

City contracts service for fire safety inspections

Janet Felderhoff
News Editor

Annual fire safety inspections currently take place on only a handful of facilities in Muenster. Muenster VFD Chief Herbie Knabe inspects the hospital, nursing home, and day care center. This should be the responsibility of the city fire marshal, but Muenster has nobody trained to perform this duty. Mike Marshall had agreed several years ago to fill that position. However, he has been unable to attend any training classes. According to City Administrator Stan Endres, the only classes offered are intended for someone becoming a professional and they require several months of classes. Endres proposed that the City contract with Countywide Inspection Services to do fire safety inspections. This is the company that provides building project

inspections. He said, "What they'd do is go through all of the buildings in town open to the public. That would include the schools, churches, hospital, nursing home, and all the other businesses. They would charge us \$50 per inspection." He added that there about 85 public or commercial buildings in town. They would not charge for the schools or churches. Endres said that having the annual inspections would provide some protection for the City in the event of a big fire. He said that the City usually doesn't charge for the inspections, but provides the service. Fines can be levied in the event of violations that are not fixed. Chief Knabe spoke in favor of the proposal. He said he doesn't have time for it and neither does anyone else with the Fire Department. Having a record of violations would be helpful to the City and the Fire Department. "It would be money well spent,"

he said. Also, the Insurance Services Office (ISO) will soon be reviewing Muenster's fire rating. Having annual inspections could possibly improve the rating, thus lowering property insurance rates. Knabe said the range is from one being the best possible to 10 being the very beginning. Muenster is currently rated a five. Alderman Jack Flusche suggested setting guidelines for problems found and not fixed. He asked "What if people don't want to comply?" Alderman Tim Felderhoff wondered about requiring inspections when houses change hands. The Council approved the agreement with Countywide. They will discuss potential additions in the future. Street paving projects as proposed by Administrator Endres garnered Council approval to be put out for bids. Streets selected for paving. **See COUNCIL, pg. 2**

Muenster graduate Austin Hennigan swept classmate Tori Dyess off her feet as they exited the gym at the conclusion of the 2013 graduation ceremony.

Graduates urged to action

Janet Felderhoff
News Editor

Muenster ISD held commencement exercises last Friday for 34 members of the

Class of 2013 in the Muenster Hornet Gymnasium. Processing into "Pomp and Circumstance" were graduates ShyAnn Cassidy Zoe Bartel, BriAnna Kay Bayer, Charles Thomas Beecham, Mercedey Lane Burnett, Sean Taylor Chism, Tori Tene' Dyess, Andrew Thomas Flusche, Jordan Thomas Fredrick, Tommy Lynn Harrison III, Austin Chance Hennigan, Paige Brianna Herr, Brooke Nicole Hess, Trevor Jon Hess, Brooklyn Marie Jones, Hunter John Klement, Colton Gene Lang, Daniel Duane Lutkenhaus, Paul Richard Mouring, Trevor Matthew Muller, Brittany Nicole Pagel, Miranda Sue Pagel, Clayton Aaron Rohmer, Lauren Elizabeth Rohmer, Jesse Roberta Rosson, Payton Marie Sanders, Michelle Ashleigh Sicking, Travis Lee Sicking, Alyssa D'Ann Stewart, Sadie Katherine Stoffles, Blayne Christopher Styles, Abby Rose Walterscheid, Amber Rose Walterscheid, and Brooke Denise Walterscheid. Events of the evening began with an invocation led by Amber Walterscheid. Principal Sharon Browning introduced the Board of Trustees and Administration. Hunter Klement introduced Salutatorian Lauren Rohmer. In her address, Lauren noted that most of the graduates were nervous for what their future holds. "We have now come to the point where we must decide what we want to do for the rest of our lives." Lauren said. "As our class has journeyed through Muenster ISD, we've made many memories that will last a lifetime. From elementary school to junior high to high school, we have grown as a class and shared so many things."

of the parents for their support, and teachers and the Muenster I.S.D. administration for guiding the class throughout the years. Valedictorian Brooke Walterscheid received her introduction from Payton Sanders. Brooke stated, "For 13 years, we have shared moments of laughter, learning, victory, defeat, and sorrow." She listed many of their accomplishments. Brooke also noted that, "The class of 2013 has faced sympathetic concerns from naysayers who prophesize a hopeless future for those graduates who are forever linked to the unlucky number 13." She added, "Those of us who are lucky enough to focus on the great promise of living a full life know also that the key to success and happiness lies in our belief that we have the ability to bring about the change that gives hope and happiness to others. And with that, I give to you 13 reasons to have hope in this 13th year of the new millennium. The 13 reasons cited by Brooke included, "We are at a new beginning...our ability to take risks...ability to learn...ability to be adaptable...hard working attitudes...Our class fully understands the virtue of patience...ability to take action...Be generous and compassionate. Have an attitude that giving is living. This reason for hope will affect every aspect of our lives, and allow us to be more successful. When we are able to give back to those who have helped us along the way, we find that we are able to create happiness, not only because we have done something good for someone else, but in that we are fulfilling our purpose as a servant leader, or one who leads by focusing on the well being of others...attitude of gratitude...ability to believe in our dreams...ability to create our own future...When we become weak, confused, or worried, our prayers are the 12th reason to have hope for the future...13th reason for us to have hope is, I believe, probably the most important for this class, because of the challenges we have faced together. For a class that seemingly has such an unlucky future, we are very lucky to have each other. The challenges we have faced in this past year have further proven that whenever tragedy strikes, we are able to turn to each other for strength, and hope. "So as you can see, the pessimistic nature of those who pity the class of 2013 and the many challenges we face, can quickly be challenged and proven otherwise by the power of virtue of those who believe that God has created us with the ability to achieve...In Philippians 4:13, God tells us that, 'I can do all things through Christ who strengthens me.' And this, my friends, is the greatest reason to have hope."

Janet Felderhoff photo

Muenster City Council stood with representatives of Abigail's Arms taking a stance against domestic violence. Pictured are, from left, Kelly Fiore-Watson, Pat Stelzer, Police Chief Mark Blankenship, Greg Bohl, Jewel Otto, Stan Endres, Mayor Joey Anderson, Jan Cain, Christine Weinzapfel, Brenda Simpson, Tim Felderhoff, Jack Flusche, and Kathi Kirby. At left - purple squares and ribbons placed about Cooke County have people wondering. They were placed by Abigail's Arms as part of their Domestic Violence Awareness efforts this month. Abigail's Arms Cooke County Family Crisis Center is a non-profit crime victims' assistance agency. Services are available to anyone who has suffered a criminal victimization. Victims of sexual assault, relationship violence, child abuse, elderly abuse, kidnapping, physical assault, stalking, DWI/DUI assaults, as well as surviving family members of homicide victims, and victims of other violent crimes, are encouraged to seek education and support services from Abigail's Arms. So when you see a purple ribbon or square sign, remember June 2013 is Domestic Violence Awareness Month in Cooke County and they are PAINTING THE COUNTY PURPLE! in order to raise awareness to the issues related to Family Violence. Call 940-665-2873 24/7 for help. Help is free and confidential.

Hold'em Tournament set for VFW paving project

Muenster VFW Post #6205 is hosting a No Limit Hold'em Tournament on Saturday, June 15. The tournament begins at 7 p.m., with doors open at 6 p.m. There will be cash payouts and prizes. Snacks will be available. If you don't want to play, you are invited to come and party! Monies raised will benefit the VFW Paving Project. Raffle tickets will be sold at the event also. For more information, call 940-759-2921. The VFW is open to the public every day.

New Regents sworn in for NCTC Board

The swearing in of recently-elected regents highlighted a special meeting of the North Central Texas Community College District's Board of Trustees Monday. Christy Morris and Matt Chalmers received the oath of office from Cooke County Judge John Roane at the start of Monday's meeting. Morris was elected to Place 1 while Chalmers was elected to Place 2. Both of their terms will expire in 2018. After the two members were sworn in, a reorganization of the Board followed. Bill Ledbetter was re-elected as the Board chairman, while David Flusche was re-elected as vice-chairman. Karla Metzler was then elected as secretary. After the meeting adjourned, a Board workshop was held to allow NCTC President Dr. Eddie Hadlock to give an annual report and allow Regents to discuss issues facing the college in the future. All members were present for Monday's meeting. Regents will meet again on June 17.

Thomas Otto photo

Sacred Heart Tiger Brady Endres was named to the Texas Association of Private and Parochial Schools (TAPPS) 1A/2A All-State baseball team. The sophomore Tiger earned the second team honors as a pitcher/infielder.

Lauren then mentioned a number of her memories from elementary, junior high, and high school. They ranged in elementary school from the boys chasing girls on the playground to time spent in Mrs. Heers' office learning to work out their many differences to missed field trips and trips to CiCi's Pizza. During Junior High, she recalled the girls building adirondack chairs in Ag class while the guys were sure the girls couldn't use the power tools properly. There were countless camping trips, numerous airsoft wars and junior high football games, whether you were on the field, cheering on the sidelines, or a fan in the stands. High school was making new choices, groups forming and doing their own thing. And finally going on a field trip to the Perot Museum a few weeks ago, their first field trip as a class since 5th grade. "Countless memories and experiences have molded us into the young adults who are sitting before me today," Lauren remarked. "Driven by parents, teachers, leaders, peers, and the community, we have made it to this point. From day one, they have been our support system and have prepared us for this big day." She thanked all

Class Sponsor Jason Atcheson highlighted the guest speaker, 2001 Muenster High graduate Lauren. **See GRADUATES, pg. 2**

Ace Hardware prepares for remodeling

Ace Hardware owners Melvin and Terri Luke are getting ready for a big remodel project in their Muenster store this summer. They are marking down prices to move their goods.

On July 8, the store will close while the remodeling takes place. They plan to re-open no later than Aug. 1. According to Terri, they will no longer carry greeting cards and some other products that no longer sell well.

By August, there will be a fresh new look at Ace with some new products included in the inventory.

TxDOT urges Texans to line up a P.A.S.S. to avoid arrest, injury, or death

Whether attending a backyard barbecue, going to an outdoor concert, or enjoying a lazy day on the river, Texans are planning for summer fun. As plans are made, more thought must also go into planning for a sober driver if drinking is involved.

Over the past five summers, alcohol-related fatalities increased by more than 10% in Texas. To curb this trend and help reduce drinking and driving, the Texas Department of Transportation is reminding Texans to obtain a Summer P.A.S.S. (Person Appointed to Stay Sober) and make a sober driver an essential part of their summer plans.

"We're reminding people that drinking and driving can land them in jail or worse," said TxDOT Executive Director Phil Wilson. "Don't drink and drive. You can't afford a DWI and it could very well get you and others killed."

According to a National Highway Traffic Safety Administration survey, 40% of drivers who consumed alcohol felt it would be safe to have three or more drinks within a two-hour period before driving. A portion of that 40% believed they could have five or more drinks. Nothing could be farther from the truth. Numerous studies have shown that consuming as little as one drink can impair your ability to safely operate a vehicle.

In the summer of 2012 (June 1 - Aug. 31), there were 6,576 alcohol-related traffic crashes in Texas, resulting in 2,486 serious injuries and 302 fatalities.

COUNCIL

ing this year include Cross Street from Hickory to Mesquite, Eddy Street between Walnut and Hickory, and East Third Street, Sycamore to Mesquite, Cross and Eddy street projects consist of reclaiming and mixing all existing asphalt to a 6" depth, adding 3% Portland cement, motor grading, watering, and compacting. After adding a coat of "Tac Oil," 2" of hot mix asphalt will be added. Third Street will get a coat of "Tac Oil" and 2" of hot mix asphalt.

Several small areas throughout the City will receive repairs of the oil and asphalt. Those are Maple and Cross, Cross and Maple, Cherry Lane and FM 373, Pecan and Second, Second and Oak, Mesquite and U.S. 82, 1062 N. Elm, Sixth and Oak, Third and Pecan, 240 S. Willow, Fifth and Sycamore, and City Park north of the pavilion.

Endres remarked, "There are lots of streets in town that need it and we can't do them all. So, we just do a few every year."

Muenster City Council showed its support of Abigail's Arms and other domestic violence programs by proclaiming June to be Domestic Violence Awareness Month. The proclamation stated in part, "The crime of domestic violence violates an individual's privacy and dignity, security and humanity, due to systemic use of physical, emotional, sexual, psychological, economic control and/or abuse including abuse to children and the elderly.

"The problems of domestic violence are not confined to any group or groups of people, but cut across all economic, racial, and social barriers, and are supported by societal differences.

"The impact of domestic violence is wide ranging, directly affecting individuals and society as a whole, here in this community, throughout the United States, and the world."

The proclamation said that the City of Muenster has a moral obligation to work to prevent domestic violence. The Council urged all citizens to actively participate in the scheduled activities

and programs to work toward improving victim safety and holding perpetrators of domestic abuse accountable for their actions.

Abigail's Arms was represented by Volunteer Coordinator Kathy Kirby, Community Liaison Kelly Fiore-Watson, Board member Christine Weinzapfel, and volunteer Jan Cain.

Kirby told of the Paint the Town Purple Campaign now taking place. Purple ribbons and squares were placed in areas all across Cooke County. So, if you see a purple ribbon or a purple square sign, remember that June 2013 is Domestic Violence Awareness Month in Cooke County. They said, "We are PAINTING THE COUNTY PURPLE! in order to raise awareness to the issues related to family violence."

Fiore-Watson commented on a volunteer training session planned for Saturday, June 22 at Sacred Heart Parish. She noted that they hope to have the whole County involved and was excited that the Muenster City Council agreed to show support for efforts against domestic violence.

All were encouraged to take part in the Daddies and Daughters Stepping Up Rally on June 15 from 9-10 a.m. at the Cooke County Courthouse. Men were urged to attend with their daughters or granddaughters.

Muenster Police Chief Mark Blankenship reported to the Council. He said Friday was the day in May with the most calls and the most calls came between 4 and 5 p.m. Most hours of the day are covered, he added. Chief Blankenship encourages anyone with any questions regarding the Police Department to contact him with their questions or concerns.

Administrator Endres said the City swimming pool opened on Saturday, May 25. The first week had rain and cool weather causing low attendance. This week has been better.

The City will soon begin construction on a new sewer line on Muenster ISD property. The project was approved last year. The line is being rerouted for the new buildings being constructed by the District. The lines from Muenster schools and homes on Oak Street will no longer run under Sacred Heart High School. New PVC pipe will replace the old clay tile. TCEQ requires that the City do some of this every year.

City Secretary Brenda Simpson administered the oath of office for Mayor Joey Anderson and Aldermen Jack Flusche and Tim Felderhoff. There was no election since nobody had filed besides those three.

In other business, the City Council:

- Approved a resolution adopting guidelines that are used to set rates for natural gas. It was explained by Joe Bob Jones of Atmos Energy.
- Approved budget amendments of \$75,000 to the Water Department, \$25,000 to Building Permits.
- Approved renewing a two-year contract with Cooke County Appraisal District (CCAD) for property assessment and tax collections.
- Approved bills totaling \$131,423.68.
- Authorized the City's application for a bank credit card.
- Approved firefighting agreement between Cooke County and the City of Muenster.

Police Notes
from Muenster Chief of Police
Mark Blankenship

Stats for May 2013 as follows: CALLS FOR SERVICE (CFS) 62, INCIDENT/OFFENSE REPORTS seven, ARRESTS/BOOKINGS nine, CITATIONS 62, VEHICLE ACCIDENTS zero.

Officers logged 720 man hours on duty driving patrol units 3,317 miles.

Three month stats: April - CFS 58, INCIDENTS six, ARRESTS five, CITATIONS 65; MARCH - CFS 70, INCIDENTS eight, ARRESTS 10, CITATIONS 41; FEBRUARY - CFS 46, INCIDENTS four, ARRESTS three, CITATIONS 53.

Muenster Police Department welcomes to its force Toby Beane (reserve officer). Toby resides in Gainesville and has a service business there. He has several years of law enforcement experience in our area. The Department currently has two reserves on staff, both veteran officers. There still remains one reserve opening.

Let's all remember school is soon out for the summer which will increase activities of children and young adults in and around town. Please drive with caution around parks and playgrounds.

Illegal parking on City streets remains an issue. Wrong way parking is the biggest problem (facing the wrong way). In order to park on the wrong side of the street requires a person to drive on the wrong side of the roadway, creating a dangerous situation and of course it's illegal. Remember, if you're illegally parked or parking and an accident occurs, you could be held responsible and/or cited. Parking in or too close to an intersection also creates a hazard.

For safety reasons, we encourage everyone to obey all safe driving laws and regulations.

Obituaries

Lucian Vaughn 1919 - 2013

Funeral for Lucian A. Vaughn, age 94 of Saint Jo, was held Tuesday, June 4 at Saint Jo First Baptist Church. Burial was in Illinois Bend Cemetery. Services were officiated by Rev. Darius McKay and Rev. Jeff Roe and directed by McCoy Funeral Home of Saint Jo. Lucian died in Denton at 1:03 a.m., Sunday, June 2, 2013.

Born May 22, 1919 in Illinois Bend, Lucian was an only child of E.E. and Minnie Sue Harmon Vaughn. He grew up on the family farm/ranch and graduated high school in Saint Jo. While growing up, Lucian helped his father with farming and raising cattle. He lived all his life in the Saint Jo/Illinois Bend area prior to entering Cottonwood Nursing and Rehab Center in Denton.

Lucian married Nancy Ovie Howard on Sept. 30, 1939 in Montague. Lucian and Ovie were the parents of daughter Audette and son Lucian, Jr., who grew up and completed high school in Saint Jo.

Lucian really enjoyed his family and friends. He would meet daily at the

Saint Jo Dairy Queen just to have coffee with, share "lies" with, and argue with the daily crew there. He was a long-longtime member of the Montague County School Board. The only reason he departed that board was because it disbanded. He was a lover of horses and was a member of the Saint Jo Riding Club from its onset until just recently, when he was moved to Denton. Lucian lived a good and long life.

Survivors are his daughter and son-in-law Audette and William H. Kincaid of Sanger; son and daughter-in-law Lucian, Jr. and Valerie Vaughn of Gainesville; five grandchildren and two great grandchildren.

Lucian was preceded in death by his wife Ovie in 1999, and his parents.

Pallbearers were Craig McCrary, Dalton Lyons, Dudley Sparkman, Ross Felderhoff, Loyd Hutson, Ancil Thurman, and Dave Webster. Honorary pallbearers were JC Dunbar, James Cooksey, Doyle Castle, Noble Coker, Bob Ayers, Gene Parker, and Roy Brawner.

The family requests memorials be made to a charity of your choice.

DAYS GONE BY.....

65 YEARS AGO June 4, 1948

Explosion wrecks oil tank on John Felderhoff farm. Celebration honors Rev. Fred Mosman at First Solenn Mass. Injuries received in attack during an apparent robbery are fatal to Joe F. Hennigan, age 17 of Albuquerque. Virginia Walterscheid is employed at Joe Trachta's drug store. Dolores Walter is employed at the REA office. Mrs. Ray Swirczynski has tonsils removed. Dixie Drug Store advertises athletes foot germ - kill it in one hour or your 35¢ back if not pleased.

50 YEARS AGO June 7, 1963

KCs reelect James Walterscheid grand knight. Arrest by City Officer Bill Pratt ends manhunt for Dallas escapee; he was in a car in front of The Center. Very Rev. Bonaventure Koelzer, S.A. to celebrate 25th anniversary of his ordination. Obituary: Dora (Mrs. Steve) Otto, 83. College Graduates: Dan Hamric, Elaine Friske, Jeanette Klement. New Arrivals: Jeanette to the Leo Schmitts; Jana to the Howard Mollenkopfs; a son to the Leonard Owens. Dwayne and Gene Hess gave their parents quite a scare when they fell off a horse; Dwayne was unconscious and taken to a Dallas hospital; both boys are now "good as new."

25 YEARS AGO June 3, 1988

We acquire the strength we have overcome.

Ona Roberts Wright 1928 - 2013

Ona Roberts Wright was born in Gainesville on Jan. 28, 1928, daughter of Pauline Davenport Roberts and Hague Roberts, who preceded her in death but left a rich legacy of love to her and her sister Caroline Cunningham. She attended Gainesville public schools, graduating as valedictorian of her class. She earned a BA from Texas Christian University in 1948 summa cum laude, an MA from the same university in 1949, and a PhD. from Texas Woman's University in 1974.

She was married 64 years to Edwin E. Wright and was the mother of two sons, Edwin E. Wright, III and his wife Josie of Dallas, and David Roberts Wright and his wife Crystal of Gainesville; three grandchildren and a niece.

She wished to be remembered not only as wife, mother, and grandmother, but as a Sunday school teacher and elder at First Christian Church in Gainesville, where she was a member from the time she was nine years old. She was a teacher, having taught English 37 years, most of them at Cooke County College (now North Central Texas College) and many of them as director of Communications and Fine Arts there. She was the author of poems, short stories, and essays, a number of which were published.

A constant interest in her life was scholarships, for she knew that education alone could not solve the problems of the world but believed that when it coupled with Christian faith, it could go far to bring about a solution to the ills that plague humanity.

A memorial service for Ona was held Wednesday, June 5, at First Christian Church. A private burial took place before the service at Fairview Cemetery.

In lieu of flowers, memo-

rial contributions may be made to First Christian Church, or NCTC Scholarship Fund.

Kenneth Youngblood 1935 - 2013

Funeral for Kenneth Mearl Youngblood, age 77 of Lake Jackson was held Monday, June 3 with burial in Fairview Cemetery. He died May 28, 2013 of surgical complications.

Kenneth was born Nov. 16, 1935, in Sunset to Joseph and Viola Youngblood. He lived on a farm in Hood until the family moved to Gainesville.

He is survived by wife Gayle May; daughters Rhonda Youngblood Hearne and husband David, and Lesia Youngblood; two grandchildren; sisters Bonnie Hand, Marjorie Tune, and Elaine Mitchell; brother Bobby Youngblood sister-in-law Sue Cullum and husband Don.

Donations are suggested to Habitat for Humanity or the Pregnancy Help Center

Services held for Voth

A memorial service for Kathryn "Kate" Rohmer Sepanski Voth of Austin was held at Cook-Walden Funeral Home in Austin on Monday, June 3. A memorial Mass was held in Muen-

ster on Thursday, June 6 in Sacred Heart Catholic Church. Kate died at the age of 27 on Saturday, June 1, 2013. Her complete obituary will be in next week's paper.

Services set for Chase

Thomas Edward Chase, age 58 of Gainesville, died at 4:15 p.m. Tuesday, June 4 at his home.

A Rosary with visitation to follow will be held at 6 p.m. Friday, June 7 at Geo.

J. Carroll & Son Funeral Home.

A funeral Mass will be held on Saturday, June 8 at 11:30 a.m. in St. Mary's Catholic Church in Gainesville

It is possible to give without loving, but it is impossible to love without giving.

Schniederjan graduates from University of Dallas

Jeffrey Adam Schniederjan, son of Adam and Renee Schniederjan of Muenster, graduated with a Bachelor of Science Degree in Physics with a concentration in Applied Mathematics from the University of Dallas (UD) on Sunday, May 19.

The commencement ceremonies were held outdoors on the campus mall. The commencement address was given by Ernie Wayne Sadau.

Baccalaureate Mass was held at the University's Church of the Incarnation on Saturday, May 18.

While attending UD, Jeff did research in the summers following his sophomore and junior years. He did Nuclear Research for the Department of Energy at the University of Kentucky in Lexington. The next summer, he spent seven weeks doing Astronomy research in Pitkin, Colorado. In order to fulfill the degree requirements for the Bachelor of Science in

Physics, he wrote a thesis discussing the research done in Colorado titled PHOEBE Modeling of Three New Binaries in Hercules (viewable at <http://ge.tt/4ItG4rg/v/0?c>).

Jeff's sophomore year, he studied abroad in Rome, Italy, where he got to see historical works of art, literature, and architecture in regions of both Italy and Greece.

Following the ceremony, all gathered at i Fratelli's Restaurant for a family meal.

Attending were Jeff's parents, brother Tony, sister Erin, and grandmother Marjorie Rohmer. Also aunts, uncles, and cousins Steve, Kim, Nicole, and Michelle Rohmer of Coppell, Kenny, Cindy, Jayna, and Kalya Rohmer of Muenster, Terry, Lisa, Delana, Clayton, and Brianna Rohmer of Muenster, Daniel and Amanda Rohmer of Muenster, Andy Smith of Gainesville, and special friend Lizzie Hamilton of Las Colinas.

Bishop Kevin Farrell and Jeffrey Schniederjan

Hess graduates cum laude

Kayla Michelle Hess graduated cum laude from Texas State University in San Marcos on May 11. She received a degree in Family and Child Development.

During college, she was a student leader in Fellowship of Catholic University Students (FOCUS). Hess also belonged to PhiU, an honor society within the Family and Consumer Sciences Department. There she served as initiation chair and social chair.

Hess was also awarded the C.J. Davidson Scholarship each of the eight semesters she attended Texas State and has volunteered over 90 hours with various community projects and organizations since her freshman year at Texas State.

This summer, she is working as a nanny until she moves to Florida after her marriage in August.

Attending the graduation

Kayla Hess

ceremony were her parents Ricky and Donna Hess of Lindsay, grandparents Wilfred and Virginia Hess of Lindsay, uncles, aunts, cousins, friends, and her future parents-in-law Tim and Ramona Felderhoff of Muenster. Afterwards, they celebrated with dinner at Salt Lick.

Holly Rohmer is a graduate of LSU

Holly Carol Rohmer graduated from Louisiana State University (LSU) on Friday, May 17, where she earned a Bachelor of Arts degree in Communication Studies with a minor in Business. Commencement ceremonies were held in the Maravich Assembly Center.

During her four years at LSU, Holly was a member of the Tiger Athletic Foundation, Volunteer LSU, and the Delta Zeta Sorority in which her sorority aided in building a total of eight homes for Habitat for Humanity for deserving families in the Baton Rouge area, as well as devoting time and support of Baton Rouge Speech and Hearing, Alzheimer's Services, and Cancer Services of Greater Baton Rouge. She also attended and participated in activities at Christ the King Catholic Church located on campus.

Holly is a 2009 graduate of Sacred Heart Catholic High School. She is the daughter of Kenny and Cindy Rohmer and the granddaughter of Marjorie Rohmer and the late Tony Rohmer, and Wanda Eikman and the late Morris Eikman.

Those who attended were her parents, her sisters Jayna and Kalya, her uncle Terry and aunt Lisa Rohmer, and cousins Delana, Clayton, Brianna, and Amanda Rohmer, and friend Brandon Lindsley.

To celebrate Holly's achievement following the

ceremony, everyone was treated to a private tour of the Houmas House Plantation and dinner in the plantation home's Civil War era grand dining room.

Holly intends to pursue a career in real estate.

Holly Rohmer

Dig into Reading at Muenster Public Library this summer

Muenster Public Library's 2013 Summer Reading Program began June 4 and will end July 31. This year, the Library will offer two programs: Dig into Reading, for ages two to 12, and Beneath the Surface for ages 13-18.

There is no deadline for signing up for the summer reading programs, and both programs are free. Children and teens completing a reading log will receive free ice cream coupons and other small prizes.

JUST A SHORT DRIVE AWAY

Help your garden survive a drought

For many American gardeners, 2012 has not been a kind year. Whether you're in the middle of a drought-stricken area or are simply looking for ways to upgrade your garden to handle a lack of moisture in coming seasons, now

is a great time to embark on some improvements that can help your garden use water more efficiently and effectively.

Watering effectively

When it comes to watering your garden, how you water is just as important as how frequently you water, especially during a drought. Think of it as providing the proper serving size of water for your plants.

Timing's important too. Watering early in the morning is best because water will evaporate faster in the midday heat. If conditions are extremely hot and dry, it can also be beneficial to give your plants a little water in the late afternoon to relieve their stress.

Micro-spray and drip irrigation can help you water more accurately and effectively. The great thing about drip irrigation systems is you don't need to bring them in for the winter, making mid-to late-season installation practical.

Sacred Heart Catholic School Primary Montessori students perform during their Moving Up Ceremony on May 23.

Sacred Heart Catholic School Montessori students move forward

Sacred Heart Catholic School Primary Montessori students entertained their proud families, friends, and teachers at their Moving Up Ceremony on May 23 to mark the end of another very successful year of learning and friendship. The students opened their program by welcoming the audience, and Fr. Ken Robinson, pastor, offered an opening prayer, followed by the Pledge of Allegiance, "My Country Tis of Thee," and the Texas Pledge.

The Montessori students entertained an overflowing audience in the Community Center with their enthusiastic performance of fa-

vorite songs, complete with hand and body motions. The Catechesis of the Good Shepherd lessons, Religion classes, and Fr. Ken's Masses were reflected as the students celebrated their spiritual growth and love in the opening and closing songs "I'm So Special" and "God's Love Is..." The students impressed the crowd with their knowledge of zoology as they sang songs representing the animal groups studied throughout the year, including "The Big Ship," "Fishing Song," "Five Green Speckled Frogs," "Sneaky Snake," "The Mysterious Fox of Fox Hollow," and "Bumble Bee." They were enthusiastic in

chanting and moving to the fingerplay "The Little Bird" and "Two Little Blackbirds." Following the musical portion of the program, Dr. Rondon, principal of SHCS, offered words of congratulations and thanks to the children, parents, and Montessori staff. Coach Jon LeBrasseur announced the names of the Montessori students as Pam Dangelmayr and Barbara Davidson assisted Fr. Ken in presenting the Certificates of Attendance.

PreK Level I students this year were: Carissa Eddowes, Cason Knabe, Hayden Sicking, Maverick Bayer, and Taylor Sicking.

Level II students receiving certificates were: Bella Walterscheid, Brendan Hess, Clayton Bezner, Dane Gobble, Emma Grewing, Ivan McCoy, Jake Hess, Keirsten Eddowes, Landry Schilling, Lexie Hess, Luke Hesse, Marcus Schilling, Marnie Sprouse, Natalie Walter, Nolan Schilling, Sophia Milburn, and Zadok Schilling.

The Level III (Kindergarten) students who were very excited to receive "I'm

Moving Up to First Grade" certificates from Fr. Ken and their teachers were: Addison Aldriedge, Anthony Hernandez, Cassandra Dickerson, Colby Hess, Cole Dangelmayr, Destiny Pease, Garrett Muller, Hadden Sprouse, Hayden Fleitman, Heidi Becker, Isaac Hofbauer, Kameron Knabe, Katie Becker, Katie Rose Bayer, Luke Gehrig, and Mikayla Hesse. Fr. Ken concluded the program with a prayer.

Visiting and picture taking followed.

Extremely proud of these children and their accomplishments this year are Barbara Davidson and Pam Dangelmayr, Montessori teachers; Kathy Berres and Susan Yosten, classroom aides; Angela Proto, Spanish; Clint Kelley, Music; Laura Marshall, Art; and Coach Jon LeBrasseur, play time supervisor.

Schniederjan graduates from Subiaco Academy

Tony Schniederjan, son of Adam and Renee Schniederjan of Muenster, graduated Saturday, May 18 from Subiaco in Arkansas.

Tony Schniederjan

Baccalaureate was celebrated with an 8 a.m. Mass followed by the graduation ceremony in the school courtyard. The commencement address was given by alumnus Dr. George S. Lensing, Jr., class of '58.

Tony graduated as a member of the National Honor Society and during the ceremony received the medal for "Good Character." The recipient of this medal is decided by the administration of the Academy and is donated and presented by the Abbot of the monastery, OSB.

Tony will be attending the University of Dallas in the Fall, majoring in Physics. He received two schol-

arships from the University for a total of \$72,000.

Attending Tony's graduation were his parents, his sister Erin, his grandmother Marjorie Kohmer of Muenster, and his Godparents Steve and Kim Kohmer of Coppell.

A journey of a thousand miles begins with a single step.

- Lao Tzu

Weather Whys - Clouds

Q: What can gravity waves tell us about the weather?

A: Not much, McRoberts adds, because gravity waves can form during fair and stormy conditions. "Most often, they form in the wakes behind mountaintops, but they can also form from daytime heating or from lifting along storm fronts," he says. "These gravity waves are like ripples that form when you drop a pebble into a stream. A small disturbance will cause the air to ripple, but eventually the large-scale flow of the atmosphere will overpower and diminish the small-scale waves. Weather prediction computer models deal with a balanced atmosphere, so they have special observations that filter out the observed deviations caused by gravity waves that would otherwise lead to a chaotic forecast."

Department of Atmospheric Sciences at Texas A&M University.

NOTICE OF PUBLIC MEETING TO DISCUSS BUDGET AND PROPOSED TAX RATE

The Muenster ISD will hold a public meeting at 6:30 PM, June 26, 2013 in Muenster ISD Administration Building, 135 E 7th street Muenster, TX. The purpose of this meeting is to discuss the school district's budget that will determine the tax rate that will be adopted. Public participation in the discussion is invited.

The tax rate that is ultimately adopted at this meeting or at a separate meeting at a later date may not exceed the proposed rate shown below unless the district publishes a revised notice containing the same information and comparisons set out below and holds another public meeting to discuss the revised notice.

Maintenance Tax	\$ 1.04 / \$100 (Proposed rate for maintenance and operations)
School Debt Service Tax	
Approved by Local Voters	\$ 0.26 / \$100 (proposed rate to pay bonded indebtedness)

Comparison of Proposed Budget with Last Year's Budget

The applicable percentage increase or decrease (or difference) in the amount budgeted in the preceding fiscal year and the amount budgeted for the fiscal year that begins during the current tax year is indicated for each of the following expenditure categories:

Maintenance and operations	14.1	% increase	or		% (decrease)
Debt service	37.7	% increase	or		% (decrease)
Total expenditures	27	% increase	or		% (decrease)

Total Appraised Value and Total Taxable Value (as calculated under Section 26.04, Tax Code)

	Preceding Tax Year	Current Tax Year
Total appraised value* of all property	\$ 494,587,939	\$ 509,139,985
Total appraised value* of new property**	\$ 637,3699	\$ 3,256,234
Total taxable value*** of all property	\$ 376,663,849	\$ 387,429,046
Total taxable value*** of new property**	\$ 4,974,252	\$ 2,300,184

* "Appraised value" is the amount shown on the appraisal roll and defined by Section 1.04(8), Tax Code.

** "New property" is defined by Section 26.012(17), Tax Code.

*** "Taxable value" is defined by Section 1.04(10), Tax Code.

Bonded Indebtedness

Total amount of outstanding and unpaid bonded indebtedness* \$ 19,185,000

* Outstanding principal.

Comparison of Proposed Rates with Last Year's Rates

	Maintenance & Operations	Interest & Sinking Fund*	Total	Local Revenue Per Student	State Revenue Per Student
Last Year's Rate	\$ 1.04	\$ 0.21 *	\$ 1.25	\$ 11,489	\$ 701
Rate to Maintain Same Level of Maintenance & Operations Revenue & Pay Debt Service	\$ 1.26856	\$ 0.33001 *	\$ 1.59857	\$ 12,542	\$ 287
Proposed Rate	\$ 1.04	\$ 0.26 *	\$ 1.30	\$ 11,017	\$ 371

* The Interest & Sinking Fund tax revenue is used to pay for bonded indebtedness on construction, equipment, or both. The bonds, and the tax rate necessary to pay those bonds, were approved by the voters of this district.

Comparison of Proposed Levy with Last Year's Levy on Average Residence

	Last Year	This Year
Average Market Value of Residences	\$ 117,390	\$ 125,858
Average Taxable Value of Residences	\$ 102,338	\$ 110,210
Last Year's Rate Versus Proposed Rate per \$100 Value	\$ 1.235	\$ 1.30
Taxes Due on Average Residence	\$ 1,264	\$ 1,433
Increase (Decrease) in Taxes		\$ 169

Under state law, the dollar amount of school taxes imposed on the residence homestead of a person 65 years of age or older or of the surviving spouse of such a person, if the surviving spouse was 55 years of age or older when the person died, may not be increased above the amount paid in the first year after the person turned 65, regardless of changes in tax rate or property value.

Notice of Rollback Rate: The highest tax rate the district can adopt before requiring voter approval at an election is \$1.3453. This election will be automatically held if the district adopts a rate in excess of the rollback rate of \$1.3453.

Fund Balances

The following estimated balances will remain at the end of the current fiscal year and are not encumbered with or by a corresponding debt obligation, less estimated funds necessary for operating the district before receipt of the first state aid payment:

Maintenance and Operations Fund Balance(s)	\$ 3,862,840
Interest & Sinking Fund Balance(s)	\$ 840,458

TAHC proposes modifications to Chronic Wasting Disease (CWD), Brucellosis, and other rules

The Texas Animal Health Commission (TAHC) recently held a regularly scheduled meeting on May 21 at its Austin office. The TAHC proposed two amendments to the Brucellosis chapter (Section 35.4) concerning entry, movement, and change of ownership of cattle.

The first proposed amendment would establish an entry permit and post entry test requirement for breeding cattle entering Texas from Idaho, Montana, and Wyoming. The proposal would require all breeding bulls and sexually intact female cattle from the above mentioned states to be tested for Brucellosis 60 to 120 days after arrival unless they are entering for immediate slaughter or feeding for slaughter in a feedlot. Heifers from those same states must be tested negative for Brucellosis 30 to 90 days after their first calving. While Idaho, Montana, and Wyoming animal health officials have developed management plans to address the risk of Brucellosis spread within their states, this amendment was proposed to further guard against the reintroduction of cattle Brucellosis into Texas. Brucellosis has been found in cattle and domestic bison herds near Yellowstone National Park in the three states, and in wild elk and bison populations both in and outside of the park. All post entry testing will be conducted at the owner's expense.

The second amendment to Section 35.4 would remove the identification requirements at change of ownership for beef cattle from the Brucellosis chapter. At the next Commission meeting, a new proposal will be made to place animal identification requirements for adult beef cattle in a new Animal Disease Traceability (Chapter 50). The existing dairy cattle ID requirements were not proposed for change.

The Commission also proposed amendments to Chapter 40, titled "Chronic Wasting Disease" (CWD). This chapter

provides for a voluntary CWD Herd Certification Program within Texas for species that are susceptible to the disease. In December 2012, the U.S. Department of Agriculture, Animal and Plant Health Inspection Service, Veterinary Services (USDA-APHIS-VS) adopted an interim final rule establishing a national CWD Herd Certification Program with minimum requirements for interstate movement of deer, elk, and moose. As a result, the Commission is making amendments to the Texas program to fully meet the federal program requirements. Passage of the proposal should allow the Texas cervid industry continued access to interstate markets, as regulated by USDA APHIS. Participation in the program remains voluntary.

Other rules proposed by the Commission during the meeting include Scabies Treatment (Chapter 39), to include new forms of acceptable treatment and Cervid Tuberculosis (Chapter 43), recognizing a new blood test recently approved by USDA

Approved Tagging Facility (Chapter 50), establishing state standards for facilities that may identify livestock moving interstate as per a new USDA traceability rule.

The Texas Animal Health Commission (TAHC) will be

accepting comments on all rules proposed at the May 21 Commission meeting between June 14 and July 15. The TAHC encourages and appreciates all comments. Comments on the proposed regulations must be submitted in writing to Carol Pivonka, Texas Animal Health Commission, 2105 Kramer Lane, Austin, Texas 78758, by fax at (512) 719-0721, or by e-mail to comments@tahc.state.tx.us. A detailed explanation of each rule proposal can be found on the TAHC web site at <http://www.tahc.state.tx.us/regs/proposals.html>.

Rules that were adopted at the May 21 meeting included amendments to Chapter 40, titled "Chronic Wasting Disease (CWD)," Chapter 41, titled "Fever Ticks," and Chapter 55, titled "Swine."

The amendment to Chapter 40 "Chronic Wasting Disease" repealed and replaced Section 40.5 "Elk Testing Requirements" with a new Section 40.5 "Movement Requirements for CWD Susceptible Species." This amended rule changes the current surveillance requirements for intrastate movement of elk, and adds surveillance requirements for red deer and Sika deer. The rule will require individuals wishing to move these CWD suscep-

tible species to establish an inventory with the TAHC, test 20% of eligible mortalities, and submit a movement record that includes the official identification numbers of animals being moved. The test age for this program is set at 16 months, similar to the Texas Parks and Wildlife Department's white-tail deer breeder program.

The amendment to Chapter 41 "Fever Ticks" was in Section 41.9, "Vacation and Inspection of a Premise." The amended rule will require that all cattle in the Permanent Quarantine Zone be identified with permanent official identification and be presented annually for inspection.

The amendment to Chapter 55 "Swine" was in Section 55.5, "Pseudorabies." This amended rule updates the testing timeframe for releasing swine that have been quarantined for exposure to Pseudorabies. This is in accordance with the USDA-APHIS-VS National Pseudorabies Eradication Program. The change to Section 55.5 will now allow swine to be released from quarantine with one negative herd test not less than 30 days from removal of the last reactor.

For more information, visit www.tahc.texas.gov or call 1-800-550-8242.

Big bale storage losses can be huge

By: Dairy Today Editors
Storage losses from big bales can be huge. John F. Grimes, an Ohio State University Extension Beef Coordinator, says dry matter losses are as follows:

- Conventional shed: 4-7%;
- Pole structure with plastic roof on pad: 4-7%;
- Reusable tarp on pad: 4-7%;
- Bale sleeve on ground: 4-7%;
- Plastic wrap on ground: 4-7%;
- Elevated stack on pad (rock plus filter fabric): 13-17%;

- Net wrap on ground: 15-25%;
- Stacked on ground: 25-35%.

Aside from constructing buildings for hay storage, there are some key points to remember to help reduce

storage losses. Consider the following:

1. Hay/soil contact is typically the primary source of losses associated with hay stored outdoors. Cover your storage area with rocks 1-3 inches in diameter piled 4-8 inches deep. Using geotextile cloth below the rocks will increase the life of the pad.
 2. If placing bales on the ground cannot be avoided, make sure a well-drained area is selected.
 3. Hay should be stored in an open area that can receive maximum sunlight. Hay should never be stored under trees. It is also preferable to orient bale rows to run north and south to allow for maximum daily sun exposure.
 4. Bales should be placed so the sides of the bales do not touch. Allow at least three feet of space between rows to allow for air circulation. An exception to this would be if you are stacking bales in a pyramid fashion for covering with a tarp or other material.
 5. The flat ends of bales should be firmly butted against one another as this can protect the ends almost as well as if they were one continuous bale.
- The bottom line is that cattle producers need to do a better job of preserving hay in order to ensure adequate supplies of quality feeds.

Muenster Memorial Hospital

Serving the community since 1964

Swing Bed Program

The perfect place to recover from surgery, illness, or accident in a close-to-home facility.

We provide full service therapy for physical, occupational, or speech training with a highly skilled staff that will give you one-on-one service. We also provide skilled nursing care.

Muenster High School graduates from the Class of 2013 marked the conclusion of their school career at Muenster ISD as they participated in graduation ceremonies on Friday evening in the Muenster Hornet Gymnasium.

GRADUATES

Dangelmayr Sammon.
Lauren spoke to the graduates relaying advice that her classmates felt would help the Class of 2013. This included saying please and thank you; look people in the eye and make eye contact; save pennies; determine what you want in life, not what others want for you or expect you to do; work hard; thank service men and women.

Lauren added, "One classmate, Diane Britain Grewing, had the right idea when she said 'Success is finding a job through which you can excel rather than getting a job other people deem impressive. Successful people are those who can tell stories of who they have become in spite of the challenges they have overcome. Success is not people telling stories about what they could have done had circumstances been different.'" "Define your own success," stated Lauren. She told of how one of her objectives was to see as much of the world as she could. To accomplish this, she chose to specialize in transfer pricing. This specialization has allowed her to travel and see many places.

"Look at the things in life that you respect, wish to achieve, and have achieved, all are a direct result of taking action," said Lauren. "Life presents us with choices. You can be a bystander, a passive victim of life's circumstances, or you can be the active hero of your own life. Take the active role. Work hard to achieve what you want in life. Set goals and decide the necessary actions needed to achieve them."

She shared a quote from Mother Teresa of Calcutta that said in part, "Do good. Give the world the best you have and it may never be enough. Give your best anyway. For you see, in the end, it is between you and God. It was never between you and them anyway."

Muenster ISD Counselor Kristi Schneider presented awards and scholarships to the graduates.

Principal Browning and Board of Trustees President Steve Trubebach awarded diplomas.

Superintendent Clay Richerson then officially presented the calls of graduates.

Austin Hennigan gave the closing remarks and benediction.

Class sponsors are Jason Atcheson, Brady Carney, KaTina Johnson, Gynell Oppermann, Carmen Reiter, and Daniel Waneck.
