

McCoy family featured on Buried Treasures TV show

By Janet Felderhoff

Joseph and Amanda McCoy of Muenster experienced a taste of reality television recently. They took part in a new television program *Buried Treasures*. The show stars twin brothers Leigh and Leslie Keno. The couple was familiar with the Keno brothers from watching *Antiques Roadshow*.

The adventure began as Amanda and Joseph discussed his grandmother's estate. They had inherited a number of antiques from Veronica Hoagaland who died about 10 years ago. She had inherited the collection from her late husband.

Joseph said, "We kept all the furniture and never really knew what to do with it." Amanda added, "We moved into her house and never had an estate sale or anything. As the family grew and the kids got into stuff, we started putting more and more of the stuff from the house back into the master bedroom - all the different antiques and breakables. She had a house full of antiques." Joseph said that they were unsure of the value of things and were hesitant to sell what might be of great value before getting an idea of their worth.

They had Cathy Otto come last fall and help them go through things to appraise values. She informed them that they had some really nice things that would probably sell better up north where Veronica and her husband had lived. Joseph remarked that Cathy had a lot of questions and wasn't sure of some things.

One day after Cathy left, Amanda and Joseph were talking. Amanda said Joseph joked, "Wouldn't it be nice if we had the Keno brothers of *Antiques Roadshow* come to our house?"

That evening, Amanda looked up the Keno brothers and discovered that one of them had his own auction house in New York.

Amanda shot off a casual email with pictures of some of the items in the room where they stored the antiques they had. Within two hours, Leigh Keno called Joseph's cell phone. Amanda had not yet had time to tell him about what she'd done, so Joseph had quite a surprise!

Keno expressed willingness to assist with the estate. Then he informed them that they were working on a TV show with FOX network. Joseph said the Keno brothers submitted the pilot, but weren't sure if it would be accepted. That was last October. It wasn't a sure thing, but Keno told them he'd get back with them in the early spring.

They spent the interim preparing for the possible show. In early spring, Joseph called to see what was happening. Contracts hadn't been signed and there was nothing definite at the time. "It was like a roller coaster," recalled Joseph. Amanda said they were kept in suspense.

Keno asked them to wait until April or May. Finally, the call came in May telling them that a contract was signed. They were told to be prepared to shoot in July or August. So, they planned a family vacation for June. Amanda noted, "Ever since they said it was a go, they kept calling us back with different dates." Then they wanted to shoot in June.

United Way soars to a heroic start

By Janet Felderhoff

Cooke County United Way (CCUW) claims a higher jumping off point for its 2011 fundraising campaign. After the Pacesetters reported their initial donations at the kick off luncheon on Friday, Sept. 2, it was noted that the total collected already was higher than at this time last year. They collected \$124,394.33, which is \$7,500 more than last year. That does not necessarily mean that it will be easy to reach the goal required to meet the anticipated needs of the coming year. This year's goal is \$30,000 more than last year.

Mark Austin, 2012 campaign chair, remarked, "The Pacesetters are so important because they do set the tone for the entire campaign and they've done a great job this year. Historically, Pacesetters have raised about a third of the campaign goals, and they are pretty close this year at 32%."

Serving as Pacesetters for the 2012 campaign and the amount they raised by the kick off are:

- Muenster State Bank \$4,344;
- Nortex Communications \$3,194;
- First State Bank \$50,415.39;
- North Central Texas College \$6,928;
- North Texas Medical Center \$26,483.32;
- Walmart Supercenter \$12,000;
- Callisburg ISD \$13,000;
- City of Gainesville \$8,214.18;

The United Way Board chose Be a Hero as this year's campaign theme. Austin said of the theme, "We need heroes today. Each and every one of you have that capability of being one. You are our heroes. It is not really just about meeting a goal. There are needs in our community and that's what this is all about. When it gets down to it, it's about meeting the needs of our community."

"Today, more than ever, we need heroes here in Cooke County. The United Way is someone's chance to be a hero every day. A hero to the family in need, a senior in need of food, a hero to a child who just needs a

Calm before tragedy

Urban Endres snapped this photo of the World Trade Center buildings as the sun rose on Sunday, Sept. 9, 2001. He and his wife Jane were cruising up the Hudson River as they returned from a trip to Bermuda. Little did they know that the next time they saw images of the buildings it would be in horrific circumstances. Urban wrote, "Then on Tuesday morning, Sept. 11, we saw on television the destruction of these buildings, and thousands of people murdered by fanatic Muslims. We thanked the Lord profusely that we were not in those buildings, or in the City of New York, that day." Urban noted that he receives many requests for copies of his photos of the Twin Towers. This year marks the 10th anniversary of the attacks on the World Trade Center and the Pentagon.

Hand therapy added at MMH

By Janet Felderhoff

Leslie Schilling, OTR/CHT brings a unique service to patients at Muenster Memorial Hospital who require therapy to aide in the healing of a trauma or illness involving the upper limb area. She is one of only 5,572 certified hand therapists worldwide. Most of that number, 5,294, are in the United States. Area patients requiring this type of therapy are very fortunate not to have to travel great distances to receive therapy from a certified hand therapist.

We use our hands constantly during the day for a multitude of purposes. Their importance often goes unnoticed until a problem arises and they do not function as they should. Hand therapy may be just the avenue some patients need to restore normalcy to their lives and enable them to again perform routine tasks in normal fashion. To receive this type of therapy, a person must have a prescription from their physician for occupational or

hand therapy.

Leslie remarked, "A lot of people come and they can't use their hand at all, not even to write if it is their dominant hand. Then by the end (of therapy), they go back to normal everyday function."

Hand therapy is described

as the art and science of rehabilitation of the upper limb, which includes the hand, wrist, elbow, and shoulder girdle. The certified hand therapist (CHT) uses specialized skills in assessment, planning, and treatment to

Regina L. Wolf 1910 - 2011

Memorial Mass for Regina L. Wolf, age 100 of Muenster, was held at 10 a.m., Monday, Sept. 5 at Sacred Heart Catholic Church in Muenster with Fr. Raymond McDaniel officiating. Services were directed by McCoy Funeral Home of Muenster.

Born Dec. 12, 1910 in Muenster, Regina was one of the eight children of Ignatius A. and Dina Trachta Schoech. The family lived on a farm near Muenster. Regina attended Sacred Heart Catholic School for nine years (all the schooling offered at that time). She was lifelong member of the Sacred Heart Parish. Regina married Lou Wolf on April 21, 1932 in Ardmore, Oklahoma. They were the parents of two daughters and two sons. Lou died Dec. 13, 1981.

Regina was a homemaker who enjoyed her family and friends. She loved cooking, sewing, gardening, reading, dancing, and playing dominos. She also loved traveling, having traveled throughout the U.S. and some foreign countries.

Survivors include daughters LouRena Hammond of New York City, and Charlotte and husband Carl Jones of Winder, Georgia; sons Mitchell Wolf of Houston, and Roger and wife Carole Wolf of Clearwater, Florida; nine grandchildren and nine great-grandchildren. She was preceded in death by her husband; sisters Marie Walterscheid, Elinor Wiesman, Margaret Cler, Pauline Iago, Harriette Yosten, Julia Schoech (young child); and brother Andrew Schoech.

Assisting during the funeral Mass were altar servers Sylvan Walterscheid, Alvin Hartman, and Michael Greco. The First and Second Readings and Prayers of the Faithful were read by Shannon Hartman. Carrying Offertory Gifts were Melissa Seidl and Monica LeBrasseur. Eucharistic ministers were Robert Miller, Theresa Mae Walterscheid, Rhonda Walterscheid, Theresa Wal-

Regina Wolf

terscheid, and Joann Pagel.

Music ministers were Christy Hesse and Linda Flusche, vocalists, and Isaac Davis, pianist. Sacred songs included "Amazing Grace," "Psalm of the Good Shepherd," "Softly and Tenderly," "Only In God," and "I'll Fly Away."

Britton Wolf composed and gave the eulogy. He remembered his grandmother "being a source of stability in the lives of everyone around her... believed there were few problems that could not be solved by hard work... always calm in the face of adversity... my grandmother's often requested German coleslaw... fried chicken, which was by far the best I ever tasted."

"I remember my grandmother having a special place in her heart for Muenster, Texas - no matter where and how long she traveled, she always had to return home... often the life of the party..."

"Having lived through both the great Depression and World War II, as well as giving birth to several of her children at home, she felt a simple, straight-forward approach was best... Most of all I remember my grandmother thinking of everyone else first and herself second..."

Rosary led by Sylvan Walterscheid, Godson, was held at 7 p.m., Sunday, Sept. 4 at the funeral home.

Norma Jane Estes 1927 - 2011

Funeral services for Norma Jane Estes of Gainesville were held Tuesday, Sept. 6 at Westminster Presbyterian Church. Burial was in Fairview Cemetery under the direction of the Geo. J. Carroll & Son Funeral Home. Visitation was Monday, Sept. 5 at the funeral home.

Norma Jane Estes was born in Gainesville on Nov. 4, 1927 to Jasper Guy and Martha Florence Johnson Estes. She died at the age of 83 on Sept. 2, 2011 in

Mary Ruth Pickett

Funeral for Mary Ruth Pickett, age 94 of San Diego, California (formerly of Saint Jo) will be held at 2 p.m., Saturday, Sept. 10 at First United Methodist Church in Saint Jo with Rev Larry Kruger officiating. Visitation was set for 6 to 8 p.m., Sept. 9 at McCoy Funeral Home of Saint Jo. Burial will be in Coker Cemetery. Mrs. Pickett died in San Diego on Sept. 4, 2011.

Mary Ruth was born to Audie and Annie Thompson. She is survived by sister Leona Thompson.

Norma Jane received her Masters at North Texas State University in 1952. She taught at Gainesville State School for 35 years. Norma was a volunteer for the American Cancer Society.

Survivors are her brother Ray Guy Estes of Gainesville; beloved four nephews; eight grand-nephews and nieces; and loving caregiver Gail Bryant.

She was preceded in death by husband L.L. "Buck" Pickett; infant sister Mozell Thompson; and her parents.

Charlie Herr dies

Charlie K. Herr of La Quinta, California, formerly of Muenster, died at the age of 71 on Sept. 2, 2011 in Rancho Mirage, California. A Rosary is planned for Friday evening, Sept. 23 in Sacred Heart Catholic Church in Muenster. Services will be held in Sacred Heart Church on Saturday, Sept. 24 at 10 a.m.

The family requests in lieu of flowers, donations may be made to The American Cancer Society, Sacred Heart Catholic School, Subiaco Academy, or a favorite philanthropic charity of choice.

Bradley Neu 1973 - 2011

Bradley J. Neu, formerly of Gainesville, died Aug. 26, 2011 at UMC Lubbock at the age of 38. Brad was born April 6, 1973 in Gainesville to Denis and Connie Van Hoorebeke Neu.

Brad attended St. Mary's from kindergarten through 8th grade, graduating from GHS in 1991. During high school, he achieved the rank of Eagle Scout. In 1996, he received his BS from Texas Tech followed by an MBA in 2001, a Master of Science in 2002, and a Master of Education from Lubbock Christian in 2008.

Brad has been the recipient of many awards for his teaching efforts including: The Albert Einstein Distinguished Educator Fellowship Award in 2002, Presidential Award for Excellence in Math and Science Teaching in 2003, Texas Outstanding Science Educator Award in 2007, The Texas Society of Professional Engineers Visioneer Award in 2008, and the Beaumont Foundation Excellence in Education Award in May of this year.

Passionate is the word for the way Brad regarded education, especially the sciences. At the time of his death he was teaching physics, astronomy, and robotics at Lubbock High. He loved his fellow teachers and his

Brad Neu

students and they loved him as evidenced by all the visits, messages, and cards he received during his brief illness.

Bradley is survived by his parents; sister Lori Neu and beloved nephew Ashton Neu; aunts and uncles Jeanne and Rupert Hoening, Helen Jones, Patsy and Maurus Rohmer, Clara Mae Taylor, Stella and Wilson Stinnett, Shirley and Bob Dorsch, David and Phyllis Neu, Donna and Bob Boschert, Jan Van Hoorebeke; and a whole host of cousins.

He was preceded in death by his grandparents George and Jimmie Van Hoorebeke and Ted and Agnes Neu.

provide therapeutic interventions to prevent dysfunction, restore function, and/or reverse the progression of pathology of the upper limb in order to enhance an individual's ability to execute tasks and to participate fully in life situations.

People who might benefit from the ministering of a CHT include those with the following medical conditions of the upper extremity: wounds and scars, amputations, arthritis, burns, fractures and dislocations, sprains and strains, infections and wounds, joint contractures, nerve compressions, nerve injuries, rotator cuff injuries, impingement syndrome, and tendinitis.

It was noted by Leslie that doctors come to trust certain therapists after seeing their work with patients. When she worked in Denton, there was a doctor from Lewisville who would only refer his patients needing hand therapy to Leslie or her colleague. This was before Leslie had taken her certification test. Some physicians will only refer patients to certified therapists, she said.

Leslie learned on Memorials Day weekend this year that she had passed the test to become certified. This is quite an accomplishment. Since 2002, statistics show that the highest rate of people passing the CHT test was 61% in November 2009 followed by 57% in 2007 and

the lowest percentage passing was 38% on a retest in January 2006 followed by 51% in 2004 and 52% in May 2009. "It is a tough test," she admits.

Leslie graduated from Texas Woman's University at the end of 2001. While there, she did a three-month field work in hand therapy. Her first job was also in hand therapy. She covered at two clinics and had mentoring on Fridays at another clinic that employed several CHTs and OTs. After a year, she took another job where she said she worked in a more work conditioning/work hardening focused facility. The next year, she began work for a company contracting with a hand surgeon. "He was very into teaching and this helped form my knowledge base," Leslie explained. She held this job for 3 1/2 years until getting married and moving to Denton where she worked for an outpatient clinic that treated hands and upper ex-

tremities.

"At the Denton clinic, I had a mentor who had studied for the CHT while I was working with her," recalls Leslie. "We valued each other's opinion and would talk about difficult or unusual cases regularly. I stayed there for another 3 1/2 years and since leaving there I have been working at Muenster Memorial Hospital where I have been since June 2010."

It was Leslie's desire to build a hand therapy program at MMH. She felt that having the CHT credentials would make it easier to get referrals from doctors.

A CHT is an occupational therapist or physical therapist who has at least five years of clinical experience with 4,000 hours or more of specialty experience in hand therapy. They must meet standards set by experts in hand therapy and be dedicated to the profession through research and teaching. Every five years, the CHT must

be recertified by either acquiring 2,000 hours of work experience and 80 hours of professional development or by successful completion of the Hand Therapy Certification Examination.

Leslie and her husband Joel Schilling have two daughters Landry, age three, and Avery, age two. The family moved to Muenster about 1 1/2 years ago. Her husband is part owner of Schilling Tire and Auto. Her parents are Michael and Beverly Fuhrmann of Muenster. She is the granddaughter of Carrie and Julian Walterscheid of Muenster and Marcus Fuhrmann of Lindsay.

The American Society of Hand Therapists will meet in Nashville, Tennessee this month. Leslie has been invited by the Hand Therapy Certification Commission to give a presentation about her exam experience and how she prepared for the exam. They chose three new CHTs to be on the panel.

TREASUREScontinued from pg. 1

As soon as the family returned from vacation, they got a call saying they were coming that weekend. The shoot took place June 30 and July 1.

"It was quite an experience," commented Amanda. "When they first came, they came about nine and started unloading the trucks. It was all on location, so they had to bring everything to our house." A crew of about 50 worked through the day and finally finishing around 11:30 that evening.

Joseph said they used his mother's house next door to shoot his first interviews and did Amanda in their home. The pool house was used as an authentication room. "They were happy that they had all this room to work with because normally, they have to do everything in one house."

Amanda recalled, "It was so hot that first day of filming. That was the very first day it was extremely hot this summer. They weren't used to it. There were a lot of people and they were set up outside." Joseph said the crew was worn out.

They spent the first day filming most of the show. On the second day, a smaller crew of 10-15 people came in and shot footage of the McCoy children and Joseph's mother.

The experience was more overwhelming than Amanda anticipated and Joseph described it as stressful. Lack of sleep added to the stress, he said. They were nervous and didn't sleep well the night before. Also, Joseph got a storage unit to keep his band equipment

and other items in since the pool house where they were stored was put into use by the crew. He'd just gotten the storage unit the night before.

"When they asked a question, you had to answer in a complete sentence," said Joseph. "We were just so tired. It was hard to sometimes think when they were shooting off all these questions to you."

Asked if they were allowed to say what they wanted or if they were coaxed to say certain things, both said they were allowed to say whatever they wished. Amanda said, "They asked a lot of questions. They sometimes asked, 'Can you repeat that in a different way' or 'Let's get a different sound bite of that.' It was reality. It wasn't scripted, so it was very interesting."

Joseph wonders if they may have spliced some of his shots. "They made it look a lot more dramatic than what it was," Amanda added. Joseph said, "There was some times where I was more easy going and open to selling the stuff, but on the show they made me look real reluctant." They stressed that they were never told what to say.

Prior to the actual shooting, people came to look at the antiques. Then a preliminary crew came to shoot a B roll. Joseph said that even though they had a previous relationship with Leigh Keno, they had to apply for casting and fill out background checks.

In preparation for the filming in their home, all photos and pictures that were copyrighted had to be taken down. This included professional photos of the family. Amanda had some of her personal paintings hung in the house. She was allowed to keep them up, but had to sign a release giving permission for them to be filmed. They were allowed to wear their own clothing, but could not wear anything with a logo showing.

Wednesday, Aug. 31 is when the show aired on FOX 4. That morning, Joseph and Amanda were featured live on *Good Day Dallas* at about

8:45. They brought a few of the appraised items including an antique music box, couple of the stitchings, and Amanda's mother's Japanese monkey vase.

The evening that the show aired, the couple invited some family and friends for a viewing. *Buried Treasures* revealed that the couple possessed several valuable items. Included were bird prints by John J. Audubon. One was of a Columbia blue jay and another was an American flamingo. Joseph said that the bird prints are elephant size folios of Audubon edition birds.

There were some condition issues with the prints. It is called foxing where the paper gets little spots of mold. The flamingo was faded. To get the best price, they would need to be restored, which is expensive.

They decided to sell the blue jay for \$12,000 and took \$8,000 of that to restore the flamingo. The flamingo is on consignment with Graham Arater in New York, the number one Audubon print dealer in the United States.

Of the experience, Joseph remarked, "It was a dream come true. We used to watch the *Antiques Roadshow* all the time. After my grandmother died, I could imagine all the stuff we had. I just wouldn't know what to pick to bring there. It was nice to have them come on site and do it for us."

Most of the items have been shipped off and are slated to be auctioned later this month. Joseph was invited to attend the auction in Connecticut.

A second airing was done on Wednesday, Sept. 7. Those who missed the episode, may wish to view it online. This can be done 18 days after it airs by logging on to FOX.com.

Amanda works as a cosmetologist at I Love Nail and Spa in Gainesville and Joseph is a massage therapist at the Ritz Carlton in Dallas. They have three sons Bennigan, Michael, and Ivan. They are expecting their fourth child this fall. The children were shown on the show running through the house.

Guests enjoyed a video "Be A Hero" that was produced by Ben Willingham of Lost Dog Productions. It depicted the various ways that CCUW funds impact the community.

Take action when extreme wildfire danger threatens

- Wildfires remain an extreme danger across Texas. When fire breaks out near your community, it is critical to monitor media and to obey evacuation orders.
- Eighty percent of wildfires occur within two miles of residential neighborhoods and suburbs. When wildfires are moving at extreme speeds, they cannot be controlled. When advised to evacuate, do so immediately. Choose a route away from the hazard and be alert to changes in the speed and direction of fire and smoke.
- When weather conditions make wildfires more likely, prepare by taking the following precautions:
- Keep firefighting tools handy, such as: ladder long enough to reach the roof, shovel, rake, and buckets.
 - Place connected garden hoses on all sides of the house for emergency use.
 - Know all emergency exits from your house.
 - Learn all routes leading out of your neighborhood.
 - As fires actually approach, take the following actions:
 - Park your car facing the direction of escape.
 - Shut off gas at the meter.
 - Only a qualified professional can safely turn gas back on.
 - Turn off propane tanks.
 - Place combustible patio furniture inside.
 - Seal vents with pre-cut plywood or commercial seals.
 - Wet down or remove shrubs within 15 feet of your residence.
 - Place lawn sprinklers on roof and near above-ground fuel tanks. Wet down the roof.
 - Close windows, vents, doors, blinds, and non-combustible window coverings. Remove flammable drapes and curtains.
 - Close interior doors and windows to prevent drafts.

Adams and Morales exchange vows in Muenster Museum

By Aimee Adams-Jackson
On Sept. 3, 2011 at 2 p.m., the Agnes Fette Seyler and Ben Seyler Historical Museum hosted a civil ceremony between Zachariah Adams of Fort Worth and Miriam Morales of Lima, Peru. The wedding was an added surprise to the pre-planned fall picnic that was planned and hosted by Sister Mary John Seyler for the Fette and Seyler relatives and friends. Officiating the civil service was Gainesville County Judge Dorothy Lewis.

Zachariah Adams is the great-grandson of the late Agnes and Ben Seyler, grandson of Mary and Darrell Adams of Midland, and son of Ben and Melinda Adams of Fort Worth. While a church wedding is being planned to be held in Lima, Peru to bless the union, the groom had thought at the last minute what a wonderful idea it would be to marry in his great-grandmother's

house where he, along with his siblings, had spent many a summer playing in the famous attic and yard. The bride-to-be demonstrated a great sense of adventure and had 72 hours to pick a lovely strapless dress in creamy white and navy blue matched with open-toed white satin mules, perfect for an afternoon wedding.

Attending the wedding were Sr. Mary John Seyler, groom's great-aunt, Johann Bezner, groom's great-aunt, Mary Adams, groom's grandmother, groom's parents Ben and Melinda Adams, groom's brother and sister Donna Adams and Ezechial Adams, groom's nephew and nieces, Justin, Melinda, and Kayla. All of the groom's aunts and uncles were in attendance, many along with their children and spouses: Paul Adams of Lubbock, Peter Adams of Lewisville, John Adams and wife Sharon and children Darrell, Katie, and

Abigail of Dripping Springs, Anne Adams and children, John, Thomas, and Victoria of Midland, Agnes Adams and children Sarah and Bella, Aimee Adams-Jackson and children Seattle and Fette, of Loraine. Members from the Peruvian Embassy represented the bride's family.

With such short notice, Sr. Mary John pitched right in and has found an additional calling, wedding planner! Sister helped with the arrangements and the service and prayers and announcements. I personally think she had a ball and performed well under pressure.

With family history and tradition being important to both the groom and the bride, I took it upon myself to present the bride with a pin that was handed down to me, Aimee Adams-Jackson, from my grandmother Aggie Seyler. A small jeweled pin

representing the Immaculate Conception in gold and adorned with 12 small sapphire jewels was pinned to the bride's bouquet prior to the service.

I like to think that my grandmother would have gotten an enormous kick out of her great-grandson getting hitched in her home. Aggie Seyler was known for always having an open door and being a fabulous hostess, and in true Seyler style we pulled together and threw a great wedding and reception. I am certain Agnes Seyler most certainly gave her approval to this union when I noticed her pin seemed to be glowing on the bride's bouquet during the recital of vows.

The bride and groom currently plan to split their residency between Texas and Lima, Peru. Zachariah Adams is an independent modern Artist and Miriam is a computer programmer.

Mr. and Mrs. Zachariah Adams ... 'nee Miriam Morales ...

9/11 Remembrance Drive announced

Following the 9/11 tragedy, people came out in droves to donate blood for their fellow countrymen. Ten years later, blood centers nationwide struggle to meet the blood needs of our country on a daily basis.

On Friday, Sept. 9, join North Texas Medical Center and Carter BloodCare in remembering the 9/11 tragedy in a positive way. Give

blood. The 9/11 Remembrance Blood Drive will take place from 8 a.m. to 3 p.m. in the NTMC Classrooms.

Carter provides online scheduling so that donors can schedule their time to donate and reduce or eliminate possible waits. For online scheduling, go to www.carterbloodcare.org - Donate Blood - At Community Blood Drive - and type in your zip code.

Walk-ins are welcome, but those with appointments will be seen first.

For more information, call Carter BloodCare at 1-800-DONATE-4.

Zachary celebrates with Star Wars adventure

Zachary Christian Nervo celebrated his sixth birthday on Sunday, April 17. His parents, Donna and Nicolas Nervo of Arlington, hosted the party in their home.

Everyone had a boarding pass to experience Zachary's galactic Star Wars adventure. The mission encountered a universe filled with star-covered black balloons and cutouts of Star Wars' characters. The "space" was decorated in bold colors of teal, red, gold, purple, and royal blue.

A chocolate birthday cake with chocolate frosting was displayed on the main table. It featured a standup Darth Vader and Luke Skywalker dueling with light-up light saber swords. Green and purple round candies enhanced the cake's rectangular boarder. "Happy Birth-

day" was handwritten in red icing.

Special guests included Zachary's older brothers Alexander and Dominic, and maternal grandmother Rachel Hennigan of Muenster.

Love Fund opened for Hilton

Rick Hilton fell 20 feet from a barn a few months ago. He suffered a broken arm and had both ankles shattered. He is unable to use his arm and the doctors told him not to put any weight on his legs for at least three more months. Rick is known to many in this area for his impressive wood carvings. His last piece was that of a monk. It can be seen on the grounds of Sacred Heart Parish. Rick and his wife Angie have two sons and two daughters. They

live in the local RV park and currently have little income. Their oldest son is 16 and works a job, but that is their only source of income. Rick was uninsured at the time of his accident. Social Concerns set up a Love Fund for the Hilton family. Donations may be made at any of the local banks.

Muenster 4-H sets meeting

Muenster 4-H opens the year with their first meeting on Sept. 12 at 3:30 p.m. in the Muenster ISD Ag Room.

A parent needs to come to fill out the enrollment form. Cut-off date to become a member is Nov. 15. Meetings will be the second Monday of each month at the same location unless otherwise notified.

If you have any questions, call the County Extension office at 940-668-5412.

MISD reveals Duke University Talent Search 2011-12 students

The Duke University Talent Identification Program has been a national leader in identifying academically talented students and providing innovative programs to support the development of their optimal educational potential.

For Texas 7th grade students, the invitation to participate in the program is

mainly based on the scores from the Texas Assessment of Knowledge and Skills (TAKS). This year the students must have scored in the 95th percentile or higher to participate.

This year, 56% of Muenster ISD 7th graders are eligible and invited to participate in the 2011-12 Seventh Grade Talent Search. Benefits of

participating in the program are gaining the knowledge and experience of taking an above-level test like the SAT or ACT, receiving resources that provide guidance in test-taking skills, strategies on working with schools, and information about the college process. Students also will be informed about summer and academic year programs across the United States.

Duke University Talent Identification Program qualifiers at Muenster ISD are from left, back - Zina Haverkamp, Haideen Shook, Morgan Eldridge, Malyssa Barnes; middle - Mark Davis, Bryce Herr, Billy Felderhoff, Bradley Henscheid, Brennan Binder; front: Amy Luttmer, Devon Brinkley, Mathew Porter, Emma Wood, and Macie Pagel.

Muenster Hornet 2011 Homecoming Queen's Court

Muenster High School will be crowning a Homecoming Queen on Friday, Sept. 16. Senior Queen candidates (back, from left) are: Paige Hennigan, daughter of Joe and Kim Hennigan; Emily Hellman, daughter of Damian and Deanna Hellman; Andi Hess, daughter of Brent and Mary Hess; Chloé Schneider, daughter of Tim and Kristi Schneider; and Lana Heers, daughter of Ted and Lou Heers. Princesses are Junior Amber Walterscheid, daughter of Mel and April Walterscheid; Sophomore Shelbi Sicking, daughter of Wesley and Molly Sicking; and Freshman Morgan Flusche, daughter of Shawn and Shari Flusche. The Queen will be crowned in a pregame ceremony. Janie Hartman photo

Hornets dominate Indians 54-15

With a 41 point halftime lead, the Hornets of Muenster cruised to a 54-15 victory over the Nocona Indians last Friday night. Hornet quarterback Tyler Anderle completed eight of 10 passes for 252 yards and four touchdowns. Making those scoring catches were Trevor Hess, Andy Flusche, and Dalton Koelzer. Muenster had nine drives in the game. Six ended with touchdowns, two punts, and one end of half. Scoring rushing TDs were Koelzer and Flusche. "I was pleased how the team came out focused and with intensity," commented Hornet Coach Brady Carney. "We were fired up and ready to play." Carney added that in the 1st half of the game, the Hornets had touchdowns not only by the offense, but the by the defense and special teams as well. Nocona took the opening kick, moving the ball to the Hornet 15 before running out of downs. Muenster had two unsuccessful plays, but on 3rd down, Anderle completed a pass to Flusche for an 85 yard touchdown play. The PAT pass from Mason Binder to Flusche was good for an 8-0 score with 9:14 on the game clock. Nocona gained 21 yards, then punted. Runs by Hess and Chase Hammer, and an Anderle to Koelzer pass put Muenster on the 25 yard line. An Anderle to Hess pass was good for 6 points. Hunter Klement added the extra point for a 15-0 score with 4:27 remaining in the 1st period. Nocona got in five plays before the Muenster defense forced another punt. Starting on their own 32, runs by Hess and Clint Sidwell were followed by an Anderle to Koelzer touchdown pass play. The PAT pass failed and the Hornets finished the 1st quarter on top 21-0. The Indians lost 5 yards and punted,

placing Muenster on their 36. An Anderle to Cole Walterscheid pass picked up a quick 48 yards. On a 4th and 10 fake punt, Koelzer scored on a 51 yard run. The PAT kick failed for a 27-0 score. Nocona's next snap was an interception by Trevor Hess. A 48 yard return gave Muenster another 6 points. Klement booted the point after for a 34-0 score 4 minutes into the period. The Indians got a drive going, moving the ball 60 yards to the Hornet 20. A Nocona fumbled ball was recovered by Dalton Koelzer and returned 80 yards for a touchdown. Klement added the PAT and the Hornets were totally controlling the game with a 41-0 lead with 4:38 remaining in the 1st half. Nocona got in six plays and punted before Muenster used up the remaining time to end the 2nd quarter. Chase Hammer took the 2nd half opening kick and returned the ball 44 yards. An Anderle to Flusche pass gained 8 yards followed by an Anderle to Hess 39 yard touchdown play. The PAT kick by Klement gave the Hornets a 48-0 lead. Nocona's offense got in a dozen plays, scoring on a 1 yard run. With 6:09 on the clock, the Indians were finally on the scoreboard 48-7. After exchanging punts, Steven Flusche scored Muenster's final touchdown of the game with a 56 yard run. The PAT kick failed for a 54-7 score with 9:33 remaining in the game. Nocona used up 4 1/2 minutes off the clock, taking 14 plays to find the end zone for a 54-15 final score. "The boys scored on the opening drive and didn't look back," Coach Carney added. "We had two defensive touchdowns in the 1st

Tigers roar over Lindsay

The Sacred Heart Tigers took the field Friday night, getting two quick touchdowns against the Lindsay Knights, controlling the tempo of the game to take a 34-14 win over the neighbors to the east. "Our offensive and defensive lines dominated the game," noted Tiger Coach Dale Schilling, naming Benjamin Yosten, Nick Zimmerer, Michael Davis, Quinn Sicking, and Austin Springer. "We played with a lot of intensity for four quarters." Schilling added that the Tigers were able to stop the Knight running game, holding Lindsay to only 36 yards rushing. Hard luck hit the Knights early when Tiger Keith Metzler caused and covered a loose Lindsay ball the second play of the contest. From their own 45, Josh Biffle carried the ball the first three plays to the Lindsay 21 yard line. Mark Bartush gained 6 yards, Biffle another 2, then Bartush the final 13 for 6 points. Austin Aldridge booted the point after and the Tigers led 7-0 with 8:17 on the clock. The Knights continued to struggle, losing the ball on the second snap of their second drive. Bartush covered the ball 12 yards from the end zone. On 4th down, Biffle scored from 9 yards out. Aldridge's PAT increased the Tiger lead to 14-0 with 5:25 remaining in the 1st period. A Blake Walker pass to Tyler Dennington picked up 2 yards and Hud Harrison another yard, but a quarter-

back sack forced a punt on 4th and 16. From their 42 yard line, the Tigers carried the ball into the 2nd quarter, scored after 7 seconds ticked off the clock. A Biffle to Bartush pass was good for a 35 yard touchdown. The PAT failed for a 20-0 score. Lindsay's offense continued to struggle. Walker ran for 4, but two incomplete passes forced another punt. The Tigers got into Knight territory, but a 4th and 2 attempt was stopped by Nick Jace Wann moved the ball to midfield. Four plays later, the Knights punted. Sacred Heart got in one run before the 1st half ended. The Tiger offense started the 2nd half, using half the 3rd period to march 62 yards with carries by Biffle and Bartush, with Bartush taking the last 7 to find the end zone. Aldridge added the extra kick for a 27-7 score. A Haverkamp to Yancey pass took the Knights into Tiger territory, but tackles by Michael Davis, Brown, and Bartush forced a Lindsay punt. From their own 15, Biffle and Bartush moved the ball to the Knight 26 to start the final quarter. With 52 seconds off the clock, Biffle scored on a 20 yard run. Aldridge's PAT increased Sacred Heart's lead to 34-7. Lindsay moved the ball to the Tiger 40. Two flags and a quarterback sack by Davis put the Knights in a 3rd and 35 predicament. A Haverkamp pass to Yancey gained 15, but an interference call on 4th and 20 kept the Lindsay drive alive. The next play, Haverkamp again went to Yancey who scored from 35 yards out. Yancey added the PAT for a 34-14 score with 6:23 remaining in the game. The Tigers couldn't get a 1st down and punted. Lindsay had five incomplete passes, and two Haverkamp completions - one to Yancey, the other to Holt to get to the Tiger 23. A face mask call was followed by an interception by Aldridge. Sacred

JV Tigers slip by Knights

A 1st quarter touchdown was enough for the Sacred Heart JV to send the young Knights home in defeat in an 8-6 victory for the Tigers.

The Tigers got in nine plays, runs by Dylan Clure and Justin Brown, and a Brady Endres to Brown pass, before running out of downs. Lindsay's first offensive play was fumbled, with Michael Davis covering the ball on the Knight 35.

Two runs by Clure and one each by Brown and Endres moved the ball to the 10 yard line. With 3:22 on the clock, an Endres to Brown pass found paydirt. Clure ran in the extra points for an 8-0 score.

Runs by Knights Caleb Anderle, Justin Ott, and Troy Robertson, and a pass to Mark Krahl carried Lindsay into the 2nd period, followed by a punt. The two teams exchanged punts as the 1st half ended.

Lindsay started the 2nd half with an incomplete pass

and a fumble. The Tigers got in six plays, running out of downs on the Knight 20 yard line. Five plays later, Lindsay was knocking on Sacred Heart's door. A 2 yard run by Robertson put the Knights on the scoreboard. The PAT run failed for an 8-6 score with 4:24 remaining in the 3rd quarter.

A short kick was covered by Lindsay, but tackles by Jason Knabe, Michael Weinzapfel, and Davis were followed by Brown covering another Knight fumble. A 4th and 9 forced a Tiger punt and Lindsay carried the ball into the final period.

Runs by Robertson and Anderle led Lindsay to the 2 yard line. A flag called back an Anderle touchdown. Davis then caught Anderle for a loss and the next play Garrett Wheeler sacked James Fuller. Another flag put the Knights in a 3rd and goal on the 29 yard line. A Fuller to Ryan Hoepfner pass moved the ball to the 11. Aaron Davis batted down a pass to end the Knights' scoring threat.

The Tigers got in seven plays to run out the clock and end the game 8-6.

half. Anytime your defense adds points, it really helps." The Coach also noted that the defense did a good job containing Nocona's backs, holding down big plays. Carney added that Anderle threw the ball really well and that the offensive line gave him plenty of time to make the throws.

The Hornets travel to Bells this Friday to take on the Panthers, another 2A opponent.

Bells has been struggling the last two weeks, as they learn a new offense and defense under a new coach.

"We'll have to stop their running back who had 2000 yards rushing last season," commented Coach Carney. Carney hopes to have his starting line suited out Friday night. Blayne Styles returned last week and saw some action and Mark Jones could be on the field at Bells. "Then everybody will be healthy," Coach concluded. Kickoff is at 7:30 p.m.

Hornets to host cross country meet at Muenster Lake Saturday

Muenster ISD will be hosting their annual Shade Tree Run cross country meet this Saturday, Sept. 10. The past years, the meet was held quartered out of the City Park, but with a new VFW Hall, pipeline construction, piles of mulch, the clearance of dozens of trees, and other changes, the race will be held out by Muenster Lake.

The race will begin at the west entrance, boat/fishing dock parking lot area. The challenging course will take runners through rolling pastures, lots of the trees, and along the Lake shore.

The opening race will be the Varsity Girls beginning at 8:30 a.m. Every 30 minutes, the next division will start: Varsity Boys, JV Girls, JV Boys, Junior High Girls, Junior High Boys at 11.

Directions to the meet: Hwy. 82 west of Muenster to CR 351 south. Go a short distance to CR 316 east. CR 316 will take you to the Lake. Follow the signs.

Lady Hornets in tough Marcus meet

The Muenster Lady Hornets competed in the Marcus I Invitational Cross Country Meet last Saturday, running in the 4A - 3A - 2A Varsity Girls Division.

Plainview took 1st place, followed by Ursuline Academy and Highland Park. Muenster finished in 10th place as a team.

Emily Hellman led the

Lady Hornets, finishing 5th overall with a time of 12:23.45.

The Tigers travel to Fort Worth this Friday to face the Calvary Christian Conquerors. Calvary was the Division 3 Regional finalist last season, and have returning TAPPS All-State running back Madison Ross leading the offense.

"Calvary is an option team, playing with triple option and midline option," noted Coach Schilling. "Their quarterback is dangerous, experienced, and reads the option to perfection."

Sacred Heart has had two big wins to start the season. Calvary has lost to a larger TAPPS team the 1st week and allowed Colleyville Covenant to get a 21-20 win over them last week.

Game time is 7:30 p.m. in Fort Worth.

SUB-VARSITY VOLLEYBALL

JUNIOR VARSITY

The Lindsay JV Lady Knights played Sherman Friday in Lindsay and struggled in both games losing by scores of 15-25, 9-25. Stats were: Kimberly Page, 3 assists (A); Hayley Skinner, 2 digs (D); Megan Schumacher, 2 kills (K); Madison Green, 3 A; Sydney Ott, 4 K.

The Lindsay JV Lady Knights improved their record to 9-5 after beating Bonham in two games Tuesday night by scores of 25-10, 25-23. "The girls really played well, only missing three serves the entire match," noted Coach Robin Hess.

Stats were: Page, 9 A; Schumacher, 11 K; Green, 2 A; Briley Fleitman, 2 aces (AC); Ott, 4 K; Megan Holt, 5 D.

FRESHMEN

The Lady Knight freshmen improved to 14-2 on the season with a 25-17, 25-17 win over Sherman. "The girls played very well. Had 9 kills and played aggressive. May have been our best overall match of the year," commented Coach Don Neu.

The Freshmen Lady Knights improved to 16-2 on the season with wins over Bonham and Prairie Valley. The girls won over Bonham 25-16, 25-22. They took wins over Prairie Valley by scores of 25-21, 25-17. According to Coach Neu, the girls played more aggressively in the second game of both matches. He said, "Maddie Zimmerer and McKenzie Myrick played well at the net and really helped spark the team. Overall I was pleased, especially after coming off the holiday."

Lady Knight volleyball

The Lindsay Lady Knights improved their record to 16-9 last week Friday by defeating the Sherman Lady Bearcats by scores of 25-17, 25-14, 25-22.

Changes to Texas cattle Trichomoniasis regulations

The Texas Animal Health Commission (TAHC) recently adopted changes to its cattle Trichomoniasis (Trich) rules. Trich is a venereal disease of cattle caused by protozoa that can cause abortions and infertility, subsequently causing economic losses for the producer. The cattle program is managed primarily through required testing of breeding bulls for the disease prior to change of ownership or entry into a herd. Interested producers, veterinarians, and stakeholders provided suggestions to the TAHC over the previous year to help improve the Trich program. A TAHC Trich working group met in May to review the submitted suggestions and provided recommendations for the TAHC to consider. The working group suggestions that were accepted and recently passed by the TAHC went into effect on Aug. 14.

The following is an overview of rule changes for the Texas cattle Trichomoniasis program.

1. Texas will no longer accept "virgin" bulls for entry from other states. All breeding bulls 12 months of age and older must have a negative Polymerase Chain Reaction (PCR) Trich test prior to entry.

2. Texas will no longer accept a negative culture test(s) for entry of breeding bulls

into the state. Only PCR tests will be accepted.

3. Untested out-of-state bulls are now allowed entry into Texas if consigned directly to Trich certified feedyard facilities, and accompanied by a permit issued by an accredited veterinarian from the state of origin.

4. A "Control Herd Plan" option has been created that allows large cattle operations up to three years to eradicate Trich from their herd. The enrolled herds are allowed to test once per year (preferably prior to breeding season) instead of two or more times as normally required, but in exchange they must consult with a veterinarian and enter into a plan designed to remove the disease from the herd. In the interim, all bulls leaving the herd must be sold for slaughter or feeding for slaughter only until their quarantine is released.

5. The TAHC will now allow an approved laboratory to "pool" individually submitted samples (up to five samples) for PCR testing, to count as one of the two tests normally required to release a herd from quarantine. Pooled samples will still not be allowed for change of ownership testing however. This change was designed as a cost saving measure for producers, and must be approved in advance by TAHC regional manage-

ment in consultation with the owner or veterinarian.

Questions about the new regulations may be directed to TAHC regional staff.

TDA market recap

For the week ending Sept. 3, feeder cattle prices at Oklahoma City were mostly steady to \$3 higher per hundredweight, with Texas Panhandle auctions and direct sales to feedlots steady to \$4 higher. Higher fed cattle and the likelihood for lower supplies this fall remain supportive, though the drought and lack of grazing continue to pressure markets. Fed cattle prices were 50 cents higher per hundredweight in spite of lower wholesale beef prices.

Corn prices were lower, mostly due to weak exports and profit taking on the underlying futures market. Wheat prices were higher because of concerns about spring wheat yields and worries that the drought will prevent winter wheat seedings this fall.

As for futures markets, feeder cattle, fed cattle, cotton, and lumber were higher, while corn and wheat were lower.

Parts of East Texas and the central Panhandle reported an inch or more of rain, but little or no rain fell elsewhere in the state.

Crop progress and condition information are unavailable due to technical difficulties in obtaining the data from USDA.

Fire danger remains high

Muenster Volunteer Fire Department responded to a grass fire at the Henry Yosten farm located on CR 426 last Wednesday. The fire threatened out buildings and several round hay bales. Pictured is MVFD Chief Herbie Knabe who was using a hand radio to direct firefighters as they worked to contain the blaze. Saint Jo and Myra VFDs also lent assistance at the fire. It took about an hour to extinguish the burning hay and grass. No buildings were damaged. Janie Hartman photo

County Agent's Report

Irrigating trees and the landscape

Trees need a deep, thorough soaking once a week in the growing season, either from natural rainfall or supplemental irrigation. When irrigating, be thorough and allow the water to penetrate deeply. To water large trees let water flow slowly onto an area under the dripline of the tree for several hours.

Professionals indicate that large trees require more deep watering than homeowners can imagine. Remember that watering which is adequate for lawn grasses growing under trees is not necessarily adequate for actively growing trees.

The feeding root system of a tree or shrub is located within the top 12 inches of the soil at the "dripline" of the plant. The dripline is the area directly below the outermost reaches of the branches. Apply water just inside and

a little beyond the dripline, not at the trunk. Simply lay a slowly running hose on the ground and move it around the dripline as each area becomes saturated to a depth of 8 to 10 inches.

For watering flowerbeds and other plants, remember that overhead sprinkling results in water loss due to evaporation. If you do water by a sprinkler, it is best to use it in early morning to reduce evaporation. Add water slowly so it will soak deeply into the soil. Always water early enough in the day to allow foliage to dry out before night to reduce disease problems. Try to use as much trickle irrigation as possible and add mulches to conserve water.

Fall planting
With the summer that we have had, this week's cooler weather has certainly been welcome! This weather serves as a reminder that fall is near. Fall is an excellent

time to establish new plants in the landscape. Cooler temperatures and hopefully some occasional rainfall will create ideal growth conditions for a variety of trees, shrubs, annuals, and perennials. The Earth Kind Plant Selector is an excellent tool for identifying highly adapted plants for specific gardening areas throughout the state. This searchable database provides information on over 1,000 commonly used landscape plants. Those with an Earth Kind Index value of 8 or above will significantly contribute towards creating a healthy and sustainable landscape. Visit the Earth Kind website for more information and access to the EK Plant Selector at: <http://aggiehorticulture.tamu.edu/earthkind/>.
