

## Cooke County in burn ban

By Janet Felderhoff

A ban on outdoor burning became effective for all unincorporated areas of Cooke County on Monday morning, June 27. Commissioners Court took a unanimous stand to enact the burn ban despite County Fire Marshal Ray Fletcher recommending that it not be enacted at this time.

Fletcher gave statistics that showed Cooke County had a Keetch Byram Drought Index (KBDI) overall of 453. KBDI ranges from 0 to 800, where a drought index of 0 represents no moisture depletion, and an index of 800 represents absolutely dry conditions.

"Generally speaking, the County is in fairly good shape," Fletcher noted. The

U.S. Drought Monitor Index indicated that Cooke County was on the line of abnormally dry and its fire activity hadn't increased much at all. Control has been maintained on the few fires that the County has had, he said.

Precinct #3 Commissioner Al Smith said this is the last Court before the July 4th holiday. Precinct #1 Commissioner Gary Hollowell pointed out that a burn ban does not prohibit the use of fireworks. Only a disaster declaration would do that.

Precinct #4 Commissioner Leon Klement suggested that a burn ban this close to the 4th of July might make people aware of the fire danger and be more cautious. He added, "It is a misconception that people are getting, that

a burn ban is going to stop all fires. It doesn't do that. The only thing it does in this situation approaching the 4th of July, maybe it can put it in their mind to be a little more cautious. Maybe that guy wouldn't throw out his cigarette." He said this year has been especially windy.

Commissioner Smith remarked that people are getting nervous. There was a fire in his precinct the previous night that burned 75 round hay bales and frightened a neighbor's horse causing it to run through a fence sustaining serious cuts to its legs.

B.C. Lemons, Precinct #2 commissioner, said he'd talked to many farmers and ranchers who favored a burn ban. The wind blows all night and it is really dry, he added.

An audience member commented that he knew of people who had been working for months to create large stacks of wood for bon fires.

County Judge John Roane observed that burn bans are not for sensible people. They are for people who intentionally set large fires in unsafe conditions. The burn ban does not prohibit fireworks or welding. Welders are asked to keep a water source handy and to use a spotter to prevent starting out-of-control fires. It does include outdoor cooking that might cause a fire, campfires, brush fires, and burning of trash. Those who do use fireworks are encouraged to not use rockets or fins as they pose even more fire danger.

The Sheriff's Office will ticket those who are caught disobeying the burn ban.

City of Gainesville Public Service Director spoke during public comments. He noted that the County had some significant storm damage including the northeast part of Gainesville. He thanked the commissioners and the County for helping dispose of the debris and offered to assist the County if they need assistance in the future.

A public hearing took place regarding the specific use permit/site plan for 25 acres in the Edward Bradley Survey Abstract #33 for Timber Creek Real Estate Partners. Josh Brinkley, chairman of the Lake Ray Roberts Planning and Zoning (P&Z) Commission reported that a public hearing had been held by the P&Z and there were no objections. The application was approved and found to be appropriate for the area in question. Nobody spoke at the hearing.

The Court approved the permit request.

## Sister Lillian elected prioress at Convent

Sr. Lillian Marie Reiter was elected the new Prioress at Holy Angels Convent on June 20. Her term extends for a period of three years, with the option of being re-elected for a second three-year term. Bishop Anthony B. Taylor, DD, presided at the election.

Sr. Lillian Marie is the fourth Sister from Texas to be elected Prioress, as the following preceded her: Mother Perpetua Reinart, from Lindsay, Sr. Mary John Seyler from Muenster, and Sr. Cabrini Arami from Montague.

The second oldest of six children born to Alfons and Margaret Knabe Reiter, Sr. Lillian Marie grew up on a farm north of Muenster. When she was 13 and just entering high school, she joined the Olivetan Benedictine order. That was in August 1955. She became a novice on March 20, 1957, and made her first profession on March 21, 1958. Sr. Lillian made her final profession on Aug. 15, 1963. In 2008, Sr. Lillian celebrated her Golden Jubilee.

As an educator, she has taught in Arkansas, Texas, and Louisiana Catholic schools. Sr. Lillian taught in her hometown from 1975-1981. She was again assigned to Sacred Heart School in Muenster in 1998 where she taught Religion to students in grades Kindergarten through Fifth.

During an interview for her Golden Jubilee celebration, Sr. Lillian remarked of her life as a Benedictine nun, "It's a lovely life. I enjoyed living it. There is never a dull moment. It's like a great adventure. You never know what is next."

Sr. Lillian brings a wealth of experience to her new position. She will announce her assistant, called Sub-prioress, in the near future.

## MMH Board welcomes Reed

By Janet Felderhoff

Swearing in of two Board members marked the beginning of the June 19 meeting of the Muenster Hospital Board of Directors. Incumbent Danny Walterscheid and new member Jon Reed were absent at the May meeting when Paul Becker took his oath of office.

Absent directors were T.J. Walterscheid, Ronnie Weinzapfel, and John Aytes. Aytes joined the discussion via teleconference, but could not vote.

Administrator Michael Kent reported on the June 18 storm. Patients were still in their rooms because there was no warning to take them to a safe area.

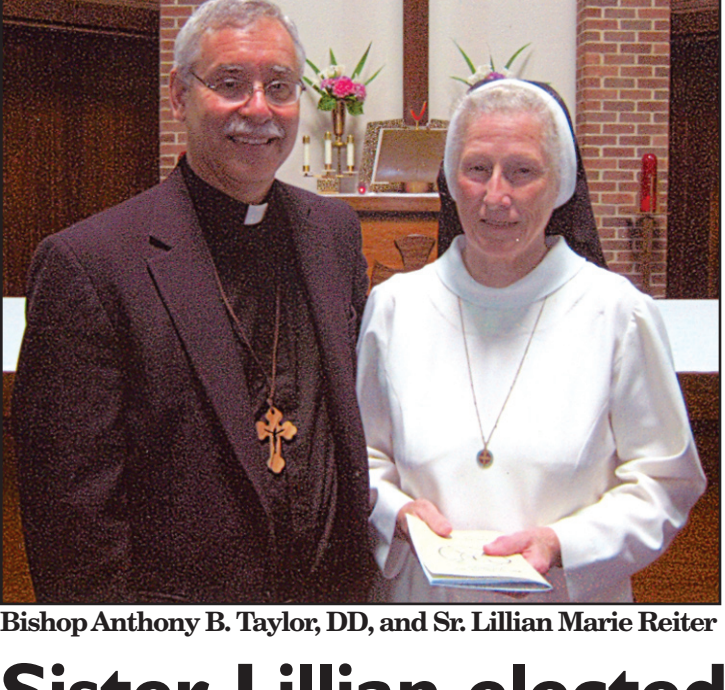

Damage included two glass panes in the boiler room, overturned AC unit on roof, blown down radio towers, tree damage, clinic roof damage. Also, the hallway connecting the Administration building to the main Hospital building shifted about an inch. This caused sagging in the roof and tile. One employee fell due to water on the floor. Water and debris blew in the west windows even though they were tightly closed.

transfer the patients. Kent said that Saint Jo EMS and TCSC (ambulance), and Cooke County EMS helped with the transfer to NTMC. Patients returned to MMH Sunday morning.

Kent noted that employees came in to assist without being contacted. Diane Neu said that the staff went to NTMC to care for the patients while they were there. "They were very gracious," she said of NTMC's staff.

Board President Kenny Klement went to MMH to check on how things were. "Everybody was calm," he noted. "I would have thought that there would have been a little chaos." He asked the nurse in charge Sandy Felderhoff if there was a plan for the situation and she said there was and she had implemented it. "They were doing a very good job. Everybody was on it."

Proposed budget and tax rate for 2011-12 were topics of discussion. The Board is seriously considering changing the District's fiscal year from July 1 through June 30 to the calendar year to begin on Jan 1. With that expected change, they adopted a proposed interim budget of \$7,671,653 for Net Revenues and \$7,664,183 Expenses. MMH anticipates going

## Fuhrmann receives Air Force commission

Joelle Ruth Fuhrmann received her commission into the United States Air Force on May 14 at the Air Force Reserve Officer Training Corps Detachment 820 Commissioning Ceremony. While serving in Detachment 820, Joelle held many positions including Public Affairs Assistant, Wing Executive Officer, Maintenance Officer, Recruiting Officer, Award Officer, and Long Range Planner. She will report to active duty at Travis AFB to work as an environmental engineer in the 60th CE Squadron.

During the exciting and emotional ceremony, Sacred Heart High School Alumni, Second Lt. Brittany White of Travis AFB in Fairfield, California administered the Oath of Office and gave the first salute. Efforts were made for SHHS Alumni, Airman 1st Class, Mitchell Sellers, previously of Lake Kiowa, to participate in the commissioning, but Air Force business prevailed.

Pinning on her ranks were her parents Francis and Cathie Fuhrman, sister Shannon Selland of Yuba City, California, and niece Chloe Christian of Plano.

Following the ceremony, Joelle presented parents Cathie and Francis with commemorative Air Force pins.

During ceremonies the previous evening, Joelle graduated Summa Cum Laude with Bachelor of Science in Environmental Engineering and Master of Environmental Engineering degrees from Texas Tech University Edward E Whitacre Jr. College of Engineering. Joelle graduated with a 3.9 GPA with honors.

Prior to the commencement ceremony, Joelle was named the 2011 recipient of the McAuley Distinguished Engineering Student Award presented at the honors convocation for outstanding engineers. The acceptance

## Delivery method selected for MISD construction projects

By Janet Felderhoff

Muenster ISD's Board of Directors met in regular session on Wednesday, June 15. They again discussed the best delivery method for construction of a new elementary, junior high, and practice gymnasium, paving of parking lots, and field house upgrade. They had viewed a power point program explaining the various methods and the pros and cons of each at an earlier Board meeting.

Superintendent Clay Richerson felt that it was best not to break the project into separate parts. He suggested one project with multiple phases using one construction manager for the entire project.

After some consideration, the Board adopted a resolution which stated that the Board was of the opinion that construction manager agent provided the best value for MISD's construction program. The decision was unanimous with Board members Steve Trubenbach, Ben Bindel, Mel Walterscheid, Richard Dangelmayr, Neal Flusche, and Doug Hermes present and voting. Kim Walterscheid was absent.

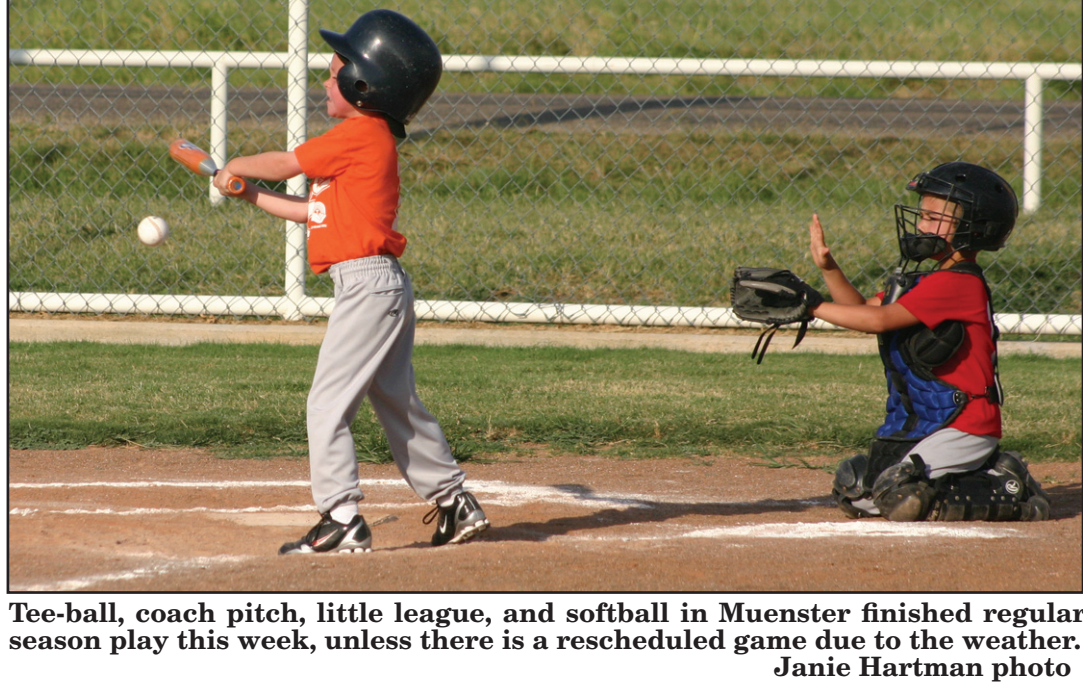

At its previous meeting, the Board voted to use W.C. Ferrell as the architect for the football concession stand. This motion was rescinded at the June 15 meeting because it was learned that the project must go through an RFQ process and if it is over \$8,000 and concerns public health, it must be certified by an engineer.

It was voted to delegate to Superintendent Richerson the authority to seek bids, seek proposals, rank bids, and negotiate for selection of a contractor for the concession stand project.

As part of the process of moving forward with the construction project, the Board voted to adopt the prevailing wage rate schedule for Cooke County as determined by the United States Department of Labor in accordance with the Davis-Bacon Act as the

.....Cont. from pg. 1

from Siemens Healthcare Diagnostics. A new one would cost \$110,000. Earlier, the Board had approved \$20,000 to purchase a machine to test thyroids and prostates. The machine has not yet been purchased and this new machine will do those tests plus some others that the old machine doesn't do. That \$20,000 would be applied to the \$57,000.

After discussion on the cost of a refurbished piece of equipment compared to a new one, what other tests a new one might perform, and the age of the refurbished machine, the Board approved purchase of the refurbished equipment at \$57,000 as long as it was not older than five years.

Employee health insurance will remain with the current provider Blue Cross. There will be a 4.5% raise in the rates.

Statistics chart reviews showed that MMH is well above other Critical Access Hospitals (CAH) in both Texas and the U.S. regarding the amount of cash on hand and the number of times MMH can pay its current liabilities using its current cash. For the month of May, MMH could pay its current liabilities with the cash on hand 4.1 times compared to other Texas and U.S. CAHs that averaged just over two times. Cash on hand for MMH in May with no cash coming in could pay its current liabilities for 118.7 days compared to the average Texas CAH at 40 days and U.S. CAH at 60 days.

The Board also reviewed anonymous surveys and comments from Clinic patients regarding Drs. Jones and Roa and FNP's Trubenbach and Ambrose. Another chart showed responses from 30 inpatients about the care they received at MMH. This also was anonymous. Results from MMH were compared to those reported by NTMC, Nocona, the Texas average, and the U.S. average.

# Muenster clean-up continues

A crew from Cooke County Electric Co-op including Adam Bayer pictured above, continued volunteering their time to assist in cleaning up broken and downed branches around town this week. Volunteer workers who helped clean up after the June 18 storm have saved the City, not only in labor, but cut anticipated expenses.

# Masons invest in youth

Masonic Lodge No. 796 of Era made a donation to the Muenster Youth Council earlier this week. Ed Morrison, left, and Danny Knight, right, made the presentation to Ben Bindel. Janie Hartman photo

# CITY COUNCIL AGENDA

**MEETING DATE - JULY 5, 2011**  
 The following is the Agenda for the regular meeting of the Muenster City Council to be held at 7:30 p.m. in the City Hall meeting room on Tuesday, July 5, 2011.

- Call meeting to order at 7:30 p.m.
- Opening prayer.
- Approve minutes of the regular meeting on June 6, 2011.
- Recognize visitors and invite them to attend the entire Council meeting and to discuss their business.
- Consider any other business to come before the Council.

# OLD BUSINESS

- Discuss and possibly approve Ordinance regarding carparks.

# NEW BUSINESS:

- The Mayor will read a "Proclamation" thanking all of the volunteers in the City cleanup after the recent wind storm.
- Discuss recent wind storm, including disposal of trees, damaged police car, and other related matters and its effect on the City, take any needed action.
- Consider approving contractor for water and sewer line project.
- Receive request from Giles Walterscheid for waiver on Fire Repression System Requirement.
- Approve salary increase for employees receiving new water operator licenses from TCEQ.
- Discuss and approve Budget Amendments for the current budget.
- Receive status report on City Projects and Activities. Take any needed action.
- Review and act on monthly bills.
- EXECUTIVE SESSION: The Council may enter into closed or executive session to discuss the following: Texas Local Government Code: 551.074-Personnel.
- Return to open session. Take any needed action.
- Adjourn.

Brenda Simpson, City Secretary

# July 5 declared Muenster Volunteer Recognition Day

In a proclamation by Joey Anderson, Mayor of Muenster, July 5, 2011 has been named Volunteer Recognition Day in Muenster. Anderson pointed out that whereas the City of Muenster suffered much from a brief, but violent summer storm, many people vol-

unteered their time, hard work, and equipment to help clean up Muenster and the City Park. Therefore, July 5, 2011 will be a day of recognition, appreciation, and dedication to all the generous people who came to the aid of the City of Muenster and its residents.

# FUHRMANN .....cont. from pg. 1

speech was both eloquent and emotional, as Joelle accredited her success to her teachers and professors, past and present, with special acknowledgement to the Sacred Heart Robotics instructors and mentors. She also elaborated on the importance of small town values and hard work ethics. Selection of this award was based on outstanding academic achievements, honors, activities, interests, and aspirations.

In addition to the McAuley award, while attending Texas Tech, Joelle received numerous awards and honors, including the Texas Tech in Human Form Award and the Air Force ROTC Field Training Superior Performer Award. She was also recognized with an award from the Daughters of the Confederacy by presentation of a personalized sabre.

Joelle has been on either the Texas Tech President's List or the Engineering Dean's List each semester that she has been at the university while holding leadership positions in many student organizations at the university, including the Air Force Reserve Officer Training Corps, the Society of Professional Engineers as vice president, Engineers Without Borders as treasurer, as a representative of the Civil and Environmental Engineering Department Student Advisory Council, and many other organizations.

In addition to her classroom instruction, Fuhrmann acted as a graduate assistant, student assistant, and teaching assistant in the Department of Civil and Environmental Engineering since 2008, assisting with courses and conducting research on water recovery efficiency for prolonged NASA space flights. She is an active member of five honor societies, including the National Society of Scabbard & Blade, Kappa Mu Epsilon (mathematics), Phi Kappa Phi, Alpha Lambda Delta, and Gamma Beta Pi.

Volunteerism has always been Joelle's passion; she was active with Hugh O'Brian Youth Leadership Seminars, Guadalupe Kids, the Boys & Girls Club of Lubbock, and the T-STEM Summer Engineering Program. Her goal is to continue serving humanity by making safe, clean water available to all people around the world. Joelle is also looking forward to getting more involved with other cultures and languages and pursuing her newly acquired interest in politics.

Celebratory gatherings were hosted by Joelle's parents throughout the eventful weekend for family and special friends, Manak Basra and Ingrid Babayan.

# Obituaries

## Patricia Stockard 1932 - 2011

Funeral services for Patricia Stockard of Muenster were held Tuesday, June 28 at 10 a.m. at Geo. J. Carroll & Son Funeral Home with the Rev. Ken Robinson officiating. Burial was at Old Hall Cemetery in Lewisville.

She died at the age of 78 on June 25, 2011 in Muenster.

Patricia was born in Honolulu, Hawaii on Dec. 24, 1932 to Walter David Pockrus and May Wescoatt. She married Carl Gordon Stockard on April 13, 1952 in Muskogee, Oklahoma. They raised five children together. Patricia was the first in her family to attend college, earning a Bachelor degree in Education at North Texas State University. She also did graduate work toward her Masters. Her children were so important to her that she didn't begin college until all of them had started school. She arranged her schedule to see them off in the morning and be home with them after school.

Patricia began teaching at Lee Elementary School in Gainesville, where she taught for 20 years. She loved history and reading, and instilled in her children the importance of reading.

Patricia loved the time spent with her grandchildren and watching them grow up and start families of their own. Patricia was a devout Catholic. She tried to set this example through-

out her life and held to her faith throughout her medical problems.

During her final week, her family members were a great comfort as they spent time with her, especially her great-grandchildren playing in her room. Patricia was deeply loved by her family.

She is survived by sons and daughters-in-law Michael and Janet Stockard of Denton and Glenn David and Rosie Stockard of Eastland; daughters Sharon Stockard of Anchorage, Alaska, and Patti Mauldin of Thackerville, Oklahoma; daughter-in-law Phyllis Williams of Gainesville; 11 grandchildren and 14 great-grandchildren; and brother and sister-in-law Eddie and Karen Farris of Medford, Oregon.

Patricia was preceded in death by her parents; son John Raymond Stockard; brother Ray Farris; and a great-grandson.

## Roy "Bill" Hughs, Jr. 1930 - 2011

A memorial service for Roy "Bill" Hughs, Jr., 81, of Gainesville, was held Wednesday, June 29 at Geo. J. Carroll & Son Funeral Home.

Mr. Hughs died Monday, June 27, 2011 at his home. Bill was born April 6, 1930 in Yarnaby, Oklahoma to Roy Robert, Sr. and Virtle Bell Garrett Hughs. He married Emma Sue Pearson in Sherman on May 19, 1956.

Survivors are his wife Sue of Gainesville; children Bryan and wife Shawna Hughs of Gainesville, Phillip Hughs of Big Spring, and Cheyenne and Cody Hughs of Gainesville; sister Edna Clements of Granbury; sister Joan and husband Don Moore of Arlington; brother Ralph and wife Dena Mae Hughs of Mesquite; sister Betty and husband Rease Colburn of Granbury; sister Judy and husband J.C. Faye of Pottsboro; six grandchildren and four great-grandchildren.

Bill was preceded in death by his parents; brothers Jack and Frank; and sisters Vivian, Violet, Eva, and Ruth.

In lieu of flowers, memorials may be made to Home Hospice of Cooke County, 100 E. Broadway St., Gainesville, TX 76240.

**City trash pickup will run a regular schedule Monday July 4th.**

Com-missioners questioned CCAD Chief Appraiser Doug Smithson regarding the CCAD's preliminary budget. They adopt their actual budget in August. Smithson explained that the preliminary budget shows what the budget would look like with 3% raises based on performances, merits, and cost of living, and without any raises. With no raises, the budget will go down by 1%, and with the raises factored in, it would increase by less than 1% increase. No action was necessary.

The Court spent the afternoon in budget hearings.

In other business, Commissioners Court:

- Approved contract for the sale of County property located in Muenster to Muenster ISD.
- Approved request by Sheriff Mike Compton to hire an attorney from Texas Association of Counties (TAC) to represent the Sheriff's Office in a pending lawsuit from an automobile accident.
- Approved setting the mileage rate for the final six months of 2011 at \$0.555 as recommended by the IRS.
- Approved advertising for bids for road oil to be used by Cooke County beginning July 25.
- Approved indigent burial of Lana Jo Lashley.
- Approved contract with Election Administrators for the purchase of 10 EA Poll-books for the County Clerk's Office.
- Approved jailer bond for Kenneth Eisenman, Precinct #1 employee.
- Approved the surplus of miscellaneous computer equipment, fax machines, printers, desks, chairs, and plotters and of awarded forfeiture 1991 maroon Jeep Cherokee from the Sheriff's Office to be disposed of by auction.
- Approved five-year lease with Xerox for a new copier for the Sheriff's Office.
- Accepted an insurance settlement on a Cooke County Sheriff's Office 2011 Ford Expedition damaged in an accident on March 21.
- Approved three change orders to the Cooke County Courthouse Restoration Project including adding two windows in the District Court, mosaic tile in six bathrooms, and three air handlers in the attic.

## Evins, Hartman exchange vows at St. Mary's Catholic Church

Amber Evins of Gainesville became the bride of Kirk Hartman of Muenster on Saturday, May 28, 2011 in St. Mary's Catholic Church. Fr. Victor Cruz officiated for the ceremony that took place at 6 p.m.

The bride's parents are Dwayne and Shelly Evins of Gainesville. Her grandparents are Norman and Joyce Vincent and Gealdean and Calvin Evins. She is a 2004 graduate of Gainesville High School and a 2008 graduate of NCTC. She is employed by Pumpco Energy Services as a payroll clerk.

Parents of the groom are Tim and Janie Hartman of Muenster. His grandparents are Mary Ann Arendt and the late Andy Arendt, and the late Emily and Leonard Hartman. Kirk graduated from Muenster ISD in 2004. He is a water well driller for Texoma Drilling LLC, and also works in farming and ranching for Hartman & Son.

Given in marriage by her father, the bride was attired in a white, strapless dress adorned with beads. The dress from David's Bridal had a corset style back. She carried a bouquet of a mixture of Texas wildflowers. The bouquet was made by Vine & Branches.

Instrumental, traditional music for the ceremony was provided by Pat Hennigan, organist.

### ATTENDANTS

Shanda Miller of Era, friend of the bride, was maid of honor. Bridesmaids were friend Brandi Felderhoff of Muenster, groom's sister Jessica Hartman of Saint Jo, and friend Jessica Bartel of Muenster. The bridesmaids' brown, strapless gowns were ankle-length dresses from David's Bridal. The entire wedding party wore boots for the occasion. Bridesmaids carried wildflower bouquets like that of the bride.

Mr. and Mrs. Kirk Hartman ... 'nee Amber Evins ...

Flower girls were Nikole Bowen, niece of the groom, and Kaylee Evins, niece of the bride. Ring bearer was James Evins, nephew of the bride.

Jared Ledbetter of Ada, Oklahoma, groom's friend, served as best man. Mike Bowen of Dye Mound, Michael Bowen of Saint Jo, and Calvin Huchton of Lindsay, all friends of the groom, were groomsmen.

Ushers were friends of the groom Sam Hellinger of Lindsay, and Josey Kyle and Clinton Kyle, both of Thackerville, Oklahoma.

Candle lighters were the mothers of the bride and groom.

### RECEPTION

Following the ceremony, a reception for approximately 145 guests took place at the KC Hall in Gainesville. A western theme outside the hall included an old milk can, flowers, and a wagon wheel. The foyer was decorated with candles and pictures of the bride at her bridal photo shoot. A lariat rope adorned the center of the table.

A white tablecloth and brown runner with imitation barbed wire covered the wedding party table. The table also held western boots with Texas wildflowers, horse shoes, and candles.

The remaining tables carried a western theme as well. They held white tablecloths with brown runners on which were horse shoes, flower-filled boots, lariat ropes, and candles. Decorations were done by Vine & Branches.

The bride's four-layer cake was adorned with a layer of ribbon on which was written part of the traditional wedding vows. The groom's cake was designed in the shape of a windmill. Both cakes were created by Lorna Bridges of Ponder.

Memories of the occasion were preserved by the brother and sister-in-law of the bride, Brandon and Angela Evins, who photographed the event.

The rehearsal dinner was prepared by Calvin Huchton and was held at the home of Hank and Crystal Huchton. Dinner included smoked pulled pork, potato salad, beans, corn, and dinner rolls.

Following a wedding trip to Sandals Resort in Montego Bay, Jamaica, the couple is at home in Muenster.

Christi and Leon Klement of Muenster announce the engagement and approaching marriage of their daughter Andrea Klement of Fort Worth to Aaron Townsend of Fort Worth. He is the son of Warren and Linda Townsend of Copper Cove. They have chosen Saturday, Aug. 6, 2011 as their wedding day. Their marriage will take place in Sacred Heart Catholic Church at 2 p.m. with Fr. Ken Robinson officiating. Miss Klement graduated from Muenster High School in 1996, earned a B.A. in Psychology from Texas A&M in 2000, and a Doctor of Jurisprudence in 2003 from Texas Tech School of Law. Tarrant County District Attorney's office in Fort Worth employs her as a felony prosecutor. Mr. Townsend is a 1993 graduate of Copper Cove High School and a 2003 graduate of Sam Houston State University where he earned a B.A. degree in History. He serves as vice-president of Credit Risk Management at First Horizon National Corporation in Irving. The couple plans to reside in Fort Worth after their wedding.

## Walterscheid graduates from SFA

Bret Walterscheid graduated from Stephen F. Austin (SFA) State University on May 14 in the William R Johnson Coliseum. Bret received a Bachelor of Science in Interdisciplinary Studies from the James I Perkins College of Education. He completed all State required testing and also received his Texas teaching certificate.

While at SFA, Bret was an active member of the Sigma Nu Fraternity and partici-

pated in its rechartering. He was awarded his letters in the Fall of 2010.

Bret's family joined him in Nacogdoches for the ceremony. They celebrated with lunch at Bret's favorite restaurant Auntie Pasta's.

Bret is a 2007 Muenster ISD graduate and the son of Kim and Lisa Walterscheid of Muenster.

Bret Walterscheid

The man who has planted a garden feels that he has done something for the good of the world.

Vita Sackville-West

To compel a man to subsidize with his taxes the propagation of ideas which he disbelieves and abhors is sinful and tyrannical.

# Vacation Bible School taught how the Mass comes alive!

About 190 children ages four through incoming 5th graders and approximately 80 volunteers had a fun time during Vacation Bible School June 13 through 17 at Sacred Heart Church. The theme was "Marvelous Mystery: The Mass Comes Alive."

Each day, there was an opening assembly in the gym including a skit by the teen helpers and interactive teaching. The pre-kindergarten and kindergarten children had their teachings and crafts in their rooms and then went to the "stations" for music and snacks. The older children went from one station to another.

At the "Faith Teaching" station, Debbie Cochran and Grace Bezner taught some aspect of the Mass. Each day, the group received a "visit" from a saint portrayed by a teen in costume. The saints who appeared were Saint Joan of Arc, Mary, Queen of All Saints, St. Patrick, St. Michael the Archangel, and St. Elizabeth Seton. On Friday, the children had the opportunity to attend adoration in the church.

Christy Hesse and Jennifer Flusche headed up the crafts area where the children made St. Michael shields and necklaces. The fifth grade children made rosaries for their craft project. One of favorite stations was "Music" led by Ashley Hartman, Isaac Davis, Laurie Valliere, and Denise Dangelmayr and their teen helpers. The kids had a great time singing and doing gestures to songs.

Kristie Becker and teen helpers led the "games" on

the practice field. For one of the relay team games, the children had to put on "Sunday" clothes and run back to their team. Yana Muller and her teen helpers were in charge of snacks. They served a variety of foods from healthy celery sticks and cheese whiz to homemade cookies.

On Thursday, each child and volunteer were given a light blue t-shirt. They wore them on Friday and for the closing program. And since the theme of the VBS was the Mass, the children brought money during the week for Holy Trinity Seminary.

Parents and grandparents attended the closing ceremony on Friday, June 17, at 10:45 a.m. in the Community Center. The children began by singing "Father Abraham" with gestures. Then Fr. Ken Robinson led the opening prayer and blessed the rosaries that the fifth graders had made.

Each grade level sang a song with gestures. The pre-kindergarten and kindergarten children sang "This Little Light of Mine"; first grade, "He's in My Heart"; second grade, "I Believe"; third grade, "Greatest Gift of All"; fourth grade, "We Come to You"; and the fifth graders sang a rousing version of "I'm Trading My Sorrows."

Then Jenny White, co-director, thanked all the adult and teen volunteers. Dan Aedo, who had taken photos all week, presented a slide show. Barbara Rohmer, DRE, presented gifts to directors Robyn Grime and Jenny White, and led the closing prayer.

Several young ladies from throughout the community embarked on a "Royal Journey" to discover their place and role as a "Daughter of the King" on Saturday night, June 10 at First Baptist Church. During the eight-session journey, participants will be taught to discover their heritage in Christ and will be equipped with the knowledge and tools helpful for making smart choices as they move through the transition years from girlhood to becoming the young women God designed them to be - young women of purity, purpose, and holiness.

## Knabe earns Accounting degree

On May 13, Diana Knabe graduated from University of North Texas (UNT) with a Bachelor of Science and Master of Science in Accounting with a concentration in Taxation. The keynote speaker was Dr. Phil, who earned his Doctorate at UNT.

Attending the graduation services were Diana's parents Duane and Mary Lin Knabe, her sister Amanda, and her grandparents Harold and Bertha Knabe. A graduation party was held at her parents' home with family and friends attending.

Diana has accepted an offer from BKM Sowan Horan, LLP in Addison, and started full-time on May 30. On June 1, she began CPA exam review classes.

Diana Knabe graduated from Sacred Heart School in May 2006. That fall, she attended the University of Oklahoma (OU). Diana planned to major in Accounting and started the five-year Accounting program, where students can receive their Bachelor degree as well as their Master degree in Accounting. She joined the sorority known as Alpha Phi and was active as a member of the Social Committee.

After her first year at OU, Diana returned to Texas and attended the University of North Texas. There, she joined Beta Alpha Psi, a professional accounting fraternity.

In Spring 2010, Diana started the graduate portion of her studies. That summer, she participated in a study abroad program where she learned about International Accounting and Accounting Research. She traveled to Frankfurt, Germany; Stras-

bourg, France; Brussels, Belgium; Luxembourg; and London, England. She saw various business-related attractions, such as the World Bank, European Council, Deutsche Bundesbank, German Stock Exchange, KPMG in Germany, BDO International in Belgium, and Lloyd's of London.

After returning to the U.S., Diana started a tax internship with BKM Sowan Horan, LLP in December 2010. She worked through this past busy season while finishing her last semester at UNT.

Diana Knabe

## SNAP Menu

WEEK OF JULY 5 - 7

Tues. - Country fried steak w/gravy, mashed potatoes, zucchini and tomatoes, wheat bread, cantaloupe.

Wed. - Beef stew, coleslaw, cornbread, peach cobbler.

Thurs. - Pork loin, cabbage, black-eyed peas, wheat bread, rosie applesauce.

Brad Endres

Chad Endres

## Twins earn college degrees

Brad and Chad Endres earned their college degrees in May and celebrated with family and friends in June.

Chad graduated from Midwestern State University on Saturday, May 14 at 10 a.m. in the Kay Yeager Coliseum. He earned his Bachelor of Business Administration degree from the Dillard College of Business Administration.

Attending the graduation were Chad's parents Jim and Shirley Endres, DaLana, Woody, Hunter, and Nolan Peel, Allison, Darren, Elise, and Connor Hennigan, and Brad Endres. The family gathered at Ronnie's Burger to celebrate following the ceremony.

Brad graduated from The University of Texas at Austin on Friday, May 20 at noon. The ceremony took place in the Gregory Gym. Brad earned his Bachelor of Science degree in Athletic Training. Commencement

speaker was Coach Mack Brown, head coach of the Texas Longhorns.

Attending Brad's graduation were his parents Jim and Shirley Endres, DaLana, Woody, Hunter, and Nolan Peel, Allison, Darren, Elise, and Connor Hennigan, and Chad Endres. Following the ceremony, they gathered at The Salt Lick Bar-B-Que.

A family celebration in honor of the graduates was held in the home of Jim and Shirley Endres on Sunday, June 19. Brisket and trimmings was served to guests for lunch. Special guests included Dan and Donna Schmitt of Prosser, Washington.

Brad and Chad are 2007 Muenster ISD graduates. Grandparents are Dorothy Swirczynski and the late Richard Swirczynski, and the late Don and Dorothy Endres.

### ARE YOU HAVING PROBLEMS WITH YOUR INSURANCE CLAIM ?

Call a Public Adjuster. **What is a Public Adjuster?** Public Adjusters are experts in property loss adjustment, licensed and regulated by The Texas Department of Insurance, who work for the Insured only.

#### Do I Need a Public Adjuster?

The insurance companies have adjusters working for them. A Public Adjuster works directly for you.

#### What Will it Cost?

Public Adjusters are limited to 10% of the overall settlement. They don't get paid unless you do.

#### Commercial or Residential

If you're not satisfied with your claim or you're not sure there is enough damage to file a claim, please take a moment to call and discuss your damages.

## Protect your hearing

Are you one of the more than 22 million American workers exposed to excessive levels of noise in the workplace? Are you one of those listening to iPods, shooting firearms, riding motorbikes, or working with lawn and garden tools? These devices are causing hearing loss at alarmingly high rates. Most noise is painless, progressive, permanent and preventable. Noise exposure is the second most common cause of hearing loss worldwide and is the most preventable. You should wear hearing protectors or avoid exposure to loud sounds. Turn down the volume and reduce the length of time you listen to your iPod or mp3 player. Studies show that people who wear noise canceling or noise reduction earphones with iPod or mp3 players typically listen to music at safer levels.

Sacred Heart Catholic School Fifth Grader Kate Springer accepts a second place award and \$25 check from Muenster CDA Regent Beverly Fuhrmann. Springer took second place in the Essay Division of the 2011 Catholic Daughters of the Americas Education Contest. The poems were required to contain an original message in eight lines using the theme "The Lord Is My Light."

## Students donate earnings to ABBA

Muenster ISD students in a social studies class were studying about business growth and decided to start a business. They made friendship bracelets and necklaces and sold them for 25¢ each for six weeks and recruited some friends to help them. They made \$38.58 in profits and donations and decided to donate the money to a charity. The girls voted to give the money to ABBA Women's Center in Gainesville. On Thursday, June 16, they presented the funds to ABBA Executive Director Sandee Feyereisen and toured ABBA (All Babies Born Alive).

Students participating in the fundraiser were MacKenzie Sicking, Morgan Hennigan, Sadie Sandmann, Lauren Truenbenbach, and Carmen Settle. Not pictured are Allison Henscheid, Ruth Rodriguez, and Maddie Lee. ABBA Executive Director Sandee Feyereisen accepted the gift. Courtesy photo

## Brooke Walterscheid trains for Region II FCCLA presidency

Brooke Walterscheid and Muenster ISD FCCLA Advisor Joni Sturm.

Brooke Walterscheid participated in FCCLA officer training and Executive Council meetings June 5-10 at Camp Allen in Navasota, Texas. Accompanied by her advisor, Mrs. Joni Sturm, the Muenster High School Junior joined with Region I-V and State officers to plan all Regional and State meetings for the 2011-12 school year.

A variety of themes were presented and discussed by the officers. The final vote resulted in "Highway to Success" for the year's theme. The week-long training consisted of general sessions, committee work, leadership, and officer responsibility training.

Officers were encouraged to "think outside of the box" the entire week by State Advisor Sharon Reddell Pierce, which resulted in improved ideas for the membership that will be implemented for many of the programs at the Regional and State level.

It is hard to convince a high school student that he will encounter a lot of problems more difficult than those of algebra and geometry.  
- Edgar W. Howe

KEEP MUEENSTER BEAUTIFUL YARD OF THE MONTH honors for May were awarded to Erik and Jayna Biffle who live at 613 N. Main Street. Their yard features curving sidewalks, pathway lighting, and various shrubs and flower beds. Patio pots contain a mixture of plants such as potato vines, geraniums, ivy, and caladiums. Bedding plants include hollies, Knock Out roses, petunias, begonia, fountain grass, and echinaceas. Red oak trees grace the front yard and a newly planted redbud tree south of the house will pop with color in the Spring. A bird bath invites feathered friends and a statue of St. Francis nestles among the plants. Pictured, from left, are Jayna with Barrett, Erik, and Bella. To nominate a home for Yard of the Month, contact the Muenster Enterprise at 759-4311, Muenster Chamber of Commerce at 759-2227, or any KMB member.  
Janie Hartman photo

## MISD .....continued from pg. 1

prevailing wage rate schedule for the projects.

After executive session, the Board hired Dana Klement as a teacher for 2011-12 with a one year, 10-month probationary period.

Reports given during the meeting included the following information:

### Superintendent Clay Richerson

There are 468 students enrolled for 2011-12. Once the Texas Legislature closes its session, the budget for 2011-12 will likely have to be adjusted.

Ads requesting qualifications for energy companies to retrofit Muenster ISD's buildings for energy upgrades were published in three newspapers. This might be funded by a grant.

### Elementary Principal Lou Heers

The end-of-year Texas Primary Reading Inventory screening took place in May.

A Coin Drive sponsored by the Elementary Student Council raised \$1,803 to help the Cody Klement family with medical expenses.

Elementary UIL Coordinators Dianne Endres and Jennifer Walterscheid attended the 2011-12 District

17-A UIL Academic Planning Meeting in Sherman. Valley View will host the Elementary UIL District Meet.

The Morris Brothers presented two anti-bullying performances on May 23 for MISD and Sacred Heart students.

Cicily Waneck and her fifth grade Social Studies students hosted a Museum of the Decades. Famous Americans from the 1960s through the new millennium. Elementary Student Council held a talent show on June 1.

### High School Principal Sharon Browning

Passing rate for the Sixth Six Weeks was 80% and the overall passing rate for the year was 93%.

Summer camps are scheduled to prepare the band for fall performances.

TAKS results for the year were listed.

Student handbook, code of conduct, and faculty handbooks are being revised.

On June 22-24, an elementary team and secondary team attended Rachel's Challenge, a training program dealing with bullying and other issues that arise

with students.

### Technology Director

Parent Portal has been deactivated for the summer. It will be available again on the first day of school which is Aug. 22.

Two new Smart Boards were set up in the Elementary classrooms, along with a hard drive replacement and restoration.

The Athletic email/phone data base has been re-built and updated for the 2011-12 school year.

Assistance was provided for sound and video setup for both the Kindergarten and High School graduations.

### Athletic Director

Summer workouts began June 13 and end July 21. High School has 42 signed up to participate and Junior High has 22.

Delinquent taxes collected for May totaled \$7,416.61.

"My son, do not despise the Lord's discipline and do not resent His rebuke, because the Lord disciplines those He loves, as a father the son he delights in."  
Proverbs 3:11-12

"He will die for lack of discipline, led astray by his own great folly."  
Proverbs 5:23

### SPORTS TRIVIA

The Minnesota Metrodome hosted a World Series, a Super Bowl, and an NCAA Final Four basketball tournament in a six month span from October 1991 to March 1992.

Magic Johnson's first name is Earvin.

There were no World Series games in 1994.

Joan Benoit, in 1984, won the first women's Olympic marathon.

Until 1988, Wrigley Field did not have lights.

## Right-of-way rules on the water

Safety is a two-way street. Sharing the water with other boaters would be chaotic if it weren't for accepted rules.

There aren't any visible lines dividing the waterways into traffic lanes, but boaters operating in crowded lakes and harbors stay on their sides of the road to avoid collisions.

The principle all must follow is: Only one boat has the right-of-way. This boat is termed "privileged" and is expected to proceed without hanging course or altering speed. A boat not having the right-of-way must yield to the privileged vessel. This is a simple rule, as these basic

situations show.  
•**Crossing:** Crossing occurs when two boats approach at an angle. A boat on the right (starboard) side of the other boat is privileged and has the right-of-way. That boat holds its course and speed. The "burdened" vessel yields by slowing down or stopping and passes behind the other boat.  
•**Overtaking:** When a boat overtakes another boat from the stern, the overtaking boat is burdened. The privileged vessel holds a steady course and speed.  
•**Meeting:** When two boats meet each other, neither has the right-of-way. Both are

required to turn to the right (starboard) so they pass port to port.

•**General prudential rule:** When a boater has attempted the steps outlined above and an accident still seems inevitable, then he should do whatever is necessary to avoid collision.

•**Special circumstances:** Boats propelled by oars or paddles have the right-of-way over motor-powered boats. The same applies to sailboats. However, when a sailboat overtakes a powerboat, the powerboat is privileged and has the right-of-way.

Only one third the amount of alcohol that makes a person legally too drunk to drive on the road is enough to rob a boat driver of his critical judgement on the water.

## Muenster Memorial Hospital Rehabilitation Program

### Hydrotherapy

The MMH FIT Center has a new Hydroworks pool for our patients. Rehabilitation in the water is great because of the pressure it provides joints to help remove swelling, buoyancy for those who are unable to walk on land, and underwater massage for muscle soreness. Our pool is equipped with treadmill, resistance jets, underwater cameras, and lift for those who need assistance getting in and out of the pool. Water therapy allows patients to recover quicker from orthopedic surgeries by maintaining muscular endurance and joint motion for those who aren't allowed to weight bear on land.

**Our Swing Bed Program patients are already benefiting from the new Functional Innovative Therapy (FIT) Center.**

Therapists provide Occupational Therapy, Physical Therapy, and Speech Therapy

**Texas Game Warden Reports**

**Wardens assist in plane crash response**  
 Motley County game warden Matthew Cruse and Dickens County game warden Danny Kessel assisted local law enforcement and Texas Department of Public Safety troopers following an airplane crash in Dickens County that claimed the lives of the pilot and two passengers. Hazardous weather conditions appear to be the primary cause of the crash.  
**Threatened turtles rescued**

Hidalgo County game warden Harry Rakosky conducted a "welfare check" at a McAllen residence March 20 after receiving word of Texas tortoises being held there. The family confirmed they had eight of the threatened species, showing the officer where they were. Rakosky explained the protected status of the animals and confiscated them, transferring them to the Gladys Porter Zoo in Brownsville. Later, the turtles were taken to the Brazoria National Wildlife

system and released.  
**Wardens find marijuana**  
 Game wardens Jason McFall and Brad Meloni arrested two individuals in possession of 1,248 pounds of marijuana on March 31. The suspects had cut holes in the floorboard of their 21-foot Kenner to hide the contraband. The pair was arrested and the case turned over to the Kingsville Tri-County Task Force. Game wardens Matt Strauss and Royce Ilse assisted in the investigation.

Taking 1st place honors in the Tri-County Golf Tournament included Erin Hess (left) and Austin Springer. Erin, a Muenster Lady Hornet, scored a 71 in her division. Sacred Heart Tiger Austin finished with a 78, tying for top honors against high school players from Cooke, Grayson, and Fannin counties.

# FARM & RANCH

## Time is ticking on FTAs

Lawmakers are continuing with talks with the Obama administration to reach a deal on free trade agreements.

If a deal cannot be struck by July 1, U.S. trade competitors like Canada and the European Union will implement their own trade deals with some of the same trading partners.

"I don't believe anything has fundamentally changed," American Farm Bureau Federation (AFBF) trade specialist Dave Salmons said in a Farm Futures report. "The administration has directly linked an agreement to renew the Trade Adjustment Assistance program with their decision to send up the three

FTAs to Congress for their consideration."

While a deal eludes the White House and Republicans, Salmons says U.S. farmers are losing billions of dollars as Argentina and Canada are now selling wheat to Colombia.

"They'll be a major competitor, and we may lose even more because we'll be paying that tariff and the Canadians won't," Salmons said. "Same thing with Korea and the European Union; July 1 they have a deal with them that's supposed to go into effect. The same kind of products we want to sell to Korea, higher value processed food products, meats and such..." Salmons says even if a

deal was reached between Congress and the White House, final action could take as long as 90 days under existing trade deal rules. Farm Bureau is confident the votes are there for passage, but time is quickly running out.

## DOT regulations could impact farmers and ranchers

Farmers and ranchers may find themselves subject to new driving regulations and licensing based on current deliberations of the U.S. Department of Transportation (DOT), as reported in a recent Texas Farm Bureau Focus on Agriculture program. DOT regulations could alter the classification of agricultural commerce and producer driver's licenses.

"The first question is how agriculture should be treated as interstate commerce or intrastate commerce. The second question is whether or not farmers and ranchers who participate in crop-share arrangements should be considered as 'for hire' carriers, which would require commercial driver's licenses. The third question is whether or not drivers of implements of husbandry, which would include tractors, combines, cotton pickers, should be required to have commercial driver's licenses," said Elizabeth Jones, transportation specialist with the American Farm Bureau Federation.

Commercial driver's licenses would require added expense to farmers and ranchers. Additionally, the new requirements would pose challenges for workers under the age of 18, the minimum age to obtain a commercial license, and for workers whose native language is not English. Furthermore, the requirements will depend upon a state by state interpretation of "interstate commerce" and "commercial driver's license."

"You're looking at all 50 states, regardless of the size of operation, regardless of the type of operation," Jones said.

## County Agent's Report

### Aggie-Horticulture online

Knowing what chores or practices need tending is a difficult task for most casual gardeners. Many plants respond to pruning, dividing, transplanting, or seeding differently, given the time of year. Knowing when to perform various tasks could make your landscape the "oasis" you always wanted it to be.

Texas AgriLife Extension has a website that helps Texans improve their horticulture knowledge and skills. It is <http://aggie-horticulture.tamu.edu> or as I will refer to it Aggie-hort. Aggie-hort has a "Garden Checklist" in the newsletter under the lawn and garden tab. This checklist is a great place to learn what needs tending during any given month. Starting here will give you a quick update on what tasks to plan for. After that, if a task needs further explanation, there is probably a fact sheet available in Aggie-hort that will help you understand the details of the task.

Aggie-hort is undoubtedly one of the best horticulture resources on the web. I encourage you to spend a few moments checking the site.

### TAHC to discontinue brucellosis testing at markets

The Texas Animal Health Commission (TAHC) has recently announced that effective Aug. 1, 2011, government subsidized Brucellosis testing at all Texas livestock markets will be discontinued, due to a lack of funding available to pay for future testing. The TAHC will no longer enforce the requirement that all test-eligible (adult) cattle be Brucellosis tested for a change of ownership within Texas.

After diligently working to eradicate Brucellosis "Bangs" from cattle for almost 50 years, on Feb. 1, 2008, the USDA declared Texas Brucellosis free. Although the TAHC will no longer enforce the requirement for Brucellosis testing of adult cattle, cattle producers are encouraged by TAHC to discuss the issue with their veterinary practitioner prior to purchasing replacement cattle.

For questions or concerns regarding the termination of Brucellosis testing at livestock markets, please contact your local region office. The contact for Cooke County is Region 3 (Fort Worth); Phone: 817-244-2597; Region Director: Dr. Max Dow; Supervising Inspector: Bobby Crozier.

This photo has been circulating via cell phones. It was taken by Ryan Frey at Lake Kiowa looking to the west during the Saturday, June 18 storm. Many think it is a tornado, but trained storm spotters are quick to point out that it definitely is NOT a tornado. Among the storm spotters noting that this was not a tornado is Muenster Fire Chief Herbie Knabe. He said, "The conditions were not right, there was no debris, and there was no circular motion. Also, the National Weather Service reported that it was not a tornado." Although not a tornado, it was a very impressive cloud formation and striking photo.

## Congress takes steps to trim FSA budget

Amid more agricultural spending debates, the U.S. Department of Agriculture's (USDA) Farm Service Agency (FSA) now is in the budget reduction cross-hairs.

The Texas Farm Service Agency (FSA), along with FSA operations in every other state in the nation, is working on a tight budget as it finishes out fiscal year 2011. Agency administrators expect even more cuts in 2012.

"We've had to operate for most of the year at or below FY2010 spending levels," said Juan Garcia, Texas FSA state director in a *Southwest Farm Press* report. "When the Agency got final numbers April 15, we found our budget was significantly reduced. States were notified of those final numbers about two weeks ago."

The article pointed to the Agency's conservative spending, but Garcia said the Agency doesn't "have much time left in the fiscal year to make the required reductions." He said travel also has been reduced to only "mission critical" trips.

Garcia expects another round of cuts to the 2012 budget but says the Agency will continue to work closely with producers.

"It's not just Texas," he

said. "It's the whole nation. USDA tried to treat all states equally and fairly with budget reductions. And we're all trying to come up with new ways to do things more efficiently and more cost effective."

**THE NEW**

**GAINESVILLE LIVESTOCK AUCTION, LLC.**

[www.gainesvillelivestock.info](http://www.gainesvillelivestock.info)

Sold at Friday's sale JUNE 24 there were 2531 cattle sold, compared to 2499 the previous week. Sold at Tuesday's sale JUNE 21 were 391 Goats, 177 Sheep, and 91 Hogs. The numbers from last week were 441 Goats, 114 Sheep, and 285 Hogs. Calf & yearling market should be 4-6 higher on all classes, select classes could be 10 higher. Market had strong demands for #1s due to a very needed rally in cattle and grain futures falling considerably. Packer cows steady to 2 higher. Should be more aggressive after the 4th.
