MMH sets \$0.175 tax rate

By Janet Felderhoff Taxpayers in the Muen-ster Hospital District did not take the Board of Directors up on their invitation to make comments about the proposed tax rate prior to it being set at the Tuesday, Sept. 21 meeting. With no objections voiced, the Board adopted the proposed rate of \$0.175 per \$100 valuation with a unanimous vote of 7-0. Board members present were Kenny Klement, Danny Walterscheid, T.J. Walterscheid, John Aytes, Aaron Hess, James Walterscheid, and Ronnie Weinzapfel. Paul Becker and Mary Dangelmayr were absent.

This year's tax levy is \$1,001,696, which is 2.6097% less than last year's levy of \$1,028,538. The effective tax rate is \$0.17969 and the roll back rate is \$0.19406520.

Also adopted unanimously was the proposed budget.

MMH hopes to purchase a new telemetry system to use for the monitoring of patients' hearts. This continuous cardiac monitor has the ability to monitor the patient during exercise and rehab and does not have to be removed for the patient to use the bathroom, etc.

GE bid \$113,590.30. The going to cost us more mon-Hospital anticipates receiving more than \$42,000 from State for uncompensated trauma care in the emergency room. They plan to dedicate that money towards the is an option, but incurs an purchase of the telemetry interest rate of 12.6%. The

system. MMH Administrator Lynn Heller remarked, "We're trying to get geared up to implement cardiac rehab in therapy. Part of this monitoring equipment will be used on patients while they are in cardiac rehab."

The Board approved purchasing the system from Mindrey. The system will come with six monitors and the capability of handling up to 16 monitors.

Dr. Jones requested the purchase of a piece of lab equipment that would allow certain tests that are currently being outsourced to be done in the Hospital. It is an expensive piece of equipment. Being able to do the cian's office to accommodate tests in MMH's lab would Dr. Roa, who will soon set give much quicker results and possible earlier diagnosis. TSH (thyroid), Digoxin (heart patients), and PSA (prostate) are the three tests being considered. Heller noted, "This is not

Two bids were received. an expenditure that is going Mindrey bid \$68,787.18 and to save us any money. It is

F5

ey, but the turnaround time with the physician treating the patient will be greatly enhanced."

Leasing the equipment administrator recommended purchasing rather than leasing to save the interest. Purchase cost is \$10,178.57 with an annual service rate of \$2,750.

There was some question as to whether the Hospital would be bound by a reagent bill for a certain number of tests per month (often considerably more than the average being done). This is required with the lease agreement, but they were not certain about with an outright purchase. A decision was tabled until the answer could be clarified.

After an executive session, the Board approved the project of renovation of physiup practice in Muenster, and to modify several exam rooms. The Board also authorized the administrator to give a 12 month notice regarding lease termination of the dentist's office. This will allow the District's Home Please see MMH, pg. 2

Will proposed power lines electrify landowners to action?

More than 100 landowners in Cooke County received letters recently informing them that their property was in the path of one of several proposed Oncor routes for the Krum to Anna or for the Riley to Krum West 345 kV

By Janet Felderhoff

CRĚZ transmission lines. Neither of the routes in Cooke County are preferred routes. The Riley to Krum West

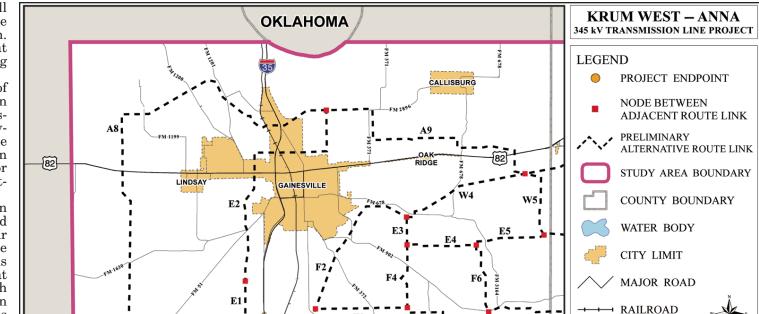

line was discussed two weeks ago at Commissioners Court and dealt with an area in eastern Cooke County. The deadline for voicing an opinion for or against has passed.

transmis line constructed on Lattice Steel V Towers. Electric Delivery Company explained that it is proposing to construct a new double circuit 345 kV electric transmission line interconnecting a new switching station to be located near the town of Krum with the existing Anna switching station located near the town of Anna. It said this project has been recommended by the Electric Reliability Council of Texas to ensure continued safe and reliable electric service to the State due to the increased integration of electric energy generated by wind production facilities. Completion of the project will enable the new transmove wind-generated elec-

tric power to market and will add valuable capacity to the entire transmission system. Commissioners noted that this is not for wind being generated in Cooke County. At the regular meeting of

Commissioner Court held on Monday, Sept. 27, Commissioners considered approving a resolution opposing the installation and construction of the Krum to Anna Oncor route. The public was invited to give their input.

Rosston resident Byron Berry urged, "I would guard against the people and your constituency getting a sense of well-being because of this assed. proposal. The last line that The project is proposed to effected Cooke County which came from Vernon down to Krum did not go across the preferred route. It went On its website, Oncor across to where the least resistance was." The only intervenor objecting to that line was the Wise County **Commissioners Court. Berry** noted that the Commissioners intervention was not allowable because they did not have standing or the ability to sue. Berry said, "The thinking is that if you do not intervene, you must want a power line on your property." The route that was selected went an extra 90 miles over the preferred route, he said. Precinct #4 Commissioner Leon Klement agreed that there is a group of the population who think that if the Commissioners pass a resomission system to efficiently lution saying the line isn't See LINES, pg. 2

Turbines vandalized

By Janet Felderhoff

Cooke County Sheriff Mike Compton confirmed that three wind turbines located north of Muenster were vandalized. He reported that the Sheriff's Department received a call at 4:30 a.m. on Tuesday, Sept. 28 that a break-in had been discovered.

The Sheriff's Department investigated and found that damage had been done. Wires were pulled, but no theft appeared to have taken place. Sheriff Compton said that when one of the wires was pulled, it arced pretty badly. "It was lucky that nobody got hurt," commented Sheriff Compton on the dangerous vandalism.

The three wind turbines are part of Wolf Ridge Wind Energy Center, a subsidiary of NextEra Energy Resources.

Schools show support for fallen player

Muenster ISD and Wolfe ISD Student City Councils joined forces to create a chain of love to show their concern for the students of West Orange Stark High School in South Texas. The school family recently suffered the loss of their high school quarterback who died during a football game. Students from both schools wrote notes of condolence and encouragement, then the Student Council members constructed a chain of the notes. Before last Friday night's game with Wolfe City, the football players and cheerleaders of both schools joined together, holding the chain in a show of love and compassion. The chain of love is being sent to the students of West Orange Stark High School to demonstrate the concern and love of others. Photo by Deanna Hellman

wanted here, that means they don't have to be involved. "I've been telling folks that if you've got the packet and you don't want this, you'd better be contacting people, because a group of local people who are affected by this has more voice and more pull than a resolution passed by a Commissioners Court.'

Although an individual may file as an intervenor on their own, County Judge John Roane commented, "In order to become a valid intervenor, the wise thing would be to have an attorney to represent you." Berry sug-gested that neighbors on a link get together and file one intervention for the group.

Friday, Oct. 8 is the last day to file as an intervenor. The Court unanimously adopted the resolution op-

power lines in and through the cost of any loss in servic-Cooke County. Some reasons es back to the local governgiven were that there is a ments. The oranization did much shorter route with less not request any additional expense to be passed on to funding from the State, but the customer; the preferred route is the most direct route and is in closer proximity to those who will most said Maddox. benefit from the line; the route through Cooke County would cross more woodlands and environmentally sensitive riparian zones; it would traverse an additional 60 to 70 miles, advancing the cost to be passed on to the customer. Commissioners supported the preferred southern Route 2288.

Also adopted was a resolu-MHMR Services of Texoma spoke to the Court noting that the State is considering some very drastic cutbacks posing the installation and in funding the services. Madconstruction of the Oncor dox said that would bring

asked that no funding be cut. Texas' funding ranks 49th in the nation for such services,

Oct. 3-9 was proclaimed National 4-H Week in Cooke County. This is the 103rd year that 4-H has served youth in Texas. It also commended the 85 plus volunteers in Cooke County who have given generously of their time, talents, energy, and resources.

Present were County officers and some members, tion supporting the funding including County Council of MHMR. Tony Maddox of President Aaron Fleitman, Lonnie Wilson, Paige Dill, Lorie Dill, Peyton Dill, Lizzie Wilson, Ben Wilson, Grant Wilson, and 4-H Agent Phyllis Griffin.

In other business, Commissioners Court:

• Set the 2011 Cooke County Sheriff and Constable Fees at the same rate as 2010.

• Adopted a resolution for the Tri-County Senior Nutrition Project supporting its Texas Department of Agriculture grant application and stated that they have budgeted \$3,000 to be used between Oct. 1, 2010 and Sept. 30, 2011.

Approved advertising for bids for grounds maintenance services for Cooke County properties.

· Approved Asset Forfeiture Report for the District Attorney's office.

• Approved resolution for the FY2011 Indigent Defense Grant with the County Judge appointed as the authorized official and contact person for the grant, and the County Auditor is designated as the financial officer for he grant.

• Accepted the Sylvan Dell Publishing Library eBook Resource Grant for the year 9-23-10 to 9-23-11 in the amount of \$360.

• Approved interagency agreement with Wise County for the purchase of equipment from Wise County

• Renewed EMS Medical Director Kevin Grant's contract for FY2011.

 Accepted surplus materials from the Texas Department of Transportation for all road and bridge pre-

• Approved change order Clinic. The FIT (Functional for Courthouse Restoration Project to have camera run will be open for interested through sewer lines due to persons to tour during the discovery of plugged line.

Voter registration deadline is Oct. 4

Texas Secretary of State Hope Andrade is reminding Texans the deadline is approaching if they need to register for the Nov. 2 general election.

The deadline to register to vote is Oct. 4. "Registering to vote is easy," says Andrade. "The

voter registration application only has nine questions, including one which asks for your name."

Voter registration applications are available online at the Secretary of State's website, www.VOTEXAS.org, or at county elections offices, and many post offices and libraries.

To register to vote in Texas, you must:

• Be a U.S. citizen;

• Be a resident of the

county: • Be at least 17 years and 10 months old (you must be 18 years old by Election Day.)

(unless your sentence is completed, including any probation and parole); and

 Not be declared mentally incapacitated by a court of

If a person moves or changes their name after they are registered, they must notify the local voter registrar in their home county of the new information. Texans can check their registration status at VOTEXAS.org.

To complete a voter registration application, a person voter registration certificate must provide a Texas Driver's License number or Texas Personal I.D. number issued by the Texas Department of Public Safety. If a person has application, the person can neither of those numbers, the still be registered, but they

How to be an intervenor on proposed Oncor lines

The following information was provided by Oncor on the website dealing with the proposed Krum to Anna 345 kV CREZ transmission line:

To become an intervenor, you must file a statement with the Public Utility Commission no later than the date specified in the notice letter sent to you with this brochure, requesting intervenor status (also referred to as a party). This statement should describe how the proposed transmission line would affect your property. Typically, intervention is granted only to directly affected landowners. A letter requesting intervention may also be used in lieu of the sample form for intervention.

If you decide to intervene in a case, you will be required to follow certain procedural rules:

You are required to respond to requests from other parties who seek information about your position.

If you file testimony, you must appear at a hearing to be cross-examined.

If you file testimony or any letters or other documents in the case, you must send copies of the documents to every party in the case and you must file multiple copies with the PUC.

Failure to comply with these procedural rules may serve as grounds for you to be dismissed as an intervenor in the case.

Intervenors may have an attorney to represent them in a CCN case. If you intervene in a case, you may want an attorney to help you understand the PUC's procedures and the laws and rules that the PUC applies in deciding whether to approve a transmission line.

back onto Hospital grounds. It was relocated to Division Street to allow expansion of the physical therapy department.

The Bereavement policy adopted at the August meeting did not include brother, sister on the first level, and aunt and uncle on the second level. The policy was updated to include them.

As recommended by the Medical Staff, the Board

Health Agency to be moved Oct. 29 and 30 from 7-9 a.m. each day. Besides offering reduced prices on lab tests and certain procedures, flu shots will be offered at MMH. They are available during office hours at the Family Health Innovative Therapy) Center

Obituaries

Evelyn Sicking 1942 - 2010

for Evelyn Leona Flusche Sicking of Muenster was held at 10 a.m. on Friday. Sept. 24 in Sacred Heart Catholic Church with Fr. Ken Robinson and the Rev. Msgr. Hubert Neu, cousin, con-celebrating the Mass.

Evelyn died at the age of 68 on Monday, Sept. 20, 2010 in Denton Regional Hospital.

Born Feb. 23, 1942 in Decatur to Conrad M. and Regina Anne Neu Flusche, Evelyn grew up there and graduated from Decatur High School. She attended Bud Hall Beauty School in Wichita Falls, graduating in 1960 and receiving her license in 1961. Evelyn moved to Muenster in 1964 and opened Evelyn's Styleroom Beauty Salon where she was in business until her death. She also was an Avon representative for over 20 years. Evelyn married Jerry Sicking on July 16, 1966 in Sacred Heart Catholic Church in Muenster.

Evelyn was a member of Sacred Heart Parish, Catholic Daughters of America, and Muenster Hospital Auxiliary. She was very involved with 4-H, serving as a leader for 15 years, co-organizational leader, and organizational leader as well as a state officer. She was a chaperone for 4-H to TP&L Camp in Trinidad, Texas; Eagle Nest, New Mexico for a ski trip; Kingston, Oklahoma for county camp; and Washington D.C. for the Citizenship Washington Focus Heritage Tour: and served on several county leader committees. Evelyn enjoyed arts and crafts, cooking, grandchildren, and the computer, which allowed her to stay in close contact with her children, friends, and relatives. She was a friend to many and will be missed by all who knew her.

She was a great family lady, always caring for the welfare of her children and grandchildren.

Evelyn is survived by her husband Jerry Sicking of Muenster; daughter Sherilyn Sicking of Arlington; sons Neu temperament and stood Michael Sicking of Waco and strong in what she believed

Mass of Christian Burial Darwin Sicking and spouse Juliane of Durant, Oklahoma; sister Viola and husband Joe Schmidlkofer of Lindsay; grandchildren Danielle, Haylee, and Noah Sicking, all of Durant, Ashley Sicking of Canyon, Robert Scruggs of Gainesville, and Brandi Balke of Iwakuni, Japan; great-grandchildren Bryson Scruggs and Jazmyn Valdez, both of Iwakuni.

She was preceded in death by her parents; brothers James and Jerry Flusche, son Mitchel Edmond Hurley; and granddaughter Kayla Gabrielle Sicking.

Assisting during the funeral Mass were altar servers Kevin and Zachary Flusche, great-nephews, and kids, just like her own... Butch Fisher, family friend. Victor Schmidlkofer, nephew, gave the First Reading. The Second Reading was given by Joan Deckard, niece. Prayers of the Faithful were read by Judy Krahl, niece. Grandchildren Danielle, Haylee, and Noah Sicking, and Ashley Sicking carried the Offertory Gifts. Eucharistic ministers were Viola Rohmer, Alan Rohmer, Dennis Lutkenhaus, cousin, Harold Flusche, cousin, Judy Flusche, and Werner Becker, Jr.

Music ministers were Phillip Flusche nephew and wife Brenda, niece Monica Guerra, and greatnieces Jacqueline and Adria Flusche, all vocalists, and Pat Hennigan, pianist. Adria Flusche also accompanied on the flute. Phillip Flusche sang the "Psalm of the Good Shepherd" for the Responsorial. Monica Guerra sang "Ave Maria" as the Communion meditation. Brenda Flusche sang "Songs of the Angels" at the Incensing. Other songs included "Be Not Afraid," "On Eagles Wings," "I Am The Bread Of Life," "Softly and Tenderly," and "Amazing Grace."

The eulogy was given by nieces Kathy Todd-Baxley and Paula Gardner. They remembered that Evelyn "had the typical Flusche/

Evelyn Sicking

in. She loved life, loved to laugh, loved to play. She had her heart always out to others... She treated all of us

"When you went to their house, you never left hungry. If by chance you did, it was your own fault for not eating, because there was always more than enough food... She loved football, especially the Cowboys. She loved her soap operas... Most of all, Evelyn loved the love of her life - Jerry Sicking. She loved him so much that she always wanted him right beside her...

Burial followed in Sacred Heart Cemetery. Pallbearers were nephews Carl Flusche, Conrad Flusche, and Steve Schmidlkofer, brothers-in-law Kenneth Sicking and David Sicking, Clifford Sicking, Bobby Sicking, and Neil Rohmer.

On Thursday, Sept. 23, a Rosary led by Virginia Krahl, family friend, and Jacqueline Flusche, greatniece, was held at 4 p.m. in McCoy Funeral Home of Muenster. A vigil led by Fr. Ken followed at 7 p.m. at the funeral home.

News from Clay Richerson, **MISD Superintendent**

Muenster ISD Board of Trustees announces the need to study facility needs and asks for local volunteers

With buildings that are 40, 50, and 60 completion of the field house and new prac-years old, Muenster ISD Board of Trust- tice gym will take approximately \$1.5 milees has been looking at current and future needs of the District and is now asking for volunteers to help determine these needs and to assist in devising a plan to meet the current and future needs of the children of the District.

We have had preliminary committee work through a group that was asked to be a committee member by administrators. Now we are asking all persons interested in working on this project to fill out a volunteer sign up sheet by Oct. 8, 2010 and return this sheet to Superintendent Clay Richerson. Sign up sheets may be obtained at the administration building, Muenster Enterprise, and City Hall. Volunteers need to have the sheets turned in to the MISD Administration building by Oct. 8.

Some of the current issues concerning Elementary and Junior High buildings include: heating and cooling efficiency, overcrowding, electrical, asbestos, mold, inadequate restrooms, and storage. Outdated heating and cooling units are expensive to operate and maintain. Technology upgrades are not feasible, as electrical wiring in the buildings will not handle the load. Electrical breakers cannot handle current daily loads in the PreK-2 building without disconnecting. There is asbestos in buildings that must be sealed or abated. Some asbestos is covered with carpet. The carpet needs to be replaced, but cannot due to the asbestos tiles underneath without abating the asbestos. Abatement of asbestos is a very expensive and cumbersome process. The Junior High wing has mold due to leaks during heavy rains.

At this time, the Board is also pursuing additional projects: completion of the field house (almost seven years in its incomplete state) and building a practice gymnasium. The Elementary and Junior High buildings will take \$5 to \$10 million to complete. The

lion. Monies needed to build new Elementary and Junior High, the District does not have and will need to pursue bonds. The monies needed to finish the field house and practice gym, the District currently has enough in fund balance. The District has just over \$4 million in fund balance. The Board has decided to use fund balance to finish the field house. The oldest gymnasium has foundation problems. The floor on the east side has fallen three to four inches, and is unsafe for use on the secondary level. A study has been done to fix the foundation and floor. The cost to repair the gym would be approximately \$100,000. So, the Board has also decided to use fund balance to build a practice gym. The projects for the field house and practice gym are currently in the planning stages.

The question arises, why these projects before you would build an Elementary and Junior High? The District must ask the community to support a bond election for the more than \$5 million needed for the Elementary and Junior High building(s). A bond election can only take place, by law, in May or November. Also, by law, there are certain procedures that must be followed in the process to ask the public for bonds. We are beginning that process now. The completion of the field house and the building of the practice gym are projects that do not require the same process, due to the fact that the District has that money now, and can do and complete those projects now

To move forward with public input, we are asking all persons interested in working on this project to fill out a volunteer sign up sheet by Oct. 8, 2010 and return this sheet to Superintendent Clay Richerson. You may bring those sheets to the school administration office anytime before 4 p.m. on Oct. 8.

ter in Gainesville. She was preceded in death by her father, mother, stepfather R. B. Durham, Sr., and sister Geneva DeBorde.

She is survived by her son Ladd of Dallas, brother R. B. (Junior) Durham, and sisterin-law Sharon Durham of Rosston.

Graveside service and interment was held at Rosston Cemetery on Sept. 28 with

gun, with the Elementary District meet to be hosted by Valley View; and various other activities taking place.

High School Principal Sharon Browning noted that Junior High One Act Play District competition is Nov. 9 and High School on March 24. The High School UIL Academic meet will be March 30, 31, and April 1. District Cross Ex Debate is Feb. 3.

Technology Director Jeff Presnall reported that a faulty optical fiber cable caused a two-day network outage in the Elementary building; four new student computers and two new circulation desk computers were installed in the library;

a network group policy has been installed to prevent the use of USB flash drives on workstations to prevent the introduction of viruses, malware, etc. to enter the Dis-

trict's network. Athletic Director Brady Carney reported on the football and cross country teams progress; that the football field looked good after being played on; Muenster girls' play in the basketball fall league concludes Oct. 4; softball members will be participating in a fall league in Gainesville from Sept. 22 through Oct. 27.

Delinquent tax collection for August was \$5,159.89.

Cooke County Fire Marshal Ray Fletcher urges area residents to begin considering safety as they prepare to heat their homes. He said, "It's that time of year, as we cool off, to remind everyone

for home heating safety checks

about some simple but effective fire safety tips. A little time and effort spent now could pay real dividends if it keeps you and your family from having to deal with the life threatening possibility of a fire in vour home!

Cooler temperatures means time

Fletcher offered the following safety advice:

Make sure that wood stoves sit on a non-combustible surface or on a code-specified or listed floor protector. Fireplaces should have

Kathleene Fellers Kelley 1921 - 2010

Kathleene Fellers Kelley, age 88 of Gainesville, died Sept. 25, 2010 at River Valley Health and Rehabilitation Center. Born Dec. 20, 1921, in Tulsa, Oklahoma to Érskine H. Fellers of Era and Lora Bell Pruett of Slidell, she graduated from Ross-Point School as vale-dictorian. She married Ray D. Kelley of Prairie Point in 1942. They had one son Richard Ladd Kelley, before divorcing in 1946.

Kathleene worked for Monnigs Department Store in Fort Worth for many years, eventually becoming manager of the package delivery department. In 1978,

she moved to Gainesville to be near her mother and worked at Weber Aircraft until retirement. A devoted daughter, she cared for her invalid mother for several years. She loved fishing and caring for the home and garden she shared with her sis-

noncombustible materials around the opening and hearth. Space heaters should be placed on a firm surface out of the way so that they won't be tipped over and spill fuel or have hot surfaces come in contact with combustible flooring. Many space heater fires are caused by the heater being tipped over by children or pets. Com-bustibles such as curtains, chairs, firewood, and even walls should

be at least three feet away from the appliance. Vents and chimneys for heating appliances must be installed with proper clearances to combustible materials. A common fire with proper clearances to combustible materials are thread and wicks replaced an-nually. Electric heaters with frayed or damaged cords should problem exists where chimney pipes pass through exterior walls and are too close to combustibles within the wall.

Unvented gas-fired space heaters should not be used in small enclosed areas, especially bedrooms, because of the potential for carbon monoxide poisoning. The directions on artificial logs made from wax and sawdust say

they should be used one at a time in fireplaces and never used in wood stoves. This is because the heat can melt the log causing it to flare up or leak burning liquid from the appliance. Pressuretreated wood should not be burned in stoves or fireplaces because it contains toxic chemicals that can make you sick. Always use a fireplace screen to keep sparks from igniting materials in the room. Keep a window ajar or the door open in a room where an unvented heater is in use. Avoid the use of extension cords with electric heaters. Never use heaters to dry clothing or other combustibles. Do not leave fireplaces or most space heaters unattended. Young children should be kept away from any appliance that has hot surfaces that can cause burns.

Chimneys and vents should be inspected and cleaned annually. Have chimneys inspected and cleaned when necessary by a professional chimney sweep. Creosote is an unavoidable product of wood-burning stoves and fireplaces. Creosote builds up in connec-tors and chimney flues and can cause a chimney fire. Don't burn

newspapers or other trash in a fireplace because they burn too hot and can ignite a chimney fire.

Kerosene heaters should be never be used.

Bullion, Brannan exchange vows in Austin

Lesley Ann Bullion and Edward Janney Brannan, III were united in marriage on May 15, 2010, at 2 p.m. at St. Catherine of Siena Catholic Church in Austin. Lesley is the daughter of David and Susie Bullion of Austin, and the granddaughter of Leonard and Frances Yosten of Muenster and the late Veda Bullion and H. P. Bullion. Edward is the son of Carol Brannan of Port Townsend, Washington, and the late Edward Brannan, Jr., and the grandson of Charles and Josephine Buckingham of Ravenswood, West Virginia and the late Edward, Sr. and Lorraine Brannan.

The church was decorated with peach hydrangea pew markers with chocolate ribbon accents. Flower arrangements of bells of Ireland, peach gladiolus, circus roses, burnt orange roses, mini green hydrangea, and red amaranth decorated both sides of the altar. Wedding colors were moss green and chocolate brown, accented with peach; an Irish theme was chosen to complement the couple's choice of Ireland for their honeymoon.

For the wedding ceremony, the bride wore an ivory, strapless Casablanca wedding gown with scooped and ruched crystal taffeta empire bodice, embellished with beaded lace appliqués over organza, and featuring a scalloped hem and long train. Her fingertip veil of ivory illusion tulle, made by her mother, was edged with beads and sequins matching those of her gown. Les-ley's hand-tied bridal bouquet featured kermit mums; mango and yellow mini calla lilies; mini green hydrangea; orange ranunculus; red, burnt orange, and circus roses; green hypericum berries; and was finished with a collar of magnolia leaves.

For something old and blue, she carried her greatgrandmother Louise Wiesman's rosary; for something borrowed, she carried an ivory heirloom handkerchief of her mother's.

The bridesmaids wore sleeveless, knee-length, chocolate brown A-line dresses with a V-neckline, while the

Tigers outpace Mustangs

brought home a 34-26 vic-

"I'm happy with the way the boys kept their composure after getting down 12-0 the first 5 minutes of the game. They showed a lot of maturity," Coach Dale Schil-ling noted on the Tiger team. "Also toward the end of the game, holding City View off when they had a chance to score."

Action began when City View returned the opening kick 78 yards for 6 points, followed by a 54 yard pass play their first offensive snap to take an early 12-0 lead.

After exchanging punts, Tiger quarterback Matt Hesse ran twice for 44 yards. Josh Biffle took care of the remaining 11 yards, scoring on an 8 yard run. Hesse added the point after for a 12-7 score.

Tackles by Biffle, Hesse, and Mark Bartush forced a Mustang punt. From their 23, runs by Michael Davis, Hesse, and Biffle, and a Hesse to Bob Bartush pass took the Tigers to the City View 25 and into the 2nd quarter. On 4th and 2, Biffle crossed the goal line. Hesse added the PAT and the Tigers led 14-12.

Action begins at 7:30 p.m.,

A 45-0 shutout over Wolfe City last Friday night gave the Muenster Hornets an undefeated pre-district winning record with the four previous wins taken from 2A teams.

"This was one of our better, complete all-around games we've played," noted Muen-ster Coach Brady Carney. "The defense played outstanding. I was worried about Wolfe City's speed, but we did a good job keeping them contained."

The Muenster defense once again con-trolled the game, allowing the Wolves only 59 yards of total offense, while the Hornet offense gained 373 in 50 plays.

Carney added that with the wet, sloppy

conditions, he was happy with only one

turnover and very few penalties. Action began with Josiah Flaming boot-ing the opening kick. The Muenster defense dropped the Wolves to a 9 yard loss, forcing a punt. Dalton Koelzer blocked the punt, giving the Hornets possession 16 yards from the end zone. A Tyler Anderle to Jason Luke pass put Muenster on the scoreboard their first offensive play of the game. Flaming added the extra point for a 7-0 score.

Wolfe City's offense continued to struggle, losing yards. A 3rd down pass was intercepted by Garrett Walterscheid, placing the Hornet ball on the Wolf 21 yard line. Walterscheid and Chase Hammer shared runs, with Hammer crossing the goal line from 3 yards out. Flaming added the PAT for a 14-0 score with 6:14 on the 1st quarter clock.

Wolfe City ran 10 plays, ending the period with a punt. The teams exchanged possessions. Muenster took 10 plays to get to the 11 yard line, but settled for a 28 yard Flaming field goal for a 17-0 score.

Walterscheid got another turnover, covering a fumbled ball on the Hornet 28. Hammer ran twice for 31 yards, Anderle gained 3, Luke 10, and a penalty 15 to the Wolf 13. A Luke to Scott Porter pass play ended in the end zone. Flaming booted the point after for a 24-0 Hornet lead with

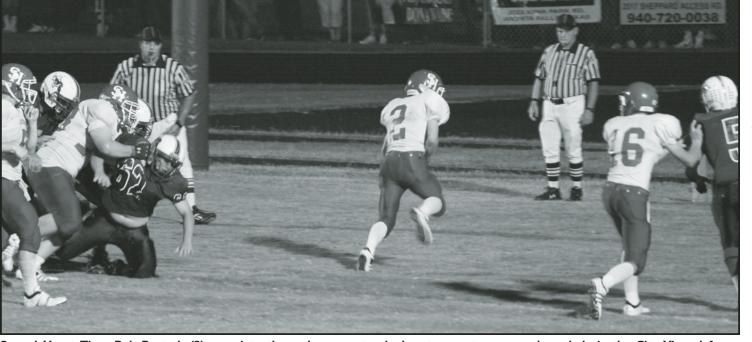

3 minutes remaining in the 1st half. Hammer returned the 3rd quarter kick 27 yards, but Muenster ran out of downs when they reached the Wolf 18 yard line. Two fumbled plays kept Wolfe City in the hole, forcing a punt that placed the Hornets on the Wolf 39 yard line.

Five plays later, Koelzer scored on a 28 yard run. The PAT failed for a 30-0 score.

The Wolves assisted in setting up Muenster's next touchdown when Blake Voth covered a fumbled ball 28 yards from paydirt. An Anderle to Andy Flusche pass put 6 more points on the scoreboard. Luke ran in the PAT for a 38-0 score with 3 minutes remaining in the 3rd period.

The teams exchanged possessions, with the Hornets scoring with 7:10 left on the game clock on a Trevor Hess 21 yard run. Flaming's PAT gave Muenster the 45-0 lead.

Hornets get victory #5

Muenster golf scores clean sweep

The Muenster Hornets and Lady Hornets claimed a clean sweep in a triangular golf tournament Tuesday at Turtle Hill Golf Course. In the boys division, the Hor-nets, led by Sean Chism, defeated Wichita Falls JV and Wichita Falls Rider JV, with a team total of 380. Wichita Falls finished with a 388 and Wichita Falls Rider posted a 409. Scores for the local boys were Chism 92, Blake Grewing 95, Cole McAden 97,

Koelzer 97, and rookie Rishi Patel 119. Medalist honors went to K. Phillips (playing as an individual from Northwest JV) with an 88, followed by K. Carpenter of Wichita Falls Rider 89, and Sean Chism's 92.

In girls action, the Lady Hornets, led by freshman tournament. Erin Hess, blew the rest of the field away by claiming four of the top five spots. Hess shot a school record two over par 74, with sophomore

HUNTER EDUCATION CLASS SCHEDULED

A hunter education class is required to legally hunt in Texas if you were born on or after Sept. 2, 1971. If you want to hunt and have not attended a class, set aside Saturday and Sunday, Oct. 16 and 17 for class at the North Central Texas College Equine Center. The Saturday class is from 9 a.m. to 4 p.m. and the Sunday class is from 1 to 5 p.m. Students must attend both sessions. This may be your last chance for a hunter education class this fall.

The cost to attend is \$15. Pre-registration is required. Call 940-390-9206. If there is no answer, leave a message with your name and phone number, and the number of students attending

Lady Knights start District play with two victories

The Lindsay Lady Knights Copeland, 6 D: Katie Nort-began District 11A action last Friday with a win over away, 2 D. Copeland, 6 D: Katie Nort-man, 3 D; and Emily Con-B, 4 D; Krahl 5 D, 25 A; At-Gold-Burg, scoring 25-20, Tuesday evening, the Lady 25-17, 22-25, 25-15. The win Knights defeated Saint Jo by improved Lindsay's season record to 15-15.

Kendall McLeod had 2 aces (AC), 5 digs (D), 23 assists (A); Lucinda Krahl, 4 AC, 2 D, 21 A; Jordan Fleitman, 15 kills (K), 6 blocks (B), 4 D; Jalyn Anderle, 10 K, 5 B, 11 D; Allison Metzler, 15 K, 2 D; Taylor Atkins, 13 K, 6 D; Taylor Pelzel, 3 K, 4 B; Elizabeth Wallace, 3 K, 3 B; Katie Arendt, 10 D; Erin

scores of 13-25, 25-12, 25-16, 25-15. The win puts Lindsay at 2-0 in District 11A play.

kins, 2 AC, 6 K, 7 D; McLeod, 9 A; Arendt, 8 D; Metzler, 7 K; Copeland, 3 AC, 4 D; Wallace, 2 K; Nortman, 2 D; Pelzel, 2 D.

Knights slap Era with 47-0 win

to play in a big way Friday, taking the Lindsay Knights' opening possession 80 yards for the first score of the game. Arend would go on to score three more touchdowns in the Knights' 49-0 win over the Era Hornets.

The Knights owned the second quarter, scoring three more touchdowns, each on Arend runs. The first scoring drive of the second quarter was capped with a 17-yard Dawson Holt screen pass to Travis Skinner to get the ball to the Era 15-yard line. On the next play, Arend ran the 15 yards for the score. Garrett Yancey's kick made the score 14-0 with 7:50 left in the second quarter.

Holt would connect with Dean Fleitman on a 48-yard pass to move the ball to the Era 26-yard line to set up Arend's next touchdown, a 20-yard run with 3:23 left in the half.

Lindsay's Jace Wann intercepted a Gates Anderson pass at the Era 21-yard line to set up Arend's fourth touchdown, a 20-yard run around the left into the end zone.

Robert Arend came back the kickoff ended in a punt from the Hornets' 30-yard line. Wann returned the punt 62 yards for a touchdown and with Yancey's kick, the score was 35-0 at the half.

their own 32-yard line, driving downfield with runs from Skinner and Holt. A 16-yard Fleitman scoring run was called back because of a holding penalty on the Knights. On a fourth and one at the Era 7-yard line, Skinner ran in for the touchdown with 7:56 in the third quarter to make the score 42-0, along with another Yancey kick.

In the fourth quarter Lindsay's Will Taylor recovered a fumble at the Era 47 to stop a Hornet drive that and evaluate the players, had started on their own 20. Runs from Holt, Skinner, and Blake Walker took the Submitted by Ka ball to the Era 20, and from there, Walker ran in for the final score. Skinner's kick gave the Knights the 49-0 win.

Arend sat out the last two games with an injured knee, but was ready to get back into action, and Lindsay Coach Cody Bounds was Era's next possession after happy to have an emotional

leader back in the game. "It was good to have him

back, and to have his energy back," Bounds said. Although Bounds said he was pleased overall with

The Knights took the sec-ond half kickoff starting at underestimate the damage that Era's team injuries have done to the Hornets.

"They're banged up, but they played their guts out," Bounds said of the Hornets.

The win brings the Knights' record to 4-1 and to a well-timed bye week before District play begins Oct. 8 in Chico. Bounds will take that time to work on mistakes he still sees from the team in blocking and to work on conditioning. The week off will also allow him to step back and will allow for some mi-

CITY OF MUENSTER NOTICE OF PUBLIC HEARING 2008 TxCDBG CONTRACT CLOSE-OUT

The City of Muenster will hold a public hearing on October 6, 2010 at 5:10 p.m. in the City Hall, @ 400 N. Main, Muenster, Texas. The purpose of the hearing is to review program performance and receive citizen comments on the 2008 Texas Community Development Block Grant Program (TxCDBG) Community Development Fund Grant #728570 from the Texas Department of Rural Affairs. Some of the topics to be discussed will include the recently completed Drainage Improvements Project, the amount of grant funds and local resources expended, and a summary of benefits to low and moderate income persons. The general public is invited to attend and participate. Citizens unable to attend this hearing may submit their comments in writing to The Honorable John Pagel, Mayor, P.O. Box 208, Muenster, Texas 76252-0208. Persons with disabilities that wish to attend this meeting and need assistance should contact Ms. Brenda Simpson, City Secretary at 940/759-2236 to arrange for assistance. Individuals who require auxiliary aids or services for the meeting should contact Ms. Simpson at least two days before the meeting so that appropriate arrangements can be made. Brown Recluse Spiders

are one of the most troublesome pests we have in Cooke

County. They are a common

invader in our garages, out-

buildings, and even in our

homes. It's possible for the

non-expert to identify the

brown recluse spider. Look

for a light brown spider,

with slender legs extending

over an area about the size

of a quarter to a half-dollar.

Two characteristics that

help distinguish this spi-

der from similar species in-

clude the dark violin-shaped

marking on the back of the

front portion of the body, and

the semicircular, paired arrangement of six eyes.

Favorite hiding places for

the spider is in storage areas

such as closets, basements,

and cellars. The spiders take

shelter in boxes, stored cloth-

ing, shoes, under furniture,

folded bedding, and in any

other areas of clutter where

spider in Texas is from April

to July, with spiderlings

emerging after 24-36 days

of incubation time. Because

of this fact, most of the next

year's spider crop should be

hatched by autumn. That

makes right now an oppor-

tune time to take action if

Because of the seriousness

you have a problem with the

of a Brown Recluse bite, the

best solution to a household

infestation may be to hire

a professional pest control

The Brown Recluse is

difficult to control. Brown

Recluse spiders can be con-

trolled using a four step,

integrated approach: Sani-

tation. Unnecessary clutter

should be eliminated, spider

webs removed from interior

and exterior areas, and a

thorough vacuuming should

be undertaken around, un-

Residual sprays. Liquid

insecticide sprays should be

applied to the exterior foun-

dation, eaves, closets, stor-

age areas, and rugs, if neces-

Residual dusts. Insecticid-

ULV or Aerosol sprays.

An ultra-low volume (ULV)

al dusts should be applied in wall voids, attics, and inaccessible crawl spaces.

der, and behind furniture.

company.

FARM & RANCH

America's Bounty in Cooke County

It's officially fall – the time of year when the weather starts to cool, leaves begin to Cooke County's 1,956 farms comprised of change, and for America's farmers, harvest is in full-swing.

For the 98% of Americans who are not directly involved in the agriculture industry, the 24/7 life of a farmer or rancher may go unnoticed.

But if you are reading this article, thank a tree producer for the paper and a soybean producer for the ink. If you are enjoying a cup of coffee, glass of milk, a bite to eat while you read, thank a farmer or rancher. When you dress for work or play - you guessed it - thank the 2.2 million Americans involved in production agriculture.

It's because of these individuals that we enjoy the basic necessities of life - food, clothing, and shelter – in abundance and at a lower percentage of our expendable income than anywhere else in the world.

Nowhere but in the United States is such a wide variety of food available to everyday consumers. It's important to consider the farmers, ranchers, and growers who work day in and day out to produce a plentiful, safe, affordable supply of food, fiber and fuel.

To bring the perspective closer to home, 455,393 acres of land produce agriculture products with a market value of more than \$58.29 million, contributing significantly to the County's economic infrastructure. Farms and ranches in Cooke County produce a variety of commodities including wheat, oats, barley, corn, grain sorghum, soybeans, hay, cotton, pecans, peaches, vegetables, milk, and various livestock including cattle, sheep, goats, and horses just to name a few.

So this week, as you visit the grocery store, a restaurant, farmer's market, or sit down to a meal with family and friends, I ask that you join my colleagues and I at the U.S. Department of Agriculture in thanking America's farmers and ranchers. I'm certain they will be grateful to know that their fellow citizens appreciate their role in making America a truly great nation.

Respectfully submitted,

R. Chance Fenoglio County executive director Cooke County Farm Service Agency

TDA market recap

For the week ending Sept. 25, feeder cattle prices at Texas auctions were mostly steady to \$5 lower per hundredweight, with a few locations as much as \$10 lower and a few to \$2 higher. Tight overall supplies continue to support prices above a year ago, though higher grain prices and lower futures markets added to seasonal declines from a week earlier. Cash fed cattle prices were up slightly as higher beef values early in the week offset a report showing higher Texas.

1 1 1 1 2

than expected feedlot inventories.

Concerns about corn yields and a weaker dollar helped push corn and grain complete statewide and was sorghum prices higher.

As for futures markets, corn, was higher while feeder cattle, fed cattle, and wheat were lower.

Topsoil moisture was rated mostly adequate to short, with some very short areas in East Texas and surplus conditions along the Gulf Coast and in South Central

Grain sorghum was 60% harvested and 79% of the crop was rated mature. Corn harvest progressed to 64% nearing completion in the Blacklands region. Winter wheat seedings were 36% complete, slightly behind the average pace, and 9% of the acreage has emerged.

Cotton, corn, grain sorghum, and pastures were reported in mostly good to fair condition, while peanuts were rated mostly good to excellent.

Congress needs to tackle taxes

With election season just around the corner and Bush tax credits nearing expiration, Congress has much to tackle coming back from their summer recess, according to Robert Klement, County Farm Bureau president.

Taxes will top the session's agenda, as major changes could impact states' and businesses' operations and significantly cut budgets. With the soaring federal budget, lawmakers will look for ways to boost capital and make up ground.

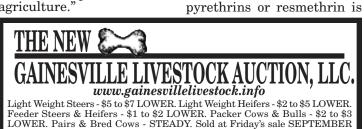

"What they do in Washington really affects us in the field. We trust our representatives are listening to how these tax cuts help our day-to-day operations," Klement said.

Many farmers and ranchers favor the Small Business Jobs and Credit Act of 2010, which would have enacted several tax provisions and lifted the Form 1099 reporting requirements—all of which Farm Bureau supported. However, the legislation did not pass in a vote on Sept. 15.

The Form 1099 reporting requirements add mounds of tedious paperwork," Kle-ment said. "The reporting requirements will dictate more of a producer's time, money, and resources, which are already scarce."

Current policy for both estate and income taxes will expire on Dec. 31, 2010. Until that date, there is not an estate tax, and stepped-up basis is limited. Farm Bureau would rather Congress permanently eliminate the estate tax. Until that time, Farm Bureau supports a \$5 million exemption with a 35% top rate, which has been proposed by Sen. Blanche Lincoln (D-Ark.) and Sen. Jon Kyl (R-Ariz.).

"An estate tax with a low exemption and high top rate could financially devastate a family farm and put them out of business," Klement said. "It's critical that Congress understands how the or aerosol treatment with estate tax impacts American agriculture.'

Protect your home from the final step in a complete spider control program. **Brown Řecluse Spiders**

Cooke and Montague **Counties schedule Mas**ter Gardener Training Course

Texas Cooperative Extension is once again hosting training for individuals interested in becoming Master Gardeners. The Master Gardeners are a group of individual who have an interest in horticulture and in their community. They agree to be volunteers for Texas Cooperative Extension, assisting the community by providing education and community service relating to horticulture. A personal commitment to the Master Gardener program enables a person to continue to receive specialized horticultural training and to participate in numerous group trips and activities.

If accepted into the Master Gardener program in your county, you will attend a Master Gardener training course. Classes are taught by Texas AgriLife Extension specialists, agents, and local experts. There is a cost related to the training, so contact us on the details.

The program offers a minimum of 50 hours of instruction that covers topics including lawn care; ornamental trees and shrubs; insect, disease, and weed management; soils and plant nutrition, vegetable gardening; home fruit production; garden flowers; and water conservation. The training begins on Oct. 8 and will continue every Friday till Dec. 3 at the Forestburg Baptist Church beginning from 9 a.m. to 4 p.m. Anyone interested in the program should contact the Texas Cooperative Extension office in Cooke or Montague County at (940) 668-5412 or (940) 894-2831, respectively.

hearing

Farm labor and immigration took center stage during a hearing of the House Judiciary Subcommittee on Immigration last Friday, Sept. 24. The hearing primarily focused on the United Farmworkers of America's "Take Our Jobs" campaign, which aims to connect legal workers with farm employers.

At the conclusion of the hearing, Subcommittee Chair Zoe Lofgren (D-Calif.) committed to collaborate with Rep. Linda Sanchez (D-Calif.) to remove agricultural exemptions from the Fair Labor Standards Act, including legislation regarding overtime and the right to organize.

Immigration and farm labor availability are priority issues for the American Farm Bureau Federation.
