'46 Cooke County Fair Opens Monday With Gala Parade

According to a time worn proverb, the best things in life are free, and folks around town had the pleasure of learning last week that the saying can apply even to community improvements. The reference is to the oil treatment on North Main. As far as the taxpayer is concerned it did not cost a cent — but only because fellows like John Ezell and Earl Robison were willing to donate generously of materials and energy. The column believes it has the hearty approval of every resident in the north part of town in proclaiming them public benefactors of the week. Let's add hereto the writer's personal thanks. Living on the street he can thoroughly appreciate the extent of the improvement.

Ezell, however, discounts the credit to which he is entitled, saying that the work was promoted to some extent by a selfish motive. He, too, lives on the street and he has his fill of dust. So he decided that giving a few hours of work plus a few truckloads of unsaleable oil is better than enduring the constant fog that has been rising off the street.

The improvement there ought to inspire the city council to do something about other gravel streets. All over town the story is the same. Every passing car raises a cloud of dust, and every housewife is confronted with a perpetual dusting job. It's a nuisance that can be remedied over a period of only a few months by arranging for waste oil in the community. The county road maintenance crew, always willing to cooperate, will gladly run its equipment up and down the street to work the oil into the surface. By keeping it steadily we can have near-avenue streets all over at a very nominal cost — probably less than we pay now to replace the gravel that grinds up and blows away, or washes away in heavy rains.

One old objection to street oiling is that the stuff messes up cars and sticks to shoes, later coming off on rugs. But last week's experience shows proper application can remove the difficulty. Worked into the surface by a grader the oil does not stand in pools and does not cause a mess.

While on the subject of civic improvement Con presents a few more ideas that have been discussed lately, especially as regards more adequate amusement facilities. The suggestion in this column to have a community lake nearby aroused the interest of quite a few, enough, we believe, to justify the hope that something will be done. People are talking but the trouble is that there's no organization to do something about it.

Expanding on the suggestion made here, some are recommending that an amusement park be developed in connection with the lake. Have a few tennis courts, a miniature golf course and a spacious combined club house and bath house with sandwich and soft drink concession. Muenster needs such a recreational center and it can have one far less than its people now spend chasing miles and miles looking for a little fun.

Lots of folks would be surprised no end if they could realize how much money is dribbled away every week by youngsters going as far as Denison, Fort Worth, Wichita Falls or across the river. Oldsters as a rule just don't go, but many of them would like to and they'd have a lot more fun if they had a nice place near home.

While we speak of community progress we can't get far without considering leisure time opportunities along with church, school, hospital, business expansion and everyday living improvements. The average person's day consists of a bit of play time along with work and sleep and any community that fails to make provision for it is missing a bet.

Well, folks, here's the answer to that old problem of how to furnish approved recreation for the kids, also what to do about the few hours of spare time that so often baffles you. And it's possible to develop enough community interest in this thing to have it ready for use next summer.

Another idea — we've just bubbling over with 'em this week — and it looks like a money making deal for some ambitious young scrap iron dealer. Why not rig up a good, powerful electric magnet and gather up a ton or so of nails that are scattered on the streets. Service station operators will hate me for this suggestion, but we hope they'll manage to get along with a little less tire repair business. Incidentally, while making the rounds the magnet operator (Continued on Page 8)

Celebrating the glorious victory of the United States and her allies in World War II, which caused discontinuance of the annual event for a four-year period, the 1946 Cooke County Fair which opens with a gala Labor Day parade at 10 o'clock on Monday, September 2, undoubtedly will be the outstanding exposition of its kind ever held in North Texas.

Six days packed with entertainment for every member of the family beckons the amusement seekers of the territory for 75 miles around Gainesville, and all previous attendance records are expected to be broken during the fair.

A host of top entertainment features is paired with unusual education exhibits to make the fair outstanding. Heading the list of special entertainment are the Bill H. Hames Shows, the southwest's largest railroad carnival, on the midway, nightly, the famous Gainesville Community circus, which will give three performances the first two days of the fair, the Hub Whiteman's Championship rodeo, which will hold forth in the rodeo arena Thursday, Friday and Saturday nights, September 5, 6, and 7.

In addition, the Stamps quartet will present a program in the Fair Park community center on opening night, the Junior Chamber of Commerce will provide an entertaining hour's presentation Tuesday night, and the neighboring cities of Nocona, Ardmore, Sherman and Denton, will give programs the other four nights of the week in the building.

Other features of the fair include livestock, poultry, crops, and home demonstration exhibits and an army exhibit. Advertising the fair, a caravan of about 40 cars of Gainesville boosters were in Muenster from 8:30 to 9 Wednesday. After several band and vocal selections, Claude Jones, secretary of the fair association, extended an official welcome to people of the community.

Four Steps In Applying For Furlough Pay

When discharged veterans apply for their recently approved terminal leave pay they can simplify the procedure by following four definite steps, according to information released by the treasury army and navy departments.

1. Obtain from any postoffice a form entitled "claim for settlement, unused leave," and an accompanying instruction sheet.
2. Fill out this form. Help may be obtained at any of 3,000-odd veterans' community information or advisory centers or at the office of any state or county veterans service officer.
3. Swear to the statements made in the form before a notary public or other authorized civil officer. Most community information or advisory centers will provide the service free.
4. Mail the complete form, together with a discharge certificate or certificate of service, to the appropriate army, navy, marine corps or coast guard paying officer listed on the reverse side of the claim form.

Payment will be made by mail "as soon as possible" and the supporting documents returned.

The legislation, which also will equalize leave benefits of officers and enlisted men still on active duty, calls for payment of an estimated \$2,700,000,000 in cash and interest-bearing five year bonds to about 15,000,000 former members of the army, navy, marines and coast guard. It is the first major revision of leave policies in the armed forces in 70 years.

For those now in service, the act limits the amount of leave any individual may accumulate to 60 days instead of the 120 days officers hitherto could accumulate. Those still on active duty who have piled up 61 to 120 days credit as of Sept. 1 will be reimbursed in cash or bonds all days over 60. As they leave time accrues at the rate of 30 days a year, they must use it or lose it. Those who have been discharged will be paid in cash or bonds for accumulated leave up to 120 days between Sept. 8, 1939, and Sept. 1, 1946.

The official statement said the discharge certificate which must (Continued on Page 7)

Loot Valued At \$115 Taken In Two Burglaries

Two burglaries, both resulting in minor loss and apparently committed by the same persons were discovered here on Monday and Tuesday at John Wieler's Magnolia warehouse and Bud Bernauer's Service Station. At Wieler's the only item missed is an adding machine valued at about \$100 and at Bud's a watch band valued at \$15.

No cash had been left in either of the two places and the burglars apparently did not care to take merchandise. At Bud's the desk was rifled, the watch band having been taken from one of its drawers.

In each case the culprits entered by breaking a window. At the warehouse they broke out the glass and crawled through. At the station they entered the wash rack department, which remains open because of inability to get a door when the building was put up, and went through the window between it and the office. Probably because of the nearness to Bud's home the burglars did not break the glass but cut the putty from around a small section and removed it, then reached inside to release the window lock.

Though they broke the glass in handling they left distinct fingerprints which have been photographed by Sheriff Emory Horn in comparison with the prints of suspects who might be picked up.

KITCHEN SHOWER FOR SISTERS SPONSORED BY MOTHERS SEPT. 5

The annual community-wide pantry and kitchen shower for the local Beneficence Sisters will be held in the parochial school auditorium on the afternoon of Thursday, September 5. It has been announced by the Saint Anne's society, the sponsor group. It will begin at 2 o'clock. Sponsored by the Saint Anne's society, every lady of the community is invited to attend. All are asked to bring shower gifts and food for refreshments which will be served after a social hour.

The meal will be served buffet style, members in charge advised, and the menu will consist of chicken and other meats, relishes, potato salad and green salads, pie and coffee.

So as to avoid duplications of food, the committee on refreshments has prepared a list of items for the ladies to bring, using the alphabet as a guide, as follows: those whose surnames begin with A to H are to bring meat; I to O, salads; P to R, relishes; S, coffee; and T to Z, pie. Anyone desiring further information is asked to get in touch with Mrs. Ben Seyler, president, or Mrs. Al Schad, secretary of the sponsor group.

The affair has become an annual event and in addition to being deeply appreciated by the Sisters, offers an afternoon of getting acquainted of mothers and teachers and visiting among members and other ladies of the community.

OIL TREATMENT ON NORTH MAIN STREET ELIMINATES DUST

The almost constant cloud of dust that has been hanging over North Main street has been eliminated at last.

On Friday of last week John Ewell, refinery manager, and a man from Earl Robinson's road maintaining crew worked several truck loads of waste oil into the surface on the street. After scraping loose about an inch of gravel from the surface they used the grader to mix it in the loose gravel then spread it even again. Another treatment of the same kind is set for the near future.

Helm Victorious In Run-off Race For Tax Office

In an upset return last Saturday M.L. Helm was victorious by a margin of more than 500 votes over the incumbent, Tom Hayes, for the Democratic nomination for the office of tax assessor-collector. His top-heavy vote came as a complete surprise after he had trailed by several hundred votes in the first primary.

His principal support came from Gainesville and the eastern part of the county. The western part of the county went strong for Hayes.

Another race in which the local favorite lost was in that for justice of the court of Criminal Appeals. Owens lost to the incumbent Beauchamp by a margin of more than 50,000 votes.

In the governor's race Jester's percentage vote here was even more impressive than the statewide landslide he received, 97 per cent of Muenster supported him.

Likewise in the races for lieutenant governor and commissioner of agriculture, local majorities were cast in favor of the winners Shivers and J.E. McDonald.

A tabulation of votes in the two Muenster boxes is as follows:

Governor	N	S
Rainey	7	3
Jester	258	98
Lt. Governor		
Shivers	138	48
House	117	51
Agri. Commissioner		
R.E. McDonald	93	48
J.E. McDonald	158	49
Court Cr. Appeals		
Owens	156	67
Beauchamp	86	23
Assessor-Collector		
Hayes	216	89
Helm	49	12

Tax To Support School Buses To Be Voted On Sept. 7

Saturday, September 7, has been set as the day on which qualified voters of the Muenster school district will approve or disapprove the proposed new district school tax. Albert Henschel, president of the school board announced this week.

The vote became necessary when the previous tax provision was automatically cancelled by the Muenster-Hays merger, and while asking for a renewal of the old tax the trustees decided to ask for a slight raise in order to meet possible future emergencies. The ticket specifies a tax "not to exceed 60 cents per \$100 of valuation." At present the transportation system, the only school expense supported by the tax, requires about 30 cents. As long as the district can meet its obligations on that amount it proposes to continue with the old assessment.

PLAN COMPLETE FOR COMMUNITY PICNIC DANCE ON LABOR DAY

With the weather cooperating members of the local court Catholic Daughters of America are hopefully looking forward to a large attendance and a gala time for all at the Labor Day benefit picnic and dance they will sponsor next Monday. Preliminary plans for the event have been underway for some time, and this weekend will find the ladies making final preparations.

The picnic will begin at 2 o'clock and in addition to the old favorite games and bazaar attractions there will be special features for the children including a Kiddie Toy Store and games for the youngsters. The refreshment stands will offer sandwiches, ice cream, candies and cold drinks.

Beginning at about 8:30 Berry Garner and his orchestra of Gainesville, will play for the dance on the main floor of the hall. The picnic will be held in the basement.

LOCAL BOY SCOUTS HAVE OUTING AT TURNER FALLS

Muenster Boy Scout Troop No. 164 spent Sunday and Sunday night at Turner Falls, Okla., on an outing. Thirty-two members and their Scoutmaster, John Hoffmann, Assistant Scoutmaster, Rev. John Waibe, and Committeemen J.W. Fisher, enjoyed the affair. The boys cooked their meals Scout fashion, and spent their time hiking, swimming and exploring. They slept out in the open. A school bus was used as means of transportation.

Rain This Week Breaks Drought And Heat Wave

Almost three inches of badly needed rain brought an end this week to the community's two months' siege of heat and drought.

Sunday the rain was very light, registering only .08 inch in the city's rain gauge but a heavy shower followed by more light rain Monday morning added 1.10 inches. During the next day and a half clouds continued to hang around and settled down to a slow steady rain Wednesday. Thursday morning's reading at the gauge, covering the previous 24 hours, was 1.5 inches.

With the exception of less than a half inch of rain on July 21, this week's rain is the first since the latter part of June and is badly needed on pastures, and land being prepared for crops. It is too late, however, to help most of the row crops.

The moisture brought a welcome change from the most oppressive heat wave in many years. Typical fall temperature has prevailed since Monday.

BOYS WIN TWO AND GIRLS LOSE ONE IN WEEK'S BALL GAMES

Muenster's softball record of the week is a repetition of that for the preceding week — two wins for the boys over Dennis Flats and Saint Jo, and one loss for the girls, to Saint Jo. The game at Dennis Flats Sunday afternoon was the classic of the series. Muenster took an early lead of two runs and did not permit an opposing runner to get on base for the first five innings. Then the Dennis Flats boys rallied, tying the score at 4 by the end of the sixth, but failed to match the run Muenster took in the seventh.

Playing Saint Jo under the local lights Monday night the boys won easily 10 to 3 in a well played game. At the bat they hit well and batted better, after raining first base as well as the score. In the field, as at Dennis Flats, they gave air tight support to Lawrence Knabe's superb pitching.

SOFTBALL PLAYERS GET SUPER SERVICE FROM LIGHT COMPANY

Service with a capital S by the Texas Power and Light company enables the Muenster softball team to have lights for their few remaining games of the season.

Unable to furnish a transformer two weeks ago when the ball team requested a connection, the Gainesville office called on Dallas to send one up. Dallas in turn forwarded the request to other offices in its system. Last Saturday morning Gainesville received word that the transformer had arrived in Dallas, sent a truck after it, and completed installation here before 2 o'clock. Manager C.B. Stringer's reason for the big rush was to have lights ready for Saturday and Sunday night games, however, the teams caught by surprise, were not able to schedule games before Monday.

Robert Yosten Dies Wednesday Burial Saturday

Robert Yosten, 63, a resident of Muenster since 1899, died at his home Wednesday evening at 8:15 following an illness that afflicted him three years ago, but had not become serious until the past few weeks.

Funeral services will be held at Sacred Heart church here Saturday morning at 9 o'clock with the pastor Rev. Herman Laux, officiating at the requiem high mass and at the burial in the Muenster cemetery.

Mr. Yosten was born in Ridgeley, Nebraska on June 7, 1883, a son of the late Mr. and Mrs. John Yosten, and came to Muenster with them in 1899. He had lived here since that time, engaging in farming west of the city until 5 years ago when he retired from active work and moved to town to reside. He married Miss Agnes Swirczynski on May 15, 1906.

Survivors are the widow, six sons, Al, Leonard, Roman, Leroy, of Muenster, Stan and Paul, Fort Worth, and two daughters, Mrs. Tony Wiesman, Pilot Point, and Miss Dorothy Mae Yosten, Muenster. Six grandchildren, one sister, Mrs. Joe Swirczynski, Muenster, and five brothers, Frank and N.J. Yosten, Muenster, Matt Yosten, West Point, Neb., George Yosten, Stanton, Neb., and Barney Yosten, Wisner, Neb.

Mr. Yosten had spent the past two weeks in a Sherman hospital for treatment but came home Monday, apparently improved. He was still up and around his home at 5 o'clock on Wednesday. He suffered an attack shortly afterward and passed away quietly at 8:15. He was of a friendly, good humored disposition and enjoyed a wide friendship.

VFW Will Assist Veterans In Filing For Furlough Pay

Ex-service men having trouble with their applications for terminal leave pay will be able to get help next week, according to an announcement by Pat Hennigan, commander of the local VFW post.

The accommodation is sponsored by the Muenster VFW. Hennigan said, and it is available to any ex-service man whether or not he is a member of the post. Arrangements are under way to have a group of helpers at the K of C hall next Wednesday, Thursday and Friday nights at 8 o'clock. Veterans who have any doubts about filling out the forms are urged to be there on those nights.

Veterans are reminded that they will need either certified or photostatic copies of their discharge to submit along with their applications. They can save time by securing such copies before coming in to fill out the applications.

The men are also urged to figure out in advance the total number of furlough days they had in the service. If each man will come prepared with this essential information very much unnecessary delay can be eliminated.

RAY WILDE GETS DIPLOMA IN DELAYED GRADUATION

Ray Wilde was one of thirty-six students of Saint Mary's University to receive his diploma and bachelor or science degree in commencement exercises held at the college Sunday evening, Aug. 25.

The class consisted of the regular semester graduates and a number of ex-service men, who like Ray, were called to their country's service before they could complete their courses.

Ray completed four years of college work in three years, with the exception of study required to give him two credits. He was to have graduated with the 1945 class and then attend summer school the following six weeks. He entered the army two weeks before graduation and while in England attended classes to make the two points. His degree was conferred "with honors" and he was asked to become a member of Delta Epsilon Sigma.

Accompanying him to San Antonio were his wife, her brother, Freddie Schmitz of Lindsay, and Misses Gladys and Laurie Wilde of this city.

Johnny Streng is up and around following an operation at M. and S. hospital in Gainesville recently.

SIMPLE EXTERMINATOR FOR ANTS: CIRCLE OF DDT AROUND THE BED

Since a lot of folks are being pestered with those small black household ants now, here's some advise from B.T. Haws County Agent:

To treat those ants effectively, you must go out and get to the root of the trouble, which of course is the ant bed itself. The best way to handle these small

ant colonies and don't confuse them with the large or cutter ant colonies — is to sprinkle five percent DDT powder around the entrance to the bed. Be sure the band of powder reaches all the way around the hole, is about two inches wide and not more than six inches from the bed entrance.

When entering the colony, the insects will walk through the powder. It will stick to their feet and they'll carry it into the bed, killing all the ants in the colony.

You can stop them temporarily in the house by using some commercial bait that contains thallium sulphate. It may be bought prepared for both the sweet-eating and the grease-eating ants. Or, if you can't find the commercial bait, try sprinkling the five percent DDT dust in the house, or use a DDT residual spray.

SAINT ANNE'S SOCIETY HAS SOCIAL AND MEETING

Members of Saint Anne's Society enjoyed a social in the parish hall Thursday afternoon, August 22, with Mes. Henry Fette, Emmet Fette and Joe Fette

as hostess, assisted by Mrs. C.J. Fette and Mrs. Joe Walterscheid. Nine tables were arranged for progressive 42 series in which Mrs. Al Schad scored high and received an aluminum cake pan as an award. Mrs. Frank Yosten was consoled with a handy kitchen memo pad, and Mrs. Clarence Hellman was presented with a set of table mats as the galloping prize.

Refreshments of ice cream and cake were served to 40 ladies.

During a short business session, Mrs. Ben Seyler, president, presided.

Members made plans for the community pantry and kitchen shower for the local Sisters, sponsored by the society each year. It will be held on the afternoon of Thursday, Sept. 5, in the parochial school auditorium. Mrs. Seyler extended thanks, in the name of the Sisters, to members who had assisted with redecorating work at the Sisters' home, and asked for volunteers to assist the following day with painting chairs. Meses. Joe Horn, Joe Hoening and Al Schad offered their services. Members also voted to have a social next month.

GARDEN CLUB INVITED TO DALLAS ZINNIA SHOW

Members of the Muenster Civic League and Garden Club are invited to participate in the state wide Zinnia Show to be held September 11, in the main lobby and annex of the Republic Bank of Dallas, the club was advised in a letter from Mrs. Steve J. Barrett, general chairman.

There will be three divisions in the show — Garden Club members will compete in one group, council members in another and the general public in the third. In addition to standard ribbon awards, the bank will present a number of special awards for the best displays of Zinnias and for the best collections, the invitation stated.

For further information, those interested are asked to get in touch with Miss Olivia Stock, local club president.

ENJOY OUTING AT KATY LAKE SATURDAY

Officials of the Muenster Horse Show association and their guests enjoyed an outing and picnic supper at Katy Lake Saturday evening.

Confusion

A member of the legislature was making a speech, and in conclusion said, "In the words of Daniel Webster, who wrote the dictionary — 'Give me liberty or give me death!'"

One of his colleagues pulled at his coat and whispered, "Daniel Webster didn't write the dictionary — it was Noah."

"Noah nothing," replied the speaker, "I guess I know a little Scripture. Noah built the ark!"

Oh, Yes!

Betty: "Did you hear about the man who sat up all night trying to figure where the sun went when it went down?"

Olive: "No, what happened?"

Betty: "It finally dawned on him."

WANNA KILL TREES? THE TIME TO DO IT IS NOW AND HERE'S HOW

From now until September 1, is the best time to poison the undesirable trees you want cleaned out of your pecan groves.

Since the growing season of the trees is over now, they may be killed quickly by following this procedure recommended by B.T. Haws, County Agent.

Sharpen your axe and cut through the bark of the tree you want to kill, allowing each cut to overlap the last. Then mix this poison formula. Heat one and a half gallons of water to a boil and add two pounds of sal soda. Slowly mix one pound of lye into the water and follow with two pounds of white arsenic. When all the ingredients have dissolved, remove the mixture from the fire.

Pour into the cut bark of the tree one tablespoonful of the poison mixture for each six inches of cut made. The tree will die very soon.

But here's a warning if you do use this method of killing timber. It is bet to remove all livestock from the area where the poisoning is going on. It's possible that they might be killed by licking the sap running out of the cuts in the trees. As soon as the sap quits running, usually from 10 to 14 days, there will be little danger to livestock.

Cream of the Crop

Lucy had won first prize in English composition! Mother was delighted.

"Dear," she exclaimed, "weren't you awfully afraid you wouldn't get it, when there were so many other brilliant contestants?"

"Not for a sec," was the careless rejoinder. "Why, with that bunch of drip-lickies, mom, it was a lead-pipe cinch!"

Do you believe in signs? The Texas Safety Association warns that many signs on the street say "Stop" to the driver — the old fellow crossing against a red light, the child running into the road after a ball, the quick dash of a pedestrian. Remember, the most important safety device ever created is just about nine inches above your shoulders — your head — use it!

Blazing NEW Trails in Texas

Early wild life of Texas blazed the first known trails across the wide plains of the Lone Star State. The semi-yearly migrations from the snow-covered, wind-blown high plains, to the central and coastal prairie, established definite, regularly used trails.

Indians followed these trails as they hunted the animals for food. Their wandering, nomadic life developed these trails into lasting routes of communication and travel.

Later, ranchers drove thousands of cattle to market or to feeding grounds... along these same, fixed trails, and settlements grew up around important crossroads. Farms and ranches became more numerous, early routes gradually became heavily travelled roads... and finally the concrete-ribbon highways of today.

The Texas Power & Light Company, chartered in 1912 by Texas men to serve Texas towns and communities, by 1915 began to blaze new trails to carry electric service to outlying rural and farm homes. Rural electric power lines, the trail-blazers of better living and better farming, were extended mile after mile outward along the highways and byways... opening still newer trailways to bring more efficient operation to farms and better living to rural and farm homes.

With far-sighted planning and steady progress, the Texas Power & Light Company expanded your rural electric service year by year, until, today, approximately 7,000 miles of its rural lines bring dependable, low-cost electric service to more than 44,000 farm and rural users.

NOW, MORE THAN EVER BEFORE THE ARMY HAS A GOOD JOB FOR YOU!

NON-COMMISSIONED GRADES NOW OFFERED TO FORMER ARMY OCCUPATIONAL SPECIALISTS

Good jobs in non-commissioned grades are being offered now by the Regular Army to qualified former servicemen!

Veterans discharged on or after May 12, 1945, who enlist or reenlist for 3 years may be enlisted in the non-commissioned grade for which qualified, provided this grade is not higher than that held at time of discharge, and provided that at least 6 months of former service was in one of 400 designated military occupational specialties in which enlistment is now desired.

Important, interesting jobs are open in hundreds of skills and trades in the Army, with splendid training and educational advantages! These are in addition to free food, housing, clothing, medical and dental care, low-cost insurance.

There's adventure, travel, education, a secure and profitable future in this vital, realistic profession. Get full details at your nearest Army Recruiting Station.

★ Highlights of Regular Army Enlistments

1. Enlistments for 1½, 2 or 3 years. (1-year enlistments permitted for men now in the Army with 6 or more months of service.)
2. Enlistment age from 18 to 34 years inclusive (17 with parents' consent) except for men now in the Army, who may reenlist at any age, and former service men depending on length of service.
3. A reenlistment bonus of \$50 for each year of active service since such bonus was last paid, or since last entry into service, provided reenlistment is within 3 months after last honorable discharge.
4. A furlough for men who reenlist within 20 days. Full details of other furlough privileges can be obtained from Recruiting Officers.
5. Mustering-out pay (based upon length of service) to all men who are discharged to reenlist.
6. Option to retire at half pay for the rest of your life after 20 years' service—increasing to three-quarters pay after 30 years' service. All previous active federal military service counts toward retirement.
7. GI Bill of Rights benefits assured for men who enlist on or before October 5, 1946.
8. Choice of branch of service and overseas theater (of those still open) on 3-year enlistments.

TUESDAY CEREMONY UNITES JIM LEHNERTZ AND THERESA HIRSCY

Solemn and impressive rites were performed in Sacred Heart church here Tuesday morning at 8 o'clock to unite Miss Theresa Hirschy, daughter of Mrs. Joseph Hirschy, and the late Mr. Hirschy, and Jimmy Lehnertz, son of Mr. and Mrs. Joe Lehnertz.

Rev. Herman Laux, pastor, officiated at the double ring ceremony and at the nuptial high mass. The altar before which the vows were exchanged was adorned with pink and white carnations and gladioli. Anthony Luke, organist, played the professional and recessional and assisted the church choir in rendering the mass, "Missa Tertia". At the offertory the choir sang "Ave Maria, Estella".

Mrs. Hirschy gave her daughter in marriage. The bride was lovely in a gown of ivory brocaded satin designed with a sweetheart neckline, long fitted sleeves that terminated in points over the hands, a pointed basque bodice ornamented with self-covered buttons down the back, and a full gathered skirt which fell into a long, graceful train. Her finger tip length veil was caught to a head dress ornamented with pearlized orange blossoms and she carried a bouquet of orchids showered with stephanotis and narrow satin streamers. For "something old and blue" she carried a sapphire rosary, and borrowed a dainty lace handkerchief from her maid of honor. Her only jewelry was a triole strand of pearls, a gift from the bridegroom.

Miss Josephine Hirschy of Dallas was her sister's maid of honor. She wore a dress of blue net over taffeta with drop shoulder neckline, short sleeves, princess bodice and gathered skirt. Her headdress was of pink tinted daisies and she carried a white lace and net muff, topped with a cluster of the daisies.

Miss Dolores Lehnertz, sister of the groom, of Fort Worth, was bridesmaid. Her costume, in pink, was identical to that worn by the maid of honor, and her flowers were blue tinted daisies.

The groom's brothers, Giles Lehnertz and Earl Lehnertz, attended as best man and groomsmen, respectively.

Little Claude Lehnertz, another brother of the groom, was ring bearer, and Little Miss Charlene Hellman was flower girl. She was attired in white net over taffeta and carried pink and blue tinted daisies.

Mrs. Hirschy and Mrs. Lehnertz, mothers of the couple, wore black ensembles with corsages of white carnations.

Charley Hellman and Walter Richter were ushers.

Immediately after the services, a wedding breakfast was served in the home of Mrs. M.J. Endres, to members of the bridal party and the parents of the couple. The table was laid with a white linen cloth and ivory china and was centered with an arrangement of vari-colored late summer flowers.

At high noon dinner was served in the Lehnertz home to relatives and close friends. The bride's table was beautifully appointed with crystal and silver and was laid with an heirloom white linen cloth, used at the wedding of the groom's maternal great-grandparents in 1850. The board was centered with a large four-tier, all-white decorated

cake, topped with a miniature bridal figurine. The home was decorated with gladioli and asters.

In the afternoon the Lehnertz home was the scene of an informal reception for a large number of relatives and friends and at 6:30 a sumptuous buffet supper was served on the well-lighted lawn to some 200 guests. Miss Juanita Weinzapfel was in charge of the bride's book.

A dance in the K of C hall in the evening concluded the day's festivities. E.K. Brooks and his colored orchestra from Denison played the music.

It was during this event that Mr. and Mrs. Lehnertz left by car on a wedding trip to northern states. When they return they will make their home here. For traveling the bride wore a gray woolen dress with accessories in red cobra skin.

Mr. Lehnertz is a native of Muenster and attended Sacred Heart school. He entered the army in November, 1941, and went overseas the following August, serving with the 5th and 7th armies in the ETO for more than 3 years, receiving his discharge in July, 1945. He is chief of the volunteer fire department and is in the service station business here.

Mrs. Lehnertz is a native of Wichita Falls and a graduate of Academy Mary Immaculate of that city. She came to Muenster eight years ago and since December 1942 is employed in the Muenster State bank.

Pvt. Dewey Branch is visiting his parents, Mr. and Mrs. Claude Branch, on a 14-day furlough after which he will sail for Japan.

Mr. and Mrs. Ewald Brend and family of Gainesville were Sunday dinner guests of Mr. and Mrs. R.M. Zipper.

If the original has been lost or destroyed, a certificate in lieu of discharge will be issued upon application to the adjutant general of the army, 4300 Goodfellow Boulevard, St. Louis, 20, Missouri; chief of naval personnel, Headquarters, U.S. Marine Corps, Washington, 25, D. C.; Commandant of the Coast Guard, Washington, 25, D. C. Army personnel may obtain the proper application form at any recruiting office. **Some Cash, Some Bonds**

If the amount due a veteran is less than \$50 or if he was discharged before Jan. 1, 1943, payment in full will be made by treasury check.

For amounts of \$50 and above, payment will be in bonds in multiples of \$25, with a check for the balance. However, payment in full will be made by check to survivors or guardians of discharged veterans who have died, become insane or been adjudged incompetent.

All payments to veterans will be at the pay rate for the enlisted grade held when discharged. Those still on active duty also will be compensated at the rate for the last enlisted grade or rating held. Payments will include an additional 70 cents a day for subsistence and, for master, technical and staff sergeants with dependents, \$1.25 a day for quarters.

The act puts a one-year limit on the time for applying for payments.

Maturity date of the bonds is five years from the date of the last separation from service. They may not be pledged as collateral or otherwise used in financial operations except for payment of premiums, loans or conversion on government or National Service Life Insurance.

Confetti---

can well afford to pass in front of said stations and repair shops. The volume of loose nails some of them have is downright suspicious. Just to add to the tonnage it might also be worthwhile to follow the ditches for nails that yours truly has picked up and thrown aside during the past several months.

They say that, if a person pesters enough he can get what he wants, and if Con shows up one of

these days with his long awaited new suit that's how he got it. When Leo Kuehn, Jr., took off last Sunday on a buying trip to New York, Chicago and Saint Louis, he had an extra special list of constant naggers, including me, to take care of, no matter how rough the buying situation may be. If he can't buy said suits, he'd better beg or steal them, 'cause we'll be making him very miserable if he comes back empty handed.
