

## CLUB HOLDS PLOW DAY

Doing what farmers have done for over 100 years, the Cooke County Antique Tractor and Farm Machinery Club held a plow day last Saturday at the Schad Farm in Lindsay. Members took their classic tractors out of the barns and gave them a workout. **Janie Hartman photo**

## Jim Robertson reports on delinquent tax collections

**By Janet Felderhoff**  
At the Nov. 8 regular meeting of Cooke County Commissioners Court, Jim Robertson, attorney at law for the collection of delinquent taxes owed to Cooke County, reported on past collections by his firm. Regarding the 2009 tax collection, Robertson said they were at about 99.37% of the base tax.

Taxes from 2008 and 2007 were also approaching 100%. Robertson noted, "You are always going to have bankruptcies, mobile homes that are moved out of the County and gone, some businesses that have inventory that's gone, but a private business would love to have 99% plus collection rate. It's because the land is here, and we will collect the taxes."

Robertson informed the Court that in the last 10 years, his firm collected over \$1 million from Sheriff sales. Last week, a Sheriff's sale had 32 properties.

Commissioners voted unanimously to renew the contract with Roberts for delinquent tax collection.

Ryan Brown who works with Valley View and Valley View ISD said he would be coming to the Court in the near future seeking support for supplying water and sewer for planned development in Valley View.

During an executive session, the Court discussed Courthouse security. After reconvening into regular session, they signed a proposal to begin work on the Courthouse Security Project with the vendor Ingersoll Rand. Estimated cost is \$42,150.

Approval was given to purchase badge making equipment for EMS personnel. The cost is not to exceed \$2,000.

Also during the executive session, the hiring of a new Human Resource person was considered. Later, in regular session, they voted to hire Diana Allen of Decatur to fill that position.

November was declared as Home Care and Home Hospice Month in Cooke County. Attending from that agency were Hospice Director Jana Cockerel, R.N., Nurse Liaison Debbie Perry, R.N., Volunteer Coordinator Kathi Kirby, and Kelly Nichols, a volunteer. The Court encouraged the public to learn more about the Home Care and Hospice concept of care for the elderly, disabled, and the terminally ill. County Judge John Roane added that Cooke County Home Hospice is the only hospice in Cooke County that is not

for-profit.

Nov. 15 was proclaimed America Recycles Day in Cooke County. Several members of Keep Valley View Beautiful attended Commissioners Court in an attempt to reach out to individuals living in Cooke County hoping to impress upon them the importance of recycling. They encourage citizens to adopt a lifestyle of recycling and reusing items. Use of the recycling center at 601 I-35 Gainesville was encouraged to improve the environment.

KVVB members present were President Norman Ute, Secretary/Treasurer Gail Roane, Natalie Ute Massengale, Event Coordinator Earline Ute, Anita Thair, and Jack Thair.

In other business, Commissioners Court:

- Accepted salvaged materials from the Texas Department of Transportation.
- Approved application for eligibility form to receive federal surplus property.
- Approved out-of-state

## Johnny Rohmer recalls reunion 65 years ago

Years ago, serving in the military often meant that family did not see one another, often for years at a time. That was the case for brothers Johnny and Emil Rohmer. Both were serving in the Philippines and it had been three years since they'd seen one another. Johnny was in Manila and Emil on the island of Leyte, so in the fall of 1945, they made arrangements for Emil to fly to Manila. They also contacted Marty Klement, another Muenster native, who was stationed just a few blocks from Johnny, and invited him to visit with them. The trio toured the countryside and visited the cemetery where a friend, Jim Endres, was buried. Then they visited downtown Manila just enjoying each others' company. After three days, Emil reported back to Leyte. Pictured on Rizal Avenue in Manila are, from left, Marty Klement, Johnny Rohmer, and Emil Rohmer. **Courtesy photo**

## SH Picnic offers fun, prizes, buys, and Thanksgiving meal

Sacred Heart Parish will host its Annual Thanksgiving Picnic and Auction on Sunday, Nov. 21. The event begins around 11 a.m. with a turkey and dressing feast including sausage, all the traditional side dishes, and dessert.

A silent auction will run until 3 p.m. with more than 200 items available for bid. A live auction with more than 120 items begins promptly at 4 p.m.

Local businesses and residents have donated many items from power tools to baby blankets. Many hand-crafted items from local parishioners will be up for bid including Christmas décor, quilts, bird houses, wood work, jewelry, hand-fashioned clothing, and various decorative items. The time and talent spent by local artisans on all of these hand-crafted items makes

this event so special. Generous donors are offering steak dinners, Italian dinners, Christmas Eve feasts, and this year a very special halibut dinner will be up for sale.

This Alaskan halibut was caught fresh by local parishioners Karl, Charla, Allison, and Blake Haubold. Blake, age 14, caught the prize winning halibut and was awarded cash prizes for his accomplishment. He and his family are offering a fresh halibut dinner, paired with some of the best steaks you've ever tasted prepared by Terry and Sharon Hess along with an assortment of side dishes and wine. Terry and Carol Henscheid Wimmer are also joining in to be your hosts for this fabulous evening at the Terry and Sharon Hess ranch with elegant covered outdoor dining, breath taking views, and

great company. This dinner will be offered to 10 couples, but you won't see this on the auction. Everyone will have the opportunity to sign up for this fantastic evening all day during the picnic. The cost is \$250 a plate (\$500 couple). What a great donation to the church and you'll find the evening to be worth every penny.

All the favorites are returning this year, including a gift shop where wonderful items will be available for purchase for those who don't feel lucky in the auction bidding process, cake walk, sweet shoppe with home-baked goods galore, silent auction, live auction, evening meal, gun raffle, main raffle, and kid's fun all day long with train rides, bounce houses, carnival style fun, and cotton candy and kettle corn to make the children's area complete.

## County requested to help demolish site for youth club

**By Janet Felderhoff**  
Ray Nichols spoke to Commissioners Court during the Public Comments segment of the Nov. 8 agenda. His topic was the Cooke County Boys and Girls Club, which has four facilities. Those are the Cooke County Youth Center for children ages six to 12, the Callisburg Center, the Valley View Center, and the Teen Center for ages 12 to 18. Additionally, another 3,900 people are served throughout the County through outreach programs through the school systems and programs at the Club.

Of the over 2900 mem-

bers of the local, Boys and Girls Club, 1,700 reside in Gainesville, 1,200 live outside Gainesville. According to Nichols, the three largest groups are 52% Caucasian, 21% Hispanic, and 14% African American, with 57% of those being male and 43% female.

Nichols noted that 63% of all the members qualify for the free lunch program at the schools they attend, and 60% of the children come from single-parent homes. "No young person is ever turned down from memberships to the Boys and Girls Club," said Nichols. "There's

273 scholarships offered this year."

A fact that Nichols said shocks a lot of people is that during the summer, the youths are fed two meals and a snack at the Club, and are fed one meal every (other) day before they go home. The total meals and snacks served from all four facilities is 63,262 per year.

"The main programming items are character and leadership development, education and career development, health and life skills, sports, fitness, and recreation," Nichols explained. **See YOUTH, pg. 2**

## Hospital offers CPR class

A basic CPR class will be offered at Muenster Memorial Hospital on Monday, Nov. 29 beginning at 7 p.m. Instructor Kim Monday said that she is offering the class at the request of several people who wanted to learn

how to perform cardio pulmonary resuscitation (CPR) correctly.

The class will be held in the MMH Education Room. Seating is limited, so those who are interested are asked

to call Kim at 940-736-1043 to sign up. There is a \$25 charge.

Those completing this class for non-medical personnel will receive a card noting that they have learned basic CPR skills.

# Obituaries

## Forest Scribner 1915 - 2010

Forest Wayne Scribner of Muenster died at the age of 95 in Muenster Memorial Hospital on Nov. 4, 2010. He was born March 10, 1915 in Eldorado, Kansas. No services are planned. Cremation is under the direction of Clement-Keel Funeral Home of Gainesville. Mr. Scribner is survived by his son Curtis Scribner of Muenster, three grandchildren, and two great-grandchildren.

## Dennis Allen 1960 - 2010

Funeral services for Dennis Wayne Allen of Lewisville were held at 10 a.m. on Monday, Nov. 8 at Geo. J. Carroll & Son Funeral Home in Gainesville. Burial was in Fairview Cemetery. Mr. Allen died Nov. 3, 2010 in Lewisville at the age of 50. He was born May 28, 1960 in Bryan. Survivors are his daughter and son-in-law Riannon and John Dougherty; father and step-mother William Ray and Beth Allen; brother and sister-in-law Will and Pattie Allen; sister and brother-in-law Valerie and Jim Gilbreath; and two grandchildren. He was preceded in death by his mother Claudian Allen.

# Letter to the Editor

**Dear Editor**  
Last year, the pilot leaf recycling program was a great success. Over 241 bags were collected totaling about 4,000 lbs. These leaves were recycled into the Muenster Gardens. Possibly you were blessed by some of the crops. The gardens looked good this year. Keep Muenster Beautiful volunteers will again attempt to collect leaves on Saturday afternoon or Sunday mornings every weekend through Dec. 11, starting this weekend Nov. 13. Some tips to help are: City Ordinance does not allow trash to be placed curbside until 5 p.m. the day before collection. Please do not place trash out for collection before Sunday at 5 p.m. That way, volunteers do not collect trash. Please do not package leaves and trash together for the leaf recycling program. If anyone wishes to save money and not use

plastic bags, you can take your leaves to the Muenster Gardens on Maple and place them around the flag. To make it easy to remove leaves from a pickup you might consider lining the bed of your truck with a tarp before loading. To unload, pull the cab-side over the top of the leaves and they roll out. We will estimate the pounds later. I did see one person using a power blower in the high wind this week clearing their lawn. I doubt they will get directly to the Gardens that way.

As we close the 2010 year, we remind everyone to submit the hours they may have completed on any beautification project to KMB. Go to the website at [keepmuensterbeautiful.org](http://keepmuensterbeautiful.org) and use that email contact info.

Thanks  
Gary Fisher  
KMB

# DAYS GONE BY.....

## 65 YEARS AGO Nov. 9, 1945

New heat records are being set for November: 88° on Nov. 1 and 89° on Nov. 6. Dads with three children under 18 are now exempt from military service. Harry Fisher has gone to Houston to be employed. Adolph Walterscheid is recovering from fractured ribs and bruises sustained in a plow and tractor accident. Frank Beyer is recovering from appendectomy.

## 50 YEARS AGO Nov. 11, 1960

Muenster favors Kennedy in president's race 2 to 1. David and Danny Fette will report to the Nocona Hospital early Friday for a pair of tonsillectomies. Jeanette Walterscheid is crowned queen at Muenster High School Homecoming. Wedding: Mary Jo Howard and Gilbert Kubis. New Arrivals: Bobby and Rebecca to Al and Juanita Bengfort.

## 25 YEARS AGO Nov. 8, 1985

Rosston gets new fire truck. Tony and Theresa Hermes to observe 50th wedding anniversary. Alois Hesse celebrates 86th birthday. Sister Amora Felderhoff OSB has 90th birthday party. New Arrivals: Brooke to Monte and Jacque Endres; Ashley to Craig and Donna Walterscheid; Kristi to Jeff and Connie McAden; Kirk to Roger and Monica Haverkamp; Elizabeth to Karla and Dan Per Stevenson; John to Peter and Maria McCoy; Lisa to Gary and Mary Endres.

# Fuhrmann dies

Cathy Fuhrmann (Mrs. Marcus) of Lindsay died Wednesday, Nov. 10 at Renaissance Care Center. A Rosary Service will be held on Friday, Nov. 12 at 5:30 p.m. in Sacred Heart Catholic Church of Muenster. Funeral services are set for 10 a.m. Saturday in Sacred Heart Church. Complete obituary will be in next week's paper.

# C O U N T Y

.....cont. from pg. 1

travel for EMS Director Kevin Grant to inspect a backup rescue truck in Rancho Cucamonga, California.

- Approved amendment to the project agreement for the Cooke County Emergency Watershed Project with the USDA for Watershed Site 7a, located in Precinct #4.

- Ratified the County Judge's signature on an application for Emergency Watershed Protection Program Matching Funds for Watershed Site 7a.

- Accepted \$114,510.54 from the FY 2010 Homeland Security Grant Program.

- Approved indigent burial of Tina Marie Presley.

- Approved contract with Woodbury Water for the installation of a fresh water line on CR 140.

## Changes approved for Driver Responsibility Program

The Texas Public Safety Commission adopted proposed changes to the Driver Responsibility Program rules during a recent meeting. The adopted rule will be published in the *Texas Register* as a final rule in November, and will consist of the following reduction programs:

The Amnesty Program:

- Will apply to individuals who have been in default, and the Department will determine the time in default for each amnesty period;

- Will reduce amount to 10% of total surcharges owed, not to exceed \$250;

- Will rescind suspension for those who receive amnesty while payments are being made.

The Indigency Program:

- Will apply to individuals at or below 125% of poverty level, using a sworn affidavit;

- Will reduce amount to 10% of total surcharges owed, not to exceed \$250;

- Will rescind suspension for those who receive indigency while payments are being made.

The Incentive Program will apply to individuals above 125% and below 300% of poverty level, using a sworn affidavit.

Individuals will pay a reduced amount if all three

The Muenster Chamber of Commerce hosted a ribbon cutting Wednesday morning to welcome Anil Badam, new owner of the DI One Stop, to Muenster. In attendance were, from left - Jonna Aiken, Gary Fisher, Kathy Boone, Sally Bartush, Lydia Springer, John Bartush, Anna Braziel, Neil Hesse, Matt Sicking, Carolyn McPherson, John Broyles, Anil Badam, Kevin Sebade, Allen Fleitman, Tommy Herr, and John Walterscheid. # YOUTH

"It's a goal of the Boys and Girls Club and all of their staff and dedicated volunteers to provide a positive and safe place for all of the youth of this community," Nichols continued. "The current facility was built in 1947, and we know after 63 years things go wrong. We need a new modern, efficient facility. We need state-of-the-art education."

A needs assessment done one and a half years ago, had 250 adults respond. There were representatives from school districts, the judicial system, law enforcement, probation, local governments, coaches, volunteers,

and the Boys and Girls Club participants.

With the need for a new facility determined, a search began for a place that would be ideal for kids walking to and from the facility. Gainesville ISD was building a new high school and moving the middle school to the building being used as the high school. GISD agreed to make the middle school property available to the Club. All asbestos has been abated from the property.

Nichols then asked Commissioners Court, in conjunction with the City of Gainesville, to demolish and remove the buildings from the prop-

erty, allowing all monies that the Club receives to be used for the construction.

He noted that some City employees have already volunteered their time to help for the children. "Our children are the most important investment you will ever make in this County," remarked Nichols. "I'm asking for just a small investment of time, equipment, and effort for a facility that has proven that if a young person will participate in its center for a minimum of three times a week, they are 85% less likely to be in gangs, 54% less likely to use alcohol. They are 90% less likely to go home hungry and 91% less likely to go home alone."

Commissioners had many questions about what the requested work entailed. Since a decision cannot be made on non-agenda items, it was decided to put it on the next agenda.

*"But if a widow has children or grandchildren, these should learn first of all to put their religion into practice by caring for their own family and so repaying their parents and grandparents, for this is pleasing to God."*

# LIFESTYLE

**NCTC PERFORMANCE SEASON SPONSOR** – Gathering in front of the facility which bears its name, First State Bank representatives demonstrate the Bank's continuing support by announcing its sponsorship of the entire 2010-11 performance season at the First State Bank Center for the Performing Arts on the North Central Texas College campus in Gainesville. Having just closed a successful run of the musical thriller *Sweeney Todd*, the center will next feature a special series of events showcasing the works of Edgar Allan Poe and a major main stage production of *Alice in Wonderland*. Shown from left are Thom Talbott, chair of the NCTC Drama and Dance Department; Lisa Bezner, Laurie Kuykendall, Cindy Rohmer, and Lloyd Reiter from First State Bank; Dr. Eddie Hadlock, NCTC president; Karen Cook from First State Bank; and Debba Sharp, NCTC vice president of advancement and director of the NCTC Foundation.

## Dianne LeClair to appear on the Wheel of Fortune

Dianne Sicking LeClair, Sacred Heart School Alumni, has been chosen to appear on *Wheel of Fortune*. She will be in Hollywood, California to tape the show in the near future. The show is part of Teacher Appreciation Week scheduled to be aired in early 2011.

Trying out was a spur of the moment idea for LeClair, who was in Fort Worth in the early spring with her daughter. They saw auditions were set for Billy Bob's, so they decided it would be fun to try out. A few weeks later, her daughter got a letter for a second tryout, but she was going to be out of town, so she asked her mother if she would take her place. They agreed, and LeClair tried out at the Adolphus Hotel in Dallas for the second round. She said there were 100 people to start with, and she qualified for the show along with six other contestants.

"I am very excited and so are my family and friends," said LeClair, who currently teaches at Saint Jo ISD. "I enjoy doing word games. I watch *Wheel of Fortune* as much as possible. It is fun trying to figure out the puzzles."

Her students at both the elementary and high school level have been cheering her on and wishing her well as the trip nears. The enthusiasm around campus has been fantastic.

LeClair and her husband Jack reside north of Saint Jo. She previously taught at Gainesville ISD. She is an active member of Sacred Heart Catholic Church in Muenster and the Century Club in Saint Jo.

## New Arrival

### Sewell

Adrian and Courtney Sewell of Muenster joyfully announce the birth of their first child, a son, Maddox Clay Sewell was born on Friday, Aug. 13, 2010. He weighed 7 lb. 6 oz. and measured 19 1/2 inches long. Maddox was born on his mother's birthday. Grandparents are Floyd Haverkamp of Muenster, Karen and Gary Green of Gainesville, and Monta and Kim Sewell of Callisburg.

Maddox Sewell

God gave you a gift of 86,400 seconds today. Have you used one to say "thank you?"  
~ William A. Ward

## CASA is looking for "a few good men"

It's not just the Marine Corps who is looking for a few good men. CASA is as well. "Each year, anywhere from 48-52% of the children CASA serves are male, yet only 20% of our volunteers are male," said Vicki Robertson, CASA's director. "I'd love to see CASA be able to provide these little guys with a positive male role model as well as an advocate. Most of the little boys I've worked with as a Court Appointed Special Advocate (CASA) have come from very broken families with fathers who are either absent or abusive, sometimes both. It's toughest for the boys who spend many years in foster care and are moved multiple times. Sometimes they end up reaching adulthood never having a positive male influence in their lives. When this happens, they tend to go back to what they know... they become absentee fathers, abusive, or they just don't know how to be a good and decent man because they haven't known one well enough. Even the young men who don't repeat the pattern struggle."

I'll take care of him myself. He won't be beating anyone while I'm around.' That was five years ago. Fortunately, realizing he needed a male influence, we were able to give him a male CASA volunteer who visits him regularly and listens to him. He doesn't have a mom or a dad right now and he's changed foster homes more times than you'd want to know, but he has a CASA volunteer who can talk responsibility and character from a man's perspective all the while he's looking out for Johnny's best interests."

CASA currently has just six male volunteers and is thankful for each of them. More are needed.

Being a CASA volunteer doesn't require any special

degree or experience. To be a CASA volunteer, a person must be over the age of 21, have a clear criminal history and a CPS history, be willing to go through CASA training, and willing to stay with a case for about a year to 18 months. On average, a CASA volunteer will spend 10 to 15 hours each month in working a case. Most of this time can be worked around the volunteer's schedule. Some, such as Court hearings and meetings with other professionals, occur during normal office hours and must be worked into the volunteer's schedule. These occur, on average, once every three or four months for a short period of time. Mostly, being a CASA volunteer takes a heart for children, determi-

nation, and a little time.

CASA of North Texas is now taking applications for Advocate training to take place in November and again in January. If you are interested in becoming a volunteer, you may contact the CASA office at (940) 665-2244 or you may access CASA's website at [www.casant.org](http://www.casant.org) and download the application forms. Another website that may provide further information is [www.becomeacasa.org](http://www.becomeacasa.org). If you are interested in getting into the training, contact the CASA office as quickly as possible.

It's never too late to be the difference in a CASA kid's life. Make 2010 the year you never forget because you gave your time to making a difference for a child.

## Prize picnic donation

Allen Fleitman of First State Bank presents Leslie Eddleman, Sacred Heart Picnic chairperson, a donation of a framed Sept. 17, 1965 Sacred Heart vs Callisburg football program. Eddie Yetter donated the reproduction and First State Bank framed the item to be auctioned at the Nov. 21 Parish Picnic. 1965 senior Tiger members were Sam Endres, Dwayne Hess, Dale Hofbauer, Rudy Koesler, Steve Kralicke, and Willie Wimmer. Coaches were Walter Wolf and Virgil Henscheid. Janie Hartman photo

You say grace before meals. All right. But I say grace before the concert and the opera, and grace before the play and pantomime, and grace before I open a book, and grace before sketching, painting, swimming, fencing, boxing, walking, playing, dancing, and grace before I dip the pen in the ink.

~ G.K. Chesterton

# TCOG home weatherization program seeks area applicants

Dr. Susan Thomas, executive director of Texoma Council of Governments (TCOG), announced Nov. 8 that TCOG's Weatherization Assistance Program is actively pursuing additional applicants in targeted counties.

"With cold temperatures approaching, most families simply turn up their thermostats to stay warm," Thomas stated. "However, for low income families in our region, cranking up the heat is not always an option."

TCOG's Weatherization

Assistance Program (WAP) has funding available which provides for the free installation of cost-effective, energy-efficient materials and services to families whose gross yearly incomes are at or below 200% of the Federal Poverty Guidelines. This means that a one-person household with a gross income up to \$21,660 can qualify for the program as well as a family of four with a gross income up to \$44,100. Income eligibility limits increase based on the number of family members.

Adding attic, floor, and wall insulation and reducing air infiltration in a home increases the thermal boundary which reduces energy consumption thereby resulting in a savings of up to 20% on energy bills.

TCOG is actively seeking qualified applicants in the following counties: Bowie, Hopkins, Cooke, Titus, Camp, Rains, and Franklin.

To receive a weatherization program application, call (903)813-3526. Applications can also be downloaded at [www.tcog.com](http://www.tcog.com).

Cooke County United Way celebrated exceeding its goal with donations and pledges of \$390,500 last Friday during its Celebration Luncheon. The \$360,000 goal was passed by \$30,500. During the lunch, CCUW recognized volunteers and businesses who made the drive successful. Muenster State Bank employees receive recognition from United Way workers. Pictured are John Bartush, 2011 Campaign Chair Rhonda Beam, Carol Simmons, CCUW Executive Director Angie Hare, Christine Weinzapfel, and CCUW President Condoa Parrent. Kathy Floyd photo

### Slow down when communicating with people with Alzheimer's

Simplifying your questions and being aware of nonverbal cues can make it much easier to talk with people who have Alzheimer's disease or other short-term memory problems.

"Pay attention not only to what needs to be said, but how to say it," said Kristin Martin-Cook, clinical trials coordinator of the Alzheimer's Disease Center at UT Southwestern Medical Center.

Martin-Cook offers the following tips:

- When asking for a decision, present a few options to choose from rather than asking open-ended questions;
- Speak in short, simple sentences and use gestures as appropriate;
- Give directions one step at a time;
- Speak clearly and slowly without background noise;
- Maintain eye contact and touch the person in order to focus the person's attention;
- Be aware of your nonverbal cues, such as tone of voice, body language, or emotion; even someone with a cognitive disorder is sensitive to these; and
- Do not criticize the person's speech or point out memory gaps. Prompt the person with missing words matter-of-factly.

Visit <http://www.utsouthwestern.org/neurosciences> to learn more about UT Southwestern's clinical services in neurosciences, including the treatment of Alzheimer's disease.

*November is Alzheimer's Disease Awareness Month*

## Master Gardener class announced

The Grayson County Agriculture Extension Office announces the opening of enrollment for the 2011 Texas Master Gardener Course. Classes will be held at the Grayson County Courthouse on Wednesdays from 9 a.m. to 4 p.m., beginning Jan. 5, and continuing until March 9.

Topics to be covered during the training include: soils and composting; horticulture basics - plant growth, development, and propagation; entomology; landscape design and rose pruning; vegetables; fruits and nuts; plant pathology; herbs and ornamentals; roses; and turfgrass.

Registration fees are \$125 per person, which includes the training and textbook. Enrollment is limited to the

first 20 paid enrollments. The deadline for registering is Friday, Dec. 17.

To obtain a registration form, stop by the Grayson County Extension Office on the second floor of the courthouse or call the Grayson County Master Gardeners at (903) 813-4204 to have an

application mailed to you. Checks and completed applications can be dropped off at the Extension office or mailed to Grayson County Extension Office, Attention: Master Gardeners, Courthouse, 100 W. Houston Street, Sherman, Texas 75090.

## Chili supper and auction set for area fire departments

The Moss Lake-Sivells Bend Volunteer Fire Department will host their 15th Annual Chili Supper and Auction on Saturday, Nov. 20. It will be held at their Fire Station/Community Center located on FM 1201 Spur, north of the dam. The meal consists of several varieties

The unthankful heart... discovers no mercies; but let the thankful heart sweep through the day and, as the magnet finds the iron, so it will find, in every hour, some Heavenly blessings!

MISD photos

## Student body teaches good food choices

Muenster FCCLA members of Lifetime Nutrition and Wellness class recently sponsored the State project, Student Body, for elementary students. The goal was to impact younger students with information the Nutrition and Wellness students are obtaining in class. By actively involving the children, they hoped to influence good

habits of nutrition and fitness. High school students grouped the children into four different activity areas at the MISD stadium. The activities included contests, games, and a lesson on the Food Guide Pyramid.

Contests between each class of 1st through 6th grade

were held in hoola hoop, 50 yard dash, and jump rope. First, second, and third place "medals" were awarded in each contest for each class.

At the conclusion of the program, a parent of a fifth grader reported that her daughter requested fruit salad and waffles for breakfast the very next day!

## Auntie Litter visits with Muenster students

**Keep Muenster Beautiful's Auntie Litter and No Graffiti spoke to the Muenster Elementary School on Thursday afternoon, Oct. 28. She asked the kids to pledge to help keep Muenster litter free and to recycle their paper. No Graffiti presented Muenster Pip Kids an award from KMB acknowledging their efforts of going green and recycling paper and cardboard. The first grade students sang a song they learned about keeping the earth clean. She reminded each student that we wouldn't have to "pick up litter" if everyone was responsible for their own trash and made sure it went into the proper receptacle. At the end of the program each student received the Auntie Litter Comic Book to take home to share with their parents.**

## College and Career Corner .....

# Why college rejection might be a blessing in disguise

**By Rose Rennekamp**

The postman walks up to your postbox, opens the door, and deposits an envelope that holds the key to your plans for the next four years. As you reach in, you see the return address from College X, your first choice! Heart beating, you bring the letter inside to open it.

Four options are possible: Acceptance, being on a wait list, deferment/mid-year admittance, or rejection. The first is easy, the next two offer options, but the fourth? Well, unless the college made a mistake, the decision is pretty much final — signed, sealed, and delivered.

Read the rejection letter carefully. What does the wording reveal? Remember that admissions officers must choose diverse entering classes. While you may have incredible gifts and talents, the college must create a well-rounded class.

Universities consider many different factors — GPA, extracurricular activities, service, test scores, and personal essays and interviews. To avoid cookie-cutter classes, colleges must draw from a wide variety of geographical regions, ethnic and cultural backgrounds, academic fields, athletic abilities, and artistic experiences, among many other considerations. This year, they may have needed oboe players, more students from the Midwest, tennis stars, and/or future physicists. If your resume didn't match

the college's criteria, you may not have made the cut.

Once you have mourned the loss of your first-choice college, you need to move on to Plan B. What, you have no Plan B? It's time to develop one! You can:

Consider offers from second- or third- or fourth-choice colleges. As the saying goes, you should never put all your eggs in one basket. You may be surprised to discover these "safety" schools actually offer a better fit, offer better financial aid packages, or offer academics and programs that rival or exceed your first-choice school. Consider a gap year. You can work, travel, or intern in your desired career field. And who knows? If the year is a productive one, you may re-apply to your first-choice school and get accepted.

Consider a community college to earn affordable college credits. Meet early with a counselor to ensure all your college work will transfer. After a semester or two, you can apply to a 4-year col-

lege; the final diploma comes from the 4-year institution. So you and your family will save some money in the process.

Consider a brand new college. In late spring, some universities discover they have openings for first-year students. You can meet with a high school counselor to discuss options or visit a reputable nonprofit site (like the regional New England Board of Higher Education) to learn which schools have openings.

Consider spending the next year learning a new skill, boosting your ACT score, or learning a new language. Anything that sets you apart from the crowd is an advantage in the college admissions process.

Like so much in life, college decisions are subjective. Try to seek out better and brighter alternatives. The day may soon arrive when you view the rejection as the best opportunity ever.

*Rose Rennekamp is the vice president of communications for ACT*

# Life's in the balance in the minutes after a call to EMS

The astonishing speed and efficiency of Emergency Medical Service (EMS) response is one of the everyday miracles of modern life. Each year, thousands are saved by the routine ability to deliver well-trained and -equipped medical team to most doorsteps in the time it takes to drink a cup of coffee.

But even a 10-minute lapse between a 9-1-1 call and the arrival of an emergency team can seem like hours when you're waiting with a seriously ill or injured person. And what you do before EMS arrives can mean the difference between life and death.

Knowing what constitutes an emergency is the first step in getting help for an ill or injured person. Some situations — auto crashes, severe chest pains, broken bones, and serious burns — are obvious calls. Others require a closer look and, perhaps, some quick medical consultation. Call 9-1-1 im-

mediately if you see any of these conditions:

- Serious bleeding;
- Absence of breathing;
- Unconsciousness;
- Apparent neck or spine injuries;
- Signs of a heart attack, including uncomfortable pressure or fullness in the chest or chest discomfort with lightheadedness, fainting, sweating, or shortness of breath;
- Paralysis;
- Serious burns;
- Choking;
- Broken bones;
- Head, chest or abdominal injuries.

Sometimes, what you know about the victim can also factor into a decision to call EMS. For example, does the victim have a pre-existing medical problem? Or, has he or she been under heavy physical stress or exhibited unusual behavior?

In other cases, you just have to rely on common sense and gut instinct based

on what you know about the person and situation.

Once you've decided to make the 9-1-1 call, remembering a few basic rules can make a good outcome more likely.

First, try to stay calm — and keep the ill or injured person calm — while calling. If you feel you're too distraught to think and speak clearly, ask someone else to make the call. Give the 9-1-1 dispatcher all requested information. This will always include the address or location of the emergency, your name and telephone number, the ill or injured person's name, and a description of the illness or injury.

Don't hang up until you're asked. The dispatcher often will have questions beyond the basics of addresses, names and phone numbers. Then, once you're off the phone, send someone to wait near the street or nearest available parking area to guide the EMS ambulance and crew.

Finally, never move an ill or injured person unless they're in immediate danger, and don't allow them to eat, drink, or smoke while waiting for the ambulance.

"While we can be proud of the emergency medical services in Texas," Perkins said, "prevention is still the best way to avoid needing help."

For more good information about how to deal with emergency medical situations, download the brochure "When Minutes Count: A Citizen's Guide to Medical Emergencies," from the Texas Department of State Health Services website at [www.dshs.state.tx.us/emstruasystems/WhenWeb.PDF](http://www.dshs.state.tx.us/emstruasystems/WhenWeb.PDF).

# Halloween safety promoted by Muenster FCCLA

Freshman FCCLA members of Muenster FCCLA presented a Halloween Safety program for students in the Pre-K through Fifth Grade on Friday, Oct. 29. All students of Principles of Human Services participated in planning and presenting the program which will be part of a Region II STAR event competition Feb. 4.

Students wore costumes to show examples of costumes that could be safe to wear, and those types that were prone to cause accidents. Skits, quiz games, pamphlets, and posters were also used for student participation.

FCCLA members ended the program with nutritious treat bags and glow sticks for the children.

# Severe storm safety

If you can hear thunder, you are close enough to the storm to be struck by lightning. Go to safe shelter immediately! Move to a sturdy building and stay away from windows. Do not take shelter in small sheds, under isolated trees, or in convertible automobiles.

If a sturdy shelter is not available, get inside a hard top automobile and keep windows up. Beware, though, since vehicles offer poor protection from down-burst winds and only fair protection from hail.

Get out of boats and away from water.

Unplug appliances not necessary for obtaining weather information. Avoid using

the telephone or any electrical appliances. Use phones ONLY in an emergency.

## If Caught Outdoors and No Shelter Is Nearby...

Find a low spot away from trees, fences, and poles. Make sure the place you pick is not subject to flooding. If you are in the woods, take shelter under the shorter trees.

If you feel your skin tingle or your hair stand on end, squat low to the ground on the balls of your feet. Make yourself the smallest target possible, and minimize your contact with the ground.

If you are boating or swimming, get to land and find shelter immediately!

Muenster Christmas Parade is near! Do you have an entry planned? The theme is A Charles Dickens Christmas Carol.

## Hornets win District Championship

Collinsville didn't know what hit them last Friday, as the Hornets of Muenster swarmed into Pirate territory and sunk the high-ranked, pre-season District favorite team 21-12. The victory earned the Hornets the title of District Champions, and a first round bye in the playoffs.

Muenster Coach Brady Carney commented that the Collinsville game was much like Lindsay's game. Both teams made a lot of mistakes early, noting the turnovers.

"It was a very defensive game," Carney added. "Our defensive coaches had a good game plan that paid off for us once more. Offensively we moved the ball well, but turnovers and penalties hurt us."

Muenster's offense out-distanced Collinsville 384 yards to 310. Added together the teams made nine turnovers and each punted four times.

"Three big games in a row showed a little pressure on the players. But at the same time, I think three in a row will help us in the playoffs," said Carney.

Action began with Muenster kicking off to the Pirates. Collinsville got in seven plays before punting. The Hornets' first offensive attempt lost yards and lost the ball when the Pirates recovered it. The next play, Collinsville fumbled and Chase Hammer got the ball back on the Hornet 12 yard line.

Blake Voth gained 7 yards, with Tyler Anderle passes to Jason Luke and Hammer gaining 24 more before Muenster ran out of downs and punted.

It was five plays and punt for the Pirates. Luke returned the punt 10 yards to the Hornet 36. Two passes to Dalton Koelzer, a Luke run, and two short flags carried Muenster to the 2 yard line. Three Hammer runs later, Muenster was on the board. Josiah Flaming added the extra point for a 7-0 score with 1:28 remaining in the 1st quarter.

The Pirates got in only one run before Koelzer intercepted a pass at midfield. An Anderle to Andy Flusche pass play picked up 17, but a quarterback sack the next snap lost 11. A 22 yard gain from a Koelzer catch took the Hornets to the 21. On 3rd and 16, Luke completed a pass to Scott Porter for a 27 yard touchdown play. The PAT failed for a 13-0 score with 9:34 on the 2nd quarter clock.

Collinsville got in a few good plays, but their drive ended 25 yards from paydirt with another fumble, recovered by Mark Jones.

Two penalties kept the Hornets from gaining any ground and they punted. A 39 yard Pirate run was followed by a 20 yard touchdown run to put the Pirates on the scoreboard, 13-6 with 5:49 still on the 2nd quarter clock.

Starting on their own 32, a 50 yard pass play from Anderle to Koelzer quickly moved Muenster to the 15. A flag lost 10, Luke gained 8, and an Anderle to Flusche pass gained 14 to the 3 yard line. A 1st and goal play was fumbled and the Pirate offense took over, playing out the remainder of the 1st half.

The first three drives of the 2nd half ended in interceptions, Muenster throwing two and Flusche picking off one.

The Pirates got inside the Hornet 10 yard line, but Muenster's defense stopped them at the 3.

After exchanging punts, Muenster worked in six

plays in 2 minutes, scoring on a 16 yard Hammer run. With 9 minutes remaining in the game, a Luke to Voth pass gave Muenster a 21-6 lead.

The Pirates' next drive consisted of an incomplete pass and a fumble recovered by Luke. Muenster couldn't get a 1st down and punted, putting the Pirates on their own 20 yard line. Six plays later, Collinsville found the end zone. With 2:30 remaining in the game, the Pirates closed the point spread to 21-12.

Muenster covered an on-side kick and played out the remaining time.

### Next Action

As District 5-A Division I Champions, the Muenster Hornets get a bye this week in Bi-District play. Their first playoff game will be against the winner of this Friday's battle between the Kerens Bobcats, District 8-A Runner-up, and the Bosqueville Bulldogs, 3rd place team from District 7-A.

"We are fixing to see some very athletic teams," Carney concluded.

Hornet Blake Voth (2) cuts into an opening in the Pirate line, made possible by the Muenster O-line, including Garrett Hanes (62), Trevor Hess (7), and Chase Hammer (25).

## Tigers' playoff game Friday

After a week off, the Sacred Heart Tigers are ready to take the field this Friday night and host the Waco Texas Christian Stars in the Bi-District round of the TAPPS State Championship Football Playoffs.

The Stars hold a 7-3 record and were in a three-way tie for their District Championship with Richardson Canyon Creek and Rowlett Rockwall Christian, settling for 3rd

place after the point spread tiebreaker.

"Their quarterback is their key to the game," noted Sacred Heart Coach Dale Schilling. "He's very fast and a good operator. Wherever the team goes, he goes. We must contain the quarterback." Schilling also noted that Waco is big up front and that their skill players have lots of speed. "It's going to be a big challenge," he concluded. Kickoff is at 7:30 p.m. at Tiger Field.

# GOOD LUCK TIGERS!!

## Muenster and Lindsay cross country runners State-bound

The Lady Hornets of Muenster and the Lady Knights and Knights of Lindsay Cross Country teams will advance to the UIL Class A State Championship race in Round Rock on Saturday, Nov. 13. All three teams, along with the Era Lady Hornets, finished in the top three at Regional last weekend in Humble. There were 22 teams and 160 runners.

The Lady Knights won their fourth consecutive Regional Championship with 42 points. Era followed with 55, with Muenster earning 3rd at 101.

Kelsey Hermes won the race, clocking in at 11:54.4. Muenster's Emily Hellman finished 2nd at 12:16.6, followed by Lauren Gibbs of Lindsay with a time of 12:20.3. Also finishing in the top 10 were Megan Holt 8th place at 12:36.7 and Paige Herr 10th with a time of 12:42.5. The above five runners were named to the Cross Country Coaches Association All-Region Team.

Rounding out the Muenster and Lindsay girl runners were: 11, Megan Cailier, L, 12:51.1; 22, Bethani Eberhart, L, 13:22.3; 26, Mi-

chelle Sicking, M, 13:36.3; 32, Amber Walterscheid, M, 13:45.7; 37, Lauren Rohmer, M, 13:48.2; 43, Jordan Fleitman, L, 13:55.8; 57, Rebecca Metzler, L, 14:09.6; 76, Shelbi Sicking, M, 14:31.1; 106, Kalya Dangelmayr, M, 14:59.6.

The Lindsay Knights finished 3rd as a team with 132 points, behind Sulphur Bluff 116 and Saltillo 121. Besides

Knights beat out the teams that out-ran them in District - Trenton 155 and Bland 275.

Of the 164 runners, the Knights finished as follows: 18, Travis Block, 18:32; 20, John Price, 18:33; 29, Dakota Ellender, 18:48; 32, Chance O'Shel, 18:54; 56, Josh Timmins, 19:41; 140, Max Beebe, 22:32; 141, Conner Polk, 22:34.

**10 IN A ROW!**

**WAY TO GO!!!**

**GOOD LUCK HORNETS**

Josiah Flaming (9) adds another point to the Hornets' victory over Collinsville last Friday night, Jason Luke (1) sets the ball in place.

## HORNET HISTORY

The 2010 Muenster Hornet football season will go down in the School's history as the 1st place, District Champions with a 10-0 regular, undefeated season, and hopefully, a successful playoff run.

The Hornets' last District Championship was in 2003. That team was also 10-0, but lost in the 1st round of the playoffs to Top Ten State-ranked Albany. All-District honors went to Jared Britain, Derek Endres, Kyle Endres, Justin Ferguson, Kirk Hartman, Jared Ledbetter, Daniel McGrew, Clint Miller, John Sturm, Zach Swirczynski, Cameron Walterscheid, and Justin Wolf.

In 1999, the Muenster Hornets were also District Champions, ending the season to Celeste in the Area playoff round. All-District honors went to Mitch Endres, Danny Felderhoff, Justin Fleitman, John Flusche, Blake Garrison, Chris Grewing, Craig Hartman, Grant Hartman, Darren Hennigan, Angel Hernandez, Jeff Klement, Josh Luke, Bryan Miller, Nick Silmon, Jim Stoffels, Casey Walterscheid, and Justin Walterscheid.

The next past team with a perfect 10-0 regular record was back in 1968 when the Hornets won the 9-B trophy, losing to Celina in Regional. Top players included Bobby Bruns, Mike Cason, David Fette, Don Hartman, Mike Hennigan, Tommy Henscheid, Andy Knabe, Terry Miller, John Monday, Alcuin Schilling, Clifford Sicking, and Ken Swirczynski.

# Lady Knights Regional bound

The Lindsay Lady Knight volleyball team continues winning, taking the Area game against DeLeon by scores of 25-12, 25-17, 23-25, 25-20.

Lucinda Krahl had 2 digs (D), 21 assists (A); Taylor Atkins, 7 aces (AC), 10 kills (K), 2 blocks (B), 9 D; Jordan Fleitman, 17 K, 3 B; Katie Arendt, 2 AC, 8 D; Jalyn An-

derle, 10 K, 6 B, 6 D; Kendall McLeod, 5 D, 16 A; Erin Copeland, 9 D; Allison Metzler, 11 K; Elizabeth Wallace 3 D.

On Tuesday, Lindsay faced Albany in the Regional Quarterfinal game, winning by scores of 22-25, 25-20, 25-23, 17-25, 15-11.

Krahl had 3 AC, 5 D, 19 A; Atkins, 4 AC, 13 K, 23 D;

Fleitman, 19 K, 9 B; Arendt, 10 D; Anderle, 2 AC, 7 K, 13 B, 12 D; McLeod, 2 AC, 5 D, 22 A; Copeland, 8 D; Metzler, 15 K, 4 D; Wallace, 5 B, 4 D; Wallace, 5 B, 4 D; Katie Nortman, 5 D.

The Lady Knights will be playing Cross Roads at the Region 2 1A tournament on Friday, Nov. 12 at Weatherford High School. The time is TBA.

## Lady Hornets start basketball

The Muenster Lady Hornets played their first basketball game of the season Tuesday night, hosting Honey Grove, in Junior Varsity and Varsity action.

The JV girls came up short by a score of 32-19. Lauren Rohmer scored 15 points, with Adrian Rohmer and Brooke Walterscheid each adding 2.

**M** 2 6 8 3 19  
**HG** 6 10 7 9 32

The varsity Lady Hornets started the season with a 46-38 victory over the visitors, taking care of business in the final quarter.

Taylor Klement led the scoring with 18 points. Allison Pagel added 8, Lana Heers 7, Amber Walterscheid 6, Kalyn Dangelmayer 5, and Andi Felderhoff 2.

**M** 12 10 10 14 46  
**HG** 11 11 9 7 38

The Lady Hornets travel to Alvord this Saturday then to Bridgeport Tuesday as play continues.

## Donation to football program

## Knights season continues after 55-30 victory over Valley View

Out of the Lindsay Knights' 55 points against the Valley View Eagles Friday night, one player was responsible for 42 of them.

Robert Arend ran for seven touchdowns to help the Knights take the third and last playoff spot in the District 5A Division I playoffs in the 55-30 win over Valley View.

The Knights (7-3) will face the Honey Grove Warriors at 7:30 p.m. Friday in Pottsville. Lindsay coach Cody Bounds said that the Warriors have a "dynamite" quarterback and they may have the biggest defensive line the Knights have faced all year.

"Their quarterback is quick as lightning," Bounds said. "It will make for a tough game. IT will be interesting." Honey Grove dropped down after being in a 2A district last year.

At Henry B. Schroeder Knight Field Friday, both teams knew that the winning team would head to the playoffs and the losing team would stay home. With the high stakes, neither team wasted time getting on the scoreboard.

Eagles' quarterback Scott Willis started a wild first quarter with a 66-yard touchdown run on the second play of the game. The try for two failed and the Eagles led 6-0, but for less than half a minute. On the second play after the Eagles' kickoff, Arend started his streak with a 52-yard run for the touchdown. Travis Skinner's kick gave the Knights a 7-6 lead.

Arend's second touchdown came after Blake Walker picked up a Willis fumble on the Valley View 46-yard line. Arend covered the 46 yards on the next play, and with another Skinner kick, the score was 14-6 with 10:19 still left in the first quarter.

Walker scored the next TD on a 71-yard interception, and on the kickoff, Arend recovered an Eagle fumble to set up his third touchdown. The 5-yard run and PAT came with just over seven minutes left in the first quarter.

Valley View's Oscar Luna scored the final TD of the first quarter on a 1-yard run that capped off a 12-play, 58-yard Eagle drive to make the score 28-12, Knights.

Early in the second quarter, Eagle A.J. Kassen caught a 76-yard Willis pass for a touchdown to get within 10 points of the Knights, 28-18, but Arend answered with two more TDs and at the half, the score was 42-18.

Both teams were scoreless in the third quarter, but Arend took the ball 52 yards at the opening of the fourth and with Skinner's kick, the score was 49-18. Valley View took the kickoff and scored on a 61-yard pass from Willis to Landon Boaz to bring the score to 49-24.

Arend's last TD came with 6:40 left in the game, a 1-yard run to make it 55-24. Valley View's last score was a 5-yard pass from Willis to Luna with less than a minute left in the game.

Arend rushed for 305 yards on 22 carries. For Valley View, Willis rushed for 147 yards on 19 carries, and was 10 for 24 in the air for 210 yards.

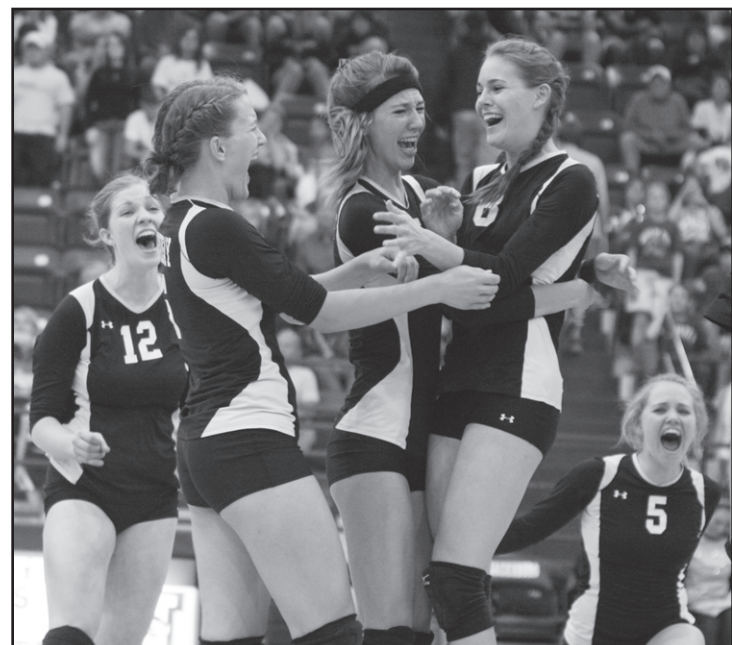

Bounds said he was proud of the Knights for playing maybe the most complete game of the year, especially after the disappointing loss in the Kraut Bowl to Muenster the week before.

"They came back strong after last week's loss and showed a lot of heart and desire," Bounds said. "I am especially proud of my seniors. It was special for them because it was the last home game. For them to get a win in the fashion they got it was good."

Bounds called Arend "explosive" but credited getting back to basics as part of their success.

"Arend had a good night," Bounds said. "He was more patient. It was our best all-around game and it couldn't have come at a better time. Plays were executed like they were drawn up. We had some foolish penalties, and didn't tackle like we should have but we'll get that fixed."

With live bait, the fish swallows the hook more deeply causing greater damage when the hook is removed than with artificial baits.

When casting on windy day, use a sidearm cast. It will keep your line and lure more horizontal and closer to the water.

A "green" fish is one that has not been hooked and played to exhaustion, one that is still feisty after being reeled in.

Heat weakens fishing line, whether baking in a truck or sitting in direct sunlight.

Fish will congregate at a cool water source (a spring) when the rest of the water body is warmer.

It takes two to three weeks for a fish hook embedded in the mouth of a fish to dissolve. Faster in warmer water.

## Hunting is big business in Texas

How does a \$4.6 billion Texas-based industry go unnoticed? Easy when you consider most of its participants go about their business cloaked in camouflage. Despite not appearing on the stock market rolls, hunters in Texas are a major economic force, according to findings by the Southwick Associates, a Florida-based research firm specializing in economic and business statistics related to fish and wildlife resources.

The Texas Parks and Wildlife Department's Wildlife Division commissioned the Southwick group to ascertain the economic effect from fish and wildlife-related recreation in Texas. The study draws insight based on data in the 2006 National Survey of Fishing, Hunting, and Wildlife-Associated Recreation, which is the most recent census of outdoor enthusiasts.

The complete report is available at <http://www.southwickassociates.com/free-reports>. Enter free report search keywords "Texas economics".

# Statewide poll examines Farm Bureau issues

Texans overwhelmingly support private property rights, according to results of a statewide poll sponsored by the Texas Farm Bureau, Texas Civil Justice League, and the Texas Medical Association. The groups pooled resources for a poll conducted by Texas Interested Citizens of 1,200 registered voters.

The poll, conducted before the Nov. 2 election, surveyed voter attitudes on prospective candidates. It also addressed issues likely to surface in the upcoming session of the Texas Legislature and Congress.

"As or more important than the elective races is the attitude of the voting public on some of our major policy issues," TFB President Kenneth Dierschke said. "We found great support for private property rights and landowner—not community—ownership of groundwater. We enjoy broad

public support on key Farm Bureau issues at the federal level, namely estate tax reform and ag trade with Cuba.

"I believe Texas Farm Bureau's efforts in both the upcoming sessions of Congress and the Texas Legislature will start with the breeze at our backs," Dierschke commented.

Opinions expressed by registered voters in Texas included the following:

- 81% agreed that property owners have a right to be reimbursed for reduced access to their property when they have adjoining property that is taken through eminent domain. 9% disagreed.

- Concerning eminent domain, 60% said property owners should be reimbursed for both the value of their land and a percentage for all water sold from a reservoir when their land is condemned for building a reservoir. 24% said

property owners should be reimbursed only for the value of their land.

- 62% felt that water underneath a person's property belonged to the property owner. 29% felt it belonged to the general community.

- 62% were in favor of making President Bush's 2001 tax cuts permanent; 32% were opposed.

- 59% were in favor of permanently eliminating the federal estate tax; 31% were opposed.

- 56% were in favor of continuing the policy of federally-funded subsidies for American farmers; 36% were opposed.

- 81% opposed allowing foreign-owned companies to lease and manage Texas toll roads; 14% were in favor.

- 60% favored allowing Texas farmers and ranchers to sell their agricultural products to Cuba; 33% were opposed.

# FARM & RANCH

## PLOW DAY

Members of the Cooke County Antique Tractor and Farm Machinery Club met last weekend at the Schad Farm north of Lindsay for a social "plow day" get-together. Classic tractors pulled a variety of old plows through the field, turning the soil in preparation for the next crop.

## County Agent's Report

### Bees and wasps

Honeybees and wasps are frequently topics of discussion here at the Texas AgriLife Extension Service Office in Cooke County. There is considerable confusion about the difference between the two. Bees especially, have been in the news a lot because of colony collapse disorder and because of the Africanized honeybee. Stinging insects will cause alarm when they are noticed in great numbers or when they take up residence in an area where they are not welcome. Therefore, there are a few facts that many people may wish to know concerning these important insects.

First, honey bees are valuable for pollination purposes, and the fate of the honey bee has been discussed quite a lot. However, they are still quite capable of being a nuisance, even to the point of being dangerous to people who are especially sensitive to their sting.

Therefore, it is wise to keep them away from areas where people are present. Honeybees will often protect their territory. Every hive is different, and some will be more aggressive and defend a larger area around their hive than others. It is advisable to call an expert in to exterminate or remove a colony located in a high traffic area.

The question about Africanized bees often arises. Texas AgriLife Extension Service Publication E-346 Honeybees In and Around the House tells us that, "Africanized and European bees are so closely related that it is almost impossible to tell them apart except with genetic analysis or laboratory measurements." Since 1990, these bees have been present in Texas. There has been no call for great alarm in Cooke

County, but that does not mean that some of the Africanized genetics have not found their way into the local bee population, so please take care when you notice a colony.

Often, I receive calls concerning "swarms" of bees. This is a normal phenomenon. Bees that are looking for a new place to make a hive will move about in thick swarms. Amateur beekeepers really like to find these swarms and collect them. They are usually very willing to take up residence in a beekeepers box! Also, bee colonies in this stage are usually not very aggressive.

Don't confuse the honeybee with social wasps, such as paper wasps, hornets, and yellow jackets which also can become pests in and around structures. Social wasps are quick to sting when defending their nests.

Individual wasps can sting repeatedly; honeybees can sting only once.

This single fact can make wasps a much greater threat to human safety than bees. During the past several years, I have personally noticed an increase in social wasp calls. We seem to either have more of the yellow

jacket or baldface hornet in the area, as described in Extension Publication L-1828, Paper Wasps, Yellowjackets and Solitary Wasps, or people are simply noticing them more. Because of the enclosed nest and the large population, people will often mistake these for bees.

However, wasps and bees are easily distinguished from each other because bees are generally hairy, with stout bodies and wide, flattened hind legs for carrying pollen. Wasps are generally smooth or have scattered hairs; they also have distinct "waists."

In conclusion, be careful when finding yourself near a colony of any stinging insect. Know that it is ok to exterminate dangerous colonies.

Also, be mindful of the fact that both bees and wasps are beneficial.

Bees are great pollinators. Wasps are good predators; especially helping to control caterpillar and other harmful insect populations.
