

Commissioners schedule tax rate vote

by Janet Felderhoff
On Thursday, Sept. 3, Cooke County Commissioners Court held a public hearing on the County's proposed 1998-1999 budget and proposed tax increase. Only a few citizens were in attendance.

In keeping with their conservation spirit, Commissioners were soon whittling at the proposed budget to slightly reduce the proposed tax rate.

Commissioner Richard Brown noted for the last three years property values have increased in the county. He considers the increases to have been substantial. "In the two previous years that we've had these big increases we've been able to lower our tax rate," Brown said. "This will be the first year that we're proposing actually increasing our tax rate at the same time that the property values are increasing. I would like to see us try to hold the line on the tax rate." Last year's rate was .4035. The proposed rate this year is .4082.

"It's not a really big increase per se, but it's starting a trend

that we're going in the wrong direction," remarked Brown. He asked that they try to hold the tax rate to the same as last year. That would amount to about \$57,200, he noted.

A part of that amount could be taken out of reserves or cut from a department. Commissioner Virgil Hess agreed with Brown on holding down the rate, but said he felt the difference should not be taken out of reserve funds. He suggested making cuts in the proposed budget.

The floor was opened to public comment. Mike Allison of Gainesville complimented Commissioners Court on the job they have done over the past numerous years of maintaining the tax rate. Their fiscal conservatism is well recognized, he said. He acknowledged that from time to time it is necessary to increase taxes. "Your record of fiscal conservatism is well documented," noted Allison. "I don't want to speak for or against how you're going to vote, but I do want to recognize your level of watching people's money. Of all the government

agencies that do taxes in the county, yawl are one of the most, I'll say, tight with our tax dollars and watch what you do."

Judge Russell Duncan reiterated that he had hoped that the total appraised value would be much higher than it was with all the building. He said that there are so many new laws that have come out that affect the various offices requiring them to perform above what their capabilities are. "The state passes it, but we still have to pay for it," remarked Judge Duncan. The JPs are getting a lot more cases than they ever have before. The Sheriff's Department and the constables are having more to enforce and the prosecutors have more of a load to carry, said the Judge.

Duncan added that working in a courthouse built in 1911 and still being able to adapt to the 1990s technology without having to spend more money on that. "You've done a good job of doing that," Duncan told Commissioners. "But when it comes time to raise taxes, I'm not opposed to doing that

where it's needed. I'll certainly follow your guidelines because you've done it a lot longer than I have."

Ken Stormer of Muenster asked Commissioners if they had a prospectus for several years down the road. County business has become big business, he said. "What I see here, or what appears to me and to the person out on the street, is we're going year to year with stop gap

range goal. I know it can't be set in stone, but some kind of long range goal about what you're doing and where you're going, instead of this year to year just plugging the hole."

Judge Duncan replied that he didn't feel the county had the time and personnel that would be required to develop a long range plan. It would probably be a hard thing to project, he said.

Duncan noted that County

Commissioners are looking to the future by planning for the landfill, she said. Things like the landfill are reasons that money must be kept in the reserve fund, explained Parrish. The cost of such things aren't known. They can't be taxed for in advance and you can't wait until it's time to invest and tax enough to fund it, she explained.

Next Stormer said that every body out in the real world was taking a pretty good hit. He asked the commissioners when the last time was that they voted themselves a pay decrease instead of a pay increase.

Commissioner Phil Young replied that the commissioners put in many hours, basically every day of the year, 24 hours a day. Speaking for all of the commissioners he said that they put in 40 plus hours a week, even 80 plus. "Most of us even work a second job to keep our kids in school," he noted. "This doesn't pay a whole lot of money. It's a service, I think, that counts here. It's not the money. All these other counties

"If we don't have a goal down the road, this year-to-year plugging the gap is going to get us."

... Ken Stormer on county's lack of planning

measures," stated Stormer. "If we don't have a goal down the road, this year to year plugging the gap is going to get us. I understand that taxes don't go up every year, but when the valuation goes up one year and the taxes the next, it's just a catch 22. It's still coming out of my pocket. I'd like to see the county adopt some kind of long

Auditor Gloria Parrish probably has more knowledge about the budget than any of them. She would know about any long term projections.

Parrish responded that in some respect there is planning. For instance each Commissioner plan to do a certain number of miles of paving each year.

Myra Firemen cook up 20th annual fundraiser

Members of the Myra Volunteer Fire Department are sponsoring their 20th Annual Bar-B-Que Cook-out on Saturday, Sept. 12 in the Myra City Park. Their goal is to help pay for a new addition to their fleet, a 1985 pump truck with a 300 gallon tank, equipped with a foamer for more efficient fire fighting. The vehicle will have storage for the air packs and other equipment and be used as a First Response truck. It replaces the 1967 Jeep.

Included on the menu are barbecue beef, Susie Qs, beans, trimmings, tea, Kool Aid, pies and cakes. Serving time is from 5 to 9 p.m. The all-you-can-eat meal is \$6 for adults and \$3 for children 12 years and younger.

Top raffle items are an RCA camcorder and a 12 gauge

pump shotgun. The Auction begins at 7 p.m. and features items such as John Deere tractor, 50 bushels of oats, 25 square bales of Prairie hay, deer corn, and much more.

Doug Martin and the Rustlers will provide entertainment. In the event of rain the location will be the old school building.

So far in 1998 the Myra Fire Department has made a total of 36 runs. Of those runs six were of a medical nature, 12 to fight grass fires, four structure fires, and four vehicle fires.

The Myra Volunteer Fire Department was formed in 1978 and now has 20 members. The officers are Gene Sicking, fire chief; Ronnie Bayer, assistant chief; and Sally Switzer secretary/treasurer.

The Myra Volunteer Fire Department will host their 20th Annual Benefit Barbecue Supper this Saturday, Sept. 12, in the Myra City Park. Along

with the meal, there will be live music, a raffle drawing and an auction. All proceeds go toward the fire department. Janie Hartman Photo

Lindsay resident named director of Catholic Life

Delegates to the 86th convention of Catholic Life Insurance, the nation's 10th largest fraternal life insurer, elected Della R. Turner of Lindsay to the Board of Directors.

Della R. Turner

This is Turner's second term of office on the Board. She was first elected in 1994. The Lindsay resident was also elected Secretary of the Board in a meeting held immediately following the convention.

During the two-day meeting, the 351 delegates learned of Catholic Life's accomplishments, including the introduction of group life insurance products and the increase of assets, reserves and insurance-in-force to record highs.

Founded in 1901, Catholic Life Insurance is the nation's 10th largest fraternal life insurer. We offer life insurance, retirement annuities, IRAs, fraternal benefits and specific health benefits to individuals, families, and businesses.

Crowning of the queen will be Friday, Sept. 18, during pregame activities of the Tigers vs. Santo football game. Janie Hartman Photo

Sacred Heart High announces Homecoming 1998 festivities

by Janet Felderhoff
Sacred Heart High is going Hollywood for Homecoming 1998. Members of the Student Council will put on a touch of glitz and glamour by decorating the school for Homecoming Week Sept. 13 through 19.

Homecoming is Friday, Sept. 18 when the Tigers play Savoy at 7:30 p.m. Pre-game activities are scheduled for 7 p.m. with the crowning of the 1998 Homecoming Queen set for 7:15 p.m.

Elected as 1998 Homecoming Queen candidates are seniors Debra Voth, daughter of Danny

and Janet Voth; Betty Trevino, daughter of Leo and Maria Trevino; Leah Rigler, daughter of Mike Rigler and Michael Ann Rigler; and Deann Felderhoff, daughter of Ross and Janet Felderhoff. Class Princesses are junior Debra Dangelmayr, daughter of Pam and Joe Dangelmayr; sophomore Melanie Bartush, daughter of John and Lanie Bartush; and freshman Andrea Bauer, daughter of Bob and Kathy Bauer.

A festive week has been planned by the Student Council. Sunday at 1 p.m. the students will decorate the

school. Monday is their Game's Night at 7 p.m. on the Tiger football field. On Tuesday the students will compete at Volleyball at 7 p.m.

Wednesday features the Queen's Court Luncheon honoring the Queen candidates, princesses, escorts, and mothers of the girls. It will be from 11:15 a.m. to 12:20 p.m. in the Community Center. Students, teachers, parents, and fans are invited to join the revelry Wednesday evening at 7 p.m. for the Tiger Pep Rally.

Thursday the whole school celebrates Homecoming with Red and White Day.

City of Muenster public hearing on increasing tax rate

by Steve Broyles, City Administrator
The city council approved the City of Muenster's FY 99 General Fund budget on August 24. After reviewing the funding required to pay for the construction of the 200,000 gallon elevated water storage tank, the council scheduled a special meeting to announce a public hearing on raising 1998 property taxes to the same tax rate used by the city in the past three years: 0.4200/\$100. This should raise about \$7,700 additional funds, which are dedicated to help pay for the elevated tank; these funds will reduce the loan amount required to pay for the tank. A public hearing is scheduled for 7:15 p.m. on September 14 in the City Hall Conference Room.

Since the proposed 1998 tax rate is the same as the 1997 tax rate and assuming the taxable value for the property remains the same, the city taxpayer will pay the same city property taxes this year, as he/she paid last year.

Republicans plan gala Sept. 13

by Janet Felderhoff
It's celebration time for the Republican Party on Sunday, Sept. 13, in the Lindsay Park as they gather for Victory '98. Activities are planned from 3 to 7 p.m. Admission is free. A live band will provide entertainment and there are children's games planned.

Door prizes will be awarded. There will be a raffle for autographed baseballs.

Every elected Republican official in the state and candidates statewide have been invited. According to Pat Peale, Cooke County Republican chairman, the response to the invitation has been very good, and she anticipates a large group.

Serving for a barbecue supper begins at 5 p.m. and the charge is \$10 for adults and \$5 for children. Raffle tickets are \$1 each.

For more information call Bill or Sheila Cox (903)429-6166.

Garage sales set for 50+ locations

Saturday, Sept. 12 could turn into a bargain hunter's paradise as garage sales have been scheduled for more than 50 locations in Muenster. The event is being organized by the Muenster Chamber of Commerce and kicks off at 8 a.m. Saturday.

Each participating garage sale is indicated on locator maps. The maps can be found at local businesses.

Some of the items being offered include McDonald's Beanie Babies, antiques, furniture, exercise equipment, camper, computer, mower, Christmas decorations, arts and crafts, toys, baby supplies, clothing, pool, and much more.

Call (940)759-2227 for more information.

Mark and Carol Klement new owners of 82 Liquor

82 Liquor was started by Willie and Carl (Boobie) Walterscheid in 1959 after Muenster voted to legalize the sale of alcoholic beverages. Later Carl sold his part to Willie, and John Wimmer took a job as manager and clerk. After 11 years, John bought 82 Liquor and he and his wife Olivia operated the business for 12 years.

Mark continued to work for Ray until March, 1995 when Mark and his wife Carol purchased 50% of the business. It was at that time 82 Liquor underwent an extensive expansion and remodeling. When Ray decided to sell the Bottle Shop, he decided to sell his last 50% of 82 Liquor. On September 1, 1998, Mark and Carol Klement became the fifth owners of 82 Liquor.

Ray Wimmer returned to Muenster and purchased the store in 1982 from his uncle John Wimmer. He ran the store daily until 1985 when Mark Klement was hired. Mark ran the store when Ray purchased the Bottle Shop in Lindsay from Frank Haverkamp and Weldon Bezer.

Mark and Carol run the business daily with the help of some very loyal part-time help, Charles (Doodle) Wimmer, Brian Reiter, and Josh McCoy. They ask for your continued support and business in the future so they can continue to serve the catering needs and daily needs of the people of Muenster.

Carol and Mark Klement, ... new owners of 82 Liquor ...

City Council Agenda

The following is the agenda for the regular meeting of the Muenster City Council to be held at 7:30 p.m. in the City Hall meeting room on Monday, September 14, 1998.

1. Call meeting to order at 7:30 p.m.
2. Approve minutes of the August 3, 1998, August 24, 1998, and September 3, 1998 meetings.
3. Recognize visitors and invite them to attend the entire Council meeting and to discuss their business.
4. Consider any other business to come before the Council.

OLD BUSINESS:

1. Consider and act upon curbing and paving projects.
2. Consider and act upon maturing certificates of deposits.
3. Consider and act upon correction of title concerning the northeast ball park area.

NEW BUSINESS:

1. Consider and act upon approving the FY 99 Water and Sewer Fund to include the elevated water storage tank income and expenses.
2. Schedule a special meeting to vote on the 1998 effective tax rate.
3. Review the proposed amendment to the Ordinance Code, Title 7, Chapter 3, Sewer Use and Service, which will require private connections to the city sewer system to be properly maintained and subject to penalty if they are not. This will be the first reading of Ordinance #232.
4. Consider and act upon approving the proposed FY 99 Cooke County Tax Appraisal District Appraisal Budget.
5. Consider and act upon submitting the Official Ballot for the Texas Municipal League Intergovernmental Risk Pool Board of Trustees election.
6. Open the sealed bid for chlorine cylinders. Award the chlorine contract to the low bidder.
7. Consider and act upon approving Amendment #4 to the FY 98 General Fund Budget.
8. Consider and act upon approving Amendment #3 to the FY 98 Water & Sewer Fund Budget.
9. Consider and act upon granting the City Administrator or City Secretary with the authority to write-off delinquent utility bills of people who have moved from Muenster, using discretion and consideration of cost vs benefit.
10. Review the Monthly (October 1997 - August 1998) Budget Summary.
11. Review and act upon monthly bills.
12. **EXECUTIVE SESSION** - The council may enter into executive session to discuss the following: Texas Government Code 551.074, Personnel Matters
13. Return to open session. Take action on item(s) discussed in executive session, as appropriate.
14. Adjourn.

9:11-15

Muenster Water District lowers its 1998 tax rate

by Steve Broyles
City Administrator
The Muenster Water District Board of Directors passed its FY 99 budget and 1998 effective tax rate at a special board meeting on August 30. As a result of collecting \$38,718 in excess district taxes last year because the Series 1983 bonds were not issued, and by subtracting those extra funds from the budgeted amount needed in FY 99, the

district lowered the 1998 property tax rate by 7.07 percent, compared with the 1997 tax rate. The property taxes will be used only to pay the debt service of the district; although authorized by the recent bond election, no Maintenance and Operating taxes were needed or approved for 1998. The chart below shows the taxpayer savings for the indicated taxable values:

	1997 Rate	1998 Rate	Savings
Taxable Value	0.2489/\$100	0.2313/\$100	
\$ 50,000	\$124.45	\$115.65	\$ 8.80
\$ 75,000	\$186.68	\$173.48	\$13.21
\$100,000	\$248.90	\$231.30	\$17.60

Taylor Vestal

Taylor Vestal

Taylor Vestal for County Commissioner, Precinct 4

Hello, my name is Taylor Vestal, and I am the Republican Candidate for County Commissioner, Precinct 4.

I am a 4th generation Cooke Countian. My great-grandfathers both established their family farms along Wolf Ridge. My father, now retired, works harder on the farm than he did when he was working. I returned to Cooke County upon graduation from Southwest Texas State University to establish my own family farm. I, too, am on Wolf Ridge not 5 miles from where my family started.

I want to be YOUR Commissioner in Precinct 4. Here's why. Cooke County is on the move. There have been 17 new subdivisions in the southern part of the county registered in the past 37 months. The Metroplex is pushing out, Denton County is full up. We've just started. I believe it is time our County Government comes to grips with growth. This means staying ahead of the curve, getting along with the cities, explaining to the voters what the needs are and soliciting their input and expertise. In short, opening up dialogue between citizens and their representatives in County Government.

Over the next few weeks, please watch this space in The Enterprise. Each week, I plan to briefly introduce a County Government issue which I feel merits attention in the next few years. And, I plan to point out the pros and cons of actions dealing with the issue. I sincerely want your feedback as the topics unfold. Through this beginning dialogue, I plan to prove that I deserve your vote as your next Commissioner.

Now I want to tell you why I am running as a Republican. I wholeheartedly support the Republican Party of Texas Platform. Republicans believe in LOCAL Government. Republicans believe tax money should be spent LOCALLY based on what the LOCAL Community needs are. Democrats, on the other hand, favor huge Federal and State Government. GRANTS for this, that and the other. There is a whole GRANT industry redistributing a portion of our tax dollars. Why shouldn't we spend our LOCAL tax dollars at home?

Let me hear from you.
I want to know what you think.

Thank You

to everyone who helped us
celebrate our first year at our
GNB Muenster Banking Center.

To celebrate our anniversary we sponsored a "Say no to drugs" art contest. With 300 entries the judge, Ms. Mary Vanpelt (*Art Instructor of NCTC*) had a difficult time awarding only 6 winners.

The top three winners from Sacred Heart School were 1st place - Kate Sepanski, 2nd place - Jack Biffle, and 3rd place - Nicole Bayer.

The winners from Muenster School were 1st place - Melinda Walterscheid, 2nd place - Laura Heers, and 3rd price - Jayna Rohmer.

Honorable mention winners were Lisa Endres, Michael Valliere, Jessica Davis, Tiffany Richey, Christina Koelser, Brianna Fleitman, Catherine Bartush, Chris Fuhrmann, Christine Morrell, Craig Hopper, Natalie Yosten, Jenna Felderhoff. Each winner was awarded a cash prize courtesy of GNB.

Congratulations to our Savings Bond Winner Melvin Hess.

AUSTIN UPDATE

TEXAS HOUSE OF REPRESENTATIVES

RON CLARK

HOUSE DISTRICT 62

Three Strikes - You're Out Welfare Reform

At a recent public hearing in Austin, the Senate Interim Committee on Health and Human Services recommended that welfare reform in Texas go to a "three-strikes-and-you're-out" approach for penalizing those who fail to meet the requirements to receive public assistance. Under the committee's recommendations, a person who consistently fails to follow the rules to receive Temporary Assistance for Needy Families (TANF) benefits will have more to lose than under current law.

A person who refuses to work or attend class after three chances could lose the entire state grant. Under current law, people who do not work or participate in a work orientation class at the Texas Workforce Commission lose only the adult part of their TANF grants, which is about \$78 out of the \$188 monthly grant.

For child support purposes, the state can deny grants to women who refuse to identify the father of dependent children. When a father of a welfare child is identified, child support can be collected from him. Currently, a woman who applies for TANF benefits who refuses to identify her child's father can only lose \$78.

The committee also recommended that welfare mothers who take part-time jobs be allowed temporarily to keep part of their Temporary Assistance for Needy Families benefits.

During the hearing, the comment was made that many welfare recipients are generally surprised to learn that they have done something improper or inconsistent with the law or regulations.

The intent of the proposal is to make the state welfare system more equitable, more fair, and provide an incentive for recipients to become aware of the requirements involved in receiving state financial assistance and abide by the laws. The proposal will be considered in the Legislature next year.

I would be interested in your comments about the state welfare system. Please write to my Capitol office at P. O. Box 2910, Austin, TX 78768.

Letter to the editor

Letter To The Editor,
SUCCESS for the first step!! We have double the number of names required!!!

Thanks to all who mailed their forms to me and for the time and effort it took to handle this petition. I would like to list all of the helpers in this, but needless to say I can't. However, I would like to single out one dedicated individual that really put in a lot of extra effort and topped all others. That is my friend Tillie Otto. Our neighbors and friends that make a lot of calls to Saint Jo and the people of Saint Jo that wish to call Muenster, they will appreciate this.

The next step is the most important, and that is the returning of the form that will be mailed out by the Muenster Telephone Co. Remember they have stated that there will never be an additional charge made to any of us by adding this additional city to the extended service. However, to be clear, they did state that this doesn't mean there will never be any additional raises for their other services. But I would like to call to every one's attention that we do have the right to protest any raises in the future. A posting for a raise is put in the paper by the telephone company.

If we feel the raise is not necessary, we can protest. Then the Commissioner will investigate and decide. Muenster Telephone has always provided good service. They have in place the best and latest of equipment, facilities, and cash reserves to be able to continue their operations. We should be proud of these facilities; however, we do pay for these services and we should get fully what is due us.

Floods. Hurricanes. Tornadoes. Rescues at sea. International peacekeeping missions. Whenever there's a need, the National Guard and Reserve responds. But only with the unselfish support of thousands of employers like you.

THANKS FOR MAKING US YOUR BUSINESS.

CAPITOL COMMENT

U.S. SENATOR
KAY BAILEY HUTCHISON

TAKING A TEXAS LEGACY INTO THE FUTURE

One of the most vivid memories from my childhood is visiting the San Jacinto Battleground and hearing the story of the stirring events that took place there in 1836. I imagined I could hear the guns and cannon roaring; I envisioned General Sam Houston and his adversary, General Antonio Lopez de Santa Anna, facing off in a contest that would determine Texas' destiny.

To this day, reading about that historic battle brings a lump to my throat. It was a visit which sparked my lifelong fascination with Texas history and all things Texas.

I didn't know it at the time, but the San Jacinto battleground is part of a state historical park, which in turn is part of one of our state's greatest assets: the Texas State Parks and Wildlife system. This year, we are celebrating the 75th anniversary of this Texas resource made up of 123 state park sites, including 41 historical parks.

There were more than 20 million visits made to the state parks system in 1997 — due in large part to the fact that the system offers something for just about everyone. In addition to the historical sites, where we can learn what life was like for the Texans who came before us, the state parks

system offers opportunities to study plants and animals in a wide range of habitats.

Our parks offer recreational opportunities galore, including fishing, hiking, hunting, rock-climbing, star-gazing, cycling, boating, bird-watching, swimming, horse-back riding, camping — and places to just plain kick back and relax.

That was the wind-up, here is the pitch: Our state park system belongs to all Texans. And we can help support it in many ways, by spreading the word, by volunteering, by forming park/community partnerships and by providing financial help.

Unlike many state agencies, the Texas Parks and Wildlife Department receives very little undedicated general fund tax revenues, relying instead on user fees and licensing fees. As part of this year's 75th anniversary celebration, the Parks and Wildlife Foundation of Texas has launched a funding initiative, the Lone Star Legacy Campaign.

The goal of this drive is to create a permanent endowment fund for every state park, wildlife management area and fish hatchery operated by the department. Endowment funds will underwrite future park operations and maintenance. Contributions to this fund are tax-deductible, and may be matched by the foundation. Because only the interest generated from these funds can be used, contributions will benefit state parks for generations to come.

Seventy-five years ago, at the behest of Governor Pat Neff, the Texas Legislature created the Texas State Parks and established the State Parks Board to accept donations of land for park use. The foresight of Governor Neff and those Roaring 20s legislators ensured that many of our state's most remarkable, memorable places remain available to this day for all Texans to enjoy. It is our job to preserve that legacy of a strong state parks system and pass it on to Texans of the future.

In Praise of Global Warming

By Edwin Feulner

Let's assume, for the sake of argument, that global warming really exists. Is that such a bad thing?

Believe it or not, a lot of scientists don't think so. They view the global warming agreement reached last fall in Kyoto, Japan—which would require a radical reduction in the emission of so-called "greenhouse gases"—as a dangerous document that the United States should reject.

More than 16,000 of these scientists have signed a petition that says: "The proposed limits on greenhouse gases could harm the environment, hinder the advance of science and technology, and damage the health and welfare of mankind."

That's strong language. After all, how could a treaty to stem global warming be anything but good for the environment? Simple, the scientists say: "There is substantial scientific evidence that increases in atmospheric carbon dioxide produce many beneficial effects upon the natural plant and animal environments of the Earth."

You read that right. Global warming may actually be good for the environment. One of the biggest blessings: larger plants and trees, which grow more rapidly and build up greater immunity to droughts when there are higher concentrations of carbon dioxide in the air.

"CO-2 is plant food," says Dr. Jane Orient, a physician with Doctors for Disaster Preparedness. "If you get enough of it, it's asphyxiating. But we are talking much lower levels here."

Studies show that although today's carbon dioxide concentration is higher than in the past, not much is actually reaching the atmosphere. Where's it going? In scientific terms, the "missing" CO-2 appears to correlate with increases in biomass—which is another way of saying that plants and trees are in fact becoming bigger.

Now I'm no scientist, so I can't say with certainty whether global warming is good or bad—or even exists. On that point I think the American people and their elected officials should remain agnostic until we have all the facts.

I'm on firmer ground, however, when I say the Kyoto agreement spells trouble for the U.S. economy.

My colleague William Beach, a senior economist with years of experience, has calculated the cost of imposing the Kyoto restrictions on the United States. By 2020, he says, grocery bills will be 9 percent higher, medical bills will be 11 percent higher, and household expenses will be 14 percent higher than without the treaty.

In other words, if you spend \$5,200 a year (\$100 a week) putting food on the table, the treaty would push your grocery tab up to \$5,668. Ditto your heating bills, gasoline for the car and a thousand other things.

And don't be fooled by Clinton administration rhetoric about how this is a moderate agreement, far less restrictive than the original global-warming proposals submitted by European countries. Vice President Gore, the administration's point man on the environment, negotiated a deal in Kyoto that would require the United States to cut emissions over the next dozen years to a level 7 percent below 1990 levels. To get there we would clearly have to put the squeeze on our growing economy. In short, impose a recession on ourselves.

Before you think the opposition to the Kyoto deal is limited to business types, consider this. Not only is AFL-CIO President John Sweeney against this agreement, but just before Gore left for Kyoto the AFL-CIO's Industrial Union Department passed a resolution calling upon Congress and the president to "refrain from entering into or ratifying any treaty amendment or protocol that causes the loss of U.S. jobs."

Simply put, the Kyoto agreement might just be the most dangerous Japanese export since Godzilla.

Note: Edwin J. Feulner is president of The Heritage Foundation (www.heritage.org), a Washington-based public policy research institute.

COUNTIES

Continued from Page 1

have and an 11 percent increase, a 19 percent increase." The increase would amount to about \$20 something dollars every two weeks, said Young.

Commissioners agreed 5-0 to keep the tax rate at .4035. On Sept. 14 at 9 a.m. during the regular Commissioners Court meeting a vote will be taken on the Tax Rate.

Trimming the budget to fit the tax rate was then addressed. Brown remarked that personnel had been added to the proposed budget and that might be the best place to start with cuts.

Since it was proposed that an additional assistant county attorney be hired for the county attorney's office, Brown thought that addition might be postponed for a year. That salary including benefits would take about \$37,000 off the budget. Brown suggested taking the remaining \$20,000 out of reserve funds.

Mrs. Parrish reminded Commissioners that one area in which a cut had been considered earlier was that of the employees' generic drug card. By changing it from \$10 to \$15, a savings of about \$9,000 will be seen, said Parrish. "It saves us 1.5% of the insurance premium and it's only effect is if you don't purchase generic drugs, if they're available, then you pay \$15 instead of \$10 for your co-pay for a prescription. If you take the generic, that's \$5."

Judge Duncan remarked that there were several departments that came in with budgets lower than last year or even the same amount as last year. "We do have people working to cut these budgets," said Duncan.

Ken Stormer questioned the discrepancy between the Gainesville Police Department budget and the Cooke County Sheriff's Department budget.

"Reading in the paper, the Sheriff has half the budget that the city police do, and 10 times the county — he has the whole county and also got to

run the jail. Crime is escalating. Personally, I've a question that if I dial 911, how long is it going to take to get someone out there. I understand that I'm in here griping about my taxes, but I would like to see some results for my taxes.

"Basically Sheriff Compton has the whole county and (Gainesville Police Chief Carl) Dunlap's got the city," Stormer remarked. "Compton runs the jail, Dunlap — I'm not really familiar with the city police."

Brown told Stormer that question would be better directed to the city since he wasn't sure if they were talking apples to apples and oranges to oranges or not.

"Chief Dunlap doesn't have to run a jail and, from my law enforcement experience, a jail is a pretty good drain for your money and man power," said Stormer. "I'm just questioning the discrepancy when you're basically serving the same amount of people."

When the meeting concluded, it seemed that Commissioners were in agreement to cut the additional assistant attorney saving \$37,000, to make the generic drug card change saving \$9,500 and to take up to \$10,700 from the reserve fund to make up the 1998-99 budget. An official budget will be adopted on Sept. 14.

ISSUE UPDATE

Government Too Often Gets in the Way of People Trying to Get Ahead

The American dream means different things to different people. To some, it means getting married and raising a family. To others, it means owning a business and being your own boss. And still to others, it means being able to retire and spend your time doing whatever you want.

If the federal government has a role in any of this, it should be to help people make their dreams a reality. Unfortunately, more often than not in America today, that's just not the way it is. Through high taxes and overregulation, the federal government discourages individual initiative and holds people back when they're trying to get ahead.

That's why, Congress will vote on a tax cut bill that could make things a little better. While the details are still being worked out, the bill's expected to provide people with tax relief in three key areas.

For working couples, the bill will eliminate the marriage penalty that forces them into a higher tax bracket simply because they got married. For the self-employed and others who pay for their own health insurance, the bill will make health insurance premiums 100 percent deductible. And for seniors, the bill will raise to \$30,000 on January 1 the amount of money they can earn without losing part of their Social Security benefits.

This bill's not everything, and more clearly needs to be done — not just in terms of lower taxes, but in terms of getting the government even further out of our lives. But the bill is a step in the right direction.

At the same time, it's also something that could help make the American dream a little bit easier to achieve.

For more information on this or any other issue before Congress, please write Mac Thornberry at 412 Cannon Building, Washington, DC 20515.

Lifestyle

North Dakota is site of ceremony uniting Cleveland and Felderhoff

by Gary Droll

The wedding of Britt Danielle Cleveland and August Henry Felderhoff was held in Bismarck, North Dakota at the Bismarck Municipal Country Club on Sunday, August 2, 1998 in a double ring ceremony officiated by Steve Graner of Minot, North Dakota.

The bride is the daughter of Greg and Jackie Cleveland of Bismarck. She graduated from Wofford College in Spartanburg, South Carolina and is employed as a Spanish teacher at Arnold Junior High School in Cypress, Texas.

The groom is the son of August and Loretta Felderhoff of Muenster. He graduated from Texas A&M University in College Station and is employed as a computer programmer by Universal Computer Systems in Houston. The couple will reside in Cypress, Texas.

The bride was given in marriage by her father. She wore a long white soft and flowing gown of four layers of chiffon designed by Demetrios. It was a princess silhouette garden gown with a sleeveless scooped neck bodice of Venise lace overlaid with a trimming of pearls. A dramatic chiffon back draping to the waistline continued to form the Cathedral train. She wore a two-tiered veil with matching Venise lace and satin corded edging and scattered pearls.

The bride carried a mixed bouquet of bells of Ireland, agapanthus, star of Bethlehem, bluebird roses, calycina, champagne roses, hydrangea, lady's mantle & white freesia accented with white organza ribbon.

ATTENDANTS

Shawn Goll, sister of the bride, was matron of honor. Bridesmaids were Julie Felderhoff of Dallas, Texas, Vanessa Felderhoff of College

Station, Texas, sisters of the groom, and Emily Post of Myrtle Beach, South Carolina, a friend of the bride. They wore sleeveless, floor length periwinkle crepe dresses. Each carried arm bouquets with bells of Ireland, agapanthus, white snapdragons, and star of Bethlehem accented with lime, basil, and lavender organza ribbon. James Felderhoff, brother of the groom, was the best man. Groomsman were Chad Simmons of Irving, Texas, Helmuth Koelzer of Bedford, Texas, friends of the groom and Troy Goll of Bismarck, North Dakota, brother-in-law of the bride. Ushers were Todd Johnsen of Bismarck, North Dakota and Travis Johnsen of Rapid City, South Dakota, friends of the Cleveland family.

MUSIC
Vocal wedding music was provided by Susie Kambeitz, cousin of the bride. The parents were seated to "The Very Thought of You." Processional music was Pachelbel's "Canon in D" and Clarke's "Prince of Denmark's March." The prelude to the scripture readings was "It Had To Be You." A vocal solo of "When I Fall In Love" preceded the exchange of vows. The blessing and exchange of rings was followed by "Time After Time." The recessional was "Hornpipe" from Handel's "Water Music."

RECEPTION
A floral archway greeted guests to the jazz brunch reception hosted by the parents of the bride. Guests were registered by Heidi Dearstyne & Debbie Malmberg, friends of the bride. Dan & Elizabeth Hutchens, also friends of the bride, received gifts for the couple. Host couples seating the guests were Doug & Carol Alm, cousins of the bride, Nancy Ann Field, godmother of

Mr. and Mrs. August H. Felderhoff

the groom and her husband David of Hazelhurst, Wisconsin, Duane Wichmann & Carol Hencz, friend and aunt of the bride, and Roger and Dorothy Johnsen, friends of the bride. The Gowen Jazz Quartet provided the music during the reception. Guests enjoyed a buffet of bacon & asparagus quiche with ricotta, potato wedges, porcini mushroom pasta with prosciutto-béchal sauce, citrus glazed lemon pecan tea bread, ginger molasses Belgian waffle with a ginger pear syrup, Genoa torte with jalapeno mayonnaise sauce, smoked salmon cheese cake, fresh fruit, and jumbo shrimp with Jamaican remoulade sauce. Drinks served were brandy milk punch, Korbel champagne and two hand selected wines: Willamette Valley Pinot Gris and Rex Hill Willamette Valley Pinot Noir. Cake and coffee service followed the buffet. The four tiered chocolate and white wedding cake with white fondant icing was topped with a bouquet of bluebird roses, champagne roses, bells of Ireland, agapanthus, hydrangea, and lady's mantle. The cake was served with mocha sauce and shaved Belgian chocolate.

The reception area was decorated with hanging baskets of fern and floral sprays, and floor bouquets of agapanthus, bells of Ireland, Gerbera daisies, hydrangeas, white spider mums, coral roses, pink snapdragons, white larkspur, lady's mantle calycina and curly willow. Guest tables were adorned with towering bouquets of freesia, white roses, and ivy. The bride and groom were seated at a table of honor on chiffon covered chairs with chairs swagged with arrangements of similar flowers.

The father of the bride toasted the couple on the 'inter-state' wedding as follows: "May the eyes of Texas always shine upon you. May the heart and soul of North Dakota always embrace you, and may you share health, wealth, and happiness all the days of your lives."

Following the reception, the family attended a gift opening at the home of the bride's parents. The groom's cake was a carrot cake decorated in a computer motif followed by a supper of buffalo burgers with all the trimmings.

REHEARSAL DINNER
The groom's parents hosted the rehearsal dinner Saturday

evening on the patio of the Bistro Cafe in Bismarck. Guests enjoyed a dinner of mixed green salad, Bistro signature bread, mixed North Dakota grill of pecan crusted walleye and grilled ostrich accompanied by garlic mashed potatoes & fresh asparagus with corn topping. Dessert was a profiterole and ice cream with caramel, strawberry & chocolate sauces.

Following the dinner, guests enjoyed a slide presentation depicting Britt & Gus from their childhood to their present lives.

Those attending from the Muenster area were the groom's family and Thomas and Barbara Felderhoff.

MUENSTER OPEN HOUSE
Gus and Britt were congratulated at an open house in their honor on September 6 at the Sacred Heart Community Center in

Muenster, Texas. Guests enjoyed a buffet of Muenster cheese, German sausage, fresh fruit, guacamole, queso, and salsa with chips, spinach rollups, sausage balls, fresh vegetable trays, shrimp with red sauce and triangle cut carrot cake with walnut topping. Beverages included wine, punch, and coffee. The tables were decorated with lavender, blue, and wine colored blossoms encased in bubble glasses and trimmed

with matching ribbon. Pictures of the wedding festivities in Bismarck were displayed. Greg and Jackie Cleveland, Britt's parents, and Troy and Shawn Goll, Britt's sister and brother-in-law from Bismarck, North Dakota attended the open house. Greg and Jackie Cleveland were congratulated on their 30 years of marriage on September 6.

Candice Joy Abney and Christopher Lee Kubis have chosen September 26, 1998 for their wedding day. Their engagement and approaching marriage have been announced by her mother Joyce Abney of Muenster. Parents of the future-groom are Gilbert and Rosina Kubis of Lindsay. Father Eugene Luke OSB will officiate in St. Peter's Catholic Church at 5:00 p.m. The bride-elect is a 1994 graduate of Muenster High School and a 1996 graduate of North Central Texas College, and is currently attending the University of North Texas in Denton. She is employed by the First State Bank of Gainesville in Data Processing. Mr. Kubis is a 1992 graduate of Muenster High School and is employed by Cooke County Electric Cooperative. The couple plans to reside in Muenster.

John and Anne Fleitman

John & Anne Fleitman to celebrate 65th anniversary

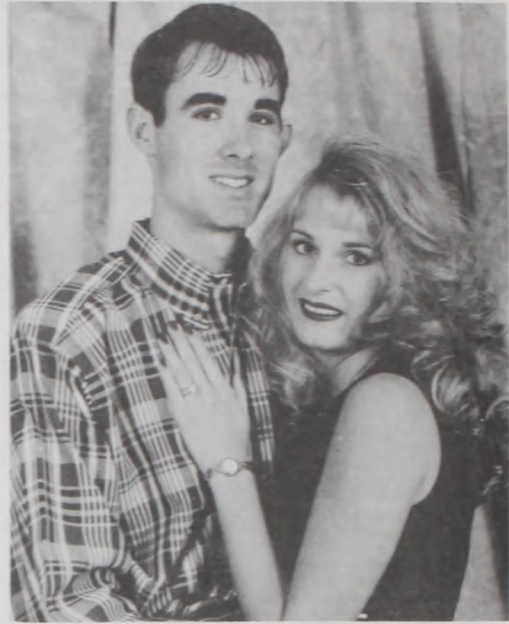

Sunday, September 13, 1998 will be a special day in the lives of John and Anne Mages Fleitman. On that day surrounded by their children, grandchildren, and great-grandchildren, friends and relatives they will celebrate their marriage of 65 years. A come and go reception will be hosted by their children in the Sacred Heart Community Center Meeting Room from 2 p.m. until 6 p.m. All of John and Anne's friends and relatives are urged to come by and celebrate this special anniversary with the happy couple. Your presence is your gift.

John Fleitman and Anne Mages were married on September 12, 1933 in Saint

Peter's Church in Lindsay. Their attendants were her sister Cella Mages Berend, deceased; and his brother Bruno Fleitman, deceased. John and Anne dated about two years before their marriage. Their first home was in Muenster, in a house built by John's father.

The Fleitmans are the parents of four sons: Alvin, Leon, James and Frank, who died in 1957. They have 13 grandchildren and 24 great-grandchildren.

The Fleitmans have resided at 924 North Oak in Muenster, for the past 35 years. Prior to that they owned a farm southeast of Myra where they lived, farmed and raised their children for 25 years.

Mr. and Mrs. Larry Vogel of Myra and Mr. and Mrs. Kurt Averhoff of Stephenville announce the engagement and approaching marriage of their children, Marcia Kay Vogel and Kevin Shay Averhoff. They will be married in Sacred Heart Church of Muenster on October 17, 1998 at 7:00 p.m. The bride-elect is a 1991 graduate of Southwestern Oklahoma State University School of Pharmacy, and is currently employed as a pharmacist for Minyard Food Stores in Fort Worth. The future-groom is a 1990 graduate of Stephenville High School, a 1997 graduate of Southwestern Oklahoma State University School of Pharmacy. He is employed as Pharmacist-in-Charge for Minyard Food Stores in Fort Worth. The couple plans to reside in Weatherford.

Sacred Heart Trust Fund Dinner set for Sept. 20

It is the time of year again for the annual dinner for the Sacred Heart Trust Fund. The dinner is scheduled for Sunday, September 20, 1998 at the Sacred Heart Community Center. The doors open at 11:30 a.m.

This year is the celebration of over 20 years since the inception of the Trust Fund in 1976. We have reached our goal of one million in funds and assets, however, the fund continues to increase in value with the reinvestment of proceeds and continuous support of donors. During the 1997-1998 school year, funds were available to benefit the teachers of Sacred Heart School.

Lydia Walterscheid Springer, a Sacred Heart Alumnaus will speak at the dinner. She is a graduate of the University of Dallas and SMU law school and is currently practicing law in Dallas.

Please come to the dinner and meet John K. Quinlan, Senior Portfolio Manager and Senior Vice President of Smith Barney Inc. His twenty five years experience has touched virtually every area of the equity market. His experience as a financial consultant, a sales trader, an institutional block trader, a retail system

strategist and a Capital Markets Program instructor has given him a unique perspective from which he approaches his work as a portfolio manager.

A financial report will be presented at the meeting.

Tickets are \$25 per plate and may be purchased at the door. You may call 759-2511 ext. 24 for reservations.

John Quinlan

Fundraisers organized for Home Hospice Auxiliary

The Cooke County Home Hospice Auxiliary met on September 3 with Mary Jo Dollar, first vice-president, conducting the meeting at Whaley United Methodist Church. Members in attendance were informed of the September 27-28 Abe Beckman golf calcutta, dinner, dance and golf tournament. Golf entries for the event will be \$250 and a social pass for non-golfers will be available for \$25.

Mary Nel O'Dell, co-chairman for the 1998 Light Up a Life fund-raiser, gave a report on the campaign and urged everyone to attend the luncheon in October when the invitations for Light Up a Life will be addressed. Everyone wishing to help is requested to call the above number for the date and time.

Bob Archer, treasurer, reported the computer at the Home Hospice office had been updated and is now better able to process Auxiliary records.

The proceeds from this two-day event will benefit Home Hospice of Cooke County and the Boys and Girls Club. Volunteers, needed for both days, were asked to call Kelly Lamkin, Home Hospice Volunteer Coordinator at 665-9891.

The Home Hospice Auxiliary was organized to support the non-profit Home Hospice of Cooke County and welcomes all who wish to share in this goal. The next regular business meeting will be at 10:00 a.m. November 5 at Whaley United Methodist Church.

Catholic State League sets registration time

Registration for the 100th anniversary convention of the Catholic State League of Texas will be held on Saturday, Sept 19, 1998 between 8:00 am and 10:00 am in the school building at St. Louis Church in Castroville, Texas.

Monsignor Victor Schmidzinsky will lead the opening prayer at 10:00 am. Invitations have been extended to all bishops of

dioceses where the Catholic State League operates, to all members of the Catholic Union of America, to all members of National Catholic Women's Union and to all members of the Catholic Life Insurance sections, and all interested friends and visitors. Convention meetings will be held on Saturday and Sunday, September 19 and 20.

Busy weekend offered to Sacred Heart Alumni

Homecoming festivities will be celebrated early this year at Sacred Heart High. Friday, Sept. 18 the Tigers tangle with Santo for their homecoming game which kicks off at 7:30 p.m. The Queens' Court will be introduced and the 1998 Homecoming Queen crowned during the pre-game ceremonies beginning at 7 p.m. In an effort to make the Homecoming week-end special for the alumni, Sacred Heart Alumni and Supporters organization has planned several events that will offer opportunities for visiting, reminiscing with old friends and creating new memories. At noon on Saturday, Sept. 19 a golf tournament is scheduled. This is not a fund-raiser, just for fun. To sign-up or get more details call the Sacred Heart Business Office, (940)759-2511, ext. 24. An

Open House will be held for the grade school and high on Saturday from 6 to 8 p.m. (It's air conditioned now!)

Sacred Heart's traditional Homecoming Dance is Saturday evening in the Community Center. Doors open at 8 p.m. and the band starts to play a 8:30 p.m. Music will be provided by River's Edge, a top 40s Country/Western band. They also play many favorite Rock-n-Roll dance tunes. Admission is \$25 per couple in advance or \$15 each at the door. Food and drinks are included in the ticket price.

The annual Sacred Heart Trust Fund Dinner is scheduled for Sunday, Sept. 20 at 11:30 a.m. in the Community Center. Tickets are \$25 each (\$50 per couple). All proceeds go to the fund which is designed to help pay salaries for Sacred Heart teachers.

The engagement and approaching marriage of Donna K. Haverkamp of Gainesville and Richard Craig Hertel of Gainesville have been announced by her parents, Mr. and Mrs. Frank A. Haverkamp of Lindsay. Parents of the future-groom are Mr. and Mrs. Don Hertel of Benjamin, Texas. Father Eugene Luke, OSB will officiate the wedding on Oct. 3, 1998 at 5:00 p.m. in St. Peter's Church. Honor attendants will be Janelle Haverkamp, Terri Hiner, Emily Haverkamp, Kent Hertel, Scott Hertel, and Deke Fiveash. The bride-elect is a graduate of the University of North Texas in Denton. She is a Corporate Membership Director for Club Corporation based in Dallas. Mr. Hertel is a graduate of Midwestern University in Wichita Falls. He is a teacher and UIL Coordinator at Lindsay High School. The couple plans to reside in Gainesville.

New members inducted into St. Anne's Society

St. Anne's Society held their regular meeting on September 6 at 7 p.m. in the Community Center meeting room. Toni Hess led opening prayers. No minutes were read as the secretary was absent. Financial report was read by Tillie Otto. Also thank you notes were read from Abba Center for baby furniture and bedding, and from John Zimmer of Beeville, Texas for rosaries for his prison ministry.

New members received into the society on July 26 were Helen Yosten, Nancy Walter, Jane Stroud, Glenda Russell, Peggy Bednorz, and Nancy Nystrom.

A covered dish supper was held August 2 to welcome the new members, and the Benedictine Sisters for another school year of teaching.

A quilt was shown which had been quilted at Ida Mae Bindel's house. A big "thank you" to all the ladies who helped quilt it. The quilt top was donated by Tillie Otto's sister Emma Fetsch. It was decided to sell chances on the quilt at a later date for a money-making project.

A letter from Fr. A.J. Williams was read thanking the society for \$60.00 and asking to be kept in the prayers of the society. A letter from Sister Carmelita asked that canceled stamps be saved. There was also a thank you note from the Benedictine Sisters for the supper.

The door prize was won by Bea Hess. The meeting adjourned with prayer for vocations.

NCTC Continuing Ed offering opportunity for advancement

North Central Texas Colleges Continuing Education is offering computer and keyboarding courses that will help you get an edge on the competition or to just hone your skills for your current job.

In addition to other advanced classes, continuing ed is offering Intro to PC and a software applications course.

The Introduction to PC course introduces the PC and Windows 95 to new computer users.

The Applications course will use Office 97 to introduce students to word processing, spreadsheets, and databases. Students will also be acquainted with the Internet,

PowerPoint, and Access.

To accommodate everyone, classes will be offered at different days and times. Call the number below for exact days and times. The fee for the course is \$68 with a special course being offered just for retirees for \$35.

The Keyboarding course will introduce students to the Herzog system. This course is being offered once for a fee of \$68.

Upon successful completion of a course, a certificate of completion can be granted. Courses begin September 17 and space is limited. For exact days and times or a schedule of other Continuing Education course, call 668-4272.

Computer training tops NCTC priorities

Accommodating students in obtaining computer education has become a high priority at North Central Texas College.

In today's workforce there is a high demand for trained computer professionals. In order to help meet the resulting need for training, NCTC's Continuing Education has added Scott Casey to a newly created position as Work-Force Coordinator. Casey will manage NCTC's continuing education computer training program.

Currently continuing education offers over 20 computer education courses. These courses range from basic to web page building, computer maintenance, and advanced software training.

Whether you want to learn for fun or profit, NCTC's Continuing Education offers something for you. For information on the courses mentioned or a Fall 1998 schedule, call Continuing Education at (940) 668-4272.

Kimberly Sandmann

Kimberly Sandmann is grad on Aug. 13

Kimberly Sandmann of Lindsay graduated August 13, 1998 from the Licensed Vocational Nursing Program of North Central Texas College. The pinning ceremony was held in the Margo Jones Hall at TWU in Denton. Kim was awarded with a Perfect Attendance Award.

After the ceremony Kim and her family and friends celebrated at El Chico's in Denton. A week later a small celebration was held in her honor at her home in Lindsay.

Ropers adopt daughter

Milinda Monique became a member of the family of Chuck and Milissa Roper on August 25. The Ropers have two other sons Charlie age 12 and William age 7. They live in Hendersonville, North Carolina.

Milinda was born in Ecuador on March 2. Milissa and Chuck traveled to Ecuador for a private adoption at the time of her birth, but there were many delays with the paperwork. Milissa and Chuck returned to the U.S. and Milinda was cared for by the family of Vivian Bolancos until the adoption papers were completed. Vivian is a former exchange student of the Henry Weinzapfel family.

After all the paperwork was completed Vivian's mother and

Milinda Monique Roper

aunt brought the baby to the U.S. on August 25.

Grandparents are Willie Mae Drake of Hendersonville, North Carolina, and Henry and Janie Weinzapfel of Muenster.

You just thought you found all your pictures! Happy 40th!

Duane Knabe, C.P.A.

Hornets allow Nocona to win

The Indians were on the war path last Friday when Muenster arrived in Nocona to begin their '98 football season. Keeping ahead of their opponents was tough for the Hornets, as Muenster fumbles turned into Nocona touchdowns, giving the Indians a 20-14 victory.

"It was one of those games that we played well enough to win, but a young team and too many mistakes - we couldn't pull it out at the end," commented Muenster Coach Randy Tankersley. "Our effort was great. Chalk it up as a learning experience."

The teams exchanged punts as the game began, but on Nocona's second drive of the game, a 15 yard penalty and a 36 yard run put the Indians on the scoreboard. With 6:52 on the clock, Nocona took a 6-0 lead.

The two sides again exchanged punts with Muenster's third offensive series seeing several good runs. Brent Sicking picked up 17, then three Bryan Miller runs gained 36 yards to the two yard line. Two Jesse Luke runs were nullified by a delay of game penalty. On fourth and goal from the seven, a Luke to Sicking pass put the Hornets on the scoreboard. Nick Silmon's extra kick gave Muenster a 7-6 lead as the second quarter began.

Muenster's defense held the Indians to one yard, forcing the punt. Starting on their 44 yard line, the Hornets, after a 5 yard penalty, gained 19 yards on a Luke to Aaron Klement pass. Two incomplete passes and a short Miller run left the Hornets in a 4th and 5 situation. A fake punt play saw Jesse Luke gain 28 yards to the Nocona 23. The next play, Brent Sicking scored on a 23 yard run. Silmon added the extra point for a 14-6 lead with 7:28 remaining in the first half.

An on-side kick covered by Justin Fleitman gave the

Hornets possession at midfield. Three unsuccessful plays and a punt put the Indians deep on their 19 yard line. This began a 16 play scoring drive, that ended with a 6 yard pass play with 15 seconds on the clock. The extra point run failed for a 14-12 half-time score.

The Hornets controlled the first half of the third quarter. Beginning on their 30 yard line, runs by Miller and Sicking, and a Luke to Miller pass put Muenster on the Nocona 30 yard line. Then the Hornet offense hit a rut and turned the ball over on downs. Two plays later, Jeff Klement intercepted an Indian pass and the Hornet offense set up on the 37. A Darren Hennigan pass completion took Muenster to the 5. Miller edged to the 4, but the next play was fumbled and Nocona took over at the 3.

Four plays later, after a short kick, Muenster was once again in good field position on the Indian 23. A quarterback run by Luke, then a pass to Justin Fleitman gave the Hornets a first and goal on the 8 yard line. But again, a fumbled ball was covered by the Indians, stopping the drive at the five.

Nocona quickly moved the ball toward midfield, but their drive was temporarily halted when Darren Hennigan picked off a pass. Two plays later, Muenster fumbled again returning the ball to the Indians on their 31 yard line as the final quarter began.

On the first play of the fourth period Matt York covered a loose ball, giving the ball back to Muenster. A penalty and unsuccessful passes returned the ball to Nocona on their 34 yard line. Ten plays later, the Indians were knocking at the Hornets door, scoring on a one yard run. The extra points play gave the Indians a 20-14 lead with 3:13 remaining in the game.

Muenster attempted a comeback, but ended the game

with an interception near midfield.

Offensively, Coach Tankersley noted that Jesse Luke, Brent Sicking, and Bryan Miller all had a good running game. And the offensive line did not allow a sack.

Defensively, Jeff Klement "won himself a starting job." Other standouts were Miller, Craig Hartman, and Aaron Klement.

Next Action - Paradise
Muenster travels to Paradise to take on the 2A Panthers this Friday. "They are a real big, real physical team," said Coach Tankersley. "I expect a real tough, hard-nose game."

The Panthers run a wishbone offense led by backs Brady Mann and John Martin. Mann, the district's top offensive player last season also had 191 tackles. Along with Tom Euler, the district MVP, the Hornet offense could run into some trouble.

The game begins at 7:30 p.m. at Panther Stadium.

Quarterback Club to meet weekly

The Muenster Quarterback Club will meet on Mondays during football season, at 7:00 p.m. on the west side of the MISD gym. All parents and fans are invited to attend.

Tigers fall to Savoy Cardinals

The Savoy Cardinals, the underdogs of district 17-A, came to Muenster last Friday to challenge the Tigers of Sacred Heart. When it was all said and done, the Cardinals loaded up the bus and went home with a 44-0 victory.

"We didn't tackle, we didn't block, we didn't play offense. We looked bad. We looked like a team that never practiced," said Tiger Coach Tom Frazier. "This team doesn't know how to win. Winning is an attitude. This team hasn't had a winning year from junior high."

The only bright spot Frazier could note was the Tigers had only one penalty.

The first five possessions Savoy had, they scored. Sacred Heart took the opening kick, but were unable to get the needed 10 yards. On the punt attempt, Savoy blocked the kick and returned it 40 yards for a touchdown. The PAT pass was good for a 8-0 score, two minutes into the game.

The Tigers again struggled, with runs by Charlie Moster, Matthew Nasche and Duncan Campbell gaining only four yards. A short punt put the Cardinals on their 46 yard line. Seven plays later, Savoy scored again. The PAT pass gave a 16-0 score with 5:06 remaining in the first quarter.

The Tigers next attempted drive began on their 18, but it ended with a punt on 4th and 7.

From their 32, it took Savoy only six plays to score again. Their extra point run failed and with 12 seconds remaining in the quarter, the Tigers trailed 22-0.

It was three plays and punt again for Sacred Heart putting Savoy on their 29 yard line. Five plays later, the Cardinals scored again. With 9:23 on the clock, the scoreboard read 30-0 after the extra points pass.

Sacred Heart lost the ball on the first play when Savoy recovered it on the Tiger 35. This time it took seven plays for the Cardinals to find pay dirt. After a failed pass on the PAT, Savoy led 36-0 with 6:32 still remaining in the first half.

The teams exchanged punts, the first for Savoy, as the time ticked away for the half-time break.

Savoy took the 3rd quarter kick to their 31 yard line. Eleven plays and five minutes later they scored again, 44-0 after the extra points.

A highlight of the game for the Tigers came when Charlie Moster returned Savoy's kick 47 yards. From midfield, the Tigers fumbled the ball and Savoy ran it in for a touchdown, but an illegal block brought the ball back to the 39. The next play, Jeff Hartman covered a loose ball for Sacred Heart on their own 36 yard line.

Runs by Moster and Campbell gained 6 yards. On 4th, the Tigers first down attempt came up short and the Cardinals took over on the 44. Moving inside the 20 yard line, the Tiger defense held and Sacred Heart took over on their 16, on downs.

After no gain, Sacred Heart punted to begin the final quarter. The Cardinals moved into Tiger territory once more, but tackles by Pat Miller, Travis Fuhrmann, and Russell Fette turned the ball over on downs.

The Tigers lost 5 yards on their next possession and punted. Savoy ran five plays, punted and Sacred Heart's offense ran out the last minute of play.

"Savoy wanted to win. They were hyped up. We weren't ready to play," Frazier noted. "Monday we went back to fundamentals. Most teams you can teach and are ready to play at this point and learn technique. This team is so far behind on just basic fundamentals," Frazier continued. "This is a good group of kids. They work hard and do what I ask. I see positive things here. I think we can teach them how to win."

Next Action - Saint Jo
The Tigers travel to Saint Jo this week to tangle with an experienced Panther team.

"This is going to be another learning game. We can learn from our mistakes every game and improve," said the Tiger coach. Several changes will be seen Friday night, as Coach Dale Schilling will be down on the field and Coach Fabian Ybarra will be moved up into the box. Also sophomore Keith Felderhoff will start as quarterback and, Duncan Campbell will change to a running back.

The Panther offense will be led by senior Ben Botello and sophomore quarterback Greg Reeves. Saint Jo returns 9-9 starters after losing only three at graduation last year. "Botello is big and is going to be hard to stop," Frazier noted. "Saint Jo is big up front, they've played together as a team for a couple of years and play a lot of different sets. It will be another tough game."

Action begins at 8 p.m. at Panther Stadium.

Football Contest begins, LeBrasseur wins first week

Only 29 entered the first week of the Muenster Enterprise's Annual Football Contest, but more participation is expected as the season progresses.

Jon LeBrasseur was the first weekly winner, missing eight games. Dave Reiter and John Sandmann tied at 31, with Reiter taking second after picking the correct tie-breaker winner.

Guessing 30 winners were contest veterans Mike Stoffels,

Ted Heers, and Edna Hermes. Coming in with 29 were Wayne Klement, Edgar Dyer, and Terry Walterscheid.

Twenty-two contestants picked Sacred Heart to win and no one came close to guessing the final score in the tie-breaker. Sixteen entries went with Muenster to win, while only two missed Lindsay and one missed Era.

Contest rules are the same as last year. If there are any questions, call the Enterprise.

Lady Hornets take fifth at Marcus Invitational

The Lady Hornets Cross Country team traveled to Denton to attend one of the state's largest cross country meets. The meet, hosted by Flower Mound Marcus, involved teams from Amarillo to Tyler. The Lady Hornets competed in the 1A-2A division in which there were 150 runners and over 25 teams. Muenster posted a fifth place finish behind three 2A schools and last year's state runner-up in 1A, Alvord. "Alvord has a strong, strong cross country

program. We are right on their heels but our goal is to surpass them," said Coach Teague. The Lady Hornets were 12 points away from qualifying for state last year and seem to be on the right track to make up those 12 points this season.

Final results: 14th-Keri Felderhoff 13:53; 29th-Kelly Felderhoff 14:21; 51st-Krystal Hale 15:00; 52nd-Allison Endres 15:01; 66th-Megan Hennigan 15:24; 67th-Kristie Lutkenhaus 15:25.

MVFD seeks participants for golf tourney on September 13

Sunday, Sept. 13 is the Muenster Volunteer Fire Department's fifth annual golf tournament. The event takes place at Indian Oaks (Nocona Municipal) Golf Course. Tee off time is 8 a.m.

This is a four-person scramble with a \$200 per team entry fee. This includes t-shirt, towel, cart, cool cup, green fee and one mulligan. Food and drink will be available. There are several hole-in-one prizes.

For more information or to sign up, call Delanne or Bert Walterscheid at (940)759-4785.

Staying power puts fun back into fitness

Poor endurance can take all the fun out of physical activity for many children.

Children who are generally inactive can tire quickly when exercising. "Providing children don't have asthma or other medical conditions, tiring quickly means they're probably working too hard for their level of fitness," said Dr. Marta Fiorotto, a scientist at the USDA/ARS Children's Nutrition Research Center at Baylor College of Medicine.

Fiorotto believes that overexertion can trigger a negative cycle. "Children who tire easily may not develop skills, and poor skills increase frustration and lead to

discouragement. Discouraged children usually quit trying," said Fiorotto, an assistant professor of pediatrics.

Children can be helped to reverse this cycle. The key is improving endurance.

"Children can be taught to pace themselves," Fiorotto said. "They should be able to talk while exercising. If they're too breathless to talk, they should slow down. If they can sing, they're not working hard enough," she said.

Keeping the right pace permits sufficient oxygen to reach muscle cells to burn body fat as fuel. "Most children have enough body fat to fuel prolonged periods of physical activity," she said. "But if they surpass their level of fitness and their muscles can't get oxygen fast enough, the body compensates by burning more of its supply of glycogen, a form of carbohydrate stored in muscle tissue." Prolonging glycogen is key to delaying tiredness.

"Children who don't tire quickly tend to exercise more, which leads to improved cardiovascular fitness and even

greater endurance," Fiorotto said.

There is little doubt that regular physical activity makes children healthier. "Exercise builds strong muscles, which promotes good posture and strong bones, and burns calories, which reduces body fat and improves both self-confidence and body image," Fiorotto said. Active children who become active lean adults also have less risk of diabetes, hypertension, cardiovascular disease, and some cancers.

Fiorotto recommends that children do some type of vigorous activity such as swimming, biking, in-line skating, or running, three to five times a week. Children need to get their heart rate up for at least 20 minutes to improve cardiovascular fitness.

"Once children don't tire as quickly, they can concentrate on learning basic skills and having fun," said Fiorotto. By teaching children to pace themselves and encouraging them to play outdoors or participate in sports, parents may turn "I can't" attitudes into "I can."

New book on poisonous snakes of Texas released

AS more and more people flee the cities for a peaceful country life, the number of encounters with poisonous snakes have increased. Many people have very little information about the snakes and do not know how to react.

Andrew H. Price, a herpetologist and conservation scientist for Texas Parks and Wildlife (TPW), recently released a new edition of *Poisonous Snakes of Texas*, a book that covers a variety of questions about poisonous snakes.

The newly revised *Poisonous Snakes of Texas* is an expanded, up-to-date version of the original that was published in 1950 by John F. Werler. There has been a demand for this informative book even though it has been out of print since 1978 and the new version fulfills the demands admirably.

One of the main themes of the books is a reminder to the reader that humans are the ones invading the snakes' habitats, not the other way around. Price says, "The most important thing people should recognize is that venomous snakes are part of the environment just like any other species."

Poisonous Snakes of Texas costs \$13.95 and is published by Texas Parks and Wildlife Press and distributed by U.T. Press. It is available through both companies by phone or in most major bookstores. To order by phone, call U.T. Press at 1-800-252-3204, or Texas Parks and Wildlife Collection at 1-800-786-8644.

Years Ago ...

50 YEARS AGO May 21, 1948

Sixty-five civic minded area citizens select "Muenster Community Council" as the name of the group to work cooperatively for the general well-being of Muenster and its surrounding area. Membership is open to any person desiring to help in the program - anybody, merchant, clerk, mechanic, farmer, hired hand, oil field worker, or anyone else interested in local improvements. North Texas finest horses compete on Sunday, May 16 in biggest and best horse show in this community's history. It presented 135 horses in competition. Attendance exceeded 3,000. Mr. and Mrs. Barney Voth honored on golden wedding anniversary. Eight poles and thirty-four 1500 watt lights are being installed on softball field.

30 YEARS AGO May 24, 1968

Commencement exercises held Friday night May 24 for Muenster High School, and Sunday night May 26 for Sacred Heart High School. Obituary: Long-time business man L.A. (Louie) Bernauer dies at age 80. Continued rain here all last week brings weather to the critical stage for ripening wheat, oats, and haymaking. Contract for construction of

Muenster's sewer plant expansion is awarded to Bayer Brothers Concrete Contractors. New Arrivals: a daughter for Mr. and Mrs. Arthur Hess; a daughter for Mr. and Mrs. Robert Vogel.

10 YEARS AGO May 27, 1988

Memorial Day services will be held at Sacred Heart Cemetery following 8 a.m. Mass on Sunday, May 29. Andy Stelzer, past VFW State Commander of the department, will be speaker. Bishop Delaney presides at graduation at Sacred Heart High School. Julie Rohmer is Valedictorian at Sacred Heart High School and Kerri Yosten is Salutatorian. Brian Hess is Valedictorian at Muenster High School and Jamie Walterscheid is Salutatorian. Lucy Fuhrmann is Valedictorian at Lindsay High School and Jolanda Wimmer is Salutatorian. Brent Holland is Valedictorian at Forestburg High School and Chad Hudspeth is Salutatorian. Obituaries: Herbert A. Walterscheid dies at age 49. Lee Edward Alexander, age 42, dies of cancer while studying for the priesthood. He was a friend of the Wayne Klement family, and many Muenster Jaycees.

10 YEARS AGO May 20, 1988

Muenster students are honored this week as Sacred Heart High holds annual Awards Banquet and Father Victor Gillespie as speaker hosted by the Alumni Association; and Muenster High School holds annual recognition and awards banquet, with guest speaker Bill Otto, valedictorian of the 1959 graduating class as special guest. Obituaries: Richard Grewing dies at 61 former mayor and civic leader Raymond Lutkenhaus dies at 68; Mrs. Frank Schoech Muenster native dies at 97. Weddings: Kristi Kemp and Curtis Stephen Hesse marry in Sacred Heart Church; Amy Elizabeth Ley and Marlo Wells are married in First Baptist Church of Muenster. New Arrivals: Jana Elaine Abeln to Laurence and Peg Abeln; Sarah Anne Whitcotton to David and Helen Whitcotton. New business in Muenster: Mom's Pie Company holds Open House. Majorettes Marcia Vogel and Staci Sicking perform at World Expo '88 in Brisbane, Australia.

Knights win over Trojans 19-14

On the Windthorst playing field last Friday, the Knights challenged the Trojans in battle, which ended with a 19-14 victory for Lindsay.

Four bad snaps, fumbled plays and too many penalties almost lost the game for the Knights. "We were very sloppy. We weren't mentally prepared. We have to have some leadership from some of the players," noted Lindsay Coach Charlie Meurer. "We didn't play very well at all."

Lindsay took the opening kick, but gained no ground and punted. On Windthorst's second offensive play, Blaine Schroeder coughed up the ball and Michael Mosman covered for the Knights on the Trojan 20 yard line.

Three runs by Jeff Bezner, nine, ten, and one yard, put Lindsay on the scoreboard with 8:20 on the clock. The PAT failed for a 6-0 score.

Windthorst went airborne on their second drive, completing two, missing two, then punting on fourth down. The Knights punted back after three plays gained only three yards. The next play, Schroeder again lost control of the ball and this time Chris Garner covered for Lindsay on the Knight 34 yard line.

A 15 yard penalty and fumbled play, quickly gave Lindsay a first and 25. Bezner ran twice for 15 yards, but a fumbled ball by Adrian Anderle was recovered by Blaine Schroeder on the 33.

Windthorst moved the ball to midfield, then punted, but the ball was touched by a Lindsay player, so the Trojans regained control on the Knight 25, as the first quarter ended.

Defensive plays by Mosman, Cody Secrest and an 11 yard loss tackle by Blake Crutsinger put the Trojans in a fourth and 20 on the 33. A 15 yard flag thrown against the Knights quickly moved the ball to the 17. On fourth and 5, quick defense by Anderle caught Windthorst for a 6 yard loss, and Lindsay took over on their 23.

Bezner took the ball out to the 31, and on the next play, Adrian Anderle broke free for a 69 yard touchdown race. A 15 yard penalty on the extra point attempt assisted in the missed PAT giving Lindsay a 12-0 lead with 9:55 remaining in the second quarter.

An incomplete pass and 10 yard penalty for the Trojans preceded Anderle picking off a Josh Wolf pass, setting the Knights on the Windthorst 35 yard line. Bezner then ran 13, 7, 1 and 14 yards to find the end zone. Mosman's kick gave the Knights a 19-0 lead with 7:20 on the clock.

It was three plays and punt for the Trojans thanks to Mosman and Daniel Hellinger's defense.

The Knights final drive of the first half began well, with Cody Secrest completing a Bezner pass for 8 yards, then Bezner and Anderle mixing runs to midfield. Then a 10 yard penalty, a 16 yard loss forced the Knights to punt on 4th and 26. A high snap to the kicker gave Windthorst possession on the Knight 22 yard line.

The Trojans slowly moved the ball against Lindsay, the final, a one yard touchdown run by Josh Wolf. Schroeder ran in the extra points for a 19-8 score with 18 seconds on the clock, ending the first half.

Windthorst took the 2nd half kick, but on the first play, fumbled. Brad Minnix covered for the Knights on the Trojan 26.

Bezner ran three plays to the 11. Anderle added 3 yards. Two plays later, Lindsay still sat on the 8 yard line on fourth down. Mosman attempted a 24 yard field goal, but the ball went wide, so the score remained 19-8 with 8:21 on the scoreboard.

The Trojans came back fighting, mixing passes and runs, steadily moving down field, with the exceptions of a Secrest quarterback sack and an Anderle interception that ended the drive near midfield.

Bezner again took ground control with runs of 23 and 6 yards. Corey Neu gained another 3 and Anderle 19 to the Trojan 13 yard line as the final period began.

Bezner was then dropped for a 15 yard loss, then gained 17 yards to the 10 yard line. On fourth and 7, Bezner was again caught behind the line and the Trojans took over on the 13.

Chris Garner, Anderle and Bezner held Windthorst on two plays. But the next pass play, Wolf to Anthony Cimini, turned into a 92 yard touchdown. The PAT pass failed and with ten minutes remaining in the game, Windthorst closed the scoring gap to 19-14.

The Knights were unable to move the ball their next drive and punted. A Levi Seeds quarterback rush and defense from Clint Gallagher and Anderle forced the Trojans to punt.

From the 26, the Knights struggled, punting the ball back. A 41 yard Richie Alfrey punt put Windthorst back on their 25 yard line.

Again, the Trojans mixed their plays which included four successful passes for 4, 13, 14 and 16 yards, moving the ball to the 15 yard line. Tackles by Mosman and Alfrey and a delay of game, were followed by two incomplete passes. On fourth and 16, with a minute to play, Chris Garner stepped in and intercepted the attempted scoring pass, saving the victory for the Knights.

"They physically whipped you up front," Meurer told his players after the game. "They executed their offense much better than we did."

Next Action - Bells
 The Knights will host the Bells Panthers of district 12-2A this week. Bells lost 15 lettermen from last season's 9-2 team and return 5-5 starters.

"They are a much better team than last week's opponent," noted Meurer. "We haven't beaten them the last two years. They are coming off a big win against a very talented Cooper team."

The Panthers to watch will be quarterback Eric Payne and tailback Joe Hitsman. Last season Payne scored 23 touchdowns, rushed for 668 yards and passed for 1,127 yards.

Trojan Josh Wolf (14) digs for the fumbled ball just outside the goal line. The Knights' defense kept Windthorst out of the end zone, but the Trojans were given the 6 points anyway. Lindsay held Windthorst again late in the game to keep a 19-14 victory. Janie Hartman Photo

School News

Look out for big yellow obstacle on the road

by Melinda Johnson
ATPE Member

I am a school bus driver, and take my profession of transporting children to and from school and home every day very seriously. Unfortunately, other drivers' attitudes and actions toward me on the road frequently reflect their lack of safety as a priority. The unspoken, but very loud message they often send is, "You are in my way, and I have better things to do than follow a bus!" My question to them is: Don't you realize that there are precious little lives on that big yellow obstacle in front of you? You jeopardize the safety of these children when you do things like race up on the left side of my bus when I'm stopped at a stop sign and then cut me off by making a right turn, or slip up on the right shoulder of the road just to save a couple of minutes.

But the most dangerous thing I observe daily happens when I am stopped at railroad tracks and cars whip around me to fill the empty space in front of my bus on the other side of the tracks. Have they ever considered the possibility that I might proceed at the same time, and would then get

stuck with part of my bus on the tracks? If a train came, it would not matter that it was the other driver's fault. It would only matter that many lives would be forever changed because that driver was in such a hurry to beat my bus. Another thing to keep in mind is that I always stop before crossing railroad tracks, whether there are children on my bus or not.

People also seem to have no regard for school zones anymore. I am appalled at the number of cars that pass me every day in these designated areas. The speed limit in school zones is reduced for a reason - kids are everywhere, and their actions are totally unpredictable. Even in neighborhoods after school hours, kids are rollerblading, chasing balls and riding bikes - drivers cannot be too cautious.

Unfortunately, the majority of the public still seems confused about when to stop for a school bus. Well, instead of trying to remember the ins and outs of the law, just remember that you will be safe if you stop - wherever you are - when the alternating red lights at the top of the bus are flashing.

One day last year at two different locations, cars passed

me even though my alternating red lights were flashing. At one of the stops, eight children were waiting to cross the street to load the bus when a car came speeding down the street. The driver completely ignored the lights and the stop sign on the side of my bus and continued on her way. Fortunately, the student line leader knew not to lead the children across the street until she saw me signal.

If people's driving habits do not improve drastically and quickly, it will only be a matter of time before there is a tragic wake-up call. The bottom line is simply a lack of patience. I understand that everyone is in a hurry; I also have a schedule to keep. As a rule, I travel in the right lane unless there is an obstacle, construction, high water or I'm planning to make a left-hand turn. In return, I ask that drivers not speed up when I signal to make a lane change. I will be glad to get out of their way as soon as I safely can.

Please think of the safety of the children - even if they are not yours, they are somebody's. A little patience and courtesy will help make the roads much safer for all of us.

Delivering anti-drug calendars to the local schools were, at left, Valerie Henscheid, representing the Cooke County Networking, and Evelyn Yeatts of the Gainesville Soroptimist Club. Accepting the calendars are school principals, Gwen Trubenbach, James Hopper and Jack Murdock. Janie Hartman Photo

Hispanic recognition goes to LHS student

Abriel Aberasturi, a member of the senior class at Lindsay High has been recognized as a Scholar Finalist in the National Hispanic Recognition Program, as announced by Principal Gary D. Hamilton.

The National Hispanic Recognition Program is a College Board program that provides national recognition of the exceptional academic achievements of Hispanic high school seniors, and identifies academically well-prepared Hispanic high school seniors for post-secondary institutions.

Cooke County Networking Anti-Drug calendar project

In April 1998 an art contest was held inviting children to submit original posters supporting anti-drug ideas. Winners of the county wide contest have their posters published in the calendar along with picture of the artist. Recognition is also given to their teacher. The calendar is a small sample of the creative talents of our youth.

Additional calendars may be purchased from any of the Networking Committee members. Cooke County Extension office will also sell calendars for the Committee. For additional information call Evelyn Yeatts 668-5412 or Susan Metzler 665-8619.

The mission of the Cooke County Networking is to encourage all of the people of Cooke County to work together to prevent alcohol and other drugs and related issues from destroying ourselves, families, friends and community.

As a project, the Networking Committee developed an anti-drug calendar to be distributed free of charge to all Cooke County school children grades 4-8. The Gainesville Soroptimist Club underwrote the cost of providing free calendars to the kids. Additional calendars may be purchased with a donation of at least \$5.00.

School Lunch Menus

Fri. - Chili dog, shredded cheese, French fries, baked beans, ice cream.

Health Notes

Neglect is a form of child abuse

The profile of a child abuser can be quite misleading. People who abuse children almost always are already known to the child and may appear to be outstanding citizens.

"People who physically abuse infants and children most typically care for them but have patterns of violent reactions when stressed or annoyed," said pediatrician Dr. Donna Persaud.

It is important to remember that neglect accounts for a significant proportion of child-abuse cases, she said. "Children who are perpetually unsupervised or abandoned suffer greatly in the long run because they may lose considerable potential to become healthy, productive citizens," she said.

Smoking and Heart Disease

Smoking is a major risk factor for heart disease.

- Smoking can cause blood vessels carrying blood to leg and arm muscles to narrow
- Chronic exposure to second-hand smoke increases the risk of heart disease
- Smokers' risk of heart attack is twice that of nonsmokers
- Smokers who have a heart attack are more likely to die and die suddenly

Brandan has excellent 8th!

Brandan Joseph Bindel, son of Ben and Tina Bindel, celebrated his eighth birthday with lots of excitement and energy! In honor of the occasion, he and his family spent an extended weekend in Dallas. Brandan's favorite activities were lots of swimming in the hotel pool, shopping for baseball cards and going to the movie "Dr. Doolittle."

On Brandan's actual birthday, July 27, he chose to spend the last day of their mini-vacation celebrating with his family "in style" at Six Flags Over Texas. He said he had an excellent eighth birthday.

On Friday, July 31, Brandan was again honored at a swimming birthday party in the park, hosted by his parents. Brandan and his guests played games and swam. They enjoyed birthday cupcakes, which spelled out "Happy 8th Birthday, Brandan" and canned soft drinks.

After opening all his "cool" gifts, Brandan passed out goody bags to his guests.

Helping Brandan celebrate were his sisters Danielle and Briana; and his buddies Ryan Bartush, Johnathon Monday, Seth Pierce, John Rohmer, Jeffrey Schneiderjan, and Paul Crabtree.

Brandan Joseph Bindel

Allie feted on third

Allie Margaret Killian, daughter of Scott and Gail Killian of Houston and granddaughter of Butch and Eileen Fisher of Muenster celebrated her third birthday at their home in Houston. A hamburger dinner, and cake and ice cream were enjoyed by all her friends.

Allie's friends and neighbors who helped celebrate her birthday included: her brothers Austin and Ross; Neighbors Kristen, Derek and Madison Anderson; Ryan, Evan and Maddison Hass; Ann, Randy, Preston and Brennan Schamberger; and Caleb and Priscilla Schaniker.

Unable to attend but sending Happy Birthday Blessings were: Aunt Janie Fisher, grandparents Fisher, great-grandma Margaret Fisher, Tonya, Stanley, Kaileigh, Tyler and Mandy Hess, uncle Steven Fisher, and Penny and Sally Stoffels.

Allie's actual birthday is August 1!

Allie Margaret Killian

Area Happenings

Quilt Show on September 19

The Van Alstyne Quilters' Guild is sponsoring a quilt show on Saturday, September 19. The show will be held from 9:00 a.m. to 4:00 p.m. in the Van Alstyne First United Methodist Church, located at 301 S. Preston in Van Alstyne. Van Alstyne is located between Sherman and McKinney on Highway 75.

Features of the show include an antique quilt exhibit, handiwork of guild members, demonstrations on various quilting techniques, and many door prizes. In all, more than 200 quilts and quilting related items will be on display.

Admission to the show is \$3.00 per person. Children under 12 are free. Proceeds from the quilt show will benefit the Van Alstyne Quilters' Guild community service projects. Current projects include a quilt documentation project and the making of quilts for kids in crisis.

Arts Festival Plans Underway

Come one, come all to the 16th Annual Sherman Arts Festival scheduled for Saturday, September 19 at the Sherman Municipal Building grounds on Rusk Street from 9:00 a.m. to 5:00 p.m.

There will be crafts, art work, entertainment, food, confederate army, stagecoach rides, and robbery, volleyball tournament, teddy bear parade, hay rides, mini fun run and 5K run, face painting, car show and much, much more. For something new, the Arts Festival committee has opened a special area just for non-profit vendors to sell fundraising items. All vendor applications are available from the Sherman Chamber of Commerce office at 307 W. Washington.

If shopping, eating and having fun are not enough for you, Sherman will be celebrating its 150th birthday in the same location starting at 7:00 p.m. There will be cake, a choreographed dance show, street dancing and a laser show.

For more information about either event, please call the Sherman Area Chamber of Commerce at (903) 893-1184.

Blue grass group coming to Saint Jo Opry Sept. 12

By popular request, sponsors of the Saint Jo Opry are happy to announce they will feature a Blue Grass Band on their

September 12 show. Performing will be Marty Bartlett and the Elm Creek String Band from Gainesville.

The Opry is happy to announce that Gene Snow from Texarkana will be a guest of the September show also. Snow has recorded numerous original songs and is affiliated with a radio station in the Texarkana area. Starting time will be 7:30 p.m.

A \$2.00 admission is charged for adults, with children under 12 admitted free. Donations from the proceeds are made to area volunteer Fire/EMS Departments and youth organizations in the area.

Eating in the fast lane

Delicious, Healthy, and Fast—that's a combination. That's what many people want and need today with our fast paced lifestyle we live in.

"Eating in the Fast Lane" is a program scheduled for Tuesday, September 15. This is a program being sponsored by the County Extension Service, Family and Consumer Sciences Committee. The program will be presented first at 12 noon to allow working home makers the opportunity to participate on their lunch time. Since tasting of several quick, easy and nutritious recipes will be prepared, participants can have a light lunch before returning to work.

The program will be repeated and expanded at 7 P.M. Both will be in the First Christian Church Fellowship Hall at 401 North Dixon Street. There will be a \$3 charge for the program to provide funds for tasting of some of the quick to prepare recipes and for the handout materials.

To register for the program, call the County Extension Office at 668-5412.

The program is designed to give consumers suggestions for providing nutritious meals for their families but ones that are quick to prepare. With a large percentage of families, dual-working households and all the many activities that family members participate in today, it becomes increasingly difficult to have well balanced, healthy meals if adequate planning is not done. With our many health concerns today that relate back to nutrition, it is extremely important that families have adequate diets.

Diabetic Support Group meets Sept. 15

The Cooke County Diabetic Support Group will meet Tuesday, September 15, at 7:00 p.m. in the conference room of Muenster Memorial Hospital. Joan Walterscheid, R.N., Certified Diabetes Educator will present the program on "Managing Your Diabetes."

With this month's meeting, the group opens a new year. All interested are invited to attend. Each month, the guest speaker list will include a doctor, a dietitian, or an authority on treatment of diabetes.

SOME OF THE THINGS WE DO WILL SHOCK YOU!

As your electric cooperative, our main job is to deliver electric power to local homes and businesses at a competitive price. Of course, we will also be there 24 hours a day should your service be interrupted. That's what people expect of us. We also do a lot of things you may not expect. Each year, we help dozens of stranded motorists. Our line workers are always keeping a vigilant eye for suspicious activities in the community. We participate in local charities and team activities. In short, we're always looking for ways to do our part as your neighbor and as a part of this community. So, don't be shocked if you see us doing something that has nothing to do with electricity. To us, it's just part of the job.

Farm & Ranch

Texoma Cattlewomen to hold seminar on Sept. 26

Texoma Cattlewomen's beef seminar - "Getting Beyond the Drought," will offer area cattle producers insight on how to deal with the drought situation. The event will be Saturday, September 26 at Bed Rock Ranch.

Speakers scheduled include: Dr. Joe Pascal, Extension Livestock Specialist; Craig Rosenbaum, Cooke County Extension Agent; James Fuqua, Cattle Producer, Quannah, Texas; Russell Woodward, Texas Beef Council; and Amy Lorange, CBS Radio - Texas Agri-Business News. Special guest Trudy Fair, 1997 Western Swing Artist of the Year & Entertainer of the Year

will provide the entertainment. The field day is being sponsored by various agricultural organizations and ag product dealers. Each sponsor will have a booth set up for producers to come by and visit and pick up information.

The \$5.00 registration fee per person includes admission, printed materials, door prizes and a BBQ dinner. You must RSVP to confirm your meal by September 18 or for any questions, call Charla Haubold 940-466-3566 or Jean Habiburton 800-228-4543. This seminar is open to everyone including children.

Killer big bales

A major danger on the farm are big round bales, and their handling. Between 1992 and 1995 there were 46 fatalities related to hay bales.

Common sense, taking your time, and respect for gravity can mean the difference between life and death. Here's a few safety tips.

- Avoid lifting bales any higher than necessary when being moved.
- Be sure you are on level ground when stacking bales.
- Tractors should have a cab or frame to protect the driver in case of a roll over.
- Secure all attachments on front-end loaders used to stack bales.

New bales can be very unstable. It may be fun, but do not allow children to play on or around new big round bales. A small push or the weight of a child can start an unstable bale rolling, with crushing results.

National Farm Safety, Health Week 9/20-25

Agriculture Commission Rick Perry announced that the week of September 20-26 has been declared Farm Safety and Health Week in Texas. This year's theme - "Precision Farming Includes Safety and Health" - reminds producers that safety and health are important management tools in all agricultural operations. "It is important for everyone involved in our agriculture industry to promote safety awareness and follow safe work practices," Perry said. "The health and safety of all our agricultural workers is vital to Texas."

Farming is considered among the most dangerous occupations in the United States. In 1997, more than 70 people were killed and more than 150,000 people were severely injured in farm related activities across the United States.

The Texas Department of Agriculture stresses safety year-round through its Farm and Ranch Safety Program. The program provides friendly tips and reminders for producer and their families.

For information on TDA Farm and Ranch Safety Program, contact Lola Lemmon at (512) 475-1611.

Ag Tips

Grazing
Rest pastures longer during slow or no growth times. Plants can replenish tissue above and below the ground if proper rest periods are used during rotation.

Calves
Wean calves before the end of the breeding season during drought conditions. This will decrease the cows nutrient requirement or reduce the chances of poor conception for next year.

County Agent's Report

by Craig Rosenbaum

HERBICIDE RESTRICTIONS IN SMALL GRAIN ACREAGE

There has been some concern expressed by producers who plan to rotate from feed grains to wheat on land that atrazine has been applied to this spring. This is a real concern due to the fact that we have received very short rainfall this year. Most atrazine breaks down by hydrolysis meaning it takes rainfall and water to move the chemical out of the root zone. When we experience dry conditions as we did this year, there is the possibility for high carryover. Most atrazine labels also have a year or more recropping interval to wheat following a one pound application rate.

What can you do now? Probably the easiest thing to do would be plant a bio-assay. This will determine susceptibility of your crop.

Most atrazine that will cause your problems for a wheat crop will be in the top three inches or so of the soil. You can take random samples throughout the field, put this soil in a shoe box or other container, keep it in a cool air conditioned area with ample light for germination and growth of the seed. Plant your plant, allow about two to three weeks of growth and assess the injury level of the seedlings.

Another method would be to plant a test strip in the field following a rain. Again, wait the three weeks to see if injury shows up to the wheat plant. Injury will appear as dead plants in severe cases or marginal and vein necrosis. Whatever method you use, it will be a difficult decision and certainly a factor to consider, should small grain plants have reduced growth or death on rotated acreage.

Land Heritage applications are due Oct. 15

Farm and ranch owners wishing to be considered for the 1998 Family Land Heritage Program are reminded that applications are due October 15. The Texas Department of Agriculture Family Land Heritage Program recognizes farms and ranches that have been in continuous production by the same family for at least 100 years. More than 3,000 farms and ranches have qualified since the recognition program began in 1974.

Program applications are available through county judges as well as from TDA. Applications are also available on the TDA website (<http://www.agr.state.tx.us>).

Applications may also be obtained by writing to Debbie Ellis, Texas Department of Agriculture, P.O. Box 12847, Austin, Texas 78711; or by calling (512) 463-7653.

Perry: Local banks should have flexibility

Agriculture Commission Rick Perry is urging state and federal bank regulators to be flexible and use common sense in working with Texas lending institutions during the current drought. With Texas farmer and ranchers facing their second major drought in three years, Perry said that local banks should be provided greater flexibility in working with agricultural producers.

"Such flexibility would allow Texas farmers and ranchers the opportunity to pay off their debts over a longer period of time, while keeping them a productive segment of the Texas economy," Perry said.

"Our local banks should be allowed to work with their agricultural neighbors," Perry said. "All we're asking the regulators to do is to show some flexibility and basic common sense."

Cows can't "recycle" plastic

When cattle consume plastic material, such as grocery sacks, it can plug up their digestive system, obstructing

the bowel. There is no visible way of identifying the obstructions. Smaller pieces of plastic may be eliminated through natural courses, but larger pieces are certain death when they become an internal obstruction.

In recent years, use of plastic bags over paper sacks has increased. Careless residents allow the lightweight plastic bags to blow through rural farms. If livestock are not properly fed, the chance of consuming the plastic increases.

No medical treatment can prevent this type of death loss. It's up to the residents to contain waste and producers to ensure livestock nutritional needs.

"Your First Step Toward Precision Agriculture"

MONDAY, SEPT. 14, 10:00 A.M.

Mike Fuhrmann Farm adjacent to Highway 82 3 miles west of Lindsay across from Roadside Park

What is Geo AgPLUS™?

Geo AgPLUS™ provides you with detailed information on what types of crops grow best in certain areas, where and how much fertilizer/pesticide to use, and also shows the overall layout of your field. Geo AgPLUS allows you to select the specific precision farming services you need now with the option of adding others later. This means savings in both equipment investment and learning time. With Geo AgPLUS, you can quickly begin recording and using precision agronomic data.

Customized Services

Geo AgPLUS enables you to design and utilize a program that is right for your operation. Products and services can be configured to achieve maximum value from the information generated.

Representatives will begin by asking the right questions. Whether you need GPS soil sampling, soil mapping, or software training, you can build and customize the services that meet your needs. Geo AgPLUS allows you to take advantage of the latest technology without investing in a complete Global Positioning Satellite (GPS) system.

GAINESVILLE LIVESTOCK MARKET, INC.

"North Texas" Leading Auction Sale (940) 665-4367

Stocker steers \$3.00 lower. Heifers \$2.00 lower. Feeder steers and heifers \$1.00 lower. Slaughter cows \$3.00 lower. Bulls \$3.00 lower. Stocker cows and pairs steady. The weather continues to be a major factor in the cattle market.

Sold at Friday's sale were 2,073 head of cattle compared to 2,019 head of cattle the previous week. Tuesday, the market conducted the sale of 279 goats, 206 sheep and 15 hogs. The numbers for last week were 252, 135 and 231, respectively. Results of both sales follow.

Feeder Cattle (per lb.)		Hogs (per lb.)	
Steers, medium & large frame, 200-300 lbs.: No. 1, 80-95; Nos. 2 & 3, 60-80; 300-400 lbs.: No. 1, 80-90; Nos. 2 & 3, 60-80; 400-500 lbs.: No. 1, 75-88; Nos. 2 & 3, 60-75; 500-600 lbs.: No. 1, 70-74; Nos. 2 & 3, 60-70; 600-700 lbs.: No. 1, 65-71; Nos. 2 & 3, 55-65; 700-800 lbs.: No. 1, 60-64; Nos. 2 & 3, 52-60.	62; Nos. 2 & 3, 50-58; 700-800 lbs.: No. 1, 58-62; Nos. 2 & 3, 45-58.	Hogs (per lb.)	Barrows & gilts: US 1-2, 220-275, 29-32; US 2-3, 220-275, 25-29; Sows: US 1-3, 300-650, 10-17; Boars: US 1-3, 200-650, 5-12.
Heifers, medium & large frame, 200-300 lbs.: No. 1, 72-83; Nos. 2 & 3, 58-72; 300-400 lbs.: No. 1, 70-80; Nos. 2 & 3, 58-70; 400-500 lbs.: No. 1, 65-75; Nos. 2 & 3, 58-65; 500-600 lbs.: No. 1, 65-68; Nos. 2 & 3, 58-65; 600-700 lbs.: No. 1, 58-	62; Nos. 2 & 3, 50-58; 700-800 lbs.: No. 1, 58-62; Nos. 2 & 3, 45-58.	25-40; Pigs: US 1-3, 25-90, \$10-\$35 per head.	Sheep (per lb.)
			Lambs: 55-82; Ewes: 15-40; Bucks: 20-35.
			Barbados (per head)
			Lambs: \$15-\$35; Ewes: \$15-\$40; Bucks: \$35-\$120.
			Kids: \$15-\$50; Nannies: \$20-\$85; Billies: \$50-\$100.
			Meat Goats (per head)
			Kids: \$15-\$50; Nannies: \$15-\$75; Billies: \$50-\$130.
