

## 36th Annual Germanfest offers new activities, entertainment

By Janet Felderhoff

This year's Germanfest will take place a week later than normal due to the celebration of Easter on the weekend Germanfest would normally be held. The community will welcome Germanfest visitors on April 29, 30, and May 1.

"This is shaping up to be one of the better ones," commented Muenster Chamber of Commerce Executive Director John Broyles. He was excited about the Flash Back performances planned for Friday evening featuring Stonleigh's Rolling Stone Tribute and Hard Night's Day Beatles Tribute.

There are several new activities planned including the Wringen Meisterschaft Tournament. This is reported to be the largest gathering of independent professional wrestlers in one place. The championship match takes place Sunday at 5 p.m.

Broyles noted that this will be a family-friendly event. He said that there will be professional wrestlers judging the event and giving evaluations and pointers to the those participating in the matches. He expects it to be well-attended and noted it has drawn worldwide attention.

For those wanting an athletic challenge, there is the 31st Annual Metric Century Bicycle Rally on Saturday beginning at 11 a.m., the 36th Annual Fun Run featuring 5K and 15K runs at noon on Sunday, and a rock climbing wall on the 'Fest grounds. New this year is the Monster Water Balls. For another type of thrill, this year there will be helicopter and

carriage rides offering a different view of Muenster.

The 5th Annual Germanfest Barbeque Cook-Off, a Lone Star Barbecue Society sanctioned event, is expected to draw the largest number of participants to date. It offers a \$750 grand prize guaranty.

Entertainment for the weekend includes those back by popular demand such as Alley Kats, Hard Night's

Day, Willie Kickit, Brave Combo, Alpenfest, Alpenmusikanten, and Side Street Circus.

Saturday evening's featured Texas Stage entertainer is country singer John Anderson. He performs from 10 p.m. to midnight. Some of his popular songs are *Straight Tequila Night* and *Seminole Wind*. Two other popular artists, Scotty Thurman and Ben Smith, are slated to play

earlier Saturday night.

Dave Alexander & His Big Texas Swing Band is slated for Sunday afternoon. Broyles encourages all who enjoy dancing to come out for this popular 10-piece band.

Germanfest hours are: Friday 4 p.m. to midnight; Saturday 10 a.m. to midnight; and Sunday 10 a.m. to 8 p.m.

TAPPS is providing free shuttle rides to the event.

## County to change precinct boundaries

By Janet Felderhoff

Commissioners Court convened for a special called meeting at 3 p.m. on Tuesday, April 19. The focus was on the results of the 2010 census and how it will affect the County's precinct boundaries.

Attorney Bob Bass serves as the County's legal council regarding the changes that will be required due to the 2010 census information. Bass noted, "Redistricting is a Constitutional-based concept... after each census conducted every 10 years, the Congress would be reapportioned so that each vote cast by a representative has roughly the same weight in terms of the population electing that representative. That weighted concept has been handed down to lower levels of government." Since 1972, Texas Commissioners Courts have been obligated to redraw their boundaries after each census.

Local governments can have a 10% deviation in census between precincts or districts. Deviation refers to how far from a mid point or average. Cooke County's population according to the 2010 census is 38,437. Divided by the four precincts,

9,609 is the mean. Using census blocks, the population in existing boundaries is counted.

Bass reported, "Your deviation based on that standard is just barely over the maximum allowed. You are at 10.53, less than half a percentage point from the legal cutoff."

Precinct #1 about 1% under, #2 is 4% above, #3 is 300 people above, and #4 is underpopulated by 610 or 6.35%.

Moving of boundaries in various ways was discussed. Commissioners voted to redistrict. A preliminary draft was drawn up, but no final decision was made as to where the boundaries would shift to more equalize the population in all four precincts.

In other business, Commissioners Court:

- Approved CASA's request to use the County Library lawn and trees for display of blue ribbons.
- Approved change orders for the County Courthouse Restoration Project amounting to \$4,008, \$706, and \$2,472.
- Approved elevator repairs in the amount of \$35,000.

## Wild winds whip Montague area fires

By Janet Felderhoff

Instead of spring showers, the norm this April is high wind and low humidity. This creates hazardous conditions for wild fires.

Muenster Volunteer Fire Department was called out several times over the last several days. At 1 p.m. on Thursday, April 14, they were called to Muenster Memorial Hospital to assist with the decontamination of a patient. The patient was covered with a material that had to be safely removed before bringing him or her into the Hospital for treatment. They left the scene at 2:14 p.m.

On Friday, north to northwesterly wind gusts to over 50 mph challenged firefighters in their efforts to contain several fires. Humidity was less than 10%. The first call was at 10:42 a.m. when the Muenster firefighters were dispatched to FM 373 and FM 677 to assist Saint Jo VFD and Nocona VFD who were battling a large brush and grass fire on the east side of FM 677. Muenster VFD arrived on the scene at 11:05 a.m. About 25 acres burned and no buildings were involved. Muenster responded with six trucks and 14 men. They clocked back into the Muenster Fire Station at 1:50 p.m. from the Ivins fire.

Another call to assist in Montague County went out at 3:12 p.m. and Muenster VFD went to Stanford Road and FM 677 where the Montague fire departments were fighting a large grass and brush fire on the east side

of FM 677. No structures were threatened. Some of the Muenster firefighters, a grass truck, and the new engine tanker remained in Muenster in case of a fire in the Muenster area. About 35 acres were burned in this fire dubbed the Stanford fire. Those responding to the Stanford fire clocked back in Muenster at 6:49 p.m.

Muenster again got a fire call at 4:42 p.m. and were dispatched to a grain field fire at Fifth and Ash streets in Muenster. The two remaining trucks responded dousing the fire that burned only about half an acre.

Saturday's weather was calm with little wind, giving area firefighters a break from gusty winds.

By Sunday, windy conditions again prevailed, blowing from the south. Muenster received a call to return to the Stanford fire at FM 677 and Stanford Road where fire was burning in trees. Muenster arrived at 2:36 p.m. Saint Jo VFD was already working a fire about two miles south of the Stanford fire.

According to Muenster Fire Chief Herbie Knabe, "There was still a lot of smoke coming from the brush. Checked the north side of the fire scene (same fire as on Friday, but the wind changed directions and was coming from the south) and doused smoldering debris on the northeast corner of the fire, then checked the remaining of the area."

As Muenster sped to the Stanford fire, Nocona VFD

## KMB collects 95 bags of trash Saturday

Keep Muenster Beautiful (KMB) held its annual "Don't Mess with Texas Trash-off" on Saturday, April 16. A group of 65 gathered at KMB Haus in City Park for photos, a safety briefing, and road assignments.

North Town Partners cleaned their area last week and their bag count has not been reported yet. The Saturday group collected 95 bags of trash as well as loose items like hub caps, a tarp, wood, tire pieces, and metal items. The kids were amazed at what kinds of trash can be found along the highway. It caused one first-time collector to state, "It sure makes you want to stop throwing things out the car window!"

That, of course, is the point of the program. People who participate in a cleanup seem to learn the "Do not litter" lesson well; they teach it and enforce it with their friends, which makes

our community, state, and nation a safer and prettier place to live.

"Don't mess with Texas trash-off" is a state-wide event sponsored by Texas Department of Transportation (TxDOT) and Keep Texas Beautiful (KTB); it is

the largest one day statewide cleanup in the nation. For KMB, the event also is a part of the "Great American Cleanup," which is a program sponsored by Keep America Beautiful (KAB). The Great American Cleanup includes any cleanup and

recycling projects conducted from March through May. KMB is an affiliate member of both KAB and KTB.

Everyone who participated Saturday received a "KMB litter free" tee shirt. Muenster State Bank provided lunch for the workers.

## Muenster ISD Board raises prices of 2011-12 school meals

By Janet Felderhoff

Possibly raising the price of school lunches was one of many topics covered by the Muenster ISD Board of Trustees at the regular monthly meeting held Tuesday, April 12. The current price is: Pre K - 6th Grade \$1.25 for breakfast and \$1.75 for lunch; Grades 7th - 12th \$1.50 for breakfast and \$2 for lunch; staff \$1.50

for breakfast and \$2.75 for lunch; parents and visiting adults \$1.50 for breakfast and \$3.25 lunch. Milk or juice costs 35¢. The proposal was to increase all lunches by 25¢ except that of visiting adults. That price remained at \$3.25. Student breakfast prices remained the same, but would increase for staff and visiting adults by 25¢. Milk or juice would cost 50¢. These proposed changes were unanimously approved by the Board.

Tuition is currently charged for Pre Kindergarten at a rate of \$13 per day. It was proposed to increase the tuition to \$17 per day, which would be a cost increase of \$720 per year. The Board did not approve the proposed tuition change.

With Budget time approaching, the Board set a workshop for May 18 at 6 p.m. prior to the May 18 Board meeting which was set for 7 p.m. Votes from the May 14 Bond election will be canvassed at 6:30 that evening also prior to the regular meeting. New trustees will be installed at the meeting and new officers elected at that time.

Carol Klement was appointed to serve as early voting judge for the Bond Election. Early voting begins on May 2 and ends on May 10. Superintendent Clay Richerson was given authority by the Board to sign an agreement with Cooke County for use of its electronic voting machine.

There was no contest for the two seats up for election on the Board. Therefore, the

Board voted to cancel the Board election and certified candidates Ben Bindel, incumbent for Place 3, and Doug Hermes for Place 4. Bert Walterscheid did not file for another term.

Marcus Johnson of FPL Energy Services addressed the Board presenting "saving energy - saving money." He discussed the District's lighting, heating and air, and plumbing systems.

Kelly Zwingski and Mike Brooks spoke of the service they offer to assist owners with new construction projects. They would oversee the project in the interest of the School District. Their fee is usually 2-3% of the cost of the project.

The school calendar was approved as presented by Superintendent Richerson. It includes eight flex days on which only certain students will be required to attend school. They will receive extra help in needed areas on those days. Flex days for 2011-12 are Jan. 16, Feb. 20, March 19, May 4, and May 29-31.

In other business, the Board:

- Approved the Campus Improvement Plan as presented.
- Extended the Depository Contract with Muenster State Bank for two years through June 30, 2013.
- Heard report of delinquent tax collection of \$8,064.50.
- Approved textbook adoption as presented.
- Took no action to hire support staff and cafeteria personnel.

received a call to a fire on Old Bonita Road. After finishing the Stanford fire call, Muenster was headed for home. They received a call to a fire south of Illinois Bend. An investigation revealed no fire. They clocked back into the local fire house at 3:22p.m.

Cooke County no longer has a ban on outdoor burning, but the continued unpredictable wind conditions and lack of moisture call for residents to heed weather conditions before deciding to burn. Also, all are asked to report controlled burns to the Sheriff's dispatcher before instigating the burn.

## Letter to the Editor

Dear Editor,

With the May 14th MISD bond election approaching many people are asking WHY NOW? Here are just a few reasons why we should pass the MISD bond now and not wait: 1.) Interest rates are at historic low. 2.) Construction cost will only increase, the longer we wait the more expensive it will cost. Right now, due to the economy, construction prices are very competitive. 3.) The windmills are valued at 32% of the total assessed value of the District. Each year, the windmills value will decrease. The sooner we pass this bond, the more the windmills will pay in school taxes and less the residents of the MISD school district will pay!

The next question is WHO will pay for this bond: 1.) In 2011, the windmills will pay 32% of the cost. 2.) A homeowner of a \$150,000 house will see an increase in taxes of only \$170. 3.) Taxpayers over the age of 65 will pay nothing.

The elementary and junior high buildings are unsafe. The elementary building was built in 1966. This building has major electrical problems and a poor heating and cooling system. According to the TEA, room sizes should be 800 square feet, the MISD elementary room sizes are 400 square feet with no storage. On rainy or extreme weather days, 121 elementary students line the one hall in the elementary building to watch a movie because there is nowhere else to go. The junior high building was built in 1949. This building has asbestos throughout the building, the roof leaks, and has major plumbing and mold issues. In case of a tornado

there is not a safe place for the elementary and junior high students to go. The old gym is unsafe, the floor has moved away from the wall leaving a gap along the edge of the gym floor.

We can choose to pass the bond now when the interest rates are low and we have the high valuation of the windmills or we can wait until the State comes in and condemns our buildings and the cost will be more on the individual taxpayer! The choice is yours. Please vote! Carol Walterscheid Grewing Muenster, TX

## Yosten celebrates 90th

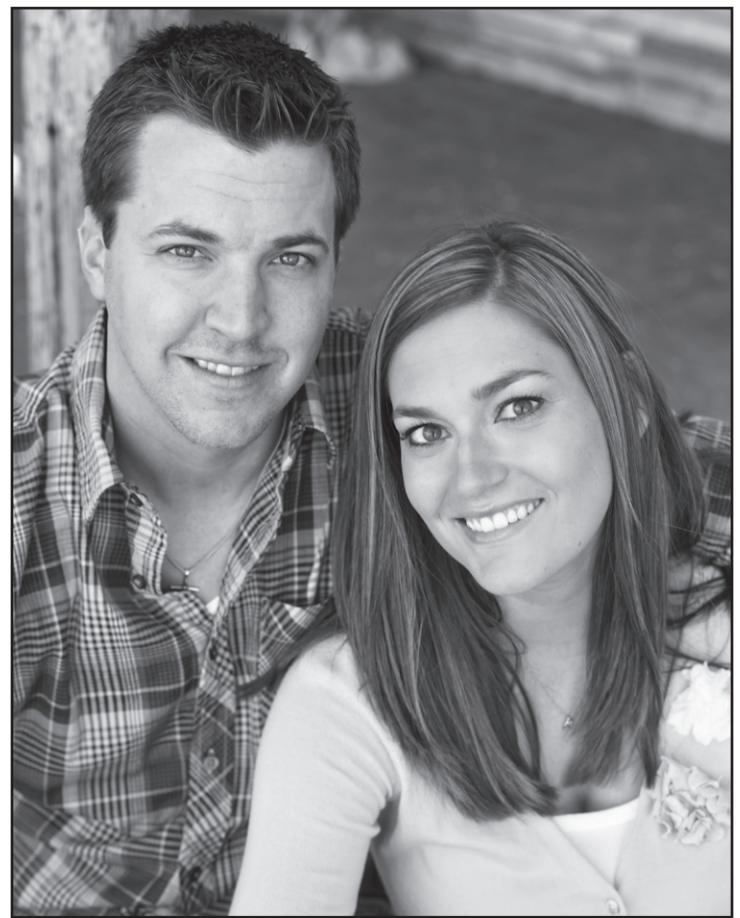

Daughters and grandchildren helped Frances "Girle" Yosten celebrate her 90th birthday with a weekend trip to Galveston. The group of 10 stayed at the Hotel Galvez, took a scenic tour of the island, visited historic buildings, and ended with Palm Sunday Mass at Sacred Heart Cathedral. Girle was treated to a spa day and a special birthday dinner at Olympia Restaurant on Galveston Bay.

Born April 16, 1921 in Muenster to Henry and Louise Binz Wiesman, Girle is the oldest of their four daughters. She is married to Leonard "Spike" Yosten and is mother to their five children. Girle spent many years as a nurse's aide, working at Muenster Memorial Hospital. Though retired, she is still busy with her beautiful iris gardens and

Grandparents are John and Mary Kay of Clarendon, Larry Scott of Forestburg, and Beckey Scott of Bowie.

## SH Parish plans May Crowning

May Crowning is on Monday, May 2 preceding regular Monday Novena. Participants are to line up on Sixth Street beginning at 6 p.m. You may bring fresh flowers to offer to the Blessed Mother.

First Communicants and the Knights of Columbus will walk as a group and form an honor guard. All parishioners are welcome to participate.

The procession starts at 6:15.

For more information, call Lisa Schilling at 940-736-5215.

## Baptism

### Hacker

On Sunday, April 10, Caden Lane Hacker became a member of the Catholic Church after the 10:30 a.m. Mass at Sacred Heart Catholic Church in Muenster. Fr. Ken Robinson officiated for his Baptism. Parents of Caden are Sally and Maurus Hacker. His Godparents are Debra and Jason Sickling. Caden wore the special christening gown that all his siblings wore on the day of their Baptism. Following the Baptism, lunch was served at grandpa Chuck Fisher's house. A special lamb cake made by Caden's great-grandma Evelyn Fuhrmann was the centerpiece. Those attending included Caden's parents; siblings Nathan, Chloe, Braeden, Landon, and Ava; Sicking Godparents and their children Carter, Faith, Taylor, and Hayden;

grandparents Chuck Fisher, and Maurus and Lynn Hacker; aunts Jessica Fisher and Cheryl Hacker; great-grandparents Polly Fisher and Diamond and Evelyn Fuhrmann; LuElla Fuhrmann; Dan and Jana Fisher; and David and Laurie Lawrence.

No Mass at Service

*A special Blessed Image of Jesus, The Lord of Saint Faustina and First Class relic of Saint Faustina (a piece of bone) will be present for veneration. Exposition of the Blessed Sacrament and benediction. We will also be honoring Blessed Pope John Paul II on his Beatification in unification with God during the Holy hour on this special day.*

Promises of our Lord to St. Faustina

PROMISES: "I will pour out a whole ocean of grace upon souls who will approach the font of My mercy... The soul that will go to Confession, and receive Holy Communion [on the Feast of Mercy], shall obtain complete forgiveness of sins and punishment... Let no soul fear to draw near to Me, even though its sins be as scarlet." (Diary, 699, 300) of St. Faustina

To avail oneself of the graces on this day. Our Lord prescribes:

1. The reception of Holy Communion on that Sunday.
2. The reception of the Sacrament of Penance a few days before and a few days after Mercy Sunday.

Moreover, Our Lord recommends:

1. Novena and the recitation of the Chaplet of Divine Mercy for nine days preceding the Feast (beginning on Good Friday).
2. "On My Feast - on the Feast of Mercy - run through the whole world and lead souls that fainted away to the source of My Mercy. I will heal and strengthen them."
3. "I desire that adoration take place here [in Church] for the intention of imploring mercy for the world."

Jesus I trust in you

"I am offering people a vessel with which they are to keep coming for graces to the fountain of mercy. That vessel is this image with the signature:

*'Jesus, I Trust in You'*

(Diary, 327)

From 1931 to 1938, Our Lord revealed the secrets of His great mercy to Saint Faustina. He designated the first Sunday after Easter as the Feast of the Mercy of God. In preparation of this Feast, He asked that a Novena be started on Good Friday, which asks for prayers each of the nine days for a different group of souls in order to immerse them in the sea of God's Mercy! "I desire that the Feast be a refuge and a shelter for all souls," He told her, "especially for poor sinners. The very depth of My Mercy will be opened on that day. I will pour out a sea of graces upon those souls that will approach the font of My Mercy. Tell ailing mankind to draw close to My Merciful Heart and I will fill it with peace...mankind will not find peace until it turns with confidence to My Mercy."

Novenas booklets may be obtained at St. Peters Church in Lindsay and nearby churches in this area along with instructions on the Chaplet of Divine Mercy.

For more info or ways to obtain novenas, call Linda at 940-759-2870.

# Knabe buys sharpening business

**By Janet Felderhoff**  
 Herbie Knabe sold his tire and battery business, but he was not content to sit on the porch and watch the wind blow. He went in search of a part-time business and found it with Wilfred Koelzer's sharpening business. According to Knabe, Koelzer started the business about 35 years ago and had decided it was time to retire from it. Knabe purchased Koelzer's equipment and re-located it to the shop behind his residence at 320 N. Sycamore in Muenster. He suggests calling before bringing

items that need sharpening because he is working only part-time. The phone number is (940) 736-3083. "If it has an edge, I can probably sharpen it," remarked Knabe. Some items he listed are hand saws, carbide and steel, saw chains, twist drill bits, jointer knives, hole saws, replace missing carbide tips on blades, sharpen, and balance mower blades, and much more. Knabe admitted that there is a lot to learn about the business. He said, "There are different angles to learn to the different blades. The pitches, what kind of wheel

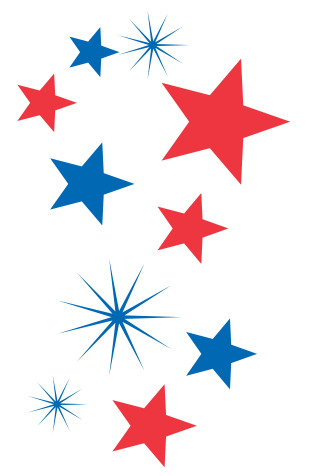

to use on what kind of saw." Koelzer worked with him to teach many of the basics, and Knabe said that he's been pouring over instruction manuals that came with the equipment and watching tapes from Koelzer. "I'm constantly watching these tapes and reading the books learning more and more about it," remarked Knabe. "It's going to be a constant learning thing. It's not something that you learn overnight." More than a dozen machines and accessories that came with the business. They now fill Knabe's shop.

Herbie Knabe, left, gets advice from Wilfred Koelzer as Knabe takes over Koelzer's sharpening business on a part-time basis. Janie Hartman photo

## NORTH CENTRAL TEXAS COLLEGE FOUNDATION

### DISTINGUISHED ALUMNI AWARD

DAVID B. HICKMAN of Dallas is the 2011 recipient of the F.M. Hemphill Distinguished Alumni Award given by the North Central Texas College Ex-Students Association. One of the most acclaimed sculptors in Texas, Hickman's unique large-scale outdoor, wind-activated kinetic sculptures can be seen all across Texas at hospitals, parks, schools, airports, rail stations, churches and corporate campuses. Hickman accepts his award from Jimmy Staples, coordinator of the Visual Arts Department at NCTC. They are joined by Dr. Eddie Hadlock, NCTC president, and Patsy Wilson, Ex-Students Association president.

### COMMUNITY SERVICE AWARD

Serving her community is a way of life for STACIE MILLER of Muenster, center, the 2011 recipient of the Outstanding Community Service Award from the NCTC Ex-Students Association, presented by Patsy Wilson, association president. A longtime nurse in the Intensive Care Unit at North Texas Medical Center, Stacie is a graduate of the NCTC nursing program and is one of her community's busiest volunteers. "If there is a volunteer event or project happening in Muenster, you can almost guarantee that she is involved in some manner," Wilson said. Also shown is Dr. Eddie Hadlock, NCTC president.

## North Texas Red River HIE receives grant

North Texas Medical Center in Gainesville, on behalf of the North Texas Red River Health Information Exchange (NTRRHIE), received news of a grant award in the amount of \$75,000 from the Texas Health and Human Services Commission.

The grant is to be used for six months planning of a health information network and will result in a business and operational plan to electronically exchange data in Cooke and Montague counties, a major step in the movement toward EHRs, or

electronic health records.

NTMC began the process of forming a health information network organization for the area in late 2010.

On Dec. 9, NTMC hosted the second in a series of meetings to determine if there was sufficient interest in the community to apply for a state planning grant for a health information network. Based on the feedback from that meeting, it was determined that there was enough provider and community support to move forward with the grant applica-

tion. The letter of award was received March 21.

The planning will involve providers, pharmacies, labs, hospitals, and the community in both Cooke and Montague counties and will last from April through September 2011.

Providers who have committed to participating in the initial planning include: North Texas Medical Center, Bowie Memorial Hospital, Nocona General Hospital, Transport Care Services (EMS), Cooke County Medical Center - Doctors Sophia McFadden and Manisha Shah, Sanders Clinic - Dr. Mark Sanders, MGK Clinic, Doctors Bob McLeroy, Mark Gibbs, and Mark Klein, Gainesville Internal Medicine - Doctor V.K. Agarwal, and Nocona Medical Clinic -

NTRRHIE has formed a board of directors and is currently applying for not-for-profit status from the state. Contact Sue Newhouse at 940-612-8827 for more information.

## Briana Bindel receives FCCLA Scholarship

Briana Bindel is the recipient of a \$16,000 FCCLA scholarship donated by the Houston Livestock Show and Rodeo. The Texas Association of the Family, Career and Community Leaders of America awarded a total of 10 of these scholarships at their State meeting on Saturday, April 16 in Houston. To be eligible for the schol-

arship, the applicant had to meet criteria of citizenship, residence, academic standing, membership in FCCLA, recommendations, university enrollment plans, and demonstration of leadership.

The presentation of Briana's scholarship was on stage in the General Assembly Theater of the George

R. Brown Convention Center during the 2nd general session of the 2011 State Meeting of Family, Career and Community Leaders of America. In all, there were 33 recipients of various FCCLA scholarships. Preceding the awards ceremony, Briana attended a VIP Reception for FCCLA scholarship recipients accompanied by her mother, Tina Bindel, and met with scholar donor representatives and Geneva Day, Region II advisor.

Briana is the 2010-11 Vice-President of Programs for Muenster FCCLA. She has also served as FCCLA class treasurer and as chapter Vice President of Projects in previous years. She has been a member of FCCLA and a Family and Consumer Sciences student for four years, participating in Chapter Showcase Display STAR events qualifying for State three years and placing 5th one year. In other extracurricular activities, Briana is a member of the Muenster High School National Honor Society, softball team, and FFA. She is a member of Sacred Heart Catholic Church.

Briana is a senior at Muenster High School and the daughter of Ben and Tina Bindel. She has accepted admission to University of Texas as a nursing major with a minor in business.

their big brother are Garrison Roller, 11, Issabella Roller, 9, and Justynne Roller, 6. Alex, 15, is the oldest grandson of Grady and Linda Roller of Rosston, Johnny and Jeanette Reiter of Muenster, and Tony and Karyn Smith of Colleyville. He is the great-grandson of Juanita Roller and the late

Lloyd Roller, Wilma and the late Dan Richardson, the late Albert "Buddy" and Marie Reiter, and the late Alphons and Augusta Walterscheid, Allen and Janice Griffith, the late Lula Faye Griffith, the late Marcella Rigdon Hoedl, and William Rigdon.

## Wildfires and evacuations

Texans face extreme wildfire danger. When you are told to evacuate - do so immediately. As you evacuate, be alert to the changes in the speed and direction of fire and smoke. Wind-driven wildfire can move as fast as 60 miles per hour. Wind-driven wildfire can move as fast as 60 miles per hour. If there is a wildfire in your area - and you have time to prepare - shut gas off at the meter and turn off propane tanks. Wet down your roof and shrubbery within 15 feet of your residence. Choose a route that leads away from the fire. Park your vehicle facing in the direction of escape. Remember, wildfires can travel at great speed. When told to evacuate - do so immediately.

## Group attends Jonesboro Vocation Awareness

Eighth grade girls from Sacred Heart Catholic School attended the annual Vocation Awareness Week at Holy Angels Convent in Jonesboro, Arkansas, April 1-4. Tina Weinzapfel and SHCS teacher Annette Bayer accompanied eighth graders Mikinzie Hess, Madison Hesse, and Elizabeth Weinzapfel. Upon arrival, Vocation Directress Sister Mary Clare Bezner, OSB and fellow Sisters in the community met the group.

The weekend was spent in daily prayers with the

Sisters, as well as daily Exposition of the Blessed Sacrament, Mass, Stations of the Cross, and performing chores around the convent, much like the Sisters do in community living. The Sisters also shared stories about how they were called to become Sisters. There was an opportunity to tour the convent and grounds. The group also visited the Crowley Ridge Nature Center for hiking, enjoying a beautiful spring day in eastern Arkansas.

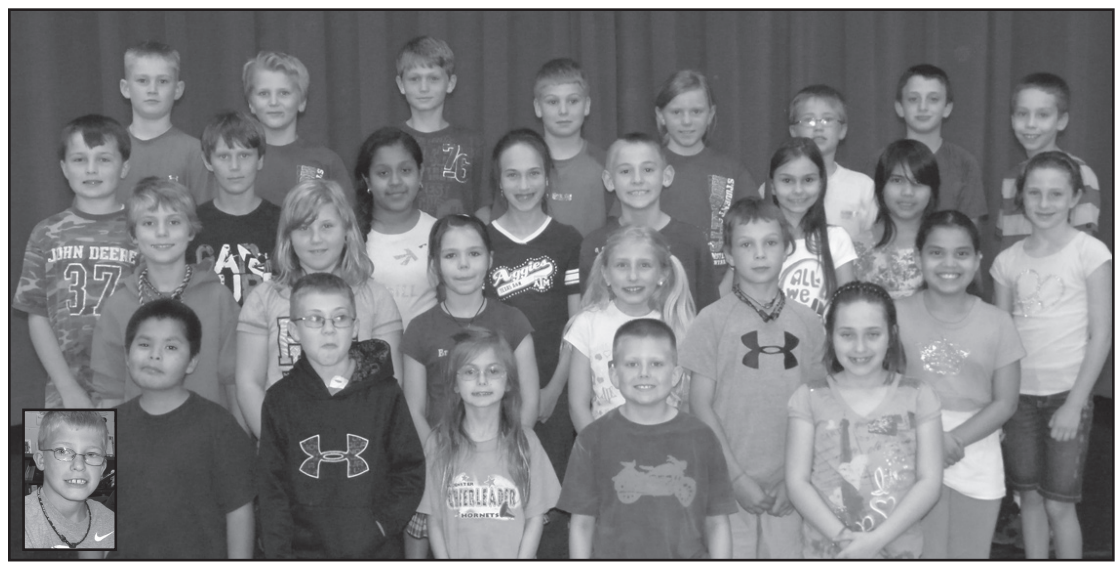

Evenings were spent with

the Sisters in the recreation room playing cards, board games, and puzzles. Meals were spent puzzling with all the Sisters in the convent dining room. The group visited the convent gift shop under the direction of Sister Romana Rohmer, OSB.

Following Morning Prayer and breakfast on Monday, the group bid a fond farewell to Holy Angels Convent, Prioreess Sister Mary Ann Nuce, OSB, and Sister Mary Clare, and to all the Sisters who made the weekend so memorable.

## Vote Yes MISD BOND ELECTION

### Why Now?

Right now bonds are at a low rate. In order to take full advantage of the money from the windmills, we need to act now. Each year the windmills lose value and will be a smaller percentage of the districts total assessed value. Estimates show that in 2011 the windmills are at 32%. In 2017, that value will drop to 22%.

### What is Wrong with the Buildings we Have?

- Electrical Problems** - many overloaded circuits, unable to upgrade to adequate technology levels
- Substandard Space** - many rooms well below the TEA recommendation of 800 square foot per classroom
- Substandard Mold issues** - rooms under the recommendation that it rains
- Asbestos** - sealing of tiles and covering floors with carpet is no longer effective
- Mixing of Grades** - elementary kids are sharing buildings with the Junior High students

10 years ago, the MISD elementary facilities were rated "unacceptable"; the Jr High was rated "borderline".

### What is it Going to Cost Me?

Taxpayers that are 65 and over WILL NOT have their taxes go above the frozen levy amount that was established when the 'Over 65' exemption was granted. The average homestead valued at \$150,000 will only see an increase of \$170 over their 2010-2011 rate.

Get the facts! Don't be fooled by the rumors. Visit the facilities and see for yourself. Come to the meetings and voice your concerns or approval. Get out and VOTE. Our youth need your support for a bright future.

# Blowing and going

Sustained high winds often cause damage to fences, weaker roofing materials, trees, and often cause trampolines to become airborne. Not only is there direct financial loss to the property, sometimes flying objects can injure others or their property. How do you know you are properly covered?

Don't rely on the "Act of God" as a way out of being responsible when others are injured by your flying objects. Having the proper insurance coverage is the best way to make sure there are no "uncovered" exposures for what might happen.

If you want an opinion or have a question contact FMW Insurance Agency at 940-759-4644. Gary Fisher, Paula Kerr, and Anna Brazziel have a combined 58 years experience. Our agency has been continually licensed since 1923. Drop by our office anytime at 206 N Main.

## Sacred Heart wins District Track & Field Championships

The Sacred Heart track teams traveled to Abilene Christian University in Abilene on April 14 to compete with nine other schools in the TAPPS Class 2A District 1 Track and Field Meet. When the last race was run, both the Tigers and Tigerettes brought home the Team District Championships.

The Tigerettes dominated the events with a team total of 202. Second place scored 98. The Sacred Heart girls brought home 11 Gold, 11 Silver, and five Bronze medals. Winning the Gold were Mikaela Bartush - Shot Put, Bailey Walterscheid - Pole Vault, Mikayla Fleitman - 3200m, the 4x100m Relay team of Karli Anderle, Sara Davidson, Kaitlin Hesse, and Peyton Reiter, and the 4x400m Relay team of Mikayla Fleitman, Mikenzie Fleitman, Kaitlin Hesse, and Peyton Reiter.

The Tigers out-scored the 2nd place team by 55 points, 165 to 110 for the District Championship. The boys earned 12 Gold, 4 Silver, and

3 Bronze medals. Bob Bartush won the 400m and 800m races. Other 1st place finishers were John Paul Hesse in the 3200m, Michael Davis in the Triple Jump, the 4x200m Relay team of Keith Metzler, Josh Biffle, Mark Bartush, and Austin Aldriedge, and the 4x400m Relay team of Austin Aldriedge, Bob Bartush, John Paul Hesse, and Keith Metzler.

## Presnall brothers earn trip to Regional tennis meet

Shane and Landon Presnall, representing Muenster High School in Boys Doubles, advanced to the UIL Class A Region III Tennis Tournament for the second year in a row with a 2nd place finish in the District 17-A Tennis Tournament held last week at Prosper High School.

The Presnall brothers defeated Farr/Brown from Era 3-6, 7-6, 6-1 in the second round, then won 6-1, 6-0 over Garcia/Keifer from Celeste in the third round, lost to McKinney/Deckard 1-6, 6-3, 5-7 from Blue Ridge in the Championship match, and secured 2nd place with a 6-1, 3-6, 6-3 victory over Harp/Lance from Era.

Blake Grewing and Amber Walterscheid also represented Muenster High School well with a 3rd place medal in Mixed Doubles. The two cousins won matches over teams from Blue Ridge, Celeste, and Trenton, but lost two matches to the teams from Era.

The Regional meet was held on the campus of Stephen F. Austin State University in Nacogdoches Wednesday and Thursday, April 20 and 21. The Muenster High School tennis team is led this year by Coach Curtis Oakley.

## Lady Hornets place 4th at Regional Golf

The Lady Hornets' bid for a State Championship birth ended abruptly on day two of the Regional tournament. After being in a tie for 2nd place with the Malakoff Cross Roads girls at 401, the butterflies set in and the local girls dropped to 4th place behind Grapeland 384-353/737, Cross Roads 401-395/796, and Martins Mill 421-385/806. The Lady Hornets finished with a 401-412/813.

Freshman Erin Hess was in 2ndplace after day one with an 82, just two strokes out, but a quadruple bogey late in the round sealed her fate and she finished 4th overall out of a field of 83 girls. Her final round 86 was two strokes from a trip to Austin. She did, however, card the only eagle of the entire tournament when she drove the par 4 17th hole and sunk the putt.

Junior Andi Hess finished in 18th place with a 104-108/212 and was also the victim of a couple of a disaster holes each day. Sophomore Payton Sanders played two great back nines, but the two front nine jitters kept her from going low. She finished 20th over all with a 110-105/215. Chloe Schneider, another junior three-year letterman finished in 22nd place with a 106-113/219. Sophomore Miranda Pagel, playing in her first post season tournament, kept the team in contention the first day and posted 109-117/226 for 32nd place overall.

Coach Dan Hamric stated, "We knew coming in that Grapeland and Martins Mill would be the teams to beat after they finished 1st and 3rd last year in the state tournament, but we were not expecting Cross Roads to enter the picture. All three teams were led by seniors who finished one, two, and three in the individual honors. With all five Lady Hornets returning, we should be serious contenders next year."

**Top Three Points By School:** 1, Era, 174; 2, Lindsay, 166; 3, Muenster, 114.

**VARSITY BOYS**

**Pole Vault:** 2, Jace Wann, L, 10' 0".

**High Jump:** 2, Kyle Johnson, L, 6' 0".

**Triple Jump:** 4, Cole Walterscheid, M, 38' 2".

**Discus:** 1, Dean Fleitman, L, 129' 1"; 3, Connor Fuhrmann, L, 125' 10".

# FARM & RANCH

## AG TALK

By Mike Barnett  
Publication director

**Texas wildfires turn hopes and dreams into ashes**  
N.L. Winter has lived over a century, but he has never seen anything like the Texas wildfires that rolled over his ranch north of Abilene last week. Known as "Boss," Mr. Winter lost the home he was born in, the two-room house his father built in 1910, and the house where he and his late wife, Leta, raised their three children. Much of his 1,400 acre ranch is charred.

"It's the worst fire I've ever seen," the 106-year-old cowboy told the *Abilene Reporter-News*.

Mr. Winter is just one of many whose dreams, hopes, and livelihoods have turned to ashes this spring. Texas is burning. Wildfires have ravaged over 1.5 million acres since the first of the year. That's equivalent to 2,000 square miles.

It's not supposed to be this way. The calendar puts us on the back side of April. March rains should have replenished the soil. March rains should have nourished life. But they didn't fall. The only clouds this spring are billows of dense smoke.

Agriculture has been hit hard by drought, as my blogging partner Gene Hall documented last week. March was the driest month on record. Most of the state is officially classified in drought. Some of it is extreme. Much of it is severe. Crops wither in the field, if they've been planted at all. Pastures provide little grazing.

Mother Nature adds insult to injury, sucker-punching many who have been stretched thin by the dry weather. It may be the final bout for some. Plentiful rains last year built an understory of brush and grasses. A hard winter set the stage. Lack of rain prevented green-up. High winds and low humidity have been prevalent. The result is wildfire.

The numbers are startling. No corner of the state is left untouched. 252 Texas counties out of 254 have been affected. As of today, 244 homes have been destroyed. 8,514 homes have been threatened. 7,807 fires have been fought by a brave, thin line of volunteer firefighters, Texas Forest Service crews, and teams from the National Forest Service.

As I look out my window while writing this post, I see high winds once again shaking the trees. It's hot outside. I wonder whose land is burning today. I wonder who will lose their homes. One more is too many. But the forecast calls for many more.

There are ways you can help. Make a donation to your local volunteer fire department. They are the front line troops in this vast effort. They need your support, both financial and spiritual.

There are many relief efforts, both local and statewide. Support locally when you can. But don't forget worthy relief efforts such as Texas CattleWomen for feed and fencing and the Texas Department of Agriculture's State of Texas Agriculture Relief (STAR) fund to restore operations and rebuild fencing. Also, if you can help out and have land where cattle can be relocated, please let us know!

## USDA projects more grain, cotton acreage

Higher commodity prices and increasing global demand are two factors raising the expected cropland acreage for certain crops this year, according to recent survey results from the U.S. Department of Agriculture (USDA).

The survey shows that there could be 3.99 million more acres of corn, 3.89 million more acres of wheat, and 12.6 million more cotton acres after a year of record prices for all three major commodities.

"Despite increased plantings for most major field crops as reported in today's Prospective Plantings report, the March 1 Grain Stocks report indicates continued strong demand and usage for these commodities. This suggests the current tight supply situation will continue into 2011 and 2012," said USDA Chief Economist Joseph Glauber in an agency statement.

Texas farmers are exchanging corn for cotton this year, as the Lone Star State had the largest decrease in planted corn acreage—down 150,000 acres due to an increase in cotton acreage.

Texas leads the nation in the largest increase in wheat acres, however, with 548,000 more acres expected.

## Just a thought

*To have and not to give is often worse than to steal.*

*The direction of your mind is more important than its progress.*

## Corn up 5% Soybeans down 1% All wheat up 8%

Corn growers intend to plant 92.2 million acres of corn for all purposes in 2011, up 5% from last year and 7% higher than in 2009. If realized, this will be the second highest planted acreage in the United States since 1944, behind only the 93.5 million acres planted in 2007.

Acreage increases of 250,000 or more are expected in Iowa, Kansas, Nebraska, North Dakota, Ohio, and South Dakota. The largest decrease is expected in Texas, down 150,000 acres.

Soybean planted area for 2011 is estimated at 76.6 million acres, down 1% from last year. If realized, the United States planted area will be the third largest on record. Compared with last year, planted acreage declines of 100,000 acres or more are expected in Iowa, Kansas, Mississippi, Nebraska, and Ohio. If realized, the planted area in New York and North Dakota will be the largest on record.

All wheat planted area is estimated at 58.0 million acres, up 8% from last year. The 2011 winter wheat planted area, at 41.2 million acres, is 10% above last year and up 1% from the previous estimate. Of this total, about 29.4 million acres are Hard Red Winter, 8.2 million acres are Soft Red Winter, and 3.7 million are White Winter. Area planted to other spring wheat for 2011 is estimated at 14.4 million acres, up 5% from 2010. Of this total, about 13.6 million acres are Hard Red Spring wheat.

Durum planted area for 2011 is estimated at 2.37 million acres, down 8% from 2010.

## Bermudagrass

The following information by Dr. Gerald W. Evers, Extension researcher in Overton Texas was adapted from a newsletter from the Texas Forage and Grassland Council.

Bermudagrass is the most widely grown warm-season perennial grass in the southeastern US. Its popularity is due to adaptability to a wide range of soil types, drought tolerance, and persistence under intensive grazing. The most productive varieties have been hybrids that produce little viable seed and must be established vegetatively by sprigs (portions of shoot, crown, roots, rhizomes, and stolons) or with tops (6 to 8 week old top growth) for Jiggs and Tifton 85. Recommended planting rate is from 20 to 40 bu./acre. A bushel equals 1.25 cu. ft. and contains about 100 sprigs.

Establishment costs including land preparation, sprigs or tops, planting, fertilizer, and weed control range from \$150 to \$250 per acre depending on variety. Tifton 85 is considered the best variety because of its higher productivity and nutritive value.

## Seeded Bermudagrasses

There has been a great deal of interest in using bermudagrasses that can be established from seed as opposed to sprigs. In addition to being less expensive and not as burdensome as sprigging, seeded bermudagrasses can be used on small acreages that are not economical to sprig and on steep slopes and cut-over timberland where good seedbed preparation necessary for sprigging is not feasible.

Most seeded bermudagrasses on the market are blends that contain two to four lines that frequently contain Giant and common. Common bermudagrass is well adapted to all soils. Because common is a good seed producer, seed is less expensive (about \$3.00-4.00/lb) than other seeded bermudagrasses. Giant is used in blends because it has rapid establishment and good early growth. However, it will not persist for more than two or three years in the eastern half of Texas. As Giant bermudagrass goes out, the other bermudagrass lines in the mixture fill in. Giant has persisted in drier climates in the western half of Texas under irrigation. Seed of Giant bermudagrass is more expensive (\$8-10/lb) because it is a poor seed producer.

## Comparing varieties

A three-year study of bermudagrass varieties provides results supporting the belief that Tifton 85 is the most productive bermudagrass across the southeastern United States. The study also shows that the seeded bermudagrasses, for the most part, are equal to, or better than Coastal. These studies were carried out at moderate nitrogen fertilizer levels (128 to 300 lbs. of actual N/acre, depending on the site and the year). One would expect differences among entries to be less at lower nitrogen rates (75-100 lb/acre) and greater at higher nitrogen rates (300 lb/acre). Tifton 85 has superior drought tolerance and higher nutritive value than Coastal and seeded bermudagrasses. Tifton 85 has fewer ether bonds (ether bonds in the lignin cannot be broken by rumen bacteria) than Coastal. For more information, visit: <http://varietytesting.tamu.edu/>
