Much has been said about the tragic struggles currently in progress in Rhodesia and South Africa in the attempt to establish majority rule in both countries. The proposal has an idealistic appeal to many people who readily agree that blacks should have the opportunity to run their own country.

Unfortunately the other side of the issue has not been receiving a fair presentation. This is not so much a matter of helping the blacks as it is of overthrowing two legitimate and established governments with the ultimate aim of turning them over to communist control.

It is a repeat performance of what has happened in a number of other areas of the continent during the past few decades. The propaganda line has been that colonial whites were exploiting the poor and primitive blacks. So the communists, the world's champions at suppressing and exploiting, stirred up discontent among the happy and peaceful blacks, then gave their help in ousting the whites.

Nominally, the emerging countries now have black rule, but the matter of exploitation has changed only in that communists rather than the former mother countries are exploiting. Besides, other conditions have deteriorated. Tribal hatreds have intensified. A number of the black rulers are the worst kind of dictators. Blacks of Africa are the losers in the so-called humanitarian changes made for them.

The latest change is that of Angola. After whites were kicked out a power struggle developed among black tribes, and Reds made sure that their favorites took control. So Cuban troops with Soviet weapons came in to help establish order. The Cubans are still there, Soviets are directing the black rule, and natives are worse off than they were under colonial rule.

Our country's part in all of these takeovers has been essentially the same. In the spirit of cooperation and detente with Moscow, we saw the Soviets establish one puppet after another but declined to help those who fought for liberty and independence.

So, according to Red schedule, it's time for the independent nations of Rhodesia and South Africa to be overthrown as the colonies were. Majority rule must be established, meaning that whites must leave and turn the government over to blacks. And again US is cooperating with the schemers of Moscow. It declines to help, or even to sell arms so the countries can help themselves. Furthermore our former secretary of state, Kissinger, has interferred to the extent of attempting to coerce white abdication, and the new secretary, Vance, is following the same line.

However, this situation is different from those in the other countries. Rhodesia and South Africa are prosperous and progressive. The blacks, even though not running the government, know that they live better than those of any other African country. They don't want the change. They want to go on as they did for many years past.

Reds have not persuaded them to revolt as some other tribes did. But they have turned to terrorism by invaders from other countries, and their special victims are the defenseless villages and towns.

A brief account of what is going on is told in the following letter from a constituent of Senator McClellan entered in the Congressional Record on Jan. 18, 1977. It is quoted in the latest issue of the Farm Bureau bulletin, "Facts for You."

"December 15, 1976. Dear Senator McClellan: I have just returned from a long safari thru much of Rhodesia, my 22nd trip to Africa. Day and night this beautiful country is being invaded and attacked by terrorists from all sides. Country roads, railroads and bridges are mined. All areas are under ambush. There is no safe highway. There is no safe railroad. All are under constant attack.

"Farm homes and native villages are nightly attacked and destroyed by terrorists using Russian made missiles and K-47 automatic rifles. Isolated farm homes are regularly destroyed and the inhabitants butchered. The native villages are invaded and

49 Pints Given to Local Blood Bank

The bottom fell out of this community's semi annual blood collection Wednesday. The response which is normally near 100 pints dropped to 49 this time.

Two factors are principally responsible for the let-down according to nurses and hospital auxiliary members who assisted personnel from the Red Cross blood center of Wichita Falls. Some of the usual donors who failed to appear had colds or flu or were disqualified by recent medication for the ailments. Another group was busy fighting a big timber fire in the Bulcher area. And student response was hurt by a half holiday at one school.

With only half of its quota, the community will fail to supply its share in the blood bank system and likely will be expected to make up the shortage later. A make up date followed one previous deficiency.

Despite the disappointment the collection record shows six gallon donors. Arthur Bayer and Raymond Walterscheid completed their second gallon. Jerry Walterscheid, Gary Walterscheid, Butch Fisher and Leonard Yosten completed their first gallon.

Nurses helping the blood center technicians were Carol Fuhrmann, Aileen Cler, Denise Fuhrmann, Gwen Carroll, Joan Walterscheid, Jeannine Flusche, Fran Koerschner and Billie Johnson.

Helpers from the Hospital Auxiliary were Cecilia Wimmer, Lucille Hesse, Juanita Bright, Loretta Wimmer, Kay Bedrick, Betty Rose Walterscheid, Carol Henscheid, Betty Henscheid, Holly Koch and Carolyn Bayer.

Fire Destroys 2000 Acres of Grass, Timber

About 2000 acres of range and timber land were destroyed Wednesday in a fire between Bulcher and Valley Creek, ten miles north of Muenster. It started shortly before noon and was under control Thursday morning although the blaze was still burning itself out in many areas.

Fire departments from Muenster, Saint Jo and Gainesville were on the job along with a number of graders, bulldozers and farm spraying units and hundreds of men. Combined efforts of all kept the fire contained in spite of a high wind.

While it was in progress the Muenster fire department had a call to a small grass fire, about 6:30 p.m. in the city park. Firemen used the big truck and had it under control shortly.

Germanfest Meet Scheduled Monday

Next action in preparation for Germanfest is a meeting of the Chamber of Commerce steering committee next Monday, Feb. 28 at 7:30 p.m. in the meeting room of Muenster Telephone Company.

Chairman Alvin Fuhrman said that a 60x120 tent is contracted for the occasion. Also an inquiring on power needs is under way. Both chairmen have been asked to estimate how much power they will want for appliances and lights. The information, to be studied at next Monday's meeting, should be turned in before 5 p.m. Monday to Bill Bedrick or the telephone office.

Two Tigerettes on TCIL Dream Team

Two Tigerettes have been named on the TCIL all-district basketball team of the past season. Both are on the second team, Sharlene Pagel as forward and Janet Henscheid as guard. The SH girls had a 3-3 record in the district and an 8-14 overall season.

Tigerettes were less fortunate for dream team honors. A probable reason was their unimpressive district season of 1-5. Their record for the entire season was much better: 10-9.

MAP Activities

Forty senior citizens attended the weekly MAP meeting Tuesday afternoon. The noon luncheon, scheduled twice a month, will be held next Tuesday, March 1 in the Community Center at 12:30. The usual table games will follow at 2 p.m. and a quilt will be up for those who wish to help.

MAP members were asked to assist in the Church door collections for the Heart Fund last Sunday. Volunteers were Lu Vogel, Mrs. Tony Wimmer, Mrs. J. A. Fisher, Mrs. Hugo Lutkenhaus, Mrs. Joe Hoenig, Mrs. Victor Hartman and Mrs. John Fleitman.

The Quiet Killer

Research has uncovered two rather startling facts about high blood pressure. One — it's more dangerous than was thought only a few years ago. It is the MAIN contributor to heart attack and stroke. Two — it can be controlled in almost all cases.

High blood pressure is such a quiet killer. It has no symptoms. Its cause is not known in 90% of the cases. Yet it will probably contribute to many of the 850,000 deaths this year from heart attack and stroke. High blood pressure is a massive problem. But it is a problem easy to avoid or correct, if you will only do some simple things. Go to a doctor or clinic. Have a simple, quick blood pressure test. You will know the answer right away. If it's high, you take drugs to bring the pressure to its proper level. You may take drugs the rest of your life, but odds are

good it will be a longer life. Sometimes, no drugs are necessary, only diet control.

That's all you have to do to avoid high blood pressure, the most damaging, and greatest risk factor in heart diseases according to the American Heart Association. Yet there are over 24 million Americans with high blood pressure. More than 7 million of them don't know they have it. Of those who know they have it, many fail to take their medicine on schedule or to observe their diets.

The biggest threat of high blood pressure is its ability to go undiscovered, or once discovered, its ability to be ignored. Too often, proof of high blood pressure comes with tragic suddenness, after years of silent undermining work.

Research will give us desperately needed answers. We still don't know why black Americans are twice as likely as whites to have high blood pressure. We also know that blacks suffer more strokes at an earlier age, with more severe results.

Substantial research is conducted by the American Heart Association. In the fight for lives through control of high blood pressure, the AHA also distributes valuable information, and conducts screening programs.

Soon, volunteers of the Cooke County Heart Association will come by with that information, and ask for dollars to continue the movement dedicated to the reduction of premature death and disability caused by heart and blood vessel diseases.

Public School Happenings

The Muenster Public School Junior High School oral readers for district competition were selected Thursday, February 9. The seventh and eighth graders competing were Larry Wolfenbarger, Melanie Browning, Leslie Reiter, Traci Sawyer, Carla Walterscheid, Lyle Huchton, Sandi Barnhill, Douglas Walterscheid, and Charlotte Fleitman. The three top winners were Traci Sawyer, Lyle Huchton, and Carla Walterscheid. The alternates were Sandi Barnhill, Melanie Browning, and Charlotte Fleitman. The oral readers are coached by Mrs. Sloan.

The M.H.S. baseball players have just about finished cleaning the baseball park. The players swept the stands and cleaned the litter off the net around home plate. In just a few more days the field will be ready.

The Sophomore Class at Muenster Public School took the Differential Aptitude Test on Wednesday, February 16, 1977. The test consisted of seven parts: verbal reasoning, spelling, mathematical reasoning, clerical speed, mechanical reasoning, and space relations. Mr. Flunker, the counselor, administered the test to thirty-seven students.

The Homemaking I class studied about cakes last week. They also learned how to frost a cake. Then they split into four labs and made cakes, each making a different kind. They also made different for the cakes and each lab decorated them in their own special way.

The grade school and Freshmen have been taking achievement tests. The tests were conducted by Mr. Flucker.

The Junior class held a class meeting February 16, 1977. At the meeting they decided on their class colors, flowers, and motto. The class colors are lime green and yellow, and the flower is a rose.

On Wednesday, February 16, the student body of Muenster Public School was presented a program by TP&L. Mr. Ihms, TP&L representative, demonstrated different sources of energy and their uses. He also showed how to conserve energy, and how to protect the environment from nuclear waste, smoke, and hydro-electric refuse. Mr. Ihms also demonstrated the nuclear reactor model of the one proposed at Glen Rose.

Friday, February 18, the student council met. It was decided that the members will be guides at open house.

YOU CAN BANK ON IT!

How far away is one-million dollars? Further away than most of us can ever reach, of course. But there are a few who build estates with a net worth of a million dollars or more in their lifetime. Virtually all of them have one thing in common . . . discipline.

Discipline in planning and saving for the future. Financial theorists construct two ways to become a millionaire with relatively small investments. One is to invest \$1,000 a year every year for 35 years at a rate of 15 percent compounded annually. The other is to invest an amount of \$10,000 for 35 years at a similar rate.

Rates of 15 percent make the equation theoretical, but it does serve to demonstrate the possibility of important accumulations of capital through investments.

Right now is the perfect time to start laying your own financial foundation by setting aside a certain amount every month in a savings account which can act as a base on which to build your future.

Two Ring Nuptial at Lindsay Unites Richard Fisher and Mary Kay Bezner

Mr. and Mrs. Richard Joseph Fisher have returned from a skiing and sightseeing trip to Colorado following their wedding on Saturday, February 5 and are at home in Denton.

The bride is the former Miss Mary Kay Bezner, daughter of Mr. and Mrs. Rufus Bezner of Lindsay and the groom is the son of Mr. and Mrs. Clyde Fisher. The couple was married in St. Peter's Church of Lindsay during a 5 p.m. Nuptial High Mass with double ring ceremony officiated by the pastor, Father Damian Wewers.

In a setting of tall floor candelabras entwined with stephanotis, baby's breath and dubonnet satin ribbon, with white gladioli, greenery and candelabras with ivory tapers adorning the altar, the bride was presented for marriage by her father.

She wore her mother's wedding dress of antique ivory satin, designed with a tulle yoke dotted with floral clusters of seed pearl and attached to the bodice embroidered with scrolls of crystal beads and pearls. The elongated fitted bodice gave the effect of a weskit midriff and the long satin sleeves tapered to petal points. The bouffant skirt with unpressed pleats swept to cathedral length and the ivory illusion bridal veil extending full length was caught to a pearl crown. Her bridal bouquet was a cascade of cymbidium orchids, baby's breath, forget-me-nots, and

pink and dubonnet star flowers backed by dried cedar and tied with streamers of candlelight, pink and dubonnet satin ribbon.

For something old the bride wore an heirloom ruby and pearl lavalier that has been in the Flusche-Bezner family for four generations and she borrowed her grandmother Mrs. Joe Wilde's diamond earrings. She carried a new Irish linen and lace hankiechief and a blue crystal rosary, and had a six pence in her shoe.

Following the exchange of vows, the bride and groom lit a unity candle and read a poem "Our Wedding Prayer" by Barbara Burrow.

Offertory gifts were presented by the bride's godparents, Mrs. Ray Wilde and Ralph Bezner.

The couple placed a bouquet of red roses on the Blessed Virgin's altar, after the bride's two year old niece, Kary May Marlene of Laredo, presented the flowers; and the bride paused to give her mother a long stemmed red rose before the ceremony and one to the groom's mother after the ceremony.

Wedding music was given by vocalist Susan Phillips, flutist John Price, guitarist Kenny Bezner and organist Betty Thomas.

Attendants

Attendants were matron of honor Mrs. Paul Malone, bride's sister and bridesmaids Kathie Fisher, groom's sister, Patti Loerwald and Mrs. Jerry Chisum, close friends of the bride. They were identically gowned in dubonnet satin, designed with shirred elasticized halter bodice, neckline edged with narrow self ruffles and full skirt finished with a deep ruffle. They wore caplets of matching dubonnet satin edged with narrow ruffles and each wore a spray

of dubonnet carnations, baby's breath, ivory and dubonnet satin streamers in their hair. They carried cascades of cymbidium orchids, baby's breath and starburst mums. Candelights: Julie Fisher wore a lavender organza and lace frock and had a spray of white starburst mums and baby's breath in her hair.

Best man was Kevin Swirczynski of Dallas, close friend of the groom, and groomsmen were Rick Bezner, bride's brother, Chuck Fisher, groom's brother and Ralph Porter friend of the couple.

Ushers were Danny and Ronnie Fisher, groom's brothers, Jay Bezner bride's brother and Sam Bezner, bride's cousin. Mass servers were Pat and Dan Bezner of Lindsay and candlelighters were Julie Fisher, groom's sister and Jimmy Bezner, bride's cousin.

Reception

A reception followed at the Knights of Columbus Hall in Gainesville. Mrs. Chuck Fisher and Mrs. Sam Bezner registered 380 guests in the bride's book. The registry table was covered with ivory silk overlaid with a square of dubonnet satin and cascades of narrow dubonnet satin ribbon at the corners. The table held the bride's portrait, satin rosebuds in the bride's chosen colors, and a pair of miniature china wedding bells.

Members of the house party were Mr. and Mrs. James Bezner and Mr. and Mrs. Ray Wilde, uncles and aunts of the bride. Following dinner, guests danced to music by Rosewood.

The bride's table was covered with ivory satin and drapes of satin and tulle secured with clusters of satin rosebuds in the bridal colors. The three tiered wedding cake above a lighted fountain, and the silver punch bowl stood at opposite ends of the table, which was centered

with a silver epergne with three crystal bowls holding dubonnet carnations, white pom pom mums baby's breath and heather. Tina and Renee Wilde served the cake and Mrs. Bernard Duffy, bride's aunt poured punch.

The groom's cake was served by Mrs. Mark Lippe, groom's sister, from a table covered with a beige cloth. The chocolate cake was topped with a smaller cake shaped and iced to resemble a can of beer, and two miniature steins. Three dark brown candles in brass holders accented a table centerpiece of variegated shades of yellow, orange and rust dried flowers and cattails in a brown duck container, placed on a large, round straw tray holding fat pretzels.

The table for the wedding party held a long low arrangement of white mums, baby's breath, forget-me-nots and greenery ornamented with miniature angel musicians and feathered doves, and a pair of silver candelabra with ivory tapers. At either end of the table were arrangements of pink and white carnations, mums and heather, ivory tapers in silver holders and pairs of white marble love birds.

An ivory satin three foot cross with two interlocked wedding rings was suspended on the wall and draped with dubonnet tulle caught at the corners with lilies of the valley and feathered doves.

Honored guests seated at this table, in addition to the bridal party and parents of the couple, were the bride's grandmother Mrs. Joe Wilde, the groom's grandparents Mr. and Mrs. John Fisher of Muenster and Mr. and Mrs. R. J. Grill of Mountain Home, Arkansas and the bride's employer, Mrs. R. C. Browning of Gainesville.

Guest tables were decorated with ivory tapers tied with dubonnet satin bows, leather leaf greenery and clusters of ivory and dubonnet satin rosebud rice bags. Additional sa-

tin rose rice bags were distributed to guests later in the evening by Julie Duffy, bride's cousin and Ginnie Fisher, groom's sister.

When the couple left for D-FW and their flight to Colorado, the new Mrs. Fisher was wearing a gray, pin striped vested suit with a pink satin blouse; a rust velvet cloche sprinkled with mirrored clover discs, a dubonnet glamelia corsage and rust suede bag and boots.

The bride attended Lindsay and Gainesville schools and is a graduate of Gainesville High and is completing her sophomore year at CCC. She will attend NTSU in the fall working toward a degree in interior design. She is employed as an engraver at Browning's Jewelers. The groom attended Sacred Heart School, graduated from Muenster High and attended Cooke County College. He is employed by Clyde Fisher Beer Distributorship.

The rehearsal dinner was hosted by the groom's parents in their home Thursday evening, February 3.

Mr. and Mrs. Richard Martin of Fort Worth and Mr. and Mrs. Eli Hilliard of Detroit, Michigan, were supper guests of the Lawrence Martins last Wednesday.

Mrs. Clem Reiter was a guest of her aunt, Mrs. Alf Schumacher in Wichita Falls, while Clem was a patient at Bethania. Mrs. Schumacher sent greetings to her friends in Muenster.

What America Means to Me

By Sally Endres
1st place, Muenster
3rd place, Lewisville

America! I don't know how to love her or thank her enough. She stands for all I believe in; everything I have, God has given me through her. There is no other country in this world as great as America. There is no other land so rich in so many different aspects, as America. There is no other country which has gone through as many troubles in as short a time as has America and yet managed to "come back", stand straight and stand tall. America is the land of endless beauty and opportunity.

America has many different types of beauty, ranging from an unknown waterfall in a dense forest to a vast plain of waving wheat, from rocky, color-stained mountains to haunting miles of swamp and endless beaches of golden sand.

And America has many different types of opportunity — job opportunities, housing opportunities, recreational opportunities. We can get a job and be anything from a lawyer to a fisherman, if we are willing to put forth the effort. We can live in anything from a log cabin to a 70 room mansion if we are willing to put forth the effort. And we can relax and enjoy ourselves by doing anything from watching a pro football game to taking a quiet walk, if we are willing to put forth the effort. America gives us the chance to fall down and get up again, if we put forth the effort. We can do anything if we take advantage of all that America offers.

Whatever we do or want to do, whoever we are, America has a place for us. America is often called a great melting pot and rightly so — it is exactly that. America has taken the cultures, traditions, life styles of other nations of the world and made them into one. If we want it and are willing to work for it, America has it for us. We often hear a lot of talk about everybody wanting to be themselves, do as they want, when and how they want. Well! If you were in some other countries of the world, you probably would not hear any of this type of talk, because you'd not have a choice. You would be whatever or whoever your government wanted. You

would have no freedom of anything.

Because you and I live in America, we can be whatever we want to be. We can feel whatever we want to feel. So, in simple words, what America means to me is LIFE. A whole life that I can live for myself. During World War II, Norman Rockwell painted four pictures entitled "The Four Freedoms". They were "Freedom of Speech", "Freedom from Want", "Freedom from Fear" and "Freedom of Religion". I tend to think he should paint another picture "Freedom to Life".

H. S. Fuhrmanns Honored on 55th

A surprise party greeted Mr. and Mrs. Henry S. Fuhrmann of Lindsay on their 55th wedding anniversary Sunday afternoon as they arrived at the Ray Hess home in Muenster.

A celebrated Mass by Abbot Raphael O.S.B. of Subiaco Abbey and Father Stephen Eckart O.S.B. was followed by supper.

Other guests were Mr. and Mrs. Phillip Metzler, Judy Hoberer and Ben Fleitman, Jr. and Mr. and Mrs. Maurus Hacker and children. Brother Louis returned to Subiaco Monday evening.

Visitors in the home of Mr. and Mrs. Clem Reiter over the weekend or on Sunday, coming especially to check on Clem after his dismissal from Bethania Hospital were Mr. and Mrs. David Arendt and daughter Susie and infant Greg Andrew of Lindsay who was meeting his great-grandparents for the first time.

Other visitors were Horce Elmore of Jacksboro, Mr. and Mrs. Toney Reiter of Gainesville, Mr. and Mrs. Bob Hoedebeck of Ada, Oklahoma. Here on Tuesday and Wednesday were Mr. and Mrs. Bob Reiter and Jackie of Post.

THANKS
 I want to express my thanks to all who said special prayers, sent cards, flowers and gifts or telephoned during my hospitalization. Special thanks to Fathers Placidus and Stephen. God bless all of you.
 Karl Hess

Our sincere thanks to everyone for the many kindnesses shown to us during the illness and at the death of our loved one. Thanks for the Mass offerings, cards, flowers, food and every thoughtful deed. Special thanks to Father Placidus and Father Stephen, Dr. Antonetti and the entire staff of Muenster Memorial Hospital.
 The family of Mrs. John Felderhoff

We wish to thank everyone who was so kind to us during the funeral of our dear mother, Mary Bergman. To those who helped with the dinner in Gainesville — to those who offered Masses or sent flowers we express our thanks. We will never forget the kindness you showed to us. Thank you!
 Mr. and Mrs. Chuck Flens, Adkins, Texas; Mr. and Mrs. Art Arnold, San Antonio; Mr. and Mrs. Douglas Wilde, Wood Lake, Texas.

Legislative Goals Head Meeting of State FB Leaders

AUSTIN — The president of the state's largest farm organization told an assemblage of state government officials, legislators, and county farm leaders that the property tax burden is one of agriculture's primary problems.

Carroll Chaloupka of Dalhart, leader of the 195,571-member Texas Farm Bureau, recommended that agricultural land be assessed for taxation at its productive value. He also outlined TFB's legislative recommendations on school financing, state inheritance taxes, farm-to-market roads, taxation and regulation of underground water, and funding agricultural research and education.

The dinner highlighted a two-day session Tuesday and Wednesday attended by more

than 300 county Farm Bureau leaders, including presidents and chairmen of membership and state affairs committees, Cooke County Farm Bureau was represented by its president, J. A. Klement.

Other speakers at the conference included Governor Dolph Briscoe, Lieutenant-Governor William Hobby, House Speaker Bill Clayton, Attorney-General John Hill, Comptroller Bob Bullock, Senator Max Sherman of Amarillo, Reps. Bill Sullivan of Gainesville and Tom Massey of San Angelo, TFB Executive Director Warren Newberry of Waco, the TFB State Affairs Director of Pat Smith of Austin.

"We are not suggesting that agricultural land be taxed at something other than fair market value," Chaloupka said. "We are only suggesting that the method of finding fair market value be limited to income capitalization based on the agricultural productivity of the land." He said this would eliminate "most recent

sale" evaluations which he said may be distorted because of speculative or commercial use of nearby land.

Chaloupka explained that the effect of this change in property taxes on school district revenues would be offset by TFB's recommendations that the state should shoulder a larger load of local school financing.

"This change could be financed because of the favorable revenue surplus in the hands of the 65th Legislature," Chaloupka said.

The state farm leader said farm families need relief from "oppressive" state inheritance taxes. He said the present \$25,000 exemption which was set in 1923 was then essentially a tax on the wealthy.

"Because of inflation, this tax now falls on the middle class and even lower middle class farm families," Chaloupka said. He added that another problem is that the tax is due all at once in cash. He explained that not many farmers have this sort of re-

serve and that heirs must sell the farm or ranch to pay the tax.

"As a solution to this problem, we propose an increase in the inheritance tax exemption to \$250,000 and recommend that land be appraised according to its agricultural productivity," Chaloupka said. "Relief of this type is a must if our young people are to take over and continue the family farm operation."

in Acapulco. She left here December 19. Her son and his family, Mr. and Mrs. Peter McCoy and Martin joined her on December 21 for an eleven day visit and Christmas in Acapulco. Mrs. Hoagland arrived here on February 19.

Mr. and Mrs. Larry Kostyniak of Fort Worth accompanied Dr. and Mrs. Bob McKinney and Dr. and Mrs. Jerry Jennings also of Fort Worth when the group was on a four day skiing trip to Winter Park, Colorado. They flew from D-FW Thursday and returned Monday evening. Gretchen, a clinic nurse, phoned her parents, the Norbert Koesters to tell them when they returned.

Local Winners in Contest Named By General Mills

Students named 1977 General Mills Family Leaders of Tomorrow at high schools here have been announced. Winning the honor by scoring highest in their schools in a written knowledge and attitude examination administered to seniors throughout the country last December 7 were: Patricia G. Davidson, of Muenster High School, and Thomas C. Sangster, of Sacred Heart High School.

Each will receive a certificate from General Mills, sponsor of the annual Search for Leadership in Family Living, and will be considered for state and national honors.

From the ranks of all school winners in the state, a State Family Leader of Tomorrow will be selected through judging centered on test performance and will receive a \$1,500 college scholarship. The second-ranking student in the state will re-

ceive a \$500 scholarship. Encyclopaedia Britannica Educational Corporation will present "The Annals of America," a 20-volume reference work, to the state winner's school.

Representing every state and the District of Columbia, the 51 General Mills Family Leaders of Tomorrow will gather in Colonial Williamsburg, Virginia, in April for an expense-paid educational tour there and in Washington, D. C. During the tour, personal observations and interviews will be conducted to select the All-American Family Leader of Tomorrow, who will receive a \$5,000 college scholarship. Second, third, and fourth place national winners receive scholarships increased to \$4,000, \$3,000 and \$2,000, respectively.

The test, personal observations and interviews are all prepared and conducted by Science Research Associates of Chicago.

We used to wait until prices went down before buying, but now we buy before prices go up.

Children's Activity Program

The children's story hour will be held on Tuesday morning, March 8, 9:30-10:30 in the Community Center. A patriotic theme will be used. Children should be registered at the library by the preceding Thursday and also should bring crayons to the meeting.

CDA Planning for Germanfest Begins

Plans were made for coming events and activities by Catholic Daughters of America during their February meeting. Included were the Germanfest and the poetry contest.

Mrs. Lucille Lutkenhaus will be chairman of the CDA sausage booth with Dorothy Bengfort as co-chairman and Mmes. Mary Mosler, Teresa Miller, Aileen Knabe and Stella Hess as committee members.

Mrs. Betty Miller, chairman of the annual poetry contest, reported that school children, grades 4-12 are asked to enter.

Members heard a report on the renewal program of the new "Heart Speaks to Heart" program, given by Mary Mosler, chairman. Mrs. Marie Mosman, apostolate chairman reviewed the Apostolate program.

Donations of \$12.00 yearly to the Helpers Club for the "Apostle of the Sea" project, (for shipping materials and food for the needy), and \$10.00 to the Irving Columbian Spouses for a project to honor CDA State President Margaret Hosty of Dallas, during the convention in June. All Texas courts are asked to contribute.

Mrs. Betty Rose Walterscheid and Mrs. Ronnie Hoagland were winners at the Bake Sale.

Chapter Here Is Kappa Theta Aim

An effort to begin a chapter of Epsilon Sigma Alpha International in Muenster and a Rush function for Kappa Theta Chapter to increase its membership were the inspirations for holding a salad supper Monday evening, February 14 at the Cooke County Electric Co-op. Twenty nine member and guests attended.

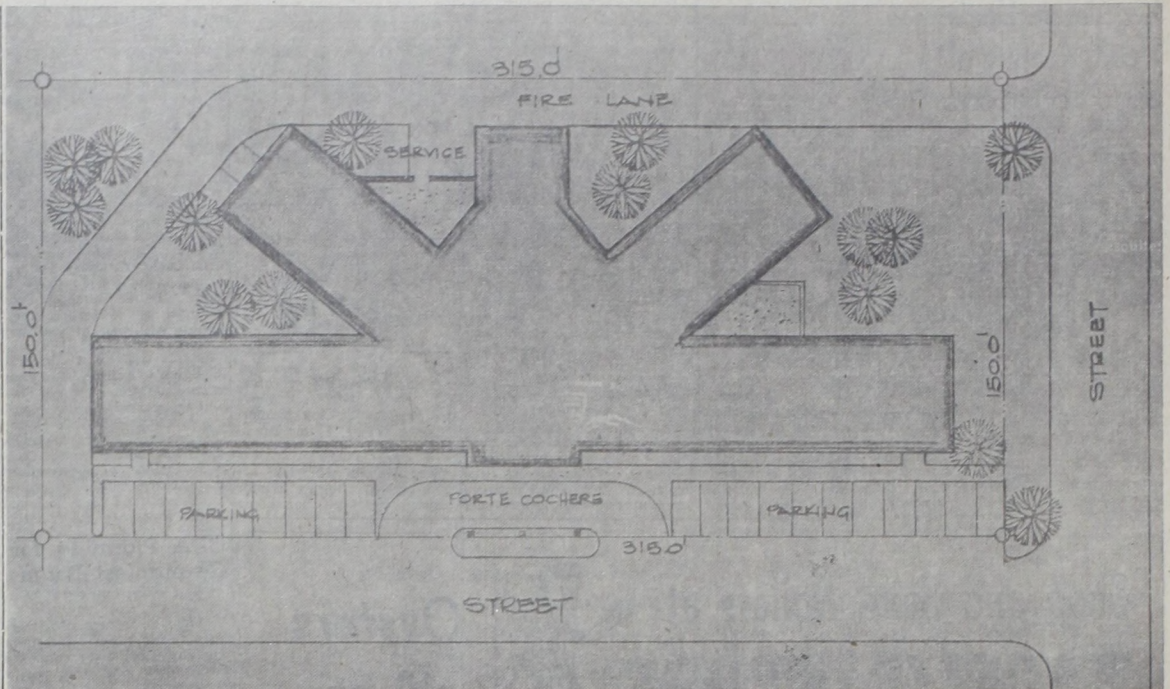

The buffet meal was prepared by members of Kappa Theta. Decorations followed a Valentine theme. Display tables held scrapbooks, brochures and awards of Kappa Theta. A special table held the competition scrapbook belonging to last year's president.

Guests were welcomed by chapter president, Genie Gilliland and the invocation was given by Jan Cain. An after-dinner program was presented by Carol Tomlinson and Betsy Fleitman.

Guests from Muenster were Patsy Bayer, Juanita Bright, Marie Endres, Lupe Evans, Ruth Felderhoff, Louise Fisher, Charlotte Klement, Michelle Knauf, Holly Koch, Fran Koerschner, Molly Koerschner and La Verna Nasche; also Geri Colwell of Forestburg and Gail Batko, Ann Campbell and Sara Tyler of Gainesville.

The Chapter ceremony for the newly formed Muenster chapter, Beta Kappa, will be March 14 at 8:30 p.m. at Cooke County Electric Co-op. More information on Epsilon Sigma Alpha International or the new Muenster chapter may contact Jan Cain, 759-2746 or Betsy Fleitman 736-2249. For information on the Gainesville chapter, phone Genie Gilliland 665-4697 or Linda Welch 668-7050.

A Virginia kennel with dachshund puppies for sale advertised: "Git a long little doggie."

This architect's drawing shows the site plan for the proposed 96 bed skilled nursing home with an extended care wing to be located on Sixth Street across from the hospital.

Skilled care is individual care of complex nature requiring professional nursing techniques and/or medical therapy of intensive degree. Special procedures, sterile techniques, judgment decisions and the application of such judgment by professional nursing personnel on a 24-hour-a-day basis must be evident to achieve the medical care plan.

An extended care facility is a distinct part or a separate facility engaged in skilled care, Type 4, and restorative services. The Social

Security Administration has developed elaborate and detailed conditions which must be met for participation as an Extended Care Facility.

Benefits in Extended Care Facility (ECF) include room and board, nursing care, therapy, drugs, a semi private room, social services and medical supplies. ECF benefits are available after three consecutive days of hospitalization, but must begin within fourteen days of discharge from the hospital. The illness for which extended care benefits are paid must be the same as that in the hospital or an illness developed in the extended care facility during the time benefits are being paid.

Benefits are paid by Medicare when the

stay in the extended care facility is a normal continuation of the illness requiring hospitalization. The cost for a patient is nothing during the first twenty days in the ECF with a supplemental payment for the 21st through the one hundredth day. The supplement is set at 12½ per cent of the amount set for the initial hospital deduction.

Architect for the proposed facility is Norman Wayne Douglas AIA PE of Arlington, Texas. He has designed the nursing home in keeping with German traditional design. It will have a beautiful Catholic chapel in addition to a meeting room for other denominations.

DATE AND TIME OF HEARING: March 8, 1977
9:00 a.m.

PLACE: Texas Health Facilities Commission
314 Highland Mall Blvd.
Suite 450
Austin, Texas 78752

The Texas Health Planning and Development Act (Article 4418(h), V.A.C.S.) created the Texas Health Facilities Commission to provide an efficient and orderly system for regulation of development, construction, expansion, and/or modification of certain health facilities in the State of Texas. The hearing will involve the following particular sections of the Act and also the following rules: 3.01(a), 3.09, 3.10 of the Act; and THFC Permanent Rules, specifically, Rule 201(b) (1-13) relating to Criteria and Rules 901-919 relating to hearings.

Muenster Manor, Inc. of Saint Jo, Texas is requesting a Certificate of Need to build a 96 skilled bed nursing home in Muenster, Texas, which will include a wing for mentally retarded requiring skilled nursing care.

The issue is whether or not the service is needed in the proposed service area. Criteria and rules will be as enumerated in "Texas Health Facilities Commission Permanent Rules of August, 1976", and Subchapter C Article 4418(h), V.A.C.S.

Margaret L. Gosselink
Hearing Officer

Statement by Mr. and Mrs. B. J. Qualls

February 22, 1977

Dear Citizens of Muenster and Surrounding Rural Area

For several years we have been working toward and planning for a new 96 bed skilled nursing home for Muenster. We found the land on sixth street across from Muenster Memorial Hospital, employed an architect, Norman Wayne Douglas of Arlington, Tex., and made application for a Certificate of Need to the Texas Health Facilities Commission.

After returning the application for several revisions the Commission finally accepted it for review. The application fee was \$2,757.39, which is non-refundable. We published at its direction the Notice of Hearing on intent to build, and immediately following the nursing homes contested the needs:

O. D. Garland, Hillcrest Manor Nursing Home, Muenster, Texas;

R. E. Duvall, Bellmire Home, Inc., Bowie, Texas;

Billy J. Crabtree, Pleasant Haven Nursing Home, Inc., Nocona, Texas;

Monterey Life Systems for Horizon Manor Nursing Home, Nocona, Texas;

Jewel Care Centers, Inc., Arlington, Texas, operating nursing homes under the following names and address: Jewel Care Center, Inc., 1300 Memorial Drive, Denison, Texas; Jewel's Frontier Manor, 1907 Refinery Road, Gainesville, Texas; Gainesville Convalescent Center, 1990 O'Neal St., Gainesville, Texas.

Monterey Life Systems have since withdrawn their contest.

Among reasons given in their protests are:

1. Not enough demand for beds.
2. Existing beds in nursing homes in surrounding areas, including Grayson County and the city of Gainesville, are not filled.
3. There are not enough LVN's, RN's, aides and cooks in

the labor force at the present time to staff additional facilities such as the one being sought.

4. No growth requiring need is projected in Cooke County.

Yet, our nursing home, Yes-Ter-Year, located nine miles west, has all 46 beds full, is completely staffed, takes application for employment, and has a waiting list for jobs and beds. Our town and area is half the size of Muenster's and has no hospital or doctor in town. We have been full since February, 1971. We accept everyone regardless of race, creed, family origin or ability to pay.

Also, we are applying for a skilled nursing home, and there is not one in Cooke or Montague Counties, and it is time that people of this area had one available. It is expected to create 40 to 50 new jobs, which will aid growth of the community.

On February 11 we attended a pre-hearing conference on the new nursing home in offices of the Texas Health Facilities Commission in Austin. The lawyers representing the contesting nursing homes were also present, along with our hearing officer, Margaret Gosselink. The hearing date was then set for March 8, 1977, 9 a.m. in the commission's offices.

In this hearing we bear the burden of proof that this facility is needed. After this hearing the commission will announce its decision . . . "Yes, we can build", or "No, we can't build".

The opposition is organized and tough. We desperately need your support and your prayers. If you feel there is a need for this type of nursing home in your community, please write a letter saying so NOW, so that they will receive it before the hearing. Write to

The proposed facility has the support of the Muenster Hospital, the Muenster doctors, the Muenster Chamber of Commerce. I hope it also has yours.

Thank You
Mr. and Mrs. B. J. Qualls and Family.

San Antonio Visitors

Guests of Mr. and Mrs. Ben Luke for the weekend were their daughter Mrs. Charles Denny of San Antonio and their grandson John Denny of Dallas. Also visiting on Sunday were a granddaughter and her husband Mr. and Mrs. Jim Root of San Antonio, after Mrs. Root accompanied some of her choir members to a Women's Choral Clinic at TWU in Denton over the weekend. Mrs. Root, the former Sharon Denny, is the music teacher at Ursuline Academy in San Antonio and also organist for two churches there. The group, accompanied by all members of the Ursuline choir will return to attend a workshop at UTA, Arlington, the last weekend of April.

Shears, Esther Shears, Vera Mae McGee and Myrt Denham.

Had us a good rain hereabouts Thurs. night and Fri. Feb. 12 — about 1 and two tenths inches — so on Friday us Denhams headed for Muenster on some errands. We also visited with Bess Orrell and Eula Moore. Both ladies were doing very well.

Jo Ann Greenwood has herself another pet these days. This one is a Bantam Rooster and some folks have been doing their best to get Jo Ann to loan them the little rooster to use as live bait to catch bob cats. She doesn't go for that at all saying it just isn't fair to torture him that way. Good for you Jo Ann.

On Monday night Feb. 14 Charlie Barclay, John J. Willis, H. B. Perryman and Perryman Denham attended the regular meeting of the Muenster V.F.W.

Blue Birds News

December 1976 — The Sunshine Bluebirds have been hard at work despite more snow than sunshine. At the December 2 meeting Laura Flusche, her mother Mrs. Harold Flusche and her sister Janelle were the industrious trio who helped the 16 Bluebirds braid colorful yarn for sachet ropes for their mothers' Christmas gifts.

On December 16 the girls met with their leader, Eileen Fisher and completed their mothers' gifts. They filled colorful cloth circles with sacket, cinnamon, cloves and other fragrances and tied them to the braid. And then they wrapped them for Christmas while mothers Mrs. Charles Bayer and Mrs. Herman Grewing were busy in the kitchen preparing goodies for the Christmas party.

On January 6 Mrs. Adam Wolf and Mrs. John Pagel shared leadership duties. Jean Pagel served refreshments and the girls used old menus for a craft project. They sang songs before going home.

On January 13 Dana Dankesreiter and her mother Mrs. Tom Dankesreiter served refreshments. The girls held a business meeting and worked on their solo flight books. Several are nearing completion of this honor badge.

The Sunshine Bluebirds and Butterfly Bluebirds held a joint meeting on February 2 for a change of pace. Each girl wore a heart-shaped name tag. Valerie Vogel and her mother, Mrs. Bob Vogel served cup cakes to the group of 23. Mrs. James Fleitman and Mrs. Pat Klement served Kool-aid to the group. The Sunshine Bluebirds presented a craft, making happy heart puppets from sacks, construction paper and pipe cleaners. Third graders Laura Flusche, Jean Pagel, Sharen and Karen Wolf presented a play for the group. It was all great fun. The girls took their unusual puppets home with them.

Mrs. Charles Bayer and Charla served refreshments for the February 17 meeting. The girls completed their Starbird project and then made tray favors for hospital patients. The favors resembled cherry trees that legion hold George Washington felled with an ax. The Starbird badge is an honor each girl receives as the group completes a service project of their choice. This was the 3rd time the girls cheered hospital patients with tray favors and candies.

The Sunshine Bluebirds are sponsored by Fischer's Meat Market and led by Mrs. Butch Fisher (Eileen). All the girls are looking forward to their annual Father-Daughter box supper to be held in March in Gainesville.

Date for Little Miss Pageant Set

The Little Miss Pageant will be held in Gainesville on March 25-26. Plans for the event were begun during the February meeting of Kappa Theta in the home of President Genie Gilliland.

Achievement awards were received by Linda Welch and Genie Gilliland for their 2nd degree Pallas Athene, and to Betsy Fleitman for earning her 3rd degree Pallas Athene. New members, Mibs Powell and Kathy Anderson were presented their jewel pins in a candlelight ceremony.

A second place award in district for the November educational program was brought back by members attending the district meeting in Arlington.

Plans were completed for a Valentine's Day salad supper for rushees on February 14 at the Cooke County Electric Co-op. The March meeting will be held in the home of Jaxine Johnson.

Natural Fibers Fashion Review At SW Farm Show

Fashion minded homemakers from across the Southwest will compete for a host of prizes and trophies during the National Fibers Fashion Review in Fort Worth on March 12, according to Jean Vandellune, coordinator of the fashion show and associate director, Natural Fibers and Food Protein Commission.

The J. C. Penny Company is providing the prizes for the winning entries. Tom Morgan, the company's regional public relations manager, says the two third place contestants will each receive \$50 gift certificates. Second place finishers will get \$75 certificates, while the two division winners will receive \$100 certificates. Winners also will receive trophies, and the Grand Award winner will be presented with a lovely piece of engraved silverplate. Mementoes will be given to 10 honorable mention contestants.

The style show is held as a part of the Southwest Farm Show and Championship Tractor Pull, March 11, 12 and 13. It is co-sponsored by The Progressive Farmer magazine, who will present trophies to the winners.

Those eligible to enter are members of Young Homemakers of Texas and Oklahoma, wives of Young Farmers; wives of Southwest Tractor Pulling Clubs; and wives of members of the International Flying Farmers Association.

Garments must be made out of part natural fibers — 50 per cent cotton and wool, and 10 per cent mohair, Vandellune pointed out.

The style show is free and open to everyone and will begin at 4 p.m., Saturday March 12, in the Tarrant County Convention Center.

New Mexico Coal On TP&L Program As Energy Source

Texas Power and Light, through its parent company, Texas Utilities Company, will acquire and develop coal and other fuel resources in New Mexico, TP&L officials have announced.

A new Texas Utilities Company subsidiary, Chaco Energy Company, located in Albuquerque, will be responsible for developing a program for the production and delivery of fuel, principally coal. The operation will also include a land reclamation program.

TP&L officials note the coal, along with East Texas lignite and nuclear fuel, is a vital part of the company's long-range planning to provide the electricity required by TP&L customers, while continuing to reduce dependence on scarce and expensive natural gas. Based on present planning, mining operations will begin in the early 1980's.

Mothers Entertain Kindergarten

Valentine parties were held for kindergartners on February 14. Refreshments of cake, heart shaped cookies and cup cakes were served to the morning class by mothers, Mrs. Paul Sicking, Mrs. Phillip Mullins, Mrs. Kenneth Bierschenk, Mrs. Don Park and Mrs. Regi Bayer. Guests were Michael and Kristi Bierschenk, Billy Park and Chad Bayer. Mothers made Valentine headbands for each child to wear and decorated sacks in which to take home their Valentines and a "surprise" sack of Valentine candy and treats.

Hostesses for the afternoon party were Mrs. James Fleitman and Mrs. Willie Wimmer, accompanied by Stephanie. Refreshments were cupcakes decorated in a Valentine theme and punch. Valentines were exchanged.

Kindergarten teacher, Mrs. Florence Williams was honored by student-aides Cathy Sicking, Connie Flusche, Marlene Walterscheid, Kitty Truitt, Robynn Richey and Norma Richardson, who gifted her with a Valentine box of chocolates.

We hear a lot about trade relations these days and who wouldn't like to.

The price of electricity has gone up in recent years and must continue to go up to enable Texas Power & Light Company to keep pace with the drastically rising costs of producing and supplying electric power. Even so, take a look at your most recent electric bill. Divide the amount of the bill by the number of days of service it covers. This was your average daily cost.

Now, make a list of the electric appliances and equipment in your home and think of the conveniences, comforts and pleasures they provided.

Isn't electricity still one of the best buys in your family budget?

Sacred Heart Has Ritual For Catholic Schools Week

Sacred Heart Schools are observing Catholic Schools Week, February 21-25. The week opened with a special Liturgy on Monday when students of both elementary and high school attended the 9:30 a.m. Mass.

Con-celebrants were Father Placidus Eckart, pastor and Abbot Raphael De Salvo of Subiaco, Arkansas.

Giving the Readings were Ted Koerschner, Sherri Boyd-stun and Margie Knabe. Song leaders were Sister Patricia Ann and Mrs. Joe Felderhoff. Guitar accompaniment was by Mary Margaret Rohmer and Mary Caplinger.

For the entrance procession, the song was "Come In, Pilgrim". Other songs for the special liturgy included "Alleluia", "Service", "Lilies of the Field", "We Long for You", "Teach Me." The recessional was "Glory to the Father".

Participants in a special Renewal Ceremony following the Homily were Mr. and Mrs. Fred Koerschner, who represented parents of the students; Sally Endres and Craig Sangster, representing the students; Father Placidus, the parish priest; Abbot Raphael, the celebrant; Brother Thomas Moster, representing teachers, who addressed the assembled parents; and Dorothy Hermes, a teacher who addressed the assembled students.

All teachers were grouped

at the altar and responded to questions by representatives of parents, students, the pastor and the Abbot.

Also, a number of special events were scheduled for this week, including a pre-lenten treat, the movie "Robinson Crusoe" Tuesday afternoon; the Teachers' Appreciation dinner for all teachers of elementary and high school and their spouses, at 5:30 Tuesday evening, hosted by Father Placidus, superintendent and pastor, in the meeting room of the Sacred Heart Community Center; the Home School Society meeting in the Library Tuesday night; open house all day Wednesday; and the Spelling Bee on Thursday.

Also arranged for Thursday was the opportunity for parents to have lunch with the school children in the Cafeteria Thursday noon.

City Anniversary - - -

Muenster was qualified to incorporate as a town or village with power to assess tax at the rate of 25 cents per \$100 of valuation.

The new council quickly decided that the limited revenue from the low rate was far less than the town needed. On the basis of population it could not meet the minimum requirement of 600 to become a city, however it did qualify on an alternate requirement, a manufacturing operation within the corporate limits.

At that time the FMA was making butter. The elevation in status from town to city required only a two thirds majority vote of the council.

The change was made by unanimous vote of the council on July 25. So it is that Muenster will have the golden anniversary of a town on March 2, but its golden anniversary as a city on July 25.

That was the date which marked the beginning of growth and progress in Muenster. Until then it was only the center of a farming area, unable to make any progress on its own. But as a city it had the power to collect ad valorem and franchise tax. For the first time it could get substantial help from firms that did business and had property here. Joining local people and business firms as taxpayers were the railroad and power company and oil leases.

With the exception of electrical service, established in 1926, and gas service, established in 1928, local progress can be credited almost entirely to the city and its power to get things done. It installed the water system in 1932 and the sewer in 1940, paved Main Street in 1936. Other achievements are additional pavement all over town, expansion of water and sewer systems, the library, city park and swim pool, and the fire department.

terrorized by murderous killings. Nine out of every ten victims are black. A favorite tactic is cutting off the nose, lips, and ears of the village head man and leaving him a walking skeleton. The ranch house of a friend of mine has been attacked on three different occasions. His only defense during the first two attacks was a shotgun and the help of a neighbor. The attackers were using Russian made missiles and K-47 automatic rifles.

"These people are fighting with unbelievable bravery, with the crudest of weapons. U. S. sanctions are complete. There is no way for Rhodesians to obtain arms or ammunition. Our State Department is solidly behind the Communist terrorist campaign of murder and destruction. While we supply money for Russian arms, we make certain of the ultimate destruction of the Rhodesian country and people by complete sanctions against them. Rhodesia is the most progressive, prosperous and best governed country in Africa. It is completely Anti-Communist. It is Pro-American, which brings to mind Franklin Roosevelt's statement "The hand that held the dagger stuck it into the back of his friend." Sincerely yours, Dana Brown."

John Lerner Dies In Wichita Falls

Funeral services were held Tuesday for John T. Lerner, 69, father of Sister Yvonne Lerner who died Sunday in his home in Wichita Falls.

Needy Get Jobs And Bargains from Salvation Army

Approximately 700 men, who might have otherwise been sleeping in a cold alley or under a bridge and suffering from alcoholism and malnutrition, were provided lodging, food and a rehabilitation program by the Salvation Army in Fort Worth last year.

"Many of the homeless and handicapped men, mostly alcoholics, who spent time at the Salvation Army Men's Social Service Center are now able to stand on their own two feet again and get regular jobs in the community," explained Captain Don Watts, director of the Center.

The Center's rehabilitation program, which also includes psychotherapy and counseling, is almost totally supported by contributions of unwanted household and business items such as furniture, clothing and appliances from Fort Worth-area residents.

Those enrolled in the program, normally between 70 and 80 men at any given time, repair, clean and generally refurbish the discards.

"This not only gives them an opportunity to support themselves but also an opportunity to train themselves to become productive citizens," said Captain Watts.

The refurbished items are placed in Salvation Army Thrift Stores where they are sold at economical prices. Many low-income families shop the stores for their household needs.

Proceeds from the sales enabled the Center to serve over 75,000 meals, provide 24,000 nights lodging and 356 group therapy sessions last year.

In addition to the men enrolled in the program, the Center has about 30 regular local employees. Its budget, of which more than 90 percent is raised through the donation of goods which are in turn sold through the Thrift Stores, was \$500,000 last year.
