West Nile Virus threat hits home.....

## Two human cases confirmed by TDH in Cooke County

**By Janet Felderhoff**  
The Texas Department of Health (TDH) released information earlier this week reporting that two human cases of the West Nile virus (WNV) had definitely been confirmed in Cooke County. These are the first confirmed human cases in Cooke County.

The only information that TDH would release on the two Cooke County residents is that both are recovering and neither is hospitalized. There is no specific treatment or cure for West Nile except for supportive therapy.

Muenster City Administrator Linda Webb said that there are no confirmed reports of the virus inside the city limits. There have been reports of dead birds, but those found were already dead. According to her information, the bird must be alive for the testing to be done. Birds showing signs of sickness could be tested.

Webb reported that they had many complaints on the mosquitoes in town. "People who water their yards a lot have them hatching down in the grass," she said. "I don't water much and I don't have a mosquito problem."

The City began spraying for mosquitoes last week after many requests from residents. Some requested the spraying and others spoke against it. "It is really hard to know what to do. It was a hard decision for the City to make," commented Webb on the spraying. She noted that the City has been fighting the mosquitoes all summer by placing briquettes in areas with standing water. These kill the mosquito larvae before they become mature mosquitoes.

The spray being used is AgrEVO. The aqua resin has been tested and said to be safe. Webb said it is the product most often used by municipalities. She said the chemical is very expensive so they don't want to use it

more than is necessary. With the spray you mostly get the street areas she explained. The spray doesn't drift very far. "There is no way to know if we're getting a big percentage of the mosquitoes. We don't know how many we are getting," she said.

Spraying is usually done at dusk or dawn as is recommended, said Webb. It is not possible to notify residents of the time it will take place because it

### About West Nile Virus

Does being bitten by a mosquito mean that you are destined to become ill with WNV? Probably not since not every mosquito bite causes illness. According to TDH information, only a few mosquitoes carry the virus and the less than one percent of the bites from mosquitoes carrying the virus actually cause serious illness. Even so it wise to reduce the risk even further.

illness. Twenty percent of people who become infected have mild symptoms such as fever, headache, body aches, and occasionally a skin rash on the trunk of the body and swollen lymph glands.

"The symptoms of severe infection (West Nile encephalitis or meningitis) include headache, high fever, neck stiffness, stupor, disorientation, coma, tremors, convulsions, muscle weakness, and paralysis. Only about one out of 150 people infected with the West Nile Virus develop this more severe form of the disease."

West Nile has an incubation period of three to 14 days. Symptoms of mild disease may last only a few days. The more severe disease symptoms may last several. The neurological effects it causes may be

depends on the weather. There must be very little wind for the fogging to be effective. Employees operating the fogger try to shut it down if they come across people walking or riding bikes. She said that the have been some children trying to follow the fogger on their bicycles.

In October 2002, there were 17 confirmed cases reported of horses in Cooke County that had contracted the viral disease, which is spread through the bite of infected mosquitoes. Last year was the first year that WNV was detected anywhere in the state of Texas. It was found in numerous birds, horses, or mosquitoes in 213 of the 254 counties in Texas.

"We have to assume it's here to stay, and we shouldn't be surprised to learn that there have been human cases in the County," said Jan Buck a public health technician with TDH's regional zoonosis control program. The TDH only confirms West Nile illnesses after doing laboratory tests and obtaining clinical symptoms from physicians and hospitals, a process that, according to Buck, can take several days.

Steps to lessen the risk (Also know as the four Ds):

**Drain** standing water around homes to reduce mosquito-hatching grounds. Old tires, flowerpots, birdbaths, and clogged rain gutters are mosquito-breeding sites. Also check for natural holes in trees, any open container that holds water, etc. To produce mosquitoes it takes at least one tablespoon of water. It can breed out hundreds, thousands of mosquitoes.

**Dress** in long pants and long sleeves when outside in mosquito infested areas. Apply an insect repellent that contains DEET to exposed skin and to clothing when outdoors.

**Stay indoors at dusk and dawn** when mosquitoes are most active.

So far this year TDH has confirmed 230 human cases of West Nile illness from 55 counties. There have been nine deaths.

It is believed that WNV has been in the eastern United States since the early summer of 1999. It is commonly found in Africa, West Asia, and the Middle East.

Information from TDH states, "Most people infected with West Nile virus will not have any signs of

## White duo page at the NFRW convention

Brittany and Paige White joined more than 1,250 other Republican women activists from across the nation in Salt Lake City Sept. 19-21 for the National Federation of Republican Women's (NFRW) 32<sup>nd</sup> biennial convention, one of the largest national meetings of Republicans this year and the official kick-off of the 2004 political season.

Brittany and Paige White are the daughters of Andy and Leslie White and attend Sacred Heart School. The two girls served as pages for the State Delegates at the NFRW convention.

During the three-day event, attendees participated in leadership training seminars, campaign management schools and a variety of political and policy workshops taught by well-known and respected experts. In addition, they heard from top Bush administration officials, U.S. senators and representatives, Utah elected officials and Republican leaders. Headlining the event were Ralph Reed, regional chairman of the Bush-Cheney campaign; Dr. Eugene Hickok, Department of Education under secretary; U.S. Sen. Kay Bailey Hutchison (R-TX); and Linda Lingle, governor of Hawaii.

Although he was unable to speak at the event in person, President George W.

Bush sent a videotaped message of thanks and encouragement to attendees.

"In many races and many places, your grassroots effort made the difference, and I'll be counting on you again in 2004," Bush said.

## "All aboard!" Gainesville Depot Days this weekend

Main Street Depot Days takes place Oct. 3 and 4 at Heritage Park directly behind the Gainesville Depot. There will be some changes and some added attractions this year.

There will be a free community concert Friday night, Oct. 3, 6-9 p.m. at the Heritage Park to kick off the festivities. Country and Western singer Pake McIntire of the famous McIntire family, will be the featured artist. He is better known as "Reba's big brother." Starting the concert will be entertainment from locals Jerry Headrick and Vince Pawless Unplugged. They will be performing country and western music and ballads.

On Saturday, Depot Days Festival will be held

primarily on Heritage Park. On the Entertainment Stage, Jodi Miller, Armstrong Sisters, Mike Culpepper, Mary Fay Jackson, Proclamation, Pop Rockets, and Tiffany Davis will be among the entertainers that will start at 10:00 a.m. and continue until 6:00 p.m.

Also included in this year's festival are Arts and Crafts, foods including funnel cakes, turkey legs, hot dogs, barbecue, hamburgers, and much, much more.

A Kids Zone located on the south end of the park features Space Walk Inflatables, a climbing wall, pumpkin patch, barrel train, puppet show, games, and activities. Sponsors have made plans for a safe

environment for the kids to enjoy Depot Days.

Also offered this year is the 2003 pewter train car. Last year, a pewter miniature train engine, caboose, and flat car with the Gainesville logo with only 500 of this original edition produced was introduced as Depot Days collectible. Each year another flat reflecting Gainesville's unique community will be introduced. This year's flat car will have a Gainesville Circus Wagon on it patterned after the original circus calliope wagon. The cost for the flat car is \$7.95 plus tax. Last year's 3-piece set is \$30.00 plus tax. Downtown merchants who will be the authorized dealers will have a sign in the window.

# Sister Anselma Knabe honored on 50th Jubilee

**By Elfreda Fette**  
Muenster native, Sister Anselma Knabe, a member of the Sisters of St. Mary of Namur, stationed in Fort Worth, was honored Saturday, Sept. 20, 2003, in celebration of her golden jubilee, during a Mass in St. Andrew Catholic Church of Fort Worth, celebrated by Father C.L. Breedlove. Concelebrants were Father David Flori and Father Richard Weaver. The cantor was Christina Alves and organist was Hal Baccus.

Sacred songs for the Mass were "For the Beauty of the Earth" as the entrance, "Center of My Life" at Offertory, "You Are Mine" at Communion, and "Praise, My Soul, the King of Heaven" as the recessional. Other jubilarians were observing multiple years as members of the Sisters of St. Mary of Namur, including Sister Jane Frances Dunnam, 75 years; Sister Marion Celeste Cimo, 70 years; Sister Cecile Faget, Sister Martin Joseph

Sister Anselma Knabe

Sister Anselma Knabe

Jones, Sister Dorothy Ann Flori, and Sister Mary Elizabeth Snyder, all observing 60 years; and the golden jubilarians Sister Jo Anne Becker, Sister Josephine Stewart, Sister Barbara Wilson, and the Muenster native, Sister Anselma Knabe.

Sister Anselma Knabe was born in Muenster on Jan. 26, 1933 to Albert B. and Anna Stoffels Knabe.

After graduating from Sacred Heart High School, she attended Our Lady of Victory College in Fort Worth, and entered the novitiate of the Sisters of St. Mary of Namur in 1953. She was sent to Jambes, Belgium for one year of her training, and made profession of her first vows there in 1956. She graduated from Incarnate

Word College and from Marquette University.

Sister Anselma Knabe taught in various schools including Notre Dame High School of Wichita Falls, St. Ann of Beaumont, St. Maria Goretti of Arlington, Bishop Dunne High School and St. James School, both in Dallas, Our Lady of Victory Elementary of Fort Worth, and Sacred Heart School of Muenster. Currently she is on the staff of the Catholic Renewal Center in Fort Worth, and has served there for the past 25 years.

Among Muenster relatives attending the Jubilee Mass and the reception following in the parish center were Mrs. Margaret Reiter Schmitt, and her daughters Sister Lillian Marie Reiter, Gloria Sprencel, and Joyce Reed,

and her granddaughters Bonnie Sprencel and Susan Khan Ho; and her son and his wife, Larry and Stephanie Reiter of Dallas. Also attending were Aileen Knabe, Lil and Frank Cardwell, and Regina Pels all of Muenster.

The reception in the

parish center was hosted by the Sisters of St. Mary Auxiliary for about 400 guests that included sisters, family members, and friends of the jubilarians. They all enjoyed visiting, reminiscing, picture taking, and refreshments of punch and cake.

## Careful Planning Can Help Preserve Your Assets

You've spent most of your life planning and saving for retirement and taking care of your family's needs. In order to preserve your nest egg and continue providing for your heirs, it is important to create a complete estate plan. As uncomfortable as it may be to think about death, you deserve an estate plan that will ensure that your assets are distributed smoothly and that your dreams for your family's future are realized.

Before you begin creating a plan, there are a few questions you should ask yourself that may help define the structure of your estate plan. Some of these include how you want your assets divided, how you plan on dealing with long-term care or illness and whether or not you need to protect your heirs from estate taxes. You should also ensure that you have selected the right person to take care of your assets.

By creating an estate plan yourself, you can have the satisfaction of knowing your assets will be distributed to your family and loved ones as you intended. You have many tools available to help you including a will, power of attorney, health care power of attorney, living will and trusts. Let's take a closer look at each of these estate planning vehicles:

**Will.** This document is basically your plan for distributing your assets to your family and other beneficiaries. In it, you can customize certain provisions to meet your personal needs and you can name a guardian for your minor children. However, should you become incapacitated, a will does not provide for management of your assets.

**Durable power of attorney.** This legal document allows you to name another person to act on your behalf, should the need arise. He or she will generally be able to sell, invest and spend your assets as you instruct.

Unlike a traditional power of attorney, which terminates at disability or death, a durable power of attorney will continue during incapacity or disability to provide a safety net of financial management.

**Health care power of attorney and living will.** A health care power of attorney authorizes an individual, designated by you, to arrange for your personal care and medical needs in the event you are unable to do so for yourself. A living will is a document that expresses your intentions regarding the use of life-sustaining measures in the event of a serious physical or mental condition.

**Trusts.** Trusts are one of the most flexible and all encompassing financial planning tools available. Working with your attorney, you can customize trust provisions to accomplish a multitude of goals. You can provide for continued management of your financial affairs while you're alive and healthy, in the event of accident or incapacity, at your death or even for future generations.

While estate planning is a personal and private matter, it is often a good idea to include children and grandchildren in the planning process or at least consider outlining the structure of your estate plan with those family members who will be affected. In addition, they should also know where appropriate estate planning documents can be located. Estate plans are generally more successful with the support and cooperation of family members and a solid estate plan can ensure your assets will be preserved.

permanent. Death from the illness is rare.

Those with the highest risk for severe West Nile are those over 50. West Nile encephalitis cases usually occur in the late summer or early falls. When temperatures are mild, West Nile can be

transmitted year round.

For more information contact your local health department or look for West Nile virus information on the TDH web site [www.tdh.state.tx.us](http://www.tdh.state.tx.us) or the CDC website at [www.cdc.gov/ncidod/dvbid/westnile/index.htm](http://www.cdc.gov/ncidod/dvbid/westnile/index.htm).

## Why a Pastoral Council?

This week Sacred Heart Parish is beginning a campaign to create a pastoral council.

The Second Vatican Council calls the People of God to be an instrument of the Holy Spirit and participate more fully in the life of the Church. They remind the laity (parishioners) that they belong to the "priesthood of the faithful." By baptism and confirmation the laity share in the priestly mission of Christ and are to participate in the apostolate of the Church, contributing even to its decision-making process.

Pastoral councils can act as

the "wisdom community" of the parish where people learn to be stewards of the gifts of God and to listen to the needs of all. Through the process of consultation, the parish council contributes to the building up of the faith community and can be an adventure in shared responsibility, like the communities of the first Christians that took action as a body.

Sacred Heart Parish needs a pastoral council that will focus explicitly on the pastoral needs of the people. Recommendations and input will be requested from the entire parish in November. *by Anna Brazil*

## Wilson "Jack" Dunn 1921 - 2003

Wilson "Jack" Dunn of Saint Jo died at his residence on Sept. 27, 2003 at 11:07 p.m. He was 81 years of age. Graveside service was held on Tuesday, Sept. 30, 2003 at 10:00 a.m. at Mountain Park Cemetery in Saint Jo, officiated by C.E. Cole, and directed by McCoy Funeral Home of Saint Jo.

Wilson "Jack" Dunn was born on Dec. 22, 1921 in the Dye Mound area to Milton Dunn and Sula Pearl Cook Dunn. On Aug. 16, 1951 he married Edna Mae Wade in Gainesville.

He lived all of his life in the Saint Jo area, born and raised on a farm in the Dye Mound area. He worked in the oil field most of his life, mostly in West Texas. After retiring from the oil field, he worked as a mechanic, buying, repairing, and selling used cars. He enjoyed his family, many friends, and daily trips to the Dairy Queen. Jack Dunn was baptized at the

Church of Christ in Saint Jo. His family requests, for those who have asked, that memorials may be made to Hospice of Rural Texas, 705 N. Greenwood, Bowie, TX 76230.

Survivors are his wife, Edna Dunn of Saint Jo; two daughters Phyllis Cook and husband Larry of Saint Jo, and Joanie Mae Pierce and husband Milton of Walnut Bend; one son Danny Dunn and wife Lori of Saint Jo. There are nine grandchildren and one great-grandchild. Also two sisters Dee Cole and husband C.E. "Sonny" Cole of Saint Jo and Betty Martin and husband Red Martin of Alvord, and one brother, Melvin Dunn of Saint Jo.

Preceding him death were his parents; three sisters, Bessie Martin, Jessie Williams, and Elwanda Dunn; and four brothers, Cruse Dunn, Frank Dunn, Ray Maddox, and Lynn Maddox.

## Jack Berry 1912 - 2003

## NCTC concert features the music of Sinatra

The NCTC Jazz bands will be in concert Thursday, Oct. 9 at 7:00 p.m. in the Little Theater. This is located on the Gainesville campus. We are very excited to be sharing the stage with guest vocalist Toney Walsh. Toney is a professional singer from Dallas and performs regularly across the country. The theme of the concert is The Music of Frank Sinatra. Toney will perform classic Frank Sinatra songs with both NCTC Jazz bands. His selections will include: Fly Me to the Moon, The Way You Look Tonight, Luck Be a Lady, and Theme from New York, New York. The concert is free to the public.

North Central Texas College band instructor, Marty Kobuck is leading the Jazz Band in this first year on the Hill. Call 668-7731, ext. 454 for more information.

## From My Side of the Fence by Ed Clor

Breakfasting at Rohmer's this morning was a pleasant interlude. One usually sees many of the same faces, smiling, always friendly, and with a quip now and then. Good coffee and a bite to eat has a way of putting one in a good mood.

After running a few errands, we arrived home. I turned the TV on to see if any earth shaking events had taken place over night. Well, not really.

Someone was talking about the Pledge of Allegiance and the way it was to be used. The lady said she was going to say "I pledge Allegiance to the Flag of the United States of America, and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all." Her partner responded that she too, would include the words "under God."

The original pledge was written by Francis Bellamy in 1892. It appeared in the publication "The Youth's Companion", Sept. 8, 1892, and was set to music in 1955 by Irving Caesar.

The Flag stands for the hard work and sacrifice of millions of Americans who have helped to make the United States the greatest power in the world's history.

No one really knows who made the design for the original flag. It is claimed by some of Betsy Ross's offspring that she should be credited with making up the first flag, but that is held as debatable by many historians who say it likely is a legend.

Now, if I pledge my allegiance to the Flag, I will surely use the words "under God." He has taken us a long way, and I, for one, value His guidance.

## SH Church offers teachings on Sundays

Father John Corapi, one of the most inspiring preachers alive today, has an incredible personal conversion story. He tells how he came from the depths of despair and darkness as a homeless ex-millionaire drug addict to being ordained a priest by Pope John Paul II. His teachings on video offer adults and teens a chance to learn what the Catholic Church teaches on topics such as the gifts of the Holy Spirit, Christian Prayer, the Ten Commandments, abortion, sterilization, Church and Social Justice,

and many more. The videos are being shown on Sundays in the Sacred Heart High School Math Room 5 from 9:10 - 10:15 a.m. No preparation, studying, homework, or writing is necessary. There are no group discussions. It is free. Come and listen. Enjoy learning more about the Catholic faith in a relaxed setting. Light refreshments will be available. Any questions, call 759-4215 (Lanie Bartush) or 759-4898 (Debbie Cochran). The topic for Sunday, Oct. 5 is Morality and Conscience.

## Life Chain 2003 to be held October 5

Life Chain 2003 is part of the National Life Chain Event. The local Life Chain 2003 will take place on Sunday, Oct. 5 from 1:45 - 3:00 p.m. in Lindsay along Hwy. 82. It is being sponsored by the Cooke County Pro-Life Group, Inc. Participants are asked to gather along Hwy. 82 by the Cemetery of the Innocents. Parking will be available at the Lindsay Post Office and City Hall. Throughout the U.S. and Canada, many Life Chain participants will stand and pray along the roadways. Over 900 cities across North America are involved this year. Begun in 1987, this is an interdenominational hour of prayer for our nation and a peaceful, legal, and compassionate witness on behalf of the preborn at risk of abortion. Participants hold professionally printed signs with pro-life messages that proclaim, *Abortion Kills Children, Adoption is a*

*Loving Option, Lord, Forgive Us and Our Nation, and Abortion Hurts Women.* The signs will be provided. Anyone can participate. Pastors and groups from all area churches are especially invited and encouraged to participate to show not only their opposition to the killing of the preborn, but their compassion for mothers dealing with a crisis pregnancy. Elderly and disabled participants are encouraged to arrange for folding chairs, water bottles, and umbrellas. Young children under close parental supervision are welcome. Join in this opportunity to build a powerful local prayer-chain for God to use to save the lives of local boys and girls. For information about the local Life Chain call 940-759-2907. Other information is available at [www.NationalLifeChain.org](http://www.NationalLifeChain.org) or [www.LifeChain.net](http://www.LifeChain.net).

## Tigers declaw Wildcats

The Sacred Heart Tigers got a big Homecoming victory last Friday night with a 40-0 win over the Crowell Wildcats.

"We played very good defense and executed well offensively. We continue to get better," noted Coach Charles Boles. "We took care of business."

The Tigers covered the opening kick on their 42 yard line. Runs by Chris Hoedebeck and Andy Davis got Sacred Heart into Wildcat territory, but the Tigers were forced to punt on 4th and 7. From the Cat 10 yard line, a fumbled pitch was covered by Adam Taylor for a touchdown. Paul Bartush added the extra point for a 7-0 score with 10:07 on the clock.

Tackles by Clayton Truebenbach, Aaron Krahl, and Wes Wimmer gave no ground away and the Cats punted. Sacred Heart fumbled the return, giving the ball back to Crowell. Three plays later, Davis intercepted a Cat pass on the Tiger 40. Sacred Heart failed to get the needed 10 yards and punted. The teams exchanged several possessions with the Tigers carrying the ball into the 2nd quarter. Hoedebeck picked up 7 yards, with a Bartush pass to Jared Zimmerer moving the ball to the Cat 23. A run each by Krahl, Hoedebeck, and Bartush gained 15 yards. A pass to Zimmerer was good for 6 points. Bartush booted the PAT for a 14-0 score with 9:30 remaining in the 2nd period.

The Tigers regained possession when Jon Ambrose recovered the kick on the Cat 35 yard line. A Bartush to Kevin Walterscheid pass moved the Tigers to the 21. Hoedebeck got 5 on a run, then 2 on a pass. Bartush then got the first down on a keeper to the 11 yard line. Andy Davis carried the ball into the end zone the next play. The PAT failed and with 6:49 still on the clock, the Tigers took a 20-0 lead.

Crowell's next drive ended on the third play when Adam Krahl covered a loose ball. The teams exchanged kicks until time ticked off the clock for the halftime break.

It was three plays and punt for both teams, then ended Crowell's 2nd drive when Adam Krahl covered another fumble setting the Tigers on the Cat 21 yard line. Five plays later Hoedebeck scored on an 8 yard run behind the blocking of Aaron Krahl. The PAT went wide for a 26-0 score with 5:39 remaining in the 3rd quarter.

Again the Cat offense couldn't get a first down, setting the Tigers on their 46 yard line. Hoedebeck got the ball to the Crowell end of the field. A screen pass from Bartush to Hoedebeck moved the ball to the 12. Krahl and Hoedebeck gained 8 yards with a quarterback keeper by Bartush finding pay dirt. Bartush added the PAT for a 33-0 score with 2:18 on the clock.

Crowell moved the ball into the final quarter and punted. The Tiger offense then controlled the next eight minutes of the clock, with Krahl running 11 of the 14 plays and scoring on a 3 yard run with 3:57 remaining in the game. Bartush booted another extra point and the Tigers

took a 40-0 lead.

Two tackles by Clayton Truebenbach and a Jon Ambrose fumble recovery put the icing on the cake, as the Tigers got to the 15 yard line as the time ran off the clock.

## Tigerettes 1st at Ponder

The Tigerettes won their first meet of the season last Wednesday at the Ponder cross country meet. All 10 of the Tigerettes running at Ponder finished in the top 20 runners. All the Tigerettes ran personal bests on the two mile course, with six of the girls running under 13 minutes. The Tigerettes were led this week by sophomore Diana Knabe. She placed 2nd overall with a time of 12:30. Coach John D. Bartush had this to say about his runners, "I am very pleased with the heart and desire my athletes portray when they compete. They are becoming more confident each race, and they are learning how to compete and run well as a team. They are a great group to work with!"

# MHS Hornets spoil Dragon homecoming

It was Homecoming night at Chico Friday night and the Dragons had high hopes of putting a win under their belts, but the Muenster defense had other plans and kept the Dragons out of the end zone for a 21-0 pre-district victory.

"They played us well - very physical," noted Coach Monte Endres. "They blocked us better than any other team we've played. We are proud to get the win and to get the shutout."

Chico's offense took the field after the opening kick, getting in a good run before the Hornets shut them down. Muenster's first play was a 15 yard pass from Sean Fuhrmann to Zach Swirczynski. The next run Swirczynski gained 20 yards, then runs by Clint Miller and Daniel Russell picked up another first down to the Chico 38. The drive ended with Muenster fumbling the ball to the Dragons.

Chico struggled and punted on 4th and 5. Muenster earned two first downs, then punted. Jared Britain's punt rolled into the end zone and Chico took the ball on the 20. The Hornet defense held the Dragons to 2 yards with tackles by Kirk Hartman, Jared Ledbetter, and Cameron Walterscheid. A short punt put Muenster at midfield. The first play of the 2nd quarter put the Hornets on the scoreboard. A Fuhrmann to Russell pass turned into a 49 yard touchdown play. Chase Cain booted the extra point for a 7-0 score.

Tackles by Kyle Endres, Britain, and Miller stalled the Dragon drive, ending in a punt. Muenster's offense also struggled and punted. Chico then pounded out a dozen plays, moving to the Hornet 19 yard line before running out of downs. Again the Muenster offense struggled, but on 4th and 1, Swirczynski broke through for a 12 yard gain. Muenster went to the air with Fuhrmann completing passes to Justin Wolf, Derek Endres, and Justin Ferguson for 17, 12, and 10 yards before running out of time, as the first half ended

with a 7-0 score.

The teams exchanged possessions as the 3rd quarter got underway. The Hornets began their 2nd drive on their 24 yard line. Runs by Swirczynski, Russell, and Ferguson took the ball to the Chico 24. After losing 6 yards in two runs, a Fuhrmann to Wolf pass picked up a first down at the 15 on 4th and 15. Swirczynski then gained 12 yards and scored on a 3 yard run. The PAT kick was good for a 14-0 score with 1:12 on the clock.

Chico punted to begin the final period, with the Hornets starting on their 45 yard line. Runs by Swirczynski, Miller, Russell, and Fuhrmann, and a pass to Miller took the ball to the Chico 26. Four Swirczynski runs and one by Fuhrmann and Miller got the Hornets to the 7 yard line. A flag backed the ball to the 12. Miller then gained 7, Endres 3, and Swirczynski 2 yards into the end zone. Cain added the extra point for a 21-0 score with 1:40 remaining in the game.

Chico ran four plays before the time ticked off the clock.

"We're glad pre-season is over and are ready for District," Coach Endres commented.

## JV Hornets snuff Puffs

The junior varsity Chico Dragons arrived in Muenster Thursday evening and were sent home with a 28-0 loss to the JV Hornets.

Action began with Bill Haverkamp's opening kickoff to the 10 yard line. Bill and Keaton Haverkamp got the tackle on the return. Tackles by B. Haverkamp, Nathan Privett, Chad Endres, Patrick Lutkenhaus, Collin Walterscheid, and Chris Steelman forced a Chico punt after five plays.

From the Muenster 46, Privett's second run was a 52 yard touchdown race. The PAT failed for a 6-0 score with 6:24 on the clock.

B. Haverkamp's kick went to the 5, and Chico returned it to the 27. Tackles by C. Endres, Jose Velasquez, and Lutkenhaus held the

then tackles by Lutkenhaus, B. Haverkamp, and Velasquez dropped Chico for losses, forcing a punt. Muenster gained only 9 yards, then allowed Chico to get in 11 plays before the Hornets covered a loose ball on the Muenster 10 yard line early in the final quarter.

The Hornets couldn't move the ball and punted. Chico got in a good run to the 4 yard line. Velasquez and C. Endres made a stop for no gain, then Steelman and Velasquez allowed only a one yard gain. On 3rd and goal, K. Walterscheid intercepted a pass in the end zone and ran it out to the 17 yard line. Runs by K. Haverkamp and Privett, and a J. J. Walterscheid ran in the extra points for a 14-0 score with 3:42 remaining in the first period of play.

Chico moved the ball into the 2nd quarter, getting in 11 plays before getting stopped at the Hornet 28. A J. Walterscheid to K. Walterscheid pass quickly moved Muenster into Dragon territory. Privett and K. Haverkamp exchanged six plays to the 21 yard line. Muenster picked up 8 more, then fumbled. Tackles by Privett, B. Haverkamp, and Velasquez forced a Chico punt. K. Walterscheid returned the ball to the Chico 42. Two incomplete passes and a quarterback sack were followed by an 11 yard run by Privett as the clock ticked to zeroes to end the first half.

Muenster took the opening kick. A 17 yard Privett run and face mask flag moved the Hornets to the Dragon 30. A J. Walterscheid to K. Haverkamp pass moved Muenster to the 5. Two plays later K. Haverkamp scored on a 5 yard run. A J. Walterscheid to Dustin Wimmer pass added another 2 points, and the Hornets led 22-0 with 7:41 remaining in the 3rd quarter.

Save NOW to get a FREE Shurfine  
Turkey for Thanksgiving  
(Redemption between Nov 10 and Nov. 30 ONLY)  
Here's how it works: Pick up your card at  
Fischer's and each time you purchase \$20.00  
worth of groceries, you receive one Mark on  
your card. More Marks mean a larger Turkey,  
10 Marks = 10lbs., 12 Marks = 12 lbs., etc.  
If a turkey weighs over even pounds, an extra  
Mark is required. NO LIMIT on how many  
turkeys you get.
