Dr. Larry Tisdale named KC Good Neighbor for 2013

<u>Janet Felderhoff</u> News Editor

Muenster Knights of Columbus, in observance of Columbus Day, held their Annual Good Neighbor and Awards Breakfast on Sunday, Oct. 13. The organization began its celebration at the 8 a.m. Mass in Sacred Heart Catholic Church.

Following Mass, Grand Knight Danny Zwinggi announced the recipient of the 2013 Good Neighbor Award as Dr. Larry Tisdale. Every year; the Muenster KCs honor someone of another faith in the ecumenical spirit of encouraging greater harmony among creeds. The award is presented to someone whose pursuit of excellence is exemplified by his or her love of God and Love of his or her fellow men, whose generous contributions and extensive services to the community are performed in a gentle, quiet manner, shunning all publicity.

In announcing Dr. Tisdale, Zwinggi said the award went to a long-time Muenster resident. Zwinggi remarked, "He is a member of the First Baptist Church in Muenster. He has served the church in many capacities, deacon, teacher in adult and children's Sunday school, led adult bible study, and served as church treasurer.

"Larry has given countless hours of service to serving the Lord and has always

Muenster KC Grand Knight Danny Zwinggi, left, presents the 2013 Good Neighbor Award to Dr. Larry Tisdale. Also pictured is Dr. Tisdale's wife Sheri.

used his talent and training as a veterinarian to bless others in the name of Christ, even when they had no resources to compensate him. Reverend Ralph Gourley of the First Baptist Church stated, 'Larry's love for Christ is evident in his service to the church and this community. So much of what Larry does no one really ever sees, because he desires Christ to get the attention and not himself.'

Born in 1941 to Virginia and Roy Tisdale, Larry was big brother to twins Patrick and Pennie. He married Earline Chumley in 1964. They had three daughters - Teena, Cindy, and Joy. Shortly after celebrating their 35th wedding anniversary, Larry and

his family lost Earline to cancer. After earning a Doctor of Veterinary Medicine degree in 1965 from Texas A & M University, Larry set up practice with a veterinarian in Chickasha, Oklahoma, for one year then moved to Muenster in July 1966. He opened the Muenster Veterinary Hospital at the Muenster Livestock Commission. He continued this veterinary practice until early 2012 when he closed his practice to officially retire. Larry now works part-time for Dr. Margaret Sterle at the Muenster Arena Animal Hospital.

Larry committed to live his life for Christ and was baptized while living in Chickasha.

United Way hits 90% with Muenster Blitz

Cooke County United Way is excited to report that the campaign goal thermometer has been moved up to 90% of goal at the conclusion of the Muenster Blitz Day! Several campaign volunteers "blitzed" the businesses of Muenster on Thursday, Oct. 10. Many of the businesses were closed due to a funeral. The Blitz volunteers were able to visit about half of the businesses on their contact lists bringing in an amount which totaled over \$4,000 which is \$300 more than the total raised at last year's Blitz. Debbie Hess, Muenster division campaign chair, will be wrapping up the contacts with the other businesses and is excited that this year's Blitz Day was so very successful.

Blitz volunteers gathered around a small goal poster at Muenster State Bank to celebrate the 90% mark as the large thermometer, which has been on display at the corner of Hwy. 82 and Main Street, was destroyed in last weekend's weather. This is the first time in years that the 90% total was reached during the first part of October. Executive Director Angie Hare noted, "Typically, it is somewhat of a slow, gradual incline and then it really pops up over the last two weeks in October. However, the employees of Zodiac Seats conducted their campaign earlier this year and did an outstanding job raising money! Their efforts pushed the goal up quickly. It's now up to the rest of Cooke County to bring it up and over. We only have until the first week in See BLITZ, pg. 4

Parish Picnic changes venue

County asked to consider ambulance franchise

Janet Felderhoff photo

Janet Felderhoff News Editor

Hogan addressed the Commissioners Court during Public Comments at the Oct. 14 regular meeting. He requested that they consider granting an ambulance franchise to Cooke County EMS. His wife owns and oper-ates DCSC Ambulance and Medical Transport of Cooke County.

Hogan explained that this year, the Legislature passed House Bill 3556 which gives local entities such as Commissioners Courts and cities the authority to grant am-bulance franchises. "They bulance franchises. did that because of Medicare and Medicaid," stated Ho-gan. "The Medicare money is supposed to stay in this which ones are the best for County for our residents. the County. Hogan estimat-

the DCSC ambulances have are much like what Cooke County EMS has. He feels County resident Robert continuity of care is good and that the level of training for the EMTs and paramedics from the other companies are not on the level of Cooke County's

Hogan said that when he was in school in Houston for his EMT training, Cooke County EMS was envied many others because of the quality and protocols they operate under. "You are looked up to and respected statewide and I commend you guys for that," he added.

If Cooke County EMS had the franchise, then the ambulance services could apply to the County EMS direc-tor and he could determine When Medicare and Medic- ed that somewhere between ed at the Oct. 14 meeting,

EMS Director Kevin Grant asked the court to consider approving military leave for EMS personnel working 24 hour shifts and Sheriff's Office employees working 12 hour shifts. Military leave is currently paid on eight hour shifts for 15 days. He asked for 15 24 hour days paid for those returning from military service in the reserves. He would like a written policy since one Human Resources director made them, but another interpreted the policy another way and did not pay them.

After much discussion, the matter was tabled for further research.

Following an executive session, the Court approved certification payment for Sheriff's Office/Jail employee.

In other business conduct-

paring for another success-Nov. 24 with activities and fun planned all day. Because of the wonderful growth and success of the past picnics, Fr. Ken has decided a bigger venue was needed to accommodate the growth. In recent years the parish has been limited on space for dinner seating and the many auction, silent auction, and baked good items. This year, the Thanksgiving Picnic will be held at the new Heritage Park Pavilion at no cost to the Parish. There will be ample dinner and live auction seating available, and more space will be utilized for the silent and live auc-

tion items on display. Because of the size of the Heritage Park building, the children's play area complete with bounce houses, face painting, and games will all be under roof. No worries about inclement weather! Long lines for the food can easily be kept indoors as well.

A traditional turkey and dressing feast and all the side dishes including home made desserts will be served from 11 a.m. until 2 p.m. Meal price for adults will be \$8 and children eat for \$4. Children three and under eat for free. A barbecue meal will be served during the live auction beginning at 4 p.m. The silent auction, which usually boasts over 200 items, will run all day until 3 p.m. Home baked goods will be available for purchase in the Sweet Shoppe and at the "cake walk." Many craft items and jewelry will be available for purchase in the 'gift store."

Don't forget, you can once again try your luck on the raffle. This year you could win a trip to Branson, or how about Great Wolf Lodge? There will be guns, gift cer- auction this year are the

Chances will be available at the picnic, but this drawing will not be held until Jan. 31, 2014.

This year, a group of crafty women are "going green" and are Keeping Muenster Beautiful by taking what once seemed to be trash or scraps and have recycled, refurbished, and repurposed them into beautiful home decorations and play things for the silent and live auctions. Ammie and Rick Hennigan of Muenster, after remodeling their home, gave all their old window shutters to the picnic auction chairperson Leslie Eddleman who, along with help from Dr. Dana Fuhrmann, transformed them into holi-day decorations. Scraps of siding left over from the remodel were also repurposed into holiday and inspirational home décor. A garage sale find of a broken and worn out wooden child's kitchen was just the perfect project for Leslie, she took it apart and transformed it into a fun "new" child's play kitchen. This process was also done to an old dilapidated T.V. entertainment center which transformed it into a large child's play kitchen. Iva Walterscheid made good use of a scrap tire from Schilling's Tire & Auto and made a lady bug tire swing to be bid on in the auction.

Students from Muenster Elementary not only had an educational field trip to the Muenster Volunteer Fire Department Station last Thursday, but a fun and exciting one. Taking turns spraying the fire hoses was the highlight of the day, assisted by Muenster firefighters Kara Richerson and Steven Flusche.

Letter to the Editor

Dear Cooke County

Education is important for everyone, but it is especially significant for women and girls. "This is true not only be-cause education is an entry point to other opportunities, but also because the educational achievements of women can have ripple effects within the family and across generations. Investing in girls' education is one of the most effective ways to reduce poverty". Investing in secondary school education for girls, yields especially high dividends for our community

Do you know what the number one form of birth control is among girls ages 14 to 21? EDUCATION

Studies show when young girls have aspirations to attend college and enter in a chosen career, they are less likely to start a sexual relationship. Girls who have been educated are likely to marry later and to have smaller and healthier families. Educated women can recognize the importance of health care and know how to seek it for themselves and their children. Education helps women and girls to know their rights and to gain confidence to claim them.

As a mother of a young girl, she and I have talked at length about her plan after high school. Unfortunately, many of our young women in Cooke County struggle to find the support of a parent, guardian, church, or civic organization. Many young women don't have a circle of support to lift them out of generational poverty. Having NCTC in our back yard speaks volumes about our county's commitment to our youth. Attending an affordable college, building selfesteem and offering these young ladies an opportunity to rise up from generational dysfunction is the true meaning of empowering our youth.

Anthony "Tony" Klement 1921 - 2013

Mass of Christian Burial for Anthony "Tony" Joseph Klement, age 92 of Muenster, was held at 10 a.m., Thursday, Oct. 10. A family rosary held prior to Mass was led by son-in-law Willie Fisher. The Rosary/Vigil service was at 6 p.m., Wednesday. Both services were at Sacred Heart Catholic Church in Muenster, officiated by Rev. Ken Robinson and Rev. Kyle Walterscheid and directed by McCoy Funeral Home of Muenster. Burial was in Sacred Heart Cemetery.

Tony died Monday morning, Oct. 7, 2013 in the house where he was born and raised. He was surrounded by his wife of 70 years and his 14 children.

Born June 13, 1921 in Muenster, Tony was the eldest of the three children of Frank and Margaret Hartman Klement.

Tony enlisted in the U.S Coast Guard in 1942, and served until 1945. He married Isabel "Sis" Schmitz on Aug. 19, 1943 at St. Peter's Catholic Church in Lindsay. After 40 years of carpentry,

Tony became semi-retired in 1987. He enjoyed cabinet making, dominoes, gardening, hunting, and fishing.

Tony was a great family man. He enjoyed his children, grandchildren, greatgrandchildren, nieces, and nephews, and was a verv good friend to all who knew him. He was always known to be one to help those in need.

Survivors are his wife Sis of Muenster; children and spouses Patsy and Paul Dangelmayr, Pat and Ruth Klement, Robert Klement, Joyce and Tom Bayer, Janet and Willie Fisher, Alice Walterscheid, Roy and Carol Klement, Steve and Dianna Klement, and Diane and Dave Muller, all of Muenster, Darlene and Don Abney of Saint Jo, Marlene and Giles Walterscheid of Moss Lake, Peachie and Neil Huchton of Muenster; Kevin Klement of Muenster, and Gary Don Klement and life partner Charles Cummings

of Gainesville; 43 grandchildren and 80 great-grandchildren, of which number 80, Eli Joseph Walterscheid, was born the morning of the funeral; sister Anna Marie Bayer of Muenster; brother-in-law and sister-in-law Harold and Clara Schmitz; sisters-in-law Clara Klement, Katye Schmitz, and Laveta Schmitz; and numerous nieces and nephews.

Tony was preceded in death by his son James Eugene Klement; his parents; brother Eugene Klement; granddaughter Stephanie Nicole Huchton; and son-in-law Kenneth "Kenny" Michael Walterscheid, Sr.; brothersin-law Alfred Bayer, Eugene Schmitz, Lawrence Schmitz, Frances Schmitz, and Jake Horn; sister-in-law Louise Horn; parents-in-law Theodore and Pauline Loerwald Schmitz.

Readings during Mass, were given by grandchildren Jeannene Bayer who did the First Reading, Adam Bayer the Second Reading, and Lori Huchton who read the Prayers of the Faithful.

During Offertory, grand-daughters Jennifer Wright and Lanetta Frost narrated as the grandchildren and great-grandchildren carried up objects that were significant to Grandpa Tony's life. They were:

To represent his love for his wife, Mindy Heller carried a picture from their wedding day depicting 70 years of marital bliss;

Grandpa was very strong in his faith, so Ron Dangelmayr and Abby Walterscheid carried up a crucifix and his rosary ;

Grandpa cherished every moment with his family, so Darrell, Natalie, and Stephen Dangelmayr carried a Klement plaque, a family photo album, and train whistle;

To represent his dedication to his country, Devon Hacker carried a service picture and Andrew Klement an album of his service years in the Coast Guard;

His talent and craftsman-

Words of Advice and Encouragement

When you are 20 years old and earning \$4.25 an hour and your father-in-law asks if you're gonna rent or have you thought about buying- 'There's a spec house on Cross we're building and maybe you ought to look at it. Rufus says it's for sale.' So I did just that and when he said, 'Go see Mary Lou at the bank I bet she can help.'I did that too. So, when I walked into the bank Mary Lou said 'Tony had stopped by for a visit.' I bought my first house and then he told me 'Don't be scared, things will work out.' In 1983, at 26 years old and just laid off from National Supply, I decided to purchase a service station. Again, I confided in Tony and he said, 'There's a lot of competition, but you and Peachie are hard workers, and I think you can make it work.'Years went by and we had a chance to buy some land out north of town. This time Tony came to me and said, 'Make this work. They don't make any more land. This is a good investment.' So I did. In '95, we built a new home and so did other family members. While others in the family started new business ventures of their own, I got the best kick out of telling people that Tony and Sis turned loose of some of their cash and gave us an early inheritance. Time went on, and everything seemed to be going pretty good. Then, business started to slow and I thought, 'Maybe it was time to try something different.' So in 2007, we decided to tear down the gas station and try something different. I men-tioned this to Tony, not really looking for any advice, but I got it anyway. He said, 'That's a good move for you and Peachie. You have done good for yourselves.' Then, in July of this year, I took on another project and, with Tony's health failing, I hoped for a few words of encouragement from a man that I had admired for more than 35 years. And again, they were there in a way only he could do saying, 'Neil, there sure isn't anything out there and those people need something. I think you made a good decision." Those were the last earthly words of encouragement that I got from him. When the next challenge in life comes, I'll look to the heavens and wait to hear from Tony.

Tony Klement

ship was represented by a birdhouse and toy grasshopper, which he made, carried by Jada Binder and Ava Čheshier;

Crystal Stoffels, Trace Klement, Bryce Hacker, and Luke Walterscheid carried up a hammer, his Superior cap, and overalls (his favorite attire) symbolizing his love for carpentry;

Everyone knows Grandpa's wittiness, so Kolby Klement carried his book of jokes;

Grandpa spent much time tending to his garden, Natalie Chism carried a basket of his home-grown vegetables;

The deer that Nolan Bayer carried up represented his love of nature;

To represent his love for music, Zack Klement carried up the tuba that he played in the Subiaco Academy Band;

Grandpa loved keeping up with the Cowboys, Rangers, and the local sports teams. Mason Binder wore his football jersey; Trevor Muller carried a Dallas Cowboy hat and Kyle Klement carried up his Texas Ranger hat;

Because Grandpa loved to play 42, Chris Dangelmayr carried a box of dominos.

Connie Stoffels, Emily Stoffels, and Whitley Klement brought up the Body and Blood of Christ.

Serving as Eucharistic ministers were granddaughters Rhonda Pagel, Karen Dangelmayr, Megan Baygreat-granddaughters er. Shelby Dangelmayr, Syd-ney Huchton, Kendi Bayer; and nieces Shirley Veith and Kave Klement.

Music ministers were Emily Klement, Diane Grewing, Linda Flusche, Jim Endres, Doug Yosten, and Pat Hennigan, Jr. Songs included "How Great Thou Art," "Psalm of the Good Shepherd," "Only In God," "Just A Closer Walk With Thee," "Amazing Grace," "Be Not Afraid," "Edelweiss Bless-Afraid," ing," and "More Precious/I Exalt Thee." As a special meditation song, Emily Kle-ment sang "Ave Maria" to the piano accompaniment of Pat Hennigan, Jr. Remarks of Remembrance were presented by granddaughters Amy Binder and Dalana Chisam. (See above right). Son-in-law Neil Huchton then shared, "Words of Advice and Encouragement from Tony (See at left). Pallbearers were his grandsons Mike Dangelmayr, Darren Klement, Bubba Klement, Coy Fisher, Erik Walterscheid, Ryan Klement, James Klement. and Jason Huchton. Honorary pallbearers were all his other grandchildren. The family requests memorials be made to Sacred Heart Catholic Church or Blessed Pope John Paul II, University Parish, Denton.

Remembering Grandpa

tended Subiaco. He enlisted in the Coast Guard in August of 1942 and was honorably discharged in October of 1945.

Grandpa met Isabel Louise Schmitz at the Gun Club in Lindsay while playing pool they were picking pecans, Grandpa would with her dad. While Grandpa was home on say, "Heads down, butts up girls and boys with her dad. While Grandpa was home on a 14 day leave from the coast guard, he married Sis on a Thursday morning on Aug. 19, 1943 at St. Peter's Church in Lindsay. They moved to Bucksport, South Carolina. It was in South Carolina on May 6, 1945 that the twins Patsy and Pat were born. When they moved back to Texas, they lived in Muenster on Pecan Street, where their third child Jimmy was born. Grandpa and Grandma soon moved in with his grandparents to take care of them and have lived there since. Grandpa made add-ons to the house as their family grew to 15. While Grandma was raising the kids, Grandpa did carpentry, farmed, and worked hard to make a living for his family. Grandpa built many houses in this county. He was proud to say, 'I built that house, I built that house, and I built that house' while driving through the streets of Muenster.

Grandpa and Grandma added more kids to their family. When their seventh child Alice was born, Grandma told Fr. Hannon at the baptism, 'That's got to be the caboose.' But Father said "That's still part of the engine!" After that, seven more children were his hammer to make sure it wouldn't fall born and finally the caboose Gary Don in off.

That's the story from Grandma, but all of the family knows another! It involves a train that came through town at the wee hours of the night and Grandma would ask Grandpa, 'Do you want to go back to sleep or what?' and Grandpa would answer What!' since he was hard of hearing. All the "what's" led to 15 kids!

Grandpa left behind a legacy. In the 70 years of marriage to Grandma, he was Daddy to 15 children and Grandpa to 43 grandkids and 80 great-grandkids. He was also "Grandpa" to countless more that met him. Now those are some numbers that are hard to beat!

We would like to share some of our favorite memories of Grandpa:

Anyone visiting grandpa was told one of his many jokes and riddles which probably came from the Just Ads flyer or Readers Digest magazine. He had an amazing memory and was making us laugh up until this past Saturday. Anyone hear about those three mice in heaven?

He was a master craftsman and built many gifts for his family members. He built a rocking chair for each of his great grandchildren. He made extra money by building toy boxes, rocking horses, bird houses, hope chests, garbage cans, high chairs, swings, and most recently rustic coolers. With his love for the church and community, he generously donated many to local auctions.

He enjoyed watching Lillian's Purple Martins fly into his birdhouses which he built, overlooking his enormous garden where he spent many hours. He also took pride in his Texas Bluebonnets that grew near the road and his honey bee hives.

He was a big time Texas Rangers, Dallas Cowboys, and Texas Longhorn fan. He a trash can.

not gonna miss. Judge Judy and Wheel of the hospital. He especially enjoyed visit-Fortune. He always made sure he was home ing with Fr. Ken and Fr. Kyle. Because by 9 p.m. on Saturday nights to watch *Big* he touched the life of everyone he met, his Joe Polka. If he wasn't in his Sunday best, Grandpa gotten.

Grandpa attended Sacred Heart School, perior Machining cap. And in his pocket, played the tuba in the school band, also he would have his pocket watch, Old Tim-played on the baseball team, and later at- er pocket knife, and handkerchief.

His kids all remember driving to Collinsville to pick up pecans for extra Christmas money. The kids would ride on the back of the empty pickup on the way there. As go frail those trees!" The ride home was a different story though. The back of the pickup was full of gunny sacks of pecans with the kids sitting on top.

Dominoes was a serious game for Grandpa – grandkids knew to stay away when he had a game going on and other players knew you didn't play unless you knew what you were doing!

He smashed and sold his Old Milwaukee and later on Natural Light cans for extra beer money. He would pull off the aluminum tabs from the cans, and he donated gallons of them for cancer research.

Church was important to Grandpa. He always went to 5:00 Mass at 4:20 and sat in the "young people section." His favorite song was "Ave Maria," and he shed tears at all the weddings when it was played.

There was an ongoing joke between Grandma and Grandpa about going to the Courthouse. But there was an agreement whoever left first had to take all 15 kids. Grandpa's way of making sure it wasn't him, was to bend his wedding ring in with

He loved to go deer hunting. Many trips were made to Colorado. He brought home deer and many other animals that were butchered in the granary, and no part went to waste. It was a family event to process meat and make sausage in the granary.

He had some favorite pets over the years, dogs - Lucky and Pepper, and the ranary cat.

Grandpa loved polka music. All the girls in the family would dance the waltz with Grandpa at weddings.

Some of his kitchen favorites were coconut cream pie, jelly bread with all his meals, and fried chicken.

He took great pride in his family, always bragging on his kids, grandkids and great grandkids, but if one of us missed checking in on a holiday, he would let you know about it. And the pressure was on to make the honor roll as he was always checking the Muenster Enterprise to look for his

grandkids and great-grandkids name. His legacy may well go on forever! Currently there is at least one of his grand or great-grand in every grade, Pre-K thru 12th at MISD. And there has been since the oldest great grand was a senior in 2009.

Grandma would ask Grandpa to help with housework and Grandpa would say, 'You never built a house' and Grandma would say, 'You never had 15 kids'...and that was the last word in that argument.

But one argument that was never an-swered, was "who was Grandpa's favorite?" But we all knew that we all were Grandpa's favorite!

Grandpa passed on his skills to many, even up until the Wednesday before he passed when he was working on building

Jewell Gooch 1927-2013

Jewell Abernathy "J.A." Gooch died on Oct. 9, 2013. He was born on March 31, 1927, to James Thomas Gooch and Maynard Johnson Gooch in the Winningkoff Community, just outside of McKinney. He was a 1945 graduate of Boyd High School in McKinney and proud vet-eran of WWII. On June 26, 1953, he married Imogene Richardson of Rosston.

J.A. lived and worked in the McKinney area for most of his life. He had a great love of the outdoors and enjoyed many memorable hunting trips with friends, raising cattle, and caring for the land where he made his home for nearly 50 years. In 2010, Jewell and Imogene bought Doc's Bar and Grill in Muenster. And just this past June, they celebrated being married for 60 years.

J.A. is survived by his wife; sister Pat Byrd and her husband Ben of Hurst; and numerous nieces and nephews including Herbert, Don and Tom Richardson of Rosston, and Jo Pagel and Norma Jean Bayer of Muenster.

He was preceded in death by his parents, two brothers and two sisters.

A funeral service was held in Allen, Texas, on Oct. 12, with the Rev. Royce Littrell officiating. He was interred at the Ridgeview Memorial Park in Allen.

J.A. Gooch was an exceptional man who lived an extraordinary life. In his lifetime he earned a reputation as a brilliant and respected businessman, and a etery pavilion. thoughtful, compassionate, and generous pillar of his community.

We love you very much Grandpa!

Weather Whys - St. Elmo's Fire

Q: Has St. Elmo's Fire been around a long time?

A: For thousands of years, but it has been called different names and described in many ways, adds McRoberts. It is named after St. Elmo, the patron saint of sailors. St. Elmo's Fire was mentioned in one of Julius Caesar's Commentaries, also in Herman Melville's Moby Dick and other works, and Ben Franklin noticed its appearance around steeples during his experiments with lightning. "It's usually described as a blue or bluish-white glow attached to an object, and sometimes this gives off a very eerie, ghost-like appearance," he adds. "Sailors considered it a good omen. Today, it can also appear on the wings of airplanes and propellers, and it can disrupt radio transmission. It sounds like a hissing noise on radio receivers, according to many pilots.

Weather Whys is a service of the Department of Atmospheric Sciences at Texas A&M University

Hornets win District opener

offense of 504 yards in their 52-7 District victory over Electra last Friday night.

"We stated off really shaky the 1st quarter, like a team off a bye week," commented Hornet Coach Brady Carney. "The, 2nd, 3rd, and 4th quarters we played real efficient. The offense played turnover free, penalty free." Carney noted the Hornets faced a few plays that needed adjustment defensively, other than that, Electra was held to 172 yards total offense and was allowed only one big play. "The defense held them in check and made them earn the rest." Carney added that the Hornets converted every extra point attempt and the kick off team held Electra on

the returns. The Hornets had a slow start, getting in four plays before losing a fumbled ball. Electra worked the clock with 10 plays before running out of downs at the Hornet 22. A mixture of runs by Clint Sidwell, Dalton Bartel, Tavi Saldana, and Mason Binder, and a Saldana to Cole Walterscheid pass play moved Muenster to the Tiger 15. Binder crossed into the end zone, then added the 2-point conversion run for an 8-0 score with 2:25 on the clock.

Electra got in two plays, then fumbled the ball. Jonathan Pierce covered for the Hornets near midfield. Bartel, Binder, and Saldana carried Muenster into the 2nd quarter, then continued the drive with Sidwell to the Tiger 11 yard line. Clayton Hess gained a couple, but a flag lost 10. Saldana got the ball back to the 11 where Sidwell found paydirt with 8:39 on the clock. Binder ran in the PAT for a 16-0 score.

The next snap turned into a 53 yard Electra touchdown and a 16-7 score.

Muenster's next drive started on their 36 yard line. Again, the Hornet back four moved the ball, taking nine plays to reach the Tiger 5 yard line. Sidwell finished the drive and with Binder's extra run, the Hornets were up 24-7 with 5 minutes remaining in the 1st half.

Electra threatened to score, reaching the Hornet 18 before Muenster's defense made the stop. Three plays later, a Saldana to Walterscheid pass play was good for a

> the 2nd half, but soon ran loss to Santo. out of downs. From their 30. it took only seven plays for Muenster to score on a 6 yard Sidwell run. Herr booted the extra point for a 38-7 score at the 5:36 mark.

A Jace Fredrick interception short-ended Electra's next drive. Nine plays later, the 3rd quarter ended with Muenster sitting on the Tiger 8 yard line. Bartel made the touchdown and Herr the extra point for a 45-7 score.

Muenster's defense kept the Tigers on their end of the field, forcing a punt. From the 50, Sidwell and Hess each ran for 13 yards. Saldana gained another 23 to the 1 yard line where Hess crossed over the line for 6 points. Herr's PAT was once again true for a 52-7 score with 7:32 remaining in the game.

The Hornet defense allowed six plays, forcing a punt. Ryan Hoepfner returned the ball 20 yards. Three Hess runs ran the clock down and the game ended. 00

Tiger Hayden Schilling (5) relays the defensive play to teammates Darian Peters (54), Stephen Kessler (56), Dylan Clure (22), and Garrett Wheeler (71).

Tigers take on Lubbock Christian

The long bus ride to Lubbock last Friday may have had an effect on the Tigers' performance on the field, but you couldn't tell it by the final score, as Sacred Heart brought home a 40-9 District victory over the Eagles of Lubbock Christian Acad-

"We played very good defense, very aggressive, especially our defensive line led by Garrett Wheeler, Dylan Clure and Stephen Kessler," noted Dale Schilling, coach of the Sacred Heart Tigers. "Offensively Isac (Waterscheid) did a good job manag-ing the game."

The Tiger defense held Lubbock's running game to 26 yards in 32 carries, while the offense gained 284 yards on the ground. Sacred Heart was turnover free, but did get caught for a safety.

The first play of the game saw Darian Peters and Stephen Kessler sack the quarterback, but a flag on play two gave the home team a 1st down. The Tiger defense held the next three plays and forced a punt.

Starting on their own 40 yard line, Isac Walterscheid picked up a quick 15. Keith Metzler, Will Boyd, and Hayden Schilling moved the ball to the 1 yard line in three plays. Schilling ended the drive at 6:42 with a touchdown. The PAT failed

Tackles by Garrett Wheellost the District opener to er and Kessler forced anothdefending State champions er quick punt, placing the Munday last Friday in a Tigers at midfield. A Walterclose 27-21 contest. In pre- scheid to Schilling pass play

moved the ball to the 14. Boyd gained 13 more yards, with Tyler Spruill having the honor of crossing the goal line. Boyd ran in the extra points to give Sacred Heart a 14-0 lead with 3:36 remaining in the 1st quarter.

It was three snaps and punt for Lubbock as the Tiger defense led by Boyd, Metzler, Aaron Davis, and Schilling held the Eagles to 2 yards.

Again near midfield, the Tigers went to the air with a Walterscheid to Brady Endres pass to the 12 yard line. Metzler got to the 1, followed by a keeper by Walterscheid for the score. The PAT failed, giving Sacred Heart a 20-0 lead with 10 seconds on the clock.

Lubbock earned a 1st down, but lost the ball when Peters covered a fumble at midfield. A fumbled play, an incomplete pass, and a bad snap forced a Sacred Heart punt, giving the Eagles possession on the Tiger 6 yard S line, but Lubbock couldn't L find paydirt and the Tigers took over on their 11. Two plays later, a bad snap caught Sacred Heart in the end zone for a 2 point safety and a 20-2 score.

The Eagles got to the Tiger 1 yard line, but ran out of downs. This started a 99

yard drive that took just seven plays, ending with Metzler scoring on a 2 yard run. The PAT failed for a 26-2 score with 1:02 remaining in the 1st half.

The Tigers scored twice in the 3rd period. A bad Lubbock snap was covered by Kessler for 6 points. Walterscheid ran in the extra points at 8:05 for a 34-2 score.

A 65 yard drive was completed when Boyd scored on a 35 yard run with 3:41 on the clock. The PAT failed and the Tigers were up 40-2.

The Eagles carried the ball into the final period, getting to the Tiger 15 before Juan Orocio dropped an Eagle for a 13 yard loss.

Daniel Hesse and Zach Flusche got in short runs, but the Tigers were forced to punt, giving Lubbock possession on the Tiger 27. The next play, the Eagles found the end zone for a 40-9 score with 4 minutes remaining in the game

The Tigers are back home after two weeks on the road and will host the Fellowship Mustangs this Friday night as District play goes into game three. The Mustangs have struggled so far this season with five loses, two in District play to Lake Countrv (32-28) last weekend and Temple Christian (58-6) earlier. Their single win was over A Plus Academy (24-14). Other losses were to Garland Christian (71-12), Rosehill Christian (42-0), and Holy Trinity (32-12). The Mustangs were winless last season in District play.

"Fellowship played some close games, but are strug-gling to get a win," Coach Schilling said. "They have their starting quarterback and running back from last year, so we'll have to stop their running game. We need to play good sound football."

Kick off is at 7:30 p.m.

Hunting and fishing license sales unavailable overnight **Oct. 19-20**

Texas hunting and fishing licenses cannot be purchased between 9 p.m. (CDT) Saturday, Oct. 19 and 9 a.m. Sunday, Oct. 20. The Texas Parks and Wildlife Department licensing system will be down for maintenance.

Anyone planning to hunt or fish on Sunday, Oct. 20, should ensure they have purchased a valid license prior to 9 p.m. on Saturday, Oct.19.

NCTC Little League Day Oct. 19

The North Central Texas College Lions baseball team will welcome youth baseball players to Darwin Field Saturday, Oct. 19 for their annual Little League Day.

The Lions will host Eastfield College for a fall scrimmage game starting at 10 a.m. After the game, there will be a cookout for everyone in attendance at 12:30 p.m. Then at 2 p.m., youth base-ball players will be invited onto Darwin Field to take part in a Little League clinic conducted by NCTC players and coaches. Saturday is also Parents Day.

This is the fifth-straight year the Lions have hosted Little League Day.

For more information on how your youth baseball team can participate, contact Coach Scott Harp by email atsharp@nctc.edu.

Øktoberfest - German style

Germany wrapped up it's world famous Oktoberfest beer festival recently reporting that 6.4 million visitors drank 6.7 million litre sized glasses of beer over the 16

day celebration. The Munich celebration of beer started over 200 years ago, but this year's event is the 180th because the party was cancelled during wars and medical breakouts.

Stats from the gigantic beer fest included 7,551 visitors who needed medical attentions, including 638 cases of alcohol poisoning.

Police were called out 2,031 times for 58 beer fueled

brawls, 450 assaults, and over 500 pick-pocketing cases. Festival guests lost 4,200 personal items, including more than 1000 passports or ID cards, 520 wallets, 400 sets of keys, 50 cameras, and 2 wedding rings.

smoker, and so much more! The live auction is also full of parties and delicious meal donations. There is a fish frv for 50 people on the auction, a couple of delicious fried chicken parties, ribs galore, a Christmas Eve feast for 25 people, steak dinners, Italian food, and a fabulous fajita dinner to name a few.

Giles and Marlene Walterscheid of Superior Machining are once again offering a steak and shrimp dinner to be held June 28, 2014 for an unlimited number of couples for \$250 per couple. The party will also include live entertainment. Giles will graciously match the amount raised on this meal up to \$15,000. Anyone can sign up for this meal at the Thanksgiving Picnic. Select Energy/B29 Investments has donated a suite at a Texas Rangers home game for 10 people, but that's not all, they are also providing transportation in their new 40-foot party bus to and from the game. See the auction donation ad in future Muenster Enterprises for the complete list.

The Sacred Heart Parish family invites everyone in the community and beyond to come and celebrate the season of Thanksgiving with them at the Heritage Park Pavilion Nov. 24.

Residents - guard for Obamacare scams

ry is alerting 13th District residents to be on guard for possible scams and fraudulent websites meant to take advantage of people seeking to sign up for the Affordable Care Act, more commonly known as Obamacare.

"There is a great deal of confusion among people when it comes to Obamacare, and there are a lot of scam artists out there who are already trying to prey on unsuspecting folks caught up in that confusion," Thornberry said. "The problems occurring with the launch of the healthcare act's website have greatly increased the risk of potential identity and information theft.'

The official Affordable Care Act website and its data hub, which stores sensitive user information like Social Security numbers and birthdates, have been panned by many technology and digital security experts as being vulnerable to malicious attacks by hackers. Even those not using the website are still at risk due to what is called "target spear phishing attacks" where scam artists send out emails pretending to be legitimate organizations in an effort to get people to follow nefarious web links or unknowingly submit personal information.

"Everyone should always be extra vigilant but more so right now with the information they share over the Internet, especially via email. Criminals who could be thousands of miles away in foreign countries can be just as much of a threat to your security over the Internet," said Thornberry. He emphasized that "people need to look at any

Congressman Mac Thornber- email they receive or website they are told to go to in regards to signing up for Obamacare with a great deal of skepticism. Double check the sources and the web addresses before clicking on anything and especially before submitting personal information.'

Security experts urge people to beware of:

• Anyone contacting you by phone, email, or text offering to help sign you up for insurance in exchange for a fee. Never agree to provide anyone that offers such a service in exchange for money or your personal information (e.g. bank account numbers, Social Security ID, credit card accounts);

 Government imposters. Government agencies may send information about the insurance exchanges to you via mail, but they will not call or email you requesting money or credit card numbers;

• Emails or phone calls from people using high-pressure tactics that try to scare or threaten you to submit sensitive information in order to avoid a fine or jail time;

• Bogus claims that you need an Obamacare card to receive insurance coverage;. The only official website to sign up for the Affordable Care Act exchanges is www.healthcare.gov. Always make sure to type out the website name and never blindly follow any link that says it will take you to the official website. Avoid any other site claiming to be able to sign them up for the insurance exchanges.

Anyone receiving a telephone call or email seeking money or sensitive personal information should refuse the demand and report the threat to the Congressman's office.

Cattle producers hear latest on herd bull selection at workshop

By: Blair Fannin, A&M AgriLife Service

A herd bull is a key investment for cattle producers and several factors come into on which one is best for an

operation, according to Texas A&M AgriLife Extension Service experts.

Dr. Jason Cleere and Dr. Jason Banta, AgriLife Extension beef cattle specialists from College Station

recently conducted a one-day workshop on bull selection.

When selecting a bull, Cleere said, "I encourage you to look at the big picture." Herd size and correctly matching the perspective bull to cow ratio is one thing to keep in mind.

age of the bull and its previ- tal circumference," he said. ous breeding experience," "Once a bull starts puberty, Banta said. sider buying from a breeder who specializes in producing quality genetics for commercial operations.

"How much do I spend? I

say how much do I invest in a bull?" Cleere said. Half of the genetics from a cow herd will be generated from the female and the other half from the bull.

He said breed type, individual performance data, pedigree and visual appraisal are some of the items to consider when purchasing a bull.

You are not going to use all of it during selection, but some of those apply to the goals of your operation," he said.

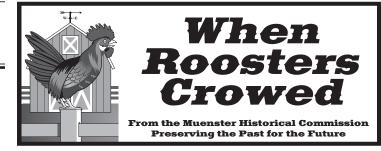

Banta said Expected Progeny Differences or EPDs are also used in bull selection. These are an estimated measure of the genetic impact of a parent on the offspring. EPDs are used to compare genetic potential for traits like birth weight, yearling weight, and milk production for an animal and vary depending on breed.

Another point to consider is what is the best breed type?

'That's the million dollar question," Cleere said. "Because we don't have a controlled environment in Texas, we have different types of cattle that are best suited for different parts of the state." Those are the Trans-Pecos, High Plains, Central Texas, East Texas, Gulf Coast, and South Texas areas, he said.

Heterosis or hybrid vigor also plays a big role in cattle selection for Texas ranchers, he added.

"The more harsh your environmental conditions are, the more important heterosis is," Cleere said. "Hybrid vigor is

When horses were a necessity

The farming pioneers arrived in Muenster with horses for power. There was a heavy demand for horses. Early horses were used for "driving horses," to pull buggies and other light vehicles and equipment. As farm equipment became larger, the big Belgian and Percheron stallions were used. Most farmers still had their light horse for family use and the young man's dating horse.

Four horses abreast were used to pull the two-bottom plow and eight foot straight disk. A six-horse hitch could be used by putting three horses to the plow and three in front. This was an easy load so that the horses could be "pushed" and not tire and the farmer was able to plow six acres a day.

Several horse-drawn vehicles were used on farms and roads. The standard wagon had a 3'x10'x14" high wooden box, the end gates were removable. Additional sideboards were available for hauling corn and oats. This wagon was also used to haul wood, lumber, sand, hogs, and other things.

Steel wheel low wagon wheels were used to replace worn out wooden wheels.

There were two kinds of light wagons, the spring wagon and the Democrat wagon. These were used to haul light loads with less noise and more comfort. The spring wagon had springs, both front and rear, and had wheels about half as heavy as farm wagons. Also a light tongue, doubletree, and neck yoke. The box was lightweight and eight to 10 inches deep with a seat attached to the box. The Democrat was the same as the spring, but without the springs - a hard riding wagon.

Water supply

Some area farms were blessed with springs that gave good water to the livestock. One such spring was located at the Lazarus site west of town, a railroad stop and watering hole in the early days before Muenster was founded. The rock "tank" was still intact a few years back, but not sure anymore.

Holes were dug around the area, then "bricked" with rocks to the top of the ground. Some spring holes were five to 10 feet deep. There was a small area where livestock could drink. When the hole froze and got too small, someone would have to chop out the hole.

Later, a well at the house was used for the house and at times for livestock and they very seldom went dry.

Ag Briefs

August placements of cattle into feed yards were the lowest since 1996. 1.79 million cattle were placed on feed in August, 7% below last year's total.

China recently purchased 1.93 million metric tons of U.S. soybeans, the 5th largest single purchase of soybeans.

A Science Daily story claims that the trenbolone acetate found in some implants has been found in waterways, proposing the steroid is excreted from livestock and into the water supply by runoff. Beef hormone facts, courtesy of AMI, notes a 3 oz. serving of ice cream has 520 nanograms of estrogen while a 3 oz. serving of beef raised with an implant has only 1.9 nanograms.
