## District ready for barn raising

By Janie Hartman

Approval of recommendations made by the Ag Committee to award bids to proceed with the Ag barn construction was one of the top items carried out at the Sept. 12 Muenster ISD Board of Trustees meeting. The Ag Committee of Neal Flusche, Jim Endres, Bert Walterscheid, Dale Klement, and Daniel Waneck presented four acceptable bids towards the construction to the Board and held one for re-bidding.

The Board awarded Structures, Inc. the bid of \$70,408 to build the barn, the plumbing to Robert Russell Plumbing for \$13,200, the concrete bid to Dangelmayr Construction, Inc. for \$51,228.60, and awarded Monday's Backhoe bid of \$18,340 for the dirt work. The Board decided to re-bid the electrical work because more specific specs are needed.

On the same subject, the Board also approved the corrected copy of the general warranty deed from Geraldine Walterscheid which states that the land donated to the District for an Ag facility will remain the property of Muenster ISD if the FFA program ever discontinues in the District. The property will not revert back to the donor. The facility will carry the name "Martin Trubenbach Ag Center."

In other business, the

Board approved the contract for Moak, Casey and Associates for the economic study on the wind generated farm as discussed in last month's regular meeting.

Reports given included:

- Lou Heers, elementary principal, reported a current enrollment of 273. She told of the success of Howdy Night and orientations, and meetings attended by staff members. Lindsay will be hosting the District Elementary UIL Meet this year.

- Brandon Peavey, high school/junior high principal, reported that students began the school year with enthusiasm and a positive work ethic, responding well to the class schedules. He also noted that students and staff who wanted to attend a Sept. 11 "Prayer for Peace" at Sacred Heart Catholic Church could do so. Darlene Williams, Muenster ISD teacher, was recognized in the National Red Cross newsletter for her work with the organization.

- Athletic Director Monte Endres reported on early football games and cross country meets. He noted that 16 8th graders and 21 7th graders reported to practice for junior high football. New cross country/track uniforms were ordered for the girls. Twenty-three high school girls are in the off-season conditioning

## Local band plays up the Texas Music Chart

By Janet Felderhoff

All three members of the local hard red dirt music band Bois D'Arcs (Bo Darks) have been playing music since their youth. Shayne Wimmer of Muenster began the band in 2000 with other members. He chose the name Bois D'Arcs because the wood of the Bois D'Arc tree is hard and longlasting. He noted that a lot fence posts made from it years ago are still standing.

Joseph McCoy of Muenster and Ian Desmuke of Forestburg joined in 2004. They are excited about their CD "The Bois D'Arcs" being released nationally this week.

The CD has been out since May, but made its national debut Tuesday. "We just signed a deal about a month ago with Smith Music in Fort Worth," Shayne noted. "They're going to distribute it. It's going to be in Best Buy stores across the country. It'll be on Barnes and Noble, and Amazon.com."

"The Smith deal, hopefully will catapult us," said Shayne. "They are the reason Ragweed, Randy Rogers, and Stoney LaRue have gotten so big because they pushed them." "We're also endorsed by Shiner Bock beer," added Joseph. "That kinda helps with advertising."

Writing the songs is a collective effort of the group said Shayne and Joseph. Shayne writes the lyrics with a little help from the others. Tunes are created by the whole group. Their music is played on between 60 and 80 radio stations including 95.9 The Range in Fort Worth and 92.5 The Outlaw in San Antonio. Shayne said, "The first song (on the CD), 'Dead and Gone,' was on the Texas Music Chart for four and a half months. At one time, it was getting played 800 times a week on those stations."

In response to what type of music hard red dirt Texas music is, Shayne said, "It's basically blues, rock, country, everything combined into one. Basically, the bands from Texas and Oklahoma."

"I guess as a band, a lot of our music is influenced by rock and roll of the '70s, '80s, and '90s that we grew up on, but also some of the outlaw country like Willie and Waylon, Robert Earl Keen, and more recent bands like Jason Boland and the Stragglers, and folks of that nature," Ian reflected.

Joseph listed artists who inspired him as Rush, Ween, and a base player named Jocko Pastorius.

The trio have each played in rock bands at one time. They now seem to have found

The Bois D'Arcs - Shayne Wimmer, Joseph McCoy, and Ian Desmuke.

Janie Hartman photo

their niche and really enjoy playing as a group.

Joseph, who has played guitar since he was 10, commented, "I've just always liked music. I grew up with music. It feels good to get up and perform in front of people and get the music out there."

Shayne agreed. He's also been singing since he was a kid. He purchased his first guitar with money made at a fireworks stand at age 16.

"I guess I just like to beat things with sticks," Ian said with a grin. "It's good stress relief." He's been playing drums since he was about 11.

Actually, he said he got his first drum set at age five, but he soon destroyed it.

Playing in a band opens the door to some unusual experiences and some good memories. Shayne's best memory is

playing at Billy Bob's a year ago. Joseph has good memories of Billy Bob's too. He said he likes playing there because, "All the famous people and the history of it, and the exposure. Only a select few get to play there."

Ian shared his craziest memory as almost getting maced. They were playing for a party and someone called the police. An officer came up to the band, took out a can of mace and started shaking it at them. He instructed them to shut it down, which they did.

In the band's future, they hope to "Keep on doing this and be able to do it for a living, get bigger crowds, be able to support themselves, to see more places, and to get a bigger fan base."

Currently the group is working a new guitarist in. Chris Stewart of Saint Jo played guitar on the CD, but has in the last couple months quit the band. With a wife and new baby, he didn't wish to commit the time and distance it would take to go further, they said.

When not playing, Shayne is a court reporter and Joseph is a massage therapist and is waiting for his license to arrive in the mail. Ian quipped, "I just play drums and stay broke."

To cap off a week of excitement, the group takes the stage at Billy Bob's Texas in the Fort Worth Stockyards this Saturday night. They are very excited about the event and hope to see a lot of their local fans in the audience.

## Come join the Free Family Day In The Park

A covered dish lunch and fun day in the park is scheduled for Sunday, Sept. 23 from noon until the last person decides to go home. Every family in the area and the entire community is cordially invited and encouraged to attend.

Betty Flusche, chairperson of the Unity and Fellowship Committee of Sacred Heart Parish, advises everyone, "Leave your wallets at home! Bring only a covered dish, a smile, a happy heart, and goodwill toward everyone."

For those with favorite games, there will be tables for bridge, dominoes, and even Bunko if folks bring their Bunko buddies along. Bring decks of cards, dominoes, and a portable lawn chair or blanket to sit on.

There will be free hot dogs, snow cones, kettle corn, and cotton candy for the children, and free tea, lemonade, and water for everyone. The children will especially enjoy free access to the bounce house and obstacle course, balloons, and a train ride. For the tal-

ented and physically active, there will be the game of washers, karaoke, and a volleyball tournament.

This ecumenical event is sponsored by the Unity and Fellowship Committee of Sacred Heart Parish. It is an opportunity to reach out to neighbors, relatives, and friends, and especially to the new arrivals in the community. It is an opportunity to experience a joyful Family Day In The Park.

## OBITUARY

### Ora King 1905 - 2007

Services for Ora Ivins King of Saint Jo were held Sunday, Sept. 16 at First Baptist Church of Saint Jo. Burial followed in Mountain Park Cemetery in Saint Jo, under the direction of McCoy Funeral Home of Saint Jo.

Ora died at the age of 102 on Friday, Sept. 14, 2007 in Muenster Memorial Hospital.

Born Sept. 10, 1905 in Indian Territory, Oklahoma, to James Samuel and Elizabeth Ann Martin Ivins, she was the 13th of 14 children. She married Olan King on Aug. 14, 1930 in Marietta, Oklahoma. They had three children. Having lived in the Capps Corner and Illinois Bend area until 1993, they then moved to Saint Jo. She was a homemaker and member of the First Baptist Church in Saint Jo, and a

member of the Illinois Bend Community Club. Ora worked in the fields, raised a garden, canned food, and made clothes for her family.

Survivors are her daughters and son-in-law Betty King, and Louise and Dale Hughes; seven grandchildren, 11 great-grandchildren, and three great-great-grandchildren.

Preceding her in death were her parents; husband Olan in 1997; son Oran Donald King in 1986; one granddaughter; six sisters and seven brothers.

Pallbearers were great-grandchildren Lance Hughes, Lindsey Hughes, Terra Hughes, Grayson Hughes, Mallory Hughes, and Jennifer Celman.

Honorary pallbearers were J.C. Ivins and Marshall Ivins.

## MMH offers annual flu shots

## LETTERS TO THE EDITOR

### Letter to the Editor:

It is refreshing to have new volunteers step forward from within the Keep Muenster Beautiful member groups to help with a project. But it is very encouraging and certainly noteworthy when two young men step forward and ask if they can help and do not belong to a member group.

But that is what happened Saturday as street corners were being reworked on Main Street.

Mike Karas and Jack Hogan rode by our group and asked if we were working for KMB to win the \$65,000 prize. When they found we were working for KMB they immediately asked if they could help. They carried electrical cords and bagged cut branches. But more importantly they expressed their

opinions on "what Muenster needs". We should really should listen to our youth once in a while.

When 12 year olds are thinking about what our community needs and step forward to help without hesitation, our community is sure to be a winner regardless if we win the GCAA contest. If the rest of us apply just an ounce of their youthful enthusiasm WE WILL WIN the GCAA this year.

If you know these boys, please thank them for their positive attitude and encourage them to continue to step forward as often as they can. Self starters like these young men are destined for leadership in the future if we give them the recognition they deserve today.

## Draw less electricity with your computer

Personal computers recently announced a plan to increase energy efficiency in computer equipment over the next four years.

But there are steps you can take now to help curb your computer's energy usage while technology catches up.

\*Just being aware of energy usage and paying attention to appliances in your home can

lead you in the right direction to save energy," said Neil Hesse, general manager of Cooke County Electric Cooperative. "Computers draw lots of energy when we aren't looking - but don't have to."

One simple solution is to turn off your computer when you aren't using it. Even when computers go into a low-power mode, they still draw electricity. And turning your home computer off at night or while you're at work won't harm the system. It'll just save you money on your electric bill.

You can also set your computer to save energy while it's in use. Consider having the system go into a sleep or standby mode after 10 minutes of inactivity, allowing it to save energy while you make a phone call or take a quick lunch. And avoid

graphic-intensive screen savers - they waste more power than energy-saving sleep modes.

When shopping for a new computer, look for a model with the Energy Star label. Consider buying an LCD monitor - they can be up to 66% more energy efficient than CRT models. Using a notebook computer will also save you energy over a desktop model. Since notebooks run on batteries, they are built to consume less power.

"As a member-owned co-op, we are happy to give our member-customers tips on how they can save energy," said Neil Hesse.

Cooke County Electric Cooperative, headquartered in Muenster, serves 9,300 member-customers in Cooke, Montague, Wise, Denton, and Grayson counties.

• Jeff Presnall, technology director, said that the online parent portal "txConnect" is almost ready to launch. Lindsay and Muenster are the first schools in this region to get started this year with the parent portal. Parents will be notified when the service becomes available.

The grade book system "txGradebook" is up and running, along with a football multi media hardware and software, Odysseyware course-recovery software, and the library's transition to the new online BookSystems cataloging program. Patrons may now access the library's catalog at home by clicking on the "Library - Online Catalog" link on the school's website.

Debra Sicking is now the official web master of Muenster's website, [www.muensterisd.net](http://www.muensterisd.net)

• Superintendent John Kaufman reported a delinquent tax collection of \$38,881.32 in July and \$2,868.05 in August.

Joe Spoon of BK Construction gave an update on the status of the cafeterium project. The architect plan is 85% complete and the contractor will have it in a few weeks and start taking bids. Ground breaking should oc-

cur at the end of October or the first of November.

The Board went into executive session to discuss the Board's goals for the superin-

tendent and District, and to look at an evaluation date. After an hour and a half, the Board reconvened with no action taken.

## VFW Ladies Auxiliary plans fall bake sale

The Ladies Auxiliary VFW Post #6205 has scheduled Friday, Oct. 5 for their annual bake sale. Members signed up to work at the sale during their meeting on Monday, Sept. 17 in the Post Home. The bake sale will begin at 8 a.m. and last until all the baked goods are sold. Members were asked to bake several items or give a \$12 donation.

Before the meeting began, a short "Prisoners of War, Missing in Action" (POW MIA) program was held. The table was set with red, white, and blue lit candles, and a black lit candle representing POW MIA. Decorations also included small nations flags and a POW MIA flag. A reading and short prayer was of-

fered. Frances Bayer, president, reported that Ethel Bayer accompanied her to Bonham VA to deliver the t-shirts that were collected. While there, they volunteered eight hours service.

A report was given on the District I meeting held in Gainesville on Aug. 27. Campbell soup labels were sent to the National Home Children's Project.

Yellow ribbons were available for the ladies to wear and one to take home to tie around a tree to remember service men and women.

Eleanor Felderhoff served refreshments to nine members. The next meeting will be Oct. 15 in the Post Home at 7:30 p.m.

Melvena and E.B. "Bubba" Byerly and Becky and Jerry Ford are delighted to announce the engagement and approaching marriage of their daughter Leslie Ann Ford of Gainesville to Lucas Dominic Hartman, son of Irene and Roy Hartman of Muenster. The couple plans to wed on Saturday, Nov. 10, 2007, at St. Peter's Catholic Church in Lindsay. Leslie is a 1997 graduate of Era High School and a 2003 graduate of the University of North Texas with a Bachelor of Business Administration degree in Marketing. Presently, she is pursuing a Master of Business Administration with a concentration in Accounting, also at the University of North Texas. She is employed as an accountant with Ronald Reedy, P.C. Lucas graduated from Muenster High School in 1998 and Texas A&M University in 2002 with a Bachelor of Science degree in Animal Science. He is self-employed as a farmer and rancher. After their marriage, the couple plans to reside in Muenster.

## AREA EVENT

### Gem and Mineral Show

The Texoma Rockhounds will hold their 45th Annual Gem and Mineral Show at the Senior Citizen Center, 531 West Chestnut Street in Denison on Sept. 29 and 30. Commercial dealers and demonstrators will have mer-

chandise for sale. Club members will have displays of fossils, agates, rocks, gems, and much more. There will also be games, silent auction, touch table, and raffle and door prizes. Admission is free. For more info, contact Rosemary Siems, 903-891-9702.

## NTMC schedules Health Fair, Open House

North Texas Medical Center, Gainesville, is planning a big health event for Saturday that people of all ages will want to work into their busy weekend schedules.

"This Health Fair and Open House has something for everyone," says Gayla Blanton, director of Marketing and coordinator of the event. "From seniors to children - we have structured this event to cover a wide range of interests."

In addition to the usual offerings of health screenings and health information, the hospital staff will be providing many useful services free of charge to the public.

"One thing we are offering that might be of special interest to senior adults is a prescription registry service," Blanton noted. "Nurses from our emergency department will be on hand to organize your medications and make a list for you to keep as part of your personal health history. A complete list of medications is very important to have in an emergency or whenever you visit your physician."

Local physicians are lined up to lecture on a variety of health topics, starting with Doctor Daniel Morris at 9

a.m., who will speak on Aesthetic Practices; Doctor Richard Jolly, "Cataract Surgery with Crystalens" at 10 a.m.; "Your Child's Health" with pediatrician Tsion Haileselassie, M.D., at 11; Doctor V.K. Agarwal on Adult Health Issues at noon; and Doctor Roane McLaughlin, who will talk about the latest in Women's Health at 1 p.m.

All physician sessions will be held in the Board Room at NTMC. Seating is limited.

In addition, all of these physicians are going to be available during their office open houses, which run concurrently with the hospital event. A complete schedule of Open House times are provided in the advertisement included elsewhere in this publication.

Cooke County EMS will have their new rescue truck available for viewing during the Fair and Carelite Emergency Helicopter will be on site from 11 a.m. to 1 p.m. There will also be a mock operating room set up for people to view.

"We want this event to be interactive, allowing people to see things that are normally 'off limits' in the normal

operation of a hospital," said Blanton.

Other agencies represented during the event include: Bosco's Gym and Curves, who will both promote the importance of physical activity; MHRM/Early Childhood Intervention, the North Central Texas College Nursing Department, Plaza Pharmacy Diabetes Education Program, and the Texas Department of State Health Services.

Southwest Organ Bank will be on hand to register donors and provide information on their new online registry.

Displays and information will be available on a variety of health and safety issues, including car seat and seat belt safety, infant and child safety, and injury prevention, as well as health issues including stroke awareness, cardiac health, and nutrition.

"To make our safety lessons more entertaining for the kids, we will have special guests - Trauma-Roo and Buckle Bear - here," Blanton noted.

Another important component of the Saturday event is the blood drive. "Texoma Regional Blood Center will be at NTMC from 9 a.m. to 2 p.m."

Blanton said. "This is in response to the critical need for blood in the area. We encourage everyone who can give blood to come out and do so."

Health screenings to be provided at no charge include blood glucose, total cholesterol, blood pressure, and blood oxygen levels.

For more information on the Health Fair, please contact Blanton at 612-8373.

## KLB to Adopt-A-Spot

Keep Lindsay Beautiful (KLB) has started an Adopt-A-Spot program to help achieve their mission. The mission of KLB is to educate its citizens to take responsibility for the beautification and cleanliness of the City of Lindsay and surrounding areas in such a way that it is attractive and appealing to businesses, families, and tourists.

Those who participate sign an adoption agreement stating that they will conduct a general cleanup or beautification of the adopted area at

least four times per year and report the maintenance to KLB. KLB will place an Adopt-A-Spot sign at the adopted site and recognize volunteers at the KLB annual meeting.

To date, participants with signed contracts include Rudy and Anna Belle Dieter, the Wilbert Block family, Judy Hoberer, Trice Henry's Promise Class, and Glenn and Sonya Block.

If anyone is interested in an Adopt-A-Spot, they can contact any KLB member.

# Mikayla celebrates her first birthday!

Mikayla Grace Hesse, daughter of Mark and Melanie Hesse of Muenster, celebrated her first birthday with a Princess themed party at her home Saturday evening. The party was held on her actual birthday of Sept. 15. A fried chicken dinner with all the trimmings was served, followed by cake and ice cream. Then the honoree, with help from her sisters and cousins, opened her many gifts.

## KMB names Bohls' residence September Yard of the Month

Keep Muenster Beautiful Yard of the Month for September was awarded to Greg and Tracie Bohl who reside at 801 North Maple with their children Mahayla and Savannah. Greg keeps the spacious front yard well groomed. Its curving shrub beds draw visitors' eyes to the front door. The beds are filled with a variety of shrubs including red and white crepe myrtles, white abella, dwarf yaupon hollies, Foster's hollies, Burford hollies, dwarf junipers, pink and white Indian Hawthorns, gray santrina, and nandinas. Flowers include red begonias, day lilies, and cannas. Trees that grace the lawn are a North Texas native mix including Shumard red oak, burr oak, and pecan, plus ornamental Chinese elm.

## NCTC event Saturday rounds up scholarships for its Ag students

This year's seventh annual "Friends of Agriculture Roundup" at North Central Texas College is set for Saturday, Sept. 22, and the goal remains the same—to round up funds for scholarships.

The event will get underway in the NCTC Field House (gymnasium) with a barbecue dinner to begin serving at 5:30 p.m. The event's popular

live auction will start at 7 p.m. under the gavel of auctioneer Ken Pearce of WW Auction Co. of Valley View.

Admission to get into the Field House for the Roundup is free, and the event is open to the general public.

Back this year, as a replacement for the silent auctions of years past, is the popular "NCTC Ranch Store." Opening at 5 p.m., the Ranch Store offers buyers the opportunity to directly purchase a wide variety of merchandise, services, even baked goods donated by area businesses and individuals.

Providing musical entertainment from 5 to 7 p.m., during the Ranch Store shopping and the meal, will be Dr. Gene Herzog's Good Ole Boys Band. The meal will be catered by Dieter Brothers of Lindsay.

"The Ranch Store was very popular last year with the folks coming to help us raise money to support agriculture scholarships," said T.J. Davidson, head of NCTC's agriculture department and principal organizer of the Roundup. "This year, the store will have 40 different items available for purchase."

"We appreciate so much all the area businesses and individuals who have donated all the merchandise and services, not only for the Ranch Store but also for our live auction, for buyer premiums, and to give away as door prizes."

Davidson said there will be a total of 80 items offered for bid in the live auction, and winning bidders will have their names placed in the hopper for drawings in which they could win one of 25 buyers' premium prizes to be awarded.

Davidson promised the same high level of fun, food, and entertainment that have marked the five previous events, and he said that the catalog of Ranch Store and live auction will be just as outstanding as ever. Just a few examples include several tons of livestock feed, dozer services, hunting and fishing trips, shop projects from area high school FFA chapters, and loads of concrete, gravel, sand, and crushed rock.

"We'll have many different ways folks can acquire some great merchandise, have a great time, and really help some deserving students," Davidson said, explaining that for many students this financial assistance speeds their education, allowing them to take a full academic load and concentrate on their studies.

He explained that in awarding of the scholarships, priority is given to students from Cooke, Montague, and Denton counties who are majoring in agriculture or an agriculture-related field. However, if sufficient funds are available, scholarships can be awarded to other highly qualified students.

This semester's recipients of Friends of Agriculture Scholarships will be assisting with the live auction and will be formally introduced just prior to its beginning.

Davidson said that Friends of Agriculture is a group of private individuals and organizations, as well as a number of NCTC faculty and staff, established several years ago to help support the agriculture program at NCTC, primarily through student scholarships.

Davidson said, "We have 33 students attending classes this fall on \$500 Friends of Agriculture Scholarships, and that money goes a long way towards helping these students cover tuition, fees, and textbooks."

To date, including the current semester, a total of 290 of the \$500 scholarships have been funded through the Friends of Agriculture fund raising program.

## PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS  
SPECIAL ELECTION NOVEMBER 6, 2007

### PROPOSITION 1 (HJR 103)

HJR 103 would update the constitutional reference to Angelo State University to conform with the statutory transfer of that institution from membership in the Texas State University System to membership in the Texas Tech University System.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment providing for the continuation of the constitutional appropriation for facilities and other capital items at Angelo State University on a change in the governance of the university."

### PROPOSITION 2 (SJR 57)

SJR 57 would authorize the legislature to permit the Texas Higher Education Coordinating Board to issue up to \$500 million in general obligation bonds to finance educational loans to college and university students, and to enter into bond enhancement agreements.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment providing for the issuance of \$500 million in general obligation bonds to finance educational loans to students and authorizing bond enhancement agreements with respect to general obligation bonds issued for that purpose."

### PROPOSITION 3 (HJR 40)

HJR 40 would authorize the legislature to limit the maximum appraised value of a residence homestead for property tax purposes in a tax year to the lesser of the most recent appraisal valuation, or 110 percent, or a greater percentage as determined by the legislature, of the appraised value in the preceding tax year.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the legislature to provide that the maximum appraised value of a residence homestead for ad valorem taxation is limited to the lesser of the most recent market value of the residence homestead as determined by the appraisal entity or 110 percent, or a greater percentage, of the appraised value of the residence homestead for the preceding tax year."

### PROPOSITION 4 (SJR 65)

SJR 65 would authorize the legislature to permit the Texas Public Finance Authority to issue up to \$1 billion in general obligation

bonds, the proceeds of which would be dedicated to maintenance, construction, repairs, and equipment purchases, as authorized by the legislature for the following state agencies: the Texas Building and Procurement Commission; the Parks and Wildlife Department; the Department of the Adjutant General; the Department of State Health Services; the Department of Aging and Disability Services; the Texas School for the Blind and Visually Impaired; the Texas Youth Commission; the Texas Historical Commission; the Texas Department of Criminal Justice; the Texas School for the Deaf; and the Texas Department of Public Safety.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the issuance of up to \$1 billion in bonds payable from the general revenues of the state for maintenance, improvement, repair, and construction projects and for the purchase of needed equipment."

### PROPOSITION 5 (SJR 44)

SJR 44 would authorize the legislature to permit cities with a population of less than 10,000 to hold an election to allow the city to enter into an agreement with a property owner to temporarily freeze taxes on property either in or adjacent to an area approved for funding under the Downtown Revitalization Program or the Main Streets Improvements Program administered by the Department of Agriculture.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the legislature to permit the voters of a municipality having a population of less than 10,000 to authorize the governing body of the municipality to enter into an agreement with an owner of real property in or adjacent to an area in the municipality that has been approved for funding under certain programs administered by the Texas Department of Agriculture under which the parties agree that all ad valorem taxes imposed on the owner's property may not be increased for the first five tax years after the tax year in which the agreement is entered into."

### PROPOSITION 6 (HJR 54)

HJR 54 would authorize the legislature to exempt from ad valorem tax one motor vehicle owned by an individual that is used by the individual for both business and personal use.

The proposed amendment will appear on the ballot as follows: "The constitutional

amendment authorizing the legislature to exempt from ad valorem taxation one motor vehicle owned by an individual and used in the course of the owner's occupation or profession and also for personal activities of the owner."

### PROPOSITION 7 (HJR 30)

HJR 30 would allow a governmental entity to sell property acquired through eminent domain at its immediately previous owner at the original purchase price, if the public use of the property has been canceled, if no progress is made toward that public use by a prescribed deadline, or if the property is unnecessary to accomplish that public use.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to allow governmental entities to sell property acquired through eminent domain back to the previous owners at the price the entities paid to acquire the property."

### PROPOSITION 8 (HJR 72)

HJR 72 would clarify home equity loan procedures and protections and make conforming changes to the written disclosure provided to the borrower at the loan closing. The amendment would establish that the status of whether property is an agricultural homestead for the purpose of receiving homestead protection, would be determined by whether it was designated for agricultural use on the date of the loan closing. The amendment would provide that a declared state of emergency (e.g., following a natural disaster) would justify execution of a second home equity loan on the same property less than one year after the first home equity loan. It would provide that non-substantive omissions on a loan application would not affect the agreement. It would require a borrower to receive a copy of all executed loan documents, and a disclosure list of fees and costs at closing. It would prohibit the use of preprinted checks for the use of unsolicited loan advances to obtain a home equity line of credit.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to clarify certain provisions relating to the making of a home equity loan and use of home equity loan proceeds."

### PROPOSITION 9 (SJR 29)

SJR 29 would authorize the legislature to exempt all or part of the market value of the residence homesteads of veterans certified as having a service-connected 100 percent

disability rating. SJR 29 would also clarify the progression of property tax exemptions available to veterans who are less than 100 percent disabled.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the legislature to exempt all or part of the residence homesteads of certain totally disabled veterans from ad valorem taxation and authorizing a change in the manner of determining the amount of the existing exemption from ad valorem taxation to which a disabled veteran is entitled."

### PROPOSITION 10 (HJR 69)

HJR 69 would remove constitutional references to the former office of inspector of hides and animals.

The proposed amendment will appear on the ballot as follows: "The constitutional authority to abolish the constitutional authority for the office of inspector of hides and animals."

### PROPOSITION 11 (HJR 19)

HJR 19 would require a vote taken in either house of the legislature to be recorded by record vote, if the vote was on final passage of a bill, other than local bills, a resolution proposing a constitutional amendment, or any other resolution that is not purely ceremonial. The record vote must be archived and available for public viewing on the Internet for at least two years.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to require that a record vote be taken by a house of the legislature on final passage of any bill, other than certain local bills, of a resolution proposing or ratifying a constitutional amendment, or of any other nonceremonial resolution, and to provide for public access on the Internet to those record votes."

### PROPOSITION 12 (SJR 64)

SJR 64 would authorize the Texas Transportation Commission to issue up to \$5 billion in general obligation bonds for highway improvement projects, the proceeds of which will be used to pay for projects, costs, and payments owed under related credit agreements.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment providing for the issuance of general obligation bonds by the Texas Transportation Commission in an amount not to exceed \$5 billion to provide funding for highway improvement projects."

### PROPOSITION 13 (HJR 6)

HJR 6 would authorize the denial of bail to a person who violates conditions of release

in a family violence case and permit the legislature to authorize the denial of bail to a person who violates certain court orders in a family violence case.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the denial of bail to a person who violates certain court orders or conditions of release in a felony or family violence case."

### PROPOSITION 14 (HJR 36)

HJR 36 would limit a state justice or judge's service to December 31<sup>st</sup> of the fourth year of the term if he/she is elected to all or part of a six year term, and reaches mandatory retirement age during the first four years of said term.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment permitting a justice or judge who reaches the mandatory retirement age while in office to serve the remainder of the justice's or judge's current term."

### PROPOSITION 15 (HJR 90)

HJR 90 would require the legislature to establish the Cancer Prevention and Research Institute of Texas, and would provide for its management, duties, and powers. It would authorize the issuance of up to \$3 billion in general obligation bonds to be used for operations and grants for the purpose of scientific research of all forms of human cancer.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment requiring the creation of the Cancer Prevention and Research Institute of Texas and authorizing the issuance of up to \$3 billion in bonds payable from the general revenues of the state for research in Texas to find the causes of and cures for cancer."

### PROPOSITION 16 (SJR 20)

SJR 20 would authorize the issuance of up to \$250 million in general obligation bonds by the Texas Water Development Board to provide financial assistance to economically distressed areas of the state to help provide adequate sewer and water supply services for residential use.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment providing for the issuance of additional general obligation bonds by the Texas Water Development Board in an amount not to exceed \$250 million to provide assistance to economically distressed areas."

## SH Machinators initiate first round of fundraising drive

The Sacred Heart Machinators had a busy first week in the six-week Boosting Engineering, Science, and Technology (BEST) Robotics program. Members methodically studied the official game rules, concluded initial brainstorming sessions on scoring strategies and defensive strategies, and began construction of a practice playing field with access ramps, an elevated platform, and a cargo container.

Two different types of cargo handling robots will be prototyped: a lightweight speedster and a heavy hauler. Electronic components were checked, connected, and tested before being assembled to a prototype frame. The working chassis was used to test wheel diameter variations for traversing the first obstacle, a 12-degree ramp leading onto a 14-inch raised platform.

Friday, Sept. 14, was also the first round of sponsorship drives and promotions for the BEST Robotics program. During visits in the community and especially to the sponsors and investors in the 2006 BEST project, "Laundry Quandary," members demonstrate Team Machinators' solution to last year's contest and explain the successes and lessons learned by participating in that competition. They also explain the task at hand in this year's project, "2010: A Robot Odyssey."

Fundraising is an essential component of the team's activities. Expenses incurred in competing for the BEST Award include those involved in designing a tradeshow-type display booth for competition day; materials for constructing a mock playing field; team shirts; a mascot costume; printing and promotional supplies, including

banners, signs, and stickers; building materials not supplied by BEST, such as paint, decals, spare components, power supplies, and test equipment; and funding the Team Machinators senior scholarships.

The team has acquired investors for its upcoming project, but it is not yet fully funded. Anyone not contacted who would like to invest in Team Machinators and this year's extraterrestrial cargo handling robot is asked to call Stephen Davis, head of Finance, at 940-759-2053.

The Machinators are also looking for any service projects the team could perform to supplement its financial assets. Suggestions or proposals can be made to Stephen Davis at 940-759-2053.

As in previous years, participation in Team Machinators is open to other qualified area students in grades 8 through 12.

Team Machinators is an equal opportunity employer. For details, call Darell Walterscheid at 940-759-4419.

Upcoming events for the Robotics include:

Sept. 26 - Open House at JAW Construction from 7 - 8 p.m.;

Sept. 29 - Early Bird at Team Bonner Chevrolet in Denison;

Oct. 13 - Mall Day at Midway Mall in Sherman;

Oct. 20 - Game Day at Gunter High School;

Dec. 1 and 2 - Texas BEST at Texas Tech University in Lubbock.

## Tigers snare Panthers 42-0

The Sacred Heart Tigers hosted the Panthers of Saint Jo last Friday night, totally controlling the game. The Tiger defense held the Panthers to only two 1st downs, 2 yards rushing, and 4 passing yards, while tallying 21 1st downs and 353 total yards.

"The boys did a good job. They took care of business for a good, solid win," commented Sacred Heart Coach Charles Boles on the Tigers 42-0 victory over Saint Jo. "We need to move on and keep building on our success."

Sacred Heart's offense was first on the field. Nolan Hartman carried three times for 16 yards before the Tigers ran out of downs and punted. Tackles by Hartman, Chris Marshall, and Tommy Torcellini forced a Panther punt. Colby Richey returned the ball 45 yards to the Saint Jo 20 yard line. On the first snap, Colt Spruill found paydirt with 7:14 on the clock. Hartman booted the extra point for a 7-0 score.

Saint Jo got in a few good runs before the Tiger defense shut them down. A long punt put Sacred Heart on their 13 yard line. A Hartman to Richey pass play turned into an 87 yard run to the end zone, but a flag brought the ball back to the 7.

Penalties and a bad snap delayed Sacred Heart's next drive, but a Hartman run and a Hartman screen pass to Sam Sparkman got the Tigers to midfield. A run each by Spruill and Hartman, and a Hartman to Kyle Knabe

pass moved Sacred Heart to the 7 yard line. Spruill carried the ball in for 6. Hartman hit the point after for a 14-0 score with 33 seconds remaining in the 1st quarter.

Shane Hennigan and Zach Zanchetta made plays to allow only four Panther yards. The punt put the Tigers on the Saint Jo 46. Two penalties lost 10 yards, but a Hartman to Sparkman pass made up the lost yards and more to the 7 yard line. On 3rd down, Hartman connected with Richey for a 9 yard touchdown play. The PAT counted for a 21-0 score with 9:57 on the clock.

Dylan Flusche and Hennigan dropped the Panthers for losses. The kick out of the end zone placed the Tigers 39 yards from the end zone. Hartman picked up 10, then Sparkman scored on a 29 yard run with 7:46 on the clock. Hartman's PAT was good for a 28-0 score.

Again, the Panther offense lost yards and punted. Runs by Hartman and Spruill, and passes to Sparkman and Spruill moved the ball inside the 10. Hartman kept the ball for a 6 yard touchdown. Hartman then added the PAT for a 35-0 score with 2:50 still remaining in the 1st half.

It was three and punt for the Panthers as the Tigers ran out the remaining time.

More Tiger players got play time in the 2nd half as the clock ticked on. Matthew Hesse stepped in as quarterback. Kirk Felderhoff got in three runs, and Hesse nine in

the 3rd quarter. Nick Popovich, Marshall, and Zanchetta got tackles, and Tyler Rohmer a sack. With 28 seconds on the clock, Hesse scored on a 2 yard sneak up the middle. Hartman added the PAT for a 42-0 score.

The Panthers got a 1st down to start the final quarter, followed by four unsuccessful plays.

Winding down the clock, Hesse carried the ball to the 2 yard line before the Panthers' goal line defense stopped the drive with less than 2 minutes remaining in the game. The Panthers got in two runs, stopped by Hesse and Josiah Yosten before time ran out and the game ended.

## Hornets fall for the third time

"Anyone who watched the game would have been proud of the way the boys persevered throughout," noted Muenster Hornet Coach Monte Endres on the Hornets' loss to the Aubrey Chaparrals last Friday night. "After falling behind by 28 points in the 1st quarter, the boys did not give up."

The Chaps from District 13-AA took control of the Hornet field, suiting up 30 players against Muenster's 16. Aubrey's offense netted 412 yards to the Hornets' 170 in their 43-6 slapping of Muenster.

"Our problem is the slow start. We have fallen behind by multiple touchdowns in the beginning of all of our three losses," added Coach Endres. "We have got to come out and establish some momentum early. We are going to have to do this by generating some 1st downs the first time we get the ball."

The Hornets took the opening kick, gained only 6 yards, and punted. Aubrey took only three plays to find the end zone. A PAT kick gave the Chaps a 7-0 lead with 9:18 on the clock.

An inside kick was covered by Aubrey on the Hornet 32. Two snaps and the Chaps had a 14 point lead.

Another inside kick was covered by Muenster on their 40 yard line. Unable to get 10 yards in four plays, Aubrey took over on the 44. This time it took six plays for the visitors to score. With 4:24 remaining in the 1st quarter, the scoreboard read 21-0.

The Hornet offense continued to struggle, picking up only 2 yards and punting. A good return placed the Chaps 14 yards from the end zone. Four plays, 28-0.

Runs by Corey Reynolds and Levi Trubenbach carried the Hornets into the 2nd quarter. A quarterback keeper by Trubenbach opened the field for a 56 yard touchdown run. The PAT failed and the Hornets were on the scoreboard 28-6 with 11:45 on the clock.

Tanner Herr's 50 yard kick was returned 37 yards. Two plays later, Trubenbach picked off an Aubrey pass at midfield. Muenster gained 4, then lost the ball in a fumbled play.

Muenster's defense held the Chaps on their next drive, forcing a punt on 4th and 9. Starting on their 14 yard line, the Hornets moved into Aubrey territory with Trubenbach gaining 7 and Reynolds 40 to the Chap 39 yard line. Reynolds gained another 14 yards before another fumbled ball was lost on the Aubrey 30.

It took the Chaps five plays to get inside the Hornet 20, but a loose ball was covered by Trubenbach, stopping the drive. Muenster got in a run, then threw an interception. An Aubrey threat to score ended when Paul Crabtree knocked down a pass attempt. The Hornet offense used up the remaining time to the halftime.

The 2nd half was a defensive battle. Aubrey got in eight plays before running out of downs. Muenster threw two incomplete passes and an interception. From midfield, the Chaps ran seven plays to the Hornet 1 yard line. The drive ended when Corey Sicking covered a fumbled ball in the backfield.

The Hornet offense gained no ground and punted. Aubrey ran three plays to cover 41 yards and score. With 1:09 on the clock the Chaps took a 36-6 lead.

Muenster continued to be unsuccessful on offense, gaining only a yard and punting the first play in the final quarter. Aubrey once again threatened to score, getting 4 yards from the end zone. Josh Holder covered a fumbled ball and Muenster took over. A run each by Reynolds and Trubenbach picked up 13 yards, but three incomplete passes forced a punt.

The teams exchanged possessions, with Aubrey adding insult to injury by putting more points on the board, adding 7 points with 15 sec-

onds on the clock for the final 43-6 score.

### Next Action

This Friday night will be the 2007 Muenster Hornet Homecoming with the S&S Rams challenging Muenster.

"They are always a tough match up for us," noted Coach Endres. "We are going to have to put together a whole game if we are going to get our first victory."

The Rams last week had an open date, taking the week off after losing to Caddo Mills 49-14 and will also be looking for their first victory along with the Muenster Hornets.

Endres added at times the Hornets show signs of becoming a good football team and at other times "we don't look so good. We have got to become more consistent, no excuses."

Josiah Yosten drops a Saint Jo Panther as teammates move in, including Gene Yosten (58), Chad Walterscheid (7), Seth Turczynski (72), and Benjamin Walterscheid (63).

# Jacksboro claws Lindsay 35 - 0

The Knights had a long drive home last Friday night after a 35-0 loss to the Jacksboro Tigers. The Tigers scored the first four times they had possession, taking a 28 point lead at halftime.

"We didn't play well. It was not our finest moment," Coach Cody Bounds commented on the game. "Jacksboro came out and played well and we could not match their intensity. It wasn't a good night."

Jacksboro scored quickly, as they returned the opening kick 89 yards for 6 points. The Knights' first drive had a 13 yard pass play from Keith Hermes to Garrett Block, but ended with a punt. The Tigers then pounded at the Lindsay defense. In several of the first plays, the Knights dropped Jacksboro for losses with tackles by Nathan Martin and Mason Ward, but the drive continued for 13 plays, moving the Tigers 58 yards into the end zone. The PAT failed for a 12-0 score with 4:17 remaining in the 1st quarter.

The Knights gained only 3 yards and punted. Jacksboro took only five snaps to travel 60 yards, scoring on a 41 yard run. With 15 seconds on the clock, the Tigers took a 20-0 lead.

Josh Mueller returned Jacksboro's kick to the 42 yard line. A Hermes to Block pass was good for a 51 yard gain to the 7 yard line. Hermes picked up 4 yards, then

lost a yard. Two incomplete passes gave the ball to the Tigers on their 4 yard line. Seven plays later, 28-0.

Lindsay fumbled on the kick return, giving the ball back to the Tigers. Martin, Dillon Ott, and Hermes made Jacksboro fight for every yard to the 20 yard line. Incomplete passes and a tackle by Hermes and Ott kept the Tigers out of the end zone for the first time in the game. Lindsay took the ball on their 23. Hermes picked up 17 yards, but three unsuccessful passes were followed by a punt. Jacksboro got in several runs before the halftime break.

The teams exchanged punts, with Lindsay's second drive ending with an interception near midfield. A dozen plays later, with 1:28 on the 3rd quarter clock, Jacksboro led 35-0.

Passes to Jason Peterson and Martin made gains of 15 and 13 yards, but a fumble ended the Knight drive. Tackles by Neil Jones, Peterson, Ott, Dustin Reed, and Martin were followed by a fumble recovery by Hweidi Mustafa.

The Knights couldn't take advantage of the turnover and punted. The Tigers got in 10 plays to the 15 yard line. Tackles by Peterson, Jon Sweeney, Ross Jones, and Ryan Haverkamp stopped the Jacksboro drive. The Knights got in one snap and the game ended.

 The Knights will host the Alvord Bulldogs for Homecoming this Friday night. "They are similar to Jacksboro," said Coach Bounds. "They run hard and are big up front." Alvord, a 2A team, defeated Petrolia 14-13, then lost to Windthorst 28-25 last week.

"We need to worry about coming out and playing... not worry about injuries. Think about self and play hard," added Bounds.

The JV Knights did not have a game this week due to too many injuries on both the varsity and JV teams.

In Jacksboro last Friday, the Lindsay Knights came up short against the bigger Tiger team. # JV Tigers pluck LCCA Eagles

Sacred Heart Junior Varsity hosted the Eagles from Lake Country Christian last Thursday night taking a 42-20 victory. The Tigers scored often, first, and last.

Matthew Hesse returned the opening kick 31 yards to the 46 yard line. Three runs by Nathan Berend quickly moved the ball to the Eagle 20. A Hesse to Kyle Knabe pass picked up 8 yards, then with 8:05 on the clock, Berend found the end zone. A Hesse to Chad Henscheid pass gave Sacred Heart an 8-0 lead.

A flag, and tackles by Hesse, Kirk Felderhoff, Berend, and Josiah Yosten forced an Eagle kick.

From their 20 yard line, runs by Berend, Hesse, and Felderhoff, and Hesse passes to Henscheid and Knabe got the ball to the Eagle 6. With 1:18 on the clock, a Hesse to Felderhoff pass was good for 6 points. Hesse ran in the extra points for a 16-0 score.

Lake Country quickly got on the board when they returned the kick 75 yards for a touchdown. The extra kick changed the score to 16-7.

The Tigers carried the ball into the 2nd quarter, but an interception was returned 77

yards for an Eagle touchdown. The PAT kick closed the score to 16-14 with 7:04 remaining in the 1st half.

The Tigers got in a few plays and punted. A fumble on the return was covered by Felderhoff on the Eagle 46. Runs by Berend and Hesse, and a pass to Felderhoff led to a touchdown run by Hesse with 33 seconds on the clock. The PAT pass failed for a 22-14 Tiger lead.

The Eagles came back, taking a few plays, scoring on a 30 yard run with no time on the clock. The PAT pass failed for a 22-20 halftime score.

The teams exchanged punts. An interception by John Krawietz ended the Eagles' second drive, placing Sacred Heart on their own 35 yard line. Berend, Krawietz, and Hesse got in runs, with the final, a 5 yarder by Berend, finding the end zone. The PAT failed for a 28-20 score with 1:51 on the clock.

Tackles by Berend and Seth Turczynski held the Eagles, forcing a 4th and 18 punt to start the final period. From the Eagle 44, Hesse and Berend ran a few, with a Hesse to Krawietz pass getting the ball to the 8 yard line. Berend ran in for 6 points, then added the PAT for a 36-20 ball game with 8 minutes on the clock.

The Eagles took the kick on their 30. The first play was

intercepted by Hesse and returned to the 9. Berend scored the next play for a 42-20 score after the PAT failed.

Lake Country got in seven plays before running out of downs. The Tigers ran four and fumbled, but three plays later, Berend got the ball back, covering a fumble. The Tigers didn't get a 1st down and the Eagles got in one last play before time ticked off the clock for a 42-20 Sacred Heart victory.

# Tiger Cubs claw Panther Cubs 56 -0

The Sacred Heart Junior High Cubs traveled to Saint Jo last Thursday and defeated the fumbling Panther Cubs 56-0.

Sacred Heart scored often and quickly. The first touchdown was the opening kick return, a 65 yard run by Josh Biffle. Clay Hogan ran in the extra points for an 8-0 score with just 20 seconds off the clock.

Two plays later, Saint Jo fumbled. Aaron McBride covered the ball on the Panther 27. Two Hogan runs and Sacred Heart was in the end zone. Bob Bartush ran in the points after for a 16-0 score with 5:15 on the clock.

Saint Jo's next play was fumbled, with Hogan getting the ball again on the 27 yard line. The next play, Mark Bar-

tush found the end zone. Hogan added the PAT for a 24-0 score with 4:35 on the clock.

The Panthers fumbled a play, lost 2, fumbled again, then lost the ball on downs. Again, the Tiger Cubs started on the Panther 27. Four runs by M. Bartush got the ball to the 5. A keeper by B. Bartush was good for 6 more points with 5:47 remaining in the 1st half. M. Bartush ran the extra points for a 32-0 score.

After the kick, the Panther Cubs lost the ball their first play. John Paul Hesse covered the fumble on the 10 yard line. Unable to get into the end zone, the ball went over on downs. A sack by Hogan lost 6 yards, then Hogan and Andy Flusche dropped Saint Jo on their 1

yard line. The final play of the 1st half gave Sacred Heart a 2 point safety and a 34-0 lead.

The clock went nonstop the 2nd half. Saint Jo took the kick off. Tackles by Biffle and Austin Aldridge were followed by another fumbled play on 4th down, giving Sacred Heart the ball 10 yards from paydirt. On 2nd down, Biffle scored from the 5. He then ran in the PAT for a 42-0 score with 3:24 on the 3rd quarter clock.

Again, the Tiger defense dropped Saint Jo for losses.

## Junior High Volleyball

The Lindsay 7th grade "A" team beat Savoy Monday night 25-23 and 25-15 to capture their first win of the season. They evened their record at 1-1.

"The girls continue to work hard and improve. We served the ball much better and are getting to our defensive spots

Tackles by M. Bartush, John Popovich, Michael Weinzapfel, and Michael Davis were followed by a 4th down sack by Popovich, giving Sacred Heart possession on the 19. Two plays later, Hogan scored on a 15 yard run. Davis ran in the PAT for a 50-0 score in the 4th period.

Saint Jo had three unsuccessful plays, then threw an interception. Bob Bartush returned the ball for another touchdown. The PAT failed for the final 56-0 score.

"quicker," said Coach Don Neu.

Members of the team include Tiara Gonzales, Makaylie Ward, Megan Holt, Caylee Turner, Kassidy Gum, Megan Schumacher, Shannah Daymude, Emily Krahl, and Katelyn Neu.

# FARM & RANCH

## Bug "explosion" may be coming

Crickets, mosquitos, flies, fleas, and spiders: Texans have seen them all this summer thanks to unprecedented wet weather. But a Texas Cooperative Extension entomologist says the worst may be yet to come.

Dr. Chris Sansone, Extension entomologist at San Angelo, said fall rains can trigger armyworm onslaughts that can destroy pastures, small grain fields, and lawns almost overnight.

"We're seeing all types of armyworms this year; the true, the yellow-striped, and the beet armyworm, but the biggest number is the fall armyworm," said Sansone. "Conditions are ideal for a real invasion of these pests in coming weeks. This insect can build up large numbers seemingly overnight, causing crops and lawns to disappear before your eyes."

"The adults lay thousands of eggs, and by the time the larvae or 'caterpillars' are big enough to see, the damage is done."

Sansone said the tiny lar-

vae chew the green layer from leaves and leave a clearing or "window pane" effect. He said the first three larval stages or "instars" do little damage and are easy to control. The final two stages are big and tougher to control. They can eat 85% of the total foliage consumed by the caterpillar.

"That's the reason it's so important to find the infesta-

tions before the caterpillars get too large," Sansone said. "Small larvae are easier to control and most of the damage can be prevented if the infestation is caught early. Individual fields and yards need to be scouted carefully, because the moths don't lay eggs consistently across an area. Often a pasture or small grain field will be infested while the field across the road is armyworm-free."

Small grain producers should consider the stage of their crop when treating against armyworms. In the seedling stage, just three larvae per square foot can ruin a stand. Later in the tiller stage, it takes seven to 10 larvae to cause serious damage.

Fall armyworms are worst in the autumn when adult moths are carried into an area with cold fronts that trigger rain.

The adult fall armyworm moth is 1.5 inches across the wings. The hind wings are grayish-white and the front pair dark-gray, mottled with lighter and darker splotches and a whitish spot near the extreme tip.

Fall armyworms are a threat until the first hard freeze. The larvae range from 1.25 to 1.5 inches long and can have shades of brown, green, or black. They can be distinguished from other armyworms by a prominent white, inverted Y-shaped line on the front of the head.

"Fall armyworms are easily controlled if producers monitor their fields closely," Sansone said. "The key is proper identification and finding the infestation before the larvae become too large."

## TDA market update

The Texas Department of Agriculture market recap for the week ending Sept. 15 shows that cash feeder cattle prices fell as the volume of cattle coming to market increased seasonally with additional pressure from lower fed cattle markets and higher feed grain prices. Cash fed cattle markets were lower in very light trade as declining beef values and tight packer margins pushed prices down.

Cash grain and cotton prices all closed the week higher. Wheat prices advanced with strong demand and ongoing concerns about world supplies. Corn closed higher on the general optimism in grain markets and good global demand. Cotton was also higher on strong world demand and improving

prospects for U.S. exports. As for futures markets, fed cattle, feeder cattle, and wheat futures closed the week lower, while corn, grain sorghum, and cotton posted gains.

Scattered showers were reported in most areas of the state with parts of the Upper Coast receiving the most rainfall as a result of Hurricane Humberto.

Corn, grain sorghum, and cotton harvest continue to make good progress. Winter wheat land preparations and planting are underway with 9% of the acreage seeded, behind the normal 26%. Pastures and rangeland remain in good to excellent condition. Hay operations continued as weather permitted with some reports of improved quality.

## United States Agriculture 1920

In 1920-21, there were in actual operation 18,440 farms which ginned on an average 720 bales each.

Four countries are preeminent in quantity of agricultural production - the United States, Russia, China, and India. The U.S. is considerably greater than any other nation.

The average production of cereals per person engaged in agriculture in the U.S. is 12 tons, while the rest of the world is only about 1.4 tons.

The land in the U.S. suitable for agricultural use without irrigation, drainage, or heavy fertilizer is nearly all occupied.

The area of the crops per farm in the U.S. increased from 50 acres in 1909 to 57 in 1919.

Each American farmer and farm laborer on the average is feeding nine people other than himself in this country, and one more person living in foreign lands.

In the east, corn is the leading crop, in the west hay contributes nearly 37% of the acreage and 26% of the value of all crops in 1919. The farms or "ranches" in the west are in general much larger in area than in the east.

## AG BRIEFS

Of the largest American cow/calf operations, in Texas, King Ranch is #3. The W.T. Waggoner in Vernon is #8, with the Spade Ranches in Lubbock and the Pitchfork Land and Cattle Co. in Guthrie landing 23 and 24.

The number one U.S. beef packing operation is Tyson Foods, followed by Carigill Meat Solutions and Swift & Company. Sam Kane Beef Processors (#10) of Corpus Christi was the only Texas based company in the top 10.

The average beef carcass weight in 2006 was 779, a 14 pound increase from the pre-

vious year. In 1976, the average was 602 pounds.

Last year, the U.S. imported 1,229,200 feeder cattle from Mexico and 289,317 from Canada.

In a comparison study, healthy steers had an average \$123.86 more favorable return. Calves that got sick were worth \$20.34 less per cwt upon arrival to the feedyard than steers that never required treatment.
