

Stormer unexpectedly resigns

By Janet Felderhoff
Cooke County's District Attorney for the 235th District Court Cindy Stormer tendered her resignation last week. She resigned via a letter sent to the office of Texas Governor Rick Perry last week.

In the letter Stormer said her resignation was immediate as of Oct. 13. She gave no reason for her decision. The Governor sent her a letter on Oct. 14 accepting the resignation.

Cooke County Judge Free-

man said he heard rumors of Stormer's resignation early last week and contacted the Governor's office. He was sent copies of both letters.

Judge Freeman said the Governor's office assured him last Tuesday that they would expedite the application process and a new District Attorney should be in place in a couple of weeks. In the duration, Assistant District Attorney Martin Peterson will act as the DA and is conducting business as usual in the DA's office.

Judge Freeman said that persons interested in being appointed as DA must send an application to the Governor's office. After an applicant is accepted, the State Senator must sign off and then the Governor to make the appointment happen.

Janice Warder is the likely replacement. She won the Republican nomination as candidate for District Attorney in a run off last April. Neither she nor Stormer garnered at least 50% of the votes in the March Primary. In the April runoff, Garner received 67.72% of the votes to Stormer's 32.28%. Warder would have faced Independent Nancy Manning in November, but Manning withdrew from the race.

Judge Freeman said that he requested that Senator Estes' office put the appointment of a replacement on the fast track. He was assured that it would be dealt with quickly.

Priority directed to present building project

By Janie Hartman
The Muenster ISD Board of Trustees held their regular monthly meeting on Wednesday, Oct. 15. Of the four action items on the agenda, only one was approved, the others were put on hold.

The proposal for a walkway for elementary students to the new cafeteria was discussed. The cover has to be approved by the electric company whose lines will be over the walkway. It also has to be ADA approved, have the plans drawn up, and bid it out. The Building Committee will bring the information to the next Board meeting.

Also put on hold until all other building projects have been completed or for one year, was the building of a new football/track concession stand. There are several major issues with the present building. Ronnie Felderhoff proposed that a new weight room/dressing room be built

on the north end of the football field, and the new concession stand take over the existing weight room that was built on the stadium parking lot.

Other "action items" were the choice of one of three dates for Team of Eight training and the approval of the Board joining the resolution to improve school financing from the Texas Association of Rural Schools.

The School Board took a walk through of the construction before the business meeting, noting a few items of concern. Project finish date is late February or early March.

An update of the Ag Barn was given. A formal dedication is being planned.

Reports were given by principals and directors, including the following:

• **ELEMENTARY:** Total enrollment to date is 261 compared to 276 last year;

in the first six weeks, 74 students (grades 1-6), or 36%, were on the "A" Honor Roll, and 96 on the "A/B" Honor Roll. Four students did not pass at least one class.

The first six weeks discipline report noted there were 17 student conferences/office referrals. Of the 17, only four were referred more than once.

• **JUNIOR HIGH/HIGH SCHOOL:** Current enrollment is 78 junior high and 153 high school students; 38 junior high students are participating in UIL; FFA students were busy at the State Fair exhibiting livestock; the new MISD Ag Center was officially broken in Oct. 18;

Muenster High was honored by the Today Foundation for its participation in the Anti-Drug Program, awarded \$500, and a plaque.

• **TECHNOLOGY:** The bell/intercom system is working at about 80%; 34 tech assistance requests were completed during the month of September.

• **ATHLETIC:** First six weeks grades did not hurt as much as in the past, with the loss of one JV, two 8th, and three 7th graders.

Other business: Delinquent tax collection for September was \$6,030.22, and a proposal was introduced to award employees for not missing days from work.

Fire Marshal lays out burning regulations

Many wonder, "So, what can I burn in the unincorporated areas of Cooke County without getting into trouble?" Cooke County Fire Marshal Ray Fletcher answers that as follows:

Texas statutes basically say that the only materials an individual can burn are household trash generated from normal daily living

in your home, and brush, trees, and clippings from your property. Tires, shingles, siding, furniture, and other items that are manmade should not be burned. Burning these items releases cancer causing carcinogens and other harmful pollutants into our otherwise clean air.

Thurman hopes to unseat Compton in Sheriff's race

By Janet Felderhoff
Incumbent Sheriff Mike Compton is the Republican candidate for Cooke County Sheriff. He seeks election to his fourth term in office. Democrat Ben Thurman of Valley View is his opponent.

Compton resides near Gainesville with his wife Lynne. They have three children, Amy, Cody, and Matthew. He began serving as sheriff of Cooke County in 1997. He was a Commissioned Special Texas Ranger from 1995-1997. Prior to that, he was a Texas State trooper with the Texas Highway Patrol from 1968-1995.

Thurman lives in Valley View. He is semi-retired and serves on the Valley View City Council. He is a former police chief and holds an advanced peace officer certificate. Thurman is a graduate of an advanced crime prevention school, the National

Institute of Corrections, the Drug Enforcement Administration, and is certified in Law Enforcement Science.

Each candidate was given five written questions. Their answers follow:

How is the new Jail affecting the County?

Compton - The new jail has had a positive effect on Cooke County. Not only was a new jail constructed, but also complete new Law Enforcement facilities were built along with it. This space has allowed better dispatching for all the County entities that we dispatch for. New equipment was installed that has improved the dispatching capabilities. The addition of space has given a good work environment for all employees. This improves morale, which translates into better service for the County.

The increased capacity of

Mikhael Compton

Ben Thurman

the jail has given us the ability to house out-of-county prisoners which has brought in much needed revenues into the County budget.

The location, layout, and design of the new Criminal Justice Center will lend itself to enlargement in the

future without the difficulties presented in the original construction. As time passes and circumstances permit, the decision by the Commissioners Court to build the facility in its location now will assist in improving all aspects of county government.

Thurman - It serves its purpose. It is a shame that we must have a jail, but then that's the culture we live in. I would love to see the day when jails were not needed. Just think of the money we would save. The one thing that concerns me is the staffing of our jail. In case of an emergency, or times when employees are sick, vacations, etc. Do we have enough to get by and still meet state standards? At the present time, all we have is the minimum and no plans for any more. The minimum number never works.

Define the duties of Sheriff, and what, in your opinion, is the most important duty?

Compton - The Statute definitions of the duties of a Texas Sheriff are so numerous and lengthy that they would take up most of this page, if not all of it, to

list them. The Sheriff's section of the Cooke County website has a link that will give a partial list (HYPERLINK "http://www.cooke.tx.us/ips/cms/countyoffices/sheriff.html" http://www.cooke.tx.us/ips/cms/countyoffices/sheriff.html). But it is easy for me to tell you what I perceive the duties of the Sheriff to be and those duties can best be defined with the one word "Service". The Sheriff's Office is diverse enough that it is a full time job to monitor all of the different aspects of it. There are 70 employees spread throughout the jail, dispatch, patrol, criminal investigations, records, environmental, and civil divisions. It is the Sheriff's duty to supervise these different divisions and to see that they provide the required service that each one represents.

See SHERIFF, pg. 2

Sheriff

Continued from Pg. 1

Thurman - The duties of the Sheriff are many, too many to list here. In my opinion the most important duty is to serve the public and that covers many things. That's what my campaign is all about. "It's all about serving you." At the top of things I will do is to have a strong and active crime prevention program. To some this seems like a small thing, but it is so powerful if conducted the right way. Another thing I feel is very important is to offer help to those cities in Cooke County that have little police help of their own and to our constables. This again pays great rewards for everyone.

What do you see as the Sheriff's Department's weak point, and how would you remedy it without spending an exorbitant amount of money?

Compton - The ever-present enemy, or weak point if you will, of law enforcement in general is manpower. The Cooke County Sheriff's Office is not exempt from this condition. With that being said, this "Weak point" must always be considered in relationship to cost. Any and all solutions are totally controlled by budgetary constraints. The easiest way to overcome any manpower shortages is through the judicious use of overtime. This will allow a great increase in service potential at the lowest possible cost. An example of this philosophy would be in the area of general police patrol of Cooke County. By taking existing personnel, who are in an off duty capacity, and plugging them back into predetermined times of the schedule, through the use of overtime, would allow for an increase in manpower without the associated costs of hiring additional personnel. Utilization of this approach would be guided by times and locations of previously reported criminal activity.

Thurman - I, along with many others, feel our current Sheriff is not responsive, caring, or even aware

of our feelings and concerns. I feel the department is too complacent and leadership has grown stale. I'm sure they are doing the best they can, but it is not good enough and yet they say they will keep doing the same thing. It's, simply put, time for a change.

Do you believe in keeping officers at their best for the job through physical training, practice, and exercise?

Compton - This is a question that cannot be answered by a simple yes or no. Training in law enforcement, for example, goes beyond the label of just "physical". Law requires that a Peace Officer in Texas must have 40 hours of formal training every two years in order to maintain the required license. So all Peace Officers, Sheriff included, must receive continuous training to maintain their license. Certain aspects of what the Sheriff's Office provides in the way of services does require literal physical training. Our Special Emphasis Squad has certain requirements that mandate that a Deputy maintain a certain level of physical fitness and demonstrates that fitness on a periodic basis. This Squad handles special instances such as hostage situations, intense manhunts, stand-offs, etc. The normal day-to-day workings of both the jail and law enforcement require that an individual have a certain level of self-motivated exercise. The job itself weeds out those who cannot perform their assigned task. And tasks are very much varied in even a small Sheriff's Office like ours, as are the methods of exercise and practice. Another very important aspect of training or practice is in the use of firearms. Peace Officers and Corrections Officers of the Cooke County Sheriff's Office regularly are provided strictly supervised training in the use of firearms and their application. And all Officers are tested on their proficiency in the use of these

firearms and other defensive weapons, such as pepper spray.

Thurman - It goes without saying that physical fitness is very important for an officer of the law. However, I believe an officer should have enough pride in his profession to keep in shape on his own without any type of exercise forced upon them. Of course, I would encourage officers, but not force them.

Are there areas in County law enforcement that you feel need improvement?

Compton - I would assume that any person who cared about their position or job would always acknowledge that there was always room for improvement. To say otherwise would bear the appearance of proclaiming perfection, which has a rather distasteful sound to it. Having stated this fact, I always have and always will continue to strive for improvement in all areas of my required duties as Cooke County Sheriff. And if I ever arrive at the level of perfec-

tion y'all will be the first to know. Until then my goal will be to always try to provide better service than I provided in the past.

Thurman - I believe there are several areas that could be improved. Just to name a few:

1. More teamwork between county law enforcement departments.
2. More assistance to the office of constable.
3. More visibility of patrol units.
4. Response time on calls for assistance must be reduced.

I am in this race to provide you with the services that our department should be providing. I know there are some that are not for me. But, rest assured, I am for you.

Early voting began Monday and will end at 5 p.m. Friday, Oct. 31. To cast an early vote in Cooke County, go to the first floor of the Courthouse near the County Clerk's office. Bring your voter registration card with you.

outdoor burning in Texas include:

- Burning shall be commenced and conducted only when wind direction and other meteorological conditions are such that smoke and other pollutants will not cause adverse effects to any public road, landing strip, or off-site structure containing sensitive receptors (people, animals, etc.).

- If at any time the burning causes or may tend to cause smoke to blow onto or across a roadway, it is the responsibility of the person initiating the burn to post flaggers on affected roads.

- Burning must be conducted downwind of or at least 300 feet (90 meters) from any structure containing sensitive receptors located on adjacent properties unless prior written approval is obtained from the adjacent occupant with possessory control.

- Burning shall be conducted in compliance with the following meteorological and timing considerations:

(A) The initiation of burning shall commence no earlier than one hour after sunrise. Burning shall be completed on the same day not later than one hour before sunset, and shall be attended by a responsible party at all times during the active burn phase when the fire is progressing. In cases where residual fires and/or smoldering objects continue to emit smoke after this time, such areas shall be extinguished if the smoke from these areas has the potential to create a nuisance or traffic hazard condition. In no case shall the extent of the burn area be allowed to increase after this time.

(B) Burning shall not be commenced when surface wind speed is predicted to be less than six miles per hour (mph) (five knots) or greater than 23 mph (20 knots) during the burn period.

(C) Burning shall not be conducted during periods of actual or predicted persistent low-level atmospheric temperature inversions.

- Electrical insulation, treated lumber, plastics, non-wood construction/demolition materials, heavy oils, asphaltic materials, potentially explosive materials, chemical wastes, and items containing natural or synthetic rubber must not be burned.

The commissioners court of a county by order may prohibit or restrict outdoor burning in general or outdoor burning of a particular substance in all or part of the unincorporated area of the county if:

(1) drought conditions have been determined to exist or

(2) the commissioners court makes a finding that circumstances present in all or part of the unincorporated area create a public safety hazard that would be exacerbated by outdoor burning.

For more information, there are a few different statutes that cover outdoor burning in Texas; Local Government Code chapter 352, Texas Administrative Code title 30 chapter 111, and Texas Water Code chapter 7.183. A burn ban violation carries a fine of up to \$500 and individuals cited for illegal burning could be fined up to \$1,000,000 if found guilty!

Please contact the Cooke County Sheriff's Office, 940-665-3471, to log your controlled burn (before starting it). This will help reduce the number of false alarms we must respond to!

Words cannot express our gratitude for all of the prayers, cards, gifts of food, flowers, donations, and visits from all of Grandma Betty's friends and family. A special thank you goes to Father Ken for his kind words and his promptness to be with Betty when she needed him the most. Mary Lawler

1927 - 2008

Funeral services for Mary Faye Dunn Lawler, age 81 of Saint Jo, were held at 2 p.m. on Monday, Oct. 20 at First United Methodist Church in Saint Jo with Rev. Larry Kruger and Rev. Sam Campbell officiating. Burial followed in Mountain Park Cemetery under the direction of McCoy Funeral Home of Saint Jo.

Mary Faye died at 10:45 p.m. on Friday, Oct. 17, 2008 at Denton Regional Hospital. Visitation was held from 4-6 p.m. on Sunday, Oct. 19 at McCoy Funeral Home in Saint Jo.

Born in Peabody, Texas on Jan. 25, 1927, one of 10 children of C.E. and Mary Dunn, Mary attended Peabody Grade School until 8th grade, then on to Saint Jo High School where she graduated.

Mary was an extremely hard worker throughout her life. Right out of high school, she began working as a clerk at Camp Howze, then on to Nocona Boot Factory where she worked four years. She had a 50 year tenure to retirement with Kingery Drilling Co. Mary was very active with her church, singing with the choir, volunteering for church functions, and teaching Sunday school. She was a longtime member of First

United Methodist Church. She loved bowling, music, gardening, and watching all types of sports. But mostly, she enjoyed her family, spending as much time with them as she could. She was a wonderful woman and will be greatly missed by those who loved her.

Memorials may be made to the First United Methodist Church in Saint Jo or to the American Diabetes Foundation.

Survivors include her husband Roy Lawler of Saint Jo; son and daughter-in-law Bill and Patsy Lawler of Frisco; brothers and sisters-in-law H.A. and Pauline Dunn of Round Rock, and C.E. Jr. and Joan Dunn of Bedford; sisters and brothers-in-law Jo Whaley of North Richland Hills, Loree and L.B. Bruns of Muenster, Nell and Bill Polson of Fort Worth, and Peggy and Don Gregory of Flower Mound; and many nieces and nephews.

She was preceded in death by her parents; brother Buddy Dunn; sisters Alice VonRee and Virginia Massey.

Pallbearers were Gerald Boyd, Cooper Price, Coy Mosley, Quinton Conyers, Kelly Davis, and Randy Brown. Honorary pallbearers were Jim Gary and Jerry Shofner.

What is the WRAP Campaign?

Local Catholic Daughters join with others across the United States in support of "Morality in Media." Sunday, Nov. 2 is their "White Ribbon Against Pornography" Campaign. Since the Catholic Church designates October as "Respect Life Month," it is an opportune time to bring awareness to the role pornography plays in the exploitation of women, children, and men.

with the C.D.A. in wearing a white ribbon and taking a stand against pornography in our homes, our community, our nation, and our world. White ribbons will be distributed before all Masses this weekend: A call to respect and protect each other.

The U.S. Supreme Court has repeatedly held that obscene material is NOT protected by the First Amendment. There are federal and state laws on the books which

can be enforced against hard core pornography but rarely are. These laws are the main legal weapon that society has against websites that allow our children (America's future) to view porn free of charge and without proof of age.

Citizens can make a complaint about violations at "ObscenityCrimes.com". Stay informed by requesting the "Morality in Media" newsletter.

Home heating Green Tip

Consider replacing your old furnace or heat pump. Just like a car, heating and cooling equipment doesn't last forever. Is your system more than 12 years old? Planning to stay in your home more than a few years? Many authorities recommend replacing it before it fails permanently. New units can pay for themselves over time as they are up to twice as energy efficient. However, government and utility research has found that over 90% of newly installed high efficiency systems have energy wasting mistakes. Today's new equipment is drastically compromised if it is hooked up to bad ducts.

Eddleman helps bid farewell to Texas Stadium

Leslie Eddleman joined 276 Dallas Cowboys Cheerleader Alumni in a special halftime performance bidding farewell to Texas Stadium during the Dallas Cowboys vs Cincinnati Bengals game on Oct. 4. Each alumni was invited back to Texas Stadium for one last time to strut their stuff in a spectacular halftime show that showcased each era of cheerleaders.

The former cheerleaders received a DVD of choreography prior to their 10 hour practice at Texas Stadium on Saturday, Oct. 3. As each alumna entered the stadium, they received a badge with their "old" Cowboy Cheerleader picture on it and a White Dallas Cowboys jersey with the year of each cheerleader's rookie year. This was their uniform for the halftime show. Leslie's year was "88." Leslie commented, "The day was filled with reminiscing, lots of dancing, and ended with many sore muscles. They did not go easy on us with the choreography, as a matter of fact, I can't remember dancing that fast when I was there. The same songs and surprisingly the same choreography were used that we danced to the years I was a cheerleader. It was just a lot faster than I remember!"

"It was good to have the picture badges around our necks all day. It was hard to recognize some of my old friends until I saw their picture. Twenty years can really change a person. Many of the ladies I cheered with are on staff with Dallas Cowboys Cheerleaders as choreographers, and Kelli Finglass,

whom I cheered with, is now the director of the Dallas Cowboys Cheerleaders." Leslie was especially happy to share this moment with her sister-in-law Natalie Eddleman, who is also a former Cowboy cheerleader from 1991.

Prior to kick off, family and friends were allowed on field to watch the final rehearsal of the nearly seven minute routine. Leslie's son Cooper and friends Nannette and Isac Walterscheid were able to attend the rehearsal and game. Cooper and Isac enjoyed throwing the football on the field, and watching the game from their lower level seats.

The alumni was invited on the field during the singing of the National Anthem. The half time show was a fabulous display of dance styles of all decades from the 1970s, '80s, '90s, and today. The alumni all entered the field together, and then cleared the way for the 1970s cheerleaders who did their famous disco style dance to "If They Could See Me Now," "Freak Out," then "Shake Your Groove Thing." All this time, the rest of the alumni danced along with them in the back drop. Then it was Leslie and the cheerleaders of her decade, the 1980s, turn to take the spotlight. The 1970 girls danced out of the way for the 1980s to take center stage with Prince's "Baby I'm a Star" and Michael Jackson's "Beat It." All decades took their turn in the spotlight and the big finale came when all dancers joined center field for the final dance to "We Are

Family." "A lot has changed since I was a cheerleader in the late '80s. I was there when Tom Landry still coached the Cowboys, and then Jimmy Johnson..." Leslie commented. "The uniforms have gotten smaller since I was there, and the dance is a lot more risqué, but those high kicks are just the same... awesome!"

Enchilada Dinner

The Hispanic Community of St. Williams Parish in Montague is sponsoring an enchilada dinner on Sunday, Nov. 2 from 11 a.m. to 2 p.m. Dinner includes chicken and cheese enchiladas, Mexican rice and beans, salad, chips and salsa, drink, and Mexican cookies.

KEEP MUENSTER BEAUTIFUL YARD OF THE MONTH honors for September went to the home of Loretta and Gus Felderhoff at 1262 FM 373 just outside the city limits. Loretta is shown enjoying the patio area with her grandson Jack Behr. The patio project was completed earlier this year. Plantings include bush and climbing roses, strawberries, walnut tree, and a crepe myrtle bush. There are containers of herbs including basil, rosemary, oregano, sage, chives, and also lavender. Annuals add color to the area. Loretta has planted moss roses, red geraniums, white periwinkles, and yellow chrysanthemums. Kelly Bob Bayer helped her with much of the planting. To nominate a yard, contact the Muenster Chamber of Commerce, Muenster Enterprise, or any KMB member. Janie Hartman photo

Klements celebrate Ronnie's 65th

Ronnie Klement was honored in his home with a surprise birthday party on Oct. 5. He turned 65 on Oct. 8. The party was hosted by his brothers and sisters-in-law Kenneth and Mary Klement, Robert and Gloria Klement,

and Leon and Christi Klement, and their families. The group made an assortment of pick up foods to enjoy while the guests visited.

A farm-themed cake by Betty Rose Walterscheid, a German chocolate cake and

cheesecake made by Mary Klement were also served with ice cream. Pictures were taken and Ronnie opened gifts to complete his day of celebration.

MISD announces Advanced Placement Scholar Awards

Two students at Muenster High School have earned AP Scholar Awards in recognition of their exceptional achievement on AP Exams.

The College Board recognizes several levels of achievement based on students' performance on AP exams. Muenster High School graduates of 2008 are being recognized as AP Scholars.

Craig Grewing qualified for the AP Scholar Award by completing three or more AP Examinations, with grades of 3 or higher. Craig is the son of Jim and Diane Grewing, and is attending Texas Tech University in Lubbock.

Cletus Fuhrmann has qualified for the AP Scholar with Distinction Award by earning an average of at least a 3.5 on all AP Exams taken, and grades of 3 or higher on five or more of these exams. Cletus is the son of Arnold and Cecilia Fuhrman, and is attending Tarleton State University in Stephenville.

lege credit, advanced placement, or both for successful performance on the AP Exams. About 18% of the 1.6 million students worldwide who took AP Exams performed at a sufficiently high level to also earn an AP Scholar Award.

Students take AP Exams

in May each year after completing challenging college-level courses at MHS. Courses and exams offered at MHS in 2007-08 were junior level AP English Language and Composition, senior level AP English Literature and Composition both taught by Mrs. Martha Koesler, senior level AP Calculus taught by Mrs. Danna Hess, junior/senior level AP Biology taught by Mrs. Molly Sicking, and junior/senior level AP US History taught by Mrs. Becky Felderhoff. AP Coordinator is Mrs. Kristi Schneider.

Through 37 different college-level courses and exams, AP provides motivated and academically prepared students with the opportunity to earn college credit or advanced placement and stand out in the college admissions process.

Bartush selected to Austin College Service Board

Austin College students volunteered more than 10,000 hours during the 2007-08 academic school year, representing the College's commitment to service through the efforts of the student body of 1,300. The Austin College Service Station coordinates volunteer efforts, matching the needs of the local community with students who are willing to serve. Nov. 8 will mark the College's seventh annual Great Day of Service and will bring college students, faculty, and staff together to volunteer at service agencies and other sites within the local community. Past Great Day projects included roadside cleanup, playing with children in the Women's Crisis Center, and assisting in a therapeutic riding center. The work of the organization is coordinated by a student board. Included on that board is Zach Bartush of Muenster, son of Paul and Beth Bartush. Zach is a student at Texas Academy of Math and Science.

SH Machinators work for the BEST Award

The Sacred Heart Machinators have been hard at work to achieve their BEST challenge of "Just Plane Crazy". Their goal is to design and build a robot that can assemble two model airplanes when they are given four separate pieces for each plane- wings, engines, a fuselage, and a tail assembly.

The group of approximately 30 students, ranging from junior high to high school, is divided into six teams to meet BEST criteria.

The presentation team has been busy polishing their scripts and memorizing their lines to win the votes of the judges.

The display team is working on a design for the t-shirts, buttons, and other giveaways from the Sacred Heart Machinators. They are also working on fun and festive ways to enhance their display booth on Game Day. The design and engineering team is still working on numerous prototypes, though just haven't hit the exact solution yet.

Last weekend the fundraising team was very successful in going out to local businesses and asking for donations. Those businesses loved seeing what the students have accomplished so far this year and their successes in previous years. The Machinators use these generous donations to buy their t-shirts, arranging transportation, and for scholarships for senior members. In previous years, the team has used the money to buy laptops which were used exclusively for the robotics program.

The Machinators took part in Mall Day on Oct. 18 in the Midway Mall in Sherman.

They turned the notebook, which is a big part in the BEST Award, into the judges. Mall Day is a practice competition with other schools. It gave the Machinators a chance to get a feel of how Game Day would be by using an actual course with three other robots going at the same time. The students saw many other ideas from other schools' robots which they may use to improve their own robot.

The next Robotic event is Game Day on Saturday Oct. 25, at Gunter High School. The Sacred Heart Machinators encourage anyone and everyone to attend.

Sacred Heart cross country teams finish fourth at State

The Sacred Heart Varsity Cross Country teams traveled to Waco on Saturday, Oct. 18 to compete in the TAPPS State Meet.

In the Class 2A girls division, 79 runners competed, with the Tigerettes tied for 3rd with Faith Academy of Marble Falls with a score of 88 points. The tie-breaker went to Faith, and Sacred Heart settled for 4th.

The 2 mile race was located on Baylor University's Bear Run Cross Country Course behind the Waco Lake dam.

Alexandra Popovich led the Tigerettes, finishing in 12th place with a time of 14:41, closely followed by Ginger Bartush at 14th, Taylor Reiter was 22nd, Rebekah Hesse

27, and Kendall Reiter 42 with finishes of 15:27, 15:34, and 16:24.

The Tigers fielded a team and also finished in 4th place overall with a score of 114.

Out of the field of 100 runners, freshman Bob Bartush made the TAPPS 2A All-State team by placing in the top 10. Bartush led the Tigers over the 5K course with a 6th place finish and time of 18:42.

Joe Hesse barely missed All-State honors, coming in 11th with a time of 19:20. Rounding out the team were Kevin Kulle 24, Patrick Mojica 25, Zach Moritz 72, and Ian Barnhill 83. Their times were 20:12, 20:21, 23:10, 23:59.

At the TAPPS State Cross Country Meet from Sacred Heart Catholic High School were, from left, front - Rebekah Hesse, Alexandra Popovich, Ginger Bartush; Back - Coach John D. Bartush, Zach Moritz, Ian Barnhill, Joe Hesse, Kevin Kulle, Patrick Mojica, Bob Bartush, and Coach Stephen Bartush. Not pictured - Taylor and Kendall Reiter. SHCS photo

Lindsay wins Era cross country meet

The Lindsay Lady Knights won another cross country meet last weekend, taking 1st place at the Era meet.

Lindsay scored 41 points, with seven runners finishing in the top 20. Gunter was the 2nd place team with 72, followed by Pilot Point 88, Muenster 97, and Era 101.

Lindsay's Kelsey Hermes finished in 2nd place with a time of 12:13, followed by Muenster's Emily Hellman at 12:34. Lady Knight Megan Caillier finished 5th, clocking in at 12:57. Lady Hornet Leaha Smith 7th at 13:03, and Shirley Hess of Lindsay with a time of 13:23.

Knights take District lead, defeat Era

"The boys came to play," said Lindsay Coach Cody Bounds on the Knights' 38-22 District win over the Era Hornets last Friday. "We scored on our first drive and the team never looked back."

The Knights outran, outpassed, and out-scored the Hornets, who played without R.J. Metzler as quarterback. Starting on their own 29, the Knights took 13 plays to score on a 29 yard run by Nick Bezner. Ross Jones added the extra kick for a 7-0 score with 6:40 on the clock.

Flags forced a Hornet punt on 4th and 25. Lindsay gained only 2 yards and punted back.

Era slowly moved the ball against the Knights, but a fumble recovery by Ross Jones, to end the 1st quarter, set up Lindsay's next scoring drive.

On the Hornet 39, two Bezner to Jones passes picked up 15 yards, with Bezner gaining a few. On 4th and 6, Jones kicked a 38 yard field goal to extend Lindsay's lead to 10-0.

Two plays later, Trey Dunn got Era on the scoreboard with a 74 yard run. The PAT failed and Era closed the points to 10-6.

Lindsay and Era exchanged punts, giving the Knights possession on the Era 44. Runs by Ryan Haverkamp, Bezner, and Frankie Cornett,

and passes to Haverkamp and Jones moved Lindsay forward, with two holding flags delaying their progress. From the 6 yard line, Haverkamp crossed into the end zone with 2:46 on the clock. Jones added the extra point for a 17-6 score.

Era got to the Knight 28, but the scoring threat ended when Ross Jones intercepted a pass. Lindsay ran out the last minute to the halftime break.

Era could not take advantage of a good kick return, losing the ball on downs. A 32 yard run by Haverkamp and 21 more by Bezner took the Knights to the 13 yard line. A Bezner to Jones pass gained 6, and a flag 3. Haverkamp took the handoff and crossed the goal line for another Lindsay touchdown. Jones added the extra kick for a 24-6 score.

Ryan Haverkamp intercepted a Hornet pass, but the next play, Era stole it back. After the teams exchanged a few punts, the last seconds of the 3rd quarter saw Tyler Rauschuber pick up a fumbled Lindsay ball and return it 57 yards for a Hornet touchdown. The PAT failed, for a 24-12 score going into the final period.

The Knights took the Era kick, then drove 50 yards in 10 plays, scoring on a 9 yard Bezner keeper, to increase

Lindsay's lead to 31-12 with a Jones PAT.

Era bounced right back, taking only five plays to find paydirt for a 31-19 score with 5:53 remaining in the game.

The Knights weren't finished adding to the scoreboard. Seven plays later, Bezner scored on a 2 yard run. Jones added the kick to increase Lindsay's lead to 38-19.

The Hornets threatened another touchdown, getting to the 19. But with only 11 seconds on the clock, they settled for a field goal for a final 38-22 score.

"Ryan Haverkamp and Nick Bezner ran the ball extremely well, and Ross Jones continued to be an unstoppable force through the air," commented Coach Bounds. "The offensive and defensive lines led by Casey Shauf, Jeremy Perry, Mustafa Hweidi, and Jon Sweeney did a wonderful job all night as well."

SH Tigers take win from Lindsay JV

Sacred Heart hosted a JV contest with Lindsay on Oct. 16, with the Tigers winning 14-0 over the Knights.

The Tigers held the Knights to a yard, then took a 10 play drive to the 1 yard line before running out of downs.

Sacred Heart's 2nd drive began on the Lindsay 46. Runs by Bob Bartush and Mark Bartush, and passes to Josh Biffle took the ball to the 6 yard line. To start the 2nd quarter, Mark Bartush crossed the goal line for a touchdown. Jae Im added the extra point for a 7-0 score.

The Knights' next play was intercepted by Josh Biffle, fumbled on the return, and recovered by Chad Walterscheid. Four plays later, the ball went to Lindsay on downs. The next snap, Josh Biffle covered a fumbled Knight ball on the Lindsay 36. Next play - M. Bartush found the end zone and Im kicked the PAT for a 14-0 score.

Defensive plays by Garrett Berend, Michael Davis, Chad Hensecheid, and Ryan Hensecheid forced a Lindsay punt. Calvin Wimmer blocked the punt and Biffle covered the ball on the Knight 23.

The Tigers gained only 2 yards and attempted a field goal that was blocked by the Knights.

The teams exchanged punts and the 2nd quarter ended. The 2nd half began with

the teams exchanging punts. Lindsay got a drive going, moving into the 4th quarter to the 5 yard line before the Tiger defense halted the threat of a Knight touchdown.

M. Bartush and Biffle ran seven plays, with B. Bartush carrying the ball across mid-field, getting to the Knight 39 before running out of downs. With 15 seconds on the clock, Benjamin Yosten dropped Lindsay for a 6 yard loss to end the game.

As the dismissal bell rings at Muenster ISD, many dedicated students have been making their way to the "old" gym to participate in the Players in Progress (PIP) program that assists in building basketball skills, ranging in level from basic dribbling and passing to spinning the ball and other higher level tricks. Taking part in PIP include Trey Anderle (right), Natalie Dangelmayr (at left) and Jordan Buddy (far left).

Tiger Cubs defeat Bobcats

The Sacred Heart Cubs defeated the Krum 8th Grade Bobcat Cubs 18-0 last week. This is Krum's first season of football.

After a scoreless 1st quarter, the Cubs carried the ball into the 2nd period with runs by Clay Hogan and John Paul Hesse. Hogan and Hesse got the ball to the 6 yard line. A Hesse to Isaac Walterscheid pass was good for 6 points.

The 3rd period was controlled by Sacred Heart. The Cubs ran 13 plays while the Cats ran only three for a minus yard. The first drive was Hesse and Hogan runs, with a Hesse to Austin Aldridge pass. Hogan scored on a 1 yard run for a 12-0 score going into the final period.

The first Sacred Heart play in the 4th was another Hogan touchdown for an 18-0 score.

Krum's offense continued to struggle as the Cubs also controlled most of the remaining game, with Walterscheid running six of the nine final Sacred Heart offensive plays.

The game ended with an Andy Flusche tackle.

Lady Knights improve District to 11-1

The varsity Lindsay volleyball team added victories to the record with District wins over Forestburg and Saint Jo.

On Friday, Oct. 17, the Lady Knights defeated the Lady Horns by scores of 25-13, 25-12, 25-14. Leading the team were Kaylee Murpree with 4 aces (AC), 10 kills (K), 4 blocks (B), and 6 digs (D), and Kristin Martin with 2 AC, 16 K, 2 B, and 4 D. Brenna Mlinar added 31 assists (A), 4 AC, and 3 D; Alyx Ethington 2 AC, 7 D; Cammi Neu, 2 AC, 4 K; and Rose Hermes 4 K.

On Tuesday, Lindsay hosted the Lady Panthers of Saint Jo, taking wins of 25-13, 25-14, 25-11 to improve their District record to 11-1.

Mlinar had 3 AC, 4 D, and 30 A. Martin is credited for 2 AC, 20 K, 3 B, and 4 D, with Murpree having 2 AC, 15 K, 2 B, and 4 D. Ethington had 3 AC, 3 D; Neu, 2 K, 2 D; and Loch 2 A.

Sub-Varsity Volleyball

7th Grade

The Lindsay 7th grade girls volleyball team split with Collinsville on Monday night. In the first match, Lindsay won in two games 25-15, 25-18. "The girls played well in game 1 and most of game 2. We still need to play more aggressive," said Coach Don Neu.

In the second match, Collinsville won in two games 20-25, 20-25. "The girls played a little timid and did not communicate as well. We made way too many errors to win the match," Neu added.

8th Grade

The Lindsay Lady Knight 8th grade took a win over Collinsville on Monday. The scores were 24-26, 25-25, 25-17. The "B" team lost by scores of 15-25, 23-25. "Both groups played well. I am proud of them," said Robin Hess. Next action will be Saturday with the District Tournament in Lindsay.

Freshman

The freshman volleyball team defeated Saint Jo on Tuesday night in two games 25-6, 25-19. Katie Arendt was 13 for 13 serving with 1 kill. Lucinda Krahl was 9 for 10 serving. Taylor Atkins had 3 kills. Jordan Fleitman had 3 kills. Raneey Morrison was 11 for 11 serving. Erin Copeland had 3 assists.

Junior Varsity

The Lindsay JV Lady Knights remained undefeated in District with a win over Saint Jo on Tuesday. Scores were 25-14, 25-21. "The girls served the ball extremely well. They played very well," noted Coach Hess.

Army worms marching into fields

Reports of armyworms devouring pastures and newly planted wheat increased in many parts of the state as producers attempted to finish the cotton harvest and plant small grains, according to reports from the Texas AgriLife Extension Service. Most of the Rolling Plains reported infestations. In some counties, they were severe enough to cause producers to replant winter wheat. "Wheat planting continues and some are going to have to replant due to armyworms," said Heath Lusty, AgriLife Extension agent for agriculture in Jack County, south of Wichita Falls. "Some pastures and wheat did see some fall armyworm damage, but with cooler temperatures those problems

should decline," said Miles Dabovich, AgriLife Extension agent for agriculture in Wichita County in North Texas. "The county received about 1.25 inch of rain on Monday," said Wes Utley, AgriLife Extension agent for agriculture in Haskell County, north of Abilene. "Many wheat producers who have wheat up are having to fight armyworms. Others are beginning to plant again." "Farmers have been spraying their wheat for armyworms that have been seen throughout the county," said Adam Bonner, AgriLife Extension agent for agriculture in Knox County, southwest of Vernon. "Many farmers have been trying to spot spray around fence lines

where there has been quite a bit of activity." "Wheat planting is well past 70% completed," said John Senter, AgriLife Extension agent for agriculture in Mitchell County, east of Big Spring. "However, stands are still slow to emerge and are still trying to recover from early armyworm pressure and above-average temps for much of September." "Armyworms continue to devastate small grain fields and some coastal fields," said Marty Gibbs, AgriLife Extension agent for agriculture in Runnels County, northeast of San Angelo. "The harvest is underway on some of the earlier cotton with good yields reported."

COUNTY AGENT REPORT

Time to plant trees and shrubs

Fall is the time to add woody plants to the landscape. Now is a perfect time to add a new tree or a grouping of shrubs to your yard. Fall may be the best season to plant, surpassing even the spring. Dr. Douglas Welsh, Extension horticulturist, has written some information that gives gardeners cause to get outdoors and start planting. He says many people prefer January through March for planting, but the fall months of September through December have distinct advantages. Fall planting follows the heat of summer, before a cool winter season, and trees and shrubs planted in the fall use this to good advantage. Plant roots grow anytime the soil temperature is 40 degrees or higher, which may occur all winter in Texas. During the winter months, the root systems of the fall-planted specimens develop and become established. When spring arrives, this expanded root system can support and take advantage of the full surge of spring growth. Fall is the optimum time to plant balled and burlapped trees and shrubs. Balled and burlapped plants have ample time to recover from transplanting and proliferate roots before spring growth begins. Remember, however, all bare root plants, including roses and pecan and fruit trees, should be planted in late winter when they are completely dormant. When buying plants for your landscape, be sure to get healthy, well-grown plants. Always buy from a reputable dealer. Those in the planting business year-round

depend on repeat customers, and only by selling customers quality plants can there be assurance of future business. Beware of plant bargains. They can easily turn out to be real headaches. A bargain is no good if it dies. The price tag, especially the cheapest one, is not the best guide to quality. "Plan before you plant" is always a good rule of thumb. Whether you are planting a single plant or an entire landscape, plan first, then plant. Good planning is a worthwhile investment of time that will pay off in greater enjoyment of attractive and useful home grounds, and in increasing the value of your home. It's much easier to move plants on paper than to dig them after planting in the wrong place. A plan saves many planting mistakes. Every plant in the landscape should serve a purpose. Ask yourself if you want a plant for screening, for privacy, or for shade. How large will it be five years from now? Plants, like people, grow up. Remember, that a small one-gallon-size plant will look entirely different after a few years of growth in your landscape. Here are some planting guidelines:

- Dig a hole large enough in diameter so that the root system has at least six inches of clearance on all sides. The root ball should rest on a solid soil foundation, so don't dig the hole much deeper than the ball.
- Plant the tree or shrub slightly above the level of the surrounding soil.
- Carefully place the tree or shrub in the hole. Handle the plant by the root ball, not by the trunk.
- Backfill the hole, using only the native soil removed from the hole; do not use soil amendments when planting large shrubs and trees. Fill the hole, and firm the soil around the plant. Water thoroughly to settle the soil around the roots and to eliminate any air pockets.
- Do not fertilize your tree or shrub after planting. Wait until early in the spring to do this, and even then, go lightly.
- Watering has been and remains paramount in transplanting. At the time of transplanting, soak the root ball and surrounding soil. A thorough watering every seven to 10 days dramatically increases the success ratio. More frequent watering may encourage root rot.
- Before calling it a day, add four to six inches of mulch around the base of newly planted trees and shrubs. This helps to keep down weeds and conserve soil moisture.

Paul's Chiania heifer took first in its class. Other FFA members showing at the Fair included Kendra Walterscheid, Brandy Dangelmayr, and Jordanne Hellman in the Percentage Boer Goat Show, and Taylor McGrew and Cole McAden with Levi and Luke in Livestock Judging.
