

Saturday morning smoke

Paul Fetsch's pickup truck caught fire outside his home at 421 N. Oak Street early Saturday morning. Muenster Volunteer Fire Department responded with 18 members and two brush trucks. The smoky blaze extinguished swiftly with foam. Two tires blew, but no injuries occurred. Courtesy photo

Youth Fair will be held next week

The 2006 Cooke County Youth Fair will be next week, Wednesday through Friday, March 1-3, with the Premium Sale scheduled for Saturday at 1 p.m. The annual event will be held at the Cooke County Fair Grounds.

The show schedule is as follows:

- Wednesday, March 1: 1 p.m., Equine Division (NCTC Arena); 7 p.m., Clothing, Creative Arts, Visual Arts Judging.

- Thursday, March 2: 10 a.m., Breeding Poultry followed by Broilers; Noon, Dairy Cattle; Noon, Foods Div. Judging; 1 p.m., Shop Projects; 1 p.m., Dairy/Breeding Meat Goats followed by Meat Goats; 5 p.m., Breeding Beef followed by Market Steers.

- Friday, March 3: 9 a.m. to 6 p.m., viewing Home Ec; 9:30

a.m., Breeding Sheep followed by Market Lambs; 12:30 p.m., Breeding Rabbits followed by Meat Rabbits; 3 p.m., Breeding Swine followed by Market Swine; 6 p.m., Home Ec pictures; 6 - 7:30 p.m., pick up Home Ec entries.

- Saturday, March 4: Noon, Buyers Luncheon; 12:30 p.m., United Way picture; 1 p.m. Premium Sale.

The Friends of Muenster FFA, Muenster FCCLA, Muenster 4-H, and Sacred Heart Homemaking are collecting cash donations to be paid to students as premiums on their projects. Contributions may be sent to Friends of Muenster, P.O. Box 691, Muenster, TX 76252, or to any committee member listed in the ad on the farm page in this issue of the *Muenster Enterprise*.

County candidates address voters at League of Women Voters public forum

By Janet Felderhoff
Local political candidates appeared at the League of Women Voters of Gainesville Forum on Thursday, Feb. 16. An estimated 70-75 people gathered in the Fellowship Hall of the First Christian Church in Gainesville.

In Cooke County, the March Primary elections drew opposed races in the Republican bid for County Judge and the Precinct #2 Commissioner race. Frieda Fiske challenges incumbent Bill Freeman for the Republican nomination. Seeking incumbent Bill Cox's job as Precinct #2 commissioner is Steve Key. The winner of the Republican nomination will then face the lone Democrat on the ballot for that position, Nathan Hansard. There is no Democrat seeking the job of County Judge, so the Republican garnering the most votes in March will have the job.

There are two candidates for the Precinct #4 County Commissioner position, but on opposite ballots. Incumbent Virgil Hess has held the position for 15 years and is on the Democratic ballot. Drew Springer of Muenster is the only Republican candidate for Precinct #4 commissioner. That race will play out in November.

Tom Carson of KGAF Radio performed moderator duties for the evening. All candidates participated. Each candidate had a three-minute introductory statement. Three questions prepared by the League were asked based on questions and issues solicited in advance from the public. Two minutes were allotted for each

candidate's response. Questions collected from the audience were then asked. Candidates had three minutes after the question and answer period for a summary statement.

County Judge

Fiske now lives at Lake Kiowa, but is a former resident of Dallas. She is an attorney of 23 years and served as a Dallas municipal court judge for 13 years.

Since there are more things that are wanted than there's money for she would prioritize. Items that are a must would be furnished and said that would be a decision of the Commissioners Court as a whole.

Safety, and plans for development design seemed to top her list. She feels that money could be brought in by attracting businesses to the County with a large number

same span of time the D.A.'s office funding went from \$179,000 to \$362,000 or a 100% increase. "You can't just keep throwing money at a problem." He feels solving crime is the best way to prevent crime and imprison the offender.

Referring to all the talk of high crime rate, he said that crime is high in Cooke County, but it is also high in surrounding counties. Talking about the high crime rate some is okay, but to hammer and hammer it isn't good publicity for the County. He feels that the crime rate isn't much worse than that of surrounding counties.

Question 3. *What experiences and qualifications do you feel enable you to fulfill the responsibilities of County Judge?*

Freeman: His 27 years of service to the County have given him a network of people throughout the State of Texas, as well as on the national level. "There's not a day goes by that I don't pick up the phone and call an 800 number in Austin, Texas and ask them about something that's happening somewhere and get information from them." He said that his budget experience from his years as JP now help him understand how all the budgets work in the County. He said that he understands that most departments need more money to operate. Which office is more important depends on what service a person is seeking. "All these offices work together like a machine to make county government work. If you fund more to anywhere, you have to cut another one, then that part of the government starts to suffer. Being County Judge, you have to really worry to make sure each department is funded properly."

Fiske: Besides being an attorney and municipal court judge, Fiske listed her qualifications as being a business owner, mediator, serving as special prosecutor. She said that she also has a network and would share it if needed and hoped that Judge Freeman would also share his. If not, she knows how to find things out.

The candidate said she believes in conservative spending. "You almost wouldn't think so when you hear me say we need to hire another sheriff's deputy and another assistant district attorney. However, sometimes you have to spend some money on one thing and work really hard to find it somewhere else so that you can make sure that these citizens in Cooke County have a decent quality of life."

Questions submitted by the audience followed.

Whether the post of County Judge should be limited by law to and only to an attorney was asked. Fiske, being an attorney, liked the idea. She said that the training and experience gained in law school allows attorneys to do a more effective job than those without that education.

Freeman countered by saying he didn't think attorneys had all the answer and doesn't think that should be a requirement. "Going to law school does not make you understand county government," said Freeman. "Our forefathers in our national Constitution by one vote, tried to keep attorneys from even holding office in this country." Also only about eight to 10 people in this County would be eligible to be the county judge, he noted.

Holding Commissioners Court meeting at night and how they felt about was an issue both candidates agreed

See FORUM pg. 4

County Judge incumbent Bill Freeman and his opponent Frieda Fiske. Janet Felderhoff photo

Fiske cited making streets and homes safe as a must. She wants to add funds to the Sheriff's office and the District Attorney's office to "make sure that we can be safe when we leave our homes and that our homes will be there, not having been destroyed by fire while we were gone. We need to make the resources available to all of these first responder services to guarantee our safety, comfort, and quality of life." She then said that she is a fiscal conservative and believes in spending money very frugally.

of employees. This would grow the tax base without paying more taxes, she said.

Gainesville resident Bill Freeman said he'd served the County for the past 27 years, 23 as JP and the last four as County Judge. He mentioned numerous awards received during his time of service, some of the boards he served on, and a number of his achievements.

Some of the things he was instrumental in doing to help the County save money or get improvements included negotiating a contract with DPS for office space that is now paid for and previously wasn't; joined Public Power Pool to save over \$20,000 on the electric bill the first year; created a County website at no cost to taxpayers; created the office of court compliance officer which helped collect 10s of thousands of dollars of unpaid fines in the County.

Question 1. *As taxes continue to increase in the County, what role can you play in tax reduction?*

Freeman: He said that taxes actually were down slightly because of growth in the County. He said that to cut taxes would require cutting services somewhere. "You cannot give, give, and give, and expand government and lower your taxes. That will not happen. That kind of magic just does not work."

Fiske: Her answer was to grow businesses in Cooke County and continue to provide services. The County Judge has the opportunity to go forward and seek economic development opportunities. "We need a proactive judge who will go out and push for those things that will be of benefit to the County. We want those businesses that will really benefit the County and widen that tax base so that we can spend those funds that we need for safety and crime reduction."

Question 2. *In your position as County Judge, what can you do to reduce the crime rate in Cooke County?*

Fiske: Provide the means to the law enforcement agencies within the County so that they can go arrest, try, and if convicted, get them to Huntsville. She wants to make Cooke a county that criminals want to stay away from.

Freeman: Referring to funding to the Sheriff's Department and to the D.A.'s office he said, "We have increased the Sheriff's funding by a tremendous amount. Since 1999, we have more than doubled the Sheriff's budget from \$1.75 million in 1999 to \$3.8 million this year." He said that in the

Bobby Lutkenhaus loves the challenge of longbow hunting

By Janet Felderhoff

"Back when I was a kid I rabbit hunted and squirrel hunted with a bow some. I developed a passion for it. I like the more challenge of the sport, I guess," commented Robert "Bobby" Lutkenhaus on hunting with a bow and arrow.

There are many afternoons that Bobby can be seen outside his home squatting or standing near a quating with bow in hand. He especially practices before hunting season and before archery tournaments where he enjoys competing. The chest muscles must be toned. They can become very sore if the shooter doesn't practice.

"I enjoy doing it, but I shoot a lot because I need to keep my muscles in shape and it keeps me focused so that when I go to tournaments I can do well," said the bow-hunting advocate. "And when I go hunting I can put it where I want it." Bobby said that a whitetail deer is the largest animal he's taken thus far with his bow hunting skills. He proudly showed a photo of a 14-point buck with an 8 1/2 inch drop tine on the left side, and a four-inch drop tine on the right side.

This sport that fascinated Bobby since his childhood eventually evolved into a part-time job. He decided that besides hunting and competing in shooting tournaments, he'd enjoy making his own longbow.

Bobby enlisted O.L. Adcock, a bowyer he'd met at shooting competitions, to custom build him a longbow. Adcock lives in Roswell, New Mexico, but competes in some of the same tournaments in this area, as does Bobby.

The two became friends and Bobby eventually expressed his desire to make his own longbow. Adcock offered to teach Bobby the art since he had a used press available. Adcock had partnered with John Harvard to patent a new design in longbows. A & H Archery, LLC got its patent

on April 13, 2004.

New Mexico became Bobby's destination. There he spent three days learning the bowyer craft and another two hunting bear. Adcock taught him the basics for making longbows, and when Bobby returned home, they communicated by phone when questions arose.

That was two years ago. Now Bobby makes bows for family, friends, and customers found at competitions and from his Internet site. He named the business Predator Longbows.

Reflex/deflex design is the style Bobby makes. He explained, "The old style longbows, which is the Howard Hill type longbows, if you laid them on the table, they'd be straight. Whereas these have the curved limbs and then they have the curved riser."

Why does Bobby prefer the reflex/deflex style? "A whole lot less hand shock and more enjoyable to shoot, and a little more accurate," is his answer.

There are numerous steps in the longbow production process. Initially the wood laminations must be cleaned. Laminate strips are then glued, pressed, and baked. Bobby has an oven for that purpose in his workshop. "You have to hold it between 150 and 180 for four hours," he noted. "That's what sets the glue up and bonds it all so it will withstand the repetitious shock that it goes through."

There are six strips that range from 50 thousandths to 60 thousandths. One is 100 thousandths by .002 per inch. It drops off two thousandths per inch, being thick in one area and dropping off to a very thin strip at the end. The riser is made from a 36-inch 2x2 piece of wood. "Any good hardwood will make a riser," said Bobby. Bolivian Rosewood was the wood variety from which his current project's riser was being made.

Pointing to the strips in the middle of the bow, Bobby said, "You're not going to believe

this, but these two in the middle—that's not wood. It's Action Boo. Bamboo cut in quarter inch strips and glued back together." The Action Boo in the inner limb core offers a choice of amber or natural coloration. Although Bobby always chooses Action Boo for the inner limb core, Maple, Osage, or any other good wood can be used. "When you go to doing that, you add more weight to your limbs. Action Boo is so light it performs better," he commented.

Outer layers consist of fiberglass. "That's what keeps everything from actually exploding," Bobby noted. After the bow is pressed, the overlay is glued on. Feathering it blends the riser to the limbs.

The clear fiberglass allows the beauty of the wood under it to show. Bobby lets the customer select their preference of wood. Each bow is unique due to the selection of the various parts.

Poundage is also an indi-

vidual choice. Bobby advised, "A beginner really needs to start out with a low poundage bow and do that for a year or so to get the muscles built up. Then they can consider stepping up in weight if they think they need something heavier. Never start out with a heavy bow. It's like weight lifting. You don't go in and try to pick up your maximum amount and do it 50 times. You start out lower and work up."

Currently Bobby is shooting a 45. He dropped back to 45 from 55 because his shoulder suffered when shooting a 55 at tournaments.

Another individualized thing is the draw length. Draw lengths may be 26, 27, 28, and 29. "You've got to be able to build a bow at 50 pounds whether it's 26 inches, or 27, or 28, or 29," he said. "There is a formula to follow. When you order a bow out of a book that is a factory built

OBITUARY

Gladys Barclay 1917 - 2006

Funeral services for Gladys Barclay of Saint Jo were held Tuesday, Feb. 21 at the Saint Jo Church of Christ. Burial followed in Perryman Cemetery. Gladys died at the age of 89 on Feb. 17, 2006.

Born Jan. 8, 1917 in Gillett, Texas, she a daughter of Thomas Joseph and Archie Elvie Turner Linde, and married Arthur Barclay in September of 1938.

Survivors include a daughter Glenda Klimitchek; two sons Arthur Charles Barclay; and Billy Glenn Barclay; and sister Joyce Keller.

There are eight grandchildren, seven great-grandchildren, and one great-great-grandchild.

Preceding her in death were husband; her parents; and a sister Eunice Rees

Rick Hardcastle slated for CCRW meeting

Rick Hardcastle

The Cooke County Republican Women will hold their next meeting on Thursday, March 2, 7 p.m. at the First Christian Church, 401 N. Dixon, Gainesville. (Note the change of place due to Chamber of Commerce Building remodeling).

State Representative for District 68 Rick Hardcastle is the speaker for the evening. His topic is the upcoming Legislative Session and school finance. He is the Agriculture and Livestock Committee chairman.

All local contested candidates in the upcoming election will be introduced.

All are welcome to attend and refreshments will be served following the meeting.

LETTERS TO THE EDITOR

Dear Editor,

I want to say how happy I was for the Muenster Hospital during my recent times there. So close by to get help! Not removed from family and friends. The care and wonderful staff made the stays there very pleasant.

Imelda Rohmer
Muenster, TX

Dear Editor,

Regarding the Muenster Lake project:

There has been up to this point very little vandalism. A few cut fences, a little 4-wheeler traffic, but this weekend someone(s) went on Lake property and threw very valuable equipment off of the new Catwalk that goes from the dam to the water tower. In the process ignoring the signs saying that construction is not complete and there is potential danger. The equipment was damaged enough in the almost 70 foot drop that a police report was made.

The Lake has been annexed into the City and is under watch from the Sheriff's Department as well as the Police Department of Muenster and security has been beefed up. So, do understand that if you are seen on Lake property, which is OFF LIMITS to all but the Water Board, by anyone

employed by Tri-Dal Construction and the Government Agency NRCS that is overseeing the construction, you will be held accountable for any theft or damages and charged with trespassing. You will be prosecuted to pay for any losses and fined accordingly.

The repeated fence cutting and trespassing are taking place off of west Picnic Grounds Road where the cul-de-sac is and the picnic area, park, and swimming area will ultimately be.

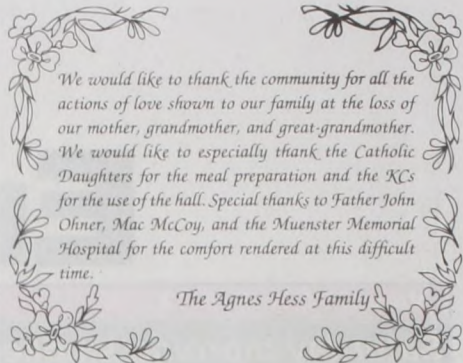

Hesse Pond is Lake property and is off limits to fishing. If you are on Lake property it will be assumed that you are the perpetrator of the vandalism and appropriate action will be taken.

Anyone who sees any pickup or 4-wheeler traffic on this road, please make note of who it is, as the damages are starting to rise and it's coming out of your pocket until we find the culprit(s).

Trespassing signs are posted.

Anyone with information regarding this or any future infractions, please notify City Hall or the Police Department here in Muenster.

Bob Bauer, president
Muenster Water Board

We would like to thank the community for all the actions of love shown to our family at the loss of our mother, grandmother, and great-grandmother. We would like to especially thank the Catholic Daughters for the meal preparation and the KCs for the use of the hall. Special thanks to Father John Ohner, Mac McCoy, and the Muenster Memorial Hospital for the comfort rendered at this difficult time.

The Agnes Hess Family

The family of Elizabeth Mollenkopf would like to express our gratitude for the kindness shown to us at the time of our loss.

A big thank you to the nurses who were with us when she passed away. You were a great comfort to everyone in those last few hours.

We are grateful to all those who brought food, said prayers, gave money for Masses or other uses, and sent cards of sympathy.

Thank you to Father John, Ruth, and Christy for the lovely Mass and music.

We especially would like to thank Carrie Ann, Della, Linda Jo, Fay, Sug, Deb, and Lucile for the delicious meal.

Thank you and God bless you all.

George & Leoba James
Howard & Ruthie Joaline, & their families

PROCLAMATION

From City Leaders

Whereas, the students of this state's public schools hold their promise of a successful tomorrow for our society; and

Whereas, the Muenster Independent School District provides the framework to fuel excellence and future success in the lives of our children; and

Whereas, "Driven to Succeed is the theme for Texas Public School Week 2006 and reminds us to focus our resources on ensuring that every child is equipped to follow the road to success;

Therefore, I, the Mayor of Muenster, do hereby proclaim March 6 - 10, 2006, as Texas Public Schools Week. We urge all citizens to reaffirm their commitment to our schools by taking the time to visit our local schools.

Signed this 13th day of February, 2006

Henry G. Weinzapfel
Mayor of Muenster

There are not enough words to thank everyone who made the Pre Super Bowl Benefit for Dakota Lamkin such a success. Thank you just doesn't seem like enough. We are so overwhelmed by the outpouring of support, kindness, and generosity shown to us during this time of Dakota's illness. Thank you to the Era ISD teachers, faculty, students, and families as well as the Era community for your support and the planning of the benefit. Thank you to our family members, friends, co-workers, and the surrounding communities for the support, prayers, and generosity. Thanks to ALL who came to the benefit. We appreciate you all and each act of kindness shown to us. We would like to ask for continued prayers for Dakota and our family as we journey through this difficult time.

God Bless You All!

With Love,
The Dakota Lamkin Family

Back from Heaven: Don Piper to speak at Forestburg Baptist Church

Do you ever wonder what Heaven is like? Don Piper has been there. On March 11 and 12, Piper will be sharing his story at Forestburg Baptist Church (17065 FM 455, Forestburg).

Following a tragic automobile accident in which he was declared "dead on the scene", Don Piper was miraculously revived twice and has been in recovery since that time. To date 34 surgical procedures have taken place. He walks only as a result of miraculous and in some cases medically unexplainable circumstances.

During the time he was "dead", Piper was granted the extreme privilege of glimpsing Heaven itself. His dramatic story has been retold on network TV programs nine times thus far. He has been a

guest on numerous TV talk shows including Daystar's *At Home Live*, TBN's *Praise The Lord*, *Life Today* with James Robison, local and network newscasts, and in numerous newspapers and magazines across America. He has been a guest on over 60 national and regional radio programs. His story of tragedy and miracles has been chronicled in a bestselling book co-authored with Cecil Murphey, *90 Minutes in Heaven: A True Story of Death and Life*.

Since 1984, Piper has been serving the Lord in full-time ministry. Most recently, he

served as Minister of Education and Single Adult at the 11,000 member First Baptist Church in Pasadena, Texas. Piper is in great demand in pulpits across America and around the world. He has led revival meetings, conferences, and seminars throughout the United States and Europe.

Come hear Piper's dramatic life story on Sunday, March 11 at 7 p.m., and Sunday, March 12 at 11 a.m. For more info, contact the Forestburg Baptist Church office at 940-964-2470 or forestburgbc@msn.com.

NEW ARRIVAL

Bezner

Dan and Christy Bezner of Lindsay joyfully announce the birth of their son Clint Daniel Bezner. Clint was born in North Texas Medical Center on Friday, Feb. 17, 2006 at 12:20 p.m. weighing 8 lb. 1 oz. and measuring 21 inches in length. He joins sis-

ter Katy, age 6, and brother Keith, age 3. Grandparents are John and Pat Yosten of Muenster and Weldon and Rose Bezner of Lindsay. Great-grandparents are Leonard "Spike" and Francie Yosten, and Augusta Walter-scheid, all of Muenster.

DREW SPRINGER
FOR
COUNTY COMMISSIONER, PCT. 4
Rep. Fil. Adv. by Treasurer Lydia Wolterscheid Springer, 320 E. 4th St., Muenster, TX 79252

Longbow

continued from Pg. 1

Currently Bobby is shooting a 45. He dropped back to 45 from 55 because his shoulder suffered when shooting a 55 at tournaments.

Another individualized thing is the draw length. Draw lengths may be 26, 27, 28, and 29. "You've got to be able to build a bow at 50 pounds whether its 26 inches, or 27, or 28, or 29," he said. "There is a formula to follow. When you order a bow out of a book that is a factory built bow, everything is based on 28 inches."

All the local bowyer's custom bows stay within the Traditional Bowhunters of Texas (TBOT) guidelines. These dimension specifications are required of bows used in the tournaments.

Bobby prefers a longbow to a compound. "I killed a few animals with and it wasn't as much fun," he remarked on using the compound bow. "It took the fun out of bow hunting. They are accurate and they are fast, but they're not as much fun."

He told of the last time he hunted with a compound bow. There is a peep used to aim. A deer appeared and Bobby tried to see it through the peep, but couldn't. He pulled back enough to spot the reason. A small spider was in the peep hole. He continued, "He's just big enough that I can't find the pins or the deer, so I pulled the peep off to the side of my eye and moved the pin over to where I think it is supposed to be and shoot. I got the deer, but that was the last time I hunted with it."

Each has its upsides and downsides. "I like the longbows over the compounds because I don't have anything to go wrong. If I miss, I can't blame anything but myself. I don't need a range finder. I don't worry about my sights being on or off, and most shots on an animal are taken at 20 yards or less and in that range traditional equipment generally is sufficient. Of course, like anything else, people get nervous and people miss."

Weight is a consideration for some. The longbow weighs around three pounds while the compound weighs about six and a half pounds.

Competing in tournaments has become a Lutkenhaus family pastime. Bobby's wife Linda, and their 14-year-old son Jeremy also compete. Linda started last year. Linda lends Bobby a hand with the bow making from time to time. She now makes all the bow stocks for the finished product.

"Jeremy does really well in tournaments," noted Bobby. "I started him shooting a bow when he was three years old, so you can see why he does really well." They are considering entering Jeremy in World Class tournaments.

"He has shot in the Fort Worth State Championship twice," recalled Bobby. "He got second the first time and first the second time." He was 12 and 13 at the time and competed in an age group that ranged from 12 to 16 year olds.

Linda and Bobby have three other children, Brandi, Jason, and Crystal. Bobby works the day shift at Superior Machining & Fabrication of Muenster.

To learn more about Bobby's longbows, check out his website www.predatorlongbows.com or give him a call at (940) 759-4729.

Windthorst sets Sausage Meal

The Annual German Sausage Meal will be held Sunday, March 5 at St. Mary's Parish Hall in Windthorst. The menu consists of 100% pork sausage, spare ribs, and sauerkraut with all the trimmings, including dessert and drink. The price of the all-you-can-eat meal is \$8 for adults and \$4 for children under 12 years of age. Raw sausage and home baked goods will be available to take home and enjoy.

Serving time is 11 a.m. to 2:30 p.m. Proceeds will be for Fire Department upgrades and charitable activities. Handicapped seating is provided.

For additional information call 940-423-6201 or 940-423-6444.

NEWS OF THE SICK

Missy Dangelmayr

Missy Dangelmayr of Muenster is a patient at M.D. Anderson Hospital in Houston. She had surgery last week and, according to her family, she is doing well. Her mother Wanda Flusche is with her and reports that Missy is enjoying the e-mails that she's been receiving.

There have been many requests for Missy's contact information. Phone calls will reach Missy at (713)792-6591. She may be e-mailed at www.mdanderson.org. Click on "current patients" at the home page. Follow directions on the next page. To send cards or letters: MD Anderson Hospital, P.O. Box 300206, Houston, TX 77230, Attn: Missy Dangelmayr, Room P1125.

IN THE SERVICE

Navy Seaman Tobe G. McCann, son of Elizabeth J. McCann of Gainesville, recently completed U.S. Navy basic training at Recruit Training Command, Great Lakes, Illinois.

During the eight-week program, McCann completed a variety of training which included classroom study and practical instruction on naval customs, first aid, firefighting, water safety and survival, and shipboard and aircraft safety. An emphasis was also placed on physical fitness.

The capstone event of boot camp is "Battle Stations". This exercise gives recruits the skills and confidence they need to succeed in the fleet. "Battle Stations" is designed to galvanize the basic warrior attributes of sacrifice, dedication, teamwork, and endurance in each recruit through the practical application of basic Navy skills and the core values of Honor, Courage, and Commitment. Its distinctly "Navy" flavor was designed to take into account what it means to be a Sailor.

McCann is a 2001 graduate of Saint Jo ISD.

COLLEGE HONOR

Muenster resident Wesley Koelzer has earned a place on the Dean's Honor Roll for the Fall semester at Texas State Technical College Waco. Koelzer is a student in Drafting & Design Technology, and is among those recognized with a scholastic achievement of a 3.5 to 3.9 grade point average. He is the son of Smoke and Carol Koelzer and is a graduate of Muenster ISD.

Cub Scouts honored Feb. 5 at Blue & Gold Banquet

Cub Scout Pack 664 held their annual Blue & Gold Banquet Sunday, Feb. 5, at the Sacred Heart Community Center. The Cub Scout organization celebrated its seventy-sixth anniversary all over the nation with a theme of "Cubs in the Future". Susan Hermes, committee chairperson, presided as Master of Ceremonies welcoming all to the special occasion.

The Webelos II Den presented the colors and led the Pledge of Allegiance followed by the invocation given by Rev. John Ohner, OSA. The Cub Scouts and their families enjoyed a fried chicken dinner with all the trimmings catered by Ed and Ginny Schneider.

Tina Weinzapfel, membership chairperson, presented the current charter to Joseph Bright the pack's VFW chartered organization representative and executive officer. Bright, has fulfilled this position upon the retirement of Johnny Rohmer who served for the past 37 years. Also presented to the VFW in appreciation for being the pack's chartered organization, the Cub Scouts donated all the food that they

collected on Saturday, Feb. 4, from their food drive. Becky Opperman, BSA district executive, was present to give the Friends of Scouting presentation. Guest speaker at the banquet was Eagle Scout Ronald Weinzapfel who conveyed how Scouting has helped him throughout his life. He especially noted how the camping skills have been beneficial on his motorcycle journeys to Alaska and Mexico, but of most importance is that Scouts should strive to live daily by the Scout Oath and Law.

The banquet continued with the Arrow of Light ceremony given by the BSA Order of the Arrow Denton Chapter. Webelos Scouts receiving the Arrow of Light, the highest rank a Cub Scout can earn, were C.T. Beecham, Luke Cochran, Clayton Fangman, Austin Hennigan, John Hesse, Hunter Klement, Clayton Rohmer, and Michael Weinzapfel. Austin Aldridge, Webelos II Scout, also received his Bobcat and Webelos ranks. Other members of the Pack receiving rank awards were Webelos I Den Eland Green and Darrell Hermes led by

Susan Hermes; Bear Cubs James Cochran, James Dangelmayr, Jared Dangelmayr, Karson Heady, Jeremy Hess, Darian Peters, J.T. Smith, Zachary Trubenbach, and Isaac Walterscheid led by Cathy Dangelmayr; Wolf Cubs Dalton Bartel, Michael Fleitman, Mitchell Hendricks, Zane Kemp, Justen Nasura, and Dalton Williams led by Gus Ashby; Tiger Cubs Ryan Beck, Bennigan McCoy, Devin Sicking, and Tyler Walterscheid led by Amanda McCoy.

Following the presentation of awards and ranks, the Webelos II Den led by Weinzapfel including Scouts Aldridge, Beecham, Cochran, Fangman, Hennigan, Hesse, Klement, Rohmer, and Weinzapfel bridged over into Boy Scout Troop 664. Scoutmaster Bert Hesse and several Boy Scouts were on hand to cordially welcome the new members. Troop 664 presented each new member with the official BSA handbook and cap. The banquet concluded with the benediction given by Cubmaster Kelly Bob Bayer, and the Webelos I Den retrieving the colors.

Muenster Webelos II Den bridges over into Boy Scout Troop 664.

Cade turns five!

Cade Klement, son of Cory and Brenda Klement of Valley View, celebrated his fifth birthday on Sunday, Feb. 19 at his home. Snacks, cake, and drinks were served at the Bat Man themed party. Guests enjoyed visiting and watching Cade open his gifts.

Those attending were his parents; his little sister Jenna Klement; grandmother Doris Stephenson; uncle and aunts Daniel and Dana Arnada, and Melinda Reed; cousins Amanda Reed, Sara Reed, Jeremy Lambert, Kaylen Lambert, Matt Hagemann, Hannah Hagemann, Susanna Hagemann, and Camille Aranda.

Unable to attend were grandmother Marcie Klement-Pagel and great-grandfather Joe Wimmer.

Cade Klement

Winter weather history
Dec. 25, 1998 - A combination of freezing drizzle, freezing rain, sleet, and snow moved over all of north Texas. Six deaths resulted, and over 2000 traffic accidents were reported. The conditions forced the cancellation of over 400 flights from Dallas Fort Worth Airport.

Early voting began Tuesday.

TxDOT stresses proper safety restraints for kids

Love your children by buckling them up with safety restraints appropriate for their height and weight.

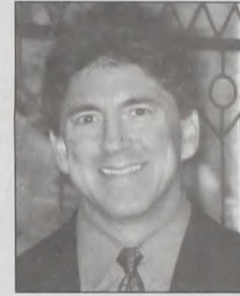

Safety advocates urge parents of children ages four to eight to use booster seats. Small children who outgrow their child safety seats are often at risk for serious injury from the very things that parents think will protect them: their safety belts.

According to the Texas Transportation Institute, two out of three children between five and nine years old routinely travel in Texas without being buckled up, putting them at risk of crash-related injuries or death.

"Putting kids who are over 40 pounds in booster seats can save their lives," said Carol Rawson, Deputy Director of TxDOT's Traffic Operations Division. "We're asking parents to buckle up their children using the safety restraint that best fits their kids - and to secure them in the back seat."

Safety advocates recommend that children who weigh between 40 pounds and 80-100 pounds or who are less than four feet nine inches (57 inches) tall ride buckled in the back in a booster seat. Children can move from a

MUENSTER HIGH SCHOOL

THURSDAY MARCH 9 12 - 8 PM

TO BENEFIT DANIELS Y MAYER

Forum

Neither minded whether it were held morning or evening. An evening meeting would add the cost of more heat and air, and additional security. It would have to be considered if enough people wanted it and would attend at night to make it worthwhile. Freeman noted that the change must be made in January and the dates and times selected must be followed for the entire year.

Conclusion
Freeman said he feels his experience and knowledge of county government far exceed that of his opponent. The County has remained in the black during his time as County Judge. He quoted the County's outside auditor as saying that Cooke County is by far the most conservative government that he audits. He then pledged to keep the County in the black as long as he serves as County Judge.

Freeman said that he is especially proud of the EMS substations being constructed. He believes that every citizen should have the same access to EMS. "With the addition of the three new stations, we will be able to provide faster service to all of our residents. I hope to be able to further expand our EMS protection in the future," he concluded.

Fiske said that she's had a place in Cooke County since 1990 and has now made it her permanent home.

Many things in Cooke County are being done as they are because they've always been done that way, said Fiske. Road and Bridge funds are divided in four equal portions because that's the way it has always been and she heard that if you don't give all of the Commissioners exactly what they want, they won't cooperate.

Fiske said that cost for development is very different in one part of the County than in another. She added, "This is something to be worked on in Commissioners Court and I believe that there will be an understanding that will be

continued from Pg. 1

fair to the citizens, not just of one or two precincts, but of the entire County."

Fiske concluded, "I have the qualifications that we need to shake this County out of its current complacency and shake it up. Give us some changes that we need. Make our County government accountable to the citizens, let them know what we are doing, and when we are doing a project, make all of figures known to the public, not just what's in the budget."

NOTE: Due to time and space constraints, Commissioners' portion will be in next week's newspaper.

MISD Library to host Scholastic Book Fair

The Muenster ISD Library will host a Scholastic Book Fair Monday, March 6 through Friday, March 10. Profits will be used to purchase books for the Library. Families, teachers, and the community are invited to attend the Fair, which will be held daily from 7:30 a.m. to 4 p.m. in the Muenster ISD Library. The Fair will feature a special camping theme: "Camp Read a Book - Let the Book Bugs Bite!"

6 to 8 p.m., there will be a special Family Event. It will include activities, refreshments, and door prizes. The Book Fair offers specially priced books and educational products, including new releases, award-winning titles, children's classics, interactive software, adult books, and current bestsellers from more than 150 publishers. Attendees can help the school build classroom libraries by purchasing books for teachers through the Classroom Wish List.

Deadline nears to nominate state Teacher of the Year

Teachers, parents, and students have until 11:59 p.m. on March 1 to nominate an educator for the state's 2005-06 "Teacher of the Year" award. The announcement came from the award sponsor, Teachers' Insurance Plan™, a car insurance program exclusively for members of the educational community.

The award will include \$1,000 to the winning teacher and a \$500 grant to that teacher's school. The state winner will also be eligible for the National Award that includes a special recognition and a \$2,500 travel certificate. Nomination forms are available online at

www.teachers.com/toty. To nominate an educator, or yourself, explain in 250 words or less, why this teacher should be the Teacher of the Year. Nominees will be judged on their ability to motivate students, their special talents, and their contribution to their school, students, or educational community.

Are Toxins Making You Fat And Tired?

Yes, studies suggest that the average American consumes 3-4 pounds of toxic chemicals per year. (FDA reports over 87,000 chemicals in our food and water supplies)

Take the "Toxic Overload" Test:

You might be Toxic if you have:

- Fatigue * Headaches * Insomnia * Depression * Dry skin * Constipation/Indigestion
- Bloating * Memory Loss * Hair Loss-Brittle nails Fluid retention * Need Nap at 2 pm
- Tired after a night's sleep * Fat you cannot Lose * Low sex drive * Irritability * Excess Belly fat

Find out how to solve "Toxic Overload" at our FREE SEMINAR In Gainesville on Sat. March 4th at 11 am at the Civic Center. 1-800-335-9541 or by email at: ajrosen@ntin.net

"If You exercised and ate the perfect diet but took a small amount of poison every day how healthy would you be?"

Deadline draws near for ACT test

College-bound high school students can take the ACT Assessment on April 8, the next nationwide test date. The registration postmark deadline is March 3. Late registration postmark deadline is March 17. The cost is \$29 without and \$43 with the Writing Test (an additional \$18 fee is required for late registration).

Students can receive registration information from their high school guidance counselors or they can register on ACT's website at www.actstudent.org. The website also features test tips, practice tests, online test prep, and a database for students to find out if a prospective college requires a writing score.

"In April, many juniors take the ACT," said spokes-

man Ken Gullette. "When they get their scores, they should examine them carefully, talk with parents and counselors, then get extra help from tutors or peer helpers and take courses that will strengthen any academic weaknesses. Students can re-test early in their senior year and then report only the score they want colleges to see."

The ACT Assessment is an achievement test that includes four exams: English, reading, math, and science. Students who take the optional Writing Test will add 30 minutes to the three hour normal testing time. Most colleges and universities don't require a writing score, so students should check the writing test requirements of colleges they're considering before registering for the ACT.

Tigerettes take win in Area playoff

The Tigerettes of Sacred Heart traveled to Grandview's Zebra Den to take on Round Rock Christian in Round Two of the TAPPS State Playoffs. After a 22-6 1st quarter, the Tigerettes cruised through the remainder of the game to a 64-31 Area Championship victory.

"We had one of our best first periods of the year. Defensively this team continues to improve. We had great ball pressure again tonight and it forced Round Rock to start their offense from a little farther out than they were used to," Tigerette Coach Jon LeBrasseur noted. "Playoff basketball is all about having great possessions at key times in the game, and tonight Round Rock made a run at us and the girls executed their offense to perfection with three big buckets in the paint. The girls continue to improve and we must build on this effort and prepare for the Regional game."

Whitney and Samantha Wimmer were high scorers for the Tigerettes with 15 points each. Kara Felderhoff added 9, Shannon Hartman 7, Nicole Bayer 6, Brittany White and Stephanie Krawietz 4 apiece, Hannah Hess 3, and Lauren Krahl 1. Defensively, Sam Wimmer had five steals. Whitney Wimmer pulled down 12 re-

bounds and had five assists. SH 22 14 9 19 64 RR 6 11 8 6 31

This Saturday, Feb. 25, the Tigerettes will compete at the Regional playoff game on the campus of Southwestern University in Georgetown. Sacred Heart will take on the San Jacinto Patriots of Amarillo. The Patriots were the District 1 Runner-up team after a tiebreaker with Midland Classical. San Jacinto

Sacred Heart to face new teams in 2006

The Sacred Heart Tigers and Tigerettes will welcome new teams into their football and basketball districts for the 2006-08 TAPPS seasons.

In Division IV football, the Tigers will be joined in District I by Colleyville Covenant, Fort Worth Calvary, and Watauga Harvest. Three other districts divide the 14 1A Texas teams, with the top two from each district advancing into the playoffs.

In basketball, the 2A alignment consists of eight districts of 49 schools. Sacred Heart has been placed in District 2 along with Arlington St. Aban's, Denton Calvary Academy, Granbury Happy Hill Farm, Lewisville Temple Christian, Wichita Falls Notre Dame, and Willow Park Trinity Christian.

defeated Notre Dame Tuesday night 50-41 in Bi-District action. Game time is 12:30.

Directions to the game

Directions: I-35 South to Exit #261 (Texas Highway 29). Follow Highway 29 east (University Avenue) into Georgetown, approximately 1.3 miles. Turn left at Southwestern Blvd and travel to the Corbin J. Robertson Center.

A total of 234 schools belong to TAPPS, aligned in six classifications. An enrollment of 49 students and under is classified as 1A, followed by 50-80 and 81-119 students. For 11 man football, there are four divisions, Division IV having an enrollment of 100-119 students. Division III averages 120-199 and II from 200-424. Schools with less than 100 student count may choose to play 11 man football, otherwise they drop to six man.

Aug. 7 is the first day of football practice with full pads and contact drills begin Aug. 10. TAPPS allows teams to play 11 regular season games beginning Zero Week, Aug. 31, and ending with week 10, Nov. 11. Basketball workouts begin Oct. 16.

Tigerettes coast to 62-14 Bi-District win

The Sacred Heart Tigerettes hosted the Bi-District playoff game Friday night. The Trinity Christian Lady Titans of Longview, 3rd place team in District, arrived with high hopes of a victory, but the Tigerettes quickly shut them down, ending the night with a one-sided 62-14 playoff win.

"The girls really stepped up their game tonight," noted Tigerette Coach Jon LeBrasseur. "Our defense was outstanding." The coach added that the playoffs are the fun part of the season and he hopes the Tigerettes can have a lot of fun. "I think we turned some heads with such a great effort. It was an impressive performance," the coach added.

The Tigerettes advance to the Area game that is scheduled for Tuesday in Grandview. Sacred Heart will play Round Rock Christian.

Sacred Heart quickly scored, putting 14 points on the board before the Lady Titans ever got a basket. Halfway through the 1st quarter, Trinity had a 6 point scoring streak that ended with 1:24 in the 1st quarter. They didn't score again until the 2nd half.

The Tigerette defense kept the ball away from the opponents and Sacred Heart was able to score 25 points in the 2nd quarter to take a commanding 42-6 halftime lead.

A Titan 3-pointer started the 3rd quarter, as Sacred Heart slowed down the pace

and laid off the pressure to end the period with a 50-12 lead. The Tigerette bench continued to control the ball game throughout the 4th quarter. With 27.6 seconds on the clock, the varsity squad returned to the court to finish the game.

Sam Wimmer was high scorer with 11 points. She also had seven assists and four steals. Whitney Wimmer and Kara Felderhoff each added 9, Shannon Hartman 8, and Hannah Hess 7. Hess also had a career high of 15 rebounds. Nicole Bayer scored 6 points, Stephanie Krawietz 4, and 2 each by Brittany White, Taylor Trocellini, Lauren Krahl, and Kaitlyn Felderhoff. GO TIGERETTES TAKE STATE!

2005 hunting fatalities match historic lows

Hunting fatalities dropped to just two in 2005, down from four the previous year, and matched all-time lows in 1996 and 2002. Only 2004 had fewer total hunting accidents, 29, compared to last year's total of 30.

"We like to say that 'hunting is safe and getting safer,' and it really is," said Steve Hall, education director for the Texas Parks and Wildlife Department.

The state's worst year on record for hunting accidents was 1968, when 105 accidents were reported, including 37 fatalities.

For the decade of 1966-1975, TPWD recorded one hunting accident per 10,858 hunting licenses issued. The incidence of hunting accidents has gradually fallen, until — in the last decade — only 1 hunter per 26,250 licenses was involved in a hunting accident.

In the fall of 1988, hunter education in Texas became mandatory for anyone born on or after Sept. 2, 1971.

"We're still on a trend that is taking us downward," Hall said. "Whether we bump it up next year or not, the 10 year

trend is what I look at, and it's coming down. Mandatory hunter education is really having an impact."

In 2005, more than 3,000 volunteer hunter education instructors trained more than 30,000 hunters across the state.

Hall said even hunters who are not required to take the education course are more aware of basic safety principles than before.

"It's things like the '10 Commandments of Shooting Safety,' the very basic safety principles that are promoted a whole lot more now than 30 or even 20 years ago," Hall said. "Highlighting the accidents is an education in and of itself."

The two hunting fatalities of 2005 included a Mason County deer hunter who accidentally discharged his rifle into his own chest, and a Limestone County hog hunter whose shot ricocheted and resulted in shrapnel hitting a child in his truck.

According to Hall, both accidents were preventable if the hunters had only followed some very basic safety principles like those taught in the hunter education courses.

Lady Knights fall to Panthers

The Lindsay Lady Knights traveled to Farmersville Friday night to take on District 16A Champions, the North Hopkins Lady Panthers in the Area round of the State basketball playoffs. After the Lady Panthers out-scored Lindsay in the 3rd quarter, the Lady Knights had to play chase in the final quarter, and were forced to foul in an attempt to get the ball back. That led to a 59-41 final loss for Lindsay.

"We were very cold from the field," noted Lindsay Coach Donald Neu. "We shot only 26% and in the 3rd only one of 13. Cold shooting definitely made the difference."

Neu added that he was proud of the Lady Knights. They had a good year. "It didn't end the way we wanted."

Lindsay ended the season with a 26-3 record. The Lady Knights took the District

Championship. The last time was in 1991. The team will lose three seniors, Allison Hundt, Mallory Block, and Stephanie Metzler, but next season will be pretty solid with several strong players returning.

A Brittany Anderle basket midway in the 2nd quarter tied the game 15-15, as she drew the foul. The free throw put Lindsay on top by 1 point. Christina Eckart increased the lead to 18-15 at 6 minutes, then added a free throw. The Panthers hit a 3, Eckart 2, then Hopkins 2 more and a free throw to tie the game 21-21 with 3:05 on the clock. Eckart dropped in another 2 and Chelsea Hermes a 3 to give Lindsay a 26-21 lead. North Hopkins got another 3 before the half for a 26-24 score.

The Lindsay starters opened the 3rd quarter. The Panthers scored 4 points to

take the lead before Mallory Block hit 2 from the free throw line to tie the game with 4:56 remaining in the period. Hermes took the lead back at 3 minutes, but North Hopkins tied it 30-30 with 2:21 on the clock. Two 3-pointers and two free throws gave North Hopkins their largest lead, 38-30, as the 3rd quarter ended. The cold shooting Lady Knights scored 4 points in the 3rd.

The Lady Panthers put the first final period points on the board, taking a 12 point lead before Kaleigh Hess dropped in a basket at 6:45 for a 42-32 score. With a 10 point lead, North Hopkins played patiently as time ticked off the clock.

A 3-pointer at 6 minutes made a 45-32 score. Block then added two free throws, but another 3-pointer gave Hopkins a 14 point lead. Hermes got 2 points at 5:46, but the Lady Panthers came right back for a 50-36 score with 4 minutes in the game. Hopkins began to play keep away, forcing Lindsay to foul as the Lady Panthers went into bonus throws, scoring nine of 14 at the line the last 3 minutes of the game. Lindsay's last points of the game were 2 points by Hermes, and 3 points by Anderle, who made the basket, drew a foul and made the free throw for a 59-41 score.

Chelsea Hermes was high scorer for Lindsay with 15 points. Brittany Anderle added 11, Christina Eckart 7, 4 by Mallory Block, and 2 apiece by Kaleigh Hess and Amanda Hess. The Lady Knights were nine of 12 from the free throw line.

Katy Williams carried the 1st half for North Hopkins, the outside shooters in the 3rd, and free throws in the final period. The Lady Panthers hit 14 of 24 free throws, 10 of 17 in the 4th quarter.

Knights advance to Area

District 17A Champions, the Lindsay Knights, were challenged Tuesday night by the District 18A Runner-up Bland Tigers in Bi-District playoff action. In a close scoring game, the Knights allowed Bland to take the lead in the 3rd quarter, but 10-4 scoring in the final allowed Lindsay to pull out a 43-38 Bi-District win.

The jump went to Bland, but the first points were Lindsay's, with two baskets by Kristopher Creed. Bland hit a 2, followed by a 3-pointer by Brandon Huckaby. Another Tiger basket closed the spread to 3 points. Creed added a free, but 4 points by Bland tied the game 8-8 with 3:30 on the clock. Points by Huckaby, Michael Eckart, and Levi Hermes and a Tiger basket closed the 1st quarter with Lindsay taking a 13-10 lead.

Bland scored twice to steal the lead by 1 a minute into the period. Another Huckaby 3 gave Lindsay the lead temporarily, as Bland quickly tied it 16-16. Baskets by Hermes and Hughes upped the score and 22-16. Bland scored 5 and Huckaby 2 for a 24-21 half-time score.

The Knights dropped in 4 points and the Tigers 5 to close the score to 2 points. A Lindsay turnover kept Bland in the game as they tied the score 28-28 with 3:26 on the clock. Sixteen seconds later, Hughes hit a 3, but the Tigers got 4 to take a 1 point lead. Eckart scored at 1:30, but a basket by Bland ended the quarter with the Tigers leading the Knights 34-33.

It took less than 15 seconds for Lindsay to take back the lead with 2 points by Creed. With less than a minute off the clock, Bland began to stall before slipping under the basket for 2 points and regaining the lead. A missed Knight shot was rebounded by Bland. With 2 minutes off the clock, the Tigers continued to waste away the time. At 5 minutes, the Knights got the ball back and 20 seconds later Eckart put Lindsay back in the lead 37-36. The Tigers took a 1 point lead at 2:55, their last points of the game. A 3 by Creed gave the Knights a 2 point advantage. A missed free throw was rebounded and put in the basket by Hermes for a 42-38 score. Hermes then stole the ball and was fouled

with 35.04 seconds on the clock. Hermes hit one free to increase the lead to 43-38.

With 3.86 seconds remaining in the game, Hughes was intentionally fouled and went to the free throw line to shoot two. As he stood at the line alone with four Bland players, the shots didn't go, but Hughes got his own rebound and held onto the ball as time ran out.

Brandon Huckaby was the Knights' high scorer with 14 points. Kristopher Creed added 10, Levi Hermes 9, and 5 apiece by Dustin Hughes and Michael Eckart. The Knights dropped in four 3-pointers and connected only three of 10 free throws.

L	13	11	9	10	43
B	10	11	13	4	38

The Knights now advance to the Area round of the playoffs, traveling to Bonham High School Friday night to take on Avery, District 20 Runner-up. Avery defeated North Hopkins 68-66 in Bi-District action Tuesday to advance. Game time is 7 p.m.

Lindsay Knight Senior Michael Eckart takes his turn cutting down the net.

Go Knights

Levi Hermes (25) and Brandon Huckaby (21) put pressure on a Tiger.

Chelsea Hermes (10) and Brittany Anderle (33) play pitch while trying to set up a play.

Brittany Anderle goes down with a Lady Rebel, fighting for the ball.

Brandon Huckaby hits the court fighting for a loose ball.

Hornets five points short of playoff win

District 17A Runner-up Muenster Hornets were challenged by the Trenton Tigers, Champions of District 18A, in Bi-District action in Aubrey Tuesday night. When all was said and done, the Hornets fell 66-61.

"I am extremely proud of the way the boys battled all the way to the end," commented Muenster Coach Kenny Mann. "We were down by 12 going into the 4th. It was easy to lose heart, but they didn't. They showed the same character as shown all season by not quitting, and battling to the end."

Trenton scored first, with Muenster's 1st point, a free throw by Zach Swirczynski, on the board with 6:51 on the clock. Ryan Hennigan added 2, Micah Flusche 4, Jordan Walterscheid 4, and Swirczynski another 2 in the 1st quarter for a 20-13 score. Trenton took the lead with four 3-pointers.

A 3-pointer by Derek Endres and one by Tanner Herr in the 2nd period, were joined by Flusche, Hennigan, Matt Flusche, and Swirczynski, and a Walterscheid free point as the Hornets outscored the Tigers 17-15 for a 35-30 halftime score.

Muenster had a hard time scoring in the 3rd quarter. Micah Flusche put in three baskets, with Endres getting one, and Hennigan a free throw as the Tigers extended their lead to 51-39 going into the final round.

The Hornets outscored Trenton 22-15 in the 4th, but couldn't take the lead. With less than 2 minutes on the clock, Muenster closed the score to 5 points, 57-52. As the Tigers worked the clock, the Hornets were forced to foul.

Trenton made three free throws before Swirczynski hit a 3-pointer at 1:26. The Tigers got three of six more free throws, while Muenster got only 1 point for a 63-56 score with 40 seconds on the clock. Walterscheid hit a 3, Trenton missed two free throws. At 18.62 seconds Endres hit 2 free throws to close the score

to 63-61. Trenton went to the free throw line again at 13.68, getting both and at 8.3 hitting one for the final 66-61 score.

Micah Flusche led the Hornets in baskets with 18 points. Zach Swirczynski added 14, and Jordan Walterscheid 10, Derek Endres put in 7 points, Ryan Hennigan 5, Tanner Herr 3, and 2 each by Collin Walterscheid and Matt Flusche. Muenster hit six 3s and 13 of 19 free throws.

Trenton had two players score 45 of their points. The Tigers shot 38 free throws, making 25.

Muenster ended the season with a 22-8 record.

M 13 17 9 22 **61**
T 20 15 16 15 **66**

Coach Mann noted that the season went well with support from the fans and parents, and the team's personality of "playing hard and making the job fun. The guys were extremely coachable, making the job a blast," Mann added. "I hey laid it all on the line, playing hard all season."

Game Warden report

The pot calling the kettle black . . . On Nov. 7, a Schleicher County game warden received a call from a ranch accusing lease hunters on an adjoining ranch of shooting a deer that had crossed the fence and refusing to retrieve the harvest. Upon investigation, it became very apparent the deer was shot where it was found and not on the adjoining ranch. The individual who heard the shots and found the deer was interviewed; it was determined that he had shot the deer and concocted the story to tell his friends and the landowner because he did not have a hunting license. Cases and restitution pending.

Just a thought

If we must disagree, let's disagree without being disagreeable.

Lindsay ISD hires new athletic director, football head coach

By Janet Felderhoff

There were more than 30 people attending the Monday, Feb. 20 meeting of the Lindsay ISD Board of Trustees. Most present anticipated learning who would be the new coach hired to replace Coach John Irwin who was reassigned from his position as athletic director and coach at the January meeting. He continues as a teacher with the District. It was by mutual agreement between Irwin and the LISD administration.

Dr. Jason Ceyanes, LISD superintendent, recommended that the Board hire Cody Bounds. After an Executive Session, the vote was a unanimous 7-0 to hire him. The superintendent indicated that the Board overwhelmingly supported the recommendation and indicated that they looked forward to having Bounds in Lindsay.

Coach Cody Bounds is currently the assistant head football coach, defensive coordinator, and head baseball coach at Prosper High School. According to school officials Coach Bounds possesses the professional skills and personal qualities that they are seeking in Lindsay ISD. According to school officials, "Coach Bounds is a man of faith who is a natural born leader with high ethical and moral standards. In addition, Coach Bounds places a high priority on academic performance and is a strict disciplinarian for his athletes."

As Lindsay ISD welcomed Coach Cody Bounds to its staff, Dr. Ceyanes remarked, "Cody Bounds was by far the most qualified applicant and is exactly what Lindsay ISD needs during this time of transition. Anytime you have a change in leadership, emotions can run high with the staff, parents, and community. I am confident that Coach Bounds will help unite our community and provide a structured program that will assist our athletics in continuing to strive toward excellence both on the field and in the classroom."

Coach Bounds is married to Holly Bounds and has two daughters, Ali age eight, Emma age three, and another baby on the way.

Coach Bounds will begin his new position as athletic director and head coach during the first week of March. He was at Lindsay ISD Wednesday to introduce himself to the staff and students.

The mutual decision for Irwin to be reassigned to teaching duties came after apparent pressure from a small group of individuals. His comment in the Jan. 20 edition of the *Enterprise* was, "It's not worth the fighting. Most (people) here in Lindsay are great. . . Maybe we can blend in and just be a part of the community."

Since that time there has been a great deal of controversy within the community as people reacted to the outcome.

Hoping to reunite the community, Dr. Ceyanes commented after the meeting, "Many times when a husband and wife are in a major conflict, they may say or do something that is extremely hurtful to the other and they wish that they could take it back. If the marriage survives the hurtful and unacceptable behaviors, it often strengthens the relationship and brings the couple closer together. Now is the time for all of us in Lindsay to put the past behind us and move forward for the kids. We are too great of a community to do anything less."

Lady Hornets fall short at Area

"Our youth and inexperience finally caught up with us," said Muenster Coach Jeff Presnall on the Lady Hornet 46-44 Area playoff loss to the Bogata Rivercrest Lady Rebels. "Saying we were nervous would be an understatement. However, this major weakness will be a strength next year as we gained some valuable playoff pressure game time."

The Lady Hornets traveled to McKinney North High School last Friday, challenged by the District 20A Champion Lady Rebels. After four tough, turnover quarters of play, Muenster ended the season with a 26-4 record. It was the last game for seniors Jacé Koelzer and Danielle Bindel.

Lots of shots, lots of turnovers, but no points in the first several minutes of the game. Laura Heers put the first points on the board, then Rivercrest. Sandy Endres dropped in the next two buckets, then the Rebels 7 points. Heers and Rivercrest each made 2 more points, for an 11-8 Lady Rebel lead at the end of the 1st period.

Endres connected two free throws, followed by a Lindsey Watson basket that gave Muenster a 12-11 lead for a short time. Eight Rebel points gave Rivercrest a 19-12 lead halfway through the 2nd quarter. The Lady Hornets fought back. Two baskets by Megan Felderhoff and two free throws by Heers closed

Game Warden report

Honestly, we're just bad shots — On Jan. 21, a Montgomery County game warden was working an area where he believed some hunters had been hunting roosting wood ducks. Sure enough, right at dusk the shots started. Dean apprehended two men for hunting after hours. The two men had two ducks. They said it was because they were not good shots, and they had probably killed most of the birds in the area on previous hunts. Cases are pending.

the score to 19-18. The Rebels got 2, but a steal by Heers added 2 to Muenster's score. Another Heers basket drew the foul and the Lady Hornets took a 23-21 lead. Rivercrest hit two frees for a 23-23 halftime score.

The 3rd quarter began with the Rebels scoring 8 points before Endres and Felderhoff each got baskets. The teams took turns putting points on the board, the Rebels, Watson, Rebels, Heers (3), and a stolen basket by Felderhoff for a 35-34 Rivercrest lead to begin the final period.

Rivercrest increased their lead to 6, when with under five minutes on the clock, Heers and Endres both hit 3s, Felderhoff 2, and Jacé Koelzer 2 free throws to give Muenster a 44-40 lead.

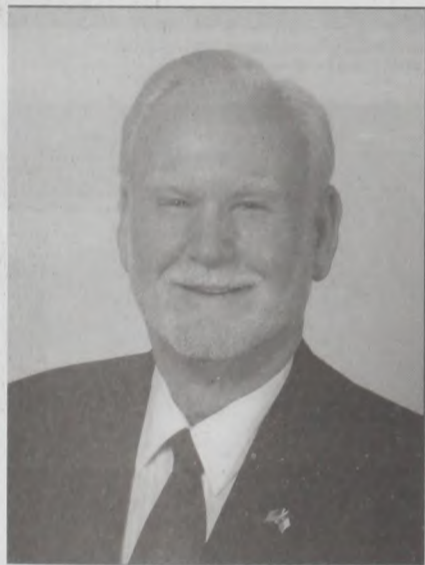

Several turnovers by both teams moved the clock to 2:47, when the Lady Hornets began working on the clock. A stolen ball wasn't profitable to the Rebels. A missed Muenster shot gave Rivercrest possession, scoring on a rebound shot. The Rebels soon scored again and tied the game 44-44. A stolen ball at 40 seconds was followed by another Rebel basket for a 46-44 score.

With 9 seconds on the clock, the Lady Hornets missed two free throws, and Rivercrest rebounded as time ticked off the clock.

Sandy Endres led the Lady Hornets offensively, scoring 13 points. Laura Heers added 12, and Megan Felderhoff 10. Lindsey Watson scored 7 points and Jacé Koelzer 2 to round out the score. Muenster dropped in three 3s and was seven of 11 at the free throw line.

"Laura Heers personally kept us in the game. She was the best basketball player on the court and is a coach's dream to have running your team!" bragged Coach Presnall.

Monica and Monique Savage led the Lady Rebels with 14 and 12 points. Their team hit seven of nine free throws. **M** 8 15 11 10 44

NOTICE OF PUBLIC MEETING

The Texas Department of Transportation (TxDOT) will conduct public meetings to allow public input into the Unified Transportation Program (UTP) and the Statewide Transportation Improvement Program (STIP) preparation process. A list will be provided of upcoming state projects selected in the UTP and STIP. Maps and drawings will be on display.

Meetings will be held at the following times and locations:

- Thursday, March 9, 2006 at 1:30 p.m. at the Wichita Falls Area Office located at 2844 E. Central Freeway in Wichita Falls, Texas.
- Monday, March 27, 2006 at 1:30 p.m. at the Vernon Area Office located at 4031 Main Street in Vernon, Texas.
- Wednesday, March 29, 2006 at 1:30 p.m. at the Graham Senior Citizen Center located at 825 Fairview Street in Graham, Texas.
- Thursday, March 30, 2006 at 1:30 p.m. at the Gainesville Area Office located at 2615 West Hwy. 82 in Gainesville, Texas.

The meeting will be informal, and all interested citizens are invited to attend and express their views on the programs.

Persons with disabilities who plan to attend this meeting and who may need auxiliary aids or services such as interpreters for persons who are deaf or hearing impaired, readers, large print or Braille are requested to contact Tammy Marlow at (940) 720-7741 two (2) weeks prior to the meeting so that appropriate arrangements can be made.

Written comments may be submitted to the Texas Department of Transportation, Attention: Danny Brown, P.E., 1601 Southwest Parkway, Wichita Falls, Texas 76302-4906, but must be received no later than 10 days after each of the public meetings.

FARM & RANCH

Thornberry seeks extension of farm bill

Congressman Mac Thornberry (TX-13) says it would be unfair to our nation's agriculture producers to write a new farm bill in the midst of ongoing international trade negotiations. Recently, Thornberry filed legislation to extend the current farm bill until the Doha round of World Trade Organization (WTO) negotiations is complete.

"Our nation's farmers and their lenders should not be asked to operate under rules that keep changing. We should get fairer global trading rules in place first before we write the next farm bill," said Thornberry.

The current farm bill was approved in 2002, and many

of its provisions are scheduled to expire in 2007. Congress has begun preliminary work on the next farm bill. But, unless the Doha process can be completed before the current farm bill expires, Congress will be attempting to write a new farm bill without a clear understanding of the trade conditions that the new WTO agreement will create. Congressman Thornberry wants to prevent the possibility that a new farm bill could wind up putting American farmers at a competitive disadvantage when new international trade rules are later established.

Under H.R. 4775, the 2002 farm bill will remain in effect while the Doha negotiations

continue. The bill will also keep the current farm bill in place for at least one crop year after Congress has approved legislation to implement any eventual Doha agreement.

"I believe extending the current farm bill will help our trade negotiators by making the point that we are insisting on a more level playing field with regard to market access, domestic support, and export assistance. Producers I talk to have said they like the 2002 farm bill's structure. We should be careful about making changes until we know what will result from the Doha negotiations," said Thornberry.

Farm Service Agency News

Actively Engaged Farming Requirements

To be eligible for most FSA programs, a participant must be considered "actively engaged in farming". To meet this requirement, a producer must make a significant contribution of both "left hand" (land, capital, and equipment) and "right hand" (active personal management and labor) contributions. These contributions must be at risk and be commensurate with the claimed share of program payments to be eligible. Some exceptions apply to the "actively engaged in farming," including landowners, sharecroppers, etc.

Cooke County Disaster Declaration

On 12/21/2005, the Secretary of Agriculture designated Cooke County as a pri-

mary natural disaster area due to losses caused by drought and excessive temperatures that began on 3/1/2005, and continues. This designation number is S-2199, and may be needed by producers to take advantage of certain income tax provisions. On 1/11/2006, Cooke County was designated as a Presidential Disaster area due to extreme wildfire threat occurring 12/1/2005, and continuing. This designation number is M-1624. These designations also make Cooke County farm operators eligible to be considered for low-interest emergency loans. Contact Cynthia Krueger, farm loan manager, for more information at 254-965-3715. Applications will be received through 8/21/2006 for the Secretarial Des-

ignation, and 9/11/2006 for the Presidential Designation.

Drought Situation

The County office has received numerous calls and inquiries asking whether or not there will be a disaster program to cover hay, crop, and livestock losses due to the drought of 2005. As to date no legislation has been passed by Congress that would offer these programs. We can see that 2005 was one of the driest years in history for farmers and ranchers in Cooke County, and losses due to this drought are staggering. Please be aware that our disaster designations have been approved for the County, and we will notify all area producers of a disaster program as soon as we learn of any news regarding disaster legislation.

TSCRA urges action on immigration policy

Texas and Southwestern Cattle Raisers Association introduced major policy resolutions immigration reform, which were overwhelmingly approved by members attending the National Cattlemen's Beef Association convention Feb. 1-4.

TSCRA members understand better than most the dilemma of immigration reform—the critical need to strengthen border security, curtail illegal immigration, and provide an adequate agricultural workforce.

South Texas landowners experience first-hand the violence of border drug gangs and the destruction of life and property by illegal smuggling. The entire state is affected by the increasing

number of illegal immigrants, estimated at 1.4 million in Texas by the Pew Hispanic Center.

And the Texas agricultural industry, which contributes more than \$73 billion a year to the Texas economy, is heavily dependent on temporary foreign workers to fill jobs that most Americans don't want.

In a major effort to reform the system, the U.S. House of Representatives recently approved legislation that increases funding for border law enforcement, requires employers to verify the legal status of workers, and stiffens penalties for residing illegally in the United States.

TSCRA's resolution "supports meaningful immigration reform legislation that both strengthens border security and creates a temporary guest-worker program that does not extend preferential

treatment with regard to qualification for Legal Permanent Resident status."

The resolution also urges the government to permanently eliminate the "catch-and-release" practice that allows apprehended illegal immigrants from countries other than Mexico to go free with a notice to appear for deportation hearings in the future. Not surprisingly, most fail to appear.

New state-led border security operation

"Last year alone, 135,000 people who are not of Mexican descent were apprehended entering Texas illegally," confirmed Texas Gov. Rick Perry.

He also reported the recent apprehension by Mexican officials of four Iraqis headed to U.S. soil and the discovery of a criminal organization's weapons stockpile in Laredo that included explosive devices and fragmentation

Start Planning for Onions Now

Many gardeners in Cooke County enjoy planting onions in their vegetable garden. Dr. Douglas Welsh, Texas Cooperative Extension State Horticulturist, says success with onions under Texas climatic conditions depends upon knowing the right varieties to use, and the correct time of the year to get them started. Listed below are some good guidelines taken from the Texas Master Gardener Handbook:

Light: Sunny (green onions tolerate partial shade).
Soil: Well-drained loam.
Fertility: Medium-rich pH: 5.5 to 7.0.

Temperature: Cool (45° to 60°F) during development; medium-hot (60° to 75°F) during bulbing and curing.

Moisture: Moist, but not waterlogged.
Planting: Use sets, seeds, or transplants in spring for bulbs and green or bunching onions; seeds may be started indoors eight weeks before setting out; use sets in fall for perennial or multiplier onion types.

Spacing: Standard - one to four inches X 12 to 24 inches; wide row - four inches X four inches in rows up to two feet apart; plant close, then thin; use thinnings as green onions.

Fertilizer needs: Heavy feeder; apply four to five pounds of 10-10-10 per 100 square feet before planting and side-dress three weeks after trans-planting and again when bulb enlargement begins (two or three tablespoons of 21-0-0 per 10 feet of row).

For bulb production, set out transplants in early spring, spacing them four to six inches apart and one to two inches deep in the row. Planting too early and

exposure to cold temperatures causes seed stalk development. Egyptian tree or multiplier onions should have been set in late October or early November. Plant four inches apart in rows one to two feet apart. Distance between rows is determined by available space and cultivating equipment.

Onions have shallow root systems and compete poorly with weeds. Shallow cultivation is necessary; do not mound soil on onions as this may encourage stem rot. Ensure ample moisture, especially after bulbs begin to enlarge.

Onions should be harvested when about two-thirds of the tops have fallen over. Careful handling to avoid bruising helps control

storage rots and thorough curing increases storage life. Onions can be pulled and left in the field for several days to dry, then cured in a well ventilated attic or porch for one or two weeks where the are not in direct sunlight. Tops may be left on or cut off but leave at least one inch of the top when storing. Perennial onion relative such as shallots, multiplies, onions and garlic, once planted, will last for many years in the well-tended garden.

Dates to remember:
2nd and 4th Tuesdays of the month, Cooke County Marketing Club, 7 p.m., Farm Bureau Building.
Feb. 28, BQA Training NCTC Little Theatre, 8 a.m. 5 p.m.

Ag Briefs

Parasites and flies, followed by calf mortality are beef producers' most important health issues.

The most common calf disease is diarrhea.

Have good quality frozen colostrum available. Thaw slowly. Do not use a microwave. Commercial products don't rate with natural colostrum.

BSE research will increase 15% or \$7.3 million.

Dear Friends and Neighbors:

It is Youth Fair time again and the Friends of Muenster FFA, FCCLA, 4-H, and Sacred Heart Homemaking are making an appeal to the citizens of our community to help the youth in our area as they prepare for the Cooke County Youth Fair, to be held at the Cooke County Fair Grounds during the first week in March.

The Muenster Friends is a volunteer organization that helps collect money to be paid to the students as premiums on their projects. One hundred percent of what is donated goes directly to buy premiums for the students who participate in the Youth Fair from our community. Last year a total of \$18,405.00 was paid as premiums to the students of Muenster, \$12,575.00 of which was paid by the Muenster Friends organization.

The youth of our community put forth a great amount of effort and expense and pride in their projects. Please help them out with a donation of \$500, \$250, \$100, or an amount of your choice. Your support does not go unnoticed.

Thank you, in advance, for taking this into consideration. We look forward to seeing you at the Cooke County Youth Fair this year!

Respectfully:

Lee Ratliff, FFA	Bert Walterscheid
Joni Sturm, FCCLA	Gus Ashley
Donna Bayer, 4-H	Ross Felderhoff
Jack Flusche	John Dangelmayr
Ronnie Felderhoff	Mary Dangelmayr
