

Pace is sluggish on new City water system installation

By Janet Felderhoff

Work on the City's new water system is progressing slowly and may not be completed by the time water demands peak this summer. City Administrator Stan Endres updated the City Council on the project at the Monday, June 4 meeting.

According to Endres, the contractors are in town working on the improvements for the water system, but work seems to be slow. The problem is that they have hit a lot of solid rock while trying to lay the water lines. The company works 40 hour weeks putting in four 10-hour days each week.

Endres remarked, "It's pretty unlikely that everything is going to be finished by the end of this month when it was all supposed to be done." He added that if it doesn't rain and it gets hot, they could be in the same situation as last summer with water restrictions.

Also, the new water tank has not arrived and the crew to set it up is two to three weeks behind.

Water Works Manager Leo Lutkenhaus said that they are laying line in the pump yard and it is solid rock. He expects to be out of rock once they get through the Barnhill location. "Then we'll have a whole different set of problems. The digging will be much easier on Eddy Street and coming up Main." They said mid July is the earliest they anticipate being finished with the water system.

Last year was the first time in years that the City had trouble with an insufficient supply of water. There has been more rain this year than last. Lutkenhaus noted, "Before this last rain, we had reached the 500,000 mark and we didn't get in trouble July 1 at 700,000. We still have a little cushion. Before this last rain, it went to jumping." Endres said that the City used two million gallons more this May than last May.

New construction at Muenster ISD will require new sewer lines. A six inch clay line currently serves Muenster ISD's facilities, the homes north of the school on Oak Street, and goes through Sacred Heart School property and under the high school. Endres expressed concern that there might one day be a major problem with the old line under the high school. To delay or prevent that problem, the City plans to reroute the sewer line so that the Muenster ISD and Oak Street homes line will run down Ninth Street and into the PVC line that serves the new ballpark.

The project will require the City to put in about 500 feet of new 8" PVC line with MISD responsible for the remainder of the line. This would be done in the summer of 2013.

This will also serve to satisfy TCEQ's requirement to replace old sewer lines every year. The City agreed to do that after a citation for a problem at the sewer plant.

Lutkenhaus said that MISD's engineers required an 8" line and they will be doing the engineering and replacement of the line up Ninth Street along the west side of the football field to the south to connect with the restrooms and

Old Electric Co-op building demolished

Demolition began last week at the 500 block of Division Street as crews knocked down the building to clean up the lot recently purchased by V&T Enterprises. Linda Flusche photo

Built and furnished at a cost of almost \$100,000 in 1956, the new Cooke County Electric Co-op building had floor space of more than 7,500 square feet that included 13 office rooms and a big warehouse. The 12" thick outside walls were faced with light brick and Tennessee crab orchard stone. Over 500 attended open house on June 17, 1956.

MISD sets public hearing June 13 on tax rate

By Janet Felderhoff

Muenster ISD's Board of Trustees set a public hearing for 7 p.m., June 13, just before their 7:30 p.m. regular meeting. Topic of discussion is the tax rate. They also scheduled a called meeting of the Board for June 27.

Progress continues in planning the new elementary school. During the May 16 meeting, the Board discussed construction plans with Construction Management Agent Charlie Price and Architect W.C. Ferrell.

The color scheme selected by the Board for the new

elementary school is white brick on the lower part and red brick above. Paving of the parking lot is planned for this summer.

Price reported that floor tile and sheet rock taping and bedding are in progress in the practice gym. The air conditioning and plumbing have also been roughed in. Graphics for the exterior of the practice gym were priced at \$12,620.

Building of the concession stand has begun. Bidding for bleachers in the practice gym ranged from \$13,000 to \$26,000. They accepted the

bid from Irwin Telescopic Seating for three rows of bleachers at \$15,978.

Muenster Jaycees asked about removing the playground equipment from the elementary playground. It was decided to determine if the playground equipment located on the school tennis courts will go out for bids before it is removed. No action took place.

Fifty-two transfer students were accepted by the Board as recommended by the campus transfer committee. The list for the 2012-13 year included three from Bowie ISD; 16 from ERA ISD; two from Forestburg ISD; 10 from Gainesville ISD; four from Lindsay ISD; seven from Saint Jo ISD; nine from Sivells Bend ISD; and one from Valley View ISD.

REPORTS

Elementary Principal Lou Heers reported that the Elementary Student Council, assisted by Muenster Elementary students, took part in a two-week donations drive for the Ronald McDonald House in Fort Worth. Students contributed household, kitchen, and cleaning supplies and pantry items. Mrs. Klement's 4th grade class earned the most points (5,602) with their donations. They were rewarded with a pizza party compliments of the Looyé family.

May 7-11 was Teacher Appreciation Week. The PTO provided the faculty and staff on various days with 15 minute chair massages, carnation bud vase and candy, a barbecue lunch, and cookies. The Elementary Student Council provided chips and dips for the teachers and staff on Friday.

JH/HS Principal Sharon Browning noted a passing

rate of 86% for the 5th six weeks. She told of accomplishments in UIL, FCCLA, and for Band, and of State meets in Academics, Track, and Golf.

Technology Director Jeff Presnall said that the District's Technology Plan had been approved by TEA and will be valid for the 2012-13 school year. A copy of the plan can be viewed at muensterisd.net/Page/84.

More than 300 tech requests have been submitted since the beginning of school.

In other business, the Board:

- Heard that \$594.03 was collected in April for delinquent taxes.
- Accepted bid of \$29,625 from Athens Steel Buildings for damage repair from the wind storm that damaged the roofs on the high school, Hornet gym, and the side of the new cafeteria.
- Approved the TASB Risk Management insurance contract as presented for \$22,068 for the 2012-13 school year.
- Approved the service agreements with Region XI for \$36,572.55 due to enrollment as presented.
- Approved the City water well lease agreement for 2012-14 for a price of \$600 per year.

Playground in the Park

Muenster Jaycee members were busy in the City Park last Thursday and Friday refurbishing the sand volleyball court. Work consisted of digging out the old sand, grass, and stickers. They put in wash sand from east Oklahoma, new dirt around the edges, put up a new net, and fixed a broken light. The boundaries are now constructed of 6" pvc pipe. Alan Ritchey donated two loads of sand and G&H Backhoe and Dangelmayr Construction donated the use of their equipment for the project. Courtesy photo

Perfect Trouble Fest Party In The Park this Saturday

Perfect Trouble Fest Party In The Park 2012 will take place on Saturday, June 9 at the Muenster City Park. The event is a concert spearheaded by Texas country music recording artist Scotty Thurman and The Perfect Trouble Band and the Knights of Columbus, Muenster Council. It features nine full bands along with acoustic artists including the headliner, Texas Music Awards Album Of The Year winner Scotty Thurman and The Perfect Trouble Band.

The concert aims to raise the money and awareness for all the organizations involved along with business and music artists alike. Proceeds will benefit Boys Scouts, Girl Scouts, United Way, Sacred Heart School, Girls Softball,

T-Ball, ABBA, Muenster New Swimming Pool Project, and many more....

Festivities will begin at 1 p.m., lasting until midnight, and will feature live music, food, and other activities. Dillon Steen, manager of Scotty Thurman and The Perfect Trouble Band, had this to say about the event: "Perfect Trouble Fest has gone on for a few years now and has always been a great way for the band to share some up close and personal time with their fans who have supported them from the beginning. I was contacted by the Knights of Columbus this year about Party In The Park and their desire to help many of the local organizations. We met and talked and it just seemed like

the perfect idea to combine the two events together to get the most help and show the most support for all the communities. We also feel it is a great opportunity to showcase so much of the talent that is out there!! The Knights of Columbus, and all of us with Scotty Thurman and The Perfect Trouble Band, are very excited about this event!"

The lineup includes Scotty Thurman and The Perfect Trouble Band, Johnny Reed, Saints Eleven, The Bois d'Arcs, Lucky's Widow, Gary Simpson, Clear Creek, Andy Serna and The Forever Young Band, Colby Ray Band, Whitney O'Neil, Aubrey Lynn England and Tom McElvain.

Bend it like Binder

School's out - summer camps have begun. Muenster Coach Amy Binder goes through some fundamentals of basketball with campers earlier this week at the Hornet Basketball Camp. See sports for more camp pictures. Janie Hartman photo

Letters to the Editor

Dear Editor,
 Muenster is so blessed to have the Muenster Jaycees as part of this community. I mentioned to one of the members that the volleyball courts were unusable and the tennis court nets were worn out. Within a few weeks, there were over a dozen Jaycees out there manually spreading the new sand and replacing the nets. It is so nice to see the teenage kids playing volleyball again. Without the Muenster Jaycees we would not have the volleyball courts, tennis courts, or the new baseball fields. So, for all the work the Muenster Jaycees do for our community, we do appreciate it!

Thanks,
 Carol Grewing Muenster, TX

To the citizens of Muenster,

A little bragging about Muenster is in order. Muenster is getting some good publicity for winning the GCAA award this year, for the sixth time, as the award convention nears. Keep Muenster Beautiful members were directed by Elaine Schilling during the year's activities. Steve and Kay Broyles tackled the daunting task of building the winning photo application.

There is a good write up on the Keep Texas Beautiful website about Muenster's winning Governor's Achievement Award for 2011. Here is the article's location:
<http://www.ktb.org/display.aspx?catid=24&pageid=1703>
 There will be other articles placed by the Associated Press to papers across the nation as we get nearer the convention in late June.

Muenster could not have won without the down-to-earth grass roots support given by the schools, member organizations, our wonderful newspaper, our City workers, and from caring individuals who just go out and tackle challenges and problems. It takes everyone reporting back to KMB to win the statistics game. Everyone has a good reason to be proud. Our work ethic lives on!

Gary Fisher

Muenster Police Dept. completes Click It or Ticket crackdown

After a 14-day enforcement mobilization, the 2012 Click It or Ticket campaign comes to an end. But don't be fooled, law enforcement agencies aren't letting up on seat belt violators now. With the support of law enforcement officers, highway safety officials, and safety advocates across the country, the recent mobilization saved thousands of lives across the nation by cracking down on those who are not buckling up - day and night.

Muenster Police Department announced that 13 seat belt citations were issued during the Click It or Ticket mobilization to encourage more local drivers and passengers to always buckle-up.

"A majority of people have gotten the message, but many have not. Tragic crash-

es can and do happen every day," said Chief Mark Blankenship. "Our job is to save lives, and we want everyone to have the best chance of surviving a fatal crash - by always buckling up."

High-visibility enforcement such as the Click It or Ticket mobilization is credited with increasing the national belt usage rate from 58% in 1994 to an observed usage rate of 84% in 2011 according to the U.S. Department of Transportation's National Highway Traffic Safety Administration (NHTSA). Belt use saves thousands of lives across America each year. NHTSA statistics also show that in 2010 alone, seat belts saved an estimated 12,546 lives nationwide.

"Muenster Police Department is proud to have supported the 2012 Click It or Ticket mobilization - a highly visible national enforcement crackdown created to save more lives on our roadways," said Chief Blankenship. "Both during day and also at night, our stepped-up enforcement showed residents how important it really is to always buckle up on our roadways."

The annual Click It or Ticket mobilization may be over, but that is no excuse to stop using your seat belt. Don't forget to buckle up and please encourage those around you to always do the same." For more on the national Click It or Ticket mobilization, visit www.nhtsa.gov.

Just a thought - or two

If you want to be a leader with a large following, just obey the speed limit on a winding, two-lane road.

A good thing to remember, a better thing to do - work with the construction gang, not with the wrecking crew.

MMH updates CT scanner

By Janet Felderhoff

Muenster Memorial Hospital patients will no longer have to go to another medical facility when their physician orders a detailed CT scan. Muenster Hospital's new Siemens Somatom Emotion 16-slice CT scanner is a big improvement over the two-slice machine that they have been using for the past five years.

Radiology Director Julie Arendt Ness remarked of the piece of medical equipment, "It's a faster scan. If you have a patient that can't hold still or isn't able to, it scans faster so we have less chance of motion. We can do better scans and better quality too. The two slice was fine for what we were doing, but we can do more - CTAs, which are computed tomography and geographies. They are a more detailed study."

The 16-slice is much bigger. For instance, the old CT would take two slices or images of an area while the new machine takes 16 images of that same area.

Julie said, "You get better detail and the radiologists and doctors like it better. It's less chance of making a mistake."

The new CT scanner will be used for CTs and NCTAs which are a faster CT. "We have IV contrasts that you can use to light up all of your veins and arteries. With the two-slice, we couldn't do them because the machine was too slow. What it does is it pushes and goes through your body. With the old machine, we would just miss it.

This machine is fast enough that we won't miss it. We can offer more with this one."

Julie explained that x-rays are one dimension while CTs x-ray all the way around and are cross sectional. "It's more radiation and more expensive, but if there is something wrong, they will catch

and enlarge the room to accommodate the new piece of equipment. That involved tearing out the bathroom and closet of an adjoining room, and putting up new wallboards and a new ceiling. Rick Walterscheid did the electrical work and Hospital maintenance did much

Julie Ness and Michelle Bayer

it on a CT more often than they would on an x-ray."

X-ray tech Michelle Bayer added that a CT has finer detail.

It was quite an involved process to bring in the new CT scanner. First, renovations had to be done to the CT room to bring in the necessary electrical wiring

of the renovation work.

Julie is the daughter of Andy and Jean Arendt and the granddaughter of Mary Ann Arendt. She is the mother of four children and they live in Era.

Michelle Bayer lives in Muenster with her husband Lucas Bayer and their two sons.

 201 N. Main, Muenster, 940-759-2257

Your Locally Owned Bank that has continuously served and supported the individuals, organizations, schools and businesses of Muenster and the surrounding area since 1923. "Where others have their branches, we have our roots."

concession stand. Council members voted unanimously to approve the replacement plan.

Troop 664 Boy Scout Michael Weinzapfel approached the Council for permission to do his Eagle Scout project. He wants to repair the picnic tables in the City Park. Weinzapfel proposed repairing, sanding, and painting the tables and benches in the City Park.

Weinzapfel showed photos of the tables and benches. Lutkenhaus said that two tables were lost in last summer's microburst, the frames were repaired on three of four of them.

The project will cost about \$500. Weinzapfel will seek donations from various organizations. He plans to complete the project in the two weeks of July. The Council approved his request.

Request for proposals were sent out to 15 auditing firms. Two replies were received. One was from current auditor Steve Gilland and the other from LaFollett and Company from Tom Bean. Mayor Joey Anderson, Endres, and Alderman Pat Stelzer met with representatives from LaFollett and were satisfied with the interview. Endres contacted representatives from other cities that LaFollett audited. All spoke highly of the firm. The LaFollett bid for the City and Water District would save the City more than \$6,000 per year or a total of \$18,950 over three years.

Gilland attended the meeting. Mayor Anderson told Gilland he's always done a very good job for the City. He added, "We do have a proposal that is quite a bit cheaper. We feel that the LaFollett group can meet our needs. Also, a second consideration we have is sometimes a good audit practice is to use a different auditor to give a second look at things over time." The Council agreed with the committee's recommendations and approved the LaFollett contract.

A vacant home located at 234 E. Cross, owned by Larkin Orsburn, is in great disrepair. Neighbors have complained to the City about the appearance of the house and of the bad smell coming from

it. The City contacted owners who said they intended to tear down the house, but they never agreed to a deadline to have it done.

After it was placed on the Council agenda for possible declaration as a hazardous structure, the owner contracted with Fleitman's Backhoe Service to demolish and remove the house sometime during the first week in June.

At Endres' request, the Council declared it a hazardous structure so action could be taken should something prevent it being demolished and removed. It must be gone by June 30.

Muenster Police Chief Mark Blankenship reported on May activities. This included Marine Officer Certification of the Muenster officers. "The Lake has been open about two weeks," he noted. "There hasn't been any official calls out there yet, but there have been several complaints on things going on out there that I think will become calls at some point in time."

The boat owned by the City Police Department takes on water and is considered not suitable for the type of work for which the Department would use it. They were pumping 20 gallons of water out every 30 minutes. "The Gainesville and Denton County officers thought maybe we better leave it ashore (at Marine certification training) or they'd be performing rescues on us," said Chief Blankenship.

The Police Department will have to function without a boat for a time.

A stolen vehicle was recovered in town earlier in May. It had been used to commit other crimes. The Denton Police Department is also involved in the case.

In other business, the City Council:

- Approved payment of bills totaling \$361,134.88.
- Authorized the City Administrator to approve expenditures up to \$10,000 for necessary trimming of trees in the City Park.
- Approved resolution to deny the Mid-Tex Division of Atmos Energy's statement of intent to change the gas utility rates in the municipi-

pality so that the company may pursue a system-wide rate case with the Railroad Commission of Texas. Atmos will negotiate with the Texas Utility Commission to arrive at a rate schedule agreeable to all parties. There are 441 cities system-wide.

• Tabled decision on hiring a company to update City codes and zoning codes until more fee estimates are found.

75 mph speed limit on I-35 now in effect

The speed limit on I-35 through Cooke County was increased to 75 mph last week. A sign contractor removed the 70 mph signs and replaced them with the 75 mph signs.

A new law went into effect Sept. 1, 2011 allowing roads that were signed 70 m.p.h. to be considered for an increase to 75 mph. After a series of traffic and speed studies, it was determined that I-35 was suitable for the increase.

Also, part of the Sept. 1, 2011 law was removing the 65 mph night time speed limit.

Some people are always grumbling because roses have thorns; Be thankful that thorns have roses.

Police Notes

from Muenster Chief of Police Mark Blankenship

The police department responded to 50 CALLS FOR SERVICE during the month of May. Nine INCIDENT reports were taken. There were no MOTOR VEHICLE ACCIDENTS reported. Three individuals were ARRESTED AND BOOKED into the Cooke County Detention Center. One hundred twenty-two CITATIONS have been issued, 3555 miles were logged on patrol vehicles, and 593.5 man hours were logged by officers.

All Muenster Police Department Officers have taken and completed the State required MARINE OFFICER CERTIFICATION program. The course of 24 hours was instructed by State Game Warden Barr using the Nortex Board Room facility. The water training was conducted at Moss Lake with the Gainesville Police Department and the Denton County Sheriff's Office. Both Gainesville and Denton Co. allowed our officers to use their boats for the training. With the Muenster Lake now open, our CALLS FOR SERVICE there will increase.

The Police Department offers HOME SECURITY CLOSE PATROL for persons out of town on vacations or business. Just come by City Hall, fill out a form, and it's done.

Correction

The word no was accidentally omitted from last week's Muenster Hospital Board meeting story. Mr. Fuller's statement should read, "I interviewed over 65 of them and I have also come to the conclusion that there is no legal basis that we can take any type of action regarding the allegations in that prior e-mail. There was NO substantiated proof."

Our apologies for any confusion this may have caused.

Obituaries

Betty Martin 1932 - 2012

Funeral services for Betty Lue Dunn Martin, age 80 of Alvord, were held Monday, May 28 at the Church of Christ in Alvord. Burial was in Mountain Park Cemetery in Saint Jo. Services were officiated by Chester Cullum and C. E. Cole.

Mrs. Martin died May 24, 2012 in Wichita Falls.

Born April 15, 1932 in Dye Mound to Milton Abram and Sula Pearl Cook Dunn, Betty married James Ray Martin on Jan. 7, 1950 in Montague. A member of the Alvord Church of Christ, Betty was a loving wife of 62 years.

Betty is survived by her husband James of Alvord; daughters and spouses Linda and Jr. Thweatt and Penny and Jimmy Johnson, all of Alvord, Staci and Dale Romine of Montague; son Tom and wife Linda Martin of Gainesville; several grandchildren, great-grandchildren and one honorary great-grandchild; brother Melvin "Snooks" Dunn of Saint Jo; sister and husband Dee and C. E. "Sonny" Cole of Saint Jo; and brother-in-law Charlie and JoAnn Martin of Nocona.

Betty was preceded in death by her parents; siblings Jack Dunn, Lynn and Raymond Maddox, Elwanda Dunn, Cruse Dunn, and Frank Dunn; and two grandchildren and two great-grandchildren.

Pallbearers were her grandsons Lance Thweatt, Jamie Johnson, Andy Johnson, Gregg Romine, D.J. Thweatt, Ethan Romine, Cody Martin, Casey Martin, and Cyle Martin.

Kenneth Welch 1951 - 2012

Graveside services for Kenneth Leon Welch, Jr., 61, of Winnsboro, is set for 2 p.m., Saturday, June 9 at Fairview Cemetery, with Rev. Larry Kremling officiating. No visitation is planned.

Kenneth was born Jan. 11, 1951 in Gainesville to Kenneth "Blackie" Leon and Rebecca Jo English Welch, Sr. He died peacefully in Winnsboro on June 5, 2012.

He is survived by his sister Jo Anne Heimgartner; a niece; an aunt; and many other family members.

Texas Oil and Gas Production Reports from the Texas Railroad Commission

RRC production statistics and allowables for June

The Texas average rig count as of May 18 was 934, representing about 49% of all active land rigs in the United States. In the last 12 months, total Texas reported production was 427 million barrels of oil and 7.2 trillion cubic feet of natural gas.

The Commission's estimated final production for March 2012 is 41,912,707 barrels of crude oil and 520,471,756 Mcf (thousand cubic feet) of gas well gas.

The Commission derives final production numbers by multiplying the preliminary March 2012 production totals of 36,649,796 barrels of crude oil and 455,874,359 Mcf of gas well gas by a production adjustment factor of 1.1436 for crude oil and 1.1417 for gas well gas. These production totals do not include casinghead gas or condensate.

Texas natural gas storage reported to the Commission for April 2012 was 380,609,453 Mcf compared to 351,611,671 Mcf in April 2011. The May 2012 gas storage estimate is 389,568,577 Mcf.

The Texas Railroad Commission's Oil and Gas Division set initial June 2012 natural gas production allowables for prorated fields in the state to meet market demand of 10,140,681 Mcf. In setting the initial June 2012 allowables, the Commission used historical production figures from previous months, producers' demand forecasts for the coming month, and adjusted the figures based on well capability. These initial allowables will be adjusted after actual production for June 2012 is reported.

April oil and gas completions

In April 2012, operators reported 780 oil, 360 gas, 54 injection, and zero other completions compared to 597 oil, 265 gas, 23 injection, and zero other completions in April 2011.

Total well completions for 2012 year to date are 4,991 up from 3,033 recorded during the same period in 2011.

Operators reported 1,162 holes plugged and three dry holes in April 2012 compared to 325 holes plugged and zero dry holes in April 2011.

Cureton, Rohmer exchange vows in Grapevine

Brooke Noelle Cureton of Grapevine became the bride of Andrew Thomas Rohmer of Southlake at St. Francis of Assisi Catholic Church in Grapevine on Saturday, April 14, 2012 at 2 p.m. The Mass was offered by Fr. Francis Osei and the double ring vows were officiated by Deacon Tom Bates. The place and date for the wedding was chosen by the couple because the bride completed RCIA at St. Francis Church and the groom's favorite number is 14.

The bride is the daughter of Bruce and Sandy Cureton of Grapevine and the granddaughter of Charles and Joan Cureton of Canton, Ohio, and Harvey Morrison of Hartsville, Ohio and the late Ruth Morrison.

Parents of the groom are Gary and Robin Rohmer of Southlake. His grandparents are Viola Rohmer of Muenster the late Urban Rohmer, and Larry and Connie Larkin of Fort Worth.

Given in marriage by her father, the bride's Jasmine gown of duchess satin was diamond white with a swarovski crystal-embellished sash. She wore a crystal embroidered veil with blusher. Her bridal bouquet consisted of deep purple cabbage roses, and dark purple roses, gardenias, and lilies.

Church decorations included bright flower arrangements of pinks, purples, yellow, red, and white lilies, and white pew bows.

Zach Cureton, brother of the bride, and Mary Ann French, RCIA sponsor of

the bride, were lectors during Mass. Mass servers were Eric Karl and Samuel Wilcox, family friends. Lisa Kendall, groom's cousin, handed out programs before Mass.

Music was provided by organist Denise Brooks, cellist Jonathan Hoogendoorn, and Sarah O'Neill and Kristi Tollefson on violins. The traditional "Eye Has Not Seen" and "Jesu, Joy Man's Desiring." Cantor was Les Hogan of St. Francis Church.

ATTENDANTS

Maid of honor was the bride's best friend Marisa Karapasha of Canton. Bridesmaids were cousin of the groom Christina Shallenberger of Columbus, Ohio, friend Kristen Kempthorn of Canton, sister of the groom Lauren Rohmer of Keller, and friend April Goodwin of Corpus Christi. They were attired in tea-length African violet, satin gowns that were one-shoulder-rouched with a bow. Their shoes were sparkly silver and they carried mixed spring flowers of white, green, and purple.

Tina Karl, friend of the bride, served as flower girl. Her dress and flowers mimicked those of the bride. Mark Rohmer, cousin of the groom was ring bearer and wore a tux.

Best man was Ross Freehling of Southlake, friend of the groom. Groomsmen were

Reece Van Cleve of Southlake, friend of the groom; Chris Johnson of Denver, Colorado, cousin of the groom; friend Aaron Mattox of Little Elm, fiance of the groom's sister; and Sean Ro-

hmer of Southlake, groom's brother.

Ushers were Zach Cureton of Grapevine, bride's brother; Jeff Kendall of Carrollton, married to groom's cousin; friend Wesley Marshall of Southlake; and Tyler Rohmer of Denton, groom's cousin.

RECEPTION

The wedding reception hosted by the parents of the couple was held at the Sheraton Hotel at Arlington. The reception site is a glass-walled building in octagon shape and surrounded by water and gardens. A buffet dinner was served to 175

guests. A photo booth was available for guests, who also enjoyed dancing at the reception.

The bride and groom's sweetheart table was lit with a sparking "R." The six-tier, almond bride's cake with almond buttercream icing was embellished with many crystals and shimmer. It held a white porcelain bride and groom topper, created to mimic the bride's dress with ruffles, sparkle sash and purple flowers. The groom's cake was a three-tier chocolate Kaluah confection with a Texas Rangers-themed baseball mitt, popcorn, hotdog, and jerseys, all created out of sugar.

Tables were covered with white linens and covered chairs held purple sashes. Glittering purple candles, lit white branches, and shimmering fabric draped over columns completed the decor. "Bride and groom" decorated cake balls were given as wedding favors.

The couple's honeymoon was in San Diego, California, where they stayed at the Hotel Del Coronado, longtime

family vacation spot of the groom. The couple is at home in Northlake.

The rehearsal dinner for 30 people was held at Ferrari's, a fine Italian restaurant in Grapevine. Those attending were served family style dishes including salmon caperi, farfalle alfredo, and veal marsala. The bride wore an embellished cream cocktail dress with crystals, pearls, lace, and shimmer. Her headpiece was of cream netting with roses.

The couple's engagement photos were taken at Texas Rangers Ballpark in Arlington.

The bride is a graduate of Colleyville Heritage High School. She graduated from the University of Texas in Arlington with a Bachelor degree in Communications. She is employed by *The Wall Street Journal* in digital advertising.

The groom graduated from Carroll High School. He earned his Bachelor degree in Finance from the University of North Texas in 2010. He works in investor accounting for Bank of America.

Mrs. Andrew Rohmer ... 'nee Brooke Cureton ...

Hennigan performs in county ballet recital

Lydia Hennigan, daughter of Doug and Nicole Hennigan, performed in the Cooke County Ballet Academy annual recital on May 19. Lydia has completed five years with the Ballet Academy, two of which included pointe ballet which is specifically challenging.

This year, Lydia performed in three dances at the recital. Two ballet presentations were to the songs "Above All" and "All for the Life of Me." The special pointe dance was to the popular dancing song "Laendler" which is a song from the musical *The Sound of Music*.

Lydia has enjoyed her hard work and wonderful experience in achieving the pointe level of ballet and looks forward to next year when she will move up to the "Advanced Ballet" class and her third year on pointe with the Ballet Academy.

Lydia Hennigan

New therapies is topic of Parkinson's Support Group

A special program on new cutting-edge therapies available to Parkinson's patients will be the focus of the Parkinson's Support Group meeting Friday, June 8, at Stanford House in Gainesville. Speech therapist Carol Lutz and physical therapist Rita Bayer will speak on LSVT LOUD and BIG therapies, now available at North Texas Medical Center.

The support group meets from 11 a.m. to noon the second Friday of each month. The public is invited to attend. Refreshments will be provided.

Sponsors of the monthly support group are Angels Care Home Health of Gainesville and Select Rehabilitation Hospital in Denton. Call (940) 665-0944 for more information.

New Arrival

Berres

Aaron and Melissa Berres of Brentwood, California announce the birth of their son Dylan Lee Berres. Born Wednesday, May 2, 2012, Dylan weighed 7 lb. 14 oz. and measured 18 1/2 inches in length. His big sister Ava is two years old. Grandparents are Dave and Kathy Berres of Muenster, Jacky Persky of Brentwood, and Paul Brannon of Oklahoma City, Oklahoma. Great-grandparents are Herbie Miller and the late Dolores Miller, the late Ed and Doris Berres, and Josephine Dalka of South Lyon, Michigan.

Happy Birthday Dorothy Fisher

Sepanski graduates magna cum laude

Lauren Sepanski graduated magna cum laude from Fordham University in Bronx, New York, on Saturday, May 19, with a Bachelor of Arts degree in American Studies.

At a celebration honoring members of the Class of 2012 held on Thursday evening, May 17, Lauren was recognized as the recipient of the 2012 Orestes Brownson American Studies Award. Named for one of the leading American intellectuals of the 19th century, a member of the Transcendentalist Circle, and a frequent visitor to the Fordham campus, the award is bestowed on a graduating senior who has majored in American Studies and excelled academically and in service to the program, the university, and the larger community, combining scholarship and community engagement to an exemplary degree. Lauren had the additional honor of receiving the Department of African and African American Studies' Alvin Leonard Award, granted in recognition of the academic excellence and service demonstrated by a graduating senior.

A Dean's List honoree throughout her four years at Fordham, Lauren was also elected to membership in Phi Beta Kappa, which, founded in 1776, is the oldest, largest, and most widely recognized academic honor society in America for students who have shown excellence in a broad liberal arts

Lauren Sepanski

curriculum.

During her college career, Lauren was the recipient of the Fordham Dean's Scholarship, awarded to the top 6-8% of applying students upon acceptance, and the Roy J. Haviland Scholarship, which she received after her freshman year for her demonstrated academic excellence and participation in extracurricular activities that reflect strong leadership characteristics.

Lauren has worked 12 hours per week as a lifeguard at the Fordham pool for the past four years. Since her sophomore year, she has also commuted to Manhattan to work 18 hours per week at the New York City Housing Authority's (NYCHA's) Garden & Greening Program. There she supported public housing residents who wanted to garden on development grounds, an undertaking that has positive effects on the individual gardener as well as his or her community. Lauren's work with the program prompted her to volunteer with several NYCHA resident gardeners, helping them with their gardens several days of the week during the summer months of 2011, and to write her senior thesis, "Tending the Flowers, Cultivating Community: Gardening on New York City Public Housing Sites," on the experience.

Her freshman year, Lauren was also involved in Part of the Solution (POTS), helping serve meals to the homeless and people in need. Service during her senior year included teaching English as a second language (ESL) at St. Stephen's United Methodist Church.

After commencement ceremonies, Lauren celebrated with family and friends at the residence of her cousin Nicole McClendon in New York City.

The daughter of Robert and Linda Sepanski, Lauren is a 2008 graduate of Sacred Heart Catholic School.

Peyton Luke

Hagerman NWR sets schedule

Hagerman National Wildlife Refuge will be a busy place this summer. Many activities and programs are slated for the summer months.

June 9, the Second Saturday program will focus on butterflies. The program for the adults begins at 10 a.m. and will be presented by Dale Clark of the Dallas Lepidopterists Society. The youth program is also about butterflies and begins at 10 a.m. Ages four through 10 are invited to the FOH Center for hands-on nature activities and crafts.

Nature 'ology Camp for ages 8 - 12 will be held Thursday, June 14 from 9 a.m. to 4 p.m. Children are invited to "Come Explore the Wild Side of Nature!" The program is free of charge, but space is limited, so register today! Call the Refuge at 903-786-2826 to register.

A butterfly walk will be held on June 23. Those interested should meet at the FOH Center at 8 a.m. to begin the walk.

Wild Wednesdays, for families with children age 8 and under, will be held June 13, 20, and 27, and July 11, 18, 25. They begin with a 9 a.m. family nature walk followed by a 10 a.m. story hour in the Visitor Center.

Luke receives BSA Venturing Silver Award

Peyton Luke of Valley View has received the highest award in BSA Venturing—the Venturing Silver Award. She joins an extensive family line of scouting achievers. Her father, two brothers, uncle, and cousins on both sides of the family are Eagle Scouts and one brother is also a Venturing Silver Award recipient.

A court of honor ceremony was held at Cross Timbers Church (the chartering organization located east of Valley View) to recognize her achievement. Peyton is one of the charter members of Crew 7777.

Venturing is a co-ed youth program of the Boy Scouts of America for ages 14-20 years old. In order to receive the Silver Award, one must complete all requirements for the Bronze, Gold, and Silver awards. Requirements include participating in local, district, council, or national Venturing events; setting and achieving personal growth "Gold" goals; carrying out projects in the areas of citizenship, leadership, service to others, community/family, outdoor adventure, and fitness; serving as a crew officer; and personally leading at least two crew activities that take four to six months from inception to completion.

While working on her Bronze Award requirements, Peyton completed an American Red Cross Standard First Aid Course, a Wilderness Survival Course at Sid Richardson Scout Ranch, met core requirements for "Leave No Trace," and completed both the Texas Parks and Wildlife Boating Course and the American Red Cross Lifeguard Course.

Her Gold Award projects had her interacting with and leading members of her community, church, and

family at Keep Valley View Beautiful's Settler's Day and "Square Dance on the Square," painting during a project at her church, helping to build an access ramp for a handicapped couple, assisting with children's ministry, backpacking in the Guadalupe Mountain range, and working out with the local track and cross country teams.

The Silver Award involved updating her first aid, CPR, and safe swim defense course requirements, continuing to serve as a crew, district, or council officer (Peyton served as her crew's treasurer and administrative vice president), completing the Leadership Skills Course, and helping to organize and participate in an Ethics Forum.

Peyton enjoys a wide spectrum of interests in addition to BSA Venturing. She is a violinist who has been a member of the Flower Mound Community Progressive Orchestra for the past two years, a dance student at Denton Dance Conservatory, a leader on the youth worship and tambourine teams at her church, a runner who participates in area 5K races, and a student of film and stage acting. Peyton will be playing the role of "Liesl" in NCTC's upcoming summer performance of "The Sound of Music."

Peyton has been chosen to be a part of a select crew that will represent Longhorn Council and BSA Venturing at the 2013 Boy Scout National Jamboree in West Virginia next summer.

She is the daughter of Ray and Tawni Luke of Valley View and the granddaughter of Lynn and Glenda Vowell of Denton and the late Dan and Dolores Henzler Luke, formerly of Muenster.

In giving freedom to the slave, we assure freedom to the free - honorable alike in what we give and what we preserve. We shall nobly save, or meanly lose, the last best hope of earth.

Abraham Lincoln

College Honors

University of North Texas

The University of North Texas has released its honor rolls for the 2012 spring semester.

To be on the President's List, a student must complete at least 12 academic hours with a perfect grade point average of 4.0. Cassandra Hale of Muenster earned that honor.

Students on the Dean's List must complete at least 12 academic hours with a grade point average of 3.5 to 3.9. Earning Dean's List

honors was Shaina Felderhoff of Muenster.

Texas A&M University

Texas A&M University has named its honor students for the spring 2012 semester, recognizing them for outstanding academic performance. The Dean's Honor Roll recognizes students taking at least 15 semester hours who have maintained a 3.75 or higher grade point out of a possible 4.0. Levi Trubenbach and Hannah Weger, both of Muenster, were listed on the Dean's Honor Roll.

120th Birthday Celebration

St. Mary's Parish of Windthorst will be holding its 120th Birthday Celebration on Sunday, June 10 at the St. Mary's Parish Hall and school grounds beginning at 11 a.m.

There will be many family fun activities, some of which are the Country Store, moon walk, and toy walk to the Dairy Derby Fun Run/Health Walk and the live auction which will begin at 4 p.m.

For more information, call 940-423-6687.

SCHOOL

Muenster Elementary's 100 Yards of Kindness

To help promote kindness this past school year, students of Muenster Elementary constructed a kindness chain in which each link represented one act of kindness. Every classroom was given colorful strips of paper to be used to write down any acts of kindness that were witnessed. The strips were made into links and formed into one long chain. On May 25, the elementary students stretched their kindness chain and had a delightful 100 yards of acts of kindness.

Sacred Heart Catholic School students pose for a photo after receiving their promotion certificates officially making them freshmen. Pictured are, from left, front - Catherine Fleitman, Katie Davidson, Alana Endres, Katie Luttmir; second row - Daniel Hesse, Garrett Truebenbach, Ethan Henry; third row - Ramsey Hernandez, Zach Flusche, Michael Fleitman; back - Rogelio Orocio, Tyler Spruill, Kason Reeves, Jared Dangelmayr, and Grant Springer with SH Pastor Fr. Ken Robinson.

Sacred Heart holds promotion ceremony

Friday, May 25, the 8th-grade class from Sacred Heart Catholic School had their promotion ceremony in Sacred Heart Church following the 8 a.m. Mass. The class processed into church to the song "Sing a Joyful Song."

Sara Davidson read the First Reading from Acts 25:13-21. The Gospel was taken from John 21:15-19. During his homily, Fr. Ken talked to the students about promotion and that as the students move on through school, their faith journey

will continue as through their life. Karleigh Reeves read Prayers of the Faithful, Sr. Cecilia Nguyen, O.S.B. and Pam Dangelmayr presented gifts to the altar. Communion songs were "The King of Love My Shepherd Is" and "Come, Taste and See." The commissioning song was "Joyful, Joyful We Adore Thee." Providing music for Mass were Rich Lewis, piano, and song leaders Phillip and Brenda Flusche.

The promotion ceremony began with a dedication to their parents, teachers,

and Fr. Ken. Alana Endres read this to the congregation. Following the dedication, the students gave their parents a long-stem red rose in appreciation for all they have done for them.

Fr. Ken and Sacred Heart Principal Dr. Rafael Rondon presented each student with their promotion certificate. Following remarks from Dr. Rondon, Fr. Ken introduced the new freshman class to the congregation.

Following the ceremony, a class photo was taken on the steps of Sacred Heart Elementary and a reception was held in the Community Center Cafeteria for the class, their parents, family, and friends. On display were photos from the past.

Muenster homeschoolers have fun year-end field trip

May 15 served as a fun day for local homeschoolers. The Holy Family Catholic Home-school group had a fun close of the year which included two stops at Muenster businesses followed by a "Lunch and Play" at the city park.

Parent teachers and 23 students first went to the Muenster State Bank where Vice President Pam Sidwell gave a tour of the facilities and discussed what happens with accounts, loans, and lock-boxes. Cashier Carla Zwinggi showed the children how to put coins in the machine that fills coin wrappers. The highlight of the visit was entering the vault!

Children got to see stacks of money and imagine what they could do with it!

Next, the group walked one block to the Muenster Enterprise where long-time expert Alvin Hartman gave a presentation of the original printing press used in the early days of the Enterprise. Students were given a special treat as Mr. Hartman actually loaded ink and paper into the press and printed an original sheet he had made with the children. Afterwards, the large and very sharp paper cutter, the hole punching machine, and paper folding machine were demonstrated. The families attending left the newspaper shop with a new appreciation for all of the hard work involved in the printing process.

Last, the homeschoolers and their parents finished the day with lunch, fun, and fellowship in the Muenster City Park.

Pictured at left are recipients of four to six Math Stars at Muenster ISD

from left, Noel Rodriguez, Rachel Mouring, Garrett Miller, Jori Magee, Georgia Taylor Saavedra, Mariah Rocha, Adrienne Rohmer, Kalee Hennigan, Sadie Stoffels, and Lora Walterscheid.

MISD photo

Math Star recipients recognized

The school year at Muenster High School has ended and many students are being recognized for their accomplishments. Outstanding students in each of Mrs. Carolyn Lutkenhaus' math classes were treated to a spaghetti lunch on Wednesday, May 30. Students enjoying the lunch were Sadie Stoffels, Garrett Miller, Georgia Taylor Saavedra, Jori Magee, Mariah Rocha, Adrienne Rohmer, Lora Walterscheid, Kalee Hennigan, Noel Rodriguez, and Rachel Mouring.

Students were encouraged to excel in math through the posting of "Math Stars" with student names on the wall. The stars were awarded

each six weeks to those with a 90 or above average, or to those who had raised their average five or more points. Forty-seven students accomplished this, some every six weeks. A total of 100 stars were given.

Following are students and their number of stars. Six stars Jori Magee and Adrienne Rohmer. Five stars Georgia Taylor Saavedra. Four stars Garrett Miller, Mariah Rocha, and Lora Walterscheid. Three stars Kevin Barnes, Chance Herr, Abby Pagel, Clayton Rohmer, Michelle Sickling, and Clint Sidwell. Two stars Emily Brogdon, Trevor Cheaney, Kassie Dan-

gelmayer, Destin Fleitman, Tara Gunnels, Ashley Hammer, Darrell Hermes, David Hutson, Tressa Jones, Mikaela Lamar, Colton Moseley, Rachel Mouring, Collin Pagel, Kristen Reiter, Brianna Rohmer, Alyssa Stewart, Blayne Styles, and Danielle West. One star Dalton Blassingame, Abby Flaming, Jace Fredrick, Rachel Hare, Blake Haubold, Lawrence Haverkamp, Kalee Hennigan, Dean Kester, Makayla Moster, Jonathan Pierce, Makayla Pumphrey, Austin Schroeder, Zach Stalder, Zach Trubenbach, Alyssa Schingoi, Sadie Stoffels, and Traci Vogel. Each received a certificate and their stars.

Pom Squad to perform at football games

Sacred Heart Catholic School announces its 2012 Varsity Cheerleaders: Senior Captain Kaitlin Hesse, Senior Co-Captain Madeline Hanson, seniors Sarah Miller and Lindsay Miller, juniors Kylie Hess, Bailey Walterscheid, Michelle Zimmerer, and Morgan

Hesse, Sophomore Kinzie Hess, and freshman Alana Endres.

This year, there will be some changes coming to the cheer and dance programs. The cheerleaders will cheer from the sidelines and start off the half-time performances with a cheer. Then,

a large group will join them and the whole group, the Pom Squad, will perform another cheer and a dance routine together. There are 19 girls in the program overall, plus mascot Christina Rohrer.

The whole squad hosted a mini-camp on June 5 and 6.

Lindsay ISD graduates 43 seniors

By Janet Felderhoff
Commencement exercises were held on Friday, May 25 for the Lindsay ISD Class of 2012. Family, friends, faculty, and fellow students gathered to celebrate their accomplishments.

Members of the Class of 2012 are Kaitlyn Danielle Arendt, Taylor Louise Atkins, Kelsey Elizabeth Barba, Darrell Glen Buffing-

ton, Megan Frances Caillier, Cassidy Lynn Clark, Andrew Thomas Cooney, Erin Taylor Copeland, Kayla LéAnn Davis, Caroline Claire Dieter, Max Von Joseph Eberhart, Dean Henry Fleitman, Jordan Rose Fleitman, Alexandra Claire Fogle, Connor Nicholas Fuhrmann, Amelia Susanne Haverkamp, Alicia Ann Hellinger, Amber LeeAnn Hess, Mandy Ruth Hess, Lauren McKenzie Hicks, Dawson Garland Holt, Mitchell Cole Hunter, Caitlin Nichole Huston, Cole Walker Kirk, Lucinda Marie Krah, Taylor Matthew Krebs, Katherine Mechele Lewis, Rebekah Dianne Manon, Martha Lelloine McNeill, Raneé Leighanne Morrison, McKenzie Bernadette Neu, Valerie Jean Nystrom, Taylor Reneé Pelzel, Matthew Wayne Reed, Ashton Leigh Reynolds, Tyler Ryan Schofield, Taylor Renee Stringfellow, Alton Julius Summerlin, Jace Allen Wann, Garrett Michael Yancey, Benjamin Joseph Zimmerer, Hannah Kathryn Zimmerer, Stephanie Reneé Zwinggi.

Class Vice President Dawson Holt welcomed guests to the event.

Lou Lindsey introduced Class Salutatorian McKenzie Neu.

Neu expressed appreciation for help they received from parents, teachers, and friends through the school years. She recalled kindergarten when they were the last class to be in what is now the administration building. "It was like having our own little town, free from the repression of the older children," she recalled. "We could be ourselves." She told of one classmate singing George Strait songs on the playground and another

telling stories about trapped fairies on the wooden playground. Their teacher was like the town mayor and she shared her wisdom of letters, numbers, colors, and shapes with them, said Neu.

In middle school, Neu recalled learning fractions, decimals, and a drill color coding sentences by parts of speech. "We will remember our prepositions, never mix up infinitives and verbs, and always associate blue with conjunctions," she remarked.

Neu also shared a number of phrases used by their high school teachers. She concluded, "These phrases must have done some good because here we are, graduates of Lindsay High School."

Superintendent Dennis Holt and Principal Phillip Hall presented awards. Earning class awards were: Ben Zimmerer - Ag - Senior; McKenzie Neu - AP Biology, AP English 4, and Government; Lucinda Krah - AP Calculus; Caitlin Huston - AP Chemistry and Yearbook; Valerie Nystrom - Art; Taylor Krebs - Computer Science; Rebekah Manon - Economics and English 4; Stephanie Zwinggi - Environmental Systems and Theatre Arts; and Amelia Haverkamp - Spanish 3.

Sheila Baekgaard introduced Valedictorian Lucinda Krah.

Krah stated, "This class has proven itself to be pretty exceptional. In our four years, we have helped contribute to over one dozen District Championships, 66 rounds in playoffs, 16 levels of One Act play competition, 11 trips to State in a team sport, a one Act Play State Championship, and two UIL State Championships."

Krah added, "However, while we leave this school with medals, and trophies, and championships, those things will fade. It's the memories that will stay forever." She then shared some of her memories through the years and ended with the list of some of their planned career paths. Each senior presented their parents with a long-stemmed white rose in appreciation.

Principal Hall then presented the class. Superintendent Holt certified them as graduates.

Diplomas were awarded by the Superintendent, Principal, School Board President Tommy Haverkamp, and Class Sponsors Sheila Baekgaard and Linus Fuhrmann.

Class President Amelia Haverkamp gave the closing address.

Andrew Kenny provided processional and recessional music.

2011-12 Sacred Heart Montessori Class

SHCS Montessori students hold Moving Up Ceremony

The Sacred Heart Catholic School Primary Montessori students entertained their proud families, friends, and teachers at their Moving Up Ceremony on May 17 to mark the end of another very successful year of learning and friendship. As guests arrived, they were entertained with a slide show of pictures that captured the students' school year. Students were shown engaged in their work

and projects, on field trips, celebrating their birthdays, as well as enjoying class parties and special days.

The students opened their program by welcoming the audience with "Hello Neighbor." Fr. Ken Robinson, pastor, offered an opening prayer, followed by the Pledge of Allegiance, "My Country Tis of Thee," and the Texas Pledge. The Montessori students entertained

the overflowing audience in the Community Center with an enthusiastic performance of favorite songs, complete with hand and body motions. The Catechesis of the Good Shepherd lessons, Sr. Cecilia's Religion classes, and Fr. Ken's Masses were reflected as the students celebrated their spiritual growth and love in the songs "The Father Loves Me," "Jesus In The Morning," and "Skinna-

marinkydinkydink."

The students impressed the crowd with their knowledge of the continents as they sang "Tell Me the Continents" and sang that friendship is the motto of Texas in the "Texas Song." They were enthusiastic in singing "Down By The Bay" and "Something In My Shoe," and the audience got to hear and watch them rock to "ABC Rock."

Following this part of the program, Pam Dangelmayr announced the names of the Montessori Pre-K students. Barbara Davidson assisted Dr. Rafael Rondon, SHCS principal, and Fr. Ken in presenting attendance certificates to the Level I students: Keristen Eddowes, Emma Grewing, Jake Hess, Lexie Hess, Luke Felderhoff, Luke Hesse, Sophia Milburn, Nolan Schilling, Natalie Walter, and Bella Walterscheid. The Level II students receiving certificates who will be kindergarteners in the fall were: Cole Dangelmayr, Cassandra Dickerson, Hayden Fleitman, Luke Gehrig, Anthony Hernandez, Colby Hess, Mikayla Hesse, Isaac Hofbauer, Kameron Knabe, Garrett Muller, and Simon Thurman.

The Level III (Kindergarten) students who were very excited to receive Moving Up Certificates by their teachers, Dr. Rondon, and Fr. Ken were: Andy Bayer, Clint Bezner, Tyler Felderhoff, Alisha Fleitman, Joe Gehrig, Shooter Hess, Sophie Huch-

TDA market recap

County Agent's Report

Weed resistance could call for a more diversified herbicide plan

Producers who rely on glyphosate-tolerant or "Roundup-resistant" crops probably should be expanding their weed-control toolbox, said Dr. Paul Baumann, Texas AgriLife Extension Service state weed specialist. "We have a critical issue arising, in that common water hemp in Central and Southeast Texas and Palmer amaranth pigweed in the High Plains have started showing signs of resistance to glyphosate herbicides," Baumann said.

The common water-hemp resistance started showing up in 2005 with spotty infestations along the Gulf Coast and then it was hit or miss until 2010, with it occurring in other sites, he said.

Roundup Ready means the crop, in this case cotton, has been genetically modified to tolerate glyphosate applications made for controlling weeds, Baumann said. However, there are now biotypes of certain weeds appearing that are genetically different than others that may look the same and are tolerant to glyphosate.

"If all else is killed out, but that one plant is different, that is the start of the problem," he said. "One common water hemp plant could shed 400,000 to 500,000 seeds. So if that one weed is not killed, then later that year or the following year, there may be a whole patch of this resistant biotype of the weed."

Baumann said he has been warning farmers for the past 10 years that they need to use a multi-herbicide program and not just rely on one product to do the job.

"We have to have more than one mechanism to manage the anomalies," he said. "The resistant plants have probably always been there, but when you eliminate the competition with a highly effective herbicide like glyphosate, they begin to flourish."

The problem can be even worse for producers who plant back-to-back Roundup Ready cotton and Roundup Ready corn, if they continue to use only glyphosate herbicide on either crop, Baumann

said. His recommendation is for producers to return to using soil-residual herbicides along with the glyphosate products. Trifluralin (Treflan) and pendamethalin (Prowl) are two of the available products that could be used in cotton programs. Some other approved products that also are soil-active herbicides are Staple, Cotoran, Dual, and Warrant.

"All of those have a different mechanism of action

than glyphosate and will effectively provide substantial control of either species," Baumann said. "Roundup is too good on too many weeds to pull out of a program, but use it as one of the tools and not the only one."

The other option, he said, is to switch to Liberty Link cotton, which is tolerant to the herbicide glufosinate (Liberty). This product has much of the same spectrum for weed control as glyphosate, but has a different effect on the weeds, which makes it a sound alternative to glyphosate.

The application timing on pigweed, however, is much more critical in terms of weed size for treatment with Liberty, Baumann warned, so treatments must be applied to small (less than four to five inches) Palmer amaranth or common water hemp.

"The big issue is, from a producer's standpoint, by the time he recognizes or notices

the resistance issue, he has probably already treated those weeds twice without any results and the weeds have gotten too big to treat it with any product," he said. "The only alternative at that point is plowing or cultivating the middles or hand-pulling those weeds in the rows."

Baumann said producers should start with the mix of herbicides, putting out a soil-applied pre-emergent or pre-plant incorporated herbicide without fail, and it will be more economical to manage the weeds in the long run.

"I know farmers don't want to spend more money fighting a problem they don't yet have," he said. "But my argument is, even if you don't ever have the resistance problem, you are just ensuring that there is no competition to your crop from weeds from day one if you use a soil-active herbicide. Those first eight to 10 weeks are the most critical in keeping weed-free to prevent competition and yield loss."

"Pink Slime" madness forces plant closures

Beef Products Inc. has closed permanently the three plants that made lean finely textured beef trimmings that became a media sensation last March.

The company closed their plants in Waterloo, Iowa, Amarillo, Texas, and Garden City, Kansas. A total of 650 workers lost their jobs.

The lean, finely textured beef dubbed "pink slime" was in an estimated 70% of the ground beef sold in the U.S. in early 2011 before irresponsible journalism created a phony controversy that the product was harmful. U.S. regulators approved the process about 20 years ago. The controversy erupted on social media when critics said the beef trimmings, which are treated with ammonia hydroxide to kill bacteria, were not labeled on packages of 100% beef as an additive.

For the week ending June 2, feeder cattle prices at the Texas auctions covered by USDA Market News were mostly steady to \$2 higher per hundredweight (cwt), with fleshy new-crop calves as much as \$7 lower. The Texas direct feeder cattle trade was mostly steady with a few over 800 pounds to \$3 higher. Fed cattle cash prices were near unchanged from the previous week, while Choice beef prices were higher and Select-grade slightly lower.

The weekly USDA NASS crop progress and condition report showed that 96% of the state's corn acreage has been planted and 90% has emerged, both behind the averages for this date. Condition was rated mostly good to fair. Grain sorghum is 91% planted and 58% headed, both well ahead of normal, with the crop in mostly good to fair condition. The state's wheat crop was 38% harvested, more than double the average for this date. The crop is rated in mostly fair to very poor condition.

Outlook for Texas pecan crop

Texas AgriLife Extension program specialist and horticulturist Monte Nesbitt reports pecan trees statewide appear healthy on orchards where water is readily available, but says the Texas Hill Country region is experiencing signs of dead branches in tree canopies and a lack of new growth as a lingering result of last year's drought.

"Overall, the outlook for pecans is optimistic statewide. Last year was supposed to be a good year for pecans but the drought and extreme heat adversely affected the final outcome. But this year, which would have been an off year, is shaping up nicely so far with lower numbers of pecan nut casebearers," Nesbitt said.

Casebearers, one of the most important nut-infesting insect pests of pecan, are found in all pecan growing regions of Texas and in southeastern New Mexico. Casebearer larvae represent a triple threat to pecan growers in the Southwest when they tunnel into nutlets shortly after pollination,

often destroying all nutlets in a cluster. Overwintering larvae develop into moths that emerge in April and May and lay eggs on pecan nutlets soon after pollination. These eggs result in first-generation larvae, which feed on nutlets and generally cause the most damage. Second-generation larvae attack the nuts in midsummer, about six weeks after first-generation larvae enter the nut. Third-generation eggs are deposited on nuts from late July to early September. These larvae feed only in the shucks if the pe-

cans shells have hardened. "The number of reported cases of first-stage casebearers has been generally low this spring and that is an encouraging sign at this point in crop development," Nesbitt added.

Nut growers are hoping for a good yield this year after last year's drought dropped average harvest numbers from the usual 70 million pounds to 30 to 35 million pounds in Texas.

"Pecans are the number one orchard crop in Texas and will always be a viable alternative for ag producers. But like all crops, good management and substantial water are key factors in producing a profitable crop. It comes down to water, management, and innovation for the serious pecan grower. Pecans represent a great crop choice because pecan farming is mechanized, but like all other farm products, bad things can happen. There are diseases and pests, and as we know too well, drought can play a major role any given year," Nesbitt said.

But, considering the severity of last year's drought, he says most pecan orchards fared well and seem to be rebounding where adequate water for irrigation is available and/or where spring rains provided a good start to the season.

But, considering the severity of last year's drought, he says most pecan orchards fared well and seem to be rebounding where adequate water for irrigation is available and/or where spring rains provided a good start to the season.

More rural seniors in nursing homes

For seniors living in rural America, aging in place can be especially challenging because of the lack of transportation, the scarcity of doctors and hospitals, and fewer at-home services, says the Foundation for Rural Services and Rural Telephone Cooperative.

In addition, the elderly in rural areas are more likely to suffer chronic conditions, such as arthritis, hypertension, diabetes, and heart disease.

All of these reasons contribute to the fact that nearly 4% more rural seniors are in nursing homes than their urban counterparts.

EXAMPLE A

NOTICE OF APPLICATION AND PRELIMINARY DECISION  
FOR AN AIR QUALITY PERMIT

AND

NOTICE OF HEARING

EOG RESOURCES, INC.  
SOAH Docket No. 582-12-6347  
TCEQ Docket No. 2012-0971-AIR  
Proposed Permit No. 95412

**APPLICATION AND PRELIMINARY DECISION.** EOG Resources, Inc., 421 W 3rd Street, Suite 150, Fort Worth, Texas 76102-3760, has applied to the Texas Commission on Environmental Quality (TCEQ) for issuance of Proposed Air Quality Permit Number 95412, which would authorize construction of an industrial sand processing plant located at 14596 North Farm to Market 373, Saint Jo, Cooke County, Texas 76265. This application was submitted to the TCEQ on March 25, 2011. The proposed facility will emit the following contaminants: organic compounds, nitrogen oxides, sulfur dioxide, carbon monoxide and particulate matter including particulate matter with diameters of 10 microns or less and 2.5 microns or less.

The TCEQ executive director has completed the technical review of the application and prepared a draft permit which, if approved, would establish the conditions under which the facility must operate. The executive director has made a preliminary decision to issue the permit because it meets all rules and regulations. The permit application, executive director's preliminary decision, and draft permit will be available for viewing and copying at the TCEQ central office, the TCEQ Dallas/Fort Worth regional office, and at the Muenster Public Library, 418 North Elm Street, Muenster, Cooke County, Texas, beginning the first day of publication of this notice. The facility's compliance file, if any exists, is available for public review at the TCEQ Dallas/Fort Worth Regional Office, 2309 Gravel Dr, Fort Worth, Texas.

**PUBLIC COMMENT/PUBLIC MEETING.** The TCEQ held a public meeting at 7:00 p.m. on August 23, 2011 at Muenster ISD Cafetorium, 135 E 7th Street, Muenster, Cooke County, Texas. You may submit additional public comments or request another public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comment or to ask questions about the application. The TCEQ will hold a public meeting if the executive director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing. **You may submit additional written public comments within 30 days of the date of newspaper publication of this notice in the manner set forth in the AGENCY CONTACTS AND INFORMATION paragraph below.**

**RESPONSE TO COMMENTS AND EXECUTIVE DIRECTOR ACTION.** After the deadline for public comments, the executive director will consider the comments and prepare a response to all relevant and material or significant public comments. **The response to comments, along with the executive director's decision on the application will be mailed to everyone who submitted public comments or is on a mailing list for this application, and will be posted electronically to the Commissioners' Integrated Database (CID).**

**DIRECT REFERRAL.** On January 18, 2012 the Applicant filed a request for direct referral to the State Office of Administrative Hearings (SOAH). Therefore, the chief clerk has referred this application directly to SOAH for a hearing on whether the application complies with all applicable statutory and regulatory requirements.

**CONTESTED CASE HEARING.** The State Office of Administrative Hearings (SOAH) will conduct a formal contested case hearing at:

10:00 a.m. – July 12, 2012  
Cooke County Court Annex Building  
112 South Dixon  
Gainesville, Texas 76240

The contested case hearing will be a legal proceeding similar to a civil trial in state district court. The hearing will be conducted in accordance with the Chapter 2001, Texas Government Code; Chapter 382, Texas Health and Safety Code; TCEQ rules including 30 Texas Administrative Code (TAC) Chapter 116, Subchapters A and B and the procedural rules of the TCEQ and SOAH, including 30 TAC Chapter 80 and 1 TAC Chapter 155.

**A person who may be affected by emissions of air contaminants from the facility is entitled to request a contested case hearing from TCEQ. Any person may attend the hearing and request to be a party. Only persons named as parties may participate at the hearing. To request to be a party, you must attend the hearing and show (1) you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (2) the location and distance of your property relative to the facility; (3) how you use the property which may be impacted by the facility. See 30 Tex. Admin. Code § 55.203. If the request is made by a group or association, the following must be identified: one or more members who have standing to request a hearing, the interests the group or association seeks to protect and the relevance of those interests to the organization's purpose, and that the interests or claims of the organization do not require participation of the individual members of the organization. See 30 Tex. Admin. Code § 55.205.**

**INFORMATION AVAILABLE ONLINE.** When they become available, the executive director's response to comments and the final decision on this application will be accessible through the Commission's Web site at [www.tceq.texas.gov/goto/cid](http://www.tceq.texas.gov/goto/cid). Once you have access to the CID using the above link, enter the permit number for this application which is provided at the top of this notice. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application. <http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=33.8011&lng=-97.4511&zoom=13&type=r>

**MAILING LIST.** You may ask to be placed on a mailing list to obtain additional information on this application by sending a request to the Office of the Chief Clerk at the address below.

**AGENCY CONTACTS AND INFORMATION.** Public comments and requests must be submitted either electronically at [www.tceq.texas.gov/about/comments.html](http://www.tceq.texas.gov/about/comments.html), or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. If you communicate with the TCEQ electronically, please be aware that your email address, like your physical mailing address, will become part of the agency's public record. For more information about this permit application, the permitting process, or the contested case hearing process, please call the Public Education Program toll free at 1-800-687-4040. Si desea información en Español, puede llamar al 1-800-687-4040. General information regarding the TCEQ may be obtained electronically at <http://www.tceq.texas.gov>

Persons with disabilities who need special accommodations at the hearing should call the SOAH Docketing Department at 512-475-3445, at least one week prior to the hearing.

Further information may also be obtained from EOG Resources, Inc. at the address stated above or by calling Ms. Cee Cee Candler, Manager Safety and Environmental at (817) 344-1150.

Notice Issuance Date: May 31, 2012

Fifth Annual Old Jo's  
Firecracker 5K

Old Jo's Firecracker 5K will be held at 8 a.m. on the Square in Saint Jo on the 4th of July.

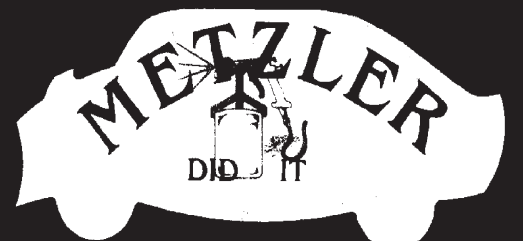

This is a certified course which runs through the City of Saint Jo. Walkers and runners alike are welcome. All entrants will receive a t-shirt.

Entry forms are available at the following Saint Jo locations: City Hall, the Library, The Gas Station, the Bank, and the Tribune office. Any questions about the race may be forwarded to Howard Davies, race chairman (214) 908-9055, or Amy Sterling, race co-chair (214) 536-6330. Proceeds benefit community projects sponsored by the Saint Jo Chamber of Commerce.

SPORTS TRIVIA

- Speed skater Eric Heiden won five gold medals in the 1980 Olympics.
- The Toronto Skydome was the first big league baseball stadium to have a retractable roof.
- In 1973's Battle of the Sexes, 29 year old Billie Jean King beat 55 year old Bobby Riggs in straight sets - 6-4, 6-3, 6-3.
- Cal Ripken, Jr. hit 350 double plays.
