

Trees, stumps, branches, and limbs arrived by the trailer load at this site Sunday, June 19. Trees damaged by a severe storm the previous day had to be removed from streets, yards, and the City Park, and the City Council designated the new land purchased west of the City Park for that purpose. It is estimated by some that there at least 15,000 cubic yards mounded up. If ground into wood chips, the

pile would be reduced by about half. Fire Chief Herbie Knabe observed that on Sunday, the big clean up day, there was a vehicle unloaded and pulling out about every 30 seconds. Now the City must find a method of disposing of the massive mound of brush. Note the size of the large piece of equipment at left compared to the brush pile. Janet Felderhoff photo

## Mark Blankenship hired as new Muenster police chief

**By Janet Felderhoff**  
Muenster Police Chief Bob Stovall announced his retirement recently and the City Council launched a search for his replacement. With 11 applicants to choose from, a committee of City Administrator Stan Endres, Mayor Joey Anderson, Police Commissioner Pat Stelzer, and Chief Stovall conducted interviews. The field narrowed and the selection committee invited the finalist, Mark Blankenship, to meet the City Council at Tuesday night's regular July meeting.

After an executive meeting, Blankenship was hired as the new police chief. He currently works for Montague County as an investigator and resides in Saint Jo. Blankenship may be re-

membered by some locals since he served as a police officer here at one time.

Administrator Endres reported on damage caused by the June 18 storm. The 2006 police car with 85,000 miles on it sustained \$6,000 in damages plus the light bar and video camera.

Insurance should cover the damages. Discussion covered the cost of a new vehicle at around \$25,000, repairing the old vehicle, or using insurance money to purchase a vehicle of the same year model with fewer miles for about \$6,000. Police Commissioner Pat Stelzer noted that the vehicle had electrical problems prior to the storm. It also shimmies and rides like it is worn out. He recommended biting the bullet and buying a new car. Es-

timated cost of a new police car is about \$25,000.

It was agreed something should be done soon since there are three officers and only two vehicles. This could become a big problem.

Following budget amendment discussion, the Council agreed to search for a new vehicle. Up to \$20,000 was approved for the purchase to go along with the \$6,000 insurance settlement.

Damage was done to the electrical service at the main water station. Waylon Poole repaired it and insurance is expected to cover repairs. The rear door at the City barn and rear wall at the City yard were damaged.

Besides major tree damage in the City Park, there was considerable electrical damage. Some remains to be repaired. Electrical damage included the MSB Stage, pavilion, KMB Haus, and all security and street lights had lines knocked down.

Hundreds of trailer loads of trees, limbs, and branches arrived at the west City Park area to unload storm ravaged tree debris. This huge pile is now a problem since it is too near homes and a highway to burn.

Endres contacted contractors for prices on grinding the mound of wood into chips. Steve Orr offered to do it for \$900 an hour with it taking an estimated 35 hours. Another company offered \$400 an hour, but had not yet submitted the offer in writing or give a time estimate. Thelin Recycling Company of Fort Worth asked a flat fee of \$20,000. None would remove

the chipped wood. This pile will be about half the size of the present brush pile. More bids are anticipated.

Alderman Greg Bohl made a motion to accept the lowest flat fee offered in the next eight days.

Besides trees, people are using the dumpsters in that area to dump other storm debris. Some are putting shingles in the dumpsters and they were not meant for that purpose. City Waterworks Superintendent Leo Lutkenhaus said he can't get the dumpsters loaded out fast enough. As soon as they are emptied, they are refilled. He recommended cutting off the service soon.

Herbie Knabe urged the City to close the gates immediately since it was originally meant for trees and just got out of hand. The Council

agreed with him and voted to lock the site immediately. Residents can still bring wood there by calling City Hall for an appointment to have the gates unlocked for them. This allows monitoring of what is brought into the site.

Quality Excavation of Aubrey earned the City Council's approval as contractor for water and sewer extensions to Superior Manufacturing, Germanfest, Inc., and a water loop for residences south of Hwy. 82. The company submitted the low bid of \$404,932. That amount is about \$100,000 higher than anticipated. Quality is the company doing the parking lot at the Muenster Lake and they are doing good work there.

The carport ordinance discussed at the June meeting

was approved. There was nobody there objecting to it.

Mayor Anderson read a proclamation recognizing those who assisted with clean up after the June 8 microburst. Anderson remarked, "As bad as the storm was, it was very special to watch all the effort and work go into it, to watch everybody come together."

In other business, the City Council:

- Approved request by Giles Walterscheid for waiver of a fire suppression system (sprinkler system) in his new building.

- Approved salary increase of \$50 per month each for City employees receiving new water operator licenses from TCEQ.

- Approved payment of monthly bills totaling \$110,124.22

**FEELING THE HEAT** - Area residents are suffering from the heat. Wednesday's temperature, according to this thermometer, soared to 108 scorching degrees. Crops, ponds, and lawns are drying out, with no relief in sight. Linda Flusche photo

## Frac sand mine protest draws Aug. 23 TCEQ public meeting

In response to an outpouring of concern from local residents over the ongoing construction of a frac sand mine and processing facility in northwestern Cooke County, the Texas Commission on Environmental Quality (TCEQ) has scheduled a public meeting for Aug. 23 at 7 p.m. at the Muenster Public School cafeteria.

Enron Oil and Gas Resources, Inc. (EOG) has applied for an air quality permit from TCEQ for the frac sand mine and processing facility that it intends to build just west of the intersection of FM 373 and FM 2382.

By the end of the public comment period on June 27, TCEQ had received over 300 comments protesting the permit.

According to EOG's permit

application, the facility will emit over 77 tons per year of airborne contaminants, including fine particulate silica, a substance known to cause cancer.

In addition to the air quality issues, some area residents also expressed concern about the frac sand processing facility's high water use - 3,700 gallons per minute, or 2 billion gallons a year. The sharp increase in traffic alarmed others, with a heavy truck projected to enter or leave the facility every four minutes.

Comments to TCEQ on the permit application also cited other concerns, including noise, lighting, contamination of Mountain Creek and the Red River, and loss of wildlife habitat and endangered species, among others.

According to TCEQ, the Agency will continue to accept comments on EOG's air quality permit application through the date of the public meeting.

Comments can be submitted online at [HYPERLINK "http://www.tceq.texas.gov/about/comments.html"](http://www.tceq.texas.gov/about/comments.html) <http://www10.tceq.state.tx.us/epic/ecmnts/>. Comments submitted by mail should be addressed to TCEQ, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, TX 78711-3087. Comments should reference the applicant name (EOG Resources, Inc.) and permit number (95412).

More information on the frac sand mine and processing facility is available at <http://trinityaquifer.blogspot.com/>.

## City imposes water rationing as use escalates this summer

**By Janet Felderhoff**  
Summer's extreme heat arrived early this year. Combined with lack of rain and many very windy days, water usage is high. Muenster residents are using more water daily as they attempt to keep their lawns alive and pools filled. This produced an unwelcome consequence - water rationing

Effective immediately (as of Monday, July 5), residents must restrict water usage. Watering with a sprinkler is not allowed except at designated times and, according to the address, on designated days. There is no outdoor watering allowed on Mondays, Thursdays, or Fridays. Odd numbered addresses can water on Sundays and Wednesdays and even numbered addresses may water on Tuesdays and Saturdays. Watering on one's designated day is restricted to the hours of after 6 p.m. and before 10 a.m.

Until mid-July, residents who water during the restricted hours will receive warnings. After mid-July, fines up to \$500 per violation will be imposed on those who do not abide by the water rationing rules.

City Administrator Stan Endres explained that State regulations set a drought contingency plan for cities

years ago. It is set in stages and Muenster has reached Stage II. That happens when water demand meets 650,000 gallons per day for five consecutive days. Average water usage in the City in winter and spring months is 200,000 gallons per day. "We're using three times that much now," Endres said.

Endres explained the problem is not a water shortage, but that the distribution system pumping water to the storage tanks cannot keep up with demand. Only a certain amount of water can be pumped through the delivery lines. There is a possibility of causing lines to crack if too much force is used in an attempt to increase the water volume. The City's four newest wells were all drilled on the southeast side of town. The oldest is located west of the City gardens. It produces the least amount of water. A second well located by the City yard had problems and is no longer in use. There is only one well pumping water into a 200,000 gallon water tank.

The high volume of water use drains the tanks to levels lower than the amount deemed necessary to have on hand in the event of a fire, major water leak, etc.

In clarifying water restriction rules, Endres said that

you may continue to water plants daily with a handheld nozzle or buckets of water. Filling pools falls under the same restrictions as use of a water sprinkler.

"Some people water too much because they can afford it," Endres noted. He said it is recommended that lawns be watered well once a week rather than too often. He said those who water twice a week can continue to do so on their designated days. He heard in a news report that half of the water used on lawns is being wasted because it runs down the curb. This happens when residents are not vigilant while watering or have broken sprinklers. Endres encourages people to pay attention when running their sprinklers and to repair any broken sprinklers.

At Tuesday night's City Council meeting, Endres told the Council that in the last 10 days, the town has used about 700,000 gallons per day. Of the rationing, he noted, "It's a way that we hope people will start conserving water because there is no reason that we should be using that much water just to be watering grass, especially when even what we're doing now, people's lawns still aren't staying green. You can't put enough water down when it's this hot."

Macy Hess, daughter of Waylon and Angel Hess, helps her grandmother Colynda Henscheid with the summer garden work by picking tomatoes. Colynda said despite the extreme heat, their large garden, located in the Muenster Gardens, is still producing pickles and about seven tomatoes a day from 30 plants. They water daily. Temperatures have been hitting triple digits each afternoon recently and rain is scarce, causing people to water lawns and gardens more frequently. Residents who use water that the City will only be allowed to water on designated days and hours now that the water rationing is being imposed. Janet Felderhoff photo

**DAYS GONE BY.....**

## Agnes Weinzapfel Hellman 1920 - 2011

Agnes Elizabeth Weinzapfel Hellman, 91, died June 6, 2011 in Denver, Colorado. Agnes was born in Scotland, Texas, Feb. 10, 1920, the second child of J.M. and Julia Weinzapfel. She grew up in Muenster and attended Sacred Heart School. She graduated from Our Lady of Victory Academy in Fort Worth. Agnes was an accomplished musician and presented a concert at the Texas State Fair during the Texas Centennial in 1936.

On Dec. 27, 1937, she married Paul William "Bill" Hellman. After living in Gainesville for several years, they moved to Tulsa, Oklahoma in 1942 where she lived until 2000. They were the proud parents of eight children: Judy, Gus, Michael, Phillip, Chris, Ruth, Rita, and Debbie. Phillip died at age two in 1947. Agnes earned her private pilot license, sharing in her husband's love of flying. She spent many summers with the children at Ft. Gibson Lake. Later she was

a docent for the Tulsa Zoo, read books for the blind, and was active in the League of Women Voters. Bill died in the fall of 1994.

Agnes moved to Denton in 2000 to be close to daughter Chris and her brothers and sisters. In 2006, she moved to Carrollton into an assisted living facility. Later in 2008, Agnes moved to the Denver, Colorado area to be near daughters Ruth and Rita, who then watched over her care.

Agnes is survived by seven children, seven grandchildren, and 15 great-grandchildren. She is also survived by five brothers and sisters, Msgr. Thomas Weinzapfel, Dora Jackson, Juanita Bright, Henry Weinzapfel, and Mary Birden.

A Memorial Mass will be said by Msgr. Thomas Weinzapfel on Friday, July 15 at 10 a.m. at St. Mark Catholic Church in Denton where Agnes was a member for six years.

## Billy D. Ford 1947 - 2011

No services are planned for Billy D. Ford of Gainesville. Cremation is under the direction of Geo. J. Carroll & Son Funeral Home. Billy died at the age of 63 after a long illness on July 3, 2011 in Dallas.

Mr. Ford was born Nov. 2, 1947 in Gainesville to Lewis and Marie Sicking Ford. He retired from Peterbilt after 29 years of service. He enjoyed the outdoors and working in his shop. Billy was a member of the Cooke County Motorcycle Club.

Survivors are his wife Janice Ford of Gainesville; stepson Rick Jones of Forney; sisters Linda Sidwell, Ruthie Cloer, Susan Hughes, Betty Paul, and Sharon Skinner; brothers Johnny, Rocky, and Arnold Ford; sister-in-law Monta Lebkowsky; brother-in-law Craig Mask; several aunts, uncles, cousins, nieces, nephews, and many friends.

## Agnes Klement dies

Agnes Emma Bayer Klement of Muenster died at the age of 102 on Monday, July 4, 2011 at her residence. Mass of Christian Burial was held at 10 a.m., Thursday, July 7, in Sacred Heart Church. The complete obituary will be in next week's *Muenster Enterprise*.

## Murrell "Skinny" Holbert 1913 - 2011

A memorial service for Murrell "Skinny" Holbert, 97, of Lake Kiowa, was held Sunday, July 3 at Geo. J. Carroll & Son Funeral Home Chapel.

Skinny was born Nov. 9, 1913 in Mount Vernon to Berry P. and Lulie Long Holbert. He died Thursday, May 19, 2011 in Denton.

Skinny married Grace Mary Jostrand Oct. 18, 1947 in Dallas. He lived an adventure-filled life. After high school, Skinny took his first paying job at a filling station, pumping gas. A geophysical company, GSI, came through town and was hiring. Skinny took a job with them and the travels began: first to small towns across Texas and Louisiana, and then internationally. He was looking for oil in Sumatra when the Japanese invaded Singapore, Sumatra, and Java.

After a narrow escape, he ended in Saudi Arabia. One of his jobs was to find a flat, hard area in the desert where a plane carrying the U.S. Ambassador to Egypt could land. At this meeting, rights to fly U.S. aircraft over Saudi Arabia air space on their way to India were negotiated.

The adventures continued, working in Mexico and Colombia. After 39 years of

service with GSI, Skinny retired in Lake Kiowa to enjoy new friendships, making birdhouses, and gardening. He was a member of the early volunteer fire department and delivered meals on wheels until he was 91. You could recognize him from afar by his distinctive laugh.

He is survived by his wife of 64 years, Grace of Lake Kiowa; daughter and son-in-law Mary Ann and Bob Hyde of Irving; son and daughter-in-law Pat and Teresa Holbert of Greenbrier, Tennessee; several grandchildren and a great-grandson.

Memorial contributions in Murrell's name may be made to Home Hospice of Cooke County P.O. Box 936 Gainesville, TX 76241-0936 or Abigail's Arms P.O. Box 1221 Gainesville, TX 76241-1221.

### 65 YEARS AGO

July 5, 1946

A soil conservation office to assist the Muenster unit of the Upper Elm-Red Soil Conservation District will be established here in the near future. Wolves on rampage: Buddy Fette loses 37 sheep and 40 turkeys. New city ordinance will put squeeze on sheep killing dogs. Arnold Knabe has gone to Hereford to be employed; Monte Hellman is taking his place at the cheese plant. New Arrivals: Jerry to Mr. and Mrs. Andrew Higgins, Jr.; a son to the C.L. Dickersons. J.B. Wilde escapes injury in crash of plane landing gear.

### 50 YEARS AGO

July 7, 1961

Speedy firemen keep loss low at woodcarvers' shop when fire is discovered at about 11:30 p.m. Joe Bayer, 12 years old, has lucky escape when tractor turns over, pinning him underneath; he only suffered a bruised hand - the tractor had boxed him in. New Ar-

rivals: Richard to Albert and Betty Dangelmayr; Kevin to Werner and Armella Cler; Tommy to Frank and Angela Haverkamp. Obituary: L.L. Sloan, 76. Wedding: Mary Nell Bierschenk and Kenneth Klement. Tommy, Roy, and Joe Hartman represent Boy Scout Troop No. 664 in Boy Scout parade in Dallas on July 4.

### 25 YEARS AGO

July 4, 1986

Muenster's newest business is Camp Creek Surveying, Inc. Sister M. Corrine Koesler and Sister Marcella Hermes celebrate their Golden Jubilees. Wedding: Renate Hess and Jacob Pagel. Bridgette Klement, seven-and-a-half-week-old daughter of Leon and Christi Klement, comes home for the first time since her premature birth. Frank and Eleanor Felderhoff are surprised with 35th wedding anniversary party. College Graduate: Betty Rose Fuhrmann, TWU.

## Small business disaster loans offered

Small, non-farm businesses in all 254 Texas counties, and neighboring counties in Arkansas, Louisiana, New Mexico, and Oklahoma may now apply for low-interest

disaster loans from the U. S. Small Business Administration (SBA). "These disaster loans offset economic losses because of reduced revenues caused by drought, excessive

heat, high winds, and wildfires that began Jan. 1, 2011 in Texas," announced Alfred E. Judd, director of SBA's Disaster Field Operations Center-West.

He is preceded in death by his parents.

Memorial contributions may be made to the Leukemia & Lymphoma Society, 8111 LBJ Freeway, Suite 425, Dallas, TX 75251; or the American Diabetes Association, 4100 Alpha Rd., Suite 100, Dallas, TX 75244.

No free man shall ever be deprived the use of arms.

Thomas Jefferson

### A Thank You Note

*Since I took up the game forty-nine years ago, I've said that when it's my time to go, I hope I'm on the golf course. As of last Sunday morning at the 8 AM Mass, the golf course slipped to # 2!!*

*It's hard for me to comprehend just how many of you placed me in your thoughts and prayers. By noon that same day I had another chance, actually my third chance, to remain "on this side". I can't help but believe that the power of prayer played a big role in my recovery.*

*So with that in mind, I want to thank God and all of you. The excellent staff at MMH, the Careflight people, the cardiac crew at Denton Regional, Father Ken, Brother Ralph, and modern medicine.*

*I'm feeling fine now and hope to see you all again soon.*

*Thanks again,  
Dan Hamric and family.*

## WATER RESTRICTIONS EFFECTIVE IMMEDIATELY

With extreme drought conditions, water usage is now being restricted in the following manner:

Watering is allowed only before 10 a.m. or after 6 p.m.

Sunday and Wednesday - odd numbered addresses  
Tuesday and Saturday - even numbered addresses

There is no outdoor watering on Monday, Thursday and Friday.

Until mid-July, those who water during the restricted hours will receive warnings. After mid-July, violators are subject to fines up to \$500 for each violation.

Thank you for your cooperation in this matter.

City Of Muenster

Steven and Penny Fisher of **Fischer's Meat Market** would like to thank everyone who helped us in any way during the recent wind storm while we were out of town on vacation. It was good to know that things were being handled and we didn't have to cut our vacation short. As one family member put it, nobody here had experience with this type of catastrophe, but everyone did their best. We know too many volunteers helped to list their names, and some were even out-of-towners who were nameless to some of our employees. We would especially like to express our gratitude to the Jaycees for the use of their beer van and their muscle, and to anyone else who helped by donating and hooking up the generators.

All your help was greatly appreciated,  
Steven & Penny Fisher

## King, Fuhrmann pledge wedding vows

Rebecca D'Ann King of Dublin and Dominic Stephen Fuhrmann of Dublin were married on Saturday, May 21. The 5 p.m. marriage took place in St. Mary's Catholic Church of Dublin with Fr. Kyle Walterscheid officiating for the Mass and double ring nuptials.

Parents of the bride are Dennis King of Graham and Danny and Jodi Creager of Granbury. She is the granddaughter of Dudette Caudle of Austin, Elbert King of Graham, and the late Francis Krick.

The bride graduated from Graham High School in 2004. She attends Tarleton State University.

Steve and Brenda Fuhrmann of Lindsay are parents of the groom. His grandparents are Lou Voth of Muenster and the late Ray Voth and Marcus Fuhrmann of Lindsay and the late Catherine Fuhrmann.

A 2002 graduate of Lindsay High School and 2006 graduate of Tarleton State University, the groom works in the oil field for Horizon Well Testing in Alva, Oklahoma.

Given in marriage by her father, the bride carried a bouquet of white calla lilies. For the traditional something old, the groom's great-grandmother Arendt's doily circled floral stems of the bridal bouquet.

Andrea Luster, Dee Ann Atchely, and Melissa Fuhrmann presented Offertory Gifts. Jeannene Walterscheid gave the First Reading and Responsorial Psalm. Kenneth Fuhrmann gave the Second Reading.

Wedding music included "The Wedding Song," "Sunrise, Sunset," "Trumpet Vol-

untary," "Canon in D," "The Rose," "One Bread, One Body," "How Beautiful," and "Wedding March."

Two arrangements of white roses decorated the

church.

**ATTENDANTS**  
Friends of the bride, Lauren Tomison of Burkburnett served as matron of honor and Erin Caw-

ley of Graham served as maid of honor. Bridesmaids were Jacie King, Bridesmaid Basham, Bethany Basham, Lisa Czajkowski, Savannah Frias, and Gabby Schram. Flower girl was groom's niece Ashlyn Luster, and the bride's nephew Kaden Blackwell served as ring bearer.

Chad Stoffels, friend of the groom, attended the him as best man. Groomsmen were Clint Fuhrmann, Chris Fuhrmann, Jacob Fuhrmann, Jared Sheets, Casey McAden, Johnny Clements, and Rhett Rimmer.

Kyle Fuhrmann, Kyle Green, and Josh Hoberer ushered guests.

**RECEPTION**  
A reception followed at Bella Vita Ranch in Stephenville for 275 guests. It was catered by Hard 8. Decor carried out the bride's chosen colors of purple and yellow.

The bride's cake was a three-tiered white confection. For the groom, there was a two-tiered chocolate cake.

The newlyweds took a honeymoon trip to Riviera Maya, Mexico. They are now at home in Dublin.

A rehearsal was held at Gilbert and Julie Carillio's home at the 4C's Arena in Stephenville. It was a bar-b-que meal catered by Glenn and Sonya Block and Travis Block.

Mr. and Mrs. Dominic Stephen Fuhrmann ... 'nee Rebecca D'Ann King ...

Flowers are the sweetest things God ever made, and forgot to put a soul into.

Henry Beecher

## Thurmans celebrate Golden Wedding

Kenneth and Janie Thurman of Lindsay celebrated the occasion of their 50th Wedding Anniversary on June 11, 2011. The celebration was hosted by their children and grandchildren at the home of Kenny and Gena Thurman.

Kenneth and Janie Kubis Thurman were married in St. Peter's Catholic Church in Lindsay on May 6, 1961. The wedding was officiated by Janie's uncle, the late Father Alcuin Kubis. The groomsmen were Gilbert Kubis, Loyd Thurman, Jr., and Buster Kubis. Bridesmaids were Betty Jo Binford, Maxine Sandmann, and the late Edra Thurman. Following their wedding, they traveled to Houston and San Antonio for their honeymoon.

Kenneth is the son of the late Loyd and Alma Thur-

man of Gainesville. Janie is the daughter of Catherine Voth Kubis and the late Albert Kubis of Lindsay. Kenneth and Janie are the parents and grandparents of Vicki Thurman and children Henry and Simon of Lind-

say; Beth and Karl Trubebach and children Levi and Lacey of Muenster; Kenny and Gena Thurman and children Jessica and Cody of Lindsay; Sherrie and Patrick Krebs and children Joseph, Ashley, and Dustin of

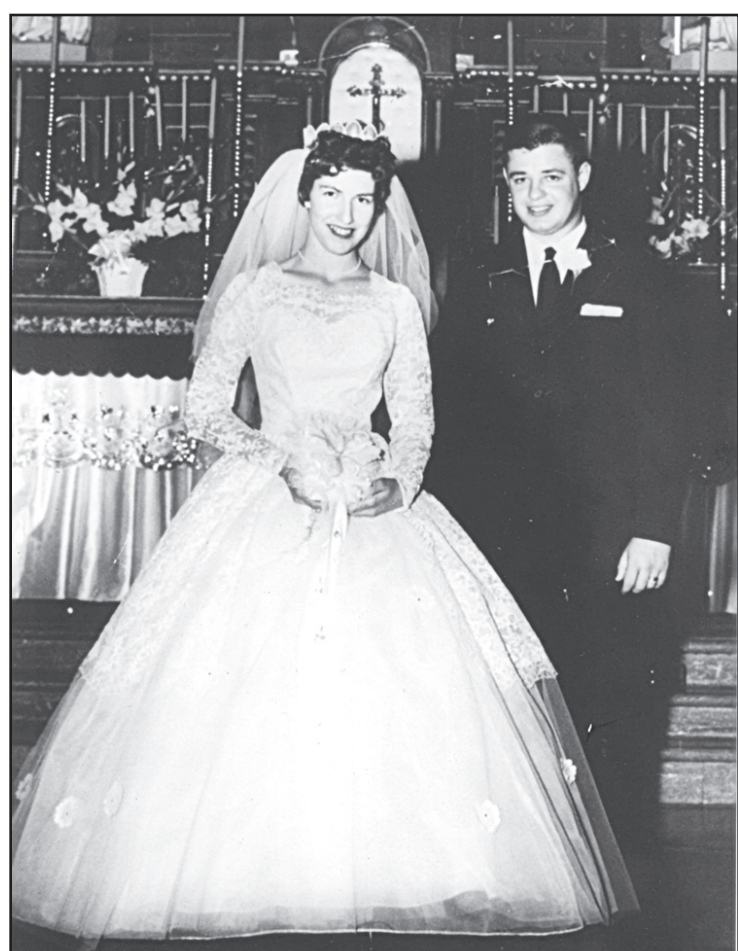

Bridgeport; and Michael and Donna Zimmerer and children Jeffrey, Johnathon, and Benjamin of Lindsay.

Kenneth is retired from Weber Aircraft after working there for 40 years. Janie is employed by Snuggs Investments. They are very active in their children and grandchildren's lives. They love to spend time attending their grandchildren's sporting events, wherever they may be. Both enjoy visiting with family and friends.

Kenneth and Janie were surrounded by family and many friends to celebrate their anniversary. Guests enjoyed a meal and movie of Kenneth and Janie's lives together. Pictures from their wedding, along with Janie's wedding dress and Kenneth's suit, were displayed. Many memories were shared among those attending.

Those attending were Kenneth and Janie's children and grandchildren, Buster Kubis, Adam and Alma Wolf, Gilbert and Rosina Kubis, Paul and LuAnn Kubis, Loyd Jr. and Betty Thurman, Dwayne and Betty Jo Binford, Brooke Waddell, Lisa Miller, and John Wyrick.

Unable to attend but sending best wishes were Jeffrey Zimmerer, Johnathon Zimmerer, Girdie Felderhoff, Wilfred and Virginia Hess, Jim and Rosemary Schindler, and Paul and Maxine Sandmann.

Janie and Kenneth Thurman on their wedding day May 6, 1961

## Dates set for local Youth Baseball swim parties

The Muenster Jaycees are having their end-of-the-year swim parties for all Muenster Youth Baseball teams. Boys Coach Pitch and Little League will be held on Monday, July 11 from 6:30-9 p.m. at the Muenster City Park. Tee-Ball and all girls softball will be held on Tuesday, July 12 from 6:30-9 p.m. Hot dogs will be served.

Both Boys Coach Pitch and Little League players need to return uniforms to their coaches or bring them to the swim party.

## SNAP Menus

**WEEK OF JULY 12 - 14**  
Tues. - Porkette, Spanish cabbage, boiled potatoes, wheat bread, blackberry cobbler.

Wed. - Salisbury steak, Texas potatoes, zucchini, bread pudding.

Thurs. - Chicken and dressing casserole, sweet potatoes, green beans w/red peppers, pineapple upside down cake.

## Muenster Memorial Hospital Rehabilitation Program

### SciFit Arm Bike

The Muenster Memorial Hospital FIT Center has a SciFit Arm bike which provides upper body strengthening and cardiovascular training. This is an equipment option for those unable to use their lower body. Many patients recovering from shoulder injuries and illnesses have been using the arm bike to improve their endurance and upper body strength.

Our Swing Bed Program patients are already benefiting from the new Functional Innovative Therapy (FIT) Center.

Therapists provide Occupational Therapy, Physical Therapy, and Speech Therapy

Contact Adelia Wilson (940) 759-6162

## The Muenster Volunteer Fire Department

is now soliciting donations for their annual BBQ fundraiser & auction set for August 13. Scotty Thurman will play. If you wish to donate, call Bert Walterscheid at 736-6203 or Delanne Walterscheid at 759-4785 or any MVFD fireman.

**Troop 664 Scouts Josh Biffle, John Hesse, Austin Miller, and Michael Weinzapfel, under the supervision of leader Ronnie Weinzapfel, braved triple digit heat Saturday to assist the MMH Auxiliary. They weeded, mulched, fertilized, and planted in a patio flower bed at the Muenster Hospital.**

## Lynzie celebrates 1st

Lynzie Rose Fisher, daughter of Coy and Ashley Fisher of Muenster, celebrated her first birthday on Sunday, May 22 at the Muenster City Park. Hamburgers and hot dogs were served. Lynzie ate cake and opened presents. The children were entertained by hitting a cupcake piñata. Theme for the party was Princess.

Those attending were her parents; great-grandparents Evelyn Walterscheid, Betty Ann Flusche, Dorothy Fisher, and Tony and Sis Klement; and grandparents Donna and Roger Endres, and Janet and Willie Fisher. Also great-aunts, uncles, and cousins Karl, Beth, and Levi Trubenbach; Richard, Shelly, Lane, and Ty Trubenbach and River Stewart; Steve, Melissa, Lauren, and Wade Trubenbach. Aunts, uncles, and cousins Chad Walterscheid; Lanette, Reuben, Ben, and Lydia Frost; and Melissa, Cecyl, Ava, Aaron, and Andrew Cheshier. Other family and friends included

Lynzie Fisher

Jeannene, Deano, Dillon, and Nolan Bayer; Alice Walterscheid; Erik, Jayna, Bella, and Barrett Walterscheid; Jay, Bekah, and Kennedy Reed; Chad, Michelle, Caylee, and Cutter Cheaney; and Tony, Misty, Nathan, and Cooper Hartman.

Lynzie's actual birthday is May 25.

## St. Mary's Parish honors 54 years of service

Sr. Mary Helen Fuhrmann SSMN has been appointed as the coordinator of Our Lady of Victory Center in Fort Worth where she will be effectively installed as the superior of OLV community of the Sisters of St. Mary's of Namur of the Western Province. This will take place on Aug. 15. She has been pastoral associate at St. Mary's Catholic Church in Gainesville since Aug. 1, 1992. She left St. Mary's July 1.

Her work at St. Mary's initially was to be the director of Religious Education for both elementary and high school, an advocate for the Fort Worth Tribunal, and director of the RCIA for both adults and children. With an increased number of marriage cases, the parish released sister from the Religious Ed and the High School Religion and Confirmation Program in 2003. Then Sister was asked to direct the liturgical ministries, did some marriage preparation work, and continued with the annulment cases and RCIA.

Sister Mary Helen also served on the FEMA Board for the Cooke County area and on the Cooke County Disaster Recovery Emergency Committee after the flood of 2007. Sister has served on SSMN Provincial Council for the past 12 years and has recently been named to another three-year term effective Aug. 15.

Sister Mary Helen is the daughter of Henry N. and Lena Walterscheid Fuhrmann. She attended

Sr. Mary Helen Fuhrmann and Bonnie Friedrich

Lindsay school for 12 years and was a member of St. Peter's Parish in Lindsay when she entered the congregation of the Sisters of St. Mary of Namur on Sept 8, 1956. She graduated with a B.A. degree from University of Dallas in the 1962 and a M.Ed. from Texas Woman's University in Denton in 1975.

Before coming to Gainesville, Sr. Mary Helen served as a teacher for nine years and a principal for 21 years. The schools where she served were: St. Mary's of Assumption in Fort Worth from 1961-63, St. Xavier's in Denison from 1963-66, St. Mary's in Sherman from 1966-72, Notre Dame Elementary School in Wichita Falls from 1972-81, and St. Peter's School in Fort Worth from 1981-91. The year 1991-92 she enjoyed a sabbatical at Sangre de Cristo in Santé Fe, New Mexico the first semester and attended Notre Dame University the second semester. She has been at St. Mary's for 19 years, and has served in the Fort Worth Diocese for 49 years.

Bonnie Friedrich began her career at St. Mary's as a volunteer in 1975 typing the bulletin. That work expanded to counting and recording collections. Fr. James Gillespie employed her as the secretary for St. Mary's Church in 1977. Since that time, she has served under 10 pastors and six assistant pastors. Each time a pastor left, she was assigned more duties with a larger job description.

Bonnie began keeping the

financial records and doing all the bookkeeping and was appointed business manager for the Church and for St. Mary's School in 1985. Fr. Nicholas assigned her as the Computer teacher for St. Mary's School. Bonnie ended her 35 year career by retiring July 1.

Bonnie served on several committees for the Diocese of Fort Worth.

Bonnie married Vernon Friedrich in June 13, 1964 in their hometown LaGrange. They moved to Gainesville in 1965 and started a dairy farm. They have four children and 14 grandchildren. After retirement, a Bonnie plans to keep busy as a part-time assistant manager for Butterfield Stage and attend her grandchildren's activities.

A reception for Sister Mary Helen and Bonnie was sponsored and hosted by the following parish organizations: Worship Committee, Pastoral Council, Knights of Columbus, and St. Mary's School. Many family members, friends, and parishioners filled the parish hall for a pot-luck supper followed by presentations and gifts from named organizations after the meal. The parishioners also gathered for a thanksgiving Mass at 11 a.m. in which Bishop Kevin Vann, Bishop of Fort Worth, gave his blessing to Sr. Mary Helen and Bonnie. He recognized them for their dedication, leadership, and stability over the combined 54 years of service to St. Mary's Parish and Diocese.

## New Arrival

### Tuggle

Joe and Kacey Tuggle of Fort Worth are proud to announce the birth of their daughter Sarah LeighAnn Tuggle. Sarah was born at 3:26 p.m. on Friday, July 1, 2011 at Baylor All Saints Medical Center in Fort Worth. She weighed 8 lb. 11 oz. and was 20 1/2 inches long. Sarah was welcomed into the world by her big brother Nathan Tuggle, 1 1/2 years old. Proud grandparents are Kathy Dennis of Saint Jo, Doug and Sharon Roof of Springtown, and Ricky and Susan Tuggle of Saint Jo. Great-grandparents are Charles and Barbara Dennis of Saint Jo, the

late John and Shirley Roof, Edith Welch of Gainesville and the late Virgil Welch, and the late Jack and Pearl Tuggle.

## Muenster Varsity Cheerleaders win multiple awards at camp

The Muenster Varsity Cheerleaders attended a National Cheerleaders Association (NCA) camp at the University of North Texas June 16-19. The squad members attended daily cheer, chant, jump, stunt, and dance classes. Head Cheerleader Chloe Schneider attended a daily captain's class on responsibility and leadership within the squad.

The Hornet Cheerleaders performed cheers and chants at daily evaluations, earning seven superior ribbons throughout the week at camp. On the second day of evaluations, the other cheer squads voted Muenster Varsity to be the recipients of the Herkey TEAM Award Certificate for being the squad who best demonstrated true team spirit. On the third day of evaluations, the NCA staff awarded another Herkey TEAM Award Certificate to the squad for possessing technical excellence in jumps.

The NCA staff also chose the varsity from Muenster for the Stunt S.P.O.T. Award, which is given to squads who demonstrate safety in stunting. The squad's spirit, strong teamwork, and positive attitudes earned a spirit stick on each night of camp, as well as a spirit stick to take home on the final day of camp. The Muenster squad was honored by receiving a National Championship Bid which allows the squad to compete at Nationals in December.

The MHS squad was honored with six All-American nominees. They were Chloe Schneider, Kalyn Dan-

gelmayer, Paige Hennigan, Allison Pagel, Sadie Stoffels, and Sydney Huchton. Shelbi Sicking received the America Needs Cheerleaders pin for her hard work and encouragement within the squad.

Mascot Lexie Broyles also had a successful camp. She earned two superior ribbons for her skit evaluations, as well as the Unity Award and was named All-American mascot.

On the final day of camp, the squad competed for the

Top Team Award and for the Champion Chant Award. The Varsity from Muenster proudly won the Top Team Trophy for their Game Day Performance. Winning this award qualifies the entire squad to perform in the Christmas Extravaganza Parade at Walt Disney World in Florida.

MHS Cheer Coach Lisa Pagel received her coaching certificate for attending coaching classes and participating with the squad.

**Watering tips**  
Adjust sprinklers to water only grass areas and not impervious surfaces such as streets, driveways, and walkways.

Mow grass to a height of two and one half to three inches. Taller grass shades the roots and soil surface, which helps reduce the amount of water that is lost to evaporation.

Use sprinklers that spray low large drops versus high fine ones.

Use hand-held soakers for small trees, shrubs, and plants.

Use shut off nozzles on hoses and fittings.

Per month rate does not include applicable taxes and surcharges. Long Distance service is provided by Nortex Communications.

## Titans 2nd in Nationals

The 11u North Texas Titans placed 2nd in the Diamond division of the AAYBA Nationals Baseball Tournament. The tournament, held June 25 - July 2 in McKinney, was an open tournament for AA, AAA, and Major teams. Brennan Binder and Sawyer Sanders, both of Muenster, have played with the Titans since March, competing in many tournaments and a league. The Titans had a successful season, winning 2 of their tournaments and their league title. The Titans league record was 14-1-1, tournament record 16-3, with a Nationals record of 5-3, for an overall record of 35-7-1. Brennan played mostly 3rd base and centerfield for the Titans. Sawyer pitched most games and played 1st base.

## Summer league basketball

The Muenster sixth grade basketball team competed in Bowie's summer league against seventh and eighth grades teams from Bowie, Alvord, and Muenster. Pictured are team members and coaches, from left, front - Savannah Hermes, Paige Saucer, Lexi Blassingame, Kate Springer, Assistant Coach Lydia Springer; back - Coach Candace Kubis, Alaina Kubis, Natalie Dangelmayr, Megan Rohmer, Sterling Walterscheid, and Jenna Sicking. Courtesy photo

## Erin Hess places 4th in the Texas Oklahoma Junior Open

June 20-22, Erin Hess competed in the Texas Oklahoma Junior Open (TO). Golfers from all over the nation and Mexico come to compete in the prestigious tournament held in the Wichita Falls area. Erin played in the 14-15 year-old girls division. All three days saw record heat in the Wichita Falls area for June.

Day one, the temperature was over 100° with the wind blowing on average 35 mph where she competed at Burkburnett's River Crest Golf Course. The course was set up at nearly 5500 yards. She finished with an 88 and left herself six strokes out of the lead. She was tied for 8th place out of 18 girls.

The following two days, the temperature was still hot, but the winds died down. The courses were set up a little shorter at around 5100 yards. On day two, the tournament was held at the Wichita Falls Country Club. Erin shot 78, and was tied for 6th place at the end of day two.

The final round of the TO was played at Weeks Park Champions Course. Erin finished strong with a 77, and finished 4th overall behind Sarah Moore of Burkburnett, Lydia Traylor of Midlothian, and Sarah Black of Andrews, Texas.

The tournament allows for a caddie all three days. Robert Taylor of Sanger, a great golfer and friend, caddied for Erin on the first two days, and her father Brian Hess caddied the final round.

Many great golfers have won this tournament in the open division (16-18) as juniors. Some notable names on the PGA and LPGA tour are Wendy Ward, Kelli Kuenhe, Riley Ranking, Ben Crenshaw, Tom Kite Jr., and Scott Verplank. If you are interested in the history and past leader boards of the TO, log onto [www.tojrgolf.com](http://www.tojrgolf.com).

Erin Hess is a sophomore at Muenster High School, and the daughter of Brian "Zeke" and Danna Hess.

**BID INVITATION FOR ROOFING SERVICES**  
 North Central Texas College is accepting bids for roof replacement services for its Gainesville campus. Sealed bids addressed to Mr. Robbie Baugh, Sr. Director of Campus Operations, North Central Texas College, 1525 West California Street, Gainesville, TX. 76240 for roof replacement on certain areas of the Administration Building located in Gainesville, TX. will be received at the above address no later than 2:00 P.M. July 18, 2011. Sealed bids should be in a SEALED envelope with the words "ROOF REPLACEMENT BID" printed on the outside of the envelope. Bids will be opened at 2:05 p.m. on July 18, 2011 in Room 101B of the ASC Building on the Gainesville Campus. A pre-bid conference will be held at 9:00 a.m. on July 7, 2011 at the North Central Texas College, 1525 West California Street, Room 103 (Board Room), Gainesville, TX. 76240. The proposal forms and specifications may be obtained at the pre-bid conference. North Central Texas College reserves the right to reject all bids. North Central Texas College does not discriminate on the basis of race, color, national origin, gender, religion, age, or disability in employment or the provision of services. 7.8-2

**BID INVITATION FOR GRAIN**  
 North Central Texas College (NCTC) is soliciting bids for Cattle Grain. Purchased grain will be delivered to the Experimental Farm/Beef Cattle Center. For copies of grain specifications, contact Robbie Baugh, at (940) 668-3338 or rbaugh@nctc.edu For clarification of bid specifications or delivery instructions, contact Steve Keith at (940) 668-4217 or skeith@nctc.edu. Bids should be submitted in sealed envelope marked "BID - GRAIN FOR EXPERIMENTAL FARM/BEEF CENTER". Bids must be received in North Central Texas College 1525 West California Street, Room 101B, Gainesville TX. 76240 by 10:00 a.m. on Tuesday, July 19, 2011. Late bids, emailed bids, and faxed bids will not be accepted. NCTC reserves right to reject any or all proposals and to waive any or all formalities. NCTC does not discriminate on the basis of race, color, national origin, gender, religion, age, disability in employment, or the provision of services. 7.8-2

# FARM & RANCH

## Emergency farm loan applications accepted

Applications for emergency farm loans for losses caused by DROUGHT, EXCESSIVE HEAT, HIGH WINDS, AND WILDFIRES JAN. 1, 2011 are being accepted at the Farm Service Agency (FSA) office located in Bonham, David Dunmon said.

Collin, Cooke, Denton, Fannin, Grayson, and Lamar counties (along with surrounding counties) were recently named by Secretary of Agriculture to be eligible for loans to cover part of actual production losses and physical losses resulting from the drought, excessive heat, high winds, and wild-

fires.

Mr. Dunmon said farmers may be eligible for loans of up to 100% of their actual losses or the operating loan needed to continue the agricultural business, whichever is less. For farmers unable to obtain credit from private commercial lenders, the interest rate is 3.75%.

"As a general rule, a farmer must have suffered at least a 30% loss of production to be eligible for an FSA emergency loan," Mr. Dunmon said. Farmers participating in the Federal Crop Insurance program will have to consider proceeds from

those programs in determining their loss.

"Applications for loans under this emergency designation will be accepted until Feb. 24, 2012, but farmers should apply as soon as possible. Delays in applying could create backlogs in processing, with possible delays into the new farming season," Mr. Dunmon said.

FSA is a credit agency of the U.S. Department of Agriculture. It is authorized to provide disaster emergency loans to recognized farmers who work at and rely on farming for a substantial part of their living. Eligibility is extended to individual farmers who meet U.S. citizenship requirements and to farming partnerships, corporations, or cooperatives in which U.S. citizenship requirements are met by individuals holding a majority interest.

The FSA office in Bonham is open from 8 a.m. to 4:30 p.m., Monday through Friday.

## Drought puts the heat on poorly constructed ponds

If you think it's dry, try being a fish during the drought, said a Texas AgriLife Extension Service expert. "You know it's dry when your fish have ticks," joked Dr. Billy Higginbotham, AgriLife Extension wildlife and fisheries specialist.

Jokes aside, it's a serious matter as water levels drop for the owners of the more than a million private water impoundments in Texas. Channel catfish, bluegill, and largemouth bass must survive both a shrinking habitat and dropping water-oxygen levels.

Dropping oxygen levels can be a problem during a hot Texas summer even when there's normal rainfall. But there's nothing like a drought to highlight a poorly constructed pond and magnify the potential for fish kills.

"It's hot and dry even by Texas standards, but the ponds that show the problem first and foremost are those that have either very small watersheds or those ponds that were built on marginal soil," he said.

A small watershed means there is not a large enough area surrounding the pond

for sufficient runoff to maintain water levels, even during years with average rainfall, Higginbotham explained. To hold that runoff, the soil the pond is situated in should contain enough clay.

"These are important construction concepts for landowners to remember whether they are watering livestock or if fish are an important recreation use of that pond," he said. "Fish remain a primary concern to many owners of small ponds, and there are more than a million private impoundments found statewide."

Obviously, Higginbotham said, when ponds are not much more than mud walls, there's little that can be done about saving fish.

"Certainly, when pond levels reach this point, I hope they have done something about fish populations already, hopefully harvested them," he said.

But even if a pond is well-constructed and its water level has only dropped a foot or two, it still behooves pond owners to pay attention to fish management and water oxygen levels, Higginbotham said.

"In any case, we want to avoid trying to carry more than a thousand pounds of fish per surface acre during the warm months," he said.

A thousand pounds of fish per surface acre of water is a good rule of thumb for a number of reasons.

"As water temperatures increase, the ability of that water to hold oxygen decreases, so typically, the hot summer months are when oxygen depletions are most likely to occur," Higginbotham said.

Also, as water temperature rises, the metabolic rate of fish, being cold-blooded animals, will increase, and with that increase comes a need for more oxygen. But under sunny conditions and moderate temperatures, aquatic plants — mostly single-celled algae — will produce enough oxygen to somewhat offset the low oxygen concentration levels of warm water.

Cloudy days have been rare during the 2011 drought, Higginbotham noted, but when skies are overcast, photosynthesis is decreased and oxygen levels drop further.

"If the pond is too heavily stocked, fish can run into an oxygen debt," he said. "Hot weather can even bring about oxygen debt in moderately

stocked ponds.

"Furthermore, small ponds that are intensively managed for high-standing crops of catfish at or above 1,000 pounds per surface acre are going to be among the first ponds to experience oxygen shortages as water levels drop."

Higginbotham said he has found that many pond owners over-estimate the surface acreage of their ponds by a factor of two or three.

There are simple methods to determine the size of a pond, he said. If the pond is more or less rectangular, the simplest way to determine its size is to measure the length and width in feet, then multiply one measurement by the other to get surface area in square feet. Divide this number by 44,000 to get the approximate area in acres.

As an example, a relatively square pond measuring about 200 feet on each side will have 40,000 square feet of surface area, or about one acre.

Calculating a round pond's size is a little more complicated. Divide the distance across the pond by two, square the result, then multiply that number by 3.14.

Once the approximate surface area is determined, the next step is to determine the pounds of fish in the pond, Higginbotham said.

"Usually, the pond owner knows how many catfish were originally stocked in the pond and has a pretty good idea how many have been removed since stocking," he said. "By catching a few fish and weighing them, an owner can estimate the total pounds of fish in the pond."

Pond owners who suspect low oxygen concentrations should monitor their ponds closely, even if their stocking levels are 1,000 pounds per acre or less, Higginbotham said.

"Visit the pond shortly after daybreak," he said. "If fish are crowded up at the surface at first light, that's a pretty good indication that you've got low-oxygen levels."

If this is the case, pond owners should either immediately harvest fish to reduce the stocking level or aerate that water, Higginbotham said.

"Aerate with a pump or boat motor just to get over the hump and through the immediate emergency in order to raise the oxygen levels, so you don't lose an entire pond of fish."

## County Agent's Report

### Plants, Soils, and Water

In the heat of the summer, it is extremely difficult to do a good job watering our vegetable gardens, yards, and ornamental plants. Understanding soil, plants, and water may help us do a better job.

When water is applied to the soil, it seeps down through the root zone very gradually. Each layer of soil must be filled to "field capacity" before water descends to the next layer. This water movement is referred to as the wetting front. Water moves downward through a sandy, coarse soil much faster than through a fine-textured soil such as clay or silt.

If only one-half the amount of water required for healthy growth of your garden or landscape is applied at a given time, it only penetrates the top half of the root zone; the area below the point where the wetting front stops remains dry as if no irrigation has been applied at all.

Once enough water is applied to move the wetting front into the root zone, moisture is absorbed by plant roots and moves up through the stem to the leaves and fruits. Leaves have thousands of microscopic openings, from which water vapor is lost from the plant. This "transpiration" causes the plant to wilt unless a constant supply of soil water is provided by absorption through the roots.

The total water requirement is the amount of water lost from the plant plus the amount evaporated from the soil. As the summer gets drier and the heat increases, water requirement goes up. Other factors include: day length, temperature, cloud cover, wind, relative humidity, mulching, and the type, size, and number of plants growing in a given area.

To get the best results when you water your plants, make sure that you allow ample watering time to get the water to the root zone. A slow, thorough soaking is a must. It is much more efficient to water less frequently, as long as you water deeply. If possible, each irrigation should provide moisture to a depth of six inches or more. Often, sprinkler systems are not set correctly; a quick check of your system may help you out this summer.

**THE NEW GAINESVILLE LIVESTOCK AUCTION, LLC.**  
www.gainesvillelivestock.info

Sold at Friday's sale JUNE 24 there were 2531 cattle sold, compared to 2499 the previous week. Sold at Tuesday's sale JUNE 21 were 391 Goats, 177 Sheep, and 91 Hogs. The numbers from last week were 441 Goats, 114 Sheep, and 285 Hogs. Calf & yearling market should be 4-6 higher on all classes, select classes could be 10 higher. Market had strong demands for #1s due to a very needed rally in cattle and grain futures falling considerably. Packer cows steady to 2 higher. Should be more aggressive after the 4th.
