

News of Brown County Communities

Goldthwaite

The Women's Missionary Society of the Methodist Church held a sale of bonnets, aprons and candy in the Modern Beauty Shop last Friday.

The Art and Civic Club will hold their annual plant sale at Bodkin & Harrison's Millinery Shop, April 18 and 19. These ladies always have a nice collection of plants for sale and the ones who are contemplating buying plants will do well to see this display.

In the election of school trustees the members of the county school board were re-elected. They are: W. M. Johnston, chairman, president; H. M. Kirby, precinct 2; J. J. Cokerell, precinct 4; J. M. Cieslin, member at large, and R. C. Duren of precinct 3 are the ones elected last election and did not have to be re-elected.

Mr. and Mrs. R. B. McBride went to Fort Worth Tuesday to look after business in that city and intended to go from there to Dallas and possibly other places before returning home.

There was an illustrated lecture given at the Methodist Church last Friday night under the auspices of the Boy Scouts. There was no admission charge and the program was very educational.

Last Thursday the Art and Civic Club presented the grammar school a beautiful painting and also rendered a program.

Virgil Priddy of Mullen spent Saturday here visiting his parents, Mr. and Mrs. E. O. Priddy.

Rev. E. S. Fitzgerald, pastor of the Church of Christ, reports 28 present in the mid-week prayer meeting last Wednesday night. That is a fine showing for a town small as this.

Miss Irene Bohannon is real sick at her home in this city.

Mrs. M. A. Bridgforth died at her home in Forest City, Arkansas, on Saturday, April 5th. Mrs. Bridgforth is a sister to Mrs. W. E. Miller of this city and made her home here with the Miller family for several years. She was assistant chairman in the Goldthwaite National Bank for some time. She has a wide acquaintance in the county and a host of friends, who were grieved to hear of her death. The many friends of the Miller family sympathize with their sorrow.

The Senior League is planning a sunset program for Easter Sunday. The program will be the Flaming Cross and all the young people of the community are invited to take part in the service which will be very beautiful as well as helpful in a spiritual way.

The home coming given at the beautiful country home of Mr. and Mrs. G. W. Jackson was attended by Miss Bettie Lee Jackson of Austin, Miss Theo Jackson who teaches at Rock Springs, Miss Pannie Jackson who teaches in Baylor College, Miss Nellie Ruth Mansford and Miss Grace Allen of Baylor and Norman Jackson of Kelly Field.

A. L. Gallin, who has spent some time buying cotton on the plains, came in home from Odonnell a few days ago.

Messrs. Johnnie Bally, Raymond Massey and Links Shelton were in Zephyr Friday.

The farmers of this community were benefited by a good little rain Monday afternoon.

There will be a singing in the Memorial Hall Sunday in Brownwood. Everyone is invited to attend.

May

The Woodman Circle met Thursday night. There were 22 of the juniors and adults present. Mrs. Kate Wall, the district manager, met with them. Miss Wynona Killen graduated from the juniors into the circle with a very impressive ceremony. After lodge closed refreshments were served and everyone enjoyed a social hour.

School will close Friday, April 18, with graduation exercises Friday night. Dean Davis, of John Tarleton College, will deliver the commencement address.

The Baccalaureate sermon was delivered by B. B. Edmiston of Robert Lee at the Methodist church Sunday morning at 11 o'clock.

After leaving the church Sunday morning the seniors went to the home of Miss Willie Maye Dubery for a luncheon. There were 19 friends and relatives besides the 13 members of the class there.

Mrs. George and daughter are visiting Mrs. George's mother in Brownwood this week.

Several of the women are planning to enter the butter judging contest in Brownwood next week.

Miss Ina Dee Petty is doing nicely now. Her Sunday school class presented her with a beautiful pot flower last week. The name of it is hydrangea.

Mrs. Hickman has returned from the hospital and is getting along fine.

Mrs. H. L. Cannon of Monday has been visiting Mr. and Mrs. Wiggins this week.

There is quite a few changes being made in the business part of town. The bank building is being repaired and the post office will occupy the part facing the south while Uncle Carley Robason will move his store in the other part.

Mr. and Mrs. Bill Daniel and little daughter visited in Anson and Abilene this week-end.

Mrs. Joe Moore has not been doing so well this week.

Fred Ruffinger and Mr. Hardy Rannels seem to be happy again to be out from under the quarantine of smallpox.

Mr. and Mrs. Charley Keller are moving back to Tennessee soon. The Missionary Society gave her a farewell shower Monday.

Evel Brewer, owner of the City Garage is tearing it down and is going to replace it with a brick-veneer.

The farmers welcome the showers we are getting now.

Mr. Carey and his road construction hands are here now ready to start to work.

Quite a bit of enthusiasm was created Wednesday when the negroes from the construction gang came over and played the boys in a game of baseball.

Blanket

The junior boys went to Turkey Peak Friday and played Turkey Peak boys in a game of baseball. The score was 33 to 23 in favor of Blanket.

Rev. West of Santa Anna filled his regular appointment in the Cumberland Presbyterian Church Sunday.

Mrs. R. W. Boler and Mrs. Thelma Dossey visited their sister, Miss Nina Dabney, of John Tarleton College at Stephenville on Tuesday of last week.

Walter Timmons of Zephyr was seeing friends in Blanket Friday.

Mrs. T. B. Carpenter received a message Friday from Sweetwater, stating that her son, Buster Carpenter was to undergo an operation for appendicitis in a local hospital of that place. At last reports he was doing nicely.

Mrs. H. G. Lane and mother, Mrs. Clifford Smith, left Saturday for Poyote. Mrs. Smith will make her home with Mrs. Lane.

Miss Mable Strawn of Stephenville spent the week-end with Miss Thelma Dossey.

Mr. and Mrs. Luke Reeves spent Tuesday night of last week with

their daughter at Coleman.

John Knudson of Sidney spent a few days last week here with relatives.

A. J. McLaughlin and son, Avery, were in Poyote Saturday on business.

Mr. and Mrs. Hubert Ball of Brownwood visited her mother, Mrs. George Knudson, and children on Sunday afternoon.

Rev. J. B. Henderson preached two interesting and helpful sermons at the Baptist Church Sunday.

John Knudson received a message from Fort Worth one day last week stating that his brother, Rus Knudson, was seriously ill. Mr. Knudson immediately telephoned to his bedside and it is reported that the brother is improving now.

A number of the Blanket people attended singing at Rock Church Sunday afternoon.

The Senior Class, chaperoned by Mrs. C. B. Switzer, enjoyed an outing on the Cooper's Narrows in Comanche county Friday.

Mr. and Mrs. Jack Knox moved into Mrs. Clifford Smith's house on North Main Street Saturday.

Born to Mr. and Mrs. Hilton White, a girl one day last week.

Mr. and Mrs. H. M. Bettis and children of Haskell spent the week-end with Mrs. Bettis' parents, Mr. and Mrs. Joe Dabney.

Mr. and Mrs. Goss Cobb of Denton, were here over the week-end.

Mr. and Mrs. George Anderson of Cisco visited in the home of Mr. and Mrs. Joe Dabney Sunday.

Lloyd Powers, John Strickland and A. J. McLaughlin made a business trip to San Angelo Monday returning Tuesday.

Miss Aureli Matthews spent Sunday with her friend, Miss Lillie Haynes, and attended Sunday school at Rocky.

We have started a "Red" and "Blue" contest in our Sunday school

Johnnie Dean Honored by Fellow Firemen as He Resigns After 20 Years Service With Department

The resignation of Johnnie Dean Monday from the Brownwood fire department marked the passing of one of its oldest members in point of service, and one of the most active. Mr. Dean has been a member of the fire department for nearly twenty years and has been a driver in the regular employ of the city for over eight years. He was captain of the team which have brought so many honors to Brownwood from the annual state fire conventions.

His teams for the past three years have won all honors at the meeting with the exception of one and have won consistently. He has kept the boys together and has piloted them to many victories, winning a reputation as one of the hardest fighters and best sports to enter the annual races.

After returning Sunday from a short vacation he was given an informal party by members of the fire company and of his team. He took the men for a last ride on his truck, the chemical wagon which he has been driving for so many

years. After the ride over the city the company changed to the large truck where the members gave him his farewell ride.

After finishing the ride and after taking pictures of Mr. Dean and of members of the team on their truck the company returned to the station where a gold insignia of the Shamrock was given him.

On the face of the shamrock is inscribed B. P. D. and on the back is written in small letters, "Johnnie Dean, the Wild Irishman." This lapel button was being proudly sported around central station yesterday and today and Mr. Dean said that it was with reluctance that he was leaving the fire department.

He has been a driver for eight years and has missed only a few fires during that time. While driving his truck which at any time endangers the lives of someone when it is called he has never had a wreck or had anyone hurt on his truck. His future activities will be announced later he said this morning.

TWO MEN DIE IN GUN FIGHT BRADY MONDAY

Nick Wright, about 30 years old, and Arthur Laughlin shot each other to death Monday shortly before noon on the square at Brady.

Three bullets were found in the two men with both fatal shots entering the heart. The shooting started on the stairs leading to the second floor of the Commercial National Bank and ended across an automobile parked in the street. Both men fell at the rear of the car. The car owned by G. E. White was riddled by the bullets from the two guns, according to telephone reports from the Bulletin's correspondents.

Witnesses said that the two men stationed themselves across the car and at that close range emptied their small calibre automatics at each other, going toward the rear of the car. It was said that Wright fell first and then Laughlin stumbled around the car before falling.

Laughlin had started up the stairs to see his lawyers when he was stopped by Wright, the report stated, and according to witnesses it is said that the shooting started there with Laughlin backing out the door and down the stairs where he went behind the car.

CHOWS ON STREETS

The streets were crowded but the people soon scattered and stray bullets splattered into the buildings but no one was hit. It is thought that the killing was an aftermath of the fatal shooting of John Wright, a brother of Nick Wright, a short time ago by Laughlin. At the present he was under bond for this killing and was visiting his lawyers in reference to the affair when the death battle started.

An examination of the bodies showed that Wright was shot through the right arm, the right side and through the heart. Laughlin was shot through the right arm just above the wrist, through the face, the bullet entering near the nose and tearing the face and once through the heart.

Wright was using a .380 automatic and Laughlin a smaller gun. No count of the shots fired was obtained, but it was thought that there were about six or seven fired by each man.

Approached Bodies

After shooting the people began to venture onto the deserted street and approached the bodies of the two men. Shortly after the double slaying the whole town was buzzing with excitement because of the shooting and the cause. The cause of Laughlin's killing John Wright was never revealed and there has been speculation as to the beginning of the feud which took three lives.

Stores to Close Monday

Stores in Brownwood will be closed Monday in observance of San Jacinto day it was announced by the Retail Merchants Association Thursday. This is a custom with all business houses here in observance of the memorial battle of Texas Independence. All customers are asked to make their purchases Saturday to avoid any conflict.

It is thought that a program will be arranged for the day but no definite plans have been announced.

Crippled Children In Large Number Brought to Clinic

Rich, poor, white, black, dirty, and clean. They all visited in the free clinic for children, held Friday morning at the Memorial hall. Dr. W. B. Carroll and Dr. P. M. Girard of Dallas headed the clinic and they were assisted by local doctors and nurses. Thirty-five children were examined and of this number two were found to be without any defect. The clinic was held under the auspices of the Brownwood Rotary Club.

The ailments ranged from infantile paralysis to leakage of the heart. A special chart was filled for each child, and as the doctor made the examination he would give the cause, effects and possible helps for the case. The children ranged from infancy to fourteen years of age and several others were examined who do not go through the clinic.

The children were from a wide territory, ranging from Abilene to the south part of the county. After the children were examined for their ailments local doctors examined them for throat, eye, and other troubles. These examinations were given free and were in conjunction with the work of Dr. Carroll.

Some Never Walked
At 8 o'clock Friday morning they were waiting for the doctors to start and the final child was finished at 12:30. There were children there who had never walked a step in

their few short years, there were children who had never been able to get about, but were able to move a little. There were children who were given much hope and many who were discouraged after the examination.

Mothers, some in plain gingham dresses and others in silks, all were on a common ground and all were waiting the examination by the specialists. In the eye of each before entering the room was a ray of hope, many coming out with this hope strengthened, many with a glint of a tear in their eyes.

The children themselves, under-sized, quiet, staring about them, were wondering what it was all about. They seemed bewildered before entering and after seeing the smiling face of the doctor all were assured and made little outcry during the examination. The parents, hovering close to the doctor, did not miss a word of his conversation during the examination, listening to the words and hoping for a cheerful answer, dreading to hear the fatal "little hope." All seeing their children well again, and all wanting to give their all for their children.

The scenes during the whole morning are indescribable in type as they were in reality. The parents, the hope, the despair, the disappointment, the crippled children, and the drone of conversation all made it a scene not to be forgotten. It made it a scene not to be forgotten.

Explain Remedies
In his examinations Dr. Carroll told the parents the best remedies and the best cure for their children. He recommended exercise to some, operations to others and treatment to others. Many now helpless, he said, would walk with proper care and treatment. After the work had all been completed, Dr. Carroll said that of all the cases he examined, most of them could be corrected and that many of them were only in their nature. He said that many of the children had never been examined before and that many were dubious of the treatment suggested.

He said that this was only a start of the work throughout the whole state and that a survey was to be made of all crippled children in the state with the idea of getting suitable treatment, care, and operations for their many ailments which would make many of them strong and well. Follow-up treatment after the examination and operation is one of the most important things in this kind of work he said.

A committee of women from the Brownwood churches, headed by Mrs. W. B. Gray as chairman, aided in the work, bringing supplies, cleaning and preparing for the examination and assisting the work this morning. Mrs. J. W. Tottenham, H. L. Lobstein, Ben Shelton, A. L. Anderson, Ned Snyder, Roy Hallum, O. N. Mayo, and others assisted in the work. Two nurses, Miss Ida Schrolemer, superintendent of nurses at the Medical Arts Hospital and Miss Dora Koehman, superintendent of nurses at the Brownwood Hospital assisted the doctors in their work during the examinations.

Two secretaries and attendants

WE HAVE BEEN ACQUED of selling Fencing and Poultry Netting cheaper than any other dealer.—Looney Hardware.

Eight Cars Cattle Shipped to Kansas
W. N. and S. P. Burns shipped eight cars of cattle to the Kansas grass region Friday. The cattle were taken from the Burns ranch and from Brown county grazing land. There was a total of 325 head shipped and they were taken out last night. They were accompanied by employees of the owners.

Need State Organization
As a result of the initiative of the Rotary Clubs of the state, a Texas organization to promote the care and treatment of crippled children will soon be put into the field. Dr. Carroll announced. "Its purpose will be to do just what you have done, to go out and find the children and see that they are examined, and to create a public sentiment that will cause the state to make appropriations for hospitals and treatment for these unfortunate little fellows who some day are going to be full fledged citizens. The state ought to help them grow into vigorous men and women. Just now there are only sixty beds in Texas for the treatment of crippled children, and we examined 35 children here this morning, so you can see how great is the need for state attention to this problem."

Drs. Carroll and Girard are connected with the Carroll-Dr. Girard Crippled Children's Clinic in Dallas and are among the foremost specialists in this branch of medicine and surgery in the Southwest. They came to Brownwood in cooperation with the Rotary Club, whose committee on Boys' Work has been conducting a survey of crippled children for the past month or more. It is probable that the Club will follow up the clinic by arranging for the hospitalization of some of the children examined here today.

Two secretaries and attendants

WE HAVE BEEN ACQUED of selling Fencing and Poultry Netting cheaper than any other dealer.—Looney Hardware.

were near the doctor to take notes on each case as he made his examination. The notes were on special charts which will be filed for future reference.

Explains Need for Help from State

Speaking before the Rotary Club at noon Friday, Dr. Carroll, who with Dr. Girard and a number of Brownwood physicians and nurses were guests of the club, explained the need for state aid in the hospitalization of crippled children.

The clinic here this morning, he said, was one of the best he had ever worked in, due to the splendid organization in advance by Dr. Gray's committee, the systematic arrangement of equipment, and the careful and efficient assistance of the local doctors and nurses. Some of those examined would never have been examined if the clinic had not been held, he said, while about fourteen have already been examined in the Dallas hospital for crippled children. Some are already too old to be successfully treated, while others can be immeasurably benefited by treatment.

"The big thing is to find the crippled children, make it possible for them to secure careful examination, and then to aid them in finding hospitalization," Dr. Carroll said. He spoke of a youth of nineteen years who came to the clinic crawling on his hands and knees. "That boy will never be completely cured, but he can be put on his feet and enabled to walk and take care of himself. Careful reports of our examinations will be prepared and returned to you, and then it is up to this Rotary Club to see that the children are sent to a hospital for treatment just as fast as room can be made for them. After they are treated, the Club must follow up the cases and see that there is proper care so that the orderly development of their bodies is continued."

Need State Organization
As a result of the initiative of the Rotary Clubs of the state, a Texas organization to promote the care and treatment of crippled children will soon be put into the field. Dr. Carroll announced. "Its purpose will be to do just what you have done, to go out and find the children and see that they are examined, and to create a public sentiment that will cause the state to make appropriations for hospitals and treatment for these unfortunate little fellows who some day are going to be full fledged citizens. The state ought to help them grow into vigorous men and women. Just now there are only sixty beds in Texas for the treatment of crippled children, and we examined 35 children here this morning, so you can see how great is the need for state attention to this problem."

Drs. Carroll and Girard are connected with the Carroll-Dr. Girard Crippled Children's Clinic in Dallas and are among the foremost specialists in this branch of medicine and surgery in the Southwest. They came to Brownwood in cooperation with the Rotary Club, whose committee on Boys' Work has been conducting a survey of crippled children for the past month or more. It is probable that the Club will follow up the clinic by arranging for the hospitalization of some of the children examined here today.

WE HAVE BEEN ACQUED of selling Fencing and Poultry Netting cheaper than any other dealer.—Looney Hardware.

Eight Cars Cattle Shipped to Kansas
W. N. and S. P. Burns shipped eight cars of cattle to the Kansas grass region Friday. The cattle were taken from the Burns ranch and from Brown county grazing land. There was a total of 325 head shipped and they were taken out last night. They were accompanied by employees of the owners.

Need State Organization
As a result of the initiative of the Rotary Clubs of the state, a Texas organization to promote the care and treatment of crippled children will soon be put into the field. Dr. Carroll announced. "Its purpose will be to do just what you have done, to go out and find the children and see that they are examined, and to create a public sentiment that will cause the state to make appropriations for hospitals and treatment for these unfortunate little fellows who some day are going to be full fledged citizens. OVERALL WILL SUIT, SET FOR WEDNESDAY, IS BIGGEST CASE EVER DOCKETED IN COLEMAN

COLEMAN, Tex., April 15.—(Sp.)—The spring term of district court for Coleman county convened yesterday morning with Judge E. J. Miller of Brownwood presiding. The grand jury was impaneled and instructed to investigate 33 cases bound over to await its action and ferret out other law violations that have taken place since the last grand jury was in session. Every crime is represented in the criminal docket with theft, burglary and driving cars while intoxicated and liquor selling taking the lead.

As soon as the grand jury repaired to the place prepared for its deliberation the civil docket was called and the court has presented a busy appearance since, indicating that all business will be transacted with dispatch and a congested docket very materially relieved.

Biggest Civil Suit
By agreement of attorneys the Overall case has been set for Wednesday morning. It is perhaps the largest civil case ever to come before the Coleman county court and every attorney in Coleman is represented on one side or the other and several prominent attorneys from distant states will appear on both sides.

The suit revolves around several million dollars worth of Coleman county real estate and was filed by John Overall Carter of Minnesota, who seeks to have the court construe the will left by the late Mrs. Martha Tyler Overall, who, prior to her death in 1927, was owner of one

of the most famous ranches in West Texas. Thirty-six individuals and seven institutions are included as defendants in the suit with J. P. McCord of this city, executor of the will, listed in first place among the defendants. The individuals are either relatives of Mrs. Overall and her husband, the late Richard H. Overall, or old friends of the founders of the Overall ranch. The institutions listed as defendants are: The Methodist Church, South, of Coleman; Southern Methodist University, Dallas; Southwestern University, Georgetown; Central College, Fayette, Missouri; Texas Woman's College, Fort Worth; Methodist Orphans' Home, Waco, and Virginia K. Johnson Rescue Home, Dallas.

Against Fault Finders
Mrs. Overall stipulated in her will that if any beneficiary found fault with the distribution of her wealth such fault-finder should be cut off without anything.

After making many bequests, she will left the residue of the estate to be divided between Mrs. Lucy R. Van Cleve, Mrs. Agilla M. Franzell and Mrs. Mary McCully, children of Mrs. Overall's sister, Mrs. Maria

L. Miller. It is this portion of the will that enters principally into the suit. The plaintiff sets forth that Mrs. Van Cleve is dead, that the residuary part of the estate is, because of the discovery of oil on the ranch, worth several million dollars, and that the portion due Mrs. Van Cleve should go to all the heirs of the testatrix and her late husband, instead of to the heirs of Mrs. Van Cleve.

The plaintiff is the son of Lida O. Carter, deceased, who was a sister of Richard H. Overall. The will of Mrs. Overall bequeathed \$1,500 to John Overall Carter, plaintiff in the action.

RIVERSIDE Sold On Easy Terms

Guarantees Increased 12% to 50%

The purest rubber deteriorates in time. You have seen ordinary rubber bands grow hard and brittle. Formerly, even the finest tires deteriorated in the same way. Cracks occurred, allowing water to seep in which rotted the fabric and broke down the casing.

Now, in Ward tires, this tendency to crack and deteriorate prematurely has been virtually overcome! Ward tires are treated with "Anti-Oxidant" . . . a new chemical discovery which vitalizes rubber and keeps it young! Added strength and many miles of extra wear are built in. TWO YEARS of actual road tests have proven the benefits of "Anti-Oxidant" so conclusively that we've increased the guarantees on all Ward Tires from 12% to 50%! In spite of this tremendous scientific improvement, not one penny has been added to Ward Tire prices.

And Remember This! In addition to the "Anti-Oxidant" Process, Riversides are made from the best materials by the highest skilled tire builders. They cost just as much to

Several years ago his home was destroyed by fire and all contents reduced to ashes.

Peck Gets Sentence Of Thirty Years

BEAUMONT, Texas, April 16.—(AP)—Judge Peck of Fred. convicted slayer of Emma Momack...

Immediately after the verdict, the courtroom was thrown into an uproar when the defendant's mother begged of Judge Thomas B. Coe...

She gave lengthy admonitions to her son as to his future conduct, finally giving way to screams and hysterics.

Defense attorneys, who had based their arguments on testimony given to show Peck was of unsound mind, expressed satisfaction with the verdict.

CONDEMNATION PROCEEDINGS BEGUN BY WATER BOARD ON LAND REQUIRED IN DISTRICT

The first condemnation proceedings for securing land required in Water Improvement District No. 1 were started late Monday...

In the petition asking to condemn the land mentioned in the board is acting to secure the tract where part of the dam, reservoir and irrigation canals will be.

Members of the board of directors state that they have acquired by negotiations most of the land and that they were very reluctant to resort to condemnation proceedings.

Other Proceedings Contemplated

They said that they felt that in justice to the district they could not take any other course after delaying so long and negotiating for the lands.

Members of the board have been holding meetings almost weekly since the first of the year in talking over the price and making out plans for buying the lands taken into the district.

BRADY LEADS IN DISTRICT TENNIS MEET

In the tennis finals, boys' doubles, Brady defeated Brownwood, 4-6; 6-2; 6-1; 6-3.

WITH ideal weather conditions prevailing, athletes of District 13, Texas Interscholastic League, gathered here Saturday morning and afternoon for their annual assault on district records and a battle to the last ditch for the district championship that has been won the past two years by the Lions of Brownwood High School.

More than 200 thin-clad, representing about fifty schools from the eight counties in this district, were on hand for the preliminary heats. Saturday morning and to answer present and accounted for when the finals in all events began at 2:30 this afternoon. The meet is being held at Howard Payne park under the auspices of J. S. Starn, athletic director, with Joe Bailey, Cheaney, Howard Payne coach serving as official starter.

Finals in two events were held Saturday morning and first honors in these two, the discus and pole vault, were won by representatives of the smaller schools. Williams, Star (Mills county) won first place in the discus with a heave of 102 feet and 2 inches and Ballard of Liberty (Hamilton county) cleared the bar at 11 feet even to top the pole vault. The four winners in the discus were: R. W. Williams (Star), first; Johnson (Brady), second; Bagley (Richland Springs), third; Prater (Coleman), fourth. Distance, 102 feet, 2 inches. Winners in the pole vault were: Ballard (Liberty), first; White (Gustine), second; Rudolph (Brady), third; Campbell (Lampkin), tied for third. Height 11 feet.

Prelims in Dashes

Preliminaries in the 100 and 220 dashes, the 120 high and 220 low hurdles were also held Saturday morning with six athletes qualifying for the finals in the two sprints and five qualifying for the finals in the two hurdle events. Brownwood High School, with two qualified for the finals in both the century and furlong, was a slight favorite to cop major honors in the two sprints. However, all athletes qualifying for these two events have excellent chances of coming through with victories.

Bangs High School's timber topser, J. D. Hall, qualified for the finals in both the hurdle events and apparently he has an excellent chance at copying one, if not both of these events. Gideon of Coleman made the best time in the 120 high hurdles with 17.5 seconds while Hall of Bangs and Baxter of Bend

feated Santa Anna, 7-6, 10-12 and 6-4. Brady defeated Goldthwaite, 6-1 and 6-1.

Finals: Brady defeated Brownwood, 6-2, 6-2 and 6-0.

Boys' Doubles First rounds: Brady (Cox and Adkins) defeated Santa Anna (Gipson and Dubois), 6-2 and 6-1; Richland Springs (Adams and Adams) defeated De Leon (Gregory and Snead), 6-3 and 6-2; Brownwood (Woodward and Tucker) defeated Menard (Callan and Kitchener), 6-0 and 6-3; Goldthwaite (Roberts and Clements) defeated Hamilton (Gipson and Eldson), 6-3 and 6-3.

Second rounds: Brady defeated Richland Springs, 6-4 and 6-3; Brownwood defeated Goldthwaite, 6-0 and 6-3.

Finals: Brady vs. Brownwood at 1:15.

Brady High School, with the boys' singles title already sewed up and the boys' doubles title in the offing, looks as the winner of the boys' share in tennis in this district for 1930. Placid's representative in girls' tennis, singles, annexed the district title Saturday morning by defeating Richland Springs in the finals, 6-1 and 6-3. Rochelle High School, represented by Misses Leota Newman and Lois Moore, won the girls' doubles title Saturday morning by defeating Menard in the finals, 6-0 and 6-0. Richland Springs won third place in girls' doubles.

Adkins of Brady High defeated Harris of Brownwood High in the final match of the boys' singles to annex the district title. Atkins winning easily, 6-2, 6-2 and 6-0. In boys' doubles the 1929 champions from Brady, Cox and Adams, clash with Brownwood High, represented by Woodward and Tucker, at 1:15 for the district title. Brady ruled as a favorite in this match.

Complete results in tennis, follow:

Girls' Singles First rounds: Placid vs. bye; Comyn defeated Brownwood, 6-3, 9-6 and 6-2; Richland Springs defeated B. Valley, 6-1 and 6-2; Santa Anna vs. bye.

Second rounds: Placid defeated Comyn, 6-3 and 6-1; Richland Springs defeated Santa Anna, 6-1 and 6-2.

Finals: Placid defeated Richland Springs, 6-1 and 6-3.

Girls' Doubles First rounds: Newman (Newman and Moore) defeated Brownwood (McGhee and Webb), 6-3 and 6-1; Richland Springs (Moore and Moore) defeated Comanche (Killion and Wallace), 6-1 and 6-4; Menard (Stengel and Mears) defeated Coleman (Blair and Knox), 6-3 and 6-0; Indian Gap (Roberts and Narret) defeated Goldthwaite (Venable and Richards), 9-7 and 6-4.

Second rounds: Rochelle defeated Richland Springs, 6-2 and 6-0; Menard defeated Indian Gap, 6-1 and 6-0.

Finals: Rochelle defeated Menard, 6-0 and 6-0.

Boys' Singles First rounds: Gipson (Santa Anna) defeated Leveritt (Menard), 6-3 and 6-2; Harris of Brownwood defeated Donohue (De Leon), 1-6, 8-6 and 8-6; Adkins (Brady) defeated Gipson (Hamilton), 7-6 and 6-4.

Second rounds: Brownwood de-

GREAT FINISH ENABLES LIONS TO WIN TITLE

TWO NEW RECORDS were hung up Saturday afternoon by athletes contesting for highest honors in the 1930 District 13 track and field meet held at Howard Payne park and several other records were seriously threatened by the determined horde of thin-clad that fought a desperate but losing fight to dethrone Brownwood High School's Lions as district champions.

Brownwood with district titles in 1928 and 1929 needed only one more championship to gain permanent possession of the handsome silver loving cup that circulates around over the district until won by one school three years in succession. And until the closing seconds of Saturday's meet it looked like the Lions were going to be forced to give up the cup they have held the past two years but a desperate and sensational finish in the mile relay retired that coveted cup from circulation and assured that through the next century or so, the cup will adorn the trophy rooms at B. H. S.

Coleman High School, by virtue of 14 points in the 120 high hurdles and 880 yard run, took an early lead over the Lions and despite a determined uphill battle, Coach Woodward's lads were never able to overtake that advantage—until well into the final lap of the mile relay when Coleman near the finish of the third lap in the mile relay and handed O'Neal Archer the baton a couple yards ahead of Gideon, Coleman's anchor man. And with that lead, Coach Woodward widened the breach and finished several yards ahead of Gideon, despite that the red headed Coleman had been digging in for all he was worth at the finish. Until the mile relay, one of the most sensational races ever seen in Brownwood, Coleman was leading Brownwood by one point at 27-26, hence it was absolutely essential that the Lions win first place, or at least beat Coleman. Although the relay lacked four seconds of equalling the district record, it was plenty fast.

Two Record Breakers Bull Face Harris of Brownwood and Wheeler of Williams Consolidated School, Brown county, were the two record smashers Saturday afternoon. Harris clipped one tenth of a second off the 440 yard dash with a winning time of 57.2 seconds, while Wheeler whittled the 220 dash mark down a tenth of a second with a time of 23.3 seconds.

The old record in the 440 was held by "Groceries" Cates, of Rochelle. Cates set his record of 52.8 seconds in 1927. Cates, as Brownwood fans will remember, was a member of the Howard Payne Yellow Jackets in the 1928 and helped the Jackets win their first Texas Conference championship.

Edward Dunkin, sensational 440 man with Daniel Baker the past two years, held the 220 yards dash mark until Saturday when Wheeler sprang the furlong in 23.3 seconds, just one tenth of a second better than the mark set by Dunkin in 1928 while a member of the Brownwood High School team.

Leading Athletes Wheeler, all around athlete from Williams, was the outstanding performer in the 1930 district meet. In addition to setting a new record in the 220 dash, Wheeler led the field to the tape in the 100 yard dash and finished second in the broad jump only one inch behind Jennings of Santa Anna, the winner. Williams of Santa Mills county, was second in point getting with 10 points by virtue of victories in the 220 low hurdles and the discus throw. Jelly McQueen of Brownwood was third in scoring with 9 1-4 points registered on a first place in the javelin, a second in the 120 high hurdles and as a member of the winning relay team.

Brady High School placed third in the meet with 20 1-2 points and Williams the one man team placed fourth with 13 points.

Points scored by all schools, follow: Brownwood, 31; Coleman, 30; Brady, 20 1-2; Williams, 13; Star

CHANGE VENUE IS GRANTED IN BRADY TRIAL

AUSTIN, Texas, April 14.—(AP)—The John W. Brady murder case was transferred to Dallas on a change of venue, entered by Judge J. D. Moore today.

Judge Moore sent it to criminal court No. 2, and set it for trial in that court on May 5. Application of the defendant for a change of venue was not opposed by the state. District Attorney Henry H. Brooks told the court he acquiesced in allegations of the defense that a fair and impartial trial could not be had in Travis county, in view of wide publicity given the testimony on the first trial, which ended here February 8. The jury failed to reach a verdict, one juror holding out for acquittal, nine voting for the death penalty and two for life imprisonment.

Brady, former member of the third court of civil appeals, was indicted for the murder of Miss Lehlia Highsmith, stenographer for the supreme court commission of appeals. She was shot at a fair and held in Travis county, in view of wide publicity given the testimony on the first trial, which ended here February 8. The jury failed to reach a verdict, one juror holding out for acquittal, nine voting for the death penalty and two for life imprisonment.

Lon Curtis of Bellon, of counsel for Brady, read the motion for a change of venue. Brooks made a brief answer and Judge Moore entered his order transferring one of the most sensational murder cases ever placed on the docket of this court, all within 15 minutes.

Brady sat, in court, with Mrs. Brady on one side and his sister, Mrs. D. T. White, of El Paso on the other. His brother, Will Brady of Ventura, Calif., was at counsel table. A. G. B. Highsmith, father of the dead girl, accompanied by Mrs. Highsmith, Lehlia's step-mother, were present.

The motion alleged the case had been "prejudged" against Brady on account of newspaper publicity given the tragedy and the subsequent trial. It said so much prejudice existed it would be impossible to obtain a fair and impartial trial in this county, as well as in Hays, Williamson, Bastrop, Caldwell, Blanco and Burnet counties.

"It seems to be the universal opinion in this county that the defendant is guilty and should be severely punished," Curtis read from the petition. "In fact one hears the expression frequently that the death penalty ought to be inflicted."

District Attorney Brooks said he had not encountered a man, woman or child who was not familiar with the case.

"I have reached the conclusion it would merely result in an increased expense to the taxpayers to attempt to try this case again in Travis county," Brooks said.

277 Veniremen Served In granting the motion Judge Moore said that of the 500 veniremen drawn only 277 had been served, and that he had been importuned by many out of the county to excuse them for various reasons.

"I am sure most of those who do not have legal excuses have formed fixed opinions," he said.

Dayton Moss of Fort Worth, of counsel for the defendant, was in court, having been detained in a case at Eastland. Judge E. A. Berry of Houston who headed defense staff at the first trial, had withdrawn from the case on account of press and personal business, having announced his services heretofore had been "a gift to a friend."

District Attorney Brooks announced he would follow the case to Dallas.

The state contended at the first trial that Brady stabbed Miss Highsmith to death in a fit of jealousy, after he had been carrying on an affair with her for a number of years. His defense was that he had been temporarily deranged by the long use of bootleg whiskey.

Good Number Of Entries in Shows Trade Day Contests

There were nearly fifty babies entered in the baby show and a large assortment of prizes and fancy work was entered in the exhibits for that kind of displays, in the trades day contests sponsored by The Brownwood News.

The show was attracting much attention and many people were waiting the judges' decisions in the baby show conducted shortly after noon. Babies were being brought for registration early this morning and they were being registered as late as 2:00 o'clock this afternoon.

Bentley Grocery Robbed for Second Time in Two Weeks

Robbers entered the grocery store of G. T. Bentley at the end of Austin Avenue Monday night and escaped with about \$125 worth of merchandise. Entrance into the store was gained by going into a vacant building next to Mr. Bentley's store and from there breaking through the ceiling into his store. The thieves picked over the stock taking all groceries and toilet articles which were new and hard to identify.

Mr. Bentley said this morning that men were working at a filling station across the street from the store until 2 o'clock and that others in the neighborhood were about at 4:00 o'clock which made it impossible for the robbery to have taken place at any other hour, than those between these two periods.

In the robbery an assortment of coffee, bacon, canned goods, hams, toilet articles and other merchandise was taken, according to a check this morning.

About two weeks ago this same store was entered and an assortment of merchandise taken which totaled more than the amount lost last night. At that time the robbers entered the building through a hole cut in the beaver board which separated the vacant building and the one occupied by Mr. Bentley.

This is the seventh business place of this nature to be robbed in and around Brownwood during the past three weeks. The first of these was at a cafe and at the Parlor market which occurred the same night. Later the general store of Alex Plahn at Indian Creek was entered and then the Bentley store robbed the first time. These were followed by a robbery at the Whaley Grocery on Melwood Avenue and Sunday night by a robbery at Cross Cut with the final one being last night in the Bentley store.

Sheriff M. H. Denman said this morning that all indications showed that the same party was responsible for all the robberies and several are being kept under suspicion, but no definite clue as to their identity has been found and officers are at a loss as to the robbers.

Field Events Williams of Star, first; Johnson of Brady, second; Bagley of Richland Springs, third; Prater of Coleman, fourth. Distance, 102 ft. 2 in.

Pole vault: Ballard of Liberty, first; White of Gustine, second; Rudolph of Brady and Campbell of Lampkin tied for third. Height, 11 feet.

High jump: Guthrie of Mullin, first; Smith of Beattie, second; Williams of Beattie and Butler of Vocata tied for third. Height, 5 ft. 10 3-4 in.

Shot put: Hardin of Brady, first; Bagley of Richland Springs, second; Carroll of Coleman, third; Harris of Brownwood, fourth. Distance, 44 feet.

Javelin throw: McQueen of Brownwood, first; Gideon of Coleman, second; Strickland of Brady, third; Zimmerman of Coleman, fourth. Distance 159 feet 2 in.

Broad jump: Jennings of Santa Anna, first; Wheeler of Williams, second; Griffin of Cross Cut, third; Guthrie of Mullin, fourth. Distance 19 feet 11 1-2 in.

Snodgrass Coleman City Attorney

COLEMAN, Texas, April 16.—(Sp)—D. L. Snodgrass, late president of the East Texas Base Ball League, not functioning this year, today qualified as city attorney of Coleman. He was appointed by the new city commission Monday night to take the place of A. O. Newman, who moved here from Santa Anna to accept the position when City Attorney Pitman resigned.

Young Snodgrass is a son of the late Judge Frank Snodgrass, one of the best known lawyers in West Texas and is a brother of Scott Snodgrass of San Angelo. His appointment as city attorney came as a surprise to his friends in Coleman. Newman, the man he succeeds, is a candidate for county judge of Coleman county.

Early School Play Is Attended By A Large Crowd

Between 500 and 600 attended the free play given by patrons and students of the Early High School Monday night. The play was presented by talent of that community, and the title was, "A Daughter of the Desert." There were twelve characters in the play and reports this morning say that all carried their parts well.

A large number of Brownwood people attended the affair as well as people from the surrounding country.

SINGING HERE SUNDAY DREW CROWD OF 600

about 600 people attended the singing at the Memorial Hall Sunday afternoon, with 75 or 100 singing occupying seats on the stage. The singing was accomplished in the way of trying out and adjusting the positions in the auditorium determining the best positions for the singers on the stage, for the convention to be held here next Saturday and Sunday. This singing was just one of the preliminaries of the convention. Long leaders Sunday included: Ford A. Cornelius, R. B. Williams, Marvin Petros, Lon T. Stewart, E. Evans, Aubrey Pittman, Van Zandt, Lee Van Zandt, Myrick, Joe Brewster, Claude R. Swindie, R. M. English, W. English, Carl Petros and Cecil Petros. The pianists were Eiland Scarborough, Mrs. Eiland Scarborough, Mrs. Evans, Mrs. Beckton, Mrs. Reynolds, Miss Mae Van Zandt, Mrs. Pearl Brannan and Mrs. Oscar Swindie. Singing by the following quartets was enjoyed: Bert Middleton, Homer Middleton, E. Meeks and W. W. English; Ashley, Bernice Jones, Marvin Petros and Carl Petros; Claude R. Swindie, Miss Ed Harris, Bert Middleton and Homer Middleton; the "Pumpkin Center Quartet"; Mylene Davis, Gwyn Davis, Audie Baker and J. C. Baker.

tertaining delegates this year a much larger attendance is expected. Brownwood last entertained the district singing convention in 1916 at what was then known as the old Christian Church Tabernacle. There was a large crowd at the meeting and some fine singing was heard. For the convention this year extensive arrangements are being made for the entertainment of the visitors and preparation of the auditorium has almost been completed. Many singers from over all the state and from other states have been heard from, stating that they would be at the convention. Among the quartets that have been heard from is Stamps Recording Quartet of Jacksonville, Texas. Virgil O. Stamps has gained quite a reputation as a wonderful bass singer. Merle Brooks of Lubbock with his quartet will also be here. He is a former Bangs boy and is a noted bass singer. Vaughn's Recording Quartet, L. D. Huffstutler of Midland and his quartet and many others will all be at the convention, according to word received here.

On the arrangement committee for the convention are W. W. English, P. E. Meeks and Claude Swindie. The entertainment committee working with the entertainment committee of the Brownwood Chamber of Commerce is composed of M. A. Cornelius, Charles S. Bynum, Emmett Evans, Orville Turner and Dean Ripetteo.

Is Standing Off Siege of \$10,000 Worth of Antiques

NEW YORK, April 16.—(AP)—Mrs. Julian Lamar, blonde wife of a portrait painter, was entrenched today in a studio apartment at the National Arts Club in Gramercy Park, standing off a siege by representatives of her husband, seeking to seize \$10,000 worth of antiques.

Mrs. Lamar, socially prominent and the proprietor of the Lamar Galleries, appeared at the court yesterday in her attempt to keep possession of the Italian and Spanish antique items which she claims were given to her by her husband. Lamar was said to be in Reno, Nev., seeking a divorce. They separated last December.

House And Car Destroyed by Fire

The home of C. E. Ollison across Willis Creek on Austin Avenue was totally destroyed by fire about 2 o'clock Saturday night. A silent alarm was turned in and the chemical truck made a run to the scene but could not save the house or furniture. The party who reported the fire said that when he noticed it the roof was falling in and the walls caving. A Dodge sedan also belonging to Mr. Ollison, parked in front of the house was also damaged, almost beyond repair.

Mr. and Mrs. Ollison were on the river fishing when the house burned and did not know of the fire until their return Sunday morning. No theory was advanced as to how the blaze started, as nothing remained but some twisted steel and a pile of ashes.

Mr. Ollison carried \$1,300 insurance on the house and \$1,000 on the furniture. The automobile was not insured.

Mr. Ollison carried \$1,300 insurance on the house and \$1,000 on the furniture. The automobile was not insured.

SUNDAY SCHOOL ATTENDANCE FOR APRIL 15

The Sunday school attendance for April 15 was 945 which was 144 less than on the previous Sunday. The decrease is probably due to the fact that over one hundred from the First Baptist Sunday school went to Abilene to attend a special service at the Abilene Baptist Sunday school. The attendance one year ago Sunday was 3472.

Church	Attendance
First Methodist	535
Coggin Avenue Baptist	530
Central Methodist	515
First Baptist	474
Church of Christ	259
First Christian	251

Harvester Equals 150 Men

Cutting an acre of sugar cane an hour, equalling about 150 hands, a new harvester has been set to work near Clewiston, Fla. The harvester, shown here, is the work of Carl G. Muench, in inset, of the Dahlgren Sugar Cane Industries. Working three eight-hour shifts a day, it will cut more than 480 tons of cane.

IMPROVEMENT EDUCATIONAL STANDARDS. LESS POLITICS MORE EFFICIENCY SOUGHT

BRADY, Texas, April 15.—(Sp)—Improvement of the general educational standard of Texas high schools, less politics and greater efficiency in the Texas school system, new methods of raising adequate taxes for educational purposes, and several other phases of Texas education provided the 700 educators of the Mid-Texas Teachers Association convention, which was held at Brady, with plenty of material for thought and action.

State superintendent S. M. N. Marrs fired a full broadside at the unaffiliated high schools of Texas early in the convention. He deplored that so much unaffiliated work is done in Texas high schools, and took a definite stand on school consolidation which he declared would eliminate these weak institutions and provide a higher and more substantial type of school. He expressed the opinion that the time is ripe for the State Department of Education to take a definite step toward school consolidation.

Marrs also urged that the legislature devise a more adequate income for financing education and suggested three taxes for this purpose, the income, inheritance and luxury tax. A resolution at the close of the session was unanimously passed recommending indirect sources of taxation to provide the necessary money for Texas schools.

Less Politics, More Efficiency
Less politics and more efficiency in the educational field of this state was urged by H. D. Fillers of Corsicana, president of the State Teachers Association. The 6-year independent school board term, the 4-year county superintendents' term, recently adopted, are a step toward greater efficiency, he stated. Mr. Fillers discussed the efforts now underway by the Texas State Teachers Association to adjust the educational situation to a point of greater efficiency. An intensive study and research is now being made by a commission of leading educators of this state to revise the present school curriculum. This work may require a period of ten years, but if the parents of Texas will cooperate we are going to succeed in our work of building curricula which will be equal to the educational system of other leading states, he stated.

CROWDS GREET THE ZEPPELIN AT SEVILLE

SEVILLE, Spain, April 16.—(P)—The huge Dirigible Graf Zeppelin, which left Friedrichshafen yesterday, flew over the outskirts of Seville shortly after 1 p. m., as great crowds gathered at La Tablada air field.

The roof tops were dotted with spectators, many of whom climbed the famous Moorish tower of Giralda, the highest in Spain, adjoining the cathedral.

A mooring mast on which army air forces had worked all night was not completed, and it was decided to land the Zeppelin by means of men holding her down with ropes.

It was expected that after the passengers visited the Seville exposition, the Graf late this afternoon would begin the return flight to Germany.

Philippine Saw Mill Is Burned

MANILA, April 16.—(AP)—About 1,200 workers at Cadiz, Occidental Negros province, were jobless today as the result of a fire which destroyed the Insular Lumber Company's sawmill there. The fire occurred last night.

Although only meager details have been received here, it is thought by those familiar with the mill that the houses connected with it must have burned also. These homes were occupied by about 1,200 persons.

The American Chamber of Commerce said the plant was the largest hardwood lumber mill in the world.

Observance Of Holy Week Begun

ROME, April 16.—(P)—A solemn procession in the Church of St. Mary Major, otherwise known as the Liberian Basilica, this morning ushered in ceremonies attendant on Rome's observance of the Wednesday of Holy Week. The chanting of the Passion, as told in the Gospel of St. Luke, preceded by two lessons taken from the Prophet Isaiah, foretelling the sacrifice of Christ.

The afternoon was marked by the signing of the office of "Tenebrae," so-called in remembrance of the darkness said to have spread over all the earth at the moment of Christ's death on the cross.

MILLIONS FOR ROADS

Main plans for the expenditure of more than \$10,000,000 for the construction and maintenance of its highways during the four years from 1930 to 1933 inclusive.

Ultima Thule
Thule is the name given by Pytheas of Massilia to a region or an island north of Great Britain, the position of which has for 2,000 years been a matter of controversy. The Romans frequently added the word Ultima to the designation meaning Farthest Thule.

That school consolidation has gained a firm foothold within the confines of the district covered by the Mid-Texas Teachers Association, is seen from a report made by Thomas Taylor, president of Howard Payne College at Brownwood, chairman of the committee on progress

New Room Is Most Beautiful Yet Found in Richland Springs Cavern

By Elmo R. Baker
Among the sight which were seen Friday in the newly named Richland Springs Cavern were a group of numerous new rooms, the room of which was broken into last Tuesday and which was mentioned in last Wednesday's Bulletin, and another new entrance discovered about one hundred yards away from the main entrance. Not enough time was available for more exploration but needless to say there were plenty more places into it at one time.

The writer mentioned the newly broken into room last Wednesday, but had only the word of mouth description of the explorer, Mr. Shaw. Yesterday he went into the room himself, and let it be repeated here that that room is the most beautiful found yet, and that is saying quite a good deal as there are several beautiful rooms in the cave. In fact this room is so wonderful that Mr. Shaw is reluctant to let the lead in this movement, therefore he contemplates taking but two in at a time. It can be very truthfully stated that this room is such a mass of formations on the floor, walls and ceiling that it is difficult for one to get around in it without knocking some of the formations down.

Snow White Rooms
In describing the group of new rooms that were discovered yesterday, it may be said of them that they are snow-white in structure, the first time such rooms were seen in the cavern. Until yesterday it was not known that such rooms were in existence. Besides all the room being white, all the formations in these rooms are white, in fact snow white just as if they had been carved out of snow. It being so late in the afternoon and because of the fact that the party had spent the entire afternoon in working around in the cave, therefore being tired, the rooms were not fully explored. Just a peep in each one was sufficient.

Mr. Shaw has spent a full week out at the new cavern and as a result has the cave in wonderful shape for the visitors Sunday. The entrance, which was so hard to get into before, has been opened up until a five-year-old child could easily climb down it as if it were the Tomb of Spanish Kings.

McCRAW WILL HANDLE JOHN BRADY TRIAL

DALLAS, Texas, April 15.—(P)—District Attorney William McCraw will take personal charge of the prosecution of John Brady, charged with the slaying of Leahia Highsmith in Austin last November, he announced today. He will be assisted by Andrew Priest, Nash Adams and Jimmie McNeill. The case was ordered transferred here yesterday.

A short distance from Madrid, the temple of the Escorial was built by Philip II in memory of the martyr, St. Lawrence, who met his death on this spot. Here many of the Spanish kings are buried.

Why it's wise to choose a CHEVROLET SIX!

Choose CHEVROLET for Smoothness . . . The only way to get satisfactory smoothness in a low-priced car is to choose a car with a six-cylinder motor. Six cylinders save the whole car from the destructive effects of vibration. And they make motoring far more comfortable. In the new Chevrolet Six, you get every advantage of six-cylinder smoothness!	Choose CHEVROLET for Safety . . . Chevrolet's fully-enclosed brakes assure quick positive stops, rain or shine. A ball bearing steering mechanism provides quick handling in emergencies. There is a rear-mounted gasoline tank and a new non-glare windshield. And the combination hardwood-and-steel body construction is the strongest design known to the industry.	Choose CHEVROLET for Comfort . . . The very fact that Chevrolet is a Six means greater riding and driving comfort—because six cylinders prevent annoying vibration and drumming. Chevrolet also offers the greater comfort of four semi-elliptic springs—four Lovejoy hydraulic shock absorbers—extra-wide seats—deep, restful cushions—and adjustable drivers' seats.
Choose CHEVROLET for Beauty . . . Chevrolet brings you the greater beauty of bodies by Fisher—styled by Fisher's famous artist-designers. Long, low and properly proportioned—and complete with every feature of modern automotive coachwork—Chevrolet-Fisher bodies introduce a new measure of quality and beauty into the low-price field.	Choose CHEVROLET for Modern Design . . . Chevrolet gives you more than the benefits of a six-cylinder motor; its design is equally advanced throughout. This is evident everywhere—in the 4-wheel brakes, the hardwood-and-steel bodies, the semi-elliptic springs, the positive pressure pump fuel system, the long rigidly-braced frame, and the 4 hydraulic shock absorbers.	Choose CHEVROLET for Re-Sale Value . . . From the standpoint of re-sale value, it's especially wise to choose a Chevrolet. The big swing is to the Six. And when you buy a six-cylinder Chevrolet you are assured a car that will be modern tomorrow as well as today. This is important to remember, for obsolete design always lowers re-sale value.
Choose CHEVROLET for Economy . . . The new Chevrolet is just as economical as any car you can buy. It costs no more for oil. It costs no more for tires. It costs no more for service. And, in a recent officially-observed economy test, a Chevrolet won first place—averaging over 20 miles to the gallon of gasoline!	Choose CHEVROLET for Service . . . Chevrolet's owner service policy calls for free replacement—including both parts and labor—of any material that may prove defective within the terms of the standard warranty. Chevrolet's flat-rate charges are the lowest in the industry on many service operations—and, furthermore, Chevrolet service is available at more than 10,000 authorized service dealers.	Choose CHEVROLET for Low Cost . . . Priced as low as \$495 at the factory, the Chevrolet Six is one of the lowest-priced cars in the world. And this low first cost is emphasized over and over again—in gasoline and oil economy, in inexpensive service, and in the low cost of replacement parts.

BRADY LEADS IN DISTRICT TENNIS MEET

In the tennis finals, boys' doubles, Brady defeated Brownwood, 4-6; 6-2; 6-1; 6-3.

With ideal weather conditions prevailing, athletes of District 13, Texas Interscholastic League, gathered here Saturday morning and afternoon for their annual assault on district records and a battle to the last ditch for the district championship that has been won the past two years by the Lions of Brownwood High School. More than 2000 athletes, representing about 60 schools from the eight counties in this district, were on hand for the preliminary heats Saturday morning and to answer present and accounted for when the finals in all events began at 2:30 this afternoon. The meet is being held at Howard Payne park under the auspices of J. H. Shelton, district athletic director, with Joe Bailey, Cheaney, Howard Payne coach serving as official starter.

Finals in two events were held Saturday morning and first rounds in these two events were held in the afternoon. In the boys' singles, Williams of Star (Mills county) won first place in the district with a score of 102 feet and 2 inches and Ballard of Liberty (Hamilton county) cleared the bar at 11 feet even to top the pole vault. The four winners in the district were: R. W. Williams (Star), first; Johnson (Brady), second; Bagby (Richland Springs), third; Prater (Coleman), fourth. Distance, 102 feet, 2 inches. Winners in the pole vault were: Ballard (Liberty), first; White (Gustine), second; Rudolph (Brady), third; Height 11 feet.

Prelims in Dashes
Finals in the 100 and 220 dashes, the 120 high and 220 low hurdles were also held Saturday morning with six athletes qualifying for the finals in the two sprints and five qualifying for the finals in the two hurdle events. Brownwood High School, with two qualified for the finals in both the century and furlong, was a slight favorite to cop major honors in the two sprints. However, all athletes qualifying for these two events have excellent chances of coming through with victories.
Bangs High School's timber toppler, J. D. Hall, qualified for the finals in both the hurdle events and apparently he has an excellent chance at copying one, if not both of these events. Gideon of Coleman made the best time in the 120 high hurdles with 17.5 seconds while Hall of Bangs and Baxter of Benz

ted for the best time in the 220 low hurdles with 28.5 seconds.
Those qualifying for finals in the 100 and 220 dashes, the 120 high and 220 low hurdles, follow:
100 yard dash—Woodward of Brownwood; Wheeler of Williams; Griffin of Cross Cut; Turner of Santa Anna; Terry of Brady and Evans of Brownwood.
220 yard dash—Harris of Brownwood; Wheeler of Williams; Terry of Brady; Woodward and Evans of Brownwood; Hoyt of San Saba.
120 high hurdles—Gideon of Coleman; Swindle of Goldthwaite; Hall of Bangs; McQueen of Brownwood; Snodgrass of Coleman.
220 low hurdles—Hall of Bangs; Baxter of Bend; Williams of Star; Darley of San Saba; Swindle of Goldthwaite.
Brady High School, with the boys' singles title already sewed up and the boys' doubles title in the offing, looks as the winner of the boys' share in tennis in this district for 1936. Placid's representative in girls' tennis, singles, annexed the district title Saturday morning by defeating Richland Springs in the finals, 6-1 and 6-3. Rochelle High Newman and Lois Moore, won the girls' doubles title Saturday morning by defeating Menard in the finals, 6-0 and 6-0. Richland Springs won third place in girls' doubles.

Adkins of Brady High defeated Harris of Brownwood High in the final match of the boys' singles to annex the district title, Atkins winning easily, 6-2, 6-2 and 6-0. In boys' doubles, the 1935 champions from Brady, Cox and Adams, clash with Brownwood High represented by Woodward and Tucker, at 1:15 for the district title. Brady ruled as a favorite in this match.
Complete results in tennis, follow:
Girls' Singles
First rounds: Placid vs. by; Comyn defeated Brownwood, 6-3, 3-6 and 6-2; Richland Springs defeated B. Valley, 6-1 and 6-2; Santa Anna vs. by.
Second rounds: Placid defeated Comyn, 6-3 and 6-1; Richland Springs defeated Santa Anna, 6-1 and 6-2.
Finals: Placid defeated Richland Springs, 6-1 and 6-3.
Girls' Doubles
First rounds: Rochelle (Newman and Moore) defeated Brownwood (McGhee and Webb), 6-3 and 6-1; Richland Springs (Moore and Moore) defeated Comanche (Killion and Wallace), 6-1 and 6-4; Menard (Stengel and Mears) defeated Coleman (Blair and Knox), 6-2 and 6-0; Indian Gap (Roberts and Narret) defeated Harris of Brownwood (Venable and Richards), 9-7 and 6-4.
Second rounds: Rochelle defeated Richland Springs, 6-2 and 6-0; Menard defeated Indian Gap, 6-1 and 6-0.
Finals: Rochelle defeated Menard, 6-0 and 6-0.
Boys' Singles
First rounds: Gipson (Santa Anna) defeated Levert (Menard), 6-3 and 6-2; Harris of Brownwood defeated Donohue (De Leon), 1-6, 8-6 and 8-6; Adkins (Brady) defeated Gipson (Hamilton), 7-6 and 6-4.
Second rounds: Brownwood de-

GREAT FINISH ENABLES LIONS TO WIN TITLE

TWO NEW RECORDS were hung up Saturday afternoon by athletes contesting for highest honors in the 1936 District 13 track and field meet held at Howard Payne Park and several other records were seriously threatened by the determined horde of thinly clad athletes that fought a desperate but losing fight to dethrone Brownwood High School's Lions as district champions. Brownwood with district titles in 1928 and 1929 needed only one more championship to gain permanent possession of the handsome silver loving cup that circulates around the district until won by one school three years in succession. And until the closing seconds of Saturday's meet it looked like the Lions were going to be forced to give up the cup. They have held the past two years but a desperate and sensational finish in the mile relay retained that coveted cup from circulation and assured that through the next century or so, the cup will adorn the trophy room of Brownwood High School.
Coleman High School, by virtue of 14 points in the 120 high hurdles and 880 yard run, took an early lead over the Lions and despite a determined uphill battle, Coach Woodward's lads were never able to overtake that advantage—until, well, until Jelly McQueen passed Snodgrass of Coleman near the finish of the third lap in the mile relay and handed O'Neal Archer the baton a couple yards ahead of Gideon, Coleman's anchor man. And with that slight lead, Archer soon widened the breach and finished several yards ahead of Gideon, despite that the red headed Coleman lad was digging in for all he was worth at the finish. Until the mile relay, one of the most sensational races ever seen in Brownwood, Coleman was leading Brownwood by one point at 27-26, hence it was absolutely essential that the Lions win first place, or at least beat Coleman. Although the relay lacked four seconds of equaling the district record, it was plenty fast.
Two Record Breakers
Bull Face Harris of Brownwood and Wheeler of Williams Consolidated School, Brown county, were the two record smashers Saturday afternoon. Harris clipped one tenth of a second off the 440 yard dash with a winning time of 52.7 seconds and Wheeler shattered the 220 dash mark down a tenth of a second with a time of 23.3 seconds.
The old record in the 440 was held by "Groceries" Cates, of Rochelle, who set his record of 52.8 seconds in 1927. Cates, as Brownwood fans will remember, was a member of the Howard Payne Yellow Jackets in 1928 and helped the Jackets win their first Texas Conference championship.
Edward Dunkin, sensational 440 man with Daniel Baker the past two years, held the 220 yards dash mark until Saturday when Wheeler sprinted the furlong in 23.3 seconds, just one tenth of a second better than the mark set by Dunkin in 1928 while a member of the Brownwood High School team.
Leading Athletes
Wheeler, all around athlete from Williams, was the outstanding performer in the 1936 district meet. In addition to setting a new record in the 220 dash, Wheeler led the field to the tape in the 100 yard dash and finished second in the broad jump only one inch behind Jennings of Santa Anna, the winner. Williams of Star, Mills county, was second in point getting with 10 points by virtues of victories in the 220 low hurdles and the discus throw. Jelly McQueen of Brownwood, was third in scoring with 9 1-4 points registered on a first place in the javelin, a second in the 120 high hurdles and as a member of the winning relay team.
Brady High School placed third in the meet with 20 1-2 points and Williams, the one man team placed fourth with 13 points.
Points scored by all schools, follow: Brownwood, 30; Star, 20 1-2; Williams, 13; Star

CHANGE VENUE IS GRANTED IN BRADY TRIAL

AUSTIN, Texas, April 14.—(AP)—The John W. Brady murder case was transferred to Dallas on a change of venue, entered by Judge J. D. Moore today.
Judge Moore sent it to criminal court No. 2, and set it for trial in that court on May 5.
Application of the defendant for a change of venue was not opposed by the state. District Attorney Henry H. Brooks told the court he acquiesced in allegations of the defense that a fair and impartial trial could not be had in Travis county, in view of wide publicity given the testimony on the first trial, which ended here February 8. The jury failed to reach a verdict, one juror holding out for acquittal, nine voting for the death penalty and two for life imprisonment.
Brady, former member of the third court of civil appeals, was indicted for the murder of Miss Lehlia Highsmith, stenographer for the supreme court commissioner of appeals. She was stabbed to death on the night of November 9 in front of her apartment. Brady has been in jail since.
Lon Curtis of Belton, of counsel for Brady, read the motion for a change of venue, Brooks made a brief answer and Judge Moore entered his order transferring the case to Dallas. Brooks said he had the most sensational murder cases ever placed on the docket of this court, all within 15 minutes.
Brady sat in court, with Mrs. Brady on one side and his sister, Mrs. D. T. White, on the other. His brother, Will Brady of Ventura, Calif., was at counsel table. A. G. B. Highsmith, father of the dead girl, accompanied by Mrs. Highsmith, Lehlia's step-mother, were present.
The motion alleged the case had been "prejudged" against Brady on account of newspaper publicity given the tragedy and the subsequent trial. It said so much prejudice existed it would be impossible to obtain a fair and impartial trial in this county, as well as in Hays, Williamson, Bastrop, Caldwell, Blanco and Burnet counties.
"It has reached the conclusion it would merely result in an increased expense to the taxpayers to attempt to try this case again in Travis county," Brooks said.
277 Veniremen Served
In granting the motion Judge Moore said that of 500 veniremen drawn only 277 had been served, and that he had been importuned by many out of that number to excuse them for various reasons.
"I am sure most of those who do not have legal excuses have formed fixed opinions," he said.
Dayton Moses of Fort Worth, of counsel for the defendant, was not in court, having been detained in a case at Eastland. Judge E. A. Berry of Houston who headed the defense staff at the first trial, had withdrawn from the case on account of press and personal business, having announced his services heretofore had been "a gift to a friend" of the defendant.
District Attorney Brooks announced he would follow the case to Dallas.
The state contended at the first trial that Brady stabbed Miss Highsmith to death in a fit of jealousy, after he had been carrying on an affair with her for a number of years. His defense was that he had been temporarily deranged by the long use of bootleg whiskey.

Early School Play Is Attended By A Large Crowd

Between 500 and 600 attended the free play given by patrons and students of the Early High School Monday night. The play was presented by talent of the community, and the title was, "A Daughter of the Desert." There were twelve characters in the play and reports this morning say that all carried their parts well.
A large number of Brownwood people attended the affair as well as people from the surrounding country.

Snodgrass Coleman City Attorney

COLEMAN, Texas, April 16.—(Sp)—D. L. Snodgrass, late president of the East Texas State Ball League, not functioning as city attorney of Coleman, was appointed by the new city commission Monday night to take the place of A. O. Newman, who moved here from Santa Anna to accept the position when City Attorney Pitman resigned. Young Snodgrass is a son of the late Judge Frank Snodgrass, one of the best known lawyers in West Texas and is a brother of Scott Snodgrass of San Angelo. His appointment as city attorney came as a surprise to his friends in Coleman. Newman, the man he succeeds, is a candidate for county judge of Coleman county.

Bentley Grocery Robbed for Second Time in Two Weeks

Robbers entered the grocery store of G. T. Bentley at the end of Austin Avenue Monday night and escaped with about \$125 worth of merchandise. Entrance into the store was gained by going into a vacant building next to Mr. Bentley's store and from there breaking through the ceiling into his store. The thieves picked over the stock taking all groceries and toilet articles which were new and hard to identify.
Mr. Bentley said this morning that men were working at a filling station across the street from the scene until 2 o'clock and that others in the neighborhood were about at 4:00 o'clock which made it impossible for the robbery to have taken place at any other hour, than those between these two periods.
In the robbery an assortment of coffee, bacon, canned goods, hams, salt articles and other merchandise was taken, according to a check this morning.
About two weeks ago this same store was entered and an assortment of merchandise taken which totaled more than the amount lost last night. At that time the robbers entered the building through a hole cut in the beaver board which separated the vacant building and the store occupied by Mr. Bentley. This is the seventh business place of this nature to be robbed in and around Brownwood during the past three weeks. The first of these was at a cafe and at the Parlor market, which occurred the same night. Later the general store of Alex Plahn at Indian Creek was entered and then the Bentley store robbed the first time. These were followed by a robbery at the Whaley Grocery on Melwood Avenue and Sunday night by a robbery at Cross Cut with the final one being last night in the Bentley store.
Sheriff M. H. Denman said this morning that all indications showed that the same party was responsible for all the robberies and several are being kept under suspicion, but no definite clue as to their identity has been found and officers are at a loss as to the robbers.

Ray Morgan Leaves Today For Chicago

Ray Morgan, Brownwood dealer in Delco-Light products accompanied by Mrs. Morgan left Monday for Fort Worth where they will join other Delco dealers from the Fort Worth district who are attending the international convention of Delco-Light selling men at the Stevens Hotel in Chicago, April 16 and 17. This trip has been awarded Mr. Morgan as a reward for having reached a definite quota set by the factory. By reaching this quota Mr. Morgan is placed among the leaders of selling men who have placed 350,000 Delco-Light farm electric plants in use throughout the world.

Baptist Workers Meeting Thursday At Jones Chapel

The regular Brown County Workers' Meeting will be held at the Jones Chapel church Thursday, it was announced here today. A program has been announced and it is thought that a large number of members of the two Baptist churches here will attend the meeting. A large delegation from Coggin Avenue Baptist church is making arrangements to attend the meeting and many from First church will also go. The program as announced today is as follows:
9:30 a. m.—Devotional led by Rev. Sterling Stratton.
10:00 a. m.—The place of the church in the community, Rev. W. H. Rucker.
10:30 a. m.—The place of the church in the regions round about, Rev. W. A. Todd.
10:40 a. m.—The place of the church in the regions beyond, Rev. R. L. English.
11:00 a. m.—The origin of the church, Rev. Otis Cahill.
12:00—Lunch.
1:30 p. m.—Devotional, Rev. B. N. Lummas.

retaining delegates this year a much larger attendance is expected. Brownwood last entertained the district singing convention in 1916 at what was then known as the old Christian Church Tabernacle.

On the arrangement committee for the convention are W. W. English, F. E. Meeks and Claude Smith. The entertainment committee working with the entertainment committee of the Brownwood Chamber of Commerce is composed of M. A. Cornelius, Charles S. Byrum, Emmett Evans, Orville Turner and Dean Rippeet.

Is Standing Off Siege of \$10,000 Worth of Antiques

NEW YORK, April 16.—(AP)—Mrs. Julian Lamar, blonde wife of a portrait painter, was entrenched today in a studio apartment at the National Arts Club in Gramercy Park.

House and Car Destroyed by Fire

The home of C. E. Ollison across Willis Creek on Austin Avenue was totally destroyed by fire about 2 o'clock Saturday night. A silent alarm was turned in and the chemical truck made a run to the scene but could not save the house or furniture.

SUNDAY SCHOOL ATTENDANCE FOR APRIL 13

The Sunday school attendance for April 13 was 324, which was 14 less than on the previous Sunday. The decrease is probably due to the fact that over one hundred from the First Baptist Sunday school went to Abilene to attend a special service at the Abilene Baptist Sunday school.

Has to Be Happy

Justice is the only worship. Love is the only priest. Ignorance is the only slavery. Happiness is the only good. The time to be happy is here. The way to be happy is to make other people happy.—R. G. Ingersol.

First Used in England

That school consolidation has gained a firm foothold within the confines of the district covered by the Mid-Texas Teachers Association is seen from a report made by Thomas Taylor, president of Howard Payne College at Brownwood, chairman of the committee on progress

Harvester Equals 150 Men

Cutting an average of 20 tons of sugar cane an hour, equalling about 150 field hands, a new harvester has been set to work near Clewiston, Fla. The harvester, shown here, is the work of Carl G. Muench, in inset, of the Dahlberg Sugar Cane Industries. Working three eight-hour shifts a day, it will cut more than 480 tons of cane.

IMPROVEMENT EDUCATIONAL STANDARDS, LESS POLITICS MORE EFFICIENCY SOUGHT

BRADY, Texas, April 15.—(Sp)—Improvement of the general educational standard of Texas high schools, less politics and greater efficiency in the Texas school system, new methods of raising adequate taxes for educational purposes, and several other phases of Texas education provided the 700 educators of the Mid-Texas Teachers Association convention, which just closed at Brady, with plenty of material for thought and action.

CROWDS GREET THE ZEPPELIN AT SEVILLE

SEVILLE, Spain, April 16.—(AP)—The huge Dirigible Graf Zeppelin, which left Friedrichshafen yesterday, flew over the outskirts of Seville shortly after 1 p. m., as great crowds gathered at La Tablada air field.

Philippine Saw Mill Is Burned

MANILA, April 16.—(AP)—About 1200 workers at a saw mill, Octadent, a Negro province, were jobless today as the result of a fire which destroyed the Insular Lumber Company's sawmill there. The fire occurred last night.

Observance of Holy Week Begun

ROME, April 16.—(AP)—A solemn procession in the Church of St. Mary Major, otherwise known as the Liberian Basilica, this morning ushered in ceremonies attendant on Rome's observance of the Wednesday of Holy Week. The chanting of priests recounted the story of the Passion, as told in the Gospel of St. Luke, preceded by two lessons taken from the Prophet Isaiah, foretelling the sacrifice of Christ.

New Room Is Most Beautiful Yet Found in Richland Springs Cavern

By Elmo E. Baker

Among the sight which were seen Friday in the newly named Richland Springs Cavern were a group of numerous new rooms, the room which was broken into last Tuesday and which was mentioned in last Wednesday's Bulletin, and another new entrance discovered about one hundred yards away from the main entrance.

Snow White Rooms

In describing the group of new rooms that were discovered yesterday, it may be said of them that they are snow-white in structure, the first time such rooms were seen in the cavern. Until yesterday it was not known that such rooms were in existence.

Tomb of Spanish Kings

A short distance from Madrid, the temple of the Escorial was built by Philip II in memory of the martyr, St. Lawrence, who met his death on this spot. Here many of the Spanish kings are buried.

COOLIDGE EXPLAINS HIS QUESTION ABOUT ALAMO

SAN ANTONIO, Tex., April 8.—(AP)—The taciturn Calvin Coolidge at last has explained a remark which had puzzled Texans.

In a letter received by Gutzon Borglum, sculptor, the former president explained his question, "What was the Alamo built for?" asked while on a recent visit here en route home from the Pacific Coast.

CENSUS GAINS VITAL MATTER TO POLITICIANS

AUSTIN, Texas, April 15.—(P)—Guessing the result of the decennial census is a national indoor sport which is rapidly gaining favor. To Texas politicians, however, it is something else and many of them are figuratively speaking burning midnight oil in an effort to get their names on tickets for offices that are based on population.

There seems to be little doubt that Texas will be entitled to at least two additional representatives in the national house when figures for the 1930 census are known. Politicians see two more opportunities for political prestige in the election of congressmen.

Electoral officials, however, have thrown cold water on the proposed candidacies of men seeking the new posts with the statement that census returns will not be completed in time to permit the election of two more Texans to congress at the November balloting.

Ambitious politicians must wait two years more, according to a court interpretation of the election laws.

Fast Experiences
It has been proved in previous cases that a candidate cannot indulge in population figures and become a congressman. Texas and other states have had candidates who, in advance of the decennial count, have put their names on the state ticket as candidates for congressman-at-large.

In some instances these candidates have been elected, contingent on the census figures being large enough to justify a new congressman. The minimum on which a new congressman may be added by a state is a population gain of 30,000. The supreme court has held consistently that a candidate who runs in anticipation of the census count, even if the count proved an extra congressman was permitted, cannot take office.

Shifts in Population
Political experts have estimated that at least 23 congressmen will lose districts while about that many more will be gained through the shifts in population. States which these experts believe will show a loss are Missouri, loss of three; Iowa, Kentucky and Tennessee, two each; Alabama, Kansas, Louisiana, Maine, Massachusetts, Nebraska, New York, North Dakota, Pennsylvania, Vermont and Virginia, one each.

California is expected to show the greatest gain and may be entitled to six new congressmen; Michigan may gain four, and Ohio three; Texas and New Jersey may be entitled to two more each.

Texas now has 18 congressional districts. For the 1932 election, the two new congressmen, if authorized will probably be classified as congressman-at-large. After the 1932 election the state legislature would undertake to reapportion the districts, making twenty if the census warrants.

OWNER OF SUNSET TRUCK LINE TALKS

"Since Taking Orgatone (Argotane) I Have Gained Six Pounds and Feel Like a New Man," Says San Angelo Man.

Still another link is added to the long chain of evidence regarding the remarkable merits of Orgatone (Argotane) is the case of Mr. Walter Cowley, 301 Upton Street, San Angelo, Texas, whose phenomenal health and strength by the use of the medicine was reported to an Orgatone (Argotane) representative.

"I have suffered for some time from what appeared to be a general rundown condition and nervousness. I had no appetite and hardly ate enough to keep me alive. I was so nervous I couldn't get any sound sleep and would get up in the mornings tired and lifeless without any energy. Gas formed on my stomach and caused shortness of breath which made me very miserable for hours afterward. I had a very bad case of constipation and had frequent headaches. I had a dead liver, I was told, and so had pains in my back and always felt worn out and sluggish and just going down hill.

"I had read and heard so much about what Orgatone (Argotane) was doing for others that I decided to see if it would help my case, and I will say that it has proven to be the right medicine in my case. No one has a better appetite and I eat anything I want and digest it perfectly. My nervousness has disappeared and I sleep fine every night, and I get up in the mornings full of life and energy. My kidneys and liver seem to be in good condition and my constipation is a thing of the past. In fact, my general health has improved, and I have actually gained six pounds in weight. Orgatone (Argotane) has certainly helped me and I am glad to recommend it to my friends."

Genuine Orgatone (Argotane) may be bought in Brownwood at the Camp-Bell and Peerless Drug Stores.

MURDER INDICTMENT

LAMESA, Texas, April 15.—(P)—J. W. (Bud) Aiken was indicted for murder by a grand jury here yesterday in the slaying of D. F. Cox, restaurant proprietor, Feb. 28. No date was set for his trial.

JUDGE MILLER SEES NEED COURT CHANGE BUT NOT AS PROPOSED IN VETOED BILL

Speaking of the veto of Governor Moody this week of a bill to create a new judicial district in this section Judge E. J. Miller said yesterday that he was glad that the bill was defeated because of its reading and the counties involved. However, he said that the present district was too large, but that a change as proposed would be very unsatisfactory and would lighten the duties of this court only a little.

"With the district the same in 1929 as in 1909 I checked all cases and found that there were four times as many civil cases. The business has increased until the present district is amply too large for one court. We could handle the three large counties of Brown, Coleman and McCulloch easy enough if Runnels and Concho were given to another district.

"I wrote a letter to the representatives last year recommending a change but not as was introduced into the bill before the House during the last special session. I recommended that some counties be taken

from three districts to make the new district and if this is done it will make work in all districts lighter and will give more time to the court.

"In the district west of Tom Green county Sweetwater could have been put into a new district with Coke from the Tom Green district and Concho and Runnels from this district which would have helped all three.

"In the Tom Green and Sweetwater districts old fields make the work of those districts heavy and with three large towns in this district it makes it too hard at present. When the districting was made the business and traveling facilities made it necessary to fix the present district as it is, but now it should be changed."

508, 576 BALES USED IN MARCH

WASHINGTON, April 14.—(P)—Cotton consumed during March was announced today by the Census Bureau as 508,576 bales of lint and 63,976 of linters, compared with 495,204 of lint and 60,823 of linters in February 1929 and 621,969 of lint and 76,564 of linters in March last year.

Cotton on hand March 31 was held as follows:

In consuming establishments 1,762,627 bales of lint and 233,137 of linters compared with 1,811,639 and 223,170 on February 28 this year and 1,729,998 and 230,718 on March 31 last year.

In public storage and at compresses 4,189,113 bales of lint and 107,271 of linters compared with 4,358,609 and 106,459 on February 28 this year and 4,176,923 and 81,908 on March 31 last year.

Imports during March totaled 28,279 bales compared with 23,643 in February this year and 37,124 in March last year.

Exports during March totaled 47,678 bales of lint and 8,004 of linters compared with 402,074 and 10,577 in February this year and 365,986 and 13,667 in March last year.

Cotton spindles active during March numbered 28,898,464 compared with 28,926,589 in February this year and 31,102,784 in March last year.

"WARD WEEK" CLOSED HERE SATURDAY WITH GOOD DAY'S BUSINESS

"Ward Week" for the Brownwood store of Montgomery Ward Co. closed very satisfactorily Saturday, according to E. C. Manley, manager who states that Saturday's business was about 90 per cent better than it was on the preceding Saturday. "Ward Week" was observed by all stores of this system throughout the United States and many unusual bargains were offered.

Other Brownwood stores report satisfactory business Saturday, despite existing conditions that have caused less buying this spring than during the past few years. All merchants believe that all that is needed to restore normal conditions is a good rain, one that will enable farmers of the county to plant their crops.

Paralysis Follows Drinking of "Jake"

BOSTON, April 15.—(P)—Medical means of combating cases of paralysis believed caused by drinking Jamaica ginger were sought here today with the toll over the state during the week-end having risen to two score and more.

Sixteen persons have been taken to hospitals in Worcester, 13 in Newburyport, nine in Lawrence and three in Westford. Two women are among the six cases reported at the Boston City Hospital.

The victims all are suffering from partial paralysis of the limbs. No deaths have occurred and none are believed to be in a serious condition.

Hoover Receives Japanese Girls

WASHINGTON, April 15.—(P)—The four Japanese girls of the United States bearing the gratitude of their countrymen for aid extended by America in the Japanese earthquake were received today by President Hoover. They were accompanied by Mrs. Hoover, who was in disposed with a cold.

SEEK TO IDENTIFY DALLAS SUSPECT

DALLAS, Texas, April 15.—(P)—Sheriff Ed Haskeman of Collin county was here today to aid Dallas county officers in an investigation of a man arrested yesterday as a suspect in the slaying of J. R. Cotner city marshal of Nevada, shot down by burglars March 14.

Officers said the man was identified through finger prints as an escaped convict and an escaped prisoner from the Amarillo jail where he was held on a charge of robbery. He also was identified as a robber who held up a drug store here Sunday.

State Would Oust Standard Oil Co.

NASHVILLE, Tenn., April 15.—(P)—The State of Tennessee brought action in Chancery court today, seeking to oust the Standard Oil Company of Louisiana from the state with prayer for a perpetual injunction. Violation of the anti-trust act of 1903 and the amendment act of 1927 was alleged.

DALLAS WOMAN IS ATTACKED BY 2 NEGROES

DALLAS, Texas, April 14.—(P)—Exhibiting body bruises, Mrs. J. N. Parrott reported to police here she had been attacked by two negroes and her automobile stolen as she was en route home from a party early today. She said the negroes jumped on the running board of her car as she stopped at a street intersection to allow another car to pass. The negroes fled, she said, after they had beaten her and left her lying in the street. The automobile was found several hours after the attack.

Overnight Hike Enjoyed by Large Group of Scouts

Friday and Saturday being school holidays, the Boy Scouts took advantage of the opportunity to have an overnight hike. The scouts left Brownwood at 1:30 Friday afternoon and hiked to the junction of the Brazos and Willis Creek. The camp sites were selected by each troop represented and the scouts proceeded to make themselves comfortable for the afternoon.

About 100 scouts availed themselves of the opportunity to go on a hike. Wood was secured for the cooking and the most comfortable ring was cleared and made ready for the night program. At supper time the scouts were joined by about 20 Brownwood business men who prepared their suppers in true scout fashion.

Before the supper hour the scouts enjoyed a swim in Fossil Bayou. Had anyone been near it would have been easy to tell from the sounds that the boys were back in the old swimming hole and were having the time of their lives. After supper all gathered about the camp fire. Songs were sung and then the scouts entered upon a series of camp fire tests and stunts. Not to be outdone the men present proceeded to show the scouts how to put on a camp fire program. In one of the contests the scouts beat their dads.

After taps had been sung the scouts retired and left the men to discuss scouting problems. The men present had attended the scouting institute and had many problems bearing on the outdoor program of scouting which they wanted explained. This outdoor meeting of the men was required in connection with the scouting institute program.

On Saturday the scouts engaged in a series of scouting contests and games. The scouts proved their ability to make fire and boil water very quickly. The contest was arranged so that eight scouts composed a team and each scout was permitted to do only one thing in connection with the making of the fire and the boiling of water. It required teamwork. The scouts who were spectators enjoyed the sight of too much heat and excitement on the part of their fellows whose super-zed caused them to lose out in the race. Wood cutting was also engaged in and the scouts all had an opportunity to demonstrate their ability to split wood. The antelope race was highly enjoyed by all the scouts.

The chief time of interest that the scouts were looking forward to was the Hawaiian Dog that the Scout Executive had cooked for them. Many questions were asked about that dog and much curiosity was shown as to the composition of the dog. The sight of the "dog" being buried in a hot pit and covered and left there for six hours caused much wonderment. All the scouts were on hand to see the dog exhumed. Dog, cat, monkey or whatever the concoction was the scouts didn't even leave the scene when it was finally served to them. It was voted that a similar hike and another Hawaiian Dog be given the scouts soon. Several of the men arranged to come and dine with the scouts and to see what that dog was like. And they liked it.

Veteran Sports Writer Suicides

ST. LOUIS, April 15.—(P)—John B. Sheridan, veteran sports writer and critic, formerly sports editor of both the St. Louis Post-Dispatch and the St. Louis Globe-Democrat, and in more recent years manager of the Missouri committee on public utility information, hanged himself in a hospital here today. He had suffered from nervous trouble.

Where Oberlin Led

Oberlin college, at Oberlin, Ohio, was a pioneer in coeducation, having granted the A. B. degree to women as well as men since 1841.

Gave Name to Parliament

Barebone parliament was the name given to the parliament called together by Oliver Cromwell in 1643, from a fanatical leader known as Praese-God Barebone.

NEW ORATORY BUILDING IS PLANNED HERE

In keeping with the progress of the institution, J. Fred McGaughy of the Central Texas School of Oratory and Expression, is making plans for the erection of a large new building for the school. Mr. McGaughy in speaking of the plans today said that the building would be two story and of brick. On the lower floor will be the office rooms and a large auditorium with modern stage and settings with profuse lighting fixtures and well equipped dressing rooms. The second floor will be given over to about eight or nine class rooms.

He said that if the plans worked out all right, as it now seemed they would, he hoped to make the school one of the largest in this section and to have students enrolled from over all this section of the state.

When the building is completed Mr. McGaughy hopes to add several teachers to the faculty and make a large and complete school of oratory. The plans at present are only in the formative stage but are well on the way to being worked out. Definite plans will be announced later.

The school has grown very rapidly in the past several months. There are about one hundred alumni and ex-students of the school, and a large class this year. The graduating exercises of the present class will be held sometime in May.

ENGLAND MAY HELP REDUCE LIQUOR TRADE

LONDON, April 15.—(P)—The House of Commons, by a vote of 215 to 142, today gave a Liberal member leave to introduce a bill to entitle the board of trades to suspend or cancel the certificate of any master, mate or engineer engaging in the illicit importation of intoxicating liquor into United States territory.

Isaac Foot, Liberal member from Cornwall, moved for permission to introduce such a measure. Under the rules only one speech was allowed for and one against the bill.

After Foot had spoken for ten minutes advocating the measure, Frederick A. MacQuisten, conservative member from Argyll and a lawyer who sometimes acts professionally for the liquor trade, opposed the bill.

Lady Astor, American born peeress and ardent temperance advocate, interrupted MacQuisten several times.

Spell of Heat

Expectant Father (hot and perspiring, hears a long-drawn wail from upper regions of the house)—"Ah!" he sighs with relief, "at last we have a little fresh heir."

Franklin's Production

Beginning in 1732, Poor Richard's Almanac was published by Benjamin Franklin for 25 years, about 10,000 copies being sold annually.

"Where Values Reign Supreme"

COLEMAN AUTO RACES SUNDAY ATTRACT AGES

COLEMAN, Texas, April 16.—(Sp)—Speed lovers will be treated to thrilling events in the debut of the new speed plant at the Coleman County Fair grounds. Six professional races and two modified stock car events will be on the speed menu. Many drivers who have not been seen on western Texas tracks before have been induced to compete in the Easter card here and include Art Challenger of Chicago in his famous C 7 Frentenac, Shanty Fitzgerald of Detroit, Frank Sands of Indianapolis, Geo. Weber of Los Angeles, "Hotfoot" Evans of Kansas City and "Speedy" Bob Kelly of Omaha. Texas Aces who are expected to turn back this northern invasion of speed demons include the Austin entries of Geo. Barringer in Frentenac No. 22 are expected before closing the entry list. Coleman county fans are pinning their faith on their own entry of Frentenac No. 20 entered by C. W. Story of the Coleman County Agency. "Booby" Demuth of Abilene will pilot the Coleman entry. The northern stars have been racing on the Houston and San Antonio winter circuit and also are returning from the international speed events at Monterey, Mexico, and have been induced to stop off and participate in the opening of the Coleman speedway on their way back to northern circuits. Challenger and Sands claim to have won more than \$40,000 in prize money with their mounts on the northern circuits last season. Another race that is expected to hold the fans spellbound is the 25 lap modified stock car event. This race is expected to bring out many of the late model cars in competition. Limited changes in carburation and ignition will be allowed the entrants. The "hobo" junk car race in which the owners must agree to sell their steeds for not more than \$75 to anyone in the audience, will go for ten laps. This will be the fun race of the day as many relics of yesterday are again turned up at their best. The race card here is the beginning of a series of anticipated events on the new five-eighty mile course here.

BRAZOS VALLEY PECAN GROWERS WILL MEET AT COMANCHE APRIL 29

COMANCHE, Texas, April 16.—(Sp)—The Brazos Valley Pecan Growers Association will hold its spring meeting at Comanche, Texas, Tuesday, April 29, according to announcement of President C. F. Denny of Comanche, and Secretary J. C. Patterson of Eastland. A program as announced will include some of the best known authorities on pecan growing in this section and will also include practical demonstrations in the 100 acre pecan orchard of C. F. Denny, near Comanche.

TEACHERS WILL MEET IN 1931 IN BROWNWOOD

The 1931 convention of the Mid-Texas Teachers Association will meet in Brownwood as decided by a vote at the Brady meeting of the association on Saturday afternoon. In the voting for the next convention city there were three candidates: Brownwood, Sweetwater and Stephenville. Brownwood won the vote on the second ballot, Stephenville being eliminated in the first ballot. In the second vote Brownwood received six votes to three for Sweetwater. The voting was done by a representative from each of the twenty counties which make up the association. The date of the convention next year will be set later. Officers elected for the ensuing year included: C. H. Hifford, superintendent of the Coleman schools; president; Mrs. Carl Blais, Brady, secretary; and R. E. White, superintendent of Rannels county schools, vice-president.

Von Buelow Again Made Defendant in Divorce Suit

CHICAGO, April 16.—(P)—Enrique Deschov Von Buelow, who called himself a count, again has been named defendant in a divorce action by the wealthy Mrs. Lettie Brenner Von Buelow. Cruelty and misconduct are the charges. In the bill filed yesterday, Mrs. Von Buelow, who is 58 years old, states that her young husband appeared at her home Saturday night accompanied by two women and a man. He proposed that Mrs. Von Buelow join them on a tour of the night clubs. Mrs. Von Buelow refused, and ordered the party from the house. The divorce petition is the second filed by the Chicago woman in recent weeks. The first bill was withdrawn Saturday, and it was announced she and her husband had effected a reconciliation following a joint experience with robbers. The thieves, posing as census takers, took jewelry valued at \$39,000 from Mrs. Von Buelow's Sheridan road residence. Von Buelow entered the house as the robbery was going on, and was bound and gagged. Purpose of his visit at that time, he said, was to get his personal belongings and say good-bye to his wife. Following the robbery, Von Buelow was questioned by police. Mrs. Von Buelow came to his defense, and subsequently announced her determination to drop the first divorce action. Mrs. Von Buelow charges in her new bill that her husband married her for her money, and that she had spent \$25,000 on him. He was a commercial aviator when she met him in Central America last year.

Cotton Cut

Southern farmers intend reducing their cotton acreages this year, according to Dr. Tait Butler, recent chairman of the cotton acreage reduction control of the American Cotton Co-operative Association and now president of the Tennessee Cotton Growers' Association at Memphis. Butler for the reduction drive the year farmers would grow one of the largest crops in history. Dr. Butler believes. During a drive in 1927, the crop was cut 14.65 per cent.

ABANDON ALL BILLS MUSCLE SHOALS TODAY

WASHINGTON, April 15.—(P)—The Norris and all other Muscle Shoals measures were abandoned today by the House Military Committee and a sub-committee was appointed to draft a new measure to provide for the leasing of the project to private concerns. The Military Committee decided none of the bills before it could meet approval of Congress at this session. The only method by which action for disposal of the project could be assured was held to be one to provide for leasing the project, with provision for government operation to be undertaken in event satisfactory leasing arrangements could not be made.

PTA DISTRICT SURVEY SHOWS PROGRESS MADE CHILD WELFARE WORK

BRADY, Texas, April 16.—(Sp)—Considerable progress along the line of public welfare has been made by the Seventh District of Parents and Teachers, according to the results of a survey made on the phases of school recreation and juvenile protection by the district of public welfare of this district. The survey shows that the majority of the local P. T. A. are trying home play in some form, and that both after school play and also evening entertainments such as dances, parties, etc. are supervised. Almost every local association has been active in the improvement and beautification of the school grounds, and several thousand dollars have been spent in playground equipment by these associations throughout the district. That the school is still very much of a community center is evidenced by the fact that at least 50 per cent of the school buildings are used also for community gatherings. In a number of instances community play nights are conducted at the school. Recreation Facilities. The survey shows that the municipal governments of most of the larger communities seem to provide community recreation facilities, such as parks, playgrounds, swimming pools. Even the smaller communities in most instances have some form of community recreation, even though they are still compelled to use the "old swimming hole" in some nearby stream for this phase of entertainment. The program of Juvenile Protection seems to entail a more difficult task for the parent-teacher workers, since it involves the removal of moral as well as physical hazards and the adjustments of community conditions. Only about fifty per cent of the communities pay attention to the enforcement of the compulsory school attendance law, and only a small percentage have a truant officer, the survey reveals. Smoking by minors is reported from almost every community and very little effort seems to have been made to prevent this practice. Considerable work is being done throughout the district by the parent-teacher association in the promotion of better health conditions. A number of the larger schools have regular health clinics. Several of the associations have carried on anti-diphtheria campaigns with good success. The Fredericksburg P. T. A. reports the vaccination of 1,500 school children in an anti-diphtheria campaign put on in cooperation with the civic clubs and the local physicians. Other activities reported by the parent-teacher groups are supervision of public dance halls, censorship of motion pictures, special care of problems for children in the schools, and a study of juvenile delinquency in the local communities. The seventh district comprises about 20 counties with Austin as its center. Brady is located on the northern boundary and Bastrop on the southern border of this district.

SIMMONS SIGNS HIS CONTRACT

PHILADELPHIA, April 15.—(P)—Al Simmons, star outfielder of the Philadelphia Athletics, has come to terms with Manager Connie Mack and will appear in the game with the New York Yankees this afternoon. The Milwaukee mauler, declared a holdout yesterday by Manager Mack, appeared at Shibe Park shortly after noon today and conferred with Mack for about ten minutes. When Simmons and Mack left the office both were smiling, and the A's manager announced Al had signed a 1930 contract.

France Places Higher Tariff on American Cars

PARIS, April 16.—(P)—From ten to 60 per cent higher tariffs on American automobiles became effective today under a bill passed by the Chamber of Deputies and the Senate in night sessions yesterday. The bill was squeezed through the Senate between arguments on the budget. The government contended the law was intended merely to simplify the customs routine by changing from ad valorem to specific duties, but the preamble to the bill and the arguments in parliament were based upon the theory that the French auto industry needs more protection.

Reward of Good Act
Let us never forget that an act of goodness is of itself an act of happiness. No reward coming after the event can compare with the sweet reward that went with it.

Suspicious
A young woman who drives a car often gives Mary Lou's daddy a lift. One evening after the father had been brought to the door his little four-year-old daughter met him saying: "Daddy, is you thinking about getting me a new mother?"

YOUNG RUBIO ILL
MEXICO CITY, April 16.—(P)—Eugenio Ortiz Rubio, young son of the president, was seriously ill today at Chapultepec castle with what is believed to be typhoid fever. So grave was the illness the president and his family cancelled their Easter vacation at Acapulco, on the Mexican Pacific coast.

of THE BANNER-BULLETIN, published Weekly, at Brownwood, Texas, for April 1st, 1930.

Narrow Escape When A Compressed Air Condenser Explodes
OLNEY, Texas, April 16.—(P)—Lady luck smiled upon Mrs. J. E. Barton here when a compressed air condenser exploded near the automobile in which she was sitting with her eight months baby in her arms. The explosion shattered nearby plate glass windows and the condenser shot through the ceiling of a building with such force that it broke a ten inch beam before it shot into the air fifty feet and landed between two parked automobiles. Last year Mrs. Barton was working in a field when lightning killed the team of mules she was driving. She received only a severe shock.

Immigration From Mexico Decreased
WASHINGTON, April 15.—(P)—Stricter administration of the immigration regulations during the last year has sharply reduced Mexican immigration and has done away with the necessity for legislative action, senator Hayden, Democrat, Arizona, said today in the Senate in opposing the Harris bill for tighter restriction. Senator Hayden said new regulations put into effect a year ago by the state department had cut down the annual immigration from Mexico from about 56,000 to approximately 10,500. Of those now admitted, he said, only 1,199 were laborers.

SAD DAYS IN PROSPECT FOR COTTON LAND

HOUSTON, Tex., April 15.—(AP)—Happy days for air commerce are ahead, but sad days are here for the cotton land, speakers told the annual Southwest Foreign Trade Conference here today.

T. E. Gilmore, manager of the Brownsville international airport, declared the vistas before aviation were bright with promise—so bright that what the future held could only be seen in part.

S. L. Morley, general manager of the Oklahoma Cotton Growers Association, held up a prospect vastly more melancholy.

"The future," he said, reading slowly from a prepared address, "does not appear promising to us of the cotton business."

"The cotton of the southwest used to be in great demand, but its quality has depreciated, and it is competing in direct and dangerous competition with the foreign produced commodity."

"Our own cotton is making up a large part of the surpluses in the warehouses."

"The American cotton farmer is not yet quite reduced to penury, but he cannot compete with the cotton grown by peons."

The industry, Mr. Morley said, must find new markets, because "within a few years the southwest could produce more than the entire consumption."

Better Grade Staple
The farmer who attempts to grow better grades of the staple must be compensated for his effort, the Oklahoma farmer said. At present, he asserted, there is no incentive for the production of high grade staple.

Gilmore, who served in the Royal Air Force and was second in command of the British aviation mission to the United States in the early days of the World War, told the conference his belief that some day a great "broadway of the sky" would extend from Canada all over the United States and into South America, carrying vast cargoes and great numbers of passengers.

With the cooperation of world traders, he said, there would some day be air liners with 10,000 horse power motors, in which business men could ride "in constant wireless communication with your office."

Mr. Gilmore said the Southwest, and particularly the lower Rio Grande valley section of Texas, was situated so strategically that its future pre-eminence seemed assured.

A. S. Hillier, chief of the commercial intelligence division of the United States Bureau of Foreign and Domestic Commerce, was the morning's first speaker. He told the delegates the things his experience had taught him were necessary to establish, develop and maintain export trade.

George Wavery Briggs, Dallas banker, did not make his scheduled address. Harry Black, Galveston hardware man, served as chairman.

Every woman should earnestly seek pleasant and profitable methods of using the extra hours at her command by modern household conveniences—Woman's Home Companion.

Attack on Army Chaplains Leads to Controversy

WASHINGTON, April 15.—(AP)—The Rev. Jason Noble Pierce, Calvin Coolidge's former pastor, today made public a letter to the Rev. Peter Ainslie, Baltimore minister, calling on him to account for remarks made in Dr. Pierce's church yesterday "insulting en masse the chaplains of the army and navy."

Dr. Ainslie was quoted by a letter service in the Congressional church that "there is no more justification for being a chaplain in the army or navy than there is for being a chaplain in a speakeasy."

Dr. Pierce, a former chaplain in the army, and the chief of army chaplains, Colonel Julian E. Yates, were present during Dr. Ainslie's sermon.

Colonel Yates joined Dr. Pierce in denouncing the remarks by the Baltimore pastor.

The Washington Star today said that Dr. Ainslie in a telephone conversation from Baltimore said that when he delivered his address he did not know Dr. Pierce had been an army chaplain. The Star quoted Dr. Ainslie as adding that he would not have expressed his sentiments regarding chaplains, but that his remarks on Christian responsibility would have remained unchanged.

Oratory Banquet Saturday Night

The annual banquet of the Central Texas School of Oratory and Expression will be held Saturday night, April 19. The banquet is for students, ex-students, alumni and friends of the school. It will start at 8 o'clock in the dining room of the Southern Hotel.

This is the tenth annual banquet of the oratory class of the high school which J. Fred McLaughlin has conducted, but is the first annual banquet of the oratory school. The guests are to meet in the lobby of the hotel before 8 o'clock at which time the toastmaster of the banquet will be announced. The tickets for the occasion can be had at the school.

Mr. McLaughlin said today that the outstanding feature of the banquet had always been the great spirit which prevailed. The alumni and ex-students come from all parts of the state and attend these banquets and there is a fine spirit of loyalty throughout, he said.

Some features of the program have been announced as follows: "Women's Places Under the Sun," by Brooke D. Smith, vice president, Alumni Association; "Bird's Eye View of the Oratory School," by Claude Jones, president of Ex-students Association, and "Aggie Land," by John Will Jennings, president of oratory club last year. The high school quartet, Melvin Coston, O'Neal Archer, Billie Forrester and John Germany, will sing. Piano solos, readings, special music and chalk talks will be heard on the program.

Marcus Boyesen, president of the Alumni Association will preside at the business session at which time the election of officers will be held.

POLICE CHIEF UNDER ARREST LIQUOR CASE

NEWARK, N. J., April 15.—(AP)—A police chief and six others were under arrest today while federal agents sought 43 more members of a liquor smuggling syndicate.

Those under arrest included: Charles McGuire, chief of police of Keansburg, N. J.

Charles Weiner, motorcycle patrolman, Elizabeth, N. J.

John Maillet, described as a rumbustious pilot, of Perth Amboy, N. J.

Charles Lee, also listed as a pilot, of Astoria, Queens, N. Y.

Samuel Kessler alias Cohen, alias Bull, of Hillside, N. J.

Alexander Steele of Keansburg, Manuel Levine.

The seven are charged with conspiracy to violate the prohibition act. The arrests were made after a federal grand jury at Trenton, N. J., handed up 50 indictments based on evidence gathered last October when 130 federal agents made a series of simultaneous raids along the coast from Highlands, N. J., to Sag Harbor, Long Island.

Fort Worth Bank Robbery Suspect Being Questioned

FORT WORTH, Tex., April 16.—(AP)—A white man, suspect in last Thursday's Polytechnic bank robbery and arrested in Tyler yesterday, was being questioned in the district attorney's office here today.

One of the two negroes who last week told investigators a "contractor" had offered them "quick work and easy money in Polytechnic" failed to identify the suspect. The negroes are William Trower and Joe Harper.

Officers brought Trower to the courthouse and he went into the room with the suspect. A few minutes later he came out, shaking his head.

According to Trower, he and Harper were told by Isaac (Will) Tate, one of two negroes killed in the robbery attempt, that the "contractor" had worked for them. He said they met the man on Tuesday morning in a negro domino parlor on Front street.

Question Man And Woman at Bronte In Pecos Death

SAN ANGELO, Tex., April 16.—(AP)—Sheriff Bob Hewitt expected today to question a man and woman held at Bronte for investigation in connection with the slaying of H. M. Polan, whose body was found recently in the Pecos river. Officers started a search for the woman after it was reported she had been seen with Polan shortly before he disappeared while attending a cattlemen's convention here.

The bread-fruit tree is a native of the islands of the Pacific ocean and grows to a height of 40 to 50 feet.

CELEBRATE GOLDEN WEDDING

MR. AND MRS. JOHN W. COLLIER, for many years citizens of Santa Anna, celebrated their golden wedding anniversary on March 23rd. They were the recipients of many messages of congratulation from friends and relatives.

Bulky Stacks Marriage Licenses in Clerk's Office Testify to Numerous Brown County Weddings Since 1880

How many people have married in Brown county since 1880? Judging from the stack of marriage licenses in the County Clerk's office there have been several. The clerk and his deputies are rearranging the files in the office and are sorting the marriage licenses into alphabetical order and filing them so they may be easily found. There are stacks and stacks of these licenses which have been put away in the files for years, some of them dating as far back as 1880, the year the old court house of Brown county burned. There are licenses of the old time citizens of the county, of whose whose names are still familiar here and of some who are long forgotten. These documents are mouldy with the dust of time and the ink with which they were written is faded.

W. E. Burleson, county clerk, said today that he would be glad if anyone wanting their old licenses would call and get them. There are hundreds of them to be arranged and filed—many of the old settlers who never came back to the office to get their licenses after they had been sent in by the officiating minister may want them and the clerk will be glad to give them to the right parties.

TEMPLE TO BE MEETING PLACE OF ROTARIANS

TEMPLE, April 16.—A program of intensive interest has been arranged for the 800 to 1,000 Rotarians and Rotray-Anns in the 41st district conference in Temple April 23-24, according to District Governor Bernard Bryant of Stamford.

Rev. Ronald, director in Rotary International will be here, along with many past district governors and others prominent in Rotary.

Temple and Belton Rotary clubs have luncheon, luncheon, entertainment, golf tournaments and a full program for the visitors and more than 100 committeemen are busy on the details of entertaining those two days, not pretentiously but thoroughly.

The opening night will be featured by a banquet tendered by the Temple Rotary club, Frank Thomson Jr., president of the Temple club welcoming the visitors. There will be an address by an outstanding Rotary leader and then chiefly entertainment.

The Rotary-Anns will be entertained but will attend the morning sessions at Municipal auditorium here as a very worth while general program has been worked out. The district governor will deliver the keynote talk and past district governors will be introduced.

One program will be on "development of the individual Rotarian in his desire and capacity for service." Talks on this general theme will be by Dr. T. D. Brooks of Waco, Dr. W. Horn, president of Texas Tech. Bruce Boney will speak on "What a Man Can Do for a Boy" and Dean Joe McConnel will talk on "What a Man Can Do for a Boy in His Vocation."

In group meetings, Harry Merfeld will be chairman of the club service group and on the program are: Allen Early, Joe Weaver, Tom Taylor, Roy Gilliland, Neil Judd, Jas. E. White, W. I. Pratt.

H. C. Glenn of Temple is chairman of the vocational service group and on this program will be: Joe Hill, Joseph Kimbrough, Clyde Tomlinson, Jim B. Stinson. The community service group is in charge of W. F. Barnett with talks scheduled by Roy Nichols, Bill Ward, Ed Shumway, Nick Holland, W. T. Strange. Bob Lence is chairman of the international service committee.

Dr. R. T. Wilson is in charge of all hotel reservations, filling them in the order received. Railroads are granting fare and a half to the convention through the certificate plan. Rotary club secretaries being supplied with blanks.

MAGISTRATE'S COURT RUN ON BY INDIA MOB

WASHINGTON, April 16.—(AP)—The state department today announced that two Americans were injured in the rioting at Calcutta, India, yesterday.

KARACHI, India, April 16.—(AP)—One person was killed, seven were seriously injured and twenty-six others were slightly injured in rioting here today after a mob had stormed the Magistrate's court.

Police fired on the mob and beat off many of the rioters with staves. Then, aided by Indian troops, they arrested the leaders and took them to jail.

Taken to Hospital
The injured were taken to the hospital where the condition of two of them was reported to be serious.

The most gravely injured were struck by bullets of the police, but stove blows and stones were responsible for the death of one and the injuries to the others.

Dock laborers and sweepers went on strike this afternoon in protest against the arrest of six leaders of the All India National Congress earlier in the day.

The leaders were charged with participating in the civil disobedience campaign of Mahatma Gandhi. At the same time police raided the camp of the Nationalists and also the Swahaj Ashram and Hindu Jati printing offices, seizing books, flags and signboards.

KARACHI, India, April 16.—(AP)—Police today arrested six leaders of the All-India National Congress. They will be taken before a magistrate immediately to answer charges growing out of their participation in the civil disobedience campaign by which Mahatma Gandhi hopes to win independence from Great Britain.

The camp of the Satyagrahas, as the Indian Nationalists are called, and the Swahaj Ashram and Hindu Jati printing offices, were searched, and books, flags and sign boards seized.

CALCUTTA, Bengal, India, April 16.—(AP)—Rioting on the streets of Calcutta spent itself finally before dawn today in an attack on the presidency of the general hospital to which nine injured Europeans had been taken.

Of the Europeans in the hospital two were women. One was injured seriously, while another man was in grave condition from the night's fighting. Of fifty injured in disturbances beginning yesterday morning, fifteen were police and eleven firemen.

Police finally routed the mob and arrested twenty of their number. Nine being found in roof top with bricks and stones beside them.

Last night Europeans driving home after the evening out were

stoned. Street cars were stoned and several wrecked.

KARACHI, India, April 16.—(AP)—Several shots were fired by police to quell a riotous mob outside the city magistrate's court this afternoon. Two European sergeants were injured in the melee. The mob stormed the court and smashed windows in the building.

LONDON, April 16.—(AP)—The Exchange Telegraph Company in a dispatch from Bombay said there was danger of serious trouble there later this evening. Three hundred Nationalist volunteers marched from Congress House at noon with the deliberate object of raiding the government's salt pans and depots at Wadal, eight miles away.

Bangs Methodist Activities

BANGS, April 16.—(Sp.)—The pastor, "Easter Dawn Around the World," by Mrs. R. U. Waldraven will be given on next Sunday evening with the following cast of characters: Hawaiian, Mrs. Thelma Eads; Japan, Mrs. Eula Bradley; China, Lola Pearl Lilly; India, Mrs. Bernie Wedgeworth; Armenia, Miss Zella Harris; Africa, Mrs. Grace Sikes; Greenland, Mrs. Leeta Davis; America, Miss Yonia Bell Prince; Christian Youth, Mrs. Virgie Mae Bain, and Australia, Miss Janet Lovelace. The reader will be: Miss Myrtle Lilly and the music by the choir and congregation. This is a very beautiful presentation and we trust many will be present to enjoy the pageant.

There will be a special Easter program on next Sunday morning, all members of the Sunday school taking part. The churches at Salem and Thrifty will also have special programs and we invite you to attend either of these. There was quite an increase in the Sunday school attendance over last Sunday and we are trusting Easter Sunday will run above all past attendance records.

The Woman's Missionary Societies will meet on Monday afternoon at 3:00 p. m. for their regular Bible study. The annual meeting of the Central Texas Conference Woman's Missionary Society will convene at Cleburne, April 22nd, at 2:30 p. m. and close with the evening session on April 24th.

Good crowds attended both services at Salem on last Sunday. J. J. Andrews was elected to represent the church at District Conference which will convene May 4th at Ballinger. The date for the summer

revival was also fixed as starting on Friday, July 11th and closing at the evening service on July 20th. The Second Quarterly Conference will convene at Thrifty on April 27. All members of this body are expected to be present and others that may be interested are invited to attend. We are very anxious to make this a great occasion—remember the place and time. Dr. Wm. H. Coleman will preach at 11:00 a. m. Come and hear this truly great preacher.

We are trusting the general rain has killed all pessimism; let us not defer or neglect the opportunities that God is giving today for service. Easter is one of the most beautiful seasons of the year and every person that can possibly do so, should attend services somewhere. We welcome you most cordially.—Reporter.

Ferguson Will Test Eligibility as a Candidate

AUSTIN, Texas, April 16.—(AP)—Former Governor James E. Ferguson will test his eligibility as a candidate for governor in the 1930 Democratic primary, he announced in his Forum, weekly paper.

He said he would institute proceedings in the supreme court to determine his status in order to head off any last minute move by his opponents to keep his name from the ballots on grounds he had withdrawn from the party after his impeachment by the legislature and organized the American party.

In 1924 Mrs. Miram A. Ferguson, the former Chief Executive's wife, became a candidate when it became evident his name would not be permitted to go on the ballots.

Work is the Law
Like that lying idle about degenerates into a mass of useless rust, like water that in an unworked pool sicken into a stagnant and corrupt state, so without action the spirit of men turns to a dead thing, loses its force, ceases to inspire us to leave some trace of ourselves on this earth.—Joseph Conrad.
