MMH Board votes to begin Cardiac Rehab Program

By Janet Felderhoff
A decision was made at the May 24 meeting of the Muenster Hospital District's Board of Directors to establish a Cardiac Rehab Program in the MMH FIT Center. Administrator Michael Kent told the Board that they were getting three to five referral requests per week for cardiac rehab. There is staff and facilities to provide the service to the community, he noted. Both Dr. Jones and Dr. Roa agreed to provide coverage during the time of the classes.
The FIT Center would be closed to the public during the hour-long class period three days a week.
A cardiac rehab management system is required to provide this service. The Board approved purchase of the \$56,094.80 equipment

that's necessary for the system.
Paul Becker was sworn in for another three-year term on the MMH Board by Vice-President Ronnie Weinzapfel. He had decided not to seek another term in office. There were only two candidates for three open positions, so Becker decided to serve again.
Election of officers for 2011-12 took place with all remaining the same. They are Kenny Klement, president, Ronnie Weinzapfel vice-president; and John Aytes secretary.
Administrator Kent reported that most of the equipment necessary to install an Electronic Health Records (EHR) system had arrived. CSS will come to MMH to install the equipment and software.

Already being installed by FileX is scanner equipment that enables scanning of patient cards, records, documents, etc. into the EHR.
Discussion took place on the 2012 proposed budget and proposed tax rate. Changing of the fiscal year from July 1 to June 30 to another time period is being considered. No decisions were made.

In other buisness, the MMH Board:
• Approved Bad Debt Write Offs totaling \$1,736 for the month of May.
• Tabled a decision on the revised Personnel Policy Manual.
• Reviewed sole bid for signs for the Hospital, Clinic, and FIT Center. The item was tabled for additional bids.

Muenster School Board elects its 2011-12 officers

By Janet Felderhoff
Muenster ISD's Board of Trustees held a special called meeting on Wednesday, May 18 to canvas votes from the May 14 election and to install two Board members.
235th District Judge Janelle Haverkamp conducted the official swearing into office of Ben Bindel, incumbent, and Doug Hermes.
The official vote count for the Bond Election was 534 for and 328 against.
Election of officers for

2011-12 was held. Serving will be Steve Trubenbach as president, Neal Flusche as vice-president, and Ben Bindel as secretary.
The Board hired Jeff Smiley as a coach/teacher with a probationary dual assignment 11 month, one year contract for the 2011-12 school year.
For his eight and one half years of service on the Board of Trustees, they presented outgoing member Bert Walterscheid with a plaque recognizing his contribution.

Also recognized as State Qualifiers were: UIL Academics - Catherine Cho, Paige Hennigan, Payton Sanders, Brooke Walterscheid, and Hannah Weger with sponsors Caroline Lutkenhaus, Leigh Hale, and Gynell Oppermann; Ag Forage Team - Dillon Bayer, Luke Crabtree, Cole McAden, Garrett Walterscheid, and sponsor Daniel Waneck; Track - Emily Hellman, Dalton Koelzer, and Demi Koelzer.

Memorial Day observances honor deceased veterans

By Linda Flusche
During Memorial Day services on Sunday, May 29, the Muenster Veterans of Foreign Wars Post 6205 and its Ladies Auxiliary paid tribute to their comrades by remembering the deceased men and women who lost their lives in the service of our country.
The observances began with the 8 a.m. Mass in Sacred Heart Church celebrated by Fr. Ken Robinson. Post members Doug Martin and James Hess carried up the Gifts at Offertory.
Music ministers were Christy and Rachel Hesse, Josh, Emily, and Grace White, and Isaac Davis.
Immediately following Mass, the Post color guard, Auxiliary banner bearer, Auxiliary color guard, Auxiliary officers, First Communicants, members of the community, and Fr. Ken Robinson processed to Sacred Heart Cemetery where they were met by the VFW Post rifle squad and buglers Ronnie and Tina Weinzapfel.
Services began with the

singing of "America the Beautiful" led by Christy Hesse. Fr. Ken prayed and blessed the Veterans' Plot. After leading the First Communicants onto the plot, Auxiliary President Frances Bayer and Auxiliary Junior Vice President Sandra Hennigan placed a memorial and buddy poppy wreath at the Veterans Monument and the First Communicants placed a red carnation on each individual soldier's grave. Linda Knabe, Frances Bayer, Janet Barnhill, Isaac Barnhill, and Pat and Cindy Walterscheid placed flags and carnations on outside graves earlier.
Christy sang "God Bless America" before Commander Doug Martin gave the Memorial Day address. Doug gave a brief history of the beginning of Memorial Day. He said, in part, "On May 5, 1868, an order issued by General John Logan established a day of remembrance of those soldiers who died during the Civil War. May 30, 1868 was the day designated for this observance and flowers were

placed on the graves of the fallen soldiers of both the Union and the Confederate armies. New York was the first state to officially recognize this observance in 1873, and in 1971 with the passage of the National Holiday Act, Memorial Day was designated as the last Monday of May." Doug went on to tell of the oath that all soldiers take when they enlist into the service of this country,

John Pagel reflects over years of service on Muenster City Council

By Janet Felderhoff
John Pagel concluded his 20 years of service to the City of Muenster via its City Council on May 19 when he handed his mayoral duties over to Joey Anderson. Pagel began as an alderman on the City Council, serving in that capacity until he was elected mayor in May 2007.
Pagel noted that he is proud to have had the opportunity to serve the citizens of Muenster as their mayor. He feels that through the years, he's had a great group of councilmen and staff to work with. "They were always active and participated with an open mind to change," he said. "With few exceptions did we ever have anything but a united team effort."
There were many things accomplished during Pagel's tenure as City alderman and mayor. These included a new water tower, new water well, new library and museum, a remodel and update of City Hall and the Muenster VFD station, expansions and improvements to the City Park,

John Pagel received words of appreciation from members of the Muenster City Council, Administrator Stan Endres, and Secretary Brenda Simpson at the last City Council meeting. After 20 years on the Council, Pagel decided not to seek another term. He was presented a cake and small party in appreciation of his service.

Janet Felderhoff photo

completion of the Muenster Lake, and annexation and expansion of the City's boundaries.
"In the larger sense, I think our greatest accomplishment was to do all the things that have been done without any increase in the tax rate," noted Pagel. "Internal growth of our community has increased at a rate great enough to finance our general maintenance of streets, sewer and water, plus new capital expenditures."
Pagel said his personal proudest accomplishment made by the City is the expansion and improvements made to the City parks. "The tireless and determined efforts of the Muenster Jaycees, Keep Muenster Beautiful, and other such civic groups have really made a wonderful contribution to their community."
Pagel concluded, "I would hope that the future Councils and City staff will be supported and enjoy the cooperation from everyone that I have experienced through these many years."

Dates announced for swim lessons

It will soon be time to sign up for swimming lessons at the Muenster pool. Anyone interested in taking this class should come to the City Park on Saturday, June 25 between 9-11 a.m. Come in your swimsuit.
Children must be at least six years old and have gone through Kindergarten. There is a \$7 fee per child. Late registration and registration by telephone is \$10.
July 11-15 is the first week and is for Levels 1-5. Times offered are 9, 10, and 11 a.m. Week two is July 18-22 with Level 7 from 7-8:30 a.m., Level 6 from 8:30 - 10 a.m., and Levels 1-5 at 10 and 11 a.m.
Volunteers are needed to help teach.
If you have questions, all Robin Hermes at (940) 231-6170.

Obituaries

Francis Carol Parrish 1937 - 2011

Memorial services for Francis Carol Parrish of Gainesville are set for Friday, June 3 at 2 p.m. at Geo. J. Carroll & Son Funeral Home Chapel with Rev. Hubert Wright officiating. Burial will follow at Fairview Cemetery. Visitation from 1-2 p.m. at the funeral home will precede the service. Ms. Parrish died at the age of 73 on May 29, 2011 at North Texas Medical Center.

Born Aug. 17, 1937 in Wilson, Oklahoma to J.T. and Lorene Frost, she was a member of First Baptist Church in Gainesville. After graduating from Gainesville High School in 1955, she earned a Business degree from Cooke County College in 1985. Following a longtime career as a waitress at the Hitchin' Post and Golden Corral, she retired from the Texas Travel Bureau in 2005. She loved to bowl and read.

Preceding her in death was her daughter Donna Parrish. Survivors include daughter and son-in-law Diane and Mick White; brothers James Frost of Obrien and Mike Frost of Muenster; and one granddaughter.

Barbara Wofford 1940 - 2011

Services for Barbara Wofford were held at 10 a.m., June 2, at George J. Carroll and Son Funeral Home in Gainesville. Interment was in Fairview Cemetery.

Barbara died at the age of 71 on Sunday, May 29, 2011 at North Texas Medical Center in Gainesville.

Born in Cleburne on May 19, 1940, Barbara was raised primarily in Gainesville and graduated from Gainesville High. After attending business school in Dallas, she returned to Gainesville and started a family. She spent several years traveling and living in different areas of the United States with her husband and young children, before she return to Gainesville once again. An excellent cook, Barbara worked in and around Gainesville in the food service industry and fed most of the citizens of Cooke County at some time during her career. She was a homemaker and had the ability to make anyone feel welcome. Barbara was a member of First Christian Church in Gainesville. She was a proud mother and grandmother, and a loyal friend, the favorite of many nieces, nephews, cousins, and others.

Survivors include her sons and daughter-in-law David and Kim Wofford, and Larry Wofford, and daughter Lynda Wofford, all of Gainesville; sisters Helen Coachman and Wanda Reiter of Gainesville, Karen Seay of Cleburne, and Kay Chew of Marietta, Oklahoma; eight grandchildren and four great-grandchildren.

She was preceded in death by her parents Georgia and Tollie Lovell; sister Bobbie Jo Phillips; brother Tollie D. Lovell; and son Eddy Ball, Jr.

A large crowd gathered in Sacred Heart Cemetery after the 8 a.m. Mass Sunday to remember those who died while defending our country. In top photo, members of the VFW Post 6205 rifle squad fire a 21 gun volley salute honoring deceased veterans, Samantha Muller photo. At right, Ronnie Weinzapfel plays the traditional "Taps;" Above photo, First Communicants Dylan Huchton and Annie Anderle place flowers on veterans' graves.

VETERANScontinued from pg. 1

and he described some of the attributes of soldiers, "Soldiers are defenders of the same principles that made this country great. They stand as Patriots to defend and protect the ideals and sentiments espoused in the Constitution of the United States. Soldiers bear true faith and allegiance to that document, and they work and live within the Codes of Military Justice..."

"Remember those who gave their lives, so that we may continue to live in freedom as spelled out in the Constitution of the United States and the Declaration of Independence."

The highest honor was then paid to the deceased veterans when the Post rifle squad gave the traditional 21 gun volley salute which was followed by the playing of "Taps."

Members of the Post color guard were James Hess, Leonard Vogel, Don Hellman, and Doug Martin. The rifle squad consisted of Don Eckart, Jon Schilling, Josh Walterscheid, Gilbert Hess, Don Hess, Bernard Hesse, and Melvin Luke.

Janet Barnhill was the Auxiliary banner bearer. Colors were carried by Rosemarie Sicking and Mary

Bayer with Linda Knabe conducting.

First Communicants who participated were all children or grandchildren of VFW or Auxiliary members. They were Kelsey Hennigan, Makenna Forshee, Mary Fisher, Audrey Kubis, Annie Anderle, Alyssa Huchton, Dylan Huchton, Chloe Hacker, Nolan Vogel, Brenton Wilson, Bert White, and Rachel Hesse.

To end the day, a bounteous steak dinner was prepared by Don Hess, Tim Hess, Gilbert Hess, Jesse Hess, Jeremy Hess, Ben and Aggie Hesse, Tom Hartman, and Lenny Vogel.

Sand Mine - Public Comment period is extended by TCEQ

Comment Period for the EOG Resources "Sand Mine" located north of Saint Jo in Cooke County (Bulcher), has been extended by Texas Commission on Environmental Quality (TCEQ). This extension resulted due to the large number of requests submitted by concerned residents and local officials in Cooke and Montague counties. Because the first public notification was published only in the *Muenster Enterprise*, all parties who might potentially be impacted by this "Sand Mine" were not adequately informed. Therefore the Public Comment period has been extended by the TCEQ until June 24.

The Air Quality Permit # 95412 that is pending raises numerous questions as to the extent of environmental impact issues concerning air quality. The application states that "The facility will

emit: organic compounds, nitrogen oxides, sulfur dioxide, carbon monoxide, and particulate matter.....". Research into other "Sand Mining" facilities indicates that these contaminants and the very fine silica sand can be carried by wind or in fog into surrounding areas causing potential health hazards to not only humans, but also to animals and plants.

While the Air Quality is the only focus in this permit application, other environmental concerns need to be addressed. As of this date, there is no plan for an "Environmental Impact Study." Those with concerns and having questions about the EOG "Sand Mine" should request that the TCEQ grant a local public meeting.

The TCEQ website is www.tceq.texas.gov and the phone #800-687-4040. The deadline is June 24 to submit the request.

DAYS GONE BY.....

65 YEARS AGO May 31, 1946

Cloudburst causes severe damage to community crops; almost six inches of rain falls in one hour. Fr. Conrad Herda of St. Peter's Parish to be honored for the 30th anniversary of his ordination. Terese Walter has appendectomy. Sisters Eymard, Gebharda, and Genevieve leave for mother-house in Jonesboro, Arkansas. New Arrival: Laquita to Henry and Lorene Sandmann.

50 YEARS AGO June 2, 1961

Alvin Fuhrman and William J. Miller buy Muenster Telephone Company and begin expansion. Muenster native Fr. Bonaventure Koelzer is newly appointed superior of the Graymoor, New York monastery of the Franciscan Order of the Atonement. New Arrivals: a daughter to Clyde and Helen Muller; Mary Ann to John and Genie O'Dowd. Obituary: Al Eberhart, 51. Melvin Schoech graduates from St. Mary's University in San Antonio.

- Hear update on City's swimming pool problems.
- Receive status report on City Projects and Activities. Take any needed action.
- EXECUTIVE SESSION: The Council may enter into closed or executive session to discuss the following: Texas Local Government Code: 551.074-Personnel.
- Return to open session. Take any needed action.
- Adjourn.

Brenda Simpson, City Secretary

As we express our gratitude, we must never forget that the highest appreciation is not to utter words, but to live by them.
~ John Fitzgerald Kennedy

Credit score tips

For better or worse, credit scoring for insurance placement is being used. Hate the idea or not, it will not go away because it is a very reliable predictor of future insurance claims.

How can this be? The answer is way too long and complicated to address here. Insurance scoring is used to set rate tiers, and is not associated with a three digit number lenders use. There are things you can do to raise your "insurance score". When the process first started little was known about the mysterious formulas used. Many people, especially elderly and people who paid in cash, got caught with higher premiums. With proper coaching anyone can improve their score to reduce their premiums and not change their lifestyles.

Want to learn more about how to improve your score? Contact Gary Fisher, Paula Kerr, or Anna Brazier at FMW Insurance Agency 940-759-4644, or drop by 206 N Main anytime.

Bar-B-Que dinner planned as County Fair Association benefit

The Cooke County Fair Association (CCFA) is working toward the rebuilding of a multi-purpose facility that once was used for local, state, and even national events - all with family atmosphere. CCFA is a non-profit, 501 (C) 3 organization fully managed by volunteers, for the public since 1871. From the very beginning, the organization has sought to serve all citizens.

Currently its project is the rebuilding of the facility used for local youths to show their various animals, shop, clothing, and food projects, as well as horse and cattle shows, etc.

On April 28, 2006, the entire Fair Barn facility was destroyed by a storm. CCFA began fundraising efforts with the intent to build a new facility to meet the diverse needs of those who use it.

As of May 2011 the group:

- Built a 200 x 200 foot facility with north wall and door which was completed on Dec. 15, 2008;
- Livestock pens that include stock tanks are located on the outside of the west side of the facility;
- Select fill has been installed for the arena flooring which is large enough to hold horse and rodeo size events. Rails have also been obtained for the perimeter of the arena along with bleachers that will seat 1,600 individuals (but are still not as-

sembled);

- The drainage system has been improved and includes a retention pond; sewage and water lines have been installed along with the electricity;
- The concrete floor has been poured and the drainage/water lines have been installed for the restrooms and concession stands;
- Grants from the Kerr Foundation, Inc. located in Oklahoma City and Texas Rural Communities, Inc. have been obtained to pay for the wash rack and the weather screening (some work is still required before the wind screens can be installed on the east and west walls). Bids have also been taken for the 150 foot by 200 foot addition to be added on to the south of the building to make the entire arena completely covered.

These projects are being done as donations and grant money comes in. The next fundraising effort will take place on Saturday, June 11. The Cooke County Fair Association invites you to an enjoyable evening under the roof of the new Fair Barn between 6 and 9:30 p.m. The evening will feature a bar-b-que dinner with tea and dessert. Also, Bonny Preacher will be on site to entertain with his music.

Tickets are \$10 which includes a meal and a chance for a 12 gauge shotgun with modified barrel valued at

\$495. Advance ticket purchase is available from any Fair Board member.

The members of the Fair Association would like you to see the rebuilding activity that has been done. Working together, with many charitable volunteers, much has been accomplished. Although not complete, the Fairgrounds has much to offer.

County Agent Wayne Becker noted, "The Fair Board is quite proud to be given opportunities to show off the new facility for Cooke County to visitors from across the nation and all of its community-minded citizens. Although it seems like a long time has passed since we began the rebuilding process, we firmly believe that it has improved to meet the needs of the future for years to come. Once the current projects are completed, the facility will be able to hold many functions in the new facility."

"We are proud to be providing a location for educational programs for youth and adults, which promotes the development of citizens into community-minded leaders."

The Cooke County Fair Association's mission is to support youth education and development, continuing education, recreation, and economic expansion for the people of Cooke County and surrounding areas.

Dana Fuhrmann, D.D.S., M.S.

Corcoran makes First Holy Communion

Justin Corcoran celebrated the Sacrament of the Eucharist at St. Mary's in Gainesville, Saturday May 15, at 11 a.m. Justin's family Mike, Donna, Tanner, and Cherokee hosted a special First Holy Communion meal and celebration for him at their home in Muenster.

Before the meal, Justin gave a special blessing of the meal. Guests enjoyed a meal of brisket with all the trimmings made by his parents. Afterwards, a special cross-shaped cake was served.

Special guests attending included his maternal grandmother Trudi Williams of Loco, Oklahoma, Sandra Corcoran of Lindsay, Dawn Walter Pingor, cousins Jessika, Michael, Josh, and Zach of Argyle, Godfather Steve Corcoran, Aunt Jenny, Caitlin, and Sarah of Lindsay, Godmother Rena Cummings, and her husband Tommy Cummings and daughter Tawny of Sulphur Bluff, Texas.

Fuhrmann graduates as a Prosthodontic Specialist

Dana Michelle Fuhrmann, D.D.S., M.S., graduated with her Masters of Science degree and certificate in Prosthodontics from the University of Texas Health Science Center San Antonio (UTHSCSA) on May 31. Attending the graduation ceremony were her parents Glenn and Stacie Miller, and her husband Chris Fuhrmann.

Dana graduated with a 3.95 GPA. While in her residency, she completed a three-year Master's research project on drug-loaded dental bone graft materials. She presented a table clinic on her research at the 2010 Academy of Osseointegration meeting in Orlando, Florida. She also presented a table clinic on treating children with prosthodontic needs at the 2009 American College of Prosthodontics (ACP) in San Diego, California. While in her last year of residency, she served as chief resident.

She was a guest speaker at the Texas ACP meeting last December where she lectured on dental implant challenges. Dana is a member of the ACP, the American Dental Association, and the Texas Dental Association.

While in her residency, under the directorship of Dr. Bob Cronin, Dana treated a variety of patients with needs ranging from dentures to dental implants to full mouth reconstructions. She treated pediatric prosthodontic patients and cancer patients with orofacial defects. The UT Health Science Center at San Antonio also gave her the opportunity to combine 3-D xray images of patients with dental implant planning to provide the most accurate surgeries and restorations possible.

Dana has worked in the dental field since she was in high school. She started working part-time as an employee for Dr. Elaine Schilling at North Texas Dental

Specialists. It was there that her interest in dentistry really began. While in college, she interned for Dr. Petra Schubert, an orthodontist, in Dallas. Dana graduated from Texas Woman's University in 2004 with a Bachelor of Science degree in Biology. She then attended UTHSCSA for four years and earned her Doctorate in Dentistry in 2008. Dana decided to pursue a specialty and went into a three-year program in Prosthodontics at UTHSC San Antonio.

Prosthodontics, also known as dental prosthetics or prosthetic dentistry, is one of nine dental specialties recognized by the American Dental Association. Prosthodontics is the dental specialty pertaining to the diagnosis, treatment planning, rehabilitation, and maintenance of the oral function, comfort, appearance, and health of patients with clinical conditions associated with missing or deficient teeth and/or oral and maxillofacial tissues. All prosthodontists are dentists who receive three to four years of additional training after dental school. They specialize in the esthetic (cosmetic) restoration and replacement of teeth and can restore optimum appearance and function to your smile. They also specialize in the treatment planning and restoration of implants, temporomandibular joint disorders, and rehabilitation of occlusion (bite).

In April, Dana passed part one of her board certification exam for the American College of Prosthodontics. There are four parts to be taken to become board certified. She will be eligible to take the remaining three parts in the fall and has seven years to complete all examinations.

Dana will begin working at North Texas Dental Specialists Muenster/Sherman clinics beginning July 5.

Participants needed for County CERT Training

Cooke County Office of Emergency Management will be hosting a Community Emergency Response Team (CERT) training class this summer! The training includes Disaster Preparedness, Fire Safety, First Aid, Light Search and Rescue, Organization, Disaster Psychology, and Terrorism and CERT.

County Emergency Manager Ray Fletcher said, "People often ask why they should be interested in this training, what's it do for them? The reality of the situation is following a major disaster, first responders who provide fire and medical services will not be able to meet the demand for these services. Factors as number

of victims, communication failures, and road blockages will prevent people from accessing emergency services they have come to expect at a moment's notice through 911. People will have to rely on each other for help in order to meet their immediate life saving and life sustaining needs. This training will provide them a minimum capability to help ensure their family and neighbors have some help when they most need it!"

The CERT course will benefit any citizen who takes it. This individual will be better prepared to respond to and cope with the aftermath of a disaster. Additionally, if a community wants to supplement its response capability

after a disaster, civilians can be recruited and trained as neighborhood, business, and government teams that, in essence, will be auxiliary responders.

The training will take place on four Saturday mornings throughout the summer - June 11, July 30, Aug. 13, and Sept. 17. Classes will run from 8 a.m. to noon on those Saturdays.

For more information or to sign up, contact the Cooke County Office of Emergency Management at 940-668-5400. More information on CERT can be found at: <http://www.citizencorps.gov/cert/about.shtm>.

Windthorst to celebrate 119th birthday

St. Mary's Parish of Windthorst will be holding its 119th birthday celebration on Sunday, June 5. Activities will be held in St. Mary's Parish Hall and school grounds beginning at

11 a.m. and last until the late afternoon/early evening.

There will be plenty of fun games for family and friends, along with the Country Store, raffle, and a live auction. Horseshoe tournament begins at noon. There are plans for the Dairy Derby

Fun Run/Health Walk beginning at noon. To pre-register, call 940-423-6304. A golf scramble will be held Saturday, June 4. Pre-register by calling 940-237-2204.

For more information, call the church office at 940-423-6687.

Micah Flusche is Magna Cum Laude graduate

Micah Flusche graduated from Texas Tech University at the 9 a.m. ceremony on Saturday, May 14. The Commencement was held in the United Spirit Arena on the Texas Tech campus in Lubbock.

Micah earned a Bachelor of Science degree from the Texas Tech, Edward E. Whitacre Jr., College of Engineering in the field of Mechanical

Engineering. He graduated Magna Cum Laude with a four year grade point average of 3.899.

Micah is a 2007 graduate of Muenster High School. He is the son of Neal and Susan Flusche, and the grandson of Dave and Wanda Flusche, and Mary Ann Walterscheid and the late Norbert Walterscheid.

Micah Flusche

Angela Schad graduates from University of Notre Dame

Angela Schad of Valley View received a Bachelor of Science degree in Chemistry and a Bachelor of Arts degree in History on May 22 from the University of Notre Dame in South Bend, Indiana.

During her time at Notre Dame, Schad conducted research through an REU program at the Geophysical Laboratory of the Carnegie Institution of Washington in the summer of 2009, and she presented her work at the American Physical Society spring meeting in Portland, Oregon. She also participated in scientific research with the ND Energy Frontier Research Center. She studied abroad at University College Dublin in the fall of 2009. Angela also tutored English as a second language at the South Bend School Corporation and participated in the Appalachia Spring Break Service Trip.

Schad, who graduated from the History Honors Program at Notre Dame, is a

member of Phi Alpha Theta, the National History Honor Society. She received a grant through Notre Dame's Institute for Scholarship in the Liberal Arts for the summer of 2010 to conduct archival research in North Carolina for her undergraduate honors thesis on rural reform during the Progressive Era. Angela plans to enter graduate studies in public history or museum studies in the fall of 2012 and pursue a career in museums.

Attending the commencement and graduation week-end ceremonies were Angela's parents Elaine and E. J. Schad of Valley View; sister Emmy Torockov, Emmy's husband Alex, and their daughter Katie of Frisco; and brothers Ed Schad of Los Angeles, California, and Tom Schad of Tucson, Arizona.

Angela is the granddaughter of Nancy Krahl of Valley View and Louise Schad of Lindsay.

Family celebrations

Forty-one children received their First Holy Communion this month at Sacred Heart Catholic Church in Muenster. Families celebrated that milestone with parties and family gatherings. The following is another First Communion story.

Matthew Mark Klement
Matthew Mark Klement was the honoree at a celebration held in the home of his parents Mark and Carol Klement after he made his First Holy Communion. Guests were served Rohmer's fried chicken with all the trimmings. A special First Communion cake made by Betty Rose Walterscheid was also served. Those in attendance were Matthew's parents; sisters Taylor, Shelby, and Bailey; grandparents Eleonore Klement and Frank and Angela Haverkamp; Sharon Wolf, Diane Zimmerer, Maddie Zimmerer; Greg, Amy, Amelia, and Ben Haverkamp; Tony, Misty, Cooper, and Nathan Hartman; and Mayme, John, and Abby Haverkamp.

Hear "Confessions" at June COOKEIE

As the economy tightens, our desire to save money increases. If you would like to check out the fast-growing practice of couponing, join the June session of Cooke in Education - "Confessions of a Coupon Clipper," scheduled for 2 p.m. Wednesday, June 8, at North Texas Medical Center.

Cooke County Extension Agent Angel Neu will present the program. The meeting will be held in the NTMC Board Room.

During the session, participants will gain an understanding of how coupons work, sources of coupons, digital coupons, and how to organize coupons to make using them easier.

"How many times have you gone through a Sunday newspaper and clipped coupons you 'might' use only to find them in a kitchen

drawer expired about three months later?" laughed Neu. "The key to get them from the drawer to the store is all in the organization."

Attendees at the session will also talk about unit pricing, how to spot REAL bargains, seasonal shopping, and stockpiling.

Neu serves as the Extension agent for Family and Consumer Sciences with Texas AgriLife Extension Service in Cooke County. She has worked as a county Extension agent for 14 years, serving Glasscock and Crane counties before coming to Cooke County in 2003. Neu holds a Bachelor of Science degree from Texas Tech University and a Master of Arts degree from the University of Texas, Permian Basin.

Cooke In Education, or COOKEIE, is sponsored by Texas AgriLife Extension

Service - Cooke County, Area Agency on Aging - Texoma Council of Governments, Home Hospice of Cooke County, and North Texas Medical Center. Programs are offered monthly and are free of charge. Topics cover a wide range of subjects.

Refreshments of homemade cookies and drinks will be served.

The next COOKEIE program will be "How To Live to Be 100" on July 13. "Alzheimer's or Dementia?" on Aug. 10 will conclude the summer programs. The fall schedule of programs will be announced in July.

For more information on the COOKEIE series, contact Angel Neu, AgriLife Extension Service, 940-668-5415, or Gayla Blanton, North Texas Medical Center, 940-612-8373.

NTRRHIE Board meets to plan HIE

The first meeting of the North Texas Red River Health Information Exchange Board was held Tuesday, May 3, at North Texas Medical Center in Gainesville. To minimize travel costs and facilitate the best use of everyone's time, Board members had the option of being physically present or conferencing via the telephone.

Sierra System consultants Ara Merjanian and John Galloway presented an overview of the planning grant process, the use of the grant funds, key activities, and timeline. The planning grant covers the following activities - May through October: Readiness Assessment/Gap Analysis - May/June; Governance Structure/Model - May/June; Technical Architecture - June/July; Consideration and Decision Regarding Operating/Sustainability Model Options - July/August; Implement-

tation Planning - August/October.

The first step is to conduct an electronic health record readiness assessment of the providers in Cooke and Montague counties. Ara Merjanian, John Galloway, or Sue Newhouse will be reaching out to each provider and asking a series of questions to evaluate if they have an electronic medical record in their practice, and if they are able to reach each of the meaningful use objectives as defined in the American Recovery and Reinvestment Act (ARRA). The results of the assessment will be used in a gap analysis and technical architecture plans.

The current Board members of NTRRHIE are: Kevin Grant - Cooke County EMS - Board President; Janae Hall - Cooke County Medical Center - Board Secretary; Carrie Turbeville - Gainesville OB/GYN; Mi-

chelle McAfee, RN - Dr. Mark Sanders Office; Randy Grewing, PharmD; Keith Rigby - Gainesville City Marshall; Randall Cox - Bowie Memorial Hospital/IT Director; Robin Bowles, Nocona General Hospital; Loretta Bartlett, LVN - Gainesville County Jail; Kelly Hayes - CFO, North Texas Medical Center; Jerry Meece, RPH - Plaza Pharmacy; and Steven Harlow - NTMC Board.

In addition to the assessment, there will be community meetings held in Gainesville, Nocona, and Bowie. These community discussions will cover health information networks in Texas, what it means to both the end consumer (patients) and the provider, and the planning grant process. The first meeting is scheduled for Monday, June 13; location to be announced.

If you have any questions, please call Sue Newhouse 940-612-8827.

Area Event

Second Saturday Nature Program
Hagerman NWR and Friends of Hagerman are hosting their Second Saturday Nature Program on June 11 at the Hagerman Natural Wildlife Refuge in Sherman. Wayne Meyer, PhD, will present "Svalbard and the High Arctic: Disappearing Realm of the Ice

Bear." The free program will begin at 10 a.m. and is open to the public.

The Second Saturday for Youth program will also be held June 11. "Hurrah for Hummingbirds" will be of interest to youth ages 4 - 10 (6 and under, accompanied by parents). For reservations, call 903-786-2826 or www.friendsofhagerman.com

Corps urges boating and water safety

The Memorial Day weekend initiated a spike in visitation at U.S. Army Corps of Engineer lakes which runs through the Labor Day weekend. With this increase in visitation also comes an increase in fatalities. Statistics maintained by the Fort Worth District show that there have been 10 fatalities at area lakes so far this year. There were also seven fatalities during the same period last year. But the staggering figure in the minds of Corps leadership is the average of 32 fatalities at District lakes over the past three years.

"Park Rangers incorporate water safety training into all aspects of public outreach and education, but accidents can and do occur, said Fort

Worth District Commander Richard J. Muraski.

Public safety is the Corps' main priority and the Fort Worth District has embarked on a campaign to reduce fatalities at area lakes by 50% from last year where 29 people lost their lives at Corps lakes.

One way lake visitors can help reduce the number of fatalities is to always wear a properly fitted and approved life vest when in and around the water. Corps officials estimate that approximately 90% of those who drowned at Corps of Engineers lakes

may have survived if they had worn proper life jackets.

Corps officials also encourage everyone planning to enjoy time at area lakes to avoid alcohol because almost half of all drowning fatalities involve alcohol. Research has shown that just one beer can impair balance, vision, judgment, and reaction time. Boating fatigue combined with alcohol consumption intensifies the effects increasing accident risk.

Swimmers of all ages need to take precautions before enjoying the water, as drowning is the second leading

cause of accidental deaths in persons 15 to 44 years of age. Many young children are especially vulnerable as they do not know how to swim or are weak swimmers. Therefore Corps officials ask that parents watch their children at all times when around any body of water.

Cliff diving has become a fun and exciting event for some lake goers. This fun has turned into tragedy for some, as one can never know what is at the bottom of a lake. The bottom line is never dive into lakes and rivers ... the results can be tragic.

WE DON'T TAKE LONG TERM RISKS
for short term gains

One of the reasons we're a strong bank is that we don't take long term risks for short term gains. We're conservative. We're here for the long haul. We didn't get involved in the sub prime mortgage mess. While Wall Street was going wild on leveraging real estate loans, we were right here doing what we've always been doing: Making conservative loans to hard working local people who we're sure will pay them back. We're an equal housing lender.

This past April, the 6th and 7th Grade Muenster ISD Band members traveled to Sandy Lake Amusement Park to play in the 41st Annual Fun Fest. The Band students received a Division 2 rating, up from their previous year from a Division 3. All the students enjoyed a day of paddle boating, miniature golf, dizzying rides, and pizza. Pictured are the Band members, who are all second year students. There are 45 students combined. The Band is under the direction of Curtis Oakley.

April "Teachers and Students of the Month" at Muenster ISD were announced recently. They are pictured with their principals, from left, front - 3rd Grader Brett Hammer and 6th Grader Mark Davis; back - Elementary Principal Lou Heers, MISD Librarian Vicki Eldridge, Senior Michelle Henscheid, Freshman Audrey Taylor Saavedra, High School Math Teacher Carolyn Lutkenhaus, and JH/HS Principal Sharon Browning.

The teacher is one who makes two ideas grow where only one grew before.

UNT-NCTC Agreement to ease the student transfer process

Texas 3Z4 For North Central Texas College students planning to transfer to the University of North Texas to complete their bachelors' degrees, a new agreement between the two schools should make the process much easier.

Named the Eagle Bound Program, the UNT-NCTC Admission Partnership Agreement allows NCTC students who meet the admissions requirements of UNT and participate in NCTC honor program or complete the Associate of Arts (AA), Associate of Science (AS), or

Associate of Arts in Teaching (AAT) degree, will receive automatic admission to UNT.

"UNT's agreement with North Central Texas College highlights our shared commitment to give the people of the North Texas region maximum access to affordable, high quality, public, higher education," said V. Lane Rawlins, UNT president. "This partnership exemplifies UNT's long, close, and effective relationship with community colleges in the North Texas region. More than half of UNT's undergraduates are transfer students."

Dr. Eddie Hadlock, NCTC president, said: "A strong partnership between NCTC and UNT is vital to the success of our students, especially since so many students concurrently attend both institutions. To have a formal joint admission agreement is symbolic of the strong relationship that already exists. We are grateful

Subiaco honors Derek Pagel at graduation

Subiaco Academy announces that Derek Pagel, son of Renate Pagel and Jacob Pagel of Muenster, was awarded the medal for Good Character during the May 14 Commencement Ceremony at Subiaco Academy. He also won awards for Campus Activities and Foreign Relations.

The day began with the 8 a.m. Baccalaureate Mass in the Abbey Church with Academy Headmaster Fr. Leonard Wangler, O.S.B. as celebrant. The 10 a.m. Commencement Ceremony in the Inner Court of the Abbey featured speaker Arkansas Tourism Director Joe David Rice.

During his time at Subiaco, Derek was active in football, theater, and recently completed his Eagle Scout.

After graduation, Derek and his "Subi Family" celebrated at the South Park Restaurant in Clarksville, Arkansas. Attending the ceremony were his parents; siblings Miranda, Collin, and Logan; and grandparents Pat and Tommie Sue Hess.

Subiaco Academy is a college preparatory boarding and day high school in northwest Arkansas dedicated to Catholic Benedic-

Derek Pagel

to UNT for extending their reach to include North Central Texas College."

UNT will have an admissions counselor on the NCTC campuses in Gainesville, Bowie, and Corinth to provide individual academic counseling to students interested in transferring to UNT. Transfer scholarship information also will be provided by UNT.

NCTC students who have a TexShare Card will have access to the UNT libraries and UNT will provide Eagle Bound Program students with an EaglePass card giving them access to the university campus.

This past year, approximately 500 NCTC students transferred to UNT to complete their degrees.

When you look at your life, the greatest happinesses are family happinesses.

Lindsay High School graduates 43 seniors on Friday, May 27

By Janet Felderhoff
 Commencement exercises for Lindsay High School seniors took place on Friday, May 27 at 7 p.m. in Centennial Hall.

Graduates are Nikita Agarwal, Diana Alejandra Alcalá, Justin Patrick Anderle, Robert Wayne Arend, Todd Joseph Bezner, Jessica Marie Block, Dakota Wayne Butler, Emily Cecilia Conway, Carolyn Diane Dickerson, Bethani Ann Eberhart, Alexandria Michelle Ethington, Rebecca Lea Fuhrmann, Alexandria Skye Gay, Kailyn Melissa Gum, Austin Ryan Hermes, Kelsey Elizabeth Hermes, Vanessa Ann Hess, Anna Elizabeth Hogan, John Gerund Horn, Tyler Gregory Hurd, Jonathan Troy Husman, Malek Marwan Hweidi, Kyle Douglas Johnson, John Troy Kirby, Christopher Paul Klement, Gregory Alexander Knauf, Jessica Marie Krahl, Jordan Christopher Lane, Christina Marie Mathis, Taylor Lauren McNeill, Allison Marie Metzler, Katherine Elizabeth Northman, Madison Wayne Parkhill, Macy Loree Perry, Thomas Anthony Rohmer, Jason Charles Schumacher, Travis Neil Skinner, Savan-

nah Rose Stoffels, William Alan Taylor, Joshua Andrew Timmins, Katelyn Sage Weber, Sean Robert Willard, and Amelia Janet Wyrick.

Teacher Sheila Baekgaard introduced Allison Metzler as the Class Salutatorian.

Allison addressed the audience noting that Lindsay is a small town, but unique for various reasons. She said the "Lindsay way" is not for everyone, but the results are hard to argue with.

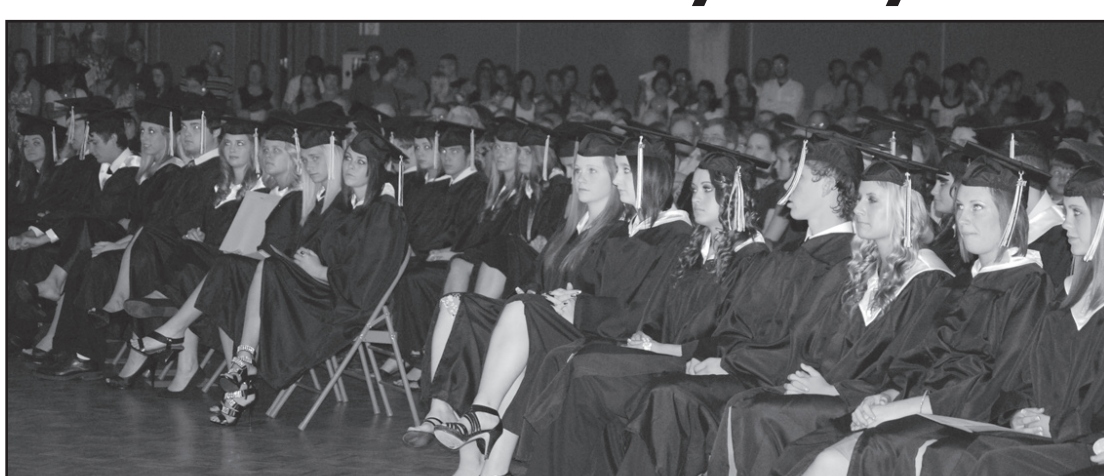

"Throughout high school, we have spent nearly every day of the year working to become better than we were the day before," observed Allison. "It is hard work and determination that helped us to achieve so much." She referred to their many successes ranging from sports and academics to clubs and organizations.

Allison continued, "We have high expectations, but they are combined with a work ethic that our community instilled in us at an early age. We are motivated to achieve success in this world, but we know there is a greater purpose for our lives. ... we all benefited from a community that blended the strengths of family, faith,

and education to make us what we are tonight." She then pointed out the contributions of families, teachers, and coaches in their growth, maturing, and inspirations.

Superintendent Dennis Holt and Principal Phillip Hall presented awards to the Seniors. Those included: Anna Hogan, Class Award in Environmental Systems; Geren Horn, Class Awards in Computer Science and Principles in Art & Audio; Kyle Johnson, Class Award in Computer Science; Christopher Klement, Class Awards in AP Calculus and Government; Jordan Lane, Class Award in English 4; Christina Mathis, Class Award in AP Biology; Taylor McNeill, Class Award in Ag; Katie Nortman, Class Awards in AP English Literature, Art, and Spanish 3; Madison Parkhill, Class Award in Anatomy & Physiology; Thomas Rohmer, Class Award in Web Technology; Savannah Stoffels, Class Award in Accounting; Amelia Wyrick, Class Awards in Career Prep and Economics, Davelyn Neidhart Essay Contest winner.

Christina Mathis received her introduction as Class

Lindsay High School Senior Class of 2011 patiently awaits the presentation of their diplomas.
 Photo by Pat Springer

Valedictorian from Lou Lindsey.

Of her fellow classmates, Christina commented, "This class of people seated before you have stuck together through thick and thin with a persistence and dedication that ought to be recognized. Wading through tough academic, athletic, and even personal challenges, this body of students has worked and struggled to maintain the exceptional and exemplary reputation Lindsay has come to obtain."

Christina listed various members of the class and what talent or characteristic each possesses. She said, "Everyone in the Class of 2011 has an ability - each having a super power of sorts that they will wield in college or master out in the world. Yet, despite the individual supremacy these men and women have attained, as a group, they can overcome any difficult situation and have prevailed in and out of academics and athletics This group is the

trend setter and the group exemplified by all of the honest, hard-working qualities the community of Lindsay can be proud of."

Principal Hall presented members of the Senior Class. Superintendent Holt certified that they were eligible to graduate.

Hall and Holt then awarded diplomas with the assistance of Sheila Baekgaard and Linus Fuhrmann.

Class President Katie Nortman gave the closing for the evening.

Lindsay ISD Honor Rolls

ALL "A" HONOR ROLL 6th Six Weeks

12th Grade - Katie Nortman, Christina Mathis, Allison Metzler, Sean Willard, Thomas Rohmer, Carol Dickerson, Madison Parkhill, Amelia Wyrick, Anna Hogan, Kyle Johnson, Tyler Hundt.

Hermes invited to run in elite race

The day after returning from the Regional Track Meet in Palestine, an invitation was extended to Kelsey Hermes to run in the Congress Avenue Mile (CAM) elite high school girls division for Team North. George Lutkenhaus, Lindsay High School graduate and former Knight distance runner, coaches distance events and cross country at Northwest ISD. He contacted Kelsey as one of the coaches of Team North.

Invitations to run in this division of the race were extended to the top 10 mile time runners in the north,

south, east, and west regions of Texas in addition to the next eight fastest times statewide. The last time to qualify was on May 3, 2011 and included only 2011 outdoor track 1600/mile marks according to the Cross Country Coaches Association of Texas website. Kelsey's mile time of 5:06 at the Regional Track Meet in Palestine was good enough for her to land a spot in the top 10 of Team North.

According to the Runtex website, the race "annually brings together the top milers and two milers from around Texas for one last race before

summer hits." The elite division of the race included a boys' heat and a girls' heat. It allowed milers from all divisions of public, private, and even home-schooled runners to compete in the mile-long race. Kelsey ran a PR of 5:01 for a 19th place finish out of the 47 runners. The winner of the race was Emily Dunn, a home-schooled senior from San Antonio.

The CAM included various age group heats, and runners of all ages competed in the run that began in front of the Capitol and finished on the Ann W. Richards Congress Avenue Bridge.

Lady Knights are State-bound

The Lindsay Lady Knights defeated the Itasca Lady Wampus Cats in a best of three series last weekend. They began with a 5-4 loss on Thursday, plagued by numerous errors and sleepy bats.

Game two Saturday, Lindsay won in five innings 16-3, forcing a third game. The Lady Knights took the Regional Championship, beating Itasca 8-0 in seven innings.

Taylor Atkins hit a home run in game three.

The Lady Knights played the Lady Comanches of Shiner in the 1A Semi-Final round Thursday (June 2). Lindsay went to State with a 31-11 record. Shiner had only 4 losses with 30 wins and are ranked #1.

The Albany Lady Lions were 31-5 and the Lady Sandies of Grapeland went in with a 26-9 record.

The basic fishing kit

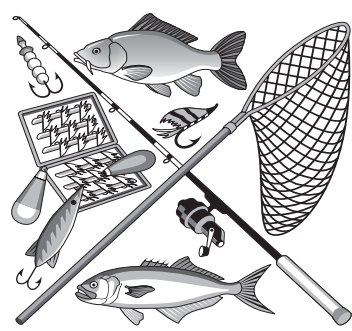

Before going deeper into the technicalities, make sure that a fishing license is secured. To be an amateur fisherman, there are basic pieces of fishing equipment needed to complete your exciting journey in the fishing world. Knowing the line type and matching the right rod and reel to the fishing technique is just basic common sense. Match these tools appropriately and expect a more enjoyable experience for a more comfortable fishing. There are several things that cause the reel to turn into a bird's nest. Don't worry, even experienced fishermen encounter this every now and then.

The main objective is to match the rod, the reel, the line, and the lure. These will only cost a newbie around \$25 to \$40 and they could last for years. The three main issues when shopping for a rod are: Guides that are attached to the rod; Grip or handle holds the rod and could come in either cork or foam - they come in different lengths so the comfort to the user must be considered; and the reel seat where the reel is connected.

Dealers make a lot of fishing rods that could either be single or consist of two or more pieces when assembled. The connection is very simple: just connect the male and female ends together to make sure the guides are lined up. This would only last for a minute. Sometimes, lubricants are needed. When shopping for a rod, slightly bend it to get the feel of it. Again, comfort should be considered when using the

equipment. Rods of any type will work. It should be around 6' long and medium weight. Even a long stick will work. This should be long, straight, and flexible so it will not easily break. The most popular rod is Graphite because it is so light yet so strong. Wispy rods should be up to 4m long to be used for long casts in moderate winds.

There are a lot of fishing lines to choose from and it can be very confusing to find the best. It is mostly made of nylon and "monofilament" that comes in spools of different lengths that are called Tests. The larger the fishing line, the thicker it is in diameter.

Find a piece of a 4 lb. or 4 lb., test that is almost 10' long for the basic rig.

The basic rule is that all the gears should match. To summarize your fishing kit, it should include other stuff as well: net, stringer, line clippers, fishing knife, first aid box, a pail of bait, sunglasses, fishing hat, and talking about the basics, don't forget your SNACKS.

Texas drought losses to agriculture approach \$1.5 billion

Texas drought losses to agriculture approach \$1.5 billion Preliminary estimates of Texas drought losses have reached \$1.2 billion and are expected to escalate higher this year as livestock producers continue to sell off herds and crop conditions deteriorate, according to economists with the Texas AgriLife Extension Service.

"Each day without rainfall is one in which crop and livestock losses mount," said Dr. David Anderson, AgriLife Extension livestock economist. "Even with the severity of the current drought, estimation of economic losses is difficult given that we are still early in the growing season."

Livestock losses due to drought are an estimated \$1.2 billion from November 2010 through May. Those losses include increased feeding costs and lost value of wheat pasture grazing, Anderson said.

"Texas is the largest beef cow producing state in the U.S. with more than 5 million head," Anderson said. "More than 90% of the state's beef cows are located in counties categorized as being in severe to exceptional drought."

The ongoing drought has forced ranchers to start feeding hay earlier in the season and to increase the amount fed due to lack of pasture growth, Anderson said.

"This increased feeding

cost over normal levels is a direct economic impact on the livestock producers," he said. "The sudden, severe onset of the drought has forced livestock producers to purchase even more hay, driving up prices sharply."

The drought has been so severe that many stock tanks that provide water for livestock have become "dangerously low or dry," Anderson said.

"This requires even higher costs to haul water daily to meet livestock needs," he said.

The most recent U.S. Drought Monitor (<http://www.drought.unl.edu/dm/monitor.html>) indicates 100% of the state with at least abnormally dry conditions and 82% classified in extreme and exceptional drought.

Dr. Mark Welch, AgriLife Extension grain marketing economist, said much of the state has yet to plant spring row crops, and there is still time for weather patterns to change.

"However, for wheat, cotton, and grain farmers in Central and South Texas who have planted or are facing final planting deadlines, and ranchers supplemental feeding on short pastures, each day without rainfall is costly," he said.

Welch said assuming crop conditions of 2011 continue on their current track, this

year's Texas wheat production is estimated to be 34 million bushels.

"This would come off 25% of planted acres and an average yield of 24 bushels," he said. "High wheat prices in 2011 will offset some of the revenue lost to poor wheat yields for those farmers who still make a crop."

The total value for the Texas wheat crop this year is currently \$274 million, about half of the five-year average of \$555 million, Welch said.

"The low harvested percentage is compounded by several factors in addition to the drought," Welch said. "Record-high calf prices increase the value of wheat for grazing, especially if grain production prospects are poor, and record high cotton prices offer incentives for producers to terminate poor stands of wheat in hopes of producing a high value cotton crop."

Uncertainty remains in place for Texas' cotton crop, said Dr. John Robinson, AgriLife Extension cotton economist.

"Given the regular occurrence of dry weather in West and South Texas, and the late planting date in West Texas, it's not unusual to be facing uncertainty about the level and condition of cotton plantings in the state. As the West Texas crop is not usually planted until May, there's still time for conditions to change."

Corn and sorghum are lacking adequate topsoil moisture for seed germination and deeper subsoil moisture to sustain crops that are up. Nearly all of the districts in Texas have more than 90% of the acreage topsoil moisture rated either short or very short.

Late-planted corn is susceptible to mold infestation and aflatoxin contamination (a fungus that affects corn).

"The impact of high levels of aflatoxin range from discounts in price to the requirement to destroy the grain altogether," Welch said.

The following is a list of economic drought losses from 1998 through 2009 compiled by AgriLife Extension economists:

Geese graze on golden grain

A flock of Canadian geese saw a golden opportunity after this wheat field was harvested, and couldn't resist stopping in for supper Saturday evening. The just harvested grain patch is located northwest of Muenster. The geese are often seen flying overhead in the evenings on their way to an area pond or lake to rest for the night. Grain harvest has been going on in the area for about two weeks.

TEXAS Farm BUREAU

AG TALK

By Mike Barnett
Publication director

When it comes to food, are you agriculturally incorrect?

When it comes to abundant and affordable food, I guess I'm agriculturally incorrect.

Both Gene Hall and I have been talking about the rising cost of food recently. It seems to drive those who pooh pooh modern agricultural practices crazy.

In their eyes, the way we grow food for our nation and much of the world is much more than wrong—it's a disaster waiting to happen which will make the Biblical 10 plagues of Egypt look like a Sunday picnic.

Their perfect world calls for food production without pesticides and CAFOs and GMOs. Food, in their eyes, should be locally grown and all fertilizer should be natural.

You may think I'm crazy, but I agree with them. Well, a little. There is a place in our agricultural production scheme for organically grown food and grass-fed livestock and all natural and local food and non-GMO crops. Where I differ with these food elitists is that although all the practices can be profitable for farmers, none will stand the test of feeding a rapidly growing world population.

That thought never seems to enter the food elitist equation. If we go their route—as my blogging partner Gene Hall pointed out on a recent Facebook conversation—someone is going to have to make some heady decisions about who will eat and who won't.

It's not a decision I'd be willing to make.

Modern agriculture and farmers and ranchers may be agriculturally incorrect in the food elitist eyes. But agriculture will have to be correct to continue to feed seven billion

people and counting. Visit the Texas Farm Bureau website at www.txfb.org.

County Agent's Report

Educational programs/CEUs - June 9

June 9 is an evening that will feature two educational opportunities for those interested in pastures, hay, or pecans. That day, two different activities are occurring back to back. You are invited to come to one or both.

First, Texas AgriLife Extension Service, Dow Agro Chemicals, and the Cooke County Beef Cattle Improvement Association are working together to help you understand some of your different pasture herbicide options. We plan to view and discuss a demonstration plot comparing four different Dow Agro herbicides which have been applied at the Cross N Ranch on Hwy 51, South of Era. The start time for discussion is 4:30 p.m. You can meet us there (watch for signs, the plot is on the highway just in front of the large silos on the west side of Highway 51, near the Wise County border). If you are not sure about the directions, a group will be leaving from the North Central Texas College Parking lot at 4 p.m. You are welcome to meet there and carpool or caravan to the plots. This part of the evening will take about one hour and participants will receive one hour's worth of "Laws and Regulations" CEUs toward their TDA pesticide licenses.

Immediately following, the Noble Foundation and Texas AgriLife Extension Service will bring you the Basic AG Summer Management Seminar. It will be held back in Gainesville at Cooke County, NCTC Little Theatre Center. Registration begins at 6 p.m.; the event should last from 6:30 – 8 p.m.

There are four speakers and three topics on the agenda. Participants will be eligible to receive two "General" CEUs for TDA pesticide license requirements:

- Critical spring management activities for the breeding herd and calf crop - Clay Wright;
- Assessing the body condition of the cow herd;
- Spring health and management issues for cows and bulls;
- Spring processing of the calf crop;
- The economics and agronomics of producing hay

- Wayne Becker/Jeri Donnell;
 - The production capabilities of common hay crops;
 - Determining the cost of production, break-evens, and the return on investment;
 - Including the value of maintaining an Agriculture tax valuation on property;
 - Managing native pecan groves during the summer and early fall - Steve Upson;
 - Sampling leaves for nutrient analysis;
 - Assessing tree density based on canopy cover;
 - Identifying trees for removal or thinning; and
 - Preparing the grove for harvest.
- There is no charge for the events on June 9. However, it is requested that you pre-register if you plan to attend the second part of the event at NCTC. You can do that by calling the Noble Foundation at 580-224-6411.
