

This year we have reason aplenty to rejoice that Mother's Day is a happy one. After four long years she can spend the day without fear for her son on the firing line, without dread of the fateful War Department message. Instead she can enjoy his presence in the family circle and take an interest in the activities by which he works out his livelihood and his happiness.

Along with that she's enjoying a few more of the comforts and luxuries of traditional American life. True, she is deprived for a while of a few things she would like. Like you and me, she's probably impatient at times at getting back to normal. But she has most of the essentials of happiness that external circumstances can offer. She's infinitely more fortunate than the cold, hungry and homeless mothers of war ravaged Europe, most of whom also still have reason to worry about their children's welfare.

In fact, about the only thing the American mother needs this year is the happiness her own children can bring her. The kind, thoughtful things they will do for her, the cherished gifts they will give her. And most important of all, her pride in her children.

Mother's Day has become quite an occasion in this country. People wear flowers, shower gifts, extend special courtesies. They have ever so many commendable ways of paying a loving tribute. But so very many seem to overlook that the greatest tribute, the deepest and most enduring source of pride, is a way of life that will be an eternal credit to her.

This isn't to minimize the usual display of affection on Mother's Day. They are most fitting, and the day would be rather empty without them. Still it's quite reasonable to assume that a mother can derive more happiness from pride in her kids for 365 days of the year than from a deluge of attention just one day of the year.

An appealing feature about that is that it pays off in two ways. Mother is always pleased to know that her children are kind, thoughtful, cheerful, conscientious, industrious, generous — in general, exercise the virtues of substantial citizenship — and the children find it's a lot more fun to live that way.

In case you did not know, the telephone number of the Income Tax office in Washington is 50-50. Many of us are ready to agree that a more appropriate number could not have been selected.

Next time we have a horse show in Muenster our promoters will probably know better than to get a quarter horse expert to judge the quarter horse class. Otherwise maybe they'll manage to have more quarter horses.

That contest last Sunday was worth a chuckle. When the horses came out — and there were some darn good looking ones — lots of comments were passed about a certain sawn specimen. People agreed quite generally that it did not have a chance. They even felt sorry for it.

Then Judge Vern Scott sprang the surprise of the day. He announced that all horses except one were disqualified because they had no quarter horse characteristics. You guessed it. The horse that drew the sympathy drew the blue ribbon.

Likewise somewhat amusing was the wonderful cooperation Announcer McNeley got from the weather. Early in the show people got uneasy when rain drops started falling around them. In a calm assuring tone Mac said "Just keep your faces, folks. The weather men promised we won't have rain until the show is over." So the shower waited until the show was over.

It's another good point to mention when we brag about the cooperative spirit of the community.

A series of safety campaign advertisements prepared for the National Safety Council begins in the Enterprise this week under the sponsorship of several local business establishments.

In inviting your attention to these ads the column offers a reminder that our country today is going through the worst accident record of its history and people are dying by the hundreds every week for the very kinds of wrongs emphasized in the ads.

Some of us are inclined to blame worn automobiles for the increased accident rate. To a certain extent the viewpoint is correct, because the cars can't take what they did six or eight years ago. But on further thought we have to admit the blame comes back to ourselves. Being aware of mechanical faults, we are at fault for expecting as much of the cars.

It is the sincere hope of the

Sunday Crowd At Horse Show Exceeds 3,500

More Than 100 Horses And Colts Compete For Honors In 14 Events

Muenster's horse show Sunday drew an enthusiastic crowd estimated at between 3,500 and 4,000 spectators who acclaimed it one of the best shows ever presented in this section of the country. More than a hundred entries were made in the fourteen classes in which contestants vied for ribbons and cash awards. In addition there was music by the Muenster Youth Band under direction of J. J. Hoffman, and trick performances and stunts by local and county talent. Comedy was provided by Ted Lucas of Gainesville and his "educated donkey."

Weather conditions were ideal, a sprinkle of rain laying the dust for the comfort of the audience and participants. R. L. McNeley, president of the Muenster Livestock Association, the sponsor group, and general chairman of the show, presided at the microphone, giving a play by play report of activities. The program opened at 2 o'clock with an address of welcome by Mayor J. M. Weinzapfel, followed by the grand entry into the arena, a very colorful scene of beautiful horses, attractive cowgirls and rugged cowboys. Tony Trubenbach displayed the Lone Star flag and Alois Trubenbach and J. R. Dangler flew the Stars and Stripes, as the band played the national anthem.

In the colt class, six months old and under, first prize went to Butch owned by Dorothy and Loretta Hartman, Muenster. Pal, belonging to Roger Wolf, Muenster, took second; Thunderhead, owned by Mrs. Wilma Moon of Saint Jo, scored third, and Corker shown by Diane Wimberly of Gainesville was fourth. Strip belonging to George Tyler of Gainesville was first in the colt class, 6 to 18 months, with Frosty belonging to Gerald Adams of Saint Jo, second; Smart Alec, owned by M. C. Aust of Nocona, third, and Gypsy, owned by Orb Adams of Saint Jo, fourth.

In the paint class, Daisy, belonging to Alois Trubenbach, Muenster took top honors, with Painter, belonging to Gilliam Bonner of Gainesville second. Rudy, owned by J. R. Dangler, Muenster, third, and Pinto, ridden by Jody Combs of Nocona, fourth.

Gilliam Bonner's Nugget, ridden by Tommy Lucas of Gainesville was first in the pleasure class, Silver Jim belonging to Wilda Adams, Saint Jo, was second, Duke, owned by J. A. Smoot, Gainesville, third, and Don Oro, belonging to Dr. T. S. Myrick, and Tony Trubenbach, Jr. of Muenster, ridden by the latter, placed fourth.

In the cutting class Ira Ward of Denton was first on Dolly; Pete Cook of Saint Jo, second on Dick; Jack Howell of Saint Jo, third on Roy, and C. E. Ward of Sivals Bend fourth on Glassy. In the quarter horse class, only one prize was awarded. It went to Golden Rule belonging to George Tyler of Gainesville. Don King of Nocona took first place in the children's class riding Soapy; John Myrick of Muenster was second on Bonnie Lassie; Patsy Thomas of Gainesville took third riding Rocky, and Jody Combs of Nocona placed fourth on Pinto.

In the palomino division the Myrick & Trubenbach stallion, Don Oro, ridden by Trubenbach, placed first; Thunder owned by Willard Grigsby of Nocona, second; Ginger, ridden by B. A. Dillard of Gainesville, third, and Flicka, ridden by Mrs. Wilma Moon of Saint Jo, fourth.

In the plantation class Boyce Baker of — was first with his entry; Al Walter of Muenster took second on Pinto; Lee Roy Robinson of Gainesville was third on Judge and J. A. Smoot of Gainesville, riding Duke, was fourth.

In the best dressed cowgirl contest first prize went to Mrs. Tony Trubenbach, Jr. of Muenster riding Don Oro; second to Mrs. R. L. McNeley, Muenster on Daisy; third to Mrs. Wilma Moon Saint Jo, on Flicka, and fourth to Wilda Adams, Saint Jo, riding Silver Jim.

Cecil Gardner of Gainesville, riding Daisy, was top winner in the racking class, with Martin Walterscheid, Muenster, on Trister, second; J. R. Dangler, Muenster, on Rudy, third, and Paul Sicking riding Ginger, belonging to Muenster, fourth.

(Continued on Page 8)

Improvement Noted In Both Victims Of Gasoline Burns

Reports are encouraging this week regarding the condition of Mrs. Herbert Meurer and Miss Rose Marie Tempel, both confined to the Gainesville sanitarium as the result of serious burns sustained in fires recently. Both, however, will be hospital patients for several weeks in the future.

Herbert Meurer stated Wednesday morning that his wife is able to take light nourishment and is no longer placed under an oxygen tent as she was for several days last week. Three trained nurses are in constant attendance in addition to a member of the family, and as yet visitors are not being admitted.

Miss Tempel's condition is somewhat further improved than Mrs. Meurer's, her accident having occurred six days earlier, on April 25. Only members of the family are permitted to visit her.

Both sustained severe burns in gasoline accidents. Miss Tempel at her brother Ray's service station, and Mrs. Meurer in her home.

Material And Labor Shortage Retards Building Progress

Shortage of both material and labor has held building activity down to a snail's pace in Muenster for the past several weeks. Gradual progress is evident, however, on all of the projects now under way.

John Wieler's annex to the Magnolia filling station, started two weeks ago, is farther along at this writing than any of the other jobs. His brick wall is almost completed and materials for the roof are waiting to be put on. After the addition is complete the entire building will get two coats of paint.

The annex will serve as a lubricating department and the section for lubrication will be converted into a stock room.

The newest building project in town is Herbert McDaniel's 30x60 automotive repair shop south of his home on Highway 82. Digging for the foundation is finished and concrete will be poured within the next few days. McDaniel is starting from scratch, manufacturing his own cement blocks for the job.

The Kaiser-Meurer building for the Kaiser-Frazer automobile agency has been going up steadily but slowly for the past two weeks. Walls are almost half finished.

Adjoining it on the north, Mrs. Catherine Huchton's Helpy-Sely laundry building is at a standstill but concrete blocks for the walls are waiting at the site, John Huchton who has been doing most of the work, took time out for a while to help friends in the oil field.

Residence construction is also slow. Joe Luke's two houses are completed up to inside and outside finishing work but he has no idea when he will get materials or help to finish the jobs.

Ben Seyler's house, moved last week from its old location is almost a home again. Electric, gas, water and plumbing connections have been made after being cut off for more than three weeks, but carpenter work still goes on.

Pat Hennigan's house, like Joe Luke's is held up by material shortages. He has his walls and roof finished. Both Urban Endres and Edward Endres are more fortunate. Edward's house, built from materials salvaged out of an old house, is nearing completion. Urban had accumulated materials for several months before starting and is making steady progress now on his clay tile walls.

TIME TABLE CHANGE ANNOUNCED BY KATY

Beginning at 12:01 a.m. Sunday a revised schedule of train time goes into effect here according to Henry Stelzer, local agent.

The morning, west bound, train will depart at 9:22 a.m., one hour and 20 minutes later than the present time. The evening, east bound train will depart at 4:39 p.m., five minutes earlier.

A civilian would have to pay out \$14 a month for 30 years to assure a monthly income as big as the Army gives free on retirement from active duty. A retired master or first sergeant after 30 years gets \$155.25 monthly for life.

Double Funeral For Victims Of Plane Accident

Services Here Friday For Bernard Schumacher And Mrs. Steve Fette

Double funeral services for Mrs. Steve Fette and Bernard Schumacher, fatally injured in a plane crash Tuesday, April 30, were held at Sacred Heart church Friday morning at 9:30. Rev. John Walbe, assistant pastor officiated at the regular high mass and delivered the sermon for the occasion. Burial was in Sacred Heart cemetery under direction of Geo. J. Carroll and Son Funeral Home.

Rev. Walbe conducted services at the grave for Mrs. Fette and Rev. Herman Laux, pastor, officiated at the grave services for Mr. Schumacher. His grave is in the service men's memorial lot.

Hundreds of friends attended the last rites, evidence of the general popularity of the deceased and the wide friendships they enjoyed.

The accident that took the lives of Mrs. Fette and Mr. Schumacher, both 32 years old, was one of the worst tragedies that ever struck this community. They were flying over Red River trying to deliver a message to Mrs. Fette's husband to inform him that his sister, Mrs. Herbert Meurer, had been seriously burned in a fire at her home. Fette was known to be fishing at the river. The plane hit a supporting cable for a telephone line which spanned the river and fell to the river bed.

Pallbearers for Mrs. Fette were Arthur Endres, J. W. Fisher, Earl Walterscheid, John Streng, Alphonse Hoenig and Giles Lehnertz. Pallbearers for Mr. Schumacher were Buddy Bernauer, Jerome Fagel, Norbert Hondebeck, Jimmy Lehnertz, John Wieler and Ervin Hamrie.

Mrs. Fette, Miss Clara Gehrig, before her marriage on June 13, 1935, was born in Muenster on June 14, 1913, the daughter of Mr and Mrs. William Gehrig. She attended school here and lived here continuously except during a few years when her husband was engaged in oil field work in Illinois. While her husband was in the service she began operating Clara's Cafe and continued that work up to the time of her death.

Survivors are her husband, her mother, one brother, George Gehrig, Muenster, and four sisters. Mrs. Al Eberhart, Mrs. Charlie Hellman and Miss Emma Lou Gehrig, Muenster, and Mrs. Virginia Carter of Lubbock. Bernard Schumacher was born here on December 20, 1913, and had lived here all his life. Eleven years ago he was married to Miss Georgia Mae Hundley of Saint Jo. He operated a trucking business prior to his entry in the Navy where he spent two years in both the Atlantic and the Pacific. On returning home he resumed his trucking business. His survivors are his wife, a son, Jimmy, and a daughter, Sharon Ann, his mother, Mrs. Maggie Schumacher, and two half-sisters, Mrs. Andy O'Connor and Mrs. Mims Lewis, all of Muenster.

REPAIR JOBS FAVOR CITY PAVEMENT AND GRAVEL STREETS

Though still not up to the standard desired by the city council — and the citizens — Muenster streets have undergone a tremendous improvement during the past week.

A crew has been at work constantly since Monday filling holes on the Main Street pavement with asphalt-crushed rock mix. They will stay with the job until they level off every pit between the parish hall and the railroad tracks and, according to Mayor Weinzapfel, if sufficient material is left it will be used to level off a few corrugated stretches of pavement.

City councilmen conceded that the present job is only a patch-up measure intended to serve until the state highway department builds a new street in connection with the already approved farm to market road leading north out of town.

Side streets too were favored. Starting late last week the city had gravel hauled to most rough spots and Commissioner Earl Robinson arranged to have a road maintainer do the scattering and touching up.

Morning is that time of the day when the rising generation rises and the retiring generation

Rural Health Men See Bright Future For Local Hospital

Speaking to more than 200 persons from Muenster and neighboring communities at the K of C hall last Friday night, Frank Boutwell and Eugene Butler of the Texas Rural Health Committee commended the local hospital plan for its soundness and predicted that it would one day be recognized as one of the community's greatest assets.

Boutwell stated that the city and entire community would profit not only from the better health standard but also from business opportunities that will naturally follow when Muenster is accepted as a health center. He further stated that units such as this are the country's principal hope to check present trends in the direction of socialized medicine.

Regarding the local group's construction plans, the visitors assured that a membership of 300 would furnish sufficient funds to get started and mentioned another group of the state which built with \$30,000 and added later as the expanding membership justified. They also cautioned that plans of the original unit should be so designed as to permit future additions without incurring excessive cost or conflicting with the arrangement of the first building.

From their knowledge of other cooperative hospital ventures in the state Butler and Boutwell recommended a partial service system for both hospital and medical services. That arrangement, they said, will relieve members of most of the financial burden caused by sickness and it will also discourage the tendency to excessive service.

Another recommendation was to have a salary and bonus system of paying hospital staff members. That offers an inducement for them to give better service and improve the hospital's facilities. Following Butler's and Boutwell's suggestions directors have arranged for a meeting Friday night at 8:30 o'clock. At that time, President J. M. Weinzapfel said, they hope to have an architect present for consultation on building plans. After the general design is determined a plan will be drawn and submitted to experienced hospital officials for recommended changes. In that way the directors hope eventually to arrive at a very practical plan for their building.

Directors are going ahead, Weinzapfel said, on the assumption that a sufficient number will join in the near future. Only a third of the community's prospects have signed up to date. Another third will provide enough money to go ahead and memberships in addition to that will put the project over in a big way.

Hubert H. Moss Is In Race For County Superintendent

Hubert H. Moss has authorized The Enterprise to announce his candidacy for the office of county superintendent in the 1946 Democratic primaries and solicits the votes and support of the citizens of Cooke county.

Mr. Moss was born near Woodbine and was reared on a farm near Valley View. He attended the rural school at Elm Grove through the first seven grades and later was graduated from Valley View high school. He has attended North Texas State college, Southwestern University and Oklahoma university and holds bachelor of arts, bachelor of science and master of science degrees.

He entered the teaching profession by returning to the one-teacher school at Elm Grove he had previously attended, and taught in the public schools of Valley View, Graham and Henderson. He resigned as principal of the high school at Henderson to become science teacher in Gainesville high school and is at present head of the science department of Gainesville high school and junior college.

He served two years in the infantry in World War I, including 10 months in France. Mr. Moss' first interest has always been for the good of school children, and if elected county superintendent, he pledges himself to show no favoritism and to work energetically for the betterment of the schools of Cooke county.

As recommendation to the voters of Cooke county, Mr. Moss refers the voters to any student he has taught in the past years, and is willing to stand by their opinion of him and his ability.

Mr. Moss solicits the vote and support of the citizens of Cooke county in his race for county superintendent. (Pol. Adv.)

S. J. Martin, 84, Dies Monday Of Asthma Attack

Funeral Services Held Tuesday Morning At Scotland, Texas

Sidney J. Martin, 84, died Monday at 1 a.m. after less than a week's illness at the home of his granddaughter, Mrs. Tony Hosmer. While visiting with his son, Sidney, at Fort Worth last week he suffered an attack of asthma, and, at his request, was brought here by ambulance last Thursday.

Funeral services were conducted at the Catholic church in Scotland, Texas, Tuesday morning at 10 o'clock with the pastor, Rev. Herman Redder, officiating at the requiem high mass and at the burial in the Scotland cemetery, beside his wife, who died 12 years ago. Funeral arrangements were under direction of Leazer-Keel Funeral home of Gainesville. Six grandsons were pall-bearers: Sidney Otto and Gene Hellman, Gainesville; Tommy Otto, Muenster; Martin Stehling, Kerrville, and Jim and Dan Brown, Wichita Falls.

He was born in Saint Paul, Mo., on Sept. 24, 1862, was reared there and engaged in work there as a carpenter. In 1881 he married Miss Henrietta Ahrens. In 1896 they moved to Texas, settling in Windhorst, and later made their home in Iowa Park and Scotland. They moved to Muenster in 1924. Mrs. Martin died here in 1934.

He is survived by 9 of his 12 children: T. A. Martin and Mrs. J. E. Brown, Wichita Falls; S. A. Martin, Fort Worth; F. R. Martin El Centro, Calif.; W. B. Martin, Dallas; Mrs. A. A. Otto, Muenster; Mrs. F. R. Stehling, Kerrville; Mrs. Ben Weber, Gainesville and Miss Lorine Martin, Abilene. Also surviving are 42 grandchildren and 28 great-grandchildren; three half-brothers, F. J. Dames, Dr. Alphonse Dames and Dr. Claude Dames, all of O'Fallon, Mo., and a half-sister, Mrs. Wm. Smart of Moberly, Mo. Twenty grandsons were members of the armed forces during the recent war.

Among relatives and friends going to Scotland for the funeral were Mr. and Mrs. A. A. Otto and sons, Mr. and Mrs. Tony Hosmer, Mr. and Mrs. J. P. Flusche, Mr. and Mrs. J. M. Weinzapfel, Mrs. Tony Gremminger, all of Muenster; Mr. and Mrs. Sid Otto and daughter, Mr. and Mrs. Ben Weber, and family and Len Otto, Gainesville, and Miss Beola Weber, Fort Worth.

A large number of Muenster relatives and friends attended rosary Monday evening at Leazer-Keel Funeral home chapel where the body remained until the funeral services.

CITY TAX RATE WILL CONTINUE AT \$1.50 FOR CURRENT YEAR

The city tax rate for 1946 will remain at \$1.50 per \$100 of valuation — 55 cents for the sewer fund and 95 cents for the general fund — however it is probable that some changes will be made in property valuations.

That decision was made by members of the city council in their regular monthly meeting Monday night.

In connection with tax assessments an equalization board is to be appointed at the next regular meeting. To be composed principally of men who have ample time to spend at the work, the board will be expected to make a thorough and exhaustive study of comparative property values so as to make adjustments for all changes of recent years.

Appearing for the first time of their current term of office, John Wieler, recently elected to replace I. A. Schoech, and R. L. McNeley, re-elected to another term, were both sworn in as aldermen. Re-appointments include Mrs. L. A. Bernauer as treasurer, Rosa Driever as secretary and Mrs. Nick Miller as assessor-collector. Steve Moster was appointed Water Superintendent succeeding I. A. Schoech, and Fire Marshal succeeding J. P. Flusche.

Schoech, retiring from the city's service, received the council's thanks for his many years of efficient service. He expects to spend one more month assisting his successor in current, abnormally heavy duties.

Every young man who enlists in the U. S. Regular Army before Oct. 9, 1946 will be entitled to attend the college, trade or business school of his choice under the GI Bill of Rights.

LOCAL NEWS BRIEFS

Short Items of Interest About Folks You Know

Steve Denham spent the weekend in Forestburg with relatives.

A new wash house, constructed of concrete bricks, has been completed at Leo Rohmer's.

Mrs. I. A. Schoech went to Dallas Tuesday for a visit with her daughter, Mrs. Charles Harris.

A new water well is being drilled at the J. B. Schmitz farm home.

C. J. Kaiser was in Dallas on May 2 and 3 attending a meeting for Kaiser-Frazer dealers.

Jeanette Meurer has been confined to bed this week suffering from an attack of influenza.

Henry Luke, John Wieler and Oscar Walter attended a K of C initiation at Wichita Falls Sunday.

Joe Herr and family of Arlington were here Sunday to visit his father, John Herr, the Matt Muller family and other relatives.

Bill Martin of Dalls spent Tuesday here with his sister, Mrs. Tony Otto and family. He is a restaurant owner in Dallas.

Ben Seyler delivered a 1946 battalion bliege deluxe 4-door Plymouth to T. L. Anderson of Gainesville this week.

Pat Fisher was out Sunday for the first time after having his tonsils removed the previous Tuesday.

Al Horn and Ed Walterscheid of Harlingen spent Sunday night, Monday and Tuesday here with relatives while they were in the city on business.

P. W. Hellman of Tulsa, Okla., was here Friday to attend B. H. Schumacher's funeral and stayed for a short visit with his parents and other relatives during the day.

MUESTER

Horse Show---

ging to Ben Sicking and Sons, Muenster, fourth.
Don Oro, the Myrick-Trubench palomino won the grand champion's award and George Tyler's, quarter horse, Golden Rule, was the reserve champion.
Added attractions between classes were exhibitions given by Al Walter of Muenster on Pinto, the only five-gaited horse in the community; Ben Otto and his horse Champ of Gainesville; Grady McElreath of Muenster on Polly; Leslie Caddell of Krum on Colonel Moon, and Hub Crawford

of Gainesville who gave a reining exhibition with his horse. J. P. Flusche of Muenster was arena director.

Business men and establishments of Muenster and Gainesville sponsored the various classes as follows: J. P. Flusche and Dick Cain, the cutting class; Clara's Cafe, paint class; Ben Seyler, pleasure class; Dr. T. S. Myrick, first colt class; Ed Rohmer and Morrison, Milling Company, second colt class; P. E. Schmitz, quarter horse class; Muenster State Bank, palomino class; Gainesville National Bank, children's class; Texas Power & Light Co., plantation class; T. L. Anderson, Gainesville, best dressed cowgirl.

Justin Boot company of Fort Worth and the Nocona Boot company presented boots to the owners of the champion and reserve champion, and Chaney and Sons of Gainesville gave belts and bridles to the winners in the cowgirl contest.

Members of the local Boy Scout troop sold cold drinks during the afternoon and Mike Tarantola was in charge of a sandwich stand. A voluntary contribution was taken up during the show which was admission free. Cecil Gardner of Gainesville, winning first in the racking class, presented his cash award to the local Boy Scout troop.

Verne Scott of John Tarleton college, Stephenville, was judge in the show.

MUESTER VFW POST ELECTS OFFICERS AND FORMS RIFLE SQUAD

At their first meeting since formal installation, members of the Muenster VFW Post, No. 6205 in their meeting Tuesday night, May 7, elected officers and organized a rifle squad.

The rifle squad consists of 8 men on the firing squad, 2 color guards, 2 color bearers, a bugler, officer of the day and 2 men to serve as replacements if and when they are needed. They will begin rehearsals immediately in order to be ready to assist with dedication services on Memorial Day. The post has also applied for surplus army rifles.

Officers elected are Pat Hennigan, Post Commander; Walter Becker, Senior Vice Commander;

Paul Nieball Junior Vice Commander; Anthony Lake, Quartermaster; Joe Hess, Chaplain; Ray Wilde, Adjutant; Roman Klement, Officer of the Day; Herbert Herr, Sergeant Major; Val Fuhrmann, Bugler; P. J. Rollman, Post Advocate; Giles Lehnertz, Historian; Tom Sicking, Guard.
The post has 63 members including four veterans of World War I. They are Paul Nieball, P. J. Rollman, Henry Hennigan and Joe Endres.

HATCHERY FAILS TO REACH '45 VOLUME AS SEASON CLOSES

Though considerably short of last year's total volume the hatchery has delivered 13,000 more chicks than it did to the corresponding date of last year, L. A. Hiatt, manager, disclosed when closing the hatching season this week. This year's figure is 73,330 last year up to May 6 the total was 60,225, and at the close of the season was 83,000. During the season, Hiatt said, the hatchery has paid out \$1,370 in premiums above the regular market price of eggs.

The incubators will be in operation again in August at which time Hiatt will accept custom hatching orders for any type but confine his own hatches to heavy breeds.

Before the fall season he will test flocks, when requested in order to determine whether eggs can be classified as "Texas-U. S. Approved". Eggs from flocks that pass the pulorum test will be accepted at the hatchery at premium prices.

CITY TRUCK TO CALL AT HOMES MISSED IN CLEAN-UP CAMPAIGN

A number of local citizens called attention this week to the fact that their trash was not picked up last Saturday in the city cleanup. Mrs. Fr. Kaiser, chairman of the committee in charge, stated that all persons who were missed last week can have their trash hauled by reporting to her before Saturday the date when trucks will be sent through the city again.

The explanation given for the oversight was that two trucks were hauling and both thought the other had made those particular stops.

Four large truck loads and six pick-up loads of junk and cans were hauled in the cleanup. Sponsored jointly by the city and the Civic League, the hauling was free to citizens. Boy Scouts assisted with the work.

Pinch In Freight Service Caused By Coal Strike

Another of the many effects felt here as a result of eastern strikes is the curtailment of railway service. Henry Stelzer, local Katy agent, stated Wednesday that effective May 10 only a very limited variety of freight and express will be accepted for shipment. The restriction applies to both local freight and car load lots and it will not be lifted until an adequate coal supply is again available.

Items on the priority list are food for human consumption, drugs, newsprint and livestock.

They used to refer to them as kitchen matches. Now they call 'em Union, because they will strike anywhere.

EXPERIMENT FARM AT DENTON TO CONDUCT FIELD DAY MAY 17

There will be an annual Field Day conducted at the Denton Agricultural Experiment Station Friday, May 17, beginning at 9 o'clock announced by B. T. Haws County Agent. As usual, from 9:00 a.m. to 12:00 noon will be devoted to conducting farmer groups over the experiment station to study and discuss the results of the most important of small grain production; the development and use of soil building legumes; planting and handling permanent and temporary pasture grasses and legumes; commercial fertilizers for the blacklands.

The afternoon will be devoted to a meeting in which competent speakers from the A & M College Research and Extension Divisions will bring visitors up-to-date on recent developments in agriculture.

The Denton Chamber of Commerce will furnish coffee and desserts free. Cold drinks and sandwiches can be purchased on the grounds. All farmers in Cooke County are invited to attend this meeting.

Parochial Hi Students Present Commencement Play Sunday Night

Seniors of Sacred Heart High school presented their annual end of the school term play in the parish hall Sunday evening, May 5.

"Mystery In Blue" a comedy-mystery, under direction of the Benedictine Sisters, included the following in the cast of characters: Margie Endres, Norbert Mages, Margaret Zipper, Thomas Felderhoff, Mary Seyler, Herbert Yosten, Laura Lee Wilde, Lillian Wimmer, Helen Walterscheid, Theresa Mae Pels, Alvin Hartman, Jewel Marie Hoffman, George Swirczynski, Dorothy Vogel, A. J. Felderhoff, Gerald Bayer. The Muenster Youth Band under direction of J.J. Hoffman, presented selections between curtains.

The custom of presenting the keys of a city goes back to medieval times, when every fortified town in Europe was surrounded by walls and people could only enter or leave by the gates.

Prior to the death of Charles VIII of France, in 1498, widows wore white as mourning. His queen, Anne, changed the custom when she clothed herself in black.

PAROCHIAL SCHOOL TO HAVE FULL PROGRAM FOR CLOSING WEEKS

The social calendar for end of the term activity for students of Sacred Heart High includes a program of outstanding events according to Mrs. Rudy Hellman, president of the Parent-Teachers Association.

Next Sunday, May 12, the grade school will present its annual program and play in the parish hall at 8:30.

On Wednesday, May 15, a school picnic will be held on the school grounds. Grade students will participate in this event and all parents are invited. One of the entertainment features will be tango and parents are asked to bring prizes. To assure appropriate prizes for all age groups the P-TA asks that all parents whose names begin with A through H, bring prizes for students of gra-

des one through four; J to R for grades 5-8; and S through Z for the high school.

The Junior-Senior prom is to be held on Monday evening, May 20, and Class Night on Thursday, the 23rd. Eighth grade graduation exercises will take place on Friday the 24th, and commencement exercises for the high school on Sunday, the 26th.

Senior Day was observed Wednesday of this week with a trip to Lake Murray, Okla., where a picnic was held.

MRS. WILDE ENTERTAINS GET-TOGETHER CLUB

Members of the Get-Together Club met in the home of Mrs. Joe Wilde on Wednesday afternoon, May 1, for their regular meeting.

The session was called to order by the president, Mrs. Jake Pagel, and after the club pledge was repeated, roll call was answered by each member naming her favorite pie.

The hostess entertained with progressive 42 series which were enjoyed by 13 members and 2 guests. High score award was won by Mrs. Joe Kathman and the consolation favor was presented to Mrs. Roy Endres. The galloping award went to Mrs. Al Walterscheid and the guest prize was presented to Miss Marcella Schmitz of Lindsay. Mrs. John Wilde of LaSara was the other guest.

Mrs. W. H. Endres and Mrs. John Kathman received birthday gifts from their sunshine pals and it was announced that Mrs. John

Wieler will be hostess to the club for the June meeting.

The afternoon was concluded with the serving of a delicious plate supper by the hostess assisted by Miss Schmitz, Miss Mary Seyler and Miss Laura Lee Wilde.

The supper, consisting of creamed chicken, potato salad, fresh tomatoes and beets, olives, hot rolls, ice tea, cake and ice cream, was served at a large table beautifully appointed and adorned with garden flowers.

ANNUAL MAY QUEEN CEREMONIES SUNDAY AT LINDSAY CHURCH

The parish sodality and students of Lindsay school participated in a beautiful ceremony Sunday when the annual May procession and May Queen crowning took place in St. Peter's church at 7:30 in the evening.

While the colorful procession of grade students wended its way into the church, the sodalists assembled in the rear of the church and sang Marian hymns while Little Miss Rita Block played the organ accompaniment. The high school students, the sodalists, the altar boys and Pastor Father Conrad joined in the procession which led to the shrine of the Blessed Mother, profusely decorated with flowers and greenery.

The statue of the Virgin was crowned by Miss Agnes Fuhrmann who wore a floor length gown of white, and a full length veil and carried a lily, symbolic of the purity of the Mother of God. The Queen's court consisted of six girls who wore ladies-in-waiting. They wore floor length dresses of light blue. The miniature queen, Beatrice Zimmerman, was attired in a formal frock of white organza and carried a satin pillow on which reposed the

crowns of the Blessed Virgin. Her attendants were Virginia Metzler and Irene Block.

The ladies-in-waiting were Misses Clara Hundt, Dorothy Beyer, Beatrice Block, Agnes Zimmerman, Catherine Bengfort and Elfrieda Hermes.

Rosary and Sacramental Benediction closed the inspiring ceremony.

Ensign Rita Voth spent last Wednesday to Sunday with her parents, Mr. and Mrs. Barney Voth. She was on a delay enroute leave having been transferred from Norman, Okla., to San Diego Calif., where she will continue her nurses' duties at the Naval Air Station.

Mr. and Mrs. Martin Friske spent Thursday in Wichita Falls visiting their daughter, Miss Tony Mae Friske, a senior at Mary Immaculate Academy, Thursday afternoon Mrs. Friske chaperoned a theatre party her daughter gave for the senior class and in the evening she was a chaperone at the senior prom.

Mrs. Matt Stelzer was here to attend funeral services for Mrs. Steve Fette and B. H. Schumacher Friday and before returning to her home in Post, Texas, visited relatives. Enroute home she stopped in Henrietta to visit Mr. and Mrs. Leroy Stelzer.

Sidney Cason arrived here Wednesday with a discharge from the Navy and is with his parents, Mr. and Mrs. J. B. Cason. He served as a cook and was on duty overseas. His brother, Joe Cason, who served as a gunner with the Navy received his discharge on May 2 and is expected to arrive home this week. He was also on duty overseas.

An educated man is one who comprehends his own insignificance. A lot of mistakes that are charged to experience should be charged to stupidity.

B₁ for Business

Sure you're doing alright. If you have anything to sell some one will buy it. But when things start, there'll be real competition for North Texas' accumulated spending reserves.

A Muenster State Bank loan will give you the enery spurt to do the extras—extras that will pay dividends later, that will expand your services and store up good will. A Muenster State Bank loan is more than money—it is money plus insight plus interest in your financial future.

Wash your Quilts at the HELPY SELFY

Up to 2 1-2 lbs.—15c each Blankets Too. Include one with each wash. Additional blankets 10c each.

MUESTER HELPY SELFY LAUNDRY

DO YOU "STEP ON IT" WHEN THE COAST IS CLEAR?

HE WAS STEPPING ON IT, TOO!

He didn't think he was so reckless—he was just trying to make a little time. Do you speed, too, when you think the law isn't looking? Then chances are you'll be on this year's accident list—for speeding played a part in 1 out of every 3 traffic deaths last year! Can it happen to you?

I broke a speed law this week.
 I never go over the speed limit.

Accidents Don't Always Happen to Somebody Else!
 Check Up on the Chances You Take Every Day!

950,000 people were killed or injured in auto accidents last year! And the menace is growing! With the average car over eight years old, accidents involving defective equipment have more than doubled! In the four months after gas rationing ended total auto deaths jumped 36%!

Certainly, somebody should do something about it. But the only one who can do anything really effective... is you! For most accidents come from carelessness... from the "little" chances we all take—the little repairs we neglect to make! Yes, it's up to you! You can cut down America's accident rate simply by not letting an accident happen to you. Watch yourself!

How many chances do you take every day?

I change tires on the road.
 I pull completely off the road.

I'm stubborn about the right-of-way.
 I believe courtesy pays.

I let cars watch out for me at night.
 I'm twice as careful in darkness.

When you change a tire do you pull only part way off the road... especially after dark? Do you neglect repairs on your aging car? With the average car 8 years old, accidents involving defective equipment have more than doubled! Why welcome trouble?

Do you try to bluff your way through intersections or beat another driver out of his "right-of-way"? You're playing against dangerous odds—15% of fatal accidents in cities involved failure to give right-of-way. Give in a little—your life is worth it!

Do you forget that a driver can't see you walking at night as soon as you see him? Unless you remember that dark hours are danger hours for pedestrians, you may be one of 20,000 pedestrians likely to be killed or injured this coming month.

SUMMERIZE your Car

for Flying Horsepower.
 AT THE SIGN OF THE FLYING RED HORSE

Magnolia SUMMERIZE SERVICE is a dependable, economical safeguard against undue wear, friction and the dangers that come with summer heat. It insures smoother performance and the most FLYING HORSEPOWER from the New MOBILGAS... a gasoline containing the same ingredients that gives super-power to our 100 octane aviation gasolines. Magnolia SUMMERIZE Service takes the winter kinks from your car... puts it in shape for summer driving with the correct summer MOBIL OILS and MOBIL GREASES. Get this protection now!

THE SEASONAL SERVICE ALL CARS NEED

ENGINE—Dirty, thinned winter oil drained and replaced with the proper grade of the new detergent MOBIL OIL that cleans as it lubricates... a wear-guard oil that resists thinning under high heat, and offers amazing new cleaning properties for valves, rings, pistons and bearings. Gives you a MOBIL OIL CLEAN Engine that is smoother running and more efficient, with new gas and oil economy.

GEARS—Dirty oils drained from transmission and differential and replaced with fresh, tough MOBIL OIL GEAR OILS of the types and grades to fit the make and model of your car.

RADIATOR—Cleaned with MOBIL RADIATOR FLUSH. MOBIL HYDROTONE added to keep the cooling system clean and safe from rust and scale.

CHASSIS—Complete Mobilubrication of all vital parts, for protection against friction and wear.

Washington Notes

By Congressman Ed Gossett

Washington, D. C., May 3.—As I am in Texas this week, this letter is being written by my secretary from notes and suggestions which I left in my Washington office before my departure.

One important development this week was the government's curtailment of passenger and freight services by the nation's railroads as a result of a coal shortage due to the strike-bound coal mines. This will force a general curtailment of all industry, and the complete shutdown of some basic lines. In our complex economy a coal shortage, a steel shortage, or a transportation shortage has wide effect on all of our people.

As I have said many times in the last few years, the power of labor union leaders over American economy is an insult to our democracy. The current coal strike is the most serious problem on the domestic front at this time and unless it is settled soon our reconversion program will be par-

alyzed and production on all fronts will be bottlenecked.

According to figures of the Civilian Production Administration, more tin cans are used for canning dog food than for any other one item, and beer runs it a close second. Both dog-food canners and brewers have had their quotas of tin cans eliminated entirely.

We Americans have a habit of thinking that we, as the greatest nation and the wealthiest one, have everything we need within our own boundaries. World War II proved this to be entirely untrue. When the Japanese occupied the Pacific territories, we lost our largest source of supply of rubber, tin, hemp, pepper, and other spices, to mention only a few items.

A good many of my friends at home have written me about the great waste of supplies and materials on the part of the armed services. While this is admitted, in confidence, by high-ranking military officials, and is common knowledge to many, the difficulty is that little can be done unless specific names, dates, places, items, and destruction are observed. Otherwise, getting investigations and corrections of such waste is similar to prosecuting a person without being able to produce any evidence against him.

Among the most popular bulletins published by the Department of Agriculture are those concerning the control of insects and bugs. Obnoxious insects are no respectors of persons or places. The Capitol and House Office Buildings have been so infested with cockroaches recently that one member introduced a bill to increase federal control over insecticides. Though Congress hasn't acted on the bill, the buildings are now in process of having the cockroaches exterminated free. A manufacturer of roach-killer offered to rid the building of these bugs, and is now at work. Control of rats in government buildings is also a problem. It would seem that if the Pied Piper of Hamelin could appear anywhere in the United States he might be able to get

of Job.

On Sunday, May 12, we will observe Mother's Day. Frank E. Herring of South Bend, Indiana, proposed before a convention of the Eagles Lodge on February 7, 1905, that a day be selected on which the lodge should pay homage to mothers. In 1907 Miss Anna Jarvis proposed the manner and time for such observance, and is generally given credit for having conceived the idea. Mother's Day was first celebrated in the city of Philadelphia on May 10, 1908. By Presidential proclamation dated May 8, 1914, flags were flown on government buildings in honor of the day. The custom was introduced in England in 1913.

NOTICE OF SALE

The Board of Trustees of the Saint Jo Independent School District, Saint Jo, Texas, is offering to sell for cash to the highest bidder the school buildings locally known as the Hardy and Gladys common schools, consisting of two buildings: one frame building, 24'x50' under one roof, the other a frame building 24'x36' with an "L" 24'x24'.

Sealed bids will be received by J. L. Huey, superintendent of schools, Saint Jo, Texas, in his office in the Saint Jo High School building, Saint Jo, Texas, until 5 p.m. (Central Standard Time) Saturday, May 25, 1946, at which time and place bids will be opened publicly and read aloud. All bids must be accompanied by a cashier's or certified check in the amount of at least five percent of the total bid. Checks should be made payable to the Saint Jo Independent School District. The owner reserves the right to reject any or all bids and to waive any or all formalities. Checks of unsuccessful bidders will be returned immediately. The Board of Trustees anticipates that posses-

sion of said property can be given immediately. The property can be inspected at any time. Signed, SAINT JO INDEPENDENT SCHOOL DISTRICT, By J. L. Huey, Superintendent.

Mr. and Mrs. John Chandler and baby and Mrs. Eddie Hart and children of Dallas and Mr. and Mrs. Leroy Stelzer of Henrietta attended the double funeral here Friday and visited their father, Gregor Stelzer, and other relatives before returning to their homes.

Harvey Grammer, Merchant Seaman, came in during the week end to spend 30 days with his parents, Mr. and Mrs. M. H. Grammer. He has been on duty in Florida. Visiting the Grammers Sunday were their other children, Mr. and Mrs. Roy Van Dover of Dallas, Mr. and Mrs. J. W. Walker and daughter of Iowa Park and Mr. and Mrs. Jack Robertson and sons.

Arthur W. Hess, son of Mr. and Mrs. Frank Hess, has been promoted to corporal while serving with Troop A, 4th Cavalry Reconnaissance Squadron, Mechanized, a unit of Gen. Mark Clark's U.S. Forces in Austria in Vienna. Assigned overseas in Jan. 1945, he served in combat with the 26th Infantry Division, and wears the Combat Infantryman Badge, the ETO ribbon with two battle stars and the Victory medal.

GARDEN CLUB HEARS GAINESVILLE LADY ON FLOWER ARRANGEMENT

Mrs. Ed Liedtke Jr. of the Maggie House Garden Club of Gainesville was the guest speaker at the meeting of the Muenster Civic League and Garden Club Friday afternoon in the home of Mrs. Nick Miller. She presented a very interesting discussion on "Flower Arrangement". Mrs. Liedtke was accompanied to Muenster by Mrs. Tom Blount, also of the Maggie House Garden Club.

During the business session committee reports were given by Mrs. T. S. Myrick, park; Mrs. Frank Kaiser, sanitation; Mrs. Nick Miller, cemetery, and Mrs. Jim Cook, Red Cross.

Mrs. J. M. Weinzapfel and Mrs. Tony Gremminger were presented certificates upon completion of a Home Nursing course held here recently. The presentation was made by Mrs. Cook.

It was announced that dedication of the soldiers' monument at Sacred Heart cemetery will be held on Memorial Day, May 30.

A report of work done by the club during the past year was

read by Secretary Mrs. Tony Gremminger. Miss Olivia Stock, president, presided during the business session.

Three new members were welcomed: Mrs. Henry Fette, Mrs. John Meurer and Mrs. Michael Tarantola.

The afternoon was concluded with the serving of punch, fancy sandwiches and dainty small cakes. The refreshment table was laid with a hand crocheted white cloth, centered with pink roses and white candles and was appointed with Fostoria glass ware and silver. Mrs. Weinzapfel presided at the punch bowl.

Fifteen members and three guests, Mrs. Liedtke and Blount of Gainesville and Mrs. Opal Jones of Athens, house guest of Mrs. Cook were present.

The next meeting, on June 14, will be held in the home of Mrs. Weinzapfel and will feature a book review by Mrs. Loyal Burchfield.

BIRTHDAY PARTY FOR ROY EUGENE MORISAK

A birthday party was given Sunday for little Roy Eugene Morisak at the home of his parents, Mr. and Mrs. Alfred Morisak in Gainesville. This was the honoree's first birth anniversary and he received an assortment of lovely gifts.

Mrs. Morisak served refreshments to the child's grandmother Mrs. Nick Reinart, Misses Susie Reinart, Theresia Sicking, Agatha Hilda and Louise Moster, Mrs. F. J. Gruber, Miss Oma Ruth and Miss Mary Etta Dodson, Sue and Carol Ann Davis.

Solemn Communion And May Queen Crowning Ceremonies Next Sunday

Services at Sacred Heart church next Sunday, May 12, will be marked with two special rites. During the 8 o'clock high mass 35 children will solemnize the reception of their first Communion and in the afternoon at 3 o'clock the annual May Queen crowning ceremony will be held.

The Youth Band will play for the solemn communions as they march from school to church for attendance at mass. And members of the communion class will participate in the crowning ceremony.

FIRST STATE FAIR SINCE 1941 WILL BE HELD OCTOBER 5-20

Dates for the State Fair of Texas at Dallas have been set for October 5-20 this year, according to an announcement by R. L. Thornton, president of the Fair Association. This will be the first exposition since 1941, when the traditional display of Texas agriculture, livestock and industry was discontinued due to wartime restrictions.

Work crews are now preparing the exhibit buildings and grounds in readiness for the time when Dallas will play host to thousands of visitors to the show window of the Southwest.

More emphasis is being placed this year on agriculture and livestock exhibits, according to Ben E. Cabell, general chairman of the two committees planning those departments.

Preliminary planning meetings of the Agricultural committee indicate that the principal products of an area will be highlighted. Farm exhibits are being planned in coordination with the Extension Department of Texas

A&M to centralize the agricultural program throughout the State, according to Roy Rupard, Fair Secretary.

More facilities for exhibiting entries of 4-H, Future Farmer and other school-age competitors in the livestock shows will be available this year, according to Ray Wilson, chairman of the Junior Farm and Ranch committee planning the event. The first four days of the Fair will be devoted to a Junior Livestock show with all barn and pen space turned over to entries in that division.

Army V-2 Rocket Tests Will Reveal Conditions One Hundred Miles Up

Washington, D. C. April 29.—Scientists will have their first opportunity to study cosmic rays and properties of atmosphere 100 miles above the earth May 8, when the U.S. Army begins firing a series of 25 German V-2 rockets at White Sands, New Mexico.

Twenty-two hundred pound war head attachments, normally carrying the rockets potent explosive charge, are being fitted with instruments which will give scientists data that has never been heretofore recorded.

Some of the nation's leading industrial and educational laboratories are participating in the tests. The huge missiles, measuring 46 feet in length and 65 inches in diameter, will be fired at the rate of about one a week until all are expended.

As the 14-ton projectile zooms into the sky technicians will constantly check its flight with the use of radar, radio and photography. Radar will trace the entire path, from take off until it hits the ground 80 miles away.

The rocket attains a maximum speed of 3,500 miles per hour after leaving the ground. In the event of misbehavior army ordinance men can give a radio signal to the missile's automatic pilot for fuel shut-off and bring it back to earth immediately.

One of those super-intelligent seniors entered the professor's office one morning and in a very superior tone remarked:

"Last night, professor, your daughter accepted my proposal of marriage. Fully realizing the importance of the step, I have called to see you and to inquire if there is any insanity in your family."

The old professor looked up over his glasses and surveyed the young man in silence for a moment, then sadly nodding his head remarked: "Yes, yes. There must be."

ANGELINE WIMMER WEDS IN CEREMONY AT CAMERON, TEXAS

Of interest to friends here is the wedding, on April 30, of Miss Angeline Wimmer of Fort Worth daughter of Mr. and Mrs. John Wimmer of Muenster, to Rudolph S. Hromick of Cameron. The ceremony was solemnized at 9 a. m. in Saint Monica's church with the pastor, Rev. George Duda, performing the double ring ceremony and officiating at the nuptial mass in the presence of a large assemblage of relatives and friends of the couple.

The bride wore a gown of white brocaded satin and net made with sweetheart neckline, leg-o'-mutton sleeves pointed over the hands, a ruffled lace peplum and a full skirt that extended into a long train. Her fingertip veil was attached to a lace ruffled collar, and she carried a bouquet of white carnations. Her only jewelry was a single strand of pearls, worn as "something borrowed" from her sister Miss Genevieve Wimmer.

Miss Dorothy Wimmer of Fort Worth attended as maid of honor for her sister. She wore a peach colored marquisette frock over satin and a head dress of white flowers. Miss Lillian Volka was bridesmaid. Her dress was of

blue satin and her headdress pink carnations. Both wore corsages of sweet peas.

Louis Absnaider, nephew of the groom, and Truitt Chambers were the bridegroom's attendants.

After the services a reception for relatives and friends was held at the home of the groom's parents. The refreshment table was adorned and appointed to carry out the all white theme and was centered with a decorated three-tiered cake made by Mrs. Loui Absnaider, sister of the groom. Sweet peas and fern were used in decorating the home. Mrs. Eddie Magee of Gainesville, sister of the bride, was in charge of the guest book.

Mr. and Mrs. Hromick are making their home in Fort Worth where he is employed. Mrs. Hromick is a native of this city and for the past 5 years has been employed in Fort Worth as a beautician.

Out of town relatives and friends at the wedding were Mrs. John Wimmer and Mrs. Fred Hennigan, Muenster; Mr. and Mrs. Eddie Magee of Gainesville; Mrs. Alvin Nall and Miss Martha Newman of Tyler; Misses Genevieve and Dorothy Wimmer, Mr. and Mrs. Frank Kuban, Mr. and Mrs. O.W. Pate and daughter, all of Fort Worth.

Make **LIGHT** of Kitchen Tasks

Light-conditioning in your kitchen adds new pleasure to the planning and preparation of meals. Light-conditioning simply means placing the correct amount of light in the right places to give you maximum see-ability... all over the kitchen... without shadows and without glare.

In the kitchen, a centrally-located ceiling fixture should be used for general illumination, together with properly designed localized lighting units for the working areas. If the kitchen is longer than 18 feet, two ceiling fixtures should be used. A 150-watt bulb or a 200-watt daylight bulb gives best results in these units.

A soffit (panel) fixture above the sink will give plenty of light for preparing vegetables, washing dishes and other oft-performed kitchen tasks. Bracket fixtures or "lumilines" under wall cabinets, each with an individual switch, are handy for lighting these work surfaces.

You'll be surprised... and delighted... when you see the pleasing difference light-conditioning makes in your kitchen. And... the release from eye-fatigue caused by working in shadows and poorly lighted areas in your kitchen will be an extra bonus you'll gain from light-conditioning.

See your electrical dealer... get your plans under way for the earliest possible rejuvenation of your kitchen with proper lighting.

LIGHT CONDITIONING
Provides plenty of the right quality of light for easy seeing and at the same time adds beauty and charm to the home. Light Conditioning, with all its benefits, costs so little and adds so much to efficiency in the home and to the enjoyment of better living.

DANGER AHEAD!

GET YOUR CAR SERVICED FOR SAFETY!

THERE'S NO PLACE LIKE "HOME" WHEN YOUR FORD NEEDS ATTENTION! EXPERT SERVICE GENUINE PARTS

●● Careful driving alone cannot insure safety. Unless your car is in good operating condition, there's danger ahead! ●● Remember—many motoring accidents are due to faulty brakes. Do you know whether *your* brakes will stop your car within the margin of safety? The sure way to find out is to bring your Ford back "home" for inspection. Your Ford dealer's expert mechanics will check it thoroughly—including brakes, wheel alignment, tires, lights! ●● As cars grow older, they require more attention to keep them rolling safely and maintain high trade-in value. With the return of many veteran mechanics, your Ford dealer can now offer you fast, expert service. He uses genuine Ford parts and saves you time and money on any job. Remember—Ford's out in front in service, too!

Lindsay News

May Devotions are held every evening in Saint Peter's church at 7:30.

Tony Voth and Leonard Bengfort made a business trip to Amarillo Monday and Tuesday.

Miss Marcella Schmitz returned to her job in Dallas Tuesday after being at home for a two week's vacation with her parents Mr. and Mrs. John Schmitz.

The Gun Club held its regular monthly meeting and social Sunday evening. Games and refreshments were enjoyed by a large crowd.

Lambert Bezner is at home with a discharge from the Navy. He is the son of Mr. and Mrs. Jake Bezner and for the past several months had been stationed at Norman, Okla.

Mr. and Mrs. Matt Neu had a letter from their son, Alfred Neu, stating that he enjoyed spending Easter Sunday with Gerald Metzler, Harold Schmitz and Valentine Dieter, all of this community. They are on duty in Japan.

Mrs. H. A. Lueb and daughter Catherine, of Kenefic, Okla., spent the weekend visiting her father, Wm. Schmitz who continues ill at his home. Sunday evening Mr. and Mrs. Bernard Wolf and family of Muenster drove over to visit her mother and grandfather.

Excellaureate services last Sunday for high school and grammar grade graduates was an inspiring service in St. Peter's church at 7:30 a.m. Pastor Rev. Conrad Herda officiated at the Mass and preached the sermon. After the rites the graduates were guests of the faculty for breakfast, prepared by the Sisters and served in their home.

LINDSAY SCHOOL TO HAVE COMMENCEMENT EXERCISES SUNDAY

Commencement exercises for Lindsay high school and grammar grade students will be held next Sunday, May 12, in Saint Peter's church at 7:30. There are seven high school and 15 grammar school graduates.

An impressive program for the occasion has been arranged to include: procession by the graduates; hymn, "Ave Maria" by the high school choir; awarding of grammar school certificates and attendance certificates by Rev. Conrad Herda; rosary devotions by the congregation; conferring of high school diplomas and scholarships by Rev. Conrad Herda.

Herda: Graduation address. Rev. Herman Laux of Muenster; song, "Dearest Mother" by the school choir; Sacramental Benediction followed by hymns by the high school choir; recessional by the graduates. The organ accompaniment will be played by Rita Block.

The high school graduates are Gertrude Bengfort, valedictorian; Dorothy Beyer, salutatorian; Lu Ella Arendt, Weldon Bezner, Lucille Fuhrmann, Billy Joe Metzler and Florence Zimmerer.

Grammar school graduates: Viola Bezner, Clara Bell Fleitman, Theresa Fuhrmann, Frank Haverkamp, James Hermes, Leonard Hermes, Richard Hermes, Rita Hermes, Mary Elizabeth Kubis, Viola Kuhn, Marcella Lutkenhaus, Charles Neu, Mary Rose Neusch, Harold Nortman and Max Sandmann.

LINDSAY SCHOOL TATLER

To The Graduates

Dear Graduates, your schooling here at Lindsay High is now complete. Most probably you have thought of the future and have decided what path to follow; you have been taught by rule and example to apply yourself earnestly to whatever decisions you make.

In all vocations, one thing is certain, there are times when one must choose between one thing or the other. Sometime this choice may be difficult and very important, while at other times it may be less important, but still it must be made. Have you made any decisions? If you have, carry them through unless you become convinced they were wrong or hasty. In such a case, the bravest thing to do is to change about and begin to think it all out over again. Naturally it is better to make a few wrong decisions and correct them, than to be unable to come to any decision at all.

One great writer has said to us, "Life is a place of service, and in that service one has to suffer a great deal that is hard to bear, but more often to experience a great deal of joy. But that joy can be real only if people look upon their life as a service, and have a definite object in life outside of themselves and their personal happiness."

Graduation Day

We, the Senior class of 1946, take this opportunity to extend a general invitation to all our friends to be present at the Graduation Exercises, next Sunday, May 12, at 7:30, in St. Peter's church.

Honors to Typing Class

The following students have by faithful and willing practice won from the Gregg Writer Competent Typist Department the Junior Order of Typist Certificates: Evelyn Block, Adeline Dieter, Beatrice Fuhrmann, Mildred Fleitman, Emilia Hermes, Math Lee Neu, and Robert Bezner.

Typing Progress Certificates for ability to type accurately at the rate of 40 or more words a minute were awarded to: Lu Ella Arendt, Rosalie Beyer, Gertrude Bengfort, Weldon Bezner, Lucille Fuhrmann, Billy Joe Metzler, and Florence Zimmerer.

Dorothy Beyer having demonstrated ability to type accurately at the rate of 73 words a minute was declared by the Examining Committee of the Gregg Writer to be a competent typist, and was awarded a certificate in recognition of superior skill.

"Have you tried cutting down the family expenses by having a frank talk with your wife on the subject?"

"I've already done that."

"Did it curb her expenditures?"

"No, she made me cut out smoking."
