City rates raised for water, sewer, and waste disposal

Muenster Mayor Joey Anderson opened the Monday, Sept. 12 City Council meeting with a prayer in remembrance of 9-11.

Muenster residents will soon be paying more for utility services and trash pick up. Chris Henderson of IESI attended to request a rate increase of 3.31% to take effect on Oct. 1.

The Council passed Ordinance 326, raising the rate for trash pick up by 3%. That will mean an increase from \$15.75 to \$16.25 per residential client. Commercial and industrial clients will get a 3% increase. Their

frequency of service, and expenses incurred in imadded fuel surcharges. The proving the City's water sysminimum charge will be tem to avoid an occurrence up and \$29.50 for biweekly this summer. The base rate hand pick up. A two cubic for each will be raised \$5, yard dumpster is \$80.20 per and different levels of water month for once weekly pick up and \$160.20 for twice weekly; three cubic yard is \$209.90.

Also getting a heads up was ordinance #324 regardrates. Anderson noted that the Council had discussed in the sewer and water rates per 1,000 gallons. during its budget workshop.

bic yard volume per week, The money will help defray went from \$500 to \$700. The on the revenue. The water kenship introduced new ofrates will increase by 35¢ to 65¢, said Anderson.

The minimum is \$18 \$89.65 and \$179.25; and for up to 1,000 gallons per four cubic yard is \$105 and month. The next 5,000 gallons increase by \$2 per 1,000 gallons; the next 20,000 by \$2.50 per 1,000 gallons; ing new water and sewer the next 20,000 by \$2.75 per 1,000 gallons; the next 20,000 by \$3 per 1,000 galsetting substantial increases lons; and thereafter \$3.50

The rate for sewer taps

connect fee increased from \$25 to \$35 and the deposit tem to avoid an occurrence from \$100 to \$125. Endres \$20.35 for weekly hand pick like the water restrictions said the reason for that is doing that. Tax us as you any time the City has to put in a new water tap, they almost always hit rock. That would help defray that ex-

The City adopted a budget with a General Fund total expenses of \$1,073,820 and a net income of a negative of \$15,738. The Water & Sewer Fund for 2011-12 is a total expenses of \$3993,825 and a net income of \$160,575.

A pubic hearing took place on the proposed tax rate. Danny Knight encouraged the Council to, "Stay current

shortage really bothers me. We put in a yard this spring and spent \$6,000 or \$7,000 doing that. Tax us as you chief Blankenship reneed to tax us. One of the biggest mistakes you can ment has changed a great make as a Council is not giving yourself money to work

For 2012, the City adopted a tax rate of \$0.34311 per \$100 of property valuation. That is the same as last year's rate, but it will bring in an additional \$6,000 in revenue due to a slight increase in property values. The effective tax rate is \$0.340100 and the rollback the days and times of the rate is \$0.367300.

Muenster Keep Beautiful President Dr. Elaine Schilling presents an award of appreciation to Muenster Mayor Joey Anderson for all the City's clean up efforts after the destructive June 18 storm. The whole community was invited to the KMB event for a hot dog supper as a show of KMB's appreciation for the citywide clean up efforts.

Protests shut down proposed business venture

By Janet Felderhoff

A group of residents came to Monday night's City Council meeting set to shoot down a proposed duplex addition and succeeded. Even after the investor, Danny Knight, countered all of their offered reasons against, they would not change their minds.

Protests were heard at a public hearing on a request to change the zoning from an R-1 Single Family to an R-2 Multi Family District. The property being considered is located in the Schilling Addition just north of the intersection of East Ninth Street and Hickory Street.

Knight explained that he ment other than the stock- in the area for a few months. market. What he's seen work

Safety issues spur **County resolution**

By Janet Felderhoff Although EOG's name

came up repeatedly in Monday, Sept. 12's meeting of Cooke County Commissioners Court, it was stressed that their concern is for the safety and welfare of the citizens, not opposition to EOG. They are not trying to oppose EOG, but are opposing a particular event that the company is trying to get started in the County.

At citizens' requests and due to safety issues, the Court approved two resolu-

The first resolution concerned the sand mining plant being constructed in Cooke County by EOG. The resolution received approval from the Court with no comments. It noted that the proposed facility will emit contaminants such as nitrogen oxides, sulfur dioxide, carbon monoxide, and particulate matter with diameters of 10 the County. Judge Roane exmicrons or less that may be

harmful to plant employees and citizens in proximity to the plant.

Due to concerns for air quality and safety of citizens, the Court supported a request for a contested court hearing concerning the air quality permit sought by EOG for this plant. The resolution will be sent to TCEQ.

County Judge John Roane remarked, "The idea of this resolution being sent to the TCEQ, is not to keep the plant from going into operation, but to hopefully get a contested hearing which will lead to internal monitoring of air quality by EOG and TCEQ for the safety of the citizens of Cooke County.'

Claiming more of the Court's attention was a resolution opposing an EOG application for a permit to treat oil and gas waste for use as road base. That facility would also be located within

FIREFIGHTERS KEET BUSY - When a fire call goes out these days, several fire departments are called and spring into swift response. All are aware of the dire consequences that could occur should a fire get too far out of control. This fire took place last Thursday on the Atchison place along FM 373 about 2 1/2 miles south of FM 1630. A pickup caught fire, causing the grass to begin burning. Muenster, Era, and Rosston VFDs responded and Lindsay and Myra VFDs lent assistance. It toasted about 35 acres. Muenster VFD also put out grass fires on a vacant lot at 420 Walnut in Muenster, CR 461 near Bulcher, and Hwy. 82. Fire Chief Herbie Knabe noted that the cause of at least two fires in two weeks were people using cutting torches or welders. If this causes a fire to which fire departments respond, it will result in a fine up to \$500.

......continued from pg. 1

Knight said if somebody was going to prey on a child, the 700-800 yards difference from where the Fleitman tract is located is not going to make a lot of difference.

To the Council, Knight gave his assurance that he and his wife Dana keep a neat property and do not lease to just anyone and it would be an asset to the community, add to the tax base, and meet a perceived need in

Endres informed the Council that City Attorney Chuck Bartush said that they could make any type of restriction with the property that they wished, even the age of who could rent the property and those restrictions would stay with it.

Mayor Anderson told the Council the options are the zoning change fails to move forward due to lack of a motion, a motion to table action until next month, a motion to deny, or a motion to approve the change. He stated, "I feel like Danny is coming to try to put a property in to meet what his needs are just like any one of us might want to do. He sees a need and I feel that it would be easy to rent out those units. I've seen in many places where just that type design lends itself well to elderly people who are looking to downscale and stay in the community... I understand the concerns of the crime element of rent-

Police Notes from Muenster Chief of Police Mark Blankenship

As we all know, school is back in session and the school zone speeds are in effect during certain hours. The speed limits are 20 and 15 mph as posted.

Cell phone use is prohibited in an active school zones by all drivers, and persons under 18 years are prohibited from any cell phone use at any time while driving on a public roadway, with the exception of an emergency.

The Police Department will be enforcing these violations. Please help us keep everyone SAFE.

FIREcontinued from pg. 1

Trim your dead bushes, hedges. Evergreens may look green right now, but if they are under your awnings or eaves of your house, they are going to go up. They're going to burn. Keep water hoses at two ends of your house that will reach all the way around the house.

"I've seen it in the past, and we've got a very good reminder of how effective that can be just the other day north of Muenster."

The Fire Marshal went on to tell of a passerby who saw smoke and went to investigate. It was Troy Sicking who called in the fire. The fire was encroaching on the house and starting to engage a dead shrub under the eave of the house. Fletcher said Sicking was able to hook up hoses and put out the fire that was starting on the bush. "That, I think, really did save that house," he added. "Had he not been there taking the actions he did, we would have shown up and had a structure fire. That's what it's about out here, neighbors taking care

got to give them a fighting chance. If you don't have a water hose and you've got all this stuff along the edge of your home, you don't have a chance at all."

Keetch Byram Drought Index (KBDI) for Cooke County is a low of 717, high of 786 for a mean of 766. The entire County is in the exceptional drought state now, said Fletcher.

"The outlook is for El Nina to intensify in the South Pacific. That typically indicate a drier, warmer period for us," noted Fletcher.

A reminder to anyone considering doing outdoor welding or cutting: You must have the area clear of combustible materials for 25' in all directions; must have a fire watch person monitor the activity; must have a minimum of 100 gallons of water with a capability to be sprayed or continuous water source such as a charged garden hose.

Cooking outdoors may be done in a device that is enclosed at all times and all vegetation and debris must be clear within 10' radius of of neighbors. But you've the cooking device.

faculty present. "As taxpay- ball and softball fields, and offenders, pedophiles, and ing it. People that we really don't desire, that can happen on any street in town. I don't think what is going to be created there is any worse other than from your point that it is near a school. I think a lot of the concerns are unfounded in reality in this

> usually the adjoining property owners have a big say in what is being done. The Schillings did not attend, Zimmerer is against it, and Milton Knauf and the School are against it and that is all the adjoining property owners. Alderman Jack Flusche made the motion to deny the zoning change. "I do think it is a good idea, maybe in a different location," he said. "We need to listen to our town." He invited Knight to come back with another proposal.

situation." He noted that as

Endres remarked that

mayor he has no vote.

At the conclusion of the meeting, Knight thanked the Council for working with him City Administrator Stan and then stated, "I am deeply offended that somebody in this community would think that Dana and Danny Knight would do something to harm by renting to somebody that would endanger one of our kids. I have grandkids in the

Protect your hearing

Why take a chance on making matters worse? Cotton swabs and ear candling are unhealthy practices to remove earwax, to clean or scratch your ear canals. Don't use cotton swabs to clean inside your ear canal. It can push the earwax in further and you could puncture your eardrum.

Cooke County Commissioners agreed to take money from the General Fund to repay money into the Cooke County Sheriff's bond fund. This became necessary due to an employee of the Sheriff's Office stealing money from fines and bonds. The person is making restitution with weekly payments and is on probation for five years. That money will be used to reimburse the County as it comes in. Sealed bids were opened

last Thursday for construction of a new tower on the Rice Avenue location. The tower being used was damaged in a storm in the spring and must be repaired or replaced before winter ice storms. Bids ranged from a high of \$1 million to a low by PEXX of Houston of \$82,416 base price with an additional \$4,836 for freight. Ínsurance settlement of

the damaged tower was for \$36,750. For a little more than \$50,000 more, the County could construct a new taller, sturdier tower with a 40-50 year life span. They anticipate being able to put more antennas on it and get better coverage. The bid was awarded to PEXX with construction expected to begin in October. In other business conduct-

ed at the Sept. 12 meeting, Commissioners Court:

PUBLIC NOTICE

Brief Explanatory Statements of Proposed Constitutional Amendments Special Election November 8, 2011

Proposition Number 1 (SJR 14)

SJR 14 would amend the constitution to authorize the legislature to provide the surviving spouse of a 100 percent or totally disabled veteran with an exemption from ad valorem taxation of all or part of the market value of the surviving spouse's residence homestead as long as the surviving spouse has not remarried, the property was the residence homestead of the surviving spouse when the qualifying veteran died, and the property remains the residence homestead of the surviving spouse.

The proposed amendment would appear on the ballot as follows: "The constitutional amendment authorizing the legislature to provide for an exemption from ad valorem taxation of all or part of the market value of the residence homestead of the surviving spouse of a 100 percent or totally disabled veteran."

Proposition Number 2 (SJR 4)

SJR 4 would amend the constitution to authorize the Texas Water Development Board to issue additional general obligation bonds on a continuing basis for one or more accounts of the Texas Water Development Fund II, with the restriction that the total amount of bonds outstanding at any time does not exceed \$6 billion.

The proposed amendment would appear on the ballot as follows: "The constitutional amendment providing for the issuance of additional general obligation bonds by the Texas Water Development Board in an amount not to exceed \$6 billion at any time outstand-

Proposition Number 3 (SJR 50)

SJR 50 would amend the constitution to authorize the Texas Higher Education Coordinating Board or its successors to issue and sell general obligation bonds on a continuing basis for the purpose of financing educational loans for

students, subject to certain constitutional restrictions, including a restriction as to the maximum principal amount of bonds outstanding at any one time.

The proposed amendment would appear on the ballot as follows: "The constitutional amendment providing for the issuance of general obligation bonds of the State of Texas to finance educational loans to students.'

Proposition Number 4 (HJR 63)

HJR 63 would amend the constitution to authorize the legislature to permit a county to issue bonds or notes to finance the development or redevelopment of an unproductive, underdeveloped, or blighted area within the county, and to pledge increases in ad valorem tax revenues imposed on property in the area by the county for repayment of such bonds or notes. The amendment does not provide independent authority for increasing ad valorem tax rates.

The proposed amendment would appear on the ballot as follows: "The constitutional amendment authorizing the legislature to permit a county to issue bonds or notes to finance the development or redevelopment of an unproductive, underdeveloped, or blighted area and to pledge for repayment of the bonds or notes increases in ad valorem taxes imposed by the county on property in the area. The amendment does not provide authority for increasing ad valorem tax rates."

Proposition Number 5 (SJR 26)

SJR 26 would amend the constitution to authorize the legislature to allow cities and counties to enter into interlocal contracts with other cities and counties without having to assess an ad valorem tax and set aside a specified amount of funds for the payment of costs under the interlocal

The proposed amendment would appear on the ballot as follows: "The constitutional amendment

authorizing the legislature to allow cities or counties to enter into interlocal contracts with other cities or counties without the imposition of a tax or the provision of a sinking fund.'

Proposition Number 6 (HJR 109)

HJR 109 would amend the constitution to increase the amount of principal that is available for withdrawal from the permanent school fund each year and would also clarify certain references to that fund in the constitution. Increased access to the principal of the state public education trust fund would be based upon HJR 109 granting the authority to consider alternative market calculations when determining the amount of principal that is available for distribution to the available school fund. HJR 109 would also provide authority to distribute to the available school fund annual revenue from school fund land or other properties up to \$300 million per year.

The proposed amendment would appear on the ballot as follows: 'The constitutional amendment clarifying references to the permanent school fund, allowing the General Land Office to distribute revenue from permanent school fund land or other properties to the available school fund to provide additional funding for public education, and providing for an increase in the market value of the permanent school fund for the purpose of allowing increased distributions from the available school fund.'

Proposition Number 7 (SJR 28)

SJR 28 would amend the constitution by adding El Paso County to the list of counties authorized to create conservation and reclamation districts to develop parks and recreational facilities financed by taxes.

The proposed amendment would appear on the ballot as follows: The constitutional amendment authorizing the legislature to permit conservation and reclamation districts in El Paso County to issue bonds supported by ad valorem taxes to fund the development and maintenance of parks and recreational facilities.'

Proposition Number 8 (SJR 16)

SJR 16 would amend the constitution by requiring the legislature to provide for taxation of open space land devoted to water stew ardship purposes on the basis of its productive capacity.

The proposed amendment would appear on the ballot as follows: "The constitutional amendment providing for the appraisal for ad valorem tax purposes of openspace land devoted to water-stewardship purposes on the basis of its productive capacity.'

Proposition Number 9 (SJR 9)

SJR 9 would amend the constitution to authorize the governor, on the written recommendation and advice of the Board of Pardons and Paroles, to grant a pardon, reprieve, or commutation of punishment to a person who successfully completes a term of deferred adjudication community supervi-

The proposed amendment would appear on the ballot as follows: "The constitutional amendment authorizing the governor to grant a pardon to a person who successfully completes a term of deferred adjudication community supervi-

Proposition Number 10 (SJR 37)

SJR 37 would amend the constitution by extending the length of the unexpired term that causes the automatic resignation of certain local elected officeholders if they announce candidacy or become candidates for another office from one year to one year and 30 days.

The proposed amendment would appear on the ballot as follows: "The constitutional amendment to change the length of the unexpired term that causes the automatic resignation of certain elected county or district officeholders if they become candidates for another office."

Letter to the Editor

Many of you know that Sunday was the tenth anniversary of 9/11. Do you remember that day? Where were you? What were you doing? How did you feel? Think about these questions for a moment.

On Sept. 11, 2001, our nation experienced an event that would forever change the way we live. On that day, thousands of lives were lost, dreams were shattered, and hope was forgotten. It was the day that Americans entered a mental, emotional, and physical war.

Do you remember that day? As a second grader at the time, I remember that day viv-

to make a difference.

the bad news. Although we did not understand the severity of the situation at the time, we felt sorrow. I remember all of us walking across the street to the church to pray for those involved in the attacks. It is a day I'll never forget; a day that will remain embedded in my memory forever. Do you remember that day? As you reflect, it is important to remember how fortunate we are each and every day. Men and women have sacrificed their lives for the safety of our own. Be thankful for the

small things in life and never take anything for granted.

Take joy in everything you do, for you never know what

idly. We were all gathered into a classroom and were told of

each new day brings. So, in memory of 9/11 and the people who lost their lives that day, Muenster High School's FCCLA hosted a "Good Deed Day." We asked the students to perform a good deed and write it down to be displayed. We encourage the community to do the same, to show the world that you care and

Total Access Weight Equipment

The MMH FIT Center is equipped with top of the line strength training equipment. One way that ours is different from others is the total access option which allows it to be used by handicapped or able bodied patients. For example, the seats can be removed on many of the machines to allow individuals in a wheelchair to use them. MMH is the second hospital in the state of Texas to have this line in their facility.

Our Swing Bed Program patients are already benefiting from the new Functional Innovative Therapy (FIT) Center.

Baptism

Fisher

Steven John Fisher, son of Steven and Penny Fisher of Muenster, received the Sacrament of Baptism on Saturday, May 7 at the 5 p.m. Mass in Sacred Heart Catholic Church. Fr. Ken Robinson officiated. Scott and Gail Killian of Bedford, uncle and aunt, served as his Godparents. Steven was wrapped in a monogrammed blanket given to him by his paternal grandparents Butch and Eileen Fisher. Following Mass, a lasagna dinner was served in the Butch and Eileen Fisher home. Others attending were Steven's sisters Ashleigh, Madeleine, and Mary; his maternal grandparents Connie and Roy Purcell; aunt Janie Fisher; aunt and uncle Tiffany and Jon Reed and cousins Škylar and Taylor.

Shade Tree Run packs Muenster Lake area

An unexpected 28 schools brought over 660 runners to Muenster last Saturday as Muenster ISD hosted their annual Shade Tree Run. The Cross Country race was moved from the City Park, the location of the past two meets, to the west side of Muenster Lake. The race ran through the pasture and followed the walking trail path through the Lake Shore timbers. It also included several

rough rock ledge "steps" that runners had to "climb." VARSITY GIRLS

Action began with the Varsity Girls race. The winning time was 11:42.76 by a runner from Anna. Lindsay's Megan Holt was 3rd, Emily Hellman of Muenster 4th, followed by Era's Sofia Zavala at 5th. Anna won the division with 63 points. Pottsboro followed with 95, then Muenster at 107, Van Alstyne 116, and Lindsay 119. Sacred Heart finished with 265 for 10th place.

Places and times of runners from Muenster, Sacred Heart, and Lindsay are as follows: 3, Megan Holt, L, 11:54.67; 4, Emily Hellman, M, 12:09.40; 10, Megan Caillier, L, 12:56.08; 13, Paige Herr, M, 13:13.90; 16, Mikaela Fleitman, SH, 13:14.69; 20, Rebecca Metzler, L, 13:21.97; 21, Demi Koelzer, M, 13:24.63; 23, Jessica Martin, L, 13:28.24; 35, Michelle Sicking, M, 13:47.44; 43, Lauren Rohmer, M, 13:59.70; 44, Mikenzie Fleitman, SH, 14:02.03; 61, Sara Davidson, SH, 14:30.94; 62, ners from Muenster, Sacred Davidson, SH, 14:30.94; 62, Lana Heers, M, 14:31.37; 64, Shelbi Sicking, M, 14:34.06; 71, Kalyn Dangelmayr, M, 14:53.58; 75, Courtney Neu, L, 14:55.53; 87, Devan Henry, SH, 15:24.54; 88, Peyton Reiter, SH, 15:26.08; 95, Karleigh_Reeves, SH, 15:48.27; 109, Brianne Sandmann, L, 19:47.54.

VARSITY BOYS

Denison took the Varsity Boys Championship with the Lindsay Knights plac-ing 8th and Sacred Heart 13th. The top individual finisher was from Van Alstyne, clocking in at 17:11.82. Local runners included: 11, John Price, L, 18:12.87; 25, Dakota Ellender, L, 18:48.99; 27, John Paul Hesse, SH, 19:00.82; 31, Travis Block, L, 19:15.67; 37, Chance O'Shel, L, 10:26.48; 43, Los Portugh L, 19:26.48; 43, Joe Bartush, L, 19:26.48; 43, Joe Bartush, SH, 19:32.65; 82, Jaime Proctor, SH, 21:15.84; 87, Jeff Hellman, L, 21:37.99; 106, Conner Polk, L, 22:56.65; 121, James Cochran, SH, 25:04.54; 126, Chris Bartush, SH, 26:07.58.

JUNIOR VARSITY
GIRLS

Muenster had four run-

Muenster had four run-ners in the Girls Junior Varsity division. Lora Walterscheid finished 18th out of 71 runners. Makaela Lamar was 23rd, Kendi Bayer 38th, and Kristen Reiter, 42nd.
JUNIOR VARSITY BOYS

Two Hornets ran with the JV - Austin Creswell and Zach Trubenbach, finishing 75th and 80th in the race.

JUNIOR HIGH GIRLS
Gainesville girls took 1st place as a team, followed by Durant and Pottsboro. Runners included: 15, Lindsey Gibbs, L; 20, Sydney Mc-Cage, L; 21, Hope Inglish, L; 34, Rylie Reiter, SH; 37,

Campbell Williams, L; 48, Hayley Cooper, L; 66, Rea-gan Weger, M; 68, Katie Pa-gel, M; 75, Allison Morris, M; 83, Alaina Reiter, M; 90, Kelsie Sicking, M; 109 Bailey Klement, M; 114, Morgan El-dridge, M; 118, Macie Pagel, M; 121, Laura Wyrick, L. JUNIOR HIGH BOYS

Pottsboro, Durant, and Slidell took top team honors in the boys junior high run. There were 128 participants. Local finishers in the race included: 11, Ethan Henry, SH; 15, Bryce Herr, M; 25, Brennan Binder, M; 27, Blair Martinson, L; 34, Trace Klement, M; 35, Justen Nasura, M; 53, Dawson Anderle, L; 63, Devon Brinkley, M; 64, Zach Green, L; 106 Billy Felderhoff, M.

FUN RUN
The final run of the day was an 800 yard fun run for the young kids. Twenty-four took part in the race. They were, in order of completion: Alexis Batha, Warren Williams, Alaina Kubis, Bailey Anderle, Megan Rohmer, Alex Broyles, Marcus An-derle, Natalie Chism, Jenna Sicking, Annie Anderle, Anna Proffer, Charlie McCullough, Stacie Lamar, Dillon Gann, Paden Jaroz, Marty McCoy, Matthew Klement, Savannah Hermes, Audrey Kubis, Joey Stephens, Ainsley Budish, with the last three unnamed.

adding another notch under the win column for the 2011 football season with a 28-10 victory over the Fort Worth Calvary Christian Conquerors from TAPPS Div. 3, Dis-

"We came out kind of flat to start the game," Coach Dale Schilling said. "But big plays by our special teams sparked our momentum to get points on the board." Schilling is referring to a Mark Bartush punt return fumble recovery, an Austin Springer blocked punt, and a Josh Biffle kickoff fumble recovery. Coach Schilling also noted that the Tiger offensive and defensive lines dominated the line of scrimmage.

Muenster rings Bells 47-0

The Bells Panthers hosted yard touchdown run. The Friday night in a non-district contest. The Hornets earned

Muenster got off to a slow start with a scoreless 1st periods, taking control of the contest.

'Our offense came out flat and we had two touchdowns called back because of penalties, but the defense came out and played good from start to finish," Coach Brady Carney noted. "Our special teams did a good job on punts, punt coverage, and fielding all punts. The offense got things turned around the next three quarters. The boys continue to play hard."

Muenster's offense controlled the 1st quarter, but couldn't find the end zone. The Hornets got in 18 runs, covering 90 yards, while the Panthers ran six and punted twice, their largest gain a 10 yard penalty the first play of the game. A Panther punt started the 2nd

Muenster's defense held Bells to 1 yard, with the punt

15 yards. Voth finished

the Muenster Hornets last PAT pass failed for a 6-0 score.

Again the Hornet defense their third season win, de-feating Bells 47-0. held the Panthers, forcing a punt on 4th and 13. The punt lost 8 yards, giving Muenster the ball 15 yards quarter, but scored three from paydirt. Clint Sidwell times each in the next two gained 12, with Chase Hammer scoring on a 3 yard run. Hunter Klement's PAT gave Muenster a 13-0 lead.

One yard gain and punt was Bells' next offensive attempt. Two Hammer runs, a 15 yard penalty, and an Anderle keeper moved Muenster to the 9 yard line. Anderle completed a pass to Andy Flusche to push the Hornets to a 19-0 lead late in the 2nd quarter. The PAT failed. The Panther offense played out the remaining clock to the halftime break.

The Hornet offense took the field to start the 3rd quarter. From their own 39 yard line, Trevor Hess gained 31 yards, Sidwell 10, Koelzer 5, and an Anderle to Hammer pass 9 yards to the 6 yard line. An Anderle keeper scored 6. The PAT Anderle pass to Cole Walterscheid gave Muenster a 27-0

Again 1 yard was all the Hornet defense would give up. Bells' punt started Muenster's next drive on their 43 yard line. An Anderle to Flusche pass play quickly gained 37 yards. Hammer ran for 12, with Sidwell scoring from 8 yards out. Klement's PAT kick gave the Hornets a 34-0 lead midway through the 3rd quarter.

Believe it or not, the Horon net defense again gave up Panther only a yard. Bells' 7 yard 45. An Anderle punt placed the ball on the Panther 38. Hammer ran pass picked up for 12 yards and Koelzer 13. Walterscheid caught Anderpicked up an- le's pass for the final 13 yards other 9, then of the drive. Klement added the the PAT for a 41-0 score with drive with a 36 3 1/2 minutes remaining in

A penalty and sack forced another Bells punt. The Hornets, unable to get 10 yards, also punted. The Panthers booted the ball again on 4th and 5 as the final quarter be-

From the Panther 41, Muenster started their final scoring drive of the game. A 10 yard penalty was followed by a 36 yard run by Hammer and a Sidwell 14 yard gain to the 2 yard line. Klement ran the ball in for the touchdown. The extra point attempt failed for the 47-0 final score.

JV Tigers sink Pirates

The Collinsville Pirate JV sailed over to Tiger Field last week, but after four quarters of play, the Pirates were sunk by a score of 26-0. The two teams each saw both sides of the ball, but couldn't find any treasures the 1st quarter.

The Pirates thought they found paydirt, but that little yellow flag gave possession to the Tigers. Four plays later, a Brady Endres pass to Tavi Saldana put numbers on the scoreboard. Dylan Clure ran in the points after for an 8-0

The Tiger defense, led by Kevin Flusche and Michael Weinzapfel, forced the Pirates to punt. Saldana returned the ball 40 yards for another Sacred Heart touchdown. An Endres to Justin Brown pass gave the Tigers a 16-0 half-

Runs by Brown, Endres, and Clure, and a couple of flags carried the Tigers to the 20, but they couldn't find the end zone. After exchanging a few, Darian Peters covered a loose Pirate ball on the Collinsville 36. Seven plays later, Endres and Aaron Davis connected for 6 points. Brown ran in the PAT and Sacred Heart led 24-0 as the final quarter began. Collinsville watched the Tiger kick roll to the 5 yard line.

A tackle by Hayden Schilling caught the Pirates in the wrong end zone for a 2 point safety and a 26-0 score.

Tackles by Michael Davis, Brown, and Omar Colmenero kept the Collinsville offense in the minus for the remainder

Cubs quiet Collinsville

The Sacred Heart Junior High Cubs hosted the young Pirates from Collinsville last Thursday, sinking the visitors in a final 28-14 game score.

Sacred Heart scored two touchdowns in the 1st quarter. Starting from their own 33, runs by Kason Reeves and Tyler Spruill moved the ball inside the Pirate 20. A Reeves to Zachary Flusche pass play put 6 points on the scoreboard. With 5:12 on the clock, the Cubs led 6-0.

Three plays later, Spruill caused a Pirate fumble. Michael Fleitman covered the ball on the Pirate 35. Reeves picked up a quick 22 yards, with Spruill moving the ball to the 9. A keeper by Reeves found the end zone. Spruill ran in the extra points for a 14-0 score with 1:49 remaining in the

Collinsville's offense controlled the 2nd quarter, but was unable to score, with Nick Turner, Reeves, Spruill, Grant Springer, and Daniel Hesse all getting in on tackles. The Cubs had only one snap in the 2nd period and it was fum-

Collinsville took the 3rd quarter kick, using a dozen plays to cross rough waters, scoring with 16 seconds on the clock, closing the score to 14-8.

The Sacred Heart offense held on to the ball the only two plays they ran in the 3rd quarter. Reeves had a 29 yard run and Spruill a 40 yard touchdown. Reeves ran in the PAT for

The Pirates drove down to the Cub 1 yard line, but lost the ball, covered by Ethan Henry, placing Sacred Heart on their 20 yard line. Two plays later, Spruill raced 79 yards to score another Sacred Heart touchdown. The PAT failed, for a 28-8 score at the 2 minute mark.

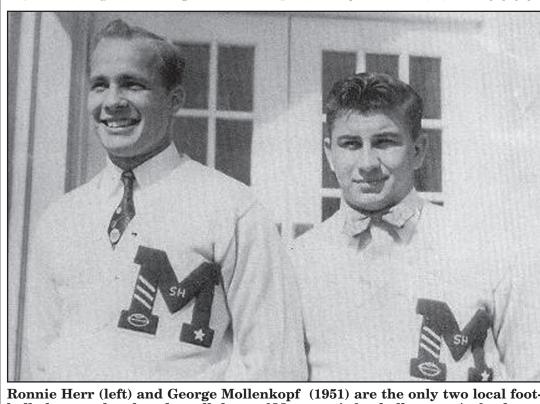

Collinsville found the end zone one more time for the final

One for the record books....

ball players who played on all three of Muenster's football teams. As freshmen in 1948, they played on the last Sacred Heart Hornet team. The next year, 1949, Sacred Heart did not have a football team and players were allowed to play on the first Muenster Hornet football team. In 1950, the Muenster Hornet team joined a league and Sacred Heart students were not allowed to play and Sacred Heart still did not have a team that season. In 1951, their senior year at Sacred Heart, Ronnie and George were co-captains of the first Sacred Heart Tiger football team, both playing in the backfield.

Whitewright "Swoopes" Lindsay 33-31

The Lindsay Knights played the Class 2A Whitewright Tigers in a hard fought contest last Friday, losing a heartbreaker in the last 58

The Knights took charge early in the game as they drove 69 yards on their opening drive. Sophomore quarterback John Haverkamp connected with senior Garrett Yancey and senior Jace Wann to set up the final strike to junior Tyler Dennington for the score. Yancey added the PAT and the Knights were

The Knight defense took over as the Tigers began to move offensively. Junior Blake Walker stopped the Tigers' drive with an interception and took it into Tiger territory. Haverkamp again took to the air, first hitting senior Dean Fleitman for 27 yards and finally connecting for another pass to put another 6 points on the board. The PAT was good and the Knights were up 14-0.
Coach Cody Bounds had

predicted Tyrone Swoopes, the Tigers' star quarterback, would give the Knights trouble and he was right. Mid-way through the second quarter, Swoopes led his team downfield and took the ball himself to make the score 14-7.

Lindsay came back, eating up yardage until they were stopped short on the 5-yard line. Yancey kicked a 22-yard field goal and the Knights were up 17-7.

The Knights held Whitewright scoreless in the second quarter, but with a Wann out return of 61 yards and a Haverkamp strike to senior Dawson Holt, the Knights expanded their half-time lead 24-7.

The second half of the game, Whitewright dominated, scoring on their second offensive possession to make

Lindsay failed to move the ball and punted. Whitewright drove down the field with Swoopes scoring on a 13-yard run. A two-point conversion made the score to 24-21.

Medical Center

1900 Hospital Blvd. Gainesville, TX 76240 Phone (940) 665-1751 www.ntmconline.net

The Knights were not finished offensively. They answered with a Haverkamp pass to Fleitman and then Dennington for a fourth and 4 touchdown pass to Dennington. The PAT was good and the Knights went up 31-21 with just over 5 minutes remaining in the contest.

Swoopes completed a couple of passes and ran another 33 yards. With fourth and four, Swoopes took the ball across the goal line. The PAT was blocked for a 31-27 score.

The Knights had possession of the ball and an upset win against Whitewright seemed inevitable. But Swoopes intercepted a pass to cut the Knights' possession short.

Swoopes then led his team down the field and sealed the drive with a TD pass and Whitewright took the win

We're excited that the kids played their hardest all year. They played with the passion we've been trying to get them to. We're sorry we lost, but excited that the kids have turned the corner in their play," Bounds said.

The Knights will next play Leonard at Leonard Friday with kick off at 7:30. The Leonard Tigers come into the game 1-2-0, having fallen Ott, 6 K. to Čaddo Mills 45-21 last

waive any formalities in the proposal. No proposal shall not be withdrawn for a period of sixty (60) days subsequent to the opening of the proposals without written consent of the Muenster I.S.D.

Street, Muenster, Texas 76252. Attendance is Very Highly Encouraged.

FARM & RANCH

And the cow said, 'Please force feed me that corn!'

ally get excited - and negative - about how we feed the world today with modern the anti-agriculture activist agriculture, one of the most grossly inaccurate charges that arises has started to surface once again in Web discussions. I guess it's this week's "activist message of the day.'

This robotic talking point was originally drafted by people who had to know it was a lie, but it's been repeated so often that those who use it now and passionately believe it do not understand it is not true.

It's really two talking points that usually travel together: 1) Corn is not a cow's natural food and it makes them sick; and 2) A cow's natural food is grass. We force feed them corn to make them fat.

If you follow the food debate on-line you've heard this. The trouble is it is almost completely nonsense. What is a cow's natural food? Well, I'd say it's a food that they will eat naturally if giv-

Grass? Yes. Corn? Also yes.

An image is fostered in world of cattle never allowed this "It makes them sick" to eat grass, from calfhood to nonsense. Cows, in close processing, "force fed" corn proximity to other cows, get and grain sorghum, allowed to get sick, pumped full of do. Cowboys on horseback drugs and ran straight into ride the feedlots constantly the processing plant.

Again, it's a lie. Nearly every bovine raised for beef or dairy production is grass fed - at least for some part of its life. I'm not saying anything against grass fed beef. It's not my preference, but there is nothing wrong with it. But, even grain-fed cattle are fed grass for the first six to eight months of life. Only to the feedlot for finishing with diets that include significant amounts of grass, in the form of hay, are fed along with grain rations.

Force feeding cattle? This is laughably untrue. Take an ear of corn and try to force feed it to a feedlot steer or a

Among the folks who re- en the opportunity to do so. Count your fingers. They will wolf it down and beg for another

Cows love corn; I don't get sick sometimes - like people watching for this. When he finds one, it's isolated for a while and treated, again, like people. There are strict rules against sending animals to market until these drugs are metabolized out of their system.

Corn is not a natural food for cows? To refute this, I have to take you to the East Texas farm of my youth. We then do we take the animals raised our own feed for our cattle.

As the corn matured and grain. Even in the feedlot, dried into ears perfect for cattle feed, I received stern warnings to never leave the gate open. Alas, I did make that mistake a few times. Guess what happened. The herd would walk out of their knee-high grass - their "natdairy cow. Be careful though. ural food" - and eat from the corn field until they could hold no more. They will pick the corn nearly every single time, even usually over flavorful grasses like clovers and alfalfa.

We can have this argument until the cows come home, but there are irrefutable facts here. There is not enough land in the world to grow enough grass for animal protein to meet the growing world demand. We need the efficiency of confined operations and high energy rations of grain.

But, there are some places that will grown only grass. And processing it into beef and milk with cows is the only way humans can utilize

I don't know whether to call the people that push this nonsense adversaries or enemies of agriculture. I suspect it's borne of the larger anticorporate movement and an unreasonable belief that no one should make a profit from growing food. But, we'll continue that conversation another time. Thought for the day: Force feeding corn to a cow is like force feeding hamburger to a Doberman.

TDA market recap

For the week ending Sept. 10, feeder cattle prices at Texas Panhandle auctions were mixed, \$5 lower per hundredweight to \$2 higher. At Oklahoma City West – El Reno, prices were mostly steady to \$2 lower on steers and mostly \$2 higher on heifers. Higher fed cattle and the likelihood for lower supplies this fall remain supportive, though the drought and lack of grazing continue to pressure markets. Fed cattle prices were nearly \$4.50 higher per hundredweight with light to moderate offerings for the second consecutive week.

Corn prices were lower. Wheat prices declined as weak export demand for U.S. wheat more than offset concerns about spring wheat yields and worries that dry conditions will limit winter wheat plantings this fall.

As for futures markets, feeder cattle, fed cattle, and cotton were higher, while wheat, corn, and lumber were

Topsoil moisture was again rated in short to very short supply statewide and most crops remain in fair to very poor condition, except rice was mostly good to fair. Corn was 72% mature and

54% of the crop has been harvested, both behind normal for this date. Grain sorghum was 58% harvested, also behind the average pace. Cotton bolls were opening on 54% of the acreage and 15% of the crop has been harvested, both higher than normal. Pastures were again rated in 96% very poor to poor condition as supplemental feeding and reductions of livestock herds continue. Winter wheat seedings have been delayed by the dry conditions.

He who is waiting for something to turn up shirt sleeves.

County Agent's Report

Fall to early winter cultural practices for turf grasses in home lawns

Fertilization Even with the drought, proper fertilization of lawns is important for continued lawn health. As long as you been able to keep your lawn actively growing, fall is a good time to apply some fer-

Dr. James McAfee is the region's Turf Grass Specialist for Texas AgriLife Extension Service. He has pointed out that fall is one of the most important times of the year to make an application of fertilizer to the warm season turf grasses such as bermudagrass, St. Augustinegrass, zoysiagrass, centipedegrass and buffalograss. Dr. McAfee says that in fall and early winter months, the number one priority for food produced by the turf grass plant is stored carbohydrates. Generally, late September to mid-October is the ideal time to fertilize our warm season turf grasses in this area of the state.

For bermudagrass, apply approximately 1.0 lb. of nitrogen per 1,000 sq. ft., and for the rest of the warm season turf grasses apply approximately 0.5 to 0.75 lbs. of nitrogen per 1,000 sq. ft. If the soil level of phosphorus and potassium is high to very high, then all you need to apply is nitrogen in the fall. If the soil is low to moderate in phosphorus and/or potassium or if the homeowner doesn't know how much phosphorus or potassium is in the soil, then use a 3-1-2 to 4-1-2 fertilizer ratio.

For cool season turf grasses such as tall fescue, apply 1.0 lb. of nitrogen per 1,000 sq. ft. in mid to late September and then apply 1.5 lb. of nitrogen per 1,000 sq. ft. in late November to early December.

In the September application, if phosphorus and potassium levels are high to very high, then apply nitrogen only. Otherwise, use a 3-1-2 to 4-1-2 fertilizer ratio. In the late November to early December application, apply nitrogen only regardless of the phosphorus and potassium status in the soil.

Master Gardener "Fall Fest"

The Cooke County Master Gardeners are proud to offer to the public a one-morning, entertaining and educational program, their annual "Fall Fest". With the long, dry summer finally behind us, the Cooke County Master Gardeners feel this will be an excellent program that will get you excited about garden-

ing again.
This program will feature two highly requested speakers from the Dallas Master Gardener Speakers Bureau. Janet Smith will expand our knowledge with her G-rated presentation "Sex in the Garden" and Billy Clark will help us to find utility and beauty in gardening with 'Square Foot Gardening". Last, Lauren Hyland, from Calloway's Nursery, Texas Certified Nursery Professional and a member of the Texas Nursery Landscape Association, will conduct a seminar on container gardening. She will have finished containers to share afterward!

The Fall Fest will be held on Saturday, Sept. 24 from 9 to noon at the North Central Texas College's 'Little Theater' in Gainesville (1525 West California St.). The program will cost \$10, with funds going toward the Cooke County Master Gardener program efforts. Refreshments

will be provided.

For tickets, contact your neighboring Cooke County Master Gardener or the Cooke County Texas AgriL-ife Extension Office at (940)

Dates to remember Sept. 24 – Fall Fest, "Master Gardener Sponsored Horticulture Program", NCTC Little Theater, 9 to noon.

1920 Census - U.S. Department of Ag

Rye is a comparatively unimportant crop in the U.S., forming 0.8% of the total value of the 20 principal crops

The lowest acre yield of rye was 10.1 bushels in 1888 and the highest, 17.3 bushels in 1915.

In 1839, about 90% of the rice was grown on tidal lands of South Carolina, North Carolina, and Georgia. South Carolina produced over 70% of the crop.

The first commercial crop of rice was grown in California in 1912.

Grain sorghums provide the feed grain and roughage for farm and range livestock and silage for the dairy and beef industries.

Previous to WWI, principal seed flax producing countries were Argentina, India, Russia, U.S., and Canada.

Western Europe and the United States, with intensive paint, varnish, and linoleum industries, are the chief importers of flax seeds.
