000 prisoners, mostly British and Canadian. I was here from the 6th of March to the middle of July, with some 6,000 others.

"Conditions here were fair, in the strict sense of the word and we had adequate Red Cross food and supplies. If it hadn't been for the Red Cross packages coming in to us, we would have been mighty hungry, however, they did come through though and we were able to make it. Everything was shared equally. Personally, I received no brutal treatment.

"In July when the Russians invaded East Prussia the Germans evacuated us by boat to Northern Germany. When we were unloaded we were handcuffed and placed under guard of German Naval cadets all about 18 or 19 years old. They were healthy specimens.

"We were led to box cars and rode for two days. We were very thirsty. We still had enough food from Red Cross packages and we ate plenty which only made us thirstier. We were not given water during the trip, nor when we were unloaded, instead we were ordered to run -- and I mean run. It was about 100 degrees summer heat and the thirst was almost unbearable. The run was for three miles. About one-third of the fellows didn't make it. I was fortunate in making the run, though

## BAPTIST REVIVAL HERE BEGINNING JULY 15

The local Baptist congregation has announced that a revival will be held at the church beginning Sunday, July 15.

Rev. J. Calvin Dennis, pastor, and Rev. Paul Tompkins of Bonita will conduct the services.

Members extend a cordial invitation to everyone to attend.

thirsty, without any ill effects. The points of those German bayonets in my back, might have had something to do with it," he added grinning.

"I dropped all of my personal possessions and most of my clothes as I ran, which made it easier. We arrived at another prison camp and late that night were rationed one cup of water per man. It took three days to search and question us again and during this time we were housed in tents and slept on the ground. Treatment was rough.

"Then we were moved to the main prison camp, Air Camp No. 4 at Belgard, and our treatment became normal. I was here for 8 months. During this time our food consisted of two meals a day, if you could call them meals. There was no breakfast. Our menu consisted of dehydrated vegetable soup, occasionally potatoes, and a small daily ration of black bread.

The soup was always buggy and wormy but we made a sort of a game out of it, seeing who could find the most worms per meal. Through all this morale was pretty high. Red Cross packages helped along and the YMCA furnished us with recreational facilities such as base ball equipment, games, and later even a piano. We had the freedom of the camp from 7 a.m. to 5 p.m. Our quarters were crowded, 24 men occupying 16 x 16 rooms. We had wooden sleeping bunks, three deep.

"The Russians caused another evacuation when they entered the Berlin area and we started marching on Feb. 6, 1945, and spent a week at Mardenburg. The food was terrible here and we lost weight rapidly. By the time we were marched back across the Elbe we were louse-infected. We walked a total of about 500 miles to liberation which came on April 26, when the 104th Division of the First Army set us free. I had lost some 40 pounds during this time going from 160 down to 115. I was in a hospital in England until June 7 when I began my homeward trip. I was flown via Scotland, Iceland and New Foundland to New York. Within 24 hours I was on my way home.

"I regained a lot of my lost weight in the hospital and what I'm doing is Mom's cooking now, which is incidentally the best in the world, I think, will soon have me over the top."

Sgt. Needham is 23 years old, a tall, genial, very friendly boy, a typical Texan, who answers questions patiently and pains-takingly, occasionally side-tracking or perhaps saying, "Oh, about that? It wasn't much to tell about. I have a much funnier story about what we did one evening in a Paris cafe". He's a natural when it comes to imitating, and while he tells a yarn, he makes it hilariously funny by aping facial expressions and tone of voice to fit soldiers, natives or cafe waiter, be it German, Italian or French.

He doesn't dwell on the horrible things he has gone through, recalling rather incidents that are merely outstanding in so far as their interest is concerned. He was high in his praise of what doing on the home front have been doing in the way of buying bonds, supporting Red Cross, and manufacturing war weapons -- and once added, "While we were prisoners the Germans never failed to inform us of strikes going on in the states, they tried to lower our morale that way. Strikes did burn us up, but we never let on to our captors."

He wears the Air Medal with silver oak leaf cluster (denoting 5 additional medals) for aerial combat, having 43 missions to his credit; the Purple Heart for wounds; the EAME ribbon with 7 battle stars; the Good Conduct medal and a presidential unit citation, awarded the famous 97th Bombardment Group of the 15th AAF with which he served.

Upon completion of his furlough he will report to Florida for re-assignment. He has 151 points toward a discharge but says he isn't interested in getting out of the air forces -- he loves it -- he'd really like to get a crack at the Japs, and is seriously considering staying in as his life's work, making it his career. There's nothing like aerial photography, he concludes.

Sgt. Needham entered the service by enlistment on Dec. 20, 1940 trained at Patterson Field, Colorado, and Fort Dix, N.Y., going overseas on Aug. 31, 1942. He saw action in North Africa, was on Pantelleria Island on D-Day and served in the Italian and European theatres.

## Local NEWS Briefs

Herbert Meurer was back at his bank duties Monday after a two weeks' vacation.

Mr. and Mrs. Al Bayer and children of Howzeville spent Sunday here with relatives.

Pvt. F.A. Kathman of Sheppard Field was home for a weekend visit with his family.

Mr. and Mrs. R. L. McNeelley made a business trip to Dallas Tuesday.

Mrs. Ruth Fielder of Wichita Falls is in for a visit with her children at the home of Mrs. Edna Fielder.

Dick McEntire moved Monday from the house he sold to Joe Otto to occupy the John Fisher cottage, north of John's home.

Miss Leona Haverkamp of Fort Worth spent Sunday with her parents, Mr. and Mrs. J.J. Haverkamp and family.

Joe Otto bought the Dick McEntire house in the city last week and on Monday Mrs. Isabell Fette moved to occupy it.

Mrs. Ben Weker of Gainesville formerly of Muester, reports this week that her son, Jimmie, recently left the states for his second trip across the Pacific.

Miss Olivia Stock spent the weekend in Dallas visiting relatives and friends and enjoyed seeing the stierlight opera, "Countess Maritza" at the Fair Park auditorium.

Mr. and Mrs. Joe Devers are the parents of a son, Billy Joe born at Gainesville on June 26. The baby is the grandson of Mr. and Mrs. Albert Knabe of this city.

Lt. R.N. Fette of Fort Sill had

as Chiropractic College at San Antonio. Miss Otto said she enjoyed receiving the Enterprise and that it is just like a visit with homefolk every weekend.

Sgt. Harlan Bridwell of Forestburg, former editor of the Forestburger, wrote his parents from France on June 16 saying he had been awarded the Bronze Star medal on June 15 for "heroic achievement in connection with military operations against the enemy", that he has chalked up 102 discharge points and expects to be home in about a month. He serves with a Signal Company.

### MRS. JAKE PAGEL IS CDA HOSTESS THURSDAY

Mrs. Jake Pagel was hostess in her home Thursday evening for the regular monthly social of the Catholic Daughters of America.

Progressive 42 series furnished diversion for member and prizes were awarded to Mrs. Joe Kathman for high score and galleping award and to Mrs. Paul Fisher for low.

Refreshments of ice cream and cake were served by the hostess.

### MARY ANNE FELDERHOFF HAS BIRTHDAY PARTY SUNDAY

Mary Anne Felderhoff was honored with a party Sunday in observance of her 13th birthday at the home of her mother, Mrs. Joe Felderhoff.

Twenty classmates of the honoree attended the affair and presented Mary Anne with an assortment of lovely birthday gifts.

Following outdoor games, and a delicious plate supper to the group. The table was centered with a large decorated cake, flanked with garden flowers.

## Washington Notes

By Congressman Ed Gossett

Washington, D.C., June 29. Complaints of the sugar shortage continue to flood this office. Last year per capita civilian consumption in America was 24 lbs. This year only 70.3 pounds per capita is available. A sugar expert has given me the following figures, for which I cannot vouch. We buy all of the sugar produced in Puerto Rico, Hawaii, Cuba, and the Dominican Republic. 1945 production estimates are: Puerto Rico 900,000 tons, Hawaii 300,000 tons, Dominican Republic 450,000 tons, Cuba 3,650,000 tons, U.S. sugar beets 1,000,000 tons. U.S. sugar cane 450,000 tons. From this supply the following deductions must be made: certain allotments to the British Empire which before the war received all the Dominican sugar and one-third of Cuban production; 1,200,000 tons to the military. Sugar shortages occur as follows: 500,000 tons in U.S. beet sugar production, 50,000 tons in Puerto Rican production, 50,000 tons in Hawaiian production. Thus normal civilian supplies are cut over 3,000,000 tons.

Some reasons given for these are OPA price limitations, Commodity Credit Corporation's restrictions on subsidies, labor and machinery shortages, etc. We have no shortage limitations in this country at present, but much acreage has been diverted from sugar production to more profitable crops. It seems proper foresightedness on the part of War Food Administration and OPA should have averted this situation.

Some of us this week tried unsuccessfully to strike from the 38¢ per dollar Army bill a provision that none of the money should be spent to purchase oleomargarine. The dairy lobby continues to be successful in placing policies above principle in such discriminations against this healthful, wholesome, palatable product.

### DR. H.H. TERRY GETS NEW ASSIGNMENT

Dr. H.H. Terry, director of the Cooke County Health Unit, has been transferred to other duties with the department, his transfer becoming effective July 1, according to the local office. Dr. Terry has been in Gainesville in the capacity of director since October 1939. E.I. Dreschel, sanitarian, will be acting director until the vacancy is filled. It was reported.

### SGT. BEN JONES STILL ON DUTY IN ENGLAND

Mrs. Willie R. Jones of Forestburg reports this week that her son, Sgt. Ben Jones, is still on duty in England where he is stationed at Camp Blandford with the 140th General Hospital. Ben landed in England one year ago this month, and wrote that he will soon be on his way home. He spent the past year in X-ray work on battle wounded soldiers

made largely from cotton seed oil. The Rural Electrification Administration appropriation bill passed the House this week. The REA sought 230 millions, the Bureau of the Budget recommended 160 millions. The Appropriation Committee brought in a bill recommending only 50 millions. However, we finally increased this allotment to 120 millions. This represents authorized loans and will be repaid to the government. REA has done a splendid job of public service.

An amendment to the OPA bill now before Congress is hoped will relieve the meat situation. This amendment permits anyone to slaughter livestock upon receipt of sanitation certificate from the Department of Agriculture.

It was my privilege this week to meet and visit briefly with Lieutenant Gen. L.K. Truscott, Jr. who succeeded General Mark Clark in command of the Fifth Army in Italy, and who has just returned to this country. General Truscott was born in Navarro County, Texas, the son of a country doctor. His grandfather, James J. Truscott, organized Knox County in which is located the town of Truscott, named for him.

Congressman John Lyle of Corpus Christi, who fought under Truscott in Italy, says he's the finest officer in the American Army and but for him the Anzio beachhead would never have been held.

By the way, the old saying that generals die in bed is false so far as this war goes. To date we have had 15 generals killed and have lost 11 admirals.

Two dramatic bits of world pageantry occurred this week on opposite sides of the earth. On June 24 in Moscow the Russians held their Victory Parade, 640 German battle flags, captured by the Red Army and headed by Hitler's personal standard, were dragged around the Red Square and in appropriate settings, and with great ceremonial, hurled one at a time into the gutter in front of Lenin's tomb. In San Francisco on June 26, 50 nations affixed their signatures to a world charter designed to make obsolete future celebrations such as occurred in Moscow.

Incidentally, a curious angle to the San Francisco conference is the survival of French as the language of diplomacy. All documents, to be official at the conference, had to be transcribed in both French and English.

Private Durley B. Davis, Jr. of Henrietta, who spent four months in a German prison camp, came to see me this week. He was liberated by the Russians and thinks them great people. He is proud of a fine camera given him by a Russian lieutenant. Technical Sergeant Chidwick E. Wilson of Electric just back from 24 months overseas, is now in the office. We are trying to help him get transportation for his English wife and baby to America.

Ben formerly drove the milk truck from Forestburg to the cheese plant and has many friends here.

 To: Elizabeth Filetti Greetings:  
 You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 6th day of August, A.D. 1945, at or before 10 o'clock A.M., before the Honorable District Court of Cooke County, at the Court House in Gainesville, Texas.  
 Said plaintiff's petition was filed on the 16 day of June, 1945.  
 The file number of said suit being No. 14416.

The names of the parties in said suit are: John L. Filetti as Plaintiff and Elizabeth Filetti as Defendant.  
 The nature of said suit being substantially as follows, to-wit: Suit for divorce from the bonds of matrimony, plaintiff alleging certain acts of infidelity on the part of the defendant as grounds therefor, as is more fully shown by plaintiff's petition on file in this cause.  
 Issued this the 18th day of June, 1945.  
 Given under my hand and seal of said court, at office in Gainesville, Texas, this 18th day of June A.D. 1945.

 TO: O.S. Carthen, Mrs. C. A. Wadlow and husband, if married, whose name is unknown, Mrs. E. L. Johnson and husband, if married, whose name is unknown, Emmett L. Dick, Ernest A. Dick, J.C. Johnson, Morris Barron and Roy Joe Griffin, and all persons claiming any title or interest in the land hereinafter described under deed dated October 12, 1881 from R.F. Scott to F.M. Carthen of Lots 1 and 2 in Block 22 of Scott's Addition to the City of Gainesville in Cooke County, Texas, GREETING:  
 You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A.M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 23rd day of July, A. D. 1945, before the Honorable District Court of Cooke County, at the Court House at Gainesville, Texas.  
 Said plaintiff's petition was filed on the 6th day of June, 1945.  
 The file number of said suit being No. 14409, and styled Mary L. Clement et al vs. O.S. Carthen et al.  
 The names of the parties to said suit are: Mary L. Clement and husband, W.J. Clement, L.F. Carthen, Rosa Carthen, O.B. Carthen, Gladys Baker joined by her husband, O.C. Baker, Elizabeth Huey joined by her husband, Gerald Huey, Ruth Southworth joined by her husband, Tom Southworth, and Cecil L. Carthen, plaintiffs, and O.S. Carthen, J.C. Johnson, Rachel Barrett joined by her husband, Johnny Barrett, Ruth Barron joined by her husband, Morris Barron, Roy Joe Griffin, Jack Griffin, Axilda Haney Griffin, Mrs. C.A. Wadlow and husband, if married, whose name is unknown, Mrs. E.L. Johnson and husband, if married, whose name is unknown, Emmett L. Dick, Ernest A. Dick, the heirs of Bertha Mae Carthen, deceased, other than as stated, if any whose names are unknown, and their heirs and legal representatives, and Ruth G. Moore, defendants.  
 The nature of said suit being as follows, to-wit:  
 This is a suit to vacate and set aside the judgment heretofore rendered on September 4, 1940 in Cause No. 13221 in the District Court of Cooke County, Texas and to partition said Lots 1 and 2 in Block 22 of Scott's Addition to the City of Gainesville, Texas, and for the appointment of a Receiver in connection therewith to sell the same, and for general and special relief, and in which it is alleged that the plaintiffs Mary L. Clement and husband, W.J. Clement own a 37.84 interest in said land L.F. Carthen, a 1-84 interest, Rose Carthen, a life estate in 1-3 of a 13-84 interest, the plaintiffs O.B. Carthen, Gladys Baker and Elizabeth Huey, together an undivided 13-84 interest, subject to the life estate of their mother, the said Rosa Carthen, in 1-3 thereof, the plaintiffs Ruth Southworth and Cecil L. Carthen together an undivided 13-84 interest, the defendant O.S. Carthen an undivided 13-84 interest, the defendants J.C. Johnson, Rachel Barron, Roy Joe Griffin, Jack Griffin and Axilda Haney Griffin together an undivided 1-84 interest, and the defendants Mrs. C.A. Wadlow, Mrs. E.L. Johnson, Emmett L. Dick and Ernest A. Dick and the unknown heirs of Bertha Mae Carthen, deceased, if any, together an undivided 6-84 interest, subject to delinquent taxes in the approximate amount of \$400.00, as is more fully shown by plaintiff's petition on file in this suit.  
 Issued this the 6th day of June, 1945.  
 Given under my hand and seal of said court, at office in Gainesville, Texas, this 6th day of June, 1945.

**Mayoroddities**

By J. M. Weinzapfel  
 Münster Mayor  
 Last week the management of the Enterprise was so kind to allow more space for this column than was expected to be necessary. That will be a good excuse this week, to make it short, so not to impose on the good nature of the printer as well as the reader.  
 The outline of the new water well for record, suggests that also something should be reported on well number one, that was drilled in April of 1939.  
 The Lower Trinity water sand was drilled in at 570 feet to 617 feet, the well completed at the total depth of 618 feet. Eight and quarter inch Steel Casing was set and cemented at 570 feet with thirty sacks of cement. Fifty-four feet of six and five-eighths perforated liner was set in this sand formation.  
 The One Hundred Gallon per minute Pomona pump was set at 270 feet but this sand would not keep the water level to the pump. Then the liner was pulled and 20 feet added to the pump length. It was thought the liner may interfere with the water coming into the well but removing same did not improve or increase the water sufficient for the pump. Even after adding the 20 feet to the pump there was still a shortage of water.  
 The regular 8 1/4 inch well casing was ripped at the Upper Trinity at 457 feet and the water level raised up to 235 feet from the surface. This experiment enabled the well to furnish all the water needed to operate the pump and supply the consumer.  
 Since the casing was ripped, there is no control over the fine sand coming in from this Upper Trinity, therefore it is required to clean the well of this sand about every two and one half years. So as a precaution in Well No. 2 the gravel was added to arrest the sand after the sand was well drawn out before the liner was set. Probably it would not have been necessary to remove the liner in Well No. 1.  
 While Drilling Well No. 2, the water level of each sand was checked separately. The Upper Trinity sand raised to 212 feet from the ground surface and the lower to 300 feet. When the two sands were opened together, the static level of Well No. 2 is 276 feet while in Well No. 1 it sets at 235 feet the forty feet difference being the sea level elevation of ground surface of location of each well. That shows the pump in Well No. 1 was not set deep enough for the lower sand and the liner was not at fault.  
 Now that we have the upper sand with a higher level an expensive deeper setting of the pump is not necessary.  
 Münster is fortunate to have this unlimited supply of good water. A sample of the water is sent to Austin each month by the operator to keep a check on it. The water is soft and 99 percent pure. It is approved by the State Health Department, permitting the signs on the Highway to let the public know Münster is a good place for individuals and industry. You have faith say "We do have good water." We are planning to have plenty to spare now in a short time.  
 In the final analysis everyone is ignorant. Only the subjects differ.

**---MILK COOLERS---**  
 Give You These  
**6 Features**

1. They cool their full-rated capacity to 50 degrees Fahrenheit, or lower twice every 24 hours.
2. They are economical to operate, require little attention.
3. Fast, uniform rate of cooling for every can.
4. Pneumatic agitator cools milk without stirring, even at the top of the can, to 50 degrees Fahrenheit or less, within an hour.
5. Three-inch built-up ice bank all around the cooler greatly increases rate of heat absorption at all times, as thermal conductivity of ice is four times as great as water when not being agitated.
6. Three-inch insulation, sealed against moisture, holds heat leakage to a minimum.

Come in and get the full story about these economical, easy-to-install coolers.

**Lindsay News**

Mary Louise Bezner is visiting at Santa Maria, Calif., with her brother, Lt. Ray Bezner and family.

Walter Bezner, son of Mr. and Mrs. John Bezner, is back in Lindsay after being employed in Cameron. Enroute home he visited in Houston.

Little Theasa Schad, daughter of Mr. and Mrs. Al Schad, had her tonsils removed at the Muenster clinic last week and has recovered nicely.

Mrs. Mary Schad has returned to her home after a several weeks visit with her son, Bill and family east of Gainesville.

Miss Rosemary Dieter has returned from Fredericksburg, Va., where she attended college for the past two years. She left Lindsay in August of 1943.

Members of the Gun Club enjoyed their regular monthly social Sunday evening in the community hall. Following games and music a fried chicken menu was served.

Mr. and Mrs. Al Hess and children of Muenster and Mr. and Mrs. Herbert Hundt and children spent Sunday with their parents Mr. and Mrs. Joe Hundt.

Cpl. Albert Hoelker has arrived in the states from the S. Pacific and was in San Antonio early this week, preparatory to coming home for a furlough with his mother, Mrs. C. Hoelker.

Mr. and Mrs. A.C. Flusche, their daughter, Mrs. Alfred Hoedebek and little son, Alvin, all of Dent

son, visited with the Joe Hundt family and other relatives here Monday.

Mrs. Mike Dieter has gone to Alta Loma, near Galveston, to visit her sister. She was accompanied by a sister, Miss Mathilda Hugo, who will remain at Alta Loma to be employed.

Mrs. H.S. Fuhrmann has returned home after a visit in San Antonio where she attended in vestiture services of her daughter, Clara Mae, now Sister Catherine Henry.

Mr. and Mrs. Paul Arendt have a letter from their son, Sgt. Ernest Arendt advising that he is now in Mavon, Germany, near the Rhine River and is well. He said to tell all his friends hello.

Miss Victoria Kuntz, formerly employed in Fort Worth, has gone to Los Angeles, Calif., where she has accepted a position and is making her home there with her sister, Mrs. Frieda Kuntz Billingsley.

Harold Schmitz has been promoted to private first class it is learned this week by his father, Theo Schmitz. The promotion was made on the battle field of the Philippines where he is seeing action.

Ralph Bezner is confined to M&S hospital in Gainesville suffering from typhus fever. His condition is satisfactory, and he expects to be moved home early next week. He is the son of Mr. and Mrs. John Bezner.

James Bezner has been moved from M&S hospital to the home of his parents, Mr. and Mrs. Jake Bezner, but is still in a cast as the result of a hip injury, received in a car accident on June 10.

Miss Clara Mae Mosman, who was seriously injured in a car wreck on June 10 was moved from M&S hospital to the home of her mother in Gainesville. She is the granddaughter of Mr. and Mrs. Fred Mosman of this city.

The Joe Hundts are in receipt of a letter from their son, S.Sgt. Geogort Hundt, stationed in the ETO, telling them not to write him for the present time. He will be enroute home shortly and expects to see his folks soon. He has been serving with the 9th AAF.

Mrs. Jake Bezner and daughter, Betty Lou, have returned home after a brief visit in San Antonio where they attended investiture services for their daughter and sister, Evelyn. She received the white veil and the name Sister Anna Rose.

Mr. and Mrs. Phillip Metzler have a letter from their son, Pfc. Gerald Metzler, written from a hospital somewhere in the Philippines, stating that he had been hurt and infection had set in but that he was doing alright and not to worry. Details about the injury were not given.

Sgt. Raymond (Curley) Fuhrmann arrived home Friday for a furlough with his parents, Mr. and Mrs. Matt Fuhrmann and other relatives, after serving three years in the Pacific area. He served with the 24th Infantry Division. Upon his arrival home he said, "Don't expect me to come around visiting for about a week. All I want to do for that length of time is sleep."

**HENRY MUNCHRATH FUNERAL HELD AT WINDTHORST MONDAY**

Henry Munchrath, 75, well known retired farmer and rancher of Windthorst and brother-in-law of Miss Margaret Simons of this city, died Friday and funeral services were held Monday at St. Mary's church with the pastor, Rt. Rev. Edward Buerget officiating. Miss Simons went to Windthorst to attend the service.

The deceased is survived by his wife, one son and six daughters. The family is well known locally having visited here on numerous occasions.

**MARGARINE POINT VALUE IS RAISED**

Beginning last Sunday and continuing through July 23 margarine will cost 14 red points a pound instead of 12 it was announced during the weekend.

The OPA said there'll be a little more meat available in July but not enough to cut ration values.

Cheese point values, however, are reduced two to four points per pound depending on the kind. Current ration values of butter and all canned fruits and vegetables will be maintained during the July period, OPA said.

**CAR DEALERS MUST REGISTER AGAIN**

All car dealers, wishing to continue in the sale of motor vehicles on a warranty basis after August 1, must refile registration form No. 694-2163 with the local war price and rationing board, it is announced.

These forms must be filed and approved by the district office by this date, it was explained.

**NEPHEW OF LOCAL WOMAN IS KILLER ON OKINAWA**

Word has been received by Mrs. Tony Otto of this city and Mrs. Ben Weber of Gainesville that their nephew, James Stehling of the U.S. Marines was killed on Okinawa June 12.

Survivors include the parents, Mr. and Mrs. R.F. Stehling of Kerrville, a brother, Captain Martin Stehling, stationed at Las Vegas, Nev., and two sisters, Miss Loretta of Kerrville and Mrs. Johnnie Bergman of Florida.

**BEFORE PREHEATING**  
Always place oven racks in position before preheating the oven. Plus being easier to handle when cold, it's wasteful of heat to leave the oven door open while adjusting hot oven racks.

**Confetti---**

The road was not completed at all. A four hundred mile gap remains untouched by construction. We have no through highway to the canal.

Boiled down the whole mess amounts to the simple fact that the job was not essential after all. As far as taxpayers are concerned it is a hundred per cent waste.

Whether or not the job was constructed in good faith is another question. Perhaps the men who authorized it thought the road was necessary and intended to extend it all the way. Again this might have been only another opportunity for a colossal graft.

On thing can be said with certainty. Not near all of the billions of dollars wasted during the war were spent in good faith. Many an official knew he was giving a fat contract on a useless project or paying millions more than the job was worth. They were accomplices to the industrial crooks who engineered the gigantic war contract steals.

While we're trying war criminals in Europe we might as well try some of our war criminals over here. If it's a good idea to show

**Dr. Laake Injured**

Dr. E.W. Laake of Dallas, well known locally through his affiliation with the Knights of Columbus being Master of the Fourth Degree of the North Texas District, is confined to Baylor hospital suffering with a back injury sustained while on a lecturing tour in Kansas. He is connected with the U.S. Government Bureau of Entomology and was giving a lecture and inspecting cattle near Topeka, when a platform broke through. He will be obliged to wear his back in a cast for a month, and then wear a brace for a month. He is the brother of Miss Apela Laake, and uncle of Olivia Stock and Rosa Driever of this city.

**Here Come The Co-eds**

Abbot and Costello are back at their best with an unusual story which will increase their popularity. There is plenty of variety in this new offering to make it highly enjoyable screen fare. For example, Costello does a song-and-dance routine with Peggy Ryan, something he has never done before, and, for a very funny sequence he plays in a girl's basket ball game. Martha O'Driscoll plays the leading feminine role and there is also fine acting by Peggy Ryan, Donald Cook, Charles Dingle, Len Cheney and June Vicent. Phil Soltany and his All-Girl Orchestra make an impressive showing, with Evelyn featured in two violin solos.

The comedians, Abbot and Costello, lost their jobs in a dance hall and try to avoid the cops because of an accident they take caretakers' jobs at a girls' college. And Oh Boy! the fun begins. "Here Come The Co-eds" will be seen at the Relax Theatre next Sunday and Monday.
