VOLUME X

MUENSTER, TEXAS, COOKE COUNTY, FRIDAY, NOVEMBER 30, 1945

NUMBER 1

The word "smear" is becoming a little tiresome in connection with the Pearl Harbor investigation. Every time an accusation is made friends of the accused insist it is a political trick to defame a great and illustrious character and opponents claim it is a bona fide indictment. Meanwhile the public gets so befuddled it doesn't know what to think. Eventually we can expect the whole controversy to simmer down without anything being done.

From all that has already been said, however, it seems there is reason a plenty for something drastic to be done. Either some people should be tried as war criminals or some other people should be tried for libel. That is what America wants—and needs. Justice for malefactors whatever the nature of their offense, and a lesson to anybody who in the future is tempted either to risk this country's security or to make slanderous statements.

One thing to bear in mind about the word smear is its evasiveness. A perfect political expression, it is strong and ugly but doesn't say anything definite. Instead of denying a charge it only calls on the public to become indignant. It implies that so and so is an upright person incapable of such wrong doing and the sympathetic public conveniently assumes the charge is false. So few stop to think that reputation can be smeared also by true charges.

Not only as regards the Pearl Harbor case but for every controversy that comes up, we'd like to have a policy of getting down to brass tacks. We're tired of having the wool pulled over our eyes by evasive words and tricks. Furthermore we'd like to see official investigations carried out to the last letter and then have competent tribunals pass on the guilt or innocence of the persons accused. If justice were meted out for every case of political shenanigans there would be less occasion for investigations.

A good explanation of the reason behind official malefactions and evasiveness was advanced by Robert Quillen a few days ago. He thinks that prevailing cussedness is the result of our failure to develop spiritually as fast as we do materially.

For the past two centuries material science has been constantly accelerating. A few discoveries led to beneficial inventions and comforts, which in turn stimulated study resulting in more discoveries, inventions and comforts. It was an era of wonderful progress but while man attained increasingly greater mastery over the universe he lost sight of spiritual values. Material success went to his head. He concentrated on wealth and power. He gave too little thought to the Creator who had placed all those blessings at his disposal and too little consideration to the neighbor who was intended to share the blessings with him.

That Quillen's theory makes sense is crystal clear from a hasty glance at a few well known events and conditions. Greed and ambition led to the war. Fanatics in their struggle for power gave no thought to the lives or rights of others. Current labor trouble is the result of two factions each seeking the lion's share of industry's return. Our economic problems developed out of the fallacy that people can get something for nothing, an idea that just doesn't work. When any person or nation gets something he is not entitled to someone else has to be proportionately deprived. Resentment is sure to result and violence is likely to follow. Whether on a personal or international basis, harmony demands a recognition of other people's rights.

This wonderful new civilization can very appropriately be compared with one of its products. The most perfect machine will eventually bring on its own destruction without a human mind to control it. Civilization will like wise bring on its own destruction without the guidance of spiritual values. The world has to be run according to the plans of the Creator as a machine has to be run according to the plans of the designer.

Regardless of the ilbes it provoked a certain Texas college deserves praise for sticking to principles. Being opposed to drinking and gambling it declines to confer an honorary degree on President Truman because he has been known to partake of those diversions.

While complimenting the college on its sincerity we choose to (Continued on Page 2)

## Has Promotion

Paul Yosten has recently been promoted to staff sergeant he wrote his wife and his parents Mr. and Mrs. Bob Yosten. He is serving as a cook in Manila.

## Still Jeep Driver

Pfc. Davey Lehnertz, recently transferred from Mindanao to Japan, is still driving a jeep, he reports in a letter to his parents. He's now driver for General Cramer.

## Home On Furlough

Pfc. Alphonse Felderhoff came in last week after serving in the ETO as a paratrooper. He looks well, but his appearance betrays his feelings, he said. Wounded twice, he still carries pieces of shrapnel in his chest and will undergo an operation at Fort Sam Houston when he completes his visit here.

## Lands In Manila

Bill Fuhrmann, merchant seaman, has written his parents, Mr. and Mrs. H. J. Fuhrmann, that he has completed his first sea voyage in the line of duty and is in Manila.

## Home For A Visit

Julius Stelzer, fireman, first class, came in last week to visit his parents, Mr. and Mrs. Matt Stelzer and has until the latter part of December before reporting for further orders. He took basic training for the U.S. Maritime Service at St. Petersburg, Fla., attended engineering school there and was then sent to the graduation station at New Orleans from where he went to sea aboard the U.S.S. Jackson. He has now transferred to the Merchant Marines and will go from here to Houston for his forthcoming assignment.

## Has Discharge

Mr. and Mrs. Eddie Magas came in last week from California where they had spent the past several months while he was stationed with the army at Muroc, Calif. He served with the air corps ground crew and prior to that time spent several months in England. He now has a discharge. Until they find living quarters they are at home with her parents, Mr. and Mrs. John Wimmer.

## Return To U.S.

Mrs. Albert Reector has a message from her husband, Sgt. Reector, advising that he is in the states and will be home on furlough shortly, after which he is to be discharged from the army. Mrs. Reector is the former Miss Valentine West and has been at home here with her parents, Mr. and Mrs. Shelby West, while her husband was overseas.

## SGT. WILFRED HERR IS AWARDED SILVER STAR AND CITATION

Sgt. Wilfred (Herbie) Herr, son of Fred Herr, stationed at Sulzbach, Germany, was recently awarded the Silver Star and a citation for gallantry in action on Sept. 10, 1944. At that time he was serving with the 80th Division as a member of the 390 Infantry.

The citation reads: "For gallantry in action in France on Sept. 10, 1944, in connection with military operations against an enemy of the United States. At Liverdun, France, intense fire from two hostile machine guns delayed Sgt. Herr's company. With disregard for personal safety Sgt. Herr charged one emplacement under deadly fire, captured a gun and killed the crew. Turning the captured gun on the other enemy position, he destroyed the second gun. Sgt. Herr's courage and devotion to duty exemplify the highest traditions of the armed forces of the United States."

In the letter to his father, Sgt. Herr states that he is well and has 74 points, adding he should be a civilian by the time he gets home, which he hopes is soon. He also holds the Purple Heart and the Bronze Star medal. In the army since March, 1943, Sgt. Herr has been overseas since June 1944. He was wounded at Luxembourg in January this year. During his training period he won medals as an expert with the machine gun and rifle.

Mrs. Joe Linn returned from North was home to spend last Thursday with her parents, Mr. and Mrs. Frank Kathman.

## More Bonds Needed For Local Goal

The purchase of many more victory bonds will be needed in Muenster to meet the assigned quota by the time the drive officially closes on Dec. 6. Chairman J.M. Weinzapfel announced Tuesday.

This community "did alright" on last Tuesday in the "Do It In A Day" Campaign, but since then bond sales have come to almost a standstill, it was stated.

The chairman urges all those who have not yet made their investments to come forward at once. Each person should feel personally responsible for his purchase and see that it is made promptly, either at the Bank or at the Postoffice.

Citizens are reminded again Dec. 6 is the closing date for the drive and this community needs a substantial amount of purchases to reach its goal of \$85,000.

## ALTAR BOYS OBSERVE PATRON'S FEAST DAY WITH RITES MONDAY

Members of St. John Berchmans Society, composed of altar boys of Sacred Heart church, observed the feast day of their patron Monday with religious rites and a communion breakfast.

The members attended the 8:30 mass and received the Eucharist in a body, after which they repaired to the parish hall where a sumptuous breakfast was served.

The tables were prettily appointed, decorated with autumn leaves and chrysanthemums, and places were marked with miniature turkeys inscribed with each boy's name. Fathers Herman and John, pastors, were special guests and led the invocation. Brief addresses were made by the pastors and by Joe Weinzapfel, Jr., president of the association.

The meal was prepared and served by Mesdames Al Fleitman, Frank Bindel, Tony Felderhoff, Nick Yosten, Joe Swirczynski and Victor Hartman.

Members of the society are: Arthur Bayer, Gerald and James Bayer, Michael Driever, Donald and Hugh Endres, A. J. Felderhoff, Thomas Felderhoff, Clyde and John Fisher, Neal Fisher, Alvin Hartman, Monte Hellman, Daniel Haverkamp, Melvin and Ronald Herr, James Knabe, Victor Koelzer, Bernard and Daniel Luke, Michael and Paul Luke, Steve Markham, John Myrick, Reynold and Robert Reiter, Maurice Rohmer, Joe and Henry Weinzapfel, Herbert and Gilbert Yosten.

## Ex-Sgt. Leo Haverkamp Recalls Interesting Experience In France

Hitch-hiking on the hot Normandy beachhead when he accidentally arrived on the wrong beach on D-plus-2 wasn't exactly the easiest way to remain healthy at the time, S. Sgt. Leo Haverkamp ruefully admits now. He returned to Muenster as a civilian last week and is at home with his parents, Mr. and Mrs. J.J. Haverkamp.

"It seemed like the craziest thing to do but there was just no other way I could find my outfit," he recalled. "I was supposed to arrive at Utah Beach with the advance party, but something went wrong somewhere and I landed on the wrong landing craft and ended up at Omaha Beach instead."

"Shells were flying all over the place, but I waded back into the water with all my equipment on my back and mugged a ride with a ship going over to Utah Beach, which was quite a way down the line. I don't want to live through that experience again," he concluded.

This is only one of many interesting experiences Haverkamp recalls. He was in the army nearly three years, serving with the 52nd Anti-Aircraft Artillery Battalion. He won the Bronze Star medal for gallantry in action in Germany and has five battle stars in his ETO ribbon. He had more than 80 points toward a discharge.

His parents entertained with a social gathering in their home in his honor Sunday evening for which some 50 relatives and friends were present.

Miss Thelma Kathman of Fort Worth was home to spend last Thursday with her parents, Mr. and Mrs. Frank Kathman.

## Funeral Services For Carl Wilson Are Held Sunday In Gainesville Friday

Cooke County Sheriff Carl Wilson, 49, died suddenly last Friday afternoon of a heart attack. He succumbed in a physician's office where he had come for examination. He had complained of illness for several days.

Funeral services were held Sunday morning at 10:30 at the George J. Carroll and Son Funeral chapel, with Elder Willis Kreeger, minister of the Commerce Street Church of Christ, officiating, and burial was in Fairview cemetery. Masonic services were held at the grave.

The deceased was born at Era March 18, 1896. He followed the welder's trade for 20 years and was employed by Gainesville Iron Works and later had his own shop. He became deputy sheriff in July 1937, and was elected sheriff for the first time in 1940. He was serving his third term at the time of his death.

He is survived by his wife, five sons, two daughters, four sisters, two half-sisters, three brothers and a half-brother.

Courthouse offices were closed Saturday in respect to Mr. Wilson's memory.

## Farmers To Vote On Committeemen For AAA Dec. 8

Cooke county farmers will elect AAA committee men for the coming year on December 8, it has been announced.

Three community committeemen and two alternates, as well as a delegate to the county convention, will be chosen in each of the 13 farming communities. The delegates will later elect the three man committee which will administer the AAA activities in the county.

Chairman J.T. Biffle, Jr. of the County AAA committee explained that the method of electing these committeemen has been changed somewhat from the past. The voting places in each community will remain open from 8 a.m. until 5 p.m. There will be five committeemen to elect from each community in the county. Three of these five will be regular members of the community committee and the other two will be alternate members for that community. Also to be elected at this time will be a delegate and alternate to the county convention.

The delegates will elect the three-man committee to administer AAA activities in the county. Ballots will be prepared for each office just as a ballot in a primary or general election. Producers will have an opportunity to vote secretly as in any other election.

Mr. Biffle said there are approximately 1,500 farmers in Cooke county eligible to vote on Community committeemen. Eligible farmers are those who participate in the 1945 agricultural conservation plan, seed payment, or crop insurance programs.

## PAUTLER BROTHERS HOME FROM OVERSEAS SERVICE

Henry Pautler came in last week with a discharge from the army. He served in the ETO, holding the rank of private, first class.

John Pautler, also a private first class, and a veteran of the European conflict received his discharge and has been visiting here with relatives. His wife and little son, who had made their home in Olney, Ill., accompanied him to this city. They left this week to return to Olney.

Cpl. Alfred Pautler reached the states last week and is at present at a camp in Kentucky awaiting a discharge from the army. Like his brothers, he served in the ETO.

The trio are sons of Mr. and Mrs. Joe Pautler of this city.

The first calendars for 1946 were presented last week through courtesy of the Muenster State Bank. The calendars contain a wealth of information in regard to planting and breeding, have crop record sheets attached, and end up with a page to list a summary of the year's business.

Mr. and Mrs. Alphonse Vogel and son of Houston are visiting his parents, Mr. and Mrs. Emil Vogel, and other relatives. He recently received a discharge from the army.

## Local Cooperative Hospital Association Receives Charter

### Emory Horn Named Sheriff Cooke County

Emory Horn, first deputy sheriff and veteran of World War I, was named sheriff to succeed the late Carl Wilson, by the commissioners close in session Monday afternoon.

Mr. Horn's term of office will expire Dec. 31, 1946.

He is a native of Tennessee but came to Cooke county with his parents when he was three years old. He was educated in rural schools of the county and was a student at Gainesville High school when he enlisted in the Gainesville Machine Gun company of the 36th Texas Division during World War I in July, 1917. As a private first class he saw more than a year of combat duty in France and was in the army more than two years.

Returning home he attended North Texas State college at Denton for a year. He engaged in farming until 1937, then went into the trucking business. He was made a deputy sheriff under Carl Wilson in January 1941.

The new sheriff has three daughters. His wife died in 1942.

### GREEK YOUTH SENDS LETTER OF THANKS FOR COAT RECEIVED

Mr. and Mrs. R.M. Zipper are in receipt of a letter from a native youth of Greece, who thanks Mrs. Zipper for a coat which reached them through a clothing drive held here. Mrs. Zipper had attached her name and address to the garment.

The letter is very neatly written with ink in Greek and is translated into English on the opposite page of the stationery. The Greek was written by the young lady that received the coat, and was transcribed by her brother. It is obvious that the youth found difficulty in expressing his thoughts in English. The letter follows:

Merita, Thionidos, Greece To the Union lady, Mrs. R.M. Zipper, Muenster, Texas.

Dear Mrs. Zipper, we received your beautiful overcoat and my sister, which she is the one who got the coat. Well, you are a life saver for her and she thought to write you a few lines and thanking you for kindness of you. She is 17 years of age and her brother, who writes this letter is 22 years old. Please write us to hear from you. Thanking you again, Tom Psaras

### SOIL CONSERVATION MOVIE TO SHOW IN PARISH HALL DEC. 3

A moving picture of soil conservation will be shown in the parish hall on Monday evening, Dec. 3, beginning at 8 o'clock and everybody is invited to attend. The picture is brought to Muenster through the courtesy of the Gainesville Lion's Club, who is showing it at various communities throughout the county.

The picture demonstrates the changes made in modern soil practices. It shows farms before and after soil building work was done and will prove interesting to all citizens of the community. It will give an opportunity to learn new methods and ideas and will furnish much worthwhile information that is valuable not only to land owners but also to businessmen, all of whom, with their families, are urged to attend.

### BIRTHDAY SOCIAL FOR CATHOLIC DAUGHTERS

The Catholic Daughters of America will have a social on Thursday evening, Dec. 6, in observance of the 31st birthday of the local court. All members are invited to attend. The place, the K of C hall, the hour, 7:30.

Mr. Gene Koptizki of Wichita Falls spent the weekend and Monday here with relatives of the Wlessman and Gremminger families.

### Board Directors Is Appointed

Additional progress in the Muenster Cooperative Hospital Association has been made with the issuance of a charter for the association by Secretary of State Claude Isbell, under date of Nov. 21, and the appointment of the first board of directors.

The charter specifies that the name of the corporation shall be Muenster Cooperative Hospital Association, with its principal office in Muenster, and that the corporation does not contemplate gain or profit to the members thereof but is organized as a charitable corporation for the purpose of owning and operating a non-profit cooperative hospital, and for the purpose of providing a suitable place in the immediate vicinity where members and families of members of the corporation may obtain medical dental, health, surgical, nursing hospitalization and related services and benefits.

The charter further specifies that all business of the corporation shall be transacted by seven directors, who shall be elected annually by the members of the corporation.

The following named members are the first directors and shall serve temporarily until their successors are elected and qualified in accordance with the by-laws of the corporation.

Dr. T. S. Myrick, J. W. Ezell, J. W. Hess, G. H. Hellman, John Kreitz, J. M. Weinzapfel and Herbert Meurer.

The next step will be the solicitation of members and when a substantial number of memberships have been recorded an election will be held for the appointment of a permanent board of directors.

Sisters of the order of Saint Vincent de Paul, of Sherman have expressed their definite desire to take charge of the hospital when accommodations are available.

### All Rationing Of Meat Ended; Only Sugar Left On List

All meat rationing ended one minute after midnight on Friday, Nov. 23, and at the same time all food fats became pint-free, with only sugar left on the rationing list in the United States.

Secretary of Agriculture Anderson made the announcement. The food fats freed from the rationing program include butter, margarine, lard and shortening. The meat rationing termination also applies to canned fish.

The meats and fats rationing program started on March 29, 1943.

Secretary Anderson stated there is no immediate prospect of lifting the sugar rationing, and OPA cautioned the public to be sure to save ration book No. 4 for buying sugar. The sugar stamp currently valid is No. 38. It will be good for five pounds through Dec. 31.

Anderson said that supplies of fats and oils will continue to be limited for several months. Muenster is fortunate in its meat supply for there is a good stock of all meats, except cured pork items, which are scarce. In many parts of the country there are definite meat shortages in nearly all meat supplies. Oleomargarine is the most plentiful fat locally, while butter and lard just manage to meet demands and there is a shortage of shortening.

### FREEZING WEATHER COMES TO COMMUNITY

Muenster, with the rest of Cooke county, felt the first real cold of winter Thursday night Nov. 22 when the mercury slid to 26 degrees, just four degrees below the lowest temperature recorded during the winter of 1944-45.

A hard northwest wind brought in the cold wave.

## A BIRTHDAY AND THANKSGIVING

Another year, another birthday and it's Thanksgiving Day again! We identify this issue as Volume X, Number 1, as we begin our tenth year of publishing The Enterprise.

Indeed, there is much to be thankful for this Thanksgiving and Birthday, and not the least is our thanks to you, Mr. and Mrs. Reading Public and Mr. and Mrs. Advertising Public, for all the helpful things you've done to aid us in our wartime job of keeping The Enterprise coming each week.

For your patience and consideration during wartime, when our service was so seriously hampered by manpower and equipment shortages; for your generous response to our appeals for cooperation; and for your uncomplaining acceptance of conditions, we thank you.

We could not have accomplished the job we did without the loyal and untiring efforts of our employees; but in a large measure, it was you, Mr. and Mrs. Reading Public and Mr. and Mrs. Advertising Public, that made our task easier.

There are still many problems to be overcome. For The Enterprise the war is not yet over. Our editor and publisher is still in the service of Uncle Sam. We hope that next year he will be back at his desk in this office.

And so, again, Thank You for everything, and in the future may we merit your continued confidence, help and cooperation.

**Class Meetings**  
 Regular class meetings were held last Monday afternoon. Many interesting events are coming up and students are enthused and active. Of special interest to the seniors is the prospective school annual; while the juniors discussed plans for their booth at the Thanksgiving bazaar and their Christmas play. The sophomores reported the purchase of a Pagan baby, and freshmen made definite plans for their impending gift to the school library.

**Assembly Every Friday**  
 The students have assembly every Friday. At recent assembly periods the Latin II class presented a five minute skit, "Latin and Courtesy Co-related", and at the last week's assembly the students drew names for an exchange of Christmas gifts and planned the annual holiday party.

**Program Presented**  
 Students of S.H.H.S. presented their Catholic Book Week program on November 9 in the parish hall. An interesting exhibit drew much comment from visitors. The display centered around the Catholic Book House, the door and roof of which were made of covers of books written by Catholic authors. Posters, books, magazines and pamphlets completed the exhibit.

A pleasing program was also presented for the occasion. Edna Margaret Hartman gave a recitation; the Glee Club sang two songs; Mary E. Hofbauer presented a piano solo; the Juniors enacted a one-act comedy; Theresa Mae Pels gave a recitation accompanied by Jewel Hoffman at the piano; the Freshmen presented an original skit and the Rainy Day Drip Band, composed of Rufus Henscheid, Joe Weinzapfel, A. J. Felderhoff and Gerald Bayer, rendered three selections. A hymn by the Glee Club closed the program. Margie Endres accompanied on the piano.

**Athletics**  
 The Red Sox, the girls volleyball team, have had two interesting games with Lindsay. At the first, played here, the local team won two out of three series, and the second played at Lindsay, the score was likewise two wins for Muenster. Rosalee Muller is captain and Lillian Wimmer, co-captain. Mary Seyler is president of the Pep Squad and leaders are Jewel Hoffman, Barbara Miller, Rose Marie Becker and Mary Seyler.

The Hornets are "all dressed up" having received a part of their football uniforms — red and blue helmets and yellow and white sweaters, along with regulation shoes.

The Red Sox will have a return game with Lindsay on Dec. 5. The girls are thrilled to hear their uniforms have arrived. They will be seen wearing red sox, red sweaters and white skirts.

Head a story about a boy who had lived all his 16 years way off from civilization. One day his dad went to town and among other things brought back a hand mirror, something the lad had never seen. He picked it up, looked in it and chortled, "Doggoned if Pa ain't brought home a wolf!"  
Maybe your cows don't need a haircut quite that bad, but it's an important part of your quality and sanitation program to clip the hair on flanks and udders regularly.  
Part one of the quality program I talked about two weeks ago—barn sanitation. Part two is animal sanitation, and you'll find it is much easier to keep flanks and udders clean if you use clippers.  
Dirt clings to long hairs, and you'll really catch Old Man Trouble where the hair's short if you give your cows a haircut occasionally during the winter.  
Washing the udders with a warm chlorine solution just before each milking is the next step and is vitally important both in sanitation and in saving time in milking. The warm water and the massaging starts the milk to let down.  
Clipping and this warm water massage of the udders are simple things which don't take much time and effort. Yet they are most important in helping keep your milk on a high quality level.

of it will go to produce milk. You will have to use a greater amount of costly feed to produce more milk.  
A dairy cow does not have as much flesh as do beef cows, and they need more protection against rain and cold. Raincoats and red flannels so far haven't been built for cows, so a barn seems to be the right answer. An inexpensive shed which will protect them from cold winds will pay for itself in short order, by raising the level of milk in your cans.

Back in my granddad's day, folks didn't seem to get too upset if they missed the stagecoach and had to wait a week, but I know people who are in such a hurry that they get all upset if they miss a panel in a swinging door.  
But saving minutes sometimes does a good job, at that. Alabama points out that minutes may be important in preventing milk from souring. If there are only 20 milk patrons on a route and the truck driver who picks up the milk can save three minutes per patron, that's an hour saved in getting milk into the plant.  
This is pointed out in a leaflet telling how to make a roadside milk stand. Such stands save time and labor for the milk hauler, and this winter you may have time to build such a stand. The driver will appreciate it.  
You can get a copy of the plan by writing the Extension Service, Alabama Polytechnic Institute, Auburn, Ala., and ask for the leaflet "A Roadside Milk Stand."  
Also, maybe you can give the hauler a lift by running a drag over the road into your farm, or in front of the stand if it is rutty. That may save both time and trouble for him.

Field, Texas, has received a discharge from the service and is back in Lindsay. He is the son of Mr. and Mrs. Leo Zwiggel.

Mrs. Lena Arendt has returned from a visit with relatives and friends in Waterloo and Gilbertville, Iowa.

Joe Bengfort is back here with a discharge. He served in the Pacific with an anti-aircraft battery and held the rank of lieutenant.

Mike Fuhrmann and two sons left last week by car to visit in Round Lake, Ill., with their daughter and sister, Mrs. George Hartman and family.

Harold Gruber of Fort Worth was home to spend last weekend with his parents, Mr. and Mrs. F.J. Gruber.

**MARY ANN REITER AND ANDREW ARENDT MARRIED TUESDAY**

Sacred Heart church here was the scene of impressive marriage rites performed Tuesday morning at 8:30 to unite Miss Mary Ann Reiter, daughter of Mr. and Mrs. Clem Reiter of this city and Andrew Arendt, son of Mr. and Mrs. Paul Arendt of Lindsay. Rev. John Walbe performed the ring ceremony and officiated at the nuptial high mass in the presence of a large assemblage of relatives and friends of the young couple.

The bride was a lovely picture in a gown of white satin fashioned with fitted bodice topped with a lace yoke, sweetheart neckline and long sleeves pointed over the hands. The full skirt that extended from the low waistline swept into a graceful short train. Her fingertip veil of net and lace was caught to a tiara of pearls and she carried an arm bouquet of white carnations. As a bit of sentiment she wore a single strand of pearls belonging to her mother.

Miss Helen Ruth Otto, cousin of the bride, was maid of honor. She wore a frock of aqua jersey and net. The fitted bodice of jersey was trimmed with gold sequins and the very full skirt was of net, over jersey. A gold and aqua hat completed her costume and she wore a corsage of gold chrysanthemums.

Artie Arendt, of Lindsay, brother of the bridegroom, was best man.

Paul Jr. and Johnnie Arendt served as ushers, and acolytes were the bride's brothers Reynold and Robert Reiter, and cousins Gerald and James Bayer and Alvin Hartman.

The altar before which the vows were exchanged was adorned with chrysanthemums and greenery and the light of many candles in tall candelabra furnished soft illumination for the scene.

Immediately following the church rites, the bridal party and local pastors were guests at breakfast in the home of Mr. and Mrs. Emmet Fette, brother-in-law and sister of the groom. The table stressed the white and blue motif and was centered with a bride and groom figurine on a reflector, flanked with white and blue mums.

At noon dinner was served to immediate members of both families in the parish hall and at six o'clock an informal reception was held and a buffet supper served to some 100 guests. The bride's table carried out her chosen colors. It was centered with a large tiered cake, topped with a miniature bride and groom, and was flanked with blue tapers in crystal candelabra.

The cake stand which held the wedding cake is an heirloom in the bride's family, having held the wedding cake of her maternal great-grandmother, the late Mrs. Henry Schumacher, at her wedding. Throughout the hall the blue and white color scheme was noted in decorations.

Guests were registered in a guest book presided over by the groom's sister, Miss Anne Arendt. After the reception Mr. and Mrs. Arendt left on a wedding trip, the destination of which was not revealed. For traveling Mrs. Arendt wore an aqua jersey dress under a fuchsia coat, with black accessories and a corsage of roses.

When they return they will make their home south of Lindsay, where Mr. Arendt is engaged in farming.

Both young people are popular in Muenster and Lindsay. Mrs. Arendt graduated from Sacred Heart High school with the class of 1944 and since that time was employed at the Muenster Enterprise. She was an active member of the Young Ladies Sodality. Mr. Arendt was a member of the Lindsay Young Men's Society.

**COUPLE HONORED AT PARTY WEDNESDAY**

Miss LaVeta Martin entertained with a party at her home in Gainesville last Wednesday evening honoring Miss Mary Ann Reiter and Andrew Arendt, who were married this week.

The party was a surprise affair, attended by seven young couples and the hostess' parents, Mr. and Mrs. Elmer Martin. Informal diversion and refreshments were enjoyed.

**SON OF LASSIE**  
Son of Lassie is a sequel to that earlier popular picture, "Lassie Come Home." Lassie, that beautiful and talented collie, who became a star in the first picture now continues her adventures in this new technicolor sequel. The boy of "Lassie Come Home" has grown up, and sorrowfully leaves his collie pup behind when he starts RAF pilot training. Months later the dog creeps aboard his plane and the two are shot down over Norway. See them make their thrilling escape back to England in this magnificent picture at the Relax Theatre next Tuesday and Wednesday.

**A BIG YAM**  
Victory gardens in flower beds do pay off. Mrs. Bruno Feltman received as a gift a sweet potato weighing 5 1-2 pounds. It was presented by Miss Catherine O'Conrity of Dallas who raised a bushel and a half of huge yams among her flowers. Miss O'Conrity is a nurse, at present doing special duty for Mrs. Jos. Danglemay since she is confined to a Dallas hospital.

disagree on the principle, which obviously assumes that taking a drink or playing a hand of poker is fundamentally wrong. Certainly it did not wish to imply that Truman is a drunkard or inveterate gambler.

We prefer the principle of moderation, that a little drinking or a little poker is all right. A few nips for relaxation or the price of a normal evening's entertainment risked at cards can do no harm. A person is at fault only when he loses control of his faculties or injures his health by drink or gambles money needed for his obligations. For that matter a person is at fault for over-exercising but no one will deny that moderate exercise is recommended. This much can be admitted. Total abstinence is advisable for some because they cannot remain moderate. But it cannot reasonably be regarded as a moral obligation for the normal person.

Aside from the principle, the incident comes as an amusing coincidence. Another man elected to the vice presidency was described not so many years ago as "whiskey drinking, poker playing, evil old man."

**4-H Clubs Active**  
The school's 4-H Clubs have organized and are busy with their work. Officers for the girls are: Mary Jo Williams, president; Patricia Ezell, vice-president; Alene Moore, secretary treasurer; Patsy Moore, reporter. At the last meeting County Agent Miss Mildred Chapman met with the girls and gave a demonstration on hat making and how to clean and re-decorate old felt hats. Members also discussed Christmas gifts and Patsy Moore gave a reading on "Ladies Fashions". It was all very interesting and the girls are wondering if Mrs. Thompson will ever wear the hat they fixed for her. Several of the girls plan to make beanies and colots and will appreciate receiving any old felt hats for this purpose.

The Boy's 4-H Club elected the following officers; Junior Hammer, president; Maynard Williams, vice president; Maurice Stelzer, secretary treasurer; Dale Martin, reporter. At their recent meeting they studied about cattle, grubs and discussed the projects they will take as their year's work. County Agent B. T. Haws was present and in addition to leading the above activity gave a talk with directions for building a calf feeder.
