

Plans, goals offered by new MMH Board members

by Janet Felderhoff
There is great anxiety by many in the Muenster community regarding the possible loss of the local hospital. That concern showed as more than 1,000 turned out to vote in the May 5 election for three hospital board positions. Six filed for the three positions. Three, Phil Endres, incumbent, Kristi Dangelmayr and Claude Walter, favor merging with the Gainesville Hospital District to form a Cooke County Hospital District with the new facility being built in Gainesville serving as the county hospital. The Muenster Hospital would then operate as a doctors' clinic with lab and x-ray offered. The other three, John Aytes, Angelo Nasche, and James Walterscheid, favor keeping the Muenster Hospital District and if possible, keeping the hospital open.

It seems that the majority of voters sided with the pro hospital group and they will now serve three-year terms on the MMH Board of Directors. James Walterscheid garnered the most votes with 586. John Aytes acquired 568 and Angelo Nasche got 525. The other candidates' votes were: Walter 494, Endres 480, and Dangelmayr 389. Asked for comments on being elected to the Board, Walterscheid said, "Of course all three of us are very pleased and thankful for the support we received in this election. We imagine that the current Hospital Board and Administration are surprised to find that there are that many voters resisting plans to merge. Even though we have told them continuously during the past year that the majority of this community

wants to keep our Hospital District and not merge, they seem not to hear, or not believe. Regardless who or how many repeat that message, they have so far ignored the obvious. Therefore, our first priority is to do whatever is necessary to keep our Hospital District, and retain financial control over our taxes and local facilities."

"Angelo Nasche stated, "We've been elected to make a difference and we will do our very best to do exactly that. We start in the hope that they will re-evaluate and listen to what the majority of the people in the community actually want."

Asked if they had a plan to accomplish their goals, John Aytes said, "Yes, we do have a plan. In fact we have two plans, but hope it will not be necessary to go to the second plan. Our first and original plan was offered over a year ago, but they turned it down with the attitude that their merger plan was better. Several individuals tried to get them to look at and consider a straight-forward joint agreement with Gainesville, but they have always turned away stating that, 'it had no merit'. But now that they have finally heard the voice of the voter, we certainly hope that they will really listen because this is what a Joint Operation Agreement offers:

- 1) Retains the facilities we absolutely need here in Muenster - our hospital.
- 2) Keeps our medical, clerical and support staff employed right here in Muenster.
- 3) Prevents severe financial downturn in our local economy via loss of Hospital payroll.
- 4) Obtains higher reimbursements for both

Muenster and Gainesville hospitals.

5) Puts an end to current competition between the two hospitals. They will work together in complementing and helping each other in order to enhance total revenues and reduce expenses.

6) Satisfies the largest majority of county residents, compared to any other plan considered because it offers lower taxes.

7) In short, it accomplishes all the promised points listed in the proposed merger legislation plus a lot more.

Asked how they know that the Joint Effort Plan will work, Aytes responded, "We know that our Joint Effort Plan is sound because the same plan is used all over the world in various businesses, including hospitals right here in the state. This type working agreement is especially adaptable to hospitals, as it starts with the basics such as what are the strong and weak points of each facility, which can do certain functions best, who is responsible for exactly what, etc. and we know that a Joint Effort Agreement was to be used as an interim part of the Muenster-Gainesville hospitals operation, as late as February 2000, but was then removed from the plan."

Nasche also commented, "We three have under consideration several ideas outside the merger that we know have merit, and are greatly needed in the community, and we certainly hope that we can obtain cooperation from the rest of the Board rather than everyone being consumed with a fight over

merger." He listed the ideas as follows: Ambulance service for our side of the county; Finding or creating, a health insurance carrier that will recognize our local hospital; discover the hidden niche that will allow MMH to obtain Critical Care Access designation; Expand St. Richard's services to include an

in-home "assisted living care" for the elderly who are not yet ready for the nursing home.

After canvassing the votes at a special meeting held Tuesday at noon, Administrator Jack Endres announced that 1,043 people voted. There are approximately 2,124

registered voters in the hospital district.

Wanda Flusche will serve in Place 2 of the Muenster ISD Board of Trustees. She received 320 votes. Her opponents received votes as follows: Ronnie Felderhoff, 204; Bob Hermes, 79; Terri Luke, 67; and Kim Gerstberger, 47. Incumbent

Tigerettes win state

The Sacred Heart Tigerettes ran away with the TAPPS 2A Track and Field State Championship last weekend, earning 172 points and bringing home 16 gold medals. Second place Abilene Christian earned 75 points, followed by Hallettsville Sacred Heart with 60.

"The team work and unity of the girls is immeasurable," noted Coach Dale Schilling. Andrea Bauer kept her streak alive, winning the 100m hurdles, triple jump, and long jump three years in a row. Bauer leaped 16' 3" in the long jump and 33' 10" to win the triple jump. Her time of 16:56 in the hurdles earned her the gold. Bauer earned a fourth gold medal as a member of the winning 800m relay, along with Courtney Hartman, Mary Jane Callahan and Elizabeth Fette, the group finished with a time of 1:52.27.

Also winning the gold at the state meet were Jana Truebenbach's discus throw of 93' 1", Kate Sepanski taking the 800m and 400m runs with times of 2:31 and 64.2; Catherine Bartush 1600m run at 6:02; Kristen Zimmerer's 3200m finish of

13:54.36; and the 400m relay team of Hartman, Callahan, Jennifer Hoedebeck and Fette, with the winning time of 53.94.

The Tigerettes also earned four silver medals. Dana Miller finished second in the 110m hurdles, with a time of 16.82 and the 300m hurdles finishing at 50.30. Karen Gehrig clocked in 6:11 for the silver in the 1600m run, and Grace Cochran finished the 3200m with a time of 13:56.84.

Truebenbach received a bronze medal for her 31' 3" shot put throw, with Callahan finishing the 200m dash at 28.5 for third.

Rounding out Sacred Heart's placers for fourth place were Hoedebeck with a 14.14 100m finish and Melanie Bartush's 2:43 time in the 800m.

Six Tigers advanced to state, finishing in fourth place overall with 64 points and seven gold medals. They were edged out of first place by Jesus Chapel with 78, Rockwall Christian with 67, and Kingwood Northeast with 66.

The 400m relay brought home the gold with a 45.9 finish by Jonathan Krahl, Johnny Yosten, Michael

Voth, and Thomas Whitecotton. Yosten also finished first in the 110 high hurdles crossing the line with a time of 16.7. Voth earned the gold in the 400m run, finishing with a time of 52.2. "Michael is a great competitor. His hard work and dedication was evident with his gallant performance in the 400 meter," Coach Schilling said.

Daniel Bartush won the 3200m with a time of 10:58.06 and came in second place in the 1600m run, clocking in at 4:59. "Daniel ran a very clever race in the 3200," Schilling added. "He showed the discipline and patience of a smart distance runner."

Voth also finished fourth in the triple jump, leaping 39' 5", with Yosten settling for 7th at 38' 4.5". John Knabe's discus throw of 101' 7" was good enough for fifth place.

"I'll miss the seniors (Johnny Yosten, Dana Miller, Melanie Bartush and Grace Cochran) but look forward to next spring," Schilling commented, noting that Fette, Miller, Bartush and Sepanski also sang the national anthem at the meet.

Muenster High School settled for 3rd place in the 2001 1A UIL State Academic Meet, four points behind the second place school. Competing and bringing home several state medals were, from left, Kacie Garcia, Brett Howell, Bronya Vogel, Chris Jackson, Kelly Grewing and Pamela Lutkenhaus. Individual results were not available, but should be in next week's Enterprise. Lindsay High School took the 1A State Championship. Janie Hartman Photo

Bayers honored with Texas Family Land Heritage Award March 16

Arthur and Frances Bayer Farm was the recipient of the 100 Year Texas Family Land Heritage award on Friday, Mar. 16, 2001 in Austin, Texas at the L.B.J. Auditorium on the University of Texas campus. Susan Combs, Texas Agricultural Commissioner, presented the award to the Bayers. The award is given to family farmers and ranchers who have owned and worked the properties for a hundred years or more within the same family unit ownership.

The Bayer Farm is located 1/4 mile south of Muenster on Farm to Market Road 373 in Cooke County, Texas. The history of the ownership of the properties began with Arthur's grandpa, John Bayer, Sr. As a young man he decided to leave the home in Willey, Iowa where he lived with his German-born parents Johann Adam and Theresa Bayer, seven brothers and one sister, to seek his own adventure. He

chose to come to Muenster, Texas, a small German Catholic settlement. He arrived in Muenster on June 18, 1893 and soon met and married Appolonia Fisher. In 1899 he bought the 110-acre Bayer Farm from Flusche Land Co. John farmed this land and five of

his nine children were born on this place in the home - Theresa (Mages), Joe (Arthur's dad), Al, Frank, and Margaret (Hartman). His other children - Agnes (Klement), Mart, George, and Johnny were born on another farm northwest of Muenster. After John Bayer's death in 1954, Arthur and his brother Robert Bayer purchased the acreage from the Estate.

In 1955, Arthur Bayer and Frances (Knabe) Bayer married in Sacred Heart Church and made their home in the original built home on the place. They became the parents of four children - Janet (Barnhill), Julie (Simpson), Keith, and Nathan.

In 1968 Arthur and Robert dissolved their farm and Bayer Bros. Concrete partnership. Arthur and Frances then became the sole owners of the farm and

the concrete business, which was located on the northwest corner of the property. In 1976, the original home was moved to East Eddy

Street in Muenster. Daughter Janet Barnhill and husband Monte, along with their six children, purchased the home and presently reside there.

There were 68 Texas counties represented and 105 Farms and Ranches recognized. Three places (Brazos, Grayson, and Rusk counties) were recognized for 150 years and one place in Starr County for 200 years of operation under the same family ownership. Another Cooke County recipient of the award was the Popp homeplace in Lindsay owned by Elsie (Popp) and J.J. Hess.

Attending the ceremonies with Arthur and Frances Bayer were their daughter, Janet Barnhill and children, Audrey, Ian, and Isaac. The group toured the L.B.J. Library and ate lunch at the Joe C. Thompson Cafeteria. The Awards Program consisted of Master of Ceremonies Preston Lewis, a native Texan, and award winning author of 20 western novels and

numerous articles of the Old West. He is president of Western Writers of America and currently serves on the board of West Texas Historical Association and The Ranching Association.

Lockney High School Sophomore Brad Rosco, State 4-H award winner of "Share the Fun," entertained with his fiddle expertise, giving a rendition of the "Orange Blossom Special."

Red Steagall, "The Official Cowboy Poet of Texas" also entertained the audience with guitar and renditions of several of his poems, which included "Just Like My Grandpa."

Commissioner Susan Combs welcomed everyone with these remarks: "Congratulations to you and your ancestors for your long history of living and working in Texas agriculture. Over the years your families have passed on the true meaning of family and the value of farming and ranching to future generations."

ELECTION from Page 1

Clifford Sicking was unopposed and received 621 votes.

Votes will be officially canvassed Wednesday evening, May 9.

Henry Weinzapfel will continue to serve as mayor of Muenster. He was challenged by write-in candidate A. J. Knabe. Weinzapfel claimed 457 votes to Knabe's 18. Four hundred ninety people cast votes.

Mayor Weinzapfel said the election for mayor and council positions went as it did because the residents are pleased with the City Council and its management of city business. "They

approve of our strategic plans for the future and the plans to improve the infrastructure, city hall, and fire station," he said.

Incumbent councilmen Joey Anderson, who got 365 votes, and Stan Endres, who got 411 votes joined Mayor Weinzapfel in thanking the voters for their support and votes of confidence.

The Muenster City Council met on Tuesday to allow the required time to canvass the election. Falling after deadline the story will be in next week's issue.

Watch next week for results of the Water District election.

TASWA announces launch of public information website

The Texoma Area Solid Waste Authority (TASWA) announces the launch of its public information website, WWW.TASWA.COM.

People interested in learning more about the landfill project, today, can instantly access

information, facts and plans for the development of the TASWA site.

"Throughout the process of planning and building this landfill we have worked hard to keep the public informed and seek their input about the waste disposal needs for the area," said Dale Sissney, General Manager of TASWA. "The Internet provides us an excellent opportunity to be readily accessible 24 hours a day."

Taswa.com provides visitors with the opportunity to view photographs of how the site will look upon completion, learn about specific features of the TASWA landfill and get answers to commonly asked questions.

Additionally the site serves as a single source to find contact information for local governments and citizens involved with TASWA, and learn about the history and decision making process leading up to the landfill application.

In addition to providing the user information, they also have the ability to bring their thoughts, concerns and questions directly to TASWA through e-mail. "We hope this site will be an information resource for the public," Sissney added. "We plan to update the site on a regular basis so visitors can find out the latest status of the project and answer any

questions anyone may have. We look forward to opening a dialogue on-line."

TASWA is a local non-profit government organization founded by the cities of Gainesville, Denison, Sherman, and Grayson and Cooke Counties. TASWA's plan is to own, permit and operate a municipal solid waste disposal facility and recycling center to be located on State Highway 56 between the towns of Southmayd and Whitesboro. The facility will be constructed on a 250-acre tract of land that will be surrounded by an additional 600 acres of land serving as a buffer for landfill operations. Anna Marie Knauf 1910 - 2001

by Elfreda Fette

Anna Marie Knauf, former Muenster resident, died Apr. 26, 2001 in Colorado Springs, Colorado at age 90. She was born in Muenster on Sept. 13, 1910 to community pioneers, Joe and Margaret Swirczynski, and was the fourth of their 15 children. She was always an energetic, hard-working young woman whose parents depended on her for work in the house and in the fields. She often recalled how she enjoyed working alongside her brothers, and endured much teasing and practical jokes.

Anna Marie Knauf

1968. Once again her deep faith saw her through, revealing her philosophy of acceptance, love, and faith.

She relished family get-togethers on various occasions. She was a gentle mother and a dear friend, instilling the love of God in each of her children. On her 90th birthday, her family and friends honored her with a reunion, dinner-buffet at 6:00 p.m. in Patty Jewett Golf Club Banquet Room.

Anna Marie married Alex Knauf of Muenster in July, 1931. They became parents of nine children, five sons and four daughters, most of whom were born and raised in Kansas. They moved to Colorado where Alex went to work at Mt. St. Francis Convent of Colorado Springs.

Anna Marie and Alex endured many hardships together, financial and personal, in the loss of three sons in death: an infant, a six year old, and a 17 year old. In spite of these pains, the couple remained faithful to their God, finding strength and comfort in their faith and in their church.

And then Anna Marie lost Alex in death in March

of Colorado Springs; Rose Mary Halley of Colorado Springs; and a number of grandchildren and great-grandchildren.

Also three sisters, Sr. Helen Swirczynski of Jonesboro, Arkansas, Rita Miller of Austin, Texas, and Catherine (Honey) Erpelding of Colorado Springs; and two brothers, Ed Swirczynski of Fort Worth and George Swirczynski of Dallas.

Preceding her in death were her parents; her husband Alex Knauf; three sons, Donnie, Stephen, and David Knauf; her brothers Al, Herman, Arnold, Bob, Ray, Richard, Bernard, Frank, and Anthony Swirczynski.

A Vigil Service was held on Monday, Apr. 30, 2001 at 7:00 p.m. at Nolan Funeral Home Chapel. Mass of the Resurrection was offered Tuesday, May 1, 2001 at 2:00 p.m. in Corpus Christi Catholic Church of Colorado Springs, con-celebrated by Father Gerald H. Bruggeman and Father Donald Dunn.

The special funeral liturgy included the entrance song "Be Not Afraid"; the first liturgical Reading from the Epistle of St. Paul Ch. 1, vs. 3-11; the Responsorial Psalm "The Lord Is My Shepherd"; second liturgical Reading from the Gospel of John, Ch. 14, vs. 1-4; the Gospel of Matthew, vs. 14-16; the Offertory song "You Are Mine"; the Communion songs "I Am The Bread Of Life"; and "Ave Maria" and the "Song of Farewell" and the recessional "On Eagles Wings."

Interment was in Evergreen Cemetery, directed by Nolan Funeral Home.

Among local relatives attending were Tom and Paulette Swirczynski, and Carolyn Bayer of Muenster, Edna Smith of Bowie and Virgil Swirczynski of Southlake, Texas.

Prepared from information submitted by Mrs. Richard Swirczynski.

MHS Programming Team competes in Houston

A programming team composed of Chris Jackson, Chris McLaughlin, and Brett Howell spent part of Germanfest weekend in the city of Houston vying for top honors in the Texas Computer Education Association State Programming meet. Programming teams get to compete at this level of competition by invitation only based on performance at the area level. The area contest was held at Region 11 Service Center in Fort Worth in February. MHS outscored twenty Class 1A, 2A, and 3A public and private school teams at that meet to receive the invitation to Houston.

In Houston the state-wide competition was stronger than the area level as would be expected. Chris, Brett, and Chris outscored 20 1A, 2A, and 3A public and private school teams to end up in sixth place in Division 2 only 9 points out of first place. They also had a higher point total than 24 Division 1 public and private schools (4A and 5A) that were

competing at the state meet.

Computer programming is the epitome of higher level thinking skills that schools try to develop in their students. Not only do programming contestant students have to propose a solution to a given problem with a given amount of test data, their solution must be able to handle any data situation the judges want to use after the solution is submitted.

Problem solving, as well as programming skills are incorporated into the contest. Not only do programming contest students have to propose a solution to a given problem with a given amount of test data, their solution must be able to handle any data situation the judges want to use after the solution is submitted. Points are awarded on the basis of problem difficulty, with six 2 point, six 5 point, and six 9 point problems that make up the contest. Solutions must match the instructions exactly, with the slightest deviation from the exact solution a reason for

rejection. Contestants are not given the reason for non-acceptance, only the category of error that shows up first. In case of total point ties, each problem solution is time stamped. The time stamp is used as a tie-breaker, beginning with the higher point problems. The first tie breaker is number of difficult problems solved, and then the time stamp is used if a tie still remains. The first place team scored 51 points, then second, third, and fourth all had 46 points, fifth place had 43 and Muenster had 42 for sixth.

The MHS team missed the problem solving/programming skills of Pamela Lutkenhaus who was in Abilene running in the regional track meet. Pamela ran one of the legs on the state qualifying 1600 meter relay team and was a member of the 800 meter relay also. However, alternate Chris McLaughlin filled in and did a good job contributing to the success of the team.

SH Vacation Bible School deadline nears

The deadline for registration for Sacred Heart's Vacation Bible School is this coming Sunday, May 13. Forms are in the vestibule of church or at the business office. This year's Vacation Bible School promises to be an adventure children won't soon forget. SonCreek Junction is a western gold-mining town set in the 1800s. Here children will have a rip-roaring time singing lively songs, creating western crafts, and playing active games. But most importantly, they'll discover the five golden nuggets of truth for growing as God's children. They'll learn to Start Up, Listen Up, Open Up, and Speak Up in the family of God. Everything will draw to a joyful

conclusion at the closing program on June 15. Children who are four years old by June 11 may attend on up to incoming fifth graders Older students are welcome to sign up as helpers.

The SonCreek Vacation Bible School begins June 11 and continues through June 15. Classes are held at Sacred Heart from 9 to 11:30 a.m. Volunteers are still needed. Directors for the nursery and the Bible activities and outdoor games are needed as well as teachers for the various levels. Volunteer forms are in the vestibule of church as well. NCTC offers "College for Kids"

Looking for interesting ways to keep children entertained this summer? NCTC's comprehensive summer enrichment program for young people, Learning Sparked By Imagination, accents both education and fun.

College for Kids is for students who will be entering the third-through sixth-grades in the fall of 2001. Students will participate in three unique courses during this weeklong program. Each topic, conducted for one full hour each day, will encompass intriguing facts and exciting hands on activities.

Classes are taught in three separate periods. The first period is from 12:30-1:30 p.m.; second period is from 1:40 - 2:40 p.m.; and third period is from 2:50 - 3:50 p.m.

The following courses will be taught:
 * Tasty Treats: A pinch of this and a pinch of that, mix it together in no time flat.
 * Marvelous Mosaics:

Students can showcase their artistic ability in the trendy course.

* Sensational Spanish: During this interactive chance to explore a new language, students will learn names, greetings, numbers, and colors, as well as the Spanish alphabet.

* Papercrafts From Around The World: Join the fun-filled class to create German scherenschnitte from a collection of Americana papers; Japanese origami from foil; pop-up cards using watercolor paper, gift bags from wallpaper and personalized cards from translucent parchment paper.

* Kreative Kitchen Chemistry: Are there really car bumpers in our breakfast? During this exciting class, learn about solutions, acids, bases and chemical reactions. Students will grow their own mold, make paper chromatography and concoct a wonderful colloid called "Oobleck."

* Secret Codes: The fascinating history of secret messages will be explored in this class as students learn to communicate in Braille; tap out Morse Code; scramble messages with special code wheels; and investigate the exciting interpretation of smoke signals, hieroglyphics, sign language, semaphore flags, tracking code, DNA code, invisible ink, bar codes and heraldry.

* Incredible Animal Portraits: Are students artistically undiscovered and enjoy the thought of capturing the personality of a playful kitten, a frolicking puppy or a growling bear? With a few simple steps, experience the transformation of blank paper into a prized work of art as students learn about drawing, color mixing, perspectives, and light and shadows.

* Original Architecture: Let the student's imagination soar to new heights as students take on the role of an architect to plot their design, then construct their

extraordinary structure. * Dare to Be Dramatic: This class will teach students to project their voice, assert a creative stage presence and move on stage effectively. Characterization based on situations, costumes, and settings will let students act and react.

* Wildlife Safari will be taught by Alethea Schelvan, lead zookeeper, North America; Amy Davis, zookeeper, South America; and Connie Miller, veterinary keeper. There are more than 6,000 different reptiles on the earth today. "Love always protects, always trusts, always hopes, always perseveres." 1 Corinthians 13:7

How can we ever express our gratitude to each of you? How can we express how reassuring it is to know we are in your thoughts and prayers? How do we acknowledge all the cards, phone calls and visits that provided encouragement and comfort? How do we begin to thank everyone who brought food, sent flowers, and helped us at home? It is impossible!

We could never put into mere words our sincere gratitude to everyone who gave of themselves throughout Miriam's illness. To Sacred Heart Parish and Fr. John Ohner, to Lorena Taylor and all of the Eucharistic Ministers, to all of the Muenster Memorial Hospital employees and physicians, to all of our dear friends and relatives, and to all those who assisted with the Mass and meal, may you be abundantly blessed for your love and care.

Through the grace of our Lord, and with your love and prayers, Miriam was able to spend her final months comfortably at home, and peacefully leave this world to join our Heavenly Father. For this we are truly grateful.

God bless each of you!

In Memory

Dearest Daddy,

A year has past since you left us that month of May only to begin your new journey to Heaven. How Christ-like you were that day ... receiving his grace in communion, sowing your last seeds on earth, bearing his cross and agony, gaining God's acceptable worth, and finally laid to rest in God's arms solely.

Spring is once again here and the birds are singing. All the trees and flowers bloom with glee.

We know the angels are all around you with bells ringing, for there is no more pain, only Heaven's eternal joy.

Missing, loving, and remembering you always, Lisa, Donna, and Alfred

Tigerettes earn trip to state

The Sacred Heart Tigerettes softball team will be traveling to Waco this weekend to participate in the TAPPS Softball Championship Tournament. The Tigerettes, in their second season of softball, return to the final four playoffs, to attempt to again bring home the state title.

The Tigerettes traveled to Grayson County College in Sherman Tuesday afternoon to take on the Prestonwood Christian Academy Lady Lions in the regional round of the playoffs. After five innings, Sacred Heart earned a trip to state with an 11-0 victory.

Sacred Heart jumped into an early lead getting five runs in the first inning, then were shut down for three innings. "Their pitcher kept us under control with her slow pitches," noted Coach Beth Bartush. The

Tigerettes had only five hits and earned only four runs.

Michelle Bayer was two of three at the plate, with Jana Truenebach getting a triple, with Mary Jane Callahan and Jennifer Hoedebeck each getting hits. Prestonwood's pitcher faced 29 batters, walking only two.

In the top of the fifth, Audrey Barnhill hit a hard rounder that started an all around scoring of six points. Then it was three up - three down to end the game. The Tigerettes had three errors.

Callahan faced 21 batters, struck out seven, walked two, and threw to two hitters. Defensively, Andrea Bauer, Alicia Cochran, Barnhill, Hoedebeck, Crystal Hess, and Callahan all had good plays.

"Their girls got the bat on the ball, but our defense held them," added Coach

Bartush. "The team did real well. They showed so much class - very supportive of each other." Bartush also noted that Prestonwood played a good defensive game, especially in the outfield.

The state semi-final game will be Friday, at noon, at McLennan College in Waco. The Tigerettes will play the winner of the Hallettsville Sacred Heart/Pasadena team game. The state final game will be Saturday at 10 a.m.

The Muenster Enterprise would like to apologize to Jayna Biffle for mis-naming her in past Sacred Heart softball articles. Jayna has taken the mound in several games as the relief pitcher for the Tigerettes.

Meeting held for captains ...

First Relay For Life Bank Night scheduled

The second team captains meeting for the Sixth Annual Cooke County Relay for Life was held at the Gerald Culwell Conference Center at Gainesville Memorial Hospital on Apr. 23. A number of teams were represented and it was reported that 29 teams have registered for this year's Relay.

There was discussion about the various fund raising efforts of the different teams. A few of the fund raising ideas presented were the gun raffle being held by Cooke County Cooperative; a raffle for tickets to a Ranger game being held by First State Bank; and employees of Nortex Communications have compiled and are selling cook books (which

contain some great recipes). There are some really original fund raising ideas from the various teams including an anti-depression kit by one team. Relay raffle tickets are being sold by all team members for prizes including golf packages, tickets for amusement parks in the Metroplex area, a limo ride, and much more. The tickets are \$1.00 each or 6 for \$5.00.

On May 1, the 2001 Relay for Life Cooke County Committee met at Muenster State Bank. It was announced that the First Bank Night for the Relay event is scheduled for May 17 at 5:30 p.m. at the GMH Culwell Conference Center. All teams should attend. At this time, the teams will turn in all completed registration forms for individual team members together with money collected to date from various fund raising events. Relay T-shirts will be given out to the team captains for distribution to the individual team members. Teams can also pick out their camp site for the Relay.

Plans were discussed for the Cancer Survivor Celebration to be held at 6:00 p.m. at the Relay on June 8. When registered, cancer survivors will receive a special "I AM WINNING" Survivor T-shirt, a survival chain of hope, goody bag and ribbon. Throughout the event cancer survivors

wearing their survivor T-shirt will receive free food and drink at the Relay Cafe. The Luminaria ceremony will take place at 10:00 p.m. on Friday night, June 8. Luminaria supplies can be secured from any team member, or in Muenster at Bayer's Kolonialwaren, Muenster Chamber of Commerce, and Muenster Memorial Hospital Home Care, and in Gainesville at the Gainesville Chamber of Commerce, and Gainesville Memorial Hospital. You can purchase luminaria in memory of a loved one or to honor a cancer survivor for \$3.00 until 5:00 p.m. June 1, 2001. After this date the cost will be \$5.00. The Luminaria Committee will decorate the bag for you if you would like, but please make your purchase early so they will have time to make them special. If you prefer, you can decorate your own bags so they are personalized by you for your loved one.

When you discover that you or a family member or close friend has cancer, you experience a feeling of total helplessness. Joining the Relay for Life is one way you can fight back. There is still time to form a team or to join an existing team. For further information concerning forming a team, contact Susan Metzler or Gayla Blanton at 665-8619. If you have any other questions, contact the Relay for Life Headquarters at 759-2271, ext. 136.
